Dulles Warns Reds Hope To Wreck Europe

(By The Associated Press)

WASHINGTON, Jan. 20 — A top Republican foreign affairs expert, John Foster Dulles, came to the support of the Truman administration today in its fight for a European recovery program "adequate" to ward off Russian domination of the European continent.

Asserting that the Soviet Union is striving "by every act short of new war" to wreck the war-weakened economies of Europe's free states, Dulles declared the Communist effort "will probably succeed" unless this country gives western Europe substantial help.

Would Face Huge Outlay

If Russia does become "dominant," Dulles said, the U.S. will have to spend so many millions on its armed forces that the cost of the assistance program proposed by Secretary of State Marshall will look like "a bag of peanuts" by comparison.

Russia might dominate all Europe today but for the $540,000,000 stopgap aid program voted by Congress late last year, added Dulles, a U.S. delegate to the United Nations.

He appeared before the Senate Foreign Relations committee amid backstage efforts by 20 Republican senators to get together on controversial aspects of the four-year aid program, which would give nearly $7,000,000,000 in the first 15 months to 16 countries and western Germany.

Senator Wherry (R-Neb) acting GOP floor leader, told a reporter the senators were meeting from time to time in the hope of finding "general agreement" on the amount of aid, how it should be administered and what conditions, if any, should accompany it.

A number of senators want the proposed 15-month figure cut and the aid program divorced from the State department. Marshall has called for "adequate"aid or none and has insisted that the State department keep overall control of the program.

The State department estimated, meanwhile, that one-fourth of the proposed initial outlay or $1,760,000,000, would go to Great Britain if Congress votes the full sum, with France getting $1,434,000,000 and western Germany $914,000,000.

Other tentative allocations: Italy $889,000,000; the Nether-

JESTER MAKES THREE TALKS AT 'NON-POLITICAL' BIG SPRING MEET

West Texas Water Study Is Set

By H. I. KIEFER
Avalanche Staff Writer

BIG SPRING, Jan. 20 — Plans for several "strictly non-political" water meetings in various parts of Texas in the near future were announced by Gov. Beauford H. Jester at the close of an all-day West Texas conference here today.

All the planned meetings, he said, will follow the pattern of the Big Spring program. If that happens, it will mean several speeches by the governor — he delivered three in Big Spring today — and other talks which may seem to have somewhat vague relationships to water problems.

Among the "strictly non-political" speakers on the Big Spring program was J. E. Sturrock, of Austin, general manager of the Texas Water Conservation association, who helped clarify West Texas water problems with the remark, "I have known every Texas governor personally since Pat Neff and Beauford H. Jester is the greatest of them all. He slaves at his desk day and night for you."

The governor did not attempt to set dates and places of future meetings, but the implication was they will be held in the relatively near future — well in advance of the democratic primary elections next summer while the campaigns are in full swing.

He announced plans for further conferences during one of his "non-political" expositions which he devoted chiefly to an avowal of his intense devotion to West Texas and, as he put it, "my fellow West Texans."

"I have done a lot for West Texas during the first year of my administration," he insisted. "The chairman of the State Board of Water Engineers (E. V. Spence, formerly of Big Spring) is a West Texan. So are others among my appointees. When tragedy struck in West Texas I went personally to the scene." This apparently referred to the tornadoes in the Panhandle last year.

The audience which heard the governor was comprised of more than 300 representatives from nearly 100 counties in an area extending from the northern extremity of the Panhandle to the Rio Grande and from El Paso eastward to Fort Worth. Included was a delegation of a dozen or more from Lubbock.

The upshot of the Big Spring session was a decision, approved by a voice vote at the governor's suggestion, to make permanent the temporary organization which prepared today's program.

Named to head the permanent group was Frank Kelley, of Colorado City, "coordinator" and presiding official at Big Spring. Members are A. B. Davis, Lubbock; Rex Baxter, Amarillo; Winfield Holbrook, Plainview; D. T. M. Davis, Childress; A. C. Bishold, Stamford; John Womble, Abilene; Milo Roth, San Angelo; M. J. Benefield, Odessa; Paul Counts, Fort Stockton; L. A. Chapman, Colorado City; C. J. Castleberry, of El Paso, and D. A. Bandeen, of Abilene, manager of the West Texas Chamber of Commerce.

The general plan is for each

King To End 19-Year Reign As Premier

By ROBERT BUNNELLE
Associated Press Staff Writer

OTTAWA, Jan. 20—Prime Minister William Lyon Mackenzie King announced tonight that he would retire as prime minister and as leader of Canada's Liberal party as soon as the Liberals choose his successor—probably next August.

The 73-year-old premier, speaking at the annual dinner of the national Liberal federation's advisory council, asked that a Liberal convention be summoned to select a new political head.

Under the Canadian political system, leadership of the party in power and the prime ministerial post always have gone to the same man.

Retention Possible

Thus, his retirement from both posts presumably would become effective after the convention, which probably will be held in August, selects a new leader.

The careful wording of Mackenzie King's speech left the way open, however, for him to be persuaded to remain in office longer if the party demanded it. He gave definite indication, nevertheless, that he would prefer to retire and write his memoirs.

Best informed sources in Ottawa said it was a "good bet" that King's present minister of external affairs, Louis S. St. Laurent, would be chosen to succeed to the party leadership and the prime ministership. Many persons had expected King to recommend St. Laurent formally to the party tonight, but he did not do so.

Convention Urged

St. Laurent is 66 years old and is half French and half Irish. He is a corporation lawyer. The story has been current in Canada for some time that St. Laurent was persuaded to remain in the cabinet after the end of the war only on the promise that he would become prime minister on King's retirement.

"It seems to me," he told the 800 Liberals at the dinner, "that in the light of changed and changing conditions, the time has come for the holding of a national convention."

King has been prime minister for 19 years, longer than any other government head in Canadian history.

King, who has served the Cana-

Warmer Weather Predicted For State

Texas Counts Seven Dead In Cold Wave

(By The Associated Press)

ABOVE freezing temperatures were forecast generally for Texas today, with the grip of winter's most protracted cold spell relaxed.

The state counted seven dead from cold weather, sleet, and icy pavements, but as in the rest of the country except snowswept Minnesota, the cold had moderated.

East Texas looked to slightly warmer weather and partly cloudy skies. West Texas skies were fair, and no important changes from Tuesday's temperatures — which saw maximums in the high forties and fifties — were expected there.

Perhaps the coldest spot in Texas Tuesday was Tyler, which registered a maximum of 33. East Texas maximum readings, ranging from 33 to 39, generally were 10 to 15 degrees below those in West Texas.

Slightly Warmer Trend Noted

The state's highest reading was 60, at Crystal City, Laredo, and Del Rio, in southwest Texas near the Mexican border.

An index of the very slight warmer trend today was the low forties predicted for Dallas, which had a 36 maximum Tuesday.

The near-blizzard in Minnesota brought a sharp drop in temperatures to the western Great Lakes region.

By nightfall Tuesday rains had ceased in Texas except for such spots as Beaumont and Houston on the cloudy coast. Travel was reported still dangerous in some areas which had been coated with ice and snow.

Icy Roads Cause Deaths

Maximum readings included San Antonio 48, Austin 44, Waco 39, Houston 39, Galveston 41, Beaumont 44, Corpus Christi 55, Brownsville 54, Big Spring 57, Abilene 55, El Paso 48, Lubbock 53, Amarillo 48.

Light rains yesterday were fairly general in a 200-mile-wide belt from Abilene eastward and from Dallas south to the coast.

Three of the reported deaths were on icy roads in the Brady area. The latest was a 13-year-old boy, Pedro Escomille of San Benito, who was killed Tuesday morning when a car and pickup truck collided on the ice-covered bridge across the San Saba river near Brady. C. W. Hill of San Antonio

Lubbock Man Is Shooting Victim

A quarrel over sheep precipitated a violent argument and ended in the shooting of 52-year-old Frank Aragon of 315 North Ave. P at 6:45 o'clock Tuesday night near the residence, police said.

Aragon was not seriously injured, authorities at St. Mary's hospital said after he had been taken there in an ambulance. He suffered a hand and chest wound, and a bullet grazed the back of his neck.

Intent To Kill Denied

Policemen John Rucker and Cecil D. Dickey went to the scene and arrested a 33-year-old Mexican, owner of sheep which according to his story and that of Aragon, was the cause of hard feelings between the neighbors. The younger Mexican was held in city jail for filing of charges. Police said he admitted the shooting, but denied any intent to kill.

Police still had no tangible clues as to identity of a youthful redbearded bandit who Monday night brandished a pistol and robbed Lytal's Prescription pharmacy at 1109 Ave. L of $175, an unreported amount in checks, 400 grains of assorted narcotic tablets and a quantity of powdered narcotics.

They continued to scan the wanted lists of federal, state and municipal authorities in an effort to find a man meeting his description.

Burglary At Littlefield

Efforts to connect the crime with previous thefts and robberies were also being pushed.

The robbery was one of a wave of robberies, burglaries and car

Republican Candidate Stassen Speaks At Oklahoma Meeting

TULSA, Okla., Jan. 20 (AP)—Republican presidential aspirant Harold E. Stassen said tonight that he believed "too high prices" for food and other necessities of life could be lowered by careful government handling of "limited powers that would not disrupt production."

He came here by plane from Amarillo, Texas.

Disagreeing with those he said advocated development of a form of OPA to meet the problem, he asserted it would be "a sad mistake for America" to move toward a centralized economy.

"To do so," he said in a prepared address before a meeting sponsored by the Tulsa county Republican central committee, "would disrupt the very high production we have attained."

Ira Armstrong Suffers Slight Injuries In Car Wreck Here

Ira Armstrong, 70, 3406 Twenty-seventh, suffered rib injuries when a car he was driving collided with another at Nineteenth and Tyler at 5:03 o'clock Tuesday afternoon.

He was taken to St. Mary's hospital in a Bryan McDonald & Son ambulance, but was released after treatment.

Hugh B. Hayes of the police traffic department investigated the accident. His report indicated Armstrong was going west on Nineteenth and turning south onto Tyler when his car was in collision with a light coach driven eastward on Nineteenth by Richard L. Stephens, 19, of Silverton. Stephens was not injured.

Trustees Open Equipment Bids

Members of Lubbock Independent school district board of trustees, meeting in special session, Tuesday night opened bids for furniture and equipment for the two junior high schools now under construction.

Thirty-two classes of items, including desks, chairs, opera seats for the auditorium, library furniture, laboratory furniture and cafeteria tables and chairs, were listed in the bid forms. Preliminary estimates indicated the equipment will cost a total of some $70,000.

The bids were being tabulated at midnight and tabulation will be continued this morning. Awards will be announced in two or three days, the board said, or as soon as the bid tabulations can be studied by members of the board.

Eleven Firms Submit Bids

Eleven firms presented bids on all or part of the equipment. They were Bickley Bros., Houston; Southwestern Seating company, San Antonio; Remington Rand, Dallas; W. G. Smith, Houston; W. C. Hixson, Dallas; Ted Elstrand, Fort Worth; American Seating company, Dallas; American Desk company, Temple; Griggs Equipment company, Belton; and Gulf States Equipment company, Dallas.

Only action at the meeting not

Oil Output Is Given Boost

(By The Associated Press)

AUSTIN, Jan. 20—The Texas Railroad commission today issued an oil proration order calculated to produce 2,397,888 barrels of oil per day in February.

This will represent an increase of some 30,000 barrels over production set by the January oil order.

The slight hike was arrived at by setting a net allowable of 2,612,502 barrels per day, estimating underproduction at 8.25 per cent or 215,614, and leaving the East Texas field on a 20-day producing schedule for the 29-day month of February.

Thompson estimated the continuance of East Texas on 20 days would mean 19,000 barrels more in February than in January.

Agreement In East Texas

The net allowable as of January 17 was 2,593,948, or 19,590 barrels per day less than the net allowable set for next month.

Retention of East Texas on 20 days was in line with requests of both purchasers and producers at today's statewide oil hearing. Commission Chairman Ernest O. Thompson declared it "worthwhile to note we have unanimity on East Texas today." In past months, purchasers generally have sought more than 20 days for the field, while E. P. Nichols of the East Texas Oil association has maintained 20 days is enough.

The U. S. Bureau of Mines estimate of market demand for Texas crude in February was 2,360,000 barrels daily, 37,888 less than the figure anticipated by the commission's order.

Expected production of 220,178 barrels of natural gasoline and distillate will boost the Texas total to 2,618,066 barrels per day, 258,066 barrels more than the Bureau of Mines figure.

The commission scheduled its next statewide hearing for Feb. 18 at the Austin hotel in Austin.

A request from the Tex Harvey Oil company for an increase of the allowable on its wells in the

Russian Denounces Merger In Germany

BERLIN, Jan. 20 (AP)—Russia formally demanded dissolution of the joint British-American economic administration of the two Western zones in the Allied Control council today, declaring the arrangement violated Potsdam agreements.

Marshal Vassily Sokolovsky, Soviet military governor, presented the Russian view. He spoke after Gen. Lucius D. Clay of the United States outlined measures taken recently by the American and British military governments to expand and improve economic administration in western Germany, beset anew today by hunger strikes and threats of strikes.

The Russian denunciation meant that eastern and western Germany will continue along their separate ways for some time to come.

Gen. Clay again asked for four-power agreement on issuance of a new mark to be printed in Berlin under four-power supervision. The Russians' answer was not given.

Immediately after the meeting Gen. Clay left for the United States for urgent discussions in Washington. His plane took off from Templehof airdrome at 5:45 p. m.

A 24-hour general strike of perhaps 120,000 industrial workers in war-battered Cologne in the British zone was set for 6 a. m. tomorrow and 2,000 Essen building workers laid down their tools in the Ruhr in protest against food shortages.

MEETING REJECTED

LONDON, Jan. 20 (AP)—Prime Minister Attlee rejected today a proposal that he organize a meeting with President Truman, Prime Minister Stalin and the heads of other allied states in an effort to prevent further deterioration of the international situation.

WITH WALLACE IN RACE

Truman Leads Taft And Dewey, Trails 'Ike' In Test Survey

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J., Jan. 20—Complete returns from the Institute's nation-wide poll on the political effect of Henry A. Wallace's third-party presidential candidacy show the following main facts:

1. Mr. Wallace does not take enough votes away from President Truman to put Governor Thomas E. Dewey in the lead in national popular votes in a presidential "trial heat" among the three men today. However Governor Dewey does lead President Truman in poll votes outside the south.

2. In a three-cornered race involving President Truman, General Dwight D. Eisenhower and Mr. Wallace, the General holds a substantial lead nationally.

3. With Senator Robert A. Taft heading the Republican ticket, President Truman runs sufficiently far ahead in the trial heat so that the Wallace vote makes no difference nationally.

These conclusions are subject to certain qualifications which are presented below. The actual poll returns are these:

"If a presidential election were being held today, and Truman were running for president on the Democratic ticket against Dewey on the Republican ticket and against Wallace on a third-party ticket how do you think you would vote—for Truman, for Dewey or for Wallace?"

Similar questions were asked with the names of General Eisenhower and Senator Taft as possible G.O.P. candidates.

The vote:

Truman-Dewey-Wallace	
Truman	46%
Dewey	41%
Wallace	7%
No opinion	6%

Truman-Eisenhower-Wallace	
Truman	40%
Eisenhower	47%
Wallace	6%
No opinion	7%

Truman-Taft-Wallace	
Truman	51%
Taft	31
Wallace	8
No opinion	10

In analyzing the above results those interested in politics should keep the following points in mind:

National vs. Key States

The Wallace percentage nationally does not fully reflect the effect that he could have on the election outcome. The real effect will be felt in certain key states.

Mr. Wallace might in the November election poll only a small percentage of the total vote cast by the whole nation and yet receive enough votes in such individual states as New York, Illinois, California and Michigan to hold the balance of power and determine which major party gets the electoral votes there.

In fact, the Institute's report last week on New York state found that Mr. Wallace's candidacy would strike a serious blow to Democratic chances of carrying that particular state in an election held today.

The New York state figures are

NO 'NEW LOOK'

Most Germans Need Clothes

(NOTE TO READERS: This is No. 21 in a series of articles on the European scene. The Avalanche-Journal's editor recently toured much of Europe as a guest of the Department of the Army and Gen. Lucius D. Clay, American Military governor in Germany).

• • •

BY CHAS. A. GUY, EDITOR
The Lubbock Avalanche-Journal

MORE "Scatterings From Europe:" While the U. S. Zone in Germany doubtless has its normal complement of good looking German women, they aren't noticeable. This is due to the fact that feminine clothing is old and worn—entirely out-of-date. Also, the Winter weather, and lack of heat in homes, causes women to forget "looks," new and old, in favor of bundling up against the cold.

Most German women can get no rouge, no lipstick, and no stockings save of the ugly variety. Their shoes are utilitarian, not stylish. You don't see any of the "open-toe, open-heel" jobs you see here.

If a woman can't slick up her face and figure, if she hasn't sheer hose and graceful shoes, she can't look very good.

Therefore, an American male can stand on a German street corner for hours and never feel the necessity of giving vent to an "oh," or an "ah," much less to a wolf's whistle.

• • •

Parts Of Old Uniforms Worn

To give you an idea of how near to the bottom of the barrel the German male has reached for clothing, it is not unusual to see men wearing parts of their old Army uniforms on the streets.

During the earlier part of the occupation, the wearing or displaying of any part of a

Firemen From Oklahoma Towns Help Fight Maysville Fire

MAYSVILLE, Okla., Jan. 20 (AP)—Firemen from surrounding cities tonight brought under control a fire which destroyed the Granada theater here and heavily damaged adjoining buildings.

"There is still a big fire in a second story rooming house above the City Drug store on the north side of the theater, but it is no longer spreading," Miss Gertrude Huffman, telephone operator, said at 7:50 p. m. She said no one had been reported killed or injured.

The Maysville volunteer fire department fought the blaze alone until firemen arrived from Pauls Valley, 13 miles southeast of here. Firemen from Norman, Purcell and Chickasha later joined in the fight.

Mayor Kay Cordell estimated loss at $50,000—about evenly divided between buildings and merchandise.

HOLDUP SUSPECT HELD

NEW ORLEANS, Jan. 20 (AP)—The FBI announced today arrest of a Mississippian as the fifth man held in connection with the Jan. 9 robbery of the mid-city branch of the Hibernia National bank here, when $114,600 was stolen. He was identified as Whitney J. Carvin, 27, of Pass Christian.

Jones, Long Lead In Race

NEW ORLEANS, Jan. 20 (AP)—Two former governors of Louisiana, Sam H. Jones, who defeated the Huey Long organization eight years ago, and Earl K. Long, Huey's brother and Jones' rival for the second time, tonight ran a nip and tuck race for the lead in a Democratic gubernatoriial primary.

Two other contenders—Judge Robert F. Kennon, running with an appeal to veterans, and U. S. Rep. James H. Morrison—were being outdistanced by Jones and Long in early returns. None of the four approached a majority of the votes, and a runoff primary February 24 seemed to be certain.

Returns Listed

Unofficial returns from 293 of the 1,878 Louisiana precincts gave Jones 35,555, Long 29,016, Kennon 17,176 and Morrison 19,315. These returns included those from about one-half of the precincts in New Orleans, where the old regular Democratic organization, powerful for many years, was supporting Morrison.

However, the present city administration headed by Mayor de Lesseps S. Morrison (not related to Rep. Morrison), threw its support to Jones.

The weather improved after one of the sharpest freezes ever felt in Louisiana, and voters turned out in numbers that may threaten the record of 553,723 votes in the now historic 1940 campaign when Jones defeated Earl Long after the "Louisiana scandals" broke. At that time, Long led in the first primary, but was defeated in the second when an eliminated candidate, James A. Noe, joined forces with Jones.

Six Persons Injured In Wreck Near City

Two persons were hospitalized this morning and four others were less seriously injured but received emergency hospital treatment after a car in which they were riding overturned 2.6 miles south of Lubbock on the Tahoka highway at 12:15 o'clock this morning.

Carol Busby, 25-year-old Friona farmer and owner of the 1940 model light coach, was admitted to West Texas hospital for treatment of a possible fractured pelvis. He also suffered cuts and bruises.

Miss Dorothy Millwee, 19, suffered possible concussion and was admitted to the hospital. Her twin sister, Wanda, and another sister, Johnie, 20, were dismissed after treatment for minor injuries. The women lived at 2010 17th.

William J. Billingslea, 30, and L. W. Nivens, 25, both of Hereford, were dismissed after treatment for cuts and bruises.

According to reports given to the Texas Highway patrol, Billingslea was driving the automobile north toward Lubbock when a tire blew out and the car was overturned. It was heavily damaged.

Pauley's Profits Are Made Public

WASHINGTON, Jan. 20 (AP) — Edwin W. Pauley bought $5,876,503.75 worth of farm products in three years, sold them for $6,809,206.85, and told Congress today that his market information was available to "everybody who read the newspapers."

Senate investigators made public Pauley's record of dealings in wheat, cotton and seven other commodities in 1945, 1946 and 1947, which he had furnished them. It showed that he profited on every commodity in amassing his $932,703 earnings.

Charges Are Denied

Pauley, who became a special assistant to Secretary of the Army Royall last September, reiterated today that he had never had or used any inside government information in his transactions—that he hadn't needed any.

"... the last three years have been the only period when my judgment convinced me that prices could go only one way: up," he said.

He made these assertions in a letter to Chairman Bridges (R-NH) of the Senate Appropriations committee which is investigating market dealings of public figures to determine whether advance tips on big government commodity purchases may have leaked to enrich insiders.

The letter, dated Jan. 3, accompanied the market record.

