Thieves Strike Drive-In

Thieves broke into the Lone Wolf Drive-In concession stand Thursday night and took several packages of cigarettes from the building.

Raymond Webb, local theaters manager, discovered the burglary at 10 p.m. and immediately called authorities.

Webb said the hasp had been pried off one of the side back doors to the building.

After finding the door ajar, Webb entered the building and found the door to the deep freeze also open. The open deep freeze unit led Webb to think the thief or thieves had just left since none of the ice in the freezer had began to melt.

Mitchell County Sheriff's office is investigating the incident.

1,812 ENROLL

Classes Underway At Local Schools

Colorado Independent School District, with grades 1-4 integrated, had a beginning enrollment of 1,812 for the 1965 term.

A small increase in the number of students is expected to put the count higher as late comers and new families moving to town arrive according to Supt. of Schools Frank W. Wilson.

Enrollment at the end of the first six-weeks period is usually larger than the beginning total due to those factors.

Approximately 10 students previously attending Wallace School have transferred to Loraine since that city integrated its classes beginning this fall.

At the end of the first six-weeks last year 1,868 students were enrolled in the local system.

Classes were reported to be "pretty well underway" and well-balanced by Wilson.

He noted that all schedule changing ended Friday (Sept. 10).

Wallace School has a total enrollment of 116.

Primary School students totaled 462 with 152 in the first, 159 in the second and 151 in the third grade.

Total of 465 are at Hutchinson with the following breakdown of classes: fourth grade, 159; fifth grade, 150; and sixth grade, 147.

Colorado Junior High, from which the freshman class was moved to high school, began with 288 students including 137 in the seventh grade and 138 in the eighth grade.

High School numbers are up this year with the addition of the frosh class transferred from junior high.

Totals of the CHS classes are: freshmen, 144; sophomores, 139; juniors, 104 and seniors, 94.

Twenty - one students are in special education classes including eight at Hutchinson and 13 in Junior High.

Working in the school system are 93 administrators and teachers.

UNITED FUND

Benson Chosen Campaign Head

Don Benson has been named campaign chairman for the United Fund in Mitchell County for 1966.

Announcement of the new chairman was made by United Fund President Elmer Martin. Benson is manager of Texas Electric in Colorado City.

A meeting will be held in the near future of the fund's screening committee with the nine individual agencies who participate in the county's United Fund.

Members of the committee include J. W. Randle, chairman, Bill B. Carter, Rev. M. A. Smith, Mrs. Ken Cowan and Joe Gruetzner.

The group will discuss needs of the agencies in order to set the goal of the 1966 campaign in Mitchell County.

Goal in the 1965 campaign was $18,930.

The nine agencies participating in the fund are American Red Cross, Salvation Army, 4-H Club, Future Farmers of America, Boy Scouts, Warm Springs Foundation, Girl Scouts, Council on Alcoholism, Diabetic Foundation and Texas Association of Mental Health.

Texas United Fund also receives a portion of the local money donated.

Other officers in the organization are Herbert Mearse, first vice-president; Drew Cawthron, second vice-president; Mrs. C. Brice Webb, third vice-president; George Witten, secretary; and Dick Wistrand, treasurer.

HOLD OWN DRIVE

President Tells Assn. Decision

Mitchell County Heart Association has withdrawn from all participation in the United Fund in Colorado City.

Bob Barman, president of the county heart group, made the announcement concerning the local affiliate of the Texas Heart Assn.

The Heart Assn. will conduct an independent campaign in February of 1966 throughout the county.

"This action is in line with the policy of the Texas and American Heart Associations and follows similar actions of other health organizations.

The relationship with the United Fund has been most pleasant and they (United Fund) have been very cooperative," Barman said in the announcement.

"It is hopeful that this relationship will continue in the future," he added.

The president also urged speed in the advance in heart research, education and community service toward the day when eradication of heart and blood vessel diseases can be accomplished.

"We feel that our proper role is to recruit volunteers to take the heart message to the public on an independent basis and at the same time support the very fine work of the United Fund in Mitchell County," Barman said.

