The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 91

ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, OCT. 20, 1960

No. 29

Along The Waterfront

The water is very high at Good Look Pier, in Fulton, and, being muddy from recent rains, has brought in plenty of gafftop.

Five year old Peter Oliver, son of a former operator of the pier, proved his ability as a fisherman by bringing in a three and a half pound trout.

Mr. and Mrs. George Poe of Dallas had several on their stringer, weighing three and a half pounds.

H. H. Sampson of Bridgeport, accounted for eighty-nine trout, his largest also three and a half pounds.

Many good sized ones have gotten away and can be found under the light at night.

Senator Yarborough Speaks Here

Between 75 and 100 guests attended a silver tea and brunch at the Emory M. Spencer home—Majorca, on Copano Bay, Wednesday afternoon.

R. L. Armstrong of Austin, a member of the Kennedy-Johnson staff introduced Senator Yarborough, who was accompanied by Judge O. C. Dancy of Cameron County, George Prouse, former judge of Nueces County, and Representative Ronald Bridges.

Yarborough spoke briefly on the public health phase of the Democratic platform, and then answered questions on topics of local interest such as oil depletion, foreign imports, state government and tidelands issue.

Following Senator Yarborough's talk and brunch, the balance of the afternoon was spent by the guests playing cards and bingo. Door prizes were awarded the winners in the latter. Those to whom these awards went included Mrs. Roy Rogers, Mrs. Clifton Tidd, Mrs. Fred Bracht, Mrs. Eugene Sprinkle, Mrs. James Bracht and Mrs. W. M. Stanley.

Acting as hostess were Mrs. Emory M. Spencer, Mrs. Weldon Cabaniss, Mrs. H. F. Elliot, Mrs. Harold Picton, Mrs. Harry McDow, Mrs. E. T. White, Mrs. A. L. Holland, Mrs. Lynn Wendell, Mrs. Jerry Wendell, Mrs. Caspar Kutach, Mrs. Ceylon Ammons, and Miss Lola Bonner.

FULTON P-TA ANNOUNCES HALLOWEEN CARNIVAL

The Fulton P-TA announces that a Halloween Carnival will be held at the school on Oct. 29 at 5 p.m. The high point of the carnival will be coronation of a Halloween king and queen. Mrs. David Segler and Mrs. R. P. Willis have been chosen as delegates to the state convention in Austin on Nov. 16-18. Mrs. L. R. Davenport was presented with a past president's pin at the regular meeting.

LOCAL PEOPLE TO ATTEND SOUTH TEXAS

C OF C MEET IN HOUSTON
The South Texas Chamber of Commerce annual meeting will be held in the Rice Hotel, Houston, Oct. 23-24. Mr. and Mrs. James A. Jarboe, Mr. and Mrs. Harry Mills and Mrs. Mary Juergens, manager of the Chamber of Commerce, will attend.

JUDGE MILLER IN ROCKPORT ON COURT BUSINESS

Judge John Miller was in Rockport for a short session of the 36th District Court Wednesday to handle some civil cases.

Judge Joe Wade will open the regular fall session of the 156th District Court next Monday, Oct. 24, and will call the docket at 10 a.m.

RESULTS ON SCOUT DRIVE STILL UNKNOWN

Dr. H. F. Elliot says that results of the local Scout Drive for funds will not be known until all workers turn their cards in, which he urges them to do as soon as possible.

Pirates Face Woodsboro Friday

The Aransas County High School Pirates will face the Woodsboro Eagles Friday night, in what may be a crucial game for the District 31A championship.

Woodsboro has been unbeaten in District play so far. They whipped Calallen 18-0, beat Mathis 14-6, and trounced Gregory 27-14.

The Eagles have always been tough opponents for ACHS, and they have a good team, both from the standpoint of ability and strength.

They have lots of speed with Allen Pullin, all-district right half last year, contributing speed on offense and good defensive play as linebacker. Another Eagle speedster is David Bell, who plays a lonesome end in the style first introduced by the Army several years ago.

The Pirates have had two tackles, Gayle Williams and Prentice Owens out all week because of injury and sickness, and it is doubtful whether either will see more than limited service Friday night.

Both teams have been hampered all week in practice by wet fields. The game will be played at Woodsboro.

Public Schools Close Thursday at 2 p.m. All Day Friday

All schools in the Aransas County Independent School District will close at 2:30 p.m. Thursday and remain closed Friday, with school resuming on Monday morning.

Teachers in the schools will attend the State Teachers Convention to be held in the Coliseum in Corpus Christi on Thursday, Friday and Saturday.

Homecoming Planned For October 28

Aransas County High School students and faculty are busily planning for the annual homecoming to be held here Oct. 28 when the ACHS Pirates will play the Mathis Pirates.

Principal A. B. LeFevre says that all ex-students of Rockport and Aransas County high schools are invited to attend the festivities which will start at 2:30 p.m. with an ex-student assembly to be held in the high school auditorium.

At 3 p.m. an all-school pep rally will be held there, also.

At 7:45 o'clock that evening, the Homecoming Queen and her escorts will be presented at Pirate Stadium, preceding the game with Mathis, which starts at 8 p.m.

Immediately following the game a dance will be held in the Youth Building on the High School campus.

LeFevre says a cordial invitation is extended to all ex-students, and that a good turn out is hoped for.

REBEKAHS TO HAVE DISTRICT MEETING

A District School of Education will be held at the regular meeting of the Rebekah Lodge on Thursday, Oct. 20 at 7:30 p.m. in the IOOF Hall in Rockport.

Mrs. Mary Edwards of Sinton, deputy of district 56 will conduct the school.

Mrs. Velma Eller, noble grand, presided at the Rebekah meeting on Oct. 13, when final plans for the school were made.

District 56 consists of Truth, Aransas Pass, Ingleside, Portland, Sinton and Rockport.

The noble grand's thought for the week was, "kindness is the golden chain by which society is bound together."

ROTARY

John Sutherland gave a talk on customs and activities in Mexico for Rotary Wednesday. Buddy Carroll and Okville Gibson, high school students were guests of the club.

Visitors included Dick Hatch, Aransas Pass; John Miller of Sinton and his guest, Dr. Blooth; guest of Byron Hardeman was T. H. Hallu; Dave Tandy, Fort Worth; Allen Bracht was guest of his grandfather, Fred Bracht.

PRINCIPALS RETURN

A. B. LeFevre and Chester Barre, principals of Aransas County Senior and Junior high schools respectively, returned Tuesday night from the convention of Secondary School principals held in Dallas the first of the week.

SHOWN ABOVE is the \$2,500,000 physical plant of the Texas Rehabilitation Center, Gonzales Warm Springs Foundation which is conducting a campaign in Rockport this week. The Center is located west to Palmetto State Park between Gonzales and Luling, in the rolling hill country of Central Texas. Visitors are welcome at TRC, and tours can be arranged by writing to TRC; P. O. Box 58, Gonzales, Texas.

Rockport P-TA Plans Carnival For Hallowe'en

Rockport Parent-Teacher Association is planning a big Hallowe'en Carnival on Saturday night Oct. 29. Everyone is invited to attend, and there will be fun for all ages.

The school cafeteria will open at 5:30 p.m., and hamburgers, hot dogs, and home-made cakes and pies will be served along with coffee and cold drinks.

