The county-wide Red Cross annual fund drive has been concluded with $1,091.29 raised, the county chairman, Earl Hunter, announced Monday, May 12.

The county's fee for blood which it receives from the Red River Regional Red Cross Blood Program, $376, will be paid from this total. Of the remainder, one-half will be sent to the National Red Cross Chapter, and one-half will be kept in the local chapter fund, Mr. Hunter said.

He took this occasion to emphasize that although Collingsworth may not be receiving anything from the national chapter at this point, in case of a tornado or other disaster, it could receive many, many times

Spring Moisture Begins Over Week End to Help Wheat Crop

Moisture measuring almost an inch and three quarters fell in Wellington over a five-day period ending Tuesday night, May 13, however, amounts varied widely throughout the county.

This rain, even in the areas where the fall was lightest, is sufficient to carry the county's fine wheat crop for the present, although more will be needed to bring it to maturity. A week ago growers felt that they needed moisture within 10 days.

Wellington's official measurement was 1.70 inches, according to Charles Floyd, Weather Bureau observer. Of this, 1.23 fell Friday night, May 9, followed by .81 during the week end and .03 Tuesday night.

The good thing in so far as the wheat crop is concerned is that this moisture has come without hail or damaging wind.

Rainfall in the Dodson area measured only about one-half inch, coming in two showers of .20 and .30.

The Quail area also received about one-half inch Monday and Monday night.

Throughout the Lutie area, .70 fell Monday morning and an additional half inch Monday night for a total of 1.20 inches. Farther north the Greasy Corner area measured approximately .80 of rain.

Turbulent weather throughout the Panhandle Monday night kept much of Collingsworth county watching the clouds, which roamed through until around 2:00 a.m. Tuesday.

There was a possible sighting of a tornado in the Samnorwood area Monday night, but a definite identification could not be made.

A tornado sighting was made by the Hall County Sheriff's Office southeast of Memphis. This traveled eastward toward Hollis, but later it was lost sight of.

May 19 Final Day To Enter Slogans

Last Call for Slogan Entries!

This is the reminder that the person submitting the slogan adopted by the Chamber of Commerce for its Beautify Wellington Program will receive a $25 Savings Bond.

Donors of the bond are jointly the Wellington State Bank and City State Bank.

The deadline for submitting these slogans at the Chamber of Commerce is Monday, May 19. They will be judged and the winner announced immediately.

"We need an original slogan which will be used throughout 1975 and one which will depict the energetic, dynamic spirit of Wellington," explained Mrs. Barney Glenn, Beautify Wellington chairman.

"The slogan should be one that will give us an enthusiastic push for our Clean-up Campaign which the City Council has planned in detail for Wellington," she continued.

"Let's make Wellington a sight for sore eyes, not a site for eyesores!" Mrs. Glenn declared.

She noted some of the slogans used by other towns that have been Beautify Texas Winners. "Love Thy Neighborhood," proved to be a winner. "Pasadena's Beauty-Everybody's Duty," and "Lufkin Pride-City Wide," defined those cities. "Operation Sparkle" was another winning slogan.

Wellington State Plans Paper Currency Display

The Wellington State Bank has arranged for a display of paper currency representing every type of note, bill and certificate which has been circulated as money in the United States from Colonial days to the present. In cooperation with the Bicentennial Committee, the exhibit has been loaned to the bank by the Federal Reserve Bank of Dallas for the period, May 16 through May 28. Since May 16 is school picnic time for some of the school children, we especially encourage you to stop by and view this exhibit which will be conveniently displayed in the bank lobby.

Arranged in 15 separate frames will be notes in pounds, shillings and pence which were mediums of exchange in the time of Paul Revere and Benjamin Franklin (the engraver and printer, respectively, of many of these colonial issues.) The exhibit also contains Treasury notes of the Republic of Texas; state and national issues of the Confederate States and notes used through the years, including paper currency in circulation today.

The large-sized notes, still good money, became obsolete in 1929 when the Treasury Department reduced the size of the bills one-third. A good many years ago the Federal Reserve Bank of Dallas began saving back from the mutilating cutters specimens of the large-sized currency. From this and other collections, the present exhibit has been fashioned.

Different types of currency that will be on display at the Wellington State Bank next Saturday are:

Colonial and Continental notes.

Obsolete bank notes.

Treasury notes of the Republic of Texas.

Notes of the Confederate States of America.

Texas Treasury Warrants, Civil War issue.

Postage and fractional currency.

Federal Reserve notes.

Silver certificates.

National bank notes.

