Truman Pulls No Punches In Opening Talks

By DOUGLAS B. CORNELL
Associated Press Staff Writer

CHICAGO, June 4 — President Truman said tonight Congress can throttle Communism in America by providing a greater "abundance" for the people.

All it has to do, he said, is pass laws to assure Americans have homes, schooling, security, good jobs, fair wages and "a brake on inflation."

It was the President's first, tailored-in-advance speech on a stumping tour into the west. It was made to a crowd that packed Chicago stadium, where Mr. Truman walked off with the Democratic vice presidential nomination four years ago.

Congress Jabbed

Today, along the route of his special train from Washington, Mr. Truman cultivated support for four more years in the White House. He spoke as if he takes it for granted that the party will nominate him next month.

All along the way, he jabbed at Congress. He repeated he wants a draft law and universal military training. He laid responsibility for high living costs on Congress. He accused it of serving the "men who have all the money" instead of the common people.

That was at Gary, Ind., where Mr. Truman made the last of a series of off-the-cuff talks to wayside audiences.

He told the folks at industrial Gary, America must have a "sound and solid" economy.

Demo Congress Predicted

"If you support me," he said, "we will probably get it."

Furthermore, Mr. Truman predicted election of a Democratic Congress in November.

Here in Chicago, the occasion for tonight's speech was the 100th anniversary of the migration of Swedish settlers across the midwestern prairies.

Here, too, Mr. Truman parceled out advice to Congress.

He said proposals to outlaw the Communist party or check some kinds of political activity "miss the point." He suggested Congress get busy instead on some bills he has been asking for.

A nation which reaches the "goals of abundance," he said, never will "succumb to the evils of Communism."

Sweden Represented

In addition, he said, Congress ought to pass a law without "crippling amendments" that will let some of Europe's displaced refugees come to America.

These people, he said, are "heroes of democracy" who are unable to return to their homelands because they are against Communism. The President objected to "limits and quotas on countries and occupations in some of the bills before Congress.

Mr. Truman offered a hand of

"DUDE" GETS "DUCKING"—With the eighth annual ABC-Boys' Club rodeo, starring Gene Autry, scheduled to open next Wednesday for a four-night stand, members of the American Business club have made it a rule that all members must wear some sort of western togs for the next ten days. But J. Ray Dickey, local automobile dealer and former city commissioner, showed up at the ABC luncheon Friday noon all dressed up in a business suit and the above scene resulted. He is pictured being "ducked" by Bob Rose, left, and G. H. Nelson, right. Mayor W. H. Rodgers Friday proclaimed next week as "Frontier Week" and urged the citizenry of Lubbock to join with ABC members in donning cowboy attire to remind people of the area that it's rodeo time. Reduced Aid Bill Is Given House Okay

(By The Associated Press)

WASHINGTON, June 4—The House tonight passed a foreign aid bill slashed 26.7 per cent under the amount President Truman asked.

It calls for $5,980,710,228 for 15 months. The administration said $6,533,710,228 for 12 months should be the minimum.

There was no record vote. The bill was passed on a chorus of "ayes." A Republican-Democratic coalition led by Rep. Dirksen (R-Ill) failed, likewise by a voice vote, to get the bill sent back to committee with instructions to add about $1,000,000,000.

The House majority overrode Rep. Rayburn of Texas, the Democratic leader; Dirksen, and Secretary of State Marshall.

Marshall Fights Cut

Previously the Dirksen amendment was defeated, 148 to 113, by a teller vote—a procedure by which the members file past tellers and are counted.

Marshall fought hard against the cut. He told newsmen it would mean putting Europe on a relief role, rather than helping it to its feet.

Senator Vandenberg (R-Mich), who engineered the enabling act under which Congress authorized a much larger recovery program than the one actually voted tonight, was reported fighting mad.

But ax-swinging Rep. John Taber (R-NY) had his way. It was his appropriations committee that recommended the cut. He argued that the funds it proposed were all that could be spent prudently.

Bill Moves To Senate

Backers of the bigger appropriation pinned their hopes on the Senate. The bill now goes there, and they plan a determined fight. If they win, the final bill will probably be whipped into shape in a Senate-House conference committee.

As it passed the House, the

UN Mediator Works On Cease-Fire, Truce Plan

Arabs Claim Jewish Air Force Using German Fighter Planes

By W. P. SAPHIR
INS Staff Correspondent

CAIRO, June 4—Arabs claimed tonight they killed 500 Jews at strategic Jenin, and charged that the Israeli air force is using German "Messerschmitt fighters" in Palestine sky fighting.

Amid another Jewish-Egyptian naval and air engagement off Tel Aviv the UN mediator, Count Folke Bernadotte worked desperately to arrange a cease-fire and four-weeks truce.

(Lake Success reported Bernadotte has asked the United States, France, Belgium, and Sweden to provide military observers to oversee a prospective truce. The U.S. already has indicated it is ready to provide 21 officer-observers.)

Ships Claimed Repulsed

An Egyptian communique said tonight that three Messerschmitt fighters attacked Egyptian troops in the Holy Land. It said one was shot down.

This is the first time that the Jews were reported using this type of plane made famous by the Germans during the second world war. The exact area of their purported usage was not given in the Egyptian communique.

Jews announced that Israeli planes, naval and shore units repulsed another Egyptian naval striking force near Tel Aviv. The Jews claimed a direct aerial bomb hit on one of the four attacking vessels.

Syrians Claim Victory

A report that Jews had captured Jenin was not confirmed, and was succeeded by an Iraqi claim of a decisive victory at that besieged Arab stronghold 40 miles northeast of Tel Aviv.

A Syrian communique issued in Damascus said Syrian aircraft bombed and demolished Jewish fortifications at Afule, eight miles north of Jenin and 22 miles southeast of Haifa.

The Syrians also claimed their artillery demolished Enkieff (perhaps Ein Gev, a Jewish settlement on the eastern shore of the Sea of Galilee), and repulsed other Jewish attacks in the Jordan river valley in northeastern Palestine.

Count Bernadotte expressed a cautious hope that he might be able to start a four weeks' truce in Palestine "within two or three days."

Conferences Held

The Swedish count, who conferred in Cairo again with Egyptian Premier Mahmound Fahmy Nokrashy Pasha after a trip to Amman and Haifa, admitted that opposing views on Jewish immigration are the main hitch to an agreement.

The count is preparing the nucleus of a UN control commission, possibly including Anglo-French and American military attaches in the east.

Count Bernadotte denied as "absolutely incorrect" an Amman report that a cease-fire had been ordered for 9 a.m. (1 a.m. CST) Sunday, with the truce to begin at 6 p.m. Monday.

