Three Areas Will Meet Here Sunday

All people who live in or who have lived in the communities of Lillie, Marella, and Salt Fork are invited to the Three Community Reunion, Saturday and Sunday, Sept. 7 and 8.

A fish fry and chicken supper at the Community Building are scheduled for Saturday at 7 p.m.

Saturday is designated as Fun Night and will feature songs and skits.

Mrs. R.H. Isbell will give the program during memorial services at 11:30 Sunday morning. A representative from each community will place a rose on a cross. R.H. Isbell will close with a prayer.

The service is to be followed by a basket lunch.

Visiting, taking pictures, and

music will conclude the reunion.

The reunion will then become a festive affair. A basket lunch will be served, in the manner which these people knew in their individual communities through the years. It will be followed by visiting, taking pictures and music. This latter was much a part of community life over a long period, and some of the county's best singers have come from the area.

Around 125 visitors are expected at the reunion, Mrs. Isbell said. While most will come from points in Texas, there will be some from Arkansas, Oklahoma, New Mexico, California and Colorado.

Gifts will be presented to the oldest person who is a former resident of one of the three communities, and to the one coming the greatest distance.

Mrs. Isbell is president of the three community reunion, with Mr. Isbell vice-president and Raymond Horton as secretary.

City Council Eyes Budget And Airport

Bob Goforth was elected mayor pro tem by fellow members of the City Council Monday night, August 5.

This was followed by two major pieces of business, discussion of the proposed Marian Airpark improvement, and the 1975 budget. Mayor Bill Hatch presided.

Bill McMorries of McMorries and Co., engineers, who represents the city on its airport proposal, met with the council and explained that an update on the project has been called for by the FAA. Since the first application was filed, he said, construction costs have gone up to the extent that this update will amount to around 10 percent.

He presented the City Council a total cost update figure of \$304,000. The original estimate was \$277,000.

Of the new total, a request will be made for FAA to furnish \$288,000. The Texas Aeronautics Committee and City of Wellington would pay \$76,000, together, or \$38,000 each.

Mr. McMorries requested the update, which goes to the FAA in Albuquerque, N.M., as early as possible.

Three council members, Wayne Cudd, Earl L. Bartlett and Mr. Goforth, said they would like to talk to the three landowners whose property would be required if the airport

Rains from Half to 1.5 Inches Breaks Drouth Through County

Rain, which ranged from one-half inch in the Wellington area to an inch and a half in parts of the Loco community, fell Monday night and early Tuesday, August 5 and 6, to break the summer-long drouth. This moisture was general not only in the county, but through the Panhandle.

With this amount, both cotton and grain sorghum were looking better by mid-week, and farmers were optimistic that this is the first of the August moisture which the county usually received.

Although the drouth hurt crops to considerable extent, they were not suffering as they do in some years when the county goes so long without rain. Cool weather which

followed also was beneficial.

Wellington itself measured .40 inch of moisture. A few miles east of town, however, Charley Caldwell reported 1.3 inches and Sagebrush Feedlot one inch. Crops were reported good in both areas. North of town, Dick Sweat said he

received 1.10 inch.

North of Dodson, .70 inch was reported at the Tom Birchfield farm.

In the Fresno community, one-half inch fell at the Jim Wood place.

Mrs. James Masten reported .80 inch for the F.O. Masten

farm east of town. She added that crops were looking good.

South of Wellington, one-half inch fell at the Robert Barjenbruch farm.

In the Loco area, rain amounting to 1.5 inches was reported by Pat Bouchelle, Fred Cox, R.L. Mabery and T.L. Wilkerson.

Frank Campbell reported an inch at his ranch 12 miles south of town, adding that crops looked good before and better now.

At Cross Roads, Bob McAlister said one-half inch was received.

Mrs. Ray Alston, Quail, also reported one-half inch and said crops were looking good.

Wilbur DePauw had .60 inch of rain at his place 5 miles north of Quail and also one mile south of Quail. Both dryland and irrigated crops look good at both places.

N.E. Childers, also of Marella, said he measured one-half inch.

Rain was heavier, up to an inch, north of Salt Fork River. Lutie received .70, and Marvin Knoll, a mile east, had .80. He added that crops may come around. Southeast of Lutie, Guy Bumpas reported one inch near the Panfork Encampment.

Mrs. Jimmie Kelso Dies in Accident

Mrs. Jimmie Kelso, a partner with her husband in Kelso Funeral Home 36 years, died in a two-car collision which occurred at 8:30 a.m. Thursday, August 1, 21 miles northwest of Cross Plains, on Texas Highway 36 in Callahan County.

Mrs. Kelso had left Wellington early that morning and was en route to Austin to visit her two daughters.

Also killed in the accident were Wordie D. Hopkins, 70, and his wife, Zona Van Cleave Hopkins, 75, of Route 3, Comanche.

