Council Ponders Buying, Developing Water Field

Cross Plains City Council is currently pondering purchase of a 36-acre tract of land two miles north of town and developing it as a water field.

Initial steps on purchase of the tract, owned by Harold Hinkle of this city, has already been taken. City officials have put up $250 for a 60-day option on the purchase price of $15,600, and have begun making arrangements for testing three wells drilled there.

Cost of testing was okayed by council members at a called meeting of the city directorate last Friday night.

At that time councilmen also called for a mass meeting of townspeople on Thursday, May 15, at 7:30 p.m. to present the reasons for the proposed purchase and development of the water field.

The public meeting will hinge, however, at least in part, on successful testing of wells already drilled for volume and content of the water. Water Commissioner Alvin Hutchins has been charged with supervising both undertakings to be completed before the May 15 meeting.

Council members noted that the reason for the possible purchase and development of the tract as a water field was that Cross Plains now has an insufficient water supply, especially in times of drought.

It was pointed out at the meeting Friday that the purchase is one alternative to other possibilities for new water source.

A 25-member committee, chaired by Jack W. Tunnell and assisted by Dr. Carl J. Schns, both of this city, spent several months some time ago looking into possible means of adding to the city's water supply. One suggestion reportedly favored by committee members was to go north of Cross Plains for well water.

Council members agreed Friday that additional water sources will be needed by Cross Plains in the future, and the city would possibly be better off economically to purchase the land than to lease water rights, as is now the case.

The 36-acre tract is directly across FM Road 880 east of the E. K. Coppinger land. Three wells have been drilled on the land, and one has been use tested, believed to be capable of providing from 80 to 120 gallons per minute. It was said at the Friday meeting that reports indicate sand in the wells was hit at 17 feet and carried water to a depth of 55 feet.

Two possible caliche deposits are believed to be on the land, benefitting city costs of road repair. Hinkle said that all mineral rights he had held would go with the land, believed to be 100 per cent.

The option for 60 days must be exercised by June 16, and the $250 deposit will be included in the $15,600 purchase price if bought by the city, it was understood by the council. Another 30 days will be allowed to complete paper work if the deal to buy the land is made.

Included with the land will be an old tractor, 2 pumps and miscellaneous other irrigation equipment.

It was pointed out that development of the field, if the land is purchased, would be a major expense of providing a better water source for Cross Plains. Although the development aspect was discussed only briefly, a rough estimate of cost was thought by conucilmen to run in the neighborhood of $60,000. Primary cost would be pumps and laying a large enough pipeline from the field to the city water storage facilities on East 9th Street, to handle even more water, possibly produced elsewhere in the region at a later date.

All members of the council were present at the called session. They are Jack Scott, mayor, and aldermen Jimmielee Payne, Oscar Koenig, T. T. Nichols, Alvin Hutchins and J. P. McCord.

Mrs. Parson Reports On Stop E.R.A. Austin Rally

By Wanetta Parson

Just how the history books will relate the events of April 14 in the Texas Legislature will remain to be seen, but several ladies from the Cross Plains area will be able to tell it like it really was. That foggy morning at 6 a.m. 28 ladies boarded a charter bus for their encounter with the unknown. These self-sacrificing, dedicated women set out to save their country from what is known as the Equal Rights Amendment. They like thousands of other ladies across the state determined to face this "wolf in sheep's clothing." They arrived at the Capitol at 9:30 a.m. ready for battle.

It was soon apparent that the pro-ERA army was only the figment of the press' imagination. Of the reported 3,000-5,000 crowd only 200-300 were wearing the uniform of the ERA (evil rights amendment). Austin was abloom with the blessing of pink. You could not cast your eye in any direction without resting your gaze upon the "rescind" cards worn by men and women alike.

The 10:30 a.m. Stop ERA Rally was nothing short of a demand that the Texas Legislature, and indeed the nation, wakeup to the fact that an

Fewer Callahan Residents In Local Government Jobs

How many Callahan County residents are holding down local government jobs?

