

NAMING STREETS

The Lions Club have undertaken the task of naming the streets of Junction. The plan of giving names to the streets running east and west and numbering those running north and south. It would be a great convenience to have all the streets named and the houses numbered.

1930 Census Will Reveal Nearly 6,000,000

Texas' 1930 population will exceed 5,700,000 inhabitants and the percentage of increase during the last decade has been greater with a gain of over 37 per cent than during any decade in the last half century, according to Dr. W. A. Davis, head of the Bureau of Vital Statistics of the State Health Department. His estimates are based on reports of 188 counties, and indicate that the increase in the population will be 1,139,158 in 1930.

While the estimates are based on 188 counties reported, Dr. Davis said, it was calculated that the remaining counties will report approximately the same population as in 1920, being mainly in Northeast and East Texas with some in West Texas. The increase of the last decade is compared with the increase of 40 per cent from 1880 to 1890 and 36 per cent from 1890 to 1900.

Reported counties show the gross birth rate is 20 per 1,000 population while the death rate is only 11 per 1,000. The highest birth rate on record is in Val Verde County on the Mexican border where a rate of 50.6 per 1,000 is reported, while the birth rate in Maverick County for 1929 was 49 per 1,000 population.

KNOW TEXAS

Texas produces one-third of the cottonseed products in the United States and contributes 45 per cent of exports in those commodities.

Texas is drained by 3,680 rivers, bayous and creeks, including only creeks of sufficient importance to carry a name. The runoff into the Gulf of Mexico is estimated at 33,000,000 acre-feet annually. Mileage of the 3,680 streams is estimated by the State Board of Water Engineers at 125,000 miles.

From 1922 to 1929 inclusive Texas increased its electrical output nearly 310 per cent. Between 1927 and 1929 the increase was 53 per cent or in round numbers 962 million kilowatt hours.

Texas is among the leading ten salt-producing states in the Union. Nearly all the production is from Grand Saline and Palestine.

Little Gems

Labor rids us of three great evils: Irksomeness, vice and poverty.—Voltaire.

Nothing is really lost by a life of sacrifice; everything is lost by failure to obey God's call.—H. P. Liddon.

Very few people are good economists of their fortune, and still fewer of their time.—Chesfield.

Happiness is not perfected until it is shared.—Jane Porter.

Pleasure soon exhausts us and itself also, but endeavor never does.—Richter.

We cannot control the evil tongues of others; but a good life enables us to despise them.—Cato.

Humble Love, and not proud Science, keeps the door of Heaven.—Young.

The time is never lost that is devoted to work.—Emerson.

They are never alone who are accompanied by noble thoughts.—Sidney.

Every noble life leaves the fiber of it interwoven forever in the work of the world.—Ruskin.

Waitress: Don't you like your college pudding, sir?

Diner: No, Miss. I'm afraid there is an egg in it which ought to have been expelled.

Only too often it happens that some one comes along with a vision and wants a new publicly supported institution. Usually it turns out that he had only a scheme.

NOTICE TO CREDITORS

Estate of R. S. Price, Deceased

Notice is hereby given that letters testamentary authorizing me as independent executrix to administer the estate of R. S. Price, deceased, were granted to me, the undersigned, on the 23rd day of May, A. D., 1930, by the County Court of Kimble County.

All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and post office address are Del Rio, Val Verde County, Texas, but such claims may be filed with my agent, Frank L. Wilson, Junction, Texas.

CURRENT NEWS NOTES

That Texas and California are the fastest growing sections in the United States is being revealed as the decennial figures are received at the Bureau of the Census.

Conceding the opposition the majority of the doubtful votes, Senate Republican leaders Saturday figured, with all Senators accounted for, the tariff bill would pass the Senate late this week by 49 to 47.

The appointment of William Strauss, a local insurance man, to be State campaign manager for R. S. Sterling in his race for Governor was announced Saturday. Likewise it was made known that Paul Wakefield, a veteran Houston newspaperman, had been named director of publicity.

Senator Furnifold M. Simmons went down to defeat Saturday at the hands of the Democratic party of North Carolina which he had led for more than a quarter of a century. The veteran North Carolina legislator, oldest member of the Senate in point of service, ran more than 60,000 votes behind Josiah W. Bailey, Raleigh attorney, in the Democratic primary for Senator, on issues that revolved largely around Simmons' failure to support Alfred E. Smith in the 1928 presidential election.

The Postoffice Department has announced it had received \$85,583 from the sale of stamps attached to letters and post cards carried on the Graf Zeppelin on its trip from Germany to Spain, South America and the United States. The number of letters carried was 33,108, while there were 21,854 post cards, a total of 54,962 pieces of mail.

In Missouri Democratic leaders appeared unanimous in the opinion that Jim Reed would campaign for the presidential nomination in 1932. Mr. Reed was a candidate "to the end of the road," as he worded it, at the 1928 Houston convention, but the boom for Alfred E. Smith had gained such headway that the fiery Missourian was unable to head it off.

Committee to Meet In Junction June 16

County Chairman H. O. Wright issues a call for the county executive committee to meet in Junction at 2:30 p. m. on Monday, June 16, to determine the order in which names shall appear on the ballot in the primary election July 26, and to determine the cost of the election and to assess the candidates accordingly.

