TRUCK RAMS THROUGH HOUSE—The rear end of a soft drink truck protrudes from the house into which it rammed at Pecos, Tex. Three children of the E. D. Tudor family were killed and their mother injured. The truck plowed across a ditch and a vacant lot and through the house as the family were eating. The driver told police he lost control of the vehicle while making a turn. Neighbors of the family inspect the damage. (AP Wirephoto)

Congolese Government Withdraws Its Demands

LEOPOLDVILLE, the Congo (AP)—The Congolese government today withdrew the demands it has been trying to impose on the United Nations Congo operation.

In a sharp reversal of its previous position, the government announced it "sees no reason to press its demands" in view of the latest Security Council meeting on the Congo.

The Security Council, in effect, reaffirmed the policy pursued by the U.N. Secretary General Dag Hammarskjold. He has been under fire by the Congolese who accused him of "blackmail, treason and plotting."

Today, in a statement which neutrals in the Congolese capital, a Congolese government spokesman told newsmen:

"The government is satisfied that Belgian troops will be withdrawn. The government considers that the atmosphere is good."

There was no formal vote in the council after more than 12 hours of debate, but speaker after speaker from all regions of the world upheld the U.N. secretary-general's policy of neutrality toward the Congo's domestic disputes.

The council majority rejected the blasts of Congo Premier Patrice Lumumba and the harsh criticism by the Soviet Union that poured out over Moscow radio and was repeated here by Soviet Deputy Foreign Minister Vasily Kuznetsov.

Hammarskjold flew back to New York Aug. 16 seeking council support of his refusal to use the U.N. force of nearly 15,000 men to put Lumumba in control of mineral-rich Katanga province, whose Premier Moise Tshombe declared his independence of Lumumba's government. Hammarskjold said that if Lumumba's view was upheld, the U.N. operation would have to be ended in the Congo.

Lumumba cried blackmail and demanded that the U.N. force be put under his government's control and that Hammarskjold be supplanted by a commission from 14 African and Asian nations. Lumumba's emissary, Deputy Premier Antoine Gizenga, repeated the demands in the council debate.

Kuznetsov proposed a resolution to create an Asian-African committee as a sort of overlord of the U.N. force. But as the council session neared its end after midnight, the gaunt, graying Soviet official confessed he could not get the seven votes necessary in the 11-nation council to approve the resolution. He withdrew the resolution and the marathon session—second in two weeks on the Congo situation—ended without a vote.

It marked still another setback for the Soviet Union, which during the debate (1) demanded withdrawal of Canadian troops from the U.N. force "because Canada is an ally of Belgium"; (2) called Belgium an aggressor in the Congo, trying with NATO allies to establish a new form of colonialism under a U.N. flag; (3) and said the United States was trying to bring the Congo into the NATO sphere of influence under Hammarskjold's civilian aid program to get the Congo government going on a workable basis.

The rejection of the Soviet contention was unmistakable.

Hammarskjold took the floor three times to argue quietly with the statements of Gizenga and Kuznetsov.

The secretary-general said he was adopting the Soviet suggestion for an advisory committee, which he said would be made up of governments contributing units to the U.N. military force in the Congo. But he said it would do its advising at U.N. headquarters, not in Leopoldville as Kuznetsov proposed, and it would not report to the Congo government as the Soviet demanded.

Hammarskjold said he had made clear to the council previously that he did not believe U.N. forces could be used to solve internal political differences in the Congo and that no member of the council had challenged his view. He said this policy of neutrality "seems to me to be incontestable" in the light of the U.N. charter and past U.N. practices.

SATELLITE RECOVERY CREW—Pacific Air Forces commander General Emmett O'Donnell praises the ten-man crew of the Air Force C-119 which snagged Discoverer XIV capsule in air after orbit, the first successful air snatch. Three Planes Are Missing On Flights

BY THE ASSOCIATED PRESS

Three private planes were missing today on flights in various parts of the country. They carried at least eight, and possibly a dozen people.

Search parties combed the routes of the vanished aircraft in New England, the South and through the central states.

A four-seat, single-engine plane carrying a De Kalb, Ill., police officer, Rodman Carey, and possibly his wife and three children, took off Sunday from Bowling Green, Ky., on a two-hour flight to Atlanta, Ga. Search was ordered by the Civil Air Patrol when Carey did not report.

In New England, air and ground search resumed for a single-engine plane, missing with its pilot and two supermarket chain officials.

The plane took off Friday at Montpelier, Vt., for a one-hour hop to Manchester, N. H.

Those aboard included William E. Martin, 55, a veteran pilot of Concord, N. H., hired for the trip by two officials of First National Stores, Charles MacFarland of Woburn, Mass., and Oliver Whitcomb of Wilmington, Mass.

Air and land searchers ranged over an area from northern New York to Oklahoma, seeking a missing Oklahoma City family of four. They left Teterboro, N. J., last Tuesday morning for Oklahoma City, Okla.

Henry Griffing, 53, president of Video Independent Theaters, Inc., was flying the plane, accompanied by his wife, Josephine, and daughter Linda, 20, and son, Phillip, 24.

Cuba Representation In OAS Is Challenged

By STANLEY BRADSHAW

SAN JOSE, Costa Rica (AP)—Cuba's representation in the meeting of Western Hemisphere foreign ministers was challenged in an open letter today by the anti-Castro Cuban Democratic Revolutionary Front.

The challenge came from the front, formed recently by Cubans in exile, as the ministers turned to a discussion of Communist infiltration of Latin America.

The Cuban people are not represented, the organization declared in a two-page advertisement in a San Jose newspaper.

"Cuba's chair," it said, "will be occupied by an agent of the extra-continental movement that has taken violent control of our fatherland."

Foreign Minister Raul Roa heads the Cuban delegation for the session, in which that island nation may be pointed out as a Trojan horse for communism in the Americas.

Prime Minister Fidel Castro has already served notice Cuba will reject any such charge and will bitterly attack the United States. A Cuban walkout from the conference being held by the Organization of American States (OAS) is possible.

The foreign ministers turned to discussing Communist infiltration of Latin America after signing a resolution condemning the dictatorial regime of Generalissimo Rafael L. Trujillo in the Dominican Republic. The United States joined with other members of the OAS Sunday in approving diplomatic and economic restrictions against the Trujillo regime until it makes democratic reforms.

The Dominican delegation walked out of the conference Saturday in protest against the resolution, which it termed "illegal and coercive."

The hemispheric foreign ministers are expected to proceed more cautiously in attacking Communist penetration and particularly the growing friendship between Cuba and the Soviet Union. Castro has many Latin-American followers; Dominican strongman Trujillo has few.

But diplomatic observers are predicting a strongly worded resolution condemning Soviet attempts to intervene in the hemisphere's affairs. Cuba could be indicted—either directly or indirectly—as a nation which has direct links with Soviet communism.

Cuban Foreign Minister Raul Roa already has anticipated such a charge. He told the ministers last week that the Castro government is following its own independent line and is not a satellite of anybody.

A graver charge against Cuba—at least in Latin-American eyes—may be that it has become a dictatorship where human rights which the revolution pledged to protect are being violated.

Direct Appeal To Krush Is Planned

MOSCOW (AP)—Barbara Powers decided today to appeal directly to Premier Nikita Khrushchev for clemency for her husband, convicted U2 pilot Francis Gary Powers.

"She has decided it would take too long to await the outcome of her appeal to President Leonid Brezhnev," said attorney Frank W. Rogers of Roanoke, Va.

Mrs. Powers, 25, brunette wife of the 31-year-old American flier sentenced to 10 years' detention for espionage against the Soviet Union earlier had told reporters she would await the outcome of this formal appeal before trying to see Khrushchev.

The Soviet Premier is vacationing in Yalta on the Black Sea, and just how she intended to go about seeing him was in doubt.

It is known that the pilot's father also intends to press ahead with efforts to see Khrushchev, but his attempt did not appear to be coordinated with that of his daughter-in-law. They also were reported to have disagreed on the wording of an appeal.

There was no indication of the points in dispute, but lawyers who accompanied the family to Moscow for Powers' espionage trial last week said the flier's wife and his parents had not been able to agree on the wording of the mercy petition they had planned to submit to Brezhnev today.

The lawyers said there was a possibility two petitions would be submitted—one from Barbara, and one from the parents, Mr. and Mrs. Oliver W. Powers of Pound, Va.

The American pilot was sentenced Friday to three years in prison and seven more of "deprivation of liberty," presumably in a labor camp. Powers has said he does not think he has much chance for clemency.

Mikhail Griniov, Powers' Soviet defense lawyer, told the pilot's family it usually takes about a month for a clemency plea to be acted on but that it might be faster in this case because the family is in Moscow awaiting the outcome.

Catholics In Cuba Beaten

HAVANA (AP)—A Roman Catholic priest was wounded today by police in a Havana suburb and six Catholic youths were beaten and detained in Las Villas province, Catholic sources reported.

The outbreak of violence came as the first National Catholic Youth Congress opened in Havana without incident. Anti-Catholic demonstrations by young Cuban revolutionaries had been feared.

Sources at the congress said the Rev. Marcil Bedoya, 59, a Spanish national, was shot in the leg when he tried to protect several youths sought by Cuban authorities. The incident occurred in the suburb of Bauta.

Father Bedoya was held in a Havana police hospital, informants said.

In another incident reported at the congress, six members of Catholic Working Youth, one of three organizations sponsoring the congress, were beaten in a clash with a pro-Communist group at Sagua la Grande, in Las Villas province. The six were detained by military intelligence officials, this account said.

Drop Noted In Baby Crop

WASHINGTON (AP)—A current drop in the baby crop was attributed today to early marriages and younger motherhood in the 1950s.

However, the Public Health Service said "since there is no evidence of a trend toward smaller families the current drop in births is not expected to continue for a long time."

The service's national office of vital statistics made the observation in connection with estimates that the number of babies born alive this year will be 4,203,000 as compared with 4,292,000 last year.

"The current decline is probably related to the fact that for several years now, women have been marrying younger and starting their families younger," the monthly report said.

Showdown Due On Medical Aid Bills

WASHINGTON (AP) — Rival plans for helping the nation's elderly citizens meet the cost of medical and health care headed toward a showdown in the Senate today.

Senate leaders spoke hopefully of a decision by Tuesday night.

The basic issue is whether the cost should be financed through an increase in payroll taxes under the social security system or by federal grants for programs set up by the states.

Also at stake are the size and the extent of the benefits that would be made available.

A bill approved 12-4 by the Senate Finance Committee would provide about 200 million dollars a year in federal grants. These would be used to aid states in furnishing medical care for old persons on public assistance relief rolls and others with small incomes who do not qualify for relief.

Chairman Harry F. Byrd (D-Va) said in opening debate on the legislation Saturday that all of the committee's Republicans and a majority of the Democratic members supported this proposal.

However, it faced a floor fight from rival plans offered as supplements to it by Sens. Clinton P. Anderson (D-NM) and Jacob K. Javits (R-NY).

Anderson's proposal calls for an expanded system of medical care benefits financed by increasing social security taxes ¼ of one per cent on employers and employes alike.

Nixon Going South Again

WASHINGTON (AP) — Vice President Richard M. Nixon will make his second campaign trip into the South Friday — for speeches in Birmingham and Atlanta.

