BEAUTIES "BACK" THE BLUE EAGLE

These Florida bathing beauties are strictly on the NRA. They are shown at Miami Beach where Babs Davis is painting blue eagle signs on their backs. The paint washes off in time but meanwhile the sun tans up the rest of their backs and the sign still is visible. It's quite the thing. (Associated Press Photo)

Southerners Demand Currency Inflation

CUBAN GOVERNMENT IS CHALLENGED

AMERICANS IN ISLAND ARE "NERVOUS"

POWERFUL OPPOSITION GROUPS OFFER PLAN TO END TROUBLES

(By The Associated Press)

HAVANA, Sept. 18.—Increasing labor troubles, some of them affecting Americans, challenged the strength of the week-old Cuban government today as powerful opposition groups completed a new plan designed to end political troubles.

Americans throughout the island were said to be "nervous" as 37 business groups threatened a 24-hour cessation of business tomorrow to protest against workers' violence and the growing number of strikes.

Boycotts against American firms were invoked at Manzanillo, where a general walkout was set for today. Communists in Santiago threatened to seize American mills and banks and all American women were taken for safety to Rente, across the bay from Santiago.

American-owned manganese mines at Cristo remained a storm center. In Havana 8,000 persons paraded, shouting "down with Sumner Welles," American ambassador, and "down with American imperialism," Unrest grew in a number of other places.

Meanwhile, there were reports that a compromise could be effected between President Ramon Grau San

(Turn to Page 3, Column 1, Please)

SOLUTION SEEN

HAVANA, Sept. 18 (AP)—Provisional President Ramon Grau San Martin predicted today that a solution of Cuba's political crisis would be reached before the afternoon was over, and indicated that he might surrender the presidency.

15-Cent Cotton Asked By South

PLEA IS TAKEN TO CAPITAL BY 200 BUSINESS MEN, FARMERS AND POLITICAL LEADERS

(By The Associated Press)

WASHINGTON, Sept. 18—The south's plea for 15-cent cotton was brought to the capital today by 200 business men, farmers and political leaders representing virtually every state where the staple is a big money crop.

While farm administration officials, as anxious as the southerners for better cotton prices, prepared to listen to the delegation, they apparently lacked enthusiasm for the price-raising methods suggested.

The march on Washington originated at a meeting in Columbia, S. C., where a four-point program including abandonment of the cotton processing tax and inflation of the currency was adopted.

Fixing the 1934 cotton crop at 9,000,000 bales and setting a minimum price of 15 cents a pound for cotton were the other main points asked by the southerners.

The farm administration, at one time or another, has rejected each of the suggestions.

The processing tax hub of the administration's higher farm price effort has been collected so far only on cotton, although processing taxes have been levied on other commodities.

The farm administration has indicated a belief that the strong drive to get rid of the cotton processing tax is sponsored by a group of textile manufacturers.

Textile men in the south have argued that the processing tax puts the cost of the manufactured goods to a point where they have been unable to make sufficient sales to bear the added wages and other costs of the NRA program under which they operate.

George N. Peek, administrator of the farm act, said after an investigation that the tax amounts to very little on the finished product and

MORE FEDERAL FUNDS GIVEN LAND BANKS

PRESIDENT ROOSEVELT PUTS NEW MEASURE ON CREDIT PLAN

BY FRANCIS M. STEPHENSON
Associated Press Staff Writer

WASHINGTON, Sept. 18.—President Roosevelt put another $150,000,000 of federal pressure behind the credit expansion program today as southern congressional spokesmen rallied for straight-out currency inflation.

The new federal funds were made available to the federal land banks by the Reconstruction Finance corporation to assist in the immediate refinancing of farm mortages held by banks whose operations have been restricted by heavy portfolios of such paper.

Inflation Drive Spurred

Jesse H. Jones, chairman, announced the plan as the drive for currency inflation picked up its strongest force since congress empowered Mr. Roosevelt to issue new currency or devaluate the dollor The gathering here of cotton men and southern political leaders again made the inflation issue one of Mr. Roosevelt's major problems.

Senator Thomas (D.-Okla.) who has telegraphed members of congress asking their views of inflation, said the meeting will choose a committee to convey its inflation views to the president. Every cotton state was expected to be represented.

Thomas said Representative Byrns of Tennessee, the house Democratic leader, was supporting the inflation move along with 52 other members of the senate and house.

Roosevelt Silent

Mr. Roosevelt, to whom inflation requests have been carried by a number of party leaders in recent days, was silent about any plans he might have on the subject. From every indication, the president was maintaining his announced intention of moulding his monetary policies to meet conditions as they arise.

Just now, the president was concerned particularly about boosting prices received by the farmer. The new RFC plan to improve the position of banks holding farm mortgages was considered a new step in this direction.

AIDED BAILEY?

Federal charges of aiding Harvey Bailey to escape from the Dallas, Tex., jail have been filed against Tom Manion, below, jailer who last visited the notorious outlaw before he fled, only to be recaptured a short time later.

TWELVE UNDER CHARGES IN ABDUCTION

BAILEY, OTHER CHIEF DEFENDANTS KEPT HEAVILY GUARDED

(By The Associated Press)

OKLAHOMA CITY, Sept. 18.—In a courtroom filled with armed guards, the first panel of 12 jurors was called to the witness stand at 10 a. m. today to be examined for service in the kidnap trial of Harvey Bailey and 11 others accused of participating in the abduction of Charles F. Urschel, Oklahoma City oil millionaire.

The chief defendants, Bailey, Albert Bates, R. G. Shannon, his wife and his son, Armon, were kept under heavy guard in an iron barred "bull pen" on the floor below the federal courtroom until the jurors filled the box and the methodical propounding of routine questions began.

Handcuffed Together

Bailey and Bates, handcuffed together, were brought in as Judge Edgar S. Vaught asked the usual questions of all the jurors, to determine their fitness, willingness and qualifications to serve.

The two desperadoes were kept standing several minutes while this formality was completed.

As the trial opened, Joseph B. Keenan, assistant United States attorney general, warned that lawyers accepting any part of the Urschel ransom money as fees or money obtained in transfer of the ransom currency would be prosecuted to the full extent of federal law.

"We do not propose to permit attorneys, bondsmen, fixers or any one else to get by with a wink, with

Committees Are To Take Action

RELIEF LEGISLATION, ANTI-TRUST LAWS UP THIS WEEK

(By The Associated Press)

AUSTIN, Sept. 18 — Committee action on controversial legislation pending before the Texas legislature was anticipated this week.

The house judiciary committee had scheduled a hearing for this afternoon on bills intended to amend or suspend the drastic Texas anti-trust laws to eliminate any bar to full cooperation by Texas industries with the president's national recovery program.

Hearings Scheduled

Hearings will be started in the senate tomorrow with that branch sitting as a committee of the whole on relief legislation with particular attention to be paid to cost of administering relief funds in the expenditure of $20,000,000 in state unemployment relief bonds.

By resolution, the house and senate requested Governor Miriam A. Ferguson, former Governor R. S. Sterling and Lawrence Westbrook, director of the Texas Rehabilitation and Relief commission, to furnish all data in their possession pertinent to relief administration, including the number and names of employes, their relationship to other state employes, traveling expenses and other cost items.

Public May Attend

The public has been invited to attend the senate's session on relief legislation. Senator George C. Purl, of Dallas, chairman of the committee, asked persons in possession of facts concerning distribution of relief funds to appear. Purl said a "full and complete hearing" would be held.

The house state affairs committee had not set a date for a hearing on the bond bill. The house resolution asked that the information be supplied by Thursday and it was possible no hearings would be held prior to that time.

Watermelon Seed Will Be Removed

PHILADELPHIA, Sept. 18 (AP)—After being rushed here by airplane and train for an operation to remove a watermelon seed from her left lung, two-year-old Jane Austin, daughter of Mr. and Mrs. Harvey Austin of Slaton, Texas, was under observation of physicians at a hospital today. Latest reports said she was resting comfortably.

The child was brought here yesterday and examinations indicated it would be adviseable to allow three or four days for preliminary measures before making an attempt to remove the seed by use of a bronchoscope.

FIVE ARRESTED HERE ON TIP

OKLAHOMANS HELD AS OFFICERS HUNT FOR "WHITEY" WALKER

Five Oklahomans, three men and two women, were arrested about 7:30 o'clock this morning in a hotel in the 1200-block of Avenue G by city and county officers, who said a tip had indicated they might find "Whitey" Walker, escaped Oklahoma convict, there.

One of the men arrested was identified, from Texas penitentiary pictures in an album found in one of two hotel rooms the five occupied, as Calvin ("Jelly") Woods, Sheriff Tom Abel said.

Twins Arrested

The other men were twins. A woman said she was Woods' wife; the other identified herself as the wife of one of the twins.

Across an end of Woods' pictures, the customary front and profile views with a number against his chest, was written, "Our darling bud."

The sheriff said the other four suspects were found by following Woods' wife, who stayed at a larger hotel last night and this morning went to the Avenue G address. No

(Turn to Page 3, Column 1, Please)

THE WEATHER

FAIR

OKLAHOMA AND TEXAS: Generally fair tonight; Tuesday, partly cloudy. Light to moderate variable winds on the coast.

ARKANSAS: Fair, continued warm tonight and Tuesday.

LOUISIANA: Generally fair, continued warm tonight and Tuesday. Light to gentle variable winds on the coast.

Roosevelt Suffers From Slight Cold

WASHINGTON, Sept. 18. (AP)—President Roosevelt is suffering from a slight cold and remained in the executive mansion today away from his desk.

Lieutenant Commander Ross T. McIntire, U. S. N., called on the president this morning and reported a very slight fever.

He advised Mr. Roosevelt to remain in the mansion for the day.

There is every expectation that the president will return to his desk tomorrow.

SENATE CONFIRMS WOOD FOR PLACE

AUSTIN, Sept. 18 (AP)—The Texas senate today confirmed Governor Miriam A. Ferguson's appointment of John Wood of Timpson as chairman of the state highway commission.

Several other appointments also were confirmed in an executive session lasting less than thirty minutes.

Shortly after Mrs. Ferguson assumed office, she appointed Frank L. Denison of Temple to the chairmanship of the highway commission. The senate twice refused to confirm Denison and a court contest ensued. After the supreme court had held in June that Denison was not entitled to the office, Mrs. Ferguson named Wood to the place.

Other nominations confirmed included T. C. Andrews of McKinney, chairman of the state pardon board, George Simpson of Corpus Christi, state auditor, and Frank Scofield of Hillsboro, chairman of the racing commission.

Vets Block Traffic In Rush For Work

DETROIT, Sept. 18 (AP)—Jamming streets and halting pedestrian and street traffic over several blocks in downtown Detroit, a throng of unemployed war veterans, estimated by police to number nearly 5,000, today began registering as applicants for 5,000 jobs promised the veterans by the Ford Motor Co.

Laughing and joking, all apparently in good humor, the veterans, several hundred of whom had waited all night in order to be first on call at the registration desks in American Legion Memorial hall, maintained good order as the interviewing began.

GOLD PRICE JUMPS

LONDON, Sept. 18 (AP)—The highest price ever recorded for gold was reached today when bullion was quoted at 131 shillings nine pence.

BIDS ON ROAD WORK TAKEN

PROJECTS ESTIMATED TO COST $1,300,000 PART OF NRA PLAN

AUSTIN, Sept. 18—Bids on highway construction estimated to cost $1,300,000 were received today by the Texas highway commission, the work to be a part of the National Recovery program.

Most of the work will be paid for from an emergency grant from the federal government, authorized to relieve unemployment during the winter months. There were a few state projects listed.

Other Projects Pushed

The commission last week announced it would take bids September 18 on another construction program estimated to cost $1,500,000 and that plans were being pushed so that additional contracts could be awarded in October.

Contracts on today's projects will carry specific rates of pay for skilled and common labor, the former to receive a minimum of 45 cents an hour and the latter not less than 35 cents an hour. Contractors will be permitted, on certain contracts, to organize their work on a five hour basis so as to spread employment to the fullest.

Lubbock Included

Bids were taken today on work in Lubbock, Tyler, Rusk, Mills, Bexar, Kendall, Kimble, Howard, Parmer, Tom Green, Cherokee, Lamb, Lynn, Guadalupe, Hockley, Bailey, Swisher, Carson, Panola and Bell counties.

The commission also had scheduled hearings for today with 33 county delegations to discuss road matters.

STORM LEAVES HEAVY TOLL

TEN KILLED IN NORTH CAROLINA; PROPERTY LOSS INCREASES

(By The Associated Press)

A hurricane, runaway madcap from the tropics, sent gales raging toward Maine's coast today after wreaking death and destruction on other parts of the Atlantic seaboard.

