Sunny skies bring out larger than expected crowd

Over 800 attend Ware Unit opening

Almost perfect weather was enjoyed by more than 800 people attending the Ware Unit opening ceremony Sunday.

Wallace and Ware Units Warden Rodney Cooper said he was happy to see the larger than expected attendance for the outdoor ribbon cutting and dedication program.

Special guests on the program included Rob Junell, state representative; Wayne Scott, TDCJ executive director; Allan Polunsky, chairman of the board of the Texas Department of Criminal Justice; and Richard C. Ware II, great-nephew of R.C. "Dick" Ware.

Community support for the local prison facilities was praised by several speakers.

"It's been impressive to see the extra ordinary community effort that went into securing and building the Ware Unit," said Allan Polunsky, chairman of the board of the Texas Department of Criminal Justice.

"The people of Colorado City have demonstrated remarkable cooperation, hard work and foresight during this whole process," he said.

Polunsky noted that the unit should soon be operating at full capacity. It's expected to then employ 300 people with over $600,00 a year going into the local economy.

During his presentation Polunsky indicated that there was a possibility that the Ware Unit could be used as a state jail facility in the future.

"All this is opening as a transfer unit for prison inmates. It may very well be returning to its original plan to use as a state jail as more criminals are sentenced to state jails in the future," said Polunsky.

Mitchell County's State Representative Rob Junell who has strongly supported and assisted Mitchell County residents in their efforts to obtain local prison facilities, noted the expansion of the Texas prison system and the local support for our facilities.

"I thank the citizens of this community for putting together a

WARE UNIT DEDICATION: Wayne Scott, executive director of the Texas Department of Criminal Justice, speaks to a standing room-only audience of almost 800 people during the ribbon cutting and dedication of the new Ware Unit. Guest speakers during Sunday's opening ceremony program included dignitaries and local officials as Neal Webb (left), assistant warden at the Ware Unit, and Bobby Lemons (right), master of ceremonies.

Local officers help with Ft. Davis standoff

A coordinated law enforcement effort in the Republic of Texas standoff at Fort Davis this week has involved several local people.

Texas Department of Criminal Justice Warden Rodney Cooper, Assistant Warden Gary Mohr and around 15 Wallace Unit field officers left for Fort Davis around 11 a.m. Monday.

They returned late Tuesday after search efforts were called off for the one remaining Republic of Texas fugitive.

Horses, dogs and trainers from the Wallace Unit's kennel were dispatched to assist in search efforts for one of two Republic of Texas members who had fled after fellow members surrendered Saturday.

The Republic of Texas separatists, led by Richard McLaren, kidnapped and then released two hostages in the Davis Mountains Resort and held off state troopers in a weeklong standoff.

The Texas Department of Criminal Justice sent horses, riders and tracking dogs to the area Wednesday, April 30.

Initially the tracking dogs were kept away from the area near the compound because of the danger of booby traps. Authorities discoverde a deadly array of booby traps, camouflaged bunkers, pipe bombs, etc. They delayed bringing in the dogs for one day until explosive experts could clear the area.

According to reports, one of the fugitives shot three bloodhounds from the Fort Stockton unit Monday morning and was killed in a shootout with lawmen around 2 p.m. Monday.

One dog was killed, two injured and one is missing, said Larry Todd, a TDCJ spokesperson.

Wallace Unit kennel staff had been on standby status since the early days of the siege.

Untold numbers of armed county, state and federal law enforcement officers had set up forces within the Davis Mountains Resort, 15 miles west of Fort Davis, since the standoff began Sunday, April 27.

Randy Bullard, Mitchell County game warden, returned Sunday night after being on duty for five days in the Davis Mountains area. He said each law enforcement agency had their own responsibilities.

"It was a tight operation," said Bullard.

Incumbents sweep local races Saturday

Incumbents swept the local races during Saturday's election for seats on the Mitchell County Hospital District Board, Westbrook School Board and Loraine City Council. Every incumbent who had sought re-election for another term will return to office.

Incumbents garnered the largest number of votes for four at-large places on the Mitchell County Hospital District board. Kenneth Rogers received 251 votes. Tom Carlock received 248 votes and Kent Boyd received 230 votes.

In her third attempt for the office, Shirley Clifton, a former MCHD employee, won the fourth slot on the board with 177 votes.

Other candidates for the hospital board included Sandy McSpadden (123 votes), Weldon McMillan (103 votes), and George Oliver (99 votes).

Two at-large seats on the Westbrook Independent School District board were won by the incumbents Steve Rollins (61 votes) and Bruce Rich (47 votes). They beat three other candidates for the slots: Rodney Moore (27 votes), Tommy Whitesides (14 votes) and Philip Vigil, Jr. (6 votes).

