Johnson's Plea On Injunction Denied

Attorneys For Johnson Seek Quick Solution To Beat Ballot Deadline

HOUSTON, Sept. 24. (AP)—Federal Circuit Judge J. C. Hutcheson, jr., tonight held he does not have authority to stay execution of an injunction which prevents Lyndon Johnson's name from being placed on the November election ballot as the Democratic U. S. senatorial nominee.

Hutcheson said the full U. S. Fifth Circuit Court of Appeals, of which he is presiding officer, will hear the case in Atlanta October 4.

Following receipt of Hutcheson's formal ruling, attorneys for Johnson said they did not know immediately what their next step will be.

Two Courses Open

They said they have either of two courses:

1. They can go to the United States Supreme court in Washington.

2. They can try to obtain a little-used writ of prohibition, putting their argument on paper and sending copies around to individual members of the five-man court of appeals for a decision.

The injunction which brought about today's hearing was signed yesterday by Federal District Judge T. Whitfield Davidson in Dallas. It granted Stevenson's petition that the secretary of state be restrained from placing Johnson's name on the November 2 general election ballot.

State statutes require that the ballot be completed by October 3.

Like the circuit court, however, the Supreme court does not meet until October 4.

May Appeal To Justice Black

Johnson's attorneys tonight were of the opinion, however, the appeal could be made to Justice Black, supreme court member in charge of the fifth circuit, and that he could be asked to do what Hutcheson declined to do.

During today's proceedings, Hutcheson said that, under the rules of his court, he thought relief could be obtained just about as quickly through an October 4 hearing of the appeal on its merits as by the writ of prohibition process.

Johnson on September 14 was certified as the Democratic nominee by the Fort Worth Democratic convention but Stevenson petitioned Davidson's court for the temporary injunction while alleging fraud in the August 28 runoff primary election in Jim Wells and Zapata counties in South Texas.

Jury Is Still Out In Dillard Case

A 99th district criminal court jury in the murder trial of Brewster E. Dillard was unable to reach a verdict last night after more than six hours of deliberation, and was "put to bed" for the night.

The court will make itself available to receive a verdict this morning, after the jury goes to breakfast at 8 a. m.

The jury received the case at 2:45 p. m. Friday after District Attorney Lloyd Croslin closed the state's summation of the case with a fiery appeal to the jury for conviction.

Testimony Is Read

About 4 o'clock, the jury asked to return and hear a reading of the defendant's testimony by the court reporter, a request which was granted.

The state's arguments in the case started about 9:35 o'clock yesterday morning, after reading of the court's charge to the jury. Victor H. Lindsey, special prosecutor, led off the summation, followed by L. A. Howard, also special prosecutor assisting District Attorney Croslin.

They were followed in turn by Burton S. Burks and J. E. Vickers of defense counsel, and court recessed for lunch at 12:15 o'clock. Croslin's summation followed at the afternoon session.

Each side had been allowed a maximum time of two hours for summation.

Apparently hoping for a quick decision by the jury, Dillard and several members of his family sat in the courtroom for some time after the jury retired to begin deliberations.

Dillard, 37, who had testified he was reared at Lockney, but is

HST ON BALLOT

BATON ROUGE, La., Sept. 24 (AP)—The all-Democratic Louisiana House of Representatives voted today to let President Truman's supporters list him on the state's general election ballot provided they do not call him a Democrat. The bill now goes to the Senate where under speeded-up procedure it can be acted on by Sunday.

Phone Strike Is Underway

(By The Associated Press)

A walkout of telephone workers in two Michigan exchanges and a request for a strike vote in the southeast occurred Friday as rival telephone workers unions met in Washington to discuss progress of their wage talks with the Bell system.

The union officials, representing CIO and independent telephone unions, met to map a common course of action in their negotiations with the American Telephone and Telegraph Co.

Vote Is Planned

The walkouts in Michigan were termed illegal by the Michigan Bell Telephone Co. At Lansing, 100 of 125 workers left their jobs. All 12 employees at Ishpeming left their jobs.

Southern Bell Telephone Co. employes have asked for a strike vote to support wage demands, W. A. Smallwood, division president of the Communication Workers of America, said. He added that a strike would be authorized for Oct. 15 by union workers in the southeast if they vote to leave their jobs.

The telephone unions meeting in Washington represent some 300,000 workers. Some of the units have authorized strike votes.

Oil Talks in Deadlock

Meanwhile, negotiations in San Francisco broke down in the three weeks old strike of CIO Oil Workers against six California refineries. Federal conciliators said the talks were "deadlocked."

Similar peace talks continued, however, at El Segundo in Southern California. The talks are between Standard Oil Co. and the union. Negotiations involving the other five refineries have been held up pending the outcome of these negotiations.

Other labor developments:

Chicago— Federal mediators continued their discussions in an effort to settle a wage dispute involving 1,000,000 railroad workers employed in jobs not involving actual operation of trains. Members of the National (Railway) mediation board said they would meet on alternate days with the disputants in an effort to reach some settlement. Direct negotia-

American Is Accused In Argentine Plot

BUENOS AIRES, Sept. 24 (AP)—President Juan Peron accused John Griffith, former cultural attache of the U. S. embassy, tonight of organizing a plot to assassinate him and topple his government.

Tens of thousands of workers, idled by a 14-hour general strike called in solidarity with Peron, cheered wildly his denunciation of traitors, international capitalists and foreign enemies.

Stirred to anger, the crowd shouted anti-United States slogans before the First National bank of Boston building and attacked the big South American newspaper, La Prensa, which never has supported Peron.

At least 16 persons were under arrest including Luis Rojido, president of the Labor party, and Cypriano Reyes, a labor leader and former congressman who broke with Peron two years ago.

Griffith, expelled from Argentina in April on a charge of fomenting a bank strike, called the affair "just a detective story" invented for "vengeful persecution." He is now in Uruguay.

Former Gov. Sterling Ill In Fort Worth Hospital

FORT WORTH, Sept. 24 (AP)—Former Gov. Ross Sterling of Houston, is in a critical condition at Harris hospital, his attending physician said today.

He was brought to the hospital Monday night after suffering a stroke at the ranch of his daughter and son-in-law, Mr. and Mrs. Wyatt C. Hedrick, near here.

His doctor said he had suffered a cerebral thrombosis, which paralyzed the left side of his body.

Truman Prepares Answer To GOP Charges

Dewey Assails Reds In U.S. Government

(By The Associated Press)

GOV. Thomas E. Dewey said said Friday night that some Communists and fellow travelers have "risen to positions of trust in our government," and President Truman prepared to argue the issue.

Thus a top-rank—if long distance—debate appeared to be shaping up between the Republicans and Democratic presidential candidates as the 1948 campaign warmed up toward the November 2 election date.

Dewey said in a speech for a major Republican rally at Los Angeles that if present laws are not enough to cope with Communists who engage in illegal activities "we'll get ones which are."

Truman Prepares Answer

Mr. Truman, traveling through Yuma and other Arizona points eastward to his next major address, at Oklahoma City next Tuesday, was reported to have decided to bear down on the Communism issue then.

An aide on the President's special train said specifically that Mr. Truman's Tuesday speech will be directed toward Dewey's statements that Red influences are at work in the administration.

"Too often," Republican candidate Dewey said in his Los Angeles speech, "our own government here in America seems to have so far lost faith in our system of free opportunity as to encourage this Communist advance, not hinder it.

Dewey said that the thing to do is to keep the people informed as to what the Communists are doing.

U. S. Urge to Tell Story

"So long as we keep the Communists among us out in the open, in the light of day, the United States of America has nothing to fear from them within its own borders."

Dewey proposed that able Americans, from "the greatest nation of salesmen in the world," tell the world the American story as opposed to the Communist story.

President Truman, on his way to Yuma for his address, told a crowd at Oceanside, Calif., that he speaks the truth but that the opposition conceals its intent.

Mr. Truman's talk at Oceanside was the 55th of his intensive western tour which is due to wind up with his return to Washington Oct. 2.

At Washington yesterday Senator McMahon (D-Conn) accused Gov. Dewey of tossing atomic energy into politics.

McMahon, in a statement, took exceptions to Dewey's Thursday

Atom Spy Probe Is Kept Secret

WASHINGTON, Sept. 24 (INS)—House spy probers today called off public hearings on Soviet atom espionage" in the interest of national security and the safety of individual lives."

Chairman Thomas (R N. J.) of the House un-American Activities committee, in announcing the unit's decision, said a report which will include some testimony and recommendations will be made public at the earliest possible time.

Thomas said the committee's decision to abandon public hearings was made for these three reasons:

"Vital Secrets" Learned

1. Reluctance on the part of the committee to reveal some "of the confidential sources of information."

2. The desire to protect some of the personalities involved—"certain persons mentioned in testimony whose identification at this time would be dangerous to them and the country."

3. Information received by the committee is "of such importance to national security" that the unit felt public hearings would "reveal vital secrets which in the interests of national security should not be disclosed at this time."

Thomas said that the decision was unanimous and that the full committee also entirely agreed on issuing a report to Congress and the American people.

Report To Be Made

The chairman said that the unit in a closed-door session approved a tentative draft of some portions of the report. He added that the remainder of the report will be prepared at once. He said that the unit and its staff will work over the weekend in the hope of completing the report quickly.

Thomas would not give any de-

ACROBAT IS INJURED

AUSTIN, Sept. 24. (AP). A blonde, 18-year-old acrobat was seriously injured here today when a rope broke during her aerial performance with the Cole brothers circus. She was identified as Miss Barbara Beale, part of a troupe imported from London. She fell between 30 and 40 feet to the ground after the rope broke, while an audience of almost 2000 watched. An early examination showed a broken leg and shock.