The following constitute the Democratic executive committee in Kimble County:

H. O. Wright, County Chairman.
Edgar McLendon, Junction.
Roscoe Stevenson, Evergreen.
Gully Cowser, Copperas.
A. L. Mudge, Bear Creek.
Louie Grobe, Gentry.
Rex LaVelle, London.
Dillard Stapp, Noxville.
W. E. Allen, Segovia.
Clay Holland, Murr.
W. O. Dickerson, Roosevelt.
August Kirchhoff, White bluff.

GRAF SAFELY CROSSES ATLANTIC TO SPAIN

Finishing up another epoch making flight, the Graf Zeppelin, huge German bird of the air, arrived safely in Spain late Wednesday afternoon. The Zeppelin will stay at Seville, Spain, a few days before finishing the last hop to Germany.

BIG PAINT PEOPLE IN BIG CELEBRATION

The big picnic and rodeo at Big Paint Wednesday and Thursday drew large crowds, and everyone present reports the best time possible. This is a yearly event, and in fact is sponsored by ranchmen and business men in four counties—Edwards, Real, Kerr and Kimble, and the grounds are in Real, just a short distance from the corner lines of the four counties.

The sports events were of very high class this year, and those engaged in roping and riding had to be "up on their toes" in order to get a showing in the different rings. An excellent dinner was served the large crowd, and much was left over, while at night a most excellent dance was enjoyed by those present. The men and women responsible for the Big Paint affair certainly know how to put over a real community picnic, barbecue and rodeo event.—Rocksprings Record.

Both the San Antonio and San Angelo papers carried good articles in their Sunday editions about the vacation advantages and possibilities of the Hill Countries.

Reuben Loeffler is at home from Austin, where he was a student in the University of Texas the past session.

June 14 Last Day to Get Name on Ticket

All candidates for county and precinct offices in Kimble County must file their application for a place on the ballot with County Chairman H. O. Wright not later than Saturday, June 14. On June 16 the county executive committee will meet in Junction and assess the various candidates the amount necessary to get their names on the primary ballot, and to determine the order in which their names shall appear on the ballot. June 23 is the last day for candidates to pay the assessment. County and precinct officers must file their expense accounts between June 26 and July 1.

Mr. J. A. Peril has many friends in Junction and Kimble County who rejoice to learn that he is recovering from a major operation which he underwent at Kerrville several weeks ago. He was able to return home several days ago and continues to improve.

Mr. I. W. Myers visited his mother and brother in Ballinger the past week-end. He returned home via San Angelo. He reports good rains in the Ballinger country.

Mr. and Mrs. Ernest Horney were San Angelo visitors Sunday.

SERVING MANY BUSINESSES

Experience of large fleet owners reveals the unusual reliability and economy of the new Ford

A SIGNIFICANT TRIBUTE to the value of the new Ford is found in its increasing use by Federal, state and city governments and by large industrial companies which keep careful day-by-day cost records. In most instances, the Ford has been chosen only after exhaustive tests of every factor that contributes to good performance—speed, power, safety, comfort, low cost of operation and up-keep, reliability and long life.

Prominent among the companies using the Ford are the Associated Companies of the Bell System, Armour and Company, The Borden Company, Continental Baking Corporation, Firestone Tire and Rubber Company, General Electric Company, Goodyear Tire and Rubber Company, Kellogg Company, Knickerbocker Ice Company, Morton Salt Company, Pillsbury Flour Mills Company, The Procter and Gamble Company, and Swift & Company.

Each of these companies uses a large number of Ford cars and trucks. The Associated Companies of the Bell System use more than eight thousand.

Modern business moves at a fast pace and it needs the Ford. Daily, in countless ways and places, it helps to speed the production and delivery of the world's goods and extend the useful service of men and companies.

Constant, steady operation over many thousands of miles emphasizes the advantages of the sound design of the Ford car, its high quality of materials, and

unusual accuracy in manufacturing. Beneath its graceful lines and beautiful colors there is a high degree of mechanical excellence.

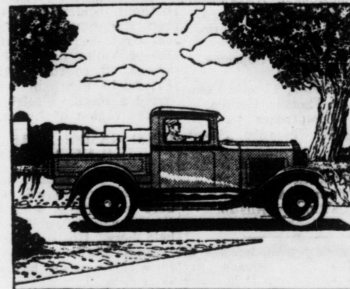

An example of the value built into the Ford is the use of more than twenty ball and roller bearings. They are hidden within the car and you may never see them. Yet they play an important part in satisfactory, economical performance. Their function is similar to the jewels of a fine watch.

Throughout the Ford chassis, a ball or roller bearing is used at every place where it is needed to reduce friction and wear and give smooth, reliable mechanical operation.

At many points, as on the transmission counter-shaft, clutch release, fan and pump shaft, and front drive shaft, these ball and roller bearings are used where less costly types of bearings might be considered adequate.

Additional instances of the high quality built into the Ford are the extensive use of steel forgings, fully enclosed four-wheel brakes, Rustless Steel, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, and the Triplex shatter-proof glass windshield.