Two at-large Loraine City Council seats were won by Carl Graham (49 votes) and Pat White, incumbent (39 votes). Mary Crisp tallied 14 votes.

Completion work day is Saturday for CIA

Whether it's Christmas In April or Christmas In May, the idea's the same--local individuals and organizations fix-up homes belonging to their less fortunate neighbors.

Although seven houses were completed during Christmas In April on April 26, the workday was largely rained out. Workers have been working on the houses they adopted ever since then. A completion workday is scheduled for this Saturday, May 10.

Snacks and lunch will be served.

Lemons said there are fewer workers this year than in the past because of the circumstances, so those who are repairing homes this year are especially appreciated.

Anyone planning to work on a house should call Jan Lemons the night before the workday.

All house captains need to call Lemons when the house is complete.

For more information, call Jan Lemons, 728-3678.

Free Colorado City landfill days are this Friday and Saturday, May 9 and 10, from 9 a.m.-6 p.m.

Eradication employees furloughed

Some 500 Boll Weevil Eradication Program employees, including local staff from the district office on Hwy. 208, were furloughed Thursday, May 1, following a court ruling last week.

Considering an appeal from the Boll Weevil Eradication Foundation, the Texas Supreme Court upheld the lower court ruling on the unconstitutionality of the foundation April 30.

Two lawsuits had been filed against the foundation contending its method of assessing fees for the program was unconstitutional.

Mitchelle Thompson, spokesperson for the Boll Weevil Eradication Foundation in Abilene explained that the court ruling favored the assessment but found it unconstitutional on the basis that the foundation has too much control for a private entity.

Supreme Court Chief Justice Tom Phillips, in the majority opinion, wrote that the boll weevil eradication act "as a whole represents an overly broad delegation of legislative authority to a private entity."

Staff from the boll weevil program have drafted a reconstructed bill to be presented to a Texas legislative subcommittee Tuesday at 2 p.m.

Covenant Communities and city reach agreement

The City of Colorado City took a three-fold approach Thursday to minimizing their liability in the Hillcrest Community housing venture.

Following two closed meetings with Hillcrest Community developers and Board of Economic Development members, the city council agreed to approve a contract with the state on the housing project under three conditions:

First, that Mitchell County agree to half the liability. According to Mayor Pro-tem Bob Reily, the county has agreed to share liability with the city.

Second, the state's acceptance of fair market value of the lots.

Third, bonding coverage on the project by Reliance Insurance.

The state's housing demonstration fund grant requires that 51 percent of the 72 units must be occupied by persons meeting the qualifications of low to moderate income.

According to a February 14 letter from Bill Lee of Covenant Communities to the Texas Department of Housing and Community Affairs, "If the project is not completed as anticipated and a portion of the grant remains unearned at the end of the project period, the TDHCA shall have a right to take the deed in lieu of foreclosure.

"The liability for any unearned portion of the grant shall be reduced by the fair market value of all lots taken back under this action. The liability for then any unearned portion of the grant will be to Covenant Communities, Inc."

Toll-free calling area could be extended

Colorado City and Loraine telephone customers will have an opportunity this month to decide whether they want to pay up to $3.50 per month for toll free calling to five area towns.

Southwestern Bell's Colorado City exchange has petitioned for expanded toll-free local calling to Big Spring, Snyder, Sweetwater, Roscoe and Hermleigh.

General Telephone Company's Loraine exchange has also petitioned for toll-free local calling. The Loraine petition would allow for toll-free calling to Hermleigh, Roscoe, Snyder, Sweetwater and Westbrook.

Around May 15, Loraine and Colorado City customers will receive a ballot in the mail, asking them to vote "yes" or "no" for extended toll-free

COOK'S CORNER

Dorothy Watkins

Since she didn't know how to cook when she married at the young age of 15, Dorothy Watkins had to learn about cooking quickly and on her own. She said that she always had the desire which enabled her to learn.

Not knowing how to cook is just a memory for Dorothy, who now caters professionally for small groups. She usually serves groups of 50 people or less. Her daughter sometimes helps but Dorothy does most of the catering herself.

Although she had to learn on her own, Dorothy knows that her love for cooking came from her mother, who is 80 years old. She always enjoyed cooking and still cooks everyday.

Dorothy laughed when recalling the first time she made red beans. She said that she cooked those beans all day, but they were still "hard as rocks". Not until she asked for her mother's advice did she learn that hot water had to be added to the beans to make them soft. Everytime they needed more water, she had poured cold water over them.

Dorothy cooks a lot of sweets. One of her husband's favorite things to eat is her homemade coconut pie. She also cooks a lot for functions for her church, Christian Fellowship.