A Nixon news aide said the Republican nominee for president will fly to Birmingham for a rally at the City Hall at noon, after a reception at the Alabama city's airport.

Nixon then plans to fly to Atlanta, arriving at 3:45 p.m. where he will join a motorcade to Hurt Park for an open air rally and address.

The vice president, to be accompanied by Mrs. Nixon, will return to Washington the same day.

Nixon's aide said Caldwell Marks, Birmingham civil leader, heads the plans for the Birmingham visit. Marks describes himself as a Democrat for Nixon.

Arrangements for the Georgia visit are under the direction of the Georgians for Nixon. This group is headed by Stanley Meyerson of Atlanta.

New Louisiana Commission Swings Into Action Today

NEW ORLEANS (AP) — Louisiana's new State Sovereignty Commission, dedicated to preservation of states rights and segregation, swung into action today in hopes of formulating a plan to cope with the New Orleans school integration crisis.

The problem facing the commission is that a federal court has ordered the Orleans Parish (County) School Board, which runs all public schools in New Orleans, to integrate first-grade classes next month. A state court has ordered the board not to comply with the federal ruling. Gov. Jimmie Davis then took over administration of New Orleans public schools to prevent integration.

Davis said the schools would open Sept. 7 on a segregated basis. Mayor deLesseps Morrison said the city attorney had "grave doubts" the governor could carry out this plan.

Archbishop Joseph Francis Rummel of the New Orleans Roman Catholic archdiocese, in a pastoral letter Sunday, called for prayers for an early solution to the school issue.

The letter was designed as a guide to the Catholic parents of nearly 18,000 children in the city's public schools and to enlighten the more than 617,000 Catholics in the archdiocese.

The archbishop said there was danger of "chaos and moral irresponsibility" in efforts to circumvent or defy the federal integration order.

"We cannot hope to prevent or eradicate present-day lawlessness in our teen-agers by procedures which flout the school integration decision," said Rummel, adding that the private school plan "is no solution but dissolution."

Davis is planning a half-hour telecast Thursday night. He has asked TV stations for the time as a public service for a report to the people.

Friday a three-judge federal court will convene to hear two school cases. One was filed by the National Association for the Advancement of Colored People. It seeks to prevent the state from interfering with the integration order. The other, filed by 31 white parents, seeks court action to prevent closure of the schools.

Under state law, the governor has authority to close all schools in the state to prevent integration in any one.

A group of Protestant and Jewish clergymen in Baton Rouge asked state and school officials "not to interrupt, restrict or abandon public education in Louisiana."

Another federal court ruling ordered desegregation "with all deliberate speed" in Baton Rouge and St. Helena parishes. No date has been set.

Georgia Governor Endorses Kennedy

ATLANTA, Ga. (AP)—Gov. Ernest Vandiver endorsed Democratic nominee John F. Kennedy for president today, breaking a silence of six weeks on the issue.

He gave his support to Kennedy and his running mate, Lyndon B. Johnson, three days after conferring with the candidates in Washington at Kennedy's request.

Vandiver made it clear that he is still vigorously opposed to the strong civil rights platform of the Democratic party.

One Man Hurt Seriously In Vicious Lake Dallas Storm

BY THE ASSOCIATED PRESS

A tornado smashed into Lake Dallas Sunday, injuring one man seriously and blowing parts of buildings over a wide area.

The twister hit as a violent thunderstorm and ominous black clouds swept the Dallas-Fort Worth region. Lightning, thunder and driving rain hit the area uprooting trees, knocking down wires and flooding some streets.

Mr. and Mrs. Gene Williams of Fort Worth were in a grocery store in the small town of Lake Dallas, 30 miles north of Dallas, when the twister tore through the building. Williams suffered a possible fractured hip but his wife was less seriously hurt.

Jeff Howe, one of the operators of the store, said "A hard sheet of water hit the plate glass in front. Then the windows blew out, the roof went, and everything just caved in."

By early Monday the weather had calmed. Some thundershower activity was reported in the extreme southeastern portion of Texas. Skies over the state were generally clear to partly cloudy. Fog covered eastern portions of the state.

Early morning temperatures ranged from 83 at Palacios and Corpus Christi to 69 at Dalhart and Amarillo. Lufkin had light rain.

Officers reported spotting funnels over Frisco, 25 miles north of Dallas, and one between Hurst and Arlington. Neither touched ground.

A severe weather alert covered a large section of Southeast Texas Sunday. The area was from 60 miles on either side of a line from Palestine to Houston. Thunderstorms stretched from Longview and Tyler in East Texas to the El Paso area in far West Texas.

A woman in Fort Worth, Mrs. Esther Edwards, 48, said she was knocked unconscious by lightning in her home as she talked on the telephone.

Scattered thunderstorms hit in West, South and East Texas.

A severe weather alert for a wide section of southeastern Texas expired Sunday night with no violent weather reported. The area was bounded by Mexia, Palestine, Cushing, Stowell, Houston, Columbus, Bryan and back to Mexia.

The heaviest rain of the day was at Carrollton, northwest of Dallas, where 4.36 inches fell during the 12 hour period ending at noon. Nearby Farmers Branch had 3.22 and Kaufman had 2.66. These totals did not include rain that fell after noon.

During the 24 hours ending at 6 p.m. Sunday Fort Worth had 1.58 inches of rain, Dallas 1.54, Lufkin 1.43, Abilene .04, Amarillo .21, Beaumont .26, College Station .04, Childress .79, Galveston .03, Houston .04, Mineral Wells .95, Victoria .03, Waco .17 and Wichita Falls .32.

The Novice community in Coleman County had 2.60 inches of rain in one hour. Up to 4 inches of rain fell in that area. [illegible] had 1.20 inches, Rising Star 1.10 and Eastland got .80.

The heavy rains flooded some streets in Dallas and winds uprooted some trees and knocked out a few power lines.

WEATHER

SNYDER TEMPERATURES: High Saturday [illegible] degrees, low [illegible] degrees; reading at 7 a. m. Sunday [illegible] degrees. High Sunday [illegible] degrees, low [illegible] degrees; reading at 7 a. m. today [illegible] degrees.

East Texas: Considerable cloudiness through Tuesday with scattered thundershowers. No important temperature changes. Lowest tonight in 70s. Highest Tuesday generally in 90s.

South Central, North Central and Southwest Texas: [illegible] thundershowers. Lowest tonight in 70s. Highest Tuesday in 90s.

Northwest Texas: Partly cloudy through Tuesday with widely scattered thunderstorms. No important temperature changes. Lowest tonight 65 to 75. Highest Tuesday in 90s.

West Texas: [illegible] through Tuesday.

Reno, Lake Tahoe Regions Are Blacked Out By Fires

RENO, Nev. (AP)—Sierra forest fires blacked out the Reno and Lake Tahoe areas Sunday night and exploded over 59,000 acres today. Threatened California mountain vacation resorts escaped the flames.

A fire at Dogner Lake, spread from 7,000 acres Sunday to a total of 24,700 acres today. It moved 17 miles in 24 hours to within five miles of the Nevada border, a California Forest Service spokesman said.

A fire storm to the south in the Forest Hill Divide area of California raged over 30,000 acres and forced evacuation of several mountain hamlets. It burned all eight homes in Bath, two miles east of Forest Hill Saturday and about a dozen in nearby Michigan Bluff and the Baker Ranch community.

Fire fighters were called in from Montana, Washington, Oregon and Idaho to assist the 1,650 men at the Forest Hill and the 950 at Donner Lake fires.

A third Sierra blaze—this one north in Nevada County, Calif.—exploded Sunday night from 1,500 acres to 7,000 acres and forced evacuation of North San Juan, a community of 300 persons. Forest Service officials said they hoped to save the town.

Hundreds of tourists were stranded because gasoline pumps weren't working. Operators fitted their pumps with power mowers, ancient hand pumps and diesel generators. Some 300 cars were trapped in a pigeon-hole garage in Reno because the elevator couldn't operate. Burglar alarms didn't work. Nevada sheriffs and highway patrol cars couldn't communicate with headquarters. Restaurants served cold meals by candlelight.

Marylin Monroe's new picture "Let's Make Love" couldn't make its world premiere in Reno. A heavyweight fight between Sonny Liston and Howard King, of Long Island, N.Y., and Hurricane Jackson of Long Beach, N.Y., and Howard King, of Reno had to be canceled. Water had to be rationed because electric water pumps were out.

The gambling casinos were booming business as usual. The major clubs turned on emergency diesel generators. Smaller clubs closed for fear of thieves in the darkness.

A spokesman for the Sierra Pacific Power Co. said it might be two days before power lines could be restored.

Friends Aiding Bomb Victims

By JOSEPH SWEAT

CHATTANOOGA, Tenn. (AP)—The Thomas Reid family rested across town from their bomb-shattered apartment today after friends, both white and Negro, came to their assistance.

The explosion Sunday stirred Mayor P. R. Olgiati to call the series of bombings "a disgrace to our city." He said he would ask the City Commission to post a $2,000 reward.

All the blasts—this made the fifth this month and the fourth in 10 days—were marked with racial overtones.

The pre-dawn explosion wrecked one side of the duplex apartment occupied by the Negro family, slightly injuring two of their four children.

White persons live some three blocks from the Reid home. Reid said he had "never had trouble of any kind, with anyone."

David, Reid, 7 months, was sleeping in a bedroom with his parents. His bed, only a few feet from the center of the blast, was showered with glass. He and Sandra Lennise, 3, sleeping in another room, were treated for cuts at Children's Hospital.

The other two youngsters, Thomas Jr., 4, and Sharon Lynn, 2, escaped injury along with the parents. The family had lived in the apartment for four years.

The Reids were swamped with offers for help. An owner of the chemical company where Reid works offered a truck and personally helped him to move his furniture.

Scores of people from Reid's church and labor union were scurrying around the dwelling by mid-morning—cleaning up shattered glass and broken furniture.

Last Friday the entire police force was assembled by Police Commissioner H. P. Dunlap, who urged that "everything humanly possible" be done to end the blasts.

Last Wednesday two blasts, seconds apart, ripped through the fashionable home of a white real estate salesman whose company had offered formerly white property for sale to Negroes.

All the other bombings were at Negro homes in racially mixed areas—or in historically white neighborhoods now occupied by Negroes.

No arrests have been made in connection with any of the incidents.

Doubt X15 To Reach 'Space'

NEW YORK (AP) — The men who made the world's highest and fastest flights said today they believe that man eventually will soar into outer space—but not in the X15 rocket plane in which they made their marks.

Maj. Robert N. White, 36, who flew the X15 up to 136,500 feet (nearly 26 miles) Aug. 12, said he thought a craft with a different shape would be needed to permit re-entry into the earth's atmosphere.

His opinion was echoed by Joseph A. Walker, 39, who piloted the X15 to a speed record of 2,196 m.p.h. Aug. 4.

White is a New York-born pilot at the Air Force flight test center at Edwards Air Force Base in California. Walker, of Lancaster, Calif., has flown for the National Aeronautics and Space Administration since March, 1945. Before that he was in the Air Force.

The pilots were interviewed at a news conference arranged by the Air Force.

Ballet Company Is Going To Russia

NEW YORK (AP)—The American Ballet Theatre will be the first American ballet company ever to perform in the Soviet Union, the acknowledged center of the art.