All three were pronounced dead at the scene.

Heading the investigation of the accident was Patrolman Don Gosnell of Cross Plains, who formerly was stationed here.

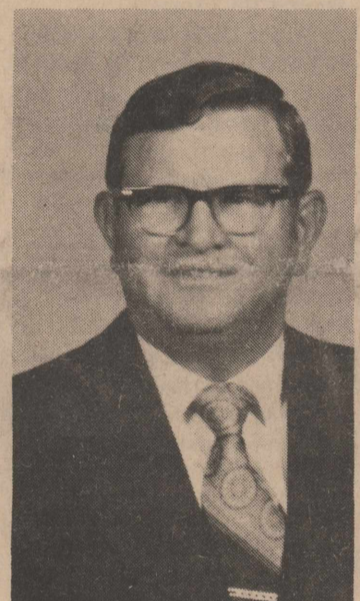

Mrs. Kelso came to Wellington when she and Mr. Kelso were married May 28, 1934, in Hollis. Four years later, 1938, they acquired full ownership of the funeral home which from that point bore their name. This was the beginning, too, of their teamwork which had the respect and esteem of those in their profession in this part of the southwest, and the gratitude of the hundreds of families they had served.

Mrs. Kelso held membership in two groups, the Church of Christ, to which she was deeply devoted, and the Business and Professional Women's Club. She held offices in the latter group, but declined to become president, saying that her work

did not permit the time she felt this officer should give the club.

While she exercised a gracious leadership in both her church and community life, Gladys Kelso reached many more people in her private life - with help and strength that she gave to those who needed it, or pleasure she shared with friends. Each facet of her life the entire community of

Members of Faith Baptist Church called the Rev. Elvis Pitts as pastor Sunday night, August 4, followed by his acceptance of the post.

Rev. and Mrs. Pitts will continue to live at their farm home 9 miles west of Wellington in the Buck Creek community.

Reared in Collingsworth, Rev. Pitts has been preaching 31 years, having been ordained at Swearingen Baptist Church in 1943. He has served as pastor of churches at Shinnery, Dodson, Quail and Friendship Baptist Church at Buck Creek, and outside of the county, he has served Newlin and Estelline in Hall County. His last pastorate was Martha, Oklahoma, before the couple returned here to make their home.

Services to Be Thursday for Mrs. S. R. Davis

Mrs. S.R. Davis, 82, of 1104 Dalhart Street, died in Collingsworth General Hospital about 2:00 a.m. Tuesday, August 6, after a lengthy illness.

Funeral services will be conducted at 2:00 p.m. Thursday, August 8, in First Baptist Church, with the Rev. Roy Collins, pastor, officiating. Burial will be in Memorial Gardens by Kelso Funeral Home.

Mrs. Davis, the former Annie Belle Shaw, was born in Bosque County February 12, 1892, the daughter of Joseph and Mary Prewitt Shaw. She and Mr. Davis were married November 21, 1910, at Iowa Park.

He preceded her in death July 31, 1957.

From the time they came to Collingsworth County until his death, they farmed north of Wellington.

Mrs. Davis was a member of First Baptist Church.

She is survived by a niece, Mrs. Mary Swaffar of Fritch and a number of other relatives.

Rick and The Keens Play at Hay Camp

Rick and the Keens, a popular group that has surged out of the southwest the past few years, will appear at Hay Camp Country Club Thursday night, August 8, appealing to all ages and occasions, and offering the finest music available for listening or dancing.

The starting time is 8:00 p.m.

This is the first in a series of name entertainers to be presented at Hay Camp, according to Mr. and Mrs. A.B. Dean, and it is open to members and their guests.

Featured Thursday evening also will be a Mystery Buffet.

Rick and the Keens, who come from Wichita Falls, have 8 years experience and rose to immediate fame with their initial recording of "Peanuts", on the Smash label, which stayed on the National "100" chart for 18 weeks. It was followed by other good sellers such as "Daria" and "I'll be Home" . . . with a new release slated any day on Smash records.

The Keens carry the latest in electronic equipment in order to help produce their distinctive styling. They instrumentally feature piano, bass, guitar, and sax (doubling organ).

Rick carries the vocal load with a range that will stagger any imagination, and his unique vocal styling will gather crowds around the bandstand time and time again.

"Make seeing this top vocal and instrumental group a must when they make their appearance at Hay Camp," said Mr. Dean.

Four Hundred Register for WHS Ex-Students Reunion

Approximately 400 Wellington ex-students and their guests registered or pre-registered for the annual reunion Saturday, August 3.

Most of the visitors came from Texas—scattered from El Paso to Grand Saline to Portland to Amarillo. But California was represented and so was New York.

Many of the ex-students still have relatives here, and made of this week end a family visit as well as trip to the reunion. Neither did they stay at the new community building club room, for the entire reunion—they visited around town and with friends or family, dropping by from time to time to visit with classmates.