Senator Ferguson (R-Mich), chairman of an appropriation subcommittee which is conducting the inquiry, threw open the Pauley market record without comment. He did observe that the committee staff had not challenged Pauley's statement of three-year profits.

URGENT MEASURES DEMANDED

Commission Created To Seek Settlement Of Indian Dispute

LAKE SUCCESS, Jan. 20 (AP)—The Security council created a three- nation mediation commission today to seek a settlement of the far-reaching conflicts between the neighbor dominions of India and Pakistan.

The vote for the commission was 9 to 0. Soviet Russia and the Soviet Ukraine abstained.

In the Palestine problem, meanwhile, the United Nations Partition commission was reported to have reached a mutual understanding that an international military force was needed to enforce the General Assembly's decision to divide the Holy Land into Jewish and Arabic countries by Oct. 1. No formal decision was taken, however.

Fernand Van Langenhove of Belgium, Security council president for this month, said he regarded creation of the mediation commission as the "first step" toward the Indian-Pakistan conflicts. He made the proposal after a week-end of secret talks with the Indian and Pakistan delegates.

The resolution, to which both India and Pakistan agreed, represented a compromise.

Andrei A. Gromyko, Soviet deputy foreign minister, favored a

TAGS CAN BE ATTACHED EARLIER

New Vehicle License Plates Delivered To Area Counties

NEW motor vehicle license plates, which this year can be legally attached one month earlier than in the past, are now in the hands of county tax collectors throughout the 19-county division 5 of the Texas Highway department, it was announced yesterday at the office of S. C. McCarty, division engineer here.

A simultaneous announcement came from the office of J. B. Johnston, county tax collector here, that the 1948 plates for all types of vehicles will go on sale this year on Feb. 2, and can be attached immediately. In the past it was illegal to attach the plates before March 1.

It was explained that this was an effort on the part of the highway department to ease the rush and confusion that usually resulted from the 30-day period between beginning of sale and deadline for wearing old plates, which is unchanged from April 1.

The new plates, which are orange numerals and letters on a black background, are made each year by inmates of the Texas prison system. They have been in storage in highway department division offices for several months, and distribution of them to vari-

NEW VIOLENCE IN PALESTINE

Arab Band Makes New Attack On Jewish Town; Nine Are Killed

YEHIAM, Palestine, Jan. 20 (AP)—A band of 500 Arabs today attacked this Jewish settlement built upon the ruins of a Crusader castle near the Lebanese frontier and officials said nine Jews were killed and 19 others wounded.

British security forces withdrew at dusk after motorized troops dispersed the attackers but the 100 Jewish settlers, including 10 women, refused to accompany them.

The Arabs directed mortar and automatic weapon fire in their assault. Palestine police and military officials at the scene said the attack was "well organized" and was aimed apparently at eliminating the settlement, which is surrounded by Arab villages.

It is one of 19 Jewish communities outside the boundaries of the proposed Jewish state.

Four of the Jewish villagers were killed while manning defense posts in the castle, which is on top of one of the rocky hills of western Galilee which would be Arab territory under the United Nations partition plan.

Death Toll Still Mounting

Five Jewish settlement police died and four were wounded as they attempted to reinforce the besieged settlement. They were ambushed by Arabs who blasted their armored car and set it afire.

The attack began with the Arab dynamiting of a bridge over the track leading to the settlement. Palestine police were pinned down by covering fire across the bridge and two British police suffered minor wounds.

Army reinforcements in Bren gun carriers succeeded finally in dispersing the Arabs. The soldiers said many wore uniforms.

Unconfirmed reports in Jerusalem said the Arabs had made another attack upon Kfar Etzion in the Judean hills south of Bethlehem.

Scattered violence elsewhere in the Holy Land brought the unofficial death count since the Nov. 29 United Nations decision on partition to 919.

"LETO'S" HELPS YOUR 'GUMS' GET WELL

ON JUDGING TEAM—Miss Camille Stevens, pictured above with a quarter horse at the Texas Tech livestock judging pavillion, is one more indication that it is not entirely a man's world. She is helping to prove it by being the first girl in the history of the college to win a place on the livestock judging team.

* * *

To Compete In Fort Worth Judging

Tech Co-Ed Gains Post On Judging Team At College

By BILL BAYERS
Avalanche Staff Writer

Ample proof that a lady can literally step off a horse into the sophisticated whirl of college social life is evidenced by Camille Louise Stevens, pretty, personable, 19-year old animal husbandry student and the only girl ever to qualify for a position on the livestock judging team at Texas Technological college.

Long days in the saddle on her father's ranch near Wimberly, Texas, where she has long been considered a "regular hand," has not detracted in the least from her graceful manner and feminine appearance. On the other hand she apparently has gained complete self-confidence and self-control in learning to hold her own in what is deemed a man's world.

Plenty Of Competition

Miss Stevens gained her place on the stock judging team at Texas Tech through open competition in three special judging contests in which 64 boys and three girls participated.

Approximately 10 outside judges were used who are not members of the Texas Tech faculty and places on the team were awarded entirely on basis of the highest individual scores attained. Her being chosen for the team evinced no special comment from the male members of the team who seem to accept her abilities automatically.

To Continue Education

First real competition for the team and for Miss Stevens will take place at the Southwestern Exposition and Fat Stock Show at Fort Worth Jan. 30 to Feb. 8, where the team will participate in the judging of sheep, hogs, breeding cattle, steers and quarter horses. Six students will make the trip with one of them acting as alternate to the five-man team.

An only child, Camille stated that she does all her father's riding on their three and a hal. section ranch but has been in school during branding time so has never had a chance to participate in that colorful activity. She graduated from Blanco High school and started to Texas Tech in the fall of 1945.

Following graduation she is still undecided whether she will return to the ranch or continue her education. "I will probably try for my Masters degree in animal husbandry," she said, "but haven't made up my mind what school I will attend."

On the romantic side of the ledger, she stated that "I am pinned but I really have no definite plans for the future along those lines either."

DRAWING IT FINE

MOSCOW, Ida. (U.P.)—Use of a device sensitive enough to measure daily growth of a tree's diameter down to one one-thoustandth of an inch was reported in a research paper by Dr. M. E. Deters, University of Idaho, and Dr. R. F. Daubenmire, Washington State College.

War Conversion To Be Discussed

DALLAS, Jan. 20 (U.P.)—"Overnight conversion" of U. S. industry from peacetime to war goods will be discussed Friday at a meeting of southwestern industrialists and high-ranking army officials, it was announced today.

Heading the list of Army officers to be present are Gen. Omar N. Bradley, head of the Veterans administration scheduled to become Army Chief of Staff when Gen. Dwight D. Eisenhower steps down, and Gen. J. Lawton Collins, deputy army chief of staff.

Problem Urgent

"It is realized by both industry and the military that the interim period to convert industry from peacetime production to wartime stockpiles and which gave us precious minutes to prepare more totally for World Wars I and II can no longer be counted upon.

"The necessity of overnight conversion to meet the suddenness of an atomic powered attack or offensive is the paramount and current production requirement to meet or cope with any future war potentialities and is one point upon which much discussion can be expected at the Friday conference, an announcement quoting an "official of the Army" said.

Some 1,200 industrialists, including members of ten "quasi-military associations . . . now organized in civic and national spirit to remain close to the security status of the nation," will be present.

Thomas J. Hargrave, Washington, member of the national munitions board, will represent Secretary of National Defense James V. Forrestal. Gen. Collins and Maj. Gen Emmett O'Donnell of the Air Force will make off-the-record talks at a Friday afternoon conference. John W. Carpenter, president of Lone Star Steel and the Texas Power and Light company, and Gen. Bradley will be speakers at a Friday night banquet.

Funeral Ship, Swept By Fire Jan. 12, Still Smouldering

NEW YORK, Jan. 20 (AP)—The Joseph V. Connolly, Army funeral ship swept by fire Jan. 12, still is smoldering in the Atlantic and has drifted 150 miles northeast of its original position 900 miles east of New York, Army officials said today.

The Coast Guard cutters Bibb and Acushnet are expected to reach the Connolly tomorrow and to begin towing her back here.

The Connolly caught fire while taking 6,445 empty coffins to Europe to return American war dead to this country. All 46 persons aboard were rescued after taking to lifeboats.

PRIVATE FLYING BOOMS

SAN DIEGO (U.P.)—Private flying, which already has increased 300 per cent since VJ-Day, will more than double in San Diego County during the next five years, according to local flying enthusiasts. Some 600 private pilots are using San Diego County's 21 commercial fields now.

Rush Relief To Sufferers From Rheumatism Pain

Thousands of sufferers from the torturing pains due to rheumatism, sciatica, lumbago, neuralgia and neuritis—are mighty happy over their discovery of NORITO. Now they have found a quick-acting formula which speedily relieves those exhausting muscular aches and pains. NORITO is trustworthy and dependable—really works fast. If you want to feel again the joy of relief from pain—so you can work in peace and sleep in comfort—be wise and try NORITO under this ironclad guarantee. If the very first three doses do not relieve that cruel pain to your satisfaction—your money will be refunded. Don't suffer. See your druggist today and get NORITO on this guarantee.

Hanna-Pope & Co.

Cotton Industry Urged To Meet Challenge Of Its Competitors

ATLANTA, Ga., Jan. 20 (AP)—Cotton can challenge its competitors with drastically lowered prices if growers use science to cut production costs, industry spokesmen predicted today as they assembled in Atlanta for the tenth meeting of the National Cotton council Jan. 21-23.

Dr. Leonard Smith of Washington, D. C., utilization research director for the council, said cotton would entirely displace rayon in tire cords if its cost was 20 cents a pound.

Cotton presently brings 33 to 35 cents a pound in the post-war boom.

Fiber Competition Expected

Frank McCord, chief of market research at Memphis, said supply and demand are expected to balance in 1950. Thereafter, he said, cotton will compete price-for-price against rayon and other fibers.

Dr. Smith said cotton appeared to have a three-fold advantage. He predicted there would be sharp reduction in production cost by reason of mechanization.

The research program is being carried on by the cotton council as part of its plan to meet competition, and assure permanent demand.

Burris Jackson of Hillsboro, Tex., a cotton council director and member of the cotton utilization research committee, said three fields were being explored. He listed these as:

1. Lower cost of production by mechanization, insect control, and fertilization;

Machines Cut Costs

2. Expanded use by improving the cotton product and finding new uses;

3. Continuing studies of demand and competition.

Jackson said increasing mechanization would cut production costs in those areas where machines can be used, and predicted early adaptation of new machines for hill-country and small farms. Surveys, he continued, have shown that the number of man-hours required for a bale of cotton can be cut from 235 to 11 by full mechanized production.

Moreover, he said, improved methods of pest-control now indicate that production may be nearly doubled with the same number of acres.

TROPHIES OF THE HUNT—William McMillan, seated left, and his father, W. G. McMillan, sr., seated right, are pictured in their African hunting camp after elephant tusks had been removed from animals they had killed in the jungle. Two similar trophies will be on display at Lubbock Senior High school auditorium Friday night when a world premiere of colored motion pictures McMillan took on the safari will be shown. In addition to the ivory tusks, zebra skins will also be on display. More than 600 tickets at $2.40 each had been sold for the premiere up to Tuesday noon, L. E. (Jack) Davis, president of the Kiwanis club, which is sponsoring the films, announced. The club's share of the proceeds will go into a boys and girls' fund. Following Friday night's premiere, the films will be shown in children's matinees Saturday and Sunday afternoons and at night the following week. Matinee tickets for children are 60 cents including tax and the night shows will be $1.50 including tax.

Sue Ella Jones, Infant, Dies; Rites To Be Conducted Today

Funeral services will be conducted in Sanders chapel at 2:30 o'clock this afternoon for Sue Ella Jones, infant daughter of Mr. and Mrs. W. L. Jones of Lubbock.

The infant died at birth in St. Mary's hospital at 2 o'clock Tuesday afternoon.

Dr. H. I. Robinson, pastor of First Methodist church, will officiate at services. Burial will be in Lubbock cemetery.

Survivors other than the parents are the grandparents, Mr. and Mrs. W. E. Jones, and Mr and Mrs. Jess M. Lewellyn of 1419 Sixth.

Brief Bits Of Local News

The Vestry of St. Paul's Episcopal church, Sixteenth and Avenue X, met Monday night at the church to elect new officers for 1948. The following officers for the new year were named: Walter G. Clayton, senior warden; Arthur Yonge, jr., junior warden; Charles Carter, secretary; and George Pratas, treasurer.

Recovery in Hobbs, N. M., of a 1937 light automobile stolen in Lubbock Jan. 11 from Manley L. Branch of Milburn, Okla., was announced to Lubbock officials Tuesday afternoon by the National Motor Theft bureau office in Dallas.

A two-year sentence was suspended Tuesday afternoon by Judge G. V. Pardue after Harrel Lee Smith, 22, of Lubbock route 7, had pleaded guilty of drunk driving, second offense—a felony. Smith was represented by Ben Kucera.

Jim S. Sheppard of Dallas, a missionary of the Baptist Missionary Society of Texas, will preach tonight at 8 o'clock at Central Baptist church, 1311 Eighteenth, Rev. Jeff D. Welch, pastor, has announced.

William McMillan, jr., who with his parents went on a hunting trip in Africa, will show still pictures made during the trip at 8:45 o'clock this morning in Junior High school auditorium before students and faculty members of Central Junior High school. He will explain the scenes as he shows the pictures, with use of an opaque projector.

FIRE CAUSES DAMAGE

ARTESIA, N. M., Jan. 20 (U.P.)—Fire which swept buildings of the New Mexico Asphalt and Refining Co., here last night caused an estimated damage of $100,000. The blaze, which was of undetermined origin, was discovered at a loading rack. It ignited two tanks of gasoline, causing them to collapse and flood an area with flaming gas.

Cockroaches are nocturnal in habit.

Rodeo At Fort Worth Fat Stock Show Approved By Pro Cowboys

FORT WORTH, Jan. 20 (AP)—The Rodeo Cowboy association, organization of professional cowboys, has approved the Southwestern Exposition and Fat Stock show rodeo here Jan. 30-Feb. 8, Edgar Deen, general manager of the show, and Earl Lindsey, manager of the RCA, announced today.

A controversy over purses has delayed approval of the show by the RCA. The controversy was termed a "misunderstanding" by both Deen and Lindsey.

Cowboys will compete for $28,500 in purses, originally posted by show directors, and for $300 per event per performance.

Railroad's Side Given In Trial

The defense in the case of Alton J. Ammons and others against Fort Worth and Denver City Railway company and others did not complete its evidence Tuesday afternoon, but the plaintiffs, 19 residents of the Summerhill addition, and the intervenor, City of Lubbock, rested early in the afternoon subject to record testimony to be given later.

Much record testimony was presented by the defense, and W. S. Broome of Denver, Colo., assistant chief engineer of the defendant railroad and of the Colorado and Southern, the Wichita Valley and the Burlington-Rock Island lines, was on the stand much of the afternoon.

The Summerhill residents seek to restrain the Denver line from constructing a spur track along Ave. L from Thirtieth to Thirty-fourth, saying it would affect their property values and that they are protected against the construction by city zoning ordinance. The defendants maintain the zoning action of the city came much later than the line's purchase of right of way along the disrupted route and says no action of the city subsequent to the line's acquisition of right of way could operate retroactively to divest the railroad of its rights.

The action is being heard by District Judge G. V. Pardue of 99th court.

SERVICES ARE PLANNED

GALVESTON, Jan. 20 (U.P.)—Funeral services will be held in Galveston tomorrow for John L. Sterling, brother of former Gov. Ross S. Sterling. Sterling was 74 when he died in Houston yesterday while on a visit of a few weeks.

Religious Council Plans Discussions During Youth Week

The Inter-Religious Council of Lubbock Senior High school will observe Youth Week, Jan. 25 through Feb. 1, with a series of speeches and panel discussions on the basic doctrines and principles of the various religious faiths and denominations, George Young, president of the council, has announced.

The programs, to be held in the chapel of First Methodist church, Broadway and Avenue M, will be six in number and will be held from Jan. 25 through Jan. 30 only. The first program, Sunday, Jan. 25, will begin at 5 p. m. The five remaining programs are scheduled for 7:30 p. m. on their respective nights.

Speakers for the various dates and their churches are as follows: Jan. 25, Harvey Pruitt, Church of Christ; Jan. 26, Betty Carraway, Catholic; Jan. 27, Dick Schmidt, Presbyterian; Jan. 28, Carolyn Lipshy, Jewish; Jan. 29, Cecil Matthews, Methodist; and Jan. 30, Herbert Puryear, Baptist.

The panel discussions each evening will be carried on by the speaker for that day and a panel composed of three representatives from the major faiths. On the panel are: Bruce Brown, Catholic; Fred Stanley, Protestant; and Sam Eskin, Jewish. Charles Carter of St. Paul's Episcopal church will act as adult moderator for the discussions.

Each meeting will open with a musical prelude and one minute of inspirational thought, closing with a prayer, Young stated. The meetings are scheduled to last about an hour and a half, he added.

Beautify Bust without massage?

Amazing new Nanette Cream contains recognized scientific estrogens (female sex hormones) which may be needed if your Bust is under-normal, flat, due to lack of supply of sufficient estrogenic substances. Nanette Cream vanishes, requires no tiresome MASSAGE. The Woman's Angle
By Margaret Turner

AN interesting letter comes from The Martins, who write they are newcomers to these parts, have bought a home here and would like very much to know a few things about this section of the country which they have been unable to learn from asking people.

"I feel sure," writes Mr. Martin, "that many others would like to know the answers to these questions: What constitutes the High Plains? Where do they start and stop, north, south, east and west? We hear people say 'the South Plains, the High Plains and out on the Cap Rock.' We have been asked where we live and frankly we do not know, except in Lubbock county.

"Our relatives in East Texas write us they are glad we have received such a nice rain, when in fact it has rained over 100 miles away. We read your column and would like for you to answer our questions."

• • •

DEAR MARTIN family: Thanks for your letter. We did a little checking with Dr. W. C. Holden at Tech college and M. D. Fanning at the Lubbock Chamber of Commerce and now feel qualified to answer your questions to a degree, but as each of them pointed out it is rather an inexhaustive subject and would take a column to do so and a geologist to present it in a technical light.

Texas, as you perhaps remember from your study of geography, is the meeting place of four great physiographic regions: (1) the Coastal Plains which extend into the state from the East, (2) the Low Western Plains which extend into the state from the north to constitute the North Central Plains of Texas, (3) the High Western Plains which come down from the Rockies, covering the Panhandle, and Lubbock area and extend southward and southeastward to form the Edwards plateau and (4) the Trans-Pecos region, which is traversed by the eastern ranges of the Rocky Mountain system.

• • •

We live on the Llano Estacado or Staked Plains which are divided into the Panhandle or North Plains and the South Plains. These are level to slightly rolling plains that lie above the Cap Rock escarpment which extends in an irregular line from the northeast corner of the Panhandle to Martin county. Through much of its course the Cap Rock escarpment is an abrupt lift of the earth's surface of 300 to almost 1,000 feet. Elevation on the Cap Rock ranges from 3700 to 3300 feet and Lubbock is slightly over 3200 feet.

• • •

NINETEEN counties are considered on the South Plains; at least down at the chamber of commerce offices because they are in this retail trade territory: Bailey, Lamb, Hale, Floyd, Yoakum, Lynn, Cochran, Hockley, Lubbock, Crosby, Garza, Gaines, Dawson, Borden and Palmer.

The North Plains start with Swisher county and extend to the Oklahoma line. The Cap Rock runs through Floyd, Crosby, Garza, Briscoe and Dawson counties and we speak of going "off the Cap" at Post, Crosbyton and Silverton.

Hope this answers your questions and to the best of our knowledge they are correct.

• • •

NEWS FOR SKIING

A release from Albuquerque indicates the Panhandle Ski club, with over 100 members from Amarillo, Borger and Lubbock, will find 12 to 18 inches of new powder snow, and a varied social and winter sports program when they visit La Madera ski area, near Albuquerque, this week end. The latest snowfall this week blanketed the entire area, trails, open slopes and T-bar lift line, to produce the best skiing conditions in the Southwest this season.

The program for the week end will include a ski tour to the crest of Sandia mountains, 5,000 feet above the city of Albuquerque, and famed for its view of hundreds of miles over surrounding country, scheduled for Sunday morning, and a short cross country tour at the same time for less experienced skiers.

• • •

MODULATED VOICE

A soft, well-modulated voice is the attribute of a mature woman. We are of the opinion that if women could hear their voices as others hear them they would work on eliminating squeaks, shrieks and high-pitched tones that characterize many voices.

One way to check up on your own voice is to hold a private conversation with yourself. An objective slant can be gained if you lightly stuff your ears with cotton. As you talk, listen to yourself with a critical ear for tendencies toward a too-high pitch or a nasal twang.

Cornelia Skinner, the actress, who speaks with a rich voice, says the secret is in knowing how to breathe and speak from the diaphragm. If you have difficulty in learning that trick, consult a voice teacher or a physical education teacher.

• • •

BOY'S DOG LOST

A FULL blood wire haired terrier, about ten months old, has disappeared from the home of his owner, Jerry Bob Milburn, 2006 Twenty-seventh. The cold wind blew against the back gate, opening it, and the little dog made his escape. He wears a collar but his tags are gone.

Jerry Bob is in school for the first time this year and each afternoon this week he has rushed in, hoping his pet has returned, but no luck. His telephone is 6823, if you have seen Happy.