Dorothy and her husband, Carl both grew up in Mitchell County. They have three children, all of whom live in Colorado City. They are Lisa, Wally, and Lloyd. The Watkins also have three granddaughters, Sherri, Misti and Kimberley.

Enjoy these delicious recipes submitted by Dorothy.

The Case of the Disappearing Christmas In April Sign

Have you seen the traveling CIA sign? It's been around the town and now has disappeared again. Apparently someone is taking the sign and displaying it in other people's yard as a joke!

Jan Lemons was in Monday and said she and husband Bobby had gone by the Larry Hartwick residence to pick it up (that's where it was seen last) and it had already been moved.

Recipients of the sign to date have been Warden Rodney Cooper, Jim Petty and Larry Hartwick.

At first it sounded like a TDCJ employee was up to a practical joke, but now that the Hartwick's have gotten "the sign", who knows?

***

Barbara Claxton of Midland came in the Record office to say you should drive by her mother's (Orabelle Lee) home at 898 East 7th to see some pretty bluebonnets. The bluebonnets are mixed with the flocks and look like an English garden.

Jeff Mounts gave us an update earlier this week about Virginia Fuller. Several tests have been run, which have ruled out a lot of different things, but more tests were to be run this week.

Illegal signs popping up in state right-of-ways

Mixed among the wildflowers blooming along the state highways are a crop of illegal advertising signs.

Texas Department of Transportation officials are asking individuals who have been placing signs in the right-of-way to please refrain from doing so.

The Federal Highway Administration has said that the country's state transportation and highway agencies have a choice, either remove private signs from right-of-ways of federally funded highways, or take a chance of losing a percentage of federal highway funds for future projects.

"To assist TxDOT in fighting the problem of these illegal signs," said Maribel P. Chavez, Abilene district engineer.

Senate Bill 1267 prohibits persons from erecting, placing or maintaining a sign on a state highway right-of-way unless otherwise authorized."

With few exceptions, no signs except regulatory, warning and guide signs are permitted by law within the right-of-way.

Unauthorized signs include any outdoor sign or any other thing that is designed, intended, or used to advertise or inform.

Under Texas law, placing a sign on the public right of way constitutes a Class C misdemeanor and is punishable up to $500 per sign. Signs off the right of way along interstate and federal aid primary highways without a proper permit and license are a class B misdemeanor and can be punishable by a fine of as much as $1,000 per sign. Illegal sign placed on rural roads invite a civil penalty as high as $1,000. Each day of violation is considered a separate offense.

To determine if a privately owned sign is on the highway right-of-way, contact Steve Graham, Mitchell County maintenance section supervisor at 915-728-2609.

partnership that should be a model for the whole state of Texas to have a place here that now serves the citizens of this whole state so well," said Junell.

Wayne Scott, TDCJ executive director, introduced TDCJ officials attending the ceremony—Art Mosley , deputy executive director; Gary Johnson, director of the institutional division; Janie Cockrell, deputy director of the institutional division; John Gilbert, region director; Jackie Edwards, Ramsey III warden and former Wallace Unit assistant warden; and other wardens and assistant wardens at area TDCJ facilities and staff from the two local TDCJ facilities.

Scott noted that one of the benefits of having a local prison facility locally is that it provides career opportunities that allows young people to stay in their home communities.

"The work ethic here is tremendous and I think that says something about the family values here," said Scott.

Around 50 attending members of the Ware family, sporting yellow rose boutonnieres, were represented by Richard Ware II, the great-nephew of Richard "Dick" Ware.

Ware Unit Assistant Warden Neal Webb presented Richard Ware II of Amarillo with the first key to the Ware Unit. The new facility was named after Dick Ware, the first sheriff of Mitchell County.

A highlight of the program was the unveiling of a portrait of Dick Ware that will hang in the lobby of the Ware Unit.

About 40 game wardens, largely from West Texas and the Panhandle, were in charge of covering the perimeter, well behind the Republic of Texas compound.

"It's rough, rough country and we're about the only law enforcement group with four-wheel drives," he said.

They patroled the area round the clock, sleeping in shifts until the situation flared up last weekend and they worked 24 hour shifts.

"We slept out in sleeping bags and had to haul in all of our water but we did have two meal drops a day," said Bullard. "It was a lot of waiting, watching and observing."

Bullard said the game wardens left when the situation wound down and it was decided to bring in dogs to track the fugitives.

Mark Fambro, Texas Parks and Wildlife Department Park Director at Lake Colorado City State Park spent a full week at Fort Davis.

Local DPS troopers joined other troopers from around the state who were being rotated in and out of the Fort Davis area last week.

