Sidelights On the Angelo Storm

Quite a few from Eldorado were among the out of town people who were worried about the fate of San Angelo relatives when news of the tornado came through Monday afternoon. As the telephone service was set aside for emergency use only, it was difficult to establish contact with the stricken area and many drove up in an effort to learn of the whereabouts of their kinfolk.

We have picked up these bits of news this week which may be of interest to our readers:

C. F. Jones, son of Mr. and Mrs. Ray Jones, band instructor in Lakeview school, was in the high school building at the time of the storm, teaching a science class, in Room 8. He instructed the pupils to lie flat on the floor where they were comparatively safe when a wall collapsed. Band instruments were damaged, uniforms were wet and muddy, and all of the music was blown away. C. F.'s car was also damaged but is still in running condition. Mr. and Mrs. Ray Jones visited the family on the day of the storm—they live in another part of the city.

Mr. and Mrs. Al Jones have been in San Angelo checking on damage done to property owned by Lewis Jones, their uncle. At the time the storm struck, Mr. Jones was the only member of the family at home. He probably saved his life by crouching in a corner of a room in the center of the house. The residence was demolished, also a garage—and trees were uprooted. He expects to rebuild as soon as possible. A rent house on the lots was undamaged.

One of the casualties in the San Angelo tornado was a Mrs. Hall, mother of the Mrs. Glenn Russell who formerly was employed in the Eldorado business district.

Three highway employees from Eldorado, C. O. Neff, Kenneth Duckworth, and Claude Jeffrey, were among those in surrounding areas who were called to San Angelo to assist at the time of the storm.

Mrs. Archie Mittel's father, Mr. Perry, had a residence in the path of the storm, and it was partly destroyed.

The Alf Brutons, who are related to the local Bruton families, lost their residence, and the Mexican woman who was working for the family was killed.

Four of the houses which were blown away were the property of relatives of Mrs. Donald West. Mr. and Mrs. West went to San Angelo Monday afternoon and spent all of that night and the following day trying to assist their relatives in recovering some of their belongings. Those who lost houses were Mr. and Mrs. J. C. Raburn, Mrs. West's parents, Ed Raburn, her brother, and Mrs. O. W. Edginton and Mrs. Cleo Tillery, her sisters. Fortunately none of these were injured. Mrs. Raburn was visiting elsewhere in San Angelo, Ed Raburn had rented out his place, and the sisters and their families found refuge in storm cellars. Donald reports that only part of the relatives had their property covered with that type of insurance.

Mrs. Sam Garcia's mother lost her life in the San Angelo tornado. Garcia is an employee of the City of Eldorado.

W. M. Patterson, chairman of the Red Cross in Schleicher County, happened to be in San Angelo when the tornado struck, and remained there through the afternoon to assist. He was in the community gym when the wounded were brought in and helped find clothing and other necessities for the storm victims.

On Wednesday he sent boxes of used clothing to San Angelo from here, and states that if anyone has such clothing which they wish to donate to a good cause he will see that a San Angelo organization will get it for use as needed. Boxes may be left at Cameron's, he states—he will see that they get to San Angelo.

The Jud Brannans were among local residents who went to San Angelo Monday when news of the storm came through. They report that their grandchildren Mary Helen and Betty Thigpen were not injured, though Mary Helen, a seventh grade student, was in a Lakeview classroom when the wall caved in and she has leg bruises as a result of the experience. Both are students in the Lakeview school.

Mrs. D. E. DeLong and daughter Mrs. S. D. Harper left Tuesday for Dallas to spend the remainder of the week with their grand daughter and daughter Mrs. Homer Wolfe and family.

Post Script

Beginning Monday when the storms at San Angelo and Waco held the attention of radio stations and daily papers, intermittent rains have been falling over most of West Texas. In Schleicher County for the past four days we have had rains running from one inch to more than two inches total—practically all of the county received some moisture.

Skies continue cloudy today as this paper goes to press. Additional showers are possible in this area.

Another tornado victim has died in Shannon hospital, bringing the total fatalities up to 10, and many more are in serious condition as San Angelo takes stock of its life and property losses in the disastrous Lake View tornado of Monday afternoon.

Mrs. T. J. Castello, sister-in-law of Mrs. Victor Sauer, had gone toward the school to get her three children, and the storm struck when she was only a block from the school house. She remained in the car and came out only slightly injured, but the car is badly damaged. The storm left the wall of a house resting against the car and a mattress under it. The house they had recently moved from (they now live on East 9th) was wrecked.

The Victor Sauer family who drove to San Angelo Wednesday to check on their relatives report also that Harvey Dannheim's residence three blocks from the storm area, has some broken windows.