Six Ships Battling Fury Of Hurricane

HALIFAX, Sept. 24. (AP)—Six ocean-going vessels tonight battled the fury of a hurricane some 150 miles off Halifax. The United States Army transport General M. B. Sturgis, carrying 844 displaced persons to new homes in Canada, was directly in the path of the storm.

The weather bureau here said Sable island—a desolate sand spit 100 miles off the Nova Scotia coast—was lashed by 75-mile-an-hour winds. So far there have been no reports of shipwrecks or injuries.

The hurricane is moving parallel to the Nova Scotia coast, heading straight for Newfoundland which was sideswiped by a similar storm a week ago.

UN Overrules Red Protest

By FRANCIS W. CARPENTER
Associated Press Staff Writer

PARIS, Sept. 24—Western - led majorities today smothered Russia's repeated attempts to throw the veto fight and six other explosive isues out of the United Nations Assembly.

Informed delegates predicted the rebuffs would provoke an unusually bitter attack on the majority when Soviet Deputy Foreign Minister Andrei Y. Vishinsky makes his nation's policy statement tomorrow morning. He had planned to speak today but delayed because of illness.

Except for two items, the six-nation Slav bloc voted alone against majorities running from 29 to 47. The 58-nation Assembly thus decided over Russian protests to put the following items on the work sheet for full debate in the coming weeks:

Veto Curb To Be Studied

1. Argentina's call for consideration of the membership applications of Italy, Austria, Finland, Ireland, Portugal and Trans-Jordan. All have been vetoed by Russia in the Security Council. The vote on this item was 29 to 16 with 10 abstentions and three countries absent.

2. The Balkan commission report accusing Greece's nothern neighbors (Albania Yugoslavia Bulgaria) of helping Greek guerrillas. The vote was 44 to 6.

3. The report of the Korean commission which Russia boycotted. The vote was 47 to 6.

4. The Little Assembly proposal to restrict the veto. (Under the UN charter, the United States, Russia, France, Britain and China hold the right to veto decisions of substance in the Security Council. Through use of the so-called double veto, Russia has been able to control decisions on which issues are of substance and which are not). The vote was 47 to 6.

Schedule Completed

5. The proposal that the Little Assembly be given a further trial. The United States, which originally proposed the new body last year, favors another 12-month experiment. The vote was 46 to 6.

6. A Little Assembly proposal to promote international political cooperation. The vote was 47 to 6.

7. Chile's charge that Russia

Fifteen Percent Wage Hike 'Too Little'

France Paralyzed As Seven Million Strike

PARIS, Sept. 24 (INS)—A two-hour general strike among 7,000,000 workers paralyzed France tonight despite a last-minute government decision to grant a 15 per cent wage increase. A smattering of workers remained on the job.

The shutdown in Paris subway service and on bus lines throughout the country was an all-day affair and subway employes showed no signs of returning to their jobs before tomorrow morning.

Postal workers continued the strike four hours after the scheduled end and other government office workers extended the walkout until tomorrow morning.

The United Nations General Assembly session at the Palais De Challot was unaffected by the walkouts except that many persons attached to the world body joined hundreds of thousands of Parisians in walking, hitchhiking and bicycling to work.

The nationwide strike was called to back up demands for wage boosts and included workers in both Communist and non-Communist unions.

After the strike call had been issued the government yesterday granted workers a 15 per cent wage hike to meet inflationary living costs. However, labor leaders termed the boost "too little and too late."

$750,000 STORE PERMIT ISSUED

Lubbock Building Climbs To $11,426,327 For New Mark

By H. I. KIEFER
Avalanche Staff Writer

LUBBOCK'S all-time building record was shattered Thursday afternoon with the issuance of a permit for the new Hemphill-Wells department store home at Thirteenth street and Avenue J.

The $750,000 permit, issued to contractor Robert E. Maxey, increased the city building permit total for the year to $11,426,327, or $296,104 more than during the whole of 1947. The $11,130,866 in building authorized during 1947 was the record for any full year in history.

The new total is $2,683,104 larger than had been authorized during the first nine months of last year.

May Reach $15 Million

It is indicative of a building pace which may send the final total for 1948 close to the $15,000,000-mark, with more than a possibility of exceeding that amount.

The figures do not include building in suburban Lubbock estimated at $4,000,000 to $5,000,000—indicating a final 1948 construction total for Greater Lubbock close to $20,000,000.

According to the specifications submitted to Building Inspector Lloyd Ross, the new Hemphill-Wells home is to consist of three stories and mezzanine with full basement, containing an aggregate of 83,727 square feet. Its dimensions are 125 by 130 feet.

The square footage is approximately double that in the building which is being razed from the site on which the new building is to be erected.

To Include Modern Equipment

No structure in Texas or the Southwest will be more modern or finer in its appointments for the purposes it is to serve, company spokesmen said. Suggestive of what is planned is the fact that the structure will include esca-

Secret Meeting Of Air Force Chiefs To Be Held Soon

(By The Associated Press)

WASHINGTON, Sept. 24—Air Force commanders today were summoned into secret conference as U. S. first-line sky power was disclosed to have grown one-fourth in six months.

In another air power move, the national military establishment announced 10 thousand reserve aviators would be recalled to active duty in the next six months.

The first top-level air force conference since Jan. 23 will be held Oct. 7-13 at the Air Force base at Montgomery, Ala.

More Planes In Service

Present will be the heads of the Strategic Air command, tactical air command, Military Air transport service, Air Training command, Air Materiel command, Air Defense command, Pacific Air command, European Air Force, and others.

The conference, announced as "periodic," nevertheless will permit full interchange of views and recommendations on the Berlin air lift, the overall Russian crisis, Far Eastern Soviet infiltration, and many other key international issues involving U. S. air power.

In the equipment field, the Air Force said about 5,000 new or modernized planes were in an active status July 1, compared to 4,000 on January 1.

Government Opens Probe Of Du Pont Industrial Empire

CHICAGO, Sept. 24. (AP)—The government has started an anti-trust investigation of the huge E. I. Du Pont De Nemours & Co. industrial empire.

Grand jury subpoenas were placed on file today for business records of Du Pont; General Motors Corp.; U. S. Rubber Co., Ethyl Corp, North American Aviation Inc Kinetic Chemicals, Inc., Bendix Aviation Corp., and Remington Arms Co.

Soviets Turn Down Protest

By OMER ANDERSON
INS Staff Correspondent

BERLIN, Sept. 24 — Soviet air gunners fired into the western air corridor outside Berlin late today, and the Russians rejected American protests.

No Anglo-American planes were reported hit.

Simultaneously the French-licensed Kurier quoted Communist trade-union leader Kurt Richter as telling a union rally:

"Henceforth we are prepared to take different measures against those not going along with us.

"There is still a lot of space to dig holes and much wood for coffins."

Reds Sound Warning

Unofficial reports said that Russian anti-aircraft gunners also fired high into the corridor, but American Air Force spokesmen could not confirm this.

The Russians posted notices that they would hold extensive ground and air-firing maneuvers during the day in a move regarded as a war of nerves against western airmen.

But at a late hour only one American pilot sighted actual gunnery. He said a soviet plane's gunners were seen firing at a ground target.

The Russians said they would fire 10,000 feet into the corridor west of Berlin and dismissed American protests that this height was dangerous to Anglo-American cargo planes.

Lt. Col. B. E. Steadman, U. S. Military government spokesman, said the Soviet notice posted at the four-power air safety center was "an out and out violation" of regulations.

Situation Unchanged

"But the situation in the corridor," he added, "generally is unchanged."

U. S. planes alone in 444 flights in the last 24-hour period landed 3,613 tons of food and fuel in western Berlin.

(It was learned authoritatively in Paris that Premier Stalin himself during the Moscow talks gave the Western Allies assurances that Russia would not resort to war to drive the Allies out of Berlin.

(These informants said the Russians are believed fully cognizant of the danger, however, that incidents might be created which

Two Men Held In Battery Thefts

A large number of recent irrigation well thefts in eastern Lubbock county and western Crosby county were cleared up Friday with the arrest of two Plainview men, said to be brothers-in-law, and the recovery of at least 19 batteries.

The arrest early yesterday resulted when a farmer who had been victimized noticed a truck containing a large number of batteries parked by the highway as he was driving into town. He said two men were asleep in the truck.

Caught Selling Batteries

The pair had left the scene when officers arrived, but were accosted a few minutes later while in the act of selling the batteries to a Lubbock business house, officers said.

Formal charges had not been filed on the two men late last night, but Sheriff Grady Harrist indicated that the two men would be arraigned this morning.

Two Mexicans, one from Hondo and the other from Houston, were arrested in connection with the pilfering of automobiles in the 700-block of Thirteenth street. At police headquarters, a woman who had witnessed from an upstairs window the actions of the pair, identified the men.

Theft of three oversize hub caps from his car was reported to city police by Lewis H. Burks of 1706 Ninth street.

Tech Board To Meet In San Antonio Today

Members of the Texas Technological college board of directors will meet in San Antonio today in the St. Anthony hotel, time and place having been set at the board's last meeting here Aug. 14.

The San Antonio meeting was set to coincide with the Texas Tech- Texas A. & M. football game in that city today.

Expected to be in attendance from Lubbock will be Dr. D. M. Wiggins, Tech president; O. B. Ratliff, board member; and W. T. Gaston, secretary to the board.

Other board members are Charles C. Thompson of Colorado City, chairman; A. G. (Pat) Mayse, Paris; Leon Ince, Houston; Charles Wooldridge, Dallas; Kyle Spiller, Jacksboro; Mark McGee, Fort Worth; and Robert B. Price, El Paso.

Wreckage Of Missing U. S. Plane Sighted In Manitobia

THE PAS, Man., Sept. 24 (INS)—Wreckage of a missing U. S. Navy plane was spotted from the air today in the northern Saskatchewan wilds and a short time later flyers saw five men believed to have been aboard the craft.