"The Heart Assn. belongs to the people of this county and it is their decision whether they have an active part in the work now going on all over the country in combatting the nation's number one killer — heart and blood vessel disease — and all are invited to take an active part in their Heart Assn.," the local president added.

Barman also noted the availability of educational programs to anyone interested.

"Object Turns Out As Weather Balloon

An "unidentified flying object" viewed by several Colorado City citizens early Thursday evening turned out to be a weather balloon.

Some neighborhood residents stood in their yards watching the object floating high above the city.

After a call at 6:48 p.m. to the local police department, a check was made with the U. S. Weather Bureau who advised the presence of the balloon in the area.

Appearance Set Before Council

There may be some surplus parking meters in Colorado City in the near future if the City Council adheres to the wishes of the merchants committee of the Chamber of Commerce.

Jeff Taylor and Sam L. Majors Jr., are scheduled to appear before the Council in their regular session Monday night at City Hall as spokesmen for the Chamber committee.

Decision to appear before the Council was made in an Aug. 11 meeting of the merchants committee.

The group proposes that the city allow free parking in the downtown area for a period of 90 days and see just how well the "no violation" plan works out.

Businessmen and citizens in attendance at the Aug. 11 session had overwhelming sentiment toward the non-use of the meters in the future.

All downtown business houses were contacted prior to the August meeting and most had representatives on hand. John Tom Merritt appeared before the meeting asking efforts to discontinue use of the parking devices.

Taylor stated the removal would be asked for reasons of improving local businesses.

Majors said the key to the success of not using the meters would be the co-operation of merchants and their employees leaving downtown spaces open for use by store customers.

"There are plenty of spaces available," Majors noted, "and the revenue is not too much."

"With the advent of shopping centers, parking meters are a thing of the past," the spokesman said.

Majors noted the action of many cities including Lubbock where use of parking meters has been discontinued.

"They (parking meters) are not the answer anymore," Majors stressed.

In addition to the group's spokesmen, a number of businessmen and citizens are also expected to be on hand for the Monday night session at City Hall.

Band Concert

NUMBERED DAYS

TOTAL OF $296,470

County Holds 44 FHA Loans

Over 39,766 familes of farmers, ranchers and rural residents in Texas benefitted from Farmers Home Administration loan services during 1965.

Mitchell County has made 44 operating loans during the past year totaling $296,470, of which $125,870 were initial loans to new applicants. Four rural housing loans have been made totaling $38,560. Nine farms have been purchased totaling $203,610. One soil and water (individual) loan was made for $4,280. Thirty-one emergency loans were made totaling $110,680.

The total amount loaned for the 1965 fiscal year ending June 30, 1965 was $653,600. The larger portion of this money went into the economy of the county for the purchase of building material, equipment, seed, fertilizer, labor and machinery repair.

Loans made or insured by the Farmers Home Administration in Texas during the fiscal year ended June 30 totaled a record $88,289,230.

State Director Cappleman said that the Farmers Home Administration preserved its long-standing record for keeping its various lending programs in a sound position during fiscal 1965. Repayments of principal and interest by borrowers totaled the largest volume collected in the agency's 30-year history.

"This good credit record signifies the initiative and integrity displayed by the people of rural Texas in their vast self-help effort which these loans represent," Cappleman stated.

Included in the number of Texas rural people benefitting from these programs are the members of 28,245 families forming rural groups that use Farmers Home Administrative credit.

Most of these groups borrowed funds to develop rural community water systems.

State Director Cappleman emphasized that loans to strengthen family farms and build new rural homes continued as the agency's largest programs in fiscal 1965.

C-City kicked off first to amlin whose short drive ded in a punt and the lo- ls took over possession of e football.

On the first play from scrimmage Lindsey hit the line on a dive play and outraced the Hamlin defense for a 65-yard scoring run.

Run for extra points was stopped and the B-team held a 6-0 lead.

Later in the first period Rusty Steakley hit left end for 12 yards and the second C-City touchdown. A run for the points again failed and the local eleven led 12-0 at the half.

