CHS Student Makes Team

Russell Hertenberger, 18-year-old senior son of Mr. and Mrs. Buddy Hertenberger of 405 E. 14th Street in Colorado City, has been named to the Prep All-America Football program for 1973-74.

Hertenberger's selection to the Prep Honor Roll makes him eligible for judging in the Prep All-America Football National

Russell Hertenberger

Awards, Prep 100-Squad, Super Eleven Team and Cum Laude.

Nominations for the honor roll were made last fall by high school coaches and athletic directors, college recruiters and sports writers across the country. Nominations were made on the basis of local records of achievement in sports, sportsmanship, leadership and service to team and community.

The six foot, 195-pound Hertenberger made All District Honorable Mention for his junior and senior years in football, as well as making the All-Area list in football for the same two years.

He played football, basketball and track his freshman and sophomore years at Colorado High School but concentrated on football the past two seasons. He played defensive tackle, linebacker and running back.

Hertenberger also was named captain of the Wolves football team, was crowned King Howl, is an A student and a member of the National Honor Society at CHS.

CHS Team Wins Doubles Trophy

The Colorado High School net team found the going tough at the District 3-AAA tennis tournament held in Lubbock Saturday. Brownfield was first with 35 points, Dunbar was second with 30 points and Sweetwater was third with 25 points.

Tony Love, singles player, turned in the best performance for the Wolves varsity as he made it to the semi-finals before being defeated by Dunbar. The other boys players were defeated in the first round of the tournament.

The girls singles player, Ellen Sawyer, and doubles team Jackie Palmer and Leslie Greenlee made it to the quarter-finals before losing.

The junior high netters did not have the team depth to overcome

Brownfield and Estacado for the team trophy in the junior division, said tennis coach Ken Burnam, but several individuals advanced into the play-offs.

Craig Carter and Chop Love, doubles team, won the doubles crown for the second time in a row. Jeff Trulock and Randy Anderson, the other doubles team, were defeated in the semi-finals. Ivy Johnson, singles player, was defeated in the semi-finals after playing several long matches. The girls teams lost in the first round.

The tennis team will lose three seniors: Joe Vincent, Ellen Sawyer and Terry Stander.

Loraine Wins Meet

Loraine's regional qualifiers in boys division of track competition went to a regional qualifiers meet in St. Jo Saturday and won the team championship with 88 points.

Michael Jones was first in High Jump with a 5'10" effort and second in Long Jump with 18'1".

Rito Pineda was fourth in shot put with 37'1".

Jones was second in the 100-yard dash with a time of 9.8 and first in the 220 dash with 21.9.

Robert Alvarez was fourth in the 440, clocking in at 55.1. Sylvester Rose came in fifth in the 330 intermediate hurdles; Frankie Bennett was fourth in the 880 run; David Alvarez third in the mile; Mike Vallejo fourth in the mile.

Sprint relayers came in for fourth place and the mile relay team were first, clocking a 3:37.8 time.

City Council Meeting

Police Consolidation, City Charter Revision Needed?

The city council of Colorado City Monday night got three new members, elected a new mayor pro-tem and discussed several controversial issues including metro police and an election to amend and clarify the city's charter.

Before new members of the council elected April 2 took their place on the council, the council for the past year adopted the budget for the coming year and approved ordinances increasing the minimum water rates by \$2 a month, the minimum sewer rate was increased 25¢ per month and the minimum trash pickup for residences was increased by 25¢ a month.

Trash pick-up rates for businesses was increased from between \$1.75 to \$10.25 to from between \$5 to \$30 a month, based on the volume of trash picked up.

It was pointed out during the meeting by members of the council that these increases are necessary in order to put these city services as near a break even point as possible and to pay for a number of improvements that need to be made.

Some of those improvements include cleaning of the water tower which could cost in excess of \$10,000; installation of water and sewer lines to the new high school, replacing water lines in the city under a systematic plan that has been drawn up and the purchase of a new trash pick-up truck.

The new city budget calls for city employees to receive an average 7% wage increase based on average wages of other cities.