Ten persons were known to be dead in North Carolina, where the storm struck its most vicious blow. Property damage there approached $3,000,000. Two persons were drowned in Pennsylvania.

Massachusetts Hit

Massachusetts suffered a buffeting yesterday. Wharves were wrecked, shipping disrupted, highways flooded. Steamboard service between Nantucket and the mainland was stopped.

New York and New Jersey escaped much of the storm's wrath, but historic Barnegat lighthouse, a Jersey institution for three-quarters of a century, faced possible destruction. The storm left only 20 inches of sand between the light and the raging waves. A plan was afoot to save it by a temporary barrier.

On the south shore of Nova Scotia fishermen hustled from their beds today to save boats and gear as the gale struck.

In Mexico soldiers searched ruins for additional victims of another hurricane that struck the vicinity of Tampico and San Luis Potosi. The number of dead in those two cities was set at 45, with nearly 150 injured and 6,000 homeless.

JEAN HARLOW AND MOVIE CAMERAMAN MARRY AT EARLY HOUR THIS MORNING

(By The Associated Press)

YUMA, Ariz., Sept. 8—Jean Harlow, blonde screen actress and widow of the late Paul Bern, was married at 4:20 a. m. here today to Harold Rosson, Hollywood cameraman.

They came here from Los Angeles by plane and obtained a license to wed at 4 a. m.

The actress was widowed a little more than a year ago when Bern shot himself in the luxurious Hollywood home he had given to his bride of two months. The producer's body was found last September 5.

The reason for his act is still a mystery. Scarcely a week after Bern's death, Dorothy Millette, woman-of-the-past in his life, leaped overboard from a San Francisco-Sacramento steamer and drowned in the Sacramento river.

Justice of the Peace George

PERMITS TO SELL BEER ARE ISSUED

OLTON, Sept. 18.—(Special)—County Judge Simon D. Hay this morning granted six retail and two wholesale distributors licenses to Littlefield firms to sell 3.2 per cent beer. He said he anticipated sales would begin immediately.

Littlefield and Sudan by local option elections in corporate areas had favored sale of the new beer.

The Littlefield hotel, of which J. C. Whicker is proprietor, and five cafes, managed by Leonard Thedford, H. C. Thornton, H. F. Moody, C. W. Hill, and H. H Pilcher, received retail permits Carter-McDonald Beer company and J. P. Etter received distributors licenses.

Judge Hay said he authorized only business houses in Littlefield's business district and alongside the pavement to sell beer.

C. H. Blanchard of Sudan this morning filed notice of a petition to be authorized to sell beer. Five days must elapse before it can be heard.

Mr. Whicker said his federal license cost $20, state $100, county $50, and city $25, or a total of $195.

Thirty-Nine More Checks Received

Thirty-nine additional checks, amounting to $14,611, were received this morning, O. G. Tumlinson, county agent, announced. Following a checking of the records, notices were sent to all those receiving checks.

This brings the total checks here to 255 and the amount to $95,873.

REPEAL VOTES SET TUESDAY

WETS EXPECT VICTORY IN IDAHO AND NEW MEXICO ELECTIONS

(By The Associated Press)

Idaho and New Mexico get their turn tomorrow to stand up and name their choice between prohibition and repeal.

With these two elections—the only ones to be held this week—the number of states which have voted on the proposal to repeal the 18th amendment will reach 31.

36 Are Necessary

The 29 which have balloted thus far have all favored repeal. Thirty-six are necessary before repeal becomes an accomplished fact.

Repealists predicted that more than the necessary number will have voted against national prohibition by Nov. 7. Prohibitionists, disputing the ground, continued to oppose the "anti" sweep.

BORROWED FUNDS FINANCE ELECTION

ALBUQUERQUE, N. M., Sept. 18 (AP)—New Mexico's repeal election tomorrow will be carried on through borrowed funds as the state legislature made no appropriation for it.

Repealists claimed a victory by at least two to one margin while the prohibitionists declined to make forecasts.

Indications were there would be a light vote. Three delegates-at-large will be elected to a repeal convention to be held October 19.

Loot Identified In Gotham Fur Theft

CHICAGO, Sept. 18 (AP)—Five trunks shipped here to two New York furriers were opened by police today and their contents identified as the loot of a $45,000 New York fur theft.

David Grossman and Irving Beigel refused to waive extradition when arraigned on a fugitive warrant, and their case was continued until Sept. 29 to permit Gov. Henry Horner to act on New York's request for their return.

Coy Oakley Murder Trial Opens Today

SULPHUR SPRINGS, Sept. 18 (AP)—Coy Oakley, indicted with his brother, Paul Oakley, for the "devil" slaying of Bernice Clayton, three-year-old invalid, at her home near Linden last winter, went on trial here today.

Paul Oakley was tried at Linden early in May and was sentenced to 50 years imprisonment.

TO CHANGE TME

NEW YORK, Sept. 18 (AP)—Daylight saving time ends next Sunday. The extra daylight period terminates at 2 a. m. on September 24th. After that timepieces operate on standard time.

DOLLAR WHEAT IS ATTAINED TODAY

CHICAGO, Sept. 18 (AP)—Dollar a bushel wheat came back to the grain pits today for the first time since August 11. A wave of buying was caused by a sharp advance of the British pound sterling to $4.78 and by opening strength in securities.

The May delivery of wheat boomed up to $1.01 3-4 a bushel at the start, up 1 7-8 cents from Saturday's finish However, the gains were quickly erased by profit taking and within a few minutes prices were back around Saturday's closing levels.

Corn and all other grains followed wheat up and down. Some hedging pressure was noted at the advance.

Four Waive Hearing On Radio Charges

Rev. Sam Morris, Mrs. Morris, A. F. McClellan, and Cleve Langford, all of Stamford, have waived a hearing scheduled to be conducted here today before Victor H. Lindsey, United States commissioner, on charges of inter-state broadcasting through an unlicensed radio station.

Commissioner Lindsey said he was informed the Stamford group, charged as a result of operation of the Sunshine station, by the First Baptist church in Stamford, had waived upon agreement with Alex Mood, assistant United States district attorney, of Fort Worth.

Good Roads Group To Meet Tomorrow

TAHOKA, Sept. 18 (Special)—A meeting of the West Texas Good Roads association is to be held here Tuesday morning with P. B. Ralls, of Ralls, president, presiding. W. E. "Happy" Smith, county judge, announces.

Purpose of the meeting is to secure construction of more paved highways in this area. To that end the association is working for a larger federal appropriation for roads.

Miss Sibyl Tyson And Alfred J. Rushing Are Married On Saturday Evening

Ceremony Is Read At Baptist Church

Miss Sibyl Tyson, daughter of Mr. and Mrs. J. M. Tyson of Levelland, and Alfred J. Rushing of Caprock, N. M., were married Saturday evening at 6 o'clock in the educational building auditorium of First Baptist church by the Rev. R. C. Campbell, pastor. A number of friends of the pair attended.

Preceding the ceremony, Miss Myra Moore played "To a Wild Rose" and Mrs. Leonard Cole sang "I Love You Truly." Miss Moore and Miss Gladys Hall, vtiolinist, played the wedding processionals and continued with "Traumerei" while the vows were read.

The altar was banked with ferns and bronze colored flowers.

Bride Is In Blue

The bride, who entered alone, wore a triple sheer navy blue costume and carried an arm bouquet of roses. Her bridesmaid, Miss Mary Lee Fortenberry, was also gowned in navy blue and wore a shoulder corsage. V. H. Moore and Bill Davis were ushers.

After their marriage, Mr. and Mrs. Rushing went to Levelland where they were guests of the bride's parents for a wedding supper. From there they went to Clovis, N. M., for a few days. They will be at home in Caprock, where the groom is in business.

Mrs. Rushing has been with the Southwestern Bell Telephone company for about 8 years and has been prominent in the First Baptist church. She attended high school in Hot Springs, Ark., and Buffalo Texas, and attended a junior college in Leesville, La.

Local People Return From Washington

Dr. and Mrs. Gus L. Ford and Mrs. W. R. Waghorne have returned from a trip to Washington, D. C., and Baltimore, Md. They were accompanied home by Mrs. Cora Adams Peoples of Washington, a cousin of Mr. Ford's who will spend some time here.

Miss Frances Ford, who accompanied her parents east, remained in Charlottesville, Va., where she will do graduate work at the University of Virginia. She will room with Miss Sarah Michie, daughter of Dr. and Mrs. J. M. Michie, who has a fellowship at the University this winter and is working toward her doctor's degree.

Idalou Club Attends First Fall Meet

IDALOU, Sept. 18.—(Special)—Mrs. Sammie Roberts was hostess to the Idalou Civic and Culture club at the last meeting. Mrs. E. T. Daniels, the president, was the principal speaker. Roll call was answered by each member with a review of her summer experiences.

Members who attended were Mesdames R. L. Steeley, Roy Cocanougher, A. C. Tanner, Sam Chatham, Bill Roberts, Albert Roberts, J. N. Marks, J. O. Barnhart, Daniels, Truett Cocanougher and Taylor Allen.

Couple Married Here Saturday Night

Miss Kathryn Graves, daughter of Mr. and Mrs. John W. Graves, 316 Avenue N, and Lester McDaniel, son of Mrs. F. A. McDaniel, 1513 Avenue C, were arried Saturday evening by J. S. Connell, justice of the peace, in his office. Mothers of the bride and groom attended the ceremony. The groom is employed by a transfer company here. Bride and groom have attended Lubbock High school.

AAUW Group Meets This Evening

There is to be a meeting of the International Relations group of the American Association of University Women this evening at 8 o'clock with Mrs. William Dingus, 2502 Twenty-First street. This will be the first meeting for the fall.

Simpler And Jauntier—That's Style

"Trim straight lines" is the order for this fall's sports clothes. This beige wool coat has a number of 1934 features in the high collarless neckline, the cartridge-pleated shoulder and the patch pockets. Stitching, belt strap and gloves are all brown. The beige hat is Paris' latest version of the mannish felt.

BY BARBARA BEAUFORT
(Associated Press Fashion Editor)

PARIS (AP)—Sports clothes have a straight-line distinction of their own this fall.

Their lines are straighter, their spirit jauntier and their fabrics simpler than the form-fitting mode of elegance fashioned for formal hours.

High necks are the catchword in coats, suits and frocks. Shoulders are accented, though less exaggerated than last season. Wools are the favorite fabric; green, brown, beige and gray the most popular colors.

The smartest sports outfit this fall is a straight three-quarter or seven-eighth-length coat that hangs quite loose in the back with a frock or suit to match. One of the most attractive models combines a knee-length coat of green wool with a matching two-piece frock buttoning almost up to the chin with bright nickel buttons.

Full-length, straight-line, belted coats of brown or beige tweed are also smart.

RETAIL PRICE CONTROL UP

ROOSEVELT APPROVAL OF SOFT COAL CODE SCHEDULED TODAY

WASHINGTON, Sept. 18 (AP)—President Roosevelt's formal approval of soft coal's fair competition code topped today's NRA program as Hugh S. Johnson turned his energies toward retail price control plans.

Johnson expected to present the long-disputed bituminous coal charter to the president during the day, but the administrator could not set the hour. Wage rates for Alabama and Kentucky, which the president would fix under the code accepted by the industry Saturday night, were being studied.

To Sign Immediately

Once he receives the code, Mr. Roosevelt's signature was looked for almost immediately. He has kept in close touch with its formation. Promulgation today would make it effective October 2.

Before Johnson and his counsel, Donald Richberg, were a host of legal arguments on the proposed retail trade code provision for maintaining minimum retail prices at 10 per cent above wholesale costs.

Both regarded this charter, which reaches hundreds of thousands of employees and touches the consumer directly, as of major importance. Involved with prices too was the need of getting the many retail stores now unorganized into trade associations or similar agencies for code administration.

Johnson sought a "crackerjack trade association man" to do this job.

In regulations issued to local compliance boards, Johnson set a standard of "friendly aid rather than the iron fist" for their guidance in enforcing blue eagle agreements. But he added:

"If an employer wilfully persists in non-compliance with the agreement after being fully informed of his obligations he is not longer entitled to the blue eagle and the federal government will take it away."

Acting Postmaster At Tahoka Chosen

WASHINGTON, Sept. 18 (AP)—The appointment of James G. Simms, as acting postmaster at Valley View, Tex., and of Hugh M. Larkin to the same post at Tahoka, Tex., has been announced by the postoffice department.

