DIRECT ROAD TO SEAGRAVES IS PLANNED

Loboes To Hold Practice Session Today

**Team To Be Ready
For Opening Tilt
At Seasons Open**

**Work On Grandstand
And Park Is
Pushed**

With the arrival this week in Lamesa of several players who will be on the Lamesa Lobo baseball team this season, this town's entry in the West Texas-New Mexico League, is getting started.

Jodie Tate, playing manager of the Lobos is here and unless the weather was too bad today, the first practice workout was scheduled.

Plans call for daily practice at the new field on the Fair Grounds, where much action is promised. Fans will have their first chance to see the town's representatives any afternoon from now until the season opens.

Tentative schedule calls for the league to open in Lamesa with Abilene as the visiting team, on Tuesday, April 25th. Present plans call for the first few home games to be played in the afternoon, as lights will not be installed by the time the season opens, as it will be impossible to have them in operation at that time. Their installation is being rushed and will be ready for use shortly after opening day.

A large crew of men is at work on the grandstand and park and this should be ready in ample time for the first game.

Statements Reveal Banks In City In Best Of Condition

**Nearly Two Million
Dollars Are On
Deposit**

Your attention is called to the bank statements of Lamesa's two banks in this issue of the Courier.

Although deposits are not as large as at the end of 1938 when the last call was made, the two statements probably reflect the best condition for this time of year, in the history of Dawson County.

The combined deposits amounts to \$1,763,399.02. Total cash quickly available amounts to \$1,669,712.94, while loans and discounts total \$486,219.61.

Deposits at the close of business last December 31st totaled \$2,035,711, while cash and quick cash totaled \$1,540,744.

HAROLD COWGER JOINS JOHNSON GULF STATION

Announcement is made this week that Harold Cowger, well known local mechanic has been employed to take charge of the repair shop at the Pool Johnson Gulf Station and Grocery, located across the street north from the CCC Camp. Mr. Cowger is widely experienced in his line of work and many motorists of this section are acquainted with his high type of service. See their ad in this issue of the Courier.

JOE MEDLIN BACK IN BED

Joe Medlin, whom it will be recalled, was seriously injured when run down by an automobile just before Christmas, was forced back to bed this week, following an X-ray taken of his lower limb, which showed four breaks. He will have to remain in bed for about two weeks, when a new cast will be placed. Doctors say that in time, however, he will be sound and well again.

Buck Curry, of El Rancho Dos Casas, in Gaines County, was in Lamesa Wednesday.

Among The Younger Set

PHOTOS BY ASH STUDIO

This week the Courier is happy to present the ruler for the Younger set in this territory for the week. He is David Lynn Lee, son of Mr. and Mrs. Howard Lee of Lamesa. He will be a year old on the fifteenth of this month. He has brown eyes and hair.

District Court To Open Here Monday In Spring Session

**Judge Louis B. Reed
To Empanel
Jury**

The Spring Term of the Dawson County District Court will open for its regular session on Monday morning of next week.

Judge Louis B. Reed will be on the bench. It is expected that the Grand Jury will be empaneled on the opening day.

It is understood that there are no sensational cases to be tried at this term, but there will be several criminal as well as civil cases to be disposed of.

Under Judge Reed's jurisdiction, the docket of the court in Dawson County has never gotten very far behind.

TO OPEN CREAM PARLOR HERE

Announcement is made this week by Felix and Andy Gilcrease that they will open an ice cream parlor next week in the Broughton building on North First Street, formerly occupied by Hodge and Powell.

They will make their own ice cream, according to the announcement and expect to be in operation by the latter part of next week.

Watch the Courier next week for their announcement.

FUR EXPERT TO BE IN LAMESA ON THURSDAY

Announcement is made this week by Collins Dry Goods Company that they have made a connection with a reputable fur house and are in position to take care of their customers in remodeling and repairing, and storing furs.

On next Thursday, April 13th, Mr. Mulvany, who is a fur expert will be at their store and will advise with their customers as to fur repairs and remodeling. Your attention is called to their ad in this issue.

Mr. and Mrs. Eldrid Travis spent the week end at Ralls visiting with relatives and friends.

Daw-Tex Well Will Resume Drilling Using Standard Tools By Next Saturday

HANES WILL USE COURIER ADVERTISING

Beginning this week the Dawson County Courier is again being used exclusively in this territory to advertise Haynes Underwear.

The advertising is being placed through N. W. Ayer & Son, one of the oldest and largest advertising agencies in the United States.

National advertisers in choosing a paper to use, are interested only in the results they can obtain, and when they select a certain paper, it is because that paper can get results, and those results are carefully checked.

The Courier is proud of this national recognition, which simply means that for best advertising results, it pays to use the Courier.

Expect To Complete School Buildings During This Month

**Work Is Being Rushed
As Brick Work
Completed**

The work on the new school buildings for Lamesa Independent School District is progressing nicely. The interior work on the building known as the new elementary school is going along rapidly. All brick work on the gymnasium is completed, and floors and roof are being put in place. The electrical and plumbing work is being installed and the heating plant lacks little of completion. The equipment to be included in the general construction has arrived and will soon be installed.

No date has yet been set for formal opening but is expected to be announced in the near future.

The board has called for class room and other equipment bids to be opened on April 18th.

Lamesa Creamery Offering Unique Service To Dairys

The Lamesa Creamery of this city operates on a rather unique plan. They handle milk from local dairymen, pasteurize and distribute it, without the dairymen having to bother with the bottling and distributing.

They make all collections and pay the dairymen for his milk in the bulk. They now have lined up with them and furnishing milk for them, J. M. Peterson, C. M. Borden, J. E. Peterson and L. Berry.

See their ad in this issue of the Courier.

NEW BABY GIRL

Born to Mr. and Mrs. D. S. Gilcrease a ten pound daughter, on March 22nd. The little lady has been named Joan Marie.

Mrs. Doyle Shillingburg and Miss Olena Shillingburg spent Saturday in Big Spring attending to business.

MRS. AVRIETT IS IN HUNDRED THOUSAND CLUB

Mrs. Elizabeth Avriett

Mrs. Elizabeth Avriett, who has appointed agent for the Amicable Life Insurance Company in Lamesa and Dawson County, around eighteen months ago, has made a most enviable record.

Her first full year with the company, she made the coveted One Hundred Thousand Dollar Club and this week received her pin showing that she is a member of this club for this year. To make this club an agent must sell at least \$100,000 in a year. That Mrs. Avriett, who had never sold insurance prior to her appointment with Amicable was able to make this club, is really an accomplishment of which she may feel justly proud.

Mrs. Avriett came to Lamesa 17 years ago, and since that time has possibly done more for the Women's Clubs of the town than any other individual in Lamesa. She has given much of her

(Continued on Back Page)

NEW GROCERY TO OPEN HERE

Announcement is made this week by H. L. Anderson of the opening of the Farmer Food Way in Lamesa next week in the Broughton building next to Lindley Drug on North First.

They will carry a complete line of groceries, fruits and vegetables and plan to be open by the latter part of next week.

Whitlow Battery Adds Equipment

Announcement is made this week by Joe B. Whitlow, owner of Whitlow's Battery and Electric Shop, that much additional equipment has been added recently, bringing their shop up to as good as any in West Texas.

They specialize in battery and motor tune-ups, as well as all types of magnetos.

They own their own building, erected last summer, located first door north of the city hall on the highway. See their ad in this issue of the Courier.

Richard Davis Is Installing Modern Radio Equipment

Richard Davis, who has been in the radio business for the past seven years and who was formerly with Canon Variety Store here, this week announces the installation of new radio repair equipment in the Carrol Davis Gulf Station, on North First Street.

He has installed a complete set of analysis and aligning equipment, as well as a complete stock of tubes and parts for all makes of radios. He is inviting his friends and former customers to visit him, in an ad in this issue of the Courier.

Proposed Route Would Intersect Brownfield Road

**Gaines County Would
Meet Road At
Line**

An important announcement was released this week in Lamesa, relative to the securing of a paved road direct from Lamesa to Seagraves.

The road to Brownfield, which is now under construction, would be 'tapped' at a point almost directly east of Seagraves and paved from that point to the Gaines County line, if plans materialize. It is understood that Gaines County has already signified their willingness to pave a road from Seagraves to connect with the Dawson County line at that point. This would give a direct connection from Lamesa to the Gaines County oil fields, and with the completion of Highway Fifteen in Gaines County, a direct connection with Seminole will be realized within the next few weeks.

A survey of the proposed route to Seagraves has been asked for. It is thought that it will only be necessary to secure about two miles of additional right-of-way on the project. It is approximately five miles from the point where the road would branch to the Gaines County line.

Caliche base has been completed for several miles on the Brownfield road, and grading and drainage structures are going rapidly forward on several miles more.

Lamesa Rotarians Organize Club At Seminole Monday

**Charter Applied For
For Permanent
Set-Up**

On Monday afternoon a provisional Rotary Club was organized at Seminole with nineteen members.

The Seminole club is being sponsored by the Lamesa Rotary and W. B. Collins, special representative of the District Governor, together with V. Z. Rogers, J. E. Barron and G. M. Roberts, went to Seminole for the organization.

The Seminole charter has been applied for and as soon as it is received, it will be presented with the Rotary District Governor and representatives of several towns, including Lamesa, in attendance.

Mr. Collins reports a most enthusiastic meeting Monday and he predicts that upon the completion and permanent organization, Seminole will have one of the liveliest clubs in West Texas.

Miller Tire Store Features Service

Mr. Miller of the Miller Tire and Vulcanizing Company of Lamesa, has just returned from an extended visit to most all of Texas' leading cities. While away he purchased a large number of tires for reconditioning in his plant in Lamesa.

He has recently added some new equipment which will enable this firm to do even a better job of vulcanizing than in the past. Every tire they handle is guaranteed and all adjustments are made here at home without the necessity of a moment's loss in the use of your tires.

They carry the largest stock of used tires in West Texas. Look up their ad in this issue of the Courier.

Miss Estelle White, student at Tech, Lubbock, is here to spend the Easter holidays with her parents, Mr. and Mrs. Ralph White.

4-H Club Fat Stock Show A Success

Davis Piggly-Wiggly Store Buys Calf

The annual 4-H Club Fat Stock Show was held in Lamesa, Friday, and though there was not a large crowd present a fine show was held. Eight head of calves were entered in two

classes. The first class for calves weighing 851 pounds and over and the other class for calves weighing 850 pounds and less.

In the heavier class Louis Glenn Clark of the OK community placed first with a calf he secured from the John Henry Dean herd. The calf weighed 890 pounds. Ralph Burleson, the only Lamesa boy with an entry, placed second with a 1022 pound calf which originally came from the Frank Jones Slaughter herd. The calf was one year and fourteen days old.

Other boys to enter calves in the heavier class were: Jiggs King, whose

calf was raised by him and weighed 995 pounds. Bernice Smith, Hancock, one-year old calf weighing 855 pounds. Elbert Harvick with a 920 pound calf from the John Henry Dean herd.

In the lighter class, Louis Glenn Clark again placed first with an 839 pound calf from the Dean herd. Bernice Smith with a 710 pound entry and Elbert Harvick.

Five calves were selected to show at the Lubbock show this week. John Henry Dean, owner of the Dean ranch east of Lamesa, offered to fix the calves for show purposes if the club boys would bring them to his ranch. This was done Saturday afternoon and Mr. Dean and his efficient helpers, expertly prepared the animals. Mr. Dean has won many prizes over the entire United States with his cattle and is thoroughly conversant with preparing show stock.

Following the show, two of the calves were offered at auction. The first calf offered by H. H. Barron, Dawson County auctioneer, belonged to Jiggs King. Because of the lack of bidders, there being only two offers made, King rejected the offer of \$10.75 per hundred, made by Dan Davis of Piggly-Wiggly. Bernice Smith sold his calf to Mr. Davis at \$10.75. It is hoped that the next time a show is held that more bidders from among the business firms of Lamesa will be represented to lend encouragement to these boys.

Prof. W. L. Stangel, head of the Animal Husbandry Department of Texas Tech, judged the show.

A HOME MAY BE ATTRACTIVE AT VERY LITTLE EXPENSE

An appreciation and desire for an attractive home and surroundings may be had with little or no cost, consistent effort and time. The planting of a windbreak should be the first thing that one should do. It will give much protection from the wind and sand.

Windbreaks are composed largely in this country of elm trees and desert willow. Both of these trees can be grown successfully from seed. The desert willow makes an abundance of seed every year. This year the Elm trees

have made millions of seed. These seed may be gathered and allowed to dry for about thirty days, then planted and trees from 18 to 36 inches in height will be the result of one season's growth. Elm seed are very expensive when purchased.

With the seed that are available just for the gathering, every farm family in the county could have a windbreak.

FOUNDATION PLANTINGS MAY BE HAD WITH LITTLE OR NO COST

When one has more time than money shrubs of almost every kind may be rooted from cuttings and in a few years they will make a great difference in the appearance of one's home.

Cuttings made from the hardwood of shrubs such as coralberry, bridal wreath, althea, lilac, waxleaf ligustrum, privet, vitex, salt cedar, euonymus, abelia, japonica, forsythia, jasmine and lavender, are easily rooted and will make a fairly good growth in one year's time if properly cared for.

The soil for cuttings should be coarse and kept moist.

Many women have been successful in rooting shrubs in the yard by putting a frame around them and protecting them from the hot summer sun and wind. Mrs. R. L. Miller, in the Fairview community, is successfully rooting her cuttings in a box of sand placed in the house by a window. When the shrubs have enough roots and become crowded, she will transplant them to more space. Mrs. Tipton, reports that she has more than three cuttings in her bed. Mrs. C. F. Gowen supplied them.

Fifty NYA youths will soon begin part-time employment helping build a livestock and agricultural building in the city park at Mexia. J. C. Kellam, State Youth Director, has announced.

A Community Center for negro youth in Walker County has been completed under a National Youth Administration work project at Emancipation Park in Huntsville.

Do you realize we have been over 15,000 Miles On MILLER'S New Process Vulcanized Tires

I'm really glad we let Miller Tire Co., explain that New Process vulcanizing to us as we really have saved enough money for our vacation.

Another most important item in the new process is the guarantee behind his workmanship. Miller's O K on a tire is like gold in a bank. It stands up, regardless.

They also do vulcanizing for some of the largest firms or wholesale houses in a radius of 150 miles of Lamesa; Big Spring, Odessa, Lubbock, Midland, Littlefield, Levelland and a number of other smaller places.

If you want the best money can buy in workmanship, tire value and something that will save you money on your tires, just try Miller's New Process Vulcanizing on the next tire you break the fabric on or blow out. It's safe, it's economical. The smallest tire to the largest can be rebuilt by us.

You can see that this rim cut here is very dangerous . . . Miller insures your life with the protection he gives a place like that with vulcanizing.

Miller Tire & Vulcanizing Co.

HANCOCK
Mary Bob Harrell

The annual April Fool's Day celebration was held Friday at the school

house. Upon these occasions the community at large is invited to "come to school" and take part in the various games and contests. The winners hold the title of "champions" and defend these titles the following year.