Texas will remain at the same rate as for last year, \$1.55 on 4% of market value.

The council then canvassed election returns and swore in three new members of the council, Marion Bassham, J. Lee Jones Jr., and Larry Hamer. The three outgoing members

of the council, Eddie Piland, Finis L. (Buck) May and Lloyd (Pint) Richards were honored with plaques for their service

to the city. May was out of town and unable to attend the meeting but will be given his plaque later.

City Attorney Dell Barber told the council that in his legal interpretation of the city's charter, Mayor C. C. (Mike)

Burt is to serve as mayor until his term expires. There were some members of the council who believed that a new

mayor is elected after each election.

J. Lee Jones Jr. and Marion Bassham were both nominated for the office of mayor pro-tem and both asked that the other be elected.

The nomination of Mrs. Bassham for mayor pro-tem was withdrawn at her request and Jones was elected as mayor pro-tem.

The council then considered a number of items including selecting the City National Bank of Colorado City as depository for city funds and approved fire department purchases of equipment including coats and gloves.

The council also tabled bids for new police cars after several council members questioned the need to buy new police cars every two years.

Jones also mentioned that he would like for the council to consider metroplex law enforcement which would combine city and county law enforcement agencies. It is thought that the combination could save money as well as avoid duplication of efforts.

Burt pointed out that metroplex ideas have been studied but there are several problems with this type system, he said.

Jones and City Manager J. A. Sadler pointed out needs for revising the city's charter to avoid problems in the future. Sadler said he would like to change the fiscal year and put it on a calendar year basis rather than from May 1 to April 30.

The council is to meet in special session April 19 to consider the budget for revenue sharing funds.

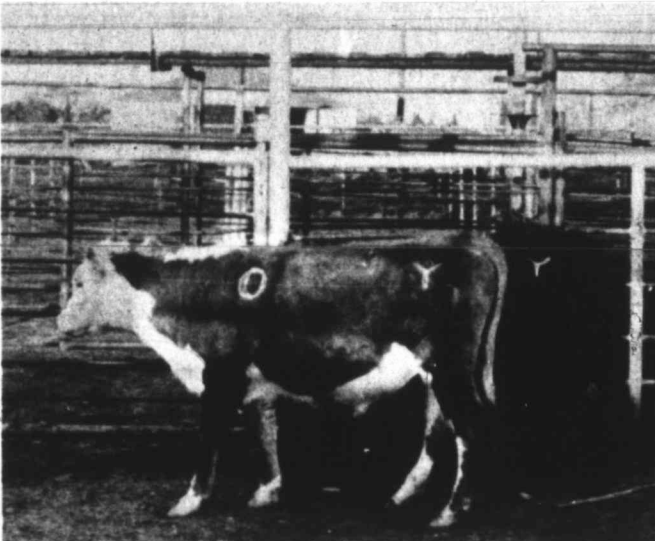

Easter Holidays For Students

Colorado City students will be dismissed an hour early from classes today for Easter vacation. Classes resume Wednesday.

Loraine students also get out early today, 2:10 p.m. and will go back to classes Tuesday. Westbrook students have had Easter vacation this week and will resume classes on Monday.

Mitchell County Sheriff Bill McGuire, right, and Deputy Troy Walls inspect the brands on two steers they brought from New Mexico last Friday. The seven-bar brand belongs

Stolen Cattle Recovered

to Wadell Strain and was first branded on the steers, New Mexico brands were added after the steers were stolen from Strain last February.

Mike Young

Young Seeks Election

Mike Young, of Abilene, has filed as a candidate for State Representative for District 61, in opposition to Elmer Martin of Colorado City.

Young, 35, is an Abilene attorney, and has been active in civic and public affairs for many years. Among his current activities, Young is serving as a member of the Board of Trustees of the Abilene Independent School District, and is a member of the Board of Directors of West Central Texas Council of Governments, Abilene Fine Arts Museum, Taylor County Child Welfare Unit and Taylor County Heart Association. He was selected in 1972 as Abilene's Outstanding Young Man.