The concession booths will open from 6 to 8 p.m., and many different activities are planned, including two fish ponds, a grab bag, a spinning wheel, and funny book sale. There will also be a "spooky fun house," and a cartoon movie along with popcorn and candy for sale.

At 8 p.m., the concessions will close and the program and coronation will be presented in the auditorium. Miss Jean Venable, music supervisor, will present a talent show, featuring students from Rockport school. At the coronation, each room will be represented by a Prince and a Princess.

This year the selection of these Princes and Princesses, as well as the King and Queen, will be made by popular vote. The policy of collecting pennies for votes has been discontinued by the P-TA because of the extra burden on the teachers as well as the townspeople.

This Annual Hallowe'en Carnival is the only money making project of the Rockport P-TA, and everyone is urged to attend and give your support.

HIGH SCHOOL P-TA TO HEAR PLAY

The Aransas County High School Parent-Teacher Association will meet Tuesday, Oct. 24, at 7:30 p.m. in the high school.

The theme for the study is "Family Weather—Fair? Cloudy? Unsettled?"

Linda Clark has charge of a short play entitled "Tomorrow Is a Day." This play shows the lack of self-confidence in a 15-year-old. As the plot unfolds, incidents of the past are shown, and the mother determines to use tomorrow to balance out the old discouraging experiences.

All parents are urged to attend.

P-TA WORKSHOP OCTOBER 24

The Parent-Teacher Ass'n District Workshop will be held in Corpus Christi, Monday, Oct. 24.

It is to be held at the Windsor Park Church of Christ, 4420 South Staples. The morning session will start at 9:15. There will be a lunch period and the afternoon session will be from 1:15 to 3:00.

This will be a very interesting workshop and anyone wanting to attend, or if you would like more information, please call Mrs. C. E. Nickerson, SO 4-6468.

JON COATS TAKING JET TRAINING

Pensacola, Fla. (FHTNC) — Naval Aviation Cadet Jon B. Coats, son of Mr. and Mrs. John E. Coats of Fulton, Texas, is undergoing jet training in Naval Squadron Four at the Naval Air Station, Pensacola, Fla.

He reported to Pensacola Aug. 26.

Upon completion of the prescribed course Cadet Coats will report to Advanced Training to continue his quest for the coveted "Navy Wings of Gold."

Judge Wendell Says Gonzales Warm Springs Largest In Southwest

The Texas Rehabilitation Center is the largest rehabilitation facility in the Southwest, according to County Judge John Wendell.

Aransas County residents have been treated at the Center a total of 379 days since 1950. Figured at an average cost of \$30 per day, this runs to some \$11,370.

In its aid to Texans, the Texas Rehabilitation Center, Gonzales Warm Springs Foundation, treats the after-effects of such accidents and diseases as cerebral palsy, muscular dystrophy, multiple sclerosis, polio, fractured spines and spinal cord injuries, brain damage, arthritis, strokes, and other disabling diseases and conditions of the nerve and muscle systems.

Although long known for its treatment of post-polio patients, today more than three-fourths of the patients at TRC have injuries and severely handicapping diseases other than polio.

Rehabilitation treatment at TRC is not just a physical thing. The disabled are given psychological guidance; school is provided for children; and church services are held for all denominations in the wheel chair chapel. Such patient is provided a program individually prescribed by the medical director, who heads the skilled team of rehabilitation specialists.

A certified brace shop at the Center produces braces and appliances made exactly to each patient's measure and his doctor's prescription.

The goal for each patient is maximum rehabilitation — physically, psychologically, and socially — so he can live and work to the best of his abilities.

Your support of the Rockport Campaign helps to keep the Texas Rehabilitation Center open for you, your loved ones, and all Texans.

Jurors Called For 156th District Court

The following jurors have been called for Monday, Oct. 24, at 10 a.m. for the opening of the regular session of the 156th District Court, with Judge Joe Wade of Beeville presiding:

Denver Agler, Doyle Turner, Fred A. Bracht, Jr., Dewey Brock, Jr., Cecil A. Sanders, Ralph Matern, Erie Eller, Earle Harle, Albert Wofford, J. T. Slocum, Clyde C. Hayden, Arthur Bracht, James H. Sorenson, Jr.;

Mrs. James A. Jarboe, Raymond Cross, Richard J. Fox, Mrs. I. E. Allemand, W. F. Close, Mrs. V. C. Day, Raymond Sparks, George Langley, E. W. Hackett, Melvin Jones, Alex Scott, B. W. Hamblin, Austin Smith, John Paul Reese, Ray Boone, Lester Overstreet, John A. Cox, W. H. Schuster, Jr.;

Charles J. Schindler, J. H. Malchar, A. L. Holland, Harmon W. Copelin, Melvin B. Hull, Mrs. Jack Qualline, W. B. Trout, H. Doey, Mrs. Winnie Sipe, Jack Horton, Mrs. Henry Camelh, Allen Berna, Owen W. Brymer, Roy Rayes, W. L. Mikeal.

MRS. SIPE'S STOVE STRUCK BY LIGHTENING

Sunday afternoon, during the rain, an electric stove in the home of Mrs. Sipe was struck by lightning, completely fusing the top. Mrs. Sipe, who had been baking, had turned the stove off only a few minutes before the lightning bolt struck.

Shrimp Landings Off In September

Total shrimp landings in the Coastal Bend area for September amounted to 2,266,400 pounds of heads-off shrimp, according to C. E. Nickerson, U. S. Fish and Wildlife statistician for the region.

This is a decrease of approximately 528,900 pounds from the previous month and a decline of 799,900 pounds from the same period a year ago.

One reason for the decline here, Nickerson said, was increased activity at Galveston and Freeport.

Prices ranged from 62c to 64c headless for 15/20 count, with a five-cent break on each count size less. These are ex-vessel prices, after deductions for packing and processing were made.

White shrimp, when separated from brown, brought 2c a pound more. Bay shrimp were headed at the houses ashore, and the general practice has been to deduct the heading charges from the gross boat price in addition to the packing charges, Nickerson said.

Many vessels fished close to the beach in the Gulf, in from two to ten fathoms of water for white shrimp during the daylight hours, and headed offshore to fish for brownies at night. The result of this additional effort was that production for the area remained fair.

The blue crab fishery did not show the increase expected in September, Nickerson stated. However, approximately 161,100 pounds of live crabs were landed, an increase of 6,000 pounds over August.

Oyster season opened Sept. 1, but there was little activity in this fishery, with the exception of readying equipment for later in the fall. A bumper crop is expected.

Production of finfish remained slow, although expected to pick up in October. Most netters were not fishing.

Shrimp processing and bay shrimp heading employment was good. This is expected to increase as the oyster fishery gets under way.

Joe L. Johnson Suffers Fatal Heart Attack

Joe L. Johnson, well-known druggist of this city, died Friday, October 14, following a heart attack at his home. He was rushed by ambulance to Spohn Hospital in Corpus Christi, where he died.

Johnson, a native of Rockport, lived in Sinton in his early manhood, moving back to this city some twenty years ago, where he opened the Johnson Drug Store, which he operated up to the time of his death.

He was a member of Sacred Heart Catholic Church, the Holy Name Society, Chamber of Commerce, of which he was a former director, charter member of Live Oak Country Club and former director and was very active in all civic organizations.

