Colorado City Record

14 Pages - 1 Section Plus Supplement Vol. 74 No. 70 Pub. No. 122800

P.O. Box 92 Colorado City, Texas 79512 Thursday, September 6, 1979

ONE PICTURE is worth a thousand words. The original cast iron line clogged with hard mineral deposit was replaced with plastic PVC pipe. Water Superintendent B. M. (Buzz) Rich is standing over a strand of replaced line which serves 13 residents.

Buzz Rich Passes 25th Year Of City Service

Buford Monroe Rich Jr., better known as Buzz to city residents, has just passed his 25th consecutive year of service to the city.

As Superintendent of Water and Waste Water, Rich is the one person with the most knowledge on the more than 500 miles of water lines and distribution, according to City Manager Ray Mason.

"This is a deeply concerned man who takes great pride in his work. Working with him no longer than I have, I am deeply impressed with his attitude about the job," Mason said.

"He is dedicated and truly concerned for the welfare of the entire community. He answers calls night and day," Mason stated.

"He tries as hard as anyone to stay within the confines of our budget and still maintain a good system He has some very workable ideas which we are implementing, as we manage to scrape together a few dollars here and there for improvements. This is especially true with the older parts of the system," Mason continued.

Rich first came into the water department in June 1954 as a maintenance worker. In May of 1956 he was promoted to filter plant operator and with the retirement of J. A. Sadler as superintendent in Februrary of 1968, Rich was promoted to that position.

"When I first came in from the filter plant as superintendent all the service lines were bleeding bad, everywhere in town. It was mostly all the original old galvanized iron pipe.

"We have been able to replace about 10 miles of the large mains and about 400,000 feet of the lines that run from the main to the meters in the past 12 years," Rich commented.

"I began by trying to replace them with copper tubing but that got expensive right quick so I converted to plastic pipes of the same diameter," he noted.

"This has worked out real good. I had cause to dig some up the other day and they were in the same condition as they were new," he stated.

"I got on to the idea of plastic when a salesman came by one day and left a couple of samples. I decided to try it and put in two service lines. The only problem I have had with them are if hot water backs up through the meter it will cause the line to buldge or if someone digs into it with a shovel it will cause damage.

"We've just about got the bleeding problem licked. Most of our problems and complaints now are about dingy or rusty water. We flush a fire hydrant and the pressure causes the old rust and silt to break loose and flow." Rich stated.

"We have real problems when a sewer backs up and overflows into a house. This happens sometimes if the house is setting on low ground.

"I remember in about 1954 when we were on the old system, the department was trying to unstop the sewerage lines leading into the hospital. We put a water hose on a hydrant to force water back into the system. It forced it back all right, right into a residence. That poor man wound up knee deep in water. I think that was the biggest disaster I've seen since I've been with the department. I think the insurance companies finally settled with him," Rich said.

"Our biggest headaches are caused by tree roots and grease build up. Junk from the hospital and cafes really can clogg lines," he commented.

"A back up is fairly easy to locate most times because it will

THE PARTS HOUSE (formerly Mahoney's Auto Parts) has announced intentions to build a new facility at 19th & Hickory. Manager Aaron Carpenter said construction of a 50-foot by 75-foot metal building is expected to start later this month with completion slated for about the first of the year.

Dillard Set For Hospital Position

Root Memorial Hospital is to have an Assistant Administrator, according to a vote taken by the Board of Directors August 28.

Ray Dillard has been appointed by the directors to serve in this capacity. He will assist Administrator Charles Root in the operation of the 39 bed hospital.

Dillard first applied for the position August 21 in a formal letter to the Screening Committee of the Mitchell County Hospital District.

"I feel this is a great opportunity to broaden my knowledge in the medical field. This is a field in which I have been interested since early childhood," Dillard commented.

Dillard holds a Bachelor's of Science in Industrial Arts from North Texas State University.

He has a total of 42 hours taken in industrial subjects with a grade point average of 2.7 on a 3.0 system.

He also received his Master's Degree in education from the same university and maintained better than a 2 point average in graduate work.

He was nominated to "Who's Who" in Industrial Arts in 1965-66.

Among his credits, he lists 120 hours of Emergency Medical Technician School and a consisting of 520 hours in paramedics training.

He holds State certifications in Airways Management, 140 hours of study and Intravenous Fluid Therapy, 70 hours of study.

Dillard instructs EMT Courses locally; is a Mitchell County Ambulance Service driver and attendant and a member of the Volunteer Fireman and Rescue Squad.

In 1977 the Jaycees awarded Dillard the Distinguished Service Award.

Dillard was elected to serve on the Colorado ity Council in 1979.

From 1966-69, he was Co-director of Industrial Arts at Strickland Junior High School in Denton. From 1969-74, Dillard served as director of Machine Tools Technology Department in Central Texas College in Killeen.

Dillard, a graduate of Colorado City High School, returned home in 1975 to open his own business Colorado Ma-

Callender Found Dead

George Whitlock Callender, 72, was found dead at his home Tuesday evening about 10:46 by Police Sergeant Jimmy Roundtree.

A call was received by the police department from Bruce Callender, a son, of Lubbock, stating he could not get any answer to his calls. After entering the home, the body was discovered.

Three gunshot wounds were found on the body, one in the temple area and two in the stomach area.

The death appeared to be self-inflicted according to Police Chief Fred McWhorter. "Further tests will be made on the weapon. With numerous notes left, and after talking with his doctor we feel like the shots were apparently self-inflicted.", he added.

Born July 27, 1907 in Wichita, Ks., he had lived in Colorado City 17 years and was retired pharmacist. He was a Mason.

He married Mozelle Clark Leonard May 29, 1961. She died Dec. 30, 1978.

Services were incomplete with Kiker-Seale Funeral Home Wednesday.

Board Sees New Budget

Members of the Mitchell County Hospital District Board of Directors were presented with and approved a tentative budget for 1979-80 during the regular meeting August 28.

The budget included a total net operating revenue of $2,270,039. This amount is 14.5 per cent over that actually spent last year, according to Business Manager George Witten.

"This figure does not include any monies from tax revenue," Witten noted. "This allows capital improvements and purchase of large equipment without operating at a loss."

Total operating expenses proposed in the budgets are $2,344,748, 15.3 per cent over last year's actual expenses.

Of these operating expenses $1,243,079 is included for salaries and $591,268 is proposed for supplies, 18.8 per cent over last year.

Other expenses include a total accounting expense of $122,561, 64.2 per cent increase. This is due to the anticipated conversion to a computer system, Witten said.

Budgeted physicians recruitment expenses are increased from the $5,330 in 1978-79 to $27,600 for 1979-80.

The total fiscal and

See BUDGET Page 2

Citizens Relax On Labor Day

Most area residents ceased from their labors during the three day Labor Day weekend and according to local law officials most of them were also relatively law abiding during the same period.

The Mitchell County Sheriff's Department reported no accidents and only one incident of any significance that did not involve a local citizen.

Deputy Sheriff David Ginkinger reported that Monday afternoon he was informed by a man named Darrell Harris who was passing through Colorado City that his girl friend had been kidnapped.

Harris, who is from Fort Worth, told Ginkinger that he and the girl had been hitchhiking from El Paso and had caught a ride with a truckdriver from there.

Harris said that they had gotten as far as Toyah in Reeves County where they had stopped and the truckdriver had asked him to get out and get him a cup of coffee.

When Harris returned, the truck, truckdriver and the girl, who was 16, were gone.

Ginkinger said that Harris told him that he had informed several law enforcement agencies between Toyah and Colorado City of the incident but there had been no sign of any of them.

The Colorado City Police Department likewise reported a fairly quiet Labor Day Weekend.

The department had one call reporting a snake in a yard but by the time they got there the snake had departed the premises, apparently deciding it was time to seek other places to hang out.

At about 9:30 p.m. Monday the department received a report that a family on its way to California had lost a son or perhaps it was the other way around.

The boy was riding in the back of the family's pickup, when he fell out somewhere along Interstate 20 on the East side

See LABOR Page 2

City Debates Rate Hike

Colorado City Council met in a public hearing Tuesday afternoon to consider an enviromental report prepared for submission with an application for a Urban Development Grant.

"The report shows no adverse effect to the enviroment by the construction of the shopping center," City Manager Ray Mason told the council.

"The public has five days to make comment either in person or in writing," Mason said.

