

# BALLINGER DAILY LEDGER

VOLUME 20 NUMBER 54

BALLINGER, TEXAS, SATURDAY, JUNE 6, 1925.

MEMBER ASSOCIATED PRESS

## MANY ATTEND OPENING OF NEW ICE PLANT FRI.

A crowd estimated at 2,000 persons attended the formal opening of the new ice plant of the West Texas Utilities Company here Friday evening at 7:00 o'clock. Led by the Coleman Chamber of Commerce a parade of the employees of the company formed on the lower end of Hutchings Avenue and marched to the plant. In the center of the procession the Ballinger Band played in the line of march and bringing up the rear was a ten-piece orchestra from Santa Anna and a good representation of Santa Anna boosters. Company employees from the forty-four towns served by the Utilities were in the street parade.

At the plant the entire crowd was served with brick ice cream and each furnished with a copy of The Daily Ledger.

Many of the employees and visitors stayed until night and attended the dance at the old skating rink building. The Hot Rocks Orchestra furnished the music for the affair and the crowd was perhaps the largest ever to attend a dance in Ballinger.

The main afternoon attraction was the negro baseball game between the Ballinger Packards and the Black Bronchos from San Angelo. The grandstand at Fair Park was filled to overflowing before the game commenced and it was necessary to ask several hundred men to sit outside in the sun in order to accommodate the ladies who were standing outside. The umpire imported here from Brownwood furnished much amusement for the crowd and was thrown money at different times in order to keep his pep at a high pitch. The game resulted in the San Angelo boys winning the pot and a victory by the score of 5 to 4.

The Ballinger staff of the West Texas Utilities Company was on the job all day looking after the comfort and entertainment of the visitors and District Manager Earl Morley stated that he was well pleased with the outcome of the occasion and said it was one of the best meetings ever held by the company.

## ELEVEN MILLION DISAPPEARS

(By Associated Press) WASHINGTON, June 6.—About \$11,000,000, or one seventh of the total paid by motorists in gasoline taxes for the last twelve months, the American Automobile Association declared in a statement today, was diverted in seven states to channels other than road building.

The states listed were Texas, Pennsylvania, Maryland, North Dakota, South Carolina, Montana and Georgia.

## OFFICERS FIND GENUINE SALOON IN RESIDENCE

(By Associated Press) DALLAS, June 6.—When the police raided a residence here last night they found a regulation bar with negro bartenders in white aprons and many tubs of chipped ice containing bottles of a home-brew beverage and a dozen men and women in a hilarious mood. It was alleged.

The bartenders were arrested, the bottles of liquid refreshments and material confiscated and the joyous ones ordered to their homes.

## 98 DEATHS FROM HEAT FRIDAY

(By Associated Press) CHICAGO, June 6.—The toll of the heat wave and its accompanying storms stood at 238 today, 98 persons having died throughout the country yesterday from causes traceable to torrid weather.

The East suffered the greatest loss Friday in the matter of victims, there being 69 dead East of Ohio, and only 29 casualties in the Buckeye State and Westward.

In addition to those reported in the United States, there was one death from heat at Montreal, Canada.

## ALLIED NOTE PEEVES GERMANY

(By Associated Press) BERLIN, June 6.—President Schacht, of the Berlin Reichsbank, in commenting on the inter-allied disarmament note today said "Our nerves have just about reached the cracking point and unless the allied and associated powers listen to reason and abandon their policy, the political German boiler may blow up."

Little boys who lie are liable to grow rich and get so fat they have heart failure and die.

### Along the Concrete

## IS WILLING TO CALL MEETING

(By Associated Press) WASHINGTON, June 6.—President Coolidge is willing to call a conference of the nations in an effort to outlaw gas as a weapon of war if the Geneva arms conference fails to agree on the subject. However, overnight dispatches indicate that the Washington gathering will be unnecessary.

After hearing the eloquent address by Representative Burton, head of the United States delegation, the Geneva conference last night voted to form a special protocol banning asphyxiating gas in war.

## MORE HELP FOR RESCUE

(By Associated Press) OSLO, Norway, June 6.—Capt. Roald Amundsen's auxiliary committee in New York is being asked to take charge in co-operation with Donald B. McMillan's all-American expedition which is now searching West of Greenland for traces of the members of the Amundsen polar flying party.

This decision was reached here at a meeting of air chiefs and arctic experts.

Order of Eastern Star The Order of Eastern Star will have regular meeting Monday evening at 8:00 o'clock.

## CONFLICT IS EXPECTED; AMERICANS MOVE OUT

### LITTLE CHANGE AT SHANGHAI

(By Associated Press) SHANGHAI, June 6.—Propaganda posters succeeded bullets today in the conflict with the Chinese against foreigners for the control of Shanghai. Twenty-four hours have passed with no further change in the local situation other than the gradual spread of the general strike of the Chinese workers.

