Few Vacancies Reported Here

Seventy-five Per Cent of Vacant Dwellings in Outlying Residential Districts Need Repairs, Survey Shows

Vacancy of 68 dwellings, 75 per cent of which are of mediocre construction and in need of repairs to be made tenable, was revealed Thursday in a survey of Overton, Ellwood Place and McCrummens second additions, which comprise the bulk of the outlying residential sections, according to Joe Hess, veteran realtor.

Three new dwellings are under construction in the same area. Mr. Hess advised that the vacant dwellings which are of fair or good construction be repaired before the opening of school and that those poorly constructed or obsolete due to age be moved or rebuilt entirely, as much of the material as possible being used in good construction.

The survey conducted by the Lubbock realtor revealed the following vacancies: Mr. Hess said: Overton addition—Third and Fourth streets 6, Fifth street 4, Sixth street 4, Seventh street 3, Eighth street 6, Ninth street 6, Sixteenth street 3, Seventeenth street 4.

Ellwood Place addition—Twentieth street 4, Twenty-first street 2, Twenty-second street 5, McCrummens second addition—Twenty-fourth street 2, Twenty-fifth street 1, Twenty-sixth street 2, Twenty-seventh street 2.

The popular hero and his wife set their black and red Lockheed Sirius, low-winged monoplane in the middle of the airport early in the afternoon, coming here from Columbus, O., where they spent the night, by way of Indianapolis. After taxiing across the field, they were met by race officials and cameramen and escorted to the grandstand by a small auto parade.

Vanguard of Committee from West Texas Reaches Wichita Falls for Study of Texas Conditions; Aid Asked

(By Associated Press)
WICHITA FALLS, Aug. 28.—The vanguard of the committee of 20 leading West Texans appointed by Governor Dan Moody to study drouth conditions and devise relief measures arrived here tonight for the all day session at the Wichita club tomorrow.

The group will inquire into the needs of each of 20 stricken counties and draw up recommendations for practical relief measures. The committee was appointed by Governor Moody Monday after parts of West Texas had been included in the area named in President Hoover's drouth relief plan.

Counties in the district which have petitioned for aid include Wilbarger, Foard, Childress, Cass, Coleman, Henderson, Dickens, Jones, Callahan, Hall, Cottle, Brewster and Motley.

Administration of Hoover Is Lauded

WASHINGTON, Aug. 28. (AP)—The Republican national committee in a statement today said few administrations in recent times have had such a record of promises kept as that of Herbert Hoover.

In support of the assertion the committee issued a lengthy summary of administration accomplishments as compared to the Kansas City platform. The platform plank was given in one column and in a parallel column the committee's view of what had been done was carried.

Recalling the president's statement: "Platform promises must not be empty gestures." The compilation said a reduction of income taxes of \$100,000,000 for 1930 at Mr. Hoover's recommendation was evidence that the party pledge to reduce the "tax burden" wherever possible was being carried out.

FLIERS WELCOMED

NEW YORK, Aug. 28. (AP)—The German fliers were welcomed at city hall today at a ceremony broadcast in this country and Germany.

"If I'd known Germany was listening in," the mayor remarked, "I would have said a few wile gehts and auf wiedersehens myself."

"Laugh Clown, Laugh" brings Dramatic Climax at Funeral Services for Chaney

(By Associated Press)
LOS ANGELES, Aug. 28.—Lon Chaney, who started life as a clown and died at the height of his career as one of the screen's most celebrated character actors, was laid to rest today in the Forest Lawn cemetery, Glendale.

The final chapter in the life story of "the man of a thousand faces" reached dramatic heights perhaps above those in the film stories that made him famous.

"Laugh, Clown, Laugh," the climax of the drama came when Lieutenant Colonel

Thompson, artist and designer, has filed suit in New York city for \$1,000,000 damages against Mrs. Thompson and Col. Horace J. Brooks of Martha's Vineyard, Mass. Thompson, who was acquitted of the charges, says his health was impaired and that during the proceedings he lost a large contract to paint murals for the Oklahoma state capital.