Hamlin broke into the scoring column in the third quarter on a 30-yard pass play. An attempted run failed for the extra points.

Lindsey made his second and C-City's final touchdown in the third taking a pitchout and going around end for 40 yards.

On the identical play Lindsey surged over for the extra points and C-City had a 20-6 bulge.

The visitors came back in the fourth quarter on a 25-yard end run that finalized scoring with C-City still out in front 20-12.

In addition to the tremendous show put on by Lindsey, Steakley, Ricky Whitaker and Kenny Lightfoot also stood out in the C-City backfield.

Defensive ends Sammy Parham and Allen Smith led the-B-team charge along with interior lineman Howard Massingill who also turned in a creditable performance.

Coach Caddo Matthews, who emptied his bench in the contest, said the B-team showed some speed and that there was "good hitting" throughout the game.

7th Grade Blanks Coahoma

Colorado City seventh grade gridders whacked Coahoma 16-0 in a 4 p.m. contest Thursday in Wolf Stadium.

After a scoreless first quarter the local eleven reached paydirt on a quarterback rollout by Steve Vest for the six points.

Vest then passed to Bryan Bassham for the two points and an 8-0 lead over the visitors.

The two teams again went scoreless until the final quarter when T. C. Love went three yards for a touchdown to widen the Colorado City lead.

Ronnie Brewton took a pass from Vest for the extra points as the final score stood at 16-0 with C-City on top.

Vest led the local offensive attack and Stoney Stone also stood out at a halfback post.

Ray Sanchez played an outstanding game from his defensive tackle position for C-City.

Coach Richard Hinnant, in his first grid contest since coming to Colorado City, said the team looked good considering they had only had one week of practice.

"We'll be better by the time of the next game," Hinnant said.

Second C-City TD

RUSTY STEAKLEY is seen eluding one Hamlin tackler enroute on a 12-yard touchdown run in the first quarter of the locals' 20-12 victory over the Hamlin eleven Thursday night in Wolf Stadium. C-City built up a 12-0 halftime lead and played consistent football to hang the defeat on the Hamlin squad in their season opener.

C-CITY IMPRESSIVE

Frosh Defeat Hamlin By 32-6

Colorado High 'frosh gridders slammed Hamlin 32-6 in a Wolf Stadium grid battle Thursday night.

Coach Doug Chitsey cleared the C-City bench early in the contest and the first unit only played in spots following the first local scoring drive.

C-City struck fast with only 2:34 gone in the first quarter as Ronnie Nunley circled left end on a quarterback keeper to score.

Try for extra points failed.

Dan Steakley made the second C-City TD hitting paydirt on a short yardage dive play.

Again the try for points after touchdown was unsuccessful.

In the second period Nunley again found the scoring key on another keeper covering 15 yards.

Steakley blasted over for the extra points and the locals had a 20-0 margin at the half.

A 35-yard pass and run from Randy Parker to James Hill put the C-City freshmen further out in front. Try for points failed.

Hamlin finally got on the scoreboard in the third quarter scoring on a two-yard pass play against the Colorado City third unit.

Steakley ran up his scoring total to 14 points on a 30-yard run across the goal line in the fourth period to end all scoring in the game.

In addition to the fine backfield play of the freshmen, Coach Chitsey singled out five linemen turning in creditable performances including Johnny Matthews, Leslie Ellis, Preston Ray, John Molina and Leon Hornbeck.

Defensive stalwarts for Colorado City were linebackers, Mike Maines and Kenny Key, and cornerback Richard Reynolds.

Chitsey was pleased with the performance of the entire squad and had special praise for the second and third team whom he said "really came through."

Rev. Harland Birdwell New Vicar At All Saints

By RUTH COFFEY
Women's Editor

All Saints Episcopal Church has a new vicar in residence, the Rev. Harland B. Birdwell.

The 36-year-old vicar was recently assigned to serve both All Saints, in Colorado City, and St. Stephen's Episcopal Church in Sweetwater. He and his family are living in the All Saints vicarage at 705 East 7th St., in Colorado City.

