SOMETHING IS MISSING—C. E. White of Hughes Aircraft Co. at Fullerton, Calif., accepts a flag from Commandant F. T. Versage, right, of the Orange County Marine Corps League. Billed as a 49-star flag, someone soon noticed it had only 42. In the haste to make the flag, one line of stars had been left off. (AP Wirephoto)

Senate Starts Voting On Filibuster Curb Proposals

By JOHN CHADWICK

WASHINGTON (AP)—The Senate starts voting today on specific proposals to make it easier to choke off filibusters.

Up for action at the outset was a proposed change in Senate rules to allow a majority of the Senate, or 50 of the 98 members, to cut off a filibuster after 15 days.

Under present rules, it takes the votes of 66 senators, or two-thirds of all 98 senators, to halt a filibuster and force an issue to a vote.

The proposal for debate limitation by majority vote was offered by Sen. Paul H. Douglas (D-Ill) for a coalition of Northern and Western senators led by himself and Sens. Hubert Humphrey (D-Minn), Jacob K. Javits (R-NY) and Clifford P. Case (R-NJ).

It was in the form of an amendment to a resolution by Democratic Leader Lyndon B. Johnson of Texas under which filibusters could be shut off by two-thirds of the senators present and voting.

Even before the vote on the Douglas amendment, its sponsors conceded it had virtually no chance of adoption. But they had higher hopes for another amendment by Sen. Thruston Morton (R-Ky), which would allow a debate cutoff by three-fifths of the senators present and voting.

Case said he believes the three-fifths figure has a real chance of adoption, and Vice President Nixon was represented during the weekend as believing that it stands a better chance of Senate approval than any other.

But Sen. Everett Dirksen (R-Ill) the new Senate GOP leader, said in a television interview Sunday he expects Johnson's proposal to be adopted. He said he based that view on checks with members of both parties.

Both Dirksen and Sen. Mike Mansfield (D-Mont), the assistant Democratic leader, predicted also the present Congress will pass some civil rights legislation, but did not say what they expected.

Johnson's resolution has the backing of top Senate leaders of both parties, except for Sen. Thomas H. Kuchel (R-Calif), the new GOP whip, or assistant leader.

It was designed as a compromise between Southern senators opposed to any change in the present rule and the coalition of Northern and Western senators demanding debate limitation by majority vote.

On a first test vote on Friday, antifilibuster forces went down to defeat by lopsided 60-36 count.

Both Case and Javits issued weekend statements contending that Johnson's resolution would make so little difference in attempts to shut off filibusters that it was meaningless.

They also said that one feature of it, providing that the rules of the Senate shall continue in effect from one Congress to another, would be a backward step that would make future changes in rules more difficult.

TV Shot Blights Romance

SIRACUSA, Sicily (AP) — A photograph flashed on Italian television threatened today to blight a transatlantic romance that bloomed from a note in a bottle.

The note was written by Margherita Bettelli, 28, a Genoa girl who worked in a liquor establishment. She tucked the note in the cork of a bottle, part of a shipment to Venezuela.

Margherita now is aboard the liner Venezuela bound for the South American country of the same name to meet Francesco Mule, the man who answered her note and offered to marry her.

But Sunday night, when the Italian television network aired Mule's picture, Paola Muscica Mule, 34, mother of two children in this Sicilian city, shouted, "Why that's Franco!"

"It's papa!" cried her two children, Paolo and Maria, 12 and 9.

Mrs. Mule told the Italian press that she and a man named Franceso Mule, who was born here 37 years ago, were married here in 1946. In 1950, she said, he emigrated to Venezuela and established himself at Caracas, working as a tailor.

In 1952 he returned and a few months later, according to the wife, took her and the children back to Caracas. Mrs. Mule said they lived there several months, but then her husband said he was in financial difficulty and sent her and the children back to her parents in Sicily.

She said she had not heard from her husband since.

County Pay Scale Here Is Unchanged

The county commissioners court this morning set salaries of county employes and voted to advertise for bids on county vehicles.

Salaries of county employes were set at the same schedule as those at the present time. Salary adjustment requests can be taken up later, however.

The court will call for bids on sheriff's department cars and such automotive equipment as would be required by commissioners, who had not completed their plans.

The sheriff's department will get four new cars, trading in two-year-old cars which include a Buick and three Fords. Bids will also be requested for changing radio equipment in the cars.

The court also voted to purchase some new playground equipment for Towle Memorial Park on request of Jay Ramsey, park superintendent. With Ramsey was Jack Dillon, Snyder representative of W. A. Holt Co., which sells playground equipment and which had submitted a proposal to Ramsey. Dillon told the court the county could be exempt from federal excise tax on the equipment.

The court approved a request made by Wayland G. Holt, district attorney, for the county to pay travel expenses of witnesses to come here from Colorado for trial of J. E. McKinzie of Lubbock here on a second indictment of swindle and theft by false pretext. McKinzie is already under sentence on conviction of one of the indictments here. The next case is to come to trial here Feb. 9.

Rules To Be Set For Carr-Burkett Battle

By DAVE CHEAVENS

AUSTIN (AP) — Ground rules for tomorrow's floor battle between Reps. Waggoner Carr of Lubbock and Joe Burkett Jr. of Kerrville for House speaker will be worked out at a meeting today.

Burkett wants to make certain the election will be by secret ballot — a procedure which has been followed in the past when the key House post was contested.

Carr said today that representatives from his camp and from Burkett's will huddle later today, at a time not yet definitely set, to see if they can agree on procedures.

As it stands now, Secretary of State Zollie Steakley will call the House to order at 12 noon, the members will be sworn in, and the battle over the speakership will begin immediately. The matters to be worked out include number and duration of nominating speeches and other technicalities.

This contest and the bothersome question of state finances were the top topics being discussed as lawmakers and lobbyists and just plain citizens gathered in the Capitol and downtown hotels for the opening of the 56th session tomorrow.

The first hotly-contested race for speaker since 1949 had the House sharply and closely divided.

The House will ballot—probably in secret—beginning shortly after noon tomorrow. Meanwhile both camps were putting all the pressure they could muster on wavering or undecided members for their votes.

Lobbyists, who will be required to register for the first time under a law passed two years ago, have swarmed hotel and Capitol corridors for the past week contacting members and otherwise getting ready for what is being freely predicted as the roughest legislative session in many years.

After the preliminaries of organization are out of the way, the big money muddle will have to be attacked.

The general fund deficit as of today was more than 35 million dollars.

That poses an immediate question of paying the necessary expenses of getting a session started: Legislator, clerk, stenographer and janitor's salaries, postage stamp and telephone bills. A two-thirds vote in both houses would provide the cash on a deficit financing basis.

The House, with 46 new members in the total of 150, will be gavelled to order at 12 noon by Secretary of State Zollie Steakley.

After the usual swearing-in formalities, the battle of the speakership will begin perhaps with an opening skirmish on the method of election.

Both Carr and Burkett claim to have enough support to win on the first ballot. The claims of both add up to 158 members—eight more than the House has.

The absence of even a few House members could swing this election either way if the rivals are even close in their own beliefs of who will support and stand by them.

Bishop Rites Set Tuesday

Funeral services will be held at 2 p.m. tomorrow at the Ira Baptist Church for Ross Bishop, 80, former Knapp community resident and former county commissioner.

Mr. Bishop died at 9:10 p.m. Sunday in West Texas Hospital at Lubbock. He had been in Sloan Rest Home at Lubbock for 13 months. He is also a former Post resident. In Scurry County he was a commissioner in the early 1920s.

He was born March 1, 1878, at Kempner. His wife died in 1942.

The Rev. R. E. Bratton of Post will officiate in services, assisted by the Rev. Elvis Bishop, a grandson from Kansas. Burial will be in the Ira Cemetery under direction of Bell Funeral Home.

Survivors include four sons, Claude R. Bishop and Marvin E. Bishop of Ralls, Casey Bishop of Snyder, Riss O. Bishop of Mountain Air, N. M.; two daughters, Mrs. Nola Caddell of Ralls and Mrs. Unie Grant of Ralls; six brothers, John Bishop of Wilson, George Bishop and Jeff Bishop of Colorado City, Albert Bishop of San Sabnell, Charlie Bishop of Firbaugh, Cal., and Walter Bishop of Snyder; four sisters, Mrs. Betty Stires and Mrs. Lonnie Kitchens of Colorado City, Mrs. Lee Bailey of Brownwood, and Mrs. Alice Boothe of Phoenix, Ariz.; and 24 grandchildren.

Grandsons will serve as pallbearers.

Court Order To Dissolve IBC Upheld

WASHINGTON (AP) — The Supreme Court today upheld a lower court ruling requiring dissolution of the International Boxing Clubs of New York and Illinois.

The ruling, by U.S. Dist. Judge Sylvester J. Ryan in New York, also held the Madison Square Garden Corp. and its majority stockholders—James D. Norris of New York and Arthur M. Wirtz of Chicago—along with the two clubs had violated the Sherman Anti-trust Law.

Justice Clark delivered the Supreme Court's 5-3 decision. Justice Harlan dissented, joined by Justices Frankfurter and Whittaker. Justice Stewart took no part.

Judge Ryan found the defendants had monopolized interstate commerce in the professional boxing championship field through interlocking corporations, ownership of stadiums, and contracts with boxers.

Norris and Wertz were told to sell their more than 50,000 shares of stock in the Garden, were prohibited from acting as officers of the Garden corporation, and were limited to promoting two championship fights yearly.

They appealed directly to the Supreme Court, asking reversal of Judge Ryan's ruling. Their counsel told the high court Judge Ryan's decree was so severe that a twice-a-week television fight series was jeopardized.

Proof Of Lead Over Russia Is Demanded

WASHINGTON (AP)—Sen. Stuart Symington (D-Mo) challenged Vice President Nixon today to prove the United States is now ahead of Russia in ballistic missiles.

Symington told the Senate that if Nixon made an observation to that effect, "it is not correct—and I do not know a single impartial expert in the missile field who would support it."

The senator is a former Secretary of the Air Force under President Harry S. Truman and a member of the Senate Armed Services Special Space Committees. He took issue with information given newsmen Sunday that Nixon says the United States is ahead of Russia in developing military missiles and is catching up fast in other phases of the space race.

Symington called on Nixon to provide in percentage the number of operational ICBM's the United States will have at the end of this year compared with the number U.S. Intelligence estimates the Soviets will have.

Symington, mentioned often as a potential Democratic candidate for the presidency, spoke out in the Senate shortly after Nixon left his place as presiding officer.

The question of where the United States stands in the space race is expected to come under renewed scrutiny in both the Senate and House this session.

Rep. Overton Brooks (D-La), prospective chairman of the new House Space Committee, said today he could not yet speak for the House group since it had not been officially organized nor his chairmanship confirmed.

However, Brooks said, "I personally would favor holding hearings."

The Louisiana Democrat spoke in an interview against a background of conflict over whether this country is lagging in the space contest and whether it should step up its effort.

The temporary House Space Committee of the last Congress, headed by Democratic Leader John W. McCormack (Mass), issued a final report over the weekend picturing the Soviets as perhaps 1½ years or more ahead of the United States in space progress.

Brooks was a member of the temporary committee as well as senior Democratic member of the House Armed Services Committee.

The space committee saw America's extinction as the likely cost of Soviet victory in the space race. Calling for the utmost national effort, it quoted estimates that even with a thoroughgoing program it will take the United States "at least five years to close the gap."

Vice President Nixon holds a different view, according to information given newsmen Sunday.

Nixon, who sits in top strategy councils, says the United States is ahead of the Soviet Union in developing military missiles and is catching up fast in other phases of the space race.

Search Made For Missing AF Plane

ANCHORAGE, Alaska (AP) — Two U.S. Coast Guard cutters were searching today for a huge C124 Air Force cargo plane believed down with nine men aboard in the vicinity of the rugged Kenai Peninsula's southeastern tip.

A Coast Guard spokesman at Kodiak said the cutter Storis was dispatched from Kodiak, and the Sedge was sent out from Cordova.

The Globemaster plane was last heard from as it approached Homer, 125 miles southeast of here, for an emergency landing with two of its four engines out. It never arrived at Homer, which is at the base of a 5,200-foot mountain range.

The Coast Guard said the plane had radioed its trouble and an amphibious plane intercepted it. The escort plane, however, lost the Globemaster because of bad weather.

The stricken transport, according to the Coast Guard, was flying at low altitude, barely high enough to clear the snow-covered peaks. Officials theorized the pilot might have turned back to sea and ditched in the Gulf of Alaska.

The Air Force planned to send up two amphibious planes and two helicopters and the Coast Guard was to have another two amphibians to aid in the search.

The C124 was based at Travis Air Force Base in California. It took off from McChord AFB in Washington shortly after noon Sunday bound for Kodiak, Alaska. It carried 34,500 pounds of cargo.