A dispatch from Amman confirmed last night's Jewish announcement that Israeli troops had fought their way inside Jenin, which is five miles outside Israeli state territory in Palestine.

But the dispatch said Iraqi troops called up reinforcements, including heavy artillery which the Jews lack, and ousted the Jews from a schoolhouse and other building in the fringe of the town.

The Jews were said to have been hurled back 15 miles after close range fighting and artillery salvoes.

Dispatches from Amman said fighting resumed against Jerusalem after a day of quiet.

Neither Arabs nor Jews reported any progress in the vital duel in the Latrun sector midway along the Jerusalem-Tel Aviv highway.

First Victims Taken From Vanport Ruins

By GEORGE L. SCOTT
INS Staff Correspondent

PORTLAND, Ore., June 4—The drowned city of Vanport, Ore., began yielding up its dead tonight as even greater floods pounded down the broad Columbia river.

First bodies taken from the watery town that was home of 18,700 on Memorial day were a baby girl and a five-year-old boy. Both lay unidentified at a morgue.

At the same time the Red Cross said nine children have not been reunited with their parents. A lake a mile square covers the town.

Some 5,500 families have been registered from Vanport.

Death Toll Now 26

Tonight's grim find raised the known total Pacific northwest flood toll to 26.

But Elmer Fisher, river forecaster who accurately predicted the last crest, today predicted a new peak half a foot higher than Sunday's disaster-laden crest at Portland. He said it will reach flood-battered dikes along the lower Columbia river next Tuesday. All areas have been cleared for action.

Fisher announced that continued hot weather in the headwaters of the Columbia and Snake had pushed the river reading forecasts to 30.8-feet at Vancouver compared with last Monday's crest of 30.2-feet.

In Portland, the flood barricades will be tested by a 30.5-foot peak compared with the Monday night reading of 29.5 feet.

Barricades Are Strengthened

A new wave of sandbagging in Portland downtown flood areas followed the latest flood report. The rich westside shopping district will again be called upon to wait tensely behind the harbor seawall which, so far, has succeeded in keeping the flood out of that area.

Fresh troops and volunteer workers were rushed to the dikes of the flooding Columbia today to

Political Voices Raised Again In Texas

March Flays Jester In Campaign Speech

By MAC ROY RASOR
Associated Press Staff Writer

THE shouting has begun again in Texas politics.

Yesterday the raised voices were those of governor-aspiring Caso March, state Democratic executive secretary Bob Calvert, potention U. S. senatorial candidate Martin Dies, Attorney General Price Daniel and U. S. senatorial candidate Lyndon Johnson.

Baylor law professor March opened his campaign on Waco's court house lawn, directing one verbal brickbat after another at reelection-seeking Beauford H. Jester.

"Un-Texan" Remark Blasted

March bluntly rapped Jester's "un-Texan" tag on state veterans bonus demands as "the greatest insult and the most ungrateful statement that could possibly be made to the 750,000 fighting men who fought, bled and died to make Texas free."

He charged the governor with failing to fulfill his campaign promises of two years ago.

Bob Calvert of Hillsboro, state Democratic executive committee chairman found the petition to put March's name on the ballot faulty. He sent a stinging letter to March to "urge" that he comply with the statute, which Calvert termed as "plain . . . and should be understandable to persons of normal intelligence and education."

The petition fault, Calvert said, was lack of a sufficient number of signatures of qualified voters. March has until midnight Monday, the filing deadline, to correct the error.

Dies, Daniel Tiff

Dies at Lufkin challenged the attorney general to enforce the law fixing maximum campaign expenditures at $10,000 in the governor's and U. S. senatorial races. Daniel fired back that bringing suit against law-breaking candidates is the duty of "any qualified elector" and that prosecution is under the exclusive jurisdiction of county and district attorneys.

Daniel joined Dies, however, in the belief that the campaign expenditure law should be enforced or repealed.

Rep. Johnson flew back to Austin from Rochester, Minn., where he has been recovering from a kidney ailment. The return quickly squelched two rumors: (1) that

Holding Hands In Movie Proves To Be Hazardous Pastime

(By The Associated Press)

SYRACUSE, N. Y., June 4 Holding hands in a movie can be dangerous, Miss Mary Stone, of Forty Fort, Pa., a 19-year-old Syracuse university co-ed learned.

Miss Stone told officials at university hospital, where she was treated for a fractured arm, that her escort, Chester D. Marcus, 22, of Monticello, N. Y., drew her arm "just a little closer to him."

She said she did not know her arm had been broken until she left the theater.

Major Battle Continues On Plains Of Central China

NANKING, June 4 (AP)—The "battle of the plains" went on today in central China, where the government is trying to stop marauding Red Gen. Liu Po-Cheng.

Press dispatches from that Honan province front 190 miles northwest of Hankow said the decision still hung in the balance.

Press accounts say 100,000 Communists have been engaged there.

QUAKE HITS TOKYO

TOKYO, June 5 (Saturday) (INS)—A sharp earthquake rocked Tokyo just before dawn today. No damage was reported and the tremor was described officially as "weak."

Man Fined For Carrying Pistol

A Lubbock man had been fined yesterday in connection with a shooting incident at a night club, and one of two Mexicans had been sentenced following a chase with police resulting in the recovery of stolen property.

James N. Pruett, 30, was fined $100 and county court costs after pleading guilty to a charge of carrying a pistol, according to a judgment of Judge Walter Davies.

A Tech student, A. L. Clark, made a complaint that Pruett fired the weapon at a dine and dance place southeast of the city. Clark named several other Tech students as witnesses, none of whom were injured.

An argument preceded the shooting, police reports showed.

Theft Suspects Halted

Numerous shots were fired about sunrise yesterday by patrolmen who succeeding in stopping two theft suspects on the Plainview highway.

The two Mexicans were stopped after their 1939 De Soto had careened into a four-roll wreck. The two cars had been kicking off 70 miles an hour, police said.

Patrolmen Theodore Alley and Wilburn C. Johnson received a radio call at 5:57 a. m. that two Mexicans in a car were reported to have stolen two tires from Shamrock Service station, in 500 block North Ave. H. The suspects were observed a few blocks away shortly afterwards.

Car Turned Over

They sped away from the officers, and through the new underpass near Monroe allegedly pitched a tire out in front of the pursuing police. The policemen dodged the tire, and fired several shots.

Congress Okays Hike In Welfare Payments

WASHINGTON, June 4 (AP)—Congress approved and sent to President Truman tonight legislation increasing by $184,000,000 annually the social security payments to 3,500,000 needy aged persons, blind persons and dependent children.

House approval was by voice vote, after the Senate earlier passed the measure 74 to 6.

The bill boosts by $5 a month federal contributions for needy aged and blind persons and $3 a month for dependent children. This makes possible, under federal-state matching, a maximum of $50 a month for each needy aged person and the blind, and $27 for a dependent child.