The crew of the RCAF Lancaster which discovered the wreckage said the five were hacking their way through the brush about 25 miles south of the scene.

An arrow laid out on the ground at the wreckage pointed in the direction taken by the five. The plane, missing for 12 days, had crash landed in Highrock lake, about 250 miles northeast of the Pas. A RCAF Canso flying boat flew to the lake tonight and will pick up the five men tomorrow. The five will be flown to The Pas.

COST OF LIVING ALSO TAKES ANOTHER JUMP

Federal Economists Forecast Continued Boom In Employment, Farm Income Throughout Next Year

(By The Associated Press)

WASHINGTON, Sept. 24—Federal economists predicted today that the present boom in employment and personal income will continue through 1949.

This prediction came from the Bureau of Agricultural Economics, while two other government reports said that:

1. The income of farmers, measuring in terms of purchasing power, is expected to average more than twice as high this year as it was in the pre-war years 1935-39.

2. The cost of living index rose another notch in August.

The Bureau of Agricultural economics, in its first forecast for the year ahead, said there may be a slight downward trend in incomes late next year. But it predicted that 1949 incomes as a whole will about equal this year's record.

The bureau commented:

"Demand for farm products in the United States in 1949 will continue near the record levels of 1948, primarily because of large personal incomes."

The Federal Reserve board, in a separate report on the farm situation, said farmers this year will have more than double the buying power they had before the war—even allowing for increases in the cost of living and of farm production.

In dollars, total cash farm income will be about four times the prewar figure, the board said.

But the report said that although farm income has soared in comparison with other types, not all farmers have hit it rich.

"Incomes received by many farmers who operate small acreages have been small," the report said, "and it appears that sizeable numbers of these farmers have been taking industrial jobs."

It estimated the number of per-

Lubbock Licks North Side 21-14 On Long Touchdown Run

Brown, Young Spark Lubbock High Scoring Attack In Second Half

By EARL SCUDDAY
Avalanche Sports Writer

FARRINGTON FIELD, Fort Worth, Sept. 24.—Lubbock High's never-say-die Westerners, sparked by the brilliant running of Halfbacks Bobby Brown and Malcolm Young, scored three last half touchdowns to defeat North Side's Steers, 21-14, before approximately 8,000 stunned fans here tonight.

The giant Steers took a 14-0 lead in the first half on the end sweeps and accurate passing arm of 195-pound Darrow Hooper, and the Hub City gridders appeared to be outmanned by the City Conference representatives. But the hustling Westerners tallied one touchdown in the third period and two more in the final stanza to chalk up their first triumph of the 1948 season.

Brown and Young, both juniors playing their first year of high school football, teamed to notch the first six-pointer for the Westerners. Following a quick kick by Hooper late in the third period, Brown broke off left tackle to move up to the Lubbock 49 yard marker. Young, who alternated at tailback and fullback tonight, swept around left end to the North Side 35, then Young picked up another three at center.

Young Goes Over

Brown hit Quarterback Norman Bantz with a flat zone pass to the North Side 25. Brown cracked through left guard for a first on the Steer 17, and Wingback Don Decker carried to the 15.

Brown passed to Halfback Wayne Stroud on the North Side seven for another first down. Bill Bridge smashed through center to the four, then Young slammed over right tackle to cross the double stripe. Jimmy Richards converted and the Westerners trailed, 14-7.

The second Lubbock tally was set up in the last minute of the third quarter, when End Jim Wilson stole the ball from Steer Halfback Don Kerlee on the Steer 30. Young picked up 16 yards on an off-tackle smash, then Young added two more in two tries. Brown circled left end for a first down on the Steer three and Bridge plunged for the touchdown. The automatic Richards kicked the extra point from placement and the score was tied at 14-14.

Following Lubbock's after-touchdown kickoff, North Side was unable to gain and Hooper quick-kicked to the Westerner 27. On the first play, Brown sprinted off tackle, picked up a key block by Young and raced 73 yards to paydirt. Richards converted for the third time and Lubbock was ahead to stay.

North Side scored both of its touchdowns in the second quarter. Hooper climaxed a 45 yard drive with a 20-yard smash through tackle to the goal line, and minutes later added the second six-pointer on a three-yard plunge. Hooper kicked both extra points.

Scored In Second Quarter

The brilliant running of Brown and Young stole the offensive spotlight but a full share of credit for the win must go to the heads-up Westerner line play in the second half. Back Charley Williams and Guard Jack Hensley turned in stellar performances. And End Jim Wilson's crucial fumble recovery set up the second Lubbock tally.

Hooper, a versatile backfield stalwart was the entire North Side offense, although he received some aid from a crushing 190-pound fullback, Charles Davis. The Steer forward wall turned in a creditable performance in the first half, but was outcharged by the Westerner line in the last two stanzas.

The victory was something of an upset for the District 1-AA representatives, but the Lubbock youngsters made up in fire and fight for their inexperience.

The official statistics gave the Westerners a decided margin, and the Steers were a badly-whipped team at the final whistle.

Kress Kangaroos Come From Behind To Tie Idalou, 13-13

KRESS, Sept. 24 (Special)—The Kress Kangaroos came from behind to tie a stubborn and underrated Idalou Wildcat eleven 13-13 here tonight.

Kress fumbled on the kickoff and Idalou recovered, scoring on a pass on the first play. Play rocked along without further scoring in the half, but both teams returned to end the touchdown parade in the third quarter.

Kress scored when Dempsey Alexander circled end for 60 yards, but Idalou came back to go ahead on a 40-yard run. The Kangaroos tied up the game on a 40-yard dash by Eddie Young that was stopped on the Idalou one-yard line. Dwight Glenn carried over on a quarterback sneak.

Raiders, Aggies Clash At San Antonio Tonight

Crosbyton, O'Donnell Tie

CROSBYTON, Sept. 24. (Special)—O'Donnell's Eagles roared from behind in the last two minutes of play here tonight to tie the Crosbyton Chiefs, 13-13 in a non-conference game.

Bill Simmons passed 25 yards to End James Moore to set up the first score, Simmons plunging over seconds later and kicking the extra point. But on the last play of the first half, O'Donnell scored following a 25-yard pass, a three-yard hand-off plunge bringing them up to 7-6 as the half ended.

As the game drew to a close, the Chiefs marched 60 yards down the field to score, with Simmons plunging over for a 13-6 lead. But an Eagle took the ensuing kickoff and ran 90 yards through the entire Chief eleven to score and a short pass for the extra point tied up the game.

Lockney Longhorns Overpower Dumas, 25-12, In Tough Battle

LOCKNEY, Sept. 24. (Special)—Lockney's steamrolling Longhorns struck in the first, second and fourth quarters here tonight to overpower Dumas in a non-conference grid tussle, 25 to 12.

Early in the initial period, Fullback Jerry McCullough, one of the outstanding ground gainers for the night for the Longhorns, powered his way five yards for the first Lockney score to climax a 75-yard drive. Attempt at conversion failed.

Dumas then received and on the first play from scrimmage, Left Half Bob Bramlett scampered 64 yards to even the game up. Dumas' conversion try also failed.

In the second stanza, Lockney rolled 52 yards with McCullough again counting, this time on a three-yard plunge. Try for extra point went awry. A few minutes later, Lockney struck again, this time Left Half Jack Cole heaving a 39-yard aerial to Joe Keeter, right end, for the tally. Jimmy McGowan kicked the extra point to make it 19 to 6 at halftime.

Classy Wellington Gridders Down Paducah Eleven, 39-13

PADUCAH, Sept. 14 (Special)—Wellington's classy football team rolled to an impressive 39-13 victory over the Paducah Dragons here tonight in a non-conference exhibition.

The Dragons drew first blood, but after that were hopelessly outclassed. Tom Sandlin's 20-yard dash on an intercepted pass and Joe Sandlin's boot gave them a 7-0 lead and Joe Sandlin's 36-yard dash off-tackle in the second quarter momentarily put them back in front.

But Wellington was not to be denied. Gaston Williams scored on runs of 11 and 18 yards, Walter O'Neal scored twice on passes from David Baumgardner and Mac McCutcheon. McCutcheon passed to Gerry Strickland for another and Strickland intercepted a pass and ran 80 yards for the final score.

Abernathy Takes Early Lead To Finish Cooper Lions, 32-13

ABERNATHY, Sept. 24 (Special)—Abernathy took the lead very early in a game here tonight that saw the Antelopes defeat Cooper's Lions, 32-13.

The Antelopes scored during the first two minutes of the game when Quarterback Hughes connected a 50-yard pass to Blackmon, left end. The try for the extra point was good. Within seven minutes after the opening kickoff, Smith, Antelope fullback, run a punt back 45 yards for the second score. Attempt for the extra score failed.

The Lions scored in the third when Thompson run back 75 yards on the kickoff. The extra point was good. In a double reverse play in the fourth, with Dobb carrying, the Lions scored again.

McADOO EAGLES WIN

McADOO, Sept. 24. (Special)—McAdoo High school pushed over four touchdowns here this afternoon to win a District 7 conference six-man football game from Dickens' Owls, 26-6. George Allen, Bobby Hardin, Lavelle Phifer and George Raphal reached pay dirt for the winners.

Lobos Win Decisive 4-A Victory

Levelland Pounds Sundown, 20 To 13

By JOE HITCHCOCK
Avalanche Sports Writer

SUNDOWN, Sept. 24. (Special)—In one of the most important conference games in this district the Levelland Loboes marched over the Sundown Roughnecks 20-13 here tonight. It was the first District 4-A (northern half) conference tilt for both squads.

Fullback Lonnie Northam set up two of the Loboes' touchdowns with hard drives and contributed heavily to the third goal crossing. Quarterback Don Taylor sparked the final drives and accounted for all three tallies.