Lone Star Gas Manager B. L. Swank and a representative from the Dallas office appeared before the council to answer questions on a proposed rate increase submitted July 25.

The council had postponed the request for a sixty day period in order to study the increase further.

Swank explained the increase would be set as a flat rate and step rate. The step rate proposed is plus $2.6819 per Mcf residential.

The summer rate is $3 plus $2.4319 per Mcf for residential.

The commercial rate will be **$6 plus $2.6819 per Mcf for winter and $6 plus $2.4319 per Mcf for summer.**

The greatest changes to be made, Swank stated, are in service charges.

Reconnection charges will be increased from the present rate of $5 to $20.

Appliance service rates will increase from $13.50 an hour to $18 an hour.

Air conditioning service will increase from $17.50 per hour to $20 per hour.

A returned check charge has been added at a rate of $5 per check.

See CITY Page 3

Co-op Meeting Due Tuesday

The annual meeting of the Lone Wolf Electric Co-Op will get underway Tuesday evening at 7 p.m. with members registering at the Co-opatorium located on the Robert Lee Highway. Free coffee, donuts and cokes will be served at this time.

At 8 p.m., Martin Murphy of Hermleigh will start the business meeting with the president's address and the welcome address. Rev. Monte Wike will give the invocation.

Entertainment will be provided by Cindy Hataway of Snyder.

Each member will receive a door prize upon registering and other prizes will be given away during the evening.

Among the items on the agenda will be the election of two area directors. The nominating committee has presented two names for each of the two areas to be voted upon at Tuesday's meeting. One director will be elected from each area. Nominated in area four are incumbent Danny Thompson and Don Richburg and in area six incumbent A. K. McCarley and Curtis Shaw. Nominations will also be accepted from the floor.

Co-op officials will also give annual reports during the meeting.

CUSTOM AG'S annual field day Tuesday was attended by some 250 people as they looked over a wide variety of cotton developed for different regions of the nation by Custom Ag at their research farm south of Loraine. Custom Ag now claims to be the largest cottonseed sales firm in the nation.

QUEEN CONTESTANTS for the annual St. Ann's Catholic Church fall festival are Michelle Franco, left, and Anna Arellano. See related story on page 9.

SEP 06 79

Kiwanis To Sponsor Trip

Kiwanis Club will sponsor a chartered bus trip to South Plains Research Center for an Agriculture Experiment Field Day, Publicity Chairman Bobby Lemons stated.

Interested persons are asked to meet at the bank parking lot Tuesday. Busses will leave around 8:30 a.m. and return about 6 p.m. that same evening.

A Dutch-Treat luncheon stop will be made at Furr's Cafeteria in Lubbock.

Some of the items listed on the agenda for the group include: machinery exhibit, varieties of cotton suitable for cultivation in the Texas Plains, practical irrigation systems and varieties of disease resistant or immune cotton.

"The bus has a capacity of only 43 persons so we will take the first 43 people to call in reservations," Lemons commented.

Interested persons may contact Bobby Lemons at 728-5221 or Costin Implement at 728-2031 or the Chamber of Commerce at 728-3403 for reservations.

Lemons noted if enough people expressed interest a car pool will be formed to make added transportation available.

★ LABOR, From Page 1

of Colorado City. The family did not know anything had happened, however, and they kept on going.

They were stopped by the police at the Cattlemen's Restaurant and informed of their loss. The boy was not hurt in the incident.

There was a report Saturday morning of a boat and some fishing equipment being stolen at Lake Champion and two 17-year-old Colorado City youths were arrested and charged with possession of marijuana.

The Texas Highway Patrol reported handling no accidents and had no other major incidents over the weekend.

Lake Colorado City State Park reported a booming Labor Day Weekend with about 13,000 people passing through its gates as compared with about 9,000 for Labor Day last year.

A spokesman at the park said that so far this year, the park has had about 300,000 people pass through its gates. There were not any figures readily available, however, to compare this 300,000 with the attendence for the same period last year.

Another recreational activity opened Friday which was of interest to area sportsmen.

The dove season opened and will remain open until October 21 for those hunters going after mourning dove.

A check of local businesses selling hunting licenses revealed that this business had been brisk this weekend as Sterling Hardware had sold about 100 licenses and White's Auto Store had sold 75.

Reunion Set For Saturday

"We have reservations from as far as California," said Margaret Oyler, Tuesday in reference to the Mitchell County Old-Timers Reunion which is set for Saturday at the Civic Center.

Mrs. Oyler, who is chairman of the event, added the reservations were coming in at a brisk rate and would still be accepted until the opening of the reunion at 8:30 a.m.

The registration for the event will begin at 8:30 a.m. to be followed by a social hour at 9:30 a.m. and the program at 10:30 a.m.

Paul Hunter will serve as master of ceremonies of the program with the welcome to be given by City Manager Ray Mason.

Chamber of Commerce Manager Larry Winders will be the main speaker.

Bill Carter will lead the singing period and will be assisted by Nell Shackelford at the piano.

After a noon luncheon, the group will make a tour of the Colorado City Playhouse, the library and Colorado City Museum at 1:30 p.m.

Reservations can be made by contacting Margaret Oyler, tickets for the luncheon may be purchased at registration time, Sept. 8, for $4.

Please make reservations before 8:30 a.m. Saturday.

★ BUDGET, From Page 1

administrative expenses are increased from the actual amount spent last year by 30 per cent at $288,099.

This increase was attributed to the new data processing system for the hospital by Witten.

Also submitted by Witten for the Boards approval was a proposed budget for 1979-80 for Root Valley Fair Lodge.

This budget stays fairly stable according to Witten because the 50 available beds are continually occupied.

Total net operating revenues are increased 8.8 per cent over last year's actual costs at $528,329.

The total operating expenses equal $520,329, an increase over actual expense last year of 8.7 per cent.

★ DILLARD, From Page 1

chine and Tool. He operated this business until recently when he sold it to J. B. Autry.

"I have always tried to base my life on the idea I could learn from everyone with whom I come in contact," Dillard stated, "I feel it will take a good while to become aquainted with the duties in my new position. I feel with the help and assistance of the personnel and staff, it will be a wonderful learning situation," he commented.

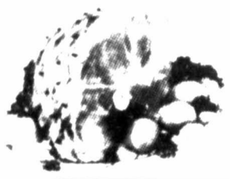

Dillard and his wife, Anna Lee, have a boy, Charles Ray, 14 and a girl, Christi Lynn, 11.

Dillard officially began his duties as Assistant Administrator September 1.

Rabies Clinic Due Saturday

A second Rabies Clinic is to be held Saturday from 1-4 p.m. at the City Maintenance Barn located on Old Highway 80, City Manager Ray Mason stated.

"There has been a great deal of interest expressed in holding another clinic by persons who were unable to attend the first clinic," he noted.

Dr. Larry Helms will administer medication and though not a free clinic, vaccinations will be given for a reduced fee, Mason noted.

★ RICH, From Page 1

overflow from the manholes.

"I've gotten some weird things from clogged lines," he stated indicating a large rock on the shelf. "That had to have fallen into the line when it was originally built," he noted.

"I've retrieved several sets of false teeth and eye glasses. Once I found two Indian-head pennies when we were swabbing the sewer lines," he commented.

Besides his duties as superintendent, Rich operates the sewerage and water plants when personnel are off ill or on vacation.

"Superintendent sounds like a high title but an awful lot of what I have to do is manual labor and I'm glad. I would not enjoy being just a pencil pusher," Rich commented.

Rich comes from a ranching background. He and his family worked and lived on the Conway Ranch around Stanton until 1942 when "we moved up in the world and moved into town and got electricity," he said.

"I was raised walking and hunting. I still do as much hunting as I can," he commented.

"I use animal calls and get bobcats, fox and coyotes. One year I remember, Roy Davis Coles and I were out hunting and I was calling up bobcats, then changed to a fox call. This fox ran out to the road and Roy Davis was siteing his gun across the hood of the car to pick it off when another fox sneaked up behind and jumped him," Rich stated laughingly.

"That was real funny all right," Coles commented, "he just about fell out of the car laughing and I thought all the time a bobcat had me. That poor fox realized what he had jumped and almost broke his neck trying to get out of there."