At 9:00 o'clock the program began with a jacks tournament for the women. Mrs. Webb Weaver won the title of "Jacks Champion" with Mrs. John Nelson, runnerup. Mrs. Nelson placed first in the rolling pin throwing contest with a heave of 109 feet, 2 inches,

with Mrs. Oscar McLendon placing second and Mrs. N. W. Harvick taking third place. In the marbles contest for the men, Lois Stephens and Dee Phillips won a number of games to become marbles champions. In the marble contest for women, Imalene Miller and Mrs. Winifred Pruitt placed first. Mrs. Charlie Roberts and Mrs. Jack Fisher were second place winners.

The 440 relay winners were Lloyd Ball, Eugene McLendon, Archie McCurry and Elbert Harvick. Hassie Lisenbee and Dee Phillips were captains of the baseball teams, and the Lisenbee team won by one score. The Hancock baseball team lost to Harmony in another game. The Skeeter football game resulted in a tie score. In the football game between the all-stars and the first-string the score was 6-6.

At twelve-thirty the picnic dinner was served. K. Stephens, president of the school board, made a short talk, outlining the school policy, and W. F. Lisenbee expressed the community's attitude for the occasion.

The District Missionary, Rev. Strickland, was unable to be here as had been formerly announced, and the pastor, Rev. Burns delivered the message. In conference the date of the summer revival was set to begin the Friday night before the first Sunday in August.

Six members of the Sunday school had a perfect record for attendance last quarter. They were Mrs. Walter Evans, W. F. Lisenbee, Lloyd Meares, and Mary Lynn Beth, and Fred Wayland Bell.

Mr. and Mrs. W. T. Williams visited in Abilene over the week end.

Mr. and Mrs. Buren Smith and family visited Mrs. Smith's sister, Mrs. Loree Evans of Artesia last week.

Ralph Ranson and son, Lynn, made a trip to Lubbock, Saturday.

Mrs. Tommie Hamilton and Mrs. Earl Houston had as their guest last week, their father from Roby.

Mr. and Mrs. John Nelson and Lois Stephens went to Big Spring Sunday.

Mr. and Mrs. Syd Coffman and children visited Klondike Sunday.

Mr. and Mrs. John Stephens of Big Spring visited here Sunday and Monday.

Mr. and Mrs. George Fillpot were guests at the birthday dinner honoring Charles Fillpot of Klondike Sunday.

Elbert Harvick and Bunk Smith were in Lubbock three days this week where they entered their club calves in the stock show.

Willie Lisenbee of Seagraves visited here last week end.

Mrs. Harry Niles of Plainview is visiting her brother, Adrian Simpson.

ROTARIANS IN BIG DRIVE FOR DISTRICT MEET

The On-To-Big-Spring Rotary Club movement, with Owen C. Taylor, Chairman, is gaining momentum, quite a few having expressed themselves that the club should and would have a 100 per cent attendance at Big Spring during the afternoon of May 8th. This will be some record for the Lamesa club and for which they will receive more publicity than anything they could do. Elmo Wasson, the sponsor of the Lamesa club is very anxious and interested in the Lamesa Club doing just this thing.

Plans are rapidly being completed by the Rotary Club of Big Spring for the entertainment of Rotarians from the 51 Rotary Clubs in the 127th district of Rotary International at the annual district conference to be held there May 7, 8, and 9.

Delegates from every club in the district and a number of prominent Rotarians from other parts of the country are expected to attend the conference. The address of Frank C. Barnes of Manitowish, Michigan, who will officially represent Rotary International at the conference will be one of the features on the conference program. Other events will be the All-Conference luncheon, the Governor's Ball, and a barbecue for about 700 Rotarians and their wives.

Linton H. Estes of Wichita Falls, District Governor of the 127th district for the past year will preside at the program sessions of the conference. One of the important matters to come before the conference is the selection of a nominee for district governor for the coming year to succeed Governor Estes. The conference nominee for district governor will be formally ratified by the convention of Rotary International to be held in Cleveland, Ohio, June 19-23, 1939, and the new governor will take office July 1. The person

chosen to this position, in his capacity of district governor, is the official representative of Rotary International in the 127th district.

Seventy-three such gatherings are being held in the United States and Canada this spring, and 31 others in countries outside North America. Total attendance at all these district conferences is expected to exceed 60,000 persons, as they are the most important gatherings of Rotarians during the year in each district.

**WINS TEXAS RELAYS DISCUS
THROW LAST SATURDAY**
(By Texas Capital News Service)
AUSTIN—Jack Hughes, University

of Texas sophomore from Lamesa, won the discus throw with a toss of 151 feet 6 inches at the Texas Relays here Saturday. Last year the event was won by Hugh Wolf of Texas with 143 feet 2 inches. The relay record is 163 feet 3 inches by Petty of Rice in 1935.

Coach Clyde Littlefield calls Hughes an Olympic prospect for 1940. The Dawson county lad weighs 240 pounds and is blessed with long arms. Railbirds watching him in practice have been heard to remark that if he ever gets his timing exactly right he is liable to toss the plate out of the lot. With no more years of college before him, Hughes is expected to go a long ways with the discus.

ROTARY CLUB LADIES NIGHT NEXT FRIDAY

There will be no regular noon meeting of the Lamesa Rotary Club this week, but instead, ladies night will be observed Friday night.

The Somers Hotel (formerly the Williams) regular meeting place of the club, will be the scene of the ladies night program.

A splendid program has been arranged, including a lecture by Dr. Beddoe, brother-in-law of Dr. and Mrs. R. F. Nix of this city, world traveler and lecturer. He is manager of the Stout Memorial Hospital in Wuchow, China, and president of the Wuchow Rotary Club. This part of the program alone, should insure an overflow crowd.

PATTERSON TO HANDLE ICE

Patterson Food Store, located at the corner of North Fourth and Bryan Streets, announce that they are getting their ice box in shape and will be ready to serve their customers with ice in the next few days.

This will be a great convenience to the people in this neighborhood, as it will save them much time and the trouble of going across town to secure ice.

This popular firm also handles a complete line of groceries, vegetables, and meats. See their ad in this issue of the Courier.

Piggly-Wiggly Has Very Attractive Vegetable Display

A representative of the Courier was in Dan Davis Piggly-Wiggly store Friday morning of last week, and had occasion to view the wonderful display of fresh vegetables which this popular store carries.

They advertise as "Dawson County's Garden," and after seeing the tremendous stock which they carry, the phrase aptly describes the display.

They have the largest vegetable rack of its kind in the state of Texas and can care for a tremendous stock.

See their ad in this issue of the Courier.

MEEK GROCERY NOW OCCUPIES NEW QUARTERS

Meek Grocery opened for business Monday morning in their new building at the corner of North Fourth and Bryan streets.

This building was only completed last week, and was especially built by Mrs. Meek to house her grocery and service station.

She formerly occupied a building on North Main Street in downtown Lamesa.

BAND GOES TO PLAINVIEW TO ENTER CONTEST

The Lamesa High School Band, under the able direction of Conway E. King, went to Plainview Thursday to compete with about forty other bands in this district in a band contest.

The band will play two contest numbers on which they will be judged. They went in six cars and a bus and besides Mr. King, they were accompanied by Mr. Neie, teacher in the High School, who will assist King.

Four members of the band will not be required to compete in the Clarinet Quartet Contest, in view of the fact that three of them are former winners, and therefore eligible to enter the National contest to be held in Abilene at a later date. They are Bob Crawley, J. D. Dyer Jr., and Russel Clark, who have won before. The new member of the quartet is Miss Sarah Eiland. Conway King, amiable director of the Lamesa band, has built a wonderful musical organization in Lamesa and is to be congratulated.

Lamesa Polo Team Wins Round Robin At Lubbock Sunday

The Black Shirt Polo Team from Lamesa was winner in a round robin polo meet at Lubbock Sunday, over Lubbock and Plainview.

Riding for Plainview were Blackie Norris, Ed Bradley, Marvin Sherburn, and Bob Krinschaw. For Lubbock, Kenneth Smith, Charles Guy, Doyle Beasley, Murphy May and Claud Hurehitt.

Lamesa riders were Lynn Parkinson, Gus White, Elmo Smith and Bryan Flukerson.

Gus White set the pace with three goals. Elmo Smith, Lamesa's right hand defense making a back ground second to none, says polo fans. Bryan Flukerson's million dollar back stroke goal brought the Black Shirt total to 9, Lubbock scoring 5 and Plainview 3.

Lubbock plans to meet the Black Shirts on the Lamesa field, Sunday, April 9.

Durwood Peterson of Tech, Lubbock, is here spending the Easter holidays with his parents, Mr. and Mrs. Peterson.

COMMITTEES ON DAIRY DAY IN MEETING

At a meeting held in the Home Demonstration Office, Friday afternoon, all Dairy Day Committees met with County Agent and Home Demonstration Agent. Plans were perfected for the Dairy Day Program to be held in Lamesa, Friday, April 14th.

Entries in the Dairy Day Program can be made up until 9 a. m., Friday, April 14th. Dairy cattle to be shown may be either registered or not. No awards will be made on "individual rating" but all animals shown will be classified as to the grade or type, conformation, etc. Each animal classified as excellent, good, etc., will receive a ribbon.

Males 12 months and older will be classified and females 6 months and older will be classified according to ages. No entry fee will be required.

Awards will also be made on dairy products such as milk, cream, cheese, and butter. Each exhibitor is requested to enter two samples of each exhibit, i. e., 2 pounds of butter, 2 quarts of milk, etc. Each entry will be classified on quality, cleanliness, etc., and ribbons awarded according to classification.

Judging contests, with suitable awards, for the spectators will be held. Anyone wishing to enter may do so. Complete rules were given in the last issue of the Courier.

Better Cotton For County Discussed At Monday Meet

A meeting of Dawson County cotton farmers was held in the District Court room at 2 o'clock Monday. Due to the fact that B. J. Baskin, County Agent, was at Lubbock at the Fat Stock Show, the meeting was held by Fred A. Reese, administration assistant of the Dawson County A. C. A.

A talk on the improvement of the quality of Texas cotton through the medium of the one variety cotton communities was discussed by E. A. Miller, Agronomist of the Extension Service of Texas A. and M. College.

Mr. F. E. Lichte, Cotton Gin Specialist of the Extension Service, discussed the needed improvements in picking, ginning, compressing and shipping of Texas cotton.

Thirty-five farmers attended the meeting and showed much interest in the suggested program.

MANY FARMERS ATTEND MEET LAST TUESDAY

Three hundred and seventy-five Dawson County farmers attended a Farm Organization meeting in the District Court room last Tuesday afternoon.

Due to the fact that Mr. C. H. Day, president of the Texas Agricultural Association, was called to Washington, Mr. Fred A. Reese, Administration Assistant of the Dawson County A. C. A. called the meeting to order and discussed needs for farmers organizations. A great deal of enthusiasm was displayed by farmers in attendance.

DYER TAKES OVER GE REFRIGERATOR AGENCY

Announcement is made this week that the Dyer Hardware and Auto Supply Store is the new Lamesa dealer for General Electric Refrigerators.

These popular refrigerators have been handled by Carnett Radio Sales, and after their sale last week to Earnest and Nix Motor Parts, the dealership was taken over by Mr. Dyer. He had hesitated to take over an agency for a refrigerator, because he could not get just what he wanted, and when the GE dealership was opened he lost no time in signing up for it.

Your attention is called to their ad in this issue.

RE-ELECT TWO TRUSTEES FOR LOCAL SCHOOL

Messrs. Lee Billingsley and T. D. Randle were re-elected to Lamesa School Board membership for three year terms last Saturday. The vote was light but unanimous as each received all of the 20 votes cast.

The officers of the Board were also re-elected at Tuesday night's meeting. They are W. K. Crawley, president, W. D. Arnett, vice-president, and Fred B. Sanders, secretary. Other members of the board are Sam Richardson, J. H. Harp, Lee Billingsley and T. D. Randle.

1ST NATIONAL INTERIOR IS REFINISHED

All interior fixtures and furniture of the First National Bank were completely refinished this week.

The bars and grill work are neatly finished in gold and aluminum which adds much to the appearance as well as light to the entire building.

Tom Farrow, local painter, did the work, after banking hours Saturday, and until the bank opened for business Monday morning. The light fixtures which hang by chains were also refinished.

CARD OF THANKS

Words cannot express our gratitude to the many friends and neighbors who were so wonderful during the illness and death of our husband and father. Your tender care of him and kind assistance and sympathy to us will always be remembered. May God bless each of you in our humble prayer.

Mrs. Leatherwood.

Mr. and Mrs. Bush Leatherwood.

Mr. and Mrs. Auster Leatherwood.

N. B. Leatherwood, Jr.

Wayne Leatherwood.

SPECIAL MENU IS OFFERED AT SOMERS HOTEL

Your attention is called to the ad of the Somers Hotel in this issue of the Courier, in which they announce the serving of a special Easter Dinner at their hotel next Sunday.

This hotel was formerly the Williams, until its recent purchase by Mr. and Mrs. Fred Pfeuffer. At that time the name was changed from the Williams to the Somers.

They are offering a special Easter Menu. Look up their ad in this issue.

LIBERTY

Sunday school and League were well attended Sunday. Everyone is invited to attend these gatherings.

Newton Bowles visited Elgin Davis Saturday night and Sunday.

Mr. and Mrs. Arnold Bedwell and daughter, La Vine, visited Mr. and Mrs. Bob Johnson, Sunday.

Dorothy Davis spent Friday night with Betty Corley.

David Lee Barron visited school, Monday.

Mr. and Mrs. R. T. Bedwell and son visited Mr. and Mrs. Ira Glasscock Sunday.

Fern Crumpton visited school Friday. Mrs. J. H. Crumpton entertained her daughter Fern with a birthday party one day last week. Twelve children were present. Games were played and refreshments were served afterwards.

Everyone reported a nice time.

There will be an Easter program at Nolan Chapel. Brother Jack Thompson will preach.

James Brewer of the C. C. C. Camp in Lamesa is visiting his sister, Mrs. J. H. Crumpton.

Mrs. Hayden H. Barron and children went to Big Spring, Sunday.

Mr. and Mrs. B. B. Curry of Seminole were business visitors in Lamesa Monday.

BILL ROBERTS WILL MOVE TO NEW QUARTERS

Announcement was made this week that W. E. (Bill) Roberts has leased the Courier building on North First Street, formerly occupied by Carnett's Radio Sales, and will move his barber and beauty shop to the new location some time this month.

This firm now occupies a building at 806 North First Street. The new building is modern in every respect, with glass tile and oriental stucco front. They expect to be installed in the new place not later than May 1.

BILL KUBLE IS WITH EARNEST MOTOR PARTS

Bill Kuble, who for the past several months has been with the Carnett Radio Sales in Lamesa, has accepted a position with Earnest & Nix Motor Parts. In a deal consummated last week they purchased the Carnett store in Lamesa and moved the stock and fixtures to their store on the west side of the square. Mr. Kuble is a radio technician and will have charge of all radio repair work for the Earnest & Nix store.

Paul Hobbs, who was also formerly with Carnett's, is moving to Abilene.

Dr. Hall Cutler Will Hold Health Clinic Monday - Tuesday

Dr. Hall W. Cutler, Lamesa Chiropractor, announces another free Health Clinic at his offices in the Nix building, beginning next Monday morning and running through Tuesday.