There will be a reunion next year, according to Mrs. Calvin Mitchell (Patsy Harper) president of this year's event.

Mark Haven Neff, Miss Betsy Trapp Marry in Church Ceremony Saturday

Miss Betsy Gail Trapp of Shamrock and Mark Haven Neff of Spearman were married Saturday, August 3, in First United Methodist Church, Shamrock. The Reverend Rollo Davidson, pastor, performed the ceremony at three in the afternoon. Only members of the families and close friends attended.

The bride is the daughter of Mr. and Mrs. James Stavenhagen of Shamrock, while the bridegroom's parents are Mr. and Mrs. Jerry D. Neff of Electra.

Wedding music was presented by Ann Farris, vocalist, and Leland Farris, pianist.

Mr. Stavenhagen, who formerly lived at Wellington and Quail, gave his daughter in marriage.

She wore a formal length white dotted swiss gown, with empire waist, marked with yellow satin ribbon. Bands of lace trimmed the square neckline, long full sleeves and skirt. She wore a white picture hat, with yellow satin band and bow at the back. She carried a large sunflower, tied with yellow and white satin streamers.

Mrs. Paul Range of Shamrock was the matron of honor and Johnny Swanson of Wichita Falls was best man.

After the ceremony, Mr. and Mrs. Stavenhagen entertained with the reception in the fellowship hall.

Upon returning from their wedding trip to Quartz Moun-

tain Lodge at Lake Altus, the couple will be at home at 510 S. Barkley Street, Spearman.

The bride, a graduate of Wellington High School, received her degree from West Texas State University in December 1973 with a major in elementary education. She taught during the spring semester in Tahoka Schools.

The bridegroom graduated from Electra High School and from West Texas State University with a degree in public administration. He was a member of Lambda Chi Alpha fraternity. He is now the assistant city manager in Spearman.

Mr. and Mrs. George Cristy, Craig and Kirk visited this past weekend with his parents, Mr. and Mrs. Alva Cristy. They also visited with other relatives. Kirk remained for a longer visit.

Mr. and Mrs. Ray Wauer of Denver, Colorado, and Mrs. Don Brock and children of Paris, spent the weekend with their mother, Mrs. Raymond Patton.

Mrs. A.Y. Bell was visited recently by her daughter and son-in-law, Mr. and Mrs. Ben Walker, of Lubbock and by her nephew and his wife, Mr. and Mrs. Earl Hodges, of Throckmorton.

Give Flowers Longer Life

Keeping cut flowers attractive for the longest time is a challenge many home gardeners face, one horticulturist noted.

"Certain steps will prolong life of cut flowers — whether homegrown or from a florist," says Dr. William C. Welch, landscape horticulturist with the Texas Agricultural Extension Service, The Texas A&M University System. He offered the following suggestions to maximize cut flowers' beauty:

— For best results, cut flowers in early morning or late afternoon.

— Then, select flowers not fully open — avoid cutting old ones.

— Remove foliage from the lower third of the stem, along with all broken and bruised parts.

— If possible, wash flowers and foliage to remove dirt, sprays or dusts. Also, store cut flowers in a cool area or refrigerator until arranged.

— Cut stems on a slant, using a sharp knife or shears.

— Before using a container for an arrangement, make sure it's washed clean with soap and water.

— When receiving bulk flowers from a florist, recut ends of stems about one inch above the original cuts.

— Don't place an arrangement in direct sun, near gas fires or oil burners. When possible, place it in a cool area during the night — but not where drafts may occur.

— Change the water of an arrangement and recut stems of flowers to give them longer life. Use warm, but not hot, water. For most species, repeat this every other day.

With a chemical flower preservative, recutting and changing the water aren't necessary.

According to Dr. Welch, a very weak lemonade solution — lemon juice, sugar and water — helps extend life of cut flowers.

Aspirin and copper pennies, on the other hand, are useless as flower preservatives, he maintained.

When changing "Miss" to "Mrs.," get all the records straight including driver's license, credit cards, bank records, car title, employment records, insurance policies and any savings accounts. Also fill out the special change-of-name form for social security records, emphasizes Mrs. Doris Myers, home management specialist, Texas Agricultural Extension Service, The Texas A&M University System.

Body Calcium Often Overlooked

Calcium, one of the body's most essential minerals, is often one of the most ignored, according to one authority.

"This mineral is necessary for healthy bones and teeth," Mrs. Mary Sweeten, foods and nutrition specialist, Texas Agricultural Extension Service,

"One problem caused by demineralization is a condition known as osteoporosis. This clinical disorder is characterized by a decrease in the total bone mass without any known change in the chemical composition," she explained.

Causes of osteoporosis are complex, but the lack of calcium in the diet and the length of lack of calcium in the body play vital roles in determining the onset of the disease, she said.