When he is not working or hunting, Rich notes he is with his family. He and his wife, Jeneal have five sons: Steve, who works for the city at the sewerage plant; Monroe, who is in the service and stationed in Germany; Danny, who is a roughneck for an oil company here; Kenneth, a high school student and Stacey, four-years-old.

★ CITY, From Page 1

Disconnect and reconnect customer's yard line or repair of customer property will be set at a rate of $40.

This represents, according to Swank a 13.32 per cent over all increase and an 8.8 per cent return on the money Lone Star Gas has invested in the city.

Swank noted this was the first increase the company had requested in the past two years and he did not anticipate another for at least 18 months if this one is granted per the request.

He did indicate the study was made using 1978 figures which were already obsolete.

Councilman Elmer Martin questioned Swank if the "fat" had been cut from Lone Star Gas operations before requesting the increase in rates.

Swank indicated cut backs had been made in manpower in many areas.

Councilman Sammy Parham questioned Swank on figures from gas that went up to the meter as opposed to those that actually went through the meter.

Swank replied that only .17 of one per cent was unaccounted for.

Councilman Macca Findley questioned what other towns the same size as Colorado City were paying currently.

Swank listed several as lower including Sweetwater, Coleman, Stamford and Snyder and indicated it was due in part because of industrial use.

The council may act to increase the rate at the next regular meeting or they may take no action and the rate will become effective September 23 which is the end of the 60 day period.

If they vote to reject the rate increase, Lone Star Gas will immediately appeal the case to the Railroad commission and after a 90 day period post bond and increase the rate.

CANCER ANSWER LINE

American Cancer Society
M. D. Anderson Hospital and Tumor Institute

A woman writes "I have a condition called endometriosis and I am worried because I am afraid that it will lead to cancer. Am I right?"

ANSWERline: The endometrium is a mucous membrane which forms the interlining of the uterus or womb. Sometimes this tissue grows outside of the womb, and this condition is called endometriosis. While it can cause internal bleeding, and it can sometimes be painful, endometriosis is not cancer, nor does it lead to cancer. Naturally, you should be under the care of a physician.

A worried father writes "My son is 17 and he recently put himself on a Zen diet of some sort. He is practically living on cereal alone. He tells me that if my father, his grandfather, had followed that kind of diet, he would not have died of cancer last year. What can you tell me?"

ANSWERline: The Zen Macrobiotic Diet is one of the most dangerous your son could have chosen. It has been condemned by the American Medical Association and leading experts on nutrition as a serious health hazard. A woman in New Jersey died of starvation after following this diet for nine months. You might tell your son that after careful review, the American Cancer Society has published a statement noting that this diet, "is not beneficial in treating cancer." It is a cruel deception to suggest that such a harmful diet could have saved his grandfather.

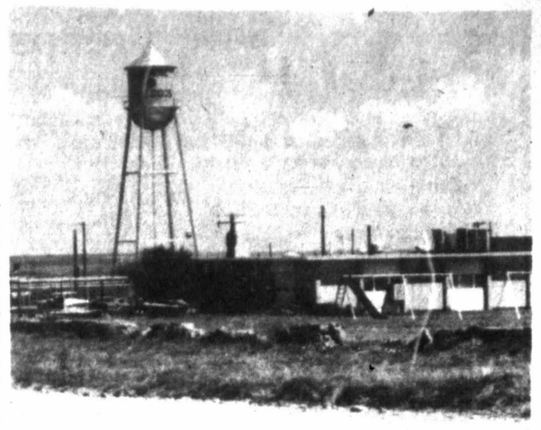

A college student writes "I am interested in behavior modification, and I think it could be of help to people who want to quit smoking cigarettes. Has it been tried?"

ANSWERline: Behavior modification is one of the techniques used in smoking withdrawal groups including those sponsored by the American Cancer Society. The potential quitter discovers that smoking is a learned habit which he or she can consciously unlearn. One of the ways that is accomplished is to make the smoker "strongly aware of when he or she smokes, and why. If, for example, a smoker automatically lights up with coffee at the end of a meal, there is benefit in changing that double pattern of behavior by, for example, leaving the table and having coffee elsewhere, or using both hands to hold the cup — anything to break the chain of habits, thereby modifying behavior.

A union member asks "Is there any way of estimating how many workers will get cancer? I am trying to convince my membership to try some preventive health measures, and this information would help."

ANSWERline: In terms of a rough estimate, 21 million of the more than 85 million Americans in the work force today will develop cancer sometime in their lives. However, there are some preventive measures, such as regular medical checkups and heeding the seven warning signals, to find cancer early when it is most curable. Your American Cancer Society Unit would be glad to help you plan a program to help safeguard the health of your union membership and their families. The ACS can provide such programs free of charge.

Do you have further questions? Call your local unit of the American Cancer Society or call M. D. Anderson Hospital & Tumor Institute's Cancer Information Service, 1-800-392-2040 toll-free in Texas, 792-3245 in the Houston area.

LORAINE'S water tower is a good indicator of Bulldog spirit as it was recently painted gold with a black bulldog and Loraine Bulldogs lettering.

Eggs Are Nutritional

An egg is a bundle of nutrition sealed in its own package by a hen and is one of nature's freshest and most nutritious products, contends a poultry marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System. A hen's diet influences certain egg characteristics, such as yolk color, egg flavor and quanitity of fat soluble vitamins (A, D, E and K). And the commercial laying hen probably receives a better diet than any other animal.

Safety Tips For Safe Walking, School Bus Riding And Around The Farm

Every year the opening of school brings about a tragic rise in the number of accidents involving children. Statistics on school related accidents show that the greatest number occur 45 minutes before and within two hours after school closes for the day.

Darting out between cars causes a greater number of accidents in children under the age of nine. Yet, older children often take more chances at signal lights when DRIVING bicycles. Older children also tend to take the shortest route to school rather than the safest routes.

In short, children have difficulty discriminating the direction of sound or cannot always size up a traffic situation.

Parents must accept the responsibility of knowing and teaching proper safety behavior. Schools and media can provide tips to help parents help their children to reinforce what children are taught.

Listed following are some safety tips:

TIPS FOR SAFE WALKING

1. Use sidewalks when they are there. Otherwise, walk on the left side of the roadway, facing traffic. That way, you can see on-coming cars.

2. Never go into the roadway from between parked cars. The drivers will not be able to see you in time to stop.

3. Cross the street at crosswalks when they are there. If there are no crosswalks, then cross at an intersection... where drivers will see you better.

4. Before crossing the street, always look both ways. Cross when it is clear from both sides.

5. Remember to always check for turning cars before you cross the street.

6. If the intersection you are going to cross has a signal, cross only on the proper signal...a green light on a regular signal or a "walk" message on a pedestrian signal.

7. If you must walk after dark, do so only if you are wearing something light and - or carrying a light so drivers can see you.

TIPS FOR SAFE SCHOOL BUS RIDING

1. Leave home early enough to arrive at your bus stop on time.

2. Walk to your school bus stop by the safest route.

3. Enter the bus from a safe place-off of the roadway if possible.

4. Always listen to the school bus driver or the bus patrol. They do have the right to give instructions to passengers and if a passenger doesn't obey, they can be refused rides in the future.

5. Stay seated when the bus is in motion.

6. Enter the bus in single file; do not push or shove other passengers. Then, take a seat.

7. Keep your hands, arms, head, books, etc. inside the bus at all times.

8. Do not stand in the aisle or put books in the aisle without the bus driver's permission.

9. Remain quiet and courteous-it makes a nicer ride.

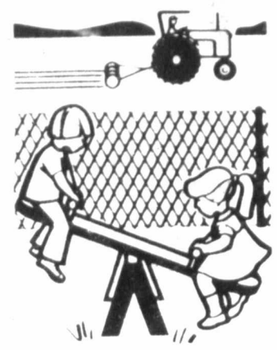

10. After leaving the bus, be very careful when crossing the street. Maybe your bus driver can tell you when it is clear to cross.

11. Walk home from the bus stop by the safest route.

Farming

Rural America is a good place to rear children. It can also be a place for them to get hurt. A few simple precautions can help assure your children a long life.

Keep them away from farm equipment. Supervise them in new chores until you are satisfied they can do them safely. Make grain bins, silos, livestock facilities, etc., strictly off-limits. Have responsible supervision at the swimming hole. Teach them bicycle safety, especially for public roads. Teach them what to do and how to get help in an emergency.