Survivors are his wife, Mrs. Helen Johnson; two sons, Joe L. Jr. of Wichita Falls and Charles Allen Mike Johnson of Rockport; two brothers, Travis of Rockport and Fred of Sinton; three sisters, Mrs. Charles T. Picton of Rockport, Mrs. Ethel Sneed of Refugio and Mrs. Marie Gordon of Bay City, and three grandchildren.

Rosary was recited by the Holy Name Society at the family residence Saturday night and again on Sunday night by Monsignor Gerald O'Doherty.

Burial was in Rockport Cemetery, following a Requiem Mass at 9 a.m. at Sacred Heart Church Monday, celebrated by Monsignor O'Doherty.

Pall bearers were Thomas Dick Picton, Harold Picton, Jerry Picton, T. J. Johnson, Frederick Johnson and Jack McDavid.

Funeral arrangements were in charge of Cage-Marshall Funeral Home, Rockport.

BASEBALL ASSOCIATION TO MEET AT ROCKPORT ELEMENTARY OCT. 25

The Aransas County Baseball Association annual meeting originally scheduled to be held at the Rockport Methodist Church, will be held instead at the Rockport Elementary School, Oct. 25 at 7:30 p.m.

All persons interested in having summer baseball for the boys of Aransas County are urged to be present at that time. Plans will be discussed for the repair and enlargement of the facilities at Dickinson Field.

All 1960 managers are requested to complete the turning in of equipment and uniforms.

Air Tour Here Big Success

Thirty-Seven Planes, From Ten States and Twenty-Six Cities Brought Eighty-Three People For Tour of Area and Luncheon

Despite threatening weather early, there were 83 people, representing 10 states and 26 cities, in the Twelfth Annual All-Texas Air Tour that reached here last Saturday morning for a tour of the area and luncheon at the Big Tree. And they were loud in their praise of the Aransas County airport, our harbor facilities, and the beauty of the area.

The visitors arrived from Palacios in 37 planes ranging from Piper Cubs with a couple of people, to Twin Beach Bonanzas, carrying

several. The first touched down almost on schedule by 10:45 a.m. and the last two arrived at 11:10.

They were greeted by Seth H. Steele, president of the Chamber of Commerce, Mr. and Mrs. James A. Jarboe, of the chamber's industrial committee, Sheriff A. C. Shivers, Buster Coward, manager of the airport, and others.

They were given a tour of the area through the cooperation of the Chamber of Commerce and Aransas County, in three buses, two of them 45-passenger types and a smaller 13 passenger vehicle which was furnished by Caspary and Wendell, and in the sheriff's car which led the procession.

From the airport they were taken by Aransas County's fine high school, the Rockport School of Fine Arts, and all the Aransas County Navigation District harbors.

Starting at the Cove the buses moved north along the shore line from Johnson's Bait Stand, past Rockport Harbor, out the new beach past the Little Bay development, to Fulton and the harbor there.

From Fulton the caravan went north along the shoreline, across the causeway, through Goose Island State Park, to the Big Tree Lodges where they had made arrangements for luncheon. After the luncheon was over, the buses delivered them at the Aransas County Airport, and the last plane was in the air around 2 p.m., headed for McAllen and cities in between.

There were 60 Texans, with Fort Worth contributing for the largest single delegation. There were ten people from Illinois; two each from Indiana, Kansas, Mississippi, Missouri and California; and one each from Ohio, Virginia and Georgia.

Those making the tour from Texas were:

Fort Worth: Mr. and Mrs. J. D. Mann, Patrick A. Sherman, Harold Johnson, Mr. and Mrs. W. H. Brubaker, Mr. and Mrs. R. L. Taylor, and Mr. and Mrs. Robert Pierce and Mrs. G. W. Jewett.

Dallas: Jack G. Ramsey, Jo Allison, Mr. and Mrs. Marshall Crone, Mr. and Mrs. F. S. McLeod, Mr. and Mrs. George Morgan.

San Antonio: Mr. and Mrs. George Manhow, Mr. and Mrs. Ray Knox, Mr. and Mrs. J. A. Robbins, Harlan O. Tibbitt, Felix Jackson, and Alvin Hetek.

Houston: Mr. and Mrs. H. E. Parrish, Virgie M. Ellison, Catherine Murphy, B. M. Henderson, Mr. and Mrs. K. M. Nancy, Mr. and Mrs. Troy W. Ford.

Bay City: J. W. Stewart. Sagenaw: Mr. and Mrs. Frank Popowski, Dick Swanson. LaPorte: Mr. and Mrs. R. E. Carroll.

Plainview: Mr. and Mrs. James Miller.

Mineral Wells: Mr. and Mrs. D. Mitchell.

Palestine: W. C. Hughes, J. E. (continued on page 8)

Absentee Voting Started Here On Wednesday, Oct. 19

Aransas County swung into general election activity Wednesday when absentee balloting began at 8 a.m.

Candidates for absentee voting may secure their ballots or application blanks in the County at the Courthouse.

The balloting office will be open weekdays from 8 a.m. to 5 p.m. Sickness, disability or absence from the county on the official voting date, Nov. 8, are the only reasons permitted for absentee voting.

County Clerk Ed Beasley said persons who expect to be hospitalized on Nov. 8 or are physically disabled must present verification from their physicians before being issued an absentee ballot.

All absentee voters must present their poll tax receipts.

Will Aransas County Go Nixon-Lodge?

Will Aransas County vote for a Republican president again, as it has in the last two elections?

This is the question that is troubling local political campaign leaders as the November 8 election approaches.

And will the difference in the number of voters have any influence on this?

In 1952, with 1322 votes cast, 818 of them were for Ike, only 504 for his opponent.

In 1956, with 1182 ballots counted, Ike carried the county 757 to 425.

This year, 2250 ballots have been printed, or approximately 900 more than for the record year in 1952. Will enough of these added voters cast their ballots for the Nixon-Lodge ticket to keep the Aransas County presidential vote in the Republican ranks?

It's anybody's guess. Leaders on both sides appear confident of victory, but no one can know for sure until after November 8.

Funeral Services Held For Bennie Thompson

Bennie Thompson, 79, died at 12:15 p.m. Saturday in a Corpus Christi hospital after a long illness.

A resident of Rockport since 1927, he was born in Washington County, Kansas. He was a member of the Roman Catholic Church.

A retired cafe owner, he is survived by a son, Julian C. Thompson of Rockport; two daughters, Miss Margaret Rose Thompson of Aransas Pass and Mrs. Nelda Anna Collins of Corpus Christi; a sister, Mrs. Earl Rutherford of Washington, Kan.; nine grandchildren and seven great-grandchildren.

Funeral services were at 10 a.m. Tuesday at the Sacred Heart Catholic Church in Rockport with the Very Rev. Gerald J. O'Doherty, pastor, officiating.

Burial was in Rockport Cemetery.

The Rosary was recited at 7 p.m. Monday at the Cage-Marshall Funeral Home Chapel in Rockport.

SAMPLE BALLOTS ARE AVAILABLE AT PILOT

Sample ballots of the General Election to be held on November 8, are on sale at The Pilot office. A limited number have been printed, and persons interested should obtain them as soon as possible as they will not be reprinted when the supply is exhausted.

12.53 INCHES OF RAIN RECORDED FOR WEEK

Rains totaling 12.53 inches here during the week, caused considerable water damage to a number of places.

Western Auto was flooded with an inch or more of water as the precipitation backed up to the west and sought outlet toward the bay.