Levelland marched for pay dirt the first time they took possession of the ball in midfield, following the opening kickoff to Sundown.

Starting from the Sundown 46-yard line, Northam and Taylor started a series of end sweeps that placed the ball on the 11-yard line. Taylor dashed over on a right end run. A line plunge for the extra point failed.

Toward the end of the first period, Halfback Bill McCulloch intercepted a Lobo pass and galloped 45 yards for the first Roughneck touchdown. Plunge for the point failed.

At half time the score was tied, 6-6.

In the third quarter Northam took a lateral on the Roughneck 46-yard line and scrambled around left end for a 35-yard gain. On two more plays Taylor carried over standing up. Kick for extra point was good, making the score 13-6.

Shortly afterwards, on the same type lateral, end-run play, Northam charged from the Roughneck 39-yard line to the 15-yard stripe. And Taylor again whipped through the Sundown defense for the touchdown. Extra point was kicked.

The Roughnecks opened up with passes in a fourth quarter rally. Interference from the Lobos put the Roughnecks within striking distance on the 12-yard line.

Etheridge plunged through the center of the line on the third down for the touchdown. Kick for extra point was good.

Etheridge appeared to be the fastest back on the field. The tough defensive work and punting of Bobby Wheat, 135-pound halfback, and lineman Wayne Teague gave the Lobos a bad time considering the great margin in the yards gained by the two teams.

The Lobos, however, with an offense confined primarily to the ground were able to block off the ends on their end sweeps. The blocking of halfbacks J. T. Pugh and John Branch added to the weight advantage held by Levelland.

Score by quarters:

LEVELLAND	6	0	7	7
SUNDOWN	6	0	0	7

Large Crowd Sees Littlefield, Roscoe High Battle To 6-6 Tie

LITTLEFIELD, Sept. 24 (special) — Littlefield and Roscoe High schools fought to a 6-6 tie here tonight in a non-conference game played before a large crowd.

Roscoe drew first blood, when a short line plunge climaxed a 60-yard drive down the field. The kick for extra point was blocked.

Jiggs Walker plunged over the goal line for Littlefield later in the second quarter to knot the score, after the Wildcats also had driven 60-yards down the field on power plays. The extra point attempt, which would have won the game, hit the crossbars.

Both teams played the major portion of the game in midfield.

Sudan Hornets Win Hard Fought 7 To 6 Victory Over Hereford

SUDAN, Sept. 24 (Special)—The extra point run by Pickett, Sudan Hornet tail back, meant a 7-6 defeat for the Hereford Whitefaces here tonight. All scoring was made in the third quarter.

Whiteface Left Half Back Engman went through the line for the first score after a series of plays down the field.

Later in the quarter, Tommy Sherrill, Hornet full back, tied the game when he went 50 yards on an off tackle play for a touchdown. The extra point by Pickett gave the win to Sudan.

Morton High Eleven Beats Ropesville Gridders, 20-13

MEADOW, Sept. 24. (Special)—Glenn Yeary, an elusive halfback here tonight, gave the Morton High school eleven a last minute victory over the Ropesville eleven, 20-13.

Yeary ran 20 yards to the tying score after the Morton team had driven 60 yards on a sustained drive down the field. And with only 59 seconds remaining in the game, Yeary broke through the Ropesville eleven to run 60 yards for the winning score.

Morton scored first on Bill McDaniel's pass to End Jim Winder, but Ropesville evened the count in the same period, the second, and scored on Means' run to take a lead in the third.

Spur Bulldogs Drive, Pass To 28 To 6 Victory Over Hamlin

SPUR, Sept. 24 (Special)—Spur's Bulldogs drove and passed to a 28 to 6 victory here tonight over a battling but outclassed Hamlin team before a good crowd. It was the first win of the season for the Bulldogs.

The Bulldogs took Hamlin's opening kickoff 60 yards on power plays for the initial touchdown. Tom Alldredge, Spur halfback, jammed over from the four yard line for the score. Melvin Lindsey kicked the first of his four extra points for the evening.

The Pied Pipers were held tight and Spur took the kick for 45 yards again on straight line plays for their second marker. Melvin Lindsey, Spur quarterback, romped over from the four for the counter, and Lindsey added the point.

In the third period Spur recovered a Hamlin fumble on the Pipers' 45 and drove to the Hamlin 25 where Alldredge passed to Simpson for the third touchdown. Lindsey converted.

In the fourth quarter Hamlin's quarterback Dean passed to End Goodgame for 25 yards to put the ball on the Spur six. Green drove over in three power plays for the score. The conversion attempt failed. Spur wasted no time in racking up their fourth. Simpson passed to Milton Reynolds for 45 yards and Reynolds sprinted 30 more yards for the score.

Indians Drop Eagles, 14-0

SEMINOLE, Sept. 24. (Special)—Two plays around left end brought a 14-0 victory for the Seminole Indians over the Pecos Eagles in a District 5-A conference game here tonight.

The Indians first touchdown came early in the first quarter when Ira Bobo went around for a nine-yard gain. J. McReynolds went 14 yards in the third for the final score of the game. Both teams were using the T-formation.

Both extra points were kicked by Burt Affleck. This makes five successful kicks for Affleck in two games.

The Eagles completed one of four attempted passes. Twenty yards were gained by passing and 115 gained by rushing. Pecos punted seven times for 221 yards, and made five first downs.

Outstanding players were Scroggins and Christian for the Eagles and Bobo and McReynolds for the Indians.

Muleshoe Yellowjackets Hand Slaton's Tigers, 19-6 Defeat

SLATON, Sept. 24. (Special)—Muleshoe turned in a 19-6 victory over the Slaton Tigers here tonight, with McCarthy pacing the Yellowjackets all the way.

The speedy back broke loose for touchdown jaunts of 39 and 60 yards and returned one punt 70 yards for the other score. The lone extra point in the victory was scored on a forward pass.

Slaton scored in the final quarter on a pass play that covered 76 yards, Cecil Bybee hitting Lawrence Morgan for the touchdown.

Muleshoe had the edge throughout the game, showing a strong offense, while Slaton's main strength lay in the line and generally on the defensive.

Tahoka Bulldogs Chase Ralls Jackrabbits To 19-6 Defeat

TAHOKA, Sept. 24 (Special)—Tahoka's Bulldogs chased the Ralls Jackrabbits to a 19-6 defeat here tonight.

The Bulldogs took the lead early in the game when Right Halfback Carter, in a play off right tackle, went 66 yards for a touchdown in the second quarter, Chandler, fullback, went three yards through the line for pay dirt. Kicks for extra points failed.

In the third, Left Halfback Small, scored the final Bulldog touchdown in a four-yard gain off left tackle. Carter kicked the extra point.

The Jackrabbits score came late in the third when Quarterback March went over after five successive first downs.

Andrews Turns On Power To Overcome Wink Eleven, 21-14

WINK, Sept 24 (Special)—Andrews power overcame a determined Wink Wildcat team here tonight to win 21 to 14.

Wink racked up the initial score after an exchange of punts in the first period. Fullback Rollins plunged over from the 10 yard line after an 80 yard downfield drive. Drumm booted the point.

Andrews scored the tying touchdown in the second period on a power drive that carried 65 yards. The extra point was made by passing.

Shortly after the half, the Wildcats shook Drumm loose for 65 yards and a touchdown. Drumm converted. Andrews took the kickoff and marched on ground plays for 60 yards, and then plunged for the tying point. The winning touchdown was scored by Andrews when a Wink fumble was recovered on the Wildcats' 25. A series of power plays produced the marker. Extra points after the final two Andrews' scores were made on line plunges.

Southland, McAdoo Six-Man Teams Win Games, 20-13 And 26-6

BULA, Sept. 24. (Special)—The Southland six-man football team won a District 2 conference football game from Bula High school here this afternoon 20-13. Jay Basinger scored Southland's touchdowns and Gene Anderson converted once.

Tech Is Underdog In Ninth Annual Renewal Of Southwestern Classic

SAN ANTONIO, Sept. 24. (Special)—The Texas Tech football team arrived here this afternoon and went directly to Alamo Stadium for a brief limbering up drill, before returning to their hotel downtown for the night.

Tomorrow night, under the lights in the stadium, the Red Raiders will clash with the Texas Aggies in the ninth renewal of this Southwestern classic. Tech has won only once, in 1946, when they licked the Cadets 6-0 during a war year. The Aggies claim seven victories in the series, which began in 1927 with a 47-6 licking for the Red Raiders.

TO BROADCAST GAME
The Texas Tech-Texas Aggie football game tonight at San Antonio will be broadcast over a network of stations that includes KFYO here. KFYO will air the game beginning at 8 p. m.

Capacity Crowd

A capacity crowd for the Alamo Stadium was assured late today by Chamber of Commerce officials, who are sponsoring the contest. Many Tech rooters and Texas Tech exes are here for the clash, which is expected to give a line on relative strength of the two squads.

There was no change in the odds late today, with the Techsans from Lubbock still going into the fray with a 13 point deficit. Some writers look for a close game, but most all agree that it will be the Aggies by at least two touchdowns.

The Raider squad is in good condition and ready for their game tomorrow night. Coach Dell Morgan was quietly confident that his Raiders would come through, despite the odds against them, counting on Tech speed to offset Aggie weight advantage.

Tech Is Outweighed

The Aggies will outweigh Tech, both in the line and in the backfield, but will be without the speed of the West Texans. Both teams expect to use a passing game extensively.

The difference between the two teams tomorrow night is expected to rest with the stronger offensive, both lines boasting defensive power. Outstanding with the Aggies is Quarterback Jim Cashion and Halfback Bob Goode, the latter being one of the shining lights in last week's licking by Villanova, 34-14.