Fear Outbreak Of Revolution In Argentina

Buenos Aires Armed Against Possible Attack on Government; Warning of Trouble Given to President

(By Associated Press)
BUENOS AIRES, Aug. 28. (AP)—The Argentine capital was armed tonight for a possible revolutionary outbreak against the government of President Hipolito Yrigoyen, for 40 years a powerful figure in his country's politics and twice its chief of state.

Warning that a revolution might break out immediately in part of the army was said today by the newspaper La Critica to have been given the president by Dr. Juan D. La Campa, minister of justice. Dr. La Campa said certain political leaders were involved.

The president was reported to have replied he did not fear any revolutionary outbreak against the state, but believed an attack might be made against himself.

After a night and a day of feverish political and police activity, all military units here were confined to barracks. The president's home and the presidential palace were heavily guarded.

Machine-gun crews were mounted on the roofs of surrounding buildings and a mounted police squadron augmented the regular palace guards. Soldiers and police were concentrated at strategic points.

The extraordinary police activity in the city yesterday was officially explained as a precautionary measure against possible disorders from a strike of union telephone company employees, 6,000 of whom went out on a 24-hour strike.

Organizations In Texas Join Moody's Plan

"Buy a Bale of Cotton" Movement Gains Support from Southern Citizens; Civic, Luncheon Clubs to Aid

Cooperation Asked

Governor Planning Statewide Committee to Push Drive; Telegrams Sent to Executives of Southern States

(By Associated Press)
AUSTIN, Aug. 28.—The opinion that the "Buy a bale of cotton" movement was "going fine" was expressed today by Governor Dan Moody as he recounted the results of his plea to citizens to buy cotton at 15 cents and take it off the market.

A telegram was received from the Lions club at Beaumont endorsing the movement and challenging luncheon clubs of the world to a contest on the percentage of members buying bales.

Officials of the South Texas Chamber of Commerce advised him they had started organization of all chambers of commerce in their area to sponsor the movement in their various communities, and Moody wrote the West and East Texas chambers asking similar cooperation.

He also announced he was preparing to get a group of representative citizens from various parts of the state to organize a statewide committee to push the movement.

He had been advised, Moody said, that some luncheon clubs had interpreted his request as meaning that each luncheon club buy a bale. While endorsing this, Moody explained he had intended to ask luncheon clubs to sponsor the project in their communities, and obtain pledges from citizens.

One telegram was received from a Monroe, Louisiana, newspaper asking to be kept advised of the progress of the movement.

The governor again telegraphed

Former Jurist Dies of Wound

William Masterson Succumbs of Self-Inflicted Injury; Ill Health Given Reason for Suicide Action

(By Associated Press)
HOUSTON, Aug. 28. (AP)—William Masterson died today of a bullet wound, self-inflicted as decisively as had been the acts of his life.

The former civil district judge, who clung to his principle of opposition to woman's suffrage though it cost him, to all accounts, his place on the bench, shot himself aboard the heart yesterday, before-hand he had said goodbye to three persons in the building where he had offices.

For a time it had seemed he would live, but the ill health that presumably led to his act militated against his recovery.

For several years he had been ill and not long before he pulled the trigger of his pistol he had told P. A. McKenzie, a contractor "I am always sick."

Yesterday he told Miss Vivian Burnett, his stenographer, Dr. S. H. Hillin and J. A. Robbitt, sales engineer, goodbye. He walked then into his office and fired as Miss Burnett and the physician were talking over in the latter's office, his attitude.

Riot Leaders Die in Chair For Slayings

Claud Udwine, William Force, and Jesse Thomas Walk to Death Chamber in Rapid Succession Thursday Night

All Three Reckless

Words of Bravado, Profanity Spoken by Prisoners When Execution Prepared; Die for Murder of Sullivan

(By Associated Press)
OSKINSING, N. Y., Aug. 28.—In a triple execution in Sing Sing prison tonight, Claud Udwine, 29; William Force, 30, and Jesse Thomas, 30, were electrocuted for their part in the Auburn prison riot last December in which ten lives were lost. They were convicted of responsibility for the death of Henry Sullivan, ring leader of the mutiny.