The Ford policy has always been to use the best possible material for each part and then, through large production, give it to the public at low cost.

Country Correspondence

LONDON LOCALS

W. C. Jones, E. I. Cummins and C. E. Lambert made a trip to Blanco County last week on business.

W. W. Williamson shipped fat muttons to market last week.

W. L. Kothmann is shipping 300 fat sheep to market. Though the price is low the amount of sheep changing hands just now will help to relieve the stress we are experiencing at this time.

If the manufactured articles were selling at the same price in proportion as the raw materials it would not be so bad, but when we have to sell our live stock at 50% below its former value and buy our necessities at prosperity prices, it makes it very hard and very heavy on the ground sill.

Schroeder & Merick were buying live stock here last week, offering \$3.00 for good lambs.

Mrs. Gladys Box of Lone Grove is visiting in the home of her father this week.

W. C. Swinney and family spent about two nights on the banks of the beautiful Llano river last week. Don't think he caught anything unless it was a bad cold (that is, the editor himself).

We now have a real shoe and boot shop in town; Mr. Wortenbach of Mason opened up a shoe and boot shop in the old Weaver building. Mr. Wortenbach comes well recommended as a man and as a workman. We are glad this gentleman and his good family decided to cast their lot with us as his profession supplies a great need for our town.

The many friends of R. T. Amberson will be glad to know he was able to come to the barber shop Saturday evening.

Master J. W. Strader of Greenville came in Friday. He is a brother of Mrs. Tom Amberson and grandson of Dr. J. W. France. J. W. will spend several weeks here.

The last news from Mrs. L. W. Puckett was that she was doing nicely and that she will be able to return home soon. We will all be glad to see her up and going again.

Mr. Bill Gephart of Yates was exhibiting his smiling face in our town Saturday evening. Bill has good reasons for his smiles. Said she was coming to spend part of her vacation with friends here, the writer included, of course.

We gladly welcomed a nice shower of rain Sunday evening. Did not cover a large territory but was appreciated by those receiving its benefits.

Mr. Buck Armon and family, Mr. Dick Weaver and family spent Saturday night on the river. These good people, I am sure, brought back some empty guns as I heard the shooting myself.

Mr. and Mrs. C. F. Bannowsky and Misses Victoria Brewer

spent Sunday at the McCaleb ranch where some friends were fishing. A good time was theirs. T. H. Walton and family spent Sunday at Roosevelt.

My! Lots of fellows want to be Governor of this great State, but I don't blame 'em for wanting an office that doesn't cost more than around \$20,000, and pays the handsome salary of \$4,000 per year. But there is one bad feature, seems to me. There is only one chance in fifteen to land the plum.

We men should continue to rejoice, as there are fourteen great statesmen to one great stateswoman—nearly 16 to 1.

ELLEBRACHT-KNEESE

A very pretty wedding was solemnized at the Baptist church last Wednesday evening when Miss Olivia Kneese and Edgar Ellebracht were married. The church was beautifully decorated with a color scheme of pink and white. Rev. J. A. Dekke, pastor of the church, officiated at the ceremony. Miss Anita Granville at the piano played an appropriate wedding march as the bridal party entered the church. The bride wore a beautiful white georgette dress with accessories to match and carried a gorgeous bouquet of lace fern and white dahlias. The groom was correctly dressed for the occasion. The bridesmaid, Miss Lydia Kneese, was gowned in pink georgette with accessories to match and carried a bouquet of pink dahlias. Alton Kneese acted as groomsmen.

Following the ceremony refreshments were served at the home of the bride's grandmother, Mrs. T. C. McDougall and the happy couple departed immediately for Corpus Christi, Galveston and other Texas coast cities where they will spend a week honeymooning.

The bride is the daughter of Mrs. Alfred Kneese of this city and the groom is the son of Henry Ellebracht of the Spring Creek section. Both bride and groom have a host of friends who are extending congratulations and best wishes. They will be at home on the Ellebracht ranch about June 15th.—Harper Herald.

Henry Ford Buys 3 Carloads Antique Funeral Equipment

Purchase of three carloads of antique funeral equipment by Henry Ford, Detroit automobile manufacturer, from the estate of John Dice, late carriage maker of Portsmouth and Cincinnati, was revealed Saturday by Miss Elizabeth Dice, who acted for heirs of the estate in the transaction.

Miss Dice refused to divulge the purchase price, but said Ford shipped the collection to Dearborn, Mich., museum last Saturday. She said the negotiation for the collection covered a period of two years.

An old English style hearse, completely hand-made and trimmed with solid Sheffield silver lamps, was the outstanding piece in the collection. An open landau, made by hand in Cincinnati many years ago, also was among the antiques.

Other articles bought by Mr. Ford were a pallbearers' hack, seating six persons and trimmed in Sheffield silver; two old fashioned buggies and three ancient funeral hacks.

When in need of any kind of building material, such as lumber, cement, lime, tile, etc., call or see Dan St. Clair. 48c Paved streets are better.

