65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday November 3, 1966

Number 44

General Election Coming Up Tuesday

Culminating many months of electioneering on the part of candidates for local and state-level offices, the General Election comes up Tuesday, Nov. 8th over the United States.

Schleicher county voters will join an expected two million over the state as they turn out at the polls.

As of Tuesday morning, 25 absentee votes had been cast in the County Clerk's office, giving indication of a good local turnout Tuesday.

Polls will open at 8:00 a.m. and close at 7:00 p.m.

The U. S. Senate race is tops in interest, since state and local officials who won the Democratic nomination back earlier in the year can now expect to go into office on the usual "tantamount to election" basis. In the Senate race, Waggoner Carr as Democratic nominee is trying to unseat the incumbent, Republican John Tower who has held the office for about five years.

All in all, local interest has remained comparatively quiet regarding the coming General Election. Since this is not a Presidential election year, voter turnout may be lighter than two years ago.

Deadline for absentee voting in the Clerk's office is 5:00 p.m. Friday of this week. Do so if you will be away Tuesday.

Also, in order to vote, you must have a current poll tax receipt or registration certificate.

There still are some Sample Ballots here at the Success office and at the Clerk's office which voters may pick up and study ahead of time. Remember, however, that you CANNOT take a sample with you to consult when you go to the polls to vote.

At the bottom of the ballot are 16 proposed amendments to the state constitution.

See adjoining box giving voting places in this county.

Wildlife Program Set for Monday Night

Charles Schreiner III, owner of the famous YO Ranch at Mountain Home, will present a wildlife management program at the Memorial Building here in Eldorado, Monday, November 7th, at 7:30 p.m.

Mr. Charlie Land, Biologist for the YO Ranch, will accompany Mr. Schreiner to Eldorado.

Mr. Schreiner will present a film showing wildlife and game management on the YO Ranch and speak on various aspects of leasing to deer hunters.

Noel Wallace, educational officer, Parks and Wildlife Service of San Angelo, will serve as toastmaster. Mr. Wallace has served as president of the toastmaster club in San Angelo.

Bill Works, Game Warden, will be present with doe permits.

The County Resource Committee of the Chamber of Commerce, urges all landowners, sportsmen, businessmen and wives to attend.

Guests in the home of Mr. and Mrs. J. D. Redwine over the week end were Mr. and Mrs. George Whiteside and children, Gary and Wilda from Odessa.

Main Interest Centers In U.S. Senate Race

JOHN TOWER
Republican Incumbent

WAGGONER CARR
Democratic Challenger

Texans go to the polls this coming Tuesday for the General Election, and interest is expected to center mainly in the race for U. S. Senate, in which Democrat Waggoner Carr is seeking to unseat the incumbent, John Tower. Tower has been in the Senate for about five years.

Post Script

You have heard it on T-V, seen it in the papers, and been reminded by people you have been in contact with in recent weeks to be sure to vote this coming Tuesday in the General Election.

This Success issue is the final one before then, so we add our reminders, too.

Also, Dick Preston as Democratic chairman and Ford Oglesby Jr., as Republican chairman, will welcome cash contributions to their respective party funds.

Even if you can give just a dollar, such dollars mount up if enough voters give them to the party of their choice.

Inform yourself on the issues, then go to the polls Tuesday and cast an INFORMED vote, and remind your friends to do so, too.

If you will be out of town Tuesday, this Friday at 5:00 p.m. is deadline for absentee voting in the Clerk's office.

—ps—

Eldoradoans awoke Tuesday, the morning after Halloween, to find very slight evidence of any damage done by pranksters. On Halloween night there was the P-TA Carnival for the kids, and they also went around door to door trick-or-treating, and these have become the main Halloween activities of recent years.

Law officers and property owners commend the young people for their good behavior.

Tuesday morning ushered in the month of November with a cold, slightly damp norther and the blustery winds had everyone out in coats; by noon, the sky had cleared and weather was somewhat warmer.

—ps—

With our subscribers: "Please change my paper from Cloverdale, California to new address in San Antonio. My husband and I have moved back to San Antonio and are going to manage the same trailer park as last year:

Whistle Stop Trailer Park on Highway 181 south. And I am close to my mother who is very ill. I can help take care of her."

—Ruby Richardson, Rt. 12, Box 450P, San Antonio, Texas 78221.

Mrs. Richardson adds: "Kenneth Isaacs of Eldorado, who is stationed at Two Rock out of Petaluma, Calif., visits in the home of George Dickens Jr. They were buddies in Eldorado High School. Some week ends he plays in a band at Cloverdale."

Mrs. F. J. Miller and her husband have moved from Denton and their address is now Route 1, Box 232, Mexia, Texas 76667. Mexia is east of Waco, and Mrs. Miller is the former Ella Mae Sharp. She is the sister of Mrs. Jack Etheredge.

Mrs. Ruby Nyquist is subscribing again to the Success at Box 45, Buchanan Dam, Texas.

—ps—

New in Eldorado is Elgin Wendell, in a Riley house.

Mrs. R. A. Young moved away this week after operating the West Texas Cafe for a while.