The Texas Department of Public Safety was the agency in charge of the operation.

Trooper Russell Conkling returned Thursday after an assignment at the Fort Davis site. Sporting tanned forearms that suggest outdoor duty, Conkling said Friday that he couldn't discuss his assignment or the situation.

Trooper Mark Negri was back at his desk in the Mitchell County Sheriff's Office Monday morning after working at Fort Davis several days.

Colorado City woman and child injured in one-vehicle accident

A Colorado City woman and her child were treated for minor injuries following a one-vehicle rollover north of Roscoe Thursday.

Diana Ybarro, 22, of Colorado City and her one-year-old daughter, Miranda Ybarro, were treated and released from Rolling Plains Hospital in Sweetwater.

The accident occurred about 10:30 a.m. on Highwy 84, seven miles north of Roscoe, when a late model pickup, driven by Trinidad McGough, 32, of Snyder, left the roadway.

The vehicle struck a telephone pole, flipped and landed right-side-up, according to a DPS spokesman.

McGough suffered head injuries in the mishap and was transferred to Hendrick Medical Center by helicopter.

High winds Thursday, May 1, were considered to be a factor in the accident, said the spokesperson.

CHIEF LONE WOLF

By JIM BAUM

After what Mitchell County and Colorado City tried to pull on the Texas and Pacific Railroad, it's a wonder they didn't pick up their tracks and go around this county. Our story goes back to 1881 when the tracks were laid. Soon after, the county commissioners and the city council both tried to stick it to the railroad with higher taxes.

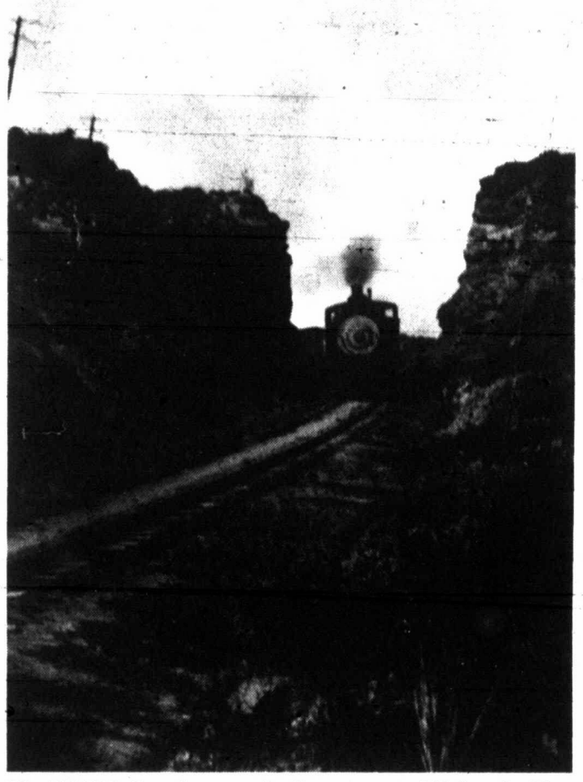

The county tried to jack up T&P taxes in 1890 by doubling the railroad's valuations. (See Lone Wolf, May 20, 1992). The city, which tried hiking Texas and Pacific taxes in 1883, was a little more creative than the commissioners. After sending out assessments, Colorado (City) changed its names and sent out higher taxes.

When our town was chartered in 1882, it was simply called "Colorado." People here went about their business content to know they lived along the banks of the Colorado River and their town was named Colorado.

It's true a lot of folks back then called this Colorado City. Chances are they felt by adding the word "City" the fledgling community would sound a little bigger, maybe a little more important. But, in the beginning, we were pure-dee-ol' Colorado.

Then, faster than you can say 'Let's raise taxes,' we became, dah dah, the City of Colorado!

Why the change? Please keep reading. In 1883, Colorado (City) sent out its tax statements. Among those receiving them was the Texas and Pacific Railroad. They owned the right of way for one and half miles of track in town, a section house, some lots, about 40 acres of land and the stockyards.

The T&P Railroad as seen in the cut west of Colorado City.

Their tax bill from the city was $47.40 in 1883. (Yes, that does sound a little cheap, but the town tax rate was just a quarter of 1%.) But, get ready (as the railroad was about to learn), taxes were getting ready to go up.

All of a sudden, instead of owing the city a measly $47.40, the tax bill for the T&P had shot up to more than $700.

Naturally the railroad told the city, "you can't do this!"

The city said, "You just think we can't. And here's why."

It seems Colorado had held an election and annexed more citizens. That's when the town fathers changed the name from Colorado to the City of Colorado. Get it? A new town, a new name. So, new and improved taxes!