Lucia Chase, co-director of the company, said Sunday that the group—now on a five-month tour of Europe—will visit the Soviet Union from Sept. 14 through Oct. 24. The tour is sponsored by the U.S. State Department.

U. N. Assembly To Debate Spy Flights

UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly is going to hear debate on a pair of familiar cold war issues—American spy flights over Soviet territory and the Soviet occupation of Hungary.

The Soviet Union, in a weekend letter to Secretary-General Dag Hammarskjold, called for the Assembly, opening Sept. 20, to consider the so-called "threat to peace" created by Francis Gary Powers' U2 flight, the RB47 shot down by the Soviets July 1 and other U. S. aerial activity.

The United States asked the Assembly to reopen its inquiry into Soviet repression of the 1956 Hungarian revolt and the continued presence of Soviet soldiers in the satellite nation.

Kennedy Sets Trip To Cincinnati Fete

WASHINGTON (AP) — Democratic president nominee John F. Kennedy plans to be in Cincinnati, Ohio, on Oct. 6 for a $100-a-plate fund raising dinner.

Kennedy's press aide, Pierre Salinger, said today that all plans necessarily are tentative.

Asked about reports the Cincinnati dinner engagement would follow campaign stops in Lexington and other northern Kentucky points and be followed by visits to other Ohio communities, Salinger said he was not prepared to comment.

Local 'Dries' Hear TANE Executive

Rev. O. F. Dingler, associate executive of Texas Alcohol Narcotic Education Inc. (TANE), told over 300 Snyder citizens Sunday afternoon just what kind of town he believed Snyder would become if the sale of alcoholic beverages is legalized.

Speaking to a rally of the "dry" forces at the First Baptist Church, Dingler cited statistics from "dry" and "wet" towns of comparable size which he said showed the number of crimes committed in each as a direct result of persons being under the influence of intoxicating beverages.

The group formally voted to be known as "The Scurry County United Dries," a name proposed by Lyle Deffebach.

Stickers to be displayed in car and home windows were distributed to those present.

Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, presided in the absence of Rev. Harry Vanderpool who is chairman of the drive for the United Dries.

Petitioners for the sale of alcoholic beverages in Snyder will meet this week, but as yet have announced no time. A spokesman for the group estimated that they were over the halfway mark in securing over 500 names needed to bring about a liquor election in the city limits of Snyder.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS: Andrew Malone, Calif.; Curtis Pattom, 1005 Twenty-fourth Street; J. B. Taylor, Dunn; Lena McCaleb, 2901 Thirty-fourth Street; Gayle Hilburn, Snyder; Cora Hartley, 2703 Twenty-fifth Street; Jackie Billard, Weber Tr. Ctr.; Patricia Simmons, 806½ Twenty-fourth Street; Lisa Miller, 2610 Avenue U; James Gilmore, Cross Plains; Chris Morris, 2215 Fortieth Street; Betty Swallow, Hermleigh.

DISMISSALS: Vela Shiflett, Marian Wise, Richard Bird, Hazel Grant, Theresa Cates, Laveta Boulware, Hazel Kruger, James Ranneteld, Roy Hazelwood, Margie Blanton, Clara Maxwell, Barbara Sels and baby, Andrew Malone, Margaret Blalock, Dick Hayes.

BIRTHS

Mr. and Mrs. Myron Sels, Ira, are the parents of a son weighing 7 pounds one ounce born at 8:21 a.m. Saturday in Cogdell Memorial Hospital.

Mr. and Mrs. F. R. Simmons, 806½ Twenty-fourth Street, are the parents of a daughter weighing 7 pounds born Sunday at 6:58 p.m. in Cogdell Memorial Hospital.

Mr. and Mrs. Richard Miller, 2610 Avenue U, are the parents of a son weighing 7 pounds 6¼ ounces born in Cogdell Memorial Hospital Sunday at 7:31 p.m.

Mr. and Mrs. F. G. Swallow of Hermleigh are the parents of a daughter weighing 5 pounds 11½ ounces born Monday at 6:30 a.m. in Cogdell Memorial Hospital.

Ocean Liner Sails Following Strike

NEW YORK (AP) — The Furness-Bermuda Line's Queen of Bermuda sailed for Bermuda Sunday after a one-day crewmen's strike.

The 22-hour strike was the second staged on successive Saturdays by the British ship's crew in sympathy with the wildcat walkout by seamen in British ports. The line provided hotel accommodations Saturday night for about 475 passengers.

House Panel's Deadlock On School Aid May Be Broken

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—A House Rules Committee deadlock on a school aid bill may be broken this week, clearing the way for action later on medical aid and minimum wage legislation.

If the stalemate continues, Democratic congressional leaders are toying with the idea of adjourning the post-convention session of Congress and blaming Republicans for the lack of results. Republicans and Southern Democrats on the Rules Committee have combined to block school aid and some other bills.

On the other hand Republicans say that the Democrats, with their heavy majorities in both houses, are responsible for what is or is not done.

Separate school bills have passed the Senate and the House but can't get to a compromise committee without Rules Committee approval. The committee has refused clearance by a 7-5 vote, with four Republicans and three Southern Democrats providing the opposition and five Democrats favoring the bill.

Two of the seven who opposed clearance are Reps. James W. Trimble (D-Ark.) and B. Carroll Reece (R-Tenn.). Among other things, they are opposed to an anti-segregation provision written into the House bill but not included in the Senate version.

The provision would bar federal aid to schools that practice racial segregation. It was sponsored by Rep. Adam Clayton Powell (D-NY).

Firm assurance that that provision would be removed might clear the way for Trimble and Reece to change their votes and send the bill to compromise.

Powell declared Sunday, however, that Sen. John F. Kennedy of Massachusetts, the Democratic presidential nominee, "is on trial" on that issue. If the bill is passed without the racial provision, he told a Negro group, "then we will know hypocrisy is the rule and the law."

House Speaker Sam Rayburn (D-Tex.) has suggested that Vice President Richard M. Nixon use his "tremendous influence" to get at least one Republican committee vote to clear the bill. Rayburn obviously feels that he can provide the additional Democrat vote.

Nixon, the GOP presidential nominee, intimated at a Greensboro, N.C., press conference last week that he may not try to persuade a Republican to change his vote. He said the Democrats were interested in passing a school bill that probably would be vetoed and accused them of wanting "an issue instead of a bill."

If the Rules Committee continues to sit tight on the bill, it well may take the same position on two other pending major measures, minimum wage and medical aid proposals.

In that case, some influential Democrats favor an early adjournment of Congress and an attempt to blame the Republicans for failure to enact legislation.

Adenauer Has No Favorite

BONN, Germany (AP) — Chancellor Konrad Adenauer is pictured as satisfied both candidates for the U.S. presidency would maintain the kind of tough, anti-Communist line Adenauer likes.

This is the report of people in a position to know but unwilling to be quoted by name.

Adenauer, a chronic worrier whose favorite expression is "The situation has never been so serious," was looking at the American election with some concern a few weeks ago. He felt he had little to go on personally about the views of the Democratic nominee, Sen. John F. Kennedy.

To get first-hand information Adenauer sent his press chief, Felix von Eckardt to the United States. Von Eckardt met with Kennedy and other political figures such as Republican Henry Cabot Lodge, and Democrat Adlai E. Stevenson.

To prepare a simple choice sandwich spread, soften cream cheese with liquid honey. Then add nuts and grated orange peel.

Inmates Tell Of Slayings

COLUMBUS, Ohio (AP) — Two young inmates of Gallipolis State Hospital, caught trying to smother a patient, said they smothered three other inmates "for kicks," according to the mental health commissioner, Henry Luidens.

Luidens Monday ordered an investigation into the three deaths previously believed to be from natural causes.

He said the youths, Robert Brown, 18, and John Turner, 14, were transferred to the Lima State Hospital for the Criminal Insane.

Luidens said attendants Sunday night caught the pair wrapping a sheet and towels about the throat of a 29-year-old patient in the custodial ward.

The commissioner quoted the pair as admitting they were attempting to cause the patient's death and saying they would kill others if they had the chance.

One Of Clark's Shows Is Dropped

NEW YORK (AP)—The weekly "Dick Clark Show" is being dropped by the American Broadcasting Co.'s TV network, Sept. 10. His afternoon show, "American Bandstand," will remain on the air.

ABC said Sunday the time spot for Clark's Saturday night show will be taken over by a new one-hour show, "The Roaring 20s," beginning Oct. 15.

Negro Faces Assault Count

A charge of assault with intent to commit murder has been filed against one Snyder Negro following an alteration in the James Taylor, Jr., cafe located at 3509 Avenue M at 2:15 a.m. Saturday. Charges are pending against the other Negro involved, the Scurry County sheriff's office reported today.

Luther (Crip) Tucker was bailed under $2,000 bond and charges have been filed against Taylor who received a gunshot wound in the leg, officers said.

Justice of the Peace W. C. Davidson set Taylor's bond at $2,000.

Taylor was out on $2,500 bond set in county court Friday he pleaded not guilty to charges of possession and transportation of alcoholic beverages in a dry area. Trial by jury on the charges were set by County Judge J. Ray Martin as Sept. 13. County Attorney George Killam stated at the hearing that maximum penalty for Taylor, who has been convicted in similar instances before, could be four years in jail and a fine of $4,000.

House Finally Gets Quorum For Session

WASHINGTON (AP)—After a week, the House finally produced a quorum today and got started on its business.

The roll call showed 399 of the 432 members on hand, the first time since it reconvened on Aug. 15 that the House could muster a majority for business. It met five times last week but could take no official action because not enough members had returned to work.

Two appropriation bills were sent to conference today and half a dozen White House messages were formally presented.

Electric co-ops mean

PPP

PARTNERSHIP POWER FOR PROGRESS

Nearly 400,000 Texas Families are partners in a noble undertaking that celebrates its silver anniversary this year.

They are the member-owners of the electric cooperatives that serve the rural areas of the Lone Star State. They borrowed money at interest to build their own electric systems. They created a multi-billion dollar market for electric appliances with main street merchants. They brought the blessings of electricity to areas that might still be dark had it not been for the cooperative effort. They accomplished these wonderful things while repaying principal and interest on their loans . . . often ahead of schedule.

The electric cooperatives of Texas can point with pride to an efficient, dependable, electric service providing Partnership Power For Progress.

Mr. and Mrs. Dan Hall of Cisco are visiting Mr. and Mrs. Jess Brown and Johnny this week.

Mr. and Mrs. T. J. Webb were recent guests of Mr. and Mrs. Whit Farmer, and Mr. and Mrs. John Webb, all of Ira.

Mrs. Bertha Cotton of Dunn visited Mrs. Damon Cotton Tuesday afternoon.

Wednesday night guests of Mr. and Mrs. N. F. Hall and family were Mr. and Mrs. Jim Barkley, Gary, Don and Bobby, Mr. and Mrs. James Barkley and Billy Ray all of Colorado City.

Mr. and Mrs. Doss Maner of Littlefield visited Mr. and Mrs. Jim Merket Thursday morning. They were all dinner guests of Mr. and Mrs. Tommy Echols of Ira Thursday.

Mrs. Evelyn Murphy and Eleanor Cotton, visited Mrs. Leslie West at Dunn Wednesday afternoon.