Under the present program the maximum for the aged and the blind, under federal-state matching, is $45 a month; for the dependent children, $24.

New Mexico Land Office Sued After Cancellation Of Leases

CLOVIS, N. M., June 4—(INS) Fradulent cancellation by the New Mexico state land office on leases on 3,500 acres in the Melrose area was alleged today in a lawsuit filed in district court at Clovis.

State Land Commissioner John E. Miles, candidate for the Democratic nomination for Congress, was named defendant.

After cancellation, the leases allegedly were reissued to State Revenue Commissioner Victor Salazar, assistant State Attorney General Robert W. Wollard, Murry Cornell, a Santa Fe druggist, and others at ten cents an acre annual rental.

Suit was filed by Howard Houck, Santa Fe attorney, for Thayer Durell, of Providence, R. I., who had held leases several years. Durell seeks return of the leases.

The plaintiff alleged that cancellation was dated May 15 for reason of nonpayment of rentals. Durell said the land office was closed on that date.

He said the payment was received by the land office on May 17, its next business day.

New Telephone Work Pact Averts Threat Of Walkout

(By The Associated Press)

THE threat of a nation-wide telephone strike was averted Friday by signing of a 21-month work pact.

The agreement settled differences between the American Telephone and Telegraph company and the CIO American Union of Telephone Workers representing 25,000 workers in 42 states.

There was no general wage increase in the new contract, although the union had asked a 30-cent hourly hike. But, a company spokesman said, there were many concessions granted on fringe issues involving liberalization of pay policy.

Lewis Told To Bargain

The old contract expired May 8, and a protracted deadlock preceded the settlement, reached with assistance of government conciliators.

In another major labor development Friday, John L. Lewis was ordered by a federal judge to bargain with Joseph E. Moody of the Southern Coal Producers' association.

Judge T. Alan Goldsborough signed the order in Washington. As a result, negotiations for a new soft coal contract will be resumed Monday.

The negotiations between the operators and Lewis' United Mine Workers were cut off May 18.

Lewis had claimed that the Southern association does not want an agreement.

Deadline On Strike Near

The UMW's work agreement with the nation's soft coal producers expires June 30. If no agreement is reached by then, presumably the nation's 400,000 bituminous diggers will stay away from the pits July 1. It has been a tradition with the union that when no contract is in force the miners do not work.

While a presidential fact-finding board prepared to look into the dispute between shippers and six sailors' and longshoremens' unions, leaders of four of the unions met in New York today.

The unions have threatened to strike June 15 if their differences with employers are not solved by that date. Higher pay and continuance of the union hiring halls are the main issues.

Meanwhile, a tentative settlement agreement in the dispute between the CIO National Maritime union and Standard Oil company (Ind.) was expected to reach Joseph Curran, president of the NMU today for approval. The dispute, which has tied up five of the company's tankers, included the hiring hall issue.

Judge Stumbling Block For Lewis

BALTIMORE, Md., June 4 (INS)—Judge T. Alan Goldsborough, who today once again proved to be the "nemisis" of John L. Lewis, has been toppling champions since he was a young man.

He played second base on his University of Maryland college baseball team, and also was a noted tennis player.

The 70-year-old judge, in an interview, recalled with a chuckle that in his tennis days he used to take on William Larned, a star of the courts generally considered unbeatable.

Always Won One Set

"I was always able to beat him one set," he remembers, "and there was nothing he could do about it."

Judge Goldsborough (he was christened "Thomas Alan" after two uncles) met John L. Lewis once in the fall of 1941, before their meetings in the coal union struggles.

Lewis, like Larned, hasn't been able to do anything about it, either.

The judge, a tall, lean Marylander, walked two miles this morning from his apartment to his court chambers.

If he hadn't he'd have broken a precedent of many years' standing.

"I always walk the two miles to

One Killed, Six Hurt In Tunnel Explosion

OROVILLE, Cal., June 4 (INS)—One worker was killed and six others were injured today in a tunnel explosion on a hydro-electric project in the Feather River canyon north of Oroville.

A dynamite charge placed in the face of the tunnel was believed to have been touched off prematurely by a lightning bolt which charged an electric wire leading to the dynamite from outside the tunnel.

Two of the injured were taken to an Oroville hospital. One, Joe Tamlyn, was in serious condition. The other, identified as Robert A. Warren, was treated for bad cuts about the face.

Names of the fatally injured worker and the other five injured were not released immediately.

Mercury Sizzles To 100 In City

Summer was 'officially' ushered in for Lubbock Friday, according to the temperature, with the thermometer soaring to a sizzling 100 degrees. It was the warmest day since last September 3 when the mercury also hit 100, the Weather bureau station said.

The coolest period Friday was at 5:30 a. m. with a reading of 65 degrees. By noon, the temperature had jumped to 96 degrees, and reached the 100 mark at 4 p. m., the Weather station reported.

The high reading until Friday was 95 degrees recorded on April 6, May 16 and May 21.

According to the weather station, the hottest day last year was June 29 with a maximum of 105 degrees.

Along with summer heat, the earliest sunrise of the year also begins today—at 5:36 a. m. For the next 13 days the time for sunrise will remain at that point with sunset becoming later, the station pointed out.

Another 'hot' day was forecast for today as well as Sunday. Partly cloudy skies were also predicted for the weekend.

Friday also was a scorcher over most of the rest of the state, the Associated Press reported.

Four points reported temperatures of 102 degrees, Big Spring and Presidio in West Texas and Crystal City and El Dorado in the southwest portion of the state.

The mercury climbed to 101 at Abilene. Del Rio registered 99, Laredo, 99; Wichita Falls, 98 and Dallas and Fort Worth, 95. It was the hottest June 4 on record in Dallas.

MORE 'BIG FOUR' TALKS SEEN

Western Germany Proposals To Be Handed Soviet Government

By THOMAS C. WATSON
INS Staff Correspondent

LONDON, June 4—The British foreign office announced tonight that the recommendations of the recent six-power London conference on western Germany will be submitted to the Soviet government.

The decision was believed responsible for the failure to make the recommendations public today, as had been expected.

Paris reports said the conference decision would be given to the Soviet ambassador in London for transmission to Moscow at least 24 hours before publication.

However, the London foreign office spokesman refused to comment on the Paris reports.

Some French diplomatic sources were said to believe submission of the recommendations to the Soviet Union might possibly lead to resumption of "big four" talks on the future of Germany as a whole.

The Soviet press has denounced the discussions, which ended in London last week, as violating the Potsdam agreement.

The six nations which took part in the discussions were the United States, Great Britain, France, Belgium, the Netherlands and Luxemburg.