DELICIOUS PIES & CAKES
Made by Club Women
Saturdays at
South Plains Music Store
(Benefit Lubbock Women's Club House)

MRS. R. O. BENNETT

Officer Election Is Held Tuesday

Mrs. R. O. Bennett was elected president of Lubbock Woman's club at a meeting conducted in South Plains Music store Tuesday afternoon. Other officers chosen were Mrs. E. V. Nickell, first vice-president; Mrs. J. L. Rosamond, second vice-president; Mrs. C. E. Fike, third vice-president; Mrs. Vernon Bell, secretary; and Mrs. Burt Douglas, treasurer.

A program led by Mrs. G. A. Foote included a talk, "Federated Club Women—The Most Powerful Opinion-Forming Group in America," by Mrs. F. A. Kleinschmidt. The speaker stated that "women's clubs taken together are doing more today to form opinion than any other adult body." Mrs. Foote read a paper prepared by Mrs. Muriel Shook on the question "How Shall We Use Our Strength?"

Twenty-two women attended the meeting. The group voted to contribute $10 to the March of Dimes and to finance a $10 project for Guadalupe school.

Las Cresas Club Lists Pledges

Las Cresas club has announced the following list of spring semester pledges and their big sisters, with the big sisters names appearing first:

Aurelia Cobb, Cynthia Tankersley; Ludonna Berry, Connie Phillips; Willouise Huckabay, Betty Woods; Jamie Hinson, Dorothy Mooney; Pat Mansell, Jean Hogan; Dorothy Troutt, Jaxie Clark; Betti Teal, Helen Eddins; Jo Cole, Billie Bryant; Jonnie Brunson, Bobbie Bryant; Marjorie Cone, Nancy Harrington; Cynthia Stone, Vonda Lee Rea; Mary Gowin, Patsy Flynn and Jeannine Moore; Martha Lee Adams, Marilyn Williamson; Ann Alexander, Billie Jean Johnson.

The 16 girls took the club pledge oath in the home of Mary Dee Haberer, president, last week-end.

Wedding Of LaJuanda McLeod, Mr. Leftwich Is Solemnized At First Baptist Church

The marriage of Miss LaJuanda Lykes McLeod, daughter of Mr. and Mrs. Olen W. McLeod of 1901 Thirty-third, and Jack Thurman Leftwich, son of Mr. and Mrs. V. T. Leftwich of 2024 Fifteenth, was solemnized Tuesday at 8 o'clock in the evening at First Baptist church. Dr. C. E. Hereford of Corpus Christi read a double ring service before an altar banked with woodwardia and lined with flowered trees of white gladioli.

The scene and the bridal aisle were candlelighted.

Mrs. Hereford presented a program of organ music including "Clair de Lune" (Debussy), "Ave Maria" (Schubert), "Dreams" (McAmis), "Memoirs" (Floyd St. Clair) and "Indian Love Call." Accompanied by Mrs. Hereford, Mrs. Rex Webster sang "Because" and "Ah, Sweet Mystery of Life."

The bride, given in marriage by her father, wore a model gown of ivory Duchess satin, designed on classic line with intricate seed pearl embroidery outlining the sheer yoke and the wrists of the long fitted sleeves. The embroidery was repeated in panel design on the bodice and extended from the waistline to the hem of the very full skirt. Her long veil of imported bridal illusion depended from a cap of heirloom rosepoint lace accented with seed pearl embroidery. The bridal bouquet was of white orchids and bouvardia.

For something old, she wore a Seventeenth Century pearl cross made in Edinburgh, Scotland, and for something blue, her signature was embroidered in blue in her gown.

In Wedding Party

Miss Etoile McLeod of Houston, sister of the bride and maid of honor, wore an original model by Gottlieb of aqua crepe, adorned on the bodice and skirt with aqua and gold bead work. The skirt was fashioned with a side drape and bow. She wore a matching aqua net hat with a circular veil falling in soft folds to the shoulders.

The matron of honor was Mrs. Doyle McLeod, sister-in-law of the bride, and bridesmaids were Mrs. Fred Brown, Miss Alice Ann Woolsey, Miss Marion Benson, Miss Pat Fain and Miss Rena Simmonds of Abilene. They were gowned identically in maize and aqua taffeta period dresses with full bustle skirts falling over hoops. Each wore a poke bonnet of net, tied with a huge bow, and carried a bouquet of talisman roses.

Michele and Suzette McLeod, nieces of the bride and flower girls, wore dresses and bonnets similar to the bridesmaids and carried baskets of rose petals.

Marion Leftwich, brother of the bridegroom, served as best man and Don Lyle, Fred Brown, Bill Stevens, Sam Self, Bud Cammack and Doyle McLeod were ushers.

At Reception

Following the ceremony, a reception was given in the McLeod home. On the bride's table was a large reflector which held a three tiered wedding cake featuring white Grecian columns supporting each tier. Decorating the first two tiers were confection yellow orchids, orange blossoms and stephanoits and adorning the top tier were a miniature bride and bridegroom standing beneath a heart shaped archway. Before the dining room windows were baskets of white gladioli and on the buffet were bouquets of carnations. Arrangements of white gladioli were placed on the mantel in the drawing room.

Those in the reception houseparty were parents of the bride and bridegroom, members of the wedding party, Dr. and Mrs. J. Ralph Grant, and Mesdames Vernice Ford, R. S. Wilkinson, Sam Henry, Dewey George, G. O. Walker, F. B. Malone, Vera Maxey, C. R. Simmons, Gene Leftwich, C. Fred Litton, Bennet O. Cornelius, Ed Dalmontt, Joe Nislar, Rem Thomson, Douglas Witt, J. D. Leftwich, Gene Hardey, Al O'Brien, Ardelle Scales, John H. Toles, C. R. Woolsey, C. Catching, James Leftwich, Raymond Erp, M. L. Shepherd, Duncan Ellison, A. M. Leftwich, jr., D. McCurry, and Misses Sylvia Whitacre, Dorothy Brown and Martha LaRoe.

On Trip

For a wedding trip to Colorado, the bride wore a Ted Stein original suit of Forstmann Miliateen in placid blue with a pink hat and blouse, navy blue bag, shoes and a white orchid corsage. The couple will be at home in Lubbock.

Mrs. Leftwich is a graduate of Hockaday Preparatory school in Dallas and is attending Texas Technological college where she is a member of Ko Shari social club. Mr. Leftwich, a student at Tech, is a graduate of Lubbock Senior High school and is a Navy veteran.

Out-of-town wedding guests were Messrs. and Mesdames R. A. Burnett and Bennett O. Cornelius of Amarillo, Mr. and Mrs. C. R. Simmons of Sweetwater, David Bruton, Charles A. Murphy and Mrs. W. F. Fry of Houston, Mr. and Mrs. Roy Lykes and family and Mr. and Mrs. F. W. Moore of Levelland, Mr. and Mrs. Orville McLeod and family of Slaton, Mr. and Mrs. R. Smith and Miss Betty Joyce Smith of Lamesa, Mr. and Mrs. James Jones of Brownfield and Mr. and Mrs. William O. McLeod of Abilene.

Don Smith Speaks For Garden Club

"Developing the Garden and Home Together" was the subject discussed by Don Smith for Garden Study club in the home of Mrs. W. I. Pittman, 3302 Twenty-second, Tuesday afternoon.

Mrs. Preston Smith was co-hostess and others attending were Mesdames Reginald Rushing, T. C. Ingram, Marshall Howard, A. G. Barsh, W. M. Cauley, Hollingsworth, D. B. Pope, Jack Griggs, Roy Grimes, J. W. Mallory, Alfred Crosby, W. A. Pettey and R. H. Fulton.

Mr. Smith was presented a gift by the club.

Miscellaneous Gift Party Is For Bride

Mrs. Charles Box, the former Miss Luna Mae Thompson, was honored at a miscellaneous shower given by Mesdames R. O. Corcorran, M. Richardson and Mansell Richardson, jr., recently in the Corcorran home on South Tyler.

Twenty-eight persons called and others sent gifts.

Mission Program Is Given For YWA Here

A mission study program on "Women of the Years" was led by Winona Peeples for the Roberta Ryan YWA Monday night at College Avenue Baptist church.

Others attending were Ramona Runkles, June Hahn, Betty Oliver, Joyce Ledbetter, Laurice Sandlin, Glenna Lee, Mary Liles, Bess Eller, Mary Lou Nall and Janet Ragland.

Residents of Pacific islands used to sail their big canoes long distances using charts composed of leaf strips in rectangular frames.

Albuquerque Church Scene Of Wedding

Miss Frances Imogene Neil, daughter of Mr. and Mrs. Jesse M. Neil of Albuquerque, N. M., and Hugh C. Dryer, son of Hugh Dryer of Lubbock and Mrs. Rose M. Dryer of Oklahoma City, were married in Albuquerque Saturday morning at the rectory of St. Charles Borromeo church. Rev. Daniel Krahe performed the double ring ceremony before a candlelighted altar banked with gladioli and palms.

The bride, given in marriage by her father, wore a dusty pink suit with brown accessories. She carried a white prayer book topped with orchids.

Miss Marie Neil of Albuquerque attended her sister as maid of honor and William J. Dryer of Oklahoma City served as his brother's best man.

Reception Honors Couple

A reception was held at the Alvarado hotel following the ceremony.

The couple has gone to Santa Fe and other points for a short wedding trip and upon their return they will be at home at 1511 Fourteenth. For traveling, the bride wore a palomino suit. A graduate of Plainview High school, she has been secretary-treasurer of the Smyth Auto parts here.

Mr. Dryer is employed in the Butler-Brasher Architects office. Graduated from Texas Technological college with a bachelor of architecture degree, he spent three years as a captain with the combat engineers in the Army, serving in both European and Pacific theaters of war.

Auxiliary Is To Send Cookies To Veterans

Homemade cookies, which will be taken to the Veterans hospital in Amarillo, were brought by American Legion auxiliary members to the Legion hall Monday night to a program meeting. Universal military training was discussed.

Mrs. Charles Whitacre, legislative chairman, directed the program. Sgt. L. D. Green of the Lubbock Army recruiting office, projected films on "Mission Overseas," "I Am An American" and "Peace At Home."

It is planned for the women to send at least 1600 cookies to the hospital. They will be taken to the institution Thursday.

Mrs. W. M. Slagle was hostess for a social hour.

Supper Scheduled For Vivarachas Alumnae

Las Vivarachas Alumnae association will attend a buffet supper at 7:30 o'clock Thursday night at the home of Mrs. Buster Welch, 3204 Twenty-second. Mrs. Robert Maxey and Mrs. Welch will be hostesses.

All former members of the organization are invited and those not communicated with are asked to telephone one of the hostesses if they can attend, it was announced.

Skirts Discussed By Girls' 4-H Club

Members of Shallowater Senior 4-H club who met at the school Monday with Mrs. Will Russell, sponsor, discussed the skirts which they are making.

Mrs. Russell announced a party to be given for the girls and their parents.

Book-of-the-Month club, 3 p. m., Mrs. Ivy Savage, 2303 Twenty-eighth, Mrs. O. L. Byrd, co-hostess.

Tech Art Institute, 7:30 p. m., Engineering auditorium, illustrated lecture.

Safety And Health Program Is Given

A program on "Safety and Health" was presented by Mrs. L. L. Kelso and Mrs. B. T. Formby in the form of a marionette show Tuesday afternoon for Lubbock Study club. Mrs. John Daly and Mrs. Clarence Whiteside won prizes for winning a safety quiz.

Hostess was Mrs. Clyde Owens and those present were Mesdames W. G. Alderson, K. S. Blackford, John Duncan, Ira G. Dunlap, Roy Furr, C. H. Hamilton, Howard Logan, Ruel Martin, Lewis Mills, Charles Ross, Lindsey Thompson, John Toles and Agnew Wyatt.

Doublette Club Has Supper And Party

Doublette Bridge club members and guests met with Mrs. Ben McGregor, 2224 Twenty-first, Monday night for a supper and party.

Mrs. Dick Cozby made high score and Mrs. Cecil Thompson, a guest, made second high. Other guests were Miss Hattie Herm and Miss Gertrude Herm. Other members attending were Mesdames Carl Bailey, Jay Gordon, W. H. Garrett, John Wilson, Cliff Widener, M. R. Tripp and Miss Aline McCarty.

East Side Baptist Group Holds Meeting

The Women's Missionary Union of East Side Baptist church met Tuesday night for a mission study, Mrs. Neal Hill announced.

Opening prayer was given by Mrs. Sallie Cathey and devotions were in charge of Mrs. D. C. Walker. Others taking part in the program of the evening were Mrs. Hershel Henkel, Mrs. Granville Suddeth, Mrs. Troy Cannady, Mrs. Jethro Sims and Mrs. Clyde Roberts.

Mrs. Alice McNeill was a visitor at the meeting. The closing prayer was given by Mrs. Neal Hill.

CHICAGO LIKES MOVIES

CHICAGO (U.P.)—A recent survey by the motion picture industry revealed there are seats for 595,179 persons in the 702 theaters in the Chicago area. There are 302 theaters within the city limits of Chicago. The remainder are scattered through the trade area.

PIN-WORM MYSTERY ENDED
Pin-Worms have been causing trouble for centuries, and millions of victims have desperately sought a way to deal with this pest that lives inside the human body.
Science has at last solved the problem! It is now also known that Pin-Worm infection spreads rapidly and can cause real distress if neglected. So beware of that aggravating rectal itch, and act fast. Ask your druggist for JAYNE'S P-W at the first sign of Pin-Worms. P-W is a medically sound treatment based on an officially approved drug principle. The easy-to-take P-W tablets act in a special way to remove Pin-Worms easily and safely.
It's easy to remember: P-W for Pin-Worms!

Pictures Are Shown For Study Club

Flowers pictures were shown by Mrs. Charles Whitacre at a Tuesday afternoon meeting of Sunshine Study club in the home of Mrs. J. H. Brock, 1920 Dixie Drive.

A guest was Mrs. Neal Thompson of Pecos, a former club member, and members were Mesdames Clay Anderson, E. H. Armstrong, Joe Baldridge, C. W. Bartlett, Frank Bass, W. H. Chappell, G. E. Dawson, H. D. Delaney, Ben Eskridge, Lewis Kitrell, J. T. Langford, E. B. McNeill, A. D. Montgomery, J. C. Sanders, C. V. Sanlin, Clyde Tatum and C. W. Tatum.

Mrs. Dawson presided for business.

Foreign Countries Discussed By Club

Members of Plainview Highway Home Demonstration club met Tuesday afternoon for the following program: "Great Britain and Russia," Mrs. J. L. Moore; "Turkey, India and Uruguay," Mrs. G. C. Vaught; and "Are Our Faces Red," Mrs. J. C. McClellan.

Mrs. Jim Hodges was hostess to nine members meeting in the home of Mrs. McClellan. Mrs. L. H. Hahn was a guest.

The club presented Mrs. W. G. Lofland a wedding gift.

Plans were made to have a household linens demonstration in the home of Mrs. A. Holmes, Rt. 3, Feb. 3.

Sunshine Needlers Conduct Election

New by-laws were adopted and officers were elected by Sunshine Needle club in the home of Mrs. Jesse Thomas, 2425 Twenty-eighth, Tuesday afternoon.

Mrs. Lester Harrison is the new president and other officers are: Mrs. H. W. Stotts, vice-president; Mrs. L. O. Tucker, secretary; Mrs. Ross Kirk, reporter; and Mrs. M. A. Elston and Mrs. H. D. Boyd, social chairmen.

A sketch of Stephen Foster's life was given by Mrs. Stotts. The group exchanged Pollyanna gifts and plans were made to meet with Mrs. Tucker, 3114 Thirty-first, Feb. 3 at 2:30 p. m.

Mrs. A. A. Reynolds was a guest and Mrs. J. B. Caldwell was another member attending.

It is estimated that about 86 per cent of workers in U. S. industries have paid vacations.

NOT ONLY RELIEVES BUT 'LOOSENS UP' BAD COUGHS
(CAUSED BY COLDS)
PERTUSSIN has been prescribed by thousands of Doctors. It not only relieves such coughing but also 'loosens up phlegm' and makes it easier to raise. PERTUSSIN(R) is safe and mighty effective for both old and young. Pleasant tasting too! Inexpensive. PERTUSSIN

Sorority Talk Given By Doctor Hudgins

Dr. Frank Hudgins spoke at a meeting of Alpha Gamma chapter of Epsilon Sigma sorority in the home of Mrs. Charles Cathey, 1920 Twenty-fifth, Monday night.

Mrs. Weldon George, president, presided and introduced the speaker.

Those attending were Misses Mary Katherine Rice, Mary Paul Long, Marguerite Harris, Velma Keller, Norma Lee White and Ina Bacon; Mesdames French S. Pruitt, William O. Linn, J. Robert Duncan, David C. Weaver, Allan Marcus, Gerald Jarvis, H. A. Watson, jr., Melba Watson Moore, Lee E. Hale, Eleanor Mills, Neil H. Wright, jr., Weldon George, R. L. Edwards, Randall Jones, Owen Gilbreath, Sidney Keeton, Karl Hansen and Opal Dixon.

Benny, Judy Kirksey Honored At Party

Benny and Judy Kirksey, whose birthdays are on Jan. 17, were honored at a party given by their mother, Mrs. Milton Kirksey, in their home at Wolfforth.

Decorations included balloons and figures of animals.

Refreshments of punch and cake were served to Cora Bell Clanton, Brenda Brooks, Dave Thompson, Richard and Dwain Baker, Sandra Hughes, Roger Huffaker, Billy Patterson, Helen Sue Baker, Hal Wayne Curry, Pat Brown, Barbara Evans, Christine Durham, Rick Stapleton, Monte Fowler, Charles Worsham, James and Jeannie Deering, Jackie Woodson and Martha Pearl Hitt.

CHANGE of LIFE?

Are you going through the functional 'middle age' period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

Railroad Commission Takes No Action On Butane Gas Shortage

By BO BYERS
Associated Press Staff Writer

AUSTIN, Jan. 20—Railroad commission members today voiced concern over the shortage of butane gas for Texas customers but maintained a hands-off attitude toward forcing butane dealers to remedy the situation.

The commission rejected a suggestion by H. P. Nichols of Tyler, vice-president of the East Texas Oil association, that the state's oil and gas regulatory body should force butane gas distributors to build storage space to meet customers' needs at all times.

"The commission is under no illusion it can go into the field of regulating the distribution of butane gas," Commissioner William J. (Bill) Murray said at the statewide oil proration hearing.

Conference Suggested

It was Murray who raised the question of what might be done to alleviate the shortage. He suggested a conference might be advisable, bringing together propane producers, distributors and representatives of the consumer public. No formal action was taken on his suggestion.

Nichols said he had made a personal study of the problem in recent weeks.

"Anyone who could put a tank on the end of his truck has gone into the butane business," he told the commission.

"I think the commission should require such men to put in ample storage to serve their customers. You should force them to quit selling these little tanks that won't take care of the customer," he continued.

"Force is a strong word," Commissioner Culberson observed, asking Nichols:

"Do you think it's right to protest increasing federal regulation of a man's life and at the same time ask the state to increase its regulations."

"The state requires me to do a lot of things I don't like," replied Nichols.

Culberson contradicted Nichols statement that "reputable dealers would not suggest less than a 250 or 300-gallon butane tank—and a 500-gallon one for a large home."

Tech Receives Eight Calves To Be Used In Grazing Tests

The agriculture department at Texas Technological college has received eight steer calves from the Spade ranch to be used for experimentation in the 1948-49 grazing project being carried on by the department, W. L. Stangel, dean of agriculture announced Tuesday.

The calves will be carried as stockers until spring grazing is available.

The grazing project was started in May of 1947, will extend to 1950, and is being conducted on six one-acre irrigated plots on the college farms. Objective of the long-range experiment is to determine the value of various irrigated pasture mixtures for producing beef.

The same pasture mixtures will be used during the 1948-49 period as were used last year, Dean Stangel stated, and pointed out that only eight calves will be used this year because last year's experiment proved that the six one-acre plots provided insufficient pasturage for 12 steers.

Plans For Graduate Courses For Negroes Studied At Austin

AUSTIN, Jan. 20 (AP)—Arrangements were underway here today for the provision of graduate courses of study for negroes not already offered at the Texas State University for Negroes at Houston.

The faculty and finance committee of the university's board of directors met with University of Texas officials to make contractural arrangements for the immediate offering of such courses.

Also meeting with the group were Attorney General Price Daniel and Assistant Joe Greenhill.

Greenhill indicated the action was prompted by the recent application of W. Estor Kirk of Marshall, negro, for admission to the University of Texas as a graduate student in political science.

The committee sought branch facilities for the courses similar to present facilities for the training of negro students in law. The negro law school, supervised by the University of Texas and taught by its regular law professors, is set up on a temporary basis across the street from the state capitol.

The proposed graduate teaching center and the law school are to be moved to Houston in August under present plans.

Arrangements for the graduate center are subject to the approval of the University of Texas board of regents. The regents are scheduled to meet here Jan. 23 and 24.

Three Suspects In Theft Of $20,000 Worth Of Pipe Held

OKLAHOMA CITY, Jan. 20 (AP)—Officers said today they were holding three men in jail here, and believed a solution near to theft of more than 13,304 feet of pipe stolen in Texas and found in Oklahoma. It was valued at $20,000.

A "great deal more" pipe and other oil field equipment, stolen from near Wichita Falls, Vernon and Electra, Tex., may be recovered shortly in Texas and Oklahoma, two Texas Rangers who came here said.