Officials at Travis said the plane left there with 10 men aboard, but one man got off at McChord. Reported missing were seven crewmen and an extra pilot and navigator attached to the 8th Air Transport Squadron.

It was the second Air Force transport to go down in the same general area recently. A C54 with 15 aboard crashed last month against a peak just across Cook Inlet from Homer. All died.

WEATHER

SNYDER TEMPERATURES: High Sunday, 72 degrees; low, 31 degrees; reading Saturday, 65 degrees; low, 24 degrees; reading at 7:30 a.m. Sunday, 31 degrees.

North Central and West Texas: Partly cloudy through Tuesday with no important temperature changes.

East Texas: Partly cloudy and mild through Tuesday with scattered light rain mainly near coast tonight and Tuesday.

South Central Texas: Mostly cloudy and mild through Tuesday with scattered light rain mainly near coast.

Gulf: East to southeast winds 10 to 20 m.p.h. and parsly cloudy weather through Tuesday.

Delay Asked For Gas Rate Hearing

AUSTIN (AP)—Cities and other groups sought today a postponement of a hearing on Lone Star Gas Co. seeking to hike natural gas rates to its distribution systems in 308 Texas cities.

The Railroad Commission opened the hearing at 10 a.m.

A spokesman for the company said he expected the commission to hear its arguments prior to ruling on postponement requests.

The company seeks to raise from 30 to 40 cents per thousand cubic feet the price its transmission company charges its distribution companies. A hike in residential and commercial rates probably will follow in the future but will not be affected immediately by the hearing underway.

The company says the increase in the cost of gas at the well head necessitates the boost to the price it was charging in 1942.

"This cost (at the well head) has risen approximately eight cents per thousand cubic feet since Jan. 1, 1951," the company said. "Additionally there have been substantial increases in taxes, material costs, labor and other operating expenses."

Lone Star serves Fort Worth, Dallas, Wichita Falls, Abilene, San Angelo, Waco, Snyder, Greenville, Bryan, Kerrville and Palestine among other cities.

The Dallas AFL-CIO asked postponement of the hearing, seeking more time to study the company's 1958 financial report and give consumers time to present their side of the story.

Several sources in Dallas estimate that eventually the gate rate hike would mean a $10 a year increase in price to individual consumers in that city.

HURRY-UP MILITARY TRIALS

Executions Of Batista's Followers Mount In Cuba

By LARRY ALLEN

HAVANA, Cuba (AP)—Executions of the followers of former Dictator Fulgencio Batista are mounting in Cuba as the forces of rebel leader Fidel Castro continue hurry-up military trials.

Thus far about 50 Batista supporters have been executed. Nearly 3,000 are awaiting trial.

Asked on a U.S. television program Sunday why the Batista followers were being executed without open trials, Castro said, "There were not so many . . . two o three dozen criminals."

"They were judged," he said, adding that "if anyone killed 15 or 30 people, he has no right to live."

The interview was recorded in Havana Saturday.

Correspondent Jules DuBois of the Chicago Tribune reported that the mutilated bodies of 160 anti-Batista prisoners were found Sunday in a mass grave on the outskirts of San Cristobal, 60 miles west of Havana.

Military authorities in Manzanillo announced Sunday that Cubans will not be allowed to witness the firing squad executions of Batista supporters. But they will be allowed to see the bodies afterward.

The announcement came after a crowd of 3,000 attended the execution Saturday in Manzanillo of six Batista supporters convicted by a military court. The announcement said public executions do not conform "with our culture."

In the television interview Castro repeatedly insisted that the provisional government is being guided by public opinion and not by force.

He said his country is now and will remain a democracy. "We are men of the law," Castro, a lawyer himself, declared.

Castro said on the television program that his impressions of the United States improved last year when military assistance to Batista was halted. He added he was happy the United States was quick to recognize the rebel regime.

Castro also said his 26th of July Movement is in a secure position. He said, however, that within the student - backed Revolutionary Directorate, another anti-Batista group, are "two or three small leaders trying to play with fire, but they won't go far because no one will be following them."

Directorate troops Sunday began moving out of the University of Havana and the board of governors was working on plans to reopen the university. It has been closed since Castro started his revolution.

All public and private schools, closed since before Christmas, were ordered to reopen today.

The treasury minister of the revolutionary government said meanwhile that American investors are welcome in Cuba but only if they "bring their democratic ideals with them."

Rufo Lopez Fresquet said he was a proven supporter of the "free enterprise system of private investment" but Cuba does not want foreign investors "who consider that democracy is only good for the United States and who, in Latin America, prefer the easy, lucrative kind of business that is done with dictators."

Airline Resumes Half Of Flights

WASHINGTON (AP) — American Airlines planned to resume half its flights today under a new contract that could earn $28,440 a year for some jet pilots.

The contract, approved Sunday, ended the last in a series of national airline strikes.

Since October, walkouts have disrupted flights by Eastern Air Lines, Trans World Airlines, Capital Airlines and American at various times.

After the 22-day American strike ended, the company immediately started partial service. A full schedule of flights was expected Tuesday.

The Air Line Pilots Assn., which called the strike against American, estimated the settlement would net its 1,500 pilots a 15 per cent pay increase and a total of five million dollars in retroactive pay. The contract dates back to August 1957.

A union spokesman said the captain of a Boeing-707 jet, which American plans to start using later this month, could earn $28,440 a year. A Convair captain, the spokesman added, could earn $17,892 a year. The old contract would have given him $15,288 a year.

American, before the strike began Dec. 19, had offered a pay increase of 10 per cent, the union spokesman said.

The new contract also provides a third pilot for jet crews. Current piston plane crews comprise two pilots and one flight engineer.

The strike cost an estimated loss of 33 million dollars to the company, its suppliers and their employes.

American is a member of a mutual aid pact of six airlines. Under this agreement, the airlines hand a struck pact member the revenue from any extra business they attract because of the strike.

Council Rescinds Purchase Action

The city council met briefly Friday afternoon and rescinded purchase of gasoline and oil products for the coming year made earlier last week when an error had been discovered.

The council had earlier agreed to purchase the products from Herman Doak, consignee for Gulf Oil Corp., on what was at first thought to have been the lowest bid submitted.

However, city officials checked the bids after the purchase agreement had been made, and discovered that Doak's bid was not the lowest.

In the Friday action the council voted to rescind its earlier purchase action and award contract to H. P. Wellborn Oil Co., consignee for Cosden Petroleum products here. The Wellborn bid was found to have been lower than Doak's bid.

The Wellborn bid totaled $11,829.61 for the year's estimated supplies of gasoline, oils, greases and butane. Doak's bid on the same quantities of products totaled $11,882.92. Other bidders and their total bids were: C. R. Sullivan, Humble Oil & Refining Co., consignee, $12,326.60, with out any bid on butane; Gay McGlaun, consignee for the Texas Co., $11,825.72 without butane; Standard Oil Co., $11,752.13 without any bid on 750 gallons of Kerosene; McCormick & Sons Oil Co., Phillips 66 distributors, $12,831.20; Carl E. Herod, Conoco distributor, $11,955.69 without butane; Leon Autry, Magnolia products, $13,433.72 without butane.

Wellborn's bid on the 1,500 gallons of butane was $120.

The council also voted to pass on first reading an ordinance which would officially create a Civil Defense unit in the city. The action was taken, although a Civil Defense unit already exists here, to enable the unit to receive tax-exempt registration for vehicles recently purchased jointly by the city and county for Civil Defense use. Otherwise the unit would have to pay regular registration fees, which would have been approximately as much as the original purchase price of the vehicles, Roy Dunlap, city manager and director of the civil defense unit, said.

DEATH OF A SPANISH VILLAGE—Floodwaters cover the ruins of Rivadelago, a Spanish village virtually wiped out of existence by a wall of water from a burst dam at nearby Lake Sanabria. Officials estimated 200 or more of the village's 500 inhabitants perished in the disaster, precipitated by the pressure of high waters from recent heavy rainfalls in the area. (AP Wirephoto via radio from Paris.)

Mrs. Randolph Raps Daniel's Action In Ousting Panelmen

AUSTIN (AP)—A liberal Democratic leader charged here yesterday that Gov. Price Daniel "has pleaded guilty to a misdemeanor but denied committing a felony."

Mrs. R. D. Randolph of Houston, chairman of the liberal Democrats of Texas (DOT) made the charge in reference to aniel's statement Saturday that he accepted responsibility for unseating two state Democratic Executive Committee members nominated by their district and substituting two Daniel supporters.

The action raised a storm of protest from liberal factions at the September state convention in San Antonio.

Two other Texas Democratic leaders—Sen. Lyndon Johnson and House Speaker Sam Rayburn—later chided Daniel for his action, saying that it violated the principle that the district nominees to the State Democratic Executive Committee should be honored.

Daniel made his admission at a Saturday meeting here of the Executive Committee at which the liberal faction was unable to weaken Daniel's control of the state party.

Mrs. Randolph's statement said: "Saturday's discussion by the county-chairmen of the governor's proposals to abolish precinct meetings and his other election code changes was good mainly in that it showed that these first-line officials of the Democratic Party do not want anyone deciding important party matters for them.

"It is too bad such a meeting was not held before our last state convention. If it had, surely the governor would not have placed himself in his present untenable position of trying to justify his his seating of two SDEC members who have no legal right to those seats."

"It is said to witness a governor justifying his position on the grounds that he has been less illegal than other governors before him.

"The real sense of the governor's remarks Saturday morning was that he pleaded guilty to a misdemeanor but denied committing a felony. The big unsettled issue of our party is still the same: Can the rank and file Democrats decide party matters, or must we let a single man decide them for us."

Daniel told the Democrats Saturday that he "accepted the responsibility for Bernard Lifshutz of San Antonio and Miss Choloe Armstrong of Waco being dumped in favor of state committee nominees who had supported Daniel in previous political battles.

"Nothing has torn apart the Democrats of this state more than bitterness and sometimes strong-arm tactics used in local and state conventions," Daniel said. He strongly urged that the group recommend election of state committee members by voters.

Alabama Ponders Federal Mandate

CLAYTON, Ala. (AP)—Renewed rebellion, submission to a federal mandate, or more legal maneuvering?

It was anybody's guess which reaction would greet U.S. Civil Rights Commission agents arriving today for a court - ordered appointment to see voter registration records of Barbour and Bullock counties.

The records needed in the commission probe into alleged denial of Negro voting rights are in custody of an Alabama judge who once threatened jail for any federal agent attempting to investigate his court.

Judge George C. Wallace, runnerup in the Alabama governor's race last year, has resisted on grounds of immunity every commission move to examine the registration records impounded in his circuit court.

The agents come today with a federal court order which Wallace must obey or appeal, or risk a possible jail term for contempt. The jurist would give no indication that he would abide by the mandate. An appeal to higher courts was hinted by his lawyers.

U.S. Dist. Judge Frank Johnson Jr. of Montgomery has set a hearing for Wednesday to see if Wallace obeyed the decree to show the files. The Johnson order rejected Wallace's claim of judicial immunity to the investigation.

Federal floodlights focused on the Alabama jurist Friday when investigators told a commission meeting Wallace filed to comply with a compromise agreement providing his and Macon County records could be examined. They said Macon officials cooperated.

Commission Chairman John Hannah, acting through the U.S. Attorney General's office, then obtained the ultimatum from Johnson.

Under the compromise last Monday agents were to see relevant records. Wallace contended he agreed to show the only relevant records — those of four Negroes who charged discrimination in Barbour and Bullock counties. Agents wanted access to the entire file.

The federal judge, in the last order, made it clear he meant relevant files were all those pertinent to registration and voting in the two counties.

Press Envoys Stage Fight For Actors

HOLLYWOOD (AP)—Theatrical temperament was not to blame when a fight broke out at a fancy cocktail party honoring Sir Laurence Olivier.

The battle, in fact, was staged not by actors but by press representatives.

Sir Laurence was not involved and was completely unruffled by it all. But he joked afterward: "I was standing and ready."

Such stars as Judy Garland, Gary Cooper, Jack Benny, Edward G. Robinson, Sophia Loren, Tony Curtis, Milton Berle, Jack Lemmon and Janet Leigh missed seeing the action.

The principals were Guy Austin, correspondent for the Sydney Morning Herald; and Fred Norris, whose wife Silvia is Hollywood correspondent for the British magazine chain of Newnes and Pearson.

The men are both middle-aged, bespectacled and not athletic.

Said Norri s: "e Hinu setldmy

Said Norris: "He insulted my wife."

Said Austin: "I merely commented on one of the magazines for which she works."

Said Olivier, with tongue in cheek: "I planned the whole thing. I need the publicity."

Norris suffered a bloody mouth in the skirmish, the only noticeable injury of the bout.

The party, held in a plush hotel, was to call attention to a forthcoming film about the gladiators of ancient times.