How does the number so-employed compare, relative to population, with that in other communities?

A comprehensive survey of public employment, covering all parts of the country, has just been released by the Department of Commerce, based upon data gathered in connection with its latest Census of Governments.

It lists the number of people on public payrolls in the various divisions of local government—county, township, municipality, school district and special district. Federal and state employees are treated separately.

It shows that in Callahan County, after converting part time workers to the full-time equivalent so that inter-county comparisons can be made, there are approximately 30 full-time employees or their equivalent locally for every 1,000 residents.

This is a smaller operating force than is found in most places in the United States, where the average is 32 per 1,000 population. Among local communities in the State of Texas the average is 33 per 1,000

As for the actual count, the report shows a total of 248 equivalent full-time workers on public payrolls in the county.

With regard to the payroll to operate the local governments, it has been running somewhat lower in Callahan County than in most parts of the United States. Whether the services rendered were more productive or less so is not taken into account.

The total payroll in the month when the census was taken represented a cost equal to $17.11 per local resident.

Nationally, the cost of meeting such payrolls averaged $25.16 per capita per month. In the State of Texas it was $20.24.

If all public employment—federal, state and local—were taken into account, it would be found that one person out of every six in the nation is on some governmental payroll, according to the Tax Foundation.

It places the current public payroll at more than $15 billion a year, up 60 per cent in the last five years.

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

IN MEMORY OF
ROBERT EMRA KING

On a mysterious day of new
Awaken by a gentle morning sun,
Glancing at the earth through morning dew,
For the Lord has said well done.

On this day of sorrow and woe
For the loss of a loved one,
Do you bitterly weep,
For the Lord hath said this must be so.
This Lord's command all must keep.

The Lord has called upon this soul,
For struggle and strife shall be no more;
And the angels now sing for this soul,
To sing and rejoice ever more.

To your hearts not so bitterly weep,
For now all angels happily sing
And have him in their arms to safely keep,
They sing, and sing for you, Robert Emra King.

Sabanno Area News

By Mrs. Edwin Erwin

The spring weather has been with us for the past week. It has been beautiful spring weather, with the exception of Friday when we had a real ol' West Texas sand storm. We have good moisture. The farmers are busy at different jobs.

We now have a lot of illness in and around our community. O. B. Switzer, returned home last Friday from several days stay in Hendrick Memorial Hospital in Abilene. Mr. Switzer had major surgery several days ago. Mrs. Switzer stayed at his bedside all during his illness. They are really glad to be home.

Mr. J. L. King suffered a heart attack at his home north of Sabanno last Friday. He was rushed to Hendrick Memorial Hospital in Abilene where he has been in intensive care. We'll keep all informed as to his condition.

Mr. and Mrs. Wes Holcomb were in Gustine last Friday where they visited their daughter, Mr. and Mrs. Junior Livingston and children also visited with Mr. and Mrs. Bobby Clark. Mrs. Clark (Judy) has been a mighty sick woman and was rushed to a Temple hospital where she was given immediate attention. A report Sunday was that she was doing better.

Mr. Troy Watson is at his home after a sick spell sometime ago. We are glad to report that he's doing nicely now.

Our old friend and mail carrier for several years, Whiteman Moore, of Cisco died last Wednesday after a long illness. He had many friends who extend sympathy to his family.

Mrs. J. O. Otts left by ambulance last Friday for Arlington where she will be a patient in a hospital there. More on her condition later.

Visiting with Mr. and Mrs. O. B. Switzer Sunday were: Mr. and Mrs. J. B. Snyder, his sister, of Bangs, Mr. and Mrs. Lonnie Switzer and children of Rising Star, James of the home, Sylvia of Azel and Linda and Mike Rhodes of Lubbock. Mack McConal visited O. B. Friday, and Mrs. Edwin Erwin visited them Saturday afternoon.

