TANKER RAMS FREIGHTER

The Norwegian tanker Bjorgholm (background), its bow damaged, pulls away from the listing freighter Western Farmer after ramming the United States ship in the gale-swept English Channel. The Western Farmer broke in two and sank three hours after the collision. All 37 members aboard the freighter were rescued by British lifeboats.

American And Swedish Ships In Collision

LONG BEACH (AP) — The Swedish motorship Stratus collided with the American ship S. S. Coos Bay off the Southern California coast early today.

Coast Guard headquarters said the Swedish vessel radioed that part of the Coos Bay crew had taken to lifeboats but some men remained aboard. There was no report of casualties.

The Stratus reported its bow stove in above the water line. It said the Coos Bay had a large hole in the port side and may be taking water. No medical assitance was asked.

Radio contact with the cargo vessel came more than an hour after the Coast Guard first received a message on the distress frequency saying only, "Colliding with American ship called Coos Bay, position seven miles west of Anacapa Island." The later message corrected the position to six miles east of the island.

That would be offshore from Ventura, Calif. Heavy fog was reported all along the coast.

When communication was renewed, the Stratus reported it had sent its lifeboats alongside the damaged American vessel but remaining members of the crew refused to come aboard. The Stratus asked for two tugs which are being dispatched from here and said it will stand by until tugs arrive.

The Coos Bay is a converted LST of 3,104 tons net used to haul lumber. The Stratus is listed as 3,505 tons net.

Nixon And Ike To Help McCarthy In Campaign

Five Oil Companies Named In Report Of Agency On Cartels

WASHINGTON (AP)—The Mutual Security Agency (MSA), in a new report to investigating senators, has accused five U. S. oil companies of heaping "an undue burden on the American taxpayer" for their own profit.

It named the five as Standard Oil of New Jersey, Standard Oil of California, Gulf Oil Company, Socony-Vacuum Oil Company and the Texas Company.

The report, requested by the Senate Small Business Committee's monopoly subcommittee and made public last night, accused the five of "price discrimination on a world-wide scale." It said they inflated the price of oil shipped from the Middle East to European nations receiving Marshall Plan aid.

The Justice Department, at MSA's request, already has filed suit to recover 50 million dollars from the five companies on grounds of overcharges on bills paid with foreign aid funds.

Dr. Walter Adams, economic counsel to the Senate committee, told a reporter MSA, which administers foreign aid, contends the total overcharges would be more than 50 million, but that he does not know how much more.

The companies, the report said, charged the Europeans "exorbitant prices" for oil, far higher than they charged for deliveries to the United States from the same Middle Eastern fields.

"Because of this two-price system and the abnormally high price charged in European markets, an undue burden was placed on the American taxpayers, who was footing the bill for Marshall Plan aid," the committee said in a prepared statement quoting the report.

It said MSA also reported that Arabian-American Oil Company owned jointly by four of the five firms, obtained postwar steel allocations for construction of the trans-Arabian oil pipe line with an understanding that the line would lower the transportation cost to the European nations. Savings were not passed on to the Europeans, it alleged, adding:

"The only defense offered by the companies for this situation was that the large risks inherent in Middle Eastern operations made it necessary to amortize the new pipe line as quickly as possible."

It named the four companies owning Arabian-American as the two Standards, Socony - Vacuum and the Texas Company.

In New York, spokesmen for Standard of New Jersey and the Texas Company said they would stand on their previous statements, which were similar.

New Jersey Standard's statement, issued in April, said Esso export corporation sales have always been at competitive prices. It said these prcies were well known and have not been protested by any of the countries concerned.

The subject has been thoroughly discussed with the Economic Cooperation Administration (ECA), predecessor to MSA, the statement said, and the Esso firm complained that "ECA was attempting to interfere with normal competitive prices."

Adams described the MSA report as covering "only one very narrow phase" of a wide field of accusations the Federal Trade Commission (FTC) has aimed at the five U. S. firms and two foreign companies—Anglo-Iranian and Royal Dutch Shell Oil Companies.

The FTC report is due to be made public Monday, following months of hot controversy over its suppression. It has been billed as a denunciation of alleged monopoly practices by all seven companies.

David Proctor, vice president and general counsel for Gulf Oil Corp., said in Pittsburgh:

"As far as I know there has been no claims made against Gulf Oil by the Mutual Security Agency. That's all I have to say."

No Wires Sent To Governor From Scurry

No farmers in this area had responed to Gov. Allan Shivers' call for wires giving their ideas on drought aid, as far as agriculture leaders and the local Western Union office knew this morning.

Oscar Fowler, county agent, said he knew that no group action had been taken, and had heard of no individuals sending wires. Neither Irelan Finley of the Production and Marketing Administration office nor M. L. Andress, Farm Bureau member, knew of any telegrams being sent. Employes at Western Union said no such wires had been sent through their office.

Statement By Lewis Could Mean Strike

WASHINGTON, Aug. 22 (AP)—Government officials said today that John L. Lewis has given formal notice that his contracts with the coal industry will expire at the end of September. This set up the possibility of a nationwide coal strike at that time.

The Taft-Hartley Labor Act requires that the government be informed of a labor dispute at least 30 days before the work contract expires.

Lewis, president of the United Mine Workers Union, gave federal mediators the required notice that contracts with both the soft and hard coal industry will run out then, these officials said.

This could—as it has done before—precede a strike providing no agreement on a new contract is reached by the end of September.

The notice was signed by the union's general counsel, Welly Hopkins.

UMW headquarters here said this morning it had no comment on the matter.

Lewis has been negotiating off and on since July 24 with Harry M. Moses, president of the Bituminous Coal Operators Association, and Joseph E. Moody, president of the Southern Coal Producers Associations. His negotiations with Moody did not start until the beginning of this month.

Sixty days notice is required before the expiring contracts between the UMW and the industry can be ended.

Lewis gave his 60-day notice to Moses, who bargains for 240 million tons of coal a year, on July 22. That means he could legally take his northern soft coal diggers out of the pits about Sept. 22.

His contract expiration notices to Moody and the anthracite industry were given on Aug. 1.

Death And Destruction Over State As Heat Wave Continues

By The Associated Press

Texas' worst drought and one of its longest, most torrid heat waves continued to ride death and destruction across the state Friday.

Tantalizing rain showers fell in Southeast Texas along the Gulf Coast Thursday—just where they were least needed. And the death toll increased while the burning sun seared and withered everything it touched.

Meanwhile, Gov. Allan Shivers was to make his decision Friday on whether to ask drought disaster status for Texas. Political implications of such a move in election year, he said, had forced his delay while he polled small farmers and ranchers on their needs and attitude.

Some men with money, he said, wanted the disaster status so they could buy feed cheaper. "They are not the ones who need help," he commented.

RAIN MAKERS MOVE

As the long drought continued, even the professional rain makers were giving up the ghost. In Austin, it was announced that the 27-county Colorado Water Association project was being abandoned. Headquarters of Irving Krick, Inc., of Texas were moving to Lamesa.

It was to continue its contract, however, for projects at Waco, in the Texas Panhandle, and in the South Plains. A spokesman, C. J. Schmid, said that in some localities the operations could be credited with increasing rainfall.

High temperatures in excess of 100 degrees entered their 22nd day in much of Texas Friday. Thursday's temperatures ranged from 109 degrees at Seymour down to a low maximum of 85 at Victoria where 1.35 inches of cooling rain fell.

Other Thursday measurements of thundershower precipitation included:

Two and one-half inches in Orange County, 1.65 at Beaumont, .76 at Palacios, and much smaller amounts at Galveston, Palestine, Alice and Houston.

RAIN NOT NEEDED

The Orange County rain fell on areas where crops and pastures already were lush and green and where a near record is predicted in the rice crop. Points that had only seared grass and withered crops had no rain, not even a cloud.

Two heat fatalities at Mexia and one at Vernon added to the death toll. They were W. G. Price, 52, and Mrs. E. J. Thomas, 31, of Thornton, at Mexia, and H. J. Muller, 70, at Vernon.

Are Not To Endorse His Views, Means

WASHINGTON, Aug. 22 (AP)—Sen. Richard M. Nixon of California said today both he and Gen. Dwight D. Eisenhower will support Sen. Joseph McCarthy of Wisconsin—if he is renominated—without endorsing McCarthy's views.

Nixon, the GOP vice presidential nominee, told a reporter he and Eisenhower, the presidential candidate, will back all Republican Senate and House nominees in an effort to gain GOP control of congress in November.

But Nixon added:

"I want to make it clear that in supporting any particular candidate neither I nor General Eisenhower will endorse the views or the methods of Republican candidates which happen to be different from our own.

"We recognize that in both the Republican and Democratic parties there is and should be room for individuals who have differing views on key issues.'