"You can't do this," the railroad screamed. "You've made this town two square miles or nine-sixteenths larger than it was when you sent ou the first tax statements."

"Pay us," the town answered, "or we'll sell your railroad to get our money."

Instead, the railroad answered the city in court.

"The City of Colorado City 'pretended' to change the name of the said town and call it the City of Colorado," the T&P complained to the court. "The city is now advertising the railroad for sale." An injunction against the city was sought, preventing it from selling railroad property.

The city was quick to answer. "Baloney," was the reply. There was no 'pretending' to it. "We held an election and it was fair and square." More specifically:

"May 30, 1883, a petition was filed in the office of the county judge. It was signed by 50 citizens of the City of Colorado residing in (the annexed area) and they were qualified voters asking that the city incorporate under the laws of the state."

The railroad was adamant. "The city was wrong," the Texas and Pacific fumed. Wrong first because former tax levy ($47.40) for 1883 had been made.

Wrong, secondly, because a large number of residents "did not indicate in any way their desire to be included in the city limits."

And wrong, thirdly, because what the city did was flat out illegal. The idea of changing your name just to increase taxes.

Now it was up to the court to decide the dispute. The answer came on November 1, 1884. The City of Colorado was "forever enjoined from collection the taxes claimed for 1883, other than the $47.40. Further, the city was ordered to pay all costs involved in the litigation.

The railroad paid its taxes, all $47.40 of 'em. Incidentally, the Union Pacific currently (1997) pays Colorado City only $39.78 in taxes!

Hmmm, time again for a little annexation election?

FIVE GENERATIONS RECENTLY ENJOYED SPENDING SOME TIME TOGETHER. They are (l-r) Great-great grandmother Pauline Wood of Colorado City, great grandmother Helen Wood of San Angelo, grandmother Deanna Bell of Odessa, mother Tammy Clevenger of San Angelo and Destiny.

LETTER TO THE EDITOR

Dear Editor,

There is a low spot in front of my house that collects and holds water quite a while after it rains. On April 24th, a city employee stopped in front of my house and asked my wife if he could dump his load of dirt in front of my driveway and they would smooth it out. Well, my wife jumped at the chance of getting that mudhole covered up. After their work was done my wife thanked them and they told her if this didn't work, to just call city hall and they'd fix it.

The next day it went to raining and it rained all day Friday and most of the day Saturday. We had the biggest mess you wouldn't believe. We almost got stuck several times backing out of our driveway.

So I called city hall on Monday and the lady said she would relay the message to the street crew as soon as she could.

I went to work Tuesday morning and when I came home, did I have a surprise. The street department had lay down black crushed rock and had it all smoothed out. Now it can rain til the Lord comes but there won't be any mud in front of my driveway. Hats off to the city of Colorado City and street department for a job well done!

FAMILY MEDICAL CENTER OF BIG SPRING

Family Medical Center of Big Spring

To schedule an appointment, please call
1-800-530-4143, extension **3235**

It's important

Although women should get an initial mammogram by age 40, it's especially crucial for older women to have regular screenings because the risk of developing breast cancer increases with age. Women ages 40 to 49 should get mammograms every two years, and women over age 50 should have annual screenings. Early detection is a key factor in successful treatment.

Summer jobs for youth needed

In order for the "Summer Jobs for Youth" program to be a success, Representative Junell is requesting more employers and agencies in Mitchell County to consider providing jobs of at least 20 hours per week for six weeks, paying minimum wage, for students 14-21 years of age.

Many students have already returned their applications for work and employers are being requested to give serious consideration to assisting our young people in finding jobs in Mitchell County this summer.

Some employers have already returned their commitment forms and their promptness and their interest in our youth is appreciated. This is an investment in the future of our communities that is well worth the price, and the effort.

Call the Chamber of Commerce office 728-3403, or the office of Representative Junell 728-8955, today with your job! The Junell office hours are 9:00-11:30 and 1:00-3:30, Monday through Thursday.

Jamie Stewart named United States National award winner

The United States Achievement Academy announced recently that Jamie L. Stewart from Loraine has been named a United States National Award winner in Mathematics and English.