Floor Covering 1032 Hickory

DRIVELINE

No wonder you had to wait in line . . . There are 800,000 mechanics in America. Sounds good, until you realize there are over 140 million vehicles . . .

Q. When the oil light starts glowing on my dashboard how long can I continue driving before getting more oil? — O.A., El Paso

A. Stop immediately. Don't drive another minute unless you want to risk buying a new engine. If the warning light is working correctly, your car has lost oil pressure and is probably out of oil. Turn your engine off and check the oil level with the dipstick. If no level shows, don't drive until you've added oil. A good precaution on long trips is to keep a quart of oil in your trunk. And check your oil regularly, everytime you buy gas.

Notable quotes from insurance company accident reports:

"I was thrown from my car as it left the road. I was later found in a ditch by some cows."

"I thought my window was down, but I found out it was up when I put my hand through it."

Think the 55 mph speed limit isn't safer? When the new limit was enacted in 1974, Texas traffic fatalities promptly began to fall — 18 percent in the first year alone. It was the first *decrease* since 1967. The total number of deaths has gradually increased since then — because of population growth — but the highway death *rate* (accidents per miles driven) remain far lower than in the pre-55 years.

Sometimes the fact that a car works at all seems like a minor miracle. For instance . . . at 55 mph, each piston in your engine moves up and down inside its cylinder about *35 times per second.* Piston temperatures reach 400 degrees, and bearing pressures exceed 1,000 pounds a square inch. What keeps the engine from grinding itself to pieces? *A film of motor oil thinner than this page.*

Bet you didn't know . . . Almost one-sixth of the fatal traffic accidents in Texas involve vehicles striking pedestrians. Most frequent victims are the very young, the elderly, and persons who have been drinking.

B&PW Social Enjoyed In Delaney Home

The first social meeting of the Colorado City Business and Professional Club's new year was held Thursday evening in the home of Shirley Delaney.

Due to rainy weather, the backyard picnic was diverted to the living room. Erdine Morgan voiced the invocation. A meal consisting of a variety of meats, vegetables, salads and deserts was served with coffee and iced tea.

After the meal was served, members enjoyed an evening of fellowship and games.

Enjoying the evening were Ida Kirschbaum, Juanita Schafer, Virginia Dearen, Shirley Delaney, Erdine Morgan, Velma Mosely, Pearl Watson, Mildred Boyd, Lona Pritchett, Ethel Hardegree, Mary Womack, Mildred Free, Sallie Rogers, Velma Smith, Nelda Garrett, Ola Mae Johnson and Margaret Oyler.

Guests were Zeno Smith, Toby Dearen, Mallie Lou Wallace, Ben and Bertie Costin, Lena Porter, Pam Johnson, Victor Drake, Doris Lindsey, Elizabeth Moore, Jeffrey and Gregory Conaway, Ruby Cawthron and Cara Delaney.

Thompson Reunion Hosted At Loraine Lions Club

Descendents of the late Mr. and Mrs. F. M. Thompson of Westbrook held a two day reunion at the Loraine Lions Club Saturday and Sunday with 62 present.

It had been 20 years since the Thompson family had met for a reunion. This get-together was made up of third generation descendents. They were Mr. and Mrs. Fran Brower of El Sobrante, Calif., Mrs. Gladys Gird, Grand Junction, Colo., Gertrude Longwell, Canyon, Colo. and Dr. and Mrs. Berl Cavin, Dallas. Others who were here for the reunion were from Hobbs, N. M.; Tulsa, Okla.; Midland; Odessa; Jayton; Waco; Abilene; De Leon; Kermit; Colorado City and Loraine.

Saturday night the group enjoyed visiting and re-newing acquaintences.

The group assembled Sunday morning for a devotional service. Melvin Gale led group singing and Mrs. Linton Ray Webb accompanied. Mrs. Webb accompanied as Mrs. Charlie Menshew sang "How Great Thou Art" and Mrs. Rex McDaniel accompanied for Mrs. Webb as she sang a medley of songs.

Dr. Cavin brought the devotional, using as his subject "The Family of God." Truman Nix closed this period with prayer.

The group voted to meet again next year. They elected the following officers and committees to plan for that date: Harold Thompson, president; Luline Menshew, vice presidnet; Janie Henderson, secretary and Melvin Gale, Linton Ray Webb and Dewayne Harris activities. Mrs. Melvin Gale and Mrs. Linton R. Webb will plan the program for next year.

Furegeson Will Be Speaker

Winnifred Furegeson, District Eight President, of Brownwood, will be the guest speaker Sept. 13 at the Colorado City Ladies Auxiliary Post 9178 of the VFW.

The meeting will start at 7:30 p.m.

The ladies auxiliary donated $25 each to the Jerry Lewis Telethon for Muscular Dystrophy.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN -Governor Bill Clements has reversed his position on history's largest oil spill which so far has washed over a million barrels of goo onto Texas beaches. The Governor last week toured the oil-blackened beaches of Corpus Christi and announced the spill was an "unprecedented problem."

He promised local officials he would do all in his power to provide them economic aid for lost tourist and business dollars on the Gulf Coast.

When the off-shore oil drilling rig in Campeche Bay in Mexican waters blew out five weeks ago, Clements called subsequent ecological warnings and related press coverage "much ado about nothing." Clements stuck to those comments until recently and his change in position is thought by many to be a real step in cleaning up the giant oil spill and recovering the economic loss to the Gulf Coast.

Several state officials, including Lt. Gov. Bill Hobby, House Speaker Bill Clayton and Attorney General Mark White, have called on the Governor to take all steps necessary to make the economic recovery, including a possible lawsuit for damages against Mexico.

White said he has not ruled out the possibility of suing the Mexican government, PEMEX, the nationally-owned Mexican petroleum industry, and SEDCO, Inc. of Dallas, which supplied the offshore drilling rig being used when the oil well blew out.

Clements was president and chief executive of SEDCO prior to becoming governor, but he has since placed his majority stock holdings in SEDCO into a blind trust.

Calls for a Lawsuit

Clements has discarded the idea of a lawsuit against Mexico as "not being a good neighbor," but last week other Texans joined the call to keep such an option open, including U. S. Rep. Henry B. Gonzales and Jim Collins.

Meanwhile, SEDCO officials reject any liability for the spill, saying "gross negligence" must be proven on their part; and State Republican Party Chairman Chester R. Upham, Jr. blasted White for "playing politics with the issue."

The United States and Mexican governments have so far not discussed publicly what course they will take once the spewing oil well is capped, probably at the end of September.

Telephone Increase

In Austin last week the Public Utilities Commission recommended that Southwestern Bell Telephone Co. receive a $136.7-million-a-year rate increase, but commissioners asked for more time to consider how the increase should be divided among customers. The increase was about $9 million less than the telephone company's request of $145.2 million.

Committees Returning

Several legislative committees met last week to begin preliminary studying of problems and bills to be considered in the 1981 session. Among those holding hearings in Austin were the House Agriculture and Livestock Committee and

Mexican Coal Eyed

Governor Clements said Monday he would look into the possibility of several Texas cities buying coal from Mexican mines being developed near Eagle Pass. The Coahuila coal is equal in quanity to coal which San Antonio is buying from Wyoming.

Clements met last week with Coahuila Governor Oscar Flores Tapia to discuss the problems of drug and automobile smuggling. Clements said they agreed to establish a joint commission to discuss mutual interests such as livestock and veterinary problems, exchange students and cultural exchanges.

New Laws in Effect

Several new laws passed by the recent Legislature went into effect on Aug. 27 or Sept. 1, including the new usury rate hike which raised the ceiling on home mortgage loans from 10 to 12 per cent. The lending increase was raised after savings and loans representatives complained of too little money available in Texas to loan to homebuilders.

The new law has a Sunset kicker which causes the new rate to expire in two years, at which time it will be renegotiated through the legislative process.

Deputy Resigns

Chief Deputy Comptroller and former Plainview state representative Ralph Wayne resigned his office last week because of health reasons. Comptroller Bob Bullock said he valued Wayne's assistance but he valued his good friend's health even more.

Texas Agricultural News

Industrial Development Course

The Texas Agricultural Extension Service and the Texas Industrial Commission are sponsoring a 10-week self-study course and workshop to help local community leaders understand industrial development basics. The self-study course is from Aug. 27 to Nov. 2, followed by a special workshop Nov. 6-8 at Texas A&M University, according to an Extension community development specialist.