Dr. Maxwell Dies Friday

Dr. Elmer E. Maxwell, son of Mrs. J. C. Maxwell, 2112 Twenty-eighth Street, died at 11 p.m. Friday in Lexington, Ky., following a stroke.

Reared in Snyder, Dr. Maxwell left here soon after high school graduation to study medicine. He practiced at Lexington for many years and became the first specialist in pathology in the Lexington area.

Last year he was honored by a Lexington hospital, which hung his portrait in its board room. He was a recent Snyder visitor.

Funeral services were pending at Lexington.

Survivors include his mother, one sister, Mrs. G. B. Hamilton, of Wichita Falls; his wife; two sons, Dr. Jack Maxwell of Alexandria, La., and the Rev. Bobby Maxwell, who is serving overseas; and one daughter, of Washington, D. C.

Balloonists In New York

NEW YORK (AP)—Three members of the crew of the British balloon "Small World" arrived at Idlewild Airport today from Barbados, rested from the ordeal of a 24-day wind-and-water crossing of the Atlantic.

Arnold Eiloart, 51, leader of the expedition, related how the small balloon was forced down by a storm 94 hours after its launching Dec. 12 in the Canary Islands on an project to study Atlantic trade winds.

The crew of three men and a woman completed the crossing in 24 days in a 15½-foot plastic gondola-lifeboat after cutting loose the balloon.

Eiloart and his companions; Colin and Rosemary Mudie, said they were disappointed they had not completed the journey by air.

The fourth member of the crew, Eiloart's son Timothy, 22, remained in the British West Indies.

Eiloart and the Mudies will remain in New York for about two weeks.

Prince Stays In Public Inn

LONDON (AP)—Prince Philip and young Prince Charles took refuge in a three-bedroom fishermen's inn over the weekend when their own hunting lodge got flooded.

Britain's 10-year-old future king, his father and several friends were shooting wild fowl on the Norfolk Broads.

The party planned to stay at luxurious Whiteslea Lodge, but on arrival Friday night, they found a foot of water in the bedrooms.

They went on to the nearby Pleasure Boat Inn, a calling place for hunters and fishermen.

"Can you put us up" Philip asked landlord Albert Amis and his wife Jean.

The inn's three bedrooms were put at royalty's disposal.

BIRTHS

A seven-pound son was born at 8 p.m. Saturday in Cogdell Memorial Hospital to Mr. and Mrs. Charles Martin, 1412 Thirtieth Street.

Origin of the potato wasn't in Ireland. It was in the Andes region of South America.

PUBLIC RECORDS

BUILDING PERMITS:

G. P. Procter, storage room, 325 Thirty-first Street, $1,000.

Levi Kruse, addition to residence, 3009 Avenue N, $300.

MARRIAGE LICENSES ISSUED:

Donald Wayne Calvert, 19, Box 142 Hermleigh, and Janelle Arlene Richter, 17, Route 1, Hermleigh.

COUNTY CRIMINAL COURT:

Ferrell Dorsit Smith, plea of guilty to charge of driving while intoxicated, $123.50 fine and costs, three days in jail, six months drivers license suspension.

J. L. Bowdy, plea of not guilty to charge of illegal transportation of intoxicants, $750 bond.

Willie Warren Newby, appeal from corporation court on conviction for running red light.

WARRANTY DEEDS RECORDED:

D. R. Scott and J. L. Browning to Mr. and Mrs. Darrell F. Tramel, lot 4, block 3, second section of Highlands addition, except minerals.

Mr. and Mrs. James L. Nett, Hardin County, to Aubrey Cox, lot 17, block 5, Von Roeder addition.

Mr. and Mrs. Carl Gray to Mr. and Mrs. C. T. Webb, 16.963 acres of east half of southwest quarter of section 37-3-H&GN, except minerals.

NEW VEHICLES REGISTERED:

Sun Oil Co. from Lellwain Motors, Abilene, 1959 Ford truck.

Service Pipe Line Co. from Wilson Motors, 1959 Ford two-door.

George P. Theodore from Lamb Chevrolet, Co., 1959 Chevrolet four-door.

D. W. Rains from Lamb Chevrolet Co., 1959 Chevrolet sport coupe.

Schlumberger Well Surveying Corp. from Bud Moore Chevrolet, Houston, 1959 Chevrolet four-door.

Bob Sinner from Lamb Chevrolet Co., 1959 Chevrolet sport coupe.

Robert Vance Lockhart from Lamb Chevrolet Co., 1959 Chevrolet sport coupe.

President's Car Retiring

BALTIMORE, Md. (AP) — The latest White House-on-wheels is going to roll into formal retirement this week. Chances are it won't have a successor.

The sumptious railroad car Magellan, which for 10 years was the home away from home for presidents Franklin D. Roosevelt and Harry Truman, has been declared surplus material. It has been donated to the Florida Development Commission, which will enshrine it at the University of Miami at Coral Gables.

The car, a gift by the Assn. of Railroads, came into being in the swift-moving days of World War II. But President Eisenhower prefers a sleek airliner to the Magellan. He used the railroad car only twice, once for a New York trip and once on a state visit to Canada in 1953.

BLADDER WEAKNESS

If worried by "Bladder Weakness" (Getting Up Nights or Bed Wetting, too frequent, burning or itching urination), Secondary Backache and Nervousness, or Strong Smelling, Cloudy Urine, due to common Kidney and Bladder Irritations, try CYSTEX for quick help. Safe for young and old. Ask druggist for CYSTEX. See how fast you improve.

36 Persons Are Killed In Plane Crash

RIO DE JANEIRO, Brazil (AP)—Thirty-six persons were killed when a West German airliner crashed and burned Sunday as it attempted a landing in heavy rain at Galeao International Airport.

Three crew members were the only survivors. Seven other crew members and 29 passengers were killed.

Among the dead were the American pilot, Capt. Wren McMains, 48, of Stamford, Conn., and 24-year-old Countess Maria Elena Kottulinsky of ienna, the daughter of Princess Ileana of Romania who now lives in Newtown, Mass.

Count aroslav Kottulinsky died with his wife.

The four-engine Super Constellation of the Lufthansa Airline was en route to Rio from Europe and Africa. A wingtip struck the mud of the marsh at the edge of Guanabara Bay about two miles from the airport as the pilot tried to line up with a runway.

"We could see passengers at the windows banging for help and screaming as they tried to get out," a fisherman at the scene reported.

It was Lufthansa's first fatal crash since it began postwar operations in April 1955.

McMains, a native of Lebanon, Ind., was loaned to Lufthansa by Trans World Airlines in 1955. He had been flying for TWA since 1941 and was the father of four children.

Two Snyderites Due To Receive Degrees

Two Snyder men are among more than 300 seniors at North Texas State College who are candidates for bachelor degrees to be awarded at the winter commencement at the college.

They are Kent Thomas Fields and Roger A. Lawton.

The commencement will be at 2 p.m. Jan. 27 at the main auditorium of the Denton college.

Lawton, son of Mr. and Mrs. George H. Lawton, is a candidate for a bachelor of arts degree in speech and drama. He is a member of the College Players, student drama group.

Fields, a candidate for a bachelor of business administration degree in marketing, is the son of Mr. and Mrs. Hollis H. Fields, 2408 Sunset Drive. He is a member of the Management Club, Marketing Club, and Sigma Phi Epsilon, national social fraternity.

Kent County Has Traffic Fatality

CLAIREMONT — Kent County had its first traffic fatality of 1959 Sunday when a man died when thrown from his overturning car.

He was Garland Edward Conaway, 25, of Lewisville.

The accident occurred at about 3:30 p.m. yesterday on U. S. Highway 380 seven miles west of here.

Conaway was alone in his car when he lost control. It overturned four and one-half times, throwing him through the windshield. An ambulance attendant said he was found with the windshield "wrapped around his neck." The body was almost decapitated.

Policeman Locked In Store Building

GOLDEN, Colo. (AP) — Night patrolman Bruce Andrews found a store door open and dutifully called the manager, Ray Starke.

Starke checked the store quickly, found nothing amiss and locked the door.

Moments after returning home, Starke received another call from the policeman:

"Would you mind coming back," Andrews asked. "You locked me in the store."

Returned To Home

J. G. Landrum, Fluvanna, was returned to his home from Cogdell Memorial Hospital by Bolger ambulance yesterday.

Cotton constitutes nearly three-fourths of all fiber used in the United States. Wool and rayon rank next.

ART EXHIBIT—The Southwestern Art Travelrama which contained some 100 pictures was displayed at the Martha Ann Woman's Club Saturday. Pictured with some of the paintings from left to right are: Paula Insel of New York, an artist representative and conductor of the exhibit; Mrs. Terry Patterson of Big Spring, an art teacher at Howard County Junior College, and Mrs. Adelle Josephson, president of the local Palette Club. (Lee Watson photo)

WOMEN'S CALENDAR

MONDAY

West Elementary P-TA meets at 7:30 p. m. in the speech-arts room.

League of Women Voters meets at 7:30 p. m. at the Humble Recreation hall for continuing study of the county.

TUESDAY

Business and Professional Women meet at 7:30 p. m. at the Martha Ann Woman's Club for regular business meeting.

Atheneum Study Club meets at 3:45 p. m. at Martha Ann Woman's Club with Mildred Hurst, hostess.

Twentieth Century Club meets at Martha Ann Woman's Club with Mrs. B. J. Bartels hostess.

WSCS and Wesleyan Service Guild of Trinity Methodist Church will hold a study on Middle-East from 7 to 8:30 p. m. Mrs. M. L. Galloway teacher.

The Guild of the First Christian Church meets at 7:30 p. m. with Mrs. Eula Williams, 703 Twenty-seventh Street.

WEDNESDAY

Altrurian Daughters Club meets at 2:30 p. m. at the Martha Ann Clubhouse with Mrs. W. F. Atwood, hostess.

Tri-Community Home Demonstration Club meets at 2:45 p. m. at the clubhouse with Mrs. H. D. Robinson hostess.

THURSDAY

AAUW meets at Martha Ann clubhouse with Mrs. Nellie Smith, hostess.

WSCS sub-district meeting at Fluvanna at 9:30 a. m.

Gamma Upsilon Chapter of ESA will hold a social meeting at 7:30 p. m. Mrs. Doug James, 3410 Avenue V, hostess.

The Order of Eastern Stars will meet at 7:30 p.m. at the Masonic Hall.

The Pioneer Club meets at 1:30 p.m. at Martha Ann Woman's Club with Mrs. W. P. Thurman, hostess.

FRIDAY

El Feliz Club meets at 3 p. m. with Mrs. Lora Miller, south of Towle Park.

Ladies Gold Association meets at 1 p. m. Country Club.

SATURDAY

Children's story hour at Scurry County Library 9:30 to 10:30 a. m.

SUNDAY

Sunday luncheon at Martha Ann Woman's Club. Reservation deadline 5 p. m. Saturday.

Home Sweet Home

By ETHEL ELLMER

Has this ever happened to you? You have just filled your dinner plate, stirred your coffee and buttered your bread. Your taste buds are delirious with delicious anticipation. Then — rring! The telephone! When the patry on the other end asks if they are interrupting your meal you answer truthfully, "yes." This true confession doesn't mean a thing. The friend on the other end either has eaten or is on a diet. That person has chosen to TALK TALK TALK! You resolve to call the phone company the first thing in the morning and have the phone taken out — if your talkative friend ever hangs up.

Or did you ever have your grocery cart piled up high with groceries and when you are next in line to check out you see this forlorn looking character with a loaf of bread and a can of sardines in back of you? You have never been a girl scout but you do have an occasional "good deed urge." Ah, you think, except for the sardines which you hate, that customer could be you. Your "would you like to go ahead of me?" is rewarded with a lovely smile that makes you feel so chipper you don't see what's happening as you start to unload you cart. A clanking chain and a little cardboard sign that says "register closed".

Then each day you decide to wait just one more day. By this time you have such beautiful sarcastic phrases about poor service swimming around in your head, you feel it would be a shame to waste them. So you sit down and write. And, oh boy!

High School P-TA Meeting

The executive committee of the High School Parent-Teacher Association will meet Tuesday afternoon at 2 o'clock at the high school.

Several important items are on the agenda for this meeting and it is imperative that all members attend.

Due to the fact that there will be no regular meeting of the unit held in January, any interested member of the organization will be welcome to attend the Tuesday session.

more good lean beef makes it BETTER!

WOLF BRAND CHILI

WOMEN

Mrs. Homer Garrison Guest Speaker For Altrurian Club

The Altrurian Club met Friday January 9th. at 3 p.m. at the Martha Ann Woman's Club for their regular meeting.

Special guests were present to speak on safety and health.