The Rockport School of Fine Arts had considerable trouble with water, as the railroad culvert in that area was too small to handle the flow from the ditch alongside the railroad, recently completed by the county and city.

Roaten's Drug Store also suffered some trouble as the down-pour was heavy enough to wash in under the doors.

In other parts of the city, yards were flooded, and drainage ditches and sewers were overtaxed and could not handle the water as fast as it fell.

Two and 21/100 more inches fell in one rain the night of the 18th, re-flooding areas already waterlogged.

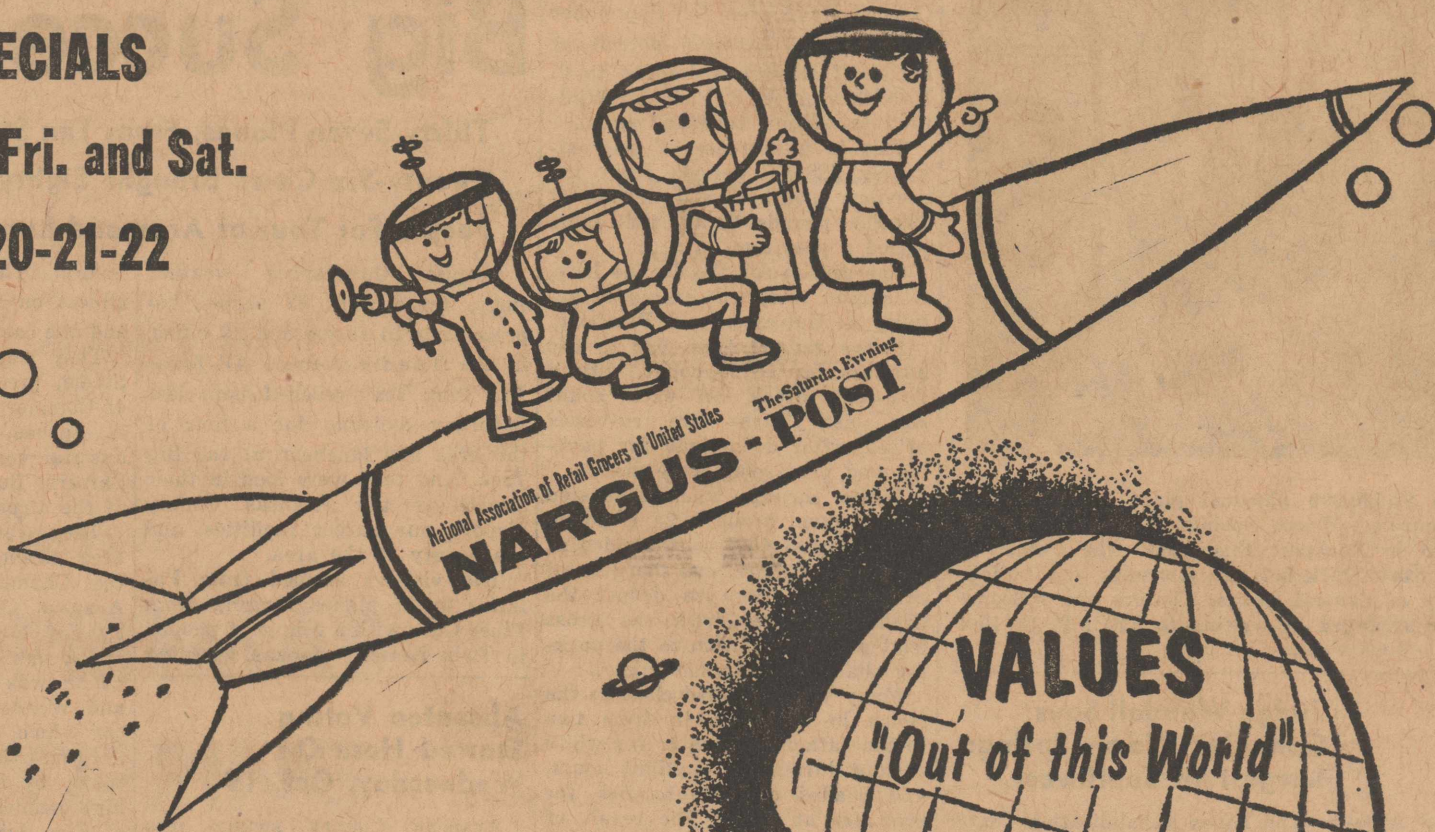

Total rainfall for the week was 12.53 inches.

Early Rainmakers Try Blasting Pwdr.

The Hopi Indians stage a snake dance in which they carry rattlers in their mouths to pray for rain, but early South Texas rainmakers used cannon, bombs and explosive balloons in an effort to blast moisture from the air.

The story is told in old government documents and in the files of Texas newspapers of the 90's.

In 1871, Edward Powers wrote "War and the Weather," and pointed out that rain usually followed heavy cannoning.

Senator Charles B. Farwell of Illinois, member of the Texas capitol syndicate, heard Powers

lecture on his concussion theory, which, Powers said could produce rain.

Deciding that rain-making was just what Texas and the sprawling, syndicate-owned XIT Ranch needed, Farwell pushed through a couple of appropriations for experimentation by the Department of Agriculture.

Oddly enough, none of the experiments were made on the XIT, although the first attempt at inducing rain was in West Texas, on the "C" Ranch, owned by Chicago capitalist Nelson Morris, near Midland, in August, 1891.

News of the experiment aroused a furor in South and West Texas. A delegation from El Paso reached the "C" Ranch almost as soon as the rainmakers, and offered to pay all local expenses and to furnish the explosives if the

government party would come to El Paso.

Almost equally prompt were R. J. Kleberg of the King Ranch, and N. G. Collins, San Diego financier and rancher. On learning that the government appropriations were not sufficient for work in South Texas, they returned to their homes to raise the needed money.

Mrs. Henrietta King, Kleberg's mother-in-law, made a \$1,000 donation. George W. Fulton, Jr., of Rockport, head of the citizen's committee which collected the cash, contributed \$300, while other individuals donated the balance of the \$2,269.52 spent by the group. The government's cost, for 20 balloons of varnished muslin and miscellaneous supplies was \$633.52.

Preliminary blasts on a hill west of Corpus Christi were inconclusive. It had been raining during the day and the experimenters were not clear in their own minds whether the rain that fell after exploding a dozen 21-pound bombs was natural or man-made.

So they moved to San Diego, then in the grip of dry weather that lasted for several years, and set up shop in earnest. Camp equipment and commissary supplies were provided by the Citizens' Committee for the 15-man party, which settled down about a mile and a half northeast of the San Diego railroad station to wait for clearing weather, for the Corpus Christi disturbance had reached as far inland as San Diego.

On October 15 the Corpus Christi Weather Bureau gave the rainmakers the go-ahead and the fireworks started before daylight the next morning. Dynamite and rackarock were exploded at intervals on the ground during the hours after midnight; three balloons filled with explosive gases and carrying more explosives were sent aloft and exploded. Next several hundred 2½-pound packages of dynamite and rackarock were fired on the ground between 7 a.m. and 12:30 p.m., with only a few scattered clouds showing which disappeared during the afternoon.