Dr. Tanner, well known diagnostician and technician will conduct the clinic, which is absolutely free to one member of each family. He will bring with him a Pathoclast, a scientific diagnostic instrument, which is the latest scientific gift to suffering humanity.

Look up his ad in this issue of the Courier and plan now to attend this clinic.

YATES GETS CARLOAD OF ELECTROLUX

E. R. Yates Hardware Company, of Lamesa, this week unloaded a solid carload of Servel Electrolux Refrigerators.

The Yates Company are the only refrigerator dealers in this section of the country who handle these boxes by the carload.

They handle both the gas operated, as well as the kerosene operated boxes. They have a large ad in this issue of the Courier, which contains some interesting facts about this unique refrigerator.

DEWEY DAVIS GETS ANSWERS TO TURKEY AD

Davis Sanitary Hatchery this week completed the installation of a mammoth 1939 Robbins Incubator.

In an ad in the Courier last week, Mr. Davis announced that this new unit had a special compartment for hatching turkey eggs. He stated this week that he has either received eggs, or inquiries, from Dawson, Lynn, Martin, Howard and Gaines counties as a result of this announcement.

V. E. Downing and Ray Davidson, from the factory in Denver, Colorado, were here this week to supervise the installation and the big machine was set in operation Tuesday afternoon, and several hundred turkey eggs were set.

TWO SETS OF TWIN CALVES IN ONE MONTH

G. W. Williams, who lives three miles northeast of Ackerly, in Borden county, reports the birth of the second set of twin calves on his farm during the month of March.

The unusual part is that both sets of twin calves are heifers. Twin calves are more or less a rarity and when it occurs twice in the same month on the same farm, it is an item for Ripley's Believe It Or Not.

Mr. Williams reports that one set is identical twins, while the other differs considerably in appearance.

John G. McBride of Tech, Lubbock, is here spending the Easter holidays with his parents.

Mr. and Mrs. Robert McKee of Crosbyton spent the week end here visiting Mr. and Mrs. Phillip McKee.

T. M. Sims and son, J. P., of Seminole, were shopping in Lamesa Wednesday.

HIGGINBOTHAM

There were 94 at Sunday school and church services. We missed you if you were not there. Come next Sunday and bring some one with you. We are glad to have new members and visitors are always welcome.

The cooperative meeting began Sunday night. Rev. O. C. Curtis of Seminole is doing the preaching with our pastor, Rev. C. M. Curry and our Baptist pastor, helping. All services have been well attended. You are invited to come. We are glad to have visitors from other communities to attend.

The W. M. S. and the W. M. U. were postponed this week as the meeting was going on. Our next meeting will be Wednesday, April 19. All ladies and girls are invited.

Those visiting Mr. and Mrs. C. A. Jordan Sunday were Mr. and Mrs. L. J. Jordan, Mr. and Mrs. Thorn, Mrs. M. E. Sloan, Mr. and Mrs. L. Marcus, Mr. and Mrs. L. A. Montgomery and son, Mr. and Mrs. Roy Cook and Alton and Iva Jordan.

Mr. and Mrs. L. M. Baxter and Edgar Knobles visited Phillip and Ellenora Knobles, Sunday.

Mrs. Huddleston, Mrs. E. P. Baxter, and Mrs. Alton Stevenson visited Mrs. Lester Lewis, Monday.

Mr. and Mrs. D. P. Huddleston and family were dinner guests of Mr. and Mrs. Norman O'Brien, Sunday.

Mrs. Edd O'Neal left Saturday for Brownwood where she will visit with her sister.

Mrs. John Webster was brought home from a Lamesa hospital Saturday where she has been very ill. She is much improved.

Mr. and Mrs. Warren Stanford of Belton visited his uncle and aunt, Mr.

and Mrs. Luther Preston last week. Mr. and Mrs. Huddleston visited Rev. and Mrs. Guest of McCarty, Thursday. Mrs. T. L. Smith visited Mrs. W. A. House, Monday.

Those visiting Owen Smith Sunday were Mr. and Mrs. W. E. Archer and son, Mr. and Mrs. J. W. Archer and Mrs. Billie Agin, all of Big Spring, Mrs. C. L. McDaniel and son of Munger, Mr. and Mrs. W. P. Cozart, Mr. and Mrs. A. M. Archer and family and Mr. and Mrs. E. L. Cozart.

Mr. and Mrs. T. L. Smith visited relatives in Lubbock, Sunday.

Clarence Blackstock, James Robertson, Bill Hillman and Glenn Cozart visited Mr. and Mrs. Tolbert Blackstock and family, Sunday.

Mr. and Mrs. Oswald Kellam and family of Liberty and Myrtle Preston visited Mr. and Mrs. Gary and family Sunday.

Mr. and Mrs. Brown, Johnnie Lewis, Lee Roy Bird, Billy Gary, Myrtle Preston, Muri Cozart, Burl Gary and Ira Dene Robertson visited Mr. and Mrs. J. W. Pounds and family, Sunday.

Mr. and Mrs. W. A. Lewis and family, Weldon Preston, Mr. and Mrs. E. Ham, visited Mr. and Mrs. Luther Preston, Sunday.

Opal Jack visited Vonda Lou Ramsey, Sunday.

Mr. and Mrs. Ham of Lamesa visited Mr. and Mrs. E. E. Ham, Sunday.

Mr. and Mrs. Hanard Ramsey and daughter visited Bill McDaniel, Sunday.

MIDWAY

Donnalita Love

Sunday school and church were not so well attended last Sunday. We were glad to have Mr. and Mrs. Raymond

Earnest and Mr. Wright of Five Mile at the services. Everyone be sure and come to Sunday school and B. T. U. next Sunday.

Mr. and Mrs. Bill Dean and little son of Plainview spent the week end in the home of Mr. and Mrs. Curtis Woodward.

Mr. and Mrs. J. A. Hinson and children spent the week end in Meadow visiting relatives.

The students of Mullins school enjoyed a picnic and all day outing on the ranch of Mr. Mullins last Friday. Mr. and Mrs. Elmo Muri and little daughter spent the week end in Anson.

A birthday party honoring Mrs. Claude Dean was given in the home of Mrs. Clyde Gibson last Tuesday. The hostesses were Mrs. Curtis Woodward, Mrs. Clyde Gibson, Mrs. Clifford Beard and Mrs. Elmo Muri. Refreshments were served to fifty guests.

Mrs. W. B. Burleson has returned to a Lamesa hospital for treatment.

Mr. and Mrs. B. F. Sumner spent the week end in the home of Mr. and Mrs. H. P. Bullion.

W. C. and Glendon Riddle spent the week end in Lubbock visiting relatives. Ten ladies were present at the W. M. U. meeting Monday afternoon. The purpose of the meeting was to pack a box for the Orphans home. Anyone wishing to bring something for the box may do so as late as Sunday.

FAIRVIEW

Georgia Mae Gibson

Mr. and Mrs. Bill Robinson, Mr. and Mrs. Mansil Barton visited Mr. and Mrs. John Harris, Sunday.

Miss Lillian Holt is on the sick list this week.

Mr. and Mrs. J. B. Gibson visited Mr. and Mrs. Jim Holden, Sunday.

This community wants to express their deepest sympathy to the bereaved one, Mrs. Leatherwood and children. Several from Lubbock visited in the Gibson home, Sunday.

The Choral Club is planning on going to Big Spring soon to broadcast.

T. C. Martin honored the boys that did not play hooky Friday with a fishing trip to Stanton Lake.

SHUMAKE

Audrey Whitmire

There was a good attendance at Sunday school, Sunday morning. Rev. Chester Guinn of Lamesa will preach next Sunday. We invite everyone that will be present to hear Rev. Guinn. Mr. and Mrs. J. M. Ballard and Bonnie Jo visited friends and relatives in the Mullins community, Sunday. The teachers of the Shumake school

IF YOU LIKE GOOD THINGS TO EAT
WE ASK YOU TO TRY A LOAF OF

Mead's Bread

AND BE CONVINCED. MEAD'S
BREAD IS GOOD EVERY DAY!

entertained the young people of this community with a party Friday night. Everyone reported a nice time.

Those who were dinner guests in the Truitt home Sunday were Bernice Lauderdale, Gladys and Nelda Whitmire, Christine Wilcox, Mervin and Savoy Tennyson, H. A. Wright, George Paynter and the hostess Vocal Truitt. J. M. Robinson and Roger Hartsell of Crosbyton visited Mr. and Mrs. F. M. Whitmire last Saturday.

Miss Iris Richardson and Leon Calahan were married Saturday night in Lovington, New Mexico. We wish them lots of happiness.

GAIL

La Nelle Johnson

Mr. and Mrs. Vivian Clark and Ro-

land Hamilton left for Ft. Worth Monday morning with a truck load of sheep. Ruth and Edith Freeman and Ima Nell Ball, all of Fluvana, spent the week end with Ola Smart.

Mr. and Mrs. W. S. Cathey were visitors in Snyder, Sunday.

Reva Soyn Cathey, baby daughter of Mr. and Mrs. Raymond Cathey is seriously ill in a Lubbock hospital. We hope she will soon recover.

C. C. Nunnally, Jr., of Crosbyton, is visiting his folks and friends here this week.

The three churches in Gail, the Methodist, Baptist and Church of Christ, are planning on having an Easter program at the Baptist church Sunday, April 9.

Mr. and Mrs. Jim Johnson and daughter, Dorothy Flo, Mrs. Ruby Covey

and Juanita Davison were in Sweetwater Saturday.

Mr. and Mrs. Olan Keen are the parents of a baby boy.

KLONDIKE H. D. CLUB NOTICE

The Klondike Home Demonstration Club will meet at 2:30, April 11, in the home of Mrs. R. W. Mitchell. A lesson on "The Women of the Bible" will be given.

Thirty NYA youths have helped lay 14,652 square feet of sidewalks for the city of San Saba.

At the Fort Worth Municipal Airport, sixty youths are to be employed part-time as assistant groundmen under an NYA work project.

Quail Experiment At Abilene Creates Very Much Interest

An experiment to determine if the quail population in the vicinity of Abilene can be increased by building "headquarters areas," or fenced shelters that provide the birds with sufficient food and cover, already has progressed to the stage where eventual success is indicated, and may turn out to be the key to better quail production in many other localities in West Texas, according to the April Monthly Bulletin of the Texas Game, Fish and Oyster Commission.

Twenty such headquarters areas were constructed on a tract of 2,500 acres of pasture, cultivated and bottom lands, located south of Abilene and owned by an Abilene business concern, whose cooperation made the project possible. The business concern contributed the money necessary to build the shelters—about \$200—and is cooperating in other respects.

The shelters, ranging in size up to one-half acre each, were fenced to ex-

clude cattle, planted to vegetation that would provide quail food, notably wheat, and stocked with brush piles that afforded immediate "homes" for quail, as well as refuges in which they could hide from their natural enemies. The shelters, properly spaced in the tract, provided suitable quail habitats in an area that had not, up to this time, been attractive to many wildlife species because of severe food and cover deficiencies.

After the shelters had been constructed, the test came. Twenty-four bobwhite quail were placed in the demonstration area by the Game Commission. It remained to be seen whether the quail would make use of the shelters.

A few weeks passed and Charles E. Friley, Jr., Game Manager for that region who instigated and supervised the project, made an inspection tour of the headquarters areas with Phil D. Goodrum, the Department's Director of Education and Research.

The wheat that had been planted was up. But more important, the bobwhites were making use of several of the shelters. They were eating the young wheat that had come up. It is possible that quail other than those released by the Commission will soon become aware of the sheltered areas and make them their homes.

Because the quail population in the Abilene vicinity is low, very little hunting will be allowed on the demonstration area next season. The Abilene business firm which is cooperating in the project has agreed to restrict the total take of quail on the demonstration area to 40 per cent of the total population next season. A census of the population will be taken by Game Manager Friley not more than four weeks before the hunting season opens to determine the population of the area. With this system of controlling hunting in effect, plenty of birds will be left for brook stock after the hunting season. During the hunting season all hunters will report their bags to an official of the cooperating concern, and when the stated 40 per cent of the population has been removed, hunting will cease.

The quail that were released on the area were banded in order to permit Manager Friley to study the survival of the birds, their movement from one location to another, and other activities. Meanwhile a close check will be kept on each shelter to note the presence of a making changes in the fence of wildlife species in general, and vegetational set-up if such seems necessary. It should be added that the farmers living on the demonstration area, who lease their property from the favor of the project, and have agreed

to cooperate. They will widen fences along cultivated fields to provide additional food and cover where this practice will not seriously interfere with normal operations, and in other ways contribute to the project.

"The project is being watched with great interest, because it is a splendid example of what can be done to increase wildlife species when city sportsmen and business men lend a helping hand," the Bulletin declared.

A SPRING TONIC FROM THE FRAME GARDEN

That drowsy feeling, and ill disposition which mothers used to correct by giving a "through of medicine" in the spring, may now be cleared up by going to the back yard or to the side of the house instead of the drug store.

Just a small plot of ground with a frame around it and covered with cheese cloth may be planted to early greens, radishes, carrots, beets and onions. This little garden may be planted five times a year thus making it possible for a family to have fresh vegetables most of the time. One woman who was enjoying greens late in the winter remarked "It is health insurance for my family."

Between thirty and fifty gardens have been built in the county. They vary in length from 10 to forty feet and all are about 4 feet wide.

Bulletins giving complete information on the construction and planting plans may be had at the county home demonstration agent's office.

KLONDIKE H. D. CLUB STUDIES "QUICK BREAD"

"Home ground corn meal contains husks that are needed in your diet," said Miss Mattie Phenix, county home demonstration agent, to the Klondike Home Demonstration Club, in the home of Mrs. G. F. Thorp, at 2:30, Tuesday, March 28.

Meal and flour have a tendency to pack and you must sift each before measuring. The typical Southern Corn Bread is made of corn meal, eggs, and milk. These recipes are recommended by the State Department of Home Economics:

Corn bread: 1 cup meal, 1-2 teaspoon salt, 1 cup buttermilk, 1 tablespoon fat, 1 egg.
Whole grain muffins: 1 1-2 cup whole wheat flour, 2-3 cup white flour, 1-2 teaspoon salt, 3 teaspoons baking powder, 1 egg, 1 cup sweet milk, 2 to 4 tablespoons fat, 2 tablespoons sugar.
Biscuits: 3 cups flour, 2 teaspoons baking powder, 1-2 teaspoon soda, 1

teaspoon salt, 4 to 6 tablespoons fat, buttermilk to mix.

Seven visitors, Mrs. L. A. Sasser, Mrs. George Teague, Mrs. Beryl Teague, Mrs. Seldon Medford, Mrs. Martin, Mrs. Noble Rutledge and seven old members were present.

An NYA work project has been approved to employ thirty Ellis County youths helping build bleachers, a baseball diamond, and backstops at the City Park in Ennis.

Free Health Clinic

Beginning Monday, April 10 and 11, Dr. Tanner will be with us two days. You should call for appointment.

These free health examinations include a thorough analysis and explanation of your entire system, given on a Pathoclast, a scientific diagnostic instrument, of the very latest type, different from anything that has ever been in Lamesa before, by an expert technician.

By the use of this instrument we are enabled to find the location and cause of your trouble without it being necessary for us to ask you one question regarding your condition, or for you to remove any clothing. Married women should be accompanied by their husbands so that both may have a thorough understanding of the examination.