Nixon said both he and Eisenhower had stated their views on what Nixon described as "so-called McCarthyism." Democrats have criticized McCarthy for making what they called irresponsible Communists - in - government charges.

On the point of "so-called McCarthyism," Nixon said he and Eisenhower favor a "fair, sane and effective program of investigation of all the charges that have been made and removal from the government payroll of those who are a threat to national security," Nixon added:

"We believe that such an investigation must be conducted in such a way that the rights of innocent individuals will be recognized and adequately protected."

The vice presidential candidate said neither he nor Eisenhower has had the opportunity to look into McCarthy's charges and therefore neither had criticized "McCarthy's views and methods."

"I don't intend to comment on his methods or charges until I know the facts," Nixon declared.

He said both he and Eisenhower believe it is essential to obtain a Republican controlled congress if they are elected "to carry through the program of cleaning up the mess in Washington."

He said he would not take part in any primary contests "but once the Republican nominees have been selected by the people in primary elections, I intend to support those nominees in their contests against Democratic opponents," adding:

"This includes all states where I campaign."

He said he plans to enter Wisconsin, but only after the Sept. 9 primary in that state.

Earlier today he had authorized this statement in reply to those reports:

"I am going to assist in the election of Republican members of the House and Senate wherever the opportunity presents. When the voters pick a nominee, I will accept the decision and abide by it in any state."

Nixon's statement came after Sen. A. S. Mike Monroney of Oklahoma called "incredible" an assertion by Sen. Karl Mundt of South Dakota that Gen. Dwight D. Eisenhower, the GOP presidential nominee, will support McCarthy's bid for re-election.

Mundt is co-chairman of the Republican Campaign Speakers' Bureau. Monroney is chairman of the Democratic Speakers' Bureau.

Kefauver Wants More Of His Anti-crime Laws To Be Enacted

WASHINGTON (AP)—Sen. Kefauver (D-Tenn) said today he is encouraged by enforcement of the laws his crime committee helped enact, but wants Congress to approve more of its recommendations.

In a statement Kefauver, who was chairman of the Senate Crime Investigating Committee during most of its life, said he has received "encouraging reports" from the Justice and Treasury Departments.

These also show, Kefauver added, that additional legislation urged by the committee should be passed by Congress. He said he intends to work for passage of these at the next session, beginning in January.

The recommendations would require racketeers to keep records and produce a statement showing their net financial worth. They would also prohibit deduction of illegal gambling losses from income tax returns.

Another committee suggestion was for creation of a permanent crime commission. Kefauver said he would propose this again at the January session of Congress.

Figures in the Bureau of Internal Revenue, meanwhile, showed something pretty drastic apparently going on among the nation's gambling fraternity.

In the wake of the crime committee investigation last year, Congress passed a law requiring gamblers to pay a $50 occupation tax every year, plus a 10 per cent excise tax.

Many gamblers were wary of the law since, in effect, it registered them in a profession outlawed in most states. Nevertheless, before the end of fiscal 1952 last June 30, a total of 22,401 gamblers had registered.

Since July 1 start of the new fiscal year and time for getting new stamps, only 3,950 gambling occupation stamps were bought, the bureau reported today. Officials doubted there was a collapse in the trade but were not sure whether, on the strength of a District Court ruling that the tax is unconstitutional, gamblers had decided the Supreme Court will overthrow the law and had held off buying stamps.

Kefauver said that, in response to inquiries from him and other former members of the committee, the Justice Department reported:

1. Special "rackets" grand juries, recommended by the committee, were called in 66 of the 94 federal judicial districts. Of these, 49 concluded their sessions and 17 are still active.

2. These grand juries have returned at least 250 indictments charging offenses against the income tax, liquor, narcotics, slot machine and gamblers stamp tax laws.

3. As of July 1, some 335 cases arising under the gambling tax law were processed. Under the act prohibiting interstate shipment of slot machines, 635 manufacturers registered, 82 indictments were returned and 40 persons were convicted.

Chinese Drug Store Owner Escapes Reds

HONG KONG (AP) — A Chinese drug store owner who reached Hong Kong from Shanghai said today his store was so firmly in the hands of Communist workers "I had to ask permission to take an aspirin."

The pharmacist is Carl Chang who attended the University of Wisconsin and Massachusetts Institute of Technology in the 1940s. He owned one of the largest dispensaries on Shanghai's famous Avenue Joffre.

He said he got out of the Red-controlled city on the pretext of going to Hong Kong to buy more supplies. Even so it took several weeks to receive an exit permit.

Once here Chang said he has abandoned his home and business and wants no more of communism.

He said his nine workers discovered that by allying themselves with a district unit of the Communist party, they could get control of Chang's drug business after a year. The owner said that while his store was making money, he was permitted to take only minimum wages, although he was forced to continue as operator and manager and take all responsibility.

He said the profits did not go to the workers. They went to the Communist party either through forced donations, fines or taxes.

Absentee Ballots Stay Same; Light Vote Seen

No more absentee ballots had been received in the county clerk's office on the eve of the second primary, leaving the figures at 205 ballots cast with 242 applications for absentee ballots.

Courthouse officials were predicting a light turn-out for tomorrow's election, with the outcome of only six races to be determined. One state office, that of associate justice of the Supreme Court, Place No. 1, is at stake, but more interest is being shown locally in the races for district attorney, county judge, sheriff, commissioner of Precinct No. 3, and constable of Precinct No. 1.

No Run-Off Slated In Ten Texas Counties

DALLAS, Aug. 22 (AP)—Ten counties had notified the Texas Election Bureau today that they would not hold run-off elections tomorrow.

The bureau is an unofficial vote-gathering agency set up by a group of Texas newspapers.

Epidemic Of Deadly Disease In California

SAN FRANCISCO (AP) — A sleeping sickness epidemic is creeping northward up California's central valleys, borne on the wings of the tiny female mosquito.

Already the Encephalitis has claimed 30 lives and nearly 500 have been reported stricken, the State Health Department reported.

Twelve died within the last week.

Doctors are powerless to check the disease. There is no known vaccine for humans.

The only hope is to kill off the mosquitos. Hundreds of men are spraying 276 towns in the valley lowlands and then laying down quarter-mile-wide barriers of poison residue spray around them.

The female Culex Tarsalis mosquito—common in California—carries the disease from birds and fowl to horses and humans. It is not carried from horses to humans.

A total of 499 cases have been reported to the State Health Department, but only 315 have been clinically diagnosed as encephalitis.

Two blood tests from the patient are necessary to determine absolutely that the disease is encephalitis. In most of the reported cases, the necessary two blood tests were not taken.

Dr. Malcolm Merrill, acting director of the health department, said the disease acts quickly. Those stricken usually recovered quickly, or die within 24 to 48 hours.

Sparkman Says South Is Solid

BIRMINGHAM, Ala. (AP) — Sen. John Sparkman, Democratic nominee for vice president, ended a four-day home state tour here with the assertion that the Republicans have only one campaign issue — "that it's time for a change."

The Alabama senator said Gen. Dwight D. Eisenhower has said "he's going to keep all those social and economic gains of the last 20 Democratic years, and he's going to do it better."

Sparkman ended his homecoming tour at a dinner here last night.

Sparkman, the first man from the Deep South to win a place on the Democratic ticket in 100 years, also emphasized what he called "the end of the political isolation of the South."

He said his nomination on the ticket headed by Gov. Adlai Stevenson of Illinois sprang partly from the campaigns of Georgia's Sen. Richard B. Russell and Tennessee's Sen. Estes Kefauver for president.

"They proved it possible for a Southerner to run for president," he said. "Their campaign did much to restore the South to the place in the Democratic party which had been lost."

No Shows On Tests Made In HowardCounty

Standard of Texas No. 1 C. L. Jones, northeast Howard wildcat, reported no shows on recent drillstem tests in the Permian lime and is now drilling deeper.

A one and one-half hour test from 2,468-494 feet recovered 10 feet of mud with no shows. A test from 2,798-830 feet recovered five feet of mud with no shows. The tool was open two hours and 25 minutes. A test from 2,835-865 feet recovered 40 feet of sulphur water with no shows. The test tool was open two hours and 42 minutes.

The No. 1 Jones is slightly southwest of the southwest corner of Scurry County and north of a recently completed San Angelo lime test.

STONEWALL COUNTY

Continental Oil Co. has filed application to drill a 5,400 - foot Pennsylvanian wildcat in Northwest Stonewall County as the No. 1-A C. P. Springer.

Location is 660 feet from south and west lines of section 199-F-H&TC. It is 13 miles northwest of Swenson and six and one-quarter miles northwest of the Carlisle-Pennsylvanian field.