WEATHER REPORT

Jupiter Pluvius has not favored this section with much moisture. There is an abundance of cloudy weather the past few days, but little rain in Kimble County. Some of the neighboring counties have had good rains, but at the time this is written (Wednesday) Kimble County has been slighted by the rains. Everybody is still hopeful. Light showers are falling and the prospects for rain are good today. We are in a receptive mood and will welcome rain at any moment. Here's hoping that before this is read that Kimble County will go "WET."

CARD OF THANKS

As individuals and as a post we desire to thank all who assisted us in the Memorial Day service on May 30. Mrs. Conde Hardeman and several others rendered valuable service for which we are truly thankful. It encourages us to see the interested manifested by the citizens of Kimble County.

With the lie beginning to pass from one to the other, politics are beginning to warm up and Texas will have her usual disgraceful campaign from now until July 26, and in some races until the second primary the last of August.

Mrs. James Taylor, teacher of Bundy school the past year, after a visit with her parents in Junction, has joined Mr. Taylor in Houston where he is employed with Universal Credit Company.

When disposed to soar aloft in the airy realms of conjecture, leaving facts behind, the human mind is apt to be led astray.

Don't throw stones in the other fellow's path; for all you know he may have a hard road to travel.

INVESTMENT COMMITTEE VISITS HILL COUNTRY

For the past several days Sam D. W. Low, Jr., of San Antonio, a director of the Alamo Building & Loan Association of that city has been in Junction and other parts of the Hill Country making a survey looking to the establishment of agencies or branches of his institution in this section of the State.

Mr. Low has been in conference with the officers of the Junction State Bank and negotiations are on foot for the opening of a branch of the Alamo Building & Loan Association here with the local bank in charge of the project.

Mr. Low and his wife have been guests at the Fritz Hotel during their stay in Junction and both of them are high in their praise of that hostelry and the wonderful advantages of this section as a summer resort. They have prolonged their stay in this section just as long as business affairs will permit and state that they hope to get back here in a few weeks to formally open the Junction Branch of the Alamo Building & Loan Association.

"Juneteenth" is only a week away, but Junction does not have enough negroes to celebrate here so they will have to go to other cities to join in the festivities of the day.

LEAGUE PROGRAM

Topic: "Have We Made Progress in the Christian Way of Life?"

Leader—Eileen Newby.

Opening hymn, 182.

Prayer.

Hymn, 232.

Scripture reading: II Peter 14-18; Acts 19:1, 2.

Prayer.

Special number.

TALKS: 1. Has our prayer life been enriched during the year?—Ramsey Randolph.

2. Have we better insight into the truth of Christ?—Vivienne Livingston.

3. Have we a greater urge to bring others to Christ?—Anna Bomba.

League benediction.

LITTLE SALINE SAYINGS

Everything is looking nice after the shower we had Sunday.

Mr. and Mrs. Jess Walker and family went to Juno last Thursday and have not returned.

Mrs. Al Rogers and Miss Nell Doran of James River visited here last Wednesday.

Mr. John Pool and son, Walter, Mr. and Mrs. Dock D'Spain, and Messrs. Jesse, Leslie and France, D'Spain went fishing Friday evening and returned home Saturday evening.

There was a party at Miss Vota Spruell's Saturday night.

There was a singing at Mr. Louis Pearl's home last Sunday. Singing was just fine.

Miss Myrtle Lee Hibdon of San Antonio is visiting one of her old friends, Miss Lorene Pool. Miss Hibdon is going to stay a month with us. She is also staying with her uncle and aunt, Mr. and Mrs. Shoemaker. There will be preaching here Saturday night, Sunday morning and Sunday evening. Everybody come.

Mr. and Mrs. A. G. Farmer and mother, Mrs. G. W. Farmer, left last Thursday for Austin where A. G. was summoned on the Federal jury. They will also attend the graduation exercises of the Austin High School, their daughter, Miss Maurine, being one of the graduates. Miss Louise will be graduated from the University of Texas this week.

Hon. E. E. (Pat) Murphy of San Angelo and his opponent, Mayor R. E. Thomson of El Paso have opened their campaigns for congressmen of the 16th district to succeed Hon. Claude Hudspeth, who is not seeking re-election. Both of them have friends here who are interested in their candidacy.

Mrs. J. W. Boone and sons, Debs and Billie, and daughters, Temple and Maude, returned Saturday from a visit with relatives in Young County. Miss Gussie, who has been teaching in that county, returned home with them.

Joy is worthless unless you share it with others.

Standifer Hospital News

Mrs. Ollie Fleming, operated on for appendicitis, is doing fine.

Mrs. Watt Turner returned home after an appendix operation. She is reported doing fine.

Mrs. Fred Lester underwent a minor operation this week.

Mrs. F. J. Hays is in the hospital for medical treatment.

Mrs. L. C. Steele of Lamesa, mother of Mrs. Standifer, has returned home from her visit. She came down to have a son operated on for removal of tonsils and other minor operative work.

Mrs. Eli Baker returned home, having undergone a minor operation this week. All patients reported doing fine.

Mr. A. W. Loeffler spent Sunday with his family in San Antonio.

Mr. W. R. (Uncle Billie) McKee left Tuesday for Washington State to visit his brother. He accompanied Mr. W. P. Riley to San Antonio where he took the train. He went the middle route but planned to return the western route in order to visit friends in California.

