Ike Sending Dulles To Suez Conference

McKeon Says He Trained In Swampland

PARRIS ISLAND, S. C. (AP) — Marine S.Sgt. Matthew C. McKeon said today he caught his platoon "lying on the grass"—a "cardinal sin"—on the fateful day of April 8.

This was the day McKeon led a night disciplinary march into a marsh where six recruits drowned.

In a dramatic move the defense put the balding, impassive former drill instructor on the stand this morning for the first time as a witness in his own court-martial.

Just prior to that, defense attorney Emile Zdola Berman of New York City announced at a one-minute news conference he was seeking the Marines' commandant, Gen. Randolph McC. Pate, as a defense witness. A Marine officer said the general would arrive tomorrow to testify.

The 31-year-old McKeon, in a hesitant tone, nervously recounted the events preceding the night march which resulted in charges against him of involuntary manslaughter, oppression of recruits and drinking on duty.

Earlier he had testified of his own training in 1948 at the same base.

Finally, defense attorney Emile Zola Berman asked him:

"During the course of your boot training here was your platoon ever marched into the swamps, marshes, boondocks and water adjacent to the base?"

"Yes, sir, on several occasions," McKeon replied.

McKeon was asked by Berman on what occasion he was marched as a recruit into the water and where.

"In the Elliot's Beach area and a couple of times behind the barracks at the rifle range," he replied.

Berman then asked whether anything unusual occurred during those marches.

"Yes, sir," said McKeon. "The drill instructor used to blow a blast on a squad leader's whistle and this would indicate an air raid and we all had to hit the deck."

"In the mud and water?" Berman inquired.

"Yes, sir," said McKeon.

During the brief morning recess in the court-martial, the defense announced it had called the Marine commandant, Gen. Randolph McC. Pate, as a witness for McKeon.

The announcement came after a short, closed-door huddle between Berman and the government's prosecutor, Maj. Charles B. Sevier of Jacksonville, Ill.

Previously, Gen. Pate had figured in the case with the disclosure of his May 1 statement concerning the "commandant's policy governing training of recruits."

In that statement Gen. Pate said he had been shocked by previous training practices in the Marine Corps and announced, in substance, a real shakeup in training methods.

Part of McKeon's defense is that when he led 74 recruits into the tide-swept waters of Ribbon Creek last April 8, where six drowned, he was only following accepted training methods.

Just before the announcement, McKeon's psychiatric record was put into evidence to show he was "unusually stable and well - integrated."

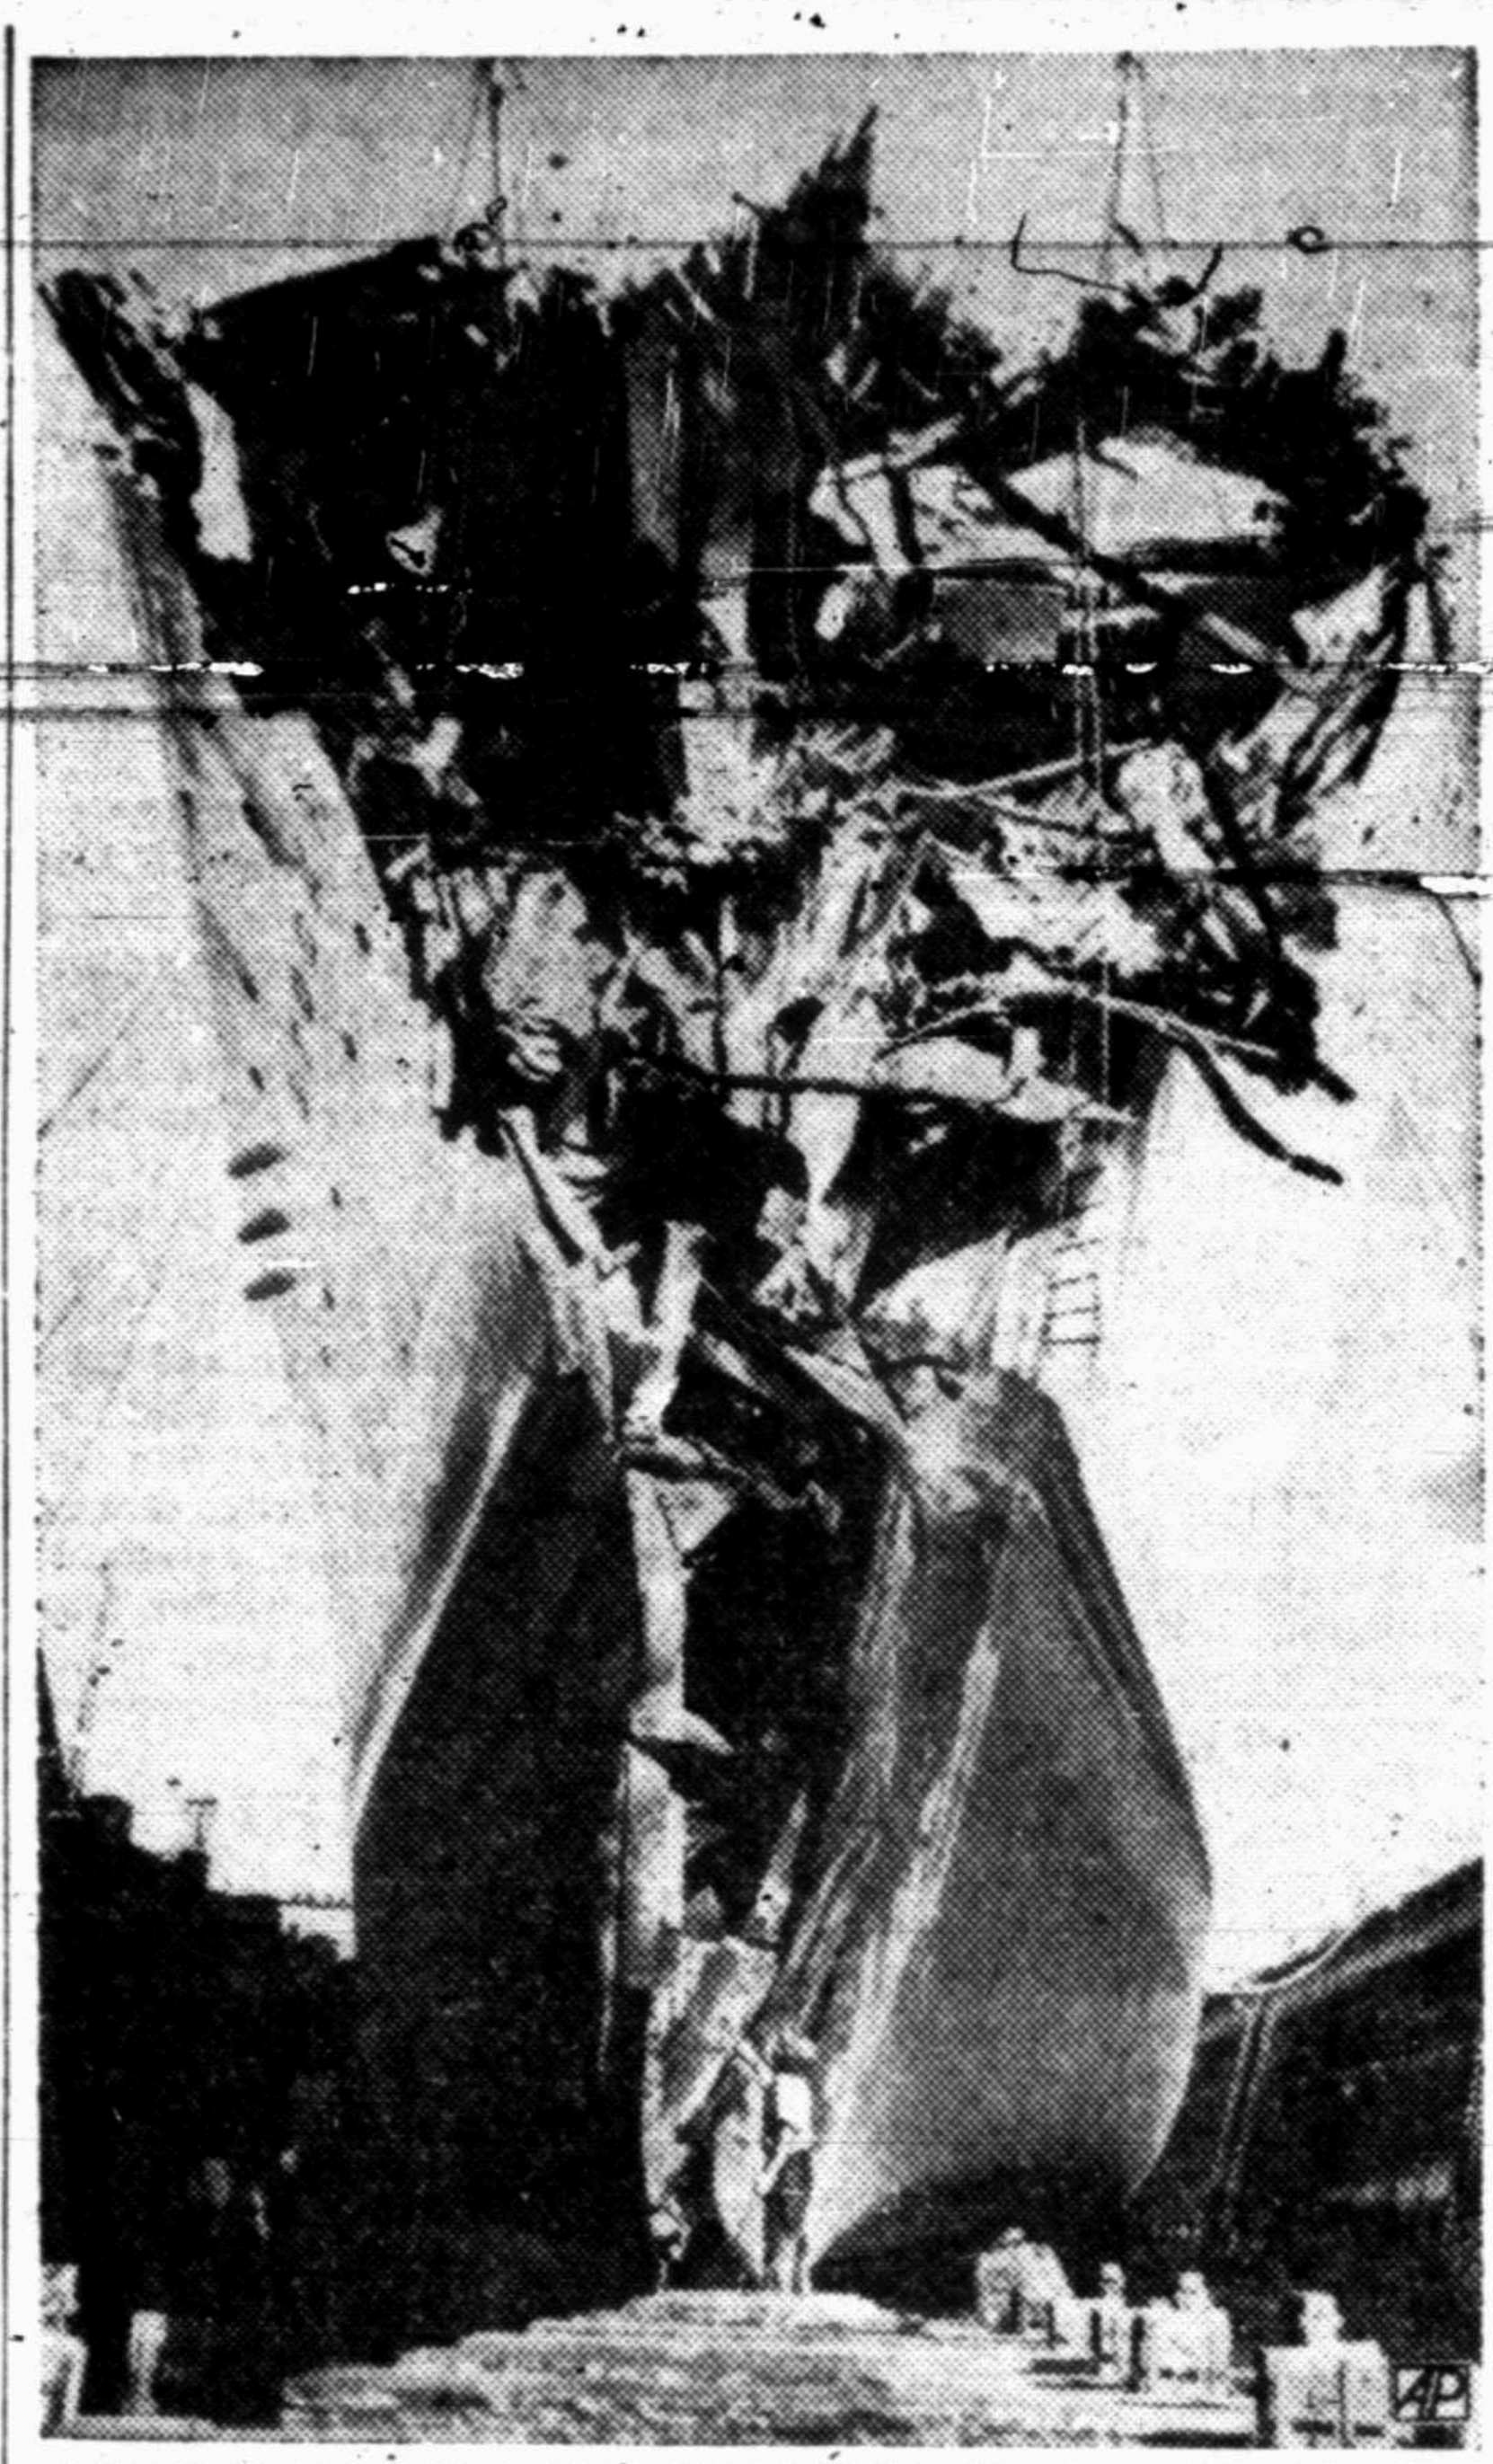
Yesterday Berman employed two witnesses to strike at the heart of the government's case against McKeon.

In Washington the Navy said the Marine Corps has approved an earlier defense request for retired Lt. Gen. Lewis B. Puller to testify.

Puller, a much - decorated Marine hero, and champion of tough training and hard fighting, will be recalled to temporary active duty to appear as a witness, a Navy spokesman said. The general now lives in Saluda, Va.

As McKeon continued his testimony he told of his service career and of how he went to Korea in 1952 and joined Co. F of the 2nd Battalion, 1st Marine Regiment, as a machinegun section leader.

When asked how long he was in Korea, MvKeon replied: "Thirteen months."



AFTER DEALING A DEATH BLOW—The liner Stockholm, its bow broken and twisted, rests in drydock at the Bethlehem Steel company shipbuilding division yard in Brooklyn, New York. The bow, which had been specially reinforced against ice, was smashed when the ship collided in the Atlantic with the liner Andrea Doria, sending it to the bottom.

Frontier Of Burma Is Invaded By Reds

RANGOON, Burma (AP)—Several hundred Red Chinese troops were reported today to have invaded Burma's mountainous northern frontier. The Burmese government said tonight it was "seriously concerned."

A statement from the Burmese Foreign Office said some of the Chinese troops had established outposts in Wa state in northeast Burma close to the border.

The reports received here said the Communist Chinese had crossed the frontier along a 500-mile arc and advanced up to 60 miles into Burmese territory.

Reports from the border area said the Reds crossed in small bands and occupied positions in a wide arc between Putao — Ft. Hertz—at the northern tip of the country, and Kunlong Ferry, on the Salween River south of the wartime Burma Road to China.

Prime minister Ba Swe met with Cabinet leaders and chiefs of the armed forces. The government was expected to lodge a strong protest with Peiping, with which it maintains friendly relations.

The Executive Committee of Ba Swe's party, the anti-Fascist People's Freedom League, was told there is a "threat to Burma's security."

Communist patrols have crossed the 1,000-mile, poorly defined border before but always have withdrawn after Burmese protests.

Peiping customarily blames errors of local border commanders.

The latest crossings, however, appeared to be in considerably greater strength than previous incursions. They also followed reports from Burmese officials in the area that Chinese army units along the border have been reinforced with regular troops in recent months.

Beceause of the increased Communist activity across the frontier, Burmese army troops now are being sent to the area to replace or bolster the thinly strung border police.

Red China's embassy in Rangoon had no comment on the invasion report.

One report from the area quoted Red Chinese solders as saying they were searching for "machitsay," a plant believed to be a powerful antidote against snakebit and opium or alcohol poisoning.

Neutral Burma has acted in a friendly, but not intimate, manner toward its big Communist neighbor.

Skating Rink Burns, Operator Is Injured

DALLAS (AP)—The operator of a skating rink in north Dallas was seriously burned early today when a fire destroyed his two-story establishment.

John Deubeck, owner of Deubeck's Skating Rink, was injured while helping his wife, Jeanelle, 33, and their son, John Jr., 9, escape from their living quarters above the 20-year-old structure.

Fire Capt. G. E. Gage said flames were visible 2½ miles. Damage was estimated at $80,000.

Grandpa Gets Hives, Biggers Shoots Him

OJAI, Calif. (AP)—Grandpa got the hives so they shot him.

But don't call police. Grandpa was the nickname George Biggers gave the huge black bear that had been raiding his beehives the past three years.

Grandpa, too smart for the many traps Biggers had set, loved to gulp both the honey and bees. Yesterday, biggers and his son, Ronnie, 19, finally spotted Grandpa at close range and shot him.

Net Income Drops

SHREVEPORT (AP)—Texas Eastern Transmission Corp. said today its net income dropped during April, May and June. Net for the period was $3,183,09, compared with $3,650,144 in 1955.

New High In Road Deaths Predicted

CHICAGO (AP) — The National safety Council said today it will take "almost a miracle" to head off a record high national traffic toll in 1956.

Ned H. Dearborn, council president, made the prediction on the basis of statistics showing that 18,120 persons have been killed in traffic accidents in the first six months of this year.

It set a new all-time high for the period, overshadowing the previous mark of 17,320 for the first half of 1937. The traffic death toll for the first six months of 1956 represented a 10 per cent increase over a similar period last year.

The June traffic toll was 3,400, the largest number for a June month in history and 14 per cent higher than June a year ago. The previous June mark of 3,119 was set in 1952.

Dearborn said at the present rate the record traffic toll of 39,969, set in 1941, will be exceeded by some 2,000.

"It will take almost a miracle to head off a record high toll," Darborn said.

"But this miracle can happen if the American public is sufficiently shocked by what is going on to stop doing the things that are causing these accidents.

"Courtesy, common sense and care will do the trick."

Of 47 states reporting traffic figures for the six-month period, 34 showed increases, 11 decreases and two no change. Rhode Island led with a 40 per cent decrease followed by New Hampshire 34 per cent; Minnesota 17; Connecticut 14; South Dakota 13, and Nevada 12.

For the six-month period, in cities with more than 200,000 population, Dallas, Tex., led the way with a 57 per cent decrease in traffic fatlities. Minneapolis and Rochester, N.Y., followed with 50 per cent decreases. St. Paul, Minn., had a 38 per cent slowdown.

During the six-month period, 168 cities reported no traffic deaths. The three leaders, in order of size, were Reading, Pa. 109,300, Utica, N.Y. 101,000, and Pawtucket R.I., 81400.

Crews Of British Warships Called Back In Suez Crisis

LONDON (AP)—Some British warship crews on leave in English ports were reported recalled today for readiness in case a show of orce is ordered in the Suez crisis.

The Admirality declined to confirm the report, which developed as British, French and American diplomatic leaders worked to build up steam behind the idea of an international control body to guarantee free movement of ships through the canal taken over by Egypt.

An Admiralty spokesman, asked about activity involving the aircraft carrier Ocean at Devonport, said "Certain naval moves are being ordered."

Fresh talks developed between British and American naval authorities at Malta, the central Mediterranean naval base of British and Allied forces. Rear Adm. N. K. Dietrich, commander of mine forces of the U. S. Atlantic Fleet, arrived there by plane for two days of conferences.

The international control plan under discussion by representatives of the Western Big three in London, however, is authoritatively reported to keep military measures in the background out of deference to American caution in the situation.

One major problem was whether Egyptian President Gamal Abdel Nasser would go along with such a proposal. Another was what part the Russians would deman in any control group.

Nasser kicked up an international storm Thursday when he announced Egypt had nationalized the key waterway, operated by a French-British company under a concession which had until 1968 to run. Russia applauded the Egyptian action.

Western experts continued to thumb their lawbooks, but so far could come up with no grounds for a legal challenge of the nationalization decree. Nasser said he would pay off the stockholders in the canal company at the market rate on Thursday. The British government is the biggest holder with 44 per cent of the shares.

British Foreign Secretary Selwyn Lloyd, French Foreign Minister Christian Pineau and U.S. Deputy Undersecretary of State Robert D. Murphy scheduled another meeting today on the canal question.

They already have held two days of emergency talks. Prime Minister Eden said their sessions should wind up by Thursday at the latest. Pineau made an overnight trip to Paris to confer with members of the French Cabinet.

Despite reports of some disgreement in the London talks, the big Three representatives appeared to be agreed in principle that international supervision for the waterway would satisfy them. Some sources were optimistic that consultations with Washington could clear up any discord, paving the way for the calling of a conference of the countries using the canal most.

Informants said one probable point of conflict was a French suggestion that any control body be set up under the United Nations

Nasser Backed By Reds

LONDON (AP)—Nikita S. Khrushchev, Soviet Communist party chief, said today Egypt was entitled to nationalize the Suez Canal.

Moscow radio broadcast a speech by Khrushchev before a rally of building workers in the Soviet capital in support of President Gamal Abdel Nasser's move to take over the 103-mile long waterway.

He said Britain and France have received the nationalization "with too much excitement."

"Unwise voices are even heard there asking for the application of some unspecified means of oppression, even of military operations, he said.

"I think that the common sense, experience, political soberness of the statesmen of Britain and France will allow them to find the correct comprehension of this historic act and make the proper deductions from it."

Khrushchev said in the Russian view "nothing illegal has in fact occurred here."

He said the Suez Canal was built by the "hands of Arabs, the inhabitants of Egypt, and it turned out not to be in Egyptian hands."

Times have changed, Khrushchev said and "we now live in a period when relations created by conquest and occupation have been found useless in keeping other peoples in obedience."

Khrushchev said Egypt has pledged to pay compensation to shareholders of the Suez Canal Co., and "therefore a quiet approach should be exercised in the assessment of this act, soberly taking into account the new circumstances."

Khrushchev said the Soviet Union considers "mistaken the policy of pressure on Egypt" and added that rashness and haste in this matter can bring "only undesirable consequences to the cause of peace, can do damage to the interests of the Western powers themselves in the area."

He asserted that the nationalization does not affect the interests of the peoples of Britain, France, the United States and other countries.

"It is only the former Suez Canal Co., which received high profits from the exploitation of the canal, that is now being deprived of the possibility of enriching itself at Egypt's expense," he said.

Crews Move Into Dumas For Clean-Up

DUMAS (AP) — Clean-up crews moved into the cooled-off wreckage of the Sunday explosion at the Shamrock Oil and Gas Corp. plant as funeral services for 8 more of the 19 dead were held today.

Company spokesmen said they are still having some electrical difficulty but the plant went back into production yesterday.

Three burned vehicles, a Sunray fire truck and two company trucks, have been towed from the scene, and workers were moving away the tank ruins and twisted pipe lines.

The estimated damage of $500,000 had not been changed today. Insurance adjusters and plant men were moving into the area to get a more accurate count.

Twenty five of the 31 injured remained in the hospital today.

Gov. Allan Shivers expressed his regret in a telegram to Dumas Mayor H. S. McMurray. Shivers said:

"I am shocked over the misfortune that has struck your community. All appropriate state agencies have been alerted and stand ready to cooperate with you and your disaster relief operations."

Shivers offered the further assistance of the State Highway Department if the Dumas Disaster Relief crew fell short of manpower.

Nephew Of Local Pair Killed In Dumas Fire

Funeral services were held in Dumas yesterday for Oliver Milligan, 32, an employe of Natural Gas Pipeline Co., who was killed in the explosion of the Dumas plant.

Milligan was the nephew of Mr. and Mrs. Joe Stroud of the Ennis Creek community here. Mr. and Mrs. Stroud attended the funeral.

A resident of Dumas 13 years, Milligan left as survivors his wife, two sons, his mother and a sister.