Thomas, the first to be executed, walked through the door of the death chamber at 11:02 p. m. Force and Udwine followed in quick succession. Udwine, the last to die, was pronounced dead at 11:20.

In No Hurry

All three spoke words of reckless bravado, interspersed with profanity, as they went to their deaths. As the executioner fumbled with the head electrodes while placing them on Force, the latter said, "what are you so nervous about, boy, it's easy, I'm in no hurry."

Udwine's home was in Buffalo, Force was from Utica and Thomas from Childs, Pa.

Nine prisoners and Principia Keoper Grider Durford were killed in the riot. Six men were tried of charges of murder of Sullivan, but only three were convicted. The defense had contended Sullivan was killed in a gun battle with guards, but the prosecution insisted the prisoners were guilty of murder.

Labor Parade Is Abandoned

No Programs to Be Presented Next Monday by Individual Unions in Observance of Labor Day Here

Plans of Lubbock labor organizations to hold a Labor day parade have been abandoned and none of the individual unions expect to present a program Monday, it was understood here Thursday night.

P. O. Brock, head of the painters union committee and principal figure in the attempt to arrange for a Labor Day parade here, said a union parade had been contemplated but decision not to hold it had been reached after preliminary plans were underway. Circumstances led labor officials to regard presentation of a successful parade this year as unusually difficult, Mr. Brock said.

No Plans Made
The labor committee said he knew of no plans for Labor Day programs by individual unions and that his impression was that labor

Safety Rules Go in Effect At Air Races

Action Taken by Officials After Accident Takes Two Lives; Bleachers Ordered Vacated or Torn Down

CURTIS-REYNOLDS AIRPORT CHICAGO, Aug. 28. (P)—New safety rules went into effect at the National air races today as the result of the accident which cost two lives yesterday.

In hopes of preventing further tragedies such as occurred when a racing plane fell near hundreds of spectators, County Coroner Herman Bunden ordered two large blocks of bleachers either torn down or left unoccupied.

The bleachers are near the Pylon where racing planes swing around the field where the navy plane fell yesterday, killing the pilot, Lieut. J. P. Deshaun, and Louis Weiner, a race concessionaire.

Makes Rules
The coroner also decreed that racers must finish their dashes in normal position, instead of zooming up over the bleachers in sharp turns back to the landing field. His third stipulation was that no planes fly low over the crowds.

Some of Deshaun's brother pilots believe he deliberately maneuvered his ship to bring about his own death rather than have his plane drop among the horror-stricken onlookers. Seven persons were injured by flying parts and burning oil as the plane's gasoline tank exploded.

Traffic Pickup Is Seen by Santa Fe

NEW YORK, Aug. 28. (P)—W. B. Storey, president of the Atchison, Topeka & Santa Fe railroad said today that the road should have a normal seasonal pickup in traffic this fall "although I think our loadings curve for the balance of the year will remain under corresponding curves for the past several years."

He said that the time of the movement of wheat which is now being held back in the road's territory is important because of the lower grain rates which probably will go into effect January 1 and on the basis of the average grain movement will cost the road \$2,500,000 a year.

The drought will have little effect on the road's traffic, Mr. Storey said.

Orgatone Is Endorsed By A.C.C. Student

Another Abilene, Texas, Man Says Orgatone Restored His Health

One of the most noteworthy features in connection with the introduction of Orgatone throughout the south has been the large number of ministers of the gospel who have unhesitatingly and voluntarily given this wonderful medicine their qualified endorsement.

Mr. L. C. Burns, living at the A. C. C. dormitory, Abilene, Texas, who is just finishing a ministry course in the Abilene Christian College, adds his testimony to the thousands of others who have been restored to health by its use.

After saying that Orgatone had been recommended to him by several of his friends he made the remarkable statement that Orgatone has entirely relieved him of a severe case of chronic indigestion of a year's standing. His statement follows:

"For the last year I have suffered from chronic indigestion and constipation. It seemed as though I lost all my appetite and I was going down hill rapidly as well as losing weight. I tried a lot of medicine and treatments but nothing seemed to have the proper effect on me.