The Eagle received a letter this week from Mrs. Alice Crim Smith of Houston, enclosing her renewal to the Eagle. She states that in the Kimble County history several weeks ago she was spoken of as Alice Graham when it should be Alice Crim. She says that she and Sam Smith were the first couple married here and that Sam was the first deputy sheriff. It would be a great thing if someone would take enough interest in the pioneer history of Kimble County to get these facts accurately recorded while our pioneer citizens are yet living.

In hot weather drink plenty of buttermilk.

Picnics, barbecues, rodeos, goat shows and other forms of attractions in the Hill Country will begin with the big barbecue in Junction June 17 and 18. Following this Monday will have a big racing program, horse show and polo games on the 19th and 20th of June. Rocksprings and our other neighbors will have big entertainments during the summer, all of which will be given due publicity in the Eagle.

Kerrville's population as reported in 1926.

The ball game between Ozona and the Junction firemen here Sunday was a real game, although the Junction boys lost by the score of 4 to 2. Toby Buster and Dillard Motley rendered faithful and satisfactory service on the mound and receiving and they received good support from the team. Ozona has one of the best teams in the country, but the Junction boys gave them a "run for their money."

A few good deeds lighten a whole town of black sins.

BATHROOMS BEAUTIFIED

No longer is the bathroom an inconspicuous part of the home. Its importance is now manifested by luxurious equipment of correct design, expressly intended to combine beauty with utility. Electric Cookery Assures Consistent Results

More than likely you have experienced the disappointment of a cooking "failure"—possibly at just the time you wanted an unqualified "success."

An electric range will eliminate all doubt from your mind on this score, for with "controlled" electric heat you can always be sure of the same gratifying results—the same perfection of accomplishment.

Electric Cookery, with the new Horpoint Electric Range, is so easy—so simple—so convenient, and so definite. Merely prepare your meals at any convenient time—set the time and temperature controls—and rest assured that at just the proper moment your deliciously cooked food will be ready to serve.

A salesman will be happy to show you the many advantages of electric cookery. Investigate today.

CARD OF THANKS

To the women and young ladies who rendered such valuable service in assisting us during our open house last Friday evening we extend our sincere thanks. The success of the evening depended largely upon their untiring efforts. Mrs. Frank L. Wilson's kindness in presenting a tinted local view, beautifully framed, is appreciated more than words can express. We want to thank her for the beautiful poem written about the fire boys several weeks ago. This has been framed and placed in the station.

Junction Fire Boys.

Dr. H. E. Wright, Chiropractor, is expecting his mother next week for an extended visit.

For quality, cleanliness and service, phone 204, Jetton Dairy.

Messrs. Gay Munn, Royce Buster and Dillard Motley are attending the state firemen's convention in San Angelo this week.

Lost—Lady's brown cow-hide traveling case with initials "L. M. W." between Junction and Ozona. Reward for return to R. F. Bartlett, 292 Ventura, Alto Vena, California.

Borden's Pasteurized Buttermilk is uniformly good. 9c

Mr. and Mrs. Dee Gibbs were in from their Edwards County ranch Monday. Dee stated to the Eagle man that the maize he was plowing last week when Mrs. Gibbs came to town is looking fine.

When in need of a new tire or a set of tires, remember we have yours—The GOODYEAR. 3c Loeffler Motor Co.

Mitchell McLendon left Monday for Houston to take a steamer for Europe where he will spend some time visiting different countries. He will attend the Passion Play while abroad.

Ask our patients. Wright Bros., Chiropractors. 9c

Messrs. Joe Bissett, Joe Ramsey, Jim Carpenter, Jim Massie, K. G. Durst, C. W. Walker, W. S. Pearce and Lee Lowry attended the funeral of Mr. Deats, conducted by the I. O. O. F. at Menard Tuesday afternoon. All the above are members of the order.

When in need of a new tire or a set of tires, remember we have yours—The GOODYEAR. 3c Loeffler Motor Co.

Not how much you say, but what!

NATIONAL FORD TRUCK WEEK June 9th to June 14th

Examine the Ford Truck in Detail

IN BOTH chassis and bodies, you will see important new features that increase the strength, reliability, economy and value of all Ford truck types

Features of the Ford Truck

New 4-speed Transmission	Simplicity of the Electrical, Ignition, Cooling, Lubrication and Fuel Systems.
New Spiral Bevel Gear Rear Axle	Rugged Strength
New Larger Brakes	Reliability
New Heavier Front Axle and Spring	Long Life
New Power Take-off Mounting on Transmission	Safety
More than twenty Ball and Roller Bearings	Economy
Cantilever Rear Springs	Dual Rear Wheels Available
Triplex Shatter-proof Glass Windshield	Two Gear-ratios Optional
	Two Wheel-bases Available

Under conditions of actual usage, these features add greatly to the value of the Ford truck. Many of them increase its strength and reliability. Some contribute primarily to performance. Others provide a high degree of safety. All combine to make the Ford truck a sturdy, economical, haulage unit, excellently adapted to a wide variety of purposes.