ABANDON WELL

Deep Rock Oil Corp. has plugged and abandoned the No. 1 Rackler, Northeast Lynn County wildcat 17 miles northeast of Tahoka. The project was drilled to total depth of 9,403 feet in the Ellenburger, which made only water. Top of the Ellenburger was at 9,362 feet.

DRILLING REPORT

Shell Oil No. 1 Burnett, King County wildcat, is now circulating while waiting on orders after making no shows on a drillstem test from 6,688-718 feet in an unidentified dolomite.

With the tool open one hour on the test, recovery was 30 feet of slightly gas cut mud and 470 feet of slightly gas cut salt water.

The Texas Co. No. 1 M. A. Fuller, North Scurry wildcat, is drilling in lime and shale below 7,475 feet.

Hassie Hunt No. 1 Mary Gatlin, Southwest Scurry wildcat, is drilling in shale below 2,956 feet.

Texas Farmers Urge Shivers To Seek Federal Drouth Aid

BULLETIN Lead Shivers-Drought

AUSTIN, Aug. 22 (AP)—Telegrams responding to Gov. Shivers' plea for opinions on whether Texas should seek federal drought disaster relief began rolling in today.

The governor was in San Antonio to visit his wife and new baby but was expected to return to his office before noon to study results of the telegraphic poll.

County agents, farm editors, county judges and editors were wired and asked to contact dirt farmers and small ranchers.

Of 59 telegrams received by midmorning, 44 urged Shivers to ask President Truman to declare Texas a drought disaster area. This would qualify Texas farmers and ranchers to get cheaper hay which the federal government would bring in from areas of more plentiful supply.

Shivers has challenged the political implications of the move to declare Texas a disaster area and has raised the question whether cheaper hay made available through federal aid would amount to a subsidy.

The men whom he wired yesterday were asked to contact at least six small farmers or ranchers to determine their thinking on the drought relief problem.

The governor also recevied 17 letters today, 14 opposing a drought disaster designation and three favoring it. The letters apparently were spontaneous reactions to news stories about the drought conference held by Shivers Wednesday.

State Senator Kilmer Corbin of Lubbock messaged the governor: "If complete ruin is to be avoided, immediate steps should be taken to procure loan aid from available federal sources."

He added that the immediate area around Lubbock is not suffering from drought but much of the country around Lubbock is in dire need of drought relief.

Charlie Guy, editor of the Lubbock Avalanche-Journal, wired: "Lubbock County has no drought and hence is not eligible or directly interested in federal drought aid. For general information, the public opinion out that way supports by 60-40 to 70-30 governor's general position to-date. Is highly skeptical over Washington claims of 'no politics' involved."

Five Greenville men describing themselves as small Hunt County ranchers sent a joint telegram saying: "We want federal drought disaster aid."

Brown County Judge F. A. Loudermilk of Brownwood said "small farmers and ranchers allurge you farmers and ranchers all urge you to declare Texas an emergency area."

Opposing federal aid, Tom Lineberry of Kermit wired: "Ranchers want no part of government aid."

J. W. Sartwelle of Houston said pressure for a disaster declaration is "primarily political."

PLEDGES SUPPORT

Sen. Estes Kefauver (right) of Tennessee tells Stephen A. Mitchell, new chairman of the Democratic national committee, in Washington that he will campaign vigorously for the Democratic ticket beginning Sept. 15. Kefauver said he has "no sour grapes" over his defeat for the party's presidential nomination by Gov. Adlai Stevenson of Illinois. A portrait of Stevenson is on wall in background.

UN Warplanes Hit Chinese Positions

SEOUL, Korea, Aug. 22 (AP)—U. N. fighter-bombers today smashed Communist targets all across the Korean peninsula. U. S. Sabre jets damaged two Russian-built MIG-15 jets.

On the ground, Allied soldiers repulsed two light Red assaults.

Twelve B-26 bombers staged a daylight raid on a Communist supply area at Anak, on the Haeju peninsula, near the 38th parallel in Western Kore.

On the East Coast, Allied planes demolished five large warehouse buildings near Wonsan, the Air Force said.

Fighter bombers slashed at Red battle lines.

The Air Force said U. S. Sabre jets damaged two Russian-built MIGs during the afternoon. The aerial duel between two Sabres and two MIGs from a formation of 16 was on a sweep that took the American planes within 30 minutes of the bombed-out Sniho power plant on the Manchurian border.

The new claims brought to 28 the number of Red jets damaged during August—in addition to 26 shot down and two others probably destroyed.

The damaged Red planes were credited to Capt. Robinson Risner, Oklahoma City, and Maj. Louis A. Green, Lexington, N. C.

Six U. S. Sabre jets scrapped with elements of a fight of 10 Russian built MIGs near Sinuiju, in Northwest Korea, but failed to score.

The Air Force said U. N. pilots destroyed 11 Red-occupied buildings, 15 gun positions, 49 bunkers and four mortars, and inflicted 20 troop casualties.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy Friday. Friday night and Saturday with widely scattered afternoon and evening thundershowers, mostly in the extreme north portion. Not much change in temperature.

WEST TEXAS: Partly cloudy Friday. Friday night and Saturday with widely scattered afternoon and evening thundershowers mostly in the Panhandle. Warmer in the Panhandle Saturday.

Dr. Logan Wilson To Return To Texas As University Head

AUSTIN, Aug. 22 (AP)—Dr. Logan Wilson, a sociologist with iron-grey hair, a quick sense of humor, and two degrees from Harvard, will come back to Texas to become president of the state's main university Feb. 1.

He was elected by unanimous vote of the University of Texas regents yesterday. They talked to him by telephone right after voting, and he said he was mighty proud to be returning to the school where he got his first master's degree in 1927.

Wilson, who is academic vice-president of the Consolidated University of North Carolina, also talked to the Associated Press by telephone and said he and his family were champing at the bit to head for Texas.

Since he has held his job at Chapel Hill, N. C., only a year, he said he didn't want to pull up stakes before completing some of the work he started:

For instance, Wilson thinks television is a "tremendous educational medium," so he has had charge of developing an educational television program for the University of North Carolina. That's one of his incomplete jobs.

Does he think television should become a part of the University of Texas' educational program?

"My guess is that the university has had an educational television channel allocated," said Wilson. "But the big obstacle at any school is the tremendous cost of building a station and setting up a program without revenue. You know, they can't use commercial revenue for such programs.

"I think television is a tremendous educational medium, and schools are simply going to be neglecting a great opportunity if they don't do something with it."

Prof. Gale Adkins, acting director of radio-television at the University of Texas, confirmed Wilson's guess that an educational TV channel has been allocated to the Austin area, where the university probably would be the only serious contender for its use.

Wilson will succeed Dr. T. S. Painter as president at the maximum statutory salary of $15,000 per year, plus home and utilities.

He said he might not be able to visit Austin before next year but his wife—the former Myra Marshall of Commerce— will probably come down to look at the house and see if the color of paint in the bathroom needs changing.

Wilson, 45, was born and reared in Huntsville.

Love Note To Juvenile Leads Woman To Jail

LOS ANGELES (AP)—A revealing photo, a lipstick imprint on the back, and a note to "blue eyes" have sent Mrs. Virginia LeTourneau, 28, back to jail.

Mrs. LeTourneau, the blond divorcee who admitted taking a boy 11 years her junior on a 10,000 mile trip, tried to get a juvenile hall jailer to take the picture and the note to the boy, Jimmy Sherwin, 17.

The photo was of Mrs. LeTourneau in a sun dress. Written on the back of it was, "I love you. So sweet." A lipstick imprint was nearby.

The note read: "Darling, hold out. I love you, Jimmy, more every day. Don't let anyone tell you different . . . Life without you is terrible. I love you, blue eyes."

Superior Judge William B. Neeley took one look at the photo and note and ordered Mrs. LeTourneau back to jail. She had been at liberty on $1,000 bail pending a probation hearing after she pleaded guilty to contributing to the delinquency of a minor.

Juvenile authorities had indicated they would release Jimmy if he and the blond mother of a 12-year-old son agreed not to see each other again. Now they weren't so sure.

Opposition Offers To Resign In Argentina

BUENOS AIRES, Argentina (AP)—Fourteen Radical party deputies — President Juan Peron's only opposition in the national congress — offered to resign their seats last night because of "the situation prevailing in the nation."

No further explanation of the offer, made to party officials, was immediately available but it was assumed a detailed statement would be issued later.

There also was no indication whether the party leaders would accept the resignations.

Choo-Choo Out And New Coach For Redskins

LOS ANGELES (AP)—This is the day the Washington Redskins start over. They lost another exhibition football game last night, but a couple of much more serious things happened to them.