(By Associated Press) WASHINGTON, June 6.—A battle between General Hsueh of the Cantonese army, which is now reported to be within forty miles of Canton, and the Yunnanese forces who are already entrenched in the Eastern suburbs of Canton is expected within the next thirty-six hours.

American nationals have been directed by orders of Ferdinand Mayer, who is in charge of the Pekin legation, to leave the Canton suburbs, where the fighting is likely to occur.

Many women and children have already been removed to places of safety.

### PORTER GETS D. D. DEGREE

At the graduating exercises of Daniel Baker College this week at Brownwood, this college conferred the D. D. degree on Rev. A. D. Porter, Presiding Elder of the Brownwood district of the Methodist Episcopal Church.

Rev. Porter makes Ballinger in his rounds as Presiding Elder and his many Ballinger friends congratulate him on receiving this honorary degree, which shows the esteem he is held by the college of Texas.

Wish daytime came at night. Then you could see some mighty funny things in porch swings.

The man usually takes all the credit for catching a girl, forgetting she co-operated.

## BAND CONCERT SUNDAY EVE.

The Ballinger Concert Band will appear in a sacred concert tomorrow afternoon at 5:00 o'clock on the court house lawn.

These concerts are drawing large afternoon crowds to Ballinger and at the last concert the entire lawn was surrounded by cars with many people occupying the seats and sitting around in the grass. Cars from practically every town in the county were here and the band gave a concert that pleased the crowd.