—ps—

It was 35 years ago that the late Dr. H. Z. Pennington moved here from Floydada to set up his medical practice. If he were still living, he would be celebrating his 100th birthday tomorrow, Nov. 4th.

—ps—

"We won't need your donation this year, but thanks just the same . . ."

To receive a notice like this from a civic organization is very unusual, to say the least—but it has happened.

Two years ago our Eldorado Fire Department issued Associate Member cards to a large number of citizens in return for a modest donation. This week, we, along with all other associate members, received the following letter from the fire boys:

"Dear Associate Member:

"Due to your generosity when called upon at this time two years ago we find that funds have been more than sufficient to meet the needs of your Volunteer Fire Department. We are indeed grateful to you for your continued support in the past and trust that we can count on your continued support."

"By way of showing our appreciation we are extending your associate membership to October, 1967. This letter is to notify you of your extended membership and to send you your new membership card."

"Though we are not in need of funds at this time, contributions are always welcome and will be accepted with our thanks."

"In time of need, we are as near as your telephone and it is our pleasure and duty to serve you to the best of our ability."

Critical Game Coming Up At Rankin

Bulletin Board

HOW THEY CAME OUT LAST WEEK:

Ozona 25.....Rankin 0
Iraan 41.....Sanderson 7
Sonora 48.....Menard 22
Eldorado 11.....Junction 7

How They Stand: W L T
Sonora 7 0 0
Ozona 6 2 0
Rankin 6 2 0
Eldorado 5 2 1
Menard 3 5 0
Junction 3 5 0
Iraan 2 5 1
Sanderson 0 8 0

WHERE THEY PLAY TOMORROW NIGHT:

Eldorado at Rankin
Menard at Junction
Ozona at Iraan
Sanderson at Sonora

The Eldorado Eagles journey to Rankin tomorrow night to engage Coach Wayne Mitchell's potent Red Devils in a game which will determine third place as things now are in turbulent UIL District 8A. The Red Devils' starting lineup features nine big seniors, a small but speedy junior, and a brawny 187-pound sophomore lineman; and their program weight publicly announced admits to a hefty 172-pound team average.

This lineup is as follows:

No.	Name	Pos.	Wt.
81	Williams (Sr.)	LE	163
61	Kidd (Soph.)	LT	187
60	R. Ivey (Sr.)	LG	180
50	Bean (Sr.)	C	183
62	D. Ivey (Sr.)	RG	180
73	Hale (Sr.)	RT	208
80	Barnes (Sr.)	RE	164
20	Pettit (Sr.)	RHB	153
46	Hale (Jr.)	LHB	133
41	Upham (Sr.)	FB	195
12	Brown (Sr.)	QB	150

The Red Devils feature several offensive sets including Wing T

with an unbalanced line and are known to "flop" or place the wingback on the left side and to unbalance their line to the left also. They run from regular T formation as their judgment dictates as well as from I formation with No. 46, speedy Halfback Hale on either side of the tandem. They spread an end on occasion; but about this time of year, opponents can expect variations as well as unexpected formations of any kind.

Because of their weight and maturity, the Red Devils are primarily an "Infantry" or ground attack outfit; but they do feature an aerial attack principally with QB Brown to Wingback, No. 20, Pettit. Their ground attack is spearheaded by their No. 41, 195-pound fullback Upham behind the blocking of a very competent pair of guards, the twin Ivey brothers, both big boys modestly admitting to 180 pounds each.

Defensively, they employ a five-man front with four linebackers and a two-man secondary. Old timers will probably sigh at this point and remember to themselves that this appears very much like what the "Ancients" called a seven-box. Appropriately enough, it reflects the Red Devil concept of ground hostilities as the two-man secondary can be attacked successfully by sharp air raids. The Ivey brothers are the inside linebackers.

The Red Devils have a six-win and two-loss record so far as follows: Rankin 22, Junction 8; Sonora 28, Rankin 14; Ozona 25, Rankin 8; Rankin 68, Sanderson 0; Rankin 23, Big Lake 0; Rankin 31, McCamey 0; Rankin 35, Marfa 8. Most opposing coaches are curious to know just how they managed to lose to Sonora and Ozona with the brawn and depth of resources they possess.

One thing is for sure: The "Thin Green Line" will experience a busy night. This is a complete understatement.

The Eagles will continue as previously. Cris McCravey's ankle may be improved but probably not completely. Bosman and Rogers will man offensive end positions, Mayo and Buchner the tackles, McCravey and Jones, the guards; DeLong, Corbell, or Whitten the center position; J. Halbert and Davidson the halfback posts, Childers for fullback, and D. Halbert at quarterback.

It takes no deep thinking to come up with such conclusions as these: The Red Devils will be formidable opponents tomorrow night and the "Thin Green Line" and their fans should prepare to present adamant resistance to some potent Red Devil psychological and physical violence.

(For report on Junction game turn to page 5.)

Oil News

Another re-entry has been made into a producer in Schleicher county.