Mr. and Mrs. Grady White and family of Dunn visited Mr. and Mrs. C. E. Laster and children Wednesday night.

Miss Donna Ann Hall was a guest of Miss Donna Kay Prescott of Colorado City Friday afternoon.

Brownie Pound Cake

INGREDIENTS: 1¾ cups sifted flour, ¼ teaspoon salt, ½ cup cocoa, 1 cup butter or margarine, 1 1-3 cups sugar, 5 eggs, 1½ cups coarsely broken walnuts.

METHOD: Grease pan (9 by 5 by 2½ inches); line bottom and sides with paper; grease paper. Sift together flour, salt and cocoa; Cream butter and sugar; beat in thoroughly 4 of the eggs, one at a time. Add sifted dry ingredients; stir until smooth. Beat in remaining egg just until smooth; do not overbeat. Fold in walnuts. Turn into prepared pan. Bake in slow (300 degrees) oven about 1½ hrs. or until cake tester inserted in center comes out clean. Allow pan to stand on wire rack 10 minutes; turn out and cool right side up. (Cake will have characteristic crack on top.) Store in tightly covered container for several days before slicing thin. Cake mellows and gets softer on storage.

WOMEN

Potato Soup

INGREDIENTS: 1 can (10½ oz.) frozen condensed cream of potato soup, 3 cups liquefied non-fat dry milk, 1 beef bouillon cube, ½lb. cheddar cheese (grated), ½ cup finely grated carrot (packed down).

METHOD: Into a medium-sized saucepan over low heat thaw the frozen soup with the milk and bouillon cube, stirring occasionally. Force through a fine strainer. Return to saucepan with cheese and carrot. Cook over low heat, stirring constantly until cheese melts and soup is serving temperature; do not boil. Makes 4 to 6 serving.

Coffee Egg Nog

INGREDIENTS: 2 eggs, 1 quart milk, 1 cup instant non-fat dry milk (not liquefied), ¼ cup sugar, 2 tablespoons powdered instant coffee.

METHOD: Beat eggs until thick and lemon colored. Add regular milk, dry milk, sugar and coffee; beat to combine. Chill or serve over ice cubes. Makes 4 to 6 servings.

NOTE: Less sugar or more coffee may be added to suit taste

WHAT'S GOING ON

Mrs. Inez Bihn, Richard and Kathy of Fort Madison, Iowa, and Mrs. Minnette Kerchner of Donnelson, Iowa, have been visiting in the home of Mr. and Mrs. Warren Bihn, 1101 Tenty-ninth Street for the past two weeks.

Peach Dessert

A "flame-kissed" peach is a flavorful peach. Top it with something crunchy and a spoonful of vanilla ice cream and you have a heavenly dessert. To prepare, place fresh peaches, cut-side down in your broiler and sprinkle with lemon juice and brown sugar. Broil under a medium flame until lightly browned. Turn the peaches over and sprinkle with corn flakes, chopped peaches, more brown sugar and a drizzle of melted buter. Return to the broiler flame for just a minute. Turn off the gas and keep warm until serving time. Top with ice cream.

Stir three tablespoons of honey into a cup of milk to use as a topping for the favorite morning cereal.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H.® At your druggist. Money back guarantee.

®Reg. U. S. Pat. Off.

Favorite Year-Round Dessert

A favorite all year-round dessert, of course, is pie. And the smart homemaker will find it's just as easy to serve now as it was in cooler weather—if she turns to refrigerator pies.

Starting with a simple cracker crumb crust, Sugar Information, Inc., has developed this recipe for a perfect base and two pie filling or the tangy lemon pie, you're sure to please every member of the family.

EASY REFRIGERATOR PIES

Basic Cracker Crumb Crust

(for 1 8-inch pie)

1 1-3 cups Vanilla Wafer Crumbs (38 crackers); ¼ cup butter, melted; ¼ cup sugar.

Mix crumbs and sugar and stir in melted butter. Combine ingredients lightly with a fork. Outline a pie pan by pressing crumb mixture firmly with the back of a spoon. Chill for about 30 minutes.

LEMON SWIRL PIE FILLING

1 envelope gelatine; ¼ cup cold water; 3 eggs, separated; ¼ teaspoon salt; 3 tablespoons lemon juice; 2 tablespoons lemon rind; ¾ cup sugar.

1. Soften gelatine in ¼ cup cold water.
2. Beat egg yolks in top of a double boiler, stir in lemon juice and rind, ½ cup sugar and softened gelatine.
3. Cook over hot water until mixture is thickened.
4. Beat egg white, gradually add remaining sugar.
5. Fold egg whites into lemon mixture.
6. Spoon into crumb shell.

FRESH FRUIT CREAM FILLING

1 cup orange sections, diced and juice; ¼ cup lime juice; 2 bananas, thinly sliced; 1 cup sugar; 2 tablespoons gelatine; ½ cup cold water; ¾ cup boiling water; ½cup heavy cream.

1. Add lime juice, banana and sugar to orange juice and sections. Set aside for 30 minutes.
2. Soften gelatine in ½ cup cold water. Add ¼ cup boiling water, stir until gelatine is dissolved. Add fruits to gelatine and stir until thoroughly blended. Cool until mixture begins to thicken.
3. Whip cream (not too stiff) and add to gelatine-fruit mixture, blending thoroughly.
4. Pour into crumb shell. Chill.

Blueberry Pie

INGREDIENTS: Pie shell, 3 cups blueberries (washed and dried on paper toweling), ½ cup sugar, 3 tablespoons flour, ½ teaspoon salt, grated rind of 1 small lemon, ¾ cup heavy cream.

METHOD: Put berries in pie shell. Stir together thoroughly the sugar, flour and salt; add lemon rind and cream; whisk lightly to get out any lumps. Pour over berries. Bake on lowest shelf of hot (400 degrees) oven 45 minutes; filling should set as pie cools. Serve just warm or reheat.

PIE SHELL: Mix 1 cup sifted flour and ½ teaspoon salt; cut in 1-3 cup lard to size of small peas. Sprinkle gradually with 2 tablespoons milk, tossing with fork; shape into ball. Roll out to 11-inch circle, fit into 8-inch pie plate; pat out air pockets; fold edge under to form high standing rim; flute. Fill and bake as directed. This crust should not get soggy.

Cinnamon toast is all the more tasty and nourishing if the bread is toasted on one side, then spread with honey butter, and sprinkled with cinnamon. Then place toast under broiler flame until the bread is well browned and the dressing is well blended.

Lauri's Winning Laurels

By VIVIAN BROWN
AP Newsfeatures Writer

You must eat, drink and live the theater if you want to be part of it; says Lauri Peters, 17. So if you aren't willing to make that sacrifice, don't bother flirting with a stage career.

"I wouldn't marry anyone who didn't love the theater as much as I do," says the lively cast member of Broadway's "Sound of Music." "Not that there is any danger of that happening right now," continues Lauri, "because I don't have a steady beau. I have no intentions of ever leaving the theater for anyone.

"I am incapable of disassociating my personal life with my career, and that's the way it should be, if you'd do right by the theater. It's a full-time job."

The young celebrity, who was born Patricia Peterson in Detroit, receives many letters from people asking her about the possibilities of a stage career.

"It's hard to tell whether it is luck or timing," says Lauri, who arrived in New York from Cleveland four years ago. "I wanted some extra clothes. I had been studying tap dancing and ballet, and just for fun decided to apply for a chorus girl's job.

"She got it in "Say Darling." Then came another show, "First Impressions," five television shows, a test for a movice part in "Exodus," and the big role she plays now, one of the seven Trapp girls in "Sound of Music". She has been in that role since September, 1959.

"Any girl who has been dreaming about a theater career should be sure she wants it more than anything. The first years take complete devotion. Maybe when you are on your way, you can have fun," she advises, "but you must continue to love it. You can't have a steady beau taking up all your time."

"The only time I date is after a show or on Sunday," she explains. "I sometimes meet people for lunch but that's not really a date."

Except for "some odds and ends," she says, she is through with high school, having just completed all requirements at Quintanos School. She has been studying voice, dancing, ballet and taking a jazz course with Mat Mattox and Luigi.

She is devoted to the flute. At 9 she was a first prize winner in the Ohio State Music Test. She loves to read and is now "devouring 'Ulysses'." She has three brothers 32, 29 and 23, all of whom spoil her, she says.

Lauri's beauty is unusual. Her hair and eyes are the same color, a tawny blonde, and with her tanned skin, she gives the appearance of having been dipped in honey. She wears a size 5 or 7 dress, is 5 foot 6 and her measurements are 34-22-35. She wears no makeup because, "I can get away without wearing it somehow, and the boys I date do not seem to complain."

Her figure, she says, "is Swedish, too well-built for modeling, but fine for Broadway where you need to be rugged."

To what does Lauri attribute her success?

"I'd say success is when preparation meets opportunity," she says, "but sometimes luck and timing help."

LAURI PETERS

Beef, Bean Sprouts And Green Pepper

INGREDIENTS: 1 pound flank steak, 2 tablespoons corn starch, 2 tablespoons soy sauce, 1 teaspoon sugar, 1 small clove garlic (crushed), 3 tablespoons oil (not olive), 1 chicken bouillon cube, ¾ cup boiling water, 1 can (1 pound) bean sprouts (well drained), 1 small or medium-sized green pepper (cut into thin strips).

METHOD: Slice steak across grain so pieces are about ⅛-inch thick and 2 inches long. Stir together until smooth the corn starch, soy sauce and sugar; add garlic. Coat beef with mixture. Heat oil in skillet (about 10 inches) until very hot; add beef; brown rapidly, turning with a pancake turner. Dissolve bouillon cube in boiling water and add. Stir constantly until sauce is slightly thickened and glossy. Ad bean sprouts and green pepper; mix and heat rapidly. Makes 4 servings.

NOTE: Freeze steak partially for easy slicing.

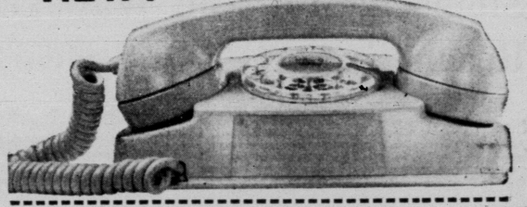

Because honey helps in the retention of calcium by young infants, it can be used to advantage in infant feeding. Ask your doctor for a formula suitable to your child.

NEW!

SMALL!

DIAL LIGHTS UP!

The Princess phone in color!

it's little, it's lovely, it lights

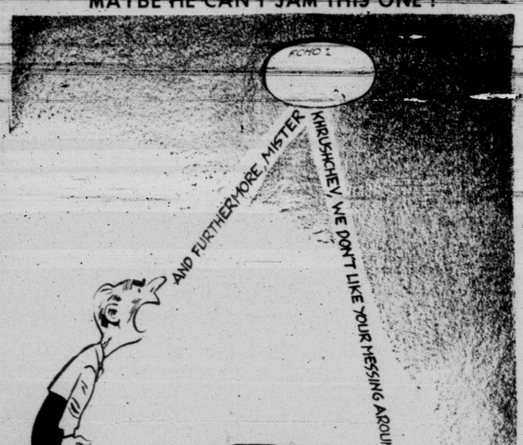

Here's the glamorous new extension phone that's styled to blend beauty with practicality.