Ward O. Miller was named acting postmaster at Hutto.

Texas Parents And Teachers To Attend State Meeting Soon; To Elect Officers

BY MRS. J. M. CRAIN
Special Correspondent

CLAUDE, Sept. 18, (Special)—A practical convention is in store for delegates to the twenty-fifth annual convention of the Texas Congress of Parents and Teachers, in Sherman, November 20-23, at the Grayson hotel.

The general theme of the convention, The Child and His Community, will consider the community standards necessary to meet present conditions for health and safety, social development and protection, educational and cultural life, and the spiritual and ethical life of the child. It will be developed through addresses at the general sessions and through discussion groups and conferences such as character education, high schools, parent education, parliamentary procedure, city councils, and educational conference.

Mrs. C. E. Roe, national field secretary, Washington, D. C., will be the representative for the National Congress of Parents and Teachers. Besides aiding in many conferences she will speak on the following topics: Leaders and Members; The Child and His Community; Program Making, Activities, and Projects.

These Will Speak

Other outstanding speakers are: Mrs. S. M. N. Marrs, Austin, national chairman of budget; Mrs. Ella Caruthers Porter, Dallas, national chairman of thrift; Mrs. Noyes Darling Smith, Austin, national chairman of citizenship; Hon. Nat B. Washer, San Antonio, president state board of education; Miss Marian Telford, New York City, national chairman of safety; Dr. L. A. Woods, state superintendent public instruction; Miss Evelyn Eastman, Dallas, parent education specialist; H. W. Stilwell, Texarkana, president Texas State Teachers association; Dr. Edythe P. Hershey, Dallas, director of school health work; Dr. E. M. Perry, Dallas; Elmer Scott, Dallas; Miss Virginia Kelly, Longview; Dr. N. R. Crozier, superintendent Grayson county; and H. F. Alves, Austin, State Department of Education.

Several new features are being planned for this convention. Informal "at-homes" are to be held daily giving ample opportunity for the delegates to meet state leaders for consultation and informal conference. From the selection of the theme to the closing ceremony, great care has been taken to make this convention of practical help for every delegate in carrying on the work of his local unit.

The exhibits will present a visual answer to the question, "What are the services of the State and National Congress units to parent-teacher associations and individual members?" Congress units will participate through publicity record-books and program year-books chosen by the state directors of these types of books.

Sherman is offering a complimentary luncheon on Monday, November 20, to the board of managers; a tea to the entire delegate body on the afternoon of November 22. Throughout the convention delegates will be admitted free to Texas Theater upon presentation of convention badge.

Programs and convention notebooks containing valuable material, as well as daily issues of Convention News, will be given to all registrants.

Mrs. Paul Ellis, Sherman, announces that room and breakfast will be offered all delegates who do not desire to stay in hotels and she requests that delegates desiring homes write her.

Election year attaches an unusual and varied interest to this convention and the nominating committee submits the following nominations for officers of the Texas Congress for 1933-1935:

President—Mrs. A. F. Wood, Athens; first vice president—Mrs. E. H. Marek, Yoakum; second vice-president—Mrs. Fred Porter, Temple; third vice president—Mrs. A. C. Surman, Post; fourth vice president—Mrs. J. M. Crain, Claude; fifth vice president—Mrs. M. A. Taylor, E. C. Quereau, San Antonio; seventh vice president—Mrs. C. E. Maddocks, Ranger; recording secretary—Mrs. J. J. Devoti, Houston.

Legion Auxiliary To Meet Tonight

Members of the American Legion auxiliary are meeting at 7:45 o'clock this evening at the Legion hall. This will be a social meeting.

Kappa Gamma Is To Attend Supper

Members of the Kappa Gamma sorority will attend a buffet supper Tuesday evening at 7 o'clock at the Hilton hotel.

Mr. and Mrs. J. R. Hudson and daughter, Anna Fern Hudson, of Dalhart, are visiting in the home of Mr. and Mrs Fred Adkins, 2421 Twenty-First street. Mrs. Adkins and Mrs. Hudson are sisters. Miss Hudson is to remain here and attend Texas Technological college this winter.

LONGVIEW HAS PERMIT LEAD

DALLAS SECOND LAST WEEK IN BUILDING CONSTRUCTION

DALLAS, Sept. 18 (AP)—New construction at Longview the past week totalled $36,500 and gave that city the lead over other Texas cities reporting building permit totals. Dallas was second and Houston third.

The figures for the week and year:

Longview	$36,500	$ 258,158
Dallas	31,114	2,480,190
Houston	29,815	2,549,717
Fort Worth	26,443	2,489,968
Austin	15,790	1,101,012
Galveston	7,307	299,229
Corpus Christi	4,430	121,533
Tyler	3,090	570,634
Wichita Falls	2,405	77,630
Beaumont	1,602	140,718
Corsicana	250	62,715
San Antonio		Not Reporting

The U. S. Patent Office will not receive applications for a patent claiming perpetual motion unless accompanied by a working model that demonstrates beyond all doubt that it will operate as claimed.

VICKS VAPORUB

FOR SEVERE COLDS

Wesley Class Supper Is Announced

There is to be a covered dish supper for members of the First Methodist Wesley class Thursday evening at 7:30 o'clock at the church.

Harrison Munroe of Abilene, who graduated from Texas Technological college last summer, visited friends here this week-end. He is to enter medical school at Galveston this fall.

"Betty's Neck was Sore and Itched Constantly"

Resinol Healed It

"When my little Betty was two months old, she began to suffer from a skin trouble on her neck which lasted several months. It was very sore and itched constantly. I tried many recommended treatments, but nothing seemed to help. Finally I bought a jar of Resinol Ointment and a cake of Resinol Soap. In a short time her neck was very much improved, and it was amazing to see how quickly it healed." (Signed)—Mrs. F. A.* Reading, Pa.

*Name on request.

FOR FREE TRIAL size package of Ointment and Soap with booklet on Skin Treatment, write to Resinol, Dept. 46-A, Baltimore, Md.

GULF

STORM CLAIMS FORTY-FIVE

NEARLY HUNDRED AND FIFTY INJURED IN MEXICO TOWNS

MEXICO, D. F., Sept. 18. (AP)—Soldiers searched today for additional victims of Friday's hurricane as the cities of San Luis Potosi and Tampico set the total dead at about 45 and injured at nearly 150.

Simultaneously local, state and federal authorities made plans for reconstructing the dwellings of more than 6,000 homeless and rebuilding damaged sections of both cities.

Damage Is Heavy

No accurate figure was available, but the damage was known to be at least several million dollars. Many buildings were wrecked and crops near Tampico suffered greatly.

The greatest loss of life was in San Luis Potosi, 175 miles west of Tampico, where the bodies of 14 women, 14 children, and nine men had been recovered.

All drowned when the San Jose dam broke under the pressure of the swollen Santiago river. Military authorities feared more bodies would be found.

In Tampico and its suburbs nine persons died, and two others were killed in Ciudad Madero.

Marine authorities feared the steamers Cecelia and Rosario had gone down with 12 men. Tugs searched for several other vessels unreported since Friday.

Houses Wrecked

Several houses in the center of Tampico were unroofed, but the suburbs of Playa Miramar, Laguna Del Chairel, and Carpitero were hardest hit. At least 200 houses were wrecked. In Playa Miramar not a single wooden building remained.

Hundreds of persons were driven from villages along the Tamsis river, which rose far above normal. About 3,000 men, women, and children were brought here and given shelter in military and municipal buildings.

Sugar fields in Tamaulipas state, north of Tampico, and the banana crop near Tuxpam, to the south, were reported totally destroyed.

CUBAN TROUBLE

(Continued from Page One)

Martin and the opposition factions which seek his retirement—the nationalists of Colonel Carlos Mendieta, the followers of former President Mario G. Menocal, the ABC and OCRR secret societies, and others.

Plans Are Rejected

In protracted meetings they failed to get the executive's acceptance to any of three plans offered for the solution of political turmoil, and it was understood in high political circles that their newest plan reiterated that the president make way for a "truly national" government representing all factions.

Those who believed a solution was in sight found great significance in a conference between Mr. Welles and Dr. Grau San Martin. Neither would comment. The ambassador recently conferred with a committee of the student directorate, staunch supporters with enlisted men, of the president.

Added to all these troubles was the problem of 50 army and navy officers barricaded and besieged in the National hotel for a week. They insist that Grau San Martin step down in favor of Carlos Manuel de Cespedes, who in mid-August followed Gerardo Machado in the presidency.

Wives Turned Back

Serving to keep this problem before the public was the visit last night of 100 officers' wives to the hotel, demanding permission to enter. They were drenched with water from fire hoses and were forced to turn back, they said, by students and the soldiers guarding the hotel.

15-CENT COTTON

(Continued from Page One)

is not responsible for the higher manufacturing costs.

Another argument of the southerners is that the tax discourages heavy buying of cotton because of the approximate $21 a bale processing tax on each bale bought.

Secretary Wallace, on several occasions, has frowned on any proposal to fix a minimum price for the principal farm crops. Also, the secretary's legal assistants doubt the farm administration's power to fix minimum farm commodity prices.

It was said that any method that might be devised to limit the crop to nine million bales in 1934 through gin control would be highly intricate and would interfere with the administration's acreage limitation plan.

The department has studied his proposal and has rejected it, partly because Secretary Wallace is opposed to any plan which is not voluntary.

FIVE ARRESTED

(Continued from Page One)

firearms were found in the rooms of the suspects, and they had only a small amount of money, officers said.

Sheriff Abel, Bedford Carpenter, Parum Posey, Cap Moore, and Baxter Honey, his deputies, and O. E. Rush, police patrolman, made the arrests.

The suspects said they were from Wewoka, Okla.

Grapevine information to Sheriff Abel was that one or more of the five had communicated with Walker, half-brother of Hugh Walker of Lubbock, recently. Hugh Walker is serving a 99-year sentence in the Texas penitentiary for murder.

The Lubbock county sheriff's department this morning queried Oklahoma City authorities in effort to establish identity of the suspects. The three men were fingerprinted by George Eubank, police identifications officer.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Sept. 18 (AP)—Cotton opened firm, 18 to 24 points higher on active general buying, higher cables; the advance in foreign exchange and further predictions of inflation. Oct. 9.73; Dec. 9.98; Jan. 10.07, March 10.26; May 10.44; July 10.63.

There was some active selling by spot houses presumably putting out hedges, but offerings were absorbed by an active demand, December contracts selling up to 10.15 and May to 10.58, or about 36 to 41 points net higher. Realizing increased at these figures, representing the highest levels reached in the market here since the mid-August decline, and there were setbacks of 5 or 6 points from the best, but the market showed net gains of 30 to 34 points at the end of the first half hour. Liverpool cables said some selling there on the advance in sterling had been taken by Bombay.

The south was credited with selling heavily on the early advance but offerings were taken by a general demand which came from the trade, Wall Street and commission house sources. Buying was accompanied by further talk of inflationary possibilities encouraged by weakness of the dollar. After net gains of about 37 to 41 points, realizing increased somewhat. Volume slackened slightly. The market was steady at midday with prices 35 to 37 points net higher.

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 18 (AP)—Cotton had an active and firm opening today. Liverpool was higher than due and sterling was strong. First trades here showed gains of 16 points on near months and March advanced 24 points on the call. The market continued to improve after the start in active trading.

October traded up to 9.78 and December to 10.00, or 25 to 26 points above Saturday's close. March gained to 10.29 to show a net gain of 28 points.

The market reacted 3 points later in the first hour on some realizing but the undertone continued firm.

During the first half of the morning, prices advanced further on good trade and speculative buying, helped by firmness in stocks and wheat. October traded up to 9.91, December to 10.12 and March to 10.39, or 38 to 39 points above Saturday's close.

Towards the end of the morning, considerable hedge-selling developed and there was also profit-taking. October eased to 9.79, December to 10.03 and March to 10.30, down 9 to 12 points from the earlier highs but still up 28 to 29 points net.

At mid-session the market was steady at the decline.

Grain Market

CHICAGO REPORT

CHICAGO, Sept. 18. (AP)—Wheat soared today to more than 13 cents above last week's low, but at the finish showed only slight fractional gains for the day.

Inflation talk based largely on a gold quotation of 31.44 an ounce today against 30.49 yesterday, together with a steep rise in British exchange, had much to do with the rise of grain. However, general desire for quick profits acted at times as more than an offset later.