"I became interested in Orgatone through my friends who had tried it. The benefit I have derived from the use of this medicine is nothing short of wonderful. For I really feel as well now as I ever felt in my life. I sleep well and eat anything I want and indigestion never troubles me now. In fact, I have gained over six pounds in two weeks' time and I feel splendid to every way. In short, Orgatone has simply restored my health and I feel it my duty to recommend it as a medicine of exceptional merit, especially to those who may be suffering as I once was."

Genuine Orgatone may be purchased in Lubbock at the Bowen's Drug Store. Adv.

Mayor Walker Makes Appeal to Civic Leaders Following Daily Increase of Office Buying Accusations

(By Associated Press)
NEW YORK, Aug. 28. — With accusations of office buying by magistrates and judges increasing daily, Mayor Walker has appealed to civic leaders to help him rid the city of graft.

Ten judges, ranging from occupants of municipal to supreme court benches, have been charged in letters and telegrams some of them anonymous, with purchasing their offices from political leaders.

Accusations Made

Assistant Attorney General Thomas Penney, Jr., chief aid to Attorney General Hamilton Ward in a state investigation into charges of office buying by former Magistrate George F. Ewald said more than twenty letters of accusation had been received. Few, he said, dealt with specific instances of graft and corruption.

The mayor, in addressing 200 representatives of civic and mercantile

interests at city hall, suggested the organizations form a central committee to receive complaints of graft and corruption. He promised a full investigation of all complaints and the driving from the city a service of all those found guilty of grafting.

After the meeting several of those who attended criticized the mayor's action and accused him of trying to "pass the buck."

Norman Thomas, prominent socialist, termed the mayor's action a belated one and declared the amount of graft taken by minor city officials to be only a small part of the loot which the machine of which he is a part takes every year from New York.

Ferrell was hit freely at times, allowing a dozen hits, but his mates gave him a five-run lead in the first inning and kept on pecking away at the offerings of young Ed Walsh, who succeeded Dutch Henry in the opening round, to make the victory certain.

Gar Wood All Set For Boat Racing

DETROIT, Aug. 28. (P)—The three speedboats on which Gar Wood will depend to meet the most formidable challenge yet made against his right to hold the Harmsworth Trophy, were given additional tuning up spins on the Detroit river today. Meanwhile scores of water craft, ranging from the little dinghies—that are part of the equipment of a Commodore's yacht to the large cruiser type, assembled on the river to open tomorrow a five days regatta.

Following a somewhat different practice than Gar Wood, Miss Marion Barbara Carstairs, the British challenger, has been conserving the motors of her two boats, Estelle IV and Estelle V. They have been driven at full speed perhaps less than an hour, although there have been numerous tests with their Napier engines throttled down.

COPENHAGEN (P)—Official statistics point to bright prospects for the Danish grain harvest in 1930. Wheat will probably be increased 17 percent over 1929 figures.

Crude rubber consumption by American manufacturers the first six months of 1929 was 219,881 long tons.

SMOKE! FIRE! WATER DAMAGE SALE!

Starting Saturday Morning At 8 O'clock

Smoke and water from the Ellis Building Fire damaged our entire stock, and we are placing it on the altar of sacrifice. The Fashion Shop is owned and operated by Joseph Saffady who run the Boston Store for five years. We leased the Boston Store, but the lessors forfeited their deposit. We then changed the name and opened the Fashion Shop, having shipped all the Boston Store stock to Joseph Dry Goods Store of Pampa. We have now sold our interest in the Joseph Store of Pampa and will be in Lubbock at all times. We invite our old customers and friends to call and see us. Remember this entire stock is damaged and we are sacrificing it entirely. All new merchandise—nothing over 3 months old. We just received thousands of dollars worth of new merchandise—Coats, Dresses, Shoes—that will be sold at fire sale prices. Just come and look at them.

Alvord Tells About Cotton Co-Op Policy

Southwestern Representative of Federal Farm Board in Lubbock Thursday; Explains Details of Farm Plan

Belief that attitude of the general public is favorable to the program of the Federal Farm Board, although there is some misunderstanding among business men and farmers regarding policy and function of the organization, was expressed here Thursday by C. H. Alvord of Washington, D. C., southwestern representative of the Farm Board.