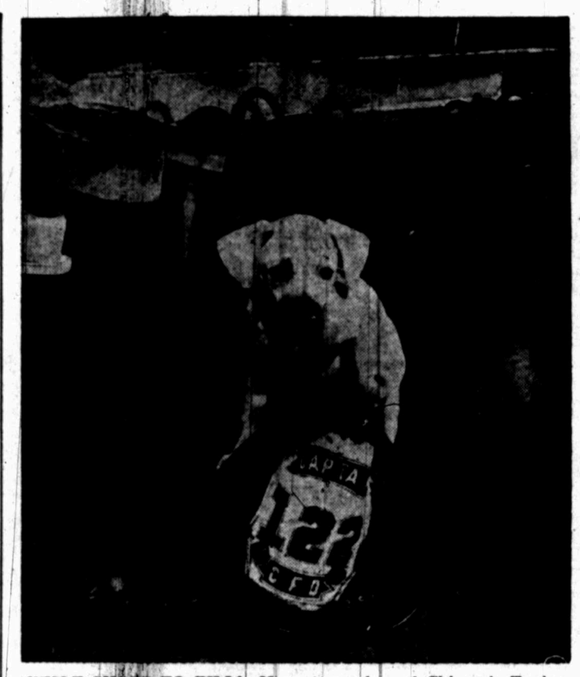

Detective M. H. Bain of the Oklahoma City police said two of the three men were brought here from Texas. The other was arrested here.

Man Sought In Discovery Of Counterfeit Bills At Borger

BORGER, Jan. 20 (AP)—Three counterfeit $20 bills were discovered at the Panhandle State bank here today and police said they were searching for an olive-skinned man with a moustache.

Ralph Rittenhouse, cashier, said a dark-skinned man with a moustache walked into the bank today and wanted to trade 11 old $20 bills for new twenties. He was told the bank didn't have that many new twenties. The man accepted new $10 bills, Rittenhouse stated, and the $20 bills he gave in exchange were genuine.

Police nevertheless sought the man for questioning.

WHAT SHOES TO FILL!—Newest member of Chicago's Engine Company No. 122 is Spike, a seven-week-old fox terrier. He's following in the footsteps of the fire company's old mascot, Duke, who was killed by an automobile. Spike will probably find Duke's shoes easier to fill than the firemen's boots in the background.

NOT IN ACT

Tight Rope Walker Falls Among Lions

MANCHESTER, England, Jan. 20 (AP)—A circus audience saw today a fantasy which occurs usually in bad dreams—a man fell into a cage of lions.

Blondini, a widely known British tight rope walker, lost his footing at a spot where the rope passed over the lions' barred enclosure. He fell heavily among the four lions.

Stunned he lay still.

Animal Trainer Clem Merk crawled into the cage with a chair, quited the excited lions and persuaded them to go into the act. He dragged the inert Blondini to the gate with one free hand.

Blondini was injured only slightly and was back on his rope for the evening performance.

THIEVES TAKE IT EASY

REXBURG, Ida. (U.P.) — Thieves who broke into Woody's Drive Inn took time out to fix themselves two hamburgers on the electric grill and dish up a couple of milk shakes. When they got through with eating, they took $12 from the cash register, picked up $25 of merchandise and left.

Roswell Field In New Mexico Renamed Walker Air Force Base

WASHINGTON, Jan. 20 (AP)—The name of Roswell field, big B-29 base in New Mexico, will be changed to Walker Air Force base, the Air Force said today.

The new name will honor Brig. Gen. Kenneth N. Walker, awarded the medal of honor posthumously. Walker failed to return from a New Britain bombing mission against Japanese shipping in January, 1943. He was declared dead December, 1945.

His son, Kenneth, jr., received the nation's highest military award in behalf of his father from the late President Roosevelt. Gen. Walker was a regular Army officer, entering service in World war I.

Cuba has about the same area as Louisiana.

A Weak, Run-Down Feeling Is Often A Warning
That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health. Adv

28 Deaths Reported In Sinking Of Steamer In South America

SANTIAGO, Chile, Jan. 20 (U.P.)—At least 28 persons were drowned last night when the heavily loaded river steamer Cautin capsized and sank in the Imperial river, it was reported today.

One survivor said the deaths may total more than 100 of the approximately 350 persons aboard. Reports from the neighboring town of Tuerto said police had recovered 28 bodies from the swift moving stream while others were believed to have been carried downstream.

The passengers, mostly women and children, were traveling to the inland town of Nuehuente to attend ceremonies at the shrine of the virgin of San Sebastian.

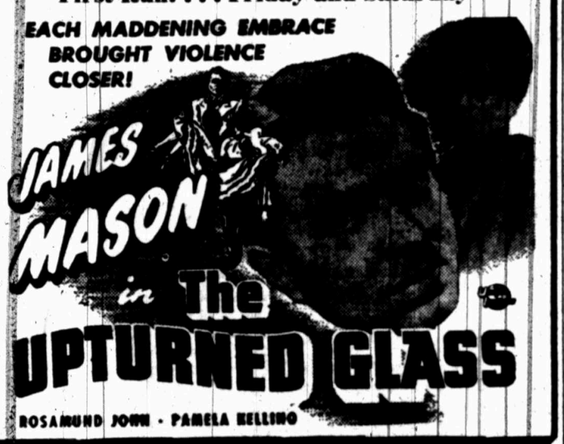

Milan, Italy, was a republic in the 14th and 15th centuries.

Nation's Crude Oil Production Hits All-Time Average Past Week

TULSA, Okla., Jan. 20 (AP)—Principally as the result of a big increase in Kansas, the nation's crude oil production reached an all-time high average of 5,341,135 barrels daily during the week ended Jan. 17, the Oil & Gas Journal reported today.

The figure was an increase of 11,990 barrels over the previous week's output.

Kansas' production was 294,550 barrels daily, a gain of 22,800 barrels.

Other increases included: California, up 2,200 barrels to 933,600 barrels; the eastern area, up 800 barrels to 62,800, Florida, 150 to 875; Oklahoma, 600 to 407,000; Colorado, 950 to 46,640; Montana, 190 to 25,090, and Wyoming, 240 to 131,390.

Decreased production was recorded in: Michigan, down 2,090 barrels to 44,490; Illinois, off 5,400 to 170,000; Indiana, 1,000 to 17,200; Arkansas, 2,450 to 85,800; Louisiana, 1,800 to 473,150, and Mississippi, 3,200 to 110,400.

Production in Alabama, Kentucky, Nebraska, New Mexico and Texas was unchanged.

MERRY-GO-ROUND WANTED

SPOKANE, Wash. (U.P.)—Warner L. Keehn, who has just invented a gasoline-powered horse, is looking for an old merry-go-round. Keehn's 5½-horsepower horses are part merry - go - round and part motor scooter. He'd like to build a whole stable of the high-octane nags and go into the carnival business, but he says old merry-go-rounds are scarce.

Probe Of Charges New Mexico School Teaching Religion Asked

DIXON, N. M., Jan. 20 (U.P.)—Demands continued today for a state investigation into whether religion is being taught in the public school here.

The Dixon free school committee repeated its charge that there is a religious program in the school after State School Superintendent Charles Rose had denied it.

Rose's denial was made after Mrs. Leta Zeller charged that "catechisms and crucifixes are insisted on" in the St. Joseph's school. The secretary of the free school committee made the charges before a mass meeting at the First Baptist church in Albuquerque Sunday.

School buses arrive an hour before classes so that Catholic services may be held, Mrs. Zeller said. Non-Catholic students either have to stand in the cold or attend the services.

Rose denied that there was any violation of the directive he issued last September prohibiting religious teaching in New Mexico public schools.

But Mrs. Zeller countered with a request for a state investigation in the matter.

Delegates From Lubbock Will Attend Amarillo Episcopal Meet

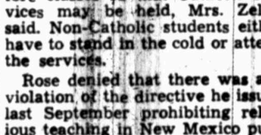

Several members of the congregation of St. Paul's Episcopal church will leave Lubbock this weekend to attend the annual joint convocation in Amarillo of the North Texas Episcopal church district and women's auxiliary, Rev. C. E. Canterbury, pastor of St. Paul's church, announced Tuesday.

Principal speakers for the convocation, which starts at 2 p. m. Sunday and ends about 9 p. m. Monday night, will be Rev. Edward H. Eckel of Tulsa, Oklahoma, and Rev. E. Dargan Butt of Chicago, Illinois, a representative of the National Council of Rural Churches.

St. Andrew's Episcopal church in Amarillo will be host church to the convocation and Bishop George H. Quarterman will preside, Rev. Canterbury said.

Those attending the convocation from Lubbock are: Mr. and Mrs. Clayton Carter, Mr. and Mrs. Walter Clayton, Mr. and Mrs. Edgar Lewis, Mr. and Mrs. John Cochran, Mr. and Mrs. R. C. Tucker, Rev. and Mrs. C. E. Canterbury and Ralph Dorsett.

Directors Are Named By Community Chest

Election of five new directors of the Lubbock Community Chest featured the annual membership meeting of the organization Tuesday morning at Hilton hotel.

The new directors, named to three-year terms, are: B. Hudson Bird, P. T. Glazner, E. T. Pope, Garnet Reeves and J. C. Sanders. Irving Jones and Dave Dawkins, agency representatives, have been re-named to the board.

Retiring directors are: Robert Maxey, Lewis Kerr, John Halsey, Cecil Cale and B. E. Hamilton.

Approximately 15 persons attended the meeting with Mrs. J. O. Morgan being the only woman present. L. E. (Jack) Davis, first vice president, presided at the meeting in the absence of President J. D. Hassell.

Dr. Eaves Speaks To Tech Army Signal Association

Dr. C. D. Eaves, professor of history at Texas Technological college, addressed approximately 50 members and guests of the Texas Tech chapter of the Army Signal association Monday night in the military science building on the campus.

Dr. Eaves discussed experiences in Japan, where he spent a year.

Members of the Society of American Military Engineers, several Tech students, T. C. Root, assistant to the president, and several members of the military staff at the college were guests. Maj. J. M. Goodman, sponsor of the Tech chapter of the Army Signal association, introduced the speaker.

$4 MILLION WAR CHEST APPROVED

Republicans Warned Against Overconfidence In Election

(By The Associated Press)

WASHINGTON, Jan. 20—Senator Wherry of Nebraska assured fellow-Republicans today that a GOP "ground swell" is on, but warned them against overconfidence.

Members of the Republican National committee, ending a two-day meeting at the Mayflower hotel, also:

1. Approved a $4,000,000 campaign war chest.

2. Heard Senator Taft's manager claim that the Ohio Senator is "very definitely in the lead" for the presidential nomination.

3. Listened to complaints that hotel operators in Philadelphia, site of this year's national convention, have not come forward with all the rooms they promised and have been jacking up prices 50 to 100 per cent.

Taft Claimed Leading

Speaking at a committee luncheon, Wherry said:

"There are those within our party who feel that because the Democratic party is divided, all we need to do is stand by, play for the breaks and let the opposition defeat itself.

"But even though the Democratic party breaks apart at the seams, we—all of us—have to keep battling for Republican victory and good government."

Wherry called the opposition "the old New Deal with a new look" and challenged President Truman to say whether he will ask for repeal of the Taft-Hartley labor law as a plank in the Democratic platform.

Rep. Clarence Brown of Ohio, chairman of the national committee's executive committee and Taft's pre-convention manager, told a reporter he is convinced his man is in the lead for the presidential nomination.

Supporters of Gov. Thomas E. Dewey of New York, latest to become an avowed candidate, have been contending for weeks that Dewey will enter the Philadelphia convention with far more delegates than anyone else.

Motion For New Trial Is Filed In Stomping Death Conviction

DALLAS, Jan. 20 (U.P.)—Attorneys for Buster (Skeets) Northern today filed a motion for a new trial for the convicted slayer of Mrs. W. H. McHenry of McAlester, Okla.

Northern last week was sentenced to death for the fatal stomping of Mrs. McHenry.

Defense attorneys in their motion said the verdict was contrary to the law and evidence in the case.

MARKET TRADING SLOW

NEW YORK, Jan. 20 (AP)—Stocks revived moderately on a selective basis today although many market leaders remained in minus territory and the session was the second slowest of the year to date.

Such recoveries as appeared were credited mainly to professional biddins for a technical comeback after the recent slide to average lows since early December. Doubts regarding foreign affairs, business and possible further anti-inflation moves by Washington inspired some offerings.

While gains of fractions to a point or so for pivotals persisted at the close, losses of as much were widespread. Transfers of 710,000 shares compared with 1,050,000 Monday.

The Associated Press 60-stock composite was off .1 of a point at 63.3, a bottom since Dec. 11. Of 947 issues registering, 366 rose, 381 fell and 230 were unchanged.

Pleasing dividends lifted Barnsdall Oil ¾ of a point at 33 and Wilson and Co., ⅛ at 15¾. Ahead a point or better were Union Pacific at 153, Pacific Western Oil 90⅛, Mission Corp. 51⅝, Phillips Petroleum 58⅝ and International Telephone 13¾.

Minor advances were shown by U. S. Steel, Bethlehem Steel, Chrysler, General Motors, Boeing, Douglas Aircraft, Schenley, Consolidated Edison, Commonwealth Edison, Anaconda, American Can, Santa Fe, Southern Pacific, Southern Railway and Plymouth Oil.

Allied Chemical dropped 2¾ at 185, Du Pont 2½ at 176½, Caterpillar Tractor 1 at 58½, Homestake Mining 1¼ at 38⅝, and International Harvester 1 at 86½. Lesser declines were suffered by Gulf Oil, Standard Oil (NJ), Follansbee Steel, Montgomery Ward, United Aircraft, Phelps Dodge, Eastman Kodak (which touched a 1947-48 low), Warner Bros. and Loew's.

At A Glance

Livestock

KANSAS CITY REPORT

KANSAS CITY, Jan. 20 (AP)—(USDA)—Cattle 6,050; calves salable and total 400; rather dull trade on slaughter steers and heifers; early sales steers steady to 25 lower; early sales heifers and mixed steers and heifers steady to strong; cows steady to 25 higher; bulls, vealers and calves largely unchanged; weaker undertone on light supply of stockers and feeders; most sales average medium to good slaughter steers 26.00-29.00; medium short feds 24.00-50; medium and good grain fed heifers and mixed yearlings 25.50-29.00; odd lots common and medium heifers 17.50-24.00; common and medium cows bulked at 16.75-20.00; top medium and good 20.50-23.00; medium and good slaughter calves 20.00-26.00; strictly choice vealers scarce and eligible to 29.00 or better; odd white face cows 17.50.

Hogs 3,000; uneven, 50-1.25 lower; practical top 27.25; small lots 27.50; good and choice 170-270 lb. 26.50-27.00, 280-325 lb. 26.00-50; sows 23.75-24.25.

Sheep 3,500; slow, scattered opening sales lambs steady; ewes sold early; good and choice fed lambs 25.00-25; numerous shipments held higher.

FORT WORTH REPORT

FORT WORTH, Jan. 20 (U.P.) — Cattle 600; calves 500; about steady except cows which sold strong; common and medium yearlings and heifers 16.00-23.00; good beef cows 20.00; common to medium cows 16.50-18.50; canners and cutters 11.00-16.50; bulls 16.00-22.00; good and choice fat calves 21.50-26.00; common to medium 16.50-21.00; stocker calves and yearlings 18.00-26.00.

Hogs 500; butchers opened steady to 25c higher; later sales mostly 25c below Monday; sows steady to 25c lower; pigs unchanged; top 28.25; good and choice 195-200 lb butchers 27.75-28.25; good and choice 160-195 lb. 25.00-27.50; sows mostly 24.00 down, pigs 12.00-20.00.

Sheep 1,800; active, all classes fully steady; good wooled fat lambs 24.00-50; medium to good shorn lambs with No. 2 pelts 21.00; cull to medium slaughter ewes 8.50-10.50; feeder lambs 17.50-20.00.

Grain

CHICAGO REPORT

CHICAGO, Jan. 20 (AP) — Wheat led grain futures higher today at the board of trade under persistant commission house buying said to reflect government purchases of cash grain until profit cashing developed toward the close.

The Commodity Credit corporation announced 1,303,700 bushels of wheat was purchased here and in Kansas City from noon Friday to Monday night.

Feed grains followed wheat upward but later weakness developed.

At the close wheat was 1¾ to 3 cents higher than the previous close, May $2.99¼-½; Corn was 1¾ to 3 cents higher, May $2.65¾-⅞; oats was ¾ to 2 cents higher, March $1.34¾. Soy-beans were 7 cents lower, March $4.18½.

FORT WORTH REPORT

FORT WORTH, Jan. 20 (AP) — Wheat No. 1 hard, 3.15¼-34¼.

Oats No. 2 white 1.57¾-58¾.

Corn No. 2 yellow 2.95¾-97¾; No. 3 white 3.06¾-10¾.

Sorghums No. 2 yellow milo, per 100 lbs. 4.30-35.

Produce

CHICAGO REPORT

Houston Negro Charged With Murder In Herridge Slaying

HOUSTON, Jan. 20 (AP)—Thurman Williams, 22-year-old Houston negro, was charged last night before Justice of the Peace Thomas Maes with murder in connection with the slaying of C. N. Herridge of Houston on Oct. 28, 1947.

Herridge was slain as he ran onto his porch to try to stop a thief from stealing his car.

The negro charged, chief criminal investigator Jake Colca said, collected a $100 reward after the murder for finding a rifle which officers said had killed Herridge. A reward had been offered for the recovery of the murder weapon.

Williams was arrested yesterday afternoon.

KIND-TO-SQUIRRELS WEEK

GREENSBURG, Ind. (U.P.) — Ike Minary, custodian of the Decatur County court house, canvassed Greensburg residents for gift contributions for the squirrels living around the court house lawn. Minary collected several baskets of hickory nuts and walnuts for the squirrels, which found slim pickings around the county seat during the winter months.

Conservation Of Soil In Area Is Emphasized In Clinic Talk

A greater problem of recovery of depleted soil is faced in the South Plains area, because of its moisture situation, than in areas where more rain falls, and as a result conservation of the soil and water is the area's most important agricultural problem, Frank Gray, Lubbock county farmer, said in a talk at the Optimist club luncheon at Hotel Lubbock Tuesday.

Gray cited the rapid changes in agriculture in the area in the past ten years and then posed the problem of future changes.

"How long can we continue at the present rate of production?" he asked. "Even the farmers are beginning to realize that something must be done to protect the fertility of our soil and conserve as much moisture as possible."

Gray cited mechanized farming, the growing of combine-type sorghums and irrigation farming as the three principal changes in farming methods in the past 20 years. He said a better system of diversification of crops, terracing and soil-building practices must come if production is maintained.

Gray was introduced by H. E. Mather, program chairman. Bryan Chapman of Henderson was an out-of-town visitor at the luncheon.

Buildings At North Camp Hood Will Be Disposed Of By Army

FORT SAM HOUSTON, Jan. 20 (AP)—All remaining buildings at North Camp Hood, a tank destroyer training center during the late war, will be dismantled and disposed of by the army engineers, it was announced here today.

At one time the camp, also known as Gatesville camp because of its nearness to Gatesville, Tex., housed 30,000 troops

More than 800 buildings of the camp were released to the War Assets administration in 1946 for disposal as excess material. The remaining structures do not meet requirements for inclusion in the plans of the peacetime army. All land and certain utility systems will be retained as a part of Camp Hood.

FORMER TEACHER CLAIMED

HOUSTON, Jan. 20 (AP)—Mrs. Julia Ardene Meece, 75, shorthand teacher at Baylor university, Waco, in the late 1890's died at the home of a daughter here late yesterday. A native of Rianza, Miss., Mrs. Meece later moved to Graham, where her father was an attorney. Funeral services will be held here tomorrow.

PORTABLE REMINGTON

Here's a perfect companion for anyone who writes—whether in business, social, or scholastic work. This responsive Remington-Rand portable typewriter produces beautiful typing swiftly, with clear-cut crispness. It's world-famous for its ability to take hard usage, to survive the rough and ready knocks of constant service. See this DeLuxe Model 5 at Zale's. It's ideal for a graduation or birthday gift. Available on convenient budget terms.

CHECK THESE FEATURES:

- Exclusive Geared Typebar action controls the typebar from the beginning to the end of the stroke.
- Exclusive "Self-Starter" paragraph key instantly indents five spaces at a touch.
- Exclusive downward stroke typebar gives uniformity of printwork and many carbon copies—cuts clear stencils.
- Standard 4-row 84-character keyboard, just as on office machines.
- Rigid carriage mounted on roller bearings.
- Personal Touch regulator adjusts to your individual touch preference.
- Variable line spacer makes possible writing on ruled lines—accurate fill-ins or corrections.
- Complete visibility of writing line.
- Concave keys for finger-tip control.

Lynch Resigns As Head Grid Coach At Amarillo

Board Action Slated Feb. 2

AMARILLO, Jan. 20 (Special)—Amarillo High school's coaching setup was in confusion here today after Howard (Bull) Lynch, head grid mentor for a decade, in effect offered his resignation at a meeting of the Amarillo school board Monday night.

Lynch, answering strong criticism of his coaching methods and the record of the Golden Sandie football teams during the last three years, asked the board members for a vote of confidence or acceptance of his resignation at the expiration of his present contract in December of this year.

Former Line Coach

Lynch, who served as line coach under Blair Cherry, present University of Texas football coach, when the Amarillo gridders won three consecutive state championships in 1934-35-36, told the board that he was aware of criticism of his coaching and that he wanted the matter settled.

During the discussion that followed one of the officials asked Lynch if he would consider taking over as director of athletics, with a new mentor in charge of the football squad.

"I don't think so," Lynch said.