Mr. C. T. McLaughlin, chairman of the Commission of Public Safety in Texas spoke briefly on the work of the commission and introduced Mrs. Homer Garrision of Austin. Mrs. Garrision, wife of Col. Homer Garrision, director of the Dept. of Public Safety in Texas, shares his consuming interest in the crusade against traffic accidents in the state.

Mrs. Garrision spoke first of the appalling loss of life due to automobile accidents in Texas, also the unbelievable cost in illness, loss of work and damage to property. She quoted Col. Garrison on plans for lessening the toll. First came proper traffic laws, adequate highways, inspection of vehicles, but most important, education of the individual driver.

This education, she said, should begin with young people in the schools and continue in all public relations until a consciousness of the urgency is realized by all the people.

Mrs. Zelva Harris, head nurse at the Scurry County Health Unit, spoke of the functions of the public health service. Mrs. Harris, pin pointed some of the services being rendered in Scurry County at this time, such as case hunting for tuberculosis patients. She said our dry climate induced people to come to our section of the country, giving a high percent of the disease.

Mrs. D. M. Cogdell Sr. was hostess of the day and the committee planning the program were Mmes. H. P. Brown, Giles Bowers, C. T. McLaughlin and J. C. Stinson.

Mrs. Brown introduced Mrs. Harris and Mrs. Stinson was director of the program.

• • •

Mrs. C. T. McLaughlin entertained Mrs. Homer Garrison of Austin at a luncheon at the Martha Ann Clubhouse Friday.

Mrs. Garrison was flown here by the McLaughlin's to be guest speaker at the Altrurian Club Friday afternoon.

Others present were Mmes. John Leftwich, Giles Bowers, H. P. Brown, J. C. Stinson, H. G. Towle, D. M. Cogdell and A. C. Preuitt.

Bennett Speaks To P-TA Group

"Community Cooperation for Effective Action" was the topic Mayor Harold Bennett gave at the regular meeting of the Central Elementary Parent-Teacher Association Thursday, Jan. 8.

Mrs. Arlie Page presented the devotional.

Mrs. Elmo Crowder, president, conducted the business session.

Mrs. Agnes Kunkel's sixth grade won the room count - and Mrs. Hazel Buswell won the door prize.

Ever wonder what to do with odd earrings, lockets and other family heirlooms Have them put on a charm bracelet. It makes a handsome piece of jewelry.

SCRN Club Discuss Plans Tuesday Night

The Scurry County Registered Nurses Club met in the dining room of Cogdell Memorial Hospital Tuesday evening.

Mrs. Katherine Greenbough, executive secretary of the TGNA, discussed the procedure of forming a new district of the state association with headquarters in Snyder. The formation of a smaller district would enable local nurses to take a more active part in the State Graduate Nurses Association.

At present the District 15, of which Scurry County is a part, is headquartered in Abilene, thus it is difficult for Scurry County nurses to travel such a distance to participate. The group said they feel that both the State association and local nurses would benefit from the forming of a smaller district of the TGNA with local headquarters.

Mr. Keith Whitman, of the National Cylinder Gas Co. gave a comprehensive demonstration of oxygen inhalation therapy.

Following a brief business meeting, refreshments were served to 21 members and guests.

4-H Meeting Held Saturday

The County-wide committee of 4-H Clubs met at the County Extension office Saturday morning.

Present were Helen Stirl, Susan Gracey, Barbara Gracey, Connie Sue Martin, Oneta Rogers, Patsy Jones, Miss Ruby Butts, and Mrs. C. F. Jones, one of the Ira leaders.

New officers elected were Susan Gracey, treasurer and Barbara Gracey, reporter.

It was decided that the 4-H clubs would make doll dresses this year for the firemen to distribute, according to Barbara Gracey, reporter.

Palette Club And Guests See Exhibit

At a called meeting held Saturday at the Martha Ann Woman's Club the Snyder Palette Club were inspired by an outstanding exhibit art program.

Mrs. Terry Patterson of Big Spring introduced Paula Insel an artist representive of New York, who displayed some 100 paintings by outstanding artists of the southwest and New York City. Miss Insel also showed slides of works by other artists.

The exhibit went from here to the Bank of the Southwest in Houston.

Eighteen members were present. Guests included Mrs. Doug Flynn, Mrs. Pete Nachlinger, Mrs. Fred Bullard, Mrs. Bill Greggs, Mrs. G. F. Eicke, Mrs. D. M. Pogue, Mrs. Pat Patterson and Mrs. F. G. Sears.

Connie Faulkner Honored With Party

Connie Sue Faulkner was honored on her seventh birthday with a party in the home of her parents, Mr. and Mrs. H. N. Faulkner, 1305½ Twenty-fourth Street Friday.

Guests included Coela Margaret and Myrita Collins, Teresa Williams, Vicki and Retha Boyd, Barbara Waters, Kaye Hardy, Donnie and Roger Gober, David, Mark and Pam Sager and Lecia Harbour.

STRAWBERRY PINEAPPLE SHORTCAKE MERINGUES

2 cups sliced fresh strawberries
1 cup fresh pineapple tidbits
2 cups sugar
¼ teaspoon salt
½ teaspoon vanilla
6 shortcake dainties
2 egg whites

Crush 1 cup of the strawberries. Combine remaining strawberries and pineapple. Sweeten with 2-3 cup sugar and chill. Beat egg whites until they are frothy and form soft peaks; add salt. Fold in crushed berries and vanilla. Beat until thick adding remaining sugar gradually. Arrange half of the shortcakes hollow side up. Fill with pineapple - strawberry mixture. Cover each with another shortcake hollow side up. Top with high mounds of meringue. Serves three.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.*® At your druggist. Money back guarantee.

OPTOMETRY: *The Art and Science of Visual Care*

This is a sign of LIFE

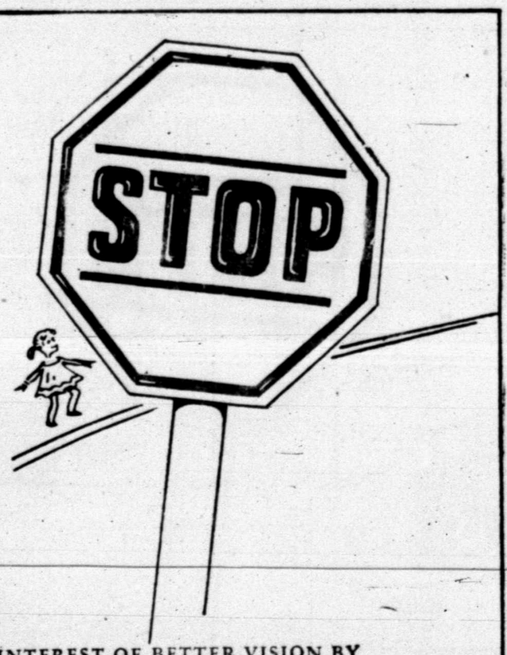

It takes time to see and time to act. That's why good vision is important to safe driving.

With 20/50 vision, you won't see a STOP sign nearer than 90 feet. At 60 miles an hour you will be 200 feet PAST the sign before you can stop.

And at night the problem is multiplied. That's why two-thirds of all traffic deaths occur at night.

Seeing quickly and clearly is vital to safe driving. An examination by a professional optometrist *every year* can tell you if you are visually prepared to drive. He might help you save a life — maybe your own.

Don't live to regret! Live to be thankful that you could *see* the Sign of Life.

THIS MESSAGE PRESENTED IN THE INTEREST OF BETTER VISION BY

OUR VIEW

Hawaii Next In Line

THE CORPUS CHRISTI CALLER:

Both Senate and House Interior Committees are scheduling early hearings on Hawaiian statehood. Now that Alaska, formerly the only other "organized territory" among U. S. possessions, is finally in the Union, the Hawaiian bill has a good chance of passage in the first session of the 86th Congress.

There is no sentiment of consequence in Hawaii for the only plausible alternative, commonwealth status such as is uniquely enjoyed by Puerto Rico at its own choice. Nor can further continuation of Hawaiians in only semi-self-governing territorial status be justified under democratic principles.

The perennial Hawaiian statehood bill has been subjected to so many surveys, reports, hearings and debates that there is nothing new to be said on the subject, either factual or argumentative. It is the time for decision.

Some opposition to Hawaiian statehood reflects sincere doubt that the status is fitting for an island group in mid-ocean, which would be unprecedented even though Alaska has now established a precedent for a non-contiguous state. Modern communications render this opposition irrational.

Other opposition stems from a mixture of race prejudice and partisan or factional political maneuvering irrelevant to the fundamental merits of Hawaii's case for statehood. This type of opposition deserves contemptuous short shrift.

As for the unproved charge that Hawaii is dangerously infiltrated by Communist elements, so much the more reason to grant it the stability and strength of state government. By now, however, this red herring has all but lost its stink even as a spurious issue; it is not worth any serious consideration.

Finally, Hawaii should be a state not because of any cold war or military or world opinion considerations but simply because the people there have earned and deserve statehood. And further denial can only bring discredit to American democratic traditions.

No Spectacular Session Expected

WASHINGTON (AP) — This will be a busy, interesting and probably productive Congress. It is unlikely to seem spectacular if only because very little ever does in the grinding legislative mill.

It will be self-conscious, perhaps just a little less conservative than the previous Congress and, despite plenty of conflict, its personal relations with President Eisenhower may not curdle very much.

Democrats and Republicans in this Congress can not help being self-conscious: Its two-year term will be drawing to a close at the time of the 1960 elections when voters choose a new Congress and a new president.

Both groups know their performance these next two years will be a major factor in the election outcome — for themselves and their party — and that the next president may be chosen from this Congress.

It hardly seems in the cards for this heavily Democratic Congress to get into feuding, name-calling and bitterness with Eisenhower in his last two White House years.

During his first six years his relations with Congress members have been unusually polite and restrained, except in political campaigns. There does not seem much reason to change.

For this reason: Without resorting to slam-bang, the Democrats were still able to win control of Congress in three successive elections while Eisenhower himself remained highly popular.

Nevertheless, there will be broad conflicts between Eisenhower and the Democrats in Congress on the programs he wants and the kind they want.

Some people thought, after last November's elections, that this would be a much more liberal Congress than last year. But in the first showdowns on strength this year conservatives showed they are still in charge.

In the Senate, a coalition of liberals from both parties lost heavily in their first test of strength in a fight over the rules.

Liberal Republicans on opening day tried to name one of their own number their Senate leader, but they were defeated by a majority of conservative Republicans who picked Sen. Everett Dirksen of Illinois.

House Republicans are still under conservative leadership. They were simply replacing an older man with a younger one when they substituted Rep. Charles Halleck of Indiana for their old time leader, Rep. Joseph Martin of Massachusetts.

The two Texans who lead the Democrats in Congress—Speaker Sam Rayburn and Sen. Lyndon Johnson, are both conservative. So are a majority of the Democrats, who are committee chairmen in both houses.

Still, the voters sent a lot of New men to Congress this year, some of whom are expected to take the liberal side. So, while liberals are not in the majority, their ranks have been strengthened.

They should be able to exert some pressure. Particularly Sen. Johnson is not likely to ignore them. Even though he out-maneuvered them on the rules change he is still making some concessions to them.

He is a great compromiser, anxious to have his big Democratic majority work together as much as possible.

He yields a little to each of the opposing groups to reach a kind of middle ground. This may not satisfy either side completely, but still shows some movement without leaving either completely dissatisfied.

80 New Viruses Found In Decade

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

This has been a great decade for hypochondriacs. Eighty new viruses affecting the human system were discovered in the last 10 years. And did you know 750 million prescriptions now are filled yearly in the United States?

In ancient days salt was an expensive luxury. Now more salt is sprinkled on icy roads in America than is used on food.

Ever wonder about the milkman's job? Well, the average milkman covers 25 miles a day, makes 125 stops, and delivers 500 containers.

Apt definition: "Tact," says Grace Downs, operator of an air hostess school, "is the ability to make a point without making an enemy."

Tip for housewives: if you place a shoebox top in the bottom of your shopping bag, the bag won't tip over every time you set it down.

During World War II, Americans joked at British fondness for tea breaks. Now more than 60 per cent of U.S. industrial workers have coffee breaks on the job.

Speaking of tea, did you know there are 3,000 varieties of this brew? Like French wines, they are named for the districts where they are grown.

The high cost of loving: "Few things today," says Shannon Fife, "are more expensive than a girl who is free for dinner.

If your dog has an annoying habit of gnawing your slippers or biting his own nails in public, you can cure him by giving him a new canine chewing gum. The seven-inch-long sticks are beef flavored and won't stick to dog, rug, or furniture.

Another new product: a German physician has developed a pill made of yeast and plant extracts which he claims will keep you sober no matter how heavily you drink. Who on earth would want a pill like that?

Odd ruling: if a member of your family has a bad heart and you buy him a special reclining chair, it is tax deductible—but only if the rest of the family stays out of the chair. If a guy from the Internal Revenue Service calls at your home, don't let him sit in it either!