Wheat closed steady, at the same as Saturday's finish to 1-4 cent higher, corn 5-8 to 1 1-8 down, oats unchanged to 3-8 up, and provisions 10 to 30 cents advanced.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Sept. 18. (AP) (U. S. Dept. Agr.)—Hogs 3,500 including 643 directs and 2,500 pigs; truck hogs 10c higher than Friday or 10-15c higher than Saturday; top 4.50; 190-260 lb truck hogs 4.40-4.50; 160-180 lb lights 3.75-4.35; packing sows 2.50-2.75 or steady.

Cattle 2,200; calves 2,400; most glasses slaughter cattle about steady, cows, active; bulls around 15c lower; no good weighty steers offered; lightweight plain quality steers 3.50-3.75; fed yearlings held above 6.00; low cutters mostly 1.25; strong weight cutter cows 1.60; butcher cows around 1.80; fat cows 2.25-3.00; lightweights around 1.50; slaughter calves 15-25c lower; bulk of calves 3.25-3.75.

Sheep 3,500 including 3,100 through; odd lots common to medium grade lambs 2.50-5.00 or steady.

KANSAS CITY REPORT

KANSAS CITY, Sept. 18. (AP) (U. S. Dept. Agr.)—Hogs 28,000; fairly active, steady to 10 lower; top 4.45; 140-350 lbs 3.60-4.45; packing sows 275-550 lbs 2.45-3.35.

Cattle 16,000; calves 3,000; fed steers, yearlings and fed heifers steady; stockers and feeders strong to 25 higher; choice 1072 lb fed steers 6.25; steers 550-1500 lbs 4.85-6.35; 550 lbs up 2.50-4.85; heifers 550-900 lbs 4.75-6.25; cows 2.85-3.05; vealers 350-6.50; stocker and feeder steers 3.75-5.35.

Sheep 8,000; slow; about steady. Native lambs 10-25 lower at 6.25-50; best range lambs held above 7.00; lambs, good and choice (x) 90 lbs down 6.25-85; yearling wethers 90-110 lbs 3.50-4.75; ewes, 90-150 lbs 1.50-2.75.

(x)—Quitations based on ewes and wethers.

TRIAL CONTINUED

CROWELL, Sept. 18 (AP)—Trial of Que R. Miller, former sheriff and tax collector of Foard county, on a charge of misapplication of public funds, scheduled for district court here today, was continued to the February term upon agreement of counsel.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers: Cotton—Slocner Cotton company. All prices subject to change during day.

COTTON	
Middling, 7-8 staple	8.60c
Middling, short staple	8.35c
Lower grades	6.50c-7.50c

Stock Market

WALL STREET REPORT

NEW YORK, Sept. 18 (AP)—Stocks and staples cut crazy quilt patterns today as prices shuffled about irregularly despite the inflationary implications of another sharp slump in international dollar rates.

Diverse currents tossed leading shares about indiscriminately after a brisk upward movement in the first hour which was led by mining and oil issues. Although the petroleum group maintained most of its advance, the metal equities shaded their early gains. The utilities generally were soft and the rails were subjected to some pressure at one time. The American monetary unit dropped to about 65 cents in terms of the French gold franc and was off nearly 10 cents in relation to the British pound sterling. While cotton got up around $1.50 a bale, gains turned hesitant after wheat opened a cent a bushel higher. Other commodities were mixed. Bonds were a trifle nervous.

Shares of Homestake Mining spurted some 10 points and U. S. Smelting jumped around 4 but later relinquished part of this advance. The alcohols did little. U. S. Steel was heavy, losing some 2 points, and issues off more than a point included American Telephone, Du Pont, Western Union, General Motors, Liggett & Myers, Bethlehem Steel, Consolidated Gas, Union Pacific, North American, Public Service of New Jersey and North American.

KIDNAP TRIAL

(Continued from Page One)

any manipulations in this kidnaping. We are here to prosecute everyone whose hands are not cleaned."

"Taking No Chances"

Even Keenan was searched as he entered the federal building.

"We are taking no chances that guns will get into the court-room," a federal agent explained.

At a word from W. C. "Rube" Geers, United States marshal, the handcuffs were removed from Bailey and Bates. Bates folded his arms. Bailey continued an emotionless stare, moving his head in an occasional quick motion to glance about the room but always returning to a set stare at the wall.

When the roll call of jurors was completed the defendants moved up to the counsel table and their guards took seats behind and at the doors.

Bailey Relaxes

Bates sat down in the front of the courtroom beside Ben Laska, his attorney, and the two went into conversation. When Bailey took a seat beside James C. Mathers he seemed to relax completely for the first time, and grinned as Mathers spoke into his ear.

The three Shannons arranged themselves at the end of the long defense table. Plain-faced Mrs. Shannon wore a white straw hat and plain blue suit. She appeared bewildered.

"Boss" Shannon, his thin white hair standing up and his weather-beaten face calm, sat beside her. The two seldom conversed.

Urschel entered the courtroom with E. E. Kirkpatrick, the man who delivered the $200,000 ransom, and Arthur Seeligson, chief intermediary in the ransom negotiations. They sat on a front bench immediately behind the rail separating the court and jury box from the crowd.

Each juror called to the box was subjected to close questioning, the defense showing a particular interest in his acquaintanceship, if any, with members of the Urschel family or business connections with the oil company Urschel heads.

A guard or a machine gun blocked every avenue of escape or delivery.

Fraught with danger, the problem of transporting Bailey and Bates from the county jail was solved last night and the heavily guarded outlaws were spirited over almost deserted streets and lodged on the isolated eighth floor of the new federal building tower.

No Escape Chance Seen

The courtroom is but one floor above and with machine guns trained on stairways and doors and elevators guarded constantly, federal agents were confident there was no chance for delivery or for a repetition of Bailey's Labor day escape from the jail at Dallas. Bailey and Bates will stay in the tower until their trial is over, although the Shannons, who operated the Paradise, Tex., farm where Urschel was hidden last July for nine days, will be taken back and forth between the court room and the county prison, a half dozen blocks away.

Bailey is branded by prosecutors as the "master mind" of the kidnaping.

Seven others on trial, all from Minneapolis and St. Paul, were arrested as recipients of part of the ransom money.

Ready For Trial

"We are ready for trial," was the crisp announcement of Keenan, special prosecutor sent down by Attorney General Cummings. Keenan and his associates are seeking life terms for the accused conspirators under the new "Lindbergh" kidnap law.

Unverified rumors of a gathering of the underworld confederates of Bailey and the others reached the ears of Sheriff Stanley Rogers even before the transfer of Bailey and Bates last night, and he answered them by cautioning the guard over the prisoners to added vigilance.

ARMS MEETING IS DISCUSSED

FRENCH LEADERS SEEK THREE-POWER FRONT ON DISARMAMENT

BY MELVIN K. WHITELEATHER

PARIS, Sept. 18. (AP)—The desire for a three-power front on disarmament motivated French leaders today as American and British representatives joined them in conversations preliminary to the re-opening of the arms conference in Geneva next Monday.

French newspapers and legislators have pointed to Nazi demonstrations at the border and what they call the possibility of the early completion of a German air fleet as requiring a firm stand against any loosening of pacts governing armaments.

Objects Are Listed

From the French point of view, the current talks will have three objects:

To compare notes on charges that Germany is re-arming; to discuss a course should Germany refuse to accept a control plan which French opinion considers prerequisite to the acceptance of any disarmament treaty, and to get backing for a French proposal for international arms control before armaments are reduced.

Ambassador Norman H. Davis is representing the United States and Captain Anthony Eden the British foreign office. Speaking for France are Premier Edouard Daladier and Foreign Minister Joseph Paul-Boncour.

U. S. Support Seen

Reports that the United States will support the control scheme and a change in the British attitude since a demand was made to stop a "propaganda bombardment of Austria" have heartened official France.

But the feeling is general in France that the disarmament conference will enter a crucial period this fall because of the fear of Nazi Germany.

JEAN HARLOW

(Continued from Page One)

L. Freeman, routed out of the bed before dawn as was also the clerk who issued the license, performed the ceremony at his home. The only witnesses were Allen Russell, pilot who flew the pair here from the coast, and Joe Redondo, in charge of the Yuma aviation field.

Redondo transported the party to Yuma from the airport and guided it as its search for a license and the "marrying justice."

After breakfast in an all night restaurant, Mr. and Mrs. Rosson departed by plane for their home in Beverly Hills.

Russell startled the airport manager when he slipped his ship into the field in the dark. Dedondo was at a loss to understand how the pilot had found it, situated as it is in a stretch of mesquite and sage grown desert between Yuma and the hills. Landing in the dark here is considered hazardous, and is not usually attempted by pilots except in emergencies.

Theft Of Hidalgo Bonds Is Charged

FORT WORTH, Sept. 18 (AP)—The theft of $10,000 worth of Hidalgo county tick eradication bonds from a Fort Worth woman resulted in the filing of a complaint, charging theft by bailee, against F. G. Dow of Dallas today.

The woman, Mrs. Annie Haney, told investigators that she had given two men the Hidalgo county bonds to exchange for some Omaha brewery stocks which, the men claimed, would "make a lot of money."

South Texas Faces Flood Threat Again

BROWNSVILLE, Sept. 18 (AP)—The extreme southern portion of Texas was preparing for another flood of the Rio Grande today, although the river was falling at Rio Grande City after reaching a crest of 25 feet, six ifeet below the crest there two weeks ago.

Because there already is water in the river in this section from the previous flood, the present rise of the San Juan in Mexico will cause high river readings here for two or three days.

Post Rotary Will Entertain Teachers

(Special To The Journal)

POST, Sept. 18—Teachers of the Post school system and of Garza county will be guests of the Post Rotary club on Thursday night. This is an annual event for the local teachers, but the rural teachers are being included for the first time this year.

Phil Bouchier, J. B. Slaughter and T. L. "Shorty" Greenfield, are on the program committee. The affair will be given in the social rooms of the First Methodist church.

Brevities

Still In Hospital — Mrs. Frank Harvey of Slaton, who suffered a knee fracture and head bruises and abrasions in an automobile accident Saturday night near Crosbyton, still was in Lubbock sanitarium this morning. Her husband and their 11-year-old son, Joe, also received at the sanitarium Saturday night, had been dismissed.

• • •

May File Applications — As the legislature is in special session, notaries public still can procure appointment for the regular term ending June 1, 1935, by filing applications through Senator Arthur P. Duggan of Littlefield or Ed D. Allen, Lubbock county clerk, the latter's office announced.

• • •

To Form Course — A Sea Scout training course will be formed Tuesday night, beginning at 7:30 o'clock, in the American Legion home, D. T. Jennings, South Plains Area council Boy Scout executive, reminded. Dr. B. F. Stphens of Lubbock will be the instructor.

• • •

Released On Bond—J. A. Warren, indicted by a 99th district court grand jury this term for liquor law violation, as a result of capture last spring at Slaton of a distillery he was accused of operating, was arrested and released in bail Saturday. Mrs. E. L. Davis, billed for arson, and Arcadio Satelo, for robbery, also posted bond Saturday.

• • •

To Inspect Homes—D. A. Forbess, City fire marshal, today was to begin inspection of dormitories and homes in which Texas Technological college students will live during the 1933-34 year. He had a list of about 200 places accomodating men, and intended to inspect them first. Last year was the first such inspections were made, he said. Fire prevention circulars will be left at each home.

• • •

Mrs. Shaffer Charged — Mrs. W. Shaffer, arrested late Saturday afternoon at her home in southeast Lubbock, was charged in Justice of the Peace J. S. Connell's court with sale and possession of beer. Two hundred bottles of beer and a five-gallon crock of brew were found at her home, the constable's department reported. Mrs. Shaffer was freed on bond Saturday.

• • •

Cigaret Blamed For Fire — Fire which destroyed a mattress in the home of Mrs. A. B. Conley at 1611 Main street early Sunday was attributed to a lighted cigaret. A man in whose room the blaze originated escaped uninjured. Fire department equipment answered an alarm about 2:30 a. m.

• • •

Safe Knob Knocked — Although the knob of a safe in the T. R. Pridaux Lumber company office at 1519 Avenue H was knocked off late Sunday or early today, nothing was taken, police reported. Entrance was by a window; exit by a side-door.

• • •

Sunday School Attendance—Sunday school attendances in Lubbock churches yesterday morning totaled 4,035, according to reports made by the secretaries this morning.

• • •

County Court Opens—County court, with Judge E. L. Pitts presiding, opened a new term this morning. The appearance docket will be called Tuesday.

• • •

Permit Granted — E. M. Martin, contractor, this morning obtained a permit at the city building inspector's office to remodel the inside of a building owned by Armstrong Transfer and Storage company at 702 Texas avenue. Cost of the remodeling was estimated at $110.