Arriving in Lubbock, Mr. Alvord made the statement in response to a question as to what was the general attitude of farmers and business men toward the new governmental organization.

Mr. Alvord was scheduled to speak Thursday afternoon at a meeting in Brownfield and this afternoon in Muleshoe on "The Program and Policies of the Federal Farm Board."

"As a general rule business men realize that the board is a good thing to tie up with while farmers are beginning to understand that through cooperation they will be greatly aided," he continued. "The Federal Board has no intention of setting an arbitrary price on cotton, rather it proposes to stabilize and help bring about profitable prices through orderly marketing and keeping off of the market the surplus and a quarter sales held over from last season. The board does not seek to create an artificial market through holding cotton off the market, it seeks to bring about trade relations with other countries which will result in a more stable market for the product."

Three proposals are made up the aim of the Farm Board. The control of production through organization, cooperation in marketing and proper financing. It seeks to minimize speculation, eliminate waste in distribution and assist in the organization of cooperatives owned by the farmers themselves.

In referring to the Texas Cotton Cooperative association, a district office of which is located in Lubbock, Mr. Alvord explained that this is the only organization in Texas at this time with which the board is dealing. He explained that delay in opening of branch offices in this territory is caused by the fact that movement of cotton has not started here and that offices will not be needed until that movement is started and will warrant the stationing of men in the section.

Again speaking of the creation of a market price for cotton, Mr. Alvord stated, "If the United States government were to arbitrarily fix

Membership Campaign Meeting Of Co-Op at Childress

Membership campaign meeting of the Texas Cotton Cooperative association was attended by three Lubbock representatives Thursday afternoon in Childress.

The Lubbock men at the assembly were: H. J. Murray, district chairman of cooperative association activities; P. R. Friend, banker, and Gerald Wren of the chamber of commerce. The trio left Lubbock early Thursday and was expected to return Thursday night.

The price of cotton at 29 cents a pound, it would stimulate cotton growing tremendously in foreign countries. No government has ever been able to fix the price of farm commodities for any length of time. In this connection he called attention to the effort at one time to raise the price of rubber. "The minute the price was raised on rubber by the English government, activity in rubber production started in other countries until a competitive market was created and England had to lower the price."

"In your opinion will the Federal Farm Board have any appreciable influence on the price of cotton this season?" he was asked. "That is rather hard to say," he replied. "You understand that we must have time to work out plans but it is possible that if there was no farm board then there would be no visible market for cotton."

Mr. Alvord, although his headquarters are located in Washington, is a native Texan and his territory as southwestern representative of the Farm Board includes all states west of the Mississippi river.

Tax Suits Are Explained Here

County Attorney Vaughn Wilson Says Eighty-five Per Cent of Property Owners Are Paid Up to 1930

Engaged in filing suits on delinquent tax rolls of 1927-28 and earlier years, County Attorney Vaughn Wilson said Thursday that about 85 per cent of the property owners in Lubbock county had paid taxes for all years prior to 1930.

Suits on rendered property for 1929 taxes will not be filed until October 15, the county attorney said. Delinquent tax rolls show approximately 40,000 lines of delinquent property in the county, on which a total between \$65,000 and \$70,000 is owed the county. Most of the suits which have been filed are against persons owning property in Lubbock county and living elsewhere.

Should Show Error

"In the event a suit is brought through error, the party owning the property should take his receipts or other evidence of payment of taxes to the collector's office and see that he is given proper credit on the delinquent tax rolls," Mr. Wilson said. "These rolls are the authority upon which I rely for information in bringing suits. This will eliminate errors in the future."

"Many of these errors are caused through double rendition and where a suit is brought by reason of error on the rolls no cost will be charged against the property owner for any other and the suit will be promptly dismissed when the correction is made."

"In some cases the tax rolls show property delinquent for as many as seven years back and have been carried forward on the rolls because of double renditions. This condition will continue to exist and grow worse unless the corrections are made. I am willing to assist in any reasonable way to help eliminate these errors."