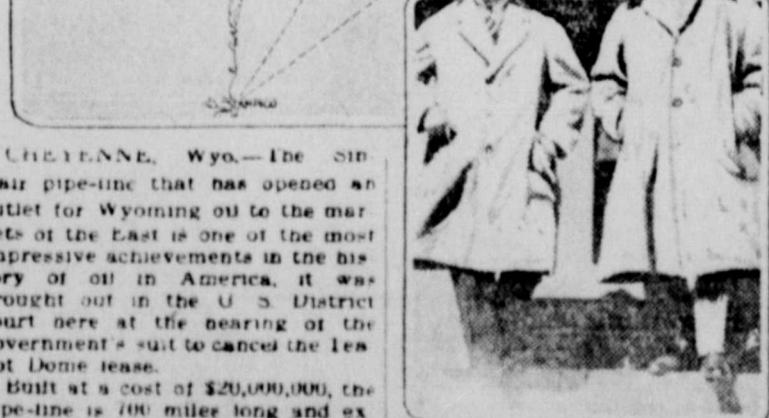

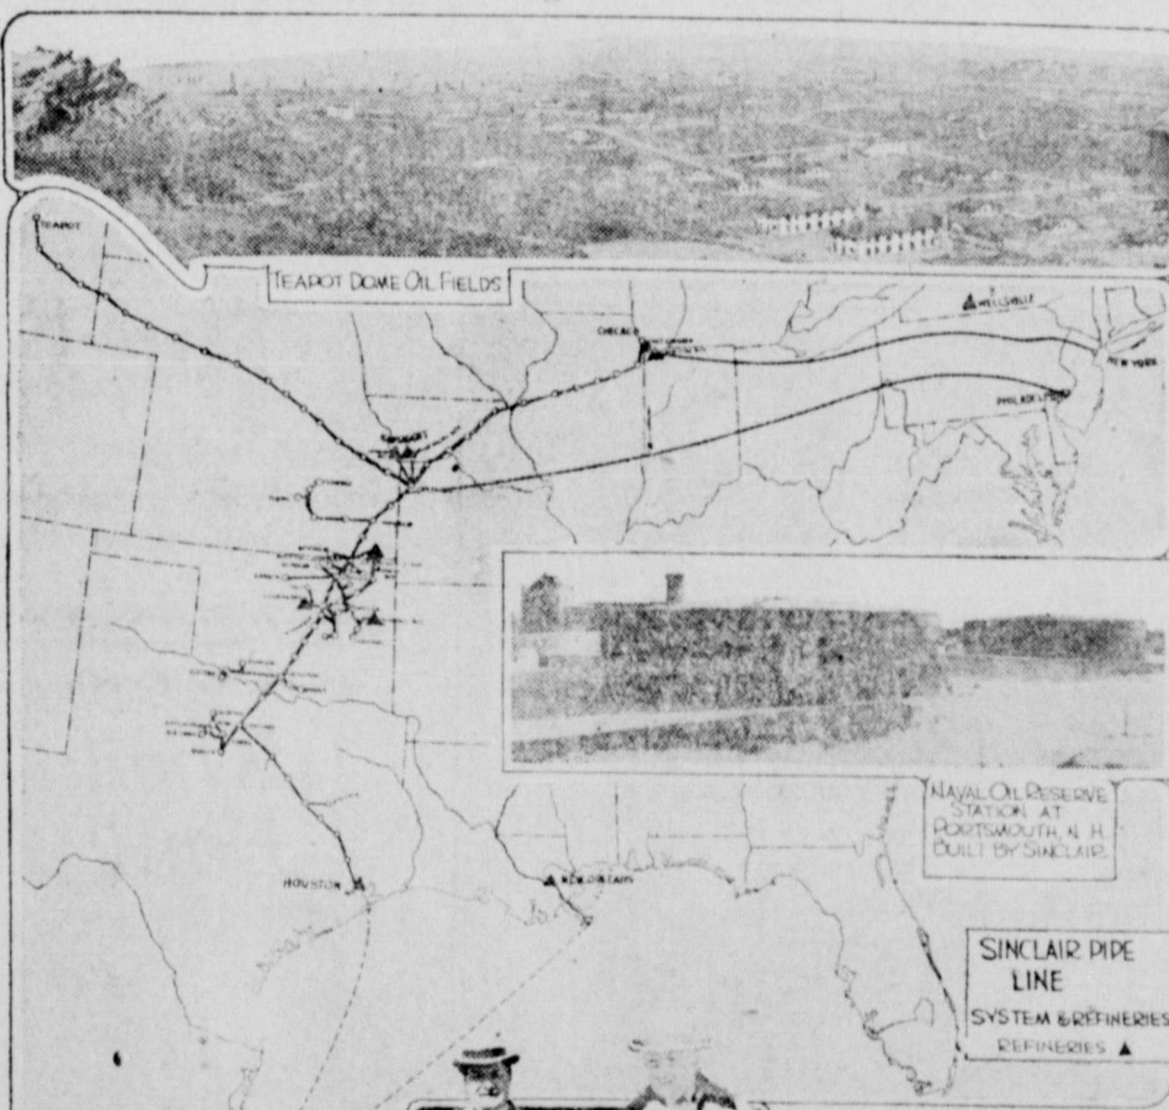

The boys appreciate your presence at these concerts for it is the aim to please the audience, and if you are not present you miss a good program and the young musicians miss your presence.

## Sinclair Dome Lease Bargain for U. S., Evidence Shows

CHEYENNE, Wyo.—The Sinclair pipe-line that has opened an outlet for Wyoming oil to the markets of the East is one of the most impressive achievements in the history of oil in America. It was brought out in the U. S. District court here at the hearing of the government's suit to cancel the Teapot Dome lease.

Stipulated that Sinclair built this longest of all pipe-lines when the output of Teapot Dome reached 20,000 barrels a day. Though the Teapot Dome output never reached 20,000 barrels a day, Sinclair proved his good faith by building the pipe-line anyway.

The scope of Sinclair's constructive program as laid in court seemed to prove that in leasing Teapot Dome, the government drove a remarkably shrewd bargain and if anything was "put over" on the least, it was the government rather than Sinclair that turned the trick. The government, however, fought hard in court to deprive itself of all the advantages which undoubtedly would accrue to it under a continuance of the Teapot Dome lease.

**Richards-Wylie**

"There is nothing so sweet as a maid  
is sweet on the day she becomes  
a bride,  
"Oh, the paths which open to the  
dancing feet, Oh, the true love  
by her side.  
"The gray old world is a gay old  
world and its fields of pleasure  
wide."

One of the prettiest weddings of  
the summer season was that of  
Miss Maurine Wylie, daughter of  
Mr. and Mrs. Conda H. Wylie, to  
Mr. Edward L. Richards, of Utica,  
New York, which took place at  
6:00 o'clock Thursday morning at  
the home of her grand parents,  
Mr. and Mrs. G. G. Odum; the  
ceremony being performed by  
Rev. E. W. Bridges.

This elegant new home, perfect  
in every appointment, was trans-  
formed by deft hands into an  
ideal bridal bower. An arch of  
filmy tulle, ferns and flowers  
was arranged, streamers of lavender  
tulle, caught at regular  
intervals with clusters of sweet  
peas and bow knots of ribbon,  
suspended from the chandelier  
forming a canopy overhead, termi-  
nating in an embankment of  
palms and ferns amongst which  
stood floor baskets filled with  
pink and lavender flowers. Thus  
forming an ideal altar for the  
ceremony.