Mallard Petroleum Inc., Midland No. 1 Meador, 12 miles northwest of Eldorado, five miles southwest of the Velrex, Southwest multipay oil and gas field and six miles west of the Eldorado, North (Canyon "A" and "B" gas) field, was flowing oil, no gauges, from the Canyon.

Fractured with 60,000 gallons and 90,000 pounds of sand through perforations at 6,984-7,019 feet, it flowed 100% water for nine hours and then started making oil.

Originally drilled by J. S. Abercrombie as the No. 1 Wahlenmair & Meador, it was abandoned March 1, 1950.

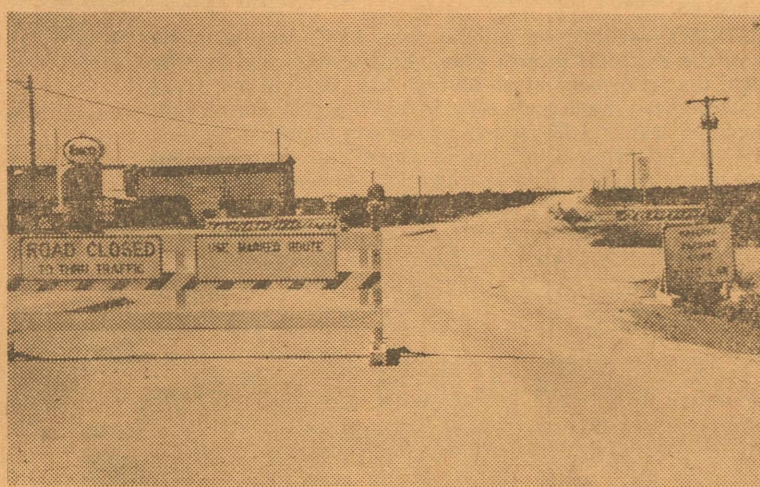

Bill L. Holland, San Angelo, will drill a 7,00-foot Ellenburger wildcat in Schleicher county, 5 miles west of Eldorado, 3/4 miles west of Canyon gas production in the Eldorado multipay field and 10 miles south and slightly east of Ellenburger oil production in the Velrex oil and gas field. It is the No. 1 Lee Nixon.

Location is 660 feet from the north and east lines of 139-A-HE & WT. Elevation is 2,454.6 feet.

It is also 1/2 mile south of Dorado Co., San Angelo, No. 1 Straach scheduled 7,600-foot Ellenburger wildcat, which is still a location.

Texas Almanacs at Success.

Work Under Way Widening Big Lake Highway

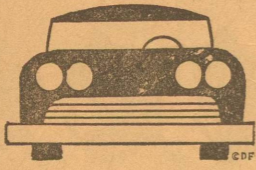

ABOUT 12 MILES of Highway 29, from the intersection here in Eldorado west, is being rebuilt and widened. Contractor has had men and equipment at work for a number of weeks. This view looking west from the Sonora highway shows Mikeska Gin in left background and new caliche base on the roadbed. Through traffic is being routed around by the Reynolds and Mertz roads.

Austin, Texas.—Gov. John Connally has given three of Texas' leading universities a hurry-up research assignment—a detailed analysis of food costs in the state and of the causes of recent price increases.

Connally set December 1 as target date for reports by the University of Texas, Texas A&M University and Texas Tech College. He gave the assignment to the heads of the three schools and left it up to them how to conduct the study. "I share the concern of Texans with the dangers of inflation," Connally said in announcing the study. "And I am particularly disturbed about mounting food prices, and their effects on the homemakers of our state."

Connally said, "While rash judgments and emotionally based opinions as to blame are inevitable, they contribute little toward determining cause, or a sensible course of action for improvement of the situation."

Detailing his request, the governor asked for a determination of what part of the consumer's food dollar goes to the producer or grower, to the retailer, and how much goes for such things as transportation, advertising, sales incentives, added services and whatever other costs are involved.

He asked for that determination both on long and short-term bases, expressed both in absolute dollars and in percentages.

He also suggested that the food cost study be related to other consumer costs.

Gas Transportation

Texas' big gas pipeline operators disagree with their smaller colleagues over whether the state should assume regulation of the pipelines so the Federal Power Commission will not.

Major interstate gas transmission companies contend that they are doing well under the present regulations of the USA Standard Institute under sponsorship of the American Society of Mechanical Engineers. But the companies that transmit gas on a part-time basis want state regulation.

Both sides are to file written statements with the Texas Railroad Commission by November 25. Commission then will consider all arguments and reach a decision.

Courts Speak

State Supreme Court rejected City of San Antonio's appeal for supplemental water supply from Canyon Dam reservoir on the Guadalupe River. Decision backed a 1958 award by the predecessor to the Texas Water Rights Commission (and affirmed lower court decisions) providing 50,000-acre-ft. of water a year to Guadalupe Blanco River Authority for municipal use.

Cities of New Braunfels, Seguin, Gonzales, Cuero and Victoria, along with Calhoun and Refugio counties, joined GBRA in fighting the San Antonio application during the prolonged, historic water fight.

High court reversed the lower courts and ordered a retrial of the Lubbock land condemnation case where the jury awarded \$48,000 to owners without holding a hearing.