The entire county will be interested in learning that Dr. Jack L. Mowry, surgeon and general practitioner, made another visit to Eldorado last week end and definitely decided to locate in this city as a partner of Dr. Wm. Lindsey. When he is released from his present position as surgeon with Dr. J. W. Nixon in San Antonio he will come to this city—it will be early in the summer. It is probable that his wife and the couple's two little daughters will move here earlier.

Dog lovers will be sorry to learn that the Charlie Triggs lost their dog Chrissie Tuesday. The dachshund, a familiar figure in Eldorado, had been a Christmas gift, hence the name Chrissie. The dog was run over, reportedly by an oil truck, in the streets of Glendale.

First Baptist News

Our attendance was off this Sunday. We had only 190 in Sunday school and 70 in training union. We will not forget our goals for this coming Sunday. We will be reaching for 325 in Sunday school and 150 in our training union. This will be the last Sunday that our pastor and his family will be with us. Surely we will want to be 325 strong Sunday morning and 150 strong Sunday evening. The orchids went to the Intermediate department Sunday with a grade of 59. The onions to the Adults with a grade of 40. This coming Sunday our evening preaching service will be dismissed to go to the service at the high school. Our pastor has been selected by the graduating class to bring the message.

Attention Brotherhood Men — This Monday evening at 7:30 will be our regular brotherhood meeting. Supper will be served at 7:30 in the fellowship room. A very interesting and inspirational program will follow. Our guest speaker will be Dr. A. D. Foreman Sr. Dr. Foreman is past president of the Texas Baptist Convention. He is one of the outstanding Christian stewards of our denomination. You cannot afford to miss this program.

Important meeting for all Vacation Bible School workers. At 10:00 a.m. Monday, May 21, there will be a Vacation Bible School clinic for all our workers here at the church. This will be the final planning meeting before the school begins. A covered dish luncheon will be served at noon. Brother Welsh is anxious that everyone who is planning to work in the

school be in this meeting, May 21 at 10:00 a.m. at the church. This is a vital meeting.

We had thirteen visitors in our Sunday school Sunday. We had a good number of visitors in our worship service. Visitors are always given a warm welcome. If you are a Baptist and intend to live in Eldorado we issue you a warm welcome to make our church your church home. If you have no church preference come and worship with us. We have a class for every member of the family. Come find your place in the church, and the church will find a place of service for you.

We wish to offer congratulations to the members of our church family that are graduating from high school and college this Spring. We trust that these accomplishments will only serve to lead them into greater avenues of service. We wish them to know that their friends in the First Baptist church are proud of their achievements.

We welcome into the fellowship of our church by baptism Miss Mildred Bible. This makes a total of 20 that have been baptized into the fellowship of our church this associational year. Our goal is 30. We have 10 more to go to reach our goal. Our associational year will end August 31. Our goal for additions by letter was 75. Through this Sunday we have had 53. This leaves us 17 short of our goal. Why does a church set goals? Is setting goals Christian and scriptural? A goal is a vision put into numbers. "Where there is no vision the people perish." We invite you to help us reach our goal for the glory of God.

Mrs. Edwin Jackson spent the past week with a sister, Mrs. J. C. McKinley at Longview while Mr. Jackson made a business trip to Austin and San Antonio. Wednesday night Mrs. Jackson installed the new officers for the Paint Rock PTA.

CAN YOU AFFORD TO LOSE YOUR RIGHT TO DRIVE?

Thousands of motorists face loss of their driving licenses unless properly insured, under Texas law

Thousands of Texas motorists face loss of their driving licenses, plus heavy financial loss, unless they take steps now to obtain or maintain proper automobile liability insurance, says Ed Meador, local State Farm Mutual automobile agent.

"Uninsured motorists involved in an accident causing physical injury to others—or \$100 or more in property damage—face severe penalties unless they can raise up to \$15,000 in cash or equivalent within seventy days after the accident," Meador points out.

Insurance The Answer
To protect motorists from the hardships this would cause, State Farm

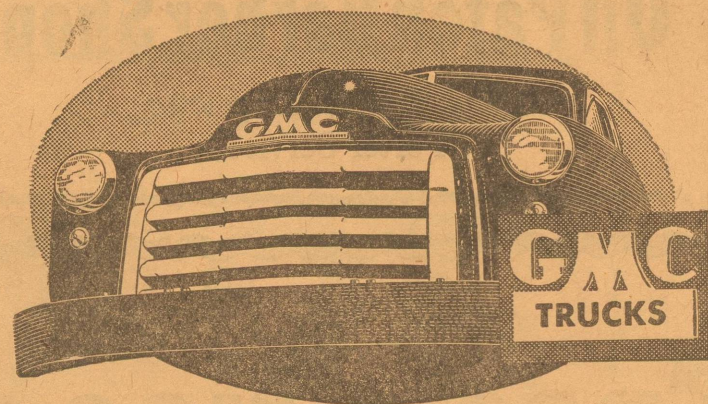

Mutual offers a liability policy which enables any Texas motorist to meet all the financial requirements of the law, provided the policy is in force at the time the accident happens.