From 5 until 8 p.m. more bombs were exploded on the ground. Five more balloons were fired during the night, and at 3 a.m. on Octo-

OLD BUDDIES — Robert Tomarchin, charged with "ape-napping" Mr. Moke, a St. Louis, Mo., zoo chimp, kisses his pal. Tomarchin sold the animal to the zoo, later changed his mind, and took matters into his own hands when they refused to sell it back, police charge.

ber 17th, the sky was still clear and the wind fresh.

All of the 17th was used in preparing for the final bombardment, when 800 ground charges were to be supplemented by balloon explosions and aerial bombs in an effort to bring down the deluge. At 6 p.m. there was only one small cloud in the sky, 50 miles to the northwest, and arrangements were complete.

The dynamite and rackarock

charges were placed in a ¾-mile semicircle. To the left of this were five mortars, designed to cast 20-pound bombs 500 feet in the air, and a cannon from the King Ranch.

At 9:45 p.m. the first combined blast of bombs, balloons and ground charges was fired, and the explosion was felt 27 miles away. From then on until 11:30 p.m. ground charges were fired at the rate of 600 per hour, with

an occasional bomb and balloon added.

At midnight, spectators, convinced that the experiment was a failure went home to bed, but the weary experimenters, who had been going almost 72 hours with only a little over 6 of that devoted to sleep, continued to explode balloons.

At 3 a.m. the cloud to the northwest started to spread, soon covering the heavens, and when a last balloon was sent up 30 minutes later, exploding about half-a-mile south of camp, rain apparently fell there immediately.

Raindrops were also falling at camp and when some ground bombs were exploded, this increased from a sprinkle to a downpour which amounted to .47 inches by 5 a.m.

Were the experiments successful? Or would there have been rain in any event?

No one knows, but the experimenters, many of the people of San Diego, and members of the committee—including Kleberg and Fulton—were convinced that the clouds and rain were caused by the concussions.

Collins was the only man not pleased and the experimenters claimed that this was because the

rain missed his ranches. One even went so far as to say that he did not think Collins would have been satisfied if it had rained gold dollars on someone else's property.

Kleberg was of the opinion that results were encouraging enough to warrant further governmental appropriations (which were never made.)

However, in a letter to Professor John T. Ellis of Oberlin College, who led the Texas experiments, Kleberg injected a note of caution:

"I do not think, however, that these experiments, which were made under the most adverse conditions, have demonstrated fairly and sufficiently, the theory whether or not rainfall can be produced by heavy concussion."

SACRED HEART ALTAR SOCIETY MEETS

The Sacred Heart Altar Society held their regular monthly meeting Tuesday, Oct. 18, at the Rectory.

After Rosary was recited the president, Mrs. Jordan Weber called the meeting to order.

Ten members responded to roll call. After routine business, the meeting was adjourned.

KNOW YOUR VOTING RIGHTS!

We feel that all legal voters of Texas should know—

No matter how you have ever voted . . .

Or in which primary you voted . . .

Or if you voted . . .

Or how your poll tax receipt is stamped . . .

You CAN vote for any candidate of any party on the November 8 ballot.

For Democrats who value the ideals and true aims of the Democratic Party, the only choice is Nixon and Lodge.

"Now enjoy *Happy Motoring!* Coast-to-coast"

HUMBLE

NOW! NATION-WIDE!

Your HUMBLE Dealer now represents America's Leading Energy Company

To serve you nationwide—five leading regional oil companies have joined hands in a new company. United, they form the new HUMBLE OIL & REFINING COMPANY... the largest domestic oil company in the U.S.!

This new move creates America's Leading Energy Company. This is of great importance to you—in several ways:

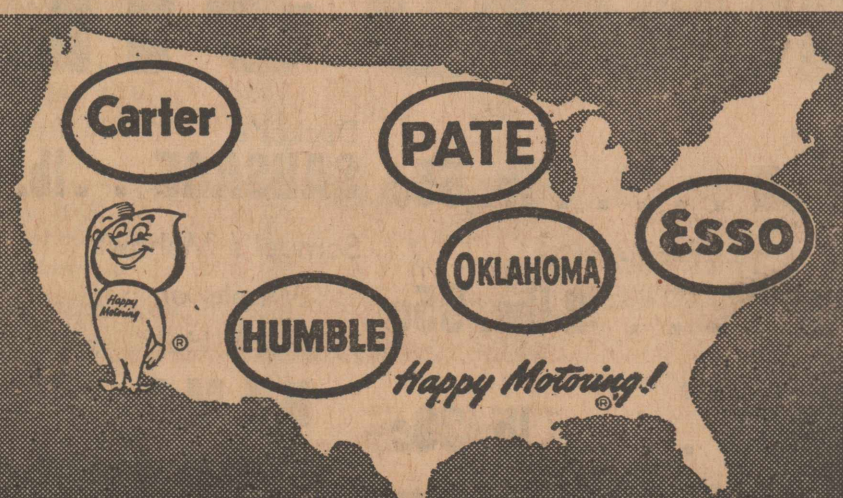

With the nation's leading oil research laboratories, Humble will bring you many new and exciting products first. Products like the famous high-energy Humble gasolines, the remarkable new Uniflo Motor Oil and the revolutionary "No Squeal" Atlas Bucron Tire.

With the nation's largest oil reserves, unsurpassed refinery and transport facilities, Humble can bring you new and better values through greater operating efficiencies.

Now with a network of more than 30,000 service stations—Humble can offer you all its high quality products coast-to-coast.

BOY SCOUTS WILL PARTICIPATE IN GET-OUT-VOTE DRIVE

Joining the five million Cub Scouts, Boy Scouts and Explorers in the United States who will participate in the third national Get-Out-The-Vote campaign, 17,000 Scouts and leaders of the Gulf Coast Council are preparing for the starring event of the Golden Jubilee year.

As it was in 1952 and 1956, this great non-partisan effort to get out a record vote in the national election is under the joint sponsorship of the Boy Scouts of America and the Freedoms Foundation, Inc., of Valley Forge Penn.

On Oct. 28, ten days before the election, a mammoth distribution of Liberty Bell placards urging citizens to vote will be distributed to forty million homes throughout the nation. The Scouts, trained in an orderly and systematic distribution method, will hang the placards on the nation's front doors. Residents will be asked to display the reminder in the front windows until election day, signifying their intention to vote.

The Freedoms Foundation at Valley Forge and the Boy Scouts of America efforts contributed much in the increased voting total in 1952 and 1956.

The Get-Out-The-Vote campaign is strictly non-partisan in its concept and execution and all participants must abide by regulations to keep the project removed from the political arena.

As in all national Good Turns and other service-projects undertaken by the Boy Scouts of America, the development of good character and citizenship is the prime motive behind the actual job.

Says Joseph A. Brunton, Chief Scout Executive, "Through this project organized boyhood can exert a far-reaching influence among parents, relatives, and neighbors in producing a record vote and thereby strengthening our nation. The sincere appeal of an enthusiastic Scout can often accomplish results impossible to the adult."

ENGINEER PERMIT ASKED FOR COPANO

The Natural Gas Pipeline Company of America has asked for a permit from the U. S. Engineers to operate in Copano Bay at a location 1935 west of Highway 35 and about 4½ miles northeast of Fulton.

The company proposes to place an 8-inch pipeline at the above location. The top of pipe would be placed a minimum of 3 feet below the bed of the bay. The trench would be opened by dragline, the material stored temporarily in the bay and used for backfill over the line.