This part of West Texas is not new to Rev. Birdwell. He was born in Snyder, Nov. 1, 1928, son of the late James H. Birdwell and Mrs. Ethel L. Birdwell who still lives in Snyder.

His Snyder friends all call the new vicar "Steve," his old nickname. As Steve Birdwell he grew up and finished high school in Snyder, graduating in 1946. After that, he served for two years with the United States Marine Corps, 1946-47.

In 1948 he entered Texas Technological College at Lubbock. In October, 1949, he married Miss Charlene Ellen Smith, a Texas Tech co-ed from Sweetwater. Mrs. Birdwell's parents live in Snyder, now. They are Mr. and Mrs. Charlie Smith.

From 1950 through 1961 Steve Birdwell operated his own business in Snyder. He owned and operated a fleet of service trailers along with a service station. He was a busy young man, active in civic affairs. He served for four years as city commissioner in Snyder and was president of the Snyder Junior Chamber of Commerce in 1955-56.

He and his wife became parents of a daughter Cynthia Ann (Cindy) who is now 14 and a freshman in Colorado High; and a son Charles Scott, who is a 12-year-old seventh grader.

As a jazz enthusiast and a trumpet player with talent to spare, it was only logical, "back then" that he would form a dance band. "The Steve Birdwell Combo," popular all over this area for country club and private party dances, became Steve Birdwell's happy — and profitable — hobby.

Life for the Birdwell family could have gone on in the storybook tradition of "They lived happily ever after" with business, civic interest and music Steve Birdwell's fields of success.

Rev. Harland Birdwell

★ ★ ★

But in 1954 he was confirmed into the Episcopal faith at St. John's Church in Snyder. Later he became a lay reader and superintendent of the St. John's Sunday School. Late in 1961 Steve Birdwell decided to do what some prosaic people could call "the impossible." With only one year of college behind him, he entered the University of Kentucky at Lexington, January, 1962.

In September, 1962, he entered the Episcopal Theological Seminary at Lexington after moving his family to Kentucky with him. His schedule would have discouraged a less determined scholar, with seminary classes all morning and college classes all afternoon much of the time.

In May of 1965 he received his Bachelor of Divinity. In August he was awarded his Bachelor of Arts at University of Kentucky where he won his Phi Beta Kappa key and held membership in Phi Alpha Theta and Phi Eta Sigma.

August 15 he arrived here in Colorado City to assume the assignment as vicar of the two mission churches, All Saints and St. Stephen's. The double assignment is being tried by his Diocese in a new way with the hope that both mission churches can become self-supporting church bodies.

Rev. Harland B. Birdwell spends three week days in the church office of St. Stephen's in Sweetwater. He is there for church duties and consultations with his parishioners each Monday, Wednesday and Friday. Tuesdays, Thursdays and Saturdays he is in his church study here at All Saints.

On Sunday, Rev. Birdwell has services at All Saints at 9 a.m. At 11 a.m. he conducts services in St. Stephen's at Sweetwater.

For a young vicar who managed to acquire two degrees at once the schedule does not seem too strenuous. Coming back to this area pleases him and his family. Mrs. Birdwell spends her spare time in the library. Cindy and Scott are attending school.

The vicar still loves his music with accent on jazz. But the determined young business man and combo trumpet player who used to be Steve Birdwell is now Rev. Birdwell, dedicated Episcopal vicar. He is here as shepherd of two churches and two congregations.

CHAPEL VOWS

Miss Sandra S. Clifton Weds Howard Hendrix

Miss Sandra Sue Clifton and Howard Price Hendrix exchanged double ring wedding vows Saturday evening at 7:15 in Memorial Chapel, First Methodist Church.

The bride is the daughter of Mr. and Mrs. John A. Clifton, 1001 Oak St., Colorado City. Parents of the groom are Mr. and Mrs. Price Hendrix of Westbrook.

Rev. C. T. Jackson, pastor of the Methodist Church in Mobeetie, was officiant for the marriage ceremony.