Accident Control

Fifty per cent of all tractor fatalities result from overturns. Next come victims that are run over. In nearly two-thirds of the cases, the person first fell from the tractor, and most of these were extra riders. Keep tractors clear of overturn terrain and allow no extra riders, cautions the Texas Agricultural Extension Service, Texas A&M University System.

Williams Honored With Celebration

Mrs. Charles Williams was honored with a birthday celebration in her home Saturday afternoon.

Refreshments of homemade ice cream and cake were served to relatives and friends.

Attending the occasion were Mr. and Mrs. James C. Williams and Eddie, Mr. and Mrs. Larry Williams and Melissa, Mr. and Mrs. Randy Wright, Lubbock; Mrs. Peggy Redman, Lisa, Robert and Ross of Midland; Mr. and Mrs. Lucky Merket, Hayden, Jeff, Robin of Hamlin; Mr. and Mrs. Mike Hammans, Mrs. Ruth Hammans, Mr. and Mrs. J. I. Lane, Mr. and Mrs. Howard Lindley and Mrs. Odell Fuller.

Congressional Comment

By Charles Stenholm

After World War II the confidence of Americans seemed almost unlimited. We had defeated the Axis powers and then, through the Marshall Plan, rebuilt most of Western Europe. We could do all this and at the same time provide prosperity for our own citizens. People all over the world were beginning to predict that the next 100 years would be an "American Century."

Looking back on the era, it is hard to imagine today that confidence in our leaders and ourselves at such a low ebb. Few people are talking about extending America's power and influence and no one is using the phrase "American Century". The present situation is, in a large part, due to our Country's involvement in the Vietnam War. This conflict shattered the belief in our ability to find pragmatic solutions to difficult problems. It has shaken the concept of ourselves as a Nation.

Now there is a pervasive sense among Americans that we ought to put Vietnam behind us and get on with the business of the world. This attitude neither does justice to ourselves or to the people who fought and died in this conflict. If we sweep the issue under the rug, the lump will show.

One of the legacies of Vietnam that we must continue to confront is the MIA question. Uncovering the fate of these American servicemen and civilians listed as missing must remain important to the United States. We cannot lose sight of the sacrifice these men and their families have made. This Country should be ever mindful of the pain and uncertainty which shrouds the lives of the families and friends of those still listed as missing. The Vietnam conflict is still very much alive in the hearts and minds of these people and we must not forget them.

It has been over six years since the signing of the Paris accords and we still have not received a full accounting of the over 2,500 MIA's. Very little has been done to convince the Vietnam government that we will not forget the issue. The President's MIA commission was told by the Defense Department that it is reasonable to assume the Hanoi regime can provide information on over 1,000 of the missing servicemen. But the Administration has applied little pressure to receive this data.

The communist governments of Vietnam, Laos and Cambodia have repeatedly sought economic assistance from the United States. They claim that we owe them "reparation" payments. Though they seek our aid, they have done little to provide information about MIA's. It is callous and cruel to use this knowledge as a pawn in an international chess game.

We must not allow the issues of the present to bury the problems of the past. If we are going to revitalize our confidence as a Nation, we should not suppress the difficulties of our recent history. The MIA question still remains unresolved-let us not forget.

Vegetable News

Texas Vegetable Production

Texas' total vegetable acreage increased almost 11 per cent last year over 1977 figures, but the value of vegetable crops dropped 2.5 per cent, according to a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Some 226,700 acres of vegetables were grown commercially in Texas last year and were valued at $270.1 million. Top crops, based on acres harvested, were watermelons and onions. Top revenue producing crops were onions and cabbage.

Essie Ward Services Today

Essie Ward, 64, died Saturday in Root Memorial Hospital after a lengthy illeness. Services will be at 2 p.m. Thursday (today) in the Payne Chapel CME Church.

Burial will be in the Mitchell County Cemetery under the direction of Kiker-Seale Funeral Home.

Born April 1, 1915 in Dawson, he had lived here many years and was custodian at the First United Methodist Church for more than 20 years. He was a veteran of World War II and had fought in the Pacific. He took part in the invasion of Normandy, was injured and discharged in 1946

Survivors include a brother, Ben Thomison of Colorado Springs, Colo.

Vining Infant Buried

Dawn Sharlyne Vining, infant daughter of Sharon Vining, died about 8 p.m. Friday after birth in the Root Memorial Hospital. Graveside services were held at 2 p.m. Sunday in the Loraine Cemetery under the direction of Kiker-Seale Funeral Home.

Survivors are her mother; two sisters of the home, Holly and Tayna and maternal grandparents, Mr. and Mrs. Denver Knautz of Colorado City.

Brame, 90, Services Saturday

Sarah Brame, 90, of Loraine died at 6:15 a.m. Saturday in Leisure Lodge Nursing Home. Services were held at 4 p.m. Sunday in the Loraine First Baptist Church.

The Rev. Luke Smith, pastor, and the Rev. Clarence Minton of Snyder, officiated. Burial was in the Loraine Cemetery under the direction of Kiker-Seale Funeral Home.

Born Sarah Richardson May 7, 1889, in Hill County, she came to Loraine in 1907. She married Frank P. Brame Aug. 13, 1916 near Loraine. He died Jan. 9, 1974. She was a member of the First Baptist Church of Loraine.

Survivors include three sons, Loyd of Loraine, Raymond L. of Irving and E. A. of Dallas; five sisters, Mrs. E. O. Walker of Colorado City, Mrs. Bertie Moore of Andrews, Cora Howell of Baird, Mrs. Dink Anderson and Mrs. Pearl Preston both of Loraine; a brother, Moody Richardson of Loraine; six grandchildren and five great-grandchildren.

BILL MACK

Every once in a while I like to give you readers a shot at this space. So, if you have any questions about country music or the people who make country music just let me know—I've been able to settle a lot of disputes over the years.

Q. How old is Roy Acuff? I have a bet that he is 80 years old or older. When did he join The Grand Ole Opry?

A. The "King of Country Music" was born Sept. 15, 1903. Roy joined the "Opry" in 1938. The song that brought him fame and an invitation to join The Grand Ole Opry was "The Great Speckled Bird."

•••

Q. How many times was the late Hank Williams married?

A. Hank was married twice. His first wife was the late Audrey Sheppard. She was also a performer from time to time with him and was the mother of his only child, Hank Williams Jr. After divorcing her, shortly before his death he married Billie Jean Jones Eshlimar, a 19-year-old Louisiana girl. Billie Jean married country singer Johnny Horton after Hank's untimely death at the age of 29. Horton lost his life in an auto accident near Austin, Texas, in 1959.

•••

Q. Did Bob Wills, the great western dance band leader, really write the big hit "Faded Love"? I know he is given credit for it. I also read in a magazine some time ago that the song is an old public domain tune.

A. It's been quoted several times that the tune "Faded Love" was originally an instrumental composed before the turn of the century by a forgotten writer and originally titled "The Mating of the Dove." Reliable sources claim Bob and his late father, Uncle John, collaborated on the lyrics many years later, retitling the old fiddle tune "Faded Love." Writer credits on the composition are printed as Wills & Wills.

•••

Q. I know that Lester Flatt and Earl Scruggs, the fantastic bluegrass team, had a big falling out with each other back in the '60s. Had they reclaimed their friendship for each other before Lester died several months ago?

A. No. Their split back in the '60s was bitter and was triggered by monetary-business reasons. They were cold to each other to the end of Flatt's life.

•••

Q. I know that the late Leon Payne was blind. I believe he was one of the greatest country music songwriters of our time. I also know he was married. Was his wife also blind? I have heard that she had good vision and wrote down all of the lyrics that Leon composed.

A. Leon's widow, known as Mutt, is also totally blind.

•••

Q. Charley Pride's birthday, please. How did he get into country music? Is it true that he is the first black to break into the country field?

A. Charley Pride was born March 18, 1938, in Mississippi. He was "discovered" in 1963 by country music stars Red Foley and Red Sovine in Great Falls, Mont., while the two were on a personal appearance. Pride was not on the show. He managed to get backstage and audition for them. He sang "Heartaches by the Number," and was encouraged by Foley and Sovine to go to Nashville, which he did in 1965 after failing in a professional baseball career. The rest is history. Although Charley Pride is referred to as country music's first black Super Star, DeFord Bailey, a black harmonica player on The Grand Ole Opry from 1925 until 1941, is credited by most country music historians as being the first black man to "blaze the trails" for his people in the country field.