They lost Charley (Choo-Choo) Justice, their offensive star, and their head coach, Dick Todd. Justice broke his wrist, and will be out from four to six weeks.

Officially, Todd quit to attend to his farming interests in Crowell, Tex. Unofficially, there was talk that he and the Redskins' owner, George Marshall, were at odds over the 35-0 beating from the San Francisco 49'ers last Sunday.

Todd's announcement said he asked to be relieved before the world champion Los Angeles Rams hung a 45-23 licking on his team last night. The news came out moments after the final gun. Marshall said a "uccessor will be picked today.

There were reports that the head man's job has been offered to aging Sammy Baugh, starting his 16th pro season. But Baugh told reporters he isn't interested.

Justice distinguished himself with one of the finest performances the Coliseum ever saw before he snapped his wrist. To the cheers of 87,582 fans he piled up 199 yards in 11 ball-carrying tries. Most of the yardage came on runs of 49, 53 and 63 yards, all starting deep in his own territory. Each time he looked to be in the clear, but the Rams' fleet defensive half, Herb Rich, ran him down.

It was at the end of the 63-yard gallop, when Rich tossed him out of bounds, that his wrist snapped. Justice blamed himself:

"I tried to straight-arm Rich and I never should have done it. It was the first time I ever tried to do it in my whole football career."

The Rams Norman Van Brocklin tossed four touchdown passes and set up a fifth score. Bob Waterfield set up the sixth tally with three passes, and booted a field goal and six conversions.

Aside from Justice's three long gallops, the game's biggest sensation was provided by a local boy, ex-Southernn California halfback Johnny Williams who dropped a Ram kickoff, retrieved it and scooted 100-yards for a score.

Picnic Supper Last Night For Firemen

About 150 persons attended the annual fire department chicken fry held behind the city hall last night, N. W. Autry, fire chief, said.

Presence of one of the hosts at the party was a surprise to everyone. He is Ed Shuler, fireman who was injured in a collision of the fire truck he was driving and a private automobile on the northeast corner of the square recently.

Shuler attended in the plaster cast in which he has been placed to hold his back straight while cracked vertebrae mend.

Special guests at the party were all volunteer firemen, members of the police department, city employees and officials, and county officials.

Sleeper Gets His Man

ALBANY, N. Y. (AP) — No sleeper, he. Patrolman Warren Sleeper spotted an automobile that had traveled from Illinois into Canada and through several states without license plates.

Wide awake Sleeper arrested the driver.

General Clear After Loyalty Investigation

WASHINGTON (AP) — The Army says a retired general, who said he quit running for Congress because of questions about his loyalty, has been cleared of any suspicion of disloyalty.

The officer is retired Brig. Gen. Elliott R. Thorpe, one-time counter-intelligence chief in the Southwest Pacific and in Japan.

In Westerly, R. I., yesterday, Thorpe said he had withdrawn as a Republican candidate for the Rhode representatives because federal agents were questioning people about his loyalty.

The office of the Army adjutant general, when queried, said a letter has been forwarded to Thorpe "exonerating him completely."

An Army spokesman said investigation started last Nov. 13 after the New York Daily Worker, a Communist paper, published statements it said Thorpe made in a speech a year ago. In the speech Thorpe said, among other things, that the Japanese peace treaty deprived Japan of needed food-growing areas.

The Army spokesman said investigation showed the Daily Worker version of Thorpe's statements was distorted. There was no explanation of why the investigation took so long.

Field Rules Will Be Adopted For Spraberry

AUSTIN, Aug. 22 (AP)—Adoption of field rules for the Spraberry production in nine West Texas counties will be considered at Railroad Commission hearing here Sept. 11.

The commission called the hearing yesterday on the application of 27 operators in the area. They asked regulations for those areas where none exist and changes in some of the now-existing rules.

Involved are Borden, Dawson, Glasscock, Midland, Martin, Reagan, Upton, Howard and Sterling counties.

Candidate Files To Fill Council Vacancy

John P. DeShazo, 2411 Avenue I, filed Thursday as a candidate for election to the city council vacancy in Ward No. 1 which is to be filled in a special election Sept. 16, Mrs. Clara Jones, city secretary, said.

DeShazo is the only candidate so far for the office.

The vacancy occurred when Dr. Robert H. Hargrove moved from that ward to another ward in Snyder on May 30. Hargrove had been elected in the regular city election

Snyder Students To Get Degrees At Tech

Three Snyder students are to be awarded degrees at graduation exercises to be held at Texas Technological College Wednesday. R. H. Johnson, Wall Street securities broker and a native of Anson, will be the speaker.

Students from here to receive degrees are Jack Longbotham, who will receive a bachelor of science in agriculture; Nellie Malvira Smith, bachelor of science in education, and Edwin Doyle Stokes, master of education.

Case Dismissed Against Man; He Charges One Who Had Charged Him

A charge of aggravated assault against Billy McComb, Snyder oil field worker, was dismissed in county court yesterday afternoon upon recommendation of Keith Merrick, county attorney, after several witnesses appeared in McComb's behalf.

The charge had been filed Wednesday after a complaint was filed by Floyd Hulse, about 40, also an oil field worker, who said in a signed statement that McComb assaulted him with a tire tool during an argument between the two.

Witnesses told Judge Edgar Taylor that McComb struck Hulse only in self defense before the case was dismissed.

When the case was dismissed, McComb pleaded guilty to Hulse, stating that Hulse assaulted him with a rock.

Hulse pleaded guilty in county court this morning to a charge of aggravated assault and paid a fine of $25 plus $23.50 court cost.

McComb pleaded guilty to a simple assault and paid a fine in justice court after the charge was filed by Walter Morgan, sheriff's deputy, W. C. Davidson, justice, said this morning.

Two Guilty Pleas Made In Court Here

Two persons pleaded guilty in county court this morning of driving while intoxicated and paid fines of $50 plus $23.50 court cost.

They were J. H. Walker, 46, who gave his address as Oklahoma City, and Thelma Mae Ladd, 47, who said she lives in Midland.

Both were arrested by a sheriff's deputy.

Mr. and Mrs. L. W. Stallings of Snyder are the parents of a son born Tuesday morning in a Sweetwater hospital. Mr. Stalling is employed by a drilling company here.

Snyder Man Is Instructor In Fire School

L. O. Bynum of Snyder is one of five field instructors of the Texas Engineering Experiment Station who will oversee a firemen's training school at Texas A & M College. This will be the 23rd such school held at the college.

The field instructors have spent the past three weeks making necessary arrangements. More than 80 instructors were expected this week to start testing equipment and rehearse their presentation of training.

Representatives from all over the country and at least four foreign nations will attend the week-long school, which is prepared to handle up to 900 persons, H. R. Brayton, school director, said.

The school is conducted by the Engineering Experiment Station, under auspices of the Texas Firemen's and Fire Marshals' Association.

Ivan Gatlin, marshal of the Snyder fire department, and Paul Spittle, paid fireman, will attend from here.

Jaycee Score Board For Election Night

Scurry Countians will again be able to keep up with election returns as they come in from the second Democratic primary Saturday night, according to members of the Junior Chamber of Commerce.

The Junior Chamber will place a large board at the south side of the courthouse to chart the returns, just as they did in the first primary. The south side of the square will be roped off, and returns will start being posted as they come in after 7 o'clock, Keith Merrick, chairman, said.

No Complaints Here On School Tax As Board Has Dry Run

The tax equalization board waited all day yesterday for somebody to come and complain about his school tax. But Snyder real estate owners ignored their invitation to attend a hearing—nobody came.

Hardy Scarborough, assessor-collector, said he wasn't a bit surprised. He said he had never heard any serious complaints from school tax payers and that evidently most people are satisfied with the way the tax is now.

Former Snyder Civic Leader Dies Yesterday

Funeral services for Bruce L. Greer, former administrator of Snyder Hospital, have been tentatively set for tomorrow afternoon in Oklahoma City.

Mr. Greer, 48, died late yesterday afternoon in the Overall Memorial Hospital in Coleman where he had been critically ill for several weeks. Mr. Greer had served as administrator of the Overall hospital since September, 1951, and was also president of the American College of Clinic Administrators.

Bruce L. Greer

A native of Oklahoma, Mr. Greer attended Oklahoma City schools and was graduated from the University of Oklahoma at Norman. He was married to Miss Reba Williams of Oklahoma City in 1936, and is survived by her and their son, Alwyn.

Mr. Greer was named administrator of Snyder Hospital in June, 1950, and served in that capacity until his resignation early in 1951. He was installed as president of the Rotary Club in January, 1951, with members of the Rotary Club in Council Bluffs, Iowa, as special guests at the installation. He had been a member of that club before moving to Snyder. Those club members have been asked to serve as honorary pallbearers, as has Dr. W. M. Smith of Snyder.