Calallen Wins, 22-8

The Calallen Wildcats rocked the Rockport Pirates' bid for a district title with a 22-8 upset victory in Odem Friday night.

The Pirates had won two district games and had their eye on a District 31A title for the second straight year. The Wildcats had not won a game this season.

A pass from Clyde Stone to David Howison in the first quarter gave the Wildcats a lead they never gave up. The nine-yard pass capped an eight-play drive for the score.

In the second quarter, Stone passed to Jimmy Mata for a 68-yard pass and run score. Stone then passed to Charlie Magee for the extra points.

The Pirates of Aransas County fought back, scoring on a 48-yard pass thrown by Jim Jackson.

Kelly Huff ran for the extra points.

After a scoreless third quarter, the Wildcats sewed up the game on a 78-yard drive. Stone passed to Dan Magee on a 20-yard touchdown play and to him again for the extra points.

SCOUTS TO TAKE PART IN GOOD TURN PROJECT

Cub Scouts, Boy Scouts and Explorers of the Mustang District will participate in the nation-wide Good Turn project of the Boy Scouts of America on Saturday, Oct. 29. The "Good Turn" will consist of delivering at each home in the district a door knob hanger which urges the people of the house to vote in the National election.

The Boy Scouts of America is cooperating with the Freedom Foundations of Valley Forge, Penn., in the publication and distribution of the material.

Prior to the actual distribution of the material each scout leader will tell the cub scouts and explorers of the importance of voting and interest in national affairs.

The Boy Scouts of America is further urging that on the morning of Nov. 8 that all bells, whistles and sirens be rung as another reminder of the national election day.

Lt. Col. T. D. Giese, now stationed in Detroit, was a guest of his parents, Mr. and Mrs. Fred Giese, last week.

Presbyterian Circle Holds Regular Meeting

Circle Number Four of the Women of the First Presbyterian Church met on Oct. 13, at 9 a.m. in the home of the Circle chairman, Mrs. Ralph Matern. There were eleven members present for this first meeting of the year. Mrs. Cecil Lang was elected secretary, Mrs. Floyd Smith was elected treasurer, and Mrs. Ceylon Ammons was appointed telephone chairman.

The chairman announced that World Community Day would be observed Nov. 4, and all members were urged to attend. Members were also asked to bring old clothing to the church for shipment overseas.

Mrs. S. F. Jackson led the group Bible Study in an introduction to Paul's Letter to the Philippians which will be the Bible study for the year. Mrs. Jerald Brundrett led the monthly emphasis on Stewardship.

Next month the circle will meet in the home of Mrs. Cecil Lang, with Mrs. Jerald Brundrett leading the Bible study.

The Fred Sterlings are down for a couple of weeks at their cottage at Copano Village.

Does Advertising Pay?

In this week's issue of The Pilot there appears an advertisement from R. J. Reynolds Tobacco Company, of Winston-Salem, N. C. advertising their best-known product, Camel Cigarettes.

This is the first of a series of ads to be placed by this company in the name of Camels which will appear in EVERY WEEKLY NEWSPAPER in the United States and as far as we know the first time that an ad of this nature has run in weekly newspapers. For many years daily newspapers have carried these ads, but the manufacturers feel that they have missed many people by neglecting the subscribers to the weekly newspapers and realize that this additional advertising will increase their sales and help them keep Camels the largest selling cigarette in the world.

In the United States there are over 8,300 weekly newspapers with total paid circulation of over 19,000,000 and an estimated readership of over 75,000,000 persons. There are over 500 weekly newspapers in Texas.

Extensive advertising throughout the years have placed Camels on top in their field and newspaper advertising has been used by the company more than any other medium.

It is with deep appreciation that we welcome the R. J. Reynolds Company and Camels to join our community through the pages of The Pilot.

Tuleta Was Once A Mennonite Settlement

This community has a new post office—a neat, white, frame building across the street from the one that served this town for 45 years.

Clem Stoltzfus, who has been around these parts quite a while, says that the old building was built in 1915, and occupied by a drug store and confectionery and that the post office was moved there from the old hotel, built in the golden age of Tuleta, when this vanishing village was scheduled to become a South Texas metropolis.

The town was founded by a Mennonite pastor, Norwegian Peter Unzicker, who bought land from the Chittim-Miller Ranch in 1906, 20 years after the old San Antonio and Aransas Pass Railroad laid its rails eastward to the coast.

He platted a town on the land he bought, and named it after old J. W. Chittim's daughter.

Most of the early inhabitants were Mennonites from Iowa, Michigan and Indiana, who bought their lands from their pastor—founder of the town, and eventual builder of the old post office building.

Deeds specified that Tuleta was laid out for horses, buggies and wagons, but the Rev. Unzicker broke his own rule when he became the owner of the town's first automobile.

At one time, Tuleta had a railroad station, a hotel (in which the postoffice was first housed, Mennonite, Presbyterian and Baptist churches, a gin, several groceries and a lumber yard, but a lot of the Mennonites returned to their northern homes after crop failures due to drouth, and over a period of time, the population fluctuated considerably.

Stoltzfus and his wife moved there in 1910 and opened a general store. One of their sons, the late Howard Stoltzfus, was a station agent for the railroad after the depot was built. A daughter, Miss Amanda Stoltzfus brought in from Tennessee where she had been teaching school, was elected principal of the new school which became quite famous for the innovations she made.

After her arrival, the Tuleta school introduced manual training into the curriculum and was the first public school in Texas to operate a complete agricultural school. In fact, it was known as the Tuleta Agricultural High School. Other subjects taught included music, Latin, domestic

economy, homemaking, history, English, mathematics and civics.

The school drew wide attention in newspapers, magazines and educational journals, not only for its curriculum but also because every member of the faculty was a college graduate. This was most unusual in those times for country schools and even for those in country seats.

Four years later Miss Amanda, as she was affectionately called, was so famous for her innovations that the University of Texas prevailed upon her to join its extension department. This she did only on condition that she might devote part of her time to furthering the program she had instituted at Tuleta.

About 1929, oil gave a momentary boost to Tuleta, but the town's days are gone. The school of which Miss Amanda was so proud is a part of the Pettus Independent School District with high school students attending there and only elementary scholars being taught in Tuleta.

The Mennonite Church stands empty on Sundays; the stores have dwindled to two; and there are only about 50 people in this vanishing village.

NEW DEN HELD MEETING OCT. 17

A new Den not yet numbered, held its first meeting Monday, Oct. 17 at the scout hut.

The meeting opened with the pledge of allegiance to the flag, entrance fees and weekly dues were paid.

Steve Carroway, keeper of the buckskin and Addison McCandless, denner for the month of October, was decided by majority vote. Mike Tedder agreed to be den chief for the new den.

Members of the new den are: Addison McCandless, Bob Shafer, Dannie Stephens, Flip Carroway, Michael Kelly, Marvin Cobb, Phil Tedder, Steve Carroway;

Den chief, Mike Tedder; den mother, Faye H. Shafer; co-den mother, Betty Kelly.

Attending guests of honor at our first meeting: Mrs. Vivian McCandless and two daughters, Margarette, and Georgene, Miss Carol Ann and sister, Sherry Lynn Carroway.