Young is married to the former Frankie Smith of Roby, the daughter of Mr. and Mrs. W. F. Smith of that city, and has two children, Trey, 14 and Robyn, 9.

Young stated that he had not considered the race until after returning from out of state recently and finding a large draft movement under way. "What surprised me the most was people contacting me from all counties in the district, urging me to run," said Young. "In a nutshell, the feeling was that under the one man-one vote concept of representation, our rural districts need the most forceful and active representation available if our interests are to be protected."

"I was reared in Fisher County, and have many relatives living there. My family still owns land in Fisher County, and we have been engaged in farming and ranching operations for years. I understand and sympathize with the day to day problems encountered by all of us in this area, as I feel the same frustrations. I think that everything possible should be done to reduce these problems and frustrations, but I do not subscribe to the theory that passing more laws will automatically reduce our problems."

Sheriff Probes Marijuana Cases

Mitchell County Sheriff Bill McGuire and his deputies late Sunday night arrested a Lorraine man for felony possession of marijuana with intent to distribute.

Charged in the case was Lope Galvan Jr., 23. He was released from county jail on \$10,000 bond Tuesday.

McGuire said eight ounces of marijuana was found when Galvan was arrested.

In a separate incident Sunday night, McGuire along with Texas Ranger Gene Graves and District Attorney's investigator Kenneth Crow found 16 kilos (about 35 pounds) of marijuana in an old shed on a farm

north of Lorraine. The find was the largest ever in Mitchell County and was estimated to have a street value of \$15,000. The marijuana was

out of old Mexico, McGuire said.

The find of the large quantity of marijuana is still under investigation, McGuire said.

Mitchell County "do-it-yourselfers" will have "their own" television series with the start of a new program on KTXS-TV Channel 12 at 11:30 a.m. Friday.

Cablevision viewers will see the series on Channel 12.

Locally, the half-hour programs each Friday will be sponsored by Mitchell County Family Living Committee and KTXS-TV.

According to Mrs. Janis Choate Mitchell County Extension agent, the new series, "You Can Do It!" is a 13-part, educational series on home care and repairs.

"It is designed to teach viewers simple, money-saving care and maintenance techniques," she said.

"Other lessons will teach viewers how to make toilet repairs and adjustments, how to repair walls, and how to care for wood finishes and carpets.

"The series also will include a lesson on care and maintenance of ranges and refrigerators and a lesson on how to make storage space," Mrs. Choate added.

Viewers are urged to check local program listings during the series for any changes in programming.

Created and produced by home economics specialists with the Texas Agricultural Extension Service, The Texas A&M University System, through a special United States Department of Agriculture grant, "You Can Do It!" is being aired statewide on an alternating basis.

During the 13-week series, hostess Cindy Kidwell will teach lessons on how to repair leaky faucets, how to caulk and weatherstrip, and how to paint interiors and exteriors, Mrs. Choate said.

"On the first program, viewers will learn how to do simple electrical repairs.

Training Course Held For Leaders

A Troop Leader Development course was held 2 miles East of Dura Saturday March 30, to acquaint leaders in Boy Scout Troops of their duties as managers of learning for the boys in their Troops.

The training course was conducted by Claude Woolsey, Scout Leader Training Chairman for the Lone Buffalo District, and a resident of Colorado City. The boys went through learning experiences and evaluated the tasks and to the learning involved. Tasks such as erecting a flag pole from tent poles and rope, erecting a camp site, compass course, patrol cooking, nature hiking, and peach cobbler were used to show the leaders how management of learning may be applied to their Troops.

Troop 20 from Colorado City was well represented with 3 of the 15 boys present. Those who attended the session were: Sam Stricklin, Scribe; DaWayne Iglehart, Quartermaster; and Kelly Welch, Patrol Leader.

Other Troops represented were Troop 27, Troop 36 and Troop 273 from Snyder.

These boys are now ready to assume the duties to which they have been elected by their fellow Scouts. Each should take his place in the Unit and pass his knowledge to the other Scouts in order that the Troops may function as a progressive Scout Troop.