Ex-Countess Dies

DALLAS (AP)—Mrs. Julie Urcheno, 85, the former Russian Countess Volinsky, died yesterday. She fled Russia after the Revolution, came to the United States in 1926 and became an American citizen.

Soaring Contest

DALLAS (AP)—The national soaring contest started today with more than 60 sail plane pilots competing.

Appointment Of Rutgers Man Refused

TRENTON, N.J. (AP)—The New Jersey Senate Judiciary Committee has refused to confirm appointment of a retired Superior Court judge to the Rutgers University Board of Governors because he represented a teacher who pleaded the Fifth Amendment.

The senate argued over the appointment of 73-year-old John O. Bigelow for 10 hours yesterday, and then the committee heard from the retired judge himself.

Afterward, the committee declined confirmation by a 4-3 vote but said it would be considered further later.

Senate Majority Leader Albert McCay, a Republican and chairman of the committee, said the appointment was turned down because of Bigelow's "legalistic views" on the case of Robert Lowenstein.

Lowenstein was one of three Newark school teachers who pleaded the Fifth Amendment in refusing to answer questions by members of a House Un-American Appellate Division.

The three were suspended and their cases are due for review by the New Jersey Superior Court, Appellate Division.

WEATHER

SNYDER TEMPERATURES: Yesterday's high 101; Low 67; Today's 7:30 a.m. reading 76.

NORTH CENTRAL AND WEST TEXAS: Partly cloudy through Wednesday with scattered afternoon and nighttime thunder showers and a few local thunderstorms. No important temperature changes.

Nursing Home Fire Traps 12 Persons

PUXICO, Mo. (AP) — Fire swept quickly through the Reagan Nursing Home late last night and trapped 12 of the 13 residents, most of them in or beside their beds.

Nine of those who perished were 72 to 91. All were from Puxico or nearby towns. One was bedfast.

Only Mrs. Sherry Frederick, an elderly patient, escaped. Two men scrambled up to the roof of the front porch, broke out a window of her second-floor room and pulled her to safety.

The body of Mrs. Bertha Reagan, 55, who overhauled the old three-story building and opened her nursing home 21 months ago, was found in the first-floor kitchen. She apparently was trying to get out the back door but it was locked.

Her 7-year-old grandson, David Johnson, was found on the third floor.

All the others were on the second. One of them, Lois Rodgers, 30, entered as a patient only yesterday.

Everyone in the house apparently was asleep when the fire broke out.

John Ryan, chief of the fire department at nearby Poplar Bluff, Mo., said he and Sgt. Jack Pritchard of the Missouri Highway Patrol found a hole burned in the ceiling above a sofa on the first floor. They theorized a smoldering cigarette had fallen on the sofa.

The flames were out of control when volunteer firemen got the alarm.

"The whole interior was on fire and flames seemed to be shooting clear to the third floor when I got there," said Jack Harty, a carpenter who was among the first on the scene.

The firemen were hard pressed to save nearby buildings.

Solon Asks For Action

WASHINGTON (AP) — President Eisenhower is sending Secretary of State Dulles to London to confer with Britain and France about Egypt's seizure of the Suez Canal.

The White House announced this today shortly after the President and Dulles had discussed Egypt's nationalization of the waterway.

The United States already is represented at the London talks by Deputy Undersecretary of State Robert Murphy.

Murray Snyder, assistant White House press secretary, read this statement to newsmen:

"In view of the importance of the matters being discussed in London between Foreign Ministers Lloyd and Pineau, the President has asked Secretary Dulles personally to take part in the concluding period of their talks, in which the United States is also represented by Deputy Undersecretary Murphy."

Selwyn Lloyd is Britain's foreign minister. Christian Pineau is the French foreign minister.

Asked whether Dulles would leave for London immediately, Snyder referred questioners to the State Department.

Earlier, Sen. Mansfield (D-Mont) proposed that the United States protest the canal seizure to the United Nations General Assembly and the World Court.

Describing the seizure as "clearly illegal," Mansfield said the situation is "pregnant with danger to world peace." Mansfield is a member of the Senate Foreign Relations Committee.

In a separate interview, Chairman Richards (D-SC) of the House Foreign Affairs Committee said his group will investigate the Suez crisis in September as part of its study of the foreign aid program.

Richards, too, said the Mediterranean crisis is a "great danger" to peace. He said, however, "there is no doubt as to Egyptian President Nasser's right to nationalize the canal, subject to treaty obligations."

"But any effort on his part to impede traffic or trade on the canal, in view of its importance, could bring very serious repercussions," Richards declared.

Mansfield said he hopes Europe, which now gets about 90 per cent of its oil from the Middle East, will step up the volume of its imports from the Western Hemisphere, particularly the United States and Venezuela, without delay.

He said he hopes quick consideration will be given suggestions that tanker traffic be routed around the Cape of Good Hope instead of through Suez — "even though this would be longer, slower and more expensive."

2 Black Bears To Be Exchanged For Steer

KNOXVILLE (AP) —Two Smoky Mountains black bears left Knoxville today en route to their new home at Greenville, Tex.

The bears will be swapped at Memphis tomorrow for a Texas Longhorn steer.

The Junior Chamber of Commerce at Greenville proposed the trade. Knoxville Jayces consulted, the zoo.

Zoo officials readily agreed to the swap, asserting the steer would require less food than the bears. So tomorrow on Crump Bridge spanning the Mississippi at Memphis, the Texans will hand over their steer for the two bruins.

Election Is Slated Today In Louisiana

NEW ORLEANS (AP) — Louisiana Democrats, nominating their eight congressmen, will show Gov. Earl Long today how much vote power he has kept since his smashing victory last January.

The 60-year-old Long, who polled more votes than his four opponents together in the governor's primary, has personally stumped through southwest Louisiana in an attempt to defeat Rep. T. A. Thompson up for re-election.

Polls opened at 6 a.m. A light turnout was expected. The polls close at 8 p.m.

The governor also is backing primary opponents of Rep. Otto Passman in the 5th District but has not campaigned against Passman.

The governor's nephew, Sen. Russell Long, is unopposed for Democratic nomination, which in this Deep South state means election.

Also unopposed are Reps. F. Edward Herbert in the 1st District and Edwin Willis in the 3rd.

Long calls Thompson a "smart aleck," implies the congressman did not support him last January and tells 7th District voters to vote for anybody else.

In this race "anybody else" means State Rep. Horace Lynn Jones, State Rep. Kenneth Deshotel or Raymond Guillory.

The rest of the congressional races have been quiet. They include:

2nd District — Rep. Hale Boggs, seeking a sixth term, is opposed by John H. Rhinehart.

4th — Rep. Overton Brooks, seeking an 11th term, is opposed by Mrs. Sophie Thompson.

6th — Rep. James H. Morrison, seeking an eighth term, is opposed by C. Alvin Tyler.

8th—The governor's older brother, Rep. George Long, seeking a third term, is opposed by Richard E. Walker.

Passman's opponents in the 5th District are Dist. Atty. Ragan Madden and Mrs. Guy Alford, mayor of Columbia.

LEADER OF CLIMBERS HURT—Carl Schnoor, 20, (center), of Portland, Ore., was one of the leaders of the group of teen-agers that fell into a crevasse on the slopes of Mt. Hood. One girl was killed and 18 hurt in the mishap. Schnoor suffered a broken back. Two members of the rescue crew aid him at Timberline Lodge, Oregon.

AREA OIL ROUNDUP

Strike Logged In South Garza

Neville G. Penrose and R. S. Anderson have developed a good flow of oil in South Garza County from the middle Strawn section in their No. 1-X Miller, wildcat.

The prospector was tested 56 minutes in the section from 7,610 to 7,635 feet. Gas surfaced in seven minutes, mud in 25 and oil in 29. The striked flowed at estimated rate of 40 barrels of oil hourly during the last 27 minutes of the test.

Circulated out was a full string of oil, and recovery from below the circulating sub was 270 feet of heavily oil and gas-cut mud. No water developed.

Drilled to the lower Strawn and tested 90 minutes in the section from 7,705 to 7,735 feet, the project returned 90 feet of drilling mud, 90 feet of mud-cut salt water and 1,094 feet of gas-cut salt water.

Another test was underway at 7,760 feet in Strawn lime.

Location is 660 feet from north and west lines of section 39, block 6, H&GN survey, three miles west of Justiceburg.

Sunray Mid-Continent Oil Co. announced location in Northwest Garza County for a 4,000 - foot Clear Fork wildcat.

It is No. 1 Carl E. Rains, 330 feet from south and east lines of [illegible] 24, block D-19, D&SE survey, seven miles east of Southland.

Forward Oil & Gas Co. of San Angelo spotted a 2,350 - foot Clear Fork wildcat three miles southeast of Westbrook in West Mitchell County.

It is No. 1 Effie M. Wright, 2,310 feet from north and 660 feet from west lines of the east half of section 13, block 28, T-1-S, T&P survey, 3⅝ miles southeast of the Dockery (Clear Fork) field.

Another Fusselman oil well has been completed in the Big Spring (multipay) field of Central Howard County.

It is Phillips Petroleum Co. No. 2-B Johnie, finaled for a 25-hour flow of 210 barrels of oil, plus from four to 10 per cent basic sediment and water, through a 24-64-inch choke and perforations from 9,533 to 9,546 feet.

Gravity of the oil was 48.8 degrees, and gas - oil ratio was 1,147-1. Tubing pressure was measured at 100 pounds.

Wellsite is one location southeast of Fusselman production, 2,006 feet from south and 660 feet from west lines of section 7, block 31, T-1-N, T&P survey, five miles northeast of Big Spring.

Storage tanks were being installed Monday at J. C. Williamson and Ed F. Alstrin of Midland No. 1 Buchanan, Central Howard County wildcat.

Operators tested the Fusselman section through perforations from 9,570 to 9,596 feet on swab. During a nine-hour test, the project returned 123 barrels of oil, cut 25 per cent formation water.

Location is 660 feet from south and east lines of section 13, block 32, T-1-N, T&P survey, five miles northeast of Big Spring.

Four Slated For Induction On Aug. 24

Four men have been scheduled for induction Aug. 24 by the Scurry-Nolan-Fisher County Selective Service Board.

These include one Snyder man, Harold Dean Cain, 1912 Avenue R. Also to be inducted are Edwin Derle Rudd and Norman David Baxter, both of Sweetwater, and Billy Hugh Ray of Hamlin.

Registrants who are to report for pre-induction physical examinations include John Benitez, James Kenneth Crook, and Charles L. Bare, all of Snyder, Billy James Wesley Waddell of Roby, Billy Gene Bridges and Lornzo Gomez Ramirez of Rotan, Guy Albert Birmingham of Groves, Lowell Douglas Browning of Waco, J. D. Snyder, Daniel Byron Whorton, Bill Franklin Clendennen, and Monzella Leon Dubose, all of Sweetwater; Thomas Eugene Thompson and Alfredo Charles of Roscoe, James Oran Doggett of Blackwell, and Paul David Gilbert of Sundown.

The board said the Texas draft call for September will be 687 men, and these calls are scheduled to be mailed today.

The selective service board warned young fathers that they must advise their local boards about birth or expected birth of children. By law, a draft board considers a man childless unless he provides the board with the facts.

Baer Acquitted By Court Of Charges

VAN NUYS, Calif. (AP)—A jury has acquitted former boxer Buddy Baer of one count of child molestation and another of lewd vagrancy. Two other charges of child molestation were dismissed earlier yesterday by Judge Kenneth L. Holaday on motion of Baer's attorney.

The charges against the 41-year-old actor, singer and brother of former heavyweight champion Max Baer, was brought by two 10-year-old girls and one 12 years old.

Baer denied the charges throughout the trial and maintained it was a case of mistaken identity. He testified he was working on a television film the afternoon of June 27, when the offenses were alleged to have occurred. James R. Nichoson, an assistant director, corroborated Baer's testimony.

Daily Oil Production Drops 11,400 Barrels

TULSA (AP)—Daily average oil priducting dropped 11,400 barrels to 7,101,950 during the week ended July 28, mainly because of a 17,400-barrel decline in Oklahoma, the Oil and Gas Journal said today.

Oklahoma's average was 585,500 barrels.

The journal's estimate of 1956 U.S. production rose to 1,502,563,370 barrels compared to 1,412,013,671 a year ago.

Losers included Arkansas 400 to 76,200; Louisiana, 200 to 785,950; and New Mexico, 100 to 237,425. Colorado was up 1,300 to 167,100.

Production was unchanged in Texas at 3,001,800 barrels.

Dallas Asks Court To Hear Integration Case

DALLAS (AP)—The Dallas School District asked the U.S. Supreme Court yesterday to hear its school integration case.

The suit was filed by the National Assn. for the Advancement of Colored People in September after the district denied parents of 27 Ngroes permission to enroll their children in white schools.

Federal Judge William Watwell ruled that the Dallas schools may remain segregated pending formulation of plans to carry out integration ordered by the Supreme Court. The 5th Circuit Court of Appeals threw out the ruling and returned the case to Atwell's court for a new trial.

Soil Bank Signers

STILLWATER, Okla. (AP) — The new soil bank program has attracted more than 16,000 signers among Oklahoma farmers, officials said today. The deadline is Friday.

Dump-Nixon Drive Pushed By Stassen

WASHINGTON (AP)— Harold E. Stassen resumed his "Dump-Nixon" campaign today—even before taking leave of the White House staff.

And the Republican high command, almost simultaneously, said the GOP convention should be completely "open" with Stassen free to nominate anybody he likes as President Eisenhower's running mate.

These were the main developments in the move by Stassen, Eisenhower's disarmament aide, to knock Nixon off the ticket and replace him with Gov. Christian A. Herter of Massachusetts.

Stassen, granted a four- week leave starting day after tomorrow, told the National Press Club that Nixon's name on the ticket "will detract millions of votes from the very broad popularity of the President."

And just a short time before Stassen was scheduled to speak, GOP National Chairman Leonard W. Hall—a staunch backer of an Eisenhower-Nixon ticket— voiced willingness for Stassen or any convention delegate to "place any name he desires in nomination for the vice presidency."

In a statement issued shortly after he called at the White House, Hall added:

"I am sure the convention will weigh all factors carefully and come to a wise decision so that we can proceed with the fundamental business of electing a Republican administration and a Republican Congress, which is what I am interested in."

Stassen spoke before a crowded luncheon at the National Press Club.

Stassen's claim, in a prepared speech, that Nixon would cost "millions of votes" to the Republicans constituted his bluntest criticism yet of the vice president. Stassen put it this way:

"No one has denied that the name of the present vice president on the ticket will detract millions of votes from the broad popularity of the President.

"No one has denied that Gov. Chris Herter is a man of greater experience and proven ability and is not a controversial figure and will not detract from the President's vote."

Defying the storm of criticism aimed at him since launching his Herter boom eight days ago, Stassen said he "in all humility," had this message for Republican headquarters leaders:

"Punish me if you wish. I expected it and am ready for it."

The former Minnesota governor did not elaborate on this point but he noted "the heaviest barrage of high-level criticism" hurled at him has subsided.

Stassen challenged Republican organization leaders and delegates to the GOP convention to check public sentiment in their areas—as he said he has done—to compare Nixon's and Herter's vote appeal. He suggested each "select a precinct of the type that swings in the balance in a campaign" and canvass 100 voters.

Stassen said he is sure this could be done during one afternoon and evening before the Republican convention begins in San Francisco Aug. 20.

"Ask the voters their views of President Eisenhower's record and policies," Stassen said.

"Then ask their views on the vice presidential nomination, then ask if the vice presidential nomination will affect their votes on the nomination."

Stassen insisted he holds "no ill will" toward any of his critics, neither Republican Chairman Leonard Hall nor Nixon.

Bids On Turnpike

OKLAHOMA CITY (AP)—Bids for final construction on the new Will Rogers Turnpike from Tulsa to near Joplin, Mo., were opened by the Oklahoma Turnpike Authority today.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 7,300; calves 2,000; slow; good and choice stockers steady 16.50-19.50; good and choice steer calves 17.50-19.50; heifer calves 17.50 down. Other classes untested.

Hogs 1,000; steady to 25 higher, choice 17.00-25.

Sheep 3,700; steady; good and choice lambs 18.00-21.00; stockers 14.00-15.50; ewes 4.50-5.50.

AUSTIN (AP) — Poultry steady; East and South Texas 2½-3 lo [illegible]. Waco 20-20½. Corsicana [illegible] plant - 21½.

NEW YORK (AP) — Cotton was 40 to 70 cents a bale higher at noon today. October 32.40, December 32.59, March 32.58.

Discontent In China Is Told

HONG KONG (AP)— Labor discipline on Red China's collective farms is just a little tough and there is serious discontent among the members, the Peiping People's Daily reports.

This is the official paper of the Chinese Communist party. It said punishment for trivial infractions on the farms has cut productive efficiency.

"Work in agricultural cooperatives is falling behind more than ever," it said. "It is obvious that cooperatives will soon be reuined if members are continuously punished with these regulations."

The troublesome regulations include:

"One who does not report that his work is delayed must turn out 30 per cent more than his original quota of work.

"Workers who quarrel on the job will be punished."

"One who is absent from a meeting will be punished."

"One who does not express his opinion openly and talks in secret will be punished, and if the violator is a — Communist — party member, a member of the Youth Corps, a team leader, or a section chief, he will be doubly punished."

George Parr Wins Race

SAN DIEGO (AP)— George Parr has defeated three candidates for sheriff of Duval County. He received 2,707 votes to a combined total of 2,568 for three opponents in complete unofficial returns from Saturday's primary.

The South Texas political leader received 640 of the 943 disputed absentee ballots counted yesterday, enough to keep him out of a run-off with Sheriff J. P. Stockwell, the Freedom Party candidate.

Parr is free under $7,500 bond on a charge of threatening County Commissioner Thomas Molina, who won re-election as an anti-Parr candidate.

Old Party candidates, backed by Parr, receiving majorities of about 5 to 1, also won contests for school superintendent, Democratic county chairman and one commissioner's post.

Death Penalty Given To California Slayer

SANTA ANA, Calif. (AP) — The death penalty is decreed for John Tipton, 20, for the knife murder of Mrs. Oleta Hatcher Johnson, 18, in her trailer court home March 28.

Judge Robert Gardner pronounced sentence yesterday. Mrs. Johnson had come to California from Houston to marry her common law husband, Pvt. Harold Johnson, 19.

Veterans Go Fishing

FREEPORT (AP)—Some 100 disabled veterans went on a deep sea fishing trip today. The veterans, mostly from Brook General Hospital at San Antonio and the veterans hospitals at Temple and Houston, were taken on a trip sponsored by the Veterans of Foreign Wars Post of Brazosport and six other civic organizations.

Report Given On Weapons Development

WASHINGTON (AP) — The United States is developing various types of atomic and hydrogen weapons based on "new principles" and is expanding its plants to be ready to turn them out in quantity.

This was disclosed today by the Atomic Energy Commission in its semiannual report to Congress covering the six months ended June 30. During this period, the AEC said, there was progress in every principal aspect of the nation's atomic energy program.

The AEC disclosed also that this nation has now become "the free world's leading producer of uranium ore"—having taken the production lead from another country during the last six months. The AEC declined to say which country, but presumably it was Canada or the Belgian Congo.

As for weapons, the AEC said its two weapons research laboratories—one at Los Alamo, N.M., and the other at Livermore, Calif.—were "working on new principles" and that, as a result, "the United States' family of weapons in various stages of research, development, and production engineering, is increasing rapidly."

At another point the AEC added: "The emphasis in the military applications program during the last six months was upon research and development related to expanding the categories of nuclear weapons, including those intended primarily for defense."

Other points made by the report:

1. "Notable progress" was made "toward designing, constructing and operating nuclear power reactors to generate economically competitive electricity in the United States." The report offered no estimates of when such competitive power would be achieved.

2. Construction of a second nuclear-powered submarine, the Seawolf, "neared completion."

3. Research and development toward perfecting atomic-powered aircraft "progressed satisfactorily."

4. Research designed to harness the H-bomb reaction so that it could be used as a source of peacetime industrial power "went forward" in five different laboratories.

5. New methods were developed during the last six months "for using atomic energy products and techniques to treat concers."

Since 1659, the Spanish town of Llivia has been an island in France, connected to Spain by a neutral road, says the National Geographic Society.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS: Rose Davis, General Delivery; Mrs. Clee Tippen, Box 152; Dean Howard 3201, Avenue H; Cliford James, Knapp; B. D. Townsend, Box 934.

DISMISSALS: Mrs. Gene Richardson and baby, 3108 Avenue V; Hood Parker, Route 3; J. E. Hardy, Route [illegible]; Mrs. [illegible] Horbrook, Snyder; Mrs. F. M. Richardson, Snyder.

COGDELL MEMORIAL

ADMISSIONS: Beverly Ainsworth, Big Lake; Raymond Phipps, 1105 Thirty-third Street; Garry Gallman, 3726 Avenue U; Julia Forsythe, Beaumont; Anna Sears, 3818 Holland Drive; Rhea Maynard, Route 2.

Governor: Price Daniel 620,10. Haley 289,887. Holmes 10,610. Lee O'Daniel 343,724. Senterfitt 37,757. Yarborough 458,410.

Lieutenant governor: Aikin 374,180. Johnson 148,980. Ramsey 640,131. Smith 217,148.

Attorney general: Carlton 126,773. Hill 78,994. Moore 470,304. Wilson 650,947.

Agriculture commissioner: Barber 231,205. Jones 274,500. White 736,168.

Congress-at-large: Dies 869,964. Elkins 419,066.

Land commissioner: Price 594,339. Rudder 627,54.

Criminal Appeals: Morrison 651,703. Owens 547,660.

Supreme Court: Hughes 588,844. Norvell 600,168.

State treasurer: Harding 517,177. James 782,103.

School segregation: For 782,693. Against 227,479.

Against intermarriage: Approval 798,039. Against 203,295.

Interposition: For 772,295. Against 180,427.

Wheat Excess Brings Rinks Into Canada

REGINA, Sask. (AP) — The world surplus of wheat is bringing ice rink buildings to about 50 towns on the Canadian prairies—largely at taxpayer's expense.

Nearly all the rinks, designed for skating and the game of curling, are now filled to the rafters with wheat. Eventually skaters and curlers will take over.

Without the wheat congestion, the rinks probably would never have been built. The communities involved simply couldn't afford them.

Southey is a town of 450 persons about 35 miles north of Regina. The rink venture there was explained by Fred McIlmoyl, secretary of the Southey Community Grain Storage Cooperative.

The co-op was formed last fall, following a meeting of about 12 farmers and town merchants. It borrowed $46,000.

"We sold shares for $20 cash or $1 and $19 worth of labor and our main object was to get the labor donated," McIlmoyl said.

The Saskatchewan wheat pool has guaranteed the co-op 18 months' storage at $1,000 a month and likely will continue the contract beyond that time. The rink shareholders are hoping the pool can keep the wheat in storage long enough to pay for the project. Meanwhile, the youngsters will be skating on frozen sloughs.