Home Management

By Mrs. Arla Felts

A producing vegetable garden is still a reality for the many people in our county despite the extremely dry heat we have had this summer.

A few pointers will help those who just began gardening this year.

The state of maturity at which vegetables are harvested varies from crop to crop.

In the immature state, snap beans, cucumbers, okra and peas are at their highest quality. Okra becomes fibrous and inedible if allowed to remain on the stalk.

Vegetables harvested in the ripe or mature state include tomatoes, eggplants, watermelons and cantaloupes.

Some vegetables—squash, okra, cucumbers, eggplants, peppers and beans—will produce more if the fruit are harvested frequently.

In fact, the fruit's size and quality will actually decrease if not harvested frequently.

Other advantages to picking fruit and vegetables regularly is that they will be more tender, will retain more flavor and will be easier to prepare.

The vitamin content will be greater when prepared soon after harvest than at any other time.

Care should be taken not to damage the plants during harvesting.

You should hold the part of the plant with the fruit in one hand, then snap off the fruit with the other hand. The fruit may also be pinched off with the fingernails or snipped with a knife or scissors.

Once you have the vegeta-

bles in hand be sure you preserve them in a safe manner and in a way that preserves their natural nutritional value.

We still have copies of *Frozen Foods and Home Canning Fruits and Vegetables* as well as information on making jellies, jams, and preserves. These are free for the asking. Call 447-2313 or come by my office.

Dodson HDC Votes to Meet

Members of the Dodson Home Demonstration Club will now be meeting once monthly during summers, as was voted during a recent meeting at the home of Mrs. Hugh Painter.

During the meeting, recipes for canning and making pickles were exchanged. The devotional, given by Mrs. Ruth Hunt, was from Isaiah 65: 23,24. Members answered roll call by telling why they enjoyed the club. Mrs. Lynnel Black, president, was in charge of the meeting.

Mrs. T. Crowover will host the next meeting. Refreshments were served to Mrs. Gilbert Hunt, Mrs. C.E. Hightower, Mrs. Crowover, Mrs. Painter, and Mrs. Black with Larry and Leslie.

Visiting in the home of Mrs. Calvin Aaron recently were her granddaughters, Mrs. Sam Eudey and daughters of Denver City, and Mrs. Butch White and daughters of Hereford. Mrs. Aaron's grandson, Calvin Aaron of Wichita Falls also visited.

Happy Homemaking

To keep sewing machine bobbins handily available and easily identified as to color, slip each on a soda straw and lay neatly behind the thread spools.

If you have a problem with a metal mailbox getting damp in rainy weather, a simple way to keep your mail snug and dry is to slip a scrap of wool rug into the box.

A tip for the breakfast rush: When serving hot cooked cereal to children on the go, add a scoop of ice cream to each bowl. This cools the cereal quickly, is nutritious and adds smiling faces around the breakfast table.

When pinning a sleeve in place, results are smoother if the pins are placed perpendicular to the seam edge.

We Welcome the Many New Teachers in Our Schools

In less than two weeks, the three Collingsworth County schools will have begun the 1974-75 school year.

It is to be noted that this year we will have more than the usual number of new teachers with the wisdom gained by the experience of teaching and of accomplishment in the field of education.

Others will be entering the classroom as instructor for the first time. There is enthusiasm that will be contagious and a willingness to work long and hard with the students.

Still others who have taught in our schools will be filling new positions within the systems.

We welcome each of these. They ask, and will need, the co-operation of each of the communities in their work. This we must give, and at the same time we must participate as interested parents and friends in the education of the children of Collingsworth, that they may distinguish themselves, as others who have come from our schools have done.

Other Editors Say . . .

Airborne

One of the many reasons for building the new Dallas-Fort Worth Airport was to help the area grow. Now and then comes an announcement that business or industry or facility is being located here because of the excellent air transportation afforded by the airport.

Now comes word that the Atomic Energy Commission will relocate a regional headquarters here, probably in Arlington, from Denver. Again, a major reason for this move, like some others announced earlier, is the airport.

AEC Regional Director Morris Howard commented, "We checked the airline schedules. We need someplace that has more than one flight to and from various places every day."

Dallas-Fort Worth Airport, then, once again fills the bill -- for those looking for a home and for those who already call the Metroplex home.

Large Haven

Kenya's Tsavo National Park, largest in East Africa, spreads over 8,024 square miles of arid country and is home to more than 70 species of mammals.

How Glaciers Form

Glaciers are produced when heavy snows during the winter pile up more than they melt in the spring and summer. Eventually, the snow at about 200 feet deep is compressed into ice.