Texas Court of Criminal Appeals set November 9 for hearing on whether it should uphold, rather than reverse, the death penalty for Jack Ruby in the slaying of presidential assassin Lee Harvey Oswald. On October 5 the court held that Ruby should get a new trial.

Road Revenue High

Texas Highway Department has been informed that Texas is expected to reap \$456 million in State highway-user tax revenues this year.

This would make Texas third among the 50 states in road revenue. California is expected to take in \$941 million in 1966. New York's income will hit \$497 million.

Road-user taxes include state fuel and vehicle registration taxes, but not toll fees or parking-meter money.

Schleicher County Democratic Committee

Richard E. Preston, Chmn.

came up with a tentative plan for regulating air pollution starting in 1967.

Plan includes air quality surveys and continuing studies particularly in urban areas, assistance in developing local programs, procedure for investigating complaints and plans for public education on pollution hazards.

Board is thinking about a graduated set of standards for industrial emissions from cotton gins, petrochemical plants, dry cleaning establishments and any other that could possibly add pollutants to the air.

Although the plan is directed toward pollution from smoke and particulate matter, board members indicated it would be made to apply to other air pollution sources after six to eight months compliance notice.

Teachers Seek Raise

Legislative committee of the Texas State Teachers Association has

proposed a new plan calling for \$61 to \$100 per month raises in teacher pay minimums.

Proposal would cost \$85 million the first year with the state paying \$68 million and local school districts \$17 million.

TSTA committee also recommended increased benefits to retired teachers, minor retirement system change, clear legal status for voluntary teacher-school board consultation agreements, sick leave benefits, and a continuing contract and professional employment practices law to strengthen security.

TSTA spokesmen said proposals are needed to combat teacher shortage.

Short Snorts . . .

Governor Connally announced approval of \$112,607 Head Start project grant for Del Valley Independent School District, Travis County, and \$147,209 for South Park Independent School District, Jefferson County.

State Building Commission announced plans to expand the State Capitol area eastward several blocks to Waller Creek. Property will be beautified and used for recreation purposes until needed for building.

Western Fire and Indemnity Company and Mid-Continent Insurance Company, Lubbock, have been rehabilitated and released from receivership, says Insurance Commissioner Clay Cotten.

Two new opinions by the attorney general held that Childress county or its hospital district may have custody of interest and sinking funds to retire hospital bonds and that separate columns on the same assessment blank may be used for assessing values of different local taxing units.

Rep. Gene Fondren of Taylor will head a new House committee to investigate feasibility of group insurance for state officials and employees.

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

INCREASED TOURISM — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION — New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

RE-ELECT GOVERNOR JOHN

COUNTY AGENT'S COLUMN

by Tim Godwin

Schleicher County Agricultural Agent

Charles Schreiner III, owner of the famous YO Ranch at Mountain Hope, will be in Eldorado November 7th at the Memorial Building at 7:30 p.m.

Mr. Schreiner will show a wildlife and management film of the YO Ranch and speak on various aspects of leasing to deer hunters. Landowners, businessmen, and others interested are urged to be present. Bring the family as game management is for the family to reach a better understanding in developing this resource.

Bill Works, game warden, will be present with doe permits and give hunting information to all.

The Wildlife Committee with Bob Sykes as chairman is to be congratulated for such a fine program.

soil. As the number lowers the more acid or "sour" the soil.

The average PH for Schleicher county soil is from 7.5-7.9, slightly alkaline.

Berries, pine trees, orchids, gardenias are plants that require acid soils. These plants if planted in Schleicher county will be a source of trouble to keep alive unless the PH is lowered by addition of sulfur or "coppers"—iron sulphate.

A woman never admits she has lost an argument. She just thinks she has failed to make her position clear.

The price of various feed grains usually determines which is best to use in a fattening ration for feed-lot cattle.

Corn, sorghum grain or barley or any combination of these can be fed with good success.

Wheat can be fed up to 50% of the grain portion of the mixture. Oats are excellent for growth and development, but are not a good fattening grain.

The form in which grains is fed is important. Most research indicates a moderately fine grinding is better than coarse grinding. Dry rolling gives similar results to fine grinding. Five percent molasses can be added to control wind loss when feeding in the open.

Steam-rolled sorghum grain may improve feed efficiency. Recent research shows steaming, pressure cooking, reconstituting in air-tight silos and moist harvested sorghum grain from air-tight silos improves efficiency or sorghum grain.

These treatments, along with rolling, flaking, or grinding improve daily gain and feed per 100 pounds gain.

Texas A&M University research shows rattle fed ground moist sorghum grain from sealed storage will need 10 to 18% less feed on a dry matter basis than rattle fed ground dry sorghum grain to make a pound of gain.

Pelleted grains may increase feed efficiency by 5%. But, pelleting decreases feed intake, reduces gain slightly and pelleted rations with more than 50% concentrates is usually not economical.

Laugh and the world laughs with you. Cry and you simply get wet.

The end of the growing season is an ideal time for taking and getting soil tested. Don't wait until the spring rush of field work to do this important job.