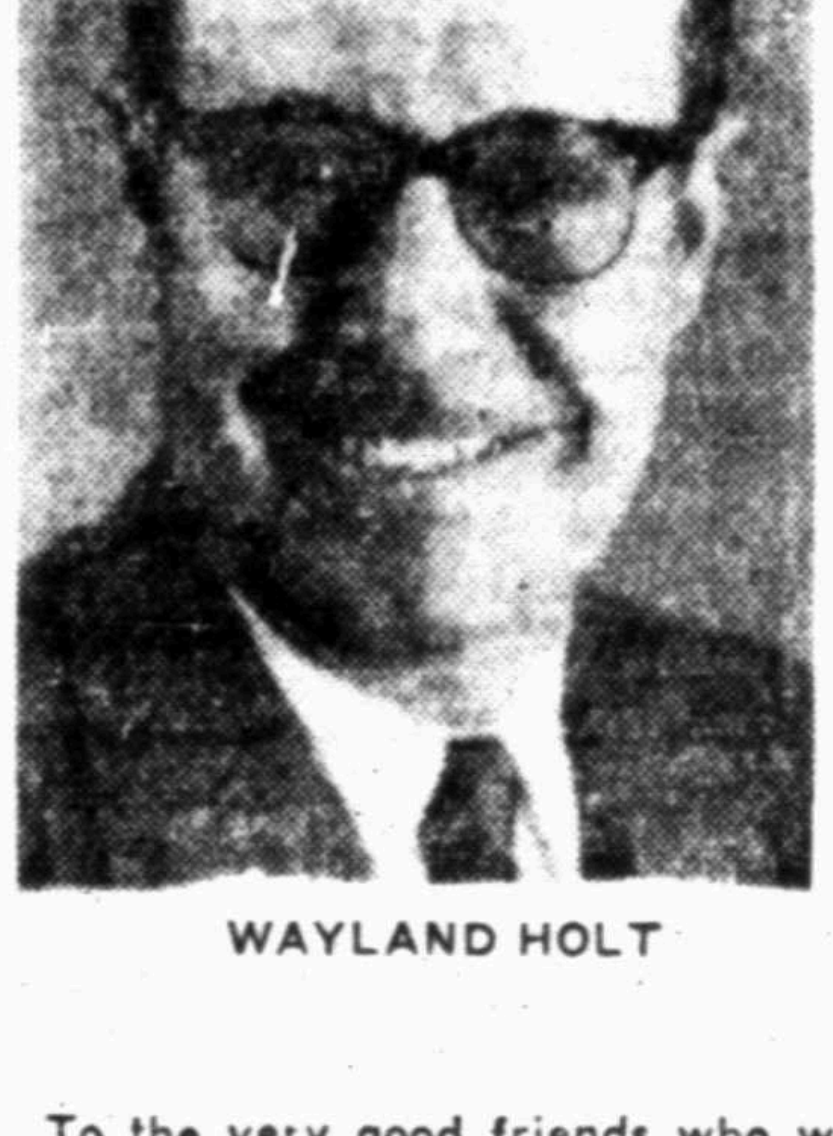
Firemen Are Asked For Dumas Donations

FORT WORTH (AP)—All firemen in the state were asked yesterday to donate to the families of firefighters killed Sunday in the Dumas oil tank explosion. Ten of the 19 dead were volunteer firefighters.

"Each department in Texas is requested to contribute a sum that represents not less than $1 for each man in the department," Mason Lankford of Fort Worth, vice president of the Texas Firemen's Assn., said. "These volunteer departments have no funds to care for dependents."

Dow Strike Talks

FREEPORT (AP)—Dow Chemical officials and leaders of the striking operating engineers union met again today. Pickets were set up at the plant July 7, idling 4,000 workers.



WAYLAND HOLT

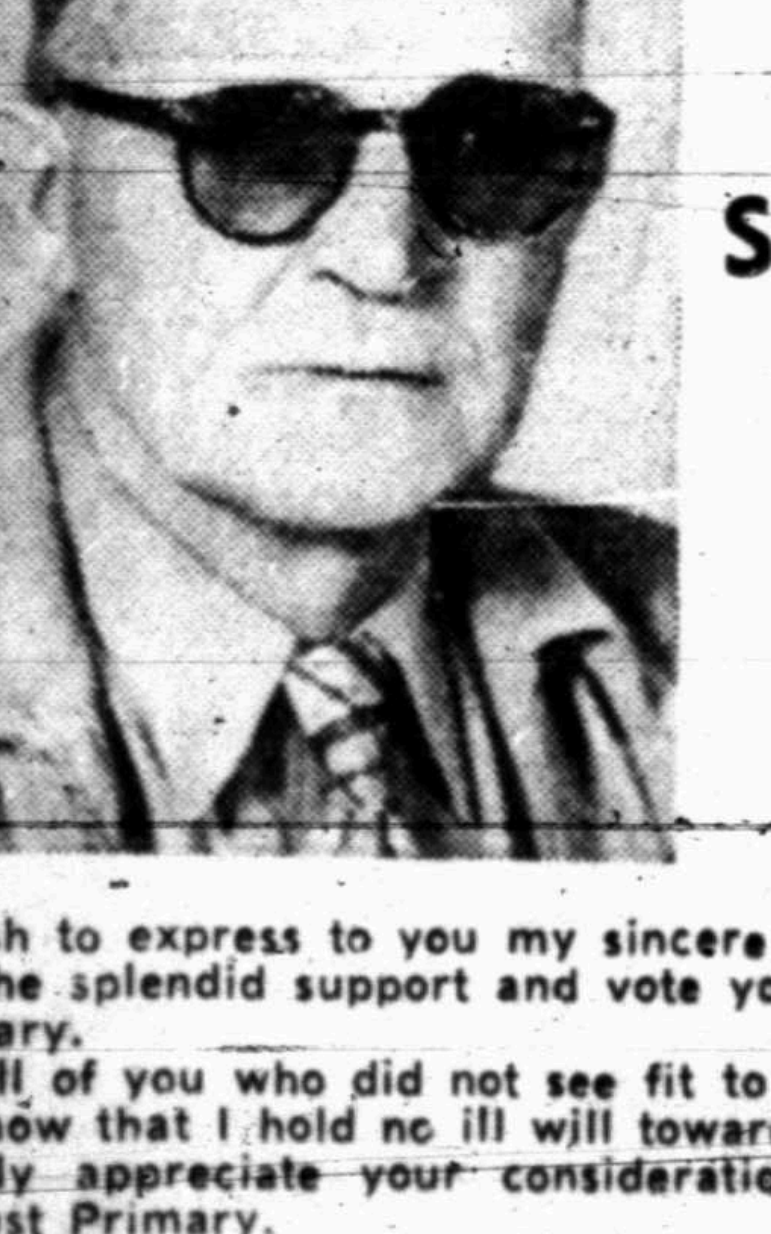
Dear Friends:

To the people of Scurry and Borden Counties, I wish to take this opportunity to expres my sincere appreciation for the splendid support you gave me in the election last Saturday. I am humbly and deeply grateful for the confidence you showed by the vote you cast for me.

To the very good friends who were so loyal and who worked diligently in my behalf, I will ever be grateful and will never be able to properly express my appreciation.
To one and all, I sincerely solicit your support in the Second Primary election on August 25.

Sincerely
Wayland Holt

(Paid Pol. Adv.)



To My Friends of Scurry County and Especially Precinct I

I wish to express to you my sincere thanks and appreciation for the splendid support and vote you gave me in Saturday's primary.
To all of you who did not see fit to vote for me I want you to know that I hold no ill will toward you, whatsoever. I will deeply appreciate your consideration in my behalf in the August Primary.
To all of you I say thanks, again.

Sincerely
T. B. Knight

(Paid Pol. Adv.)

Thanks!

I want to thank everyone for their loyalty in coming out to the polls to vote for the man of their choice. And, I wish to thank all my opponents for their friendliness and the clean campaign that was conducted in the primary election.

Thanks Again
L. L. (Pat) Moore

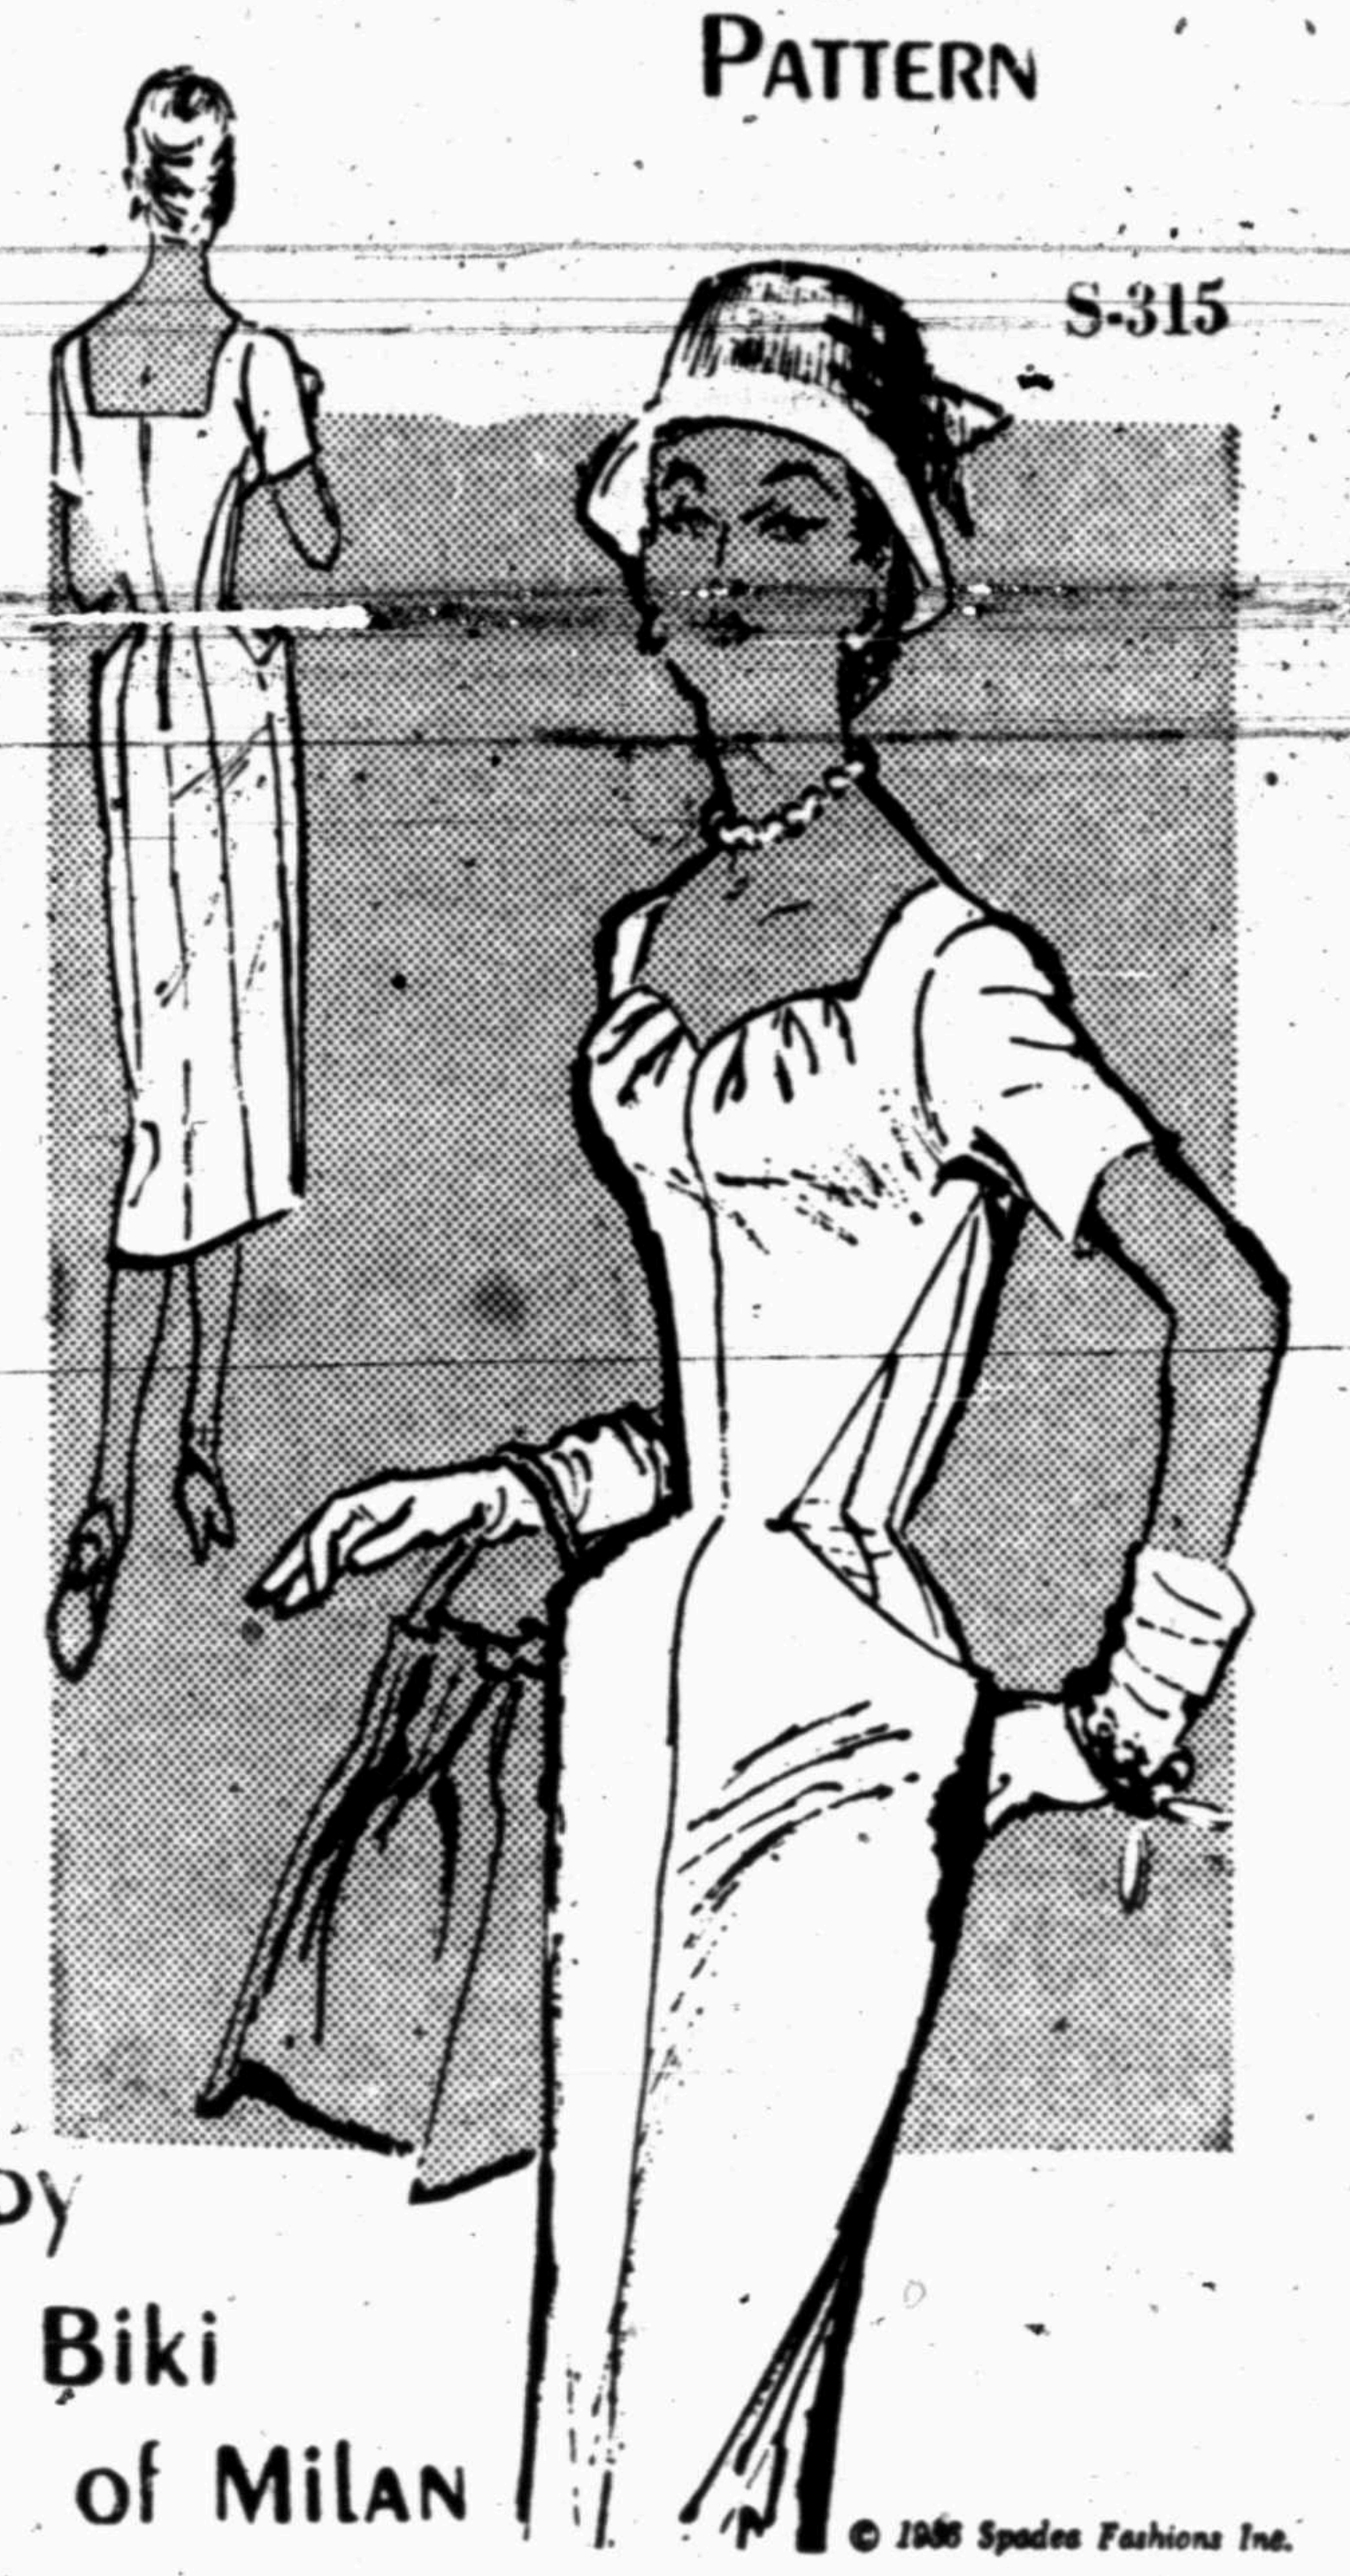
WOMEN

Spadea's International Designer Pattern

S-315



By Biki of Milan

© 1956 Spadea Fashions Inc.

A little dress loaded with style is this Biki model with its typical Italian use of feminine detail. The binding on the shaped neckline tops released inverted pleats which give lovely form to the bodice, further accentuated by seams that cut deeply into the waist then open out into peg pockets. Although the cut is definitely haute couture, even a beginner will find the pattern easy to make since it is cut by hand and carefully perforated for accurate matching. Choose cotton, broadcloth, pique, linen, shantung, faille or crepe. For fall, repeat it in sheer wool, imported silk or other novelty fabrics. Size 12 requires 3¾ yards of 39-inch material for dress. To order Pattern No. S-315, state size, enclose $1.00. Airmail handling requires 25c extra. Address International Designer Patterns, P.O. Box 993, G.P.O., Dept. SX-13, New York 1, N.Y. 96 page Pattern Book "B"—50c. If paid by check add 4c.

NEWS FROM DUNN

By ELWANDA STEWART

Mr. and Mrs. N. A. Billingsley Jr. of Abilene visited Mr. and Mrs. N. A. Billingsley Thursday.

Mr. and Mrs. John Brown made a business trip to Colorado Thursday.

Mr. and Mrs. Buddie Buck and children visited her parents, Mr. and Mrs. Adrain Harvey, Wednesday.

Mr. and Mrs. John Pitner of Snyder visited Mr. and Mrs. W. J. Fuller Sunday.

Mr. and Mrs. J. R. Cantrell and children visited Mr. and Mrs. Oliver McDonald in Midlothian, Sunday, and Mr. and Mrs. Bill Cantrell in Goldsmith, Tuesday. Darlene Cantrell is spending this week with Mr. and Mrs. McDonald.

Mrs. Lois Reed, Carol and Jimmy of Odessa visited Mrs. Reed's mother, Mrs. W. E. Wade, this week.

Mr. and Mrs. Hugh Brown and children of Roanoak visited Mr. Brown's parents, Mr. and Mrs. Walter Brown, last week.

Mr. and Mrs. Jeff Brown and children of Big Spring visited Mr. and Mrs. Dewey Denson and Mr. and Mrs. John Brown Saturday.

Mr. and Mrs. Leslie Stewart of San Antonio and girls visited Mr. and Mrs. James Stewart Sunday.

Hadden Jones of Snyder visited his parents, Mr. and Mrs. D. D. Smith, Monday.

Rita Johnston of Snyder visited Mr. and Mrs. Marcus Johnston Friday.

Jimmy Stewart is spending this week with his grandparents, Mr. and Mrs. Jess Rogers, in Snyder.

Mr. and Mrs. John Brown and Bobby left Monday for a vacation trip to Ruidoso.

Mr. and Mrs. Mason Richburg and children of Abilene and J. W. Richburg of Loraine visited Mr. and Mrs. N. J. Richburg Sunday.

Mrs. Van Hooker of Teneha visited Mr. and Mrs. Perry Echols last week.

Mrs. Ruby Wedgeworth of Carthage visited Mr. and Mrs. Tom Echols Monday.

Mr. and Mrs. Marion Hays visited his mother, Mrs. Earl Hays in Clyde Friday.

Business Ideas Good But Their Ethics Bad

DALLAS (AP) — Two 9-year-old boys and their 14-year-old companion were released by police after they told officers they stole tropical fish from a school "because we wanted to go in business with tropical fish and make a 100 per cent profit."

They were told their ideas on the free enterprise system were good, but their ethics were bad.

Hearty luncheon salad: tomatoes stuffed with cottage cheese (creamstyle) and bits of anchovy. Garnish the tops with a sprinkling of paprika and a caper-rolled anchovy. Serve in lettuce cups.

Easy-on-the-cook picnic: take along bread and small containers of sandwich spreads. Everyone makes his own sandwich.

To The Voters of Scurry County

Thanks for the splendid vote of confidence you gave me in last Saturday's Primary election. I will make every effort to justify your confidence in me and my ability.
I also thank Phil Burns for the clean race he ran, and the voters who voted for him, because he worked hard and deserved the support he got. I will make myself available at all times to serve you, and will appreciate your suggestions and assistance in improving the service rendered by the office.
Thanks to all the good people who worked in my behalf. I appreciate all the encouragement given me and the courtesies shown me during my campaign, and I am grateful for the fact that every where I went, I was well treated.
Thanks again, and your continued support will be gratefully received.

Reunion Is Held Here By Ira Senior Class Of '55

The first reunion of the Senior Class of 1955 of Ira High School was held Saturday night in the Towle Memorial Park.

Six members of the class were present. Those attending and their guests were Leon Ford, class president for four years, and his wife, Sue Wishert Ford, and Susan; Lawton Taylor and his fiance, Pat McDowell; Carolyn Smith Cox and her husband, Odell Cox; Don Gray and his guest, Barbara Neal; Dixie Lee Kimmel and Mary Nele Mosley, treasure and secretary of the class for four years.

Also attending were Mr. and Mrs. L. M. Dawson, sponsores of the class in 1953 and 1955. Mrs. I. O. Mausin, sponsor for the class trip, was also present.

Other guests included Mr. and Mrs. Manley Burrow, Bill Kimmel and Otis Richardson.

A picnic supper consisting of sandwiches, baked beans, tea, cake, and watermelon was served to the guests.

Three seniors unable to attend were John Mengwasser, vice president of the class; Mrs. Jim Norris, the former Billye Layne; and Mrs. Joe Bob Flowers, the former Joyce Brown.

Griffe Show Has Strong '20's Theme

PARIS (AP)—Loose belts, slotted around the hips, and eyebrow-deep cloche hats gave the Jacques Griffe show this morning a strong flavor of the 1920s or "boy friend" era.

Griffe went further than any other designer with this theme.

But the show was up to the minute with bosom-emphasizing drapwith bosom-emphasizing drapery, the barest necklines possible, and myriad versions of the little black dress said to be the favorite of Marilyn Monroe.