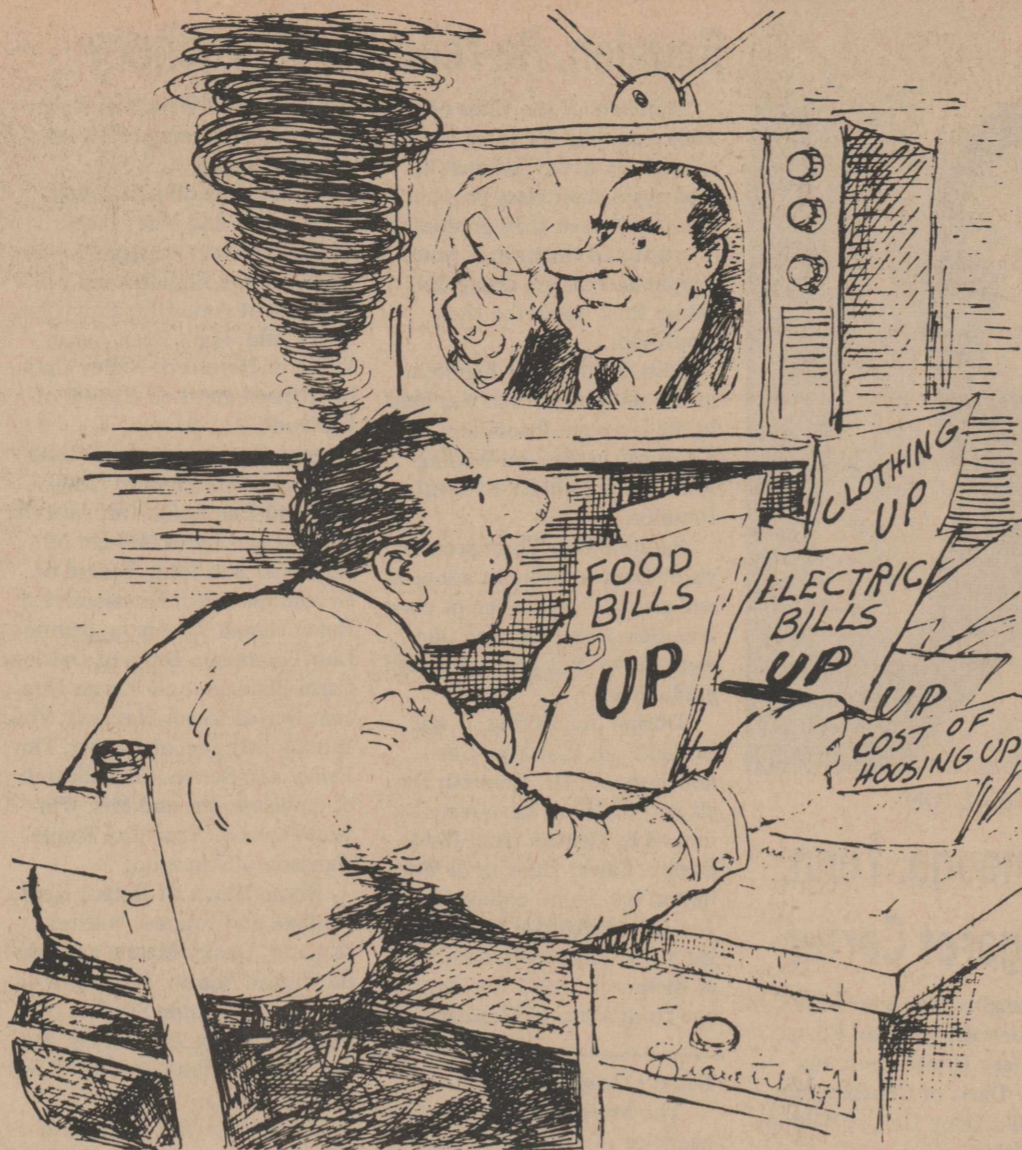

Marriage Mill

At the state-owned Palace of Weddings in Leningrad, U.S.S.R., marriages are performed ten hours a day, seven days a week. The charge is \$1.65 for the eight-minute ceremony. Flowers, photographs and champagne reception are optional and cost extra.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — When the Constitutional Convention collapsed in total failure, state legislators immediately began proposing new approaches to the long-tortured revision effort.

A wide range of alternatives are available, and lawmakers are committed to try all of them. These suggestions already have been offered:

— Creation of a brand new Constitutional Convention, with plain citizens rather than legislators occupying most of the delegate seats.

— Submission to voters of the basic revision document drafted by the 1974 convention, without the controversial separate submission proposals (like right-to-work) which deadlocked this year's session.

— An article-by-article revision, based largely on work of the convention.

— Submission of the document originally prepared by the 37-member Constitutional Revision Commission as a guide to the convention.

— If all else fails, consideration of a cleaned-up and slimmed-down version of the 1876 constitution stripped of outmoded provisions.

While the 1974 convention ran out the clock without accomplishing anything, hope

remains lawmakers will have learned some lessons and that more than a year of research and expenditure of \$3.2 million will not be a total loss.