In some Middle European countries during the 18th century, according to a historical study by the Bon Ami Institute, Matrimony held an unusual reward. After marriage a girl no longer had to bathe. Some women today believe a wedding ring gives them the right to show up at breakfast in a sloppy robe and wearing their yesterday's face.

A recent survey of 5,000 American husbands showed that three out of four help their wives with housecleaning chores.

The young generation: "Many a teen-ager has driving ambition," points out actor Walter Slezak. "That's why their parents have to hide the keys to the family car."

Life-is-so-unfair-to-men note: a man is considered medically obese if his fat exceeds 20 per cent of his body weight; but a woman isn't regarded as obese unless she is more than 25 per cent fat.

It was Ralph Waldo Emerson who observed: "For every thing you have missed, you have gained something else; and for every thing you gain, you lose something."

Ike Due To Stand Firm On Berlin

WASHINGTON (AP)—President Eisenhower is expected to impress upon Soviet Deputy Premier Anastas I. Mikoyan this week that the Western allies have no intention of abandoning West Berlin or creating a neutralized Germany.

Eisenhower and Premier Nikita Khrushchev's top deputy will meet at the White House late this week, following further policy discussions between Mikoyan and Secretary of State Dulles.

The Soviet visitor met with both Dulles and Vice President Nixon a week ago before starting his present tour around the country.

Interest in the forthcoming discussions was sharpened over the weekend by two surprise Moscow moves.

1. In notes to the United States and 26 other countries that fought Nazi forces in World War II, the Soviet government proposed a 28-nation conference to meet at Warsaw or Prague in two months to write a German peace treaty. The 12-page note was accompanied by a 25-page detailed outline for a treaty, including provision for withdrawal of Western and Soviet troops from Germany and a ban on German membership in any military alliance. West Germany is a member of NATO.

2. In a second note Saturday night, the Soviet Union called for resumption of East-West talks on the problem of preventing surprise attack in the nuclear missiles age. The United States responded promptly with a statement saying it favors resuming the talks — which broke down at Geneva Dec. 18 — but wants an agreement with the Soviet Union on the range of problems they should deal with.

Both notes were received at the State Department Sunday. But even before the German peace treaty plan came in, officials said on the basis of a Moscow announcement Saturday that it was clearly unacceptable. They expressed hope that detailed study might open up an opportunity for some constructive counter proposal, however.

One of the provisions of the Soviet plan for Germany was that West Berlin should be converted into an unarmed free city until East and West Germany are reunited. Pending unification, the proposed peace treaty would be made with both the Communist East German regime — which the Western powers have declined to recognize — and the anti-Communist West German regime.

Mikoyan in his talks in Washington and other cities has given no evidence of any weakening of Soviet policy on German questions.

If Mikoyan came here with any really new propositions or concessions in his pocket, they are still there, but many U.S. officials feel that he may spring a surprise when he sees Eisenhower.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

DISTRICT 3-AAA NOW has at least two schools lined up for the 1959 season, the first time since the district was organized that the Tigers will have some opposition within the district.

Lamesa was given the "green light" by its school board last week to field a baseball team this season.

There's still a remote possibility that Colorado City and Sweetwater will join the baseball ranks before the filing deadline. Lake View, however, the fifth member of the district, isn't expected to sponsor a baseball program.

The Tigers have been the lone 3-AAA member playing baseball in the past years. With spring training now ruled out in Triple-A, the baseball field in 3A this year probably will be the biggest it has been.

Three Straight Titles

The Tigers have a string of three straight district championships or co-champions. In 1956, the Bengals tied Abilene for the district title but lost the right to compete in the post season playoffs in a special two-out-of-three series.

Then in 1957, the Tigers were awarded the 3-AAA crown without swinging a bat since they were the only school in the district fielding a baseball team. But the Bengals that season went on to the bi-district and regional championships and placed third in the state tournament at Austin.

Last year the Tigers again were the only 3-AAA school playing baseball so the Texas Interscholastic League moved the Bengals into District 1-AAA for the diamond season with Levelland, the only 1-AAA school playing baseball.

The Tigers defeated Levelland in a two-out-of-three series for the district title, then defeated Odessa Ector in bi-district and Mineral Wells in region play to gain their second straight trip to the state tournament in Austin where they placed fourth.

In the event no other school besides Snyder and Lamesa join the 3-AAA baseball ranks, the Tigers and Tornadoes probably will play a two-out-of-three series for the district crown.

Lamesa is expected to field a potent club this season as the Lamesans did right well in American Legion play last summer.

Hermleigh Cagers On Move

Hermleigh's Cardinals are making a lot of noise in the basketball ranks this season.

The Cardinals won their own invitational tournament Saturday night with a come-from-behind 60-38 win over Roby. It was the ninth win in 10 starts for the Cardinals.

The only blemish on the Cardinal record is a 43-31 defeat at the hands of McCaulley. But the Cardinals have more than revenged this loss with two victories over the same McCaulley team, 44-35 and 53-38.

In Saturday night's championship finals in the Hermleigh tourney, we don't believe we've ever seen such "hot shooting" on the part of both teams in the first half that saw the Cardinals and Roby battle to a 32-32 stalemate.

Roby, in fact, never trailed in the first half and it wasn't until the final second of play in the first half that Jimmy Roemisch of the Cards hit a desperation shot from midcourt that Hermleigh caught up.

But Roby cooled off in the second half, collecting only six points while Hermleigh roared on with 28 points and a convincing triumph.

COACH-OF-THE-YEAR AWARD—Paul Dietzel, center, of Louisiana State University, was honored as college football coach of the year at the annual dinner of the American Football Coaches Association in Cincinnati. Wally Butts, of the University of Georgia, president of the association, presents the trophy while Harry Mehre, left, Atlanta Journal staff writer and former Georgia athletic director and football coach, looks on. Auburn Five, Like Gridders Have Winning Streak Going

By DON WEISS
Associated Press Sports Writer

Except for the NCAA, no one is stopping Auburn these days as its football and basketball teams continue rolling up concurrent streaks unmatched in collegiate history.

Plenty of football teams have had longer unbeaten streaks than Auburn's 24. A bundle of basketballers have won more than 21 in a row, the current status of Auburn's winning streak.

But no one has ever dominated both major sports at the same time the way the Tigers are now.

The basketball Tigers, who bagged their 10th straight of the season 63-54 over Florida Saturday night, and St. Bonaventure (8-0) of Olean, N.Y., are the only major unbeatens in college basketball today. The Tigers haven't lost since Alabama tripped them 83-65 about a year ago.

The football Tigers had a tie with Georgia Tech last fall but have whipped all 23 others they've met since losing to Florida in their sixth game of the 1956 season.

Both, however, have been shooting only for poll and conference recognition because the NCAA has tagged Auburn with probation through 1961 for football recruiting irregularities.

Swinging into another week of conference activity, here's the way the major races look:

SEC — Auburn (3-0) on top, with surprising Goergia (3-1) second after an 80-79 upset of Alabama last Saturday. Kentucky, top-ranked nationally, is 2-1 with Mississippi State.

Southwest — Texas Christian (3-0) the leader, with Arkansas and tied at 2-1. The five others, including the tournament champion Texas Aggies, are 1-2.

Atlantic Coast — National powers North Carolina State (5-0) and North Carolina (4-0) running one-two. Maryland, second-place Bradley (2-1).

Big Ten — Minnesota leading at 1-0 with five others, including cofavorites Northwestern and Michigan State, tied at 2-1.

Southern — West Virginia (5-0), threatened by Virginia Tech (3-0) and William & Mary (5-1). The Mounties play W&M Tuesday.

Big Eight — Favored Kansas State tied with Kansas and Oklahoma at 2-0.

Ivy League — Darthmouth and Princeton (both 3-0).

Skyline — Utah (2-0), challenged by Brigham Young (1-0).

Rocky Mountain — Perennial leader Idaho State locked with Colorado State College at 2-0.

Pacific Coast — California and Southern California both 3-1, Stanford and UCLA a half game behind.

Ohio Valley — East Tennessee (2-0).

Mid-American — Kent State (2-0) trailed by Miami of Ohio, the perennial, 3-1.

Yankee — Defending champ Connecticut (3-0).

Leading TCU To Meet Rice, Tech

By WHITEY SAWYER

Texas Christian, deep in talent, emerged undefeated from last week's Southwest Conference play but faces a couple of tough ones in this week's basketball.

The Christians must tackle Rice at Houston Tuesday and Texas Tech at Lubbock Saturday and either could take the measure of the high-flying Horned Frogs.

TCU leads the conference standings with a 3-0 mark and the season with 10-2. Texas A&M is second in season standings with a 9-3 record. The Aggies lost two games last week. Arkansas and SMU are second in the conference race with 2-1 records. All the rest are 1-2.

Texas Christian slammed Arkansas 52-42 last week to take the league lead as the only undefeated team, then stayed there with an 86-78 victory over Texas.

Southern Methodist tripped Texas 73-55, then crushed a cold Texas Tech 73-59. Arkansas lost to TCU, then walloped Rice 72-61.

Rice beat Texas A&M 70-65, Tech nipped Baylor 68-65 and Baylor upset the Aggies 56-49 in other games last week.

The Horned Frogs show a lot of talent with H. E. Kirchner second in season scoring with 218 points and Ronnie Stevenson third in conference scoring with 50. But when Arkansas held Kirchner to five points, Derrill Nippert, Kenneth Brunson and Stevenson combined for the winning punch.

Against Texas Stevenson and Kirchner dominated the backboards. Stevenson got 27 points and Kirchner 22.

The Rice Giant, Tom Robitaille, led the season scorers with a despite a two-game losing streak, grabbed the conference scoring lead with 53. The conference race is only three games old.

A sophomore named Clyde Rhoden jumped out as the man of the hour for the Razorbacks scoring 21 points against Rice. He is eighth in season scoring with 166 points.

Big Steve Strange of SMU provided much of the kick for the Mustangs.

He got 24 points when SMU rolled over Tech and holds second in conference scoring with 52 points.

Two of Tech's top hands, Pat Noakes and Leon Hill, fouled out against SMU, but Hill still managed 19 points.

Arkansas's Rhoden provided an oddity against Rice. Robitaille tried a pass and Rhoden deflected it — right into the Rice basket. The officials gave the Owls from Houston two points.

Play opens Monday this week with Arkansas trying Texas A&M at Fayetteville. Tuesday Baylor plays SMU at Dallas, Rice hosts TCU at Houston and Tech vitits Texas at Austin.

Friday the Aggies host Texas at College Station and Rice takes on Baylor at Houston. Saturday the TCU-Tech game is the only one scheduled.

Two Tied For Lead In Tijuana Open

By BOB MYERS
Associated Press Sports Writer

TIJUANA, Mex. (AP) — Golf pressure mounted today as United States Open champion Tommy Bolt and unheralded Ernie Vossler of Midland, Tex., led the way into the final round of the $20,000 Tijuana Open.

Tempestuois Tommy and the 30-year-old Texan, all even after 36 holes, were still deadlocked after 54 holes with scores of 205.

Ino less than 17 professionals were packed within a margin of four strokes, including the co-leaders, as play resumed today at the par 36-35—71 Tijuana Country Club course, which again was stretched to its full length of 7,400 yards.

One stroke behind the leaders were Jay Hebert of Sanford, Fla., with rounds of 69-67-70—8206, and 33-year-old John McMullin of Alameda, Calif., with 66-69-71—206.

Within striking distance for the $2,800 winner's prize were three pros at 207, Art Wall Jr., Pocono Manor, Pa., Mike Souchak of Grossinger, N.M., and Mike Fetchick, Yonkers, N.Y.

Former U.S. Open champion Jack Fleck, after rounds of 69 and 67, took a 72 yesterday for 208.

Nine players were grouped at 209, including Masters champion Arnold Palmer of Latrobe, Pa., and Doug Ford of Crystal River, Fla.

Bolt, who plays out of Crystal River, too, was paired with McMullin and Wall in the next to last threesome, and Vossler was paired with Souchak and Jay Hebert.

Bolt made the tour in 34-37—71. Birdie putts of 10 and 12 feet came on the first nine. He bagged one more on the back side but he missed one green and 3-putted another for a pair of bogeys.

Vossler, whose only major victory was in the Kansas City Open last year, played it 35-36. He lost a chance to take the undisputed lead on the 18th. His approach landed just off the green. It took three strokes to get the ball down for a bogey five.

Chiefs Set Top 3-AAA Mark

The Lake View Chiefs will be the distinct favorite in the District 3-AAA campaign which gets underway Friday night with two games on tap.

Lake View has racked up 14 wins in 18 starts this season, easily the best showing made by any of the other four teams in the district.

The closest thing to Lake View's impressive record is Lamesa's 9-9 showing.