New Program Asked

The veteran mentor urged adoption of new measures to strengthen the Amarillo athletic program, but the board took no immediate action on the plan. Features of the program asked by Lynch included the hiring of another coach to aid Yannigan mentor Rudy Gamblin, intensification of junior high school grid training, and trips to the annual coaching schools for all High school mentors at school expense.

Board President R. P. Parcells announced that action on Lynch's request and the coaching setup will probably be taken at the next regular meeting of the group Feb. 2.

Lynch has been under the fire of Amarillo fans for more than a year, since the Odessa-Sandie debacle in 1946, but he was given a new two-year contract in December of that year. The 1947 defeat of the Sandies by Odessa and Wichita Falls added ammunition to the barrage of criticism.

HOWARD LYNCH

Lobo Five Edges Springlake, 33-30

LEVELLAND, Jan. 20 (Special)—W. A. Wise pitched a free toss through the hoops here tonight to give the Levelland Lobos a 33-30 District 4-A victory over Springlake, the charity lob coming with 34 seconds of playing time remaining.

Springlake fought back in the closing seconds, shooting three times in desperation, the final shot hitting the basket, rolling around the lip of the opening and finally falling out.

And then, with three seconds to go, Bobby Hart insured the victory by dribbling in for a lay up shot, the ball starting to fall through just as the final whistle blew.

Hart Grabs Honors

To Hart went the major share of honor, his 14 points topping all other courtmen, but eight of these points were made from the small line in the keyhole. Eight times Hart stepped to the free throw line and eight times his tosses swung the netting gently.

Springlake was led by Guard Kenneth Burdeois, who tried to stem the tide with 11 counters, but his efforts fell short of the mark.

At that, Levelland had to come from under a deficit that might have appeared too big to many teams. Springlake jumped into an early lead and was ahead 9-6 at the first quarter. With only a few seconds remaining before the half, Springlake had upped this margin to 21-6.

Lobos Fight Back

The Lobos fought back and caged three shots in rapid succession to leave the court at intermission on the short end of a 21-12 tally.

They returned to the floor to carry the fight to Springlake, driving into a narrow 27-26 lead at the third quarter, while holding the visitors to only five points.

The lead seesawed from this point on until, with only 34 seconds remaining, Wise made good his charity heave on Higgins' foul to break a 30-30 deadlock and bring victory to the Lobos.

In a B squad game, Levelland had little trouble in taking a 25-11 victory, the junior Lobos holding a wide 13-2 margin at the half. William Bailey and Paul Humphries topped the home team scorers with six points apiece.

R. C. Harrell Named To Lamesa Grid Post

LAMESA, Jan. 20 (Special)—R. C. (Bob) Harrell, former Texas Christian university athletic luminary, was today named head football coach of the Golden Tornadoes, Superintendent of Schools C. B. Wadzeck announced.

Harrell, a 1938 graduate of T. C. U., where he lettered in track, basketball and football, succeeds former Texas Tech guard star Jim Neill who resigned several weeks ago. The new mentor will assume his duties here immediately.

A three-year contract was awarded to Harrell by the Board of Education, headed by Chairman L. B. Vaughn. Harrell was selected from a group of more than 30 candidates for the post.

Harrell's previous coaching experience includes a one-year stint at De Leon, four years at Odessa and four years at Greenville.

Lamesa High school is a member of District 3-AA of the Texas Interscholastic league setup and competes against Odessa, Midland, Abilene, Sweetwater and San Angelo in conference play.

Ralls Quints Sweep Three-Game Card With Lockney Cage Squads

RALLS, Jan. 20 (Special)—Carter Page's 24 point scoring offense led the Ralls cagers to an easy 47-20 District 3-A victory over Lockney here tonight, although Jim Golden tallied 11 points for the losers.

The Ralls "B" string continued the win skein with a 22-11 win over the Lockney crew, while the Ralls girls drubbed the visitors, 22-8.

GIANTS GET CONERLY

NEW YORK, Jan. 20 (AP)—The New York football Giants today traded halfback Howie Livingston and another unnamed player to the Washington Redskins for the draft rights to Charley Conerly, triple-threat back from the University of Mississippi.

Barbour Paces Muleshoe Quint To 50-38 Win Over Littlefield

MULESHOE, Jan. 20 (Special)—Billy Barbour tallied 21 points to pace the speedy Muleshoe quint to a 50-38 conference triumph over the Littlefield five here tonight. Billy Sisson chalked up eight points for the Wildcats.

In other tussles the Littlefield "B" quint defeated Muleshoe, 28-20, and the Littlefield girls drubbed the home sextet, 26-14.

Sundown Drubs O'Donnell In District 4-A Tussle, 36-26

O'DONNELL, Jan. 20 (Special)—Sundown chalked up a crucial District 4-A cage win here tonight by defeating a strong O'Donnell quint, 36-26, on the sharpshooting of D. Etheridge. Kenneth Pearson hit the basket for 11 points for the Eagles.

The O'Donnell "B" quint edged Sundown, 14-12, but the Sundown girls edged the local sextet, 19-17.

Ed Stickel, of the Syracuse basketball squad, resides at No. 1 Varsity Court, Newark, N. J.—a perfect address for a cager.

Raider Cagers Resume Drills

Disturbed by losing three games on the road, but far from discouraged and disheartened by the triple blow, the Texas Tech basketball squad is hard at work again, making as much hay as possible before exams interrupt the practice schedule.

Coach Polk Robison frankly admitted that the blowing of three Arizona games hurt the Red Raider chances for a Border Conference pennant, but that it did not knock them out of a slim possibility.

Loop Title Still Open

He emphasized the fact that West Texas, following the Raiders on the swing trip, had the same misfortunes and that future play might yet decide the title.

The Raiders split two games with Arizona university and play host to Arizona State of Tempe and Arizona State of Flagstaff within the friendly confines of the Tech gym. Coach Robison said that there was a good possibility that the Raiders could take these games.

If other teams have the same trouble winning on the road that Tech does, this might be a jumbled pennant chase. And then, if Tech could break the losing spell by winning on the Texas Mines, New Mexico and New Mexico Aggies swing, the Raiders might still come out on top.

Practice Continues Daily

So practice goes merrily on, the cagers attempting to straighten out the faults disclosed by the Arizona trip. Actually the Raiders played good ball, but several things combined to throttle the potent attack they displayed against Arizona here.

The Raiders don't have another court date until Feb. 6, when Texas Mines comes here for a loop bill. In the meantime, both exams and Golden Glove bouts will interfere with the court regime, so that Coach Robison is accomplishing as much as possible now.

Boys Club Quintets Trounce Four Foes

Four Lubbock Boys club basketball teams turned in victories yesterday afternoon and evening, the Peewees and Midgets trimming Idalou cagers and the Juniors and Seniors trimming Lubbock schoolboys.

The Peewees started the afternoon off by turning back the Idalou cagers, 18-16, in a close-fought game. Huston Powell of Idalou led all courtmen with seven points, while J. W. Hutcherson and Frank Wright both led Lubbock scorers with four points apiece.

Midgets Sink Idalou

The Midgets picked up the pace and sank the Idalou cagers under a 34-16 deluge, with Royce Shipp leading the scoring parade on eight points. Gene Reid and Charles Vickers each had four points for the losers.

Getting into what appeared to be stiffer competition, the Juniors rolled over the Cowhands with ease, 41-13, Jimmy Hamilton scoring as many points for the victors as the Cowhands made in losing. Don Hancock led the visitors with six tallies.

The Westerner B squad appeared to be an even bet to stomp the Seniors, but the fourth victory belonged to the home team by a count of 45-31. High scoring honors were divided evenly among four men, Billy Bohner, Roger Van Cleave and Jack McLarty for the Seniors and Jimmy Sexton for the losers, each with nine points.

TINKERS BEAT HOYT

The Thomas Tinkers turned back the Hoyt Furniture five in an independent game played in the Texas Tech gym last night, the Tinkers evening their score with the strong Hoyt team, 52-31. J. L. Houser led the victors with 13 points, seven more than J. R. Callahan tallied for the losing Hoyt Furniture quintet.

BASEBALL LAMPOONERS—Charlie Grimm, left, Chicago Cubs' manager, takes the role of a prizefighter, while the Cubs' secretary, Bob Lewis, plays the part of his manager in a skit presented by the pair before the annual Chicago baseball writers' dinner. (AP Wirephoto).

Not Going "Just For The Ride"

Texas Speedster To Make Olympics Bid

AUSTIN, Jan. 20 (AP)—The mite of trackdom—Jerry Thompson of Texas—who is the greatest distance runner the Southwest ever knew, won't be interested in the Olympic games unless he can win.

This season will tell the story. "If I find that I can run the 5,000 meters good enough this year to give those Swedish runners a good race, I'd like to go to the Olympics," said the 120-pounder who is a marvel of endurance. "But I run to win and wouldn't want to make the trip just for the ride."

Thompson, however, won't start working at that distance, which is equivalent to three miles and 188 yards, until the Southwest track season is over this spring. Until that time the two-mile will be the longest race he will run. Jerry doesn't like the 5,000 meters now because he isn't adjusted to it. He complained of the monotony on a cinder path, especially when he runs it in the Texas heat.

A full set of invitations to the bigger indoor meets in the East this winter was tendered Thompson but he turned them all down—the Wanamaker mile of the Millrose meet, the two-mile at the Boston Knights of Columbus meet, the national indoor AAU and the two-mile at the Chicago relays.

Both Thompson and his coach, Clyde Littlefield, who has been guiding the University of Texas track destinies for 28 years, agree that he might not have much success running indoors this year. "He doesn't know how to run on the boards and those small 160-yard tracks would bother him since he is accustomed to outdoor tracks of 440 yards," Littlefield explained. "He'll also have more time to concentrate on indoor racing next year after he has completed his eligibility."

Jerry expressed disappointment with the switching of the NCAA meet to the metric system to conform with the races that will be run in the Olympics.

Mad Russian Tangles With LaBelle Tonight

Anything can happen—and probably will—tonight at Sled Allen's wrestling arena, when the fur is expected to fly, with Leon "The Mad Russian" Kirilenko matched with Pierre LaBelle in the windup of an attractive card.

Kirilenko's tousled toupe probably will be even more tousled at the conclusion of the two out of three fall match with LaBelle. The two grapplers put on a good tumble last Wednesday night, but wrestled to a draw in 45 minutes of rough and ready action.

Tonight the time limit has been extended and a decision is expected before they leave the ring.

Meanwhile, Gordon Hessel has been paired with Al Getz, the perennial bad man with a vast knowledge of the tricks of the trade. Getz is expected to win his fall with Hessel, but not before the usual treatment is doled out in generous quantities by both men. This match is also a two out of three fall event in the first of the double feature.

The preliminary match, which opens the card at 8 p. m., will bring together Dory Funk and George Lopez, both good wrestlers. Lopez made a good impression last week in throwing Omar Boynton of Amarillo and will be shooting for another main event billing.

Spur Bulldogs Beat Paducah, 41-22, In District Cage Go

PADUCAH, Jan. 20 (Special)—The Spur high Bulldogs defeated the Paducah high Dragons, 41-22, in a District 3-A cage contest tonight.

Bingham and Wilson of Spur tallied 15 points each to lead their team's offensive. Harrison posted nine points as high for his team.

Spur held a 16-13 lead at the half.

Floydada, undefeated in conference play, is currently leading the District 3-A race.

BOWLING SCORES

Reagor's Market made the biggest jump forward in the Major Bowling League last night, taking a clean sweep of three games from the Hemphill-Wells team and moving into third place ahead of McFarland-Maiden.

McFarland-Maiden lost ground in losing two of three games to Tate's Service five, while the Hub Clothiers moved one game farther out in front by turning back the second place Walton's Men Store in two out of three games.

Six keglers turned in excellent single and triple games last night, headed by Glen Hennington with a 225-610; Leroy Behrens, 223-604; James Buckner, 219-600; Maurice Cooper, 210-589; Ben Brown, 224-579; and Erale Blackburn, 232-573.

STANDINGS

Team	Won	Lost	Pct.
Hub Clothiers	32	22	.593

Tahoka Bulldogs Upset Abernathy Five, 44-25

Carter, Botkin Lead Offense

By BOB CONE
Avalanche Sports Writer

TAHOKA, Jan. 20—Duane Carter shattered the Abernathy Antelopes' impentrable zone defense with his long range sharpshooting here tonight, then Finis Botkin, his running mate at the other forward, moved in to bombard the baskets with short swishers as Tahoka high's Bulldogs routed Abernathy, 44-25, in a crucial District 4-A cage clash.

Carter's four long ones kept the Bulldogs abreast with the Antelopes in the first half, and then when Abernathy went man to man on defense, Tahoka really unveiled a clicking offense with Botkin taking top honors on 18 points.

The two teams were deadlocked, 12-12, at the half, but Tahoka had run the count to 28-16 as the third period ended. As Botkin, Joe Don Minor and Cowan began swishing the meshes in the last half uprising Tahoka at one time in the fourth period extended the margin to 42-18.

Three Fouls Called

So tight was Tahoka's defenses that Shuey, the Antelopes' high-scoring forward, was able to get for but five points. His running mate, Billy Preston did much better against his Bulldog guards, hitting the meshes for 14 points.

It was an unusually fast and well played basketball game. It was so clean, in fact, that Referee Curtis Barrett called but three fouls, two of those being cases of where guards crashed down on men they were guarding.

Tonight's game threw District 4-A's south zone race into a three-way tie between Tahoka, Abernathy and Sundown. Abernathy beat Sundown by 22 points. Sundown beat Tahoka by two.

Coach "Jake" Jacobs' floor men, some of them not so rangy as some of the Antelopes, controlled play off the backboards throughout the fray. Especially were Minor, Carter, Botkin and Cowan effective in taking charge of the rebounds.

Carter put the Bulldogs out front in the opening minute with a semi-long one and then Hough poured in another before Preston found the range. Carter swished through another as the quarter ended with the score standing, 6-6.

The game will have repercussions throughout the South Plains Class A realm since Sudan, one of the area's most powerful teams, was able to beat Abernathy by but eight points.

In a lively clash between the Tahoka and Abernathy B teams the Tahokans also emerged with a 30-27 win. That, too, was quite a duel with floor play of both exceptionally good.

The box score:

ABERNATHY (25)	fg	ft	tp		TAHOKA (44)	fg	ft	tp
Shuey f	2	1	5	Botkin f		9	0	18
Preston f	7	0	14	Carter f		5	0	10
Blackmon c	2	0	4	Cowan c		3	0	6
Smith g	0	0	0	Minor g		4	0	8
Rhodes g	1	0	2	Hough g		1	0	2
Totals	12	1	25	Totals		22	0	44

Halftime score: Abernathy 12, Tahoka 12.
Official: Curtis Barrett.

"TUGBOAT" JONES GETS POST

Three New Mentors Are Named To Texas Ags' Coaching Staff

COLLEGE STATION, Tex., Jan. 20 (AP)—Three new coaches were named at Texas A. and M. college today to apparently complete the staff the new head mentor, Harry Stiteler, will carry this year.

Bill DuBose, who twice has been assistant to Stiteler in coaching, made it a third time when he was approved by the athletic council as line coach to succeed Bill James, resigned.

Jones Gets Post

Thurmon (Tugboat) Jones, former Abilene Christian college star, a former professional player with Brooklyn of the National league and coach at Shamrock, Electra and Wichita Falls high schools before going to Hardin college at Wichita Falls last year, was selected as assistant backfield coach and assistant line coach.

Barlow (Bones) Irvin, head coach of Thomas Jefferson High school at San Antonio, was confirmed as freshman coach.

The only coaches remaining on the staff of the previous regime are Charles DeWare, freshman coach, and Johnny Frankie, B team coach. They are expected to remain but DeWare will be given another job.

Stiteler Head Mentor

Stiteler, who himself will coach the backfield, last month became head coach of Aggie gridiron fortunes after head coach tenures at Corpus Christi and Waco High schools where DuBose each time was his line coach.

Stiteler became coach at A. and M. when alumni paid Homer Norton $20,000 to buy up the remainder of his contract. Since then James and Assistant Line Coach (Botchey) Koch resigned.

Cage Meet Slated At Sundown Jan. 29-31

SUNDOWN, Jan. 20 (Special) Eyes of the South Plains will be focused on this hotbed of basketball Jan. 29, 30 and 31, when the local cagers play host to at least five visiting boys teams and at least six girls teams in a three-day tourney.

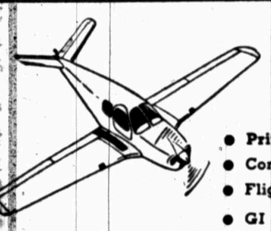

The Sundown court squad already is awaiting the arrival of the Thursday date, when quintets from Seminole, Morton, Three Way, Littlefield and Levelland arrive to test the home floor.

Meanwhile the girls will be looking forward to the invasion of Lamesa, New Home, Post, Three Way, Morton and Whiteface girl cagers, who will fight it out in their own tournament.

Coach Lloyd Hunt of Sundown's quintet stated that he was pleased with the present entry list, but hoped that two more high schools would enter teams in the boys' bracket. He also would like to have one more girls' team in the feminine division.

The Sundown gym, in preparation for the tournament, is undergoing a face-lifting operation, with repairs being made, floors slicked up and seating arrangements being enlarged.

Texas Republicans May Attempt Race For Valley Congress Post

By TEX EASLEY
Associated Press Staff Writer

WASHINGTON, Jan. 20—R. B. Creager of Brownsville, national Republican committeeman from Texas, said his party may make a determined fight to elect a congressman from the Rio Grande valley next November.

Such a possibility arose with the announcement last Friday of Rep. West (D-Tex) that he would not ask reelection, said Creager.

Here for a Republican national committee meeting, Creager praised West for "distinct service to his district and to all Texas" as a member of the House Ways and Means commitee.

"We would not have considered putting up a candidate against Milton West if he had been his party's candidate next November," said Creager. "He is a solid individual and a sound legislator.

Valley Following Large

"I would discourage putting up anybody. I can assure you if we do put up a man, he will be a real candidate and we'll make a real horse race out of it."

There is a large Republican following in the Rio Grande valley, Creager said.

He remarked that among many able men who would make good congressional candidates are: Carlos Watson, United States commissioner at Brownsville who many years ago unsuccessfully tried to unseat John Nance Garner when the former vice president represented that part of Texas; John Q. Adams, Harlingen attorney, and G. C. Mann, Laredo attorney.

The final decision as to whether or not the Republicans will make a vigorous campaign for West's seat depends on the type of candidate the Democrats choose.

"If they pick some left wing new dealer," he continued, "you can rest assured we will come through with a good strong opponent."

"In order to keep ourselves in a position to make such a race, we will pick a candidate in our May convention.

GOP After Panhandle

"Actually, the man we pick may have no personal intention nor desire to run for Congress, but his selection will keep us eligible for entering a name on the ballot in November.

"Then, if the Democrats choose a candidate we dislike, we can substitute a strong man for the individual who has permitted his name to appear temporarily as our party's candidate.

Creager said the Republicans also may make a strong race again this year for the Texas Panhandle House seat now held by Rep. Worley, Democrat from Shamrock.

Two years ago Frank T. O'Brien of Amarillo, the GOP candidate, polled a substantial vote. He reportedly has told friends he does not think he will run again.

On a state wide basis, the Republicans hope to stir up many new supporters, Creager continued.

Stassen Popular

He said he had telegraphed a welcome to Harold Stassen, a presidential candidate who appeared in Amarillo yesterday.

"Stassen is very popular in Texas," Creager added.

"However, as I remarked publicly the other day, I think that the majority of Texas' delegates to the Republican national convention in Philadelphia in June will support Taft. Some probably will support Dewey.

"I want to emphasize that such is my opinion as of today, for many developments could occur between now and June to alter things."

Creager, who was floor manager for Taft at the 1940 national convention, predicted that Texas' 33 delegates to Philadelphia would go uninstructed.

In a bid for more Republican strength in Texas, the party will send former U. S. senator John Danaher of Connecticut to Amarillo and Senator Cain (R-Wash) to Houston for Lincoln Day addresses Feb. 12.

The GOP state executive committee, headed by George Hopkins of Dallas, is to meet in Houston about Feb. 14 to select a site for the state convention in May.

Rites For Levelland Accident Victim To Be Held In Oklahoma

LEVELLAND, Jan. 20 (Special) Funeral services are to be conducted in Hugo, Okla., Wednesday afternoon for Wilson Grimes, 26, who was fatally injured Monday afternoon when crushed by a drill collar being loaded on a truck. The body was taken to Hugo this afternoon by Plains Funeral home of Levelland.

A 2,400-pound pipe being loaded by Grimes and other employes of Paul Musselwhite Rig Builders rolled off and struck Grimes on the head. He died instantly.

PLAN CHINA EXPEDITION

SHANGHAI, Jan. 20 (AP)—Milton Reynolds, American industrialist, and Bradford Washburn, director of the Boston Museum of Science, arrived last night to prepare for an expedition into the mountains of western China.

O'Daniel Corrects Message On Route Of Freedom Train

Sen. W. Lee O'Daniel Tuesday afternoon wired the Lubbock Avalanche-Journal and Lubbock Chamber of Commerce he was wrong in previous telegrams that the Freedom train would come to Lubbock.

Content of the telegrams follows: "Today I am in receipt of the following communication from the attorney general's office, 'Owing to a misunderstanding in the receipt of information at this office Lubbock was named as a city to which the Freedom train was to come about the middle of May. We have since learned, however, that the city to be included in the itinerary is Amarillo and that the train will arrive in that city on or about May 16, 1948. Everybody concerned in this project hopes that all the cities in that area will get together cooperatively to make the Freedom train's arrival in Amarillo an event for celebration not only for Lubbock and Amarillo, but for other communities also in this area'."