Universal Credit Company Plan of time payments offers you another Ford economy

Sonora Prepares For First Train July 1

According to an official communication from W. H. Rochester, assistant engineer of the Santa Fe, addressed to Mayor Roy E. Aldwell of Sonora, the first train over the San Angelo-Sonora extension will be run July 1 on schedule time.

W. R. Barnes, vice president and manager of the Stockman's Paradise Show and Sales, announces a big two-day celebration for July 1 and 2, commemorating the realization of Sonora County's dream of 20 years ago. Preparations are being made to entertain the thousands of visitors expected for this history-making event.

The two-day program will consist of horse racing, polo, bronco riding, goat roping and kindred amusements. A dance each night and free barbecue is also scheduled.

ONCE UPON A TIME

Everybody drank from the same glass in the railway coach. A roller towel in the hotel wash-room accommodated all comers.

Thousands of people died every year from typhoid fever. The health officer's chief job was to inspect alleys and back yards for garbage and dead animals, and order chloride of calcium scattered about.

The State Board of Health existed principally for the purpose of examining all licensed physicians.

There were flies in every dining room. Nobody thought of registering a birth anywhere but in the family Bible.

No one took a bath until Saturday night.

Lots of people thought that wearing asafetida would prevent smallpox and diphtheria. Red flannel underclothes were all the rage.

Consumption was an incurable disease and folks who had it were advised to drink a great deal of whiskey or go West, or both.

WHITEWASHING

Cow stables are usually whitewashed once or twice a year. Although many whitewash formulas call for the addition to the lime and water of other substances such as salt or skim milk, good whitewash can be made with only lime and water. Ordinary hydrated lime mixed with water makes satisfactory whitewash; or quicklime (or, rarely called lump lime) may be slacked with a small amount of water. Only freshly burned lump lime should be used. Do not use air-slacked lime, as whitewash made from such lime will not stick.

666

Relieves a Headache or Neuralgia in 30 minutes, checks a Cold the first day, and checks Malaria in three days.

TEMPORARY PASTURES FOR SHEEP

A system of temporary pastures for sheep utilizes lands of low fertility and at the same time insures a revenue from them without much expense for commercial fertilizer. Soybeans are one of the best temporary pastures for sheep where the soil is thin. Wheat, where it can be grown successfully, provides better winter and early spring pasture than rye. Oats and field peas sowed together make an excellent spring pasture for sheep. On fairly fertile land rape is the most economical forage. Alfalfa or sweetclover is good pasture for sheep, but it is necessary to guard against bloat. In some regions alfalfa pasture is quite likely to cause bloat while in other regions there is little or no danger of alfalfa causing bloat in sheep.

PRESBYTERIAN CHURCH

OUR INVITATION.—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ our Saviour and Friend, we extend our cordial INVITATION.

There will be morning worship at eleven o'clock next Sunday in the Episcopal Church. Next Sunday night at fifteen minutes after eight o'clock there will be worship at the Evergreen Schoolhouse. Mr. Crofoot will preach at that time.

G. W. Crofoot,
Minister.

We might be moved by a strong sermon, but unless we practice what we feel it has done us no good.

"What's a joint account, pop?"

"It's an account where one person does the depositing and the other the withdrawing."

Clerk: I'm taking a correspondence course to get more money, sir.

Menard Live Stock Association Prepares For Two Big Days

The Menard Live Stock Association is bending every effort getting things in shape to offer a snappy wholesome program of entertainment June 19 and 20. Races, polo and a big horse show will be the leading features with additional attraction of base ball, athletic show, etc.

Five running races will be offered each afternoon for approximately fourteen hundred dollars in purses, with entrance fees added. Two stake races, one for two year olds and one free for all, are included in the program. The three-quarter mile track in Menard is popular with the race horse men and the highest class of men and horses are expected to be on hand. The winning horses at the leading race meets in West Texas last year started the season in Menard and they will likely do so this year.

Four polo teams will play two fast games each afternoon following the races. The Menard team is doing strenuous practice now with the ambition of giving the visiting teams a race for the trophies.

The real distinctive feature of the two days program will be the Horse Show given by the Fifth Cavalry of Fort Clark each night. The West Texas Utilities Company is now elaborately lighting the arena in front of the grandstand and the horse show will have an excellent setting. A number of officers' wives will ride in the show and among the riders will be veterans of the largest horse shows participated in by army folks.

The advertising carried in this paper regarding the two days event will give details about the program, seating arrangements, etc.

A widow says that good husbands are like dough, because women need them.

INDIGESTION

Indigestion, bleeding, heartburn, gas, constipation, dizziness, sick headache and nervousness. Doctors recommend it. Drug ref returns money if it fails. Young's Stomach Powder quickly relieves return money if it fails.

CHILDREN REFUSE TO SHELTER MOTHER

Chicago.—They had to carry Anna Sowka, 69, into the courtroom, she was so weak.

Yesterday she was wandering the streets, a phrase ringing in her ears, "You're too old."

Five young women and one young man stood before Judge George Curran in the Shakespeare Avenue court. They were the daughters and a son of the aged woman.

One by one the judge asked: "Will you shelter your mother?" and one by one they answered "No." The judge stood in wrath. "Forget the almighty dollar," he shouted, "and get some human blood in your veins."