Soil sample boxes, information sheets and tips on how to take soil samples are all available from the offices of all county agents.

A soil auger or probe is the best tool for taking soil samples; however, a spade works fine.

A good soil sample is a must if it is to reflect the actual plant food situation in any given field. Several samples should be taken at different spots over the field and then mixed into a composite sample for the field.

Each composite sample should be numbered and the information sheet covering the field completely filled out. The information on the sheet is valuable to the soil scientists when they make their fertilizer recommendations.

By taking soil samples as soon as crops are harvested, time can be saved and in many areas of the state, the needed fertilizer or lime can be applied when the soil is prepared for next spring's crops.

Fall application or early winter application of fertilizer insures that it will be out and ready when spring planting time arrives.

Clothes do not make the man, but a good suit has often made a lawyer.

The destruction of cotton stalks as soon as possible after harvest is one of the better cultural methods for controlling insects, especially pink bollworms and boll weevils. Stalks should be shredded, preferably with a flail shredder, and plowed under.

Boll weevils did considerable damage to the cotton crop. Destroying stalks can save poisoning bills next summer.

Home owners and gardeners should be careful to select adapted grass, trees and shrubs for the county or region in which he lives for easy maintenance. Plants not adapted are more frequently subjected to disease and insect attack and always require care.

All plants have a PH factor. A neutral soil grades 7.0. As the number rises the more alkaline the

Colonial Dames Of The 17th Century Meet

The Lt. Francis Mason Chapter of the Colonial Dames of the 17th Century met Thursday afternoon in the Library for the first meeting of the Club year. The organization meets quarterly on the second Thursday of the month for a luncheon which is followed by a business session.

The meeting Thursday was opened by the Chaplain, Mrs. W. N. Ramsay, with prayer and the Flag Salute. Unfinished business from the last meeting was disposed of, the retiring president, Mrs. Josephine Hill, presiding, who then installed the new slate of officers. Mrs. V. G. Tisdale was installed as president to serve for the next two years. She appointed Mrs. Mary Coupe, Mrs. Elizabeth Powell and Mrs. W. O. Alexander as a committee to bring the By-Laws up to date. Mrs. Tisdale then asked Mrs. Coupe to give a report on a Library meeting she had attended in Austin. The next meeting of the Chapter will be the second Thursday in January.

The ten members present for the meeting were: Mrs. Josephine Hill, Mrs. Ramsay, Mrs. Powell, Mrs. W. O. Alexander, Mrs. Lena B. Goens, Mrs. C. M. McWhorter, Mrs. Coupe, Mrs. Tisdale, Mrs. Ernest C. Hill and Mrs. W. F. Meador. —Rep.

Brownie Troop 150 met Thursday at the Methodist Church. We enjoyed a Penny Hike and then elected officers. Our president is Cindy Jackson and our vice-president is Janis Mikeka. Refreshments were served by Carolyn Bland.

In Those Days

Compiled From Success Files

ONE YEAR AGO Nov. 4, 1965—Texas voters rejected the proposed amendments to the State Constitution which would have provided four-year terms for state officials.

Sons were born to Mr. and Mrs. Joe Ed Spencer and Mr. and Mrs. Mack McAngus.

FIVE YEARS AGO Nov. 2, 1961—Jan Davis was announced F.F.A. Sweetheart.

A son, Charles Robert, was born to Mr. and Mrs. Robert K. Bradley of Casper, Wyoming.

C. L. Martin Jr. was back at work as carpenter following his serious car wreck of two months earlier.

About 65 Air Force men were here with a Radar Train which was parked on a siding near the local spot. The train provided a simulated target for Strategic Air Command bombers.

Robert Jay was in charge of the Explorer Scouts as they were holding meetings.

The Last Time I Saw Archie, Gunman's Walk, The Hoodlum Priest, and Everything's Ducky were being shown at the Eagle Drive-In.

The P-TA play, You Can't Take It With You, was coming up.

Duane Branham moved his paint and body shop to the Jones building on South Main.

12 YEARS AGO Nov. 4, 1954—The General Election was held and incumbent Carol White won re-election as Commissioner of Precinct 3, in a write-in campaign. Robert Martin had previously won the Democratic Primary.

Mrs. Irene Reeves died here at the home of her daughter, Mrs. O. B. Singleton.

Nearly \$400 was raised in the P-TA Halloween Carnival.

Mrs. Elmer Stires was honored with a pink and blue shower.

Coach Algood and the football boys were going to Waco to attend the Baylor-Texas football game. The trip was arranged by the local American Legion post.

A son was born to Mr. and Mrs. Glendon Aldridge, and a daughter to Mr. and Mrs. Jerroll Sanders.

35 YEARS AGO Nov. 6, 1931—Ray Jones and his brother, John R. Jones of Melvin, bought out the stock of Evans Motor Co. and took over operation of the business.

W. E. DeLong advertised Wood, \$6 per cord.

Guilty Hands, Bad Girl, This Modern Age, and Skippy (The Finest and Sweetest Picture since the advent of Talkies) were movies being shown at the Ritz theater.