• • •

Hopkins Has Job—Howard Hopkins of Lubbock, who was graduated from Texas Technological college in geological engineering last month, has a position as field superintendent of the Niagara Oil company at Henderson, Tex., Dr. Leroy T. Patton, head of the college department of geology, said.

• • •

Theft Reported—Theft of a black 1930 Ford roadster at Levelland was reported to Lubbock police Saturday.

Man Surrenders To Face Whisky Charge

His two sons, George and Filax Silhan, having been arrested and free on bond, Jerry Silhan has surrendered voluntarily and posted bail of $750, to await trial on charges of possession and manufacture of whisky.

Victor H. Lindsey, United States commissioner, this morning said an attorney for the fourth man in the case, growing out of a raid by federal agents upon an elaborate distillery near the Hockley-Lamb county line, had reported the suspect would appear before the commissioner today. The fourth man is Guy Foster.

Bond for each of the four was set at $750.

Texas Grapefruit 88 Per Cent Lost

WASHINGTON, Sept. 18 (AP)—The government crop reporting board said today a check in Texas showed about 88 per cent of the grapefruit crop was lost because of the recent tropical storm and that the loss in the Florida area was about 25 per cent.

In Florida about 10 per cent of the orange and tangerine crops were destroyed, the board said.

MORE CARS NEEDED FOR TOMORROW'S GOODWILL TRIP TO ADVERTISE FAIR

More cars are needed for the first goodwill trip for the Panhandle-South Plains Fair which will be made tomorrow, H. D. Woods, chairman of the committee in charge, said today.

The autocade is scheduled to leave City hall in the morning at 7:15 o'clock and return to Lubbock about 4:30 in the afternoon. Time of arrival at the points to be visited follow: Shallowater 8 a. m.; Anton 8:45 a. m.; Littlefield 9:15 a. m.; Amherst 10:15 a. m.; Sudan 11 a. m.; Muleshoe 12 noon lunch; Morton 2 p. m.; Levelland 3 p. m.; Smyer 3:45 p. m.

Band To Play

The Lubbock High School Westerner band will accompany the boosters and extra transportation is needed for band members. Anyone who can carry one or more members of the band is urged to telephone any member of the committee or the chamber of commerce office, 2083.

A "trouble shooter", a pick-up car equipped to fix flat tires and to aid any motorist having trouble with his machine, will be sent on the trip through the courtesy of the Kuykendall Chevrolet company and Firestone, Inc.

Those who had signed up to make the trip included:

Texas Utilities Co., H. D. Woods; Levine Bros., Wm. Levine; West Texas Gas Co., Roy D. McKinney; Reliance Clay Products Co., Fred Caylor; Kuykendall Chevrolet Co.; Quicksall-Pryor Co.; Hemphill-Wells Co.; Southwestern Associated Telephone Co., R. B. Fairley; Foxworth-Galbraith Lumber Co., W. G. Alderson; J. C. Penney Co., E. J. Parsons; Citizens National bank, Paul Hardwick; Grollman's, C. H. Grollman; Sherrod Bros., B. Sherrod; Jarett Cinderella shop, H. J. Jarett; South Plains coaches, Joe W. Bowman; Bray Tailoring Co., Bill Bray; Ribble's Floral, Overton Ribble; J. A. Raley, A. C. Jackson, Jess Levens, M. M. Branch, Vaughn E. Wilson, Tom Pirtle, Charles Whitacre, Glenn Chase, Dr. C. C. Craig, E. L. Klett, Dr. Fred W. Standefer, R. J. Allen, Hurley Carpenter, R. J. Murray.

Lamson Will Fight To Escape Gallows

SAN JOSE, Calif., Sept. 18. (AP)—Defense attorneys have announced they will use every possible means to save David A. Lamson from the gallows.

The defenders of the 31-year-old Stanford university press executive said the legal warfare would be far more intense than that waged during the last month at the trial in which Lamson was convicted by a jury of slaying his pretty wife, Alene Thorpe Lamson.

Tides in the Bay of Fundy rise to a height of 70 feet.

New Suits For Fall

Thought For Today

For if I do this thing willingly, I have a reward: but if against my will, a dispensation of the gospel is committed unto me.—I Corinthians, 9:17.

• • •

He who is firm in will moulds the world to himself.—Goethe.

The Forest Army

One of the most completely successful of all the items on the "new deal" program seems to be the forestry work of the Civilian Conservation Corps.

Some 300,000 young Americans who had no jobs and no prospects of any jobs last spring are hard at work, sending money home to their parents regularly, regaining their own self-respect, rebuilding their bodies — and doing a job of work that will be of vast benefit to the nation for years to come.

So well is the project working out that a person is inclined to wonder if it might not be a good thing to make this forest army a permanent affair.

To begin with, it is very probable that the nation will have a reservoir of unemployed young men for a good many years, no matter how fully prosperity returns. In the boom days of 1928 and 1929 we had more jobless men than it was pleasant to think about; the increasing use of labor-saving devices makes it look as if unemployment will continue to be a problem for a long time.

No one needs to be told anything today about the demoralizing effects of unemployment. No one needs to be told anything about the evils of the dole. The one sure way to avoid those evils is to find work for the men who need it; and a permanent forest army would provide upwards of a quarter of a million extra jobs, year in and year out.

All of this, of course, would be pretty expensive. You can't feed, house, clothe and pay 250,000 men for a year without spending a good deal of money. The federal government has plenty of claims on its purse already.

But it might be money well spent. It would be hard to overestimate the financial value of the work such an army could do if it stayed on the job year in and year out. To save the timber resources we have, to develop new ones, to prevent soil erosion, to prevent floods — those are jobs well worth doing, even if they are costly.

Certainly the question deserves serious consideration. This forest army is too good an outfit to be discarded offhand.

Flapper Fanny

Many a girl with a fine form thinks she has the goods.

The Plainsman Says:

That Girl on Broadway says it may sound funny but most of the big jobs are held by men who can't play bridge as well as their wives.

* * *

In Cuba, it seems, they run both for and from office.

* * *

ON the opening day of the school term The Journal ran a timely and important warning to motorists. You probably remember it. It was on the front page and read: "Drivers, Beware! Don't Kill A Child!"

We down here at the office hope it did some good; we hope motor car drivers will do their part to keep down accidents and we believe most of them will try to do so.

But a warning to drivers is not enough.

There must also be a warning to parents, to be passed on to the children.

* * *

For some reason or other, every time an automobile strikes a pedestrian most of us are ready to blame it on "the fool driver who can't see where he's driving."

Doubtless many accidents are the fault of the motorists involved in them—and, just as doubtless, many are caused by the pedestrians who do not pay attention to where they are going.

For both these reasons, it behooves mothers and fathers of Lubbock to counsel with their youngsters about the various dangers, known to all, of city traffic.

* * *

IT so happens that The Plainsman's route to and from home leads him over thoroughfares which in the morning and at noon are well cluttered up with school kids.

And just as we all were at their ages, they don't do a great deal of serious thinking as they dodge between cars, romping and playing to and from school.

It remains to the lot of the parents, therefore, to instill into the minds of the youngsters that there are dangers along the streets and that they must watch for them.

And even if a child is struck when it isn't his fault, that doesn't make the injuries easier to repair.

* * *

Pollyannas who flinch at calling the present economic status a depression will at least agree that it's the world's worst hangover.

* * *

SPEAKING of the present difficulties, George W. Dupree, the attorney, sees a silver lining gleaming through the clouds. He expresses it in this manner:

"I expect this era to usher in a new generation of leaders beginning after five years or so. And, in my opinion, it will be a generation willing to look conditions in the face, refusing to blind itself to the actual state of affairs.

"You know, after a hurricane sweeps a country and shrubbery and buildings are generally flattened, you'll always find, stuck away somewhere, a little, old pine tree with the strength and stamina to pick up and grow stronger.

"That's what I think will happen to us when the depression is over and everything starts anew!"

* * *

Mr. Dupree's philosophy, The Plainsman thinks, is well taken and his example likewise well chosen.

The world has been revolving along for quite a few years and leaders have cropped up, miraculously, when most sorely needed.

There is no reason to believe that fundamental conditions will change.

After every great upheaval has come improvement.

Why should we think the future will not measure up, fully, to the past?

* * *

That Man on Avenue Q says you can always tell when a man is big enough for his job. He doesn't keep repeating that he is.

* * *

There is still hope for those who survived the summer without drowning or falling under a car. Winter will soon be here with numerous opportunities to freeze to death.

* * *

IT begins to start to get ready to appear that most of the business failures in Texas have gone by the boards.

We had most of them the first few months of the economic debacle and others followed as time rolled along.

But they've been dwindling, happily, lately, until last month's record shines like a new dollar.

* * *

There were only 33 commercial nose-dives in the state during August—the smallest number compiled by any August since that of 1920, with the exception of August, 1928, when 28 firms failed. July, of this year, showed 41 while August of 1932 hung up an even 70.

Further than that, liabilities of firms failing this past August totaled $785,000 and had assets of $418,000.

Liabilities for failures of August, 1932, were $1,410,000, and assets were only $596,000.

* * *

WHILE the "better failures record" was being made, the secretary of state was busily engaged in granting more charters to new business concerns.

She issued 141 charters, with an authorized capital of $2,265,000 for August 1933, as compared to 137 for August, 1932.

Not so bad that it couldn't be worse, eh?

The Approach Of Autumn

General Johnson Made Angry By Coal Operators' Letter; Retail Beer, Liquor Dealers Discuss Saloon Of Future

BY RODNEY DUTCHER
Evening Journal's Washington Correspondent

WASHINGTON, Sept. 18—What made General Johnson hurl the coal operators' letter on the floor.

Dutcher

He was angry. He cursed and charged an "insult to the president."

The large non-union Appalachian group of mine owners had written him that they wouldn't take any of his code.

But what made Johnson especially sore was the letter's assertion that it was "evident" that the code he had written contained provisions through which political influence could be brought to bear to sway decisions one way or the other.

What they mean't, chiefly, was a provision that made Johnson arbiter on the question as to what constituted a far or unfair checkoff from the miners' pay. (The checkoff is the coal company's deduction from pay envelopes for rent powder and other charges and in unionized mines includes the miner's union dues.)

• • •

The Future Saloon

What will saloons be like after repeal? Delegates to the convention here of the U. S. Retail Beer and Liquor Dealers' Association — an organization revived after years of coma—had some ideas.

The best features of the speakeasy will be retained. The feminine touch will be noticeable in the trimmings and women will be given the privilege of the bar as well as tables. No free lunch. No drunks. Proprietors and bartenders will aim to see that the saloon of the future lives down its old bad name. There'll be some "men only" saloons.

All this, of course, only in states which permit saloons.

• • •

Insuring U. S. Employes

At least one large New York life insurance company is raging at the Treasury Department.

The treasury, taking out group insurance for its thousands of employes—the premiums come out of their pay — took the policy from The Sun Life Insurance Company of Canada.

The American company says it offered a better policy at a better rate.

• • •

Brand's Dual Job

Among many new phenomena here are the bright men from industry who pop in as employes of the NRA or the Agricultural Adjustment Administration for a month or so, returning to their jobs after working on and seeing the completion of the code or marketing agreement affecting their own business.

It works the other way around. Charles J. Brand, who insists on being called "coadministrator" instead of "co-administrator," of AAA, stepped into the NRA fertilizer hearing and presented the fertilizer code in his role as secretary treasurer of the National Fertilizer Association. Tart comment followed.

Brand sometimes signs mail as "Secretary - Treasurer, National Fertilizer Association and Coadministrator, Agricultural Adjustment Administration."

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

No Movie Fan

NEW YORK—Here's a farmerette from the sidewalks of New York who has never seen a moving picture.

Miss Mary Kalbron, 17, was awarded a silver cup yesterday for outstanding work in children's gardens maintained on the upper east side by the plant and flower guild.

Blushing, she admitted she knows her onions and radishes, but has never seen a film. Too busy hoeing, she explained.

Likes 'Em Lively

CENTREVILLE, Md.—A carpenter in Centreville landing has his own ideas about housekeepers. He put this advertisement in the paper:

"WANTED — Good-looking, middle-aged, white housekeeper who needs a home, is gifted with gab, can sing and dance and drive dull care away. The dead and dying need not apply. W. H. Neale."

Pet Crow Dies

PITTSBURGH—Pat, a tame black crow, endeared himself to the school children of suburban Thornburg.

He'd pluck clothes pins from lines and caw in glee as the clothes fell to the ground. He'd follow the children to school and then peck at the window panes after the teacher put him out.