MR. CARTER TO CONDUCT SERVICES SUNDAY MORNING

The 9 a.m. morning prayer and sermon at St. Peter's will be conducted by Mr. Harry Carter, recently confined to Memorial Hospital because of surgery. Mr. Carter's many friends will be happy to know that he is once more feeling fit and able to resume his duties as pastor.

FOUR SOUTHWEST CONFERENCE GAME BROADCASTS, OCT. 22

Four Southwest Conference football games will be broadcast Saturday by the Humble Company. In addition, Humble will co-sponsor the live telecast of the Notre Dame-Northwestern game.

The Notre Dame-Northwestern game will be telecast beginning at 12:15 p.m. over WRIS-TV, Corpus Christi.

The Baylor-Texas A&M game will be broadcast from Waco by Eddie Barker and John Smith. Radio time will be 1:45 p.m. over KEYS, Corpus Christi.

The TCP-Pittsburgh game will be broadcast from Ft. Worth by Ves Box and Eddie Hill. Radio time will be 1:45 p.m. over KTHT, Houston.

The Texas Tech-SMU game will be broadcast from Lubbock by Bob Walker and Jim Wiggins. Radio time will be 1:45 p.m. over KSIX, Corpus Christi.

The Rice-Texas game will be broadcast from Houston by Kern Tips and Alec Chesser. Radio time will be 7:45 p.m. over KEYS, Corpus Christi.

BOY SCOUT TROOP 49

Monday night, Oct. 17, Boy Scout Troop 49 held its regular meeting. The main order of business was the election of officers for the coming year. The following officers were elected:

Senior patrol leader, N. F. Jackson, Jr.; asst. senior patrol leader, Larry Nelson; scribe, Michael Schulz; patrol leader, Gull Patrol, Michael Schulze; patrol leader, Woodsman Patrol, Monroe Menke; asst. patrol leader, Woodsman Patrol, Jerry Brundrett.

The troop welcomed a new member, Darrell Lichte. Darrell's family moved here when his father became stationed at the air base.

TRI-CIRCLE HAS MEETING

The Tri-Circle met Tuesday, Oct. 18 with Mrs. C. W. Pierson for Royal Service. Rev. C. W. Pierson led the mission study.

Mrs. Pierson, circle chairman, conducted the short business meeting and the following officers were elected:

Mrs. J. V. Huckaby, co-chairman; Mrs. C. L. Utz, Bible study; Mrs. Opal Wills, community missions; Mrs. J. V. Ferguson, enlistment chairman; Mrs. Ernest Hackett, stewardship; and Mrs. Shelley Roaten, service chairman. Eight members were present.

CARD OF THANKS

Mrs. Henry Bailey wishes to thank her many friends for the lovely cards and flowers sent her during her illness.

TOURIST PROMOTION COMMITTEE MEETS MONDAY AFTERNOON

The Tourist Promotion Committee of the Chamber of Commerce met Monday afternoon and discussed plans for winter card and game parties for the tourists. Other ideas advanced were potluck suppers, square dancing and

a tourist club, and Mrs. Mary Juergens, manager of the Chamber of Commerce is to get information in the feasibility of forming such a club here.

Other business included discussion of a new tourist folder and placing of a sign at Gregory, on the intersection of Highways 35 and 181, pointing the way to Rockport.

TELEPHONE TALK

by Bob Freeman, Manager

RAIN AND THE TELEPHONE

Rain in a great many situations is considered one of the Lord's blessings. To the telephone and its vast associated network of wire it is an arch enemy. Several drops of water seeping into one of the large trunk cables may jeopardize telephone service for hundreds of subscribers.

For many years the telephone company has been plagued with this thorny problem of moisture. Only in the last several years have they applied the very simple technique of pumping lead covering containing hundreds of wires full of gas or dehydrated air. This procedure created more pressure on the inside of the cable thereby preventing the entrance of any moisture. There are occasions, of course, where breaks or openings in the cable become so extensive that a complete loss of the gas or air develops and the system is thereby rendered ineffective.

Local servicemen, reading left to right, are J. M. Stevens, E. M. Perry and C. F. Gillilan.

This pressurization method is also very beneficial to maintenance people by indicating cable damages during dry weather through a rapid lowering of pressure on meters. In many cases our servicemen Mr. Stevens, Mr. Perry or Mr. Gillilan are able to avoid having customers experience service difficulties by finding and clearing trouble promptly.

HOW TO "HOLD THE PHONE"

You and your family may be among the many that believe the color wall phone is the handiest thing in your kitchen.

You probably realize how it brightens up the room and saves you time and steps. You probably like the way it saves space — doesn't take up valuable room on a kitchen counter or table.

But did you know there is a handy way to keep the receiver from dangling if you are called away from the phone for a minute?

A number of people have told me they were surprised to learn they can hook the receiver over the notch on the top of their color wall phones until they return to the phone.

I thought you might be interested in hearing about this added convenience of wall phones in color.

Rockport P-TA Has Father's Night

The October meeting of the Rockport Elementary Parent-Teacher Association was held Tuesday at 7:30. This meeting was designated as Fathers' Night and State Founders' Day.

Mrs. C. E. Nickerson, president opened the meeting. Allegiance to the flag was given, and Mrs. R. W. Willis gave the opening prayer. The minutes were read by Mrs. A. B. Chernosky, and a treasurer's report given by Mrs. Jack Sparks. A recommendation was made and accepted that three delegates be sent to P-TA State Convention in Austin Nov. 16-18. The delegates named were Mrs. Don Henderson, Mrs. C. E. Nickerson and Mrs. R. W. Willis.

Mrs. A. B. Chernosky introduced the speaker, Tom Jessee. Jessee made a very interesting talk on the parents responsibility to their children. He also pointed out the advantages and points of interest the citizens of Rockport have to enjoy, of which most of us seem fully unaware. Everyone enjoyed his very interesting presentation.

The room count was won by Mrs. Lillian Sorenson, 3rd grade. Mrs. Nickerson adjourned the meeting.

Refreshments were served by Mrs. R. S. Johnson, Mrs. F. C. Porter, Mrs. Dave Kelso, and Mrs. Gene Everett.

Mrs. M. L. Honeycutt took a silver collection for State Founders' Day.

DEN 6 HAS MEETING

Den 6 meeting was held on Oct. 18 at the home of Mrs. Marvin Clark.

While the boys arrived they were put in to sides for games that followed, they sang "This Little Cubbing Light." Then Don Wright called the meeting to order with the Pledge to the Flag.

Roll was called with each boy answering with a safety rule to prevent fire. Jimmy Clark read the minutes of the last meeting also the treasury report.

The boys were asked to look for

a story about a fire to place on a poster.

The meeting closed with the Living Circle.

Refreshments were served by James Court, to Eddie Cole, Marvin Cole, Chris Stevenson, Don Wright, Joe Blackburn, Jimmy Clark and Dennis Clark.

Skating on ice is possible because the weight of the body melts the ice and the skater really is traveling on a film of water which freezes again as the weight is removed.

Since 1902 when President McKinley was assassinated, the U. S. Secret Service has been charged with guarding the President.

DEAR BOATMAN:

Have you ever visited us at MARINELAND of ROCKPORT? Should you? YES.

We carry one of the largest selections of top-name boats on the Gulf Coast. Because we operate in a small town and have draw our trade from other areas, we know we have to save our customers plenty to justify the trip over to see us.