The large sized notes which will be on display were often called "saddle blankets." Many of these old notes in the exhibit are works of art and are truly great achievements of the platemakers and vignette cutters. They carry the engraved portraits of presidents, generals, jurists, scientists, inventors, explorers and one Indian chief.

Modern currency has been made uniform as to portraits on the face and designs and scenes on the back. Below are the different faces and buildings on the various bills:

$1 Washington; $2 Jefferson; $5 Lincoln; $10 Hamilton; $20 Jackson; $50 Grant; $100 Franklin.

On the back of the modern bills, starting with $1 are the following:

$1 Great Seal of the United States; $2 Monticello; $5 Lincoln Memorial; $10 United States Treasury Building; $20 The White House; $50 United States Capitol Building; and $100 Independence Hall.

If Lynn attends college, he says it will be Amarillo College.

He came to Wellington High School at the second semester of his sophomore year. He has included a variety of activities in WHS, along with his studies.

The son of Mr. and Mrs. Stanton Trimble, 1505 East Avenue, he was born January 20, 1957, in Amarillo.

During the time he attended school here, Ricky played varsity football and was a member of Future Farmers of America.

He was also active in the Rodeo Club.

Bookkeeping is his favorite study, and rodeos are his hobby.

Jean Ann played in the band four years and was named to the All-Region Band as a sophomore and junior. She was manager of the Rockette Basketball team two years and sergeant-at-arms for Future Homemakers of America, to which she belonged four years.

She was teacher's aide for Mrs. Billy R. Long two years, had roles in the junior play and children's play and was a member of Future Teachers of America. She belonged to Youth Conference as a freshman.

Jean Ann's favorite study is history and her hobbies are riding motorcycles and reading.

She will attend Amarillo College.

MARGIE PARKER

When it comes to choosing favorite studies, Margie Parker names not one but three of the solids--algebra, geometry and biology.

The daughter of Mr. and Mrs. Earl Parker, 1304 Ft. Worth Street, Margie was born here February 25, 1957.

She has attended only the Wellington Schools.

Besides her studies, Margie was a member of Junior Hospital Auxiliary a year.

Her hobbies are sewing and crocheting.

She will attend Clarendon College in the fall.

A four-year member of the Future Farmers of America chapter, Mike Cummings was a member of this year's winning farm mechanics team.

He is the son of Mr. and Mrs. Wayne Cummings, 1107 Dallas Street, and was born here Nov 3, 1957.

He has attended only the Wellington Schools.

Besides his interest in FFA, Mike has participated in the various speech activities.

Cars and motorcycles are his hobbies.

If he attends school next year, he thinks it may be TSTI in Amarillo.

Visitors in the home of Mrs. L.A. Wall during Mother's Day were her son, Joe Wall, and granddaughter, Pam, of Dimmitt.

Mrs. Arvazene Winter of Amarillo returned home Friday, May 9, after visiting several days with her sisters, Mrs. Guy Bumpas, and Mrs. Gene Bawcom, and her brother, Ralph Tennison.

Ballet Classes Start in Memphis

Summer enrollment for classes in tumbling, ballet and twirling is beginning now with Mickey Fowler of Mickey's Dancing & Twirling Academy, 407 Main in Memphis.

The Academy is open from 3 to 7 p.m. Mondays through Wednesdays.

A class in Discotheque and Ballroom Dancing will be offered for teenagers and adults, singles and couples if there is enough interest.

Mickey Fowler is a member of the National Assn. of Dance & Affiliated Artists, and also a registered NBTA Twirling teacher. She was taught twirling by Sharon Lemons Arber of Ft. Worth and dancing by Dotty Botkin and Marj Baucum, both of Abilene.

Mrs. Fowler feels that dancing and twirling are coordination of mind and body, a creative activity, a motivation for poise and grace, adventures in movement, a happy pasttime, a fun way to self-discipline and a very rewarding hobby.

NMMI Alumni Memorial Chapel Will Be Dedicated on May 16

ROSWELL: The dedication of the newly-completed Alumni Memorial Chapel will immediately precede New Mexico Military Institute's 82nd Commencement Baccalaureate Services this next Friday morning as the Institute simultaneously-recognized the completion of the high school and junior college careers of 237 cadets and the decade-long services of a Chapel Campaign Cabinet toward a debt-free chapel for NMMI.

According to the Institute's Alumni Association, the dedication ceremony is set for 8 a.m. on the lawn west of the chapel. The half-hour program includes the transferal of the keys to the structure from the hands of Alumni Association President Dick Waggoner to Foundation representative Buck Wyles to Institute Regent President J. Penrod Toles to Institute President C. Robert Kemble and Chaplain Vernon Edmondson and finally to Regimental Commander Bill Cooper.