NO SPECIAL SESSION — Gov. Dolph Briscoe rejected requests for a special legislative session on state employee pay raises and supplementary school financial aid.

He said a special session at the tag end of an exhausting Constitutional Convention would not be practical, and the most pressing problems can be met by emergency action in the next regular legislative session.

Specifically, Briscoe committed himself to these emergency goals in 1975, which will cost approximately \$216 million in general revenue:

— A 10 per cent cost of living pay raise for all state employees effective Feb. 1, 1975. (Legislative Budget Board has recommended \$285 million in pay and fringe benefit increases for state employees during the 1976-77 fiscal period.)

— An increase of \$40 per student in average daily attendance for maintenance and operation of public schools, with distribution arranged to benefit "poor" dis-

tricts most.

— A 15 per cent increase in benefits of teachers who retired before March 31, 1969, and a 10 per cent increase for those who retired between that time and May 31, 1971.

— A 10 per cent increase in retirement benefits for state employees who retire before August 31, 1974.

AUTO HEARING SET — The annual auto insurance rate hearing has been scheduled for October 1.

The State Board of Insurance will conduct the hearing for new rates to become effective December 1.

While the hearing is usually held in the summer, it was delayed this year to get maximum information on impact of the gasoline shortage and slower speed limits which may bring rate reductions.

SHORT SNORTS

Hot, dry weather has cost the Texas agricultural economy two billion dollars this year, according to Agriculture Commissioner John White.

Midway Services Inc. withdrew its application for a controversial waste disposal site near Groesbeck.

Governor Briscoe asked Briscoe and Fisher counties be added to the list of counties designated disaster areas because of drought.

Another \$4.7 million in Criminal Justice grants have been approved for law enforcement and justice improvements.

Texas Society of Professional Engineers has come out in support of private ownership of offshore terminals. An application has been filed for a new bank at Oak Ridge in Montgomery County.

CROSSROADS REPORT

Dear Editor:

Some pot-bellied crusaders are calling for us Americans to eat less and send the difference to hungry foreigners.

And Ag Secy Butz says we could feed even more poor Africans et al by killing half of our 62 million dogs, cats, horses, mules and asses (presumably both the 4- and 2-legged kind).

But my pet-prone neighbor says he ain't going to kill his dog just to help feed some foreign or domestic citizen who apparently spends more time propagating than working.

Archie-Loce Reunion Draws Visitors from Wide Area

Former residents who had never been to a Loco-Archie reunion joined those who have never missed one to celebrate that annual event Sunday, August 4.

The award for the oldest resident representing the Archie Community went to Raymond Hadly, 79, of Childress, who recalled that he came with his parents around Christmastime. They came by train to Childress, where wagons met them. Because of the cold, the children walked behind the wagons part of the way.

Former Archie residents coming farthest were Mr. and Mrs. Floyd Tipton.

R.A. Williams, 84, and still an active reator in Wellington, was the oldest person who had lived at Loco.

The former Loco resident coming farthest was Mrs. Berta Vandiver Beckett of Placerville, Calif.

Mrs. Beckett's parents, Mr. and Mrs. Vandiver, operated a store at the Buckcreek Bridge in the early 1930s. The location

is off the present highway, but it was located between the Bill Wolf and Lake Sachse homes. The foundation of the Vandiver house is still there.

During the memorial service, Mrs. George Patterson paid tribute to her uncle, Mark Adkins, who died April 5, 1974, at the age of 84.

He came with his parents, the late Mr. and Mrs. Tom Adkins, to Loco in the early 1890s, when he was about two years old, Mrs. Patterson recalled. The family came by covered wagon and camped in the wagon for a while until they could dig their half dugout.

Mrs. Adkins had made her small son a red suit which was set off by his black hair, worn in long curls.

One day the Comanche Chief Quannah Parker, with two of his men, came by and stopped with the Adkins family. Quannah's attention was drawn to the little boy, and during the visit he offered to trade the Adkins a good horse for the

small son. The offer, of course, was refused, and the family sat up all night for fear Chief Quannah would kidnap the youngster.

In the evening, the Indians helped themselves to chickens from the family flock for their supper—without asking permission. However, next morning when the three left, they came by the wagon and left an Indian blanket for each chicken they had taken.

Special tribute was also paid to Sila Crawford's brother. The Reverend John Stout of Clarendon paid tribute to those who had died, in a short inspirational talk, the memorial service was closed with a poem ready by Miss Doris White.

Merritt Durfee was master of ceremonies. Chosen hosts for next year's reunion, which will be August 3, were Mr. and Mrs. Harold McGinnis of Amarillo, Mr. and Mrs. Carl Jarrett (she is the former Grace Sims) of Floydada, and Mr. and Mrs. Loyd Clark.

Mrs. Cecil Lockhart was in charge of this year's reunion, assisted by Mrs. Patterson, and Mrs. Pat Bouchelle.