Our competitors think we are crazy when it comes to trade-in allowances, and maybe we are, but we do have a terrific market for used rigs of every kind, and we can afford to give you an absolute top dollar trade on boats, motors and trailers.

Much of our 1961 stock is now in and includes a variety of models in such name brands as Evinrude Motors; Little Dude, Caldwell, and Kingfish Trailers; and Aristocrat, Lone Star, Glass Magic, Zinn - Craft, Hydrodyne, and Swank-Craft boats.

You should see, especially, the Hydrodyne with Monroe's shock absorbing seats. Handling this craft is pretty close to flying. No cavitation, slip, or pounding. We will demonstrate the most comfortable ride in boating history... and don't miss seeing and driving America's most beautiful boat, the 16'3" Aristocrat... it's a breathtaking experience and a pure thrill for the whole family.

Whatever you need, we can finance your purchase with a small down payment, and up to 30 mos. to pay. We are open Sundays from 1 to 5. Bring the wife and kids by for an afternoon. A boatman always enjoys seeing what's new and we always appreciate your visit.

P-TA Representatives To Attend Workshop

Thomas Dannelly, Mental Health Chairman and Mrs. Floyd Smith, parliamentarian, will represent local Parent-Teacher Associations at the District 21 P-TA Workshop to be held Monday, Oct. 24, from 9:15 a.m. until 3 p.m., in the Windsor Park Church of Christ at 4420 South Staples, Corpus Christi.

The theme of the meeting is "Where Tomorrow is Being Made." Special emphasis will be placed on education for family living.

Mrs. J. W. Eakin of Sinton, District President, will preside.

Walter Allen Brown of Houston, Church of Christ in Lindale, will speak on "The Role of the Family in America Today." Mr. Brown, formerly lived in Corpus Christi and Robstown, moving to Houston less than 2 years ago, and at that time he served on the District P-TA Board. Both he and Mrs. Brown are ardent P-TA workers. They have a son who is a junior in high school, a daughter who is a senior and a daughter attending Abilene Christian University.

Mrs. Bill Leadbetter of Donna, State Chairman of High School Services, will lead a panel discussion on "Meeting Basic Family Needs—The Reality of our Moment." The Panel will consist of four district chairmen, Mrs. Jerome Fondren, Education for Family Living; Earle Montier, Exceptional Child; C. D. McDowell, Jr., Character and Spiritual Education; and Mrs. C. H. Cravens, Publicity.

Mrs. Jean Harris of Agua Dulce, State Vice-President, who will give a summary at the close of the meeting entitled "Homes Create Community Strength."

Mrs. W. S. Aust, Corpus Christi, who is a district vice-president for Nueces, Kennedy and Kleberg counties, and Mrs. E. L. Haag, Jr. of Freer, District Publications Chairman, will present a socio-drama publications.

All district Chairmen who will assist in workshops entitled "The American Family Today... and the P-TA."

The Corpus Christi City Council of Parents and Teachers will be hostesses for coffee during registration from 9:15 until 9:45, and everyone will be dismissed for lunch at the place of their choice, and the meeting will begin again at 1 p.m.

ARANSAS PASS

KNOCKING THE ROCK—Up to her ears in rock 'n' roll protests, Jan Holderman shows one city's reaction to the popular musical form. When the Dayton, Ohio, radio station for which she works transferred from nonrock to rock programs, it was deluged with letters, 99 per cent of which protested the change. The station switched back to its original approach.

Many Aransas County Citizen Receive Social Security Benefits

Monthly Social Security insurance benefits totaling more than \$30,000 are being paid this month to some 525 Aransas County people under the Federal Old-Age, Survivors and Disability Insurance program. These figures were just received from H. M. Cleveland, Manager of the Corpus Christi district of the Social Security Administration. Total payments being made in this area are now about 25 per cent more than the amount paid a year and a half ago.

The social security insurance provides financial protection for a worker and his family when earnings are reduced or cut off in old age, disability, or death.

The payments are all based on a worker's average monthly earnings for work on social security jobs, Cleveland pointed out. Monthly payments to a retired worker with no dependents average about \$65 in this district.

Benefits are also paid to totally and permanently disabled workers after age 50 and to the eligible wives and children of retired or disabled workers. Payments are also made to eligible surviving widows, children, and dependent parents of deceased workers.

Nationwide, more than 14 million beneficiaries of the social security program will receive more than \$11 billion in benefits this year, Cleveland reported.

Eligible persons in this area should get in touch with the Social Security Administration, 530 South Water Street, Corpus Christi, to file their application for benefits.

Stamp collecting puts a premium on poor printing since a blot, blur or misprint increases the value of a stamp to collectors.

The fireman who steers the rear end of a hook and ladder truck is called a Tiller man.

From Indianapolis, Indiana, were Mr. and Mrs. Earl W. Springer; from Cincinnati, Ohio, came Paul H. Smith; Mr. and Mrs. Roy Simoch, of Abilene, furnished the Kansas contingent.

Dr. and Mrs. Ben N. Walker were on tour from Jackson Mississippi; Mr. and Mrs. H. P. Gentzies from Jefferson City, Missouri.

From Pasadena, California, came Polly Stocker and Mrs. John Ragsdale; Smoky Foster was here from Atlanta, Georgia; Mrs. Vernon Whitley from Emporia, Virginia.

Permit Extensions Asked From Engineers

Interested parties are hereby notified that applications have been made to District Engineer for extension of the time limit to complete work authorized by De-

partment of the Army permits in navigable waters in this Engineer District, as follows:

Copano and Aransas Bays: W-N-243-41-permit-726, issued to Pan American Petroleum Corporation, P. O. Drawer 1980, Corpus Christi, Texas, authorizing the erection and maintenance of structures appurtenances to be used in connection with the drilling of wells for the production of oil, gas or other minerals in four State Tracts in Copano and Aransas Bays, located central to a point approximately 13 miles north from Rockport, Texas.

Copano Bay: W-N-243-41-permit-809, issued to Heldenfels Brothers, P. O. Box 1917, Corpus Christi, Texas, authorizing the dredging of shell for commercial purposes to a maximum depth of 9 feet below mean low tide in Copano Bay, located central to a point approximately 7½ miles north from Rockport, Texas.

Aransas Bay: W-N-243-41-permit-111, issued to Heldenfels Brothers, P. O. Box 1917, Corpus Christi, Texas, authorizing the dredging of shell for commercial purposes on Long Reef located between the Gulf Intracoastal Waterway and St. Joseph Island at a location central to a point approximately 6 miles northeast from Rockport, Texas.

Aransas Bay: W-N-243-permit-211, issued to Heldenfels Brothers, P. O. Box 1917, Corpus Christi, Texas, authorizing the dredging of shell for commercial purposes at Grass Island Reef, located about 6 miles east from Rockport, Texas.

San Antonio Bay: W-N-243-41-permit-583, issued to Heldenfels Brothers, P. O. Box 1917, Corpus Christi, Texas, authorizing the dredging of shell for commercial purposes from an area approximately 1,000 feet wide and 3,000 feet long at the south end of Long Island located approximately 8½ miles southeast from Seadrift, Texas.

Copano Bay: W-N-243-41-permit-211, issued to Heldenfels Brothers, P. O. Box 1917, Corpus Christi, Texas, authorizing the dredging of shell for commercial purposes to a depth of not more than 10 feet below mean low tide and the dredging of a channel and turning basin near Bayside, Texas.