Just as the sun's first rays were  
brightening the Eastern horizon  
sweet strains of "At Dawn-  
ing" were played by Mrs. J. F.  
Currie, aunt of the bride, and  
Mrs. H. H. Thomson sang the ap-  
propriate pre-nuptial solo. She  
then sang "Since Thou Art  
Mine," the song being the same  
she sang at the wedding of the  
bride's parents. Then followed  
the chorus from Lohengrin as the  
processional.

The bridal party formed at the  
head of the stairs and entered pre-  
ceded by Rev. E. W. Bridges.  
Little Cordelia Giesecke as ring  
bearer and dressed in chiffon and  
lace entered as if from fairyland.  
Miss Kathrin Penn, who attended  
as maid of honor, was gowned in  
a lavender georget creation with  
hat to match, escorted by Mr.  
Richard Richards, brother of the  
groom and best man. Following  
these attendants came the bride  
and groom and the beautiful and  
impressive ring ceremony that  
made them man and wife was per-  
formed by Rev. Bridges.

The bride's wedding gown was  
a white georget and satin en-

semble costume, the georget  
being ornamented with beads of  
crystal and pearl, the coat being  
banded in white fur. She wore a  
hat of snowy whiteness to corre-  
spond, and carried a bouquet of  
white roses and valley lilies.

Following the ceremony a break-  
fast was served at the home of  
Mr. and Mrs. J. E. Currie for the  
bridal party and a few friends.

In the dining room the table  
decorations carried out the con-  
ventional idea.  
The table cloth, a relief of hand-  
woven lace, was placed over pink  
satin. The piece de resistance was  
the wedding cake which proved to  
be from without and within the  
finest art of a caterer. The ex-  
terior presented a huge confection  
of whiteness embossed with sweet  
peas and in the center was placed  
a vase of natural flowers.

A beautiful breakfast was  
served in courses. At the last  
course the bride cut the cake  
first, then each guest cut for a  
coveted piece.

Toasts and good wishes were  
given during this delicious re-  
past.  
Mr. and Mrs. Richards left for  
an automobile trip to Utica, N. Y.,  
their future home.

The bride's traveling costume  
for the wedding trip was a two-  
piece suit of kasha and stripes  
with harmonizing accessories.

Mr. Richards is the son of Mr.  
and Mrs. E. C. Richards of Utica,  
New York, an ex-student of the  
University of Colorado, where this  
courtship, which terminated so  
happily, began. He is in business  
at Utica.

The many friends of both  
parties wish for them a happy  
future.

**MILES NEWS NOTES**

Special to The Ledger:

MILES, June 4.—Born to Mr.  
and Mrs. Jim Donaldson on Friday,  
May 29, a 10-pound boy.

Mrs. L. B. Rappy of San Saba  
is visiting her daughter, Mrs. Jim  
Donaldson.

Rev. and Mrs. Emil Listman and  
son, Emil Jr., of Alice, Texas, are  
visiting friends in Miles this week.  
Rev. Listman was pastor of the  
Lutheran church here prior to going  
to Alice about a year ago.

Dr. Fred Crowder was here  
Tuesday from Ballinger.

Miss Minnie Elliot left Friday  
for Claremore, Oklahoma, to visit  
her sister, Mrs. Speed.

Mrs. T. O. Atwell left Thurs-  
day for Lampasas to visit her hus-  
band. She will go from Lampasas  
to Austin where she will spend the  
summer with her daughter, Mrs.  
J. B. Moreland.

D. C. Lammus and Mr. Mc-

Glasson, of San Angelo, attended  
to business here Wednesday.

Mrs. J. F. Gilbert, who has been  
visiting her parents, Mr. and Mrs.  
G. W. Hester, left Tuesday for her  
home at Lampasas. She was ac-  
companied by her mother, who will  
spend a month at Lampasas and  
Moody. Mrs. G. D. Wharton,  
of Moody, another daughter, who  
has been visiting here for some  
time, also accompanied them on  
the trip.

The Drs. Kellogg, masseurs, of  
Coleman, stopped over and spent  
the night Wednesday with their  
friends, Mr. and Mrs. Edward  
Belme. They were en route to  
their ranch on the Coke-Tom  
Green county line. They expect  
to go from there to points in  
Arkansas where they will spend a  
short vacation.

Mr. and Mrs. Leo Morrissey will  
leave Friday for Sireveport, La.,  
where Mr. Morrissey has employ-  
ment for the summer.

C. W. Lehmburg, county agent,  
assisted the District Home Agent  
Miss Swift, and County Home  
Agent Miss Key in giving an in-  
structive lecture in the Miles high  
school auditorium on Thursday.  
The DeMolay Band of San Angelo  
furnished music for the occasion.  
A large crowd of residents and  
farmers were in attendance.