Britons Officially Informed Princess Elizabeth 'Expecting'

LONDON, June 4 (INS)—Britons were officially informed tonight that their beloved 22-year-old Princess Elizabeth is expecting a royal heir or heiress—and court circles said the birth is due late in October.

The disclosure was made in a Buckingham Palace announcement that "her royal highness Princess Elizabeth will curtail public engagements after the end of June."

All British royal births in recent years have been preceded by similar announcements.

AMERICAN ENGINEER WOUNDED

Hodge Demands Soviet Apology For Korean Border Incident

(By International News Service)

SEOUL, June 5 (Saturday)—Lt. Gen. John R. Hodge, United States occupation commander in South Korea, disclosed today that he has demanded a Russian apology for the Korean border incident in which three Americans were fired on from ambush.

Hodge released the text of a stiff letter of protest he sent to G. P. Korotov, Soviet commander in North Korea, two days after the incident occurred May 27.

The American commander's letter was blunt and to the point, saying:

"I demand that you make full, appropriate apologies and that the offenders be apprehended and punished. I am sure you realize this action on the part of personnel under your control is a very serious matter."

Hodge's letter said that careful investigation has disclosed that at no time were the three Americans and a Korean interpreter accompanying them north of the 38th parallel when they were fired on.

The civilians, according to Hodge's letter, were inspecting a dam south of the 38th parallel which is the boundary line of the American and Russian zones in Korea.

The wounded man was identified previously as Carl S. Smith, 45, a civil engineer from Huntington, Va.

Solon To Seek Action On Draft

WASHINGTON, June 4 (INS)—Sen. Gurney (R.-S. D.), announced tonight he will ask the Senate Monday to sidetrack the first of a series of civil rights amendments which threaten to hold-up action on the draft bill.

Gurney, chairman of the Senate Armed Services committee, said he will offer a motion "to table" the amendment of Sen. Langer (R.-N. D.) to outlaw segregation in the armed forces. A motion "to table" automatically shuts off debate and is subject to an immediate vote.

The amendment, on which Langer spoke for nearly four hours today, is the first of a series he introduced to force a Senate showdown for the first time on virtually the entire civil rights program of President Truman.

Other Proposals Set

Motions "to table" are expected to be made as Langer calls up his other proposals. They would ban lynching, the poll tax and prevent draftees from serving in states where racial segregation was enforced in public places.

Although they pertain to men in the armed forces, the amendments parallel the civil rights program of Mr. Truman which has caused a deep split in the Democratic party.

Sen Maybank (D-S. C.), predicted that Langer's proposals will be tabled by a two to one vote.

Sen. Taylor (D.-Ida.), third party running mate of Henry A. Wallace, was the only member of the Senate to announce support of the Langer amendments.

The Senate voted tentatively today to permit 18-year-old youths to enlist for one year as recommended by the Armed Services committee.

CREDIT PICTURE GOOD

People Don't Need Nursemaids

INTERESTING and important stories often are hidden in seemingly dull government statistical reports. Illustrative was the Federal Reserve board statement recently that consumer retail credit increased 28 per cent during the past year to a total of about 13½ billion dollars.

The important story behind these statistics, as seen by Lubbock bankers, is the proof they supply that Americans can handle their own credit matters efficiently without government interference. They refute the administration's apostles of regimentation who screamed last year that tight federal controls on credit were necessary to avert ruinous inflation.

According to the Reserve board report, the present retail credit debt of the average American is about $100—about $450 per family. He owes about half of this in 30-day accounts to his grocer, dry goods merchant, druggist and others. He owes the remainder on autos, furniture, refrigerators, radios and other merchandise bought on the installment plan. His debts have been kept within obviously reasonable amounts. He and/or his creditors have seen to that, and without having some government agency behind them to snap a dictatorial whip.

Lubbock bankers agree, however, that the 28 per cent increase in the total of consumer credit within a year may suggest a need to begin applying brakes. But it also is their opinion—one which nearly all Americans doubtless share—that when braking becomes advisable, business men and consumers can attend to it without governmental interference.

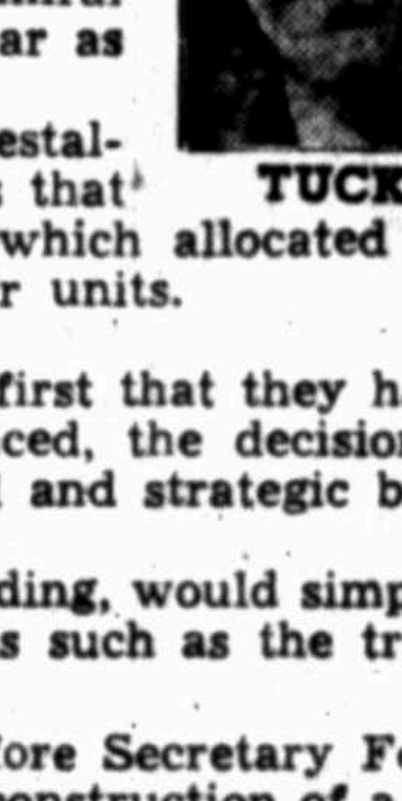

NAVY'S GROWING POWER HIT

Army Men Back 'Ike' For Office

BY RAY TUCKER
Special Correspondent

WASHINGTON—Politically minded officers in the highest echelons of the Army and the Air Force have suddenly become the chief rooters for the presidential candidacy of General "Ike" Eisenhower on either the Republican or Democratic ticket.

Their enthusiasm for the American commander in the European theater is based on their belief that James V. Forrestal, as National Defense Secretary, is too partial to the navy he headed before the merger of the armed services. The generals and aviators think that their branches would get a better break if one of their own became both President and Commander-in-Chief of our fighting forces.

TUCKER

They complain that Secretary Forrestal has surrounded himself with Navy men, and that he accepts without question the advice of Admiral William D. Leahy, who has the presidential ear as Chief of Staff to Mr. Truman.

Their principal indictment against the Forrestal-Leahy clique, as they refer to that faction, is that they have violated the Key West agreement which allocated certain specified functions to the Army and Navy air units.

• • •

PACT: Land-based military fliers thought at first that they had won the battle of Key West. As officially announced, the decision there was that Army airmen would do both tactical and strategic bombing in any future conflict.

Navy aviation, according to their understanding, would simply provide an "aerial umbrella" for naval operations such as the transport of troops and actual landings.

Hardly had the agreement been signed before Secretary Forrestal and his aides asked Congress to authorize the construction of a 65,000-ton aircraft carrier at a cost of $200,000,000, the most expensive warship ever built anywhere, and with the ultimate plan of making three more of the same.

Obviously as Army aviators bitterly complain, a ship of that size points toward the use of naval planes against objectives and targets supposed to be reserved for the Army Air Corps. According to General Carl Spaatz and General Ira Eaker, both now retired, that was the heart of the Key West pact.