Last week he disappeared and when he returned he went on a hunger strike. Today the children are mourning his death.

Around the RADIO Clock

With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Sept. 18 (AP)—Members of the Texas legislature doubtless are anxious to ascertain how their respective senatorial and representative districts voted in the recent repeal and beer election.

It is likely that some of the lawmakers will be guided in their future activities in the legislature by sentiment of their home bailiwicks whenever any beer legislation presents itself for consideration.

Doubtless there will be an effort to liberalize the stringent Dean law, which makes it an offense punishable by imprisonment for one to possess intoxicants. The overwhelming anti-prohibition vote over the state certainly will influence legislators who also are politicians.

Liberal In a Jiffy

It seems Texas went liberal in a jiffy. Boxing, racing and beer now are legal. As short a time ago as last January, when the legislature convened for its regular biennial session, none of these was expected to be sanctioned. The legislators voted to legalize boxing and racing and the electorate approved beer selling after the legislature had voted by a two-thirds majority to submit it. For several legislatures advocates of boxing, racing and modification of the strict prohibition law had been trying to get something done toward repeal of the "blue laws." Each time, however, it was little more than a gesture, because headway could not be made against a strong wall of adverse sentiment. Then, almost over night, as it were legislators began to see life in a broader way. My, how things have changed! How long will it last? is the present big question.

SITE FOUND

BRIANSK, Crimera, U. S. S. R. (AP)—After five years of exploration and excavation on the site near here the Soviet Academy of Science has collected more than 100,000 objects, of what is believed to have been a large settlement of Stone Age man, representing chiefly household implements, ornaments and tools, relating to that prehistoric civilization.

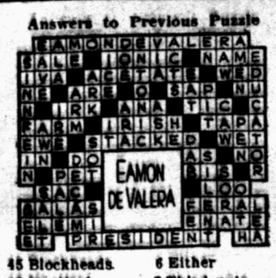

Only eight civil officers of the United States have been impeached and tried before the Senate and only two of them have been convicted.

Answers to Previous Puzzle

SWEDEN LOSES TOURISTS

STOCKHOLM. (AP)—Sweden has had fewer German tourists this year, because of the 200-mark limit imposed on on travelers from that country, but the drop has been less than anticipated, Swedish travel agencies report. Two of the most popular tours in Sweden, it is pointed out, are by boat, the cost of which leaves very little left from the 200 marks travel money.

The Bibliotheque Nationale of Paris, largest library in France, is the third largest library in number of volumes, in the world.

Says Cardui Seemed To Do Her Most Good

"A few years ago, my health wasn't so good," writes Mrs. L. E. Erwin, of Lamar, Mo. "I was nervous and tired, and felt the need of a tonic. My mother advised me to take Cardui. After I had taken one bottle, I found I was getting results. I took about five bottles, and certainly was much better than I had been in some time, as my headaches had stopped. Cardui had done me more good than any medicine I had taken."

Buy Cardui at the drug store.

Education *Plus*...

THE boy who delivers your daily newspaper is more than just a carrier boy. His first duty and interest is in his school work. The newspaper industry realizes this and is doing everything in its power, through its own efforts and by co-operation with the educational authorities, to encourage newspaper boys in their scholastic activities. The task which these boys have undertaken — the prompt and regular delivery of newspapers to the people on their routes, which requires less than an hour and a half a day—is but an additional educational course that goes hand in hand with their school work. As young merchants they are learning the fundamentals of business under conditions that are ideal for their welfare and development. The fact that these boys, almost without exception, rank well above the average in their studies is testimony to the success of their training. Encourage your carrier boy to continue in this work, which is preparing him so adequately for the future.

Your carrier boy is a young merchant, buying his papers and selling them to you at a profit. His income depends on his collections. Help him by paying him promptly every week.

SPORTS

Missions Annex League Pennant

SAN ANTONIO DEFEATS BUCCANEERS, 12-5, IN FINAL GAME

SAN ANTONIO, Sept. 18 (AP)—The San Antonio Missions, riding rough-shod over all opposition in the Shaughnessy system play-off, today had won the 1933 Texas league pennant and the right to meet the Southern association champions in the Dixie series.

The Missions cinched the league title last night by trouncing the Galveston Buccaneers, 12 to 5, in a wild game witnessed by 7,900, who cheered lustily as San Antonio copped its first league championship since 1908. Previously the Missions had won three games and lost two in the Galveston series.

Errors Hurt Bucs

Galveston used five pitchers—Jorgens, Darrow, Tubbs, Moore and Hutchinson—in a desperate attempt to stop the Missions, who drove out 14 hits. Jorgens was credited with the loss. Six Galveston errors contributed to the outcome of the game.

The fifth inning was featured by the ousting of Jack Mealey, Buccaneer catcher, after he had protested a third strike called on him and thrown a bat. He was escorted from the park by police.

Hal Wiltse started on the mound for the Missions and held the Buccaneers hitless and scoreless through four innings. The Buccaneers got to him for four runs in the fifth and routed him in the sixth. He was replaced by Les White, who finished strong. Wiltse received credit for the victory.

Baseball Conscious

Baseball enthusiasm received a big boost in San Antonio as a result of the Missions winning the pennant. They played to more than 26,000 paid admissions in the four games of the series here. When the players trooped off the field after finishing with the Buccaneers, spectators literally swarmed around them, hilariously excited over the win. Hundreds of autograph hunters got signatures on pictures and baseballs.

San Antonio eliminated Houston in the first round of the play-off series, while Galveston was disposing of Dallas. Under the Shaughnessy system the four leading teams at the end of the regular playing season earned the right to fight it out for the pennant. Houston led the league in games won, Galveston ranked second and Dallas third. San Antonio, standing fourth, had been conceded little, if any, chance of finishing ahead. But from the start of the play-offs, the Missions became a hard-hitting, driving crew that polished off their opponents with startling ease.

Today San Antonio fans and the Missions themselves confidently awaited the Dixie series, caring little whether New Orleans or Memphis wins the Southern association flag.

SPYING ON SPORTS

BY COLLIER PARRIS

Commences the week you've been waiting for since last Thanksgiving. Gridiron time in Lubbock, and the fur'll start flying Thursday night when the Tech freshmen and varsity teams hold open house out at Matador Field.

* * *

The high school lid will be blown off Friday night when the Big Spring Bovines come here. Tickets go on sale today at the J. & J. Sporting goods store. They are seventy-five cents a throw, any seat.

* * *

While the prospects could be brighter, we see no real reason why Lubbock fans should not anticipate an exciting football season. College and High school teams will have definite purposes. For Texas Tech it is vindication. You have only to mention Thanksgiving and Simmons university to get 'em fightin' mad out that way. Pre-game fight talks probably will be taken from that subject. For the Westerners, the object will be to show that it doesn't take a veteran team of seniors to make an impression. And what Weldon Chapman has done with that little ragged squad is something you can talk about in the most intellectual circles.

* * *

We pass on now to another subject. It appears that some of our friends took it on the chin the other day during the discussion in this column of the departure or ranging off from a couple or more basic sports to compose something new in the athletic world. Donkey baseball and motorcycle polo came in for discussion, but, contrary to the beliefs of a few, there was no effort to compare the sports, and no names were mentioned. At any rate, here comes a letter, which speaks for itself, to wit:

* * *

Lubbock, Texas.

Dear Mr. Parris:

In your sports column of September 14th we note with some concern the remarks relative to the sport of motorcycle polo. You stated therein that it seemed that men engaged in the various sports were turning softies. The article was written without a great deal of thought to motorcycle polo and we are requesting you to give this letter your attention as we feel that an injustice has been done.

To analyze the art of polo on motorcycle did it ever occur to you that a man is mounted on a machine weighing approximately five hundred pounds, this machine can neither stand alone or think. All of the maneuvers must come from the rider's ability and strength. Besides playing the game a man must be physically fit to cope with the horsepower of the gasoline steed. Motorcycle polo is not an easy game and requires an alert mind and physical fitness on a par with any athletic game. It would be rather comical to take the best of athletes and place them on these machines without knowledge of what they are up against. The motorcycle rider is developed to play the game and stand the gaff. Did it ever occur to you that you have never seen a man who competed in polo who is not far above the average in physical fitness?

Motorcycle polo is in its infancy in the western states. In the east it has been accepted as one of the outstanding sports. The Lubbock Motorcycle club has put forth money and effort to present a new entertainment to Lubbock. How was it accepted by the people? The attendance to the games this year has been on a par with baseball in the city. Surely people will not spend their money to see something in the way of a sport that compares favorably with the rest.

The Lubbock Motorcycle club is not just another competing club in the state. It has worked and fought for the state championship and has won it to the great satisfaction of the Lubbock people. They are now eligible to compete for the midwestern championship and in passing will say that negotiations are under way with the fair association at Chicago to match this game at the fair.

We feel that you will agree when we say that Lubbock has few enough sports at the present and surely a new endeavor toward adding to these should be met with wholehearted approval instead of a SLAM.

The Lubbock boys will appreciate the printing of this letter if convenient. They want the support of the people and the response has been gratifying. If you do not have space to spare in your column then no doubt the Plainsman can help us. Please give this letter some thought and please never associate the game of motorcycle polo with baseball on Burros as it just isn't on a comparable basis.

Very truly yours,
Lubbock Motorcycle club.
Glenn D. Chase, Sec't'y,
Roy Lynch, coach.

* * *

While this department appreciates the "art" and exigencies of motorcycle polo and the efforts under way to make it a major sport in Lubbock, it is not yet ready to rank the game with those athletic entertainments of the upper bracket. However, we are quite open minded about the thing, and when promoters and coaches can show us some "art" and some necessary rules and regulations, we'll topple over. We are not ready to retract in full the previous statement regarding the physical side of the question, for we have observed some very unfit and untrained physical specimens trying to play the game. These remarks, and previous ones, are not aimed at any particular club or sect, and if the shoe doesn't fit, one is perfectly free to place the blame on the salesman.

Because they are comparatively free of disease, Montana sheep are permitted to enter some states without dipping.

DOC BARR WINS SINGLES CROWN

WACO, Sept. 18. (AP)—Doc Barr of Dallas has won the singles championship of the Central Texas Tennis tournament by defeating Bertram Weltens of San Antonio in three straight sets of the final match, 6-1, 7-5, 7-5.

Sterling Williams of Austin and Weltens took the doubles title by nosing out Barr and Johnny Maddox of Dallas in five hard-fought sets, 4-6, 6-2, 1-6, 6-3, 9-7.

Bobby Kamrath of Austin beat his doubles partner, Edgar Weller, in the play-off for the junior singles title, 6-4, 6-3. In the junior doubles, Kamrath and Weller defeated Max Campbell of Fort Worth and Bruce Baxter of Austin, 6-3, 6-3.

Charles Emery and Shep Grinnan of Dallas won the boy's doubles from Bobby McGinnis and Bachman Bedichek of Austin, 2-6, 6-4, 8-6. McGinnis took the boy's singles title from Bedichek, 6-1, 6-0.

SENATORS AND GIANTS NEAR THEIR GOAL

LEADERS HAVE CHANCE TO CLINCH FLAGS IN TODAY'S SCHEDULE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

The New York Giants and Washington Senators stood at the threshold of baseball's throne room today, ready to step over at a moment's notice and accept the crowns as 1933 champions of the two major leagues.

Each had disposed of all but one rival and the schedule today made it possible for both to clinch the flags.

Cubs Eliminated

Of the two, the Giants were a trifle closer to a certainty. By defeating the St. Louis Cardinals, 4 to 3, yesterday on a combination of Mel Ott's 22nd home run of the season and Adolfo Luque's fine relief pitching, they eliminated the Chicago Cubs, recently considered as their most dangerous rivals. Two more decisions were needed to drop the Pittsburgh Pirates out of the race and the Buccaneers were scheduled for a doubleheader against the Phillies today while the Giants played their second game at St. Louis.

Assuming a Giant victory and an even break for the Pirates, Pittsburgh could win all the nine games it would have left and the Giants could drop their last ten and still the clubs would finish with this standing:

	Won	Lost	Pct.
New York	89	63	.586
Pittsburgh	90	64	.584

The Senators, 9 1-2 games ahead of the New York Yankees and with ten games to go against 13 for their rivals, needed three decisions to clinch the American league pennant. And all three were on the program today with Washington playing the St. Louis Browns and the Yanks entertaining the Chicago White Sox in a doubleheader. Given a double defeat today and a Washington triumph, the closest the Yanks could come would be this:

	Won	Lost	Pct.
Washington	96	56	.632
New York	94	55	.631

Sens Defeat Tigers

The Senators helped their cause along yesterday by coming from behind in the ninth inning to score two runs on Buddy Myer's single with the bases full and two out and defeat the Detroit Tigers 4 to 3. The Yankees cut the Washington margin a trifle by taking two games from the Cleveland Indians 3 to 2, and 6 to 1.