"I sell State Farm Mutual because this company writes more full-coverage auto insurance than any other automobile insurance company and my company has a national as well as a state-wide reputation for prompt, fair settlement and sound protection," Meador says. "Sound automobile insurance is the only practical way for anyone to insure his right to drive under the Texas law. The way to avoid trouble in the future is to take out State Farm Mutual liability insurance and renew it conscientiously as expiration dates arrive."

Day and Night Service

Ed "Two-Bits" Meador is on duty day and night to serve State Farm policy-holders in this community. He can be reached at 23161 during business hours, and at 22891 in the evenings or on Sundays and holidays.

Growers Are Urged To Supply Wheat Data

Wheat growers are urged to come to the County Production and Marketing Administration office at their earliest convenience. Their help is urgently needed to bring farm-program records up to date, in preparation for possible acreage allotments and marketing quotas on the 1954 wheat crop.

This appeal follows a recent announcement by Secretary of Agriculture Ezra Taft Benson that the U. S. Department of Agriculture would immediately start the preliminary work necessary in case production and marketing controls are required for the next crop.

According to W. R. Bearce, chairman of the County PMA committee, certain information from farmers is absolutely necessary in order to do a sound administrative job of setting equitable acreage allotments for individual farms. Farm allotments will be determined by the County PMA Committee.

Data needed includes the farm's wheat acreage and production data for the three years, 1951, 1952, and 1953; the legal description of the land, and other pertinent information. If the farmer operates a rented farm, he should be able to supply such additional information as the name and address of the owner.

An early start on the necessary advance work is particularly urgent, because the decision and proclamation must be made not later than July 1st for marketing quotas and July 15th for acreage allotments without quotas. If quotas are proclaimed, a national referendum among growers must be held by July 25th. The county office should have all the data by June 1, 1953, if at all possible.

Schleicher county has an estimated 110 farms growing wheat.

W. R. Bearce, chairman; D. Wilson Smith, PMA Administrative Officer and W. M. Rountree, SCS Technician, attended a meeting at Ft. Stockton May 7th.

Earl Basil Huckaby, son of Ruby Stella Huckaby, has arrived in Eldorado after being discharged from military service. He will reside with his mother on the home place west of town, the place formerly worked by the late Hop Cheatham.

Bruce-Roundtree Rites Are Held In Mississippi

Mr. and Mrs. William Henry Roundtree of Newellton, La., announce the marriage of their daughter, Virginia, to Carl Garnett Bruce, son of Rev. and Mrs. Charles G. Bruce of Eldorado, Texas. Rev. Bruce is pastor of the First Presbyterian church of Eldorado.

The marriage took place at the Presbyterian church in Woodville, Miss., on March 21, with the Rev. Lexis Smith, pastor, officiating in the presence of a few close friends.

Mrs. Bruce graduated from Newellton High school in 1946 and attended Belhaven college, Jackson, Miss., for one year. The next year she transferred to Louisiana State university and received her B. S. degree in Home Economics in 1950.

Mr. Bruce graduated from Shriner Institute at Kerrville.

The couple will be in Eldorado this summer where he will be employed on the Hixson ranch.

Cecil Meador is hospitalized at Santa Rosa Hospital in San Antonio, as the result of an accident at his ranch, where he was working his cattle. He broke his leg above the ankle, near the place where the leg was broken years ago. As this is a compound fracture he will probably be under a doctor's care for some time.

Mr. and Mrs. H. T. Finley left last week for Dallas where "Dogie" returned to the hospital for further treatment. Visiting him during the weekend were Mrs. John Williams, Mr. and Mrs. Bobby Barber and baby and Mrs. S. E. Jones. This week Mrs. R. A. King's daughter Mrs. Douglas Offutt is visiting the Finleys before coming to Eldorado to visit her mother.

Mrs. Elizabeth Powell was one of the mothers present at the special Mother's Day services at A and M last weekend. Her son David is a Freshman at the school.

A guest from San Antonio, Mrs. M. Dickens, has been visiting this week in the home of the J. D. Meadors.

Charlene Atkinson, daughter of Mr. and Mrs. Alvin Atkinson, has been winning a number of honors during her Freshman year at SAC through her rodeo performances on several occasions at San Angelo.

...GROW

Then, when your chicks have eaten 2 pounds of Startena, put 'em on Purina Growena for fast feathering, full development to get them ready for heavy laying, steady laying early. This year **START, GROW, LAY, PAY**—feed Purina all the way.

**ELDORADO WOOL COMPANY***No doubt about it...***Chevrolet trucks must be the best buy!**

Ask us about our **Safe-T-Way SERVICE**

A public service program to promote safer driving.

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Loadmaster engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction.

And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.