Mr. Greer was also a member of the Methodist Church, the Masonic Lodge, and several other professional organizations.

TALK OF THE TOWN

By SUE HOLMES

We know of at least one Snyder family from Hadacol Corner. But now we notice there is no more Hadacol Corner. That's the official decision of the United States Post Office Department in making final arrangements for a post office in the little Upton County oil field community.

The boys in Washington decided Midkiff—the name of a well-known ranching family in the area—would be more appropriate.

Poor Senator LeBlanc. First you can't find Hadacol at the corner drugstore, then next thing you know you can't find Hadacol Corner.

Capt. and Mrs. ROBERT J. MILLS and sons, BOBBY, and DAVID, are expected to arrive here about Sept. 6 to visit Mrs. Mills' parents, Mr. and Mrs. R. L. TERRY, 2604 Avenue V. The family is sailing now for San Francisco from the Philippines on the USNS "General D. E. Aultman." The captain has been stationed on Clark Air Force Base, 60 miles north of Manila, for 20 months. His family joined him last summer.

Following a two-week visit here Capt. and Mrs. Mills and the sons will go to Valley Stream, L.I., N. Y., to visit his relatives. Then he is to be stationed with the 1009th Special Weapons Squadron in Washington, D.C.

Can you suggest how I could mend a crack on the inside of the kitchen range? It is not a serious crack. E.

Combine equal parts of common table salt and wood ashes, moistened with water to the proper consistency. The filler will dry hard and will be lasting.

* * *

Do you know how I can get the socket of a electric light bulb when the glass bulb has been broken off?

Try pressing a large cork firmly into the socket. This should enable you to unscrew the metal part.

* * *

The other day I tore one of my kid gloves. The tear is in the palm, which shouldn't be so bad if I just knew how to mend it. Could you tell me, how? G. R.

One method is this: buttonhole around the edge of the tear before drawing together. Then over-sew the buttonhole together and the repair will be substantial.

Two Rainbow Meets Scheduled Monday

Officers and choir members of the Rainbow Girls are to meet at 9:30 o'clock Monday morning for practice, according to Mrs. Carl Smith, mother advisor.

A Rainbow meeting is scheduled for 8 o'clock Monday night when Masons and Eastern Star members are invited to attend, Mrs Smith said.

Mrs. Byers Hostess To Ace Bridge Club

Mrs. William E. Byers entertained members of the Ace Bridge Club Wednesday at her home.

High score prize went to Mrs. Willis LeVier and low to Mrs. J. L. Hallman.

Refreshments were served to eight members.

Lyndon and Sandy Baize, children of Mr. and Mrs. Bentley Baize, Cherry Street, visited Mr. and Mrs. Sam Baize and daughter in Stamford recently. Mr. Baize underwent surgery in an Abilene hospital, and Mrs. Baize remained in Abilene with his parents, Mr. and Mrs. J. O. Baize.

Mr. and Mrs. Bill Line, 2505 Avenue J, are spending a vacation in St. Louis, where they expected to attend several major league baseball games.

State Fair Lists Contests: From Chili to Yule Socks

Entries are pouring in from all over the Southwest for the Women's Show at the 1952 State Fair of Texas, Oct. 4-19, Mrs. Leah Jarrett, Women's Dept. manager, has announced. Permiums and prizes total more than $4,000.

Entry blanks should be mailed to the fair by Sept. 8, if possible, Mrs. Jarrett said. Entries in most categories close Sept. 27.

The Women's Premium Book lists seven divisions including 338 different classes for needlework, crafts, miscellaneous art, antiques, hobbies, potted plants and food.

There are nearly 250 items in the needlework division alone, which offers $1,948 in premiums. A new feature in this division is a class for handmade Christmas stockings and decorations.

In connection with the Designer, Craftsman division, offering $580 in premiums for junior and senior classes, an invitational crafts show will be held featuring the work of 25 of the nation's leading designcraftsmen. They won't compete for premiums, however.

Contests will include: Oct. 5, chili-making contest; Oct. 6, frozen foods contest, and lectures by Miss Louise Mason, Texas A&M foods and nutrition specialist; Oct. 8, speed crochet contest; Oct. 9, trim-a-hat contest; Oct. 10, children's cake, cookie and "Imagination" contest; Oct. 11 tie-tying contest; Oct. 14, corsage-making contest; Oct. 15, gift-wrapping contest; Oct. 17, adults' cake and pie, candies and candied fruit contests.

A Dahlia Show will be held Oct. 11 and 12 and a Negro Flower show on Oct. 13. Garden Club Day will be Oct. 14, featuring a lecture in State Fair Auditorium by Dr. Donald Wyman of Harvard University's Arnold Arboretum.

Premium lists and blanks, or information on any Women's Department feature, can be obtained by writing the State Fair of Texas, Dallas 10.

Local Union Takes Slap At John Lewis And Memorial Holiday

SHENANDOAH, Pa. (AP) — A United Mine Workers union local wants John L. Lewis and other UMW officials to turn over their salaries during the UMW's "memorial" work holiday to the union's health and welfare fund.

Referring to the holiday which starts next week for the nation's coal miners, the local stated in a letter to Lewis that "we can't even collect unemployment compensation, thanks to our leaders who have blocked every avenue of income."

The letter also demanded that "the local unions have a say in their own affairs." In requesting that union officials turn over their salaries, the letter pointed out that the union members must continue to pay dues during the holiday.

Methodist Circles Meet

Circles of the First Methodist Church Women's Society of Christian Service completed studies of the book of Acts at meetings held this week. A joint meeting of the three groups is to be held at 10:30 Monday morning, when the new yearbooks will be distributed and the monthly luncheon held.

The Berea and Philathea circles met together Monday to complete their study of Acts under the direction of Mrs. R. E. Gray, WSCS president.

The Mary - Martha circle, which met Wednesday, honored its president, Mrs. H. F. Ingram, at a farewell remembrance. Mr. and Mrs. Ingram are to move to El Paso soon.

Mrs. Ned White was named to succeed Mrs. Ingram as president of the circle, with Mrs. Ted Zeck as new vice-president and program chairman. They will direct a study of the background and history of the Bible which is to be started at the next circle meeting on Sept. 17.

American Who Has Been In Germany Since 1938 Coming Home At Last

BERLIN (AP)—A 60-year-old American who lived through World War II in Hitler's Germany and then spent seven years in Soviet zone concentration camps will be able to return to the U. S. soon.

The U. S. consulate here announced last night that Charles A. Noble, formerly of Detroit, Mich., had been granted a new American passport enabling him to get back home at last.

Noble was caught in Germany by the outbreak of the war. After the fighting ended, he was arrested by the Reds in Dresden and was only released by the East zone people's police on July 4.

Union Baptists Hold Revival

Dr. A. A. Brien, vice-president of Howard Payne College, will be the evangelist for a revival starting tonight at the Union Baptist Church. The Rev. A. J. Quinn, Jr., of Amarillo will direct music.

The service tonight and on other week nights throughout the nine-day meeting will start at 8 o'clock. There will be a prayer service at 7:30 preceding the service, with both members and non-members of the church invited to attend.

Morning services during the revival are scheduled for 10 o'clock. Sunday services will be held at the usual hours, with the morning worship service at 11:55 and the night service at 8:30 following training union.

Dr. Brian has been associated with Howard Payne College since March, 1950, and before that was pastor of the First Baptist Church in Brownfield for more than six years. He was pastor at Levelland prior to that time and also held a pastorate at Littlefield. He served as missionary of District 9 for two years, and was a trustee for Wayland College for 15 years.

Since Dr. Brian has been at Howard Payne College, he has been active in promoting the construction of new buildings under the Ten Year Program of Progress.

Mr. Quinn, the son of Dr. A. J. Quinn, District 10 Missionary is a junior student at Howard Payne College.

Sunday School Class Holds Picnic Last Night

Mr. and Mrs. R. Q. Hagan entertained members of the junior boys' Sunday school class of the Church of the Nazarene at a picnic last night.

The picnic was held at the Hagan home in the Lone Star camp. Hagan is teacher of the class. About 25 persons were expected to attend.

About 15 young people from the church are expected to attend a pot luck supper tonight at the Colorado City Church of the Nazarene. They will leave from the church here at 6 o'clock, and are to be accompanied by Mr. and Mrs. Oliver Butler and the Rev. and Mrs. R. H. Dillard.

Dillards Will Attend Nazarene Assembly

The Rev. and Mrs. R. H. Dillard and Mr. and Mrs. J. B. Cook plan to leave Monday morning for Amarillo where they will attend the annual district assembly of the Church of the Nazarene.