County gins reported 5,949 bales had been brought in.

S. J. Landon and M. F. Laird of San Angelo bought the Eldorado Auto Laundry.

William's Man's Shop advertised Stetson hats \$7.50 to \$8.50; Kent's Service Station was advertising Star Tires and Tubes; and Self-Serve Grocery advertised Red Chain feeds.

Buffalo meat, prepared by the Calwell Packing Co. in San Angelo, was on sale at W. H. Parker & Son's Cash Grocery & Market.

The P-TA was presenting a Burlesque One-Act Play, "Quack-Quack." The Choral club, on the same program, was to give, "Music and Love of All Lands." Admission was 15c and 35c.

Roy Andrews moved his meat market from the Joe Williams building to his grocery store.

Miss John Alexander, worthy matron of the O.E.S. chapter, attended Grand Chapter in Houston.

ELDORADO LODGE No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

A reminder — SENATOR TOWER has done a lot in Washington for the LIVESTOCK BUSINESS

Senator Tower was among the first in the Senate to point out the depressing effect upon the domestic livestock industry of excessive importation of beef, mutton, lamb, and veal. He has sponsored legislation limiting these imports.

He sponsored eventually passed legislation permitting the United States to enter into new and more effective screwworm eradication efforts with the Republic of Mexico.

He supported soil and water conservation projects so necessary to the future of agriculture in Texas.

He sponsored six key bills on water resources, conversion of brackish water, desalinization, and rural water systems. Five of these already have become law and are benefitting Texas agriculture.

He took action against suspension of the investment tax credit which would amount to a \$100 million tax increase on American agriculture.

He flatly rejected the contentions of some federal bureaucrats that farmers and ranchers are somehow responsible for the inflation which is really basically caused by federal deficit spending. He has fought hard too against restricting or freezing prices.

He has supported the REA's position in working to maintain status independent of Federal Power Commission control. He also cooperated with the REA's efforts in supporting federal loans for rural community water systems.

He has paid attention to such localized problems as Golden Eagle depredations of flocks and urged effective control methods.

YOU COME FIRST WITH SENATOR JOHN TOWER Senator Tower serves you as a STRONG FRIEND OF THE LAW AND OF CIVIL ORDER.

Senator Tower serves you as an effective FIGHTER AGAINST INFLATION AND SKY-ROCKETING PRICES.

Senator Tower serves you as a LEADER IN THE PURSUIT OF VICTORY IN VIET NAM.

YOU CAN COUNT ON THINGS GETTING DONE WITH SENATOR JOHN TOWER ON THE JOB.

He has earned National Congressional seniority and gained experience no new Senator could replace. With John Tower in the Senate, Texas has the distinct advantage of having its voice heard in the highest leadership councils of both parties.

Yvonne Pence Bride-Elect of Bob Halbert

YVONNE PENCE

Mr. A. J. Pence of Abilene and Mrs. Helen Pence of 1950 Ballinger Street in Abilene announce the engagement of their daughter, Yvonne, to Bobby Halbert, son of Mr. and Mrs. Jack Halbert Jr. of Eldorado.

Yvonne is a 1965 graduate of Cooper High School in Abilene, and is now a sophomore at McMurry College.

Bobby graduated from Eldorado High School, and is now a sophomore at McMurry College.

The couple will be married Nov. 23rd in Eldorado.

They plan to continue their college work at McMurry.

Home Demonstration Agent's Column By MRS. VIDA KREKLOW

If the great pumpkin did not actually land in Eldorado on Monday night it must have smiled as it passed overhead.

Great and small goblins, big and little witches, mamas, papas and teachers are to be congratulated on the huge success of the annual P-TA Carnival held at the Memorial Building.

From the first bite of chili to the last cake walk the whole performance was a credit to the whole community. It did not matter where you turned—you got your money's worth. Somebody said that the pop corn and drink stand netted over a hundred dollars. And I'm not surprised—I've never seen so many happy popcorn eaters in my life.

One of the most interesting things that I saw was something that did not happen.

As was to be expected, the three shots for a dime, wet sponge missiles aimed at the defenseless heads of some of the men school teachers, was a booth of great popularity. The swings were mighty but mostly misses.

Then I saw a couple of boys exhibiting great daring. They were bringing in their own ammunition. Throw wet sponges? Strictly kid stuff. They had real ammo.

Eggs. Carried so protectively in their hands the eggs showed up like lighted flares.

With nonchalance these would be TV characters took their place in line; ready to buy 3 soaking wet sponges to grab around the eggs. Then somehow they didn't seem so anxious to take their turn. They let some little kids ahead of them.

One stepped out of line and the other one followed. No need to hurry—they would visit a while. Finally they looked at each other, a question in just the way they stood.

One nodded his head. The other tilted his shoulder. Together they walked away.

I felt a little excited over what I had just witnessed. I knew that I had just seen a couple of boys with enough responsibility to know exactly when to chicken out. I was proud of them.

I understand that the P-TA is going to use the money which was made at the carnival to landscape the school grounds. The leadership is to be commended for choosing such a worthy project.