May Yet Visit Here

O'Daniel Monday had telegraphed that the train would visit Lubbock. Because of difference in messages received here from Senator O'Daniel and Congressman George Mahon, a telephone call had been made to Washington Monday afternoon and information obtained the train would visit Amarillo and is not presently scheduled to visit Lubbock.

Later announcements from the American Heritage Foundation, sponsor of the train's tour over the nation, however, gave Lubbock and South Plains some hope that the train might yet visit here.

The foundation said that plans were being studied to extend the Freedom train's tour over the country for another year in view of the number of cities expressing a desire to have the train stop at points not originally included on the itinerary. The Foundation also said that henceforth cities in which the train visited would be asked to contribute toward expenses of the tour as the costs were running much higher than had been expected.

HST Changed By Three Years In Office

Truman's Self Confidence Has Grown With Use Of Authority

By HAL BOYLE
Associated Press Staff Writer

WASHINGTON, Jan. 20 — There've been some changes made in Harry S. Truman by nearly three years in the White House.

The changes have come chiefly from the exercise of authority in perhaps the most powerful elective office in the world—the presidency of the United States.

Responsibility either makes or breaks a man. He grows with the use of authority or it becomes a weapon to tear him apart. It also perhaps does both in many instances—builds up his personality at the same time it takes a slow but killing toll of his nerves. That is the history of the presidency.

There is no sign yet, however, that the inheritance of high office has done anything to Harry Truman but add to his self-confidence and political stature.

Truman Quick With Answers

This is on the testimony of a number of tough-minded men, members of the White House correspondents' corps, whose job is perhaps the most grueling in the newspaper field. They aren't men necessarily who would vote for him—many won't—but they all seem to like and respect him.

I went to a Truman press conference the other day, and saw the President for the first time in almost a year.

The door opened and the regular White House reporters filed rapidly into the conference room, where Truman sat awaiting them.

He rose, made a brief announcement and waited for the questions. They came thick and fast—like balls in a table tennis game. In about ten minutes Truman answered eighteen impromptu questions, smiling and without reference to prepared notes or inquiries of aides around him.

President Likes People

The President either gave a detailed answer immediately, replied there was no comment or said that a formal announcement would be forthcoming soon. But there were no pauses, no hesitation. He knew exactly what he wanted to say.

His cheeks were pink, his vitality amazing for a man soon to be 64 years old.

As the conference ended I remarked to a veteran White House correspondent on Truman's self-assurance.

"I've covered all the presidents since Coolidge," he said, "and this one is the most informal and friendly. He really likes people—although he is actually rather a shy man himself. He still whips out his answers as fast as ever—but he doesn't go off half-cocked now. He is much more sure of himself."

Truman may feel fluttery as he heads into a year of peace-time crisis to be climaxed by the presidential election. But if he has any self-doubt the man from Missouri in no way shows it.

Libel Suit Against McDonald Settled For Penny, Costs

BROWNSVILLE, Tex., Jan. 20 (AP)—A $100,000 libel suit against Texas agriculture commissioner J. E. McDonald and three other men was settled today for one cent and court costs.

The suit was brought by Moore Matthews, manager of a Laferia water district, against McDonald and three other property owners. Matthews alleged he was libeled by a petition they circulated last summer asking his dismissal as manager of the district.

Judge Arthur Klein of the 107th District Court signed an order covering an agreed judgment. It said that Matthews "recovers of and from the defendant, jointly and severally, the sum of one cent together with costs."

The legal action also removed the Valley Morning Star, Harlingen daily newspaper, from liability in the suit.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of th trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

for Coughs, Chest Colds, Bronchitis

SPORTS TO PROMOTE SAFETY

AKON (UP) — The typical American's interest in sports and in setting new records is the key to a new safety program B. F. Goodrich has announced for 1948. The sports angle is double-barrelled, providing not only the "themes" for three season contests, but also part of the rewards. Representatives of winning divisions will get all-expense trips to the Kentucky Derby, the World Series and the Army-Navy football game.

NEW DODGE "Job-Rated" TRUCKS

NEW "Pilot-House" Cabs with all-'round vision

Higher and wider windshield and windows give the driver real "Pilot-House" vision . . . in *all* directions! It's all-'round vision, still further augmented by newly available rear quarter windows. They're the safest truck cabs ever built, too, with welded all-steel construction. Their *comfort* is almost unbelievable. Take a ride . . . and you'll feel that you're "sitting on top of the world" . . . with all the road yours to command.

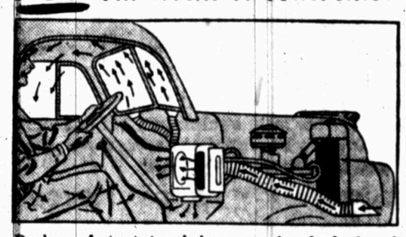

NOW ON DISPLAY

You're looking at the most attractive and useful trucks ever designed. The first thing you notice, of course, is their new massive "truck-like" appearance. But underneath—you'll find power-packed chassis, each "*Job-Rated*" for performance, economy, dependability, and long life.

Because these new Dodge trucks are "*Job-Rated*"—because they *fit the job*—they naturally save money and last longer. But you're in for a *real* surprise, when you see how many *additional* money-saving and time-saving *advantages* Dodge has built into these newest trucks.

We urge you to come in and see them without delay. You'll find them years ahead in design . . . the only *really new* trucks on the market this year!

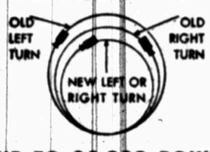

NEW All-Weather Ventilation

Real comfort at ten below or a hundred above! That's because of an ingenious combination of *truck* heater, defroster vents, vent windows, cowl ventilator and a new fresh air intake from the radiator grille. It's the finest "All-Weather" heating and ventilating system available in any truck cab.

NEW Ease of Handling

You enjoy remarkable new ease of handling and driving in these new trucks. You can turn them in much smaller circles . . . the same size circle either right or left. You can park, or back up to platforms, with greater ease. With this shorter turning, you also get full-size bodies, longer cabs, better weight distribution.

NEW Comfort

⑦ 7-INCH SEAT ADJUSTMENT . . . convenient hand control.

① PLENTY OF HEADROOM.
② STEERING WHEEL . . . right in driver's lap.
③ NATURAL BACK SUPPORT . . . adjustable for maximum comfort.
④ PROPER LEG SUPPORT . . . under the knees where you need it.
⑤ CHAIR-HEIGHT SEATS . . . just like you have at home.
⑥ "AIR-O-RIDE" CUSHIONS . . . adjustable to weight of driver and road conditions.

IN ALL, 248 BASIC CHASSIS MODELS UP TO 23,000 POUNDS G. V. W. . . . UP TO 40,000 POUNDS G. T. W.

Former Professor At Tech Killed

Funeral arrangements were incomplete Tuesday night for Gus Lee Ford, 63, of Dallas, Veterans administration vocational adviser and former head of the Texas Technological college history department, who died of internal injuries Tuesday morning after his car was struck and carried a complete city block by a Cotton Belt passenger train, the Associated Press reported.

A niece, Mrs. Wilson B. Holden, 2004 Twenty-ninth street, Lubbock, expected to leave for Dallas this morning. She believed services would be conducted in Dallas Friday.

Ford died in a Dallas hospital about an hour and a half after his car was struck by the train. His car apparently stalled on the Cotton Belt tracks at University boulevard.

A. P. Black, Dallas police traffic investigator, quoted Engineer L. C. Fain of Commerce as saying Ford's car was stopped at the stop sign beside the tracks. Then the car started up and stopped again in the middle of the tracks, and it was too late to stop the train.

Black said the train was traveling only about 15 miles an hour.

Vocational Advisor

Ford was a vocational advisor with the regional office of the Veterans administration at Love field. He had been with the VA since 1945.

He was a member of the first faculty at Texas Technological college, having gone to the college in 1925 as professor of history. He became head of the department of history and anthropology in 1932, serving in that position until he left Tech in the 1935-36 college year.

He prepared a history of Texas cattlebrands distributed in pamphlets in connection with the Texas Centennial celebration. He also was professor in a Dallas private school after leaving Tech.

Graduate Of SMU

He was a graduate of Southern Methodist university, where he received a bachelor of arts degree in 1920 and master of arts degree in 1921.

He is survived by his wife; one daughter, Mrs. Charles Keithley of Bremerton, Wash., and two grandchildren. Mr. and Mrs. Ford had spent Christmas in Bremerton with their daughter and her family.

Services were pending arrival of the daughter from Bremerton, the Associated Press reported from Dallas Tuesday night.

Oil Production

(Continued From Page One)

East Long Lake field, Anderson county, East Texas (outside) district, caused Thompson to announce that all Texas fields will be reviewed in March.

Dispute Breaks Out

Thompson said maximum efficient rates of production will be studied to determine if allowables of some fields can be upped in order to help meet the increasing demand for oil.

The Tex Harvey company asked that allowables in the East Long Lake field, where it is the only operator, be raised from 49 to 55 barrels per well. The company's representative said the nearby Long Lake field has a 55-barrel allowable, and noted that no dry holes have been drilled between the two fields. He said the flow could be increased without causing waste.

Only one other request for an increased allowable was made, but it provoked a sharp dispute between representatives of two major oil companies and brought tart remarks from commissioners Thompson and Olin Culberson.

Official Protests Request

Paul McDermott of Sinclair Prairie asked a 300-barrel allowable for Sinclair Prairie's two wells, now on 200 barrels, in the Shafter lake (Devonian) field, district 8, West Texas.

He said recent data on performance of the wells indicated such an increase would not cause waste.

Stanley Hornsby of Gulf Oil company requested the commission to delay consideration and require Sinclair Prairie to seek a special hearing.

"This is not a matter to be considered at a statewide hearing," he said.

Chairman Thompson ruled McDermott's request was acceptable as supplemental testimony to a previous special hearing.

"At the statewide hearing, Mr. Hornsby, anything can come up," Thompson observed.

Culberson backed Thompson's stand, advising Hornsby:

"This is the place where you hang the dirty linen out. We dry clean it in special hearings."

Dulles' Warning

(Continued From Page One)

lands $705,000,000; Belgium-Luxembourg $3"3,000,000; Greece $186,000,000; Austria $182,000,000; Denmark $164,000,000; Ireland $152,000,000; French - occupied Germany $80,000,000; Norway $34,000,000; Sweden $33,000,000; Iceland $18,000,000; and the former German Saar area $11,000,000.

No immediate allotments were proposed for Portugal, Switzerland and Turkey, the other three countries which have pledged cooperation under the Marshall program.

The Senate Foreign Relations committee also heard testimony from Eugene Meyer, chairman of the board, the Washington Post, who denied assertions that European countries are not working as hard as they can, and said they are "taking substantial and promising strides" toward financial stability.

"In almost all cases where the work week is shorter than we would like to see it," said Meyer, former president of the World Bank, "the limiting factor is not the unwillingness or indifference of the men but rather the scarcity of raw materials and power."

Third Member Quits Aeronautics Board

WASHINGTON, Jan. 20 (AP)—Harllee Branch resigned today as a member of the Civil Aeronautics board.

And, for the second time, the Senate Armed Services committee blocked legislation asked by President Truman to enable Maj. Gen. Laurence S. Kuter to serve as chairman of the board.

The committee dislikes the idea of military officers in civilian jobs.

Branch's resignation, which is to become effective May 1, will cause the third vacancy on the five-member board.

Chairman James M. Landis went out at the end of 1947 when President Truman declined to reappoint him. Clarence M. Young, a Republican, resigned several months ago to manage Los Angeles' airports.

Kuter's nomination was described as "a dead duck" by Rep. Andrews (R-NY), who called on the President shortly after the Senate committee acted.

The President had consulted personally with members of the Senate committee yesterday, asking them to reconsider their refusal to approve legislation which would have permitted Kuter to retain his military rank and pay while serving in the civilian post.

Shooting Victim

(Continued From Page One)

pilfering which plagued the South Plains.

Littlefield police requested aid of South Plains officers in arresting a suspect in connection with burglary of the C. and O. cleaners in Littlefield, where a large number of ladies' and men's suits, coats and topcoats were taken, supposedly about midnight or early Tuesday morning.

Money in a cash register was untouched, said Ed Huff, of the Littlefield police department.

Two Suspects Sought

The burglary was the second of a tailor shop in a week's time, Huff said, and the methods were similar. Entry in the latest case was gained by snipping sheet metal separating the boiler room from the cleaning shop proper.

No arrests had been reported in other cases. Officers over the South Plains were alerted for a 22-year-old negro who, after being arrested early morning by E. A. Gentry, Slaton police officer, for investigation of burglary of a negro residence there, jumped from Gentry's car and fled.

Another negro, of Levelland, was being sought for questioning in connection with hijacking of L. W. Williamson of Levelland and theft of $35.

Bond Is Posted

J. C. Farrell of Lubbock reported to police theft of an "energizer" valued at $27.50 and a box of mechanic's tools.

Several thefts of radiator ornaments were reported by southwest Lubbock residents.

Theft of a tire from the J. E. Martin farm six miles west of Lubbock was reported to the sheriff's department.

A 21-year-old man charged as Glenn L. Miller but who signed a statement as Thomas Eugene Cossey, posted bond of $1,500, the sheriff's office said. A bond of $2,500 set Saturday by C. E. Lynn, justice of peace, in binding the defendant over to grand jury investigation of a felony swindling charge, had been reduced.

R. L. Tate of Idalou route 1 Tuesday night complained that a portable radio and an Army blanket had been stolen from his car while he parked it briefly in Lubbock.

W. F. Lightfoot of La Rue reported theft of a suitcase containing a ladies suit, skirt, dress, sweater and other clothing from Union Bus terminal late Tuesday night.

Indian Dispute

(Continued From Page One)

commission but said he must abstain from voting because the resolution permitted selection of the commission from any three nations in the UN. Gromyko said Russia felt the commission must be composed of three nations now on the council if it would be a council commission in reality and not "on paper."

The Soviet Ukrainian delegate, Vassily Tarasenko, endorsed Gromyko's position.

In less than two hours and with little debate, the council:

1. Approved creation of the three-member commission. One member will be picked by India, the second by Pakistan, and those two will choose a third.

2. Instructed the commission to go as soon as possible to the trouble area, now centered in the snowbound Himalayan princely state of Kashmir.

3. Told the commission to exercise "any mediatory influence likely to smooth away difficulties;" to deal first with the fighting in Kashmir state; and finally to consider "other situations" set out by Pakistan "when the security council so directs."

Poll Taxes, Exemptions Issued In County Estimated At 11,000

A total of 609 persons Tuesday protected their right to vote this year, pushing the figure for Lubbock county to possibly more than 11,000, counting those at Slaton Monday and Tuesday for which exact figures were not received. Included in Tuesday's total were 51 exemptions.

County Attorney John Steele, at request of J. B. Johnston, county tax assessor-collector, late Tuesday telegraphed the attorney general for a ruling on the law as governs issuance of certificates of exemption to so-called "unders"—those just becoming 21 years old.

Johnston had been under impression, he said, that such persons required exemption certificates if they became 21 on or after Jan. 1, 1947. He asked attorneys to brief the law, and found a divergence in interpretation, he said. That resulted in his request that Steele get the opinion from the attorney general.

Johnston explained that any person who lives in Lubbock and who becomes 21 years of age before election time, regardless of the election involved (primary, state runoff or general) must obtain an exemption. This means a person who becomes 21 anytime during the year before the election in which he first is eligible to vote must obtain an exemption before Jan. 31.

American Indians used petroleum as medicine and for oiling their bodies before the arrival of the white men.

Plan For Blood Bank Discussed

By CHARLES STONE
Avalanche Staff Writer

Approximately 25 persons representing the medical profession, hospital groups, county Red Cross chapter, and other groups concerned with public health met last night at Lubbock hotel to hear Dr. Raymond F. Barnes of the Blood Donor Services of the American Red Cross discuss ways and means of establishing a blood bank in Lubbock county.

Although plans for such a project are still in the preliminary planning stages here, indications last night were that most groups represented at the meeting were almost unanimously in favor of the project. Because of favorable reactions to the plan, W. C. O'Mara, chairman of the Lubbock county Red Cross chapter, announced that that organization would proceed with plans for laying the groundwork of the proposed blood bank.

Delays Eliminated

Under the plan outlined by Dr. Barnes, the local Red Cross chapter would compile donor lists and blood types of prospective donors, sponsor public education drives to secure the cooperation of all local organizations in the donor program, and in other ways assist in the non-technical phases of the program.

The responsibility for taking the blood donations, typing the blood, storage, handling and distribution would rest with a medical director of the bank, a man who would be elected with the approval of the local medical society.

Blood donated to the bank would be available without cost to persons needing transfusions, and the system would eliminate dangerous delays in cases of emergency. Where existing needs might exceed the supply of certain types of blood on hand, the donor list would offer ready access to the correct types of blood.

Network Is Planned

Whole blood, which is considered to be much superior to plasma, can only be kept in storage for a period of about 21 days, Dr. Barnes said. Therefore, the supply on hand would be regulated whenever possible to correspond with the normal amount needed. The normal demand in Lubbock would be approximately 1500 pints per year, it was estimated.

Local blood banks such as the one planned for Lubbock are being advocated by the National Red Cross, Dr. Barnes said, to provide a much-needed service until such time as the National Red Cross blood bank program can be completed. At the end of five years, the time estimated for completion of the national program, local blood banks would become part of a national network of such blood banks, each local organization branching out to cover a larger territory and assuming more duties. Control of the bank would remain local, he said, with the national organization contributing additional personnel and financial aid to the enlarged blood banks.

Members of the blood bank planning board of the Lubbock county Red Cross chapter are Ruel C. Martin, chairman, Tom Duggan, jr., Dr. Allen T. Stewart, Ernest St. Clair and O'Mara.

Trustees Open Bids

(Continued From Page One)

connected with purchasing the furniture was an unannounced visit by a committee representing the Insurance Exchange.

Fire Drills Praised

The committee, composed of Marion Sanford, Homer Roper and Thord Dockray, presented a letter commending principals of Lubbock public schools on their faithfulness and vigilance in carrying out fire drills and taking other safeguards to prevent fire injuries or damage.

The letter said the Exchange had undertaken a private investigation to determine whether fire drills were being carried out after receiving a complaint that they were not. It expressed the association's pleasure in finding that the school principals were taking all due precautions.

Guarantee Of Delivery Asked

The specifications for the furniture and equipment required that successful bidders provide it for installation in June and that they furnish bond to guarantee delivery.

Board members present were Clyde Tatum, vice president, who presided in the absence of H. L. Allen, president; Paul Hardwick, C. H. Hamilton, Dr. M. M. Ewing and W. H. Evans. Allen and E. J. Parsons, the other board member, were out of town.

Also present were R. W. Matthews, superintendent of schools, and A. C. Jackson, business manager.

Breeders Association Names South Plains Men Directors

COLLEGE STATION, Jan. 20 (AP)—Don Danvers of San Antonio was elected president of the Texas Guernsey Breeders association at the organization's annual meeting here today.

Jack T. Lively of Dallas was named vice-president, and W. C. Hardman of Grand Prairie, secretary-treasurer.

New directors named were A. B. Buchanan, Brownfield; V. L. Harrington, Levelland; C. C. Cade, San Antonio; C. S. Lankart, Waco; F. M. Chesnut, Houston.

Most Germans Are In Need Of Clothes In Winter Cold

(Continued From Page One)

German Army or Navy uniform was "verboten." However, it soon became necessary to relax the rule because of the scarcity of garments of all kinds.

One never sees an entire uniform in use at the same time, and on coats regulation buttons have been replaced by the unofficial type.

A good many German males go hatless. Many others wear their old military caps with ornaments removed.

* * *

AMONG the more impressive civilian employes in our occupation organization are the young women who serve as interpreters. Naturally, they are smart and we ran across a number of them who speak not only both German and English, but several other languages, as well.

The sturdy young brunet, (she's 22) who does General Clay's interpreting in more important sessions, interpreted for us over a period of several days. A mixture of Russian Jew, Belgian and English, she speaks six languages exceedingly well and a seventh well enough to get along.

The girl interpreters do their work standing, even when everyone else is seated. They stand straight, with arms folded, sometimes for an hour or more at a time.

They get better pay than most other employes and, of course, better food and lodging. They also have opportunity for travel.

* * *

School Kids Have Activities

In the German schools that are operating, there are extracurricular programs under way, similar to those in our own schools but not so numerous.

Fritz Schmaltz, of Berlin, a 17-year old doing high school work, sings in what we'd call his school's glee club and, as he puts it, "hits the drums" in the jazz band. He also plays on the baseball team, which operates in the Winter season as well as in warmer periods of the year.

Fritz, who was a sort of Hitler Youth platoon leader when the war ended — and is the only German who admitted to me that he once was a Nazi — is the son of a seamstress and her divorced husband. The latter, before the war, held a position in German movies and the legitimate theater comparable to that held by Frederic March here.

Fritz appears to be completely reclaimed from Nazism, into which he was trapped at the tender age of seven.

Incidentally, the boy's real name is not Fritz Schmaltz. I know his name and have a letter from him. I just don't want to use his real name for fear of possible reprisals. This is a small world and his reclamation might get back to Germany and, conceivably, cause him trouble.

* * *

SINCE our plane landed at Tempelhoff airport in the middle of Berlin, the old German capital afforded us our first view of Germany. Even more than the bombed-out areas near the airport — which, incidentally, are not nearly so bad as in other parts of the city — we were struck by the scarcity of traffic.