Benson Warns Of Poisoning

Stockmen should be on the alert for sand shin oak (shinnery) poisoning in their livestock, points out Bob Benson, county agent for the Texas Agricultural Extension Service.

Sand shin oak is toxic to livestock when the plant first buds in the spring. And with the plant beginning to bud, stockmen should keep livestock out of pastures where sand shin oak is abundant, or they should take other steps to reduce losses from possible poisoning.

One such measure is to provide a good supplementary feed, explains Benson. A feed containing calcium hydroxide is more effective. Studies have shown that a feed containing 10 percent calcium hydroxide (by weight) protects calves fed post oak free-choice. Post oak has toxins similar to shin oak.

The Texas Agricultural Experiment Station has developed a ration that has proved effective in warding off sand shin oak poisoning. It contains 600 lbs. of ground alfalfa, 1,080 pounds of 41 percent cottonseed meal, 120 pounds of vegetable oil and 200 pounds of calcium hydroxide. The ration should be creep fed to calves and cows should receive about four pounds a day says Benson.

The agent notes that sand shin oak poisoning can be very serious in livestock if left uncontrolled. Annual losses in Texas have been estimated at more than \$10 million. And with grazing conditions short in many counties this spring, livestock will be more prone to graze the toxic sand shin oak. So be on the alert, Benson warns producers.

Golden Age Club Has Meeting

Westbrook, Texas, population 278, is the smallest town in the nation with a Golden Age Club. It has a membership of 50, on the average, says Mrs. Lillie Ward, Chairman of the "Speaking" that took place in the club facilities April 2.

The speaking included candidates from state, district and local races. Some 150 persons from Westbrook, Colorado City, Lorraine, Roby, Roton, Sweetwater and Abilene attended, plus candidates from over the state.

Invitations were extended to every candidate, Democrat and Republican, throughout the state whose addresses Lillie Ward could find and she found most of them, she opened from the Governor to the Justice of the Peace candidates.

Every candidate invited responded with the exception of one. Those who could not attend sent written statements and some sent donations. Candidates who did attend were greeted with mountains of food, fellowship and after-speaking singing. Opponents, with arms around each other, forgot politics and harmonized to the accompaniment of piano and fiddle when the speaking was over.

It all began when the Golden Agers decided that it was time to know the people our state elects to govern us. How better could you vote intelligently than to see each candidate, hear what the candidate had to say in person, and make up your mind?

Once this had been decided, the Golden Agers followed through with a date of April 2 for the first speaking, and the first Tuesday in September for the second speaking. The second round is to listen to the candidates in the run-offs.

O. Henry (Mike) Young, candidate for State Representative was the first speaker. In a no-nonsense manner, Young stated his position on the issues.

Alton Staggs, next speaker in the State Representative race told the Golden Agers that 38% of the people of Texas were not aware that a new constitution is being formed. He quoted from a survey poll report. He emphasized honesty in government.

Bobby Lemons spoke on behalf of Representative Martin who could not attend, and emphasized his good work.

Mary Virginia Kirchhoff (Mrs. John) of Plainview, candidate for State Senator, told of her life as a cattleman's wife, and labeled Texas as a land of opportunity. She said, "I listen to what the people say, and we won't ever get anywhere until we listen."

Temple Dixon of Sweetwater spoke on behalf of Ray Farabee candidate for State Senator who had other commitments and couldn't attend. He labeled Farabee the kind of a guy who can gain the respect of other senators.

Charles Finnell, the third candidate for State Senator, planned to attend but had his small plane turned back by winds which were gusting up to 50 miles per hour and stirring up dust causing a zero visibility.