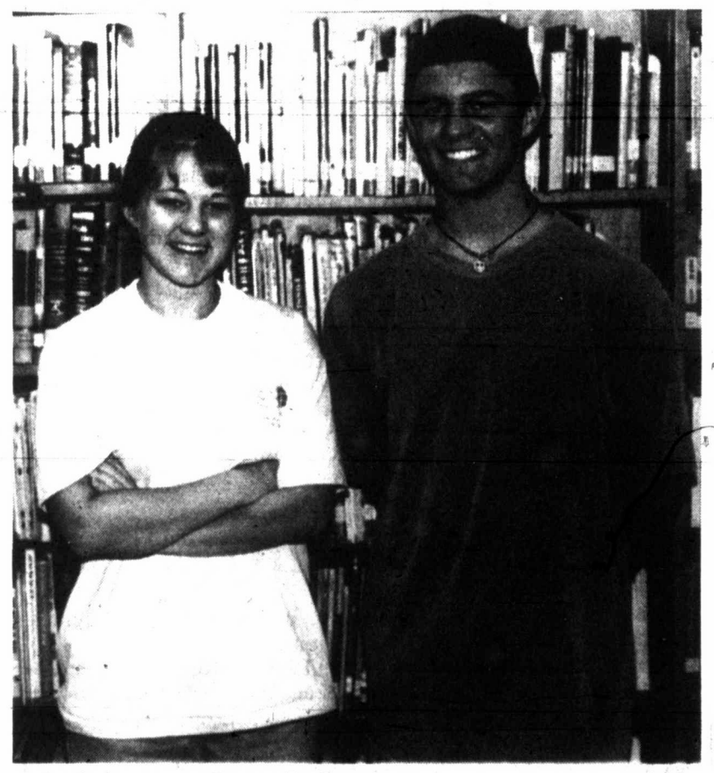

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Jamie, who attends Roscoe High School, was nominated for this national award by Mr. Luft and Mrs. Dean, teachers at the school. Jamie will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, winners of the United States Achievement Academy should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation by teachers, coaches, counselors, and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Jamie is the son of Frankie and Judy Stewart from Loraine. The grandparents are Herbert and Mary Williams of Roscoe and James and Inez Stewart of Loraine.

WESTBROOK SOPHOMORES competing at the State U.I.L. literary meet Saturday, May 3 at the University of Texas, Austin, were Kristin Moody, eighth in computer applications and Chris Chambers, third in calculators.

Loraine loses to Rotan

The Rotan Yellowhammers wrapped up the District 7-A title Tuesday night in Rotan by edging the Loraine Bulldogs 4-1.

What began was a pitcher's duel between senior hurler Kyle Moore and Rotan's ace lefthander Mike Harrison turned in Rotans favor in the bottom of the third inning when Rotan scrapped togther three big runs.

Harrison held Loraine to a scratch single by Rene Garcia through six and 2/3 innings when Miguel Gomez lined a double to left center field. A single by Fabian Limones moved Gomez to third base. Limones was caught in a rundown when Harrison attempted to pick him off first base. Gomez crossed the plate with the run before Limones was tagged out for the third out to end the game.

Moore went the distance for Loraine, striking out six, issueing one base on balls and allowing six hits.

"Other than one inning we played pretty good baseball," said Coach Rick Cooper. "They're a real good ball club and they just put together some runs and we couldn't come back on them. Little mistakes like getting picked off hurt us a couple of times, one of which was critical. I hope we run into them again in the regional finals."

Loraine will close out district play on Friday against Westbrook. Game time is set for 5 p.m.

Next Friday, May 16, the Bulldogs will begin their play-off run when they take oan either Marfa or Buena Vista. At press time, those two teams are tied for first place. Loraine will take on the winner of that contest. A site and time will be determined later.

Carpenter fires 2 good rounds at state, but is disqualified

Colorado City's Cody Carpenter shot two excellent rounds in the state 3A golf tournament Monday and Tuesday of this week but the effort was erased when he was disqualified for signing an incorrect scorecard.

Carpenters two rounds of 76 Monday and 74 Tuesday (150) would have been good enough for sole possession of fourth place, one stroke out of first. Three golfers tied for first place with 149's.

Almost all golf tournaments require playing partners to keep each others score and Carpenter's playing partner from Llano wrote down the wrong score on hole #10. Carpenter actually made a five but a four was recorded and he and the officials discovered the error after the card had been signed.

"This shows a lot of class and integrity on Cody's part," CISD superintendent Russell Merket said Tuesday after he had heard of the disqualification.

Merket went on to say even pro's make these mistakes and once you sign the card there's no changing it.

The misfortunate accident overshadowed an outstanding performance in the state tournament by Carpenter. A 76 and 74 on the tough Lions course in Austin during the pressure-filled state tournament is quite a feat. Par on the course is 71.

Wolves still hopeful after 9-8 win over Greenwood

The Colorado City Wolves squeaked by Greenwood 9-8 Tuesday afternoon possibly keeping their slim playoff hopes alive. Tuesday night the Wolves were eagerly awaiting the outcome of the Crane game. A loss by Crane would keep Colorado City's playoff hopes alive.