To hop from traffic-ridden Washington into a large city thousands of miles away and see streets empty of vehicular traffic is a shock to any American. In Berlin, the principal motor traffic is that afforded by French, British, and Russian military cars and trucks, and U. S. military cars, trucks and privately owned automobiles. American traffic makes up most of the total.

Berlin, a city of around 3,500,000 people, seems almost without motor traffic. You'll see ten times more motor traffic at any hour between 7 a. m. and midnight in the vicinity of College avenue and Nineteenth street in Lubbock than you can see in any part of downtown Berlin.

* * *

Army Must Have Texans!

I could fill up a column with names of Texans with whom I came into contact in all cities I visited from Trieste to Cologne and from Vienna to Paris. Most of the scores of them live in places considerably removed from Lubbock, but there were some of them from here and around here.

In an Army snack bar below Munich I ran into Capt. Bernard White, who used to live in Crosby county and whose grandfather still lives there. In Wasserberg, there were Maj. and Mrs. Leonard R. Day, who used to live here when the major was an ROTC officer at Tech. Also in Wasserberg are Lt. and Mrs. H. L. Bradford. The husband, an LAAF graduate, is in the Air Forces. Mrs. Bradford is the daughter of Mrs. Viola Younger, 1513 Eighteenth street, and also is a niece of KFYO's Judge Landis.

At Nurnberg are Ist Lt. Jack Wheelis, formerly of Texas Tech, and his wife, of Mart. In Munich, are William C. Jones, III, son of Mr. and Mrs. Clyde C. Jones, 1814 Avenue J, and his new wife, Sally, a New Yorker. Bill, a West Pointer forced into civilian life through war injuries, is vice-consul at Munich.

For others living hereabouts, I had pleasant chats with Capt. Guy L. Tucker, of Morton, and Sgt. Jim Langley, of Colorado City, both of whom are stationed in Viernna.

I've often heard it said that "you can't run the Army without sergeants." Whether or not that is true, I'm sure the Army would collapse without Texans!

* * *

AMERICAN women, in Germany with their husbands are doing a great deal of charity work, especially among sick and needy German youngsters and old people, hardest hit by conditions.

Much of their work is done personally; some of it by loosely organized groups, the rest of it by completely organized effort.

Through their German servants, seamstresses, etc., they find persons needing help, then assist them in most practical ways.

Some of the older American women are accomplishing a great deal through efforts to reclaim from the Nazi philosophy German boys and girls of 'teen age or slightly older.

This program, while not touching vast numbers of German young people, is effective beyond its visible scope, because the youngsters affected often attempt to influence their friends.

It is very worthwhile, and the pure charity efforts of American women in Germany are productive of better understanding and goodwill.

(TOMORROW: Mr. Guy will close his European series in tomorrow's article: "The Conclusion of the Whole Matter.")

Study Of Water Needs Planned

(Continued From Page One)

committee member to take the lead in determining the specific water problem with which his particular area is confronted. Spence assured the board of water engineers will give all the assistance it can in solving various problems, and the governor declared that the help of other state agencies will be available if needed.

Report Is Presented

The forenoon session of the Big Spring meeting was devoted to a report on water problems as faced by various areas in West Texas. All were alike in that they told of water demands which have increased steadily through recent years and of supplies of questionable adequately for future needs. The common problem, everyone agreed, is to make available water go as far as possible.

However, as pointed out by Spence, the governor, Bandeen, spokesmen for the U. S. Geological Survey and others, the problems of no two areas of West Texas are alike.

Some large areas—particularly those centering around Lubbock and Amarillo—must depend almost exclusively upon water from wells—"ground water," as it is technically known.

Area Supply Studied

Water from these sources should be adequate "for a long time to come" unless overdeveloped, Colonel Spence declared.

Especially does this favorable prospect exist in the territory around Lubbock, he said. If the supply from wells should become depleted, he continued, both this and the Amarillo territories probably will be forced to turn to the Canadian river.

Practically all other sections of West Texas, according to the consensus of speakers, must depend chiefly upon water from run-off. Some can get part of their water from wells, but practically all must rely in whole or in large degree upon surface reservoirs.

No two areas or localities, said Spence, can solve their problems in exactly the same way. Big Spring, Odessa, Midland and Colorado City, for example, may find their answer in a projected dam across the Colorado river a short distance above Colorado City.

Some entire counties—or perhaps several counties—may have to join hands to form water districts. Some larger cities, the governor asserted, may have to perform the "big brother act" of helping smaller localities to get assured water supplies.

Could Insure Supplies

"This is a problem," said Bandeen, "of doing whatever is necessary to conserve every possible drop of water for a vast empire in the infancy of its potential development."

The present "empire" he declared, now includes approximately 2,500,000 people, 17,000,000 head of livestock, 44,000,000 acres of pasture land, 20,000,000 acres of farm land, 40,000,000 virgin acres which might be tilled and an industry which can grow as large, and no larger, than available water will allow.

Both Bandeen and Spence were of the opinion that the conservation resulting from impounding just one inch per year of annual rainfall which averages somewhat more than 20 inches over West Texas as a whole would insure an adequate supply for many years to come. They were of the further opinion that such conservation is entirely practical.

Wells Boost Income

Based on information submitted to the Big Spring session, the water position of the "High Plains" surrounding Lubbock and Amarillo, is more fortunate than that of by far the greater portion of West Texas. The underground supplies of these areas, according to Spence, apparently insures the security of their supply for many years to come.

However, they agreed that definite knowledge as to the extent of those supplies is seriously inadequate, and drains have increased enormously within recent years. But whatever problem they may face, according to various speakers, lies considerably further in the future than does that of most of West Texas.

Meanwhile, according to a brief report made by Holbrook, the more than 6,000 irrigation wells in the Lubbock and Amarillo areas—most of them drilled within the last two or three years—have added approximately $30,000,000 annually to the value of the crops of those areas.

Included among those attending the meeting from Lubbock were S. L. Forrest, chairman of the city water resources board; A. B. Davis, chamber of commerce manager; City Manager Homer Hunter and City Engineer John Ruhmann; County Judge Walter Davies; County Commissioner Ottis Isom; Sheriff Grady Harrist; Dr. A. W. Young and Dr. Waldo S. Glock, of Texas Technological college; and Harry N. Roberts, Wayland Merriman and S. Clarence Cooper, consulting engineers.

MACKENZIE KING

* * *

Canada's Premier

(Continued From Page One)

dian government in one capacity or another during a great part of his adult life, succeeded the late Sir Wilfrid Laurier as Liberal leader in 1919 and first became prime minister in December, 1921, serving until 1930 with the exception of the summer months in 1926.

Ousted by a Conservative government headed by R. B. Bennett in 1930, King headed the Liberal opposition for the next five years, being returned to office as prime minister in October, 1935, with the greatest majority any party ever had in the Canadian parliament.

His followers were re-elected by a new record vote in 1940, although his majority was cut sharply in the 1945 election.

A grandson of the late Canadian political leader William Lyon Mackenzie, King was born in Berlin (now Kitchener) Ontario.

Regarded by many leaders in the British empire as an astute observer of international trends, King has devoted much of his time in office to strengthening Canadian relations with the United States.

Seven Dead In Cold

(Continued From Page One)

was killed on the same bridge Monday when his car skidded into a railing. A. C. Rice, Brady negro, was killed in an automobile collision in Brady.

Asphyxiation Case Reported

Vernon Treadwell, 45, Tanglewood, Tex., cattleman, postmaster and merchant, was injured fatally Tuesday when the truck in which he was riding overturned on an ice-covered highway near Minerva, Tex.

Numerous accidents were reported in Fort Worth, where Oliver R. Hunt, 58, who fell Monday, apparently was recovering but suffered a heart attack and died Tuesday.

Mrs. Mildred Nelms Conover, 54, Houston, died Monday from injuries received in a traffic accident on an icy pavement near Diboll Friday night. In Dallas, physicians said that Henry Thomas Gebron, 24, died of asphyxiation from cardon monoxide inside his car when he tried to keep it going in the cold weather.

Telephone Lines Damaged

A six-inch snow fell at Fort Stockton Tuesday morning but was melting rapidly. San Angelo reported two inches of snow, also melting.

No additional snow was reported in the East Texas area which was buffeted by its heaviest snowfall in almost 20 years Monday. Marshall reported ice-coated streets and sidewalks, with activity in town at a minimum. Schools remained closed there yesterday.

At Houston, telephone officials said sleet and ice damage caused broken connections on approximately 75 of the 800 long distance toll lines to Louisiana but most had been repaired.

Gallup Poll

(Continued From Page One)

given below, with the no opinion vote included in the first row and excluded in the second.

New York State

Truman	38½%	41%
Dewey	41½%	44
Wallace	14	15
No opinion	6	
Truman	29%	31%
Eisenhower	52	56
Wallace	12	13
No opinion	7	
Truman	42%	47%
Taft	32	35
Wallace	16	18
No opinion	10	

Future polling will show the situation in a number of other large states.

Outside The South

A good deal of Mr. Truman's strength in the trial heats against Governor Dewey and Mr. Taft is due to the votes cast by the southern states, where loyalty to the Democratic party is a long-standing tradition. Outside the South the Dewey, Taft, Eisenhower and Wallace forces do much better.

Here are the results in the trial heats with the south excluded:

OUTSIDE THE SOUTH

Truman	41%
Dewey	44
Wallace	8
No opinion	7
Truman	36%
Eisenhower	50
Wallace	6
No opinion	8
Truman	48%
Taft	33
Wallace	9
No opinion	10

Eisenhower's Aloofness

General Eisenhower's lead over President Truman in the trial heat may not continue if the General allows his hat to be thrown in the ring. Part of his popularity is due to the fact that he has refused to identify himself with controversial political issues; this non-partisan position has brought him goodwill among people of all parties and in all walks of life.

But if he becomes a candidate in the race for the G.O.P. nomination, he will inevitably have to come down from his political Mount Olympus. In doing so he may forfeit support of some of his present-day following.

The Time Factor

The poll reflects the situation only as of this time and is not to be considered a forecast of what will happen in November. Will Mr. Wallace be able to hold his followers for the ten months that remain until election day? Will President Truman be able to put the blame for the high cost of living on the Republicans, or will they successfully pin the tag on him? The answers to these and many other questions will affect the November voting.

At this early date it can be stated with certainty, however, that such votes as Mr. Wallace draws at the election will come mainly from people who voted Democratic last time.

In today's poll it was found that approximately 55 per cent of the Wallace supporters voted for Roosevelt in 1944. About one in 10 voted Republican, while the rest are new young voters and people who did not vote in the last election.

Hale Center Lions Club Hears Editor On European Conditions

HALE CENTER, Jan. 20 (Special) — The Hale Center Lions club honored Lion members from Petersburg and other visitors at a dinner here tonight preceding a talk by Chas. A. Guy, editor and publisher of The Avalanche-Journal publications.

J. L. Monroe, president of the club, presided at the dinner, held at the school building, and introduced the speaker of the evening later at the First Baptist church. Mr. Guy made his eighth talk for the South Plains area on current conditions in occupied Europe. He recently returned from a tour of parts of Germany and visits to Vienna, Trieste and Paris at the invitation of the Army.

Approximately 250 persons attended the talk at the church, which was open to the public.

WIDE OPEN CASE

GOP Leaders Refuse To Slash Tax Bill

WASHINGTON, Jan. 20 (AP)—The Republican high command in the House today approved a $5,600,000,000 income tax cut, refusing to trim back the Knutson bill in an effort to pickup Democratic votes to override an expected presidential veto.

After this action by the GOP steering committee, Speaker Martin (R-Mass) confidently signalled for a House vote on the bill next week.

House Democratic leader Rayburn, of Texas, immediately told reporters, "that bill as it is now never will become law, and I think the Republicans know it." Secretary of the Treasury Snyder virtually has served notice of a veto.

Martin said Republicans will slash Mr. Truman's $39,700,000,000 budget for 1949 enough to make room for the tax cut and a payment of at least $2,000,000,000 on the national debt.

New License Tags

(Continued From Page One)

ous counties, started on Jan. 15, has been completed in this district. Plates are 6½ by 10½ inches, and are in pairs, to be attached front and rear.

In this 19-county district a total of 49,720 plates were distributed as compared with 47,920 the past year. These numbers are first delivery, and do not take into account any re-orders, which were necessary in some counties.

Under a new plan in use this year for the first time, permanent plates, not subject to change each year as in the past, are to be issued to free equipment, such as vehicles operated by the state, county, city, school, or other license-free operators.

Lubbock County Seventh

Lubbock county, seventh in the state in number of plates issued, shows an increase this year on the initial order of 4,210, increasing from 23,080 to 27,290. Lubbock was in sixth place last year, but was pushed into seventh place this year by Tyler (Smith county.) Others are Houston, San Antonio, Dallas, Fort Worth, Beaumont.

Two new vehicle types are added for license series this year. They are farm truck-tractors, and house trailers, making a total of nine vehicle classification series.

Lubbock county's passenger car series this year are in three letter series—AN, AP, and AR. They are from AN-1000 to AN-9999, AP-10 to AP-9999, and AR-10 to AR-999.

Other Designations Listed

Other designations, number of licenses issued for each, and the series, in this county, are:

Trucks 3,690, from MC-10; farm trucks 1,200, from RC-450; truck-tractor 300, from VA-1920; farm truck - tractor 20, from VR-480; trailer 1,200, from TA-7060; house trailer 200, from TP-1,240; dealer 200, from SJ-920; and motorcycle 500, from YJ-1580.

In the other 18 of the 19 counties in this district, the number of passenger car plates issued, and the series:

Series By Counties

Andrews 1,050, from AJ-6950; Bailey 1,500, from AJ-8000; Briscoe 1,190, from AJ-9500; Castro 1,200, from AK-700; Cochran 1,200, from AK-1900; Crosby 2,200, from AK-3100; Dawson 4,200, from AK-5300; Floyd 2,690, from AK-9500; Gaines 2,500, from AL-2200; Garza 1,400, from AL-4700; Hale 6,190, from AL-6100; Hockley 4,000, from AM-2300; Lamb 4,690, from AM-6300; Lynn 3,000, from AR-1000; Parmer 1,500, from AR-4000; Swisher 2,000, from AR-5500; Terry 3,390, from AR-7500; Yoakum 1,200, from AS-900.

A total of 1,250,000 plates were made for the state, averaging slightly more than one pound per pair, for total weight of the state's plates of 1,687,326 pounds, the announcement showed.

Accurate Examination

WITH MODERN SCIENTIFIC EQUIPMENT

If you do not need glasses, we will tell you and there will be no charge.

The use of modern scientific equipment is a most important factor. We not only use such equipment, but our staff is so trained, and have the background necessary to give you an accurate and honest visual analysis.

TAXES ON "OLEO"

They Hit Consumers

DOLLAR-A-POUND butter should be helpful to the efforts of Rep. William Robert Poage, of Waco, to force Congressional consideration of measures—including one of his own—which would remove present federal taxes upon margarines.

Not even the sponsors of those taxes seriously attempt to deny that their purpose is anything other than strict discrimination which seeks to improve the competitive advantage of butter over margarines. They have sought—and succeeded—in discouraging, by unfair legislation, the use of margarines in favor of butter. Yet no one apparently denies that margarines are nutritious and usually so comparable in taste to butter that only experienced users can tell the difference between the two products.

Despite taxes, prices of margarine consistently have been lower than those of butter. The prices would be even lower if discriminatory taxes should be removed. This relief also would encourage increased production. It would mean more food in a world faced with serious scarcities—and probably more butter at lower prices to those who prefer that product.

Behind The Trouble

DISPATCHES telling of recent anti-British and anti-American outbreaks in Canton and other Chinese cities have been somewhat vague as to underlying reasons. But some have hinted the basic cause may be that the Chinese are so ignorant and unreasonable they expect the white nations to keep their solemn promises.

One such pledge was given during the darkest days of the war in the Pacific. Nothing was more vital then to the hope of an eventual Allied victory than that China should continue in the fight against Japan. So, in a bid for continued Chinese resistance, Britain, France and the United States announced they would get out of China after the war was won. They agreed to turn back to China highly profitable concessions they had operated under an enforced arrangement called "extra-territoriality."

When victory was won, due in some part to China, the Chinese naturally expected their white allies to keep their promises. The promises have not been kept. France moved right back into French Indo-China. Britain resumed control of Hong Kong, richest and most important of John Bull's pre-war possessions in China. Recent outbreaks have been attributed to Chinese resentment because of their exiction from that area. Instead of giving up Hong Kong, the British are kicking the Chinese out. And the United States does not appear to be lifting a finger in behalf of the one ally—China—which helped us most in defeating Japan.

Probably the Chinese were optimistic to expect the white nations might keep their pledges. Certainly there has been nothing in China's dealings with those nations to justify such an expectation. But the white nations will be optimistic if they ever again try to gain anything with promises in China. The mere mention of a white man's promise should be ample justification for the Chinese version of a lusty bronx cheer.

Down Memory Lane

(From the files of The Lubbock Morning Avalanche of Jan. 21, 1928.)

The London Bridge club met with Mrs. Horace Hawkins, with Mrs. K. L. Riggs winning high score, Mrs. E. J. Parsons low, and Miss Janice Rogers of Henderson receiving guest prize. Other club members present included Mesdames J. D. Bratcher, M. C. Butler, R. W. Crowder, O. W. English, Alvin Hendricks, jr., Howard Logan, Joe Logan, Earl Moore, H. S. Riggs and G. C. Turner. Guests were Mrs. Allan Hill, Mrs. Allen T. Stewart, and Mrs. J. B. Jackson.

Life Means Famine For The Vulture

This Is Happy

BY PEGGY DERN

Distributed By NEA Service, Inc.

XXX

"IS the sight of me so repulsive, Happy?" Steve asked uncertainly.

"Of course not. D-don't be a goof! It's just that—that I'm—so surprised," she stammered, and came on up the stairs to him and felt her hand enclosed in his.

"I've been sitting here since four o'clock," he told her, grinning shyly. "I didn't know where you were working, so I couldn't walk into your office and sweep you off your feet. Just as well, eh? Maybe your boss isn't as broad-minded and understanding as I used to be when you worked with me."

Happy was fumbling in her bag for her key, and Steve took it from her fingers and unlocked the door. Instantly a tornado of golden-yellow fur hurled itself upon Happy, and dropped back, startled at sight of a stranger.

Steve bent down and held out his hand tentatively.

"Hi, fella," he murmured politely. "Here—have a bite. Being Timmy, you can scratch me if you like."

Timmy sniffed at the extended fingers, hesitated a moment, and deciding that the stranger wasn't dangerous, allowed his head to be scratched gently.

"Hi—he likes me!" said Steve happily. "Or maybe he has decided he's getting nowhere fast by fighting me and is giving in!"

Happy said unsteadily, "Maybe he's bowled over with a surprise, as I am! Steve, what are you doing in New York?"

"Checking up," said Steve cautiously. "I had the colossal luck to run into Mrs. Harrell on Hollywood Boulevard a day or two ago. We had a cocktail and a bit of a gossip and she told me the—er—current news."

Happy turned away to dispose of her hat and bag, and over her shoulder she said in a voice that tried hard to be casual, "Tell me about you, Steve. What have you been doing? And what are you doing now? Are you going abroad again?"

• • •

STEVE'S eyes were upon her, watching her with an intentness that disturbed her oddly, though she could not have explained why.

"Oh, I've been standing Hollywood on its ear. Very queer place, Hollywood, but fun, though, in the classic phrase. I wouldn't want to live there," he assured her. "And I'm in New York on strictly private business and scared green that it won't work out. Whether I go abroad or not depends entirely on how the—private business works out."

For a moment there was silence in the room, a silence that brought the color to Happy's face and made her strangely unwilling to meet Steve's eyes.

Steve started to say something, and hesitated; and then he asked unexpectedly, "Happy, remember the morning we prowled around Savannah?"

"Of course."

"Remember the little white house on the corner with the red door and the geraniums?"

"Of course, Steve; it was a darling."

"I bought it, Happy."

She stared at him, amazed.

"You bought it? But for goodness sake, why?"

His grin was wry, almost rueful.

"Because I was fool enough to think that maybe some day, if you decided you did not like Sundown, you might be willing to go there and live—with me," he said, as though getting the words out had been a difficult thing.

Happy felt that the hard, uneven thudding of her heart must be making a terrific racket. Her face felt warm with color.

"I know it was a terrific amount of presumption on my part, Happy," Steve continued. "But you did like the place, and so when I got back to the hotel, I telephoned a real estate man I'd met, and he thought it could be had—and it was so what about it, Happy?"

• • •

SHE drew a long breath and looked at him, her hands tightly clenched.

"But, Steve, you—you wanted me to marry George—remember?" she said very low.

He nodded, his lean face set.

"I was being noble if it killed me—and it almost did!" he admitted. "I had known all along I was crazy about you; and then George came along, and I saw Sundown and realized all that he could offer you, and—"

"Oh, Steve, how could you be so blind?" she whispered piteously.

He looked at her swiftly, sharply, as though afraid to believe what was in her eyes.

"Was I so blind, Happy?" he asked almost fearfully.

She smiled through a mist of tears, her soft mouth tremulous.

"Terribly blind, Steve—but so was I at first. I was dazzled by Sundown; I thought it might work, until I saw you that day in Savannah. And then everything was so gloriously bright. I knew that if you didn't want me, then I'd be just Miss Brandon for the rest of my life."

She was smiling at him mistily, and suddenly she was in his arms and he was holding her close, as though he meant never to let her go again.

A long, long time afterwards, she looked up at him, her eyes bright, her face flushed and radiant.

"And when you go abroad, Steve—" she began.

Steve kissed her to silence.