COLORADO Jr Hi CHATTER

The district tennis trip to Lubbock this year was a fun one in spite of the wind and sand blowing up a gale. The high school and the junior high won about 30 or 40 percent of our matches. But Craig Carter and Chop Love were the only ones to bring home a medal as usual. And it was a first place in the boys doubles as usual. Below are our Junior High results. Craig Carter and Chop Love-1st in boys doubles. Karen Thomas was defeated 6-1, 6-2 by Teresa McWilliams from Sweetwater. Hobbie Bolin was defeated 2-6, 6-2, 4-6 by Tom Butler from Sweetwater. Beverly Fuller and Sharon Coldewey were defeated by Bailey and Lindsey from Brownfield 2-6, 6-2 and 4-6. Randy Anderson and Jeff Trulock won their first match over a couple of Sweetwater boys 6-1, 6-2, but lost the second one to some Brownfield guys 2-6, 3-6. Ivey Johnson won his first two matches, but lost his third. Brenda Barker was defeated her first match and so were Patricia Light and Donna Wyrosdick. But all in all the tennis team did very well and we want them to know that we are real proud of them.

Colorado Junior High had cheerleader tryouts last Friday afternoon in the Junior High Auditorium. Girls from the 6th and 7th grades try out for cheerleaders for the 74-75 school year. We had 24 girls trying out for the 6 cheerleaders. Cheerleaders and their sponsor from Robert Lee served as judges. Each girl did 2 yell. The competition was real stiff. We would like to congratulate our new Junior High Cheerleaders who are Holly Neff, Becky Corbell, DeAnn Griffith, Deborah Bowen, Sylvia Martinez, and Jamie Parker. Girls we know that you will do a great job in backing our Junior High Wolves!

Teacher Profile

The man that starts Colorado City's great bands is Bob Newman. Newman teaches 5th through 8th grade and helps with the high school band. Newman was born in San Angelo on April 5, 1929. He has a wife, Carolyn, and one son, Lesley, who is 9. He moved to California in 1941 and took private lessons for four years on his trumpet. He went into the army for three years and was stationed in Germany. He taught trumpet to the G.I.'s. While stationed in Germany, he studied trumpet with Tony Swab who is first trumpet with the Munich Symphony. When he got out of the army, he went to McMurry College in Abilene and played in the Indian Band under the direction of Pop Byrum. This band is well known all over the world because it has toured Europe, New Mexico, Colorado, and makes an annual trip to Mexico. Newman has been in Mitchell County teaching for 17 years, 14 of which were in Colorado City. Newman has directed 5 sweep-stake bands and has gotten 19

different trophies for Superior ratings from UIL and CSCO. Also he and the bands have received awards and thanks for marching in parades around this West Texas Area. We would like to say a great big Thank You to Newman for his dedication and many extra hours of work to make us a better playing and marching band.

Secret Student Profile at CJH Can you guess who?

The secret student at CJH this week is really well-liked and well-known around here, both in and out of the office! He is an 8th grader and is taller than the average 8th grade boy. His hair is a blondish color and he participates in all sports possible at Junior High and he is good in them all too. He's always friendly to everyone and you'll always catch him smiling. He really doesn't have a steady girlfriend, he just likes all the women. He makes grades like the average boy would but has a lot of common sense. He's really a favorite of everyone.

The name of the secret student this week will appear in the next week's CJH Chatter.

Well the Colorado City 8th grade track boys that went to district track meet last Saturday in Lubbock kinda came down to earth! The sand and wind blew up there just like it does here for track meets, only worse! However, our guys did what was expected of them, but some still had a little bit of trouble on the way to the finish line. Blake Hammond who usually runs the 660 was running the 880. In this event he came in 3rd place which is very good for an 8th grader running in 9th grade competition. The only 7th grader to go was Jimmy Selvera and he ran an outstanding mile, finishing 2nd behind Charles Leonard of our ninth grade. Frank Sanchez tied for 1st in the high jump and came in 4th in the 330 IH which normally he does not run! Selvera also took 6th in the 100 yard dash. The relays we did good for what we've been doing. We ran a 48.7 in the 440 relay which got us 4th place. Guys on the 440 team were Jimmy Selvera, Ruben Ornelas, Ray Torres and Frank Sanchez. On the mile relay we did even better by getting third. Boys on the mile relay are Monty Martin, Frank Sanchez, Ray Torres and Ruben Ornelas. The final results of the track meet are Estacado 163 points, Brownfield 103 1/2, Lamesa 83, Colorado City 81 1/2 and Lakeview, and then Sweetwater last. The Jr. Hi boys contributed 38 of the 81 1/2 points for C-City which we think is excellent. So that ends track for this year. Our 7th grade boys are now working in off season and the 8th graders are getting a much deserved rest.