Dr. Hardy C. Powers, one of the general superintendents, will be among the speakers at the assembly. The meeting is to open Monday and continue through Friday.

An EAR to the SKY

A certain kind of alertness is typified by the man who keeps "an ear to the ground." That man wants to be ready for what is going to happen. Perhaps sometimes he has to guess—but he tries to be one guess ahead of the rest of us.

There is another kind of alertness that is far more important. It is typified by the man in our picture. He has "an ear to the sky."

He is trying to be ready—not for what is going to happen—but for what *is* happening. He wants to have the spiritual strength to meet today's problems. He knows that tomorrow's happiness will depend on the success with which he overcomes each obstacle today.

The Church is one of his listening posts. Its message helps him understand God, himself, and the World—right now.

HOLY BIBLE
THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE ADVENTURES OF PATSY

Faculty Picked At Ira, School Starts Sept. 1

The appointment of faculty members for Ira schools has been completed, Bill N. Allen, superintendent of schools, said today. School will open in Ira on Sept. 1, with the first faculty meeting scheduled for 10 o'clock Thursday morning.

R. C. Smith, will serve as high school principal, with A. D. Harold as elementary school principal. Other high school faculty members will include Eddie Redwine, coach and social science instructor; C. J. Smith, English; Mrs. Leslie McBeth, vocational homemaking, and L. M. Dawson, vocational agriculture.

The elementary principal will teach the seventh grade, and Mrs Harold will teach the sixth grade. Mrs. Robert Turner will be the fifth grade teacher, Mrs. Georgine Galloway, fourth grade teacher, Mrs. Glenn Holladay, third grade teacher, Mrs. Bill N. Allen, second grade teacher, and Mrs. Agnes McCormack, first grade teacher.

Two new busses will be put in use this year, Allen said. The school grounds have been landscaped and the playgrounds and football field sodded. A new water system was installed during the 1951-52 school term.

Other improvements have included the remodeling of the teachers' quarters, Allen said.

Harriman No Longer Senatorial Possibility

NEW YORK (AP) — Averell Harriman has accepted the chairmanship of the Democratic party's New York State Convention here next week and withdrawn as a senatorial possibility.

Harriman announced his decision yesterday, after Democratic State Chairman Paul E. Fitzpatrick made public a letter asking Harriman to preside at the convention.

At the convention, on Aug. 28, the Democrats will choose their candidate for U. S. senator from New York.

Fitzpatrick said he asked Harriman, mutual security director, to take the chairmanship post after consultation with state party leaders.

In accepting the invitation, Harriman said, "I cannot run for the Senate as the chairmanship position bars me from running."

CHAMP FOR IKE

"Wash", champion steer of the Wyandotte County Fair in Kansas City. The steer was presented to Ike by its owner, 15-year-presidential nominee and champion of the Republican party in Kansas City. The steer was presetned to Ike by its owner, 15-year-old Eldon S. Miller, Jr. (right). At center is Harry Darby, GOP national committeeman from Kansas.

Praying Postal Clerk Charged With Murder

HOUSTON, Aug. 22 (AP)—A praying postal clerk has been charged with beating to death a former Paris woman, Mrs. Edna Specht, 39.

He is Silas Edgar Locke, 51.

The woman's body was bruised severely from her forehead to her knees. An autopsy last night set the cause of death as a massive brain hemorrhage.

Police said Locke prayed frequently while they questioned him and appeared to be in a daze. He denied striking the woman.

Justice of Peace Tom Maes ruled it murder.

Aly Goes To Chicago After Visiting Rita

HOLLYWOOD (AP) — Prince Aly Khan was on his way to Chicago today after a week-long visit with his estranged wife, Rita Hayworth, and their tiny daughter, Yasmin. Rita was not at the airport when the plane took off.

Although Hollywood rumors had it that the prince's visit was an attempt to patch up differences, Aly and Rita steadfastly refused comment on any reconciliation.

The Moslem prince will be met in Chicago by John Galbreath, Pittsburgh Pirates owner, and fly in Galbreath's private plane to Louisville. They will visit Kentucky horse breeding establishments.

More Meetings On Ag Building At New Park

Members of the Chamber of Commerce agriculture committee yesterday decided to meet with Junior Livestock Association directors at 3 o'clock next Tuesday afternoon in the county agent's office to discuss the community building to be built in the county park.

At the time the petition for the park bond issue was presented to the commissioners court, the petitioners recommended the construction of a community building at the park to be used for livestock shows, county fairs, and as many other community uses as possible. They estimated cost of such a building at about $75,000.

Upon request of the county park advisory committee, the agriculture committee and Junior Livestock Association will make suggestions on the type structure that should be built.

Turner Kimmel, representative of the Butler-Brasher engineering firm, showed a plan of a community building to be built at Morton. He will also attend the meeting next Tuesday.

Members of the committee attending yesterday's meeting were Hugh Taylor, chairman, Claude McCormick, Edgar Taylor, Oscar Fowler, Herman Doak, Billy Boren, Haskell Beard, Bill Bryant, and Leon Huff, Jr., chamber manager.

Dee Fondy, first baseman for the Chicago Cubs, works as a mailman in San Bernardino, Calif., during the off season.

Nephew Of Snyderites Dies Of Polio Wednesday

Mr. and Mrs. Bob Bickerstaff, 3117 Avenue T, flew to Fort Worth yesterday following the death of their nephew, David Lee Beal, 21-month old son of Mr. and Mrs Joe S. Beal of Fort Worth.

The Beal child died Wednesday night of polio after first becoming ill Sunday. The case was diagnosed Tuesday as polio.

Mr. and Mrs. Beal and their son visited the Bickerstaffs here last fall.

Mr. Beal is Mrs. Bickerstaff's brother.

Nation's Oil Reserves

AMARILLO, Aug. 22 (AP)—Railroad Commissioner Ernest Thompson says the nation has discovered and known oil reserves of 26 billion barrels.

He predicted in a speech here yesterday that by 1975, the United States may consume up to 14 million barrels of oil a day.

Experts Study Keys To World Understanding

PARIS (AP) — Experts from 14 countries are concluding a three-day study here aimed at removing some of the national prejudices and tensions affecting world understanding.

What makes some Europeans consider all Americans noisy, cocksure and boastful?

What makes many Americans consider all British stiffly formal, class-conscious snobs?

It is questions such as these that the newly formed International Union of Scientific Psychology wants to answer.

Most people are prisoners of their own environment and for most people that environment is a national one, explains Prof. Otto Klineberg of Columbia University, one of the group. A child's picture of the world outside his own country is learned from adults around him. But most of the adults already have preconceived notions about foreigners based on rumor, hearsay and anecdotes.

The experts, who have been meeting at headquarters of the U. N. Educational, Scientific and Cultural Organization (UNESCO), want to fit a program for removing such tensions into UNESCO's program for furthering world understanding.

A MESSAGE to the VOTERS of SCURRY COUNTY

I am sure a lot of you voters have heard all kinds of rumors about my character. All I can say is that the gentlemen listed below, to the best of my recollection, were some of the members of three different grand juries, that have investigated me and my office pertaining to these rumors. I am sure if these rumors had any foundation in fact these gentlemen would have taken every legal step to have these rumors proven in court.

I have lived amongst you folks all of my life and I feel that you voters will not have to go out of Scurry County to check on me. So please ask any of the following gentlemen if I have been guilty of the rumors you have heard about me.

The folowing is a partial list (from memory) of Grand Jurors of three different Grand Juries of Scurry County:

Mr. Lester Moore
Mr. B. A. Moore

Catholics Criticize UN Group For Views On Birth Control

LOS ANGELES (AP) — The Knights of Columbus Supreme Council has criticized the United Nations Educational, Scientific and Cultural Organization for its birth control views.

A resolution adopted at the end of the 70th national convention of the Catholic group yesterday declared:

"There is indication that UNESCO and some of its expressed views advance theories which support birth control as a truly scientific solution of problems of population and human betterment."

The resolution said the UNESCO'S course was "contrary to natural law and the deeply religious disposition of the founders of our nation."

St. Paul, Minn., was chosen as convention city for Aug. 18 to 20, 1953.

Family Shopper Can't Win; Few Prices Down, Many Up

By SAM DAWSON

NEW YORK, Aug. 22 (AP)—You get a break in one direction. Then you get slapped down from another. That's the story of the rising cost of living.

The family shopper finds the price of some meats a little easier to pay. But eggs go up, and so do fruits, vegetables and dairy products. So the family food budget ends up by being a more painful dinner-table topic than it was a while back.

Sure, you get a break on clothing prices, which are lower than they were a year ago.

But whatever you save there is more than wiped out by rising costs in other lines.

Rents continue their slow advance in many places. Doctor and hospital bills are higher.