The quilting club met last Tuesday for an all-day get-together. Not too many present, but a good time. We finished a quilt for Mrs. O. B. Switzer and had a nice luncheon at noon. We have some pay quilts coming now.

Mr. and Mrs. Olaf South of Sweetwater visited with her sister and husband, Mr. and Mrs. Edwin Erwin Sunday afternoon.

Mr. and Mrs. Truett Dawkins visited with Mr. and Mrs. Goldon Lawson Sunday afternoon.

Mr. and Mrs. Jack Thomas and James, Mr. and Mrs. I. K. Boen and Mrs. Betty White and three children from Hamlin and Mrs. Jane Thomas of Eastland all had a good visit at the Jack Thomas home and then all had dinner together at the home of Mrs. Thomas' mother, Mrs. Addie Brumfield in Cross Plains. Mr. and Mrs. W. B. Bowen were visitors also. A good day together.

Mrs. Lillie Williams is on our sick list. She's under an Eastland doctors, care. We hope all our sick neighbors will soon be much better.

Mrs. Nora Shirley spent the day Monday with her daughter and family, Mr. and Mrs. Lester King, here.

The Edwin Erwins attended the Ranch Day activities and parade in Cisco Saturday morning. This was a treat for any town, and the Cisco merchants and the Junior College worked faithfully to have such come to their town.

Mr. and Mrs. Clona Walker, (sister of Mrs. Watson) and Mr. and Mrs. Bill Wagner of California are visiting with Mr. and Mrs. Troy Watson. Several of the Watson's children were in to visit them Sunday and Mrs. Watson reports a wonderful get-to-gether.

Mr. and Mrs. Beryl Lusk of Cisco visited with Mr. and Mrs. Joe Burkett and Mr. and Mrs. Edwin Erwin Thursday.

TEXAS TALK

By Glenn Winfrey

Grass-Fed Beef vs. Grain-Fed Beef is one of the most often discussed topics of the agricultural industry. Maybe **Texas Talk** can clear the air a little. The only difference to the consumer is quality. What does quality mean? In this particular comparison the sense of taste is the absolute test. Most of us have become used to the flavor of grain-fed beef, therefore it tastes better than meat from grass-fed cattle. This difference in taste is created primarily because of the absence of intramuscular fat (marbling) from the cuts of grass-fed beef. For this reason the meat is graded lower than grain-fed. One of the key ways to tell the difference at the meat counter is to look for USDA Choice or Prime grades. Virtually all these cuts will be from grain-fed cattle. Grass-fed meat may carry an identifying store name such as "Baby Beef", "Economy Cut", or "Budget Beef". Appearance and nutrition value of the meats are essentially the same.

Mighty Mites Run Third In 10-A Meet

Mighty Mites tracksters captured third place in the District 10-A track meet at Cen-Tex Stadium at Brownwood last Thursday.

A second place finish was denied the Mites due to disqualification of the 880-yard relay team which ran third. Disqualification was reported to be due running out of exchange (baton hand-off) lanes. That quartet is composed of Randy Dillard Jeck Neeb, Glynn Nickerson and Jackie Strickland.

De Leon won the meet title

Cross Plains athletes took two first places. Jack Neeb won a blue ribbon in the 440-yard dash in 56.7 seconds. Glynn Nickerson was first in the broad jump, distance not recorded. Randy Dillard was sixth in the broad jump.

Other point getters for the Mites were reported as follow. Times and other results on field events were not available.

Timmy Dillard captured fourth place in the 100-yard dash, and he was third in the 50-yard dash. Nickerson was fourth in the 50-yard dash, and R. Dillard was fifth in the event.

Danny Grissom was 6th in the 60-yard high hurdles.

Taking fifth in the 880-yard run was Robbie James.