Sweetwater follows with 6-10, Snyder with 4-8 and Colorado City with 5-11.

In Friday night's district openers, the Tigers will journey to Colorado City and Sweetwater goes to Lamesa.

The Tigers have won the district crown the past two years but Coach J. P. Ward's Bengals aren't considered a title threat this season. Ward lost the first eight boys off his title-winning club last year and injuries have further dampened the Tiger prospects.

Two Tiger starters on the sidelines with injuries, 6-3 center Tim Roberts with a broken ankle and guard Johnny Drake with a twisted knee. Roberts is out for the season and it's doubtful that Drake will return to action.

The Tigers wound up their predistrict schedule last Friday night at Midland.

Following are the district standings to date:

DISTRICT 3-AAA STANDINGS
(Full Season)

TEAM	W	L	PCT.
Lake View	14	4	778
Lamesa	9	9	500
Sweetwater	6	10	375
SNYDER	4	8	333
Colorado City	5	11	313

This Week's Schedule:
Colorado City at Denver City.
Friday
SNYDER at Colorado City.
Sweetwater at Lamesa.

Oscar To Meet Match In MVC Tilt Tonight

KANSAS CITY (AP) — Oscar Robertson may lead the nation in scoring with a 32.2 average but in the Missouri Valley Conference race he is running second to Jim Mudd, North Texas State, after three games.

Monday night the two clash head-on in a conference game at Denton, Tex.

It's the first time since he scored 37 points in Cincinnati's First Valley game at North Texas a year ago that the "Big O" fails to lead the league in scoring. Mudd, a Moberly (Mo.) Junior College transfer, has 69 points against Tulsa, Wichita and Bradley. Oscar has 68 against St. Louis, Bradley and Houston.

A full slate of conference games Monday night finds, Bradley at Houston, St. Louis at Tulsa and Drake at Wichita. Bradley travels to Louisville Tuesday and returns home to play Toledo Friday.

Saturday, Cincinnati is at Drake and Tulsa at Wichita for league games. St. Louis hosts Louisville and Houston plays at Oklahoma City U. in other contests.

Cincinnati, the defending champion, got off to a flying start in the conference race last week. After sneaking past Bradley, 85-84, in two overtimes, the Bearcats downed Houston, 62-54, in a midwest regional telecast last Saturday afternoon. They stand 3-0 in the league and 8-2 for the season.

North Texas, with the big boost from Mudd, is 1-2 in the league and 4-8 for the season. The Eagles lost to Wichita, 85-78, and to Bradley, 79-58, last week.

Only league team to beat the champions last year, tough Bradley lived up to its national ranking in the Cincinnati game. Forced to come from behind for a 67-all tie in regulation play, the Braves overcame a 4-point deficit to make it, 75-75 in the first overtime. Cincinnati finally got away in the second extra session and knocked Bradley from the undefeated ranks. Bradley is 9-1 for the season, 2-1 in the conference.

St. Louis made it six in a row, downing Pittsburgh, 79-62, and Wichita, 75-72. The Billikens, 8-2 for the season, are 1-1 in the league. Wichita is 6-7 and 1-2.

Three-Way Tie For Lead In Border

By The Associated Press

The Border Conference goes about deciding a clear-cut leader in the championship basketball race this week with Arizona State and West Texas State meeting Monday night in the first big one.

Arizona State, West Texas and Texas Western are tied for the conference lead with 1-0 records in the six-team league.

Arizona State and West Texas meet at Canyon Monday while Arisona and Hardin-Simmons vie at Abilene.

Friday West Texas takes on New Mexico State at State College, N. M.

Saturday Arizona State of Tempe hosts Arizona State of Flagstaff. Hardin-Simmons plays New Mexico State at Las Cruses and West Texas State goes against Texas Western at El Paso.

Arizona State stayed ahead of the season standings with an 8-3 record.

Arizona State beat Hardin-Simmons 80-78, West Texas won its first game of the season, 90-76 over Arizona, and Texas won its first game of the season, 90-76 over Arizona, and Texas Western defeated New Mexico State 63-57 in conference openers last week.

In other games, Hardin-Simmons nipped Midwestern 79-78, New Mexico State clouted San Jose State 70-50, Hardin Simmons roughed up Trinity 70-54, Oklahoma City downed West Texas State 90-63 and New Mexico State defeated Wyoming 75-59.

Locals Host Lee Tonight

Snyder will host Lee in a doubleheader basketball program tonight at the high school gym.

Meeting in the first game will be the Snyder 8th grade against Lee's 9th grade "B" team, starting at 6:30. Clashing in the nightcap will be Lee's 9th grade against Snyder's 9th.

Both games will be unreeled in Tiger Gym.

Snyder 8th is sporting a 6-0 record and the Tiger Frosh (9th grade) a 6-2.

The Tiger Frosh finished third in the Abilene Invitational last weekend, winning two out of three games. Eddie Phy of the locals was named on the all-tournament team.

Baylor Once Sought TCU's Abe Martin

FORT WORTH (AP)—Abe Martin, coach of Texas Christian University, admitted today that he had been contacted regarding the head coaching job at Baylor but that he had not received an offer.

Martin said he talked with Abner McCall, chairman of the Baylor Faculty Athletic Committee, before Christmas but that he was just one of a list of prospects and that he had heard nothing about the job since.

"I will, of course, give it consideration if it should be offered to me," Martin said, "but I don't know what is involved, how much money would be offered, how long the contract would be or other details."

Martin said McCall was merely contacting men on the list of prospects to determine if they would be interested in the job vacated in December through resignation of Sam Boyd.

Martin has been head coach of Texas Christian since 1953 and won two Southwest Conference championships plus having his teams in the Cotton Bowl three times. Baylor hasn't won a conference championship since 1924.

Baylor List Narrowed To 6

WACO, Tex. (AP)—Six men are reportedly on the list for the vacant head coaching job at Baylor and the word is the job will be filled in a week or 10 days.

Radio station WACO of Waco said the reports came from a reliable source who would not permit his name to be used.

Those listed as under consideration are Wade Walker of Mississippi State; Cliff Speegle of Oklahoma State; Dave Nelson of Delaware; Sam Baugh of Hardin-Simmons; Tom Pruitt, a Baylor assistant, and Claude Gilstrap of Arlington, Tex., State.

Baylor has been in the market for a new football coach since Sam Boyd resigned under alumni pressure last year. His teams had finished on the bottom of the Southwest Conference race two years in a row. The job of athletic director was vacated when the contract of George Sauer expired. One man is expected to be hired for a dual role.

Baugh was a passing star for both Texas Christian and the professional Washington Redskins before he took up coaching at the Texas school. Pruitt had successful high school coaching tenures at Corpus Christi Miller and Grand Prairie. Walker is a former Texas Tech assistant.

Meanwhile, Coach Johnny Vaught of Mississippi confirmed he had asked his name be removed from the list of prospects.

"I'm happy here at Ole Miss. I feel like this is home," he said.

Brown Top Pro Player

NEW YORK (AP) — Jimmy Brown, one of the mightiest fullbacks in football history, was voted 1958 Player of the Year today by an Associated Press panel of experts covering the National Football League campaign.

The Cleveland Browns' battering ram, who was similarly honored in 1957, his rookie year, received stubborn competition from Johnny Unitas, the brilliant Baltimore quarterback. Brown received 22 of the 41 votes cast and Unitas got 15.

East Rallies For Win In Pro Bowl

LOS ANGELES (AP) — Billy Wade, who missed the most valuable player award by a fourth quarter pass interception, today took the blame for the West's 21-28 loss in the annual Pro Bowl football game.

But West Coach Weeb Ewbank and his fellow players don't consider the lanky Los Angeles Ram quarterback the goat of Sunday's rough and tumble battle before 72,250 Memorial Coliseum fans.

"We beat ourselves through mistakes," said Ewbank, coach of the world champion Baltimore Colts.

"It was my fault," insisted Wade after the East turned the intercaption into a field goal and later scored a game-winning touch down.

"I knew it was risky to pass from my own 13, but I wanted to pick up some yardage and then stay on the ground," said dejected Billy.

"I threw that pass right where I wanted it," Wade said in the dressing room. "But Walt Michaels (of Cleveland) backed into it and stole it."

Moments before, Wade had marched the West 80 yards for a touchdown and a 21-16 lead in the see-saw struggle among the elite of the National Football League.

"Forget it, Bill. You did everything I asked you to do," said Ewbank. "You moved the ball on them."

After the interception, the East settled for a 25-yard field goal by Cleveland's Lou Groza.

Then, with less than three minutes to go, Philadelphia's Norm Van Brocklin rallied the East for a 70-yard touchdown drive.

Frank Gifford of the New York giants, who beat out Wade for most valuable player, said, "I knew we had the plays. I was just worried about getting possession of that ball toward the finish. But our defense took it away from them and that's all we needed."

Lenny Moore of the Colts set up the first West touchdown by racing 37 yards to the one. Two plays later, Colt fullback Alan Ameche plunged over.

Later in the opening quarter, Gifford's 22-yard pass to Gene Schnelker of the Giants put the ball in position for Groza's first 25-yard field goal. Groza's eight points in the game was tops, incidentally, in individual scoring.

4 Cards Make All-Tourney

Hermleigh placed two boys and two girls on the All-Tournament team of the Hermleigh Invitational Tournament this past weekend.

Hermleigh won the boys title and was runnerup in the girls.

Jimmy Roemisch and Dwaine Williams were the Hermleigh boys making the all-tourney team while Judy Etheredge and Della Davis of Hermleigh made the all-girls team.

Rounding out the boys selections were Bert and Gibson of Roby, Jeffery of McCaulley and J. T. Trice of Hobbs.

Other girls selections were Hill of McCaulley, Etheredge and McCombs of Hobbs and Peggy Summerlin of Roby.

Fining Dickey Was Toughest Decision

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP)—Plastering Bill Dickey with a $1,000 fine and a 30-day suspension was the toughest thing Will Harridge had to do in 27 years as American League president.

"It happened on July 4, 1932, just a little more than a year after I had taken office," the retiring league president reflected in an interview Saturday.

"Two quiet and inoffensive men were involved—catcher Bill Dickey of the Yankees and outfielder Carl Reynolds of Washington. At Griffith Stadium that July 4, Dickey took a punch at Reynolds at the plate and broke his jaw. The facts as I received them demanded action. I fined Dickey $1,000 and suspended him 30 days.

"Col. Jacob Ruppert (wealthy backer of the Yankees) said I was robbing New York of the pennant and vowed he never would speak to me again. But he relented. Even without Dickey for a month, the Yankees won with 107 victories and defeated the Cubs four straight in the World Series."

As Harridge mused over 27 years, these incidents stirred his memory the most:

The high spot—

"That would be the moving of the major league franchises—Philadelphia to Kansas City and St. Louis to Baltimore. We never thought it would happen."

The greatest innovation—

"The introduction of night ball in 1939. Attendance jumped from 3 million to 10 or 11 million. The whole family was given a chance to enjoy baseball."

The most important part of his job—

"Maintaining discipline on the field. It never can be relaxed. The first step is the hiring and handling of the umpiring staff and giving it full backing."

What about television—

"It will have the effect of making more fans just like radio did.

FIGHT RESULTS

Weekend Fight Results
By The Associated Press

Hollywood, Calif. — Mauro Vazquez, 134, Mexico City, outpointed Gil Cadilli, 132, Los Angeles, 10.

Belfast, Northern Ireland—Freddie Gilroy, 115¼, Northern Ireland, stopped Peter Keenan, 117½, Scotland, 11.

Schoendienst To Get Contract Play Or Not

ST. LOUIS (AP) —Red Schoendienst probably will not play for the Milwaukee Braves this year, but two club officials are to visit the veteran second baseman today to negotiate a contract.

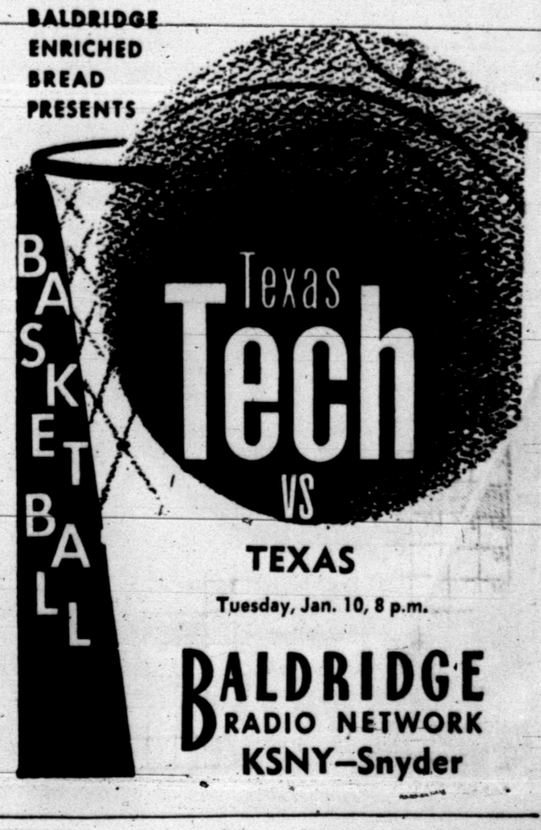

Schoendienst has tuberculosis. He has been a patient at Mount St. Rose Hospital for two months.