And practical is the word for the Princess phone. *It's small* to save you space on table or desk or kitchen counter. *It's modern*—styled to go anywhere in your home—and go beautifully! *The dial lights up.* It glows in the dark so you can find it quickly and, when you lift the receiver, lights up brightly to make dialing easy.

Take your choice of five smart decorator colors—white, beige, pink, blue and turquoise. Just call the telephone business office. Or ask a telephone serviceman to show it to you.

Southwestern Bell Telephone Company
Call by number—it's faster by far.

Stomach Still The Way To Reach Even 'Far-Out' Heart

By INEZ ROBB

As the French discovered long ago, the more it -- anything -- changes, the more it is the same. Despite the younger generation's preoccupation with rock n'roll, Zen Buddhism, anger, foreign cars and all that progressive jazz, the way even to a far-out heart (masculine) is still through the old-fashioned stomach.

This truth overwhelmed me a few days ago as I was pushing a cart through the supermarket not far from our New York apartment. This is the summer of my contest in which I have been chief cook and bottleexchanger at Chez Robb for the first time in years.

As a matter of fact, the supermarket has been a revelation to me. I am just discovering firsthand what the rest of the nation has obviously known all along, that the supermarket is now the nation's social center, an unofficial but profoundly important town meeting.

And I now realize why women on week ends accompany their men to the supermarket. Men, once in such a place, lose all sense of responsibility and throw caution to the winds. Unless accompanied by a sharp-eyed guardian of the family finances, men go to pieces in a supermarket, with the result that the icebox overfloweth and there's no change left for baby's new shoes.

But this is just added addenda. The story I have to tell is of the young woman, a stranger, who rushed up to me in the supermarket a few days ago. Without preliminaries or wasted motion on polite overtures, she demanded: "How do you make piecrust?"

Well, sir, Americans are so accustomed nowadays to having their privacy and opinions violated by pollsters that I thought this was probably some new approach to whether I was going to vote for Vice President Richard Nixon or Senator John Kennedy or my preference in soap powders.

But the young lady, who looked half-way between beat and neat in clean shirt, shorts and untidy ponytail, banished these political suspicions when she planted herself even more firmly in front of my cart and, fixing me with an eye as hypnotic as the Ancient Mariner's, reiterated, "How do you make piecrust?"

I surveyed the girl with compassion because it was plain as a pike staff that this kid, maybe 20, maybe 22, had invited her best beau to her pad and promised him a home-cooked dinner, including a pie just like mother used to make.

"Have you ever made piecrust before?" I asked, really wanting to help her.

"No," she snapped, time one to waste time on amenities.

"Then I think you'll do better, if you're inexperienced, to buy a piecrust ready-mix. This new stick kind..."

"I want to make it from the beginning," she said impatiently, not allowing me to finish the sentence.

"But don't you have a cook book?" I asked, and if incredulity got the upper-hand of my voice, it was only because of my wonder at her bravery in trying to snare a beau, bare-handed, so to speak, without a mother's or a cook book's guide. The girl looked at me with both disdain and hauteur.

"No," she snapped, "I don't have a cook book. I," she continued, surveying me as if my dish-pan hands showed even through my white gloves, "have no intention of becoming a professional! So don't bother!"

"But, please, I want to help," I said, as she dismissed me. "Don't bother!" she repeated and switched away angrily. I have been wondering ever since what kind of a meal and pie this cool cat achieved and if her beau survived. And, if he survived, if he is still her beau.

Mail Brings Good News For Girls

By BAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

It's good news for girls who want tall husbands. In 1900 only 1 in 25 U. S. men was a six-footer. Now one in five young men reach that height.

The art of tete-a-tete conversation may be dying, but telephone gabbing is still on the increase. America now has nearly 33 telephones for every 100 persons.

Can you name six presidents besides Abraham Lincoln who were born in log cabins? They were Thomas Jefferson, Andrew Jackson, Millard Fillmore, James Buchanan, James Garfield, and Chester Arthur. No president yet has been born in a hospital.

Blood from cadavers has been used for transfusions for three decades by Soviet doctors. During that time they have seeped 30 tons of blood from dead persons into the veins of living ones. American doctors still prefer "live blood."

How superstitious are you? It is estimated that Americans spend 125 million dollars a year on fortunetellers, and 1 out of every 18 either carries a good luck rabbit's foot or has one home in the drawer.

How big is an atom? Well, 36 billion billion could be put on the head of a pin. Why not tell your child to do this some rainy afternoon when he complains he's bored?

Wisecrack of the week: "In Hollywood," says actor Oscar Homulka, "the wedding cake often lasts longer than the marriage."

Many people claim they sleep like a log, but few actually do. Studies show you change positions 20 to 45 times during overnight slumber.

A vital comparison: The Soviet Union employs 50 per cent of its people on farms and still grows less than it wants. But the United States needs less than 10 per cent of its population to produce more crops than the nation can consume.

Our quotable notables: "Marriage may often be a stormy lake," said T. L. Peacock. "But celibacy is almost always a muddy horsepond."

Nixon Is Forced To 'Walk On Eggs'

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — Vice President Richard M. Nixon — compared with Sen. John F. Kennedy, his Democratic rival for the presidency—is like a man walking in an egg factory.

Kennedy is free to complain about President Eisenhower's leadership—or lack of it — and blame the Republican administration for mistakes at home and abroad. Not Nixon, even if he wanted to.

As the Republican candidate Nixon can't afford to repudiate either the President or his administration or to antagonize Republicans.

Yet his campaign strategy is to try to sell himself rather than the Republican brand of government or even the Eisenhower brand.

How then can he project an image of himself different from Eisenhower and the acts and attitudes of the Eisenhower administration without appearing to criticize?

He is doing it bit by bit; nevertheless, on civil rights, defense spending, foreign policy, a farm program.

Eisenhower has been criticized for not asserting more leadership in the field of civil rights. Nixon, without criticizing the President, says that as president he would take the initiative, and urge, his cabinet to do so to find solutions.

Democrats and others have criticized the record of the Eisenhower administration. Nixon, again avoiding criticism, says the record of the administration is not something to stand on but to build on.

Eisenhower has insisted defense spending was sufficiently high. The Democrats have contended the administration has not been doing enough to keep ahead of the Russians.

BUT HE CAN'T KICK . . .

Bum Knee Blights Billy

By MIKE RATHET
Associated Press Sports Writer

The well-heeled Houston Oilers are worried about a knee.

The knee belongs to Billy Cannon, the high-priced two-time All-America and Heisman Trophy winner who survived the rigors of a court suit, but has yet to make his mark as a professional on the football field.

Cannon was lured into the new American Football League by Bud Adams, the oil-millionaire owner of the Houston club who supplied the Louisiana State great with a $100,000 three-year contract that also included lucrative fringe benefits.

Then Adams had to take his case to court when the Los Angeles Rams of the old National League also displayed a signed Cannon contract. Adams won the case, but hasn't really gained a ball player.

The potential top draw in the new league, Cannon has been shackled by an injured knee and has seen only limited action in Houston's first three exhibition games—two of them losses.

With Cannon sidelined, understudy Charlie Tolar took over and rammed over for two touchdowns as the Oilers made their home debut a success this weekend by overwhelming the Denver Broncos 42-3.

In other AFL preseason tests, the undefeated Dallas Texans blasted New York's Titans 38-14 and the Boston Patriots defeated the Buffalo Bills 21-7.

In the NFL, San Francisco's 49ers survived a fight-filled battle with Philadelphia for a 45-28 triumph and the Detroit Lions edged the St. Louis Cardinals 24-21 on a Jim Martin field goal with 3:15 left.

Tolar did the leg work and veteran NFL quarterback George Blanda tossed two touchdown passes in Houston's rout of Denver.

Signal-caller Cotton Davidson passed 42 yards to Johnny Robinson for one TD and scored twice himself as Dallas made it four triumphs in succession. New York's Dick Shockley ran 26 yards for a score to tie it 7-7 before a Jack Spikes' field goal put the Cowboys ahead to stay.

Boston's winning touchdown against the Bills came on a spectacular 73-yard pitch from Tommy Greene to Oscar Lofton early in the third period.

The Eagles' Tommy McDonald caught scoring passes of 14, 8, 57 and 7 yards, but was unable to singlehandedly whip the 49ers. San Francisco's Fred Williams tangled with the Philadelphia bench in one of the melees that broke out, and the Eagles' Jerry Williams was banished after taking a swing at 49er John Thomas.

Martin's clutch field goal won it for the Lions, but it was Jim Ninowski's passing which brought them within range against the Cards. Recently acquired from Cleveland, Ninowski completed 13 of 20 passed for 154 yards and two touchdowns in a second-half drive.

MIRROR, MIRROR ON THE WALL . . .

Big D's Decision; Which To Back?

By HAROLD V. RATLIFF

DALLAS (AP) — Dallas professional football gets its test when the Dallas Texans play the Houston Oilers in an American Football League exhibition Friday night.

The Texans are undefeated. Ordinarily that would guarantee a big crowd because Dallas is supposed to go strong only for a winner.

But last week 40,000 turned out to see the winless Dallas Cowboys of the National League meet the champion Baltimore Colts.

Opinion has been divided on which team would get the Dallas patronage. It was generally conceded that the newly-organized Cowboys, a collection of players furnished by other clubs in the league would not outdraw the AFL club.

The Texans, making their start in a new league, were on an equal basis with the circuit's other teams and were expected to be one of the top contenders for the AFL championship.

General Manager Tex Schramm of the NFL Cowboys said, however, that while the Cowboys might not have a winning team the class of the opposition would draw the fans.

His theory was borne out by the Cowboys-Colts game. No one expected Dallas to win but 40,000 went out to see the Colts if for nothing else.

The Texans, winners of four exhibition games will be highly favored to whip Houston Friday night, but when the ticket sales are totaled everyone will have the answer to the question:

Will a winning team draw more fans than a losing one that's playing a team that furnishes the main attraction?

SHOULD I EAT 'IM OR MOUNT 'IM?—Pictured above are three of the winners in the annual Snyder Jaycee Fishing Rodeo which transpired Saturday at the Towle Park Lake. At left is Mark Wilson, 11 who reeled in the biggest catch of the day, a 13 and 3-4 ounce specimen. At center is Weldon Sears, who displays a sparkling 11½ ounce bass, the second biggest of the day. Sears, one of the younger participants of the day is a 5-year-old. Clinton Horn stands at right with his prize, a roll of line, for catching the smallest fish. The rod and reel outfits which Wilson and Sears hold were awarded them as prizes for their respective achievements. (Photo by Jackson)

QB Clubbers Slate Initial '60 Session

The Snyder Quarterback Club will hold its first meeting of the year tomorrow night, and all old members and prospective new members are urged to turn out for the initial session.

The meeting will be of particular significance in that the election of officers for the coming year is to be accomplished at that time. The time has been set at 7:30 p.m., and will take place in the high school cafeteria.

The election will include those of four outgoing officers and at least two replacements to the board of directors. The nominating committee met Friday night and drew up a tentative slate of nominees which will be presented tomorrow evening.

Outgoing officers of the organization are Doc Weaver, president; Freddy Bullard, vice president; Roy Meador, secretary; and Joe Williamson, treasurer.