Sheriff Issues Statement On Food Stamp Program

Grayson Miller of the Callahan County Sheriff's Department has said that his agency is in full accord with the purposes of the Food Stamp Program, and pledged agency support of both the program and compliance with food stamp regulations.

The Food Stamp Program is administered by the U. S. Department of Agriculture to help low-income families purchase a nutritionally adequate diet. The local representative is Carl J. Speegle, Jr., officer in charge of the Food and Nutrition Service Field Office at 451 Pine Street, Room 510 Petroleum Building, Abilene, Texas .

Qualified recipients exchange for food coupons the amount of money which they can reasonably spend for food. They receive food coupons which are worth much more than they pay for them. Authorized food dealers accept the coupons in payment for eligible foods and exchange them for face value at banks or wholesale food concerns which participate in the program.

It is against food stamp regulations for stores to accept food coupons for non-food items. Any diversion of food coupons to the purchase of ineligible items decreases the purchasing power with which the recipient is expected to buy more and better food to improve his diet. Merchants who violate the regulations may be disqualified from participation in the program. They may also face serious penalties imposed by the courts. Anyone observing violations by retailers or recipients of the food stamps program should report these violations to Mr. Speegle.

Sheriff Miller urged all participating food dealers in the area to comply fully with all regulations governing the program so that recipients and food firms alike may receive its maximum benefits.

Stop ERA Rally Held

(Continued from Page 1)

amendment to the U. S. Constitution is a most serious matter, not to be rushed into as other fads. About 25 pro-ERA agitators attended the rally, constantly pushing in front so that the news cameras and placing their plackards over the loud speakers so that the anti-ERA speakers could not be heard. Some of the "its" needed bathing lessons as well as instruction in good manners.

During the pro-ERA rally the "pink ladies" ate lunch and completely ignored the proponents. Any interested person could easily count 150-200 shouting for ERA . . . that's all.

After several days and countless rules changes, the House Gallery doors were unlocked and the people swept in like a wave of the sea, a pink sea. The gallery seating was rotated every hour, allowing another 600 to watch the hearing conducted by the Constitutional Revision Committee. At 11 p.m. some people were entering for the first time. The hearing ran until about mid-night with some 60 witnesses. HCR 57 by Bill Hilliard, calling for Texas to rescind its earlier ratification of the proposed 27th amendment, was sent to a subcommittee.

The hearing had to have been best "off-Broadway" production of the decade. Each member deserved a Tony, especially Ms. Chris Miller, the star performer. The obviously predecisioned result was emphasized when legislative assistant told the subcommittee structure before the hearing.

Mrs. Homer Don Parson addressed the rally and spent most of the day tied up in meetings at the State Stop ERA office. She was invited several weeks ago to testify, but the last rule change after the starting gavel prevented it. Mrs. Parson admits, "Some of our own strategy back-fired; We should have known we couldn't trust them not to change the rules again."

Three senators have decided to sponsor HCR 57 in the Senate as a result of Pink Day. These men are John Treger, Walter Mengden and Tom Creighton These senators know our strength and determination, unlike many who thought we would go home and forget about ERA after the hearing.

Those who went by bus are Dotta Webb, Lillian Helms, Cleo Porter, Janice Hodges, Melba Campbell, Beatrice Stennett, Mary Stennett, LaVern Lee, Bonnie Arnold, Arla Hill, Lottie Mae Roach, Lynn Hutton, William Champion, Trisha Hutton, Peggy Linney, Eula Mae Eldridge, Sissy Polvadore, Elda Aikin, Lolene Claborn, LaVerne Hutton, Pauline Champion and Wannetta Parson.

After he was defeated in 1950 for another term as county superintendent, Mr. Chrisman was named coordinator for Callahan County Vocation School.

During his long teaching career, Mr. Chrisman said, he taught just about every subject, including Latin.

He was married in 1911 to Lavada Ezzell at Atwell. He wrote his county history after retiring from the educational field. He also was a stockfarmer.