Executive Vice President Birdie Tebbetts and Gen. Mgr. John Quinn of the Braves are to meet with Schoendienst.

SNYDER BUSINESS NEWS

NEW ONYX STATION TO BE OPENED—The Truman Franks Onyx Service Station located at Thirty-ninth Street and the Big Spring highway in south Snyder will be opened to business this week. Final driveway work is now being completed, and the station is being prepared to open within the next few days, A. K. (Smitty) Smith, Onyx distributor said. (Lee Watson photograph)

New Onyx Station To Open Soon On Big Spring Highway

A new service station will be opened in the next few days by Snyder Oil Co., Onyx distributor here.

It is located at Thirty-ninth Street and the Big Spring highway.

The new station will give Onyx distribution facilities on all highways into Snyder, A. K. (Smitty) Smith, distributor, said.

There were previously 10 stations serving this area with Onyx products including one at Colorado City, one at Lake J. B. Thomas and one at Ira.

"This new station will offer the complete services of the famous Onyx line," Smith stated.

Included will be high octane regular and Ethyl gasolines to give top performance in any car engines with out the excess cost of premium "names," Smith said. Also included will be motor lubricants and all customary service station facilities.

Truman Franks, an experienced service station operator here, will operate the new station. He formerly operated a Cosden Station at Twenty-third Street and Avenue S. Onyx is a division of Cosden Petroleum Corp.

Smith said regular courtesy will be honored at the new station just as at the other Onyx stations of this area, and Franks invites anyone who does not have a courtesy card now to make application for one at his new station.

The Onyx stations honor Onyx, Col-Tex and Cosden courtesy cards, and the Onyx cards are good at any of these stations.

All Onyx stations carry a good line of Goodyear and Mansfield tires and tubes, and will adjust as well as sell the tires.

AC oil filters and all types of accessories will also be available at the new station. All major brands of oil will also be handled by the station.

'Care' Important At Zenith Cleaners

"Care" is a word taken for granted by many, and sometimes its overuse makes it lose a part of its meaning.

But that is not so at Zenith Cleaners, 603 East Highway, where "care" is more than just a word — it is something used every day.

More care goes into the processing of cleaning at Zenith than the average person realizes, and all the firm's employes, including manager Carl Foree, have a part in it.

First, when a customer's clothing is brought in, either by himself or by the delivery truck, Zenith employes check them in, placing on them identification marks, if they are not already marked.

Zenith then goes through the pockets to make sure there are not articles the customer forgot to remove, and if there are they are saved for the customer. All buttons are checked, and those which might not stand the cleaning process, such as those with delicate sets, are removed and will be put back later.

Zenith employes then check the fabric for badly soiled places, and those are pre-spotted before the regular cleaning process to make sure those spots come out. Also, any torn or ripped places found are mended by Zenith's alteration department, which is also well-known for its alterations.

The clothing then goes through the regular Zenith cleaning process which, incidentally, is not like other cleaning processes here. Zenith is a Sanitone Cleaner, using cleaning solvents nationally-advertised by Sanitone, and only one firm here can be a Sanitone cleaner. Zenith has a new cleaning process, using the new Sanitone 30-90, a new detergent which has five to six times more cleaning power than detergents formerly used. The firm also uses a special solvent which leaves clothing odorless after the cleaning.

For the regular cleaning process, the clothing then is rechecked for spots, and any spots which might remain are taken out.

Afterward the clothing goes to the pressing department, and following the pressing it is checked for missing buttons, and any taken off are again put onto the clothing.

Zenith then places all its clothing in plastic bags, and it goes onto the rack for pickup or delivery.

This seems to be an involved process, but it has been developed as the best, and Zenith's employes are experienced in taking the best of care throughout the process.

The process has also been well enough developed that Zenith can complete this operation in time to give one-day service to customers who get clothing in before 10 a.m.

Foree invites residents who do not already know about Zenith's outstanding service to try it.

FINISHING is a final step of the many careful steps taken by Zenith Cleaners, East Highway, in processing cleaning in the shop. Ruby Starnes, a Zenith employe, finishes a blouse here. (Lee Watson photograph)

Stockholders Of Foundation Meet

The annual stockholders meeting of the Scurry County Industrial Foundation was to be held at 4 p.m. today in the district courtroom.

At the meeting, five directors were to be named, either from a list of 12 nominees or from nominations from the floor. Nominees were R. E. Patterson, Mark McLaughlin, M. L. Broman, Steve Birdwell, Walker Dabbs, Roger Mize, Jay Rogers, C. E. McCormick, Roy Dunlap, Bob Wilson, Mel Gilbert, H. A. Johnson, Jr., and C. L. Callaway.

Terms expiring are those of Lyle Deffebach, president, Ralph Geisenhoner, Hugh Boren, Jr., and Herbert Feather. The fifth vacancy was created by the resignation of Fred Auforth, who moved to Corpus Christi.

Negro Takes Board Post

HOUSTON (AP)—A negro house wife takes her place on the Houston School Board tonight, the first Negro elected to public office here since Reconstruction days.

Mrs. Charles E. White, wife of an optometrist, will be sworn in on the new board composed of four women and three men.

She polled some 36,000 votes to about 29,000 for the white incumbent, Dr. John Glen, in an election last November.

Houston, the largest school system still segregated in the South, has about 160,000 students enrolled.

Mrs. White, who had the backing of liberal factions, advocates peaceful integration of public schools.

Federal Court Judge Ben C. Connally in October, 1957, ordered the school district to integrate "with all deliberate speed."

Super Peanut Is Produced By Radiation

RALEIGH, N.C. (AP)—A scientist has produced a disease and wilt-resisting type of peanut by atomic radiation. Other scientists call it a milestone in fundamental genetics, one of the first times an improved strain of any living thing has been developed through atomic research in the United States.

Dr. Walton C. Gregory of North Carolina State College bombarded peanut seeds with 18,500 roentgens 17 times the radiation that can kill a man.

This jumbled their genetic system and produced generations of plants that were dwarfed, huge, erect, prostrate, curled, maimed, sterile, high yielders and low yielders.

From these, Dr. Gregory and other workers at a research farm in Rocky Mount, N.C., developed the desirable variety.

It would take nature thousands of years to provide such mutations. Radiation did it in minutes.

The peanuts were perfectly edible. Dr. Gregory said the rays passed through the seeds and scrambled the genes, but neither the seeds nor the growing plants were radiactive.

North Carolina State College announced Sunday the new seed will be available to growers for limited planting by next year.

Career Envoy Going To Cuba

WASHINGTON (AP) — The next United States ambassador to Cuba probably will be a career diplomat, diplomatic sources indicated today.

Earl E. T. Smith, who had been in disfavor with Fidel Castro's revolutionary movement, resigned Saturday as American ambassador to Cuba.

The resignation came unexpectedly, only a few days after Smith had returned to Havana from a series of State Department consultations here.

President Eisenhower expressed regret in accepting the resignation. He did not say when he would name Smith's successor.

Castro had accused Smith of working with ousted Cuban Dictator Fulgencio Batista, but Washington officials had denied the charge.

The United States recognized the new provisional government in Havana a week after Batista's overthrow.

Man Walks Free Without Stutter

LOS ANGELES (AP) —Some people hear the words "life insurance" and shudder. Or is it stutter?

Anyway, laborer Herman Cosby, 33, said both without a falter and walked out of Superior Court a free man.

Cosby was picked up by police after a drive-in cafe was robbed by a bandit who stutteringly told his victim:

"I h-hope your li-life in-insurance is in order."

The victim, who was unharmed, said Cosby resembled the gunman.

In Court on a robbery charge, Cosby took the stand in his own defense and repeated the bandit's line without a stutter. Friends testified Cosby had never had a speech impediment.

"Good enough for me," the court decided. "Innocant."

Some industrial workers can endure temperatures up to 500 degrees Fahrenheit for two or three minutes at a time.

Scouters Set Roundtables

The monthly roundtable meeting of the Lone Buffalo Boy Scout District has been set for Thursday evening at the high school, according to R. C. Patton, district commissioner.

Cub leaders, Boy Scout leaders, and Explorers will gather at 7:30 p.m. Thursday for the meeting.

The Boy Scout roundtable will be under direction of Harold Lacik, assistant district commissioner, while another assistant, Joe Dicus, will head the Cub leaders roundtable.

Patton said more emphasis will be placed on roundtables during 1959, with more program helps for leaders, as well as helpful planning information.

Regular time for all roundtables has been set for 7:30 p.m. each second Thursday at the high school.

The Lone Buffalo District, which covers Scurry, Mitchell and Borden Counties, has shown a sizeable increase in membership, Patton said. There are now 23 Cub packs with 631 Cub Scouts, 33 scout troops with 451 Boy Scouts, and five Explorer posts with a membership of 176. Total membership in the district is 1,258.

The district completed its fourth year without a loss in units. It has earned the coveted award of being a "Top Hand District" for the fourth consecutive year.

Girl Turns Down Trip For School

LOUISVILLE, Ky. (AP)—Carolyn Sue Haag likes school so much she has turned down a chance to attend inauguration ceremonies for Alaska's governor next Saturday.

The 16-year-old honor student, whose father works for an Alaskan company, received an official invitation to attend Gov. William A. Egan's inaugural in Juneau.

"I would like to go," Carolyn said. "But I think school is more important."

Carolyn, a junior, has not missed a day of high school.

Junior Editors Quiz on SCIENCE

QUESTION: How old is man?

* * *

ANSWER: Man isn't very old as ages go in earth's history. Scientists believe the earth itself is at least three billion years old, but the experts say that man has been on the earth only between one and two million years.

One of the difficulties in deciding how long man has been on earth is the problem of just what is a man. Diggers have found skulls and skeletons which are human-like but also have characteristics found in apes and monkeys. Scientists believe that men and apes, such as gorillas and chimpanzees, developed from a common ancestor, who, in turn, evolved from some prehistoric mammal.

Man is the most highly developed animal in the world today. The first primitive men would look odd to us. They were generally short, rather squat, hairy, and many types had bulging foreheads that made them look almost like gorillas. But they could fashion tools from stones and many of them drew surprisingly good pictures on the walls of their caves. They knew about fire and used it to keep warm and to cook their food. Charred animals bones have been found in caves of the earliest men.

Scientists believe one of the earliest types of men was the Pithecanthropus or the Java man. His remains were found in Java in 1891. His face must have looked rather ape-like, but his skull shows that his brain was definitely human, he had human teeth and he walked erect as a man does — not swinging along, fingers touching the ground, as apes do.

* * *

FOR YOU TO DO: Can you imagine how you might live in a cave without any of the conveniences of your present home? Here is how a cave man might have looked as he prepared to cook a small animal over his fire.

* * *

(Carol Hamilton of Old Greenwich, Conn., won $10 for this question. If you have one, send it on a postcard to Violet Moore Higgins, AP Newsfeatures, care of this newspaper. Monday: How do scientists know how prehistoric animals looked?) 1-10

Graham Proceeds With Trip Plans

By CLAYTON HICKERSON

DALLAS, Tex. (AP) — Evangelist Billy Graham went ahead with his plans for a world crusade today in the face of advice by physicians to curtail his activities because of an eye ailment.

Graham told reporters that he intends to go to Australia, Indonesia, Malaya, Cairo, Jerusalem and Berlin this year.

He was interviewed after making a zealous talk before the second Combined Texas Baptist World Missions and State Evangelistic Conference in the packed 11,500-seat Memorial Auditorium. Graham's illness earlier caused him to cancel a scheduled appearance at the Dallas First Baptist Church.

"The program may be cut somewhat by doctor's orders," Graham said of his projected tour, "but right now I plan to go."

He had announced previously he would go to Rochester Tuesday for a check-up at a Mayo clinic instead of leaving for the West Coast en route to Australia.

Graham insisted he felt all right but "there's something wrong with one of my eyes."

"But I don't know what it is," he continued. "The doctor told me what it is — a long technical name — but I think he's as confused as the Republicans are these days."

"I spent two days in doctors' offices and about midnight last night I got orders not to preach," he said of his cancelled church appearance. "I don't have cancer, I've had no heart attack; I haven't had a stroke and I'm not blind."

A cable sent to Australia said the medical examination showed "angio spastico edema of the macula." The macula lutea is a small yellow spot on the human retina and is the most sensitive area of the retina. The description suggests a spastic congestion of blood vessels serving the macula.