Aggies On Rebound

The Aggies will be out to rebound from their defeat last week and are looking on Tech as suitable victims. But Coach Harry Stiteler has been cautioning against over-optimism. Aggie followers remember that with a break or two last year, Tech might have won the game instead of absorbing a 29-7 beating.

Morgan is counting heavily on Fullback J. W. Thompson, and Halfback Glenn Lewis and Cal Steveson in the backfield. All three are breakaway runners who could be vital weapons against the slower Aggies. The Tech line still is a question mark, but is expected to make a strong showing against the Cadets.

Tech motored down by bus, stopping off in San Angelo for lunch and coming directly to San Antonio. They will remain here overnight Saturday, driving back Sunday.

Hale Center Owls Beat Anton, 27-7

HALE CENTER, Sept. 24 (Spl.)—Hale Center's Owls got a fright at the start of their game with Anton's Bulldogs here tonight but rebounded to win 27 to 7.

Anton's halfback Billy Glasscock took the opening kickoff back 90 yards to open the scoring. Fullback Bill Estes plunged for the extra point. The Owls tied the score in the second period when halfback Billy Johnson plunged two yards for a score and Edward Weil plunged for the point.

In the last half the Owls scored three times. Quarterback Jerry Johnson plunged a yard for the first score with Weil plunging for the point. Eldon Davis circled end for 12 yards for the second marker with Weil again plunging for the spare point. The last tally was racked up by Davos on an 18-yard around end sprint.

Olton Mustangs Down Petersburg Eleven, 14 To 0, In 4-B Opener

OLTON, Sept. 24. (Special) — The Olton Mustangs opened their District 4-B conference schedule with a 14-0 victory over the Petersburg Golden Buffaloes here tonight.

Quarterback Bobby Gullett skirted end for 25 yards and the first touchdown in the first quarter, with Jackson Dodd plunging for the extra point. And in the third quarter, Bob Wills circled end on a 25-yard jaunt for another score and Dodd again plunged successfully.

Statistics were about even, with Olton leading in first downs, 10 to 7. Dub Holt and Jerry White at tackles, Buddy Hedges at guard and Jimmy Lee at halfback were other outstanding Mustang players.

New Deal Lions Win Decisive 12-0 Victory Over Whiteface

NEW DEAL, Sept. 24. (Spl)—The New Deal Lions opened the District 4-B conference schedule here this afternoon with a clear-cut 12-0 victory over the Whiteface Antelopes.

End Paul Crossnoe tallied the first six points in the opening period on an end-around play, going 22 yards for the score. And in the fourth quarter, Halfback Robert Gentry plunged two yards to climax a sustained drive of 60 yards down the field.

The Lions threatened in the closing moments of the game, Buck Attebury tackling an Antelope back on the 12-yard line, jolting the ball out of his arms and recovering. Two plays took the Lions to the two-yard line, where the game ended.

Oscar Powers, Antelope back, was outstanding for his eleven, while the entire New Deal team played well offensively and defensively.

Phillips Outruns, Outpasses Floydada For 31 To 6 Victory

PHILLIPS, Sept. 24 (Special)—Phillips ran and passed an outclassed Floydada Whirlwind team dizzy here tonight to rack up a 31 to 6 score before a crowd of approximately 3,000 fans.

The Phillips team scored twice in the first period. Fullback Moore circled left end for 20 yards and the score and Hughes kicked the point, the only conversion of the game. Eldridge made the second score on a seven yard plunge.

Both Threaten, But Fail To Score

Brownfield, Lamesa Battle To 0-0 Tie

LAMESA, Sept. 24. (Spl)—The Brownfield Cubs and Lamesa Golden Tornadoes battled to a scoreless tie before a crowd of 3,000 here tonight in a non-conference game.

Each team presented a scoring threat during the game. Early in the first quarter Lamesa recovered a Brownfield fumble on the Cub 19-yard line and moved to the Brownfield six before the ball went over on downs.

At the start of the second quarter Lamesa kicked off and Maurice Martin, Brownfield full back, received the kick. He run 91 yards to the Lamesa seven where he was hauled down from behind by Half Back Dick Echols of the Tornadoes. Their drive for a touchdown died there. Lamesa took over on their own five-yard line and Frank Rose, Lamesa guard, kicked out 70 yards.

The gridders battled the remainder of the game out in midfield.

Lamesa made 8 first downs, gaining 108 yards by rushing and 30 yards by passing. The Tornadoes completed three of eight attempted passes. Eight punts were made for an average of 39 yards.

The Cubs made six first downs, gained 48 yard passing, 127 yards rushing and completed three out of 12 passes. They punted six times for an average of 34 yards.

Outstanding players were Bizell, Hart, Rose and Phillips for Lamesa; Scott, Johnson, Gorby, Tankersley and Martin for the Cubs.

The Tornadoes received four penalties for 30 yards while eight penalties cost the Cubs 40 yards.

Kirkpatrick, Pennington Standout

Post Eleven Drops Seagraves, 24 To 0

SEAGRAVES, Sept. 24. (Spl)—The Post Antelopes rolled to an impressive 24-0 licking of the Seagraves Eagles here tonight in the opening game of the District 4-A (South half) schedule for both teams.

Two sustained drives, one in the first quarter and another in the third, sent the Antelopes into a long lead. The third Antelope tally came on a long pass play and the final touchdown was on an intercepted pass.

Bobby Pennington started the Antelopes off in the first period, after a sustained march had taken the ball down to the Eagle 20-yard line. Pennington found a hole in the line and slipped through to rthe distance, hitting pay dirt.

Kay Kirkpatrick went over for the second touchdown early in the third quarter, after a sustained drive took the Antelopes down to the 10-yard marker. Three plays moved the ball to the one and Kirkpatrick plunged over for the score.

Again in the third it was Kirkpatrick, but this time on the receiving end of a pass play that covered 55 yards. Charles McGuire was the tosser from his own 45-yard stripe and Kirkpatrick went over easily.

The final score came late in the fourth quarter when Seagraves was desperate. Ronnie Boucher leaped into the air to snag an Eagle aerial and dash 67 yards for the score.

Post, although playing without the services of two or three key players, still turned in an impressive offensive display and held the advantage throughout.

CHANGE NEEDED?

Laws And The Reds

THE SCHOOL Board at Baltimore, Md., discovered late last Spring it had a Communist teacher on its payroll.

Quite correctly, school board members decided not to re-employ the woman for this year and advised her, by mail, of their action.

Now the woman has turned to the courts to force her re-employment, charging she is being "discriminated against" because of her "political views," and that the Constitution of the United States protects her from such "discrimination."

Everyone knows that Communists do not support our Constitution, or anything else in our way of life. Everyone knows that Communism is not a "political belief," but, instead, is a revolutionary movement. Therefore, everyone knows that morally, at least, Communists have no right to any protection from our courts.

If our laws are such that they will force the Baltimore school board to hire as a teacher an avowed enemy of our government, then our laws should be changed—and fast.

It would be as wise to place a viper in a classroom as to place a Communist there.

"Red" Wertz

UP IN AMARILLO, today, they are saying goodbye to all that is mortal of Ralph E. Wertz.

"Red" Wertz, they called him.

He was "Red" Wertz when he was a young railroad conductor in early-day Wyoming, where he knew the Indians and the pioneers so well that he represented oil companies in making deals with them. He was "Red" Wertz, as he began writing his success story in oil and in gas. He continued to be "Red" Wertz to thousands after he came to Northwest Texas as head of the West Texas Gas company and numerous other holdings.

"Red" Wertz was the kind of fellow who walked with kings but, as Kipling said, still kept the common touch.

He was a public utilities man who had no use for a "public relations counsel." He had no use for such "counsel," because he was his own best public relations man. He was "Red" Wertz to hundreds of his employes and to literally thousands of his customers. He was as much at home in Lubbock, or Midland as he was in Amarillo. He "got around among the folks" because he liked the folks who bought his gas and they liked him.

"Red" Wertz is gone now. At 71, his generous and his courageous heart just stopped ticking. But he'll be remembered for a long time over a wide area because, even though he was a big man in a big job, he was simply "Red" Wertz.

He knew the gas and the oil business but, what was more, he knew people and he knew that, in the final analysis, they were more important than anything else.

He was quite a guy, "Red" Wertz. And a great many people are proving it today by being genuinely sorry he's gone.

For the Lord shall be thy confidence, and shall keep thy foot from being taken. Proverbs 3:26.

People argue considerably about religion, but they never argue about the multiplication table.

SHARP CONTRAST WITH U.S. SYSTEM IS NOTED

Communism Facing Test Against European Peasants

By JOHN FISHER
Special Correspondent

AMERICAN farmers are harvesting record crops with assurance of prosperity and freedom.

In contrast, their fellow farmers overseas are the target of a fresh attack ordered by impatient Moscow in all countries under its heel. Although peasants are violently opposed to collective farming, they are slowly being driven into the system by threat of confiscation of all property and by fear of prison.

Previously the Kremlin had allowed its satellites to deal gingerly with their rural constituents, especialy as many satraps, like Tito, were against strong arm measures.

Lately Stalin has cracked down on Vice Premier Gomulka of Poland and President Tildy of Hungary and is turning the screws on the Gottwald regime in Czechoslovakia. From now on the determined Kremlin purposes to mold Eastern European agriculture into the form used in the regimented Soviet Union.

• • •

Although severe economic coercion of the peasantry is new outside the U.S.S.R., the agrarian policy is old in Marxian ideology. In the latter part of the 19th century the issue of peasant landholding divided the Russian revolutionary movement.