We have a great picture in the school building complex; a picture worthy to be framed in a proper manner.

Eagles Top Junction By Score Of 11 To 7

The "Thin Green Line" deserves commendations for their activities in containing the Junction Eagles 11-7 last Friday night. The Eldorado lads underwent a severe ordeal as game statistics show.

Eldorado	Junction
8	14
135	175
30f7	30f12
28	54
1	1
1	1

The first quarter saw Junction make a determined drive to be held by Eldorado whose lads drove back only to lose the ball on downs. The two teams seasawed until Eldorado got within Junction's nine-yard line only seconds before the first quarter ended. Three attempts to run the ball over failed and the kicking team made up of D. Halbert to hold and P. Childers to kick sent a nearly perfect parabola between goal posts to put Eldorado out front 3-0.

In the second quarter, Junction attacked furiously and drove to Eldorado's 30-yard line where Chris McCravery purloined Allan's aerial intended for May. McCravery with his crippled ankle and all, returned 30 yards to Junction's 40-yard line. This was one of the game's turning points against Junction. Junction as usual all night launched a furious counter-attack and distinctly threatened only to be stalled by the "Thin Green Line" short yards away from Eldorado vital territory. When Junction attempted a field goal, Donald Rogers burst through and blocked the kick. This was the second critical point to go against Junction.

The second half saw Junction receive. They marched relentlessly 70 yards to score and made their try for point good, placing Eldorado at a 7-3 disadvantage.

Then D. Halbert cranked up the Eldorado offense on a series of plays featuring several long gains himself on keeper plays which Junction had difficulty fathoming. Finally, he passed some 10 yards to Buff Whitten in the Junction end zone for the Eldorado touchdown. For insurance, he passed to Rogers for the two-point after touchdown effort and Eldorado went out front 11-7.

Other stress points in the game saw each organization recover a fumble. A dangerous period for Eldorado occurred just before the end of the first half when Junction unveiled a secret weapon. They went into punt formation, apparently to kick; but a short man received the snapback which plus a short run and a lateral earned a first down. This happened twice in the closing moments of the first half but the "Thin Green Line" would have none of it anymore and the Junction drive stalled out.

It's hardly fair to single out individual Eldorado lads who distinguished themselves. Rogers and Corbell racked up Junction QB Allan on several occasions for long losses on attempted Junction passes. Corbell captured a Junction fumble. Davidson and Rusty Meador distinguished themselves defensively. DeLong, Mayo, Buchner swapped bruises all evening with the potent Junction lads down front.

Conclusions are that the Junction lads challenged Eldorado valiantly and well, and that they are coached by a clever, effective and experienced leaders; but their efforts were bravely and successfully halted by Eldorado lads. Junction just did not have enough but they certainly demanded and earned a healthy respect for themselves.

They should win their remaining games against Menard and Sanderson right handily.

REDFORD GIVES PROGRAM AT LIONS CLUB MEETING

T. S. Redford of Hamilton gave the program at the meeting yesterday of the Eldorado Lions Club.

Mr. Redford ranches at Hamilton and makes about three trips each year to South America on behalf of Santa Gertrudis breeders. He showed slides taken in that area. He was introduced by Ronnie Mittel, program chairman for this month.

Mr. Redford formerly lived here and taught in the old Bailey Ranch school.

Charles Wimer presided over the business session. Don McCormick discussed final arrangements for the Broom and Mop Sale coming up Wednesday.

Guests of Ray Morgan were his wife, Beth, and Rip Ripley of Abilene Supply.

LEGION MEETS TONIGHT

Alvin Farris, commander, reminds all Legionnaires that the local Post will meet tonight, Thursday, at 7:00 in the Legion room of the Memorial Building.

The Post expects to sponsor a basketball schedule placard again this year to defray expenses of the Christmas party for children.

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

Tal Roberts Appointed To The F.B.I.

Mr. and Mrs. J. C. Wells, formerly of Eldorado and now of 2463 Dena Drive in San Angelo, have had as recent guests their grandson, William Thad Roberts, III (Tal to his friends) and his bride, the former Nancy Curtis of Tulsa, Oklahoma.

Tal was graduated from Baylor Law School last June, was admitted to the State Bar in July, and has been honored with an appointment with the Federal Bureau of Investigation in Washington, D.C. Tal spent part of each summer with J. C. and Ruth in the Bailey Ranch community while he was in college and made some good friends.

ATTEND FUNERAL

Mr. and Mrs. Elton McGinnes and son Jimmy were in Bronte Monday morning where they attended funeral services for her brother, Howard Ditmore, 45. Mr. Ditmore had been confined in the state hospital in Austin for about 35 years.

Mr. and Mrs. Albert McGinnes of Sterling City also attended.

H. A. Belk, Jr., who has been a student at Texas Tech in Lubbock, is now doing practice teaching in the schools at Miles, Texas. He is staying with Mr. and Mrs. Jodie Minnick. Mrs. Minnick is the former Gainell Belk.