Absolutely Free to One Member of the
Family Without Charge or Obligation!

Second Big Weekly Auction Sale Of Cattle Sees More Than Four Hundred Sold

The second weekly auction sale of cattle held at the Dawson County Auction and Commission Company barns in South Lamesa, was almost equal in interest and volume to the opening day, according to information released this week. About four hundred head of cattle were run through the ring Monday, bringing their owners about \$12-000.00.

There were more individual sellers as well as more buyers than were present at the opening sale.

The horse and mule sale will be held Friday, but according to the management, they will only be held as long as there is a demand for them, pointing out that the season on this type of livestock is about over, and it may be that interest will not permit holding them much longer, at least until fall.

They are also inviting the people of this section in an ad in this issue of the Courier, to list whatever they have to sell with them, as they have many buyers for various things.

"We can sell almost anything the people have to offer, because we have many buyers for many things," stated

E. E. Barron this week. "We have had calls for various types of cattle, such as Jersey bulls, good milk cows, etc., and if the people who have these things to sell will list them with us, we can probably find them a buyer."

Another big cattle sale is scheduled for next Monday.

Airport Improves Golf Course Here

Workmen are busy this week improving the fairways and working over the greens of the Airport Golf Course located on the Mac Hancock tract about six miles north of Lamesa.

This club, organized only last year, has a large membership, and according to reports from club officials, there will be even a larger membership this year than last.

When work is completed their course will be in the best possible condition.

Earl Jacobs of Tech, Lubbock, is here spending the Easter holidays with his parents, Mr. and Mrs. A. E. Jacobs.

BEARDEN BEING ADVOCATED FOR LION GOVERNOR

A. G. BEARDEN

The Lamesa Lion's Club, in conjunction with several neighboring cities, are holding a meeting this week to push the candidacy of A. G. Bearden for District Governor of District 2-T.

Mr. Bearden has been very active in Lamesa's social, civic and religious life and has been a most active member of the local Lions Club for several years. He is secretary-manager of the Lamesa Chamber of Commerce.

CLUB BOYS GO TO STOCK SHOW

Four Dawson County 4-H Club boys carried five Hereford calves to the South Plains Junior Fat Stock Show Monday at Lubbock.

Lewis Glenn Clark won 5th in the lightweight division of Beef Calves. Albert Harvick won 16th with his calf in the same division.

Dawson County 4-H Club won 4th place in the "Group of 5" calves shown by one county.

Bernice Smith and Ralph Burleson also carried their calves as individuals and in the "Group of 5."

MRS. AVRIETT

(Continued from Front Page)

time and thought to this work. She served as President of District Seven Women's Federated Clubs for three years and two years as Vice-president of the Texas Women's Federated Clubs.

She has always been a leader in all civic, as well as religious enterprises in Lamesa and is well and favorably known, not only in Lamesa and Dawson County, but over a wide section of Texas as well.

In her insurance work she has also made the App-A-Week Club for the past 84 consecutive weeks. To be a member of this club an agent must sell at least one policy each week from Monday morning to Saturday night.

Mrs. Avriett, who is known in insurance circles as the "Amicable Lady of Lamesa and Dawson County," has a message in this issue of the Courier in the form of a large ad, which may be found in another place in the paper. Look up her ad and if you need insurance of any kind you will find her most congenial.

Winter Pays Final Visit Accompanied By Sleet And Snow

Strong Wind Driving Heavy Snow Today

Dawson County has enjoyed a wide variety of weather this week, including sand storms, rain, sleet and snow. The early part of the week saw high winds whip sand about, accompanied by thunder and lightning and showers.

Wednesday brought the first moisture of any consequence, when government gauges gave .80 inch at the CCC Camp, .58 inch at Sand, .50 inch at Higginbotham, .52 inch at W. C. Austin's place in Borden County, .60 inch at Jess McWhirter's place in Lamesa and .50 inch at Grandview. From almost every direction from Lamesa comes reports of rain in amounts up to one and one-half inches.

Thursday morning sleet and snow began to fall, after the thermometer had tumbled to a low of 35 degrees, accompanied by a high east wind. At noon Thursday the ground was beginning to show white and fears are held for the fruit crop. The moisture will greatly benefit farms of the county.

EDUCATIONAL FILM WILL BE SHOWN MONDAY

The public is cordially invited to attend a demonstration program of the possibilities of visual education to be held in the high school auditorium next Monday evening, April 10, at 7:45. This is a culminating activity of an extension class on the subject of "Visual Education" sponsored by Texas Technological College. The class is made up of about thirty students of Dawson and Lynn Counties and is instructed by Dr. L. B. Cooper, member of the faculty of the college.

The program will consist of brief talks by Dr. Cooper and members of the class and several demonstrations of the use of educational films for teaching the various subjects. Dr. Cooper will introduce the speakers and announce the films to be shown. Mrs. J. E. Barron, member of the local faculty, will give a brief survey of the visual education movement in the nation. This will be followed by "Trends in Visual Aids in West Texas," by Mrs. Paul Gooch, principal of the O'Donnell Elementary Schools. A fifteen minute reel will then be shown on either "Plant Growth" or "From Flower to Fruit."

Dr. Cooper will present a five-minute discussion on "Educational Pictures and Their Uses" and Ralph Ransom, principal of the Hancock School, will discuss "The School Journey as a Means of Visual Education." These talks will be succeeded by a thirty-minute film on either "Bringing the World to the Classroom" or "Dynamic Learning."

Henry Norris, County Superintendent, will present some plans for vis-

ual education in the county and G. M. Roberts, principal of the Lamesa Elementary School, will briefly outline progress made by the local schools on the subject. These talks will be followed by one of two feature pictures, either "The Adventures of Bunny Rabbit" or "A Trip to the Zoo." Everyone present should be interested in the film "Conservation of Natural Resources."

Mr. T. C. Martin, principal of the Fairview school, will touch on the high lights of the development of the motion picture industry in education and his talk will be followed by a demonstration on "How Moving Pictures Move and Talk." If time permits, an additional feature will be presented, on either "Rhapsody in Black" or "Favorite Selections of Carrie Jacob Bond."

This program will be of educational interest to the public and no admission charges will be made. The time has come in America when visual education is being recognized as one of the greatest possibilities in the public schools and this program proposes to acquaint the public with the movement. Citizens, school board members, and interested persons from all over the county are urged to attend.

FIRST CHRISTIAN PREACHING

Announcement is made this week that Rev. R. D. Glascock, of Enid, Oklahoma, will fill the pulpit at the First Christian Church in Lamesa both morning and evening, next Sunday. He is a forceful preacher and the public in general is invited to hear him.

Mr. and Mrs. L. R. Simon of San Angelo spent Monday here visiting with friends.

Paving On Seminole Road Delayed By Inclement Weather

Fourteen Miles Now Completed On Project

With the past several days of pretty weather, asphalt is being shot on the Gaines County section of Highway 15 at a rapid rate. Fourteen miles of the road has been completed, with only eleven miles remaining.

The bad weather which arrived this week has slowed down the progress and will necessarily delay the opening of the road to traffic.

With warm, clear weather, it will only take a few days to complete the project, according to highway engineers.

This will connect with the highway across Dawson County at the east side of Gaines County and will give a direct paved road from Lamesa to Seminole.

BARBER SHOP REDECORATES

The De Luxe Barber Shop on the east side of the square, has been completely repainted and refinished this week.

New linoleum has been placed on the floor and the walls and ceiling have been painted.

West Texas Latin Tourney Meeting Here Last Week Proves Highly Successful

The Latin Tournament held for West Texas held at Lamesa last Saturday was attended by 33 pupil contestants and nine teachers from eight schools. Two contests were held for each year of Latin taught or a total of eight contests. San Angelo Junior High School won the individual and team championships in First Year Latin; Eagle Pass High School won the individual and team honors in the second and third year contests and Midland High School took all honors in the fourth year contests. A handsome cup was awarded the winning school in each year to be retained until the next contest.

The Essay Contest results as released from the state office showed Midland winning the first year event, San Angelo, winner of second year, Eagle Pass, third year, and Lubbock High School in the fourth year contest.

The visiting pupils and teachers were entertained at luncheon, picnic fashion, at the home of Mr. and Mrs. J. H. Harp at noon Saturday, at a picture show of Latin subjects late Saturday afternoon and at a banquet at the high school at 6:30 p. m.

The teachers of Latin voted to hold next year's meeting in San Angelo by unanimous vote.

Miss Ida McCain of the Lamesa High School was the regional director. Unfortunately she was unable to be present and in her absence, Mrs. Fred Thompson of Eagle Pass presided and received the thanks of pupils and teachers for her masterful handling of the situation.

The resolutions committee reported as follows:

Resolutions of the West Texas Tournament:

1. Be it resolved that we of the West Texas Latin Tournament wish to express our appreciation to Lamesa for its hospitality and friendliness and especially to Mrs. Harp and all those who helped her serve a delicious luncheon.

2. Be it resolved that we express our sincere sympathy to Miss McCain in her illness and absence from the Tournament.

3. Be it resolved that we express our appreciation to Mr. Rogers and to the teachers for their time and work which helped to make the Tournament a success.

4. Be it resolved that we express our appreciation to the pupils of Lamesa High School for their many errands and all their work during the Tournament. Especially do we wish to thank the Home Economics girls for their nice banquet.

5. Be it resolved that we wish to thank Mrs. Fred Thompson of Eagle Pass who so efficiently took charge in Miss McCain's absence.

6. Be it resolved that San Angelo will be happy to be host to the West Texas Latin Tournament in 1940.

Josephine O'Neal.
Mary Emma Rosson.

LOCAL POET IS RECIPIENT OF RECOGNITION

National literary recognition has been accorded to Cleo Galloway, Welch Texas, whose poem "Fordward, My Country, Upward Sail" which has been accepted for inclusion in The World's Fair Anthology 1939, to be published by the Exposition Press, New York City. The author, who competed in a \$100 poetry prize contest still open to all poets, had to withstand tremendous meritorious competition in order to become one of the comparatively select few chosen for representation in The World's Fair Anthology.

The author has already achieved publication in the World's Fair Anthology 1938, the Crown Anthology 1939, and in the Lamesa newspapers.

Galloway was born on a Texas farm July 28, 1909. He has lived in the Welch community since 1923.

Mr. and Mrs. W. O. Holder and Mr. and Mrs. Jack Meeks spent Sunday in Big Spring visiting with friends.

Mr. and Mrs. Bill Underwood spent Sunday in Big Spring visiting with friends.

Factory Furnishes Demonstrator For Mowing City Lawns

The manufacturer of the Silent Yard Man Lawn Mower, each year presents their dealers, Allen Hardware and Implement Company, in Lamesa, with a mower to be used for demonstration purposes only.

"All we ask," said John Allen, Monday, "is that you call telephone No. 1, and we will be glad to deliver this mower to your home, to let you try it for yourself on your own lawn. If you like it OK, if you want one just like it we can supply you, or if you want to return it, you are absolutely under no obligations to buy."

Your attention is called to their ad in this issue of the Courier.

Miss Gloria Simon of San Angelo spent the week end here visiting with friends and relatives.

LAMESA TIRE STORE ENJOYS BIG INCREASE

"March was the biggest month in the history of our business, from the standpoint of volume of sales," stated Jack McLaughlin, of the Lamesa Tire & Battery Co., Inc., this week.

"While this is not supposed to be a larger month because of the seasonal increase, this pick-up in our volume is greatly appreciated," he said. Through the month of March this popular tire store carried a half page ad in every issue of the Courier, telling of the Goodrich Silvertowns, and other Goodrich products. This is the largest advertising campaign this company has engaged in, and much credit for the increase is given to the pulling results of the Courier.

Jack McLaughlin and Eldrid Travis, owners of the local Goodrich store, have built one of the largest tire concerns in this section.

They have the only Bean Wheel Balancer in this section. With this equipment they can tell when your wheel is out of balance and with the machine they can true it up. "If your tires are wearing on the sides, or if you car has a tendency to 'shimmy' at from 45 to 65 miles an hour, your front wheels are out of balance and it will pay you to have them fixed," Mr. McLaughlin stated.

COLLINS

S.C.S. NOTES

Scattering food on the ground for birds during severe winter weather is a good practice, but not nearly so effective as helping nature to do the job of feeding them, according to F. A. Vestal, camp superintendent of the Soil Conservation Service area located near Lamesa.

A wide variety of plants and shrubs adapted to this section can be planted on small areas about the farm so as

to provide both "board and lodging" for quails and doves and other desirable species of wildlife during the severe weather in winter and early spring.

As one phase of its program of soil and water conservation in its erosion control area in Dawson County, the Soil Conservation Service is using plants and shrubs which will serve the double purpose of controlling erosion and providing food and cover for wildlife on small, scattered areas on farms of cooperators.

By selecting a variety of such plants

which mature seed and make food available over successive periods throughout the year, conditions favorable to the development of wildlife can be provided on any farm. Many species of grass, small grains, and such shrubs as mulberry, hackberry, etc., are excellent for this purpose, it is pointed out.

Gullies and other eroded spots about the farm make ideal locations for such plantings. Other desirable sites for bird food patches include field borders, fence corners and other spaces not suitable for cultivation. Mr. Vestal states.

Much interest is being shown in this section. Many ranchers and farmers have posted their land as a demonstration game preserve to replenish wildlife.

A straight line is the shortest distance between two points, but farmers of the Lamesa Camp Area are learning that the longest way around is the surest road to crop success, according to C. W. Firestone, an engineer of the Soil Conservation Service. In other words, he says, farmers of this area are becoming more contour conscious.

Terraces, paralleled by contour rows, are being constructed on more and more farms for the purpose of conserving moisture and to check erosion. Farmers are finding that water held upon the slopes aids in obtaining more uniform crop stands and in many cases results in increased yields.

Contour furrows, plowed around the slopes of pastures, also serve to hold the water on the land where it falls and are resulting in increased grass yields.

In some instances, farmers are rearranging fences and roads on the contour. Fields are more easily cultivated when fence lines parallel the rows, while farm roads following the contour tend to eliminate gullying.

"Any practice which tends to hold the water on the land where it falls will aid in producing vegetation that will resist wind and water erosion."

Farmers in the Lamesa area this year have constructed approximately 830 miles of terraces on 25,000 acres as compared to 170 miles on 5,000 acres last year.

Most of the farms that were previously contour tilled, with the exception of those in the deep sandy area, are being terraced this year. Contour tillage has been very satisfactory from the standpoint of moisture conservation but when supported by a system of terraces, gulley erosion will be eliminated and more of the fall rains will be conserved.

These practices have also spread among farmers that are now Cooperators of the Lamesa Camp. The County Agent and many individuals have been busy all winter surveying terrace lines and every piece of equipment that is suitable for terracing has been busy in the construction of terraces.

and Peggy Merritt of Patricia visited in this community Friday night.

Mrs. Wallas Penn and little son of Munger are visiting this week with Mr. and Mrs. George Penn and family.

Mr. and Mrs. Comer Holcomb and family attended singing at Patricia Sunday evening.

Mrs. Walter Dennis who has been ill for some time is better at this writing.

Mr. and Mrs. Cecil Newland made a business trip to Lamesa, Friday.

Mr. and Mrs. Amos Painter and family of Wilson visited in the Russell home Saturday.