The basket dinner was served at noon, and much of the day was given over to visiting.

Those who registered for the reunion were W.M. Durfee; Mr. and Mrs. Harold McGinnis, Leonard McGinnis and Holmer A. McGinnis of Amarillo; Floyd Clark, Carl and Grace Jarrett of Floydada; Erma Lee Gunstream Lowrie and A.V. Lowrie of Arlie; Mrs. H.R. McGinnis of Amarillo; Mr. and Mrs. Henry Bearden of Hale Center; Miss Doris White; Olean Bearden of Carey; R.H. Hadly and Lee Davis of Childress; Rev. and Mrs. John H. Stout of Clarendon; Mr. and Mrs. Loyd Clark and Mary Ann; Cathy Ledbetter; Mr. and Mrs. Rube Hunt Thompson of Morton; Mrs. Dock Thompson; Mrs. Edna Downing; Glenn and Naomi Hunt Thompson of Morton; Otho Talley, Peggy Talley, Lillian Talley and Douglas Talley, LuWana Sain, Ada Sain, Mrs. Margie Harper of Altus Okla.;

Wayne Hagerman and Inez Hagerman of Lubbock; T.P. Belew; Pauline Brown Patterson and George Patterson; Joe Paul Belew of New Orleans, La.; Lloyd Harper, Bobby Harper, Melissa Harper and Alona Harper of Dodson;

Mrs. G.T. Austin of Childress, Doyle and LaVera Sain and Barton Talley of Dodson; Mrs. S.W. Elbert; Bernice Wiley Elbert of Lubbock; Shorty Minter and Vera Scott Minter of LeFors; Mary Alyce McCarver and Bill McCarver of Hereford; Mabel Emmert; Mrs. Elizabeth Adkins Baker of Amarillo; J.V. Emmert; Bob Copeland; Rufus Williams; Mr. and Mrs. Leon McClendon; Mr. and Mrs. Don Bearden and Van Bearden of Carey;

Opal Bearden Hardt of St. Louis, Mo.; Mr. and Mrs. John L. Brim; Mrs. Rube Crawley, Mrs. Earl Alexander; Bill Weaver and Jewell Davis Weaver of Amarillo; Pat and Louise Bouchelle; Mrs. Roland Mayhugh; Mrs. R.P. Scott (Dessie Willis); Mrs. Coda Bevers; Goldie Stephens Hillman of Petersburg; Mr. and Mrs. Frank Hall of Borger; and Berta Vandiver Beckett of Placerville, Calif.

Again, council members went over the budget and questioned a number of entries, particularly as to the need for certain expenses. In the end, they cut \$50,000 from the proposed budget.

Mr. Goforth was named to accompany Mr. Daniel to Shamrock to discuss some of the entries with the city's auditor, Don Wells.

Again a vote on the budget was postponed until the council can satisfy itself that it is operating the city's affairs as economically as possible.

Mr. Daniel told members during the course of the discussion that the city went into its reserves during the current year and would go into the reserves again next year if the budget is followed. He did not name a figure for either year.

Mrs. McClaskey Dies in Phoenix

A former Wellington woman, Mrs. Newell E. McClaskey, 46, died Monday, August 5, at her home, 1301 West Cheryl Drive, Phoenix, Arizona. Her death came after a long illness.

She was the daughter of the late Mr. and Mrs. Fletcher Curry and received her education in the Wellington Schools.

She was the daughter-in-law of Mrs. W.W. McClaskey, and sister-in-law of Mrs. Keith Smith, Donald Curry and Mrs. Sam Ghoslon are her uncle and aunt, and Mrs. Alice Langford is a step-grandmother.

Funeral services will be at 10:00 a.m. Thursday, at Hansen Mortuary, Phoenix.

Survivors are her husband; two sons, Robert Worth McClaskey and Brian Ray McClaskey; and a sister, Mrs. June Tompkins of Phoenix.

Cycle Members In South Dakota

Four members of the Wellington Cycle Club left during the week end for a rally in the Black Hills of South Dakota. Their headquarters will be at Sturgis.

Making the trip are Jack Needham, Lynn Deryberry, John Alf Thomas and a Clarendon member, Red Caldwell. They will be away about a week.

Motorcyclists from throughout the country are attending.

Museum Draws Many WHS Ex-Students

More than one hundred Wellington High School ex-students, their children, grandchildren and friends, visited Collingsworth County Historical Museum over their reunion week end, according to Mrs. Clyde Drake, administrator.

More than half were from out of the county.

"Enjoyment was obvious and praises can be summed up with one comment: 'This is wonderful! Wellington and the whole county should really be proud of this.'"

The museum board in its regular meeting Monday night, August 5, passed a resolution to send letters of appreciation to groups who have made contributions of time and/or money to help the museum in recent months. These include:

- The Lions Club for the sidewalk and retaining wall they built with their own funds. This sidewalk was put to its first big use Saturday, August 3, when Wellington Ex-Student crowds visited.