Graham said he will speak today at a luncheon to about 1,100 business men and tonight before the church group.

An associate evangelist, Dr. Grady Wilson, reported that the vision in Graham's left eye was impaired.

Graham's father-in-law, Dr. L. Nelson Bell of Montreat, N.C., cabled Australia that the eye ailment is a "rare and serious condition brought on by excessive work, strain and stress."

"His future ministry depends on more rest and relaxation, otherwise the eye condition is only a forerunner of graver complications," Dr. Bell cabled from Graham's home town.

Dr. Bell said Graham's eye was examined at Louisville, Ky., Friday, where he addressed the Baptist Theological Seminary.

The evangelist told his Dallas audience that the "world must solve its problems quickly," noting that Oak Ridge scientists had told him the hydrogen bomb now is obsolete and that we have much deadlier weapons.

Arabs Eye Venezuela For Tips On More Oil Revenue

CAIRO (AP)—The eyes of the Arabs are on the President of Venezuela these days.

The reason lies in oil, so dear to Arab hearts.

Oil-producing Arab governments consider Venezuela the pace-setter in wringing more and more revenue out of foreign oil companies. Every increase in Venezuela's oil income produces a new round of negotiations and new pressure for upward revision of Arab oil agreements.

The Arabs are especially interested now because Venezuela has a new president—Romulo Betancourt—who has promised to "review carefully" Venezuela's existing oil agreements. The Arabs are hoping Betancourt will come up with some new formula for increasing revenues. And if Venezuela does it, the Arabs will do their best to follow suit.

Betancourt is regarded as the "father of the 50-50 split," meaning that he pioneered in getting an even share of profits from foreign oil companies. Saudi Arabia soon followed with a 50-50 agreement with the Arabian-American Oil Co. (Aramco), and shortly the Betancourt formula became almost standard for oil operations in the Middle East.

Even before Betancourt took over, Venezuela abruptly increased income taxes on foreign oil companies. This sudden increase, made Dec. 20, means Venezuela's share of oil income has increased to an estimated 60 per cent of profits.

An Arab petroleum conference will be held in Cairo in April and it is not at all surprising that Venezuela has been invited as the only non-Middle Eastern state.

Already the Arabs are putting on the pressure for higher oil income. The Saudi government has demanded its share of pipeline-carried oil be figured on the basis of the price of the Mediterranean pipeline terminal of Sidon, instead of at the pipeline head in Saudi Arabia.

Saudi sources figure this could increase their take an estimated 13 cents a barrel. So far, Aramco has successfully resisted this demand.

Iraq has persuaded the Western-owned Basra Petroleum Co. to give up concession rights in the offshore Persian Gulf region. The Iraqi hope to have the Iraq Petroleum Co. in the north give up some of its area as well. Then the Iraqi expect to grant concessions to other companies. Whether the new companies strike oil or not, the Iraqi will pick up fat bonuses during their exploration period.

New companies breaking into the area are giving better terms to the host governments and this puts more pressure on the oil companies. A Japanese company has agreed to pay 57 per cent of its profits to the Saudis and Kuwaitis.

The Pan-American Oil Co., an affiliate of Standard Oil of Indiana, still is negotiating with the Saudis on the basis of an "integrated' OPERATION—giving the Saudis a share of marketing and transportation profits as well as production. If they make a deal with Pan-American, the Saudis hope to press this kind of formula on Aramco.

According to the terms of its concession, the Iraq Petroleum Co. must scale payments upward if any other Middle Eastern oil company gives a better deal to its host government.

All these pressures point to an early crack in the old structure of profit-sharing oil agreements in the Middle East. And the advice given by the Venezuelans this April is almost certain to play a big part.

Dane Applies For Seat On Rocket

COPENHAGEN, Denmark (AP)—A lonely, bitter Copenhagen carpenter, brooding over a broken marriage, says he has applied for a seat on the first manned Soviet space rocket because life on earth has no promise for him.

"Why not try in space" Boerge L. Jensen, 45, asked.

Jensen said he sent his application to Moscow a year ago. A reply he said was signed by Premier Nikita Khrushchev acknowledged the application but said Soviet citizens would have priority.

Highland Park's Founder Is Dead

DALLAS (AP) — Services for Hugh Prather, 79, pioneer Dallas real estate man who helped transform a hilly woodland into the City of Highland Park, have been set here for tomorrow.

Prather died at his home here yesterday.

With the late Edgar Flippen, Prather formed the Flippen-Prather Realy Co. in 1908 and bought 1,375 acres north of Dallas. The development became a showplace of residential areas and the Highland Park Shopping Village served as a model for many cities.

Three sons and two daughters survive.

Stranded Doe Is Rescued

POUGHKEEPSIE, N.. (AP)—Afloat on a floe a doe. She was trapped, with no place to go.

A coast guard lasso brought her in tow

And that was the end of her woe.

That is the saga of a deer floating down the Hudson River on a cold Sunday afternoon.

The Coast Guard cutter Mariposa, out on ice patrol, spotted the deer and set out on a rescue mission.

Alarmed by the 180-foot ship, the doe kept skipping from floe to floe, like Eliza fleeing the hounds. It was more than an hour before the lasso found its mark.

Segregation Practices In Georgia Suffer Court Blows

ATLANTA, Ga. (AP)—Georgia segregation practices reeled today in the wake of two sharp blows by federal district judges.

Judge Boyd Sloan ruled Saturday that Negroes can not be denied admission to the Georgia State College of Business Administration in Atlanta on the basis of race and color alone.

His ruling came one day after Dist. Judge Frank Hooper outlawed segregated seating on Atlanta buses and trolleys.

Gov.-elect Ernest Vandiver suggested that the university system temporarily stop accepting new applications for admission to the 19 state colleges and universities, and Regents Chairman Robert Arnold said this would be done.

Vandiver, who becomes governor Tuesday, reportedly is planning to ask the legislature to pass laws closing state Negro colleges if any white units shut as the result of being ordered to integrate.

Vandiver also said he will ask the lawmakers, who convene today, to approve bills designed to close individual schools rather than entire school systems if integration is ordered. Present laws call for closing entire school districts if one school in the district is integrated.

Appearing on an Atlanta television program, Vandiver added that the proposal would give the governor power to shut any school from which Negroes transfer.

While applying only to the Atlanta College, Sloan's order struck down as discriminatory a key university system rule for maintaining segregation — that applicants be endorsed by alumni of the school they wish to enter.

The state probably will appeal Sloan's broad order, although the judge did not actually order the plaintiffs — three Negro women — admitted to the college. He said they were qualified to apply and have their applications considered.

Thus it will be some time yet before a Negro may actually be admitted to a previously all-white state college. Under state law that would close the institution by cutting off its funds.

There also has been no sign of a break in the custom of Negroes using rear seats on Atlanta buses and trolleys. After segregated seating was outlawed Negro leaders indicated it will be at least two weeks before any organized move is launched toward desegregated seating.

Bank Stockholders To Meet Tomorrow

The annual stockholder meeting of the Snyder National Bank is set for 10 a.m. tomorrow in the bank's community room.

Election of bank directors and reports on the bank's business during 1958 will be included in the meeting.

Oklahoma's Governor Is Inaugurated

OKLAHOMA CITY (AP)—In a day full of parades, speeches and ceremonies, Howard Edmondson was inaugurated Oklahoma's 16th governor today.

At 33 he is the youngest man ever to hold the job.

Edmondson's work starts tomorrow. He will ask the Legislature, which is only lukewarm at best on some of the proposals, to put into effect the program that swept him into office.

The red-haired Edmondson parlayed a winning television personality and promises of reform into a lead in the first Democratic primary, a smashing victory in the Democratic runoff and a 4-1 victory over his Republican foe in November.

Previously his only elective office was two terms as Tulsa County attorney.

He promised Oklahomans constitutional highway and public safety commissions, removing them from control of the governor; a chance to vote on whether to keep prohibition; a district attorney system; compulsory reapportionment of the rurally dominated Legislature; and a non-political merit system for state employes.

Edmondson succeeds Gov. Raymond Gary, who under the Constitution cannot succeed himself.

Kidnaped Baby Is Found Unharmed

NEW YORK (AP) — The kidnaped Chionchio baby was found alive and healthy Sunday night in a Brooklyn apartment. The infant girl had been the object of an intense search since she was snatched from a hospital 2½ hours after her birth nine days ago.

Police and FBI agents, acting on an anonymous tip, located the baby in the second-floor flat of Jean Iavarone, a 43-year-old divorcee and widow with seven living children.

Her apartment is about 1½ miles from St. Peter's Hospital where the child was kidnaped late Jan. 2.

The child was returned to the hospital. Authorities said she was "in good condition." The youngest baby ever kidnaped here, she was taken before her parents had the chance to have her baptized "Lisa Rose."

Mrs. Iavarone denied the kidnaping and claimed the child is hers, police said. They quoted her as saying she had delivered the baby unattended in her apartment Jan. 2.

Chief of Detectives James B. Leggett said the woman would be booked on a kidnaping charge.

First positive identification of the baby was announced by the FBI, quoting the father, Frank.

Chionchio, 28, a lawyer for the Port of New York Authority, said he recognized the baby on the basis of a "general family resemblance" and a small scar over the left eye he had noticed the night the baby was born.

"I feel very happy," Chionchio said as he left the hospital to rejoin his wife, Frances, 26. She has been staying with her parents in Brooklyn.

Leggett said the baby "certainly" is the Chionchio child. He indicated the footprint of the baby found in the apartment matched the footprint of the Chionchio baby taken shortly after birth. He said the comparison was "okay."

The blood type of the baby was identical with that of Mrs. Chionchio, the FBI said, but did not correspond to Mrs. Iavarone's.

Leggett said medical examination showed that Mrs. Iavarone did not bear a child nine days ago.

He said the woman took "good care" of the baby. "She had plenty of experience caring for children of her own," he said.

Officials at St. Peter's said the baby weighed 7 pounds, 1 ounce when it was returned to the hospital. The Chionchio infant weighed 7 pounds at birth.

Mrs. Iavarone is a bleached-blonde, 5 feet 6, weighing about 140 pounds.

Leggett said Mrs. Iavarone, a department store employe, had been married twice and had eight children. The youngest is 3. The oldest, a 23-year-old son, died last summer, he said.

Her first marriage, to John Robert Getch, ended in divorce, Leggett said; and her second husband, Peter Morello, died two years ago. The use of the name Iavarone was not immediately explained.

Hood Found Slain Sunday

NEW YORK (AP)—Louis Loffredo, 40, identified by police as a Brooklyn hoodlum, was found shot to death Sunday night on a deserted dirt road in Queens near Idlewild Airport.

The body had three bullet wounds in the head.

In July 1947, Loffredo's brother, Alfredo, 34, was found slain in a desolate Bath Beach section of Brooklyn. He had been shot several time in the back.

Police said Louis, a longshoreman, had a long criminal record. He was released from prison last October after being convicted in 1947 with two others in a $14,000 Brooklyn holdup.

Near the well-dressed body police found four bloodstained 10 bills. There were two $100 bills in the dead man's pocket.

When Louis and two others were convicted of the Brooklyn robbery in 1947, Kings County Court Judge Samuel S. Leibowitz offered them leniency if they would tell what they knew about eight murders, including that of Loffredo's brother.

Leibowitz said he had been told by Police Capt. James McNally that "if these men would open up, they would make Murder Inc., look like a game of penny ante."

The reference was to the old murder-for-profit gang in Brooklyn.

New Helium Plant Set

OMAHA, Neb. (AP) — A new firm to extract helium from natural gas plans to start construction soon of a 13½ million dollar plant at Sunray, Tex.

Northern Natural Gas Co. of Omaha and Air Products, Inc., of Allentown, Pa., announced yesterday formation of the new firm.

Incorporation of this firm, the Helex Co., as a Delaware corporation, marks entry of private industry into this field, J. F. Merriam, president of Northern, said.

The Sunray plant will process about 120 million cubic feet of natural gas per day and expects to obtain in one year about 260 million cubic feet of helium. In 1957 the entire U.S. output was 292 million cubic feet.

An area within a 250-mile radius of Amarillo constitutes the only known source of helium in the free world, he added.

Camel outsells every other cigarette for 10th straight year

Latest published cigarette sales figures* prove that Camel continues its 10-year leadership over every other cigarette—every filter, every king-size, every regular. The reason is clear: the costly Camel blend of choice quality Turkish and domestic tobaccos has never been equalled. No other cigarette can bring you the rich flavor, the easygoing mildness, the downright comfort of Camels. Today as always, the best tobacco makes the best smoke.

*Compiled for 1958 by Harry M. Wootten, the tobacco industry's foremost authority on cigarette sales.

Have a real cigarette—have a CAMEL