•••

Q. Who is the most popular female country music singer of all time?

A. In longevity, Loretta Lynn. She has been on top of the country scene for almost twenty years and hasn't lost an ounce of her popularity.

(Send your country music questions to: Bill Mack, P.O. Box 16665, Fort Worth, Texas 76133. While he cannot make personal replies, Bill Mack will answer as many questions as possible in his column from time to time.)

Agricultural News

Tree farming offers timberland owners the chance to increase profits from their forest land, contends a forestry specialist with the Texas Agricultural Extension Service, Texas A&M University System. The tree farm program, sponsored by the American Forest Institute and Texas Forestry Association, encourages timber production and provides watershed protection, better food and habitats for wildlife, and recreational opportunities.

Loraine Approves Tax Resolution

The Loraine City Council approved a resolution to join the county in the Tax Appraisal Board in their meeting Tuesday evening in City Hall.

Brenda Lee, city secretary presented the format to the Tax Appraisal District Board. "The city will be responsible for one per cent of the cost," she stated. This is based on the amount of taxes levied by the city last year. The council is to submit names at the next council meeting which will be placed with others from the county to be voted on and appointed to the county wide Appraisal Board later in the year.

Mike Stutts, executive director of the Loraine Housing Authority, presented the annual report for review to the council. There are 22 units in operation, 14 one bedroom units, six two bedroom units and two three bedroom unit. The one bedroom units are occupied by elderly people on low income, the report stated. The other units are occupied by employed persons. The housing authority makes all repairs on the property but does charge for any destruction.

The council also discussed the possibility of making an ordinance for bicycles. There was some concern expressed by council members pertaining to children riding bicycles on sidewalks, in the middle of streets and having no reflectors. The council will pass an ordinance as more information is obtained on bicycle safety.

Monthly bills totaling $1,299.16 was approved for payments and a financial report was presented and approved, also.

The fire department will receive needed repair on the roof as agreed by council members.

In other items, minutes were approved and reports heard from Rev. Fred Witta on the proposed grant application to be submitted to HUD. The council gave approval for Rev. Witta to continue work on the applications to be submitted at a later date.

School Numbers Drop Slightly

The student enrollment at the three Mitchell County Schools remains slightly below the figures for the same period last year.

At the close of school Friday, after one week of classes, Colorado Schools had 1408 students as compared with 1451 students after the first week of classes in 1978.

The figures for each campus for both years is given as follows: High School, 1979-442, 1978-431; Middle School, 1979-326, 1978-332; Hutchinson, 1979-346, 1978-324; Kelley, 1979-294, 1978-370.

The enrollment figures for Loraine Schools as of Friday after three days of classes are also slightly below last year's figures.

High School, grades 9-12 had 114 students as compared to 110 in 1978. Grades seven and eight had 57 students as compared to 154 last year and grades kindergarten-sixth 160 students as compared to 176 last year.

The total enrollment at Loraine as of Friday was 331 students as compared to 340 at the same time in 1978.

Matthews' Friends Prepare Land

Friends, family and neighbors gathered Saturday at the farm of the late Rev. Caddo Matthews to complete one of the last projects he began before his death.

Volunteers cleared a parcel of land, consisting of about 25 acres of brush and mesquite, to prepare the land for cultivation.

Brush was chopped, stacked and burned. The land was chiseled and more brush was removed and stacked. The acres were cross-chiseled and tandum disced.

Volunteers returned Monday morning to complete the clearing. "There are still a number of stumps in the field but it can be prepared for small grain planting now," Bobby Lemons stated.

"We were attempting to complete clearing the acres to enable Mrs. Matthews to lease the land if she desires," Lemons commented.

Assisting in the project were: Thurston Smith, Homer Bodine, Henry Vaught, Herman Salley, Truman Bodine, Blake Bodine, Bill Erwin, Harry Dockrey, Jim Dockrey, Bobby Lemons, Jan Lemons, Robert Lemons, Blaine Lemons, Johnny Matthews, David Matthews, Margaret Bodine and Dawn Lemons.

Tractor drivers were: Blake Bodine, Truman Bodine, Bobby Lemons and Linden Solomon.

Serving lunch to the workers were: Patty Bodine, Doris Dockrey, Dawn Lemons, Gloria Erwin and Sharon Matthews.

COLORADO CITY EVENING LIONS will be selling brooms and mops and sundry items again this Saturday at the corner of Second and Walnut. Sales got underway last Saturday with a number of sales personnel including, left to right, A. K. McCarley, Joe Martin and David Wood.

Queen Contest Set Sept. 23

The Annual Saint Ann's Fall Festival Queen Contest winner will be announced on September 23.

The festival will be September 22-23 at the County Agriculture Barn.

Queen contestants have been working to gain votes by sponsoring dinners, car washes, dances and bake sales. Each penny made counts one vote.

Contestants are Anna Arellano and Michelle Franco.

Ann, 16, is the daughter of Mr. and Mrs. Ysabel Arellano. She is junior at Colorado High and enjoys reading, riding motorcycles and being alone.

Michelle, 14, is the daughter of Mr. and Mrs. Felix Franco. She is a freshman in Colorado High and likes all sports, particularly volleyball and basketball.

She is a member of the band, Wolverines and likes to dance.

School Auctions Busses

Two 1964 Dodge school busses were auctioned off by the Colorado Independent School District last week, both received high bids of over $650.

The highest bid on one of the busses was $655.30 by Dave Hutchins of Colorado City.

The other bus went to C. I. Anderson of Wolfe City with a high bid of $655.

D. Lewis, Squeaky Hanks, Chuck Claxton, Jay Green, Russell Noel, Rod Reeves, Ricky Alvarez, James Huff, Raul Gomez and Charles Edwards.

THE LORAINE BULLDOGS varsity squad for the upcoming season has the following memebers: (front row, left to right) Bobby Sanchez, Margarito Rodriquez, Adam Merket, Jay Beaty, John Wells, Zane Salmon, Jerry Darnell and Abraham Guerrero; (second row) Stetson Lewis, Nick Leija, Frank Sanchez, Manuel Lopez, Victor Rodriquez, Charlie Martinez and Clarence Darnell; (third row) Don Epperson, Tony Williams and Tommy Graham; (fourth row) Junior Briseno, Jerry Rose, Wayne Rose, Greg Oliver, John Rangel and David McAdams; (fifth row) Head Coach Roddy Clack, Curtis Haden, Casey Merket, David Finley, Mark Cornutt, Junior Martinez, James Wooddell and Coach Victor Munoz.

Wolves Ready For Slaton On Friday

Colorado City's Wolves kick-off the 1979 football season Friday when they travel to Slaton for their annual tilt with the Tigers. The game will get underway at 8 p.m.

The Wolves will be seeking to end a several year dominance of the contest by Slaton. However, the Tigers are rated as the favorite by eight points by Harris rating system. The game is a Harris Rating System headliner.

About the game, Harris states that Slaton has a hex on the Wolves and that it will continue.

Wolves Coach Tom Ramsey said that Slaton is quicker than last year although smaller. They run out of the Slot I on offense and the Okie 5-2 on defense.

In scrimmages this year, Slaton lost to Idalou 2-1 and lost to Tulia 3-1.

Three Wolves will be out of action for the game because of illness and injuries including J. D. Lewis, Ricky Ornelas and David Alvidrez.

The Wolves had a long practice session Monday and it went well, Ramsey said. The players have a good attitude and they really want to beat Slaton, Ramsey added.

The team that makes the most mistakes will have a long night, the Coach added. (See comments by Ramsey in Coaches Corner).

Stop That Tiger

It's September again and that means it's time for football and the annual Colorado City Wolves-Slaton Tigers game.