Eventually Lenin with the aid of bayonets forced collectivism on his own country. But he was compelled to advance one step at a time. The Bolshevist October Revolution abolished landlord ownership and distributed expropriated acres among the landless, who were kidded into the belief that at long last they might cultivate fields and meadows of their own. But Lenin never intended to perpetuate private ownership. Cautiously he experimented with cooperative units, to accustom peasants to mass effort. Later he penalized the Kulaks, the large independent farmers. By 1929 the secret police and the Red army were all powerful. The government had assembled sufficient tractors and agricultural machinery for large-scale farming. Moscow thereafter branded the Kulaks "traitors," exterminated them as a class and made collective farming the foundation of Russian agriculture.

Six years elapsed in the Soviet Union before the policy of individual farming was rejected officially and two more years before collectivism was in full swing. Stalin is requiring his stooge governments to follow the same path at a much faster pace, a course which is running into difficulties.

• • •

Hungary is introducing collective farming through the backdoor, setting up special co-operatives. At least 25 peasants per unit agree to pool their labor and market their produce.

This year's private threshing also is under tight government rein. A rural community near Budapest was forbidden to mill its own grain because it was behind on deliveries of its quota to the State. As a result local wheat-raisers themselves had no bread.

The Polish State Farm Administration operating about ten per cent of arable land, has been instructed to take over another ten per cent, the property of rich peasants whom Warsaw has unfairly adjudged "enemies of the state." The Bierut government has initiated a movement, under the deceptive title "Peasants' Self Help," to function as the sole supplier of commodities needed by peasants and the only market for their produce.

• • •

Communists tell country folk that if eight of them form a collective farm they can avoid compulsory "statute labor." As an inducement each member may keep one acre of land, two cows, two calves, one sow with litter, ten sheep or goats, 200 bee-hives and as many rabbits and chickens as he desires, but no horse. The hitch is that he must feed all of his animals on his single acre. The seemingly generous terms are merely propaganda bait—and the wise ones are not fooled.

All the rest of the peasant's fields, meadows, livestock, equipment and seed grain are communized. As he and his companions gather their crops a heavy quota is set aside for the central government. Other levies go to the state-owned tractor stations, government reserve stockpiles against bad harvests and to local soviets for administration and new equipment.

After next year's seed and fodder are stored what little remains is distributed among members of the "Kolkhov" in proportion to the number of days they worked in the summer.

The European farmer is not readily led astray by Communist bunk. He is stubborn in his insistence on economic independence. Stalin and his doctrinaires are convinced that Communism cannot take root without the collectivism of land.

Hence today's head-on collision of commissar and peasant will affect the whole social structure of Eastern Europe.

Looking At Life - - By Erich Brandeis

POETRY is not exactly up my alley. To be perfectly frank, I don't care a lot for poetry even if it is good.

But the following poem was sent to me because of a recent column of mine in which I told about some professors starting a seminar for monkeys.

BRANDEIS

So, the least I can do for Mrs. George Zell, of Kennett Square, Pa., who sent it to me, is to publish the poem, whose author I do not know.

If there is anything wrong with the meter you can easily have it fixed as all meters are fixed — by the plumber or the power company's man. And that, I believe, and I shall know positively after my wife reads this column, is one of the most awful puns I have ever punned.

• • •

Here is the poem, and it is entitled "The Monkeys' Disgrace":

Three monkeys sat in a cocoanut tree
Discussing things as they're said to be.
Said one to the other, "Now listen, you two;
"There's a certain rumor that can't be true;
"That man descended from our noble race.
"The very idea is a disgrace.

"No monkey ever deserted his wife,
"Starved her babies and ruined her life;
"And you've never known a mother monk
"To leave her babies with others to bunk,
"Or pass them one from one to the other,
"Till they hardly know who is their mother.

"And another thing you'll never see
"A monk build a fence 'round a cocoanut tree
"And let the cocoanuts go to waste,
"Forbidding all other monks to taste.
So, by putting a fence around my tree
"Starvation would force you to steal from me.

"Here's another thing no monkey would do
"Go out at night and get on a stew,
"Or use a gun or club or knife
"To take some other monkey's life.
"Yes, man descended, the ornery cuss;
"But, brother, he didn't descend from us!"

• • •

THUS ended Mrs. Zell's poem and while, as I told you, the meter isn't very good, the philosophy certainly is.

However, she spoils it with the following P. S.:

"But who would rather be a monkey than a human being? I would not, and I am sure you wouldn't either."

Well, frankly, I don't know.

According to my wife, I have made a monkey of myself many a time and, to be truthful, most of those times were the best times I ever had in my life.

So I really can't say which is better — being a human being and making a monkey of yourself or being a monkey without having to make a human being of yourself.

I must ask the next monkey I meet.

HST Still Confident

BY RAY TUCKER
Special Correspondent

WASHINGTON—President Truman's seemingly sincere belief in a Democratic victory in November astounds both friendly and hostile observers at Washington, especially in the face of accumulating and convincing evidence that he heads into a defeat of a shocking nature. Here are a few samples of the general attitude as the two presidential candidates sally forth on their first major sorties:

TUCKER

Many national political writers here and elsewhere will make no expensive, cross-country canvasses this year because of their feeling that it would be a waste of time and money. Those accompanying the President do so largely because they seek to renew contacts with old newspaper friends and clients, and with the politicians in the field.

• • •

FENCES: Correspondents traveling with Governor Thomas E. Dewey concede that there is a certain amount of self-respect in going on this assignment. To make themselves more valuable to their newspapers, they want to become acquainted beforehand with the possible Cabinet members, advisers and personal cronies that the Albany man will bring to the Capital next January. They are simply building future journalistic fences in the same way a politician does.

There is no pro-Truman betting money in sight. Even ultra-New Dealers will not take or give even money that Mr. Truman will carry twenty states. The 1948 election wagers will probably have to be made in the way former Vice-President John N. Garner placed them during the Rooseveltian heyday.

In those years he could get bets only by letting his Republican pals name five states which the G.O.P. nominee would carry. The canny Texan never lost on this basis.

• • •

GIFTS: The most ominous sign for both Democrats and Republicans is that political money has become tighter than it has been in many years. Habitual contributors to the Democratic till figure that a gift this year would be a waste of cash.

Even enthusiastic Dewey people in the higher brackets are coming across with only $1,000 instead of $5,000, or $250 instead of $1,000, because of their confidence in a Republican sweep.

Conditions are so bad for the Democrats financially that Senator Carl Hatch recently served notice that his "clean politics law" is virtually a dead letter. He informed federal employees that although it forbade them from active politicking, it did not prevent them from "kicking in." He notified millionaires that, although they were limited to $5,000 gifts, there was nothing to prevent them from giving a similar sum in the names of others of their tribe.

• • •

PENSION: The prospect of a Truman debacle has revived talk among his Capitol Hill friends of the movement to pension ex-Presidents on a salary of at least $25,000 a year and to make a former Chief Executive an honorary member of the U. S. Senate. Almost alone of modern White House occupants, Mr. Truman has no personal fortune or professional position to which he could retire.

Speculation over his future, however, always centers around the likelihood that he will reenter politics. Missouri informants suggest that he may run for his old Senate seat in 1950 against Governor Phil M. Donnelly, who is legally barred from seeking reelection this year. Only difficulty is that Governor Donnelly has made such a good, non-partisan record that he might defeat even Mr. Truman, if the two should make a fight of it.

(Incidentally, the writer erred a few weeks ago when he listed Missouri as one of seven major states which had elected or reelected a governor since 1944. Mr. Donnelly, a Democrat, carried the President's state in that year).

• • •

BORDERLINE: The prospect of a Truman-for-Senate candidacy in 1950 lies behind the effort of his friends to insure that the Chief Executive's home state lands in the Democratic column next November. It would be an inauspicious introduction for the returning Truman if it should give its electorial vote to Governor Dewey.

Missouri is now listed as a toss-up state. The Roosevelt-Truman ticket carried it by only 46,182 in the war year of 1944, and only a slight shift would move it into G.O.P. ranks. Moreover, Roy Robert's extremely influential Kansas City Star, an independent newspaper, recently declared for Dewey on the basis that Mr. Truman had shown his incapacity as President.

In Mr. Truman's favor is the presence of Forrest Smith on the state slate as a candidate for Governor. He has been State Auditor for fourteen years, and is a super-vote-getter, even running ahead of F.D.R. He is an old-age-pension advocate, and has signed many benefit checks for years.

Nevertheless, as the fairly heavy betting indicates, Missouri stands on the political borderline.

• • •

INTERIOR: The principal Cabinet squabble in the event of a Dewey-Warren triumph will undoubtedly involve the choice of a satisfactory man for Secretary of the Interior. With California's Governor expected to enable the G.O.P. to sweep the Western Empire, and also certain to become an important figure in the presidential family, that section will demand this job.

Governor Dewey has said that he wants a regional expert on western problems for this post. This statement seems to dispose of the principal claimants, who are now Representative Ben Jensen of Iowa and former Ohio Representative, Robert E. Jones, now on the Federal Communications commission. This area always complained because Roosevelt-Truman men were Harold L. Ickes of Illinois and J. A. Krug of Wisconsin. To the Rocky Mountain and coastal interests they were "easterners."

• • •

CANDIDATE: The Dewey difficulty selecting a westerner lies in the fact that almost every state will present its own candidates. They have done so already, and the prospect of an intra-party row of major proportions threatens.

Likely bet now would be Senator William F. Knowland of California, provided he could quit the upper chamber. But should jealousies and rivalries become too bitter in the section most interested in conservation and expansion problems, Mr. Dewey might find it advisable to keep out of trouble by looking elsewhere. Under these circumstances, strange as it may seem, there is talk of Robert Moses of New York, a Smith-Roosevelt-LaGuardia-Ickes man, for the post.

A woman has reached middle-age when she takes setting-up exercise in the hope of reducing.

There are two indispensable books—the Bible and the pocketbook.