• • •

STRATEGY: Secretary Forrestal, however, has sold both the White House and Congress on the nation's need for an aircraft carrier such as the seven seas have never borne before. While diplomatic and security reasons prevent any revelation of his arguments before Congressional committee executive sessions, his testimony justified his faith in such a ship. To wit:

Had Britain been conquered by Hitler in World War II, thus depriving us of a stationary aircraft carrier and training center for European bombing, the conflict might not be over yet. Had we not occupied Tinian and Okinawa after several years of murderous fighting, we could not have dropped the atom bomb over Nagasaki and Hiroshima.

In any war with Russia, it must be assumed by our top strategists that the Red forces would extend their sway in Western Europe even further than Hitler did.

So, under such circumstances, not one but four or even more carriers capable of launching atomic bombers and fighting planes must be our reliance for retaliation against an enemy which may transform all Europe into an "iron curtain" continent.

In fact, even if General Eisenhower should progress from Columbia to the White House and, as his old Army colleagues expect, favor the Army and the Air Force, it is doubtful if he would disagree with Secretary Forrestal's seemingly sound strategy.

Laymen Voted More Voice

(By The Associated Press)

DALLAS, June 4—The North Texas Methodist conference voted here today to allow laymen more say in nominating committees and boards.

Delegates to the annual conference here at Dallas First Methodist church passed a resolution that the nominating committee hereafter would be composed of eight district superintendents as usual and, in addition, nine laymen.

The additional members will be the eight districts lay leaders and the conference lay leader.

No Comment On Move

Gus Thomasson, a lay delegate from Dallas who had protested yesterday that clergymen only were on the committee, offered the resolution. Dr. Paul C. Stephenson of Dallas said at that time that he and other district superintendents represented both laymen and clergymen.

There was no discussion or dissenting votes in adopting Thomasson's resolution.

"I do not think that any extended comment is necessary," said Thomasson. He added that laymen on the committee would help "meet one of the most outstanding needs of methodism today—an informed membership."

Training Is Opposed

The conference adopted a report from its world peace committee which opposed universal military training. Dr. Umphrey Lee, president of Southern Methodist university, was the committee chairman. Little interest was shown, however, judging from the barely audible voice vote of lay and clerical delegates.

"We, your committee," read the report, "belive that in the present state of the world that this nation must have adequate means of defense, but we believe that the traditional attitude of the people in rejecting UMT as a continuous policy is sound."

The report also endorsed the United Nations. It asked patience in judging UN's worth.

The liquor industry was criticized by speakers including Dr. W. R. White, president of Baylor university; Walter H. McKenzie, Dallas, executive secretary of the united Texas drys and the Rev. W. O. Bucy, Denison, chairman of the conference board of temperance.

Typhus Officer Kills Rats On Area Farms

One day's work—99 dead rats. Description: about 9 to 9½ inches in length, generally carriers of deadly typhus virus.

Paul Durham, Lubbock county typhus control officer, reported to County Judge Walter Davies Friday afternoon with 99 dead rats, all killed during the day on two separate homesteads, one just north of the Lubbock Army Air base site, and the other near Shallowater.

"Ordinary" Day

Davies pointed out that yesterday's example was nothing out of the ordinary for Durham, and explained that the service of the typhus control officer is free to any resident of Lubbock county who is having trouble with rats, mice or fleas. A phone call to the county judge's office, the city health department, or the county agent's office, Davies said, is all that is necessary to bring prompt, sure action.

Davies urged those bothered with such trouble to feel free to rely on the service. "Too often we hear people say that they will take care of the matter themselves, but experience proves that many of them never quite get around to it," Davies explained. "In the meantime, the rats are multiplying and increasing manyfold the chances of the spread of typhus."

The judge presented several laboratory reports from state health offices at Austin, showing that of several groups of test rats sent to Austin from Lubbock county, approximately 50 per cent were infected with typhus.

Bill Would Admit 200,000 In Two Years

GOP To Seek Action On Refugee Program

By FELIX COTTEN
INS Staff Correspondent

WASHINGTON, June 4—The House Rules committee gave the right of way today to passage early next week of legislation to admit 200,000 European refugees to the United States in the next two years.

The committee granted a rule for consideration of the bill following a brief hearing. Rep. Halleck (R-Ind.), House majority leader, announced that the bill would be called up Monday and passed Tuesday.

Debate To Be Limited

Halleck revealed GOP leaders are determined to pass the legislation and send it to the White House before the scheduled June 19 adjournment. However, differences between the House and Senate bills throw a formidable barrier in the way of final action.

The rule limits general House debate to three hours, and opens up the legislation to relevant amendments.

The House bill is sponsored by Rep. Fellows (R-Me.), chairman of a House Judiciary subcommittee on immigration. Like the bill recently passed by the Senate it would permit entry of 200,000 displaced persons in the two year period beginning July 1, but under entirely different conditions.

Changes Are Sought

The House bill grants priority to refugees who have relatives in this country, agricultural and construction workers, household workers and bakers, nurses and hospital attendants, and clothing and garment workers.

Half of the persons admitted would have to be agricultural workers under the Senate bill. Priority would be granted, however, to orphans, and to veterans who fought against the Axis powers.

Persons brought in under the House bill would be charged against immigration quotas of their respective countries up to 50 per cent of their quota in any year. There is no such provision in the Senate measure.

The Senate bill would permit entry of persons only if jobs awaited them and they could be provided "safe and sanitary" housing. The House bill has a similar provision.

Warning Is Given Chinese

NANKING, June 4 (INS)—Charges by Chinese student agitators that the United States is "fostering the restoration of Japanese military and economic imperialism" were flatly denied today by U. S. Ambassador Dr. J. Leighton Stuart.

The American envoy dealt with the student protests in a statement issued in Nanking but approved by the State department in Washington.

Warning Is Sounded

He challenged anyone to show that "any part of the Japanese military power is being restored or that there is any intention on the part of the United States other than to assure it will never rise again."

Ambassador Stuart warned the students that the traditional cordiality between the United States and China is being damaged by the agitation and if continued "can have the most unfortunate results."

John Melby, political officer of the U. S. embassy, explained at the request of newsmen that one result might be refusal by American taxpayers to continue aid to China.

Stuart gave assurance that Japan would never be permitted by the United States to regain her overseas empire but said "we must restore enough of Japanese economic life to enable the Japanese people to become self-supporting."

Andrews County Well Is Proven Producer

Proven for flowing production from the deep pay and scheduled to be completed is Union Oil company of California's No. 6 Cowden, one quarter of a mile south of the nearest Ellenburger oil well in the Dollar Hide field of Southwest Andrews county. It is 1,875 feet from north and 2,085 feet from east lines of section 7, block A-55 psl survey.