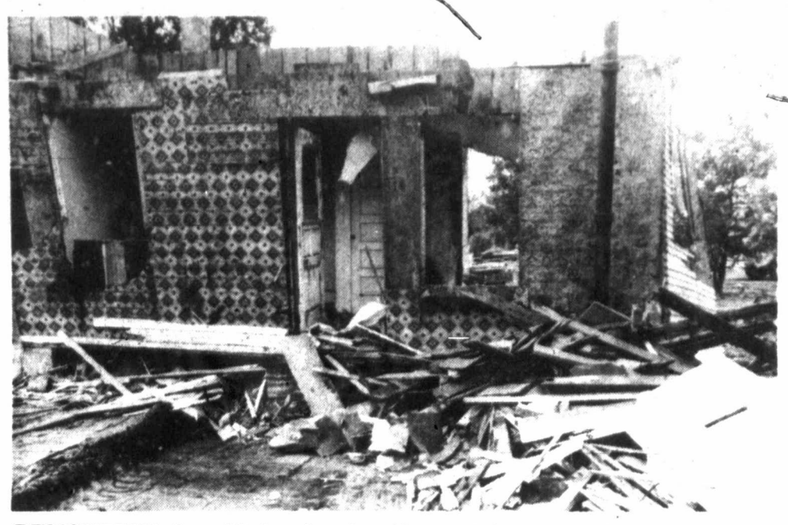

This has developed into a quite a rivalry over the years and in the past few years, the Wolves have come up on the short end of the score. This was also true in last year's heart-breaking bi-district contest against Slaton.

This might be called a jinx, bad luck or what have you. Regardless of what it might be called, this is the year to change it all. Our team has worked long and hard to get ready for the season and we believe they're capable of getting the season off to a good start with a victory over Slaton.

Let's all go to Slaton and back our team. We're with you Wolves.

DEMOLITION of an old abandoned residence at the corner of Fifth and Pine marks the beginning of construction of twenty new duplex homes to be built for the elderly by the Housing Authority, according to City Manager Ray Mason. Completion of the units is projected for May 15, 1980.

Registration At Wallace Center Begins Monday For Fall

Registration night is set for Monday at 7:30-8:30 p.m. for a new slate of classes and activities for the Fall Semester at the Colorado ISD Community Education Center.

Registration should be made in person at the Center during the week, or in person the night of registration or by mailing in the form from one of the Fall Brochures.

The majority of the classes will begin the week of September 17. All Community Education Courses are taught by qualified instructors sharing their talents and skills with the community.

The course offerings are as follows: Aerobic Dancing-Body Conditioning, Patrice McKinney; Auto Mechanics, Glenn Dunn; Baton Twirling, Margie Shawn; Beginning Bridge, Mary Frances Furlow; Bookkeeping I & II, Joan Lemons (Second semester -January); Ceramics, Johnnie Hammond; Country & Western Dancing, Raymond and Ginger Zamarippa; First Aid (American Red Cross), Kenneth Rogers; GED Studies (Evening), Orphie Conner, Bob Reily; GED and Basic Education (Daytime Class), Mary Molina; Guitar, Beginning and Intermediate, Jolyn Mikow; Photography, Mike Walla; Spanish for credit (Western Tx. College) at Wallace Center, Span. 141, Instructor TBA; Skating, Tuesday nights; Six Steps to Beauty, Winnie Roach; Tennis (Group and Private lessons), Joanne Sanderson (Tennis Pro.); Tole Painting, Linda Morrow; Building Trades, Instructor TBA; Typing I & II, Gayla Williams; Voice Class, Group Lessons (Introduction) for H. S. age and adults, Trina Taylor; Volleyball, Monday nights (Adults); Volleyball, Thursday nights (High School and Adults).

Other activities are offered on a regular basis through the Wallace Center. For more information about these programs consult the Community Education Office at 728-2392.

Bulldogs Go On Prowl Friday

The Loraine Bulldogs will take to the field in Loraine Friday night as a 22 point favorite against Dawson.

Thats what the first Harris poll of the season says that the Bulldogs should win by. They are ranked 40th in the State in Class B with a power rating of 101. Dawson is ranked 112th with a power rating of 79.

Head Coach Roddy Clack stated that his charges had a good workout Tuesday and appear to be excited about the game and ready to play.

Nevertheless the Bulldogs have had some injury problems. Eddie Lujan, who would have started at guard, is out for the season. His injury which was from last season, was diagnosed as a compressed vertebrae against the skull. Joe Berrera has also been lost for the year with a broken arm.

Clack said he has learned from scouting reports that Dawson runs from a slot-I offense and they're not overly fast or big.

The Bulldogs will run from a double wing offense and a 5-2 defense.

Loraine's offensive line averages about 180 pounds and their defense averages about 190 pounds.

Sports Schedule

SPORTS SCHEDULE

Thursday

–2 p.m.-Colorado varsity volleyball team, Odessa Tournament.

Friday

–8 p.m.-Loraine varsity football team vs. Dawson, here.

–8 p.m.-Colorado varsity football team vs. Slaton, there.

Coaches Corner

By TOM RAMSEY

Now with the regular season starting with the pro-teams, I'm sure football is underway. There is something completely different between pre-season and regular season games.

There is also a vast difference between high school scrimmages and regular season. This week it is for real, we will display a months hard work and hope it shows up as a polished football team.

Slaton is picked to take it all in District 5-AA according to the Harris poll and that is a high compliment when you belong to that tough eight team league.

The Tigers will return 11 lettermen and eight starters from a District Championship team last year. Slaton executes well offensively and is very quick on defense. This game should prove to be interesting because of the rivalry built up in the last few years. Coach Cook has things rolling his way and Slaton will be a challenge which we must be ready for.

The main punch of the Tigers comes from Guard Craig Maberry-210; Center Greg Johnson-205 and Fullback Jesse Titus-205.

Bulldogs Set Pep Rally Friday

The first pep rally of the season for the Loraine Bulldogs will begin at 3 p.m. Friday in Bulldog gym with cheerleaders Tracy Beights, Jill Linam, Emma Garcia and Norma Gamez leading the yells.

The Bulldog band will be playing under the direction of new band director, Ken Brown. Twirlers are Jana Britton and Stephanie McAdams.

The Bulldogs will play their first game of the year Friday evening in Johnson field against Dawson beginning at 8 p.m. coached by head coach Roddy Clack and assistant, Victor Munoz.

Everyone is invited to attend the pep rally and game.

Wolves Pep Rally Due Friday

The Colorado High School Wolves players, coaches and fans will hold their first football pep rally of the season at 9:15 a.m. Friday at the Colorado High Auditorium.

Loraine Area Personals

by Ida Baird

Mr. and Mrs. Darwin Hamilton of Albuquerque, N. M. and Mr. and Mrs. Kelly Corbitt and daughter, Milinda of Roswell, N. M. spent from Saturday until Monday with their parents, Mr. and Mrs. C. C. Hamilton.

Also visiting during the weekend were Mrs. Charla Lane and daughters, Crystal, Cara and Cory, visiting here from Harrodsburg, Ky.; Mr. and Mrs. Jim Brown, Melissa and Valarie, Mr. and Mrs. Leland Hamilton, and Julie of Andrews; Mr. and Mrs. Keith Hamilton, Ingrid and Melanie of Big Spring; Mr. and Mrs. Tim Hamilton, Tiffany and Brandt of Abilene; Mr. and Mrs. Harris Hamilton, Mr. and Mrs. Lynn Hamilton, Loraine and Jeff Lightfoot of Lubbock.

Of their 13 grandchildren, ten were present with the Hamiltons for the visit.

***

Mike Walker of Lubbock spent the weekend with his parents, Mr. and Mrs. Jackie Walker.

***

Mrs. Floyd Griffin spent the weekend in San Angelo visiting a daughter and family, Mr. and Mrs. William Robinson and Joe Lee.

***

Visitors of Mr. and Mrs. Roy Wells Sunday were Mr. and Mrs. Garland Wells of Baird and son Myron Wells from San Diego, Calif.

Mr. and Mrs. Roy Wells spent Sunday night and Monday in Aspermont visiting a daughter and family, Mr. and Mrs. Cecil Robinson.

***

Loraine Baptist Women will be observing the Week of Prayer for State Missions Sept. 9-20.

Meeting time has been set for 2:30 p.m. each day except Wednesday when the program will be at 7:30 p.m.

All women of the church and visitors are invited.

Visitors of Mr. and Mrs. Charlie Harris last weekend were her sister, Mrs. Herbert J. Lofton of El Paso and niece, Michelle Egan from Flagstaff, Arizona.

***

Mr. and Mrs. William Stanley and daughter, Janet arrived home last Thursday after a 2½ week visit and trip in Illinois.