It was an exciting seventh inning as the Wolves had to rally in the bottom half as Greenwood had taken an 8-7 lead. Singles by Abel Bonilla and Brett Hoyle put two runners on with one out. A throwing error by Greenwood third baseman allowed Bonilla and Amando Rocha who was running for Hoyle, to score, giving the Wolves a 9-8 win.

Abel Bonilla lead the Wolves offensive efforts, going three for four including a double. Hoyle picked up two singles and Jeff Anzaldua contributed two clutch sacrifices which accounted for two RBIs.

Hoyle started on the mound, going five full innings and gave way to Bonilla in the top of the sixth. Bonilla picked up the win (8-3-1).

The Wolves next game will be Friday at Reagan County. The game time has been moved up to 3:30 p.m. instead of 5 p.m. as originally scheduled.

C-City squeaks by Sonora

The Colorado City Wolves stayed in the running for a play-off spot last Friday when they squeaked by Sonora 7-6 in eight innings.

Brett Hoyle started for Colorado City but needed relief from Joe Ross Jameson after only two innings. Jameson gave way to Abel Bonilla after one and two-third innings. Bonilla pitched the last four and one-third innings and received the win.

"We ran into a little trouble on the mound," said Coach Gerald James. "Things got a little intense in the fourth inning when both benches emptied. It was sort of carried over from the first meeting at Colorado City when there were some controversial calls. We are playing good ball right now and if we could win out and get a little help we still have a shot at the play-offs."

The offensive threat for the Wolves was led by Jaime Gutierrez who was two for four including a double, Danny Scott who was also two for four with a double and Junior Molina who also had a double.

The win brings the Wolves record up to 5-3 in district play.

On Tuesday, May 6th, Colorado City will host Midland Greenwood before heading to Reagan County on Friday, May 9th, to complete district play. Game time for the Greenwood game is 5 pm. The game in Reagan County has been changed to 3:30 p.m. because of a school function.

Rotan Yellowhammers bomb Westbrook Wildcats last Friday

The Rotan Yellowhammers eliminated any playoff hopes Westbrook had when they crushed the Wildcats 18-1 last Friday evening in Westbrook.

Richard White started on the mound for Westbrook but needed help from Joe Rich in the fourth inning when 12 Rotan runners crossed the plate to break open a close 5-1 game.

White absorbed the loss for the Wildcats.

Westbrook's Thadd Rich and Tony Alaniz both doubled to help out offensively for the Wildcats.

Westbrook, now 4-4 in district 7-A play, completes its season Friday in Loraine. Game time is set for 5 pm.

Loraine whacks Aspermont 19-3

Loraine clinched a playoff birth in district 7-A baseball last Friday by blasting the Aspermont Hornets 19-3 in Loraine.

Loraine traveled to league-leading Rotan Tuesday evening in a game that could determine the district championship.

The Bulldogs dropped a tough 2-1 game to the undefeated Yellowhammers on April 15th in a game played in Loraine. Loraine committed a total of six errors in that contest.

In the game last Friday, Aspermont took an early 1-0 lead on a solo homerun in the top of the first inning. Loraine answered with three runs in the bottom of the first and then added seven more in the bottom of the second and never looked back after that.

Bear Cooper started on the mound for Loraine and kept his unbeaten record intact. He gave up four hits, struck out four, and did not issue a base on balls.

Kyle Moore came in to close out the fifth inning and did so by striking out the side thus ending the shortened game.

Doing the damage with bats for Loraine were Fabian Limones with two doubles, Jesse Limones, Anthony Aguilar and Bear Cooper each a double. Raymond Limones added a triple while Moore cracked a home run to help the cause.

"We are playing our best ball of the season," said Coach Rick Cooper. "I feel real good about our chances of beating Rotan. They are a good club but definitely not unbeatable."

Loraine will close out the regular season Friday at home against cross-county rival Westbrook. Game time is set for 5 p.m.

Loraine News

By BESSIE ANN VAUGHN

Greetings from Loraine where mesquite trees both young and old are leafed and leafing... Wake up, hon, spring has sprung! In case you want to spring clean and decorate, you might be interested to know that the *Wall Street Journal* has spread the word and Amber Barz reported that country style decorating is now "hot and happening".

Now isn't that special? We West Texans have been hot and happening ever since Geranimo was a pup.

According to Barz, country houses, cottages, ranch houses and log cabins are in great demand and "in". Isn't is nice to know we are "in" like Flyn?

In all fairness, most wall streeters and other young businessmen with money are looking or building second homes starting around a million dollars, decorated in a country style, of course!

Mercy! Light my oil lamp and bring me a mule ear chair. We have arrived, we are "in", even though most of us are enjoying country styling in our one and only country place.