This project ran a 37 minute drillstem test at 9,972-10,105 feet. A 1,500 foot water blanket started flowing out in 19 minutes. Oil cut mud came to the surface in 25 minutes and clear oil flowed out of the drill pipe in 27 minutes.

The project flowed oil for ten minutes at the estimate rate of 50 barrels per hour.

Top of the Ellenburger was at 9,970 feet. Operator will cement a string of 5½ inch casing on bottom and will then perforate opposite the pay zone. That section will be tested through those holes, and the well will then be finshed and put on production.

Wall Street

STOCKS AGAIN SLUMP

NEW YORK, June 4. (AP)—A broadscale decline in the stock market today carried the general price level to the lowest since May 13. The drop put the market on the minus side for the third week running after the mid-May splurge of buying.

The market settled to the low point of the day in the final hour of trading.

Volume was the lightest since April 14. The day's total of 1,100,000 shares compared with 1,300,000 Thursday.

Losses ranged from fractions to around 2 points. The Associated Press average of 60 stocks dropped .5 of one point to 70.4, equaling the lowest since 69.1 on May 13. Of the 1,051 issues traded 640 declined and 221 advanced.

Basic demand, today and throughout the week, has remained good. But, according to reports circulating in Wall Street, "the smart boys" are becoming more and more worried over the possibility of a soft coal walkout when the present contract expires at the end of the month.

Scattered issues successfully resisted the downtrend today, some on special news. Pacific Telephone, for example, jumped to a new 1948 high, closing 4½ higher at 103, after word of a $1.50 dividend declaration. Central Railroad of New Jersey was up ½ at 29¾ after announcement it would seek commuter fare increases. Seaboard Air Line touched a new high, ending at 23, up ⅞.

Among principal losers today were Rock Island at 34¾, Kennecott 57⅛, Phelps Dodge 53⅝, General Motors, 63¾, Bethlehem 35½, Liggett and Myers 86⅛, National Biscuit 28½, Phillips Petroleum 73, American Woolen 50, Oliver Corp 32⅝ and Goodyear 44¾.

Cotton

NEW YORK REPORT

NEW YORK, June 4 (AP) — Cotton futures moved lower today under pressure of liquidation. The proposed House appropriations committee cut in the foreign aid funds accounted for the selling as traders feared that cotton exports may be well under previous ideas.

The poor demand for cotton textiles and favorable cotton crop prospects also influenced nervous selling. Offerings were absorbed principally through mill covering against textile sales. There was further switching from nearby July to later months.

A private survey estimated that cotton acreage will be 11.7 per cent higher than last season's plantings.

Futures closed unchanged to $1.75 a bale lower than the previous close.

First Victims Found

relieve weary sandbag crews who have battled the flood day and night for the past week.

Red Cross officials launched a nationwide check today of some 200 chapters throughout the country to locate the names of Vanport residents who may have been reported safe by relatives or friends.

Agencies were working together to assemble a "diminishing" list of "missing" persons. As yet no accurate compilation of unreported people among the 5,274 families reported living in Vanport has been released.

It was expected those living in the area would report to the University Homes housing center where $10 and $20 refunds were being returned to Vanport residents. These refunds were taken from people rentmg units to guarantee against damage to furniture and apartment furnishings.

New Area Threatened

Gears of the Federal Works agency arranging housing for flood victims meshed into action as George H. Field, representing Maj. Gen. Phillip B. Fleming, director general, announced that quarters had been found for 1,360 families in Swan Island naval barracks.

Whether or not the new flood threat would alter plans to move the families into these quarters remained to be decided. The barracks remained above the last flood crest.

Field said five barracks had been cleaned, electrified and plumbing checked 27 hours after it was announced that nine barracks could be used.

Refugees quartered in the Trinity Episcopal church and Killingsworth Avenue headquarters of the Veterans of Foreign Wars were to be the first moved.

Out on the flood front emergency supplies of sacks flown in by eight Army C-47 transport planes were being distributed. The Army planned to fly in 350,000 more bags to meet the river's challenge.

Great concern was expressed over the dikes in the Clatskanie area, 60 miles downstream from Portland.

Dikes In Critical Condition

Dikes in the Longview and Kelso area on the Washington side were holding but engineers said they were in critical condition, particularly the Willow Grove dike in the Longview district. South Kelso residents moved out last week.

Longview, on higher ground, has held its 10,000 population in their homes. Compulsory evacuation of this great lumbering city would compel these people to find housing farther inland.

Danger of loss of life was minimized by the complete evacuation of some 20,000 people living in the threatened areas of the lower Columbia.

Damage, already estimated at more than $100 million, by Brig. Gen. Ensley M. Lleyellyn, Washington state adjutant general, would be terrific should other downriver communities and rich farming land lying within the threatened diking areas be flooded.

Truman Opens Drive

(Continued From Page One)

friendship to Sweden. He called that country one of the most prosperous and progressive democracies. On the program with him, representing the Swedish royal family, was Prince Bertil, grandson of King Gustav.

New Goals Urged

The President said Communism succeeds only where there is weakness, misery or despair, not in a strong healthy society. He pleaded "let us adopt legislation that will provide our citizens with the homes they need, the opportunity for universal good health and universal free schooling, the extension of social security, the full rights of citizenship, an equal chance for good jobs at fair wages, and a brake on inflation that will hold the purchasing power of these wages at a high level."

"This is the method of Democracy. There are the goals of abundance. A nation which reaches these goals will never succumb to the evils of Communism."

Basic Rights Upheld

Against foreign agents, Mr. Truman said, the record shows "we are thoroughly able to protect ourselves." There are good laws and security forces to deal with spies and saboteurs, he said.

But if nothing is done about it, he said, it is "an invitation to Communism" if some of our people live in slums, work at substandard wages, are "arbitarily denied the right to vote or deprived of other basic rights," need more medical care, education, or restore the slashed funds if the security or have to do without necessities because of high prices.

The reference to basic rights and the right to vote apparently represented a "no retreat" stand on the civil rights program which has riled southern Democrats.

March Flays Jester

(Continued from Page One)

he was dropping out of the race, and (2) that he was about to die.

He planned an early return to active campaigning.

He announced plans for a broadcast and visits in Houston, Beaumont, San Antonio and nearby towns next week.

March's verbal blast against Jester was made in a talk in which he formally opened his campaign for the governorship from the courthouse lawn at Waco.

A blunt speaker, the square-jawed law professor charged Gov. Beauford H. Jester with making "the greatest insult and the most ungrateful statement that could possibly be made to the 750,000 fighting men who fought, bled and died to make Texas free."