Key witnesses of the event on the behalf of the 3300 plus donors include The Very Reverend Robert T. Gibson, who spoke as Baccalaureate Speaker on the eve of the Chapel Campaign drive in 1964, and L.T. "Babe" Godfrey, who has served as Chapel Fund General Chairman since 1965.

Built entirely from the $650,000 in donations from 3317 alumni, patrons, Institute staff, faculty and cadets, the chapel has required no state funds, tax revenues, appropriations, or the like.

The modest donations-received over the years have been as critical to the realization of the long-contemplated project as the outright gifts of windows, additions, accouterments and embellishments. Notable, of course, are the $50,000 prayer chapel from the Anderson-Kerr families of Oklahoma City and Dallas, the $10,000 meditation garden from alumni brothers, Joe, Pat and Tim Leonard, the $25,000 altar window from the Andersons of Buffalo, NY, and the $15,000 south window donation by W.D. DeSanders of

At New Mexico Military Institute

Col. L.T. Godfrey, a native of Wellington, is a legendary figure at New Mexico Military Institute where he has spent over 50 years as a cadet, athlete, coach and athletic director. At NMMI Godfrey lettered in five sports and was captain of the baseball team for four years and captain of the football team for two years. Later he lettered in four sports at Louisiana State University. Col. Godfrey has been chairman of the Chapel Campaign Drive since 1956. Up to May 1 of 1975 he had raised $650,000 from alumni patrons, students, and faculty of NMMI. Godfrey is shown above breaking the first ground on the site which will be dedicated Friday as part of the 82nd Commencement Exercises of the Institute.

of 1940.

The Chapel Campaign Drive was initiated by Major General Sam W. Agee through the NMMI Alumni Association, which charged a cabinet committee with gathering and monitoring the funds and directing the design and structuring of the chapel. Members of that cabinet include B.B. Armstrong, '39, H.E. DeShurley, '39, G.L. Erwin, former Institute Business Manager, T.J. Hall, Jr., '40, C.E. Hinkle, '22, F.E. Hunt, '18, D.J. Rohr, Institute Business Manager for twenty years, C.F. Smith, '43, and LTC L.T. Godfrey, '24. Chaplain Vernon Edmondson and Dr. Kemble were subsequent associates of the drive.

As Chairman LTC Godfrey came out of his 1956 retirement from NMMI to daily monitor the progress of the drive, with the assistance of Mrs. Faye Wilemon, LTC Godfrey charted the growth of available funds from the $42,000 in first-year gifts through $650,000 as of May 1st of this year. From Wellington, Texas, Godfrey came to NMMI as a sixth classman in 1919, graduated from the junior college in 1924 as senior Cadet Captain, and was at Louisiana State University from 1924 through 1928 before returning to Roswell to serve NMMI as instructor, coach, and athletic director from 1928 through 1956. He was in farming, construction and real estate from 1956 through 1964.

County Gets $151 as Mixed Drink Taxes

AUSTIN--Comptroller Bob Bullock has issued $2.3 million to 293 cities and 184 counties for the local share of mixed drink taxes collected during the first three months of this year.

Cities and counties each get 15 percent of all taxes collected in each locality. Total tax revenue in Collingsworth County for the three months was $1,007.29. The county's 15 percent remittance was $151.09.

The remaining 70 percent -- this time $5.7 million -- goes to the state's general revenue fund.

The total for the first quarter was up $400,000 over the October-December, 1974, quarter, Bullock said.

The tax is a 10 percent gross receipts tax collected by the Alcoholic Beverage Commission.

See actual money used through stirring phases of our country's history!

Memorable events of history and drama in the lives of our predecessors in America are recalled as we view the display of currency used in various periods, and now being shown in this Bank's lobby.

History is replete with deeds of daring, valor, intrigue, and in nearly all of these, somewhere or other, the money of those periods entered into each picture to play its vital and important part. With a little imagination, the display at this Bank might well be titled: "The Romance of Money."

This educational and interesting presentation is offered in cooperation with Bicentennial Committee and as a service to the community by Wellington State Bank. It is hoped that among the resultant emotions produced in viewing this display will be an appreciation on YOUR part of the importance of the proper handling of YOUR funds, today! We feel that making Wellington State YOUR Bank is an important step in the proper regulation of your financial affairs.

Come in and see the currency display any day May 16-28. There is, of course, no obligation on your part, and no charge.

FHA Emergency Loans Approved In Childress Co.

Childress County is among 5 in which farmers may apply for emergency loans through the Farmers Home Administration as a result of drought or other natural disasters in 1973-74, according to a US Department of Agriculture announcement.