Mr. and Mrs. Elbert McNew of Five Mile visited in this community Sunday.

Mr. and Mrs. Bill Dossey and family attended church at Klondike Saturday and Sunday.

Mrs. J. L. Lambright who has been ill for several weeks is slowly improving.

Mrs. Bow Painter and Inez Featherston made a business trip to Midland Tuesday.

Juanice Penn spent the week end in Sterling City with Mrs. Gilkerson.

Engineers Show Will Be Held In Lubbock April 14

Displays will be many and novel when the 11th annual Engineers' Show is conducted April 14 and 15 at Texas Technological College, Lubbock.

Every department of the engineering division is planning contributions to the show.

Approximately 10,000 visitors are expected. Students at Lubbock for the district Interscholastic League contests conducted on the same dates, will be among the visitors.

Robert L. Mason, student from Post, is manager for the show and Charles F. Barnard from Tulsa is assistant manager.

Machinery of the division will be in operation.

The electrical engineering department will have charge of the lighting, and, in addition will have several displays. Most outstanding feature in that department will be the giant Tesla coil with a potential of 2,500,000 volts and from which sparks several feet long will split.

Several large testing machines will be in operation in the civil engineering department. The Olsen machine will crush concrete cylinders. Model bridges, highways and street intersections will be displayed.

A small but powerful turbine, capable of attaining speeds as high as 9000 revolutions a minute, and a 410 Pratt-Whitney radial model airplane motor obtained for display from Kelly Field at San Antonio will be among exhibits in the mechanical engineering department.

Portraits of visitors to be drawn by students in freehand will be offered as souvenirs in the architecture and allied arts department. There will be a model city, complete in every detail, constructed from working drawings made by students. The clay modeling room will be open and statues and base relief work will be displayed.

Carding, spinning, weaving, dyeing and testing will be demonstrated in the textile engineering building.

A miniature volcano, cross section of a mine, and a model of a prehistoric dinosaur and rock formations of different kinds will be on display in the geological engineering department.

Souvenirs will include silver and gold metal ash trays, small aluminum wine goblets, and photographs of visitors.

CLYDE ADAMS REFINISHES STORE BLDG.

The building of Clyde Adams, local jeweler, on North First Street, is undergoing extensive improvements this week.

The ceiling, walls and floors are being repainted, as well as all woodwork. When completed this will not only add much to the interior appearance, but will give a great deal more light.

Mr. Adams is one of Lamesa's pioneers, having been in the jewelry business here for many years. He owns this building.

Highway Baptists Have Fine Meeting

There were several new faces present in the services of the Hiway Baptist Church last Sunday, and Sparenberg was well represented at the night service.

Since their broadcast period over KBST, Big Spring, has been doubled, to allow time for a song service to precede the message, many encouraging responses containing expressions of blessing and appreciation have been received, and new listeners are being heard from weekly.

Next Sunday, Rev. J. D. Evans, of Littlefield, who was closely associated with the pastor, Jno. R. Denning, during his ministry at that place, before coming to Dawson County, will be the guest speaker at Hiway.

HOSPITAL NEWS

Mr. and Mrs. Covey Williams are the parents of a baby girl, born April 2.

Mrs. Charles Gearheart is receiving medical treatment this week.

Coke Curry of O'Donnell is receiving medical treatment this week.

Herbert Hopkins of Welch is receiving

TWO MILLIONS LOANED TEXANS

Loans to Texas home owners reached a new peak, according to the monthly report of the Federal Home Loan Bank of Little Rock, which serves the home-financing institutions in this area. During the past month loans aggregating \$2,041,843 were made to 1,009 borrowers which was a greater volume of lending done by the insured savings and loan associations in the state than in any other single month since 1932.

Approximately one-half of the loans were made to finance the building of new homes while \$604,000 was loaned to assist borrowers in the purchase of existing dwellings. Loans totaling \$402,000 were granted to other home owners for the purpose of refinancing their indebtedness on the more advantageous terms now offered by the associations.

Included in the figures compiled by the Bank are those of the Lamesa Federal Savings and Loan Association by which the local area is served. Through their membership in the Federal Home Loan Bank System, the Texas insured savings and loan as-

ing medical treatment for burns this week.

L. L. Medford is a medical patient this week.

Mrs. G. T. Galneau underwent an appendectomy, April 4.

Mrs. Lawrence Vogler who has been ill for several weeks is improving.

Mrs. Fred Dunn underwent an appendix operation, March 30.

Miss Ida McCain is receiving medical treatment this week.

Mrs. W. B. Webster who has been ill for the past several weeks returned to her home, April 1.

sociations have available additional large sums for lending should they desire to use these governmental facilities.

The increases recorded, the Bank stated, are considered only a forerunner of a much greater volume of home financing which is expected to be done during the coming spring and summer months. Architects, building, supply dealers, realtors, and contractors all report an increasing interest on the part of the public in home ownership.

Along with the increases in loans in February, the Bank's report showed there was a continued, steady flow of investment money into the Texas associations. Saving funds totaling \$1,215,000 were received during the month which was a gain of more than \$200,000 as compared with February a year ago.

Savings placed in the insured associations are guaranteed against loss up to \$5,000 for each account by the Federal Savings and Loan Insurance Corporation, an instrumentality of the Federal government and are loaned on first mortgages on homes in this area.

MANGUM SELLS BUSINESS

Because of a much better offer in El Paso, Texas, Mr. Mangum of the Mangum Battery and Electric Shop, this week sold his plant to Marvin Gresham, who has moved it to his new place on North Dallas Street. Mr. Mangum and family will leave this week for their new home at El Paso.

Mr. and Mrs. H. E. Easterwood and sons, Hardin and Edwin, left Thursday for Stephenville where Mr. Easterwood will attend to business for several days.

Edwin Easterwood, student at Texas Tech, Lubbock, is here spending the Easter holidays with his parents, Mr. and Mrs. H. E. Easterwood.

World Outlook Program Presented At W. M. U. Monday

The Senior Women's Missionary Society of the Methodist Church held their regular meeting Monday, April 3rd at the church, with Mrs. E. R. Tinsley, presiding.

The World Outlook program was presented. The meeting was opened by

singing, "Give of Your Best to the Master," prayer by Mrs. Fisher; followed by the Lord's Prayer; Scripture Matt. 23:37-39, Luke 19:41-46. Mrs. Cleveland; New Realizations of Democracy in the Local Community, by Rev. T. C. Willett.

Monday, April 9, Mrs. J. W. McDonald will be the guest speaker. Her subject will be "Christian Stewardship."

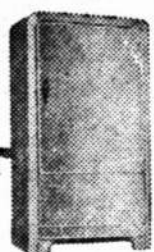

Bobbie Carroll of O'Donnell was a Lamesa shopper, Tuesday.

SOCIETY

Miss Rubye Farley
Becomes Bride of
Charles Hudson

The marriage of Miss Rubye Farley, formerly of Lamesa, daughter of Mr. and Mrs. J. R. Farley of this city, to Mr. Charles Hudson, son of Mr. and Mrs. Ernest Hudson, of Temple, took place Saturday evening at the Travis Avenue Baptist Church at Ft. Worth.

The Rev. C. E. Matthews read the beautiful and impressive single ring ceremony.

The bride was attractively attired in a Chartreuse frock with fuchsia accessories. She wore a shoulder corsage of roses.

Immediately after the wedding the young couple left on a short trip to Temple. The bride selected a gold suit with teal blue accessories for her traveling costume.

Mrs. Hudson is a graduate of Lamesa High School, finishing with the class of '34. She graduated from Texas Tech last year, immediately accepting a position with the Texas Water Co. at Fort Worth.

The bridegroom attended Tech where he was a member of Kemas fraternity. He is employed in the bookkeeping department with Swift Co., Ft. Worth. They will make their home at 405 West Twenty-second street, Ft. Worth.

Girls Scouts Plan For
Club House

The Girl Scouts of Troop 3 are still eagerly making plans whereby they will be able to secure a club house. Each member has started a "Thrifty Plate" which is a savings program to last for a period of a year.

At Tuesday's meeting the Troop discussed various plans to raise money for their building fund. They have begun the fund with a troop donation from their treasury of ten dollars. The girls voted to sell greeting cards from the Quaint Shop and to donate money earned in other ways. Committees have been appointed and work is being outlined for their program.

Members also discussed the Clean-up campaign, and voted to take an active part in the work. The girls are anxious to be of service to the community and

they are anxious to prove that they are worthy of being called "Good Scouts."

Thirty-Three Pupils
Awarded Certificates

Thirty-three members of the sixth and seventh grades have been awarded Junior and Final certificates in handwriting.

The papers were graded by the W. S. Benson and Co., at Austin, and all except nine of the papers submitted were declared eligible for certificates. Papers were graded on a basis of neatness, letter forms, speed and quality of work.

Pupils who will receive Junior certificates are Margaret Ashley, Ruth Berry, Lucille Blakey, Imogene Day, Wanda Louise Eudy, Betty Jane Freedy, Alta Goolsby, Max Gray, Mary Ruth Jordan, Kathleen King, Juanema Kidd, Patsy Rountree, Raylene Spears, Martha Ann Terry, and Billie Joyce Thurman.

Those receiving final certificates are Inez Aldridge, Mary Frances Bartlett, Lotta Bess Baldwin, Willie Belle Burkhardt, Geraldene Brown, Birdie Dillard, Kenyon Elliott, La Vrae Esmond, Pauline Ferguson, Anne Hurt, Ina Jackson, Sarah Land, Joe Lee Kelly, Evelyn Scott, Peggy Sue Sumpter, Mary Ellen Tarter and Juanita Johnson. Ina Jackson's paper was given the highest rating of all those submitted.

Fifty-two pupils were granted certificates in June of last year. Thirty-six of these were final certificates.

Another group of papers will be submitted before school dismisses for summer vacation. The examinations are given in connection with the handwriting cases of the Elementary school.

Concert Thursday
Evening Enjoyed
By Large Group

Youth, charm, and musical brilliance were showered on an appreciative audience, Thursday night, when Rose Paldar, mezzo-soprano and Charles Gallagher, pianist, were presented on the P. T. A. artist's course.

Rose Paldar's songs were beautifully sung in her rich low voice which has no hint of heaviness. The charm of her

unusual tone quality deepened as she passed from one song group to another on her varied program. Her gracious, friendly manner, and the warm naturalness with which she interpreted her songs won her audience as much as the power and beauty of her voice and her skill as an artist.

Singing first the aria "O Don Fa-tale," from Verdi's opera "Don Carlos" with brilliant interpretation, she presented a group of German songs by Schumann and Schubert, closing with "The Erlking," which she made more enjoyable by telling her hearers the story.

Though born in the United States, Miss Paldar is Czech-Slovakian, and sang a group of her native folk songs wearing a dress belonging to her mother, which has been in her family for 50 years, the fashion and embroidery typical of the city of Pilsen.

The folk songs, sung in the Czech language included Dvorak's lovely "Songs My Mother Taught Me," and closed with an appealing lullaby that displayed beautifully the smooth delicacy of the singer's voice.

Miss Paldar's modern group was well received, a high point being Greig's "My Johann," interpreted with jollity to contrast with the sombre coloring she gave Dunn's "Bitterness of Love" and the softer mood of Arensky's "Revery."

Mr. Gallagher, an accomplished pianist, shows promise of becoming an artist of note. His interpretation of the masters were well received, revealing a deep study and splendid preparation. Mendelssohn's "Rondo Capriccioso" a minuet and gigue by Bach and Beethoven's Sonata Opus 31, formed his first group. Five widely varied compositions of Chopin were enjoyed in the second group and to climax his offerings, "La Campanella," by Paganini-Busoni was executed with speed and beauty of tone, followed by the Etude in C-major by Beethoven. His accompaniment for Miss Paldar were done with fine feeling and a close interpretation of the singer's artistry.

More charming than their concert presentation together was the impromptu request program which they presented informally after the evening's performance before a group at the home of Dr. and Mrs. N. H. Price. Miss Paldar, though born in America, corresponds with relatives in Czechoslovakia, and her comments on the European situation were heard with great interest. Returning only a few years ago from the study of singing, history and the Czech language in Prague, she told interestingly of the life and manners of her people, and

discussed activities of Czechs in the United States. Her concert at Lamesa closed this portion of her tour and she left immediately to visit friends in Sweetwater from whence she returned to her home in Hollywood.

The closing concert in the Artist's course, a Norwegian travelogue with picture slides, songs and stories, has been set up from the regular date in May to April 26, and it is expected that Mr. Gallagher will return with that company as accompanist.

Musical Program Is
Enjoyed at Gamma
Alpha Meeting

The Gamma Alpha Chapter of the Beta Sigma Phi met Monday evening at the Women's Club House in their regular meeting. Miss Jesse Norris, presided during a short business session which was held before a very interesting program given by members of the Lamesa Music Club.

Mrs. W. K. Crawley reviewed the life of Edward McDowell, one of America's greatest musical composers, during which time Mrs. A. B. Barnard gave several of McDowell's compositions. Mr. Arthur Chase gave a piano arrangement of "Deep Purple."

Guests attending were Mesdames W. K. Crawley, A. G. Barnard, Rupert Austin, Vernon Smith, Nellie Mae Smith, Misses Virginia Sharp, Margaret Chumbley, Artie Moore, Jean Martin, Earlene Hillman, Tammy McCarty, Mr. Arthur Chase, and the Club members, Jesse Norris, Melvin Norris, Betty Bratcher, Myrtle Henderson, Lenora Barroff, Gertrude Day, Edna Bedwell, Mrs. Connelly Baldwin and Mrs. J. H. Harp.

Vernon Bryant Guest
Speaker For Study
Club Tuesday

The Study Club met on Friday, March 23, at the Club House. As Mrs. W. A. Wallace was out of town, Mrs. Guy Simpson presided in her absence. Mrs. E. T. Bailey, hostess for the meeting, presented Mr. Vernon Bryant in a very interesting discussion on vitamins. Mrs. Welton Lindsey and her Symphonettes, Joe Erwin Bailey, Frances McColium, Eleanor Simpson, Billy Sebb, Ina Lee McKay, and Hazel Camp, gave two numbers.

The Study Club meets this week with Mrs. W. L. Marr as hostess. There is to be a Federation Day program with special music. All those who are not attending these meetings are missing some very interesting programs.

Apex Union Enjoys
Picnic Sunday

The Apex B. Y. P. U. of the First Baptist Church enjoyed a picnic down near the Caprock last Sunday afternoon. During the afternoon the group took pictures, flew kites and played softball.

A picnic lunch was spread at 4:30 o'clock, which consisted of sandwiches, potato chips, pickles, fruit, cookies and punch.

Those attending were Eunice and Jewell Gaines, Orval and Adrian Kirkham, William and Tharon Dugger, Ver-

non Todd, Wayne Henry, Marie Moore, Mildred Phipps, Audley Brunson, Irene and Martenia Stevens, John T. and Hershel Sanders, Frances Crawley, Wayman Moore, Juanita Plenniken, Maureen Myers, Maulee, Edna and Willie Dale Bedwell, Jimmy Crumley, Billy Standefer, Aubrey Boswell, Earline Ellison, Edith Harris, Arthur Lee Morrow.

After the lunch the group then returned to town and attended B. Y. P. U. and church.