His reference was to Jester's comment of several months ago that it was "un-Texan" for veterans to expect a state bonus.

Gas Tax Urged

March outlined a platform including these points:

1. Repeal of the state property or advalorem tax.

2. A tax of 2 cents per 1,000 cubic feet on the "gathering of natural gas," which March estimated would bring into the state treasury an excess of $50 million annually.

3. Continued segregation of negro and white school students and provision of "as good schools" for negroes as for whites.

4. Removal of the $35 million constitutional ceiling on old age assistance and a minimum pension of $50 per month for the old people.

5. Increased funds for financing of the public school system and increase of salaries to a minimum of $2,600 a year for "every teacher in the state."

Bonus Advocated

6. "Payment to the veterans of this state a reasonable veterans bonus."

March denounced the state property tax as "a tax upon the homes, farms and ranches of Texas or upon those least able to pay."

He again hit at Jester for his alleged failure to keep promises made in the 1946 gubernatorial race.

"The main plank in Jester's platform two years ago was 'no new taxes,'" March observed. "This was the first promise he broke to the people of Texas, because the first thing he did was get the automatic tax board of which he is a member to double the state property or advalorem tax.

"Then he had the nerve to tell the people of Texas that this was not a 'new tax' because the automatic tax board doubled it and not the legislature. In any event, the result is the same."

Aid Bill Approved

(Continued from Page One)

bill carried these amounts:

Economic Cooperation administration, for economic aid to Europe and Asia—$4,000,000,000 instead of the $4,245,000,000 the President had requested. The sum approved includes $20,000,000 for aid to Trieste, for which the President had requested a separate allotment.

Assistance to Greece and Turkey—$200,000,000 instead of the $275,000,000 the President had requested.

Aid to China—$400,000,000 instead of the $463,000,000 the President had asked.

Government and relief in occupied areas under Army supervision—$1,250,000,000 instead of $1,400,000,000.

International Refugee organization—$70,710,228 as asked.

International children's emergency fund—$60,000,000 as asked

While the total approved by the house is $553,000,000 in cash less than the President asked, the actual reduction was made far greater by spreading the period of spending over 15 months instead of 12.

Even before the vote to keep the committee figure, Dirksen expressed belief the Senate would House did not.

Community Hospital Program Is Backed

DALLAS, June 4 (AP)—The old fashioned country doctor is slowly disappearing, and it's just as well, a Texas health official said here today.

He was Dr. Allen Stewart of Lubbock, chairman of the Committee on Rural Health of the State Medical association. He hastened to add that he meant no disrespect to the old-time country doctor.

"He did a magnificent job with very few tools," Stewart said in an interview. "But that was the trouble—too few tools. He'd set out on a 30 mile journey never knowing whether he'd have to deliver a baby, set a broken arm or perform a major operation when he got there. Things have improved since then."

Co-op Hospitals Praised

Stewart thinks a lot of the improvement is due to "co-operative hospitals"—misnamed, he feels.

"They should be called community hospitals. With a lot of people, the word "co-operative" has come to have an unfortunate connotation."

But actually, the hospitals are co-operative in that they are owned by their inmates and the other townspeople. The town's citizens buy the hospital and its equipment, and pay its staff. The practice is approved by the State Medical association, providing the finished hospital and accessories meet state requirements.

"The idea has two main points in its favor," Stewart continued. "It gives home care to patients in rural districts, and it attracts home town boys to medicine—and it keeps them at home, where they are needed."

In Texas today, Stewart said, there are 14 of these hospitals, and applications for 47 more are awaiting certification.

Lubbock Man Fined

the gunfire, the Mexicans lost control of the vehicle and turned over about four times to the right of the road. Another tire was found in the wrecked car, police reported.

In county court, John Moreno, 23, of 115 Ave. L, was fined a total of $200 and court costs and sent to jail for 10 days by Judge Walter Davies. He pleaded guilty of drunk driving and misdemeanor theft. Records of County Attorney John Steele showed that the other man, Alfonso Urtado, 20, of 123 Ave. M, also was charged with theft. He had not entered a plea. Earlier in the day Urtado had been examined at West Texas hospital for a neck injury but was dismissed.

Other Action Taken

Action was also taken yesterday in connection with other offenses.

W. L. Yarborough, about 34, was fined $100 and costs on a liquor law violation charge. The charge resulted from a Thursday night raid in 500-block Thirty-fourth in which about 88 cases of beer were confiscated.

Bond of $3,000 was set for Orville Glenn, 36, of Yoakum county, by Justice of Peace D. W. Robertson. The defendant faces several theft charges in Lubbock, Terry and Yoakum counties. Approximately $2,000 worth of building materials were found on his farm in Yoakum county earlier this week by Brownfield officers. Most of which has been identified as stolen property by owners in several South Plains counties. Glenn is held at Brownfield and two other suspects are held at Plains.

Judge Gets Many Letters

Judge Goldsborough does not discuss his cases with anyone. He said:

"I get bushels of letter asking me for my opinions about matters before me, and asking me what I am going to do, and telling me what I ought to do.

"I also get plenty of telephone calls at court and at my apartment.

"I have a very simple system. My secretary is instructed not even to open letters which he even suspects might be from such persons until the matter is settled, and then not to show them to me when he does open them.

Air Line Ordered To Suspend Roswell-El Paso Route Flights

J. J. Boydston, local manager of Pioneer Air lines, has been advised in a letter from R. J. Smith, president of the airlines, that the Civil Aeronautics board has ordered suspension of flights by Pioneer over the Roswell, N. M., to El Paso route, a portion of the Amarillo to El Paso route opened by Pioneer on June 1.

The suspension, which became effective at midnight last night, will remain in effect pending CAB consideration of and a decision on a request by Pioneer to eliminate stops on the route at Almogordo and Las Cruces, N. M. The request for eliminating the stops was made, Boydston said, because of lack of facilities at Almogordo and because of the existing restricted district of the White Sands proving grounds near Las Cruces.

In the meanwhile, Pioneer is continuing to give service from Amarillo to Roswell by way of Clovis, the segment of the route not effected by the CAB suspension order. The airline hopes to have the CAB decision on the situation early next week, Boydston said.

Hubbers Drop Fourth Straight

Pampa Blanks Hubbers, 11-0

PAMPA, June 4 (Special)—Any resemblance between the 1947 pennant winners and the 1948 Lubbock Hubbers strictly is imagination after the performance here tonight, when the Pampa Oilers crushed the visitors 11-0.

Lefty George Payte elbowed himself his fifth victory of the year tonight and the first whitewash job in the local ball park of the season.

Bunch Hits, Errors

Payte held the Hubbers to five scattered hits, two of them doubles, one by Manager Jackie Sullivan and the other by Frank Boothe. The rest of the time he was in complete command.