Mr. Shepperd was a business  
visitor here from Mereta Wed-  
nesday.

Miss Lattie Williams of Mullen  
is a guest of her aunt and uncle,  
Mr. and Mrs. B. W. Forehand.

Mr. and Mrs. King, of San An-  
gelo, were guests of Mr. and Mrs.  
E. M. Smith Monday.

Mrs. Newton of Paint Rock, is  
a guest of her son, Murray.

Miss Lavina Wilson, who has  
been attending school at Snyder  
the last term has returned to her  
home here.

Elgin Atwell is visiting his  
father, T. O. Atwell at Lampasas.

Miss Grace Prinzing left this  
week for San Marcos, where she  
will attend summer school.

J. L. Hubby, of San Angelo,  
spent Thursday in Miles visiting  
his parents and attending to busi-  
ness.

All Films received by 9:00 a. m.  
will be finished by 5:00 p. m. at  
Pearlett's Studio 26-tdf

**FREE LECTURE ON EVOLU-  
TION TO BE GIVEN**

**Music Stirs Heart Quickest of All Arts, Test Reveals**

A. G. GULBRANSEN AT HIS PIANO

INSTRUMENT WHICH RECORDS EMOTIONS

CHICAGO—Music obtains the  
quickest reaction in the human  
nervous system of any art. It  
disclosed by a series of psycho-  
logical tests recently made here,  
according to A. G. Gulbransen,  
piano manufacturer, in an address  
at an educational conference.

"Blood pressure test was used  
on a group of junior high school  
boy and girl students," said Mr.  
Gulbransen. "Music shot the aver-  
age blood pressure up ten degrees  
in ten seconds, when a stirring  
piece was played. Exhibition of a

series of reproductions of paint-  
ings by the old masters produced  
no effect. In literature a recita-  
tion from Shakespeare also was  
without results and an exhibition  
of casts of classic sculpture caused  
the pressure to fall. Fighting and  
love scenes in moving pictures  
caused a rise of pressure of five  
degrees in two minutes.

"In the music test the needles  
on the dials of the pressure regis-  
ters swayed almost at the will of  
the player at the piano. Various  
songs were played. A registering  
piano was used on account of its  
facility of interpretation, expres-

sion and accentuation of the melo-  
die notes. The Toreador's Song  
from 'Carmen' produced instan-  
taneous action. Schubert's 'Rose-  
monde' got a milder result and 'Ber-  
ceuse' lulled all the pulses to calm. 'The  
Star Spangled Banner' brought all  
to their feet as the first notes  
struck and average pressure rose  
from seven to fifteen degrees.  
"Change of position had some  
effect in this as well as the fact  
that the subjects of the test were  
Boy Scouts and Camp Fire Girls,  
and trained to react to patriotic  
stimulus, it was said by medical  
men who were making the test."

The Sheriffs Convention will be  
next.

The American Legion picnic on  
July 6th will bring a big crowd to  
Ballinger. A great day is being  
planned.

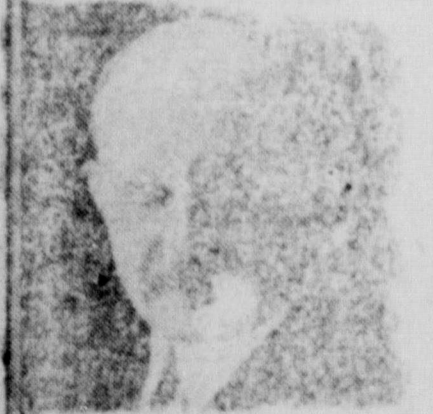

The local drive to raise the  
American Legion endowment  
fund in Ballinger has continued  
until it was announced Saturday  
morning that the amount totalled  
\$805.65, which is \$265.65 over the  
top, the Ballinger quota being  
assigned at \$540.00.

The announcement that a new  
Junior Band will be organized in  
Ballinger should be of interest to  
many parents. With the progress  
of our present band it should con-  
vince parents that the training is  
good for the youngsters, and that  
it will not take them long to get  
to really playing. Musical instruc-  
tion occupies the time of the boys  
during the vacation period and  
gives them something worth-  
while to do.

The Fourth of July will be a day  
filled with barbecues, race meets  
and other celebrations. People in  
and around Ballinger will have a  
hard time making up their minds  
just where to go. Automobile  
races at Abilene and San Angelo  
and horse races at Brownwood  
will no doubt draw a large num-  
ber from here. It has been an-  
nounced that Winters will have a  
barbecue and picnic. Many  
other smaller picnics near Ballinger  
will be held and with fishing  
and other outings planned every-  
body will be able to spend a  
pleasant day.