Mrs. Ruby Damron, Mrs. Jimmie McCormick and Mrs. Claude Doyle spent last Friday in Rising Star with Mr. and Mrs. Dan Doyle, and Mrs. Ella Ballew. Mr. Doyle is an uncle of Mrs. Damron and Claude Doyle. Mrs. Ballew is the mother of Mrs. McCormick.

HOLIDAY DANCE SET DEC. 27

Preliminary plans were made this week for the annual holiday Christmas dance for high school and college students, their dates and guests. From now on the party will be known as the "Snow Flake Ball." The "Esquires" of San Angelo will furnish the music on Tuesday, December 27, this year at the Memorial Building for the formal dance.

November 15th has been set as the deadline for those wanting to help with the Ball. Any students interested may contact Mrs. James Page, Mrs. Billy McCravery, or Mrs. L. D. Mund.

HONORED BY RODEO ASSN.

Tony Clark, son of Mr. and Mrs. A. A. Clark of Eldorado, recently received the Alvin G. Davis Founder Award from Mr. Davis who founded the American Junior Rodeo Association in 1952. Tony was selected by secret ballot by the 1966 Board of Directors according to the standards set up by Mr. Davis.

Tony has proved by his conduct in AJRA to live up to what is expected of him as a member and director. Tony won the Bull Riding at the Final show itself and will receive an award jacket for this honor.

Screwworm Outbreak Continues For 7th Week

Schleicher county had one confirmed screwworm case during the week ending Oct. 29, 1966. County Agent W. G. Godwin reported.

The 4th confirmed screwworm case for Schleicher county was on the Mort Mertz ranch 7 miles south of Eldorado on Highway 277.

The fall screwworm outbreaks continued for the 7th consecutive week when 36 Texas counties had 94 confirmed cases. This brings the past 7 week total to 773, the largest number of cases reported since 1963.

Livestock producers are urged to continue their animal inspection activities and to collect and mail specimen worm samples to the Screwworm Eradication Laboratory at Mission, Texas. Collect specimens from all wounds found on livestock and wildlife.

Vials for sending in the specimens may be obtained from the county agent's office.

Cub Scouts to Meet

Cub Scout Pack No. 18 will meet November 7 at 7:00 p.m. in the Memorial Building (Lions Club Room). Mr. Jerry Jones will be in charge and Mr. J. B. Morris, area Scout representative from San Angelo, will meet with the group and present Bobcat awards. Parents should come with their sons. New boys who have not been placed in a Den are urged to attend.

JR. HIGH FOOTBALL PARTY SET FOR SATURDAY

The Jr. High football team and their coaches will stage an end-of-season party Saturday night in the elementary gymnasium.

Letters will be awarded the team members. Mrs. Wilson Page heads a committee of mothers who are assisting the coaches in arranging the event.

MERRY MAKERS MEET

Mrs. Frank Bradley was hostess when the 42 club met in her home last Thursday, Oct. 27th.

There were three tables of 42, including one guest, Mrs. Myrtle Galbreath.

Refreshments of garlic dip, chips, coffee and pie were served by the hostesses. —Rep., Mrs. Claude Doyle.

OVERSTREET IN NAVY

San Diego, Calif., (FHTNC) — Seaman Recruit David D. Overstreet, USN, son of Mr. and Mrs. Delbert D. Overstreet of Eldorado, Texas, is undergoing nine weeks of basic training at the Naval Training Center here.

He is receiving instructions in Naval customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

A program of physical fitness, military drill and instructions keeps the recruits mentally and physically alert during their training.

His Navy Classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

WILDLIFE MEETING SET

Game Warden Bill Works announces that a meeting on county hunting prospects, wildlife, and game conservation will be held here Monday, Nov. 7th, from 7:30 to 8:30 p.m. in the Memorial Building.

Charles Schreiner of Kerrville, owner of the YO Ranch, will be on hand to present the program.

Also, doe permits will be available. Everyone is invited, Works stated.

GEORGE THOMPSON HONORED

George Thompson, who served as governor of District 2A-1 of Lions Clubs this past year, was honored in Sweetwater last Thursday night with an Appreciation Banquet staged by the Downtown and Evening clubs of that city.

About 300 Lions and their ladies attended from the wide area covered by the district.

Attending from Eldorado were Mr. and Mrs. Fred Watson, Charles Wimer, Ray Boyer, and Bill Gunstead.

The banquet was held at the Sweetwater Country Club.

ENROLLS IN SEMINARY

Fort Worth, Tex.—A native of Eldorado has enrolled as a first-year student at the Southwestern Baptist Theological Seminary here.

David Kuykendall, Jr., son of Mrs. Allen D. Kuykendall, Sr., of Eldorado, began work toward the bachelor of divinity degree at the seminary. He received the bachelor of arts degree from Hardin-Simmons University in 1966.

Guests in the homes of Mrs. F. M. Bradley and Mr. and Mrs. W. L. Isaacs on Sunday and Monday were Mr. and Mrs. R. K. Finlay, Jr., of Raymondville, Texas, and Mr. and Mrs. Charles Mitchell, of Lyford. Mr. Finlay is a brother, and Mr. Mitchell a cousin, of Mrs. Bradley and Mrs. Isaacs.