Altar of the chapel was marked with candelabra holding votive candles and a massed arrangement of burnt orange gladioluses and giant bronze chrysanthemums.

Given in marriage by her father, the bride chose a slender gown of white bridal taffeta in empire style. The bodice was fashioned with a bateau neckline and long sleeves forming focal points over her hands. Re-embroidered Alencon lace and seed pearls appliques in a flower motif enhanced the bodice yoke.

The lace floral design was repeated on the chapel length train, caught to a flat bow in the back. A lace pillbox studded with pearls held a fingertip veil of silk bridal illusion. She carried a bouquet of white orchids accented with gladiola florets in a cascade arrangement.

Mrs. Martin Bowman, of Lubbock, attended her sister as matron of honor. Her moss green two-piece dress was designed with sheer, long tapered sleeves. Her headdress was a matching wedding ring with a brief veil of tulle. She wore matching shoes and carried a nosegay of white gladiola florets showered with ribbon.

Miss Sandra S. Clifton

Flower girl, Michele Bowman of Lubbock, niece of the bride, wore a full-skirted dress of moss green with matching sheer sleeves.

Price Hendrix, father of the bridegroom, attended him as best man. Martin Bowman, of Lubbock, was wedding usher.

Music for the ceremony, was played by Mrs. Don Redwine, organist. Wedding soloist, Mrs. Drew Kennard of Silver, sang "Till" as the prenupial song, and "The Lord's Prayer," after the vows.

* * *

Mr. and Mrs. Clifton, parents of the bride, entertained the bridal pair, their attendants and guests, at a reception in the Clifton home, immediately after the wedding.

Flowers for the bride's table, which was laid with an organza cloth, were burnt orange gladioluses and 'mums. Appointments of silver and crystal and the wedding cake topped by a minature bride and groom completed table decorations.

Miss Karen Fugate presided at the guest registry.

For a trip to Corpus Christi the bride wore a two-piece suit, fashioned with a tunic coat, of cranberry red. Her accessories were black patent, her corsage, a white orchid.

The couple will live at 137 West 12th in Colorado City after their honeymoon. The bride, a graduate of Colorado High School, attended Texas Technological College in Lubbock. She is employed in the Sun Oil Co. office at Silver.

Mr. Hendrix, graduate of Westbrook High School, attended Howard County Junior College. He is employed by Cosden Oil & Chemical Co. in Big Spring.

Ruth Coffey's CONVERSATION CORNER

WHAT would you like to talk about this time?

Whatever you usually want to talk about is supposed to be a good index to your intelligence. Or lack of it.

The super-brain — or highbrow — wants to talk about **ideas**, according to some wise saying by some wise observer.

Middlebrows — or average brains — want to talk about **current events**, what's happening here, there and yonder.

Lowbrows just want to talk about other people.

* * *

WELL, God must love all the middle-low-brows. He made so many of them!

Talk about ideas is fine. But not only is it kinda scarce, it's getting farther and farther up in the stratosphere. Next thing you know all the status-seekers will be steering toward the moon.

Those of us who have no slightest intention of making a space trip will have to be content with talk about what's happening here . . . and now . . . and who's doing what.

* * *

TO TALK current events (the middlebrow choice) can be educational if not exactly inspiring.

Now seems as good a time as any to set straight this thing of talking about people. All talk about people does not fall into the same lowbrow category. Not by any means.

Just as sure as there is good and evil, truth and falsehood, interest and rank curiosity . . . so there is good and true and interested talk about people. And good news is good to share.

There is glad talk . . . and mad talk, sometimes better known as gossip. That's the kind which usually starts "**I don't believe a word of it but I heard . . .**"

* * *

MORE STUFF that talkers about people don't believe a word of gets circulated than the absolute truth ever does. **The road to "Tell" is also paved with "good intentions," maybe.**

Truth travels in slow motion sometimes. Gossip, with the speed of sound.

Even so, if what you know about somebody else is nice, is happy news, is GOOD . . . to tell and talk about it is another matter.