Atheneum Club Has Regular Meeting

Atheneum Study Club enjoyed a program on "Our National Lakes and Wild-Life," on April 2.

Mrs. Percy Bond gave interesting facts about our Great Lake Region which covers 95,000 square miles, thus forming the greatest connected area of fresh water on earth. They border states and thus make water transportation more accessible to this vast inland area, which also furnishes one of the nation's largest and most popular recreation areas. Fisheries are a great resource of the lakes for both recreation and industrial reasons.

Mrs. W. A. Taylor spoke on "Discovering our Wild Life." In early pioneer days the prairies, woods and streams teemed with various types of animals, birds and fishes, many of which are almost extinct today.

Mrs. Taylor cited examples of animals, birds and vegetation that have been disturbed by the progress of civilization: the buffalo, wild horses that once roamed the grassy areas of our own Texas plains.

QUAPAW cotton

ANOTHER GREAT VARIETY FROM ROGERS DELINTED COTTONSEED

Texas cotton growers from the Valley to the high plains are reporting favorably their results of planting the new QUAPAW Cotton from Rogers Delinted. Such comments as... the cotton strips and gins good and I am increasing my planting next year. QUAPAW cotton has a medium size storm resistant boll and good seedling vigor with medium size seed. QUAPAW responds well to single row, skip row or narrow row spacing. It harvests well with strippers or spindle pickers. QUAPAW gins good and cleans up good with extra high quality fiber.

Farmland Industries, owned by 2,100 local farmer co-operators, including Producer's Co-op of Colorado City, has announced plans to build four ammonia plants in Alberta, Canada.

Farmland banks, Farmland will be retained by Alberta Ammonia to build and operate the plants.

Lindsey said Farmland has agreed to market the output of the plants and to provide the downstream storage and facilities to handle the ammonia on an "as-produced" basis.

When completed, the complex will be the largest fertilizer manufacturing facility in the world.

Farmland officials headed by president Ernest T. Lindsey and representatives of Alberta Ammonia, Ltd., announced the agreement in Calgary, Alberta, Canada.

The anhydrous ammonia project will ultimately produce some 1.5 million tons of nitrogen fertilizer products annually, which should eventually ease, if not eliminate, the fertilizer squeeze facing Midwestern farmers.

Burleson To Run For Re-Election

Congressman Omar Burleson has formally announced his candidacy for re-election to Congress, subject to the Democratic Primary on May 4, 1974 and the General Election in November. The 17th Congressional District, which he represents, is composed of 33 counties, covering approximately 30,000 square miles. Within this area live about 466,500 people.

Burleson says, "During my tenure of office I have followed two guiding principles: First, to know the views of my constituents and reflect their sentiments to the greatest degree possible in my actions in the House of Congress. Second, to inform and advise as closely as I can on those issues which affect our District, our State and our Nation."

Burleson termed his approach to Government as one of "common sense," gained through the years of public service. "I have tried to see that the people's tax money is spent as wisely and as judiciously as you would have spent it had you been in my place," he said.

"The record will show that a greater part of the time I have found myself in the minority in opposing the vast spending programs of doubtful value which have been put into effect in recent years. In every Session of the Congress the record will show my votes for expenditures below that recommended by the Executive Department and far less than actually appropriated by the Congress, except in the field of National Defense," Burleson said. He continued, "without meaning to appear boastful, if the Congress had followed those of us who have voted consistently over the years for fiscal responsibility, our financial affairs would not be in the shape they are today."

"In areas providing for the defense of our Country, I have always supported those things to make and keep our Nation stronger than any other in the world," he said.

Burleson is a former County Attorney and County Judge of Jones County.