HST ASSAILS POWER LOBBY

Reclamation Projects Now Issue

By THOMAS L. STOKES
Special Correspondent

WITH PRESIDENT TRUMAN—On one major issue of these times President Truman gets a very sympathetic ear in the West, and seemingly strikes pay dirt. It is most vital to the vast Rocky Mountain and Pacific Coast area upon which he is laying so much stress politically and which he is visiting for the second time in three months.

This is conservation, with specific reference here to reclamation, irrigation and public power. Translated, it means simply the reclaiming of former arid land by turning water on it so that it can be opened up for farming and homesteads. Great quantities of cheap power are required to pump this water into and out of great reservoirs and distribute it where it is needed and also to provide electrical facilities for the people and energy for new industries that are being attracted into this great empire.

STOKES

• • •

Facilities Are Hampered

President Truman is thoroughly familiar with this issue and can talk familiarly to the people about what it means not only to the West but to the whole national economy. They respond eagerly as he tells the story. He is thoroughly familiar, likewise, with the way powerful interests worked in the 80th Congress to hamper this development for their own selfish profit.

It is all a matter of record. It is a matter of record that appropriations for expansion of existing great western projects were cut. It is a matter of record that restrictions were slipped into appropriation bills to prevent expansion of facilities beyond specified areas. It is a matter of record how expansion of the great TVA project in Tennessee, so badly needed because of a power shortage, was checked by defeat of appropriations for a new steam plant. It is a matter of record that numerous other bills were brought forward to keep the government from building its own transmission lines under pressure from private utilities, wrich want to control distribution of power from government plants; to weaken the authority of the Federal Power commission to go into books to find facts necessary in fixing fair rates; and for numerous other purposes to cater to the private utilities, some of them brazen. The utilities will try to get these through in the next Congress.

• • •

President Truman on his present trip is going from the general to the specific and is showing how this is done and for whom, by whom, and where. For example, he singled out the chairmen of the House and Senate Appropriations committees, both from the East—Representative John Taber (R., N.Y.) and Senator Styles Bridges (R., N.H.)—both active in reducing the scope of western public-power development.

Mr. Taber scoffed at TVA when it was presented originally and has followed a course consistent with that attitude. Senator Bridges has long been known as a friend of the private utilities and it is significant that New England is the most backward section of the country in developing and utilizing its water resources. The utilities are powerful there politically.

When President Truman speaks out here of Wall Street in connection with this issue and with Congress, the people understand exactly what he means. For they know that great private power companies in this area are controlled in the East by interests that want development of this area only on their own terms. Similarly, these people out here know what he means when he says that the West is a colony of Wall Street, just as people in the South know it, for there is the same pattern of absentee ownership and control in that area.

• • •

Power Groups Blamed

The President is briefing these folks out here, too, on something that was very familiar in Washington in the last two years, which was how the private utilities came out of the storm cellars to which they had been driven by the Roosevelt administration and, backed with great financial resources and aided by expensive and clever lobbyists, began again to do what President Truman correctly calls "sabotage."

The public still knows little, far too little, about all this. It was an inside job, done in secret behind the closed doors of the Appropriations committees and, where necessary, by tricky and devious language that only a lawyer can understand. It is hoped that President Truman will tell the whole story in detail and tell it over and over.

• • •

There's another prominent figure who knows about it, too, and from personal knowledge and experience. This is Governor Earl Warren of California, Republican vice-presidential candidate. He was not very courteously treated by Republican elders when he appeared personally before the House Appropriations committee of the last Congress to appeal for funds for the great central valley project in his own state. Representatives of utilities are treated very politely by the ruling Republican clique in Congress.

The issue of reclamation, irrigation and public power is one of which the Democratic party is more united than on any other. Here the South is found behind President Truman and members of Congress from other areas, particularly the West and Northwest, because of TVA and the demonstration of what such conservative projects can mean to the South and its people.

Russians Fire Into Air Lane

(Continued From Page One)

could lead to war.)

The Russian firing ostensibly staged as joint air and ground practice maneuvers was regarded as an obvious test of western nerves.

In addition to ground firing the Russians declared they would send flights of bombers and fighters through the 20-mile western corridor leading from Berlin to Buecheburg in the British occupation zone.

The Russians said these operations would center over the artillery range at Dolle, 65 miles west of Berlin.

The U. S. was not notified by the Russians until an hour and a half after the scheduled exercises.

The Americans had protested yesterday that two Soviet Yak fighter planes flew dangerously close to a C-54 American transport plane.

In another phase of the widening East-West rift the U. S. military government announced a ban on distribution of Soviet-licensed newspapers and periodicals.

The ban will apply to the U. S. sector of Berlin and the entire American occupation zone in retaliation for a previous Soviet ban on western publications in its zone.

Maj. Gen. George P. Hays, deputy U. S. military governor, charged that the Russians violated four-power control council orders guaranteeing free circulation in all four zones.

Hays specifically referred to a Soviet order of June 9 establishing a Soviet-controlled distribution monoply in the Soviet zone and said Soviet Deputy Maj. Gen. M. I. Dratvin made an unsatisfactory reply to the first U. S. protest and ignored a second.

Soviet-controlled German railway police today were reported to have entered some western sector elevated stations and confiscated western newspapers from the news stands.

Amarillo Group Winner In Littlefield Dance Contest

LITTLEFIELD, Sept. 24 (Spl.)—The Amarillo Barn Dance club, with Curtis Ball calling, was announced winner this afternoon of Littlefield's first annual square dancing contest held last night in the rodeo arena in connection with the Lamb County fair.

The club won a loving cup as a trophy. More than 1,500 persons watched the performances, said the office of Jim Roberts, general manager of the fair.

Other entries included the Littlefield Pioneer club, with Buck Ross calling, the Lubock Sashaway club, the Amarillo Elbow Swinging club with Lloyd Hamilton calling, the Littlefield Dosido club, with Walter Martin calling.

Western Diplomats May Seek New Plan In Berlin Dispute

PARIS, Sept. 24 (AP)—There were signs tonight that the United States, Britain and France may be working on a new plan for handling their dispute with Russia over Berlin.

Pro-western sources said the new plan may exclude any immediate appeal for a United Nations judgment on the Berlin impasse in event Russia replies unsatisfactorily to the three powers' notes sent to the Kremlin this week. They did not elaborate.

A member of the British Foreign Secretary Bevin's delegation told a reporter "the western powers are definitely not committed to going to the UN immediately" even if Russia's reply is a flat "no."

Warren William, Veteran Stage, Screen Actor Is Death Victim

HOLLYWOOD, Sept. 24 (INS)—Warren William, the veteran film and stage actor with the suave manner, died at his Encino home today. He was 53.

The actor was stricken with an attack of "virus X" last November and he had been bed-ridden ever since. Dr. Stanley Gordon, his physician, attributed cause of death as multiple myeloma, a rare blood disease.

Born William Krech in Aitkin, Minn., the actor starred in such Broadway hits as "Let Us Be Gay" and "Those In Love," appeared in numerous silent films and then returned to Hollywood to enjoy a great success with the advent of the talkies.

The actor, a veteran of World War I, is survived by his widow, Helen. Recently they celebrated their 25th wedding anniversary. Funeral services probably will be held Monday.

Notorious Southwest Gunman Escapes Guards In Oklahoma

McALESTER, Okla., Sept. 24. (INS)—Deputy Oklahoma state penitentiary warden H. C. McLeod disclosed today that Glen Roy Wright, notorious southwest gunman of the '30s, has escaped.

He said Wright was permitted to visit his dying mother and eluded guards at her home in Tulsa last Sept. 14.

McLeod said that Wright was left alone in his mother's room and apparently slipped out a back door of the house.

Wright had a reputation as one of the most heartless trigger-men in Kansas and Oklahoma during the hey-dey of the Cotner-Peterson gang.

He was serving a life sentence for armed robbery. The gang is accused of slaying at least five town marshals in the two states.

Johnson Denied Stay

(Continued From Page One)

tified that Johnson held a majority of 87 votes out of nearly one million ballots cast in the election.

Johnson and Stevenson were not present for today's proceedings.

In a lengthy closing statement John Crooker, Houston, Johnson attorney maintained that a hearing October 4 would be too late to enable Johnson's name to be placed on the November ballot in that state statutes require that the names be submitted by October 3.

He said Johnson's name could be removed from the ballot after October 3 but not added.

Jurisdiction Questioned

In Austin, Secretary of State Paul Brown this afternoon said he would not attempt to venture a guess as to whether he could legally submit a name for the ballot after that date.

John Cofer and former Governor Dan Moody, both of Austin, handled most of the discussion with Hutcheson.

Cofer, representing Johnson, maintained that Davidson's federal district court was without jurisdiction to enjoin Brown from entering Johnson's name on the ballot and that the Johnson-Stevenson case actually is "an election contest."

Questions Attorneys

Moody, speaking for Stevenson, maintained the injunction suit "was no election contest but an action of a voter, as well as a candidate, to protect his right to have the vote counted, and to be named the nominee."

Johnson's formal petition asking the stay of execution of the injunction was filed early today in New Orleans with the clerk of the U. S. Fifth Circuit Court of Appeals.

Judge Davidson has appointed two special masters to examine the second primary voting in three South Texas counties. W. R. Smith, jr., San Antonio attorney named to investigate the Jim Wells county vote, said today he was undecided whether to accept. J. M. Burnett, San Antonio lawyear named to investigate the Zapata and Duval votes said he will definitely accept.

Neither had received official notification tonight. Smith said he talked today to Judge Davidson. He said he had a case scheduled for Monday week and may not be able to make other arrangements.

sons on farms at the end of 1947 was 27,400,000, or 10 per cent less than before World War II.

"Non-farm population, meanwhile, has increased nearly 30 per cent since 1937, to 118,000,000 at the end of 1947," the board noted.