Auto drivers pay more for insurance. For example: In New York City next week motorists must pay seven per cent more for protection against bodily injury claims and 18 per cent for property damage.

All of these things add up, little by little, to raise the over-all cost of living.

CLOTHING PRICES TO RISE

Some more of the same is in sight.

Apparel prices are running well below a year ago. But the price tide has already turned in many of the raw materials involved. Raw wool started up again last spring after its drop to pre-Korean levels. The price of clothing will be lower this fall, because it is made of wool bought at the lower price. But next year the higher priced wool may set the price of suits.

Rayon and acetate yarns are advancing in price. Many cotton fabrics are too. It may take months, but sooner or later that is due to hit the retail store level.

House furnishings are lower than they were, with bargains to be had in electrical appliances and in household fabrics.

But this week carpet makers are advancing their prices, after months of lowering them. Bed sheet prices are advancing at the mills. Appliance makers are wondering if they can raise prices to make up for the rising cost of metals.

MEAT MAY COST LESS

Some 1,800 fabricators and manufacturers have asked the Office of Price Stabilization for higher ceiling prices because of the recent price hikes in steel, aluminum and copper.

And OPS plans to let users of metals pass along to consumers the increased materials cost. Some OPS officials think that for the nation as a whole the price tags might go by nearly one billion dollars a year.

The meat industry thinks that this fall may see lower prices on beef—but possibly higher on pork. Eggs, fruit, vegetables and dairy produce may follow seasonal ups and downs. Prospects are still good for a large grain harvest. And the family pocketbook may get some help from that quarter.

But chances are that services—the fees, fares and rates you pay—may go still higher. And rising costs of materials and labor may send many manufactured goods higher.

One way or the other, that take-home pay will continue to melt away.

Eden To Visit Marshal Tito

LONDON (AP) — British Foreign Secretary Anthony Eden will confer in Belgrade next month with Yugoslav Premier Marshal Tito. Informed sources say he will take up the touchy Trieste question.

British and American officials are known to be worried about the [illegible] ly and Yugoslavia over eventual control of the disputed international territory on the Adriatic.

A Foreign Office announcement today said Eden will visit the Yugoslav capital from Sept. 17 to 23. He will spend five days after that in Vienna.

The agenda of the Belgrade talks also will include Yugoslavia's relations with Turkey and Greece, the southern anchor nations of the Western European defense setup.

Developer Of Highland Park Dies In Abilene

Funeral services for W. Willis Cox, Sr., 59-year-old Abilene insurance executive, are to be held at 6 o'clock this afternoon in the Elliott Funeral Home chapel in Abilene.

Mr. Cox died early yesterday in Hendrick Memorial Hospital. He had been ill for the past year, suffering from cancer. Burial will be in Elmwood Memorial Park.

Mr. Cox was known to Snyder residents through his work in the development of Highland Park early in 1950. He and his son, W. Willis Cox, Jr., began the addition in January of that year. The younger Cox operated an insurance agency here in addition to the development project, returning to Abilene late last year after selling his interests here.

A resident of Abilene since high school days, Mr. Cox was active in civic work in addition to the management of his business affairs. He entered the insurance business in Abilene shortly after his release from the army after World War I, and later entered into a partnership with the late Louis Hunter.

Mr. Cox disassociated himself with the insurance firm in 1951, and installed his son in an insurance agency in Abilene. The younger Cox remained in Snyder until late that year before taking over management of the new firm.

Faster Taken Off Mountain

YAKIMA, Wash. (AP) — A 24-day fast by a Bible Presbyterian church minister atop a 7,000 foot mountain has been ended — but not by the higher authority he sought.

The Rev. Robert Kutz, about 48, was taken from the mountain yesterday by Yakima County deputy sheriffs who brought him in on a sanity warrant after concern was felt for his health.

He climbed to the top of Darland Mountain, 45 miles west of here in the Cascades, late last month after parking his car in a high meadow. He would come down, he said, when told to do so by "a higher authority."

Since then, forest rangers attest he has had no food. He slept in his car.

He didn't protest when the deputies came to get him and exhibited what one official said was "surprising strength" in walking to their car. No report has been received on his condition since he was lodged in a hospital.

Kashmir Ruler To Be Changed

NEW DELHI, India (AP)—Kashmir is ditching its hereditary maharajahs for an elected chief of state to govern the disputed North Indian land.

The Indian radio announced yesterday that Kashmir's Constituent Assembly had unanimously adopted a resolution ending hereditary rule by the family of its maharajah, Sir Hari Singh.

The maharajah's son, 21-year-old Yuvraj Karan Singh, is considered the leading prospect for Kashmir's first chief of state. Yuvraj, however, appears reluctant to step in and the maharajah, now living in Bombay, opposes his son assuming the post.

The maharajah, a Hindu, acceded his predominantly Moslem state to India after the 1947 partition of the sub-continent which created India and Pakistan. Irregular border fighting developed and Indian and Pakistani forces each seized parts of the state.

A U. N.-sponsored truce was established but the dispute still is pending in the international organization.

German Pilots To Get Jet Fighter Training

LONDON (AP)—The London Daily Herald says plans are under way for the Royal Air Force to give jet fighter training to German pilots, many of them veterans of the wartime enemy Luftwaffe.

The paper said the Germans will be trained for the air arm supporting West German divisions of the projected West European army. No bomber training will be given, the paper reported.

Previous reports from Germany have said that the West German government plans an air force of 1,500 planes if German rearmament is approved by the Bonn Parliament and the Western Allies.

Crucial Series Between Yanks And Indians Starting Today

By The Associated Press

A month ago the Cleveland Indians were pronounced dead as an American League pennant threat.

Today, the Indians could well recall Mark Twain's famous quotation:

"Rumors of my death are greatly exaggerated."

The Indians appeared to be knocked from contention on Black Tuesday July 22 as they dropped a doubleheader to the New York Yankees and fell 7½ games behind the Bombers.

But the Indians never entered the happy hunting grounds. Instead they climbed back into the thick of the race and today they invaded the Yankee Stadium for a two-game series with first place at stake.

Cleveland, trailing the Yanks by one game, could take over the lead by one percentage point by beating the Bombers in the series opener.

Big Mike Garcia (15-8) has been nominated to face the Yanks' Allie Reynolds (15-7) in the first game. Early Wynn (16-10) is scheduled to go against New York's Vic Raschi (14-3) in the concluding game Saturday.

Showers are forecast for today and if the game is rained out the teams will clash in a doubleheader tomorrow. If both games are rained out the series will have to be played in Cleveland as this is the Indians' last visit to New York. The Yanks play the Tribe a single game in Cleveland Sept. 14. The next day is an open date for both clubs.

Garcia sports a 3-0 record against the Yanks and will be pitching with four days rest. Reynolds has won two out of five from Cleveland and will be starting his first game in five days.

Both the Indians and Yanks suffered defeats yesterday. The third place Boston Red Sox knocked off the Indians, 4-1, and the Chicago White Sox upset the Yanks, 6-1, to sweep a three-game series. Washington and St. Louis divided a twi-night doubleheader, the Senators winning the first game, 3-2, and the Browns the second, 8-1.

In the National League, the Chicago Cubs impeded New York's pennant bid by splitting a doubleheader with the Giants, winning the first game, 8-6, but losing the second, 10-5. The Mexican standoff kept the Giants seven games behind front-running Brooklyn. The Dodgers' game with Pittsburgh was rained out. Philadelphia and Cincinnati were idle while in the circuit's only night game, St. Louis nipped Boston, 3-2, for its sixth straight victory.

Sid Hudson scattered seven hits in beating the Tribe's "spot pitcher," Steve Gromek. The Red Sox nicked Gromek for all of their eight hits and runs in seven innings.

The Yanks conserving their best pitchers for Cleveland, opened with second liner for the third straight time and failed. Rookie Tom Gorman was beaten in the first inning and had no one to blame but himself.

Gorman walked home one run and his wild throw permitted two more White Sox players to score. The three runs were more than Billy Pierce required. The ace Chicago lefthander held the Yanks to five hits in gaining his first trumph in six attempts over the world champions.

Spec Shea turned in his 10th victory for the Senators in the first game at Washington. Shea allowed only five hits but was in trouble throughout because of nine walks. The game was held up an hour and 48 minutes in the fifth inning because of rain.

Big Hank Sauer smashed a pair of three-run homers to beat the Giants in the opener at Chicago. The Giants piled up a 6-0 lead but the Cubs scored twice in the fourth and then Sauer went to work. He hit his first homer off loser Larry Jansen in the fifth and then won the game with another three-run blast in the seventh off Hoyt Wilhelm. The homers boosted Sauer's output to 33 and increased his runs batted in to 106.