Mr. and Mrs. B. B. Curry of Seminole were business visitors in Lamesa Monday.

SAND
Julia Grayson

We just want to remind you that Rev. W. H. Burns is expecting to greet you at church, Saturday night, Sunday morning and Sunday night.

We are glad to report that C. K. Smith was able to return home: Saturday from the hospital at Lamesa.

Mrs. Annie Bishop and Don of Colorado City spent the week end with relatives.

Jack McGuire, Charlie Savel and Ben Bruner made a business trip to Seminole Wednesday.

Mr. and Mrs. Fred Nichols spent the week end with his parents, Mr. and Mrs. J. G. Nichols at Knott.

Mrs. Ruth Sutton and children are visiting friends here this week.

Mr. and Mrs. Frank Menix and family attended church at Lamesa Sunday evening.

E. G. Grayson and family were in Seminole Friday afternoon.

Miss Mary Smith of Larnsburg, S. C., and Mrs. J. F. Smith of Georgetown, visited their brother and brother-in-law, C. K. Smith and family over the week end.

Leroy Bohing of Lubbock spent several days last week with his aunt, Mrs. R. C. Lee.

Mr. and Mrs. W. E. Nichols and family visited her parents, Mr. and Mrs. A. Kemper of Knott over the week end.

Mr. and Mrs. Manuel Petty and baby have returned home after a two weeks

visit with relatives at Ft. Worth.

Mr. and Mrs. Roy Gilcrease of Ackery spent Sunday with his parents, Mr. and Mrs. A. T. Gilcrease.

Alvin and Taylor Smith of Lamesa spent Saturday night with their grandparents, Mr. and Mrs. J. O. Anderson.

Mrs. Lucille Patty returned home Saturday after a two weeks visit with Mr. and Mrs. Dillard Gilcrease of Lamesa.

Mr. and Mrs. Luther Lee and son and Lawton Lee were supper guests of Mr. and Mrs. Ebbie Lee of Lamesa, Sunday.

LOYOLA
Mrs. H. A. Duke

Howell Corbitt who has been in the Navy for the past 16 years returned home last Thursday. He plans to live with his parents, Mr. and Mrs. H. H. Corbitt.

R. S. Spraberry was in our community writing insurance Monday.

Mr. and Mrs. T. J. Corbitt and family, Mr. and Mrs. Tom Bertram of Lamesa, spent Sunday in the home of Mr. and Mrs. H. H. Corbitt.

Mrs. Edd Summers of Monahans and Mr. and Mrs. G. B. Baught of Colorado visited their father, W. F. Bertram who has been sick, the past week.

Mrs. O. Phelan and daughter Mrs. Loyd Wiggins and son Wayne visited their son and brother, Loyd Phelan of Silver, Texas, Friday.

Mr. and Mrs. Seldon Medford and daughter Ann of Klondike spent Sat-

urday night with Mr. and Mrs. C. L. Wiggins.

Miss Dorothy Corbitt spent Thursday afternoon with Miss Mattie Lee Wiggins.

Mrs. Bessie Morgan and children of Big Spring visited her sister, Mrs. Leo Phelan and family, Sunday.

Miss Mattie Lee Wiggins visited her uncle, L. D. Robertson and family of Colorado last Friday.

Miss Marie Lee visited Miss Audrey Ann Bertram, Sunday.

Mr. and Mrs. Felix Huse and Mr. and Mrs. H. A. Duke visited Mr. and Mrs. Lonza Marlor of Soash, Sunday night.

W. E. Grantham and family of Justiceburg visited in the W. F. Bertram home last Thursday.

Miss Gertie Mae and RoJean Bass visited Miss Audrey Ann Bertram Saturday.

T. H. Bass and family have temporarily moved to Lamesa to be near their daughter and sister, Mrs. Lawrence Vogler, who is ill in a hospital there.

FIVE MILE
Amelia Foster

Mr. and Mrs. Jack Fambro of Welch visited relatives here Sunday.

Mr. and Mrs. Y. Broom of Flower Grove visited Mr. and Mrs. Olson Rosewell, Friday.

Mrs. W. T. Gentry underwent an appendix operation Saturday. We wish for her a speedy recovery.

More than "changing the number"
when you change to OIL-PLATING

MAYBE any station would have oil that's at least of the right Summer grade... let's say No. 20, No. 30, or No. 40.

And possibly anyone would know your right amount—5 or 6 or more quarts.

But it takes the Conoco station—it takes *Your Mileage Merchant*—to give your engine the oil-change that brings you the *plus* of OIL-PLATING... at an everyday price.

You must choose patented Conoco Germ Processed oil to know that the engine parts—as if "magnetized"—will attract and hold a shield of OIL-PLATING. This shields and smooths the bearings, piston rings and cylinder walls—bottom to top of your engine. Like the chromium-plating that shields and smooths the bumpers, OIL-PLATING holds ever-fast... it's drain-proof... never leaves a precious part naked to friction, during all your thousands of starts and thousands of miles this Summer. You'll see your heat indicator staying down safely; you'll see your Conoco Germ Processed oil staying up economically. Then see Your Mileage Merchant today for the *plus* of OIL-PLATING. GRANDVIEW

We had a nice crowd at Sunday school this past Sunday. The O'Donnell Singing Convention met with us this time. We had a small crowd but good singing. Mr. and Mrs. Virgil Phipps, spent Sunday with Mr. and Mrs. Ross Sires. Mr. and Mrs. Onell Overman had as their guests Sunday, Mrs. McKelver of Fairview. The Rhine family honored Grandpa Rhine Sunday with a big Birthday dinner. Next Sunday is preaching Sunday.

Brother Whatley will preach both Sunday morning and Sunday night. Every one be sure to come to church and Sunday school.

ACKERLY

Hazel Ward, corres.

Church and Sunday school were well attended. The attendance is steadily increasing. Rev. Hollowell filled his regular appointment at the Methodist church and Rev. Cumble filled his appointment at the Baptist church. The Baptist and Methodist churches of Ackerly are making a religious survey of the community. The Methodist pre-Easter meeting started last Sunday. Rev. Hollowell is holding the meeting. Every one is invited to attend. Mr. and Mrs. Lynn Hendon of Welch are the parents of an eight pound baby boy.

Mr. and Mrs. Hershel Henkle visited relatives near Lubbock over the week end. Mrs. Cecil Neblett and children spent Saturday in Big Spring visiting with her sister, Mrs. West. Mrs. Cecil Ferguson honored Mrs. Ray Sutphen with a bridal shower at her home Friday evening. After the social hour and the many gifts had been viewed, refreshments were served to a large number.

Mrs. Preston Morrison of Flower Grove visited in the home of Mrs. S. F. Britton last Saturday. Mrs. W. C. Ward is spending a few days with her daughter, Mrs. Lynn Hendon at Welch. Mrs. Earl Hughes and children of Forsan are spending this week with her parents, Mr. and Mrs. J. L. W. Coleman.

The play, "The Bandit and Roberta" presented at the school by the Sophomores last Friday was enjoyed by a large crowd. The W. M. U. is sponsoring an amateur program at the school on Monday, April 17. The auditorium is equipped with a loud speaker. Every one is invited to attend. Leonard Stewart and daughter Nadine of Big Spring visited in the home of his parents, Mr. and Mrs. John Stewart, Sunday.

Mr. and Mrs. Luther Coleman of Big Spring spent Sunday in the home of his parents, Mr. and Mrs. J. L. W. Coleman. Rev. and Mrs. H. H. Hollowell and J. D. Bryson attended a Young Peoples meeting in Midland, Sunday. Mrs. S. D. Moore and children of Shumake were visitors in Ackerly Saturday.

Judd Myles and Mr. and Mrs. Jack Myles who have been working in Littlefield returned home this week for a short visit. Mr. Criswell and daughter, Dorothy, were Sunday visitors in Lubbock. Mrs. J. T. Cook and children of Littlefield are spending a few days with her parents, Mr. and Mrs. J. W. Graham.

H. H. Haworth made a business trip to Lubbock, Sunday. Sunday school and church were well attended Sunday. We had some folks out who were not in the habit of attending. We hope they come back. Brother Thompson filled his regular appointment and will hold services throughout the week. There will be an Easter program next Sunday. If you don't go elsewhere to church, come be with us. We missed some of our regular members Sunday. Hope they will be back next Sunday. Our community is largely what you and I make it. Lets every one in the Nolan Chapel community make it a place that we will all be proud of and to do that we will all have to work together for the same good cause. Don't you want to help? Come be with us.

UNION

Edna Pounds

There will be a play, "Two Days to Marry In," put on at the school house by the teachers on Friday night, April 14. Everybody is invited. Alfred Buger of Munger spent Wednesday night with Raymond Everheart. Mr. and Mrs. Tapp and two sons of Brownfield visited Mr. and Mrs. H. C. Tapp and family, Sunday. Mr. and Mrs. Blink House visited Clifford House in Lamesa Saturday night. Clifford was in a car wreck last week.

Hazel Clark, Dorothy Beek and Lou Ella Gandy were the guests of Marjorie and Jewell Tapp Saturday night. Mr. and Mrs. Luther Preston had as their guests Friday night, Mr. Preston's sister and family of Bell County. Katie and June Swafford, Hazel, Geraldine, Owen and Clifford Haney attended church and Sunday school at Higginbotham, Sunday. Opal Jack spent the week end with Vonda Louise Ramsey.

Several from this community attended the party at the home of Mr. and Mrs. L. M. Baxter Saturday night. A large number were dinner guests of Mr. and Mrs. J. W. Pounds, Sunday. Ira Dean Robertson spent the week end with Arthur Pounds.

Weldon Preston of Lamesa spent the week end with his parents, Mr. and Mrs. Luther Preston.

Challenge Gasoline

In offering this gasoline to our customers, we are convinced that you will find none better on the market today.

It must stand the octane test of the Ethyl Company, and in every test since we started handling it, the test has been above the necessary 72 Octane rating.

The new Challenge Gasoline meets all of the important requirements of the modern motor. Mileage and power is its greatest claim to fame.

If you have not tried this finer gas, we invite you to drive in today and try a tankful. We are sure that after you have experienced the thrill of the greater performance it gives you, like many of our regular customers, will become a Challenge Booster.

THIS TIME
...GET THE
Permanently
SILENT
REFRIGERATOR
WITH NO MOVING PARTS
IN ITS FREEZING SYSTEM

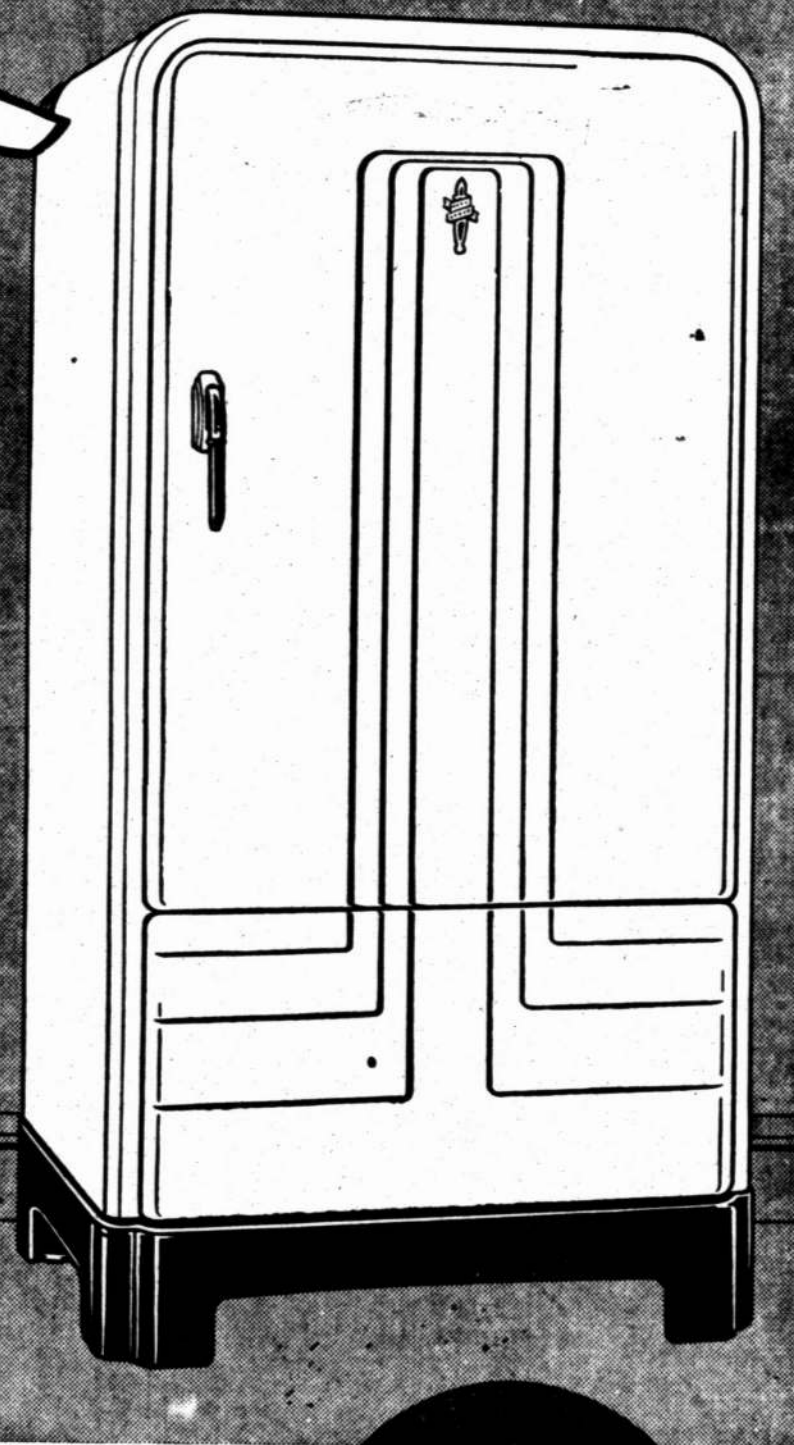

SERVEL Electrolux is different from all others . . . because a tiny gas burner does the work of circulating the refrigerant in its freezing system . . . taking the place of moving, wearing parts.

As a result, Servel Electrolux is *permanently* silent.

In addition, its different, simple freezing system offers other advantages which you cannot get in any other type of automatic refrigeration . . . *continued* low operating cost, for instance, and freedom from wear that means more years of dependable, carefree service.

More than a million Servel Electrolux refrigerators are serving silently and economically—many of them as long as 12 years . . . and users say a newly-installed Servel can quickly pay for itself in the savings it effects on food alone.

Before you buy *any* automatic refrigerator—whether it be your first, or to replace your present one—learn why more and more people every year are changing to Servel Electrolux, the silent *gas* refrigerator. It's "the refrigerator you hear about but never hear!"