Sullivan And Neeper Hurl Church Wins

Avenue D Baptist and Trinity Methodist, currently tied for the lead in the Church Softball League, strengthened their holds here Saturday night, as both came through to post victories.

The opener of the evening saw Trinity blanking First Baptist by 5-0 behind Pottsy Neeper's four-hit chunking.

Max Coffee, who was pulled in from his regular shortstop position to pitch for the Baptists, went the distance for them, also relinquishing just four safeties. Errors figured predominantly in the scoring, however, and spoiled his effort.

First Baptist's Nig Barnett was the leading stickman of the game, as he collected a single and a double.

The nightcap of the evening went to Avenue D, which rode the right arm of Guy Sullivan to an 11-1 triumph over First Presbyterian.

Gafford, who went the initial four frames for the Presbyterians, was the loser. He stepped down in the fifth and final inning in favor of Leroy Leard.

Leard put the damper on Sullivan's bid for a shutout win as he slammed an inside the park homer early in the game. Sullivan collected one of the same for his team, also, the clout being landed with the bases empty.

Bob O'Day blasted a pair of three-baggers for the D-Men to lead both nines at the platter.

Fourth Place Fight Flares In TL Race

BY THE ASSOCIATED PRESS

The Texas League race has settled into a fight for fourth place—the top three spots appear to be virtually decided.

Rio Grande Valley leads by 9½ games over San Antonio, which is 1½ games to the good over third place Victoria.

Then the drop off is 4½ games down to fourth place Tulsa, which is four games better than last place Amarillo and 3½ over fifth place Austin.

Three double-headers were played Sunday and in only one instance did a club win both games.

Austin trimmed Amarillo 12-5 and 6-2, knocking the latter into the cellar.

Tulsa managed a split with leading Rio Grande Valley. The Oilers took the first game 6-2 as Ted Thiem let the Giants down with only five hits. Jim Schaffer hit two home runs and Fred Whitefield one.

Awright, So We Goofed

An item in yesterday's edition concerning the beginning of Pee Wee grid workouts was in error. Workouts are to start August 29 rather than September 29 as reported then.

Red Sox Cooperation Keeping Birds Close

By JOE REICHLER
Associated Press Sports Writer

If Baltimore's Orioles would pull off the biggest upset of the 1960 baseball season and win the American League pennant, they can thank the Boston Red Sox.

Of the 18 games played between the two teams, the Orioles have won 14.

One of the reasons for the Orioles' superiority over the Red Sox has been Ronnie Hansen.

The 22-year-old shortstop, who seems bent on capturing rookie-of-the-year honors, hit one of Baltimore's two home runs Sunday as the Orioles drubbed the Red Sox 10-4 to move into a second-place tie with Chicago, only a game and a half behind the league-leading Yankees. The other Baltimore homer was a grand slammer by catcher Gus Triandos.

Hansen's batting average is a modest .268 but in 18 games against Boston pitching, he owns a .451 mark. Of his 71 runs batted in, 34 have come against the Red Sox.

Washington beat New York 7-4 and Kansas City trounced Chicago 8-1. Detroit swept a pair from Cleveland by the same 6-4 scores.

Milwaukee climbed to within 6½ games of National League-leading Pittsburgh by defeating Philadelphia 3-2 while Cincinnati was beating the Pirates 8-4. St. Louis shut out Los Angeles 2-0 and the Chicago Cubs split a pair with San Francisco. The Cubs won the first 5-3 and the Giants took the second by the same score.

Steve Barber pitched his eighth victory for the Orioles. The rookie southpaw was staked to a 5-0 lead but it took a neat relief job by Wes Stock to preserve his fourth victory without a loss over the Red Sox.

Three Washington home runs ruined the Yankees. The most productive was the three-runner by Harmon Killebrew, his 21st, but the key blow was Jim Lemon's

★ ★ ★

RON HANSEN
Baltimore Orioles

★ ★ ★

29th, with one on that snapped a 4-4 tie in the eighth. Bob Allison added his 13th.

Whitey Ford, who hurled back-to-back 1-0 shutouts in his last two starts for the Yankees, gave up a run in the third to end his scoreless string after 23 innings. He left with a 3-1 lead after the fifth, wilted by the heat. Jim Coates, Ford's successor, walked two batters in the sixth and Killebrew greeted Luis Arroyo with his three-run homer. The victory boosted the Senators into fourth place.

Kansas City matched its biggest hit total of the season, rapping five Chicago pitchers for 17 hits as the A's snapped a 10-game losing streak. Ray Herbert permitted only three hits and got three himself in notching his eighth victory.

A Briggs Stadium crowd of 28,891, bringing the team's home attendance to 1,026,193, saw the Tigers extend their winning streak to six with their sweep over the Indians. The double loss was the sixth straight doubleheader defeat for Cleveland.

Frank Bolling's two-run triple climaxed a four-run fifth that enabled the Tigers to overcome a 4-2 lead in the opener. He had six hits in the twin bill. Eddie Yost singled in two runs in the eighth of the nightcap to snap a 4-4 tie.

Wilson, Ivison Keg Toppers

Once again, Jimmy Wilson and Helen Ivison were "top hands" individually in the past Saturday's VFW Junior Bowling League play with their series of 425 and 377, respectively.

Second and third for the boys behind Wilson were Stuart Long (405) and Jerry Beard (400), while Phyllis Sealy (353) copped second place honors for the girls.

High line of the day went to Long, a 168, followed by Wilson (160) and Beard (157).

The girls' top line went to Miss Sealy, who rolled a 151, followed by Miss Ivison's 135-133.

Converting the 4-6-7-10 pins, or the "Big Four" railroad, was Larry Tatum. That feat will earn him membership in the big four club of the A.J.B.C., and he will receive an arm patch in commemoration of same.

On a team level Team 7 turned in the top game of 503, Team 3 being second and third with its 487-464. Team 3 was tops in series with 1391, Team 7 second with 1387, and Team 9 third with its 1334.

Individual series totals in addition to the above include: Kirby McCravey 349, Bobby Pope 189, Larry Skinner 367, Terry Williamson 371, Ricky Bruyere 324, Paul Browning 258, Larry Tatum 318, and Jerry Tatum 273.

Lamar Eighth Graders To Report Tomorrow

Coach Roy Carter sends out the word to all Lamar eighth grade football players to report in at 8 o'clock tomorrow morning at the Lamar gym for the purpose of issuing equipment.

The workouts proper will get underway Wednesday.

Martin Staves Off January To Win PGA

LUBBOCK (AP)—Little Iverson Martin, the smooth swinger from El Paso, tucked $1,000 into his jeans today as evidence that he beat off the challenge of stars of the golf tour and won the Texas PGA with 278—10-under par.

Martin had a par 72 Sunday as he coasted in with first money, two strokes to the good over the last gasp drive of Don January of Dallas.

January pulled within a stroke of Martin in the stretch run but when Iverson bagged a birdie at No. 11 it was all over. He had made the turn 1-over as January, playing ahead of him, moved within one stroke. January, though, bogied two holes to shoot himself out of contention. He also failed to pick up birdie putts on five of the back nine holes.

The Dallas star of the PGA tour had a closing 71 for 280 and won $600 second money.

Chuck Klein of San Antonio also had a 71 and wound up with 281 and third money of $500.

Dick Metz of San Antonio, world's seniors champion, won the senior division title with 138 for 36 holes, getting $100, and also finished in a tie for fourth in the tournament proper with 282 and won $287.50.

A heavy shower in late afternoon interrupted play for 25 minutes but it didn't bother Martin.

The pros cut up a total of $6,260 in prize money.

Only American League outfielder wearing uniform No. 1 is Chicago's Jim Landis. Six others in the league with No. 1 are infielders.

Tiger Tickets Now Available

Those persons who have reclaimed their reserved seat tickets to the Snyder Tiger home games may begin picking those tabs up at the School Administration office tomorrow, it was reported here this morning.

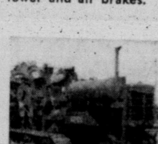

Also, the remainder of the reserved seat ducats will go on sale to the general public at the same place starting Wednesday on a first come, first serve basis.

Space Dogs Are Normal, Say Soviets

By PRESTON GROVER

MOSCOW (AP)—The two Soviet space dogs are reported frisky, with their heart and blood pressure normal, after their pioneer flight around the earth 18 times within 24 hours.

The dogs—Belka (Squirrel) and Strelka (Arrow)—landed safely in a special container catapulted from their space ship when it had "come down to a low height," Pravda said.

The Soviet Communist party newspaper said the 4½-ton space ship, which carried a cargo of mice, flies and plants, made a smooth landing "undamaged and whole" in a meadow of a collective farm somewhere in the Soviet Union on Saturday. Presumably the landing was made with the aid of parachutes, but Pravda gave no details. The ship had been launched Friday.

One Soviet scientist, Prof. D. V. Martynov, said that the satellite used in the test "could carry both a man and large variety of scientific instruments." Other scientists hailed the recovery of the ship as another big step toward sending a man into space.

The journey covered 700,000 kilometers—434,700 miles—in an orbit 198.8 miles above the earth. The Soviets said the landings were made within seven miles of the target spot.

Strelka and Belka leaped from their cabin after its hatch was opened and "barked joyously and fawned on the people," Pravda said.

Their companions on the epic flight were reportedly equally lively on returning, the mice nibbling on biscuits, the flies "keeping flying around the flasks" in which they traveled.

"One of the plants that was on board the space ship continued to blossom," the Soviet news agency Tass reported.

TV cameras inside the space capsule recorded the actions of the dogs during the flight, Astronomer Mikolai Barbashov said they showed the phenomenon of weightlessness in space caused no grave disturbances of physical function.

Some Soviet newspapers reported briefly the recovery of the 85-pound U.S. space capsule in the air over the Pacific but this was dismissed as an experiment for espionage purposes.

West European newspapers generally viewed the Soviet achievement as another demonstration of the Soviet lead in the race with the United States to get a man into space. The London Observer said the Soviet feat "will be a bitter pill to American scientists who have also successfully recovered objects from orbit, but on a far more modest scale."

Prof. Alfred J. Lovell, director of Britain's giant radio telescope Jodrell Bank, said the Soviets "undoubtedly have a lead of several years over the Americans in orbit 198.8 miles above the earth. The Soviets said the landings were made within seven miles of the target spot.

"But, on the other hand, the Americans, from the extremely wide scope of their scientific experiments and their ability to extract fundamental results, have a considerable lead over the Russians," Lovell added.

Stockholm's Dagens Nyheter said it was only a question of time "before the Russian technicians consider themselves sure enough to send a man out in space."

POSTING A VICTORY—Champion Steel Wire of Heying-Teckel is shown going best of variety of breed at Billings, Mont., recently. The judge is Marie Meyer and the handler is Maxine Beam.

Young Champ Title Contender

Champion Steel Wire of Heying-Teckel, 2½-years old wirehaired Dashshund male owned by Mr. and Mrs. Malcolm Keeble of Snyder, is well on his way to becoming top male in the nation in best of variety of breed wins for 1960.

Since March of this year, Steel has been shown in Arizona, Texas, New Mexico, Colorado, Idaho, Utah, Montana, Oregon and California. In 27 shows where he won 23 best of variety of breed (best wirehaired Dashshund in show), one best of variety of breed, opposite sex, he has been defeated only three times.