Top Horse In Land Is Going To Be Hard To Pick This Year

By GAYLE TALBOT

NEW YORK (AP)—The experts who devote their lives to racing and who annually pool their talents to select the official "Horse of the Year" are beginning to look confused and to say that if something definite doesn't happen fairly soon in the horse world it might be better to declare a moratorium on the award.

There is, at the moment, no 3-year-old with anything resembling a clear claim to the honor, and too many of the top older candidates either are out of training or separated by half the width of the country so that the students are unable to get a clear line on their comparative merits.

Out around Chicago, the feeling is said to be virtually unanimous that Mary-Ye-Well, winner of both the American Derby and the Arlington classic there, is the finest 3-year-old colt in the land. The only Chicagoans who do not think so, apparently, are those who are sure that Real Delight, a brilliant lady racer from the same Calumet Farms stable, could run Mary-Ye-Well bowlegged if they would give her the chance.

This she is not likely to get, as Ben Jones, Calumet's famous trainer, does not believe in running fillies against colts at any time, and more especially when they're both his'n. The same goes for yet another Calumet filly, A Gleam, which is very highly esteemed by West Coast connoisseurs.

Hill Gail, the Kentucky Derby winner, has not run a lick since and is not expected to return to action in time to make a serious bid for this year's title. Blue Man, which won the Preakness and several other good ones, is another 3-year-old candidate who now has been let out to pasture and whose chances thus are dimmed. Right now the top 3-year-old prospect for the award might be One Count, which won both the testing Belmont Stakes and last Saturday's Travers at Saratoga.

Still very much in the running to repeat for the honor is C. V. Whitney's veteran, Counterpoint. He's had a tough year up to this point, what with pulled muscles and wrenched ankles, but is expected to be ready and able by the time Belmont reopens in mid-September and the distances become longer. Only two horses, Whirlaway and Challedon, have won the title twice.

Semi-Finals In Golf Meet

SEATTLE, Aug. 22 (AP)—This great Pacific Northwest, which is how the natives modestly describe it, is not only playing host to its first men's National Amateur Golf Championship, it is supplying three-fourths of the field in the semi-finals today.

Young Al Mengert of Spokane just out of the air force; Jack Westland, a candidate for Congress from nearby Everett and Bill MaWhinney, former Canadian champion from neighboring Vancouver, N. C., make up the cast from this fine green country.

The lone invader left in the running is Don Cherry, a nightclub singer from New York and Texas.

They make up the four who escaped defeat in yesterday's double round at the Seattle Country Club.

The pairings today found Mengert, a Walker Cup Team alternate in 1951, assigned to pluck the Gotham Cherry. Westland, at 47 the "granddaddy" of the field, met MaWhinney, 23, a bonding company employe on the side and current Pacific Northwest champion.

One by one the outsiders fell by the wayside yesterday.

In the feature matches, morning round, Jimmy McHale, Mamaroneck, N. Y., disposed of the last former champion when he defeated Charlie Coe of Oklahoma City, 3 and 2.

Cherry won from Bob Rosburg, Stanford, Calif., 4 and 3, and Gene Littler of San Diego won from Jim Jackson, Kirkwood, Mo., one up.

Then came the afternoon skirmishes. Cherry, coming from behind, upset Littler in a battle, 3 and 2. MaWhinney, two down on the first nine, rallied and sent 26-year-old McHale to the sidelines, one up.

Old Champion Keeps Lead In Soaring Meet

GRAND PRAIRIE, Aug. 22 (AP)—The defending champion still held his lead today in the 1952 national soaring meet after he won a round-trip speed dash to Mineral Wells, Tex.

Dick Johnson of Starkville, Miss., rode strong summer updrafts in his motorless sailplane and glided the 124-mile roundtrip in two hours and 26 minutes.

That gave him a total of 961 points. Second was William S. Ivans of San Diego, Calif., with 925. Third was William H. Coverdale Jr. of Chattanooga, Tenn., with 901.

Fred Nelson and Harry Perl of San Leandro, Calif., were ahead in the two-place division with 676 points. They set a national record for two-seater gliders Wednesday by soaring 158 miles to Bowie, Tex., and back.

The defending champion's brother, Dave Johnson of Colorado Springs, held down second place in two-seater competition with 671 points.

Twenty-one sailplanes competed in the Mineral Wells race. Fifteen made it back.

Mrs. Ginny Bennis of East Orange, N. J., crash-landed her craft on a ranch near Fort Worth but walked away with only a sprained ankle and a bump on her head.

Mrs. Betsy Woodward of Santa Monica, Calif., the national women's champion, set a new U.S. record for girls by cruising the Mineral Wells round trip in three hours and 40 minutes.

TO THE VOTERS OF SCURRY AND BORDEN COUNTIES:

For the past eighteen months I have served you to the best of my ability as District Attorney. I respectfully solicit your vote for an elected term in this office.

It was indeed an honor to me in the July Primary to be selected the number one choice of the people in Borden County whom I serve both as district and county attorney.

Your vote for me tomorrow will be deeply appreciated.

Sincerely,
BOB DAVIE

Doubles Kings Defending Title In Meet Today

BROOKLINE, Mass. (AP)—Defending titlists Frank Sedgman and Ken McGregor of Australia resume action in defense of their national doubles crown on the Longwood Courts today after sitting out a day of competition which saw no major departure from form.

The Aussies, holders of the Eastern and Wimbledon Championships, meet Straight Clark of Pasadena, Calif., and Luis Ayala of Chile in one of staggered quarterfinal tests.

In the other men's quarterfinal Davis Cupper Herb Flam, Beverly Hills, Calif., and Frank Guernsey of Garden City, N. Y., take on the young Australian sensations Lewis Hoad and Ken Rosewall.

Yesterday's quarterfinal play in the other bracket was featured by a five-set tussle between veterans Gardnar Mulloy of Miami and Billy Talbert of New York and 18-year-olds Hamilton Richardson of Baton Rouge, La., and Bob Perry of Los Angeles. The veterans are top-seeded domestically with the teen-agers seeded fifth.

Mulloy and Talbert finally prevailed in the contest of youth versus experience, 3-6, 6-4, 9-7, 4-6, 6-4.

Vic Seixas of Philadelphia—top-ranked American-and Australian Mervyn Rose gained the fourth quarterfinal berth with a straight sets triumph over a pair of 23-year-olds, Grant Golden of Chicago and Sidney Schwartz of Brooklyn, N. Y., 6-1, 7-5, 6-4.

Another doubles combination that enjoyed an off day yesterday, thanks to the good weather which permits staggering of the matches, is that of Maureen (Little Mo) Connolly of San Diego, Calif., and Louise Brough of Beverly Hills, Calif.

That second-seeded tandem returns to the court today in a semi-final against Mrs. Nancy Chaffee Kiner of Palm Springs, Calif., and Mrs. Thelma Long of Australia.

The other half of the women's bracket was completed yesterday as defending champions Doris Hart of Coral Gables, Fla., and Shirley Fry of Akron, O., whipped Mrs. Katherine Winthrop McKean of Hamilton, Mass., and Mrs. Bab Lewis of Newton, Mass., 8-6, 6-2.

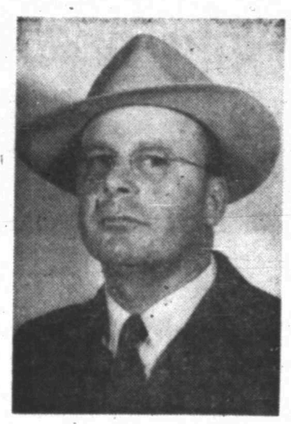

Good Fishing Continues At Texas Tourney

PORT ISABEL, Aug. 22 (AP)—Catches continued good here today as the Texas International Fishing Tournament entered its second day.

Two sailfish, a small tarpon and more than 100 king mackerel were among the catches hauled in yesterday as 43 fishing craft took part.

Prizes will be awarded Sunday. The tournament continues through tomorrow.

HOMER WHISNAND

HOMER WHISNAND

To the voters of Scurry County I want to express my sincere appreciation for the vote of confidence that they gave me in the first primary.

Leading the ticket by 302 votes on a ballot with six men seeking the Sheriff's office could only have been done through the help and good words of my many friends and neighbors.

Three-Fourths of the voters of this county voted for a change in the Sheriff's office. I sincerely solicit the support of these and other county voters in the Run-Off Primary.

I have endeavored to make a clean race for this office. It is not my policy to do or say anything that would cast reflection on my opponent or any other candidate for any office. I seek his office on my own qualifications and promise that if elected I will do everything to run the office in the clean manner that I have conducted my campaign. Fairness to everyone and discharging the duties of the office properly will always be my policy.