The
SERVEL
ELECTROLUX
Gas Refrigerator

NO MOVING PARTS in its freezing system means: **PERMANENT SILENCE** • **CONTINUED LOW OPERATING COST** • **MORE YEARS OF DEPENDABLE SERVICE** • **SAVINGS THAT CAN PAY FOR IT** • PLUS a host of extra conveniences: **FLEXIBLE METAL GRID CUBE RELEASE** • **ADJUSTABLE TWO-WAY DEFROSTING AND COLD STORAGE TRAY** • **DOUBLE DEPTH DESSERT TRAY** • **TWO CONVENIENT VEGETABLE FRESHERS**—and many others

Tom Connally Introduces Bill To Deport Ailens

Senator Tom Connally of Texas this week introduced a bill in the Senate to provide for the exclusion from immigration to this country and for the deportation of aliens already in this country who are advocating the making of changes in the American form of government. "Under the existing laws, aliens residing in the United States can be deported on certain grounds," Senator Connally said, "and the effect of my bill is to add to these grounds the advocacy by such aliens of changes in the American form of government."

Continuing, Senator Connally asserted:

"Subversive and un-American influences being fomented and agitated by aliens residing in the United States are a constant threat to American institutions. These hostile and un-American activities ought to be stamped out and suppressed. This result can best be accomplished by deporting all those who take part in such un-American activities. These foreign and alien agents and incendiaries, whether advocating the establishment of Fascism or Totalitarianism or other foreign 'isms' in the United States, or whether advocating that the principles of Communism be substituted for our constitutional Democratic system are both dangerous to our domestic peace and to our representative form of government. Such aliens ought to be deported and returned to the country of their origin," Senator Connally declared, adding:

"The Constitution of the United States protects every American citizen in the enjoyment of free speech, free press and free assembly and all of the other personal guarantees in our bill of rights. It would in nowise restrict or abridge the exercise of these rights by American citizens. Under these constitutional guarantees, any American citizen has the right to advocate any change in the form of government of the United States according to legal and constitutional methods. However, I do not believe that aliens who spend their time in agitating and preaching for the overthrow of this government of the United States and the changing of our fundamental, constitutional

system should be allowed to remain in the United States and freely apply their nefarious practices, seeking to destroy the government whose protection they claim," Senator Connally concluded.

Dr. Cox Says:

The week of April 2 to April 9 has been proclaimed State Clean-up and Fire Prevention Week by Governor W. Lee O'Daniel in an official proclamation issued at Austin. State and city-wide clean-up campaigns are scheduled over the State, these campaigns to facilitate public health protection, lessen fire losses and promote public safety, according to Dr. Geo. W. Cox, State Health Officer.

The cities and towns of Texas will conduct programs of far-reaching activities. Scheduled for inclusion is cleaning, draining, graveling of streets and alleys, cleaning city parks and play grounds, malaria control, fire prevention, garbage and trash disposal and spring housecleaning for homes and business establishments.

The observance of good sanitation principles indicates the necessity of prompt removal of all waste matter in and around homes to lessen the spread of disease, notably the diseases affecting children. Clean-up week is designed to focus attention upon the dirt and disease problems of the State.

Spring clean-up week provides an opportunity for the proper disposal of fire-generating accumulations. A check of homes and business establishments to unearth conditions which are favorable is important so that remedial procedures may be instituted.

Clean-up week gives each citizen an opportunity to investigate cleanliness of services which affect health conditions in his home. As a citizen you have the right to know whether your water supply is pure, whether your milk comes from a clean dairy, whether your community makes use of proper sanitation methods, whether your home has proper sewer connections and plumbing installations. You should make it a point to better inform yourself on the sanitary measures carried out in the various divisions of your municipal government and in business.

The idea of spring clean-up week in Texas is that it be an intensive one week period of scrubbing, raking, painting, etc., and it is hoped that spring clean-up week will generate a standard of cleanliness in each community which will be carried on for the succeeding weeks of the year.

Mr. and Mrs. Lynn Parkinson spent Sunday in Lubbock visiting with friends.

Claude Aycock of Shamrock spent the week end here visiting in the home of Mr. and Mrs. Quinton Collins.

Mr. and Mrs. Vernon Sellers of Big Spring spent Sunday here visiting in the home of Mrs. McMahan.

Mrs. Bernard Dean of Albany is here visiting with her parents, Mr. and Mrs. Jesse Paulk this week.

Mrs. Sol Cleveland and Mrs. Bernard Dean spent Tuesday in Lubbock visiting with friends.

Mr. and Mrs. Jesse Paulk spent Sat-

urday in Levelland visiting with Mr. Paulk's father who is ill.

Miss JoNelle Flaniken who has been in San Antonio for the past several weeks returned home Sunday.

Mr. and Mrs. F. M. McLendon and daughter, Mrs. Hilton Jack, spent Sat-

urday in Hamlin visiting with friends and relatives.

Mr. and Mrs. Phillip McKee spent Sunday in Big Spring visiting with friends.

Mr. and Mrs. Joe Tarlton spent Sun-

day in Big Spring visiting with friends.

Alton Roberts and Fred Flaniken spent the week end at San Antonio visiting with friends.

Mr. and Mrs. Elmer Cope are visiting with friends and relatives in Dallas this week.

Food For Thought...

MRS. ELIZABETH AVRIETT
Lamesa Agent

There's An Amicable Life Policy

- to guarantee an estate to the loved ones;
- to assure an income to the widow;
- to provide an education for the boy and girl;
- to pay the mortgage on the house or farm;
- to guarantee the necessities of life to the "old man" himself in his old age;
- to cover his indebtedness;
- to pay expenses of last illness;
- to assure funds for payment of the inheritance taxes imposed upon the estate at his death;
- to strengthen the credit of the business man;
- to provide funds for purchase by the surviving partner of interest in the business of a partner, on his decease;
- to care for some dependent relative;
- to provide funds to start the boy in business;
- for many other needs.

Our Agent will gladly advise you regarding the form of Amicable Policy best fitted to you and your individual needs.

APPLY FOR AMICABLE
PROTECTION
TODAY!

The Amicable Life Insurance Company was organized under the laws of Texas and began business on April 2, 1910. It is an Old-Line, Legal Reserve Company, being one of the strongest in the country.

Amicable means "friendly"; and all officers, employees and agents have uppermost in mind the rendering of friendly personal service to all policyholders and their beneficiaries. The very quickest attention, and the best of service, is given each beneficiary in all matters pertaining to claims, and their prompt payment. Beneficiaries are not required to employ any person to collect a claim from the Amicable Life.

All modern forms of insurance are written, upon lives of men, women and children. Age limits are from one day of age up. Amicable policy rates are lower than the average, and all policies are drawn in plain terms. Policies, from date of issue, are free of restrictions as to residence, travel or occupation. Liberal disability and double indemnity features are granted those eligible for same.

Capital \$820,000.00

Our Capital Stock is fully paid and must be held unimpaired in excess of all Liabilities.

After setting aside funds covering Capital Stock, Legal Reserve on Policies and all other Liabilities, there remains a very large surplus as excess protection to policyholders.

Voluntary Deposit

Of our assets we have deposited with the State Treasurer of Texas, One Million Dollars for the protection of all our Policyholders, which deposit must, at all times, be maintained as long as a Policy of Insurance is in force.

The Amicable Life has been awarded the Highest Rating given life insurance companies and is financially one of the strongest in America.

Emfinger, Friday.

CARD OF THANKS

I want to publicly thank the Equity
Life Insurance Company and its secre-
tary-treasurer, Robert H. Kirk, for the
promptness in paying the claim on the
death of my husband. We had a great
faith in the company and that faith
was not in vain.

Mrs. Hazel Leatherwood,
Route 1, Lamesa, Texas.

Good Vision Is Priceless

Many people today are taking chances with the most priceless thing they possess - their vision - because they are either improperly fitted with glasses, or do not wear glasses at all. Eyestrain tends to weaken eyes that are already weak, and a continuation of this will ruin the vision permanently.

We are not alarmists, neither do we intend to worry anyone, but too much stress on the importance of protecting your vision, is impossible. Do you know whether your eyes are suffering from strain? If there is any doubt in your mind, you should have your eyes examined today.

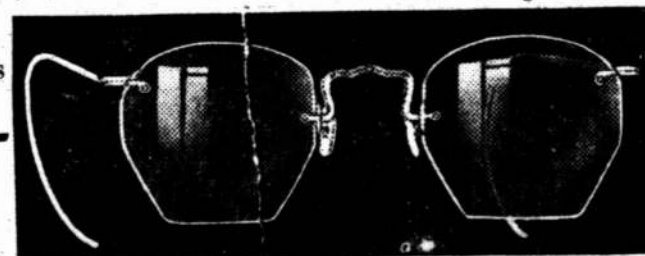

With the styles of glasses such as we have today, it is not embarrassing neither do they detract from your appearance, and with the latest scientific equipment to properly test your eyes, backed by many years of experience in operating this equipment, we are in position to render you the very best service along this line.

DON'T TAKE CHANCES... MAKE AN APPOINTMENT WITH US TODAY... EITHER BY PHONE, OR DROP IN OUR OFFICE

Lamesa Boy Wins For Texas University

WINS TEXAS RELAYS DISCUS

THROW LAST SATURDAY

(By Texas Capital News Service)

AUSTIN—Jack Hughes, University of Texas sophomore from Lamesa, won the discus throw with a toss of 151 feet 6 inches at the Texas Relays here Saturday. Last year the event was won by Hugh Wolf of Texas with 143 feet 2 inches. The relay record is 163 feet 3 inches by Petty of Rice in 1935.

Coach Clyde Littlefield calls Hughes an Olympic prospect for 1940. The Dawson county lad weighs 240 pounds and is blessed with long arms. Rail-birds watching him in practice have been heard to remark that if he ever gets his timing exactly right he is liable to toss the plate out of the lot.

With no more years of college before him, Hughes is expected to go a long ways with the discus.

Spencer Machine

Remodels Building

Spencer Machine Shop of Lamesa, is engaging in an extensive remodeling and enlarging program, which got underway this week.

On the site of their present building they are constructing a modern tile and stucco building.

This building will be much larger than the former structure and will have room, not only to care for their modern machine and welding shop, but a large storage space for a complete stock of oxygen carbide and all types of welding and boiler equipment.

They have secured the services of an experienced boiler maker, who assumed his new duties with the firm this week. He is recognized as one of the best in his line.

WILSON BAPTIST CHURCH

Last Sunday was a high day for us at Wilson. The largest attendance since last fall means our folks are about over the flu and colds and with the coming of spring our spirits have warmed to the extent we are willing to come out to the Lord's house to worship.

Those women that are faithful are carrying on in a great way their W. M. U. work. These women need the co-operation and encouragement of the other ladies of the church, but after all, you are the loser by your absence from the meetings.

Our first night of the Bible school at Sparenberg was marked with great interest. About 30 came and we expect this number to increase each night. My what an army the Lord would have if each one that nameth the name of Christ would really enlist in His service. Come to our services at Sparen-

berg, Sunday.
The churches with a friendly welcome.

Ernest Phillips, Pastor.

CARD OF THANKS

Fearing that we could not have the opportunity to express our gratitude to the great number of friends who were so kind and attentive to our husband father during his illness we wish to take this method.

We especially want to thank Dr. Bennett and the nurses Mr. and Mrs. Ben Bruner for their comfort and help.

We will ever keep in mind these noble friends.

Mr. and Mrs. C. K. Smith and children.

Mr. and Mrs. Eldrid Travis spent the week end at Ralls visiting with relatives and friends.

Thanks A Lot . . .

I warmly appreciate the response of each and every one who brought Turkey Eggs for setting on opening date of the New Turkey Hatching Incubator.

The large number of eggs received, and the words of congratulation from so many was far beyond our expectations, and we do thank each and every one of you.

This fine new Turkey Hatching equipment will enable us to get maximum hatches from all eggs coming from flocks having good vitality and showing high fertility.

Those expecting best results will cooperate with us by keeping their eggs in a cool, dry place, turn them at least once daily. It is best to set all eggs you have on hand once each week.

CCC PLANS COMPLETED FOR GALA OPEN HOUSE

One of the outstanding features of the Lamesa CCC open house celebration will be the presence of the Lamesa High School Band. That a concert would be on the program when the celebration is held April 15 was virtually assured when Mr. Conway King, the band's director, informed the Camp officials that he was leaving the date open for the camp. An excellent program is expected, since Lamesa is regarded as having one of the best bands in the state.

The celebration is planned to commemorate the 6th anniversary of the beginning of the CCC. A large gathering of people is expected at the local camp, since plans for the event have been announced in many of the communities in Dawson and surrounding counties.

Visitors will have an opportunity to view the soil conservation work being carried on by CCC enrollees and farmers themselves, since a field trip will be conducted as a part of the morning program. Visitors will be furnished transportation by the camp; the tour is scheduled to begin at 9:30 a. m. and will require approximately two hours.

State officials are expected to attend the program, and will speak at the afternoon session which will begin at 2:30. Judge Louis B. Reed, District Judge, and W. M. Yates, County Judge of Dawson County, have accepted invitations to take part in the activities, and address the citizens of West Texas on his occasion.

It is not generally known that President Roosevelt conceived the CCC as a means of saving the youth of the nation during the depression, and conserving the natural resources of the United States. It has remained his favorite relief program, and has demonstrated its value to this country by controlling erosion on millions of acres of land, and saving thousands of trees from forest fire and diseases. Enrollees are encouraged to continue their education while in the CCC, and many are able to find employment as a result of their Camp training.

The initial CCC legislation was en-

acted on March 31, 1933. Five days later, on April 5, President Roosevelt issued the executive order creating the CCC organization and arranging for the appointment of a director and the cooperation of government departments in the administration of the program. The first man was selected on April 7, and the first camp established on April 17.

The celebration of the 6th birthday recalls the organization of the camp at Lamesa. On the 17th of August, 1935, fourteen men arrived at Lamesa from Big Spring and composed the advance guard of 205 other charter enrollees that came during the next two weeks. Lt. Russell S. Howarth was the first Commanding Officer. Mr. P. A. Vestal was assigned as Camp Superintendent and has served in this capacity ever since.

The essential purpose of the open house celebration is to give the public an opportunity to inspect the CCC camp, and thereby gain a conception as to how "Uncle Sam" is caring for approximately 300,000 young men. During the afternoon program visitors will be conducted through the barracks, recreation hall, reading room, school building, Army, and SCS-administration offices. In the mess-hall, refreshments will be served. The Camp will be open for inspection from 2:00 to 5:00 p. m.

REVIVAL AT FAIRVIEW

The public is cordially invited and urged to attend a revival meeting beginning the night of April 14, with the Fairview Baptist Church.

Rev. Avery Rogers, able pastor of the First Baptist Church, Brownfield, will bring two messages daily.

Rev. Rogers is recognized as one of the outstanding preachers of our section. Come praying for a blessing.

W. C. Wright, pastor.

Mrs. Tony Goble and daughter returned home Sunday after a two weeks visit with friends and relatives in Stamford.

Philathea Class Entertained With Barbecue Tuesday

The Gleaners Sunday School Class of the First Baptist Church entertained the members of the Philathea Class with a barbecue at the Country Club, Tuesday evening.

A long banquet table was beautifully arranged and centered with an Easter lily. Bowls of stock and snapdragons decorated the entertaining rooms.

Officers and teachers of both classes gave some very interesting talks. Mrs. Guy Orr read for the group and Mrs. Carr Spraberry and Mrs. Rupert Austin gave several musical selections.

About forty members and guests attended.

Lamesa Music Club Presents Program For Delphians

At the meeting of the Delphian Club Tuesday evening, guests from the Lamesa Music Club presented a very interesting program.