Steel also has won 11 Hound Group placings, ranging from second to fourth place, a fine record for a wirehaired Dachshund competing against all winners in the different Hound Variety groups.

In 1957 and 1958 the Keebles campaigned their great wirehaired Dachshund bitch, Her Magesty the Queen, Champion Red Locket Nita Louise who was top in the nation both years. Nita Louise established an all-time record of 60 wins under 58 different judges. It was the opinion of these judges that Nita Louise was perhaps the greatest wirehaired bitch this country will ever see. The "Queen" was retired from the show ring at the end of 1958.

Steel is back home in Snyder and is being groomed for the West Texas dog circuit starting at El Paso on Sept. 21. There will be eight shows on this circuit. Following the West Texas circuit, Steel will continue through central, east and south Texas in nine more shows.

Mamdou Dia Busy Setting Up Infant West African Nation

By DANIEL DE BERGEVIN

DAKAR, Senegal (AP) — Mamdou Dia, who proclaimed his West African state of Senegal independent of the Mali Federation, today was busy setting up the machinery to run his infant nation.

His rival, Sudanese Premier Modibo Keita, who had been kept under guard by Senegalese soldiers since Dia split the federation of Senegal and Sudan Saturday, Sunday night was allowed to board a train for Bamako, the Sudanese capital.

Senegal and the neighboring French Sudan formed the Mali Federation in January 1959. It won independence from France last June but remained in the French Community.

It was not known whether Keita would go ahead with the reorganization of his home state or whether he would try to launch a move to rebuild the federation.

Dia was busy creating new ministries, a customs service and a treasury for Senegal. He also asked foreign governments for recognition of Senegal as an independent nation.

Municipal councillors throughout Senegal met and expressed confidence in Dia. Representatives of all religious communities—Roman Catholic, Moslem and Protestant—issued statements backing the Senegalese premier. He also had the support of the bulk of the 7,000-man police force and army, most of whom are Senegalese.

Keita's dismissal of Dia from his job as vice premier of the Mali Federation last Friday touched off the split. Keita, premier of Mali, was trying to strengthen his hold on the government prior to the presidential elections in which a Senegalese was likely to be elected. But since Dakar is the chief city of Senegal as well as capital of the federation and Dia was on home ground, he put Keita under house arrest and announced the federation was dissolved.

In an effort to avert a serious rift in the French Community of young African nations French President Charles de Gaulle invited Keita and Dia to Paris to discuss the dispute. Dia accepted the invitation but so far there was no response from Keita.

There was fear in Paris that Keita would turn to some sort of association with Guinea, which pulled out of the French Community when it chose independence and now gets help from the Soviet bloc.

Vote Set On TV Debates

WASHINGTON (AP) — The House scheduled a vote today on legislation to clear the way for television and radio debates between the two presidential candidates.

Overwhelming approval, sending the bill to the White House, was expected.

The broadcasting networks and campaign managers for Richard M. Nixon and John F. Kennedy have agreed in principle on debates and other face to face broadcast meetings between the Republican and Democratic aspirants to the presidency.

But the networks insist on one condition — that Congress relieve them of the obligation under present law to give equal time to candidates of minor and splinter parties. There are about 16 such parties, Congress has been told. The Communications Act specifies that a station which permits any legally qualified candidate to use its facilities must offer similar treatment to all other legally qualified candidates for the same office.

Before recessing for the conventions, the Senate passed a bill to suspend this provision of the act for the duration of the 1960 presidential campaign.

Virginia was the largest state in the union in 1790. Now it ranks 15th.

Poll Effects Due Study

WASHINGTON (AP) — Sen. Albert Gore (D-Tenn) called today for study by the Senate Elections subcommittee of the effect of polls on the outcome of the presidential campaign.

Gore, a former chairman of the subcommittee, said in a prepared Senate speech he believes most of the political polls are "meaningless and in many instances misleading."

"The danger is that polls will be used to influence public opinion rather than reflect it," he said. "To the extent that the public considers the polls seriously meaningful, this danger is magnified."

Gore took specific exception to a Gallup poll published Aug. 17 which showed Vice President Richard M. Nixon, the Republican presidential nominee, leading his Democratic opponent, Sen. John F. Kennedy of Massachusetts, 50-44 per cent, with 6 per cent undecided.

The Tennessee senator said he believes it is a "disservice to our elective process" to attach any measureable importance to such polls. He said whether Kennedy is behind or out in front could not be proved by the sample.

Margaret Keeps Public Guessing

LONDON (AP)—Princess Margaret was 30 yesterday and still keeping the public guessing.

Her marriage to Antony Armstrong-Jones ended the perennial flap about her choice of a husband. So this birthday it was a published rumor that Margaret, married 3½ months, is expecting a child.

Mrs. A. J. Griffin, press officer to the princess and Queen Mother Elizabeth, said he hadn't heard about the rumors.

A baby born to Margaret and her commoner husband would become fifth in line of succession to the British throne, behind Prince Charles, Prince Andrew, Princess Anne and Margaret herself.

The Armstrong-Joneses spent her birthday with other members of the royal family at Balmoral in Scotland.

The talkative ex-butler at Margaret's Kensington Palace home, Thomas Cronin, 44, was preparing to take a new job at another palace—the Dania Jai Alai Palace, a Florida tourist center north of Miami.

Cronin, who said he left the royal employ because he couldn't get along with Armstrong-Jones, will be butler-host in the white leather upholstered "royal box" at the Florida palace.

He told a reporter his American pay will be about $15,000 a year with free board and lodging. He said he also got a $1,000 bonus for signing the contract and a Caribbean cruise duplicating the route of Margaret's honeymoon.

His scale in the royal household was reported at the rate of $2,500 a year but he stayed only 25 days.

A new job also was reported in sight for Armstrong-Jones, one with neither the commercial nor political connections both of which are taboo for a member of the royal family.

Friends said they expect Tony, a rising photographer until he became engaged to Margaret, to join the Civic Trusts, a nonprofit organization dedicated to keeping Britain beautiful. It advises industry and civic groups on the appearance of new buildings and encourages them to brighten up old plants or even whole villages.

Warm Weather Due For Next Five Days

DALLAS (AP) — The Weather Bureau issued today this 5-day forecast for Aug. 22-26:

Eastern and Central Texas: Temperatures 2 to 3 degrees above normal. No important temperature changes. Precipitation moderate to heavy in scattered thundershowers.

Western Texas: Temperatures 2 to 3 degrees above normal. No important temperature changes. Precipitation light to moderate in scattered thundershowers.

Donald O'Connors Are Parents Of Son

SANTA MONICA, Calif. (AP)—It's a boy for actor Donald O'Connor and his wife, the former Gloria Noble.

Don Frederick, weighing eight pounds three ounces, was born Sunday. The O'Connors have a daughter, Alicia, 3.

15 Persons Are Killed In Texas Traffic

BY THE ASSOCIATED PRESS

Fifteen persons died in traffic accidents in Texas during the week-end and other violence claimed another eight lives as the violent death toll reached at least 23.

The Associated Press count began at 6 p.m. Friday and ended midnight Sunday.

Mrs. Virginia Stewart, about 35, of Abilene died Sunday when her car smashed into a bridge abutment near Abilene Christian College.

Roy Wilson, 36, was found dead in his automobile at Dallas Sunday. All windows were closed and a hose led from the exhaust pipe to the car. An autopsy was ordered.

Morris Wilson, 51, Fort Worth, drowned in Eagle Mountain Lake Sunday while swimming.

Olin Penrod, 39, Houston, died in a two-car collision in Houston Sunday.

Thomas Montelongo, 38, of Elmaton, and Pedro Rodriquez of Corpus Christi died Sunday in the crash of their car into a freight train at Harlingen.

Maria Garza, 2, of Raymondville, died in a car accident at Raymondville Sunday.

Benjamin Flores, 19, of Harlingen, was shot to death during what officers said was a gang fight near Harlingen Sunday.

Mrs. Sylvia Webb, 47, of Teague, and her daughter, Doris Jennings, 11, drowned in Teague City Lake Saturday when strong winds overturned the boat in which they were sailing.

Ike Wilson, an Odessa Negro, was stabbed to death Saturday in Odessa. Officers held another Negro man for questioning.

Harvey Jackson, 19, was electrocuted Saturday at his home in San Antonio while using an electric drill.

Gordon Dudrey, 9, of Iraan, died Saturday when his bicycle was in a collision with a station wagon west of Iraan.

Harold O'Neal, 30, of Houston, was shot to death in Houston Saturday night and officers were questioning a 20-year-old man.

Gail Scouts In Campout

GAIL — The Boy Scouts of Troop No. 33 in Gail had a campout at Camp Ed Murphy recently, which was highlighted by a special program for parents and visitors.

After a picnic supper the adults were led by the Order of the Arrow Indian Dancers to their meeting place and a program was presented around the camp fire under the leadership of Bill Curry, scoutmaster.

Merit badges were presented to many of the scouts and Curry announced that Steve Dennis and Wayne Cooley received junior assistant scoutmaster awards. Tony Curry received the Star Scout award and Steve Dennis the Scout life guard award.

Scout Executive Pettit of Big Spring was present and presented the Life Scout awards to Steve Dennis and Wayne Cooley.

Scouts participating in the event were Mike Stephens, Wayne Cooley, Joe Cooley, Marc Alderdice, Billy Nunnally, Don Nunnally, Tony Isaacs, Tony Curry, Zane Curry, James Telchik, Steve Dennis, Joe Alderdice, Tommy Hancock, Jerold Kingston, Charles Teague, Eugene Payne. Adult leaders attending were A. B. Telihik, Weldon Hancock, C. C. Nunnally and Bill Curry, scoutmaster.

New Highway Is Requested

AUSTIN (AP) — The Highway Commission heard a delegation request today a direct highway route from Athens to Fort Worth.

R. E. Cross of Athens, manager of the Henderson County Chamber of Commerce, and Jack McKay, manager of the Ennis Chamber of Commerce, headed the delegation.

The existing route would be followed from Ennis to Fort Worth. The discussion centered on a route from a point on U.S. 175 near Athens westerly to a point on U.S. 75 and U.S. 287 near Ennis.

A request was presented from a Parker County group headed by Dave Hudson of Weatherford for extension of Farm 2421 from its terminus north 3.7 miles over a road known locally as Zion Hill Road. The cost would be about $111,000.

Mayor J.S. Baggett of Teague led a Freestone County group which discussed parallel parking on U.S. 84, the main street in Teague.

Junior Editors Quiz on THE THERMOMETER

QUESTION: Who invented the thermometer?

ANSWER: A thermometer operates on the principal that gases, liquids and solids expand when they are heated. The first thermometer operated on air and it was not very accurate. It was made by the famed astronomer Galileo in 1593. More than 100 years later, a man named Gabriel Daniel Fahrenheit invented the thermometer as we know it today by putting mercury in a glass tube. He also scaled his thermometer setting the freezing point at 32 degrees and the boiling point at 212 degrees. It's called the Fahrenheit scale. Another scale is called centigrade with the freezing point at zero and the boiling point at 100 degrees. The centigrade scale is used in scientific work and in countries that employ the metric measuring system.

FOR YOU TO DO: Here is how to translate the Fahrenheit scale into centigrade: Take the Fahrenheit reading and subtract 32. Multiply the remainder by 5/9. See if you can figure out what 77 degrees Fahrenheit is on the centigrade scale.