AN AUTOBIOGRAPHY OF ROSIE THE CAT

(continued from last week)

The person in the new house I'd found was hard at work on a radiator. I soon found out this wasn't a house, but a radiator shop.

There was a couch in the front room by a fireplace and I'm no dummy, so I climbed up there for a cat nap. The person who owned the couch just let me stay. He bought me tuna, and then I knew I had him hooked.

My new person decided I needed a name. Due to my athletic ability and my pugnacious nature, along with being what he called a rose colored cat, he named me Rosie, and Roosevelt Grier, the football player (I said he was a nice person, I didn't say he was smart!).

My natural curiosity earned me the nickname Nosey Rosie. We were located right across the street from the post office, which I visited regularly.

Miss Donna, our post mistress, called me Tinkerbell because of the bell I always had on my necklace. The fire station was located at the back door, so it fell to me to regularly inspect all their equipment.

One evening, we got a new firetruck. The next morning, my stamps of approval were on every bumper. I attended fire practice every Tuesday night, just to keep them on their toes. Sometimes I would also stop and visit city hall secretary, Christene Britton.

One day, taking a long way home, I just happened to arrive at the Masonic Lodge just as Roy, the worshipful master (or something like that) was opening the door. Being civic minded, I decided to check out the Masons. I was still in the process of my investigation when Roy completed his paperwork and left. This was noon Friday.

That evening, when my person got ready to go home, he couldn't find me. There was no Rosie to be found. In the meantime, I was getting a bit hungry and thirsty, but I knew that soon the door would open and I could go home. WRONG! Saturday and Sunday passed—Monday dame and I was still in the lodge hall.

I knew my person would be frantic, but there was no phone in there, so I was stuck. About 9:00, I heard footsteps—my normal, dainty meow could would have put the fire siren to shame. I found out later my person was still looking for me. He heard me meowing in the lodge hall and called Roy.

Roy came down and opened the door. I set a new world record for the fifty yard dash—straight to my sand box. I was shocked to think they thought a girl of my breeding would consider using a strange restroom.

Never the less, I was blackballed by the Masons. They suggested I try the Lions, said I might be more comfortable there.

(to be continued)

Take care and see you around town!

Texas Tech honors Ben Logan

Texas Tech University (TTU) has honored Dr. Benjamin F. Logan, Jr. by electing him to the Electrical Engineering Academy, an honorary organization that recognizes significant achievements in the field of electrical engineering by TTU EE Graduates.

Dr. Logan is a son of Mabel Hood Logan, a pioneer resident of the Spade Community of Mitchell County. Ben is a part-time resident of the Spade Community, where his aunt and uncle, Tom and Minnie Lee Moore, also reside.

The award was made to Ben on April 3 in a ceremony at the TTU campus in Lubbock. This ceremony was also attended by his brother, Russell H. Logan of Colleyville, Texas, who was already a member of the TTU EE Academy. This is the first time that two members of the same family have received this honor.

Dr. Logan graduated from Coahoma High School at 14 years of age and earned his BSEE degree with honors from Texas Tech in 1946. He later received a MSEE from MIT (1951) and a PhD in engineering science, electrical engineering from Columbia University in 1965. Joining Bell Tele-phone Laboratory in 1956, he continued his en-lightened research activities.

Dr. Logan has contributed significant ad-vancements in the fields of electrical engineering and in advanced mathematics. His practical application of mathematical theory and engineering principles made possible three-dimensional imaging, which is used in all CAT scan imagers for medical diag-nosis and research. Other achievements include the development of the enabling filter theory for high quality communications via inter-national long-line and satellite systems.

Dr. Logan achieved professional success simultaneously in two separate fields: while en-gaged in scientific and engineering developments as a distinguished member of the technical staff for Bell Telephone Laboratories, he became a leading fiddler in the world of bluegrass music, where he is well-known internationally under the stage name of "Tex Logan".

Dr. Logan is a frequent visitor to Colorado City. He now resides in Madison, N.J. He is married to Peggy Logan, and they have two daughters, Laura and Jody; twin grandsons, Jamie and Ryan; and a granddaughter, Cory.

How blessed we are that you are our friends! Words fail to express what our hearts have felt in the past two weeks as you have supported us in so many ways! Your calls of concern for Marlin while he was in the hospital meant so much to us. Your cards of love and sympathy since his passing have encouraged us. The flowers, money, food and memorials given in Marlin's honor serve as a testimony that you loved him as we did. Thank you all so much for every expression of your love and sympathy.

The family of Marlin Moore, Ruth Moore, Margie & Billy Pinkerton and family, Wanda & Ray Bynum and family, Stanley & Janet Moore and family