Pampa bunched its hits off Bob Clodfelter and the Hubbers bunched their errors at the same time, helping the Oilers along. Pampa scored three times in the first inning when the Hubbers made two miscues and Clodfelter committed a balk.

In the sixth, three Hubber errors aided the Oiler cause not a little, with the home team not needing any triples or homers in winning their second straight over the Lubbock nine.

Walker Caught

The Hubbers came closest to averting a shutout in the eighth, when Floyd Walker was safe on a fielder's choice. Boothe caught a Payte fast ball and sent it into the outfield for a double, Walker rounding second and going to third.

The hefty catcher tried to stretch it into a run, but a quick relay from Bartholomew to Harriman to Dick Samek at the plate caught Walker with inches to spare.

The eighth inning also was the frame the Oilers pulled the moth-eaten double steal, Belford thieving second with Range crossing the plate, while the Hubbers tossed the ball back and forth.

Giants Down Reds Behind Kerr's Hit

CINCINNATI, June 4 (AP)—Buddy Kerr's two-run pinch hit single in the eighth inning enabled the league-leading New York Giants to edge the Cincinnati Reds, 5-4 today.

Kerr, who suffered a bruise on his right forefinger on a pickoff play in last night's game, came up with the score tied at 3-3, the bases loaded and two out. He banged the ball to left to break up the game and send starting pitcher Kent Peterson to the showers.

Hank Sauer was the big gun for the Reds. Sauer clouted two homers, one in the first inning and the second in the eighth. The homers were his 15th and 16th of the season, top production in either league.

Andy Hansen started for the Giants and gave up three runs before bowing out in favor of Dave Koslo in the third inning.

Lubbock AL Shuts Out Big Spring Nine, 7-0

Tatum's Homer In 1st Deciding Blow

BIG SPRING, June 4 (Special)—Bill Tatum's home run in the first inning, with Bobby Brown on second base, was the deciding blow this afternoon as the Lubbock American Legion nine rolled to a 7-0 shutout of the Big Spring American Legion team.

Five Lubbock hurlers kept the home team hitless, except for a harmless single by Catcher Puga in the seventh inning.

Give Up One Hit

Jack Martyn, who chucked the first five innings, blanked the Big Spring nine without a hit and struckout 10 batters. He was relieved by Hulin Fowler, who hurled one hitless inning; Jackie Hamilton, who gave up Big Spring's only blow; Jack McCabe in the eighth; and Charles Galey, who hurled the final frame.

Lubbock batters, meanwhile, were having a field day at the expense of Garcia and Nunez, the two Big Spring hurlers who shared duty today.

Brown led off the first with a double and came in on Tatum's circuit clout. Three more runs came across in the second to sew up the game, but Lubbock added another pair in the eighth.

Uses Entire Squad

Coach Fred Taylor and Legion Commander H. J. McCabe used 15 players in the rout, five pitchers, two catchers and eight other diamond men.

The starting lineup included Brown, shortstop; Tatum, third base; Jesse Fullerton, first base; Galey, second base; Dorrance Guy, left field; Jim Richards, right field; Garnet Reeves, center field; Jackie Cook, catcher; and Martyn, pitcher.

Substitutes included Bob Rooker, third base; Norman Bantz, catcher; Fowler, Hamilton, McCabe and Whitehead, pitchers.

This was the second consecutive victory for the Legion nine, which holds a win over the Morton Legion, whom they will play Sunday afternoon at Morton.

The line score:

LUBBOCK	230	000	020— 7 11 0
BIG SPRING	000	000	000— 0 1 3

Martyn, Fowler (6), Hamilton (7), McCabe (8), Galey (9) and Cook, Bantz; Garcia, Nunez (7) and Puga.

ALBUQUERQUE, N. M., June 4 (AP)—Jimmy Demaret trimmed par three strokes for a 69 today to cling to a one-stroke lead halfway through the $10,000 Albuquerque Open golf tournament.

Combined with his 65 for the first round, today's score gave the Ojai, Calif., swinger a 134 total—10 better than standard figures—for 36 holes on the 6,813-yard university of New Mexico course.

Bulky Clayton Heafner added a 68 to yesterday's 67 for 135 and second place.

Kid Games Won By Men, Yanks

The Methodist Men spotted the Exchange club a four-run lead in the American Legion's South League game yesterday afternoon, then came from behind to win 12-10.

In the Pee Wee League, the Yankees swamped the Red Sox, 17-10, in a game featured by extra-base hits. Both games were played at the Lubbock Boys Club.

Presley Is Hero

Billy Presley was the hero of the Methodist Men's triumph. He started catching but, after the Exchange club had taken a 7-3 lead, he went in to pitch. He held the losers in check and won the game for himself in the sixth.

Leading off the inning, Presley slammed out a home run. Up for the second time in the frame, Presley hit another circuit clout, this time with two men on. Altogether, the Methodist Men scored nine runs on five hits in this inning.

Lead Hit Parade

Gerald Crawford had a triple and two singles in five trips and four men shared honors for the losers. Ray McLarty had two triples, a double and single; Bob Craig had two triples and a single; Billy Breedlove had a triple and a double; and Duane Rampy had a home run and single.

Leading the Yankees in the Pee Wee League was George Nelson with three singles in four trips. Jimmy Watson with three hits in three trips and Leon Jarrett with a home run and single.

Ray Day had a grand slam home run for the losers in the second inning, one of four hits the Red Sox gathered.

Odessa Elks Meet Bakers In Softball

The Odessa softball team will be at Jumbo Webster Field tonight for a doubleheader with Lubbock's Baldridge Bakery nine in Texas Softball League play. While the league-leading Bluebonnet-Sunbeam squad draws a night off.

Manager Talkative

Other games in the loop tonight will feature Monahans at Nathans of San Angelo, Ragsdale at Stamford and Forsan at Crane.

Manager Slim Gabrel, rated one of the most talkative men in the league, will lead his Odessa Elks into the city for one game starting at 8 p. m. with another tilt following. The visitors rate a slight favorite on the strength of their pitching.

Pitching Duel Seen

"Stringbean" Pope and Pete Garrison probably will hurl for the invaders and Loy Hubbard and Bill Kizer will oppose them. Both games could be a battle of pitchers, or turn into slugfests.

The bakers, now in sixth place, could move up in the race with a double victory, while a single triumph wouldn't help them much. Bluebonnet continues to lead the loop with a record of 13 victories against one defeat, five games ahead of Monahans.

FIRST METHODIST WIN

The First Methodist church softball team beat the Levine's nine 7-5 in an eight-inning game yesterday afternoon in the Church League. Chuck Dunnham was the winning pitcher and the Methodist attack was led by Al Miller, who hit a home run.