The spectators cheered and applauded. The son and daughters left. A policeman took Anna Sowka to turn her over to charity.

LIONS CLUBS OF DISTRICT PLACED IN SEVEN GROUPS

The grouping of Lions Clubs throughout this district has just been announced in a communication from the office of W. L. Dugger, district governor. Seven groups are included in the district, and the clubs comprising them are:

Group 1 comprises Alamo, Brownsville, Harlingen, La Feria, McAllen, Mission, San Benito, San Juan, Santa Rosa and Weslaco.

Group 2 consists of Alice, Aransas Pass, Corpus Christi, Ingleside and Kingsville.

Group 11 has the towns of Fredericksburg, Hondo, Jourdanton, New Braunfels, Pearsall, San Antonio and Seguin.

Group 12 is yet to be designated in a new alignment.

Group 13 comprises Bracketville, Del Rio, Eagle Pass, Laredo and Uvalde.

Group 22 has Brownwood, Coleman, Eden, Goldthwaite, Junction, Mason, Menard and Santa Anna.

Group 23 embraces Ballinger, Bronte, Eldorado, Ozona, San Angelo, Sonora and Sterling City.

Be on the alert; watch and pray, for God is always sending new opportunities your way.

A "CITY CONVENIENCE" FOR COUNTRY HOMES

Enjoy Safe
year-around
refrigeration
from oil heat!

MODERN iceless refrigeration for country homes is here! The new Superfex generates its own food-preserving cold from oil heat—at a cost of a few cents a day for kerosene. That's all. Just light it and leave it. 24 to 36 hours' dependable arctic zone refrigeration is generated in about an hour and a half—then the burners go out automatically. Superfex freezes ice cubes and desserts; keeps butter firm, cream sweet, meats fresh and tasty for days—right in the kitchen—in the warmest weather.

Refrigeration makeshifts are unsafe in any season. Continuous Superfex refrigeration keeps food healthful the year around—and saves thousands of steps. Sturdy steel construction, porcelain lined. No moving parts. Telephone today for further information, or come in and see Superfex work.

Reasonable Prices **SUPERFEX** Easy Terms

Junction Trade Notes

(By G. G. Co.)

Many observant citizens, including some visitors, have taken notice of the civic advancement of Junction during the year, such improvement being particularly noticeable in private yards and public premises as well. The work of the Parent-Teachers' Ass'n and others who sponsored the spring house-cleaning and yard contest has already borne fruit. . . .

Grapefruit juice, tomato juice, kraut juice in tins. Gann Grocery Company. Have you tried Pecan-Nut butter plended with peanut?

Early summer tourists along the Llanos report catching their quota of fish. One tourist Monday, the first day out, reported 14 bass, 8 of lawful size. . . . D. T. Laughter is numbered among Kimble County tourists and is having lots of fun.

Red crops are holding up, cotton is chopped out and growing, watermelons are holding on, while corn needs rain. That is crop conditions in the fertile London valley of Kimble County, according to report of A. M. Reese, ranch-farmer, who was in Junction Tuesday. . . . Local truck growers are marketing choice green beans, carrots, radishes, squash; while Willie Herbst sold fine home-grown cabbage to the local trade Wednesday.

In stock: "Red Top" Cane seed. Rolled oats, in bulk, for chick feed. Cornfeed and chick-feed of all kinds. Gann Grocery Company.

Alex Wahl, Edwin Wahl and George Wahl will go to Fredericksburg Saturday for a family reunion in observance of the 75th birthday anniversary of their father. Ten children will attend the reunion and the grand-kids may number 75 or more. . . . George Little of Miami, Arizona, is here on a visit to his parents, Mr. and Mrs. J. W. Little. The senior Mrs. Little has been ill for several weeks. . . . Natalie Rieck, daughter of Mr. and Mrs. A. S. Rieck, is home after a school year in Missouri.

Wyoming wools are moving at 25c. Sonora is scheduled to hold a wool sale June 16. At San Angelo June 17 the 7,000,000 lbs. short wools of the several warehouses, which includes half million lbs. of Kimble County short, will be offered. Approximately 100,000 lbs long wool in Junction wool warehouse is expected to be sold this Thursday. The mohair market is reported as stronger, but none of the Co-Op pool has been sold as yet, it is stated.

Next attraction: Junction Jubilee, June 17-18.

Gann Grocery Company
"Everybody's Store."

MISCELLANEOUS SHOWER

At the home of Mr. and Mrs. Grady Kendrick, Monday evening, June 2, the Baptist Young People's Sunday School Class very delightfully surprised Mr. and Mrs. Alton Powell with a miscellaneous shower.

The following appropriate numbers were rendered. Piano solo by Miss Vivian James, vocal solo by Mrs. C. W. McCarroll and a reading by Miss Mildred Hodges. Music was furnished throughout the evening by Miss James.

Following Miss Hodges' reading Baby Roy Reynolds presented Mrs. Powell with an express wagon loaded with numerous beautiful and useful gifts. Punch and cake were served to the many guests.

Mrs. Rieck, of Missouri, is enjoying a visit with her sons, H. W. and A. S. Rieck, of Junction.