Rich Food Content Extends Vogue of Evaporated Milk

EVAPORATED MILK ENRICHES HOTEL COOKERY

ADDS ZEST TO SODA-FOUNTAIN DRINKS

CHICAGO—Evaporated milk is now being used extensively in hotels and restaurants and is being sold over the counters of drug stores, according to Herbert C. Hooks, secretary of the Evaporated Milk Association in an address here on the rapidly widening market of the product in the United States.

"The extent to which evaporated milk is being consumed in restaurants," said Mr. Hooks, "was revealed by a recent survey of 200 establishments which showed that 82 percent were using evaporated milk. Milk is one of the biggest items in the operation of a restaurant. It must be pure and sanitary to satisfy the patrons. Evaporated milk meets these requirements."

TO AMUSE

"Sheik's" Successor is one of the Finest Oriental Films Yet

There are several types of stories which lend themselves admirably to motion pictures. One of these deals with the Orient, to witness the excellent Wm. Fox screen version of "The Shadow of the East," E. M. Hull's latest novel, which is to be shown at the Queen Theatre tonight for the last time of a two-day run.

Filled with color, romance and thrilling incident, "The Shadow of the East" casts the spell of the Orient over the audience at the very outset and holds it entranced through its entirety. It concerns the East in all its most interesting phases, having to do with an adventurous English Earl, Barry Craven, who yields to the power of the Orient, and, like many others forms a marital alliance with a native girl which nearly wrecks his life and that of another woman whom he really loves.

Frank Mayo as Barry Craven gives an excellent performance. He is the reckless, indifferent Englishman one might find in the

very situation. Lolaire, his Indian bride, played effectively by Evelyn Brent, commits suicide when she suspects his love is waning. Her act reaches his conscience and casts over him the shadow of the East. It is not until this is lifted that Craven, though he married Gillian Locke, played by Mildred Harris, really accepts her as his wife.

Miss Harris is beautiful as of yore, and is convincing in this difficult part she essays.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE consists of an ointment which quickly relieves by local application, and the internal medicine, a tonic, which assists in improving the general health. Sold by druggists far over so (Care, E. J. Cheney & Co., Toledo, Ohio).

Leaves Ward's Filling Station for Abilene 3:00 p. m. daily. Special compartment for ladies. Phone 666. 2-124.

Homogenizer, Marvelous Machine, Eliminates Cream Line From Milk

HOMOGENIZER  
CHICAGO—Did you ever stop to figure out the exact meaning of the two words "Evaporated Milk" that stare at you from the little cans lining your pantry shelf?

"Evaporated" may give you the idea that in the process of evaporation the milk has lost some valuable quantity. It hasn't. It has lost only water. Sixty percent of the water is evaporated from the milk after it comes fresh from the cow. This loss of water means all the food values have been left in concentrated form in the evaporated product. So evaporated milk is merely concentrated milk.

For the creamy richness of every

ORIGINAL SOURCES  
A spoonful of evaporated milk the homogenizer is responsible. Do you know what a homogenizer is? Probably not. It plays an important part in the manufacture of all the evaporated milk that goes into most of the homes of America but not one person in a thousand ever heard of it.

The homogenizer is a machine which forces milk at high pressure through microscopic apertures, breaks up the fat globules into particles of atomic smallness and distributes these particles evenly throughout the milk.

Every bottle of milk left by the milkman at your back door has a cream line. Remove the cream and you have skim milk. Evaporated milk knows no cream line. It is shot through with the richness of cream and the milk at the bottom of a can is just as rich and wholesome as that at the top.

Homogenization is permanent. The cream opened after years show the cream content distributed as uniformly as on the day it was sealed.

BOARD BUYS NEW EQUIPMENT

The local school board was in session Friday from 10:00 a. m. until 12:30 midnight in one of the most important meetings to yet claim the attention of the trustees. Friday was the date set for awarding of contracts for the equipment of the new school building and six firms were represented at the meeting yesterday and placed bids on different lines of the equipment needed.

C. A. Bryant & Co. of Dallas, was awarded the order for opera chairs and pedestal chairs. Six hundred and fifty opera chairs were purchased for the auditorium and 120 pedestal chairs for the Science room. The 650 chairs bought for the auditorium will be placed on the lower floor and other arrangements will be made for the balcony which will accommodate about 300 people, giving the auditorium a seating capacity of practically 1,000 persons. The stage will also be roomy and big enough to accommodate almost any type of entertainment.

Supplies for the Domestic Science and Manual Training departments were awarded to the Wichita Falls Supply Company.

All supplies were not purchased on account of the limited time Friday, but the board will go ahead and within the next few days all equipment will be bought.

The resignations of two teachers who had been elected previously were accepted and two new teachers elected.