Russ Van Atta and Lefty Gomez pitched fine ball for the Yanks, the latter turning in a three-hit, 13-strike-out masterpiece in the second game. Babe Ruth whacked a homer in each contest to bring his season's total to 30. Monte Pearson pitched three-hit ball for the Indians in the opener, but lost out through a walk and an error in the eighth.

Chicago's Cubs also won a doubleheader, beating Brooklyn twice by 6-5 scores but the one Giant victory automatically eliminated them from the pennant race. Charley Root managed to outlast three Dodger hurlers in the opener and Relief Flinger Pat Malone won the second game by driving in Bill Campbell with the odd run.

Reds Beat Braves

The Cincinnati Reds threatened to climb out of the National league cellar as they took two games from the Boston Braves, 5-2, and 6-0 to land only a point behind the idle Phillies.

The closing doubleheader between the Chicago White Sox and Boston Red Sox was rained out while the Philadelphia and Pittsburgh clubs in the National league and St. Louis and Philadelphia in the American had open dates.

WHOLESALERS WIN FROM ABERNATHY

In the first inter-city softball game of the season, the A. W. McKee company Wholesalers defeated an Abernathy team, 8 to 1, here yesterday.

A fair sized crowd turned out to see the game. A small admission charge was made and proceeds turned over to a local committee in charge of relief funds for the storm-stricken area of South Texas.

Pitcher Godeke held the Abernathy batsmen close, and tight infield work saved runs. The visitors scored their lone tally in the sixth inning.

A home run by Dowell started the Lubbock scoring in the third inning.

Resume Recruiting For Forest Army

AUSTIN, Sept. 18 (AP)—The Texas Rehabilitation and Relief commission has been authorized by the United States department of labor to resume recruiting for the civilian conservation corps. The present enlistment period expires October 1.

Men now in the corps will be permitted to re-enlist.

Texas' quota for the corps was 11,750 but 2,070 of the number registered have been dropped for various reasons, there being 9,680 Texans now in 73 camps in Texas, Arizona, Colorado and Wyoming.

The difference between those re-enlisting and the state quota will be filled through county boards of welfare and employment.

Edmisson Takes Club Golf Title

FORMER CITY OPEN CHAMPION STAVES OFF A LATE RALLY TO BEAT "COTTON" McAFEE IN COUNTRY CLUB TOURNAMENT FINAL, 3 AND 1

Staving off a late rally that threatened to overcome a three-up lead, John Edmisson, former City Open champion, yesterday won the Lubbock Country club golf championship with a 3 and 1 decision over W. L. "Cotton" McAfee.

The championship match, postponed from last Monday, ended on the 35th hole of a scheduled 36-hole match when McAfee, who had been firing sub-par golf on the last nine, went one over to Edmisson's par figure. They finished the last nine with a pair of 36's, Edmisson's 35 on the front nine of the afternoon round giving him a sub-par 71.

McAfee, who was playing in his third championship match of the season, only to lose for the third time, staged a brilliant comeback in the last nine holes. At the end of the morning round, he was one down. After 27 holes he was three down. He went four down when Edmisson bagged a birdie on No. 11, but proceeded to win three out of the next four holes. Edmisson's par on the 34th and birdie on the 35th won the holes and the match.

Edmisson defeated T. H. Buckingham in his semi-final match last Sunday, and McAfee beat Manson Allen, 1 up in 19 holes. It was the first time this season that Edmisson had gained the title round.

McAfee went into the championship match with Manson Allen in the Lubbock Country club invitation tournament. In the recent City Open he was runner up to John D. Munn.

The cards:

Morning round:				
Par out	543	454	434	—36
McAfee out	542	544	544	—37
Edmisson out	553	544	444	—38
Par in	445	534	443	—36-72
McAfee in	545	435	563	—40-77
Edmisson in	545	525	552	—38-76
Afternoon round:				
McAfee out	443	554	435	—37
Edmisson out	543	443	444	—35
McAfee in	445	524	543	—36-73-150
Edmisson in	436	535	433	—36-71-147

After McAfee had placed his tee shot a couple of feet from the pin on the short No. 14 hole and putted out for a birdie, Edmisson was one up and three to go. He sunk a 15-foot putt to win No. 16, and holed out from off the green on No. 17 for a birdie and the match.

JIMMY PHELAN WILL UNBALANCE HIS WASHINGTON UNIVERSITY FOOTBALL TEAM IN EFFORT TO BALANCE LUCK

BY FRANK G. GORRIE
Associated Press Sports Writer

SEATTLE, Sept. 18 (AP)—Jimmy Phelan, University of Washington football coach, plans to unbalance his team in an effort to balance his luck.

"We have been working toward an unbalanced line for some time and this year we will use it altogether," said the former Big Ten coach who is starting his fourth season on the Pacific coast.

"Maybe it will change our luck. We need something to balance our wins and losses and a dwindling budget."

Phelan was forced to make changes in his backfield because of the departure of Burl Bufkin, brilliant blocking halfback who went to West Point. The unbalanced line is expected to help maneuver Art Ahonen, a light but slippery running back, into the open with Jack Hornbeak, quarter; Paul Sulosky, battering fullback and Matt Muczynski, blasting half, paving the way.

"Where Washington will finish I cannot guess, with Stanford, California, Washington State and Oregon much improved and Southern California as strong as ever," said Phelan.

"One thing I am sure of is that we will have an end who will compare with any in the country. Bill Smith is one of the greatest pass receivers I have ever seen and we will have plenty of aerial plays mapped out for him."

The schedule:
Sept. 23—Gonzaga at Seattle.
Sept. 30—Idaho at Seattle.
Oct. 14—Oregon at Seattle.
Oct. 21—College of Puget Sound at Tacoma.
Oct. 28—Stanford at Seattle.
Nov. 11—California at Berkeley.
Nov. 18—University of California at Los Angeles in Seattle.
Nov. 25—Washington State at Pullman.

RICE WILL MEET PURDUE IN 1934

HOUSTON, Sept. 18. (AP)—Rice institute will meet Purdue, powerful Big Ten aggregation, on the gridiron at Lafayette, Ind., in 1934, Dr. Gaylord Johnson, business manager of Rice athletics, announced. The game will be played on October 6.

Carding of this contest gives Rice a most attractive schedule for 1934. Louisiana State university of the Southern conference and Santa Clara of the Pacific coast will be played in Houston giving the Owls games with representative elevens from the three sections where the fastest football in the country is played. In addition Rice will again engage the six Southwest conference schools with University of Texas, Baylor and Texas Christian scheduled to visit Houston.

AGE NOT RARE

LUGNANO, Italy (AP)—The death rate in this mountain community is so low that people call it "the place where there is no end." Many of the 8,000 citizens have attained a hardy old age, and it is not considered unusual to complete four score years. Statistics for 1933 show 27 births for one death.

At the Illinois state fair Barney Oldfield, veteran auto racer, won a five-mile race for tractors with an average speed of 36 miles an hour.

JIMMY PHILLIPS WINS GOLF MEET

SAN ANGELO, Sept. 18. (AP)—Jimmy Phillips of Ranger won the San Angelo Country club's fourth annual invitation golf tournament yesterday by defeating Carnes Wilson of Abilene, 2 and 1, in the 36-hole final match.

Gentry Kidd of Midland acquired the championship flight consolation title by beating Olin Blanks of San Angelo, one up.

J. N. Gregory of San Angelo won the first flight with a 6 and 4 victory over John W. Cram of San Angelo. Second flight honors went to Bill Hemphill of San Angelo on default of T. H. Buckingham of Lubbock.

NEARS COMPLETION

PECOS, Sept. 18 (AP)—Completion of a new $10,000 division office and warehouse for the state highway department here is assured within sixty days, according to word from Austin. Division highway headquarters was recently moved from Balmorhea to Pecos.

Civilian conservation corps members in seven camps in southern Ohio gained an average of 10 1-2 pounds per man during a few weeks of camp life.

LEVINSKY AND SHARKEY SET FOR BATTLE

DELAYED MATCH WILL BE TONIGHT; FORMER GOB IS FAVORED

CHICAGO, Sept. 18 (AP)—Jack Sharkey, out to win the heavyweight championship of the world again, and King Levinsky, who discovered it more profitable pushing leather than fish, will toss punches at each other tonight at Comiskey park after a three-day delay.

Originally scheduled for last Friday, the match was cancelled until this evening because of inclement weather much to the glee of Promoter Sammy Wolff who had an eye on the box office receipts. The weather man has promised to cooperate tonight.

There has been much speculation as to how the two fighters would stand the delay, but apparently they suffered no ill effects. Both were in tip top condition when they wound up training yesterday with light workouts. The ex gob will crawl through the ropes weighing about 200 pounds while the ex fish peddler will scale around 203.

Public opinion regarding the winner hasn't changed with the Boston boxer still a 9 to 5 favorite to win.

GRID CLASHES SCHEDULED

SIX SOUTHWEST LOOP TEAMS ARE TO SEE ACTION THIS WEEK

DALLAS, Sept. 18 (AP)—Six of the seven southwest conference football teams will engage in non-conference games this week-end.

The Texas Christian Frogs, who won a 33 to 0 non-conference game last week from the Austin college Kangaroos, will be the first in action when they take on the Daniel Baker Hill Billies Friday night at Brownwood.

Steers Meet Pirates

All the other games will be held Saturday. The University of Texas Longhorns will battle Southwestern university in a night game at Georgetown.

The Southern Methodist university will play the North Texas Teachers of Denton at Dallas.

Coach Fred Thomsen's University of Arkansas Razorbacks and the College of Ozarks will meet at Fayetteville in what was expected to be the toughest game on Saturday's schedule.

Trinity Plays Aggies

Trinity university will invade College Station to battle the Texas A. and M. Aggies, who are favorites for this year's conference championship.

At Houston, the Rice institute Owls will show what they have by playing Texas A. and I.

Baylor will continue to practice.

LEAGUE PLAYOFF FINAL IS TODAY

NEW ORLEANS, Sept. 18 (AP)—New Orleans and Memphis end their season-long competition here today in the deciding game of the Southern association playoff series which was extended to five games by the Chicks' 8 to 4 victory over the Pels yesterday.

The Pels, after winning and losing a game in Memphis, pushed into the lead Saturday by taking the third contest, but dropped back to even terms at two games each yesterday. The winner of today's game will go into the Dixie series against

Here Is Reason Why Dunlap Won

SAYS GAINING OF 15 POUNDS HAD A LOT TO DO WITH IT

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Sept. 18 (AP)—There were a number of good golfing reasons why George T. Dunlap, jr., was back in town today with the National amateur championship in his possession for the first time but he says himself that gaining 15 pounds in weight last spring and regaining his putting touch had a lot to do with it.

"I stopped smoking about nine months ago, settled down to married life and gained weight on home cooking," smiled the newest fair-haired boy of American golf. "When you have only weighed around 120 or so, 15 pounds makes a lot of difference.

Lucky To Qualify

"I had never gotten very far before in the national championship, partly, I think, because the tournament came at the end of the season and I didn't have the reserve strength. I was very lucky to qualify at Kenwood but it was good going after that.

"Things were breaking so well for me that I didn't begin to feel the pressure of having the championship within reach until the afternoon round against Max Marston. I was simply concentrating on my golf. I kept telling myself to forget everything else but the shotmaking. But I have to confess I had one or two panicky moments in the afternoon when Max put on his great finish."

If Dunlap was perturbed at any stage of the tournament, after the qualifying round, he didn't show it. He didn't need to worry after the record 68 he shot at Martson Saturday morning. This spectacular round of flawless golf put George 3even up and clinched the match. It was simply a question how long it would last. Dunlap won by 6 and 5 despite Marston's fine come-back in the afternoon when he shot the last nine holes in 32, three under par.

Behind Only Once

Dunlap was over par only three of the 31 holes played in the final round. Throughout the four days of match play, George trailed only one opponent, William Lawson Little, jr., of San Francisco, in the semi-finals. Against most rivals he started off at such a par-cracking pace that they had small chance to overtake him.

"Dunlap demonstrated he has every shot in the bag," praised Herbert H. Jaques of Boston, president of the United States Golf association. "He is a real champion in every respect, with the further distinction this year of being a semi-finalist in the British amateur."