HILL COUNTRY BANKERS WILL MEET IN KERRVILLE

Bankers from fourteen towns in the Hill Country will meet in Kerrville on June 21 for the purpose of organizing the Hill Country Bankers' Association, according to Mr. W. P. Riley, president of the Junction State Bank.

Plans for the organization meeting were announced last week by A. B. Burton, active vice president of the First State Bank of Kerrville. In addition to aiding the banks of this section to better give the particular type of service required of them, the association will also assist in safeguarding the member banks in various ways, according to Mr. Riley.

William A. Philpott of Dallas, secretary of the Texas Bankers' Association, is expected to attend the meeting of the bankers in Kerrville and will assist in the organization of the association.

The visiting bank officials will convene at the Blue Bonnet Hotel in Kerrville on Saturday, June 21. Invitations have been sent to all bankers in the following cities: Boerne, Comfort, Center Point, Bandera, Fredericksburg, Kerrville, Harper, Junction, Mason, Rocksprings, Menard, Sonora, Leakey and Camp Wood.

THE METHODIST CHURCH

The pastor of the Church takes this occasion to express his attitude toward one feature of the approaching Junction Jubilee—the "Bathing Beauty Contest." Just why this was included in the program I do not know. I do know that as a decadent and dangerous future capable of the utmost harm it merits every condemnation.

As a Christian minister deeply interested in the welfare of the boys and girls of this community I urge every man and woman in this community who values character and right living to stay away from this exhibition. It is a reflection on the Jubilee and on the town of Junction.

Milton F. Hill.

Miss Olga Fay Wood of Mason is a guest of Mrs. Alton Childers this week.

Misses Alice and Ethel Roberts of Stephenville were weekend visitors in Junction.

Mr. and Mrs. H. R. Horton of Fort Worth arrived Monday for a visit with Mrs. T. M. Hodges and other relatives. Mrs. Horton is a daughter of Mrs. Hodges.

Library Rules For Vacation Months

The following rules have been adopted for the library during the summer months:

1. Any person desiring to read a book from the library, must appear in person and get the book from the librarian.
2. Books must be returned in as good condition as when taken out or damages must be paid.
3. Books may be kept out for one week, at the end of which time they must be returned or a fine of 5c per day for every day over time will be imposed.
4. The loan of any book may be renewed by the borrower appearing in person, and asking the librarian for a renewal.
5. Pupils of the grades are required to read books of their own grades.
6. No person will be permitted to borrow more than one book at a time.
7. No child will be permitted to loiter on school ground or in building.

MINIATURE GOLF

Junction has joined the towns that have installed miniature golf courses. Several weeks ago the Kimble Courts installed one of the best in the entire country, and it has proved very popular. Last Saturday Dick Winn opened a second court on the lawn of the Hodges Hotel on the south side of the square and from the minute it was opened has enjoyed a good patronage. Henry Bossmann is now building a third court at the V-H Ranch nine miles out on the South Llano. With these three courts in operation there will be no need to wait when he wants a game of miniature golf.

"and don't fail to visit both Milam Cafeterias"

Hardly a day passes without patrons from neighboring towns telling us that some friend at home told them "to be sure and see the quaint Spanish decoration of the Original Milam Cafeteria and the modern decoration of the New Milam Cafeteria. . . . and to enjoy the delicious foods and economical prices of both cool Milam Cafeterias." You, too, will enjoy your meals in these pleasant surroundings.

MILAM Cafeterias

CLUB GOAT SHOW ONE FEATURE OF JUBILEE

The 4H Club boys and girls of the county will have on display at the Jubilee the registered goats which they are caring for in their junior demonstration work. These goats are all registered and have been selected from many of the fine flocks over the county.

Mr. W. I. Marshall, county agent for Tom Green County and stationed at San Angelo, will make the awards and placings. The Club Goat Show is being sponsored by the Chamber of Commerce and will be a feature of the Jubilee which will be interesting to breeders.

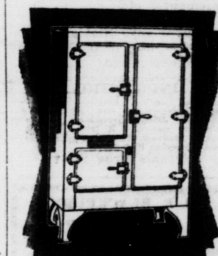

R. E. THOMASON COMING

Mayor R. E. Thomason of El Paso, who recently opened his campaign for Congress from the 16th district, is scheduled to speak in Junction Friday evening, June 13.

Not Too Late!

—It is not too late to plant feed in Kimble County. Our observation and experience teaches us that we can not have too much feed. If not needed the year it is grown, it is just as good the second year when properly cared for. There is always a market for good feed. Surplus feed can be fed to live stock and bring good returns, and the fertilizer will enrich the land. Our county agent will be glad to advise with anyone interested in planting late feed crops. We urge our farmers and ranchmen to plant all available land, including stubble land, in feed of some kind.

—Nothing will help tide over "hard" times better than a cow or two, a few hogs and 100 or more hens. They will help consume any surplus of feed and will bring in returns every month in the year. The dry spring encourages us to believe that we shall have sufficient summer rains to grow feed and that all who plant now will be amply repaid.

—Our officers and directors are pioneer citizens of Kimble County and will be glad to talk over your problems with you and render every assistance consistent with good business.