On the dark side of the economic situation, the Bureau of Labor Statistics reported the cost-of-living index jumped another notch in August. This index measures retail prices of goods and services usually bought by families of moderate incomes in large cities.

On Aug. 15, the index hit 174.5 per cent of the 1935-39 average—up 0.5 per cent from the July 15 mark.

At the same time, the bureau said the wages of factory workers reached a new high at $53.86 a week.

Food Prices Drop Slightly

The bureau noted a small drop in retail food prices, down 0.1 per cent to 216.6 per cent of the 1935-39 average of 10.2 per cent higher than a year ago and 48.8 per cent above the June 1946 level.

The Bureau of Agricultural economics' predictions about the economic future were made in a report on the dairy situation.

While prices of some farm products have eased off in recent months the bureau saw little likelihood of lower prices for milk and dairy products in 1949.

The reason, it said, is the prospects that milk production per person will be the lowest since the drouth years of the 1930s.

It pointed out that the number of milk cows has been dwindling for five years. The human population, on the other hand, has been increasing. Thus there is less and less milk for each consumer.

The report saw no change of greater butter production next year.

San Francisco— The West Coast maritime strike entered its third week. One of the five striking unions, the Independent Marine Firemen's union, proposed in a letter to employer associations that negotiations be resumed. A spokesman for the shipping industry said the union was invited to resume wage talks but added there could be no hope of a settlement if a contract were "conditioned upon our agreement with unions in control of communist party line labor leaders." The shipping industry has demanded that officials of Harry Bridges' striking CIO longshoremen sign non-Communist affidavits.

New York — A grand jury investigating alleged gangsterism in the dress industry Friday indicted two former convicts in connection with the beating last Monday of three union officials. The officials are members of the AFL International Ladies' Garment Workers' union. David Dubinsky, union president, said he believed "successors to the Lepke mob" of the 1930's may have been responsible for the beating of 10 union organizers and pickets.

lators, the first in Northwest Texas.

The construction contract does not specify a time for the completion of the building, but J. D. Hassell, jr., Hemphill-Wells executive vice president, expressed the hope it will be ready for occupancy by Jan. 1, 1950.

The whole Hemphill-Wells project involves an expenditure of well over $1,000,000.

Erected for temporary occupancy during the building period was the three-story and basement building in which the store now is established at Thirteenth and Avenue K.

That building, incidentally, is on a foundation for a total of six stories. The decision as to whether the additional floors will be added will depend upon general economic conditions when Hemphill-Wells moves back into its new permanent home, it was announced.

Jury Still Out

(Continued From Page One)

now living at Dallas, where his wife is employed in the tax department of the city of Dallas, was charged by indictment with the murder of Garlon Douglas Weaver at the Panhandle Service station 2707 Texas Ave., the night of Oct 31, 1947.

The accused man and Weaver were the only two at the station at that time, testimony brought out, and the jury's verdict necessarily would hinge on the credability of the testimony given by Dillard, who was on the stand nearly two hours as the last witness in the case Thursday afternoon.

The court's charge, an outline of the law under which the jury was to make its decision, went into detail on the law of self-defense, which was the basis of Dillard's defense case.

Shooting Followed Game

The shooting followed a high stakes coin matching game at the station earlier that night in which the stakes, starting at $1, eventually reached $50 a throw, testimony showed. Dillard lost $220 to $230 cash he had in his pockets, then borrowed successively $100 each on his wrist watch, diamond ring, and diamond stickpin.

The earlier matching was between Dillard and Ernest D. (Buddy) Tice, partner with Weaver in operation of the station, but testimony showed that when Dillard ran out of money after hocking his jewelry, he left to get some more money. Returning, he found only Weaver at the station, recovered his watch in a matching game with Weaver, who had advanced him the money on the three articles.

Dillard testified that in trying to recover the other items, he saw or thought he saw Weaver change his coin, challenged him and started an argument during which he ran for his car parked in the station driveway only a few feet away, with Weaver close behind him.

He said Weaver tried to pull him from the car, and finally did after he (Dillard) had gotten hold of his pistol in the glove compartment, and that in a scuffle near the station door "the gun went off" and Weaver relaxed his hold.

The wounded man was taken to Lubbock Memorial hospital, where he was pronounced dead on arrival. A doctor had testified that a bullet had pierced his body, entering the left nipple and emerging lower on the right side. A nurse who attended Weaver said the bullet lodged in his shirt.

Dillard was tried on the same charge last April, but the case resulted in a mistrial when the jury could not reach a verdict.

Highlights of Friday's program were an address by Dr. David M. Gardner of Dallas, editor of the Baptist Standard, in the morning and one in the afternoon by Dr. J. W. Marshall, president of Wayland college at Plainview.

A duet was presented by two Latvian students at Wayland college, Mr. and Mrs. George Lambert, whom Dr. Marshall met in Denmark. Lambert said he had escaped from Latvia by boat and was picked up by a Swedish battleship. He was a Baptist preacher in Russia.

Foreign Students Report

Sam Choy from Korea, Hawaiian born, who is receiving education to be a missionary to Korea, gave a report on the youth revival work among Baptists and said Wayland college is filling an important part in that work. Julia Molnar, Hungarian from Brazil who is preparing to be a medical missionary, and Rachel Fong from China, teacher in Lisa Yates High school in China, who is preparing to be a missionary to China, were other Wayland students who spoke.

It was announced that 79 foreign students applied for entrance to Wayland college this year and applications were approved of 40 students from 17 countries.

Lambert, stating that the Russian government is anti-Christian, said the difference between America and Russian lies in Christian differences. He said the U. S. teaches love and the Russian teaches hate

Dr. Gardner presented to the group the largest financial missionary and educational programs ever launched by Texas Baptists and stressed the part of each church in meeting the $10,000,000 budget adopted recently by the executive board of the state convention. He urged that the association give emphasis to the stewardship crusade being conducted throughout the state this fall.

Justice Department Subpoenaes Books Of Seven American Firms

CHICAGO, Sept. 24. (INS)— Melvin C. Williams, head of the Chicago office of the Justice department's anti-trust division, today subpoenaed the books and records of seven leading American industrial firms.

Williams said the material will be brought before a federal grand jury next Thursday to determine whether the companies are interlocked in a vast monopoly.

The concerns subpoenaed were: General Motors, Kinetic Chemicals, North American Aviation, U. S. Rubber, the Ethyl Corp., E. I. DuPont de Nemours & Co., and the Bendix Aviation Corp.

The Remington Arms Co. also is to be served with a subpoena.

Funeral Rites Held At Hamlin For Former Lubbock Carpenter

Funeral services for Luther Pritchard of Rotan, who as a carpenter had worked in Lubbock, were conducted Thursday afternoon at Hamlin Church of Christ, with Minister J. Cleo Scott officiating.

Burial was in East cemetery at Hamlin.

Pritchard, former resident of Abilene, had moved to Rotan recently.

Pritchard collapsed while sitting on the porch of his home late Wednesday, and cause of his death had not been announced. Members of the family feared he may have been a victim of ptomaine poisoning, source of which was not known.

He had returned home Tuesday noon after working with a brother here a week on construction work.

One brother, Wiley Pritchard, jr., and two sisters, Mrs. Bertha Evans and Mrs. Dorothy Bevels, all of Lubbock, are among survivors. Others include the widow, one son and one daughter; three other brothers, Tom of Hamlin, and Vivian and Reece of Anton; four other sisters, Mrs. Chester Gray of Fort Worth, Mrs. Naomi Simmons of Hughes Springs, and Mrs Ola Mayberry and Mrs. Ollie Daniels of Anton; and his mother, Mrs. W. J. Pritchard of Anton.

night speech at Phoenix, Ariz. In that speech Dewey called for eventual development of atomic energy by private enterprise and said "it is perfectly clear that atomic progress cannot continue to be left exclusively to the government."

"It is clear," said McMahon, "that powerful selfish groups within the Republican party are hell-bent to extract limitless profit from the atom. Gov. Dewey, unfortunately, has seen fit to project the issue into this campaign."

Negro Support Predicted

Henry A. Wallace, the Progressive party candidate, also got into the atomic energy discussion. He said that if industry has too big a part it would hold back development of atomic energy in competition with established forms of power.

The negro vote came in for discussion by Rep. Dawson (D-Ill) one of the two negroes in Congress. Dawson predicted at New York that more negroes will vote for Mr. Truman "than have ever voted the Democratic ticket."

"This is probably the gravest matter we have ever gone into."

House probers have been hearing witnesses behind closed doors for three weeks. However, they began work on Soviet attempts to steal America's atomic secrets as long ago as last June.

Indictments To Be Asked

Thomas has named Arthur Adams as the "most important Soviet spy assigned to steal America's atomic and radar secrets."

Adams has fled the country and is believed to be living in Russia.

Adams has been the only person so far identified by the committee as an atomic spy.

Rep. McDowell (R. Pa.) has said he will demand that the Justice department seek indictments of two scientists and a Communist party functionary on charges of atomic espionage.

However, McDowell has never identified the persons whom he said should be prosecuted.

Contempt Case Against AFL Typographical Union Ends

INDIANAPOLIS, Sept. 24 (AP)—The contempt case against the AFL International Typographical Union ended today with Federal Judge Luthern M. Swygert questioning whether the government was tardy in filing its charges against the union.

The court took the case under advisement after closely querying Winthrop Johns, associate counsel of the National Labor Relations board, about NLRB timing in filing the suit.

A decision may not be issued for several weeks.

Justice Department Seeks Court Action Against Alcoa

NEW YORK, Sept. 24 (AP)—The Justice department today sought a federal court order forcing the Aluminum Co. of America to give up certain plants and properties in order to establish competitive industry conditions.

The action was filed in an effort to carry out an illegal monopoly judgment entered against Alcoa in 1945.

The petition did not name any specific property or plant.