- The 1924 Study Club recently contributed \$50 and scheduled their members as hostesses from 9:00 a.m. to 9:00 p.m. August 3. Individual members have done other volunteer work for the museum.

- The 1954 Study Club prepared a special exhibit placed in the Museum in May.

- La Paisana Chapter of the Daughters of the American Revolution have placed the genealogy library in the Museum's Reserve Reading Room.

Beginning Tuesday, September 3, the Museum will be open Tuesday evenings from 6:00 p.m. to 9:00 p.m. La Paisana Chapter plans to have someone in the reading room to help anyone interested in tracing their family tree.

- Lillie Home Demonstration Club has scheduled members to keep the museum open on Sunday afternoon during September.

- The Muse sisters gave adjoining property to the Museum recently.

The City of Wellington has included the Museum in its annual budget.

Individuals who have placed artifacts, photographs and treasured family memorabilia in the museum, those who have supported the museum through memberships and money contributions, along with Mr. and Mrs. R.H. Tyler, who gave the building to the Collingsworth County Survey Committee, who sponsored it all.

"Others who have 'things' which they feel will help tell the story of the county's culture and development are invited and urged to list them at the museum so that, as display facilities and exhibits being planned become a reality, these things can be accessioned and placed in the Museum for us all to enjoy," Mrs. Drake said.

First Baptist Due Lay Mission Soon

Members of First Baptist Church will use the month of August in preparation for the Lay Witness Mission, which will be Friday through Sunday, September 20 to 22.

The mission will be led by

Raymond Snider, Vinson Farmer, Drowns July 25

Raymond Snider, 66, widely known Vinson farmer, drowned in a farm pond on the Pete Miller place northeast of Vinson about 8:30 p.m. Thursday, July 25.

His body was recovered 16 hours later, about noon Friday, from the bottom of the lake by the joint efforts of the Harmon County sheriff's office, Harmon County Civil Defense, Oklahoma Highway Patrol and Altus Air Force Base divers. They had worked throughout the night.

Mr. Snider and Lawrence Lanning, also of Vinson, had been running a trotline when the boat capsized and sank in 30 feet of water. Mr. Lanning was able to swim to safety, but Mr. Snider, wearing heavy coveralls and boots, could not reach shore, although he assured Mr. Lanning he did not need help shortly before he sank, Sheriff Pete Cunningham said.

Mrs. Snider was on the shore nearby.

Mr. Snider was born April 27, 1908, at Gordon, Texas, and moved to Vinson with his family in December of that year.

Funeral services were conducted at 10:00 a.m. Monday, July 29, at Coley Memorial Chapel in Hollis, with the Rev. Hoyt Ellis officiating. Burial was in Independence Cemetery by Coley Funeral Home.

Pall bearers were Vernon Peters, Clarence Waggoner, Kenneth Hayes, Kenneth Kromer, Lawrence Lanning and Duane Myers. Honorary pall bearers were Forrest Overton, Don Jones, O.A. Boone, Kent Pence and Jolly Bob Downs.

Survivors are his wife, Mrs. Jewell Inez Snider; two sisters, Mrs. Ethel Hill of Altus and Mrs. Robbie Witcher of Vinson; and a brother, Finis Snider of Vinson.

Frank Crenshaw, Melrose, N.M. rancher and hardware store owner. Coming with him will be between 50 and 60 laymen, who will be staying in the homes of members here, said the Rev. Roy Collins, pastor, in making a preliminary announcement.

He described the Lay Witness Mission as a period of church renewal.

Charles Floyd, Wellington Junior High principal, is leader of the mission and will be directing the activities of 15 committees. Chairmen of these are to be named shortly.

Mission activities will include a get-acquainted evening Friday, September 20. Saturday morning will see a coffee for the women and get-together for the men. There will be separate dinners at noon, and a get-together in the evening. Services are scheduled for Sunday.

Additional information will be announced by Rev. Collins and Mr. Floyd.

extension is carried out. These are Mrs. Louise Templeton, Henard Gray and Mrs. Curtistine Patrick.

Councilman Tom Wilkins moved that the body approve the letter to FAA asking an update on the project, but action go no farther.

City Manager Lyman Daniel presented a 1974-75 budget which calls for expenditures of \$399,547.

Again, council members went over the budget and questioned a number of entries, particularly as to the need for certain expenses. In the end, they cut \$50,000 from the proposed budget.

Mr. Goforth was named to accompany Mr. Daniel to Shamrock to discuss some of the entries with the city's auditor, Don Wells.

May I thank all of you for your many acts of kindness and consideration following my surgery and stay in St. Anthony's Hospital.

I appreciate the letters, cards, flowers, and all the other kind things you have done for me. They have brought cheer and comfort. Above all I appreciate your prayers.

May God bless each of you.