Mrs. W. J. Beckham gave two vocal solos. Mr. Arthur Chase gave a piano arrangement of "Deep Purple." Mrs. W. K. Crawley reviewed the life of Edward McDowell, one of America's greatest musical composers, during which time Mrs. A. G. Barnard accompanied the review by playing several of McDowell's compositions.

This was a charming program and the members of the Delphian Club wish to thank these guests again for a delightful evening.

Mrs. R. E. Simpson Is Hostess To Pioneer Club Tuesday

Mrs. R. E. Simpson, Sr. was hostess to members and guests of the Pioneer Club Tuesday evening at her home on South First street.

Games of "84" were enjoyed during the afternoon.

At the conclusion of the games a delicious salad course was served to Mesdames W. V. P. Baker, Joe Barron, D. S. Day, Dixie Kilgore, N. E. Bartlett, Bill Norris, E. A. Eiland, and the hostess, Mrs. Simpson.

Mrs. George Hickey Honored At Bridge Friday Afternoon

On last Friday afternoon, Mrs. O. B. Norman and Miss Helen Norman honored Mrs. George Hickey of Odessa with a bridge party at their home.

Games of bridge were enjoyed during the afternoon with Mrs. A. G. Barnard being awarded the high score prize and Mrs. R. E. Simpson, Jr., being awarded the traveling prize.

Strawberry pie topped with ice cream was served at the conclusion of the games to Mesdames George Hickey, J. H. Harp, Jack McLaughlin, Tom Wood, N. H. Price, Matt McCall, Guy Orr, Henry Stafford, of Crane, R. E. Simpson Jr., A. G. Barnard, Ross McDonald, Miss Marie McDonald and the hostesses, Mrs. Norman and Miss Norman.

LAMESA ELEMENTARY SCHOOL TO PRESENT PLAY APRIL 14TH

"The Early Bird Catches the Worm", an Operetta, in two acts, will be presented April 14 at the High School auditorium at 8 o'clock. This play is under the direction of Mrs. Weldon Lindsey.

A Livestock Exhibition Arena has been completed at the West Texas Fair Grounds in Abilene under an NYA work project.

Miss Jackie Gilstrap Honored With Party Monday Evening

Miss Jackie Gilstrap was honored with a farewell party Monday evening at the home of the hostess, Mrs. Clarence Nolan.

Games of bridge were enjoyed during the evening after which the honoree was presented with many useful and beautiful gifts.

A delicious salad course was served to Mesdames C. E. Sumner, Henry McQuilen, Bill Fike, Boyd Kilgore, Misses Lela Francis, Helen Francis, Reola Gibson, the honoree, Miss Gilstrap, and the hostess, Mrs. Nolan.

W. M. U. Holds Various Circle Meetings Monday

The First Baptist church, Women's Missionary Society met in the various Circles Monday afternoon for Bible study.

The Ann Judson Circle met in the home of Mrs. T. A. Harris with seven members present. Mrs. L. B. Vaughn taught a lesson from Second Kings. The hostess served ice cream and cake during the social hour.

Mrs. T. V. Crawley Sr., was hostess to the Julia Meadows Circle. In the absence of the teacher, Mrs. Nelson Cope, the members discussed the Book of Nehemiah, with Mrs. M. L. Standefer the circle chairman, leading the discussion. There were eight present with Mrs. E. F. Cole as a visitor.

The Lucille Reagan Circle met at the church with five members attending. Mrs. W. E. Odum taught a lesson from Nahum.

The Blanche Rose Walker Circle met at the home of Mrs. Harrison, with Mrs. W. N. Norris teaching "History Between the Old and New Testaments" with six members attending.

The Ann Bagby Circle met at the home of Mrs. A. B. Heffernan with Mrs. D. W. Scott teaching a lesson from 1st and 2nd Thessalonians, with five members attending. The hostess served sandwiches and hot fruit punch at the social hour.

MARVIN GRESHAM MOVES

Announcement is made this week that Marvin Gresham has moved his automobile repair shop to North Dallas street across from the Miller Tire and Vulcanizing. With the purchase of Mangum Battery and Electric Shop, he is now able to give to the motorists of this section the very best service along the repair line.

Hardin Easterwood, student at Tech, holidays with his parents, Mr. and Lubbock, is home spending the Easter Mrs. H. E. Easterwood.

To Fur Owners....

Of this Territory

We are pleased to announce to the owners of furs in Lamesa and trade territory that we have made a connection with one of the largest houses in the Southwest, whereby we can save you money on your fur repairs, remodeling, and summer storage.

Mr. Mulvaney

Who represents this company will be in our store all day

Thursday, April 13

At which time we invite you to come in and see him. He can give you all the information you desire as to what is best for your furs and as to the cost of same.

If you have furs, it will be to your interest to consult Mr. Mulvaney on the above date.

COLLINS

Special Announcement

If You Are Suffering and Failing In Health, This Announcement Will Interest You!

I am having a highly trained Technician assist me during a Health Service Clinic to be held in my office, April 13-14-15 inclusive. If you are in doubt concerning your health and would like to know your state of physical condition, call at my office for an examination while the Technician is here to lend his experience in diagnosing difficult cases.

Electrical equipment will be installed to make exact health tests. The Ellis machine, which is being demonstrated in the state for the first time, will be featured. This machine measures disease and the severity of infections. All tests are made visible to the patient and the readings are as authentic as a clinical thermometer. **Make your application for an examination early. Call at my office or phone 304 for an appointment.**

This Service Is FREE To You

McILROY'S CHIROPRACTIC HEALTH CLINIC

Dr. Cox Says:

"The fact that cancer ranks second as a cause of death in Texas, that 4370 Texans died of cancer last year and that the death rate has increased 172 per cent in the last fifteen years makes cancer one of our greatest medical and public health problems," states Dr. Geo. W. Cox, State Health Officer.

"Cancer is not a hopeless, incurable disease. It is not contagious or in itself hereditary. There are thousands of men and women in this country who have been successfully treated for cancer. Yet the death rate continues to rise year after year. The important thing in curing cancer is to discover the disease early and begin treatment during its early stages. Cancer announces itself by symptoms that are frequently painless and apparently trivial, thus giving the disease an unseemly advantage. Early diagnosis is the one powerful antagonist."

Doctor Cox lists cancer danger signals as: Any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting of blood, passage of blood from the bowels, or unusual bleeding of any bodily passages, especially after middle-age. These symptoms may be from some other cause but should be diagnosed by a physician. "Two fundamental rules should be followed in cancer treatment. First, have an annual physical examination by a reputable physician. In this way incipient cancerous conditions can be discovered and by proper treatment the disease can be conquered. The second rule is to steer clear of 'cancer quacks' and 'amazing cures'."

The month of April has been proclaimed Cancer Control Month by Gov. W. Lee O'Daniel in a proclamation issued at Austin. The Women's Field Army for the Control of Cancer and the Texas State Department of Health are collaborating in an intensive campaign of education against the disease, the control of which depends above all else on an intelligent and alert public.

FEMININE FANCIES

By Kathleen Eiland

We've been looking at new spring linens. And are they worth looking at? Emphatically so!

Most intriguing of them all are the cup towels which are printed over with recipes—some five or six, not just one—as well as flowers and human figures.

There's one towel with the picture of an old negro mammy, and, of course, there are such recipes as ambrosia and cornbread on that towel.

Another succumbs to the Spanish or Mexican influence that rides the crest of popular approval these days. Devotees of Mexican food will find on this towel directions for making that so-delicious chile con carne and tortillas and other dishes.

The towels are of linen and so calculated to wear and wear.

Speaking of new things—the nicest small gift for newly-weds that we've seen in a blue moon consists of a cake of soap with the words "his" in black on it, a second cake marked "hers" in the same way and a soap ball on a soft rope cord for slinging round the neck while taking a shower.

The three come packed together in a neat little bathroom ensemble. Perfect for those occasions when one

Constipated?

"For 30 years I had constipation, awful gas bloating, headaches and back pains. Adlerika helped right away. Now, I eat sausage, bananas, pie, anything I want. Never felt better." Mrs. Mabel Schott.

must take a gift as offering to a couple known only casually.

Mothers should present a reward for heroic service or something to the man (or maybe it was a woman) who invented the newest convenience in baby feeding. This is a cylindrical container with thermos qualities. The baby's bottle is prepared and put into it where it stays at the proper temperature for four hours.

No more getting up and shivering in the kitchen while the 2 o'clock-in-the-morning bottle heats! Simply set the container near the bed when you retire and, at baby's feeding hour, take out the bottle, all nice and warm, and give it to the baby. Then back to sleep! (Or is that the proper routine?)

The new gadget should be worth its weight in gold, too, to the mother who is traveling or when she will a-visit go some evening—for nobdy, no matter how devoted a mother is, should stay at home ALL the time.

ACKERLY BAPTIST CHURCH

We had good crowds Sunday. We had 89 enrolled in Sunday school and we had 86 in Sunday school with 81 on time.

We had a visiting speaker from Dallas Sunday morning, who gave us a lecture on temperance which was very fine.

Keep in mind our meeting at the close of this month with the first service on Thursday evening at 8:00 p. m., continuing through the following Sunday.

The ladies of our W. M. S. meets this day, Monday, to sew for B. O. H. in an all day meeting.

The quarterly W. M. U. meeting at Lamesa was well attended and all of the W. M. U. presidents were present and good reports came in from all sections of the association. The district missionary delivered an interesting message on "Missions."

Rev. Henkle supplied the pulpit two weeks ago in the absence of the pastor. Brother Hinkle is the pastor of a church west of Lubbock and is avail-

able for church work in this section. He is a young preacher of sterling quality and will be glad to locate work any place the Lord and his churches may call.

We are to have prayer meeting each Wednesday evening and we invite everyone to come.

Our men's Bible Class is growing in interest and attendance. One of our greatest needs in our churches today is men. Men who will devote their time and talents to the work of the Lord and we are glad to say that the men of the Ackerly church are becoming more and more interested in the work of the church, and when that is true in any church you will see the church move on and upward.

Our deacons are to meet once each month to pray and discuss matters pertaining to the needs of the church.

Come to the Ackerly Baptist church where you will be greeted with a smile and a hearty, how-do-you-do and where a whole Gospel is preached.

R. R. Cumble, pastor.

PLAY AT LOU SCHOOL

"Six Wives on the Rampage" is the title of a play to be presented at the Lou school house Friday night, April 7th. This is a hilarious comedy which should bring many laughs to those who see it.

Miss Grace Weaver and Bill Weaver returned Sunday from Old Mexico where they had spent two weeks visiting.

IS YOUR TIRE CUT OR FABRIC BROKEN?

It Can Now Be Repaired By A New Process Called Rubber Welding

An O. K. Rubber Weld is stronger than the rest of the tire or tube. It is absolutely dependable and permanent and will stand any wear or abuse that the tire or tube itself will stand. The repairs are smooth, well balanced, and far superior to common vulcanizing.

WOODY
Arlene Drennan

There was unusually good attendance at church Sunday. Rev. Arnett preached for the Baptists.

Trustee election was held at the Woody school house last Saturday. G. C. Clift resigned and Mr. U. R. Clift was elected in his place.

Miss Aladine Drennan visited in the home of Miss Erma Lou Jones last week.

Mr. and Mrs. C. R. Reeves of Breckenridge visited Mr. and Mrs. W. O. Reeves and family last week.

Misses Arlene and Aladine Drennan visited Miss Louise, Sunday.

Mr. and Mrs. Bush Leatherwood, Mr. and Mrs. Leatherwood and daughter of Fairview, and Mr. and Mrs. J. E. Boatright of this community visited in the home of Mr. and Mrs. Pat Boatright, Sunday.

Mr. and Mrs. T. C. Drennan visited Mr. and Mrs. Claud F. Gowen of Lamesa, Sunday.

Mr. and Mrs. W. H. Hall and family visited relatives near O'Donnell, Sunday.

Mr. and Mrs. G. W. Stuart visited in the home of Mr. and Mrs. Edwin Hall, Sunday.

Mr. and Mrs. C. W. Morris and daughter, Marjorie, visited in the home of Mr. and Mrs. O. H. Morris of Lamesa, Sunday.

McCARTY
Opal Peterson

Sunday School and League were very well attended both Sunday morning and Sunday night.

Those visiting in the J. M. Peterson home Sunday were Mr. and Mrs. Howard Humphrey and family, Mr. and Mrs. G. E. Peterson and family, Mr. and Mrs. Bill Leech and son, Mr. and Mrs. J. E. Peterson and son, Mr. and Mrs. Joe Peterson and family, Bro. Noel Bryant, Margie Bradford, Eva Rankin, Mr. and Mrs. H. L. Slover and family.

Mr. and Mrs. Bill Leech and son of Denver, Colorado, are visiting Mr. and Mrs. J. M. Peterson and family.

Miss Eva Rankin of Lamesa visited Margie Bradford, Saturday night and Sunday.

Mr. and Mrs. C. M. Borden and family visited Mr. and Mrs. J. T. Pruitt of Sparenberg, Sunday.

Misses Frances Barrow, Jimmie Ray, and Helen Gordon of Lamesa visited Miss Velta Moore, Sunday.

RICHARDSON
Pauline Williams

Mrs. A. V. Williams attended church at Lamesa, Sunday night.

Those visiting Mr. and Mrs. Jack Warren Friday night were Mr. and

KLONDIKE

Louise Foster

Brother Malone of Seminole preached at the South Side Church, Sunday. We had several visitors present from other communities.

There are still several sick in this community. Mrs. Vogler is still in a Lamesa hospital; Mrs. Ponder is ill with the flu; and little Jerry Wayne Thorp has been real sick with pneumonia. Still others have colds, flu, and sore throat. We hope they will soon be well again.

Mr. and Mrs. Seldon Medford and little daughter, Rose Ann, visited her parents, Mr. and Mrs. Wiggins of Loyola, over the week end.

Mrs. John N. Self visited her mother, Mrs. Kyzar of Brady, the past week.

Mr. and Mrs. Conley Esmond of Munger visited her parents, R. S. Spraberry and wife, Sunday.

Mr. and Mrs. E. L. Eoff and family visited Mr. and Mrs. Edwin Thacker of Ackerly, Sunday.

Alvis Foster of Anson has been visiting in the home of his uncle, J. H. Foster and family, the past week.

HERE'S A NEW TUBE THAT NEVER LETS YOU DOWN!

This Amazing New Tube Automatically Seals Its Own Punctures While You Ride

MOTORISTS, here's news! This revolutionary new tube gives you thousands of miles of puncture-free driving, saves you time, trouble and money, protects you against sudden flat tires. It's the sensational Goodrich Sealomatic Safety Tube that automatically seals its own punctures while you ride!

This amazing new tube is lined with a new kind of plastic compound. As soon as a tack, nail or other puncturing object pierces the tube, this compound immediately surrounds it, holding in the air. When the puncturing object is pulled out, the plastic compound also comes through, seals up the puncture and keeps the tube from going flat.

By eliminating costly tube and tire repairs, this new tube saves you plenty of money. And because it tends to keep air pressure constant, your tires wear longer. Why not put these money-saving, trouble-saving Goodrich Sealomatics in your tires and forget about "flats."

Goodrich Sealomatic
Safety Tube

"THE TUBE THAT NEVER LETS YOU DOWN"