Dunlap's fine victory at Cincinnati climaxed an extraordinary tournament. Johnny Fischer's record qualifying score of 141, Johnny Goodman's defeat in the first round by the veteran Chandler Egan, and the forward surge otherwise of America's golfing youth were the most conspicuous developments.

San Antonio, winner of the Texas league.

Manager Larry Gilbert of the Pelicans was all set to send his hurling ace, the veteran Fred Johnson, to the mound today. The Chicks will most likely use Bill Bayne.

Hannibal was only 33 years old when he won the battle of Cannae.

NET STARS ARE IN NO DANGER TODAY

LOS ANGELES, Sept. 18 (AP)—Immunity seemed assured for the leading tennis stars of four nations today as they tackled second round opponents in the singles championship of the Pacific southwest tournament.

Frederick Perry, national champion and defender in this hard court classic, meets Cliff Johnson, Glendale, Calif., youth. In the first round the English Davis cup star easily defeated Dick Belote, California intercollegiate doubles champion, 6-1, 6-3.

At the other extreme of the bracket was Ellsworth Vines, jr., Pasadena, twice national champion and as many times winner of this tournament. He beat off Henry Rosenberg, Pacific northwest champion from Seattle, 6-1, 7-5, in the first round. Today he meets Alan Herrington of Hollywood, a former national intercollegiate doubles titleholder.

Jiro Satoh, Japan's ranking player, squeezed out a win over Arthur Kussman, Los Angeles, another of California's former intercollegiate stars, 4-6, 10-8, 6-3.

One foreign entrant, E. R. Avory, England, was eliminated in the only second round match played yesterday by Donald Budge, sensational school boy of Oakland, Calif., 7-5, 6-2.

MEINECKE MEETS J. AND J. TODAY

In continuation of the series, the J. & J. Sporting Goods company Sports tangle with the Meinecke Brothers Hardware company team this afternoon in the second play-off game for the National league softball championship.

The game is booked to start at 6 o'clock at the College Avenue park.

If victorious today, the Sports, winners of the first half, will be established as National league champions and have the right to represent the league in a series with the Hule-Ribble team, American league champs, for the Lubbock Softball association title. The Sports defeated Meinecke Bros., 12 to 3, in the first game of the series last Friday. A Meinecke win today would profong the series another day.

The play-off for the association championship probably will begin not later than Wednesday afternoon.

COTTON RATES ARE CHANGED

NEW SCHEDULE IS IN EFFECT, SAYS LOCAL COTTON BROKER

New cotton rates are in effect on interstate shipments from Lubbock and also on intrastate shipments, according to E. A. Patterson, broker, who returned Saturday from a trip to Austin where he attended a meeting of the railroad commission of Texas.

There is a slight difference in the rates, Mr. Patterson said. The interstate rates are: 62 cents for a minimum of 25,000 pounds of cotton in a car; 57 cents for a minimum of 50,000 pounds of cotton.

Intrastate rates are: 62 cents for minimum of 25,000 pounds; 54 cents for minimum of 50,000 pounds and 48 cents for shipments of 75,000 pounds. "The intrastate rates have not been published, but the tariff is expected off the press in a few days," said Mr. Patterson.

Old Rate Maintained

For cotton of less than 25,000 pounds, the old rate of 72 cents a hundred pounds is maintained.

New rates do not include compression. The old rate did not include a standard compression charge.

Shipments from this area may be concentrated at Lubbock, or other interior points and loaded in a car which contains one of the minimums and not more than five shipments, for the same destination. Compresses may make a charge for compression and handling. Shipments may be held at compresses for 30 days.

The 75,000 pound rate, or 150 bales, is for shipments destined only to port cities. It does not apply on interstate shipments, Mr. Patterson said. No back hauls are permitted.

Chairman C. V. Terrell and Commissioner E. O. Thompson held the hearing, which was well attended by cotton men from over the state.

Denver Rates Given

Fort Worth and Denver rates were announced Saturday.

From Lubbock, Dimmitt, Daugherty, Floydada, Memphis, Wellington and Shamrock, the rates are the same on intrastate shipments: 62 cents for 25,000 pound minimum; 54 cents for 50,000 pound minimum and 48 cents for 75,000 pound minimum.

The Lubbock rate also includes also include Turkey, Quitaque, Lockney, Hart, Dimmitt, South Plains, Sterley, Silverton and Plainview.

FIRST CAPROCK COTTON

POST, (Special)—First bale of cotton from on top of the caprock in Garza county was brought here and ginned September 9. Jewel Blake grew the cotton on the E. M. Basinger farm. The bale of 540 pounds came from 1,480 pounds of lint. It was sold to Peter Watkins for eight cents a pound, or $42.95, after being ginned at the Edwards and Lockhart gin. Business men here paid a $25 premium to Blake.

Trophy For Scotch Dancer

Miss Ann Macgregor Evans, 17 (right) of Ottawa, Ontario—who already has won enough medals in Scotch dance competition to cover the front of her dress—is shown receiving the Col. Walter Scott challenge trophy at Ottawa for winning the highland fling and sword dances at the Central Canada exhibition association meet. Miss Amy Johnson of Montreal is awarding the cup. (Associated Press Photo.)

VIVACIOUS ENGLISH WIFE OF SOVIET RUSSIA'S COMMISSAR TEACHES SCHOOL

MOSCOW, Sept. 16 (AP)—Ivy Litvinoff, vivacious English wife of Maxim Litvinoff, Soviet Russia's commissar for foreign affairs, is going to take up school teaching on a large scale this fall.

Impressed by a simplified system of teaching English recently developed in her home land, she has arranged to introduce it here and to hold several classes this winter at several Moscow institutions of higher learning.

Found It In London

She became acquainted with the new method while she was in London with her husband for the World Economic Conference.

So enthusiastic is Mme. Litvinoff over the possibilities she envisions for equipping Russian youth with an adequate working knowledge of her mother tongue, that she has spent most of her time since returning from London preparing for her work.

She will receive the standard teacher's salary amounting to approximately $25 a month.

Busy In Summer Home

In the small summer cottage on the outskirts of Moscow where she and her two children pass the hot days in the shade of a pine forest, she is busy most of the time preparing charts and illustrations for her classes.

Mme. Litvinoff, who fills the role of the soviet union's "official hostess," always has taken a leading but inconspicuous part in the educational and cultural life of her adopted country.

She is one of its outstanding sponsors in the development of the arts. Occasionally, she writes criticisms of plays and books for periodicals, but most of the time her activity is behind the scenes and she rarely is in the public eye.

NEW AUTO AGENCY

LEVELLAND, (Special)—Wallace Blankenship, local theater owner and business man, has been named representative of the Chrysler Motor company handling both Plymouth and Chrysler cars. He has remodeled his old theater building into a sales room and work shop. N. L. Gentry will be the mechanic and Jeff Holman a salesman.

There are no definite records to show that Stratford-on-Avon was the birthplace of Shakespeare.

FLIER TELLS OF SEEING FLAMING METEOR FROM AIR

ST. LOUIS, Sept. 18 (AP)—The story of his viewing a flaming meteor from a "grandstand" seat 2,000 feet in the air was told by H. H. (Pat) Gallup, a veteran flier and air mail pilot.

Gallup said he witnessed the phenomenon about 30 miles southwest of Indianapolis.

"I was looking at the instruments on the panel when the inside of the cockpit and the surrounding country suddenly became flooded with light," he said. "The first thought that crossed my mind was that a plane was approaching from the rear and that it had flashed on its landing lights.

"Just as I looked up, the meteor rifled past the plane on the right. I would judge the distance at about 300 yards. The ship was going 150 miles an hour, and the meteor seemed to be traveling at better than 500 miles an hour.

"When the meteor was about 1,000 yards ahead of the plane and about 300 feet below its level, there was a blinding explosion. I heard no noise, nor did I feel the concussion which usually follows an explosion. Only an odd sensation which made me wonder whether the world was coming to an end, or whether I was seeing things."

COBLELAND MAN DIES

LEVELLAND, (Special)—R. F. Blankenship, 48 well known farmer of the Cobleland community near here, died at his home September 11 following a week's illness with a heart ailment. His widow, to whom he was married in 1916, four sisters and a brother survive. Several years ago he moved from Crosbyton to Hockley county.

A lock of Milton's hair is in the possession of a New York firm of book dealers.

"B. C." Relieves Periodical Pains In Three Minutes

It is so unnecessary to suffer month after month from inorganic pains, because "B. C." will bring soothing relief in three minutes. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, used by many physicians, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of common colds, headaches and neuralgia, muscular aches and pains, reducing fever and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. (adv.)

GAIN LAID TO INFLATION

ADVANCE OF $4.50 A BALE MADE LAST WEEK BY COTTON

BY FRANK I. WELLER
Associated Press Farm Editor

WASHINGTON, Sept. 18 (AP)—The government's cotton market reports says the advance of more than $4.50 a bale last week was influenced by adverse weather conditions, statistical showings and improved cloth markets, but the trade seems to credit the whole thing to talk of currency inflation.

December contracts at New York sold up from 8.89 cents a pound to 9.74 for the week, and the average price of middling 7-8-inch rose from 8.34 to 9.11 compared with 6.83 a year ago. The price ranged around 9.26 cents during the last wek of August.

Record Is Made

According to the division of cotton marketing, department of agriculture, domestic consumption of cotton along with exports and sales of cloth made something of a record during August.

Domestic consumption was placed at 588,570 bales compared with 404,497 last year—the largest on record for that month with the exception of 1927. Exports during August were the largest of record for that month, amounting to 530,627 bales, compared with 452,154 for the same month last year.

The combined domestic consumption and export figures gave the largest disappearance of American cotton in history for August. Exports from August 1 to September 15 amounted to approximately 900,000 bales compared with 800,000 for the corresponding period last season.

The effort to convert dollars into cotton brouht in, aside from a speculative demand, fairly heavy trade buying.

Rust can be removed from steel by mixing half an ounce of emery powder with one ounce of soap and rubbing the rusted part well.

THREE SCIENTISTS DEDICATE LIVES TO STUDY OF "SLEEPING SICKNESS"

ST. LOUIS, Sept. 18 (AP)—Scientists who have struggled with animal experiments for weeks in an effort to solve the mystery of "sleeping sickness" finally have dedicated their very lives to the study.

The United States public health service at Washington announced three unidentified scientists had submitted to bites from mosquitoes which previously had bitten "sleeping sickness" or encephalitis victims. Experts have given prominence to a theory that the disease is transmitted by insects.

Since the outbreak of an epidemic in greater St. Louis the latter part of July federal, state, county and city health officials have cooperated in their study. In the eanwhile the fatalities have grown to 150.

Only three deaths were reported Saturday, and it is agreed generally that the epidemic is slackening, but little has been learned of how the disease is transmitted or how it may be combatted effectively.

The star Arcturus, a ray of light from which was used to light the World's Fair at Chicago, is 11 million times farther away from the earth than the sun.

IT TAKES HEALTHY NERVES—

TURNER BREAKS OWN AIR MARK; WINS BENDIX CUP

Nerves Never Waver

LOS ANGELES—Colonel Roscoe Turner flashed across the finish line here 11 hours, 30 minutes out of New York, breaking his own coast-to-coast record for the westward flight and winning the annual running of the Bendix Trophy.

Forty-eight thousand spectators were on hand to greet the plucky pilot whose healthy nerves had carried him to victory. For a second time the coveted ... was his. One of the Colonel's first ... was for a Camel. Asked by a ... man if steady smoking ... nerves, Turner ...

"I WATCH MY NERVES as carefully as I do my plane," Colonel Turner says. "I smoke Camels for the sake of healthy nerves, and I enjoy them more because of their mildness and better taste. To me Camels are a much finer cigarette and I never have to give a thought to jangled nerves."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

COLONEL ROSCOE TURNER, in discussing healthy nerves and cigarettes, says:

"Breaking air records is an exciting business—and a nerve-wracking one! I know because I have gone out after a whole flock of records—and managed to pick off quite a few. Like most pilots I smoke a lot—in fact, I enjoy smoking any time. But I watch my nerves as carefully as I do my plane. I smoke Camels for the sake of healthy nerves, and I enjoy them more because of their mildness and better taste. To me Camels are a much finer cigarette, and being a faithful Camel smoker, I never have to give a thought to jangled nerves."

* * *

Are you nervous? Irritable? Try Camels and get a fresh slant on your smoking. Being a milder cigarette, Camels are better for steady smoking. You will find that Camels never get on your nerves...never tire your taste.

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE