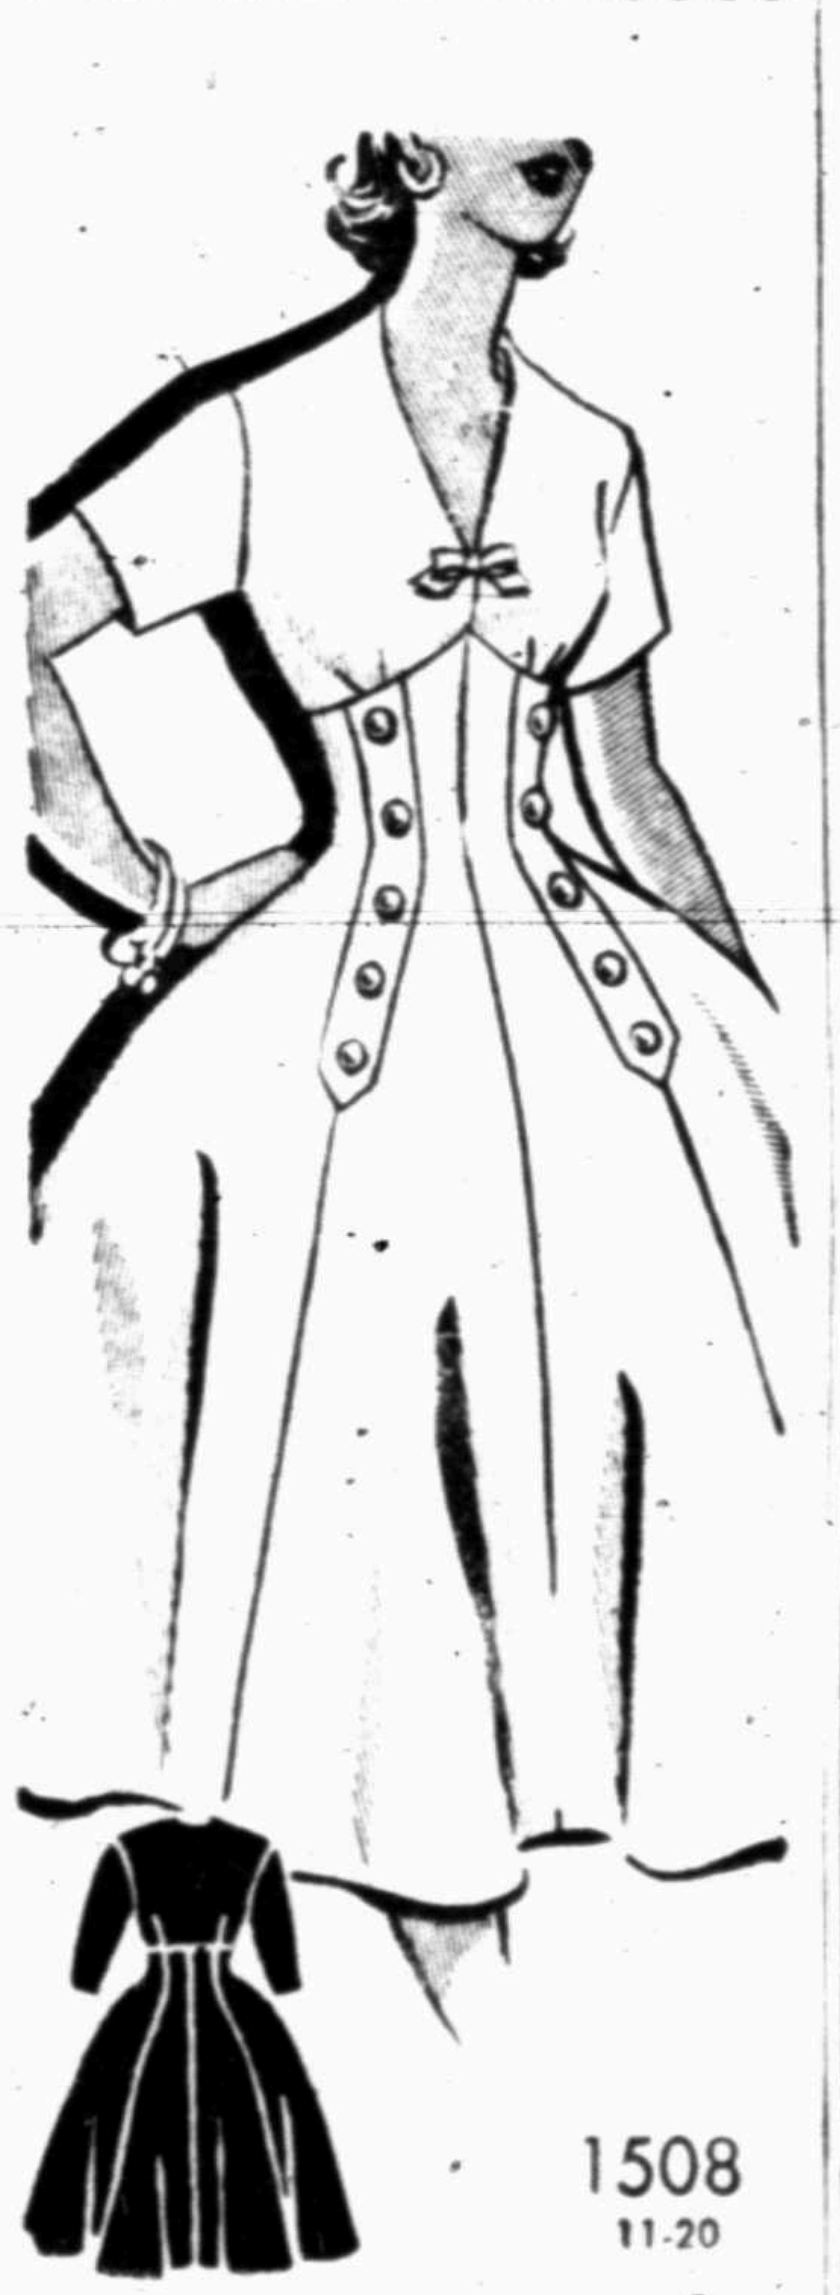
Nearly all the dressmakers presented their collections this season with murmurings about freedom of movement and a natural line. Griffe was no exception.

One of the brightest ideas of his show was the live-shaped skirt—for cocktail time. Charm jewelry turned out to be highly polished chunks of grapevine, set with diamonds or something equally shiny.

Ostrich feather cloches had gentle undulating brims, and there were big floppy satin berets, squashed felt cloches and bejeweled lace cloches.

While some houses like them hippy this year, Griffe likes them hipless. His low belts help along the illusion. But there are quite a few widely flared or gathered skirts tapering to the tiniest possible waistline and shirred bodice, and ankle-length formals that look hooped.

Fit For A Princess



1508
11-20

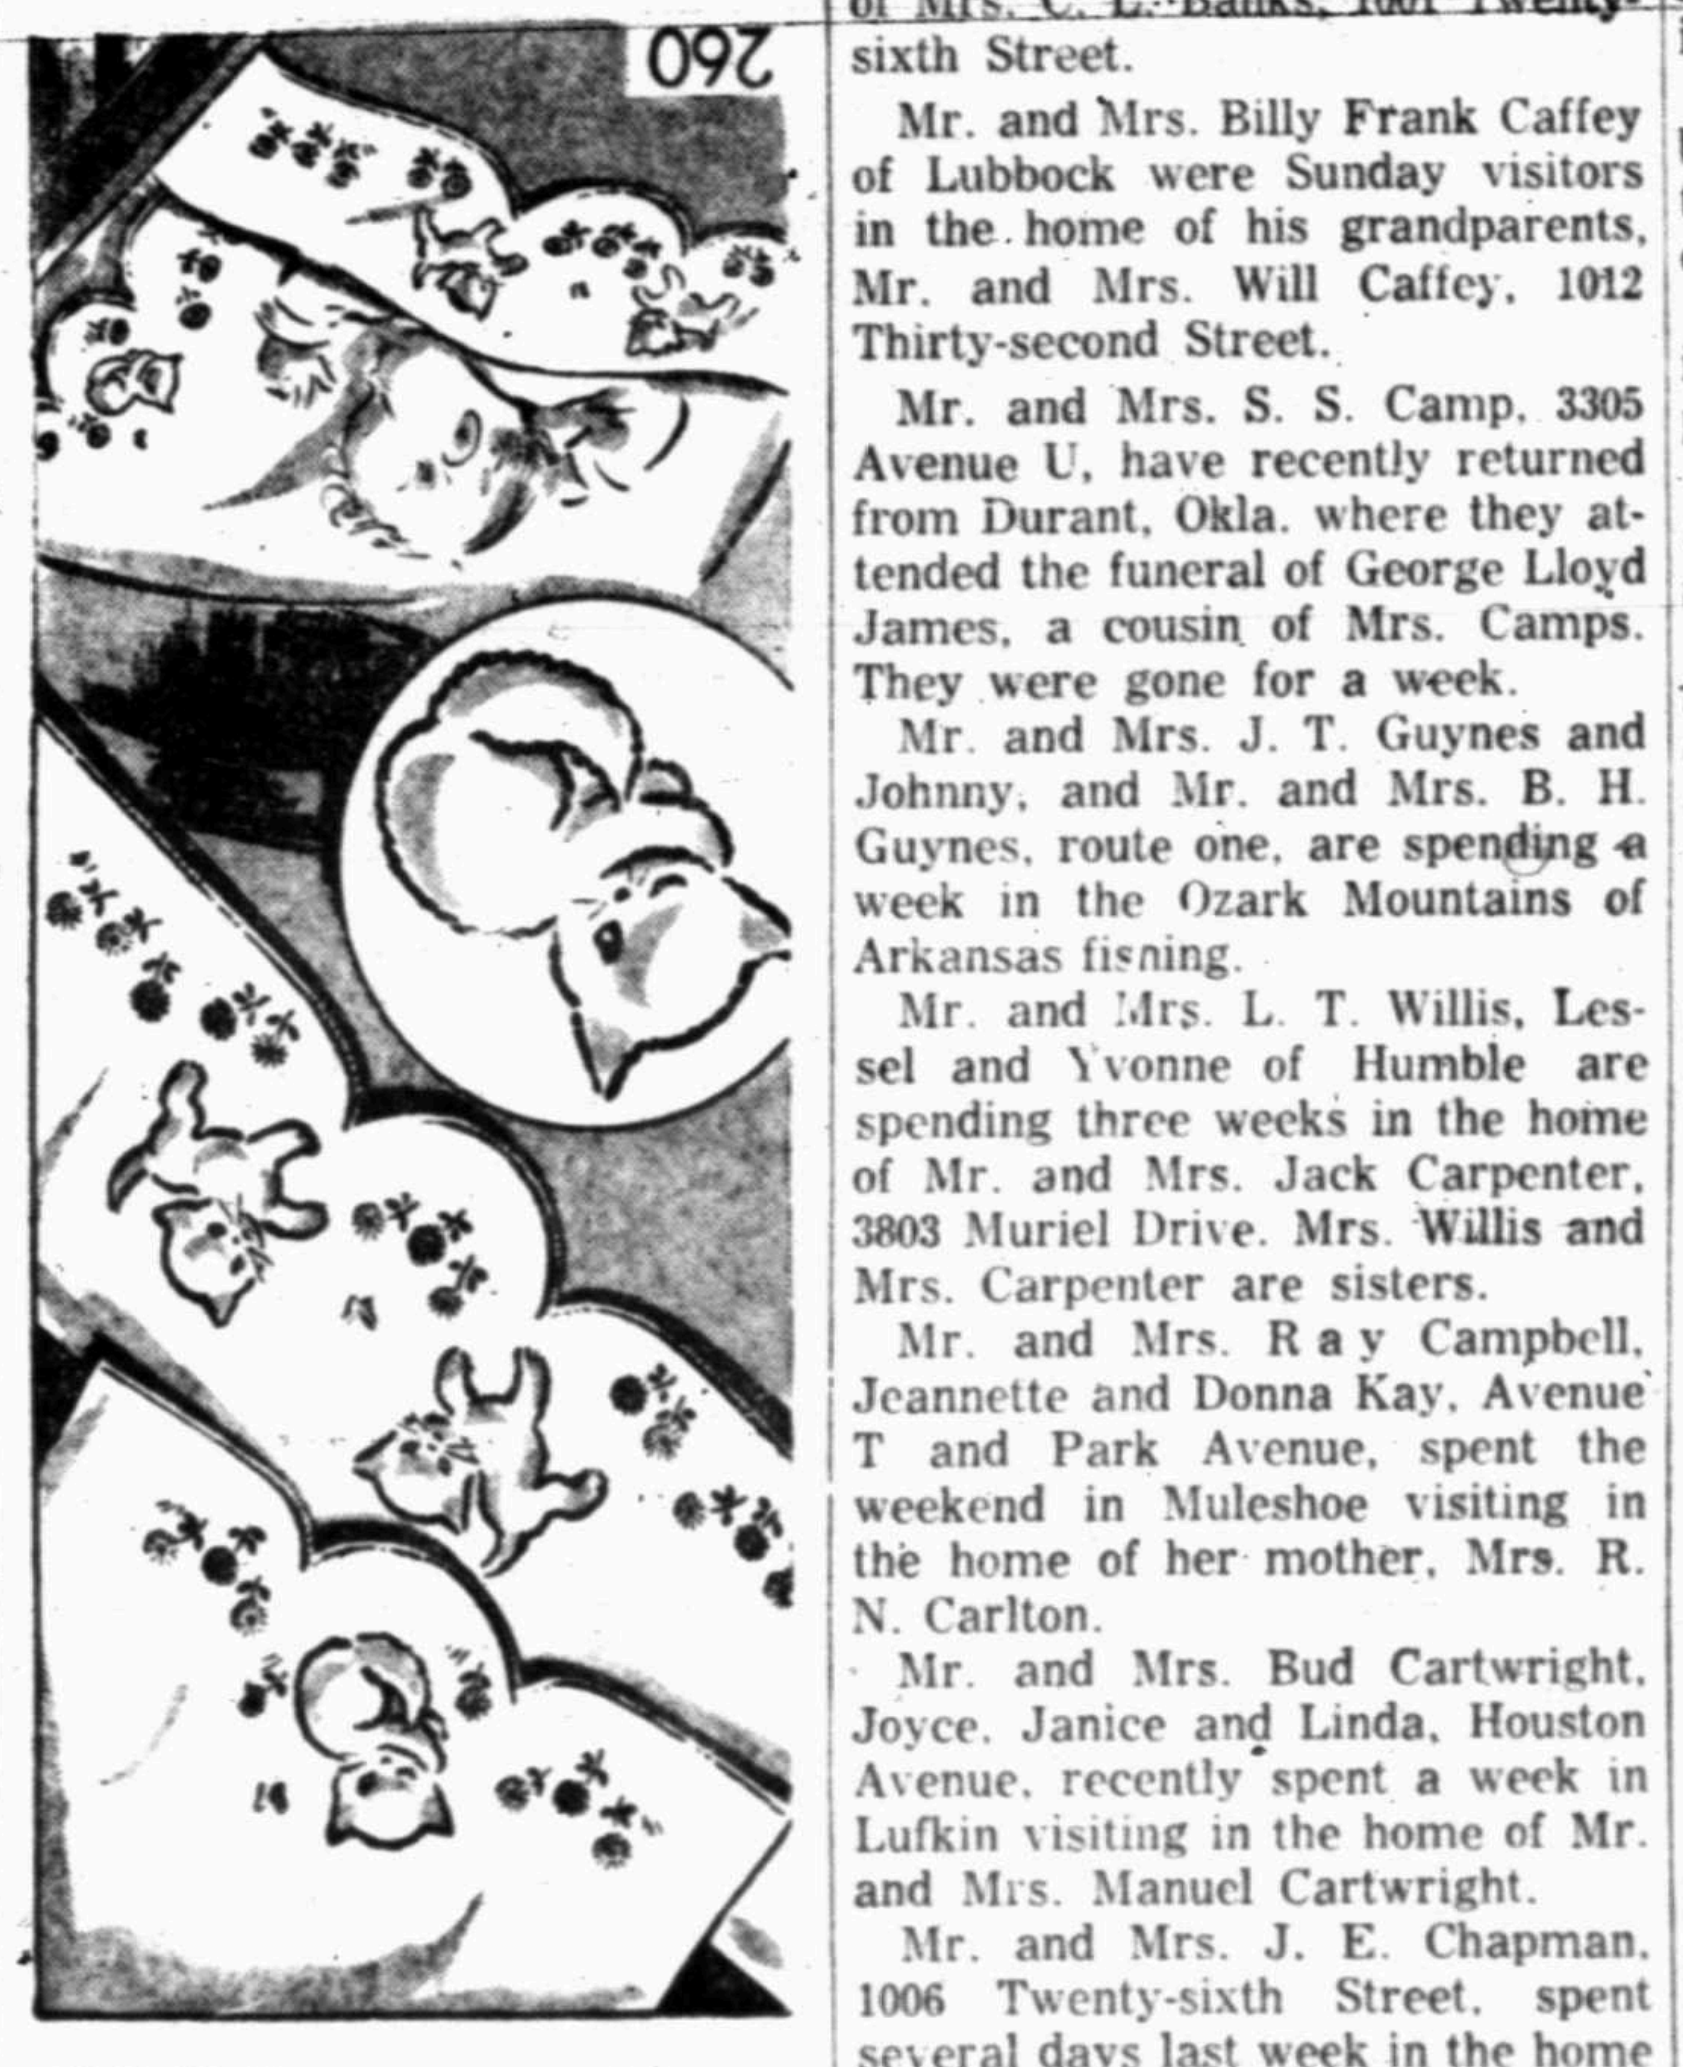
HERE'S news for your fall sewing plans — a striking date dress in a junior mood. Princess lines are sew-simple. Finish with big buttons.

No. 1508 with PATT - O - RAMA included is in sizes 11, 12, 13, 14, 16, 18, 20. Size 12, short sleeve, 5⅜ yards of 35-inch.

Send 35 cents in coins for this pattern to IRIS LANE, Care of Snyder Daily News, Box 438 Midtown Station, New York 18, N.Y.

Some good cooks like to marinate broiler-fryers (cut into piece) in buttermilk overnight. Wnen ready to use, drain, coat with seasoned flour and fry in shallow fat.

For The Nursery!



Delight the youngster with a set of lines embroidered with this cute kitten-daisy design. No. 260 has hot-iron transfer; color chart.

Send 25 cents in coins for this pattern to MARTHA MADISON,, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

WHAT'S GOING ON

Mrs. C. L. Banks, 1001 Twenty-sixth Street, had visiting her over the weekend her neice and husband, Mr. and Mrs. Ira Dozer, and another neice, Mrs. Dock Larue and son, Donnie, of Texarkana.

Mr. and Mrs. W. G. Herring and Sally, 3006 Forty-first Street, and Mr. and Mrs. Bill Herring and Cheryl of Abilene have returned home from Houston where they attended the funeral of Mrs. Herring's aunt, Mrs. Ernest D. Smith. They were met in Houston by their son, George, who had been visiting in Texarkana.

Sunday guests in the home of Mr. and Mrs. Weldon Brooks, 3200 Avenue A, were Mr. and Mrs. Jack Brooks of Hobbs, N. M. and Sgt. Paul Brooks of Lubbock. They are both brothers of Weldon.

Mr. and Mrs. T. F. Bryce, 1707 Avenue R, are having as their guests, Mrs. James Israel, Mary Ann, Shirley Kay, Irene and Paula Jean of Odessa. Mrs. Israel is the daughter of the Bryces.

Mrs. Zla Hawkins of Colorado City spent last week in the home of Mrs. C. L. Banks, 1001 Twenty-sixth Street.

Mr. and Mrs. Billy Frank Caffey of Lubbock were Sunday visitors in the home of his grandparents, Mr. and Mrs. Will Caffey, 1012 Thirty-second Street.

Mr. and Mrs. S. S. Camp, 3305 Avenue U, have recently returned from Durant, Okla. where they attended the funeral of George Lloyd James, a cousin of Mrs. Camps. They were gone for a week.

Mr. and Mrs. J. T. Guynes and Johnny, and Mr. and Mrs. B. H. Guynes, route one, are spending a week in the Ozark Mountains of Arkansas fishing.

Mr. and Mrs. L. T. Willis, Lessel and Yvonne of Humble are spending three weeks in the home of Mr. and Mrs. Jack Carpenter, 3803 Muriel Drive. Mrs. Willis and Mrs. Carpenter are sisters.

Mr. and Mrs. Ray Campbell, Jeannette and Donna Kay, Avenue T and Park Avenue, spent the weekend in Muleshoe visiting in the home of her mother, Mrs. R. N. Carlton.

Mr. and Mrs. Bud Cartwright, Joyce, Janice and Linda, Houston Avenue, recently spent a week in Lufkin visiting in the home of Mr. and Mrs. Manuel Cartwright.

Mr. and Mrs. J. E. Chapman, 1006 Twenty-sixth Street, spent several days last week in the home of their daughter and her family, Mr. and Mrs. Floyd Weems in Eagle Pass.

Mr. and Mrs. Ulmer Vernon, James, Joe and Sharon of Hermleigh spent Sunday in the home of her parents, Mr. and Mrs. J. E. Chapman, 1006 Twenty-sixth Street.

Elegance Of 1910 Marks New Balmain Collection

By NADEANE WALKER

PARIS (AP) — A swaggering elegance harking back to 1910 marked the Pierre Balmain collection today as the second week of the new Paris fashion season got under way.

Priceless furs bordered trains on fabulous evening coats. Bird of paradise, aigrette and ostrich plumes shot up from formal hairdos to nod royally in passage.

These clothes, said the designer, "Turn in nostalgia toward Boldini beauties, D'Annunzio heroines, parading with greyhounds in Florentine groves."

One mink evening coat was cut to floor-sweeping proportion. Many Balmain necklines were down to the waistline—in the back. Instead of capes, which are becoming something more than obvious this season, Balmain does jackets and coats which only look like capes in back view. They get their fullness from a deep fold on each side, starting from a sloped shoulder line.

Bosoms are emphasized with bra draping and generous decolletage, usually in three big scallops. Sometime these bra tops are in contrasting color or fabric.

Queen Nefertiti hats—blown-up bulbs—are in harmony with Egyptian frieze embroidery in bands of jet, cut steel or gold.

Balmain proclaims a revolution in cut. It's all too tricky to explain, but the result is that the shoulders look thrown forward, and the waist is unbelievably small.

The little black dress is back in its glory this year. Balmain does dozens of them, beautifully draped and generously decollete, with high, tight corselet waists.

On the other side of the picture are sumptuous cut velvet, gold lame and sequined lace ball gowns haloed with swaths of pastel tulle around bare shoulders. One has big mink bows tied all down the front. These creations and their counterparts in short flared cocktail dresses, are appropriately named for precious and semiprecious jewels.

Balmain waistlines are the prettiest and tiniest seen this season. He does day coats in big plaid, and is fond of the smoky browns of autumn.

A dash of cinnamon and one of nutmeg helps the flavor of liquefied nonfat dry milk. Serve the milk icy cold.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter

Don't cover meat if you are pan-frying it, and cook it in the smallest amount of possible of fat.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" home rug cleaner, known as Blue Lustre, is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as ½ gallon of consentrate cleans three 9 x 12 rugs.

Bible Thought

At the time appointed he shall return, and come toward the south; but it shall not be as the former, or as the latter. Daniel 11:29.

EDITORIALS

The Suez Incident

Net tons of cargo carried through the Suez Canal in 1956, last year for which complete statistics are available, totalled 102 million, which is just under the combined tonnages carried through the five other principal canals of the world, including Panama. Panama Canal stood second in that year with 39 million tons.

Gross receipts at Suez for 1953 were $[illegible] million plus, for a net income of $44 million.

When he "nationalized" the Suez the other day Egypt's dictator Nasser obviously did it in retaliation for the U.S.-British refusal to provide money for construction of Egypt's Aswan Dam. Nasser said if he couldn't borrow the money he'd seize the canal and use receipts from it to build Aswan.

In protesting the seizure Britain claimed that the Suez is an international waterway, and Washington chimes in with a tentative if not timid supporting word or two.

However, harsh words and invocation of honesty and decency in international relations never broke any dictatorial bones, so the West which would suffer most from a Suez shutdown or would suffer under excessive fees is just donating its time in speaking of rights and wrongs.

The only language any dictator ever listens to is that of force. A U.S.-British-French threat to boycott Suez might bring Nasser to heel. An actual boycott extended over a period of months would hurt the West all right, but probably would ruin Nasser, whose country couldn't stand economic and sea-transport isolation very long.

The Kremlin backed down from its tentative offer to help Egypt with Aswan. What will the Kremlin do in the present circumstances? Whatever the boses decide would be best for the Kremlin.

Paralysis of Suez traffic by rufusal of the great nationals to pay excessive fees would not only hurt Egypt, but affect every nation washed by the Mediterranean Sea and Indian Ocean. Egypt and other Arab nations would suffer along with the rest, and their precarious economies, like that of Egypt, would feel the pinch of a "strike" against the Suez very quickly.

Women As Spenders

If you've heard that old saw to the effect that women control 85 cents of every dollar spent by American families put it down as just another myth.

That is the advice from one of the editors of Fortune in the August issue. He declares that women spend only 60 percent of the $252 billion family expenditures every year, her peculiar provinces being food ($50 billion), personal care ($2.8 billion), clothing, accessories and jewelry ($24.5 billion), Household operations ($30 billion) and medical care ($11.8 billion).

"Though they would rather not," says Editor Bilbert Burck, "women account for 63 percent of medical expenses." Those are the figures for 1954, last year for which statistics are available.

We wish Editor Burck had pursued that particular subject, medical care, a little further. We have long believed that wives outlive husbands primarily because they are more prompt and willing to undergo medical treatment than their menfolks. A man will put it off as long as possible, act on medical advice much less diligently than the average woman.

Getting back to purchases, men predominate in transportation with $28 billion, personal business services with $11.4 billion, and in education, religion, welfare and foreign travel, $7.6 billion.

Man and wife share in the purchase of housing more evenly than any other item, Burck finds. They put out $29.8 billion annually for that purpose. They also stand nearly equal in purchasing recreation, $12.2 billion.

In addition to their own spending, women are found to influence the spending done by men and by other women. There are 42.8 million family units in the U.S. and practically every one of them contains either a wife, head of family or housekeeper.

Three Factors Are Expected To Put New Life Into Business Boom Across Nation

By SAM DAWSON

NEW YORK (AP)—Three factors may soon put new life in the business boom that showed signs of tiring:

1. The end of the steel strike—just before it would have started to hurt other industries badly—with the inflationary implications of a wage-price hike after demand for steel had been increased by the month's production stoppage.

2. The upcoming spurt of new model activity on the auto assembly lines.

3. Industry's still growing plans to expand—with the steel needed for new plants and equipment now assured, although at a higher price.

Many observers feel that these three factors will unite this fall to assure the economy of a nice rally in the last three months of the year.

Three uncertainties that might dim this bright prospect center on that fairly unpredictable creature, the consumer.

Will he be able and willing to buy the new cars and appliances? If prices rise further on manufactured goods will sales to consumers shrink? And if the consumer tightens his purse strings will business get wary about building more capacity to make things they can't sell?

Both the strength factors and the uncertainties seem due to jell about the same time.

It is likely to be two or three weeks before the steel mills can again be producing at the rate they were before the strike. It will be even longer before they will have caught up on the backlog of orders for certain steel products.

By then the auto companies will be busily producing the new models they think will rekindle consumer interest.

And when the steel mills can turn out the structural steel for new buildings, the plates for making freight cars, the pipe for the oil well drilling crews, industrial expansion plans—already at a 35 billion dollar a year level—are expected to push ahead.

Before the strike, the mills were working at their capacity to produce these types of steel, and some others similarly in short supply. The loss of a month to six weeks of production won't help the situation.

The shortage assures the steel companies and the fabricators of being able to pass along the price hike in steel to the ultimate users of structural steel, machinery, tools, pipes.

Union leaders and steel executives minimize the inflationary implications of the increase in manufacturing costs.

A business rally is a pleasant prospect unless it has to be bought at too high a price—a rise in the cost of living that would cancel out the benefits.

LITERARY GUIDEPOST

SO FELL THE ANGELS, By Thomas Graham Belden and Marva Robins Belden. Little, Brown.

"So Fell the Angels" is the three-ply biography of a tragic triumvirate who were consumed by their own unbridled ambitions — Salmon P. Chase, who held high office in every branch of the government save the one he wanted most; Kate Chase Sprague, his beautiful, arrogant and conniving daughter; and William Sprague, her husband, a millionaire playboy.

It is a powerful story, steeped in high drama and high tragedy. Chase wanted to be president. He misused a cabinet post in Lincoln's administration to advance his personal political and financial fortunes. He came dangerously close to using the Supreme Court bench as a sounding board for his ambitions.

Kate Chase wanted her father to be president, even more than he wanted the office for himself. Sprague had a brief moment of glory as a military hero when the Civil War broke out. He descended from that pinnacle to become involved in an arms-for-cotton deal that amounted to treason.

Chase is the central figure, Kate the villain, Sprague the dupe. You can pity Chase, and admire him for his service as chief justice of the United States, even while despising his double dealing and his yieldings to political expendiency. But Kate arouses no such tender emotions. Nor does Sprague.

The Beldens have here made a brilliant debut as a writing team. An extraordinary amount of painstaking research has gone into this triple barreled study of three powerful personalities and they have handled their material with rare skill. "So Fell the Angels" must be given rating as one of the year's outstanding nonfiction works.

Homesickness Big Problem For Honeymooning Brides

By HAL BOYLE

NEW YORK (AP)—What do brides complain about most on a honeymoon?

"Surprisingly, the problem girls mention most often is that they miss their mothers — they feel homesick," said psychologist Harold Greenwald. "But usually a phone call home makes them happy again.

"I've never met a bridegroom who admitted he felt lonesome for his father. Women are more willing to tell their honeymoon troubles than men. Most men feel they have to keep a stiff upper lip—like Gary Cooper."

Dr. Greenwald, a midtown psychoanalyst, is something of a specialist in the woes of honeymooners. As staff consultant for the Hotel Concord, a Catskill Mountain resort at Kiamesha Lake, he has acted as adviser to hundreds of newlywed couples.

"After homesickness," he remarked, "the most common problem brides mention is their husband's lack of orderliness. They are completely dismayed by the way he throws his clothes around. Brides have a neater nesting instinct. They can't understand how a man can be so untidy, and maybe they worry a bit that they'll have to spend the rest of their lives picking up after him."

The problem of sexual adjustment, Dr. Greenwald has found, often arises from feminine ignorance.

Here are other complaints he hears most often from brides:

"My husband isn't attentive enough. I thought he would have eyes only for me on my honeymoon. But he wants to golf, swim and play cards. I don't understand him. How can he really love me if he is so interested in all those other things?

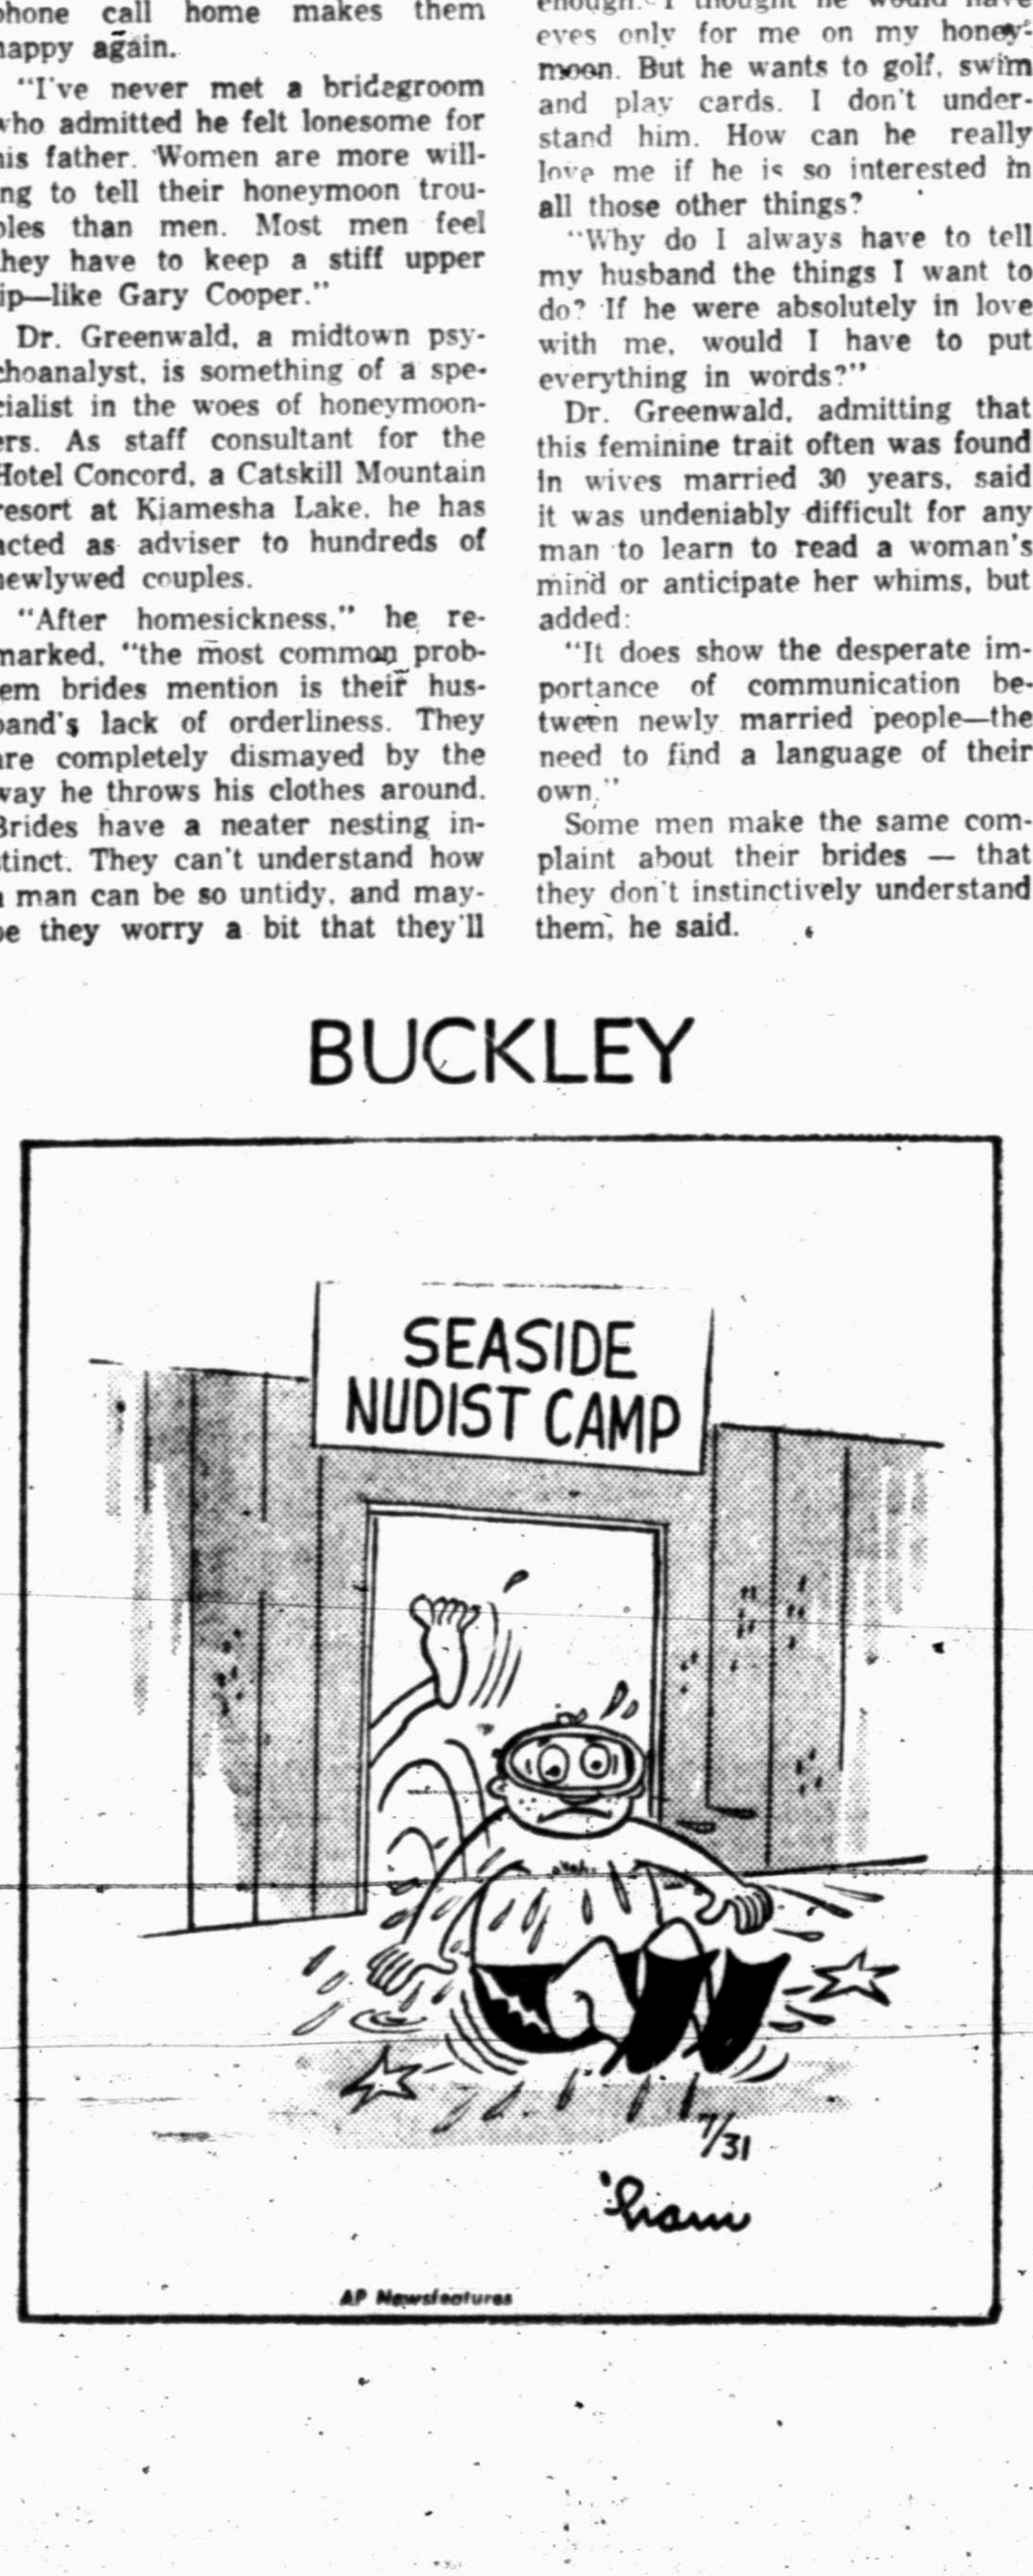
"Why do I always have to tell my husband the things I want to do? If he were absolutely in love with me, would I have to put everything in words?"

Dr. Greenwald, admitting that this feminine trait often was found in wives married 30 years, said it was undeniably difficult for any man to learn to read a woman's mind or anticipate her whims, but added:

"It does show the desperate importance of communication between newly married people—the need to find a language of their own."

Some men make the same complaint about their brides — that they don't instinctively understand them, he said.

BUCKLEY



Stassen's Challenge Not Exactly Unusual, But His Timing Is Difficult To Explain

By WALTER LIPPMANN

Mr. Stassen, being a practical politician of long experience, it is strange that he waited until this late date to challenge Mr. Nixon and that before he acted, he did not consult Gov. Herter. He seems to have acted suddenly, without preparation, without lining up support, and at the eleventh hour when the President, the Administration, and the party machine were publicly and irrevocably committed to the renomination of Mr. Nixon.

The nearest he has come to an explanation is that he and some others have recently had a private poll taken, which was a cross check on the Gallup Poll, and that the result shows an Eisenhower-Nixon ticket running 6 per cent behind an Eisenhower-Herter ticket. There is, however, nothing new about that, and he does not explain his acting only a month before the Republican convention. For a long time, if I remember correctly since before the President's illnesses, the polls have been showing Nixon as not only much weaker than Eisenhower but is weaker also than Stevenson. What, one must wonder, has happened very recently, apparently in the past few weeks, to arouse Mr. Stassen to so desperate an attempt to stop Nixon? Something has moved him, a practical and highly ambitious politician, to take a very long shot, staking his own political future on it. The only new and recent development has been the President's second illness.

* * *

The Republican Party has had the Nixon problem since before the President's heart attack. The problem is in two parts which are, however, related. Mr. Stassen talked about the first part of the problem which is that Nixon is a political liability among the Eisenhower Republicans and among the Independents who hold the balance of power. If he were running for President, he would be beaten by Stevenson and possibly also by Harriman. The latest poll shows, for example, that among Independents Stassen himself is decisively stronger than Nixon.

The second part of the problem is that by his general political formation, his convictions and his political impulses, Mr. Nixon is not an Eisenhower Republican. This does not mean that he does not serve President Eisenhower loyally. It does mean that when he is on his own, he moves towards the Republican right wing which, though it clamors for Eisenhower as a candidate for President, opposes and obstructs his policies. Nixon's weakness among the Eisenhower enthusiasts in both parties comes from the belief that he is not a true and reliable successor to Eisenhower, that he cannot be counted on to carry on in the Eisenhower line.

The Nixon problem has existed since before the President's illnesses. It was earnestly discussed, to be sure more in private than publicly, during the Spring and Summer of 1955, when the President seemed so reluctant, chiefly because of his age, to commit himself to run again. Though the President's health was at that time unimpaired, he himself raised serious doubts as to whether it was wise for him to run again, and these doubts focussed considerable attention on the Vice Presidency. During that discussion, there was talk about Stassen, about Henry Cabot Lodge, and also about Dewey because of his superior competence. But there was a wide consensus that on the grounds of political availability, his attractive personality, his fine record as Governor, and his liberal Republicanism, Gov. Herter would be the best solution.

* * *

After the President was stricken last September, the country became overwhelmingly preoccupied with the question of whether he would run again. Until this question was decided, it was impossible to take much interest in the Vice Presidency. Moreover there was a strong feeling among Eisenhower's personal followers that if only he would consent to run again, he must be allowed to choose his running mate.

Last February, however, when Gen. Eisenhower made up his mind to run again, it was obvious that the Nixon problem was a very serious one. In the 1944 campaign the country had not been told about the condition of Roosevelt's health. This time it had been told about Eisenhower's health. Never before had a man of Eisenhower's age and with a known medical history like his, been a candidate for re-election. It was certain that the Democrats would make a powerful play for the return to their party of those Democrats who had been for Eisenhower in 1952. They would talk about Nixon's chances of finishing Eisenhower's second term.

For a few weeks after the President's announcement in February that he would run again, there were signs of a struggle within the Administration and in high Republican quarters over the Nixon problem. That would seem to have been the moment, when the situation was fluid, for Mr. Stassen to have made his challenge and to have rallied the Republicans who like Ike but do not like Nixon.

* * *

The moment passed, and Mr. Nixon got the enthusiastic endorsement of Chairman Leonard Hall and of the President himself. The anti-Nixon faction, being in no mood to cross the President, subsided. The party organization closed its ranks behind Eisenhower and Nixon. The situation which had been fluid in the winter has jelled in July, and what would have been a painful but a possible political changeover would now be in the order of a party convulsion.

Although Nixon is weak among the Independents for Eisenhower, he is very strong in the Republican organization and among the Republican stalwarts. He is their man and, as we have seen during this Stassen affair, they resent with a special bitterness any attempts by Republicans to displace him. Why is this? It is because Nixon guarantees their control of the party, should anything happen to Eisenhower in the next four years.

It's Comforting To Have Explanation Of Living Cost

By INEZ ROBB

If there's one thing that makes me more nervous than anything else, it's inflation eternally gnawing away at my vitals.

So it is mighty comforting to know that the recent rise in the national Consumer Price Index (cost of living, in plain English) to the highest level on record is not traceable to inflation.

The high cost of living is simply attributable to the fact that things cost more. This splendid explanation — and you can't find a flaw in that statement — comes from Ewan Clague, U. S. Commissioner of Labor Statistics, whose department lets you and me in on such secrets from time to time.

Clague expects the cost of living to inch forward again this month, for the fifth successive month. But I already surmise that any rise during the current period will, again, be caused by raising prices and not by inflation, perish forbid

But now that Clague has inflation licked, I do wish he'd do something about those rising prices. It's a funny thing, but even under the present beneficent defect on my part, like color blindness or cold feet.

As a result, I suffer from a terrible yen for a little plain, unadorned flation. All my life, I've been plagued by the in- or the de- variety. It would be a pure pleasure just to sit and rock a spell without worrying about either.

If we could just level off to a year or two of flation in this country, ulcers would subside, divorce statistics would be halved, delinquency would wane, jitters would abate, tension would disappear, and these happiness pills would be a drug on the market.

It is apparent that the cost of living has as its motto, "Excelsior" It leaps on the upward like a gazelle and we winded citizens struggle in its wake. The HCL is now accustomed to rarefied atmospheres, but we stragglers need a little more oxygen for comfort.

Flation would do it. It would give us a breathing spell and a chance to bring back the five-cent nickel. But there is scant hope for either. Steel will cost another $8 to $1 per ton, the prophets say.

As Maine goes, so goes the nation. And as steel goes, so goes the old family budget. Bye, bye budget. Pessimists will see in this course still further high octane for the inflationary spiral. But right-thinking optimists will know that any resultant hike in the price index will be due solely to the fact that things cost more.

If prices came down, that would be deflation, which is as terrible, if not more so, than inflation. But who cares, when his stomach aches, whether the cause is watermelon or green apples?

Our only hope, obviously, is in taking a shot of the stuff straight. Flation, that is.

WASHINGTON LETTER

Capital Parties Aren't Slowed Down By Weather

By JANE EADS

WASHINGTON — Though everybody complains about the weather—even when they come from places notably hotter—partying in the nation's capital continues briskly along with politics.

As long as Congress is in session and government big wheels stay close to town, there is no noticeable slump in the so-called "dog day" season. Only the setting is different. The free-loading and elbow-bending is done at crowded buffet tables and bars set up outdoors, even though many would prefer to linger in the air-conditioned drawing rooms which many embassies and private residences boast.

Socialites are taking advantage of the season's festivities this year more than ever. It's a chance to do a little politicking on the side, butter-up potential supporters, make new friends, before the fall campaigning begins in earnest.

For the women, its a chance to look their prettiest in portrait-type garden party frocks and big, droopy - brimmed, flower - laden hats which returned to style this season.

Washington women, however, are getting scolded for their downtown street attire. They're being criticized for their backless dresses, shorts, see-through fabrics, sloppy hair-dos, gloveless hands, stockingless gams.

A local fashion editor goes further. "There is no possible excuse for any woman's presence on downtown streets without a girdle and a proper brassiere. This is Washington, D. C., NOT the Marshall Islands."

She goes on to remind her readers that Washington women have been scored as among America's most poorly dressed and suggests they follow the example set by women in New York and other large American cities.

Dark, tailored, un-fussy street frocks and suits of summer-weight fabrics are the rule rather than the exception in the cosmopolitan areas.

Washington women complain it isn't they but the tourists who are careless about their appearance on the city's streets. They are reminded that tourists also go to New York, Chicago, Dallas and San Francisco!

Funny Stories Pay Off For Professor

EAST LANSING, Mich. (AP) — A retired college professor tells funny stories for a serious purpose.

James G. Hays, former dairy specialist at Michigan State University, travels the country with a mechanical cow, appearing before farm groups. The money he receives goes into a student loan fund at MSU.

Hays set up the fund in memory of his son, a former MSU student who died of cancer. In the past four years he made $11,067 for the fund.

India Would Become A Suitable Memorial

NEW DELHI (AP) — Prime Minister Jawaharlal Nehru says the Indian government would welcome a suitable memorial to the Indian national army — which fought with the Japanese in World War II — at Singapore.

The Prime Minister, answering questions in Parliament, said his government was considering the matter in view of a recent statement by Singapore Chief Minister David Marshall that he would give courteous consideration to any Indian request for such a memorial.

However, Nehru said India had not taken any initiative.

Nehru said an earlier memorial to the INA at Singapore had been destroyed by the British in 1945. He said this old memorial was a simple stone pillar, easy to put up and easy to knock down. As a result, he said, it went up frequently and each time was wrecked.

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP)—Television and radio news staffs rolled up their sleeves after the Italian liner Andrea Doria and the Swedish liner Stockholm collided in thick fog off Nantucket last week

Radio began pouring out bulletins and news early Thursday morning and continued throughout the day. Television networks raced for films of the scene and placed on the home screen live picups of interviews with the rescued as soon as they began arriving in New York.

Films of the actual sinking were among the most moving yet seen on the TV screen. It was like watching a person die as the Andra Doria canted, rolled over and finally plunged in swirling debris. Her hull was visible momentarily under the white foam, and then she disappeared.

It's difficult for words to match the actual view of such a moment. It's the sort of thing television news does very well. Interviews with survivors at a Hudson River pier were less effective, however, as observed on the news programs.

The strain and confusion of such scenes is, of course, great. Every reporter in the course of asking many questions is bound to ask some silly ones. But during the interviews watched on one home screen there was a notable failure to gleam much of what actually happened on the Andrea Doria.

This may not necessarily be reportorial failure, but perhaps is due to the limitations of TV news coverage itself. People naturally talk more freely to a man with a pencil and notebook who is quietly questioning them than they do under the glare of lights, speaking into a microphone, while cameras grind.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

UNLESS SOMETHING IS done quickly, Lubbock is in the process of ruining Little League baseball in this section of the state.

One of the Little League rules states that a city of 15,000 or more must form at least two leagues of four teams each. You'll recall Snyder, when it first entered the Little League program, had less than 15,000 population so a six-team league was organized here.

However, since that time, Snyder has grown past the 15,000 mark so National Little League Headquarters ordered Snyder to form two leagues of four teams each.

Well, to get down to the point we're driving at, the Southern Little League All-Stars of Lubbock, who won a spot in the district tournament this week of which Snyder will participate, represents a six-team league.

Unless Lubbock has lost a few citizens since we were there last, the Hub City certainly has more than 15,000 people living within its city limits.

I believe the last census figures shows Lubbock with better than 100,000 population.

It's rather confusing, you see, how Lubbock could come up with a 6-team league and get away with it.

Local Little League officials are vowed to find out.

Six-Team Leagues Have Advantage In Playoffs

What likely happened, LL officials here believe, is that George Gann of Lubbock, chairman of our district, got it "fixed" up at the National LL convention last winter in Chicago.

Gann apparently pulled the "wool" over someone's eyes at the National convention to get the six-team league approved.

But, if you stay with the rules of Little League, there is no way for a town of over 15,000 to have a six-team league.

A six-team league, naturally, has the advantage over a four-team league in the post-season playoffs. It only stands to reason that you can pick a much stronger all-star team from six teams than you can from four.

About the only thing we can do about it now is for our boys, representing the American Little League, to take care of Lubbock if we get the chance.

But the locals have Brownfield on their minds right now. Brownfield must be hurdled Wednesday night in the tourney opener before we can get a chance at anybody.

While we're getting things off our "chest," we might as well bring up another thing that Lubbock, spurred on by this fellow Gann, pulled that didn't seem on the "up and up."

This deals with the method of setting up the sites for the area and district tournaments.

Gann, being the district chairman, made a ruling that each league had a vote on where to hold a tournament. Well, it was easy to see why he came up with such a ruling as Lubbock had five leagues which, of course, means a lot of voting power from the Hub City.

There were only two other teams in the area tournament of which Lubbock was to participate, Slaton, and Levelland. Lubbock, naturally, won the right to host the area tournament since it was obvious that all five of her leagues would vote to stage the tournament in Lubbock.

To give smaller cities an even break with the larger cities, only one vote from each city should be allowed.

Snyder Victim, Too, Of Ruling

Snyder fell in the same category as Levelland and Slaton so far as winning the right to host the area tournament.

There are five cities in our area with a total of nine leagues. Three of the cities, Colorado City, Rotan and Snyder voted to hold the tournament here while the other two, Sweetwater and Big Spring, voted to hold it in Big Spring.

But Big Spring won out because she had three leagues and Sweetwater two, giving BS a total of five votes to four for Snyder which had two votes and Colorado City and Rotan one each.

Sweetwater really had it in for Snyder. She voted to drive 70 miles to each game instead of 37 by voting against holding the tournament here.

You can imagine how satisfying it was for Snyder to defeat Sweetwater in the tournament finals at Big Spring.

Lubbock, thus, by hosting the area tournament, is coming up with three tournaments. The other two are the district tournament this week and the regional tournament nest week.

Gann probably had a hand in getting the district and regional tournaments, too.

Texettes In 2 Games Here

The Snyder Texettes will play another doubleheader here tonight.

The Snyder girls softball team will meet the Snyder Negro girls at 7:30 in the first game and then take on the Hamlin Negro team in the second game. Both games will be played at the softball park in the Towle Memorial Park.

Texette officials announced today that bleachers have been erected at the local park.

The Texette record to date is 8-4.

Two Sports Figures Win In Politics

FORT WORTH (AP)—Two sports figures have prevailed in Tarrant County politics.

Davey O'Brien, All-America TCU football player with the undefeated-untied national champions of 1938, won the office of county democratic chairman, beating two opponents.

Howard Green, former president of the Longhorn, Gulf Coast and Big State leagues, won a place in the Legislature. He defeated John Ramfield by almost 8,000 votes.

O'Brien and Green are Fort Worth business men.

Braves Clip Bums, Yankees Down Indians In Big Games

By ED WILKS

Joe Adcock rocks Brooklyn with his home runs and Bob Buhl rolls 'em with his fast stuff, but its Hank Aaron, Milwaukee's bad-ball hitter, who really gives the Dodgers fits.

"Aaron doesn't come into a ball park looking for bases on balls," said Brooklyn right-hander Carl Erskine. "He'll swing at anything he thinks he can hit. A pitcher gets nowhere going outside the range of his bat."

Right-handers Roger Craig and Ed Roebuck and southpaw Ken Lehman got nowhere against Henry, batting .417 against Brooklyn and leading the National League at .342, last night. He smacked three hits in five trips, driving in four runs — including the clincher with his 16th homer—as the first-place Braves socked the Dodgers 8-6 in the opener of a four-game set at Ebbets Field.

It was Milwaukee's seventh straight against the Brooks and knocked the third-place world champs five games behind while keeping the Braves 2½ games ahead of Cincinnati, a 4-2 winner at Pittsburgh.

In the only other NL action, Philadelphia jumped past Pittsburgh into fifth place by beating the Chicago Cubs, 5-4 and 4-2, in a twi-night twin bill.

In the American, Mickey Mantle socked his 33rd and 34th home runs, won his first grand-slammer of the year, and drove in six runs as the New York Yankees again claimed a 10-game lead with a 13-6 decision over runner-up Cleveland. Detroit beat jinx Frank Sullivan and Boston, 4-1, on Virgil Trucks' three-hitter. Bob Nieman's 10th-inning homer beat Kansas City for Balitmore 4-3.

Chicago and Washington were not scheduled.

Aaron, a 22-year-old right-handed spray hitter, knocked his homer with a man on in the seventh off reliefer Roebuck for a 7-1 lead. He doubled home a ninth-inning run, but then the edge was 8-4 as Buhl won his 14th and sixth in a row over the Dodgers but wound up still without a complete game at Ebbets Field.

The Dodgers put across three runs in the eighth and brought on Ernie Johnson, who gave up a two-run homer to Peewee Reese in the ninth before nailing it.

Ed Mathews and Adcock also homered to help rock Craig to his first Ebbets Field defeat after winning 10 straight. Adcock, batting .455 vs brooklyn, socked his 23rd with a man on in the fifth. It was Joe's ninth against the Dodgers this season.

The Redlegs swept their five-game series at Pittsburgh on Gus Bell's third-inning double. Ray Jablonski had singled home two in the second against loser Laurin Pepper. Tom Acker started and lasted until the Bucs' two-run fifth when reliefer Hershell Freeman came on to win his ninth.

Harvey Haddix, who didn't walk a man while winning his ninth, took his fifth in a row and gained the NL strikeout lead with 116 by fanning eight in his four-hit nightcap job for the Phils. Elmer Valo homered for the Phils, who had two unearned markers. Walt Moryn hit his 13th for the Cub runs, and also smacked one off Robin Roberts, now 11-11, in the opener. Ernie Banks tagged Robin for his 24th.

Mantle, who has smacked nine homers against the Tribe, got No. 3 off Bob Lemon with his bases-loaded job as New York scored seven runs, all unearned, in the second. Whitey Ford struck out 10 to win his 14th with Mantle getting his other homer—going one ahead of Babe Ruth's record 60 pace — off reliefer Bob Feller.

Trucks, who walked eight, gave up singles to Billy Klaus and Don Buddin and a homer to Mickey Vernon while the Tigers, who had lost 11 in a row to Sullivan, won it with two runs in the fifth on two-out singles by Frank House and Jim Small.

Nieman's bust-up homer, his 10th, was off reliefer Tom Gorman. Oriole starter Ray Moore homered with a man on for a 3-1 lead, but gave way as the A's rallied. Mike Fornieles won it in relief.

Mickey Tough On Indians

CLEVELAND (AP) — Mickey Mantle is swatting the Cleveland Indians out of the American League pennant race.

The New York Yankee slugger smacked two more homers off Cleveland pitchers last night, as the Yanks reclaimed a 10-game lead over the second-place Indians with a 13-6 victory.

Cleveland's pennant hopes, already dim, were reduced to a mere flicker. If the Yanks play only .500 ball the rest of the way, the Indians will have to win two out of three.

Mantle's two homers, his 33rd and 34th of the season, put him one game ahead of Babe Ruth's pace when he hit 60 in 1927.

He's hit safely in all 15 games against Cleveland, and is batting .373 against them. That's a major reason why the Yanks have won the last eight contests between the two teams.

No. 33 came in the second inning off starter Bob Lemon, who also was the loser, and it landed in the lower right field stands. That was the inning in which New York scored seven unearned runs while making only three hits.

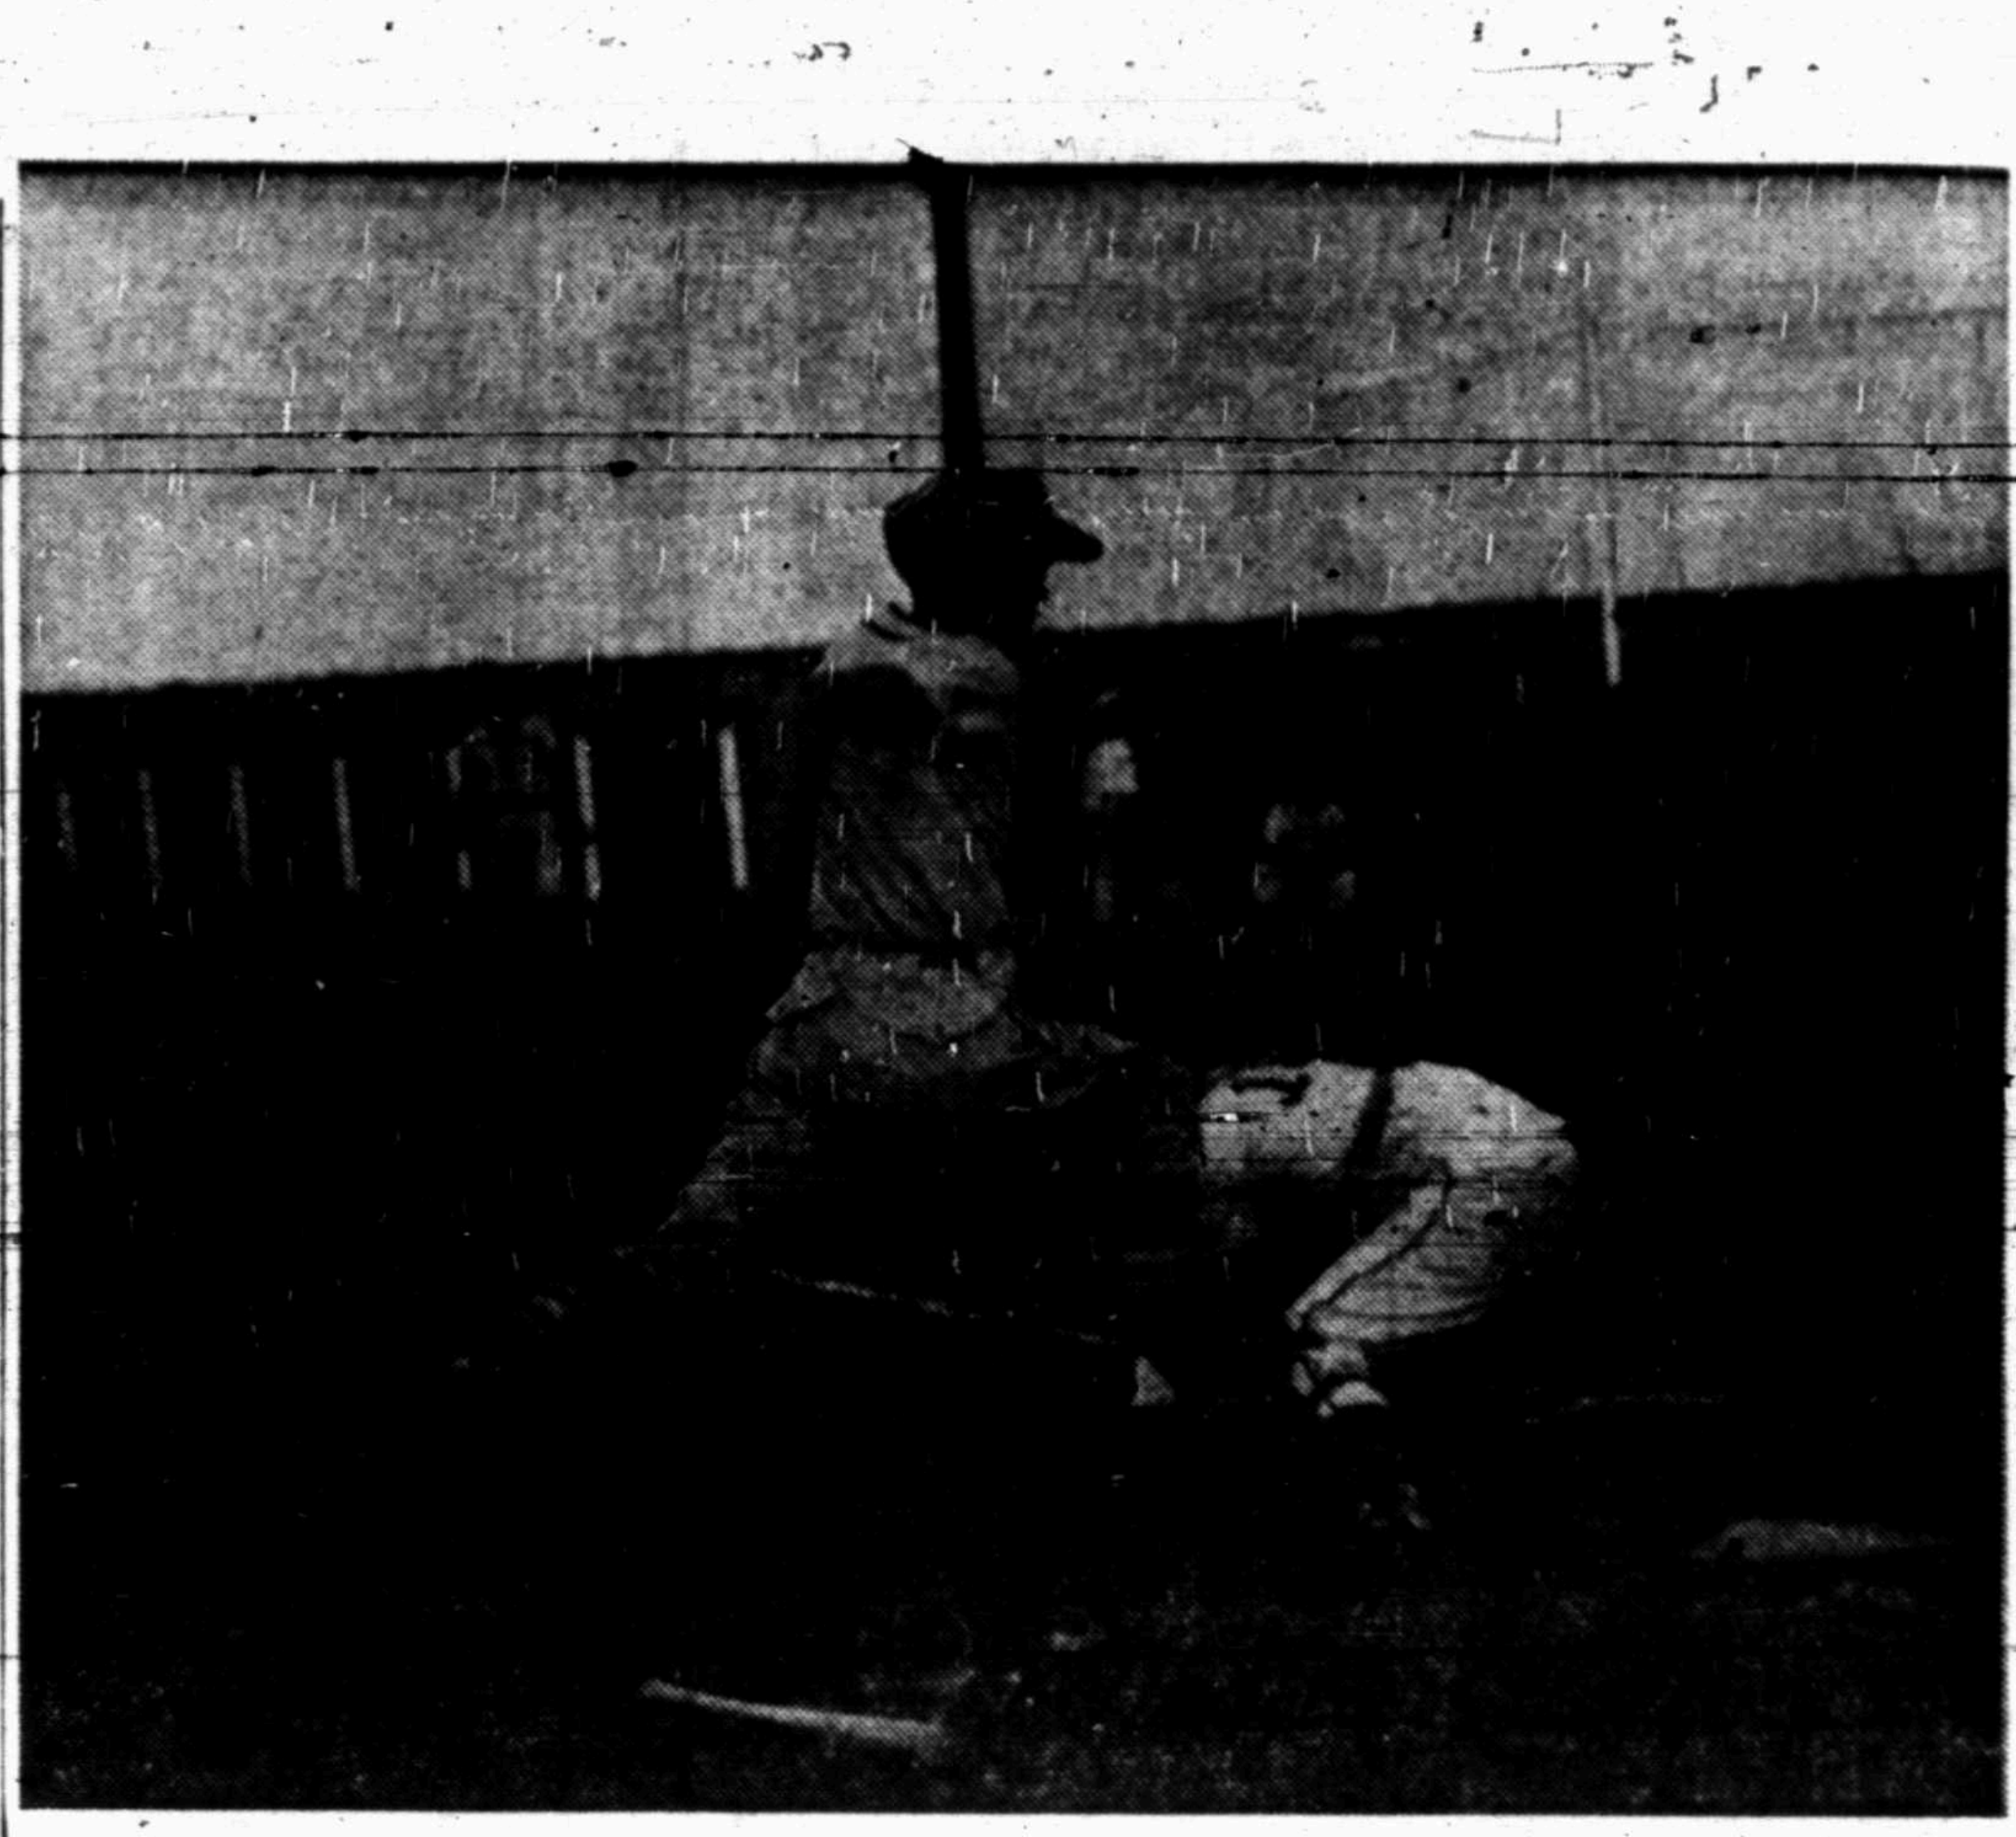
No. 34 came off Bob Feller in the fifth, scoring Billy Martin, and was a sharp blow over the right field fence.

New Base Commander

SAN ANTONIO (AP)—Bob Harrison, a pitcher with San Antonio twice before, has been sent by parent Baltimore to the Missions from Vancouver of the Pacific Coast League. Harrison, who had a 6-6 record this season, will report here some time this week.

Turmon Bout Set

TYLER (AP)—Buddy Turman of Tyler will meet Oscar Pharo of Memphis, Tenn., here Aug. 20 in a bout billed for the Southern heavyweight boxing championship.



LAST SNYDER RUN—Bill DuBose, rightfielder for the Snyder Pony League All-Stars, crosses with the third and final run for his team in yesterday's District 6 game with Garland at Abilene. The run climaxed a three-run rally in the third inning that gave Snyder a 3-0 lead. But Garland came back to win 7-3. DuBose scores above after racing all the way from second on Tommy Minton's infield hit. The Garland catcher is David Hines. (Lee Watson Photograph)

Snyder Pony Hurlers Fan 17 But Lose 7-3

By BUCK FRANCIS

ABILENE, July 31 — Snyder's Pony League All-Stars, despite the 17-strikeout pitching of Norman Gladson and Tim Roberts, dropped a dis-heartening 7-3 decision to Garland in the opening round of the District 6 Pony League Tournament here Monday night.

Snyder thus entered the loser's bracket in the double-elimination tournament. The Snyder team plays Mineral Wells in a "do-or-die" tilt tonight at 6. Mineral Wells dropped a 5-4 decision to Childress in another first round game here last night.

Loser of tonight's Snyder-Mineral Wells games will be eliminated from the tournament.

Rounding out last night's first round slate, defending champion Abilene upended Sweetwater, 10-4.

Two games are on tap tonight. The Snyder-Mineral Wells game opens the night's program with Childress and Garland clashing in the second game at 8:15.

The winner of the Snyder-Mineral Wells game will take on Sweetwater tomorrow night.

A night-marish fourth inning that netted four unearned runs for Garland proved Snyder's undoing in last night's contest.

Snyder was rocking along with a 3-0 lead when the roof caved in on them in the fourth. Garland's four runs in the fourth came on only one hit. Two walks and three errors did the edamage.

Gladson started for Snyder and was doing right well until the defense crumpled on him in the fourth. Gladson had blanked Garland on two hits prior to the Garland fourth.

In the meantime Snyder took a 3-0 lead with a three-run uprising in the third. John Weaver led off Snyder's third inning with a single. He moved around to third on a stolen base and a wild pitch. Charles Popnoe followed with a walk and stole second. The both Weaver and Popnoe scored on Billy DuBose's Texas League double down the left field line.

DuBose then came all the way home from second on Tommy Minton's infield hit to make it 3-0. A double-play halted the rally.

It looked like the Snyder lads were headed for victory with Gladson appearing to be in top form. An error to open up the Garland fourth, however, put Gladson in a hole he never worked out of.

He issued free passes to the next two Garland batsmen, his first two walks of the game, to load the bases with none away.

The next Garland batsmen, Larry Etheredge, hit one back to shortstop Richard Mahan who threw to the plate in time to force a runner there but the throw hit the runner and bounced off against the backstop that allowed another Garland runner to score, making it 3-2.

Then came Garland's only hit of the inning, a single to right by Norris Branham, that drove in the tieing run. Gladson was replaced by Roberts at this point and although he struck out the first three batsmen he faced, Garland took the lead when one of the strikout victims got on base on a dropped third strike that allowed a run to score.

The score remained at 4-3 until the seventh when Garland got its final three runs, two of them scoring on a homerun by James Kemp.

Snyder's last serious bid to get back in the game was when she got the potential tieing run to third with one away in the fifth. DuBose singled, went to second on an error and to third on a wild pitch but was stranded there when Minton and Mahan wnt down swinging.

Snyder made a mild bid in the seventh when, with two away, Ronnie Jones walked and DuBose was hit by a pitched ball. But Minton grounded out to end the threat and the game.

Gladson struck out five and Roberts 12. Gary Tedford, who hurled the first six innings for Garland to gain credit for the win, struck out 10.

Hits were 7-6 in favor of Garland.

Houstonian Makes Girl Tennis Debut

CHICAGO (AP)—Nancy Richey of Houston, Tex., the top-seeded entry in the National girl's 15-and-under tennis tournament, takes the court for the first time today as the meet enters its second round.

Miss Richey drew a first-round bye while the other top seeds all came through with relatively easy triumphs.

Second-seeded Virginia Hesse, Hamtramck, Mich., defeated Phyllis Nattis, Glencoe, Ill., 6-2, 6-0, and third-seeded Helen Weill, Beverly Hills Calif., eased past Mary Ann Szilagy, Milwaukee, 6-0, 6-0.

Karen Hantze, the No. 4 seed from San Diego, won by default while fifth-seeded Judy Sylvester, Claymont, Del., dumped Donna Murhighan, Chicago, 6-3, 6-1.

Four Snyder Boys In Olympic Finals

HOUSTON, July 31—(Special)—Four Snyder boys qualified for the finals in the Southern AAU Junior Olympics track and field meet here Monday.

One of the qualifieres, Bud Morgan, turned in the fastest qualifying time in the 180-yard low hurdles in 20.4.

Powell Berry of Snyder qualified for the finals in the 120-yard high hurdles. Both Morgan and Berry are competing in the 16-17-year-old division and are running as a member of the Abilene Olympic team.

Jesse Crawford and Jerry Minor, running under the Snyder Boys Club colors, also qualified for tonight's finals.

Crawford gained the finals in the broadjump while Minor won a berth in the softball throw finals. Both Crawford and Minor are competing in the 12-13-year-old division.

The 11-years-and-under division did not compete Monday but will run today.

Snyder LL Nine Preps For Tourney

The Snyder American Little League All-Stars will take their final tuneups today before making their debut in the District Little League tournament at Lubbock tomorrow.

The locals will meet Brownfield at 8 p.m. tomorrow in their first tourney game. Southern League of Lubbock and the Western League of Pampa will clash in the first game tomorrow at 6.

Winner of tomorrow's two games will then meet at 5:30 p.m. Thursday for the district championship.

All tournament games will be played at the Southern Little League Park in Lubbock, located at 42nd St. and Ave. U.

Snyder's starting lineup tomorrow will be picked from the following boys:

Ken Roach, Bob Pena, Freddie Miller, Charles Gladson, Darrell Rains, Jackie White, John Greene, Jerry Guthrie, Steve Free, Jimmy Everett, Spencer Dyer, Gilbert Merritt, Dalton Walton and Jerry Franks.

Hermleigh 9 Wins Behind Corbell, 6-2

Hermleigh made it two straight in the City League second half race last night with a 6-2 victory over Snyder Furniture.

It was the first defeat in two starts for Snyder Furniture in the second half.

Bermon Corbell went the route for Hermleigh and hurled a 4-hitter. He struck out nine.

Royce Pierce started for Snyder Furniture and after giving up four runs in the opening inning, he gave way to **Dwayne Prince** who finished up.

Don Head, Furniture shortstop, with two doubles, led both teams at the plate.

Ira and Sun Oil clash tonight at 8 in next league action.

Spencer To San Diego

PORT ARTHUR (AP)—Lev Spencer, who won 21 games for Port Arthur in the Big State League, has been recalled by Cleveland and sold to San Diego in the Pacific Coast League. Port Arthur got three players, $500 in cash and the right to end a working agreement with Cleveland.

AAU Swim Meet Set

SAN ANTONIO (AP)—The Texas AAU swimming meet will be held at the Alamo Heights pool Aug. 4-5. Teams will come from Houston, Tyler, Lubbock and North Texas cities.

300 To Play In Tam O'Shanter

CHICAGO, July 31 (AP)—Some 300 men pros, gunning for 60 qualifying spots in the All-American Golf tournament at Tam O'Shanter, tee off today to round out a field of 150 which will begin play Thursday.

The Tam tourney began yesterday with qualifying rounds in the men and women's amateur divisions.

All four tournaments, men and women's pro and amateur, will start Thursday. There will be no women's pro qualifying round.

Woodgie Reich, a 19-year-old freshman from Stanford, shot a three-under-par 69 yesterday to lead 25 qualifiers in the men's amateur division over the 6,915-yard course.

Barbara Little of Wauwatosa, Wis., won medal honors in the women's amateur qualifying round. She paced nine qualifiers in a field of 21 with a one-over women's par 77.

State Is Expected To Receive More Thundershowers Today

By The Associated Press

Texas, which needs a week of soaking rain, was in line for more widely scattered thundershowers Tuesday.

Temperatures continued hot.

A weak cool front northwest of Texas showed no indication of bringing its heavy shower activity into the state.

Scattered showers fell late Monday in the Panhandle and West Texas. Afternoon highs ranged from 106 at Seymour to 86 at Alpine.

Rainfall reports included Childress .27 of an inch, Wichita Falls .05, Dalhart .04, Fort Worth .01 and a trace at Midland.

Pre-dawn temperatures ranged from 65-degrees at Amarillo to 83 at Dallas.

Dalhart reported a light rain and Beaumont had a thundershower to the southeast.

A late July cool spell continued in most of the Northeast today while fairly warm weather prevailed in other sections.

Temperatures dropped into the 50s during the night. One of the lowest marks early today was 44 at Philipsburg, Pa. Readings were in the low 70s over the area yesterday, with the day's high of only 37 at Mt. Washington, N.H.

It was warm during the night over most of the West with a sprinkling of 70-degree readings as far north as Idaho and Montana. Temperatures in the upper 70s and low 80s were reported along the Gulf Coast and extended as far north as Southern Iowa and eastern Nebraska.

Showers were in prospect for most of the Great Lakes region. Mostly fair and somewhat warmer weather prevailed for most of the Northern Plains and from the mid Atlantic Coast states northeastward through New England.

Scattered thundershowers were forecast for other parts of the country except the Far Northwest and along the West Coast, where fair weather was reported.

Heavy rain fell in many places last night and yesterday in a belt from eastern Colorado northeastward to southern Minnesota.

Heavy showers also were reported in the Southeast.

MODERN OR ANCIENT?

Cave Drawing Cause Dispute

PARIS (AP) — The speleologists and the archaeologists of France are in a tizzy over some drawings in a **cave, and the Paris** papers are poking delighted fun at them all.

Speleology is the scientific study of caves. Archaeology is the scientific study of the material remains of past human life — the older the better.

A fortnight ago three archaeologists of excellent reputation announced with great gravity the discovery of drawings on the wall of a cave near Perigueux, in southwestern France. They said the pictures were made at least 20,000 years ago by cavemen.

There were paintings of mammoths and other prehistoric animals, including big two-horned rhinoceroses. "A great discovery," the Poitiers conference of archaeologists was told.

Then the speleologists put in a word.

William Martin, former president of the Speleo Club of Perigueux, said he spent three years exploring that particular cave 8 to 10 years ago — and that there were no paintings on the walls then.

Some drawings, Martin asserted, were made by a small boy who tagged along behind his party of explorers a decade ago. He used a carbide lamp as a crayon.

The present president of the Perigueux Cave Club, Bernard Pierret, backed up Martin.

The archaeologists refuse to back down.

Louis Nougier, professor of prehistoric studies at Toulouse University, and a colleague, Romain Robert, issued a joint statement reaffirming their belief in the authenticity of the drawings.

Some people may have visited the cave "without noticing paintings or engravings," they said, "or they may have seen them without recognizing their value, either from ignorance or incompetence, or even from negligence."

Knight Will Enter Airborne Division

Specialist Third Class Ray G. Knight, 22, of Snyder, is to become a member of the 101st Airborne Division when it is formally organized at Fort Campbell, Ky., in September.

Knight, the son of Mr. and Mrs. T. B. Knight, route 3, has been serving in Japan with the 508th Airborne Regimental Combat Team, which is now being moved back to the U. S.

Spending one year in the Far East, Knight was a truck driver. He has been in the Army since January, 1954.

He is a 1950 graduate of Snyder High School.

The Romans imported Atlantic salmon from Britain and Gaul.

900 Policemen To Handle Convention

CHICAGO (AP)—Some 900 policemen will be detailed to the Democratic national convention, which opens here Aug. 13, as a security measure and to handle traffic.

Police commissioner Timothy O'Connor said yesterday about 350 policemen will be assigned to the convention area in the vicinity of the International Amphitheatre at 42nd and South Halsted St. Extra details will be assigned to Loop hotels housing convention visitors, with the largest force to be at the Hilton, the Loop convention headquarters. The department has about 8,000 policemen.

VICTIM VISITS INJURED—Robert Bowen, Shamrock Oil & Gas Corp., employe from Sunray, Tex., who had been dismissed from the Moore County Memorial Hospital at Dumas, Tex., returned to visit companions still confined there after the disasterous tank fire near Dumas. **He is** talking to his sister, Faye Bowen, at the hospital.

Johnson Will Not Go To Southern Meeting

ATLANTA (AP) — Sen. Lyndon Johnson (D-Tex) apparently will not attend the Southern Solidarity Conference tomorrow.

Party leaders at the meeting will represent 20.4 per cent of the 1,372 votes in the Democratic national convention. They plan to forge a united Southern front against a strong civil rights platform.

Texas, with 56 convention votes, received a belated invitation but Johnson has not commented since Texas was invited. He heads the Texas delegation and indicated he was not interested in a pre-convention caucus.

Georgia Prisoners Smash Their Legs

BUFORD, Ga. (AP)—Thirty-six prisoners broke their own legs with 10-pound sledge hammers yesterday in protest against working conditions at Rock Quarry State Prison, the "Little Alcatraz" of the Georgia penal system.

Jack Forrester, state director of corrections, said a prison doctor told him 29 white and seven Negro inmates shattered bones in their legs during an afternoon rest period at a rock quarry, where they were working half a mile from the prison.

He said the men placed their legs on rocks and "started whacking away" with the sledge hammers normally used to crush rock at the 34-acre quarry. There were no cries of pain, he said.

Guards watching the 189 prisoners in the fenced-in quarry were taking a rest at the time and said they did not notice what had happened until they ordered the men back to work.

Warden Hubert Smith said the injured men told him after the incident that they felt their wheelbarrows were too heavily loaded and the sun was too hot. Temperatures were reported in the low 90s at the time.

The injured men were taken to the prison compound in buses and later yesterday were transferred to the Georgia State Prison Hospital at Reidsville about 200 miles away.

Forrester said all the men involved will be given misconduct reports with self-mutilation charges against them. This will go on their records.

Two Lucky Breaks, Won't Try It Again

HOLLYWOOD (AP)—British actor David Conway says he had been warned against trusting people, but look what happened to him—

He lost his wallet containing $27. It was returned to him.

He lost it again. This time it contained $41. The conductor of a bus discovered it, and returned it to him.

Conway said yesterday he has decided not to push his luck. The next time would be the third.

Doctor Says Public Not Given All Facts About Ike's Illness

WASHINGTON (AP) — Sen. Allott (R-Colo) today labeled as "politically slanted" an assertion by Dr. David B. Rutstein that the public has not been given all the facts about President Eisenhower's illnesses.

Dr. Rutstein, head of the Harvard Medical School's Department of Preventive Medicine and a vice president of the American Heart Assn., raised the issue in an Atlantic Montly magazine article.

"The public," Dr. Rutstein said, "was not informed of the published scientific evidence" that three researches on heart attacks such as those suffered by Eisenhower showed only 50 per cent of such patients survived at the end of five years.

With respect to the President's intestinal operation, Dr. Rutstein said Eisenhower's physicians gave no indication "that ileitis is a chronc disease with a rate of recurrence varying between one-third and two-thirds of those on whom operation is performed, depending on the state of the disease, the type of surgery and the duration of the follow-up."

"Neither did they indicate that the majority of recurrence comes within the first year after operation," he said. "Nor was there any mention of the medical fact that difficulty might be anticipated in maintaining the President's nutrition and weight, or the further likelihood of future periods of disability . . ."

Allott, a friend of the President, said he regards Dr. Rutstein's article as "part of the trend toward making the President's health an issue in the campaign."

"His statement sounds like it is politically slanted," the Colorado senator said. "The people are well informed about the President's condition . . ."

Sen. Morse (D-Ore) said in a separate interview that Dr. Rutstein's article points up information that has been indicated elsewhere.

"We all hope President Eisenhower recovers fully," Morse said. "But I am satisfied most Americans are fully aware of the health limitations to which Dr. Rutstein refers and will have them in mind when they go to the polls."

Dr. Rutstein wrote that doctors who treat ill presidents should stick to medical facts and their precise interpretations.

"If a physician goes beyond this point," he said, "he then ceases to be an expert. He becomes just an ordinary citizen subject to political influences in a field in which he has no expert qualifications . . . Political judgments by physicians have as little merit as medical judgments by politicians on the ability of a candidate to run for office."

Dr. Rutstein said that after Eisenhower's heart attack "an optimistic picture of the President's life expectancy following recovery" was given by the doctors. He said this was "at variance with the public scientific information."

By their announcement in Sepruary that Eisenhower should be able to carry on an active life satisfactorily for another 5 to 10 years, Dr. Rutstein said the doctors had left Eisenhower "no choice on medical grounds of refusing to run for re-election."

"This episode demonstrates the powerful influence a medical decision may have on our national history," he said.

Turning to the President's intestinal operation, Dr. Rutstein said Eisenhower's doctors "apparently were perfectly willing, even before the immediate effects of the operation were known, to issue a statement assuring the country that the President's health would in no way prevent him from carrying out his previous plans."

DURING PAST YEAR

African Lions Kill 43 Adults

KAMPALA, Uganda (AP)—The hut shook as a heavy body landed on the roof. A terrified mother heard the thatch being ripped to pieces. A lion seized her and leaped with her through the hole he had made. In the morning her half-devoured body was found within 200 yards of the hut.

The man-eating lions of Ankole district, Western Uganda, had struck again. In the last year they have killed 43 persons, all adult Africans.

The raiding of a hut was an isolated instance. Most of their victims have been herdsmen who roam with their cattle over the rolling grasslands.

At night the cattle are herded into thorny corrals called bomas. Lions attack the boma, breaking through at a week point. The cattle form a solid phalanx at the other end. The huge-horned Ankole cattle are a formidable foe.

The lions mill round them, trying to panic them into a stampede, when they can select one and bring it down.

In defense of his cattle, the African herdsman knows no fear. Stabbing with his six-foot spear, he tries to drive the lions off. They leave the cattle and go for the man.

Maneaters usually are old or maimed animals, unable to bring down stronger or fleeter game, who turn to human flesh in the extremity of hunger. But this is not the case in Ankole. A lion and lioness in the prime of life, accompanied by a half-grown cub, have been seen leaving a human kill.

"Any American sportsman who wants to shoot lion would be very welcome in Uganda," said Deputy Chief Warden C. R. Owen. "He would have his fill of the most dangerous sport in the world—pitting his wits and courage against maneaters—and he would earn the gratitude of a whole population."

After a year of terror in the Ankole area, the morale of the African population is broken. They refuse to believe that the killers are mortal animals. They are reincarnations of dead chiefs, say the natives, returned to wreak vengeance on those who opposed them in life.

To track a lion down in this terrain is almost impossible.

The only way to get to grips with a maneater is to sit up at night over a fresh kill and wait for it to return. But the maneater develops special cunning and often will not return.

Case Slated On Contempt

WACO (AP)—A contempt of court hearing for Duval County politician George Parr and Dist. Judge R. D. Wright of Laredo has been set for the 10th Court of Civil Appeals for Sept. 20.

Dist. Atty. Sam Burris of Alice and asst. Atty. Gen. Sidney Chandler asked the court to cite Parr and Wright over litigation between the state and Parr over possession of the Dobie Ranch in South Texas.

The state seeks in one suit to recover the ranch and $750,000. Another suit seeks to recover from Parr and his former wife, Thelma Parr, $172,500 alleged to have been misappropriated from Duval County funds.

The contempt motion said Parr and his former wife filed suit in the 49th District Court of Webb County May 28 seeking to have an alleged settlement between them and Duval County declared valid and binding.

Body Yielded By Lake Believed Missing Man

SIMCOE, Ont. (AP)—A body believed to be that of New York theatrical producer Gordon Pollock has washed up on the north shore of Lake Erie, at Long Point Beach.

Provincial police said the body was found Sunday and they were awaiting the arrival of Pollock's mother, Mrs. Anna Pollock, from New York City to identify it.

The 28-year-old producer and his wife Norma disappeared April 15 while flying their small private plane from Detroit to New York. A suitcase of clothing, identified as Pollock's, washed ashore east of Erie, Pa., on the south shore of the lake, on April 24, and on May 8 another suitcase containing personal papers of the producer was found on the beach further to the east.

Niagara Falls is the No. 1 honeymoon spot for Canada as well as for the United States.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 31 proposing an amendment to Article III of the Constitution of the State of Texas by adding thereto a new Section to be known as Section 51-c, providing that the Legislature may grant aid and compensation to persons who have been fined or imprisoned under the laws of this State for offenses of which they are not guilty.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto another Section, to be designated as Section 51-c, which shall read as follows:

"Section 51-c. The Legislature may grant aid and compensation to any person who has heretofore paid a fine or served a sentence in prison, or who may hereafter pay a fine or serve a sentence in prison, under the laws of this State for an offense for which he or she is not guilty, under such regulations and limitations as the Legislature may deem expedient."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all of the ballots shall have printed thereon the following:

"FOR the Constitutional Amendment granting power to the Legislature to grant aid and compensation to persons who have paid fines or have served prison sentences under the laws of this State for offenses of which they were not guilty" and

"AGAINST the Constitutional Amendment granting power to the Legislature to grant aid and compensation to persons who have paid fines or have served prison sentences under the laws of this State for offenses of which they were not guilty."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 46 proposing an amendment to Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the Oath of Office to include appointive officers of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1: That Section 1 of Article XVI of the Constitution of the State of Texas be amended to hereafter read as follows:

"Section 1. Members of the Legislature, and all other elected officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation:

"I, ..., do solemnly swear (or affirm), that I will faithfully execute the duties of the office of .... of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God."

The Secretary of State, and all other appointed officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation:

"I, ..., do solemnly swear (or affirm), that I will faithfully execute the duties of the office of .... of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward to secure my appointment or the confirmation thereof. So help me God."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing the form of the Oaths of Office for elective and appointive officers of the State."

"AGAINST the Constitutional Amendment providing the form of the Oaths of Office for elective and appointive officers of the State."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 9 proposing an Amendment to Section 11 of Article I of the Constitution of the State of Texas by adding a new subsection to be designated as Section 11a, relating to denial of bail to a person charged with a felony less than capital who has been theretofore twice convicted of a felony; providing for the submission of the proposed Amendment to a vote of the people and for proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11 of Article I of the Constitution of the State of Texas be amended by adding a subsection thereto to be known as Section 11a and to read as follows:

"Section 11a. Any person accused of a felony less than capital in this State, who has been theretofore twice convicted of a felony, the second conviction being subsequent to the first, both in point of time of commission of the offense and conviction therefor may, after a hearing, and upon evidence substantially showing the guilt of the accused, be denied bail pending trial, by any judge of a court of record or magistrate in this State; provided, however, that if the accused is not accorded a trial upon the accusation within sixty (60) days from the time of his incarceration upon such charge, the order denying bail shall be automatically set aside, unless a continuance is obtained upon the motion or request of the accused; provided, further, that the right of appeal to the Court of Criminal Appeals of this State is expressly accorded the accused for a review of any judgment or order made hereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

"AGAINST the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 11 proposing an amendment to Article I of the Constitution of the State of Texas by adding thereto another section, to be designated as Section 15-a, requiring medical or psychiatric testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of trial by jury where the person under inquiry has not been charged with commission of a criminal offense.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem.

"AGAINST the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machines in such manner that each voter shall vote on the machine for or against the Constitutional Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Webb County Writs Sought

LAREDO (AP)—Four leaders of the Reform Party in Webb County sought writs of habeas corpus today to test their conviction for contempt of court.

District Judge R. D. Wright found the men "in contempt of court yesterday for refusing to testify at a special court of injury about alleged voting irregularities and fined them $50 each.

They are C. D. Dick, defeated for state senator; Virgillio Roel, defeated for state representative; Francis Maher, defeated for district attorney; and A. G. Gates, defeated for mayor of Laredo in April.

Dist. Atty. James Kazne, who defeated Maher Saturday, asked for the citations. The four said they could not get a fair hearing and that they would only testify before the 98th District Court at Austin.

Another Man's Ticket Causes Their Accident

SANTA BARBARA, Calif. (AP)—In a hospital where they were taken for treatment of minor injuries, Mrs. Janet Clough and Earl R. Butler explained why their cars collided:

Both were watching a policeman give a truck driver a traffic citation.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

SENATE JOINT RESOLUTION NO. 5 proposing an amendment to the Constitution of the State of Texas, amending Section 48a, Article III of the Constitution of the State of Texas, so as to authorize needed changes in and revision of the Teacher Retirement System of Texas; providing that this section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 48a of Article III of the Constitution of the State of Texas be amended so as to read as follows:

"Section 48a. In addition to the powers given the Legislature under Section 48, Article III, it shall have the right to levy taxes to establish a fund to provide retirement, disability and death benefits for persons employed in the public schools, colleges and universities supported wholly or partly by the State; provided that the amount contributed by the State to such fund each year shall be equal to the aggregate amount required by law to be paid into the fund by such employees, and shall not exceed at any time six per centum (6%) of the compensation paid each such person by the State and/or school districts, and shall in no one (1) year exceed the sum of Five Hundred Four Dollars ($504.00) for any such person; and provided that no person shall be eligible for retirement who has not rendered ten years of creditable service in such employment, and in no case shall any person retire before either attaining the age fifty-five (55) or completing thirty (30) years of creditable service, but shall be entitled to refund of moneys paid into the fund.

"The Legislature may authorize all moneys coming into such fund to be invested in bonds or other evidences of indebtedness of the United States, or of this State, or any county, city, school district, or other municipal corporation or district of this State; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State; provided a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other State pension retirement funds or direct aid from the State of Texas, unless such other State pension or retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid; providing, however, that this section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election each ballot shall have printed thereon the following words:

"FOR the constitutional amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars ($504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund."

"AGAINST the constitutional amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars ($504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund."

Each voter shall mark out one of said clauses on the ballot leaving the one expressing his vote on the proposed amendment. If it appears from the returns of said election that a majority of the votes cast were in favor of said amendment, the same shall become a part of the State Constitution and be effective from the date of determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and shall have the same published as required by the Constitution and laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 23 proposing an amendment to Section 9 of Article VIII of the Constitution of Texas so as to provide that the Commissioners Court in each county may levy whatever sums may be necessary for general fund purposes, permanent improvement fund purposes, road and bridge purposes and jury purposes so long as the total of these tax rates does not exceed Eighty Cents (80c) on the One Hundred Dollars ($100) valuation in any one (1) year, and providing further that the Commissioners Court shall not impair any outstanding bonds or other obligations; providing for the necessary election and form of ballot; and providing for the necessary proclamations and publications.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35c) on the One Hundred Dollars ($100) valuation, and no county, city or town shall levy a tax rate in excess of Eighty Cents (80c) on the One Hundred Dollars ($100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80c) on the One Hundred Dollars ($100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15c) on the One Hundred Dollars ($100) valuation of the property subject to taxation in such county. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the Commissioners Court in each county to levy whatever sums may be necessary for general fund, permanent improvement fund, road and bridge fund and jury fund purposes so long as the total of these funds does not exceed a maximum tax rate of Eighty Cents (80c) on the One Hundred Dollars ($100) valuation in any one (1) year and so long as the Court does not impair any outstanding bonds or other obligations.

"AGAINST the Constitutional Amendment authorizing the Commissioners Court in each county to levy whatever sums may be necessary for general fund, permanent improvement fund, road and bridge fund and jury fund purposes so long as the total of these funds does not exceed a maximum tax rate of Eighty Cents (80c) on the One Hundred Dollars ($100) valuation in any one (1) year and so long as the Court does not impair any outstanding bonds or other obligations."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 13, 1956."

HOUSE JOINT RESOLUTION NO. 30 proposing an amendment to Article III of the Constitution of the State of Texas, by adopting a new Section to be known as Section 51-b, giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for assistance to needy individuals who are citizens of the United States, who are more than eighteen (18) years of age and less than sixty-five (65) years of age, who are permanently and totally disabled by reason of a mental or physical handicap and not feasible for vocational rehabilitation, who are residents of the State of Texas, except that the individuals who are receiving aid for the permanently and totally disabled may not, during the same period of time, receive Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, or be resident in any completely State supported institution; providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for the permanently and totally disabled individuals; providing that the amount paid to any individual may not exceed Twenty Dollars ($20) a month out of State funds and may never exceed the amount paid to that individual from Federal funds; providing that the amount paid out of State funds for assistance payments shall not exceed One Million, Five Hundred Thousand Dollars ($1,500,000) per year; providing for the necessary proclamation, publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

"Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 51-b which shall read as follows:

Section 51-b. The Legislature shall have the power to provide by general laws, under such limitations and restrictions as may be deemed by the Legislature expedient, for assistance to needy individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in this State for at least one (1) year continuously immediately preceding the application and who have resided in the State for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving old age assistance, aid to the needy blind, or aid to dependent children, nor while he is residing permanently in any completely State supported institution; and provided further that not more than Twenty Dollars ($20) a month out of State funds may be paid to any individual recipient; and provided further that the amount paid out of State funds to any individual may never exceed the amount paid to that individual out of Federal funds; and provided further that the amount paid out of State funds for assistance payments shall not exceed One Million, Five Hundred Thousand Dollars ($1,500,000.) per year.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for individuals who are permanently and totally disabled as that Government may offer not inconsistent with the restrictions herein provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of the State of Texas on the second Tuesday in November, 1956, at which election there shall be printed on the ballot the following clause:

"FOR the Amendment giving the Legislature the power to provide for assistance not to exceed Twenty Dollars ($20) a month out of State funds for each needy individual, eighteen (18) years of age or older, who is a resident of the State of Texas and who is permanently and totally disabled by reason of his mental or physical handicap."

"AGAINST the Amendment giving the Legislature the power to provide for assistance not to exceed Twenty Dollars ($20) a month out of State funds for each needy individual, eighteen (18) years of age or older, who is a resident of the State of Texas and who is permanently and totally disabled by reason of his mental or physical handicap."

Sec. 3. PROCLAMATION. The Governor of the State of Texas shall issue the necessary proclamation for an election and have the same published as required by the Constitution and Laws of the State.

Gangs In London Create Violence

LONDON (AP)—The gangs are at war in London and violence stalks the streets in crepe-soled shoes.

At stake is a glittering prize — a rakeoff estimated at three million dollars a year from a vast protection racket.

Four thugs converge on a man walking alone. They pull nylon stockings over their heads, disguising their features without obscuring their vision.

The victim is jostled into an ill-lit alley.

Old fashioned barber razors flash. The victim falls, hacked and gashed.

Headlines tell of this underworld war: "Slashers Strike Again . . .," "New Soho War: Billy Hill 'Boy' Slashing," "Police Hurt in Soho Slashed", "Another Soho Razor Battle."

This is far from the traditional picture of London as a place where unarmed bobbies keep law and order.

Members of Parliament have accused the home secretary, Maj. Gwilym Lloyd-George, of a lack of action to clean up the gangs.

Laborite Anthony Greenwood charged: "Not only are they all linked together by slashings with razors, but linked together by the persons who crop up again and again in these cases."

However, Lloyd-George told Parliament:

"While these men are known to the police, it isn't possible to just round them up like taking straw dogs to a dogs' home."

Each incident spreads a net of fear. The London News Chronicle has put it this way:

"The greatest enemy of the criminal investigation department is not so much violence in itself as the fear that drives witnesses to silence, perjury and flight."

There are four major gangs feuding for over-all control. So far, they have worked their own rackets among bookmakers on race courses, prostitutes and cafe, restaurant and club owners.

Scotland Yard undercover agents — members of the "Ghost Squad" — have dropped from sight and are working their way into the underworld. They aim to learn all they can about the rackets and the gangs so they can be broke up.

145 U.S. Millionaires Reported During 1953

WASHINGTON (AP)—One hundred and forty-five Americans earned a million dollars each, or more, in 1953.

The Internal Revenue Service, reporting this last night, said there were 148 individuals in that category in 1952. The postwar record is 219, set in 1950.

The money, of course, is computed before income taxes are paid. Earning a total of 275 million, mostly on dividends and selling capital assets, the 1953 millionaires paid taxes of 169½ million.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

SENATE JOINT RESOLUTION NO. 2 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to change the membership of the Veterans' Land Board, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board shall be increased to Two Hundred Million Dollars ($200,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Commissioner of the General Land Office, and two citizens of the State who shall be appointed by the Governor with the advice and consent of the Senate. The Governor shall biennially appoint one such member to serve for a term of four years, with the initial appointments to the Board under this section to be for terms of two and four years, respectively, and all subsequent appointments to be according to provisions of this section. One such appointive member shall be well versed in veterans' affairs and the other such appointive member shall be well versed in finances. The Commissioner of the General Land Office shall act as Chairman of the Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as may be now or hereafter provided by law. The compensation for said appointive members shall be as fixed by the Legislature, and each shall make bond in such amount as may be prescribed by the Legislature. The Veterans' Land Board may issue not to exceed Two Hundred Million Dollars ($200,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now provided by law or as may hereafter be provided by law; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purposes hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation. Provided, however, the portion of the Veterans' Land Fund not immediately committed for the purchase of lands may be invested in short term United States bonds or obligations until such funds are needed for the purchase of lands. The interest accruing thereon shall become a part of the Veterans' Land Fund.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veterans' Land Fund shall be sold by the State to Texas veterans of the present war or wars, commonly known as World War II, and to Texas veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative Act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All monies received and which have been received under the Constitutional Amendment as adopted by the people of Texas at the election held on November 13, 1951, and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas veterans of World War II, and to Texas veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative Act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period ending December 1, 1959; provided, however, that so much of such monies as may be necessary during the period ending December 1, 1959, to pay the principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board, shall be set aside for that purpose. After December 1, 1959, all monies received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of bonds heretofore issued and to pay interest thereon, and any of such monies not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total Two Hundred Million Dollars ($200,000,000) of bonds herein authorized, the [illegible] of One Hundred Million Dollars ($100,000,000) has heretofore been issued; said bonds heretofore issued are hereby in all respects validated and declared to be obligations of the State of Texas

"The additional bonds herein authorized may be sold in such installments as deemed necessary and advisable by the Veterans' Land Board. All monies received from the sale of land and for interest on deferred payments on land purchased with the proceeds of such additional bonds, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas veterans, as herein provided, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds provided for herein, for a period ending December 1, 1965; provided, however, that so much of such monies as may be necessary to pay interest on the additional bonds herein provided for shall be set aside for that purpose. After December 1, 1965, all monies received by the Veterans' Land Board from the sale of the lands and interest on payments, or so much thereof as may be necessary, shall be set aside for the retirement of said additional bonds and to pay interest thereon, and any of such monies not so needed shall not later than the maturity date of the last maturing bond be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

"This amendment shall be effective on and after January 1, 1957."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board; increasing the Veterans' Land Fund by $100,000,000; said fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans of World War II and to Texas veterans of service in the Armed Forces of the United States of America subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law."; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board; increasing the Veterans' Land Fund by $100,000,000; said fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans of World War II and to Texas veterans of service in the Armed Forces of the United States of America subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of said amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. Should the Legislature pass legislation with regard to this amendment prior to its adoption, it shall not be invalid because of its anticipatory nature.

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956."

HOUSE JOINT RESOLUTION NO. 15 proposing an amendment to the Constitution of the State of Texas by amending Article VII, Sections 17 and 18, providing a method of payment for the construction and equipment of buildings and other permanent improvements at State institutions of higher learning and repealing Chapter 330, Acts, Regular Session, Fifty-third Legislature; and proposing an amendment to Article VII of the Constitution of the State of Texas by adding a new section after Section 11 thereof to be designated as Section 11a, providing for the improved support of The University of Texas and the Agricultural and Mechanical College of Texas from a source other than tax revenue by providing for the broader investment of the Permanent University Fund in corporate bonds and stocks under certain conditions and limitations; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 17 and 18 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the State ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollar ($100) valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a State ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars ($100) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article 3, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article 3, of the Constitution.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a State ad valorem tax on property of Five Cents (5¢) on the One Hundred Dollars ($100) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three per cent (3%) per annum and shall mature serially or otherwise not later than September 1, 1968, and September 1, 1978, respectively; provided, the power to issue bonds or notes hereunder is expressly limited to a period of twenty (20) years from the effective date of this amendment; and provided further, that the Five Cent (5¢) tax hereby levied shall expire finally upon payment of all bonds or notes hereby authorized; provided, further, that the State tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty Cents (30¢) on the One Hundred Dollars ($100) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five Cent (5¢) tax levy for the ten-year period beginning January 1, 1958, shall be allocated by the Comptroller of Public Accounts of the State of Texas on June first of that year, based on the average long session full-time student equivalent enrollment (fifteen (15) semester credit hours shall constitute one full-time student) for the preceding five-year period of time, to the following State institutions of higher learning then in existence, to wit:

Texas State College for Women at Denton; Texas College of Arts and Industries at Kingsville; Texas Technological College at Lubbock; East Texas State Teachers College at Commerce; North Texas State College at Denton; Sam Houston State Teachers College at Huntsville; Southwest Texas State Teachers College at San Marcos; Stephen F. Austin State College at Nacogdoches; Sul Ross State College at Alpine; West Texas State College at Canyon; Texas Southern University at Houston; Lamar State College of Technology at Beaumont.

"Not later than June first of the beginning year of each succeeding ten-year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student equivalent enrollment (fifteen (15) semester credit hours shall constitute one full-time student) for the preceding five-year period of time, shall re-allocate, to the above-designated institutions of higher learning then in existence, all funds to be derived from said Five Cent (5¢) ad valorem tax for said ten-year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any General Revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Five Cent (5¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This amendment shall be self-enacting; provided, however, it shall not become operative or effective upon its adoption so as to supersede or repeal the former provisions of this Section, but shall become so operative and effective on January 1, 1958; provided, further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any State institution of higher learning under this Section prior to the adoption of this amendment, but such notes or bonds shall be paid, both as to principal and interest, from the fund as heretofore allocated to any such institution under this Section, nor shall the provisions of this amendment affect in any way the prior allocation of the revenue for the ten-year period beginning January 1, 1948, as heretofore authorized by the provisions of Section 17 of Article VII of this Constitution as adopted August 23, 1947. Chapter 330, Acts, Regular Session, Fifty-third Legislature is repealed upon the effective date of this Amendment; but the principal and interest due on any obligations incurred by the governing boards of Lamar State College of Technology at Beaumont and of Texas Southern University at Houston under the provisions of said Chapter 330 prior to its repeal shall be paid from the allocations to Lamar State College of Technology and Texas Southern University from the funds raised by the Five Cent (5¢) ad valorem tax levy as provided in this Section, and the annual allocations to these institutions under this Section shall be first devoted to current requirements for meeting such obligations in accordance with their terms.

"Section 18. For the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for the Texas Agricultural and Mechanical College System, including the Agricultural and Mechanical College of Texas at College Station, Arlington State College at Arlington, Prairie View Agricultural and Mechanical College of Texas at Prairie View, Tarleton State College at Stephenville, Texas Agricultural Experiment Stations, Texas Agricultural Extension Service, Texas Engineering Experiment Station, at College Station, Texas Engineering Extension Service, at College Station, and the Texas Forest Service, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of one-third (⅓) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any part of The Texas Agricultural and Mechanical College System, except at and for the use of the general academic institutions of said System, namely, the Agricultural and Mechanical College of Texas, Arlington State College, Tarleton State College, and Prairie View A. and M. College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval; and for the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for The University of Texas System, including the Main University of Texas at Austin, The University of Texas Medical Branch at Galveston, The University of Texas Southwestern Medical School at Dallas, The University of Texas Dental Branch at Houston, Texas Western College of The University of Texas at El Paso, The University of Texas M. D. Anderson Hospital and Tumor Institute at Houston, The University of Texas Postgraduate School of Medicine, The University of Texas School of Public Health, McDonald Observatory at Mount Locke, and the Marine Science Institute at Port Aransas, the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds and notes not to exceed a total amount of two-thirds (⅔) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any institution of The University of Texas System, except at and for the use of the general academic institutions of said System, namely, the Main University and Texas Western College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than thirty (30) years from their respective dates.

"The Texas Agricultural and Mechanical College System and all of the institutions constituting such System as hereinabove enumerated, and The University of Texas System, and all of the institutions constituting such System as hereinabove enumerated, shall not, after the effective date of this Amendment, receive any General Revenue funds for the acquiring or constructing of buildings or other permanent improvements, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of General Revenue funds.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the Forty-second Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable. This amendment shall be self-enacting and shall become effective January 1, 1958; provided, however, that nothing herein shall be construed as impairing any obligation heretofore created by the issuance of any outstanding notes or bonds under this section by the respective Boards prior to the adoption of this amendment but any such outstanding notes or bonds shall be paid in full, both principal and interest, in accordance with the terms of such contracts."

Sec. 2. That Article VII of the Constitution of the State of Texas shall be amended by adding after Section 11 thereof a new Section to be designated Section 11a, which shall read as follows:

"Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in first lien real estate mortgage securities guaranteed in any manner in whole by the United States Government or any agency thereof and in such corporation bonds, preferred stocks and common stocks as the Board of Regents of The University of Texas may deem to be proper investments for said fund; and the interest and dividends accruing from the securities listed in Section 11 and Section 11a, except the portion thereof which is appropriated by the operation of Section 18 of Article VII for the payment of principal and interest on bonds or notes issued thereunder, shall be subject to appropriation by the Legislature to accomplish the purposes declared in Section 10 of Article VII of this Constitution. In making each and all of such investments said Board of Regents shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; provided, however, that not more than fifty per cent (50%) of said fund shall be invested at any given time in corporate stocks and bonds, nor shall more than one per cent (1%) of said fund be invested in securities issued by any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided, further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enacting, and shall become effective upon its adoption, provided, however, that the Legislature shall provide by law for full disclosure of all details concerning the investments in corporate stocks and bonds and other investments authorized herein."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1956, at which election all ballots shall have printed thereon:

"FOR the Amendment to Article VII of the Constitution of the State of Texas by amending Sections 17 and 18 thereof, providing a method of payment for the construction and equipment of buildings and other permanent improvements at State institutions of higher learning; and by adding a new section thereto to be designated as Section 11a, providing for the improved support of The University of Texas System and the Texas Agricultural and Mechanical College System by authorizing the investment of the Permanent University Fund in corporate bonds and stocks under certain conditions and limitations."

"AGAINST the Amendment to Article VII of the Constitution of the State of Texas by amending Sections 17 and 18 thereof, providing a method of payment for the construction and equipment of buildings and other permanent improvements at State institutions of higher learning; and by adding a new section thereto to be designated as Section 11a, providing for the improved support of The University of Texas System and the Texas Agricultural and Mechanical College System by authorizing the investment of the Permanent University Fund in corporate bonds and stocks under certain conditions and limitations."

Sec. 4. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Domestic Battle Staged At Wintrop Rockfeller House

LITTLE ROCK, Ar. (AP) — A famous domestic battle flared in a new setting yesterday, disturbing the peace of Winthrop Rockefeller's pastoral palace atop Petit Jean Mountain.

There was a brief scuffle; then a stalemate for several hours.

When the dust cleared, Mrs. Barbara (Bobo) Rockefeller, her attorney and two friends were arrested by Sheriff Marlin Hawkins of the nearby town of Morrilton amid a welter of conflicting claims.

In an interview at a Little Rock hotel, the blonde ex-wife of the oil millionaire claimed she was "held prisoner" for seven hours at the farm and was bodily thrown 10 feet to the ground by a Rockefeller employe.

Ed Dunaway, Rockefeller's attorney denied almost every point in her story.

She said she had gone from New York City to Winrock Farm after receiving a telephone call from her 8-year-old son Winnie's nurse, who had taken the boy for a regular visit to his father under a court agreement when the Rockefellers were divorced in 1954.

Bobo said the nurse told her that she was "forcibly removed" from Winrock Farm after she took the boy there Saturday.

Bobo responded by making up a traveling party of her attorney, young Morton Bass, another lawyer — Erin Danzig, and Bass' mother, Mrs. Maurice Bass.

Gene Smith, a Rockefeller employe, and "several big men" met Bobo and her party at the gate to Winrock Farm, she said. They were allowed inside although one of the men informed Bobo that adequate notice of her arrival had not been given. The court agreement calls for her notifying Rockefeller at least 24 hours ahead of a projected visit.

Mrs. Rockefeller said she was not allowed to see her former husband. While waiting, she said, "I saw the present Mrs. Rockefeller peering out of windows and looking from behind curtains."

Rockefeller married Jeanette Edris, a Sattle socialite, recently.

Bobo said she saw her son swimming in a pool, called to him and then took him to her car. She said her son suffers from bronchitis and was coughing after leaving the swimming pool.

"Smith and two other men came over to the car," she said.

She said Smith grabbed the car keys while she tried to push him away.

"He held my hands but my nails were still free," she said.

"Then Smith pulled me out, picked me up and threw me about 10 feet," she related. "I landed on the hard gravel road."

Dunaway told a different story. He said that when Bobo put the boy in the car and attempted to leave, the keys were taken out of the car by a Rockefeller employe.

"She — Bobo — started a fight and was using loud and abusive language," Dunaway said. "She and her lawyer were informed that all they had to do to get their keys back was to let Winnie out of the car to return to his room where he was supposed to be resting."

Sheriff Marlin Hawkins said of Bobo and her companions that "they were very rude. I never dealt with people as a rude as they on a minor charge."

The sheriff said one of the employes at the farm was all scratched and cut "like he had been attacked by a wildcat."

Mrs. Bass was also charged with resisting arrest. Bobo said this came about because the woman wanted to "get her jewely" before leaving for the police station.

The sheriff said all four were released on their own cognizance.

Bobo, who received five million dollars in the divorce settlement, told her story in person only to two Associated Press reporters. The corridor outside her hotel room was filled with newsmen, but she refused to see them.

Dumas Plant Begins Work Again Today

DUMAS —The Shamrock Oil and Gas Corp. plant, scene of an explosion Sunday which killed 19 men, was processing gasoline again today. (AP)

Harry Wheeldon of Amarillo, vice president in charge of operations, said work would be back at normal in a short time.

He said the last fire is in an asphalt tank and was under control, offering no threat to the remainder of the 75-million dollar tank farm and refinery.

Funerals for 10 of the victims were held yesterday. Merchants of this Panhandle town of 8,000 closed from 2 p.m. to 5:30 p.m. yesterday and today because of the services.

The blast injured 31 persons. Seven were still in serious condition. It left 35 children fatherless.

The fire started in a 20,000-gallon mixing tank filled with pentane. Apparently that tank exploded. Three other tanks of oil products were set afire.

Nine of the dead were plant workers and ten were volunteer fire-fighters.

'Hard Diet' Leaves Man A Stomach Ache

TOBATA, Japan, July 31 (AP) — Passersby found 52-year-old Goichi Kawakami lying in the street, doubled up with pain.

At Kyoritsu Hospital doctors decided his stomach was inflamed. They operated.

Inside they found: 1 piece of wire, 13 razor blades, 1 fountain pen, 1 toothbrush, 1 pencil, 1 pair of chopsticks, 1 bone from an umbrella, 21 nails and 41 other items of hardware — all, it appeared, swallowed during the past six months.

Kawakami explained:

"I was told at a festival they would give me a big prize if I ate hardware."

"The patient is doing fine," Kawakami's doctors reported.

Girl Born 10,000 Feet Over Pacific

HONOLULU (AP)—Connie Patricia Anne Worsley is one day old today and named after an airplane in which she was born at 10,000 feet over the Pacific.

Her mother, Mrs. Harold R. Worsley, was en route to join her husband, an Army staff sergeant in Tachikawa, Japan, when she gave birth to 5-pound Connie aboard a Military Air Transport Service plane 400 miles out of Honolulu.

Capt. Stanford A. Levine of Pittsburgh, Pa., and Lt. Betty Flowers, Air Force nurse from Woodriver, Ill., delivered the child.

Mrs. Worsley, who lived in Concord, Conn., named the baby Patricia Anne. Then she added Connie for the plane, a Constellation. Mother and daughter are doing well in Tripler Army Hospital here.

DON'T DELAY
BUILDING A HOME

Leading authorities advise that building costs [illegible] coming down. One leading authority states, "This is a growing country whose population and economy have expanded mightily in the past ten years. So long as it continues to grow and so long as our living standards advance, we can not expect a return to the lower price level of years gone by. Let us look ahead rather than backward and not be afraid to invest in the future of America." Better start owning your home now!

A personality home, has three bedrooms, 1 to 1½ baths, beautiful interior decorating. You will really be surprised at the closet space. A wonderful view of the park and swimming pool. They can be financed with GI or FHA Loans. Come in & let us show you what we have.

SOAP BOX DERBY LOST

Youth Killed By Cancer

VALPARAISO, Ind. (AP) — Doug Hoback won't be in the starting lineup of the annual Soap Box Derby at Akron, Ohio, Aug. 12.

Lung cancer killed the 13-year-old youth and also the dream of his lifetime.

Death came Sunday in a Valparaiso hospital, just 24 hours after he had failed to qualify for the Akron race in regional finals at Gary, Ind.

[illegible] racer veered into a curb and put him out of the race. He watched the remainder of the race from a wheelchair after treatment for minor injuries.

A day later his cancer condition took a turn for the worse and he was taken to the hospital where he died.

But, in death unfolded the story of young Doug's courage and determination to win the soap box event, the dream he treasured more than anything else since learning he had little time to live.

"I'll tell you what kind of boy Doug was," said his doctor yesterday:

"The night before the regional soap box race in Gary, he had his mother call me up so that he could have a blood transfusion that night and get pepped up for the race. But, I just couldn't do that," said Dr. Leonard Green, a Valparaiso physician.

"He was a hopeless case from the beginning — since last December — when we found he had lymphosarcoma, or an incurable malignancy. But, he had lots of will and plenty of stamina."

Still, Doug had qualified on July 4 as Class A soap box champ of Valparaiso, a northwestern Indiana community of 15,000.

"He never gave up," Green said. "All we could do medically was to postpone his death. He even lost about 40 pounds from his normal weight of 110 pounds since his illness started . . ."

His parents? "They went along with him. All the way with him," the doctor said.

Doug's father, Neil Hoback, 44, is a special grinder at a Valparaiso steel company that produces magnets.

"My son never gave up," Hoback said. "He wanted to race. He was a very religious boy and prayed . . .

"Sure he had been in the hospital four times in the last six months and the boy subsisted solely on fruit juices for the last two weeks. But, he wanted to race."

A "piggyback" service has been installed on German railroads providing sleeping cars and platform cars for automobiles, which is highly popular with vacationists.

The population of the world is increasing by about [illegible] million a year.

Stay Of Fine To Be Asked

MONTGOMERR, Ala., (AP) — Ten hours after the National Assn. for the Advancement of Colored People became subject to a $100,000 fine in a state circuit court, its attorneys planned today to ask the Alabama Supreme Court to stay the fine.

The request was scheduled to be made at a hearing today following the midnight deadline for surrendering the NAACP's Alabama records. The organization refused to give up its Alabama membership list.

Circuit Judge Walter B. Jones turned down a request yesterday to settle for some other NAACP records he had ordered handed over and not to let an earlier fine of $10,000 go up automatically to $100,000. The NAACP is now subject to the larger fine, on which a formal judgment must still be entered.

Atty. Gen. John Patterson had asked for the records to back up a June 1 injunction Jones issued banning NAACP activity in Alabama. Patterson contended they would sustain his charges of operating illegally in Alabama and of fomenting attacks on state segregation laws.

He Got More Than He Bargained For

DENVER (AP)—Reginald E. Bay[illegible] told police he got a [illegible] deal than expected when he asked for a dollar back from two men who robbed him.

One of them tossed him a $10 bill, he explained, adding that the pair made off with $30.

Dancing Every Night Too Much For Her

SANTA MONICA, Calif. (AP)—After 17 years of marriage, Mrs. Nellie Frances Davidson says her husband wanted to take her dancing five and six nights a week.

An ideal marriage? No it wasn't Mrs. Davidson testified in divorce court, charging cruelty. She's 81.

Mrs. Davidson said she would accompany her husband, Bryan, 59, "two or three nights a week. Then I'd get tired—and he'd get mad."

She was granted the divorce.

Australia sells about 900 million dollars worth of wool a year.