"I said that all depended on my private business," he told her firmly. "And since my private business has turned out so gloriously, I won't be going abroad again—not until you can go with me, and I feel it will be safe to take you. And, with all my heart, I hope it may be."

"I was your private business?"

He grinned at her.

"And what a business!" he said happily.

THE END

Looking At Life - - By Erich Brandeis

HERE I sit at my typewriter with a sprained ankle and I blame it all on Bing Crosby.

Bing is about the only radio crooner I can stand, and in my opinion he is about a thousand miles ahead of any of the other boo - boo - boo artists.

BRANDEIS

But Bing Crosby is to blame for my sprained ankle, and I am willing to say so in court if he wants to make an issue of it.

As you know, millions of people listen to Bing and are fans of his.

So, naturally, whoever is responsible for the weather is, according to all Hooper rules, very apt also to be influenced by Crosby.

Who was it who introduced "I'm dreaming of a White Christmas?"

Bing!

Who sang it and sang it and sang it until the whole country became White-Christmas-conscious?

Bing.

• • •

Isn't it natural that the weather producer, who and wherever he may be, had his wife tell him at breakfast:

"Look, dear. Everybody is wishing for a White Christmas. Everybody is singing it. Every band is playing it. Don't be an old meanie. Give 'em a white Christmas."

Well, first off, the Weatherman didn't want to give in. He hadn't intended to give us a white Christmas.

"I'll show her who's the boss around here," he said.

Christmas Day came and there were just a few flurries. Just enough, the Weatherman thought, to make his wife think that he was heeding her, but not enough to amount to anything.

But Mrs. Weatherman, like all wives, wasn't so easily fooled.

"By golly," she said, "if you don't do it, I will."

So on Friday, the day after Christmas, she turned on the faucet marked "SNOW", while he was sleeping off his Christmas jag—and you know what happened.

• • •

THAT snow is still all over our town and all over our driveway and all over everything.

This is way into January, but our so-called Streetcleaning Department hasn't got around to us yet.

This morning I was going to the mailbox.

"Put on your overshoes," said my wife, "it's slippery."

"Don't need any overshoes," I said in a manly voice, and with a lusty laugh started down the driveway — and fell flat on my dorsal.

I like Bing Crosby, as I said. I like him almost as much as Arthur Godfrey, who certainly gets my vote if Mr. Hooper ever calls me on the phone.

But please, Bing, lay off that "White Christmas" next year.

I hate to wear overshoes.

Funny Business

"Why shouldn't I wear a bathing suit? Your secretary always has my pin sticking in the Atlantic ocean!"

AID PLAN HOLDS KEY

Soviet Aims Blocked

By RAY TUCKER
Special Correspondent

WASHINGTON — President Truman's submission of a near forty-billion dollar budget for the 1949 fiscal year, with a fifteen-billion dollar request for national defense and foreign aid, appears to corroborate the contention of Russian emissaries at Washington that Moscow has won the first round in the fight between Truman capitalism and Stalin Communism.

Their argument is, as recently reported in this column, that the Soviet's postwar policy of expansion and aggression has completely upset our domestic economy, contributed to our inflationary evils and will eventually weaken us as a major power in peace or war.

TUCKER

They maintain that continued sacrifices in the form of high taxes, prices, commodity shortages and other difficulties will lead the American people to withdraw from the world stage and let Russia play the villain.

Administration aides in the foreign field concede that Stalin has forced heavy expenditures and responsibilities upon this country. Nevertheless, their confidential reports incline them to believe that America's attitude of resistance has thwarted the Reds' scheme of world domination far more completely than is generally realized.

• • •

CHECK: Veteran diplomatic observers here and abroad insist that Stalin would have overrun all of Western Europe and the Mediterranean countries by now if the United States had not intervened in that area. As of today, he has been held in check at every point of immediate and dangerous contact—in Turkey, Greece, Italy, Western Germany, Korea and on the Scandinavian Peninsula.

The Soviet dictator did not intend to conquer this vast area with his armies, according to official information. They were to be held in reserve until the appropriate moment for actual, physical intervention had arrived.

Meanwhile, as his agents have already attempted to do, he planned to cause such internal disorder through strikes and sporadic uprisings that he would have seized those affairs as pretexts for marching into the Marshall Plan countries.

He would have taken this action with every profession of disinterestedness, of course, even asking the U.S. and Britain to participate in "restoring order." But once entrenched, he would have dug in as he has in Poland, Eastern Germany, Northern Korea and the Balkan nations.

• • •

INTERVENTION: The stiff American policy has had greater effect than the negative one of keeping Russian hordes out of the vital lands which stand guard over such key waterways as the English Channel, Gibraltar, the Mediterranean, the Suez Canal and the Dardanelles. Incidentally, if Russia controlled those gateways, it would dominate the world.

Our intervention has preserved fairly stable governments in most of these countries. Communists have been evicted from places of authority without any national protest or revolt. Strikes have been suppressed. There has been a start toward restoration of manufacture, trade and transportation, and toward monetary reform.

• • •

RESENTMENT: Most important of all, the European peoples have shown their revulsion toward Stalin's police state and practices when given a free opportunity to reveal their sentiment. Moscow's leftist parties have been defeated decisively in every untrammeled test.

In frustrated resentment, the Kremlin has indulged in excesses which strip the mask from its pretensions of "Democracy" and "equality" and "the rule of the proletariat."

It has executed or imprisoned innocent opponents. It has overthrown any party that dared to oppose its rule. It has been forced to show the world the kind of brutal and ugly methods it uses to keep 200,000,000 Russians in subjection.

The official face of Communism would never have assumed this nakedly brutal aspect, for all the world to gaze upon, had it not been for American opposition throughout the globe. Stalin might have been able to continue to pose as the kindly, great, red father that he was depicted to be when he was our wartime ally.

• • •

DIFFICULTIES: Russia cannot now break out of this "American ring" without engaging in open war with the United States, Great Britain and their Allies, according to our military and diplomatic experts. That is, they add, provided the American Congress and people support the Roosevelt-Byrnes-Truman-Marshall pledges that our economic and military resources will be retained and utilized in the areas which border on the "iron curtain."

Stalin cannot undertake a major conflict for at least fifteen or twenty years, in the opinion of every qualified observer. He does not possess the industries, water power, transportation facilities or weapons essential for a large-scale struggle. He has no rounded navy or air force. He lacks the atomic bomb, which would undoubtedly be used in any death grapple between the two surviving nations.

If—and here is the diplomats' $64 question—the Marshall Plan operates as expected, the world will enjoy a sufficiently long "breathing spell" so that it can shake Stalin's grip from its throat.

• • •

PLANES: "We sent 11,000 planes to Russia, and we had to deliver them at the border," protests T.K.D. Jr. of Santa Monica, Cal. "I never heard of them bombing over Germany or Japan. Did they?"

Answer: Russia asked for fighter rather than bombing planes. Our people suspect that she did not want to destroy German or Japanese industries because she hoped to dismantle them and transfer them to Russia at the end of the war, as she has done from her zones.

The following incident may answer C.O.'s question more pertinently. After our bombing raids on Regenburg and Marienburg, in which our English-based squadrons suffered terrific losses, General H. H. Arnold, then head of the A.A.F., held a special press conference to assure the American people that the heavy destruction of German industrial plants compensated for the fatalities.

• • •

BITTERNESS: In the course of the conference, the writer asked why the Russians did not take over the assignment of bombing such targets as Regensburg and Marienburg, and especially the Ploesti oil fields, inasmuch as the Red forces occupied bases nearer to those objectives than our fields in faraway England.

General Marshall gazed out a Pentagon window for a moment. Then, he turned toward the questioner, and with bitterness in his husky voice, he rasped: "I don't know any more about the Russian air force than you do! I don't know if they have any long-range bombers!"

And neither he nor his successor, General Carl Spaatz, knows yet!

Believe It Or Not-By Robert Ripley

THIRD PARTY MOVE STUDIED

Wallace's Move Gains Support

By THOMAS L. STOKES
Special Correspondent

CHICAGO — Perhaps the most impressive thing about the Progressive Citizens of America convention which initiated a third party movement here for Henry Wallace was that the bulk of its 500 delegates were what we call "intellectuals."

STOKES

Next in impressiveness, was the large percentage of young people among them, earnest and on fire, serious-minded — of World War II's "lost generation" which does not intend to be "lost" and is anxiously seeking a way. Nineteen colleges were represented, including some of our major institutions, and also some of their professors were here. These youngsters engaged avidly in every activity and gathered in hotel rooms far into the night to talk and argue and plan. Not with the disillusionment of that generation after World War I seeking escape in sordid materialism, in a defeatist philosophy of "eat, drink and be merry for tomorrow we die," but with the hope for a better world this time.

• • •

New Attitude Needed

Missing at this convention was a type usually seen at the birthplace of a new political movement—hard-grained and practical labor leaders, rugged old-line Socialists, the recognized core of old-fashioned American radicalism. They have avoided this movement because of Communist participation. Nor were there any of the "funny-money" enthusiasts who generally gravitate about dissident political groups to talk, by the hour and boringly, about how everything can be solved by doing something with currency.

It has always been the "intellectuals," of course, who have sparkplugged such movements as this, for which we can go clear back to the start of our nation and come down to its most recent manifestation in the Roosevelt New Deal. This movement as yet, however, has virtually none of the practical political direction that was present in its predecessors and was so effective in the New Deal.

• • •

But the political dilettantism prevalent here should not mislead anyone about the potentials of the Wallace movement. It is easy, in the midst of it, for the more or less cynical observer of practical politics to discount the sort of sophisticated vortex of ideas and ideologies that this convention appeared to be.

There are two things to be remembered. One is that this sort of political operator on the intellectual level is effective because of his zeal and ideas, as the new deal movement revealed. And there are perhaps more of them operating today in communities than ever before, despite the underlying political apathy and conservatism of the two major parties.

But, even more important, is the man Henry Wallace who is the symbol of this movement.

• • •

Wallace To Take Lead

Observing Henry Wallace as he came before the convention, you were conscious that he was in reality not of these people at all. He is something apart, and something real. He has a down-to-earth quality that is effective in American politics despite that peculiar Midwest mysticism and that native evangelism that his enemies single out for constant attack.

That will be the man who takes the stump to talk to the people, plain Henry Wallace, inheritor of the "New Deal" tradition, the man who served in the cabinets of two presidents, the former vice president.

• • •

He is, to many people, the "good man," on their side, interested in their welfare. The man who voices their present fears, the fear of war, the fear for their economic security. He spells out a suspicion that somehow or other our politics has got back into the control of a few powerful business and financial interests, those whom he lumps together as "monopolists," and that the capital of the nation, which Franklin D. Roosevelt seemed for a time to have moved to Washington, has been transferred back to what Mr. Wallace calls "Wall Street" because of the negligence of the Truman administration.

In short, Henry Wallace becomes plain Henry Wallace, and the noisy babble of the "intellectuals" dies away and the cry about Communists being mixed up in this movement. The more real and immediate things are symbolized in the man who stands before them — peace, a decent home, a job, meat and bread at reasonable prices, and freedom and security to think what they please and say what they please.

Mississippi Governor Talks Of Possible Bolt From Demo Party

JACKSON, Miss., Jan. 20 (AP)—Gov. Fielding L. Wright today asked an end to Mississippi's unique secret police force and urged a southern bolt from the Democratic party if the "anti-southern" trend continues.

The secret police force, whose members are known only to the governor, was set up last November at a special session of the legislature after violence developed during a protracted strike involving Southern Bus lines, Inc. The force is scheduled to go out of existence in July, and today Wright called for a uniformed state police body to replace it.

Party Break Hinted

In his inauguaral address as Mississippi's 50th governor, Wright accused Democratic leaders of aiming to "wreck the South and our institutions." He declared the South "will no longer tolerate being the target" for legislation "which would not only destroy our way of life, but which, if enacted would eventually destroy the United States."

Wright referred to the southern record of adherence to the Democratic party, but said that "when the national leaders attempt to change those principles for which the party stands, we intend to fight for its preservation with all means at our hands."

"I would regret to see the day come when Mississippi or the South should break with the Democratic party in a national election," he said, "but vital principles and eternal truths transcend party lines, and the day is now at hand when determined action must be taken.

"We must make our national leaders fully realize we mean precisely what we say, and we must, if necessary, implement our words with positive action."

Wright claimed southerners are solving the race problem "in a wholesome and constructive manner," and said:

"Here in Mississippi and the South may be found the greatest example in human history of harmonious relationships ever recorded as existing between two so different and distinct races as the white and the negro, living so closely together and in such nearly equal numbers."

Wright was elected lieutenant governor in 1944 and became the state's chief executive when Gov. Thomas L. Bailey died 14 months ago. He was chosen to a full term in the higher office last November.

Theta Rho Installation Set For Sunday Afternoon, Feb. 1

Installation of officers of Theta Rho, girls' club, will be held Sunday, Feb. 1 at 3:30 p. m., rather than this Sunday as originally scheduled, members decided at a Tuesday night meeting at the I. O. O. F. hall.

The postponement was made because a number of members will attend a conference in Fort Worth this week end.

Florence Houston was elected treasurer, the only office not filled in a recent election.

Practice in ritual work was set for 2 p. m. Sunday at the home of the president, Jane Williams, 2405 Tenth.

IN CAPSULE FORM
News Briefs

W. L. Stangel, dean of agriculture at Texas Technological college will judge the Mitchell County Livestock Show to be held in Colorado City Jan. 26-27, he announced Tuesday. Included in the livestock entered will be steers, hogs, hereford cattle, registered Jerseys and lambs.

Dr. F. A. Kleinschmidt, head of the department of architecture at Texas Technological college, will represent the department at the national convention of the College Art association at Boston and Cambridge, Mass., and the Society of Architecture Historians Jan. 29-31, Pres. W. M. Whyburn announced Tuesday. Dr. Kleinschmidt is a charter member of the latter organization and the department of architecture at Texas Tech is a chapter member of the College Art association.

Firemen made a run to 2311 Texas Ave. at 4:10 p. m. Tuesday and found a shorted electric circuit had caused a small blaze, which was extinguished without damage.

Mrs. Mary Ann Whitely Claimed In City; Services Set Today

Mrs. Mary Ann Whitely, 90, died about 3 o'clock Tuesday afternoon at the home of a daughter, Mrs. J. E. Huggins, in the Arnett-Benson addition, following a month's illness.

She had lived in Lubbock for the past year with another daughter, Mrs. Lora Matthews of 2116 Fifth.

Funeral services will be conducted at Rix chapel at 3 o'clock this afternoon with Rev. C. J. L. Bowlinger, Primitive Baptist church pastor.

Following services, the body will be taken overland for burial at Copperus Cove. Cole-Law Funeral home at Killeen will direct arrangements there.

VETERAN TRAINS DOOMED

COLUMBUS, Ga., (U.P.)—Narrow-gauge railroad trains which hauled students to classes at the famed Fort Benning Infantry School during two world wars are headed for the last roundhouse. The Army announced that the trains, including 10 locomotives and 68 cars, have been turned over as surplus to the War Assets Administration.

Beds at hospital height—20 to 24 inches from the floor—require much less effort to make than lower ones.

FISH IS GOOD AND GOOD FOR YOU

SEA-SEALD FRESH FROZEN MADDOCK FILLETS

Services Set Today For R. L. Brown, 74

MULESHOE, Jan. 20 (Special)—Funeral services will be conducted at 2:30 o'clock Wednesday afternoon for R. L. Brown, 74, former mayor of Muleshoe and one of its greatest civic leaders and boosters, who died about 7 o'clock this morning in a Muleshoe hospital.

Rev. A. W. Blaine, Baptist pastor, is scheduled to officiate. Steed Funeral home will direct burial in Muleshoe cemetery.

Known as "R. L. Brown the land man," Mr. Brown was widely acquainted throughout the state and carried on a large correspondence, boosting Muleshoe over the nation. He was captain of the March of Dimes drive every year since its inception.

He was mayor from April 1940, to April, 1946, when he retired. He was in the real estate business. He had lived in Muleshoe since 1922, moving here from Lavon.

He entered the hospital Sunday after having suffered ill health about a year.

He is survived by a daughter, Mrs. Katherine Landon, San Angelo, two sisters; Mrs. B. H. Freeman, Garland, and Mrs. W. P. McGaughey, Dallas; two brothers, D. P. and J. D. Brown, both of Lavon.

Rev. C. C. Griffiths, Former Area Pastor, Is Death Victim

WICHITA FALLS, Jan. 20 (Special)—Funeral service for Rev. C. C. Griffiths, a Baptist minister in Texas for 25 years, have been set for 4 p. m. Wednesday at Central Baptist church here, where he has been pastor for the past two years.

He was pastor of the Baptist church at Olton, Lamb county, for nine years before coming to Wichita Falls. He was also pastor of the Abernathy Baptist church in Hale county for eight years and had held a Wise county pastorate.

Mr. Griffiths, stricken after Sunday night services, entered a Wichita Falls hospital Monday morning. He succumbed to an acute heart attack about two hours after walking to his room.

He is survived by six sons, Byron Griffiths, Muleshoe, Harold, Bledsoe, Carroll, Rogers, Ark.; O. B., Rocky Ford; Fred, South Gate, Calif.; Grant, Norman, Okla.; and three daughters, Mrs. W. A. Moncrief, Sudan, Mrs. W. D. Harlan, Muleshoe, and Mrs. Dan Lassiter, Oklahoma City.

Following the Wichita Falls service, the body will be taken overland to Muleshoe, where a graveside service will be read, with Rev. A. W. Blaine of Muleshoe Baptist church officiating. Burial will be in Muleshoe cemetery, where Mr. Griffiths' parents are buried.

Congratulations

Mr. and Mrs. M. H. Sanders of Levelland route 4 on birth of a son weighing 7 pounds 3 1/4 ounces in Lubbock Memorial hospital at 2:50 p. m. Tuesday.

Mr. and Mrs. Byron Herrington of Lorenzo on birth of a daughter weighing 7 pounds 1 ounce in West Texas hospital at 1:20 p. m. Tuesday. The father is a carpenter.

Mr. and Mrs. William U. Powers of 2510 Thirty-second on birth of a son weighing 6 pounds 8 ounces at 5:40 a.m. Tuesday in St. Mary's hospital. The father is employed by Southwestern Public Service Co.

Mr. and Mrs. O. L. Perry of 1607 Ave. H on birth of a daughter weighing 6 pounds 12 ounces at 11:37 a.m. Tuesday in Lubbock Memorial hospital.

Mr. and Mrs. Loyd Owenbey of 2618 Edna on birth of a daughter weighing 6 pounds 10 ounces at 1:03 a.m. Tuesday in Lubbock Memorial hospital.

Mr. and Mrs. D. R. Chilton of Lubbock route 6 on birth of a daughter weighing 6 pounds 8 ounces at 8:15 a. m. Tuesday in the residence; reported by Porter-Sistrand clinic. The father is an oil field worker.

Mr. and Mrs. Carl Sargent of 2723 Maple on birth of a daughter weighing 6 pounds 2 ounces at 11:15 a. m. Tuesday in Porter-Sistrand clinic. The father is a carpenter.

Mr. and Mrs. L. C. Johnson, Jr. of 1420 Tenth on birth of a son weighing 5 pounds 10 ounces at 12:07 p. m. Tuesday in Porter-Sistrand clinic. The father is a radiator repairman for Auto Radiator shop.

DAIRY EFFICIENCY URGED

CHICAGO (UP)—More efficient farm management will be necessary to achieve the 1948 national milk goal of 120,000,000,000 pounds, according to the American Butter Institute. Further decreases are expected in the number of producing cows and a smaller feed grain supply will be available, the institute said.

In World War II, Costa Rica was the first American republic to delcare war on the Axis.

Damage To Florida Truck Crops In Cold Wave Reported Heavy

LAKELAND, Fla., Jan. 20 (AP)—Damage to tender truck crops from the freeze of Jan. 15-16 was "rather heavy" throughout most of the state, but monetary loss to growers should not be excessive because production was at its lowest point of the winter, Warren O. Johnson, head of the federal-state frost warning service, said in a preliminary report on effects of the cold snap.

The lower east coast and Everglades came off with slight damage to tender crops and hardy truck generally came through with only light loss all over the state, Johnson said.

Damage to citrus still is undetermined fully, the report continued. There was considerable damage to tangerines, but most of this crop had been harvested; oranges suffered "some damage" in north and central districts, and grapefruit came through with little damage. Tree damage was negligible, Johnson said.

Florida strawberries will be off the market about five weeks as berries were almost a total loss. Loss to plants was light, however.

Most ferneries fired with good results. Those which remained unheated suffered heavy loss, the report stated.

How To Hold
FALSE TEETH
More Firmly In Place

Do your false teeth annoy and embarras by slipping, dropping or wabbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store. Adv

Damage Suit In Millions Is Filed Against Ford Company

COLUMBUS, O., Jan. 20 (U.P.)—A damage suit asking $11,302,590 against the Ford Motor co., Dearbon Motors, inc., the Ohio Tractor & Implement co. and officials of the three firms was filed today in federal court here.

The action, brought by Elmer E. Schatz, his wife and two corporations which they control — the Truck-Tractor Equipment co., and Truck-Tractor Equipment, inc. — charges the Ford group with illegal conspiracy to deprive the Schatz companies of their business of distributing and selling Ferguson farm tractors and implements in the state of Ohio.

The suit asserts that Harry Ferguson invented a new type of farm tractor which the elder Henry Ford agreed in 1938 to manufacture and which the Ferguson organization marketed together with a line of farm implements developed by Ferguson. Severance of this arrangement last July 1 resulted in another suit, filed in New York earlier this month, by Ferguson against the Ford company and officials for $251,000,000 damages.