(Bob Frump of Paxton, Ill., wins $10 for this question, send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 8-22

Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

SENATE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3-½%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3-½%) per annum.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-½%) per annum."

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-½%) per annum."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the state.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of interest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

Sec. 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 24 of Article III of the Constitution of the State of Texas allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars ($4,800) per year and a per diem allowance of not to exceed Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature as the maximum compensation for Members of the Legislature; limiting the Regular Session to one hundred and forty (140) days; and prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars ($4,800) per year and a per diem of not exceeding Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents ($2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of a Regular or Called Session."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 8th day of November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars ($4,800) per year and a per diem allowance of not to exceed Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Session of the Legislature as the maximum compensation for Members of the Legislature and limiting the Regular Session to one hundred and forty (140) days."

"AGAINST the Constitutional Amendment allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars ($4,800) per year and a per diem allowance of not to exceed Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Session of the Legislature as the maximum compensation for Members of the Legislature and limiting the Regular Session to one hundred and forty (140) days."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 20 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any enabling Acts shall not be invalid because of their anticipatory character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75c) per One Hundred Dollar ($100) valuation of taxable property within the District, subject to district taxation.

"Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10c) per One Hundred Dollar ($100) valuation of taxable property within the District subject to district taxation.

"Section 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the limits of County Commissioners Precinct No. 4 of Comanche County, Texas.

"If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75c) on the One Hundred Dollar ($100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpaying voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired and not to exceed the maximum limit of seventy-five cents (75c) per One Hundred Dollar ($100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct No. 4 of Comanche County.

"If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the District may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the District shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the District to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said seventy-five cent (75c) tax. The Legislature shall provide for transfer of title to properties to the District.

"(b) The Legislature may by law permit the County of Comanche to render financial aid to that District by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the District (whether assumed or created by the District) and may authorize the levy of a tax not to exceed ten cents (10c) per One Hundred Dollar ($100) valuation (in addition to other taxes permitted by this Constitution) upon all property within the County but without the County Commissioners Precinct No. 4 of Comanche County at the time such levy is made for such purposes. If such tax is authorized, the District shall by resolution assume the responsibilities, obligations, and liabilities of the County in the manner and to the extent hereinabove provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

"(c) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

"AGAINST the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Shark Attacks Wounded Man Near Beach

SEA GIRT, N.J. (AP)—A huge shark, carried on top of a wave to within 25 yards of land, attacked and badly wounded a man Sunday as he stood knee-deep in the Atlantic Ocean.

The victim, John Brodeur, 24, an accountant, was in good spirits at Fitkin Memorial Hospital Neptune, where doctors operated in an effort to save his badly bitten right leg.

"What's all the fuss about," he said. "It was only a fish."

The shark's bite sliced completely through one bone and halfway through another in Brodeur's lower leg.

Doctors said it would take several days to determine if circulation returns to normal. If not, the leg may have to be amputated.

"If the shark had bit him that deeply on any other part of the body, he would have been a goner," said Dr. Charles Samaha, who performed the four-hour operation.

Brodeur received eight pints of blood during the surgery. His condition was described as fair.

Brodeur was visiting his fiancee, Jean Filoramo, who was working at a resort hotel. They were swimming off a part of the beach reserved for the hotel's employes.

"I'm bitten," Brodeur cried out. As he staggered toward shore, leaving a blood-stained trail, his fiancee flailed the water with her arms and frightened off the shark.

Her parents, Mr. and Mrs. Joseph Filoramo, who were on the beach, ran to his aid.

A hotel guest, Norman Porter of New York, applied a tourniquet to Brodeur's leg.

Echo I Being Pushed Down

PASADENA, Calif. (AP—Less pressure than a fly's weight is pushing the Echo I balloon satellite toward a fiery death in the earth's atmosphere.

Scientists say the 80-pound balloon is dropping 2.2 miles closer to the earth every 24 hours because of infinitesimal pressure of sunlight.

When the satellite was launched Aug. 12 its lowest point to the earth was 945 miles. Now it is 930 miles.

Duane Muhlman, research group supervisor at the Jet Propulsion Laboratory, said Sunday that at this rate the satellite "would hit the ground 450 days after launch—if you discounted the effect of atmosphere."

SNYDER BUSINESS NEWS

READY FOR SCHOOL BELLS—Jo Ann Morgan, left, and Mrs. Ruth Hicks look over some of the school supplies now on hand at Bennett Office Supply on the north side of the square. Bennett's has everything required for young scholars from the first grade on up.

Bennett Office Supply Has Big Stock Of School Needs

School bells are just around the corner and the sharp students this year are going to need quality supplies for their studies.

That's where Bennett Office Supply enters the school picture.

The Bennett firm is located on the north side of the Snyder square, and it is headquarters for all school needs.

Bennett Office Supply features a variety of zipper notebooks in a price range from $1.98 up, including the Tuffide binder that is unconditionally guaranteed for five years.

Notebook paper is sold by the pound, with three pounds of paper for $1.25.

There are magnetic notebooks, two-ring notebooks for Snyder High Tigers, Lamar Texans and Travis Blue Devils. These notebooks are in school colors, with lettering of the respective schools.

Fountain pens at Bennett's range in price form $1 up. Right now the Sheaffer pen sells for $3.75 and with the purchase of this pen the firm gives a 45 rpm recording of the 12 top tunes.

Bennett Office Supply has all school supplies at a single source from the first through 12th grade levels, and with the purchase of $5 worth of school supplies one Sheaffer clear barrel cartridge pen with two cartridges is given.

Bennett's invites all school age youngsters and their parents to come in and look over their big selections of school supplies.

A SIMPLE REMEDY—This young lady has found a simple remedy for "beasts" which invade kitchens in the summer time. Johnston's No-Roach spells doom to roaches, ants and other pests, and it is easy to use—just brush it on areas where there is insect traffic.

But No-Roach Clears Field Finds Beasts In Kitchen,

"I went into my kitchen and almost jumped out of my skin," writes a Snyder resident. "I've always been scared to death of ugly cockroaches and my sink was literally crawling with them.

"Luckily," she writes, "I found a new brush-on liquid that ran frightened of roaches, called No-Roach. In fact, it kills roaches and ants better than anything I've ever used before.

"No-Roach is effective against all crawling insects, including the new re-sistant roaches.

"It's Easy to use.

"It's Safe to use around children and pets.

"It Stays effective for months with only one application.

"When you use No-Roach, there's no need to move dishes, or to breathe harmful sprays. Just brush this colorless liquid liberally on cabinets, baseboards, around sinks, etc. The invisible coating stays effective for months. For peace of mind, use No-Roach. Available at your favorite drug store or supermarket.

No-Roach works against roaches, ants, waterbugs, spiders, silver-fish, all crawling insects. Get No-Roach in the pint size for an all-season supply, available at your favorite drug store or super-market.

Ask Jury To Probe Prison In Tennessee

NASHVILLE, Tenn. (AP) — A grand jury will be asked to investigate conditions at the state penitentiary, where a former psychologist says inmates are subjected to "inhuman treatment."

William Bowden, only Negro member of the Davidson County grand jury, said he sent a telegram to foreman M. T. Gossett asking for a probe "of the entire situation" at the penitentiary, scene of much unrest in recent months.

Bowden's request came after Charles Cottle, the prison psychologist and classification officer, said he was fired for objecting to the "inhuman treatment," which, he says, has become common practice since July 26.

On that date, inmates set fire to two prison buildings and three inmates were shot. The outbreak came four months after two prisoners held 19 persons hostage a day and night in an unsuccessful escape attempt. It followed a week-long hunger strike by maximum security inmates.

After the fire, Gov. Buford Ellington ordered the prisoners stripped of virtually all their privileges, instituted a "get tough" policy and said a "Little Alcatraz" would be built for especially unruly prisoners.

Cottle said the other psychologist at the prison, Albert Balvere, was fired about two weeks ago and that the psychiatrist, Dr. A.M. Chapnick, has quit.

Asst. State Corrections Commissioner A. Patterson confirmed he fired Cottle Friday "for the good of the service."

Of the psychologist's charges, Corrections Commissioner Keith Hampton said: "That's his opinion."

Couple Killed By Ligtning

BAY CITY, Mich. (AP) — Successive bolts of lightning killed a man and his wife Sunday.

The furious electrical storm felled Marjorie Shook, 22, then killed her husband, Robert, 27, as he ran to her body. The couple left three young children.

Mrs. Shook was visiting neighbors in suburban Linwood when the storm started.

"I've got to get home to my kids," she told Mr. and Mrs. Eugene Chaffee. She ran out into the storm.

David Stone, another neighbor, said Mrs. Shook reached the center of the road and was trying to wrap a plastic raincoat around her when the first bolt hit her square.

"Her husband was about 50 feet ahead, on his lawn.

"He turned around and looked at her, stunned by the noise, and then he started to run back. The next one hit him before he got there," Stone said.

Band Master Has Birthday

NEW YORK (AP)—George Seuffert, a Brooklyn tailor's son, started conducting bands as a hobby at the turn of the century. In 1905, he started his own band. The concerts he conducted became a regular summer feature at Forest Park, Queens.

In 1931, he turned over his baton to George Jr. to concentrate on his regular work with a New York bank. He retired from the bank in 1945.

Sunday the elder Seuffert mounted the podium again in celebration of his 85th birthday. Among the musicians were two grandsons, Edward, 11, and Richard, 13.

Another grandson, Peter 8, tucked a violin under his chin and played "Happy Birthday" for his grandfather.

Gerhard Pechner, Metropolitan Opera bass-baritone, led the audience of 6,000 in the same selection.

Memorium To King Richard Published

NEW YORK (AP) — This "in Memorium" notice appeared in today's New York Times:

"Richard Plantagenet, Duke of York and King of England, who died in battle on this date at Bosworth, A.D. 1845. Founder of the College of Arms, patron of Caxton, of Cambridge University and a great benefactor of the church."

The notice was paid for by C. Dewar Simons, a former teacher and a New York member of the Fellowship of the White Boar, a British society dedicated to clearing King Richard III's name.

The group believes that historians and Shakespeare have maligned the king by accusing him of the murder of two little princes in the Tower of London and other killings and crimes.

Defense To Close Case

LOS ANGELES (AP) — The prosecutor said today the state may wind up its case by Wednesday in the Finch-Tregoff murder re-trial.

Deputy Dist. Atty. Clifford D. Crail said he has about a dozen witnesses to examine before the defense begins its presentation on behalf of Dr. R. Bernard Finch and his mistress, Carole Tregoff.

They are charged with the ambush slaying of Finch's estranged wife, Barbara. The state contends the brunette socialite was shot and killed to prevent her from sharing in the wealthy surgeon's estate via a divorce settlement. Mrs. Finch died July 18, 1959.

Four Brothers Die In Fire On Farm

FOWLERVILLE, Mich. (AP) — Fire killed four brothers Sunday as they played in a barn on their uncle's farm while the parents, Mr. and Mrs. George Crofoot, fished on a nearby lake.

Relatives feared the worst when the children could not be found, but it was hours before the charred bodies were discovered in the ruins.

Killed were Raymond, 6; Leonard, 5; Edward, 3, and Allendale, 16 months.