In other words, **all is fair in love, war, and conversation** . . . so long as that conversation is for and not against the subject or subjects.

* * *

IDEAL conversation, would combine ideas, current events and people. That way, we'd all wind up as high-middle-lowbrows.

For instance: **over in Viet Nam a war goes on.** It isn't so far away as it seemed at first. It grows nearer by the day.

Freddie Montis, grandson of Mr. and Mrs. E. G. Banks, Sr., will leave the States for Viet Nam, Sept. 20. Freddie and his wife Penney were here visiting his grandparents and his uncle **Emmett Banks, Jr.,** and his family. He's been stationed at Biggs AFB in El Paso.

His grandmother, Mrs. Banks, went with Freddie and Penney to see **Mr. and Mrs. Fred Montis in Gallup, N.M.,** his parents.

Penney will go to stay in Idaho with her grandmother while Freddie is stationed in Viet Nam. **His mother is remembered here as Marcelle Banks.**

* * *

BACK to the "idea department" now: not until you become a grandparent do you ever have the least, faintest idea of the untapped store of love waiting in some secret compartment of the heart **just for your children's children!**

Want to hear pride in a voice? Talk to a normal grandparent. **The G. A. Loveless** house is happy over the birth of their third grandchild.

He's a boy baby born to Sgt. and Mrs. G. W. Scott at Fitzsimmons General Hospital in Denver, Colo., Thursday morning, Sept. 9. He's to be called Kevin Wayne and weighed 9 pounds, 4 ounces. His mother is the former **Linda Sue Loveless,** and his maternal grandmother is the former **Sue Motley.** Paternal grandparents are the **L. A. Scotts of Dunn.**

* * *

TWO young lovelies who finished CHS in May are to be freshmen co-eds at **Baylor University!**

They are **Judy Carter, daughter of Bill F. and Doris (Montgomery) Carter and Leeann Moore, daughter of the Tom C. Moores.** Judy and Leeann will be roommates in Ruth Collins Hall.

Bill and Doris traveled with them to the campus in Waco in time for the week of Religious Focus Retreat. Leeann took her car. The Moores already plan to visit Baylor on Parents Day, Sept. 25. The Carters hope to wait until Homecoming Day, Oct. 29.

(Remember how it was — that awful emptiness when your firstborn departed for college for the first time? It's a bittersweet experience. **Bitter because there's a vacant spot, but sweet because they could go.**

* * *

OFF THE CUFF: The Garretts, Nelda and her mother Mrs. W. H. Garrett, are back from a week spent as guests in the **Austin home of Lt. Colonel Charles Garrett** and his family. Enroute home, they visited in their old hometown Stephenville, in Dublin and DeLeon.

Back home from an extensive tour of Europe is our **Mabel Kelley (Mrs. Frank H.) Her friend Mary Cantrell Fisher (Mrs. Beeman)** now of Ft. Worth, traveled with her.

Mrs. Max Berman is back in C-City after a tour of the Orient. She loved every minute of being in exotic places like Hongkong and Tokyo.

* * *

SEEN LATELYS were H. O. Stephens . . . Mrs. Tom Burrus . . . Mrs. Bennett Scott . . . Joe Earnest and Ray Webb at a refreshment break.

Saw **Chief Leon Yeager** on the downtown scene . . . **Georgine Redman . . . Peggy Bagwell (Mrs. Hulen) too . . . Don Benson of the Reddy Kilowatt team and James Hull of the Willie Wirehand team,** together. They were captains of the annual Lions Club light bulb sale contest, Friday.

On the shopping scene saw **Mrs. Allen Sheppard . . . Carolyn Braswell, wife of Eddie . . . Mrs. B. B. Lee, mother of a lovely recent bride, Janie.**

Tearing down Chestnut St. via bike was that favorite MM (Methodist Minister) named **Darris Egger,** gay as you please.

And that's not something "I don't believe a word of but I heard . . . " **It's something eye-witnessed (or I witnessed) right smack in the middle of the morning.**