Miss Mary Fleming, of Pittsburg, Texas, was elected to the position of Domestic Science instructor. Miss Fleming is well known in Ballinger having received a part of her education in the Ballinger high school. She is the daughter of Prof. and Mrs. W. S. Fleming, who made Ballinger their home for a number of years while Mr. Fleming was superintendent of the local schools. Miss Walker, of Brownwood, was elected to fill a vacancy in the grade schools made by the resignation of another Miss Walker.

NEGROES IN CAR INJURE WOMAN

As G. W. Lane, wife, and twelve year old son, Felton Lane, were coming to Ballinger Friday morning, from their home near Wingate in their Ford, they suffered an accident that caused more or less injuries to the occupants of the car and also the car was badly damaged.

Mr. Lane and family were driving South on the Winters-Ballinger road, and when about half way between Winters and Hatchel another car passed them going South in the same direction, and in switching around his car the right rear hub of the passing car hooked onto his left front hub, thus tossing his car over in the ditch, resulting in injuring very

severely his wife, Mrs. Ella Lane, scratching Mr. Lane and his son up some, and damaging the car.

The top was completely demolished on Mr. Lane's car, and other harm was done to the vehicle. Mrs. Lane was carried immediately to the Winters sanitarium, and her injuries received attention which were pretty severe but not dangerous.

The car making the collision with Mr. Lane's car was driven by four negroes, who were coming to this county to chop cotton. A complaint for aggravated assault was filed against Albert Bright, driver of the negroes' car. He pleaded guilty to the charge and was fined \$85.00, and turned over together with the other three negroes to a prominent farmer. The negroes will work out the fine assessed.

Mr. Lane said the negro was driving very fast when passing his car, thus causing the accident.

Ananus was the best liar of his day. But he lived before the men who named our movies.

It takes a stiff upper lip to kiss a mustached man.

WINTERS HOLDS C.-C. BANQUET

Special to The Ledger:

WINTERS, June 6.—The annual banquet of the Winters Chamber of Commerce was held last night in the basement of the Methodist church. The occasion was one of fine fellowship and mirth. One hundred and twenty-five plates were spread and a number of visitors were present. Mayor Combs of Abilene, was the chief speaker. He was accompanied by his daughter, and Mr. and Mrs. Herman McDaniel. Other visitors were Jno. Heck, of Wilmett; H. O. McCallan, of Dallas; and Harry A. Half, one of the directors of the San Antonio Chamber of Commerce.

The program was highly appreciated. The Chamber of Commerce Band, led by Joe Ward, rendered really wonderful music. Mayor Combs convulsed his hearers with his inimitable humor and held them spellbound with his eloquent appeals. The other speakers, although limited, were at their best. Jno. Q. McAdams was toastmaster. Rev. A. Hugh Clark, Bert E. Low, J. Frank Paxton, H. O. Jones, Jno. Heck and Mr. Half of San Antonio, responded.

The following officers were elected for the next year: H. O. Jones, president; E. Clement, Roger Adams, B. G. Owens, H. W. Lynn, Geo. Seagler, and C. S. Jackson, directors; Lanham Brown, Lawrence Roberts, Geo. Hill, J. A. Hoffines, J. W. Tanner, J. M. Skaggs, Carl Henslee, S. E. Hunt, Fred Bedford and J. E. Paxton, associate directors.

You can't grasp an opportunity if you have debts on your hands.

ICECREAM DELIVERED

Just name the time and the kind of ice cream and you can leave the matter of dinner dessert or afternoon refreshment to us.

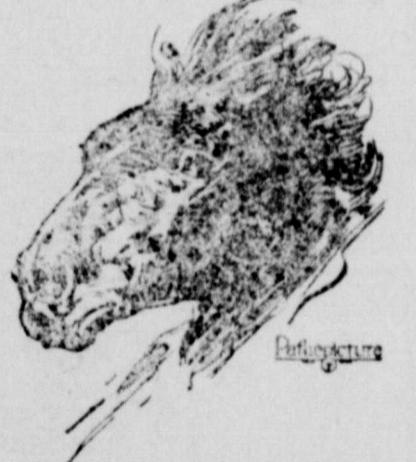

Due to the unusual demand for Ice Cream at home, we've stocked an unusually varied line of flavors in brick and bulk, and we deliver it on the minute firm and just right to serve.

MORE THAN JUST A BANK— A Public Serving Institution

Our bank is more than merely a financial institution. It renders a distinct service to the public aside from its functions as a modern BANK.

That service is in helping to build up the interests of its friends and depositors along sound and constructive lines.