They attended a reunion in Decatur, Ill. when relatives surprised them with a party marking their 25th wedding anniversary. While there they visited Stanley's mother, Mrs. Marie Stanley and Mrs. Stanley's grandmother in Canton, Ill.

***

Spending last week with Mr. and Mrs. Lester Webb were Mrs. Gladys Gird from Grand Junction, Colo. and Gertrude Longwell from Canyon City, Colo.

***

Mrs. Charla Lane and daughters, Chrystal, Cara and Cory left Sunday for their home in Harrodsburg, Ky. after visiting her parents, Mr. and Mrs. Harris Hamilton.

***

Mr. and Mrs. Danny Tartt and sons of Garland and Mr. and Mrs. Jimmy Tartt and Angela of Andrews visited in the home of their parents, Mr. and Mrs. Howard Tartt. The Danny Tartts also visited in the home of her parents, Mr. and Mrs. E. J. Schroeder.

Mr. and Mrs. Jack Allbright and daughter and family, Mr. and Mrs. Dee Finn and son of Odessa spent Sunday and Monday with her mother, Mrs. Wiley Walker.

***

Mr. and Mrs. Willie Coley had as their weekend guests her mother and sister, Mrs. Necie Currington and Hazel Reasoner from Mineral Wells and Coley's daughter, Mrs. Bill Walden and husband from Kansas City, Ks. Also visiting were Mrs. Georgia Norris from Gymon, Oklahoma and Mrs. Coley's brother and wife, Mr. and Mrs. Olen Graves from Fort Worth.

Coley's daughters were in Abilene with him last week where he will undergo surgery on Tuesday.

Debbie Brame from Wichita Falls and Mr. and Mrs. Kenneth Brame from Houston spent the weekend with their parents, Mr. and Mrs. Loyd Brame.

Mr. and Mrs. Tommy J. Blair of Abilene spent Sunday with his parents, Mr. and Mrs. T. J. Blair. Their daughter, Cayce returned with them after visiting her grandparents since Friday.

***

Mr. and Mrs. Jay Thompson had their cousins as guests last week, Mr. and Mrs. Fran Brower from El Sobrante, Calif.

Mrs. Al Walker of Crane and daughter, Mrs. John Sibley of Carlsbad, N. M. visited her mother, Mrs. Harvey Leach Saturday. Mrs. Leach returned with them for a visit with Mrs. Walker.

***

Mrs. Earl Phillips was admitted to Hendrick Memorial Hospital Tuesday and underwent major surgery on Wednesday.

Citizens Entertained

Aspermont's Senior Citizens Club Kitchen Band entertained at the Loraine Senior Citizens regular meeting at 7 p.m. Tuesday.

W. A. Taylor, club president, welcomed the guests and presided over a short business session. Mrs. Taylor, read minutes of the last meeting.

The Kitchen Band consisted of a violin, guitar, piano, drums and French harp along with kitchen gadgets, a rub board and spoons. Watermelon was served during intermission.

Minnie Pearl who looked and performed almost identical to the real Minnie Pearl received a roaring applause.

The group played and sang the late Mrs. Cora Johnson's favorite song, "Amazing Grace" in her memory, along with old time favorites and hymns to make up their program.

There were 75 members, the 20 musicians and other visitors present.

Martin Celebrates Birthday

Mrs. Vanda Martin received a shower of cards and birthday wishes when she observed her 81st birthday last week.

Mr. and Mrs. Leroy Ragain of Colorado City honored Mrs. Martin at the CreeMee for breakfast on Thursday morning, on Friday morning Mrs. Mildred Little treated her for morning breakfast. Mrs. Floyd Coffee made her birthday cake and on Sunday Mrs. Emma Land prepared a noon meal.

Her grandson and family Mr. and Mrs. James Burdine and children, Jimmy and Holly Beth of Carrolton visited her as they were enroute to Lubbock to visit his parents, Mr. and Mrs. Burdine. Also visiting Friday was Mrs. C. P. Gary of Colorado City.

Loraine Nursing Home

The birthday party at the Home was held last Wednesday. Refreshments were furnished by the Young Ladies Class of First Baptist Church. Those honored for the month of August were Cora Dodd, Luisa Garcia, Effie Stephens and Cora Pierce.

Everyone enjoyed homemade cookies, brownies and punch.

Our new resident is Jo Nell Lilly. We welcome her and hope she will be happy here with us.

Our thanks to the Loyd Hairs for the many cantaloupes and watermelons they have brought to the residents of the Home. They have certainly been enjoyed.

The Home is saddened by the loss of our two residents, J. T. Green, Sr. and Mrs. Sarah Brame. We extend our sympathy to their families. They will be missed very much by everyone.

Reeds Celebrate 58 Years

Mr. and Mrs. Leonard Reed celebrated their 58th wedding anniversary during the weekend. All of their children were here for the occasion. Mrs. Reed is a patient in the Loraine Nursing Home.

Their children present were Gaston Reed and wife, Rockdale, Leonard Reed and wife, Fort Worth, Charles Ray Reed and wife, Eastland, Mr. and Mrs. R. B. Calhoun, Austin, Mr. and Mrs. Kenneth Reed in Family, Roscoe; Mr. and Mrs. Lonnie Reed and family, Loraine.

Also present were grandchildren, Mr. and Mrs. Priestley Tinsdale, Fairfield; Mr. and Mrs. Larry Reed, Whitney; Mr. and Mrs. Jerry Whiteley, Rockdale; Mr. and Mrs. Dwayne Farell, Fairfield; Sharon Witts, Whitney; Mike Macha, Austin and Mr. and Mrs. Thomas Clark, Forkville, Miss.

Public Notice

NOTICE FOR BIDS

Sealed proposals addressed to the Board of Directors, Mitchell County Hospital District, Colorado City, Tx., for workers' compensation insurance and for comprehensive general liability insurance coverages, as hereinafter set forth, for the said Hospital District will be received in the office of the Administrator of the said Hospital District at Root Memorial Hospital, 1543 Chestnut Street, Colorado City, Tx. 79512, until 7:30 p.m. on the 25th day of Sept. 1979, at which time and place all bids received will be opened and read. Any bid received after that time will be returned unopened.

1. Workers' compensation insurance, with employer's liability limits for $100,000 and coverage for donated labor (volunteer workers), is to be effective Oct. 1, 1979.

2. The following coverages are to be written in a comprehensive general liability insurance policy to provide bodily injury limits of $100,000 per person and $300,000 per occurrence, and property damage limits of $50,000, with coverages for additional interest (employee of the insured and volunteer workers), the effective date to be Oct. 1, 1979:

a. Premises-operations liability.
b. Professional liability (malpractice).
c. Personal injury liability.
d. Products liability.
e. Owner's-contractor's protective (independent contractor's) liability.
f. Blanket contractual liability.
g. Elevator liability.
h. Certain automobile physical damage and automobile liability coverages, including uninsured motorist's protection, hired automobiles and non-owned automobiles.

Policies are to be written for a period of one year, and bids are to be expressed in terms of annual premiums but with all rates shown. All interest charges, etc., and all dividends, discounts, etc., are to be reflected in the bidder's proposal.

Premiums for workers' compensation insurance policy are to be paid on a monthly reporting basis. Premium for the comprehensive general liability insurance policy is to be placed on a monthly installment plan.

Insurance is to be written with a stock company having a current Best's rating of A+X or better.

Further information may be obtained from the offices of the Administrator, Root Memorial Hospital, 1543 Chestnut Street, Colorado City, Tx.

The Board of Directors of the Mitchell County Hospital District reserves the right to reject any or all bids, to waive all formalities and to award the bid considered to be the most advantageous to the Hospital District

Murrell G. Blassingame, President of Board of Directors, Mitchell County Hospital District

Public Notice

Sealed proposed bids addressed to T. L. Rees, President of Board of Education, Colorado ISD, P. O. Box 1268, Colorado City, Texas 79512 will be accepted until 2 p.m. on September 20, 1979 for a Tractor - Mower -Sprayer Rig. At this time the bids will be opened in the Administrative Curriculum Center Building located at 534 East 11th Street, Colorado City, Texas and publically read aloud. Specifications for this equipment are available from the school superintendent's office located at 534 East 11th Street, Colorado City, Tx. The Colorado ISD reserves the right to reject any and all bids.

By Order of the Board of Trustees, Colorado ISD
T. L. Rees, President