The First National Bank Of Ballinger SINCE 1886

**DREADFUL PAINS**

**Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.**

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes: "After I married, thirteen months ago, I suffered with dreadful pains in my sides during ... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house. "I got very thin—I went from 125 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve. "My side hurt less and I began to improve in health. ... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all. "I wish every suffering woman knew about Cardui." NC-169

**Obituary**

**Robert Dillard Bankhead**  
Robert Dillard, son of Mr. and Mrs. E. L. Bankhead, of Bronte, died at a local sanitarium Saturday morning at 3:00 o'clock. The little fellow was brought to the sanitarium Friday to be treated for blood poison but nothing could be done to save him and death relieved his suffering. An infection on his foot was the cause of the trouble setting in which caused death.

Undertakers Crows and Jennings of the Higginbotham undertaking parlors embalmed the body and it was carried to Bronte for interment Sunday afternoon.

**Card of Thanks**

We desire to express our thanks to our friends for the many loving deeds of kindness shown us during our recent bereavement in the loss of our dear sister, Lydia. May God's richest blessings rest on each and every one to our prayer.

**THE CHURCH OF GOD REVIVAL UNDER TENT**

We wish to call the attention of the people that all of our services over the next two Sundays, including Sunday school, will be held under our new tent located in South Ballinger. We are highly elated over the progress of the revival which is greatly increasing each service in both numbers and interest. We have been made to feel that the good people of South Ballinger and others that are attending this meeting are big hearted and God loving people by the way they have shown their appreciation for the straight gospel messages that have gone forth from night to night since the meeting began.

Everybody is invited to attend this revival assuring you nothing shall be preached but the Gospel.  
W. S. HANCOCK, Pastor.

CHICAGO—Memory of Segis Pieterje Prospect, "the cow of the ages," will be preserved by a monument, according to a report received at the headquarters of the Evaporated Milk Association here. The bovine queen known as the greatest milk producer in the world's history died recently at the age of twelve at the Carnation Milk farms near Seattle. Prospect's world record of 37,381.4 pounds of milk in a year has never been equalled. This is nearly 2,000 pounds more than that of any cow in history. She averaged more than forty-seven quarts of practically 100 pounds of milk daily for two years. She produced milk equivalent to her own weight every eighteen days. This was ten times the output of the average cow. "A gigantic milk bottle capable of holding 37,381.4 pounds of milk, emblematical of her record year's production has been suggested as a monument to this famous cow," said Herbert C. Hooks, secretary of the Evaporated Milk Association. "But since Prospect's output was almost exclusively turned into rich, concentrated evaporated milk, tin cans on the pantry shelves of American homes will be a daily remembrance of this animal's contribution to the good health of the nation."

the Senior League followed by the sermon.

8:30 p. m. Monday evening meeting of all officers and teachers of the Sunday school.

Prayer meeting Wednesday evening at 8:30 o'clock.

Thursday evening, 8:30 o'clock, monthly meeting of the board of stewards.

Revival meeting begins June 14th. Dr. J. W. Hunt, president of McMurry College, will do the preaching.

Fans are being installed in the church today so you will be able to keep cool.

Come to all the services Sunday and during the week if you want to be of service to your church and the Master.  
E. W. BRIDGES, Pastor.

**HATS OF SPANISH PADRES FOUND IN ANCIENT MINE**

(By Associated Press)  
YAGO, Nayarit, Mexico, June 6.—In the famous old Cuacracha (Cockroach) Mine, near here, recently re-discovered after being hidden for a century and a quarter, miners are bringing up evidences of the Spanish padres who once owned these approaches to rich veins of gold.

One of the discoveries was a large felt hat, in a remarkable state of preservation. It resembles pictures of the headgear worn by Friar Tuck, of nursery fable fame. It has a very broad and floppy brim and was made of a fine grade of thick hair felt, colored brown. Despite its burial for more than 125 years, its fibers still are strong and appear equal to any used in modern hats. The workmen have found also portions of blankets and garments, showing fine material and weaving. The texture of these articles is far superior to the

crude Indian or Mexican weave of the period, and this is regarded as certain evidence that the owners were alien conquerors who brought the stuff from Europe. The padre mine operators were driven out of Mexico about 1812 and never permitted to return. Thought La Cuacracha was well known, its location remained a mystery until, recently, an American mining engineer found it by accident. Legend tells that the retreating Spaniards buried many bars of pure gold and silver in the vicinity of the Cockroach, and this tradition adds zest to the work of the miners.

**ROOSEVELTS ON WAY TO TURKESTAN, ASIA**

(By Associated Press)  
LEH, Kashmir, India, June 6.—Col. Theodore and Kermit Roosevelt who are heading the James Simpson Field Museum Expedition of Chicago to Central Asia, left here today for Yarkand, Chinese Turkestan.