Raymond Hodges, office manager at Wellington, said a number of Collingsworth County farmers also have farms in north Childress county. These emergency loans were approved here several months ago.

All of these counties had drought at different periods over the last two years. Hailstorms in May and June 1974 damaged crops in Childress county.

FmHA emergency loans are made to farmers and ranchers to cover losses resulting from designated natural disasters.

Applications for emergency loan assistance may be filed in the local FmHA county office. Applications for physical losses are authorized until June 20, 1975, and for production losses until Jan. 22, 1976.

Happy Homemaking

By BARBARA BAKER

When packing for your camping trips, fill used margarine containers with breakfast cereals. The plastic covers keep the cereals dry and crisp and the containers can be used as bowls as well.

Before you begin your spring window washing, take a long-handled dry mop and go over the windows to remove the loose dirt and dust. This saves on window spray and cuts down the time spent on washing.

When you finish ironing, put your hot iron in a cold oven until cools so it is out of the reach of your children.

When giving someone a home permanent, use an old toothbrush to apply the waving lotion. This will keep your fingers dry as well as distributing the lotion evenly over the hair.

If the granulated sugar which you have stored in an unopened bag becomes hard before the bag is open, just let it drop to the floor once or twice. Drop about a foot or two and the sugar should loosen.

Before cleaning window screens, write a number in chalk in each window and the same number on its screen.

MISS JULIE MARIE WISE

Late July Wedding Planned by Julie Wise and Earl Hartman

Mr. and Mrs. Bill Wise of Clarendon are announcing the engagement of their daughter, Julie Marie, to Earl Wren Hartman.

Parents of the prosptective bridegroom are Mr. and Mrs. Leon Hartman, 1701 Ellison Street.

Their wedding is planned for Thursday, July 24, in First Baptist Church at Clarendon.

Miss Wise was graduated from Clarendon High School and is presently enrolled in Clarendon College.

Her fiance was graduated from Wellington High School and is also enrolled in Clarendon College.

The couple will make their home in Plainview.

Mr., Mrs. E.L. King Observe 61st Wedding Anniversary

The family of Mr. and Mrs. E.L. King, 801 El Paso Street, came home for two purposes. First was for Mother's Day, and the second was to help Mr. and Mrs. King observe their 61st wedding anniversary, which fell on May 6.

Mr. and Mrs. King first came to Collingsworth County about 1916 and lived for many years at Quail, and also at Loco. Their home was at Claude for 20 years until three years ago, when they returned to Wellington.

The couple married at Ringgold, Montague County, on May 6, 1914. His home was Bellevue, Clay County, and they lived there until they came to Quail, where they farmed.

Mrs. King, the former Beatrice Liston, taught school four years before their marriage, but she chose to stay at home during the years their five children were growing up.

She then returned to teaching, and was on the faculty at Quail and Buck Creek. Later, she taught at Boys Ranch. Mrs. King had attended West Texas State University.

One daughter, Mrs. Zelma Allen of Brighton, Colorado, was unable to attend the family get together this week end. Present, however, were their son, Mr. and Mrs. Kenneth King and Joyce of Twitty; Mr. and Mrs. Rufus Jones (Mary Ruth) of Quail; Miss Lena King of Wichita Falls; and Mrs. Paul Winegeart (Virginia) and Susie of Farwell.

Others attending were Mrs. Sharon Lawson, Brian, Tommy and DaMaris of Dallas; Mrs. Nelda Wilhite, Lonnie Paul and Duskin of Farwell; Mrs. Eddie Winegeart and Paul Edward of Farwell; Mr. and Mrs. Steve Richardson, Wayne and Tony of Brighton, Colorado; Mr. and Mrs. Buddy Watkins and James Edward of Ada, Oklahoma; Marilyn Winegeart, Zanna Jenkins and Janna Robinson of Canyon.

Some people say that a lion will not attack a true prince.

Seniors and Juniors Look Back to the Roaring '20s

Seniors and their hosts, the juniors of Wellington High School, looked back to "The Roaring 20s" for the theme of their banquet Saturday evening, May 10.

Bura Handley Community Center, where the entertainment was held, has seen many things, but never before has it been such a resplendent speakeasy -- with some ommissions.

As radio was the wonder of the 20s, this miracle (some people couldn't believe it even after they heard it) was one means of communication at the banquet.

Bowtie Billy (David Null) and Charleston Charley (Freddie Chambers) set the pace with a skit.

The Speakeasy then opened to a welcome by Paul Hanna, junior president, Response by Jim Bob Nall, senior president, and the table grace by Sammy Gonzales.

Radios & Racing in a Tin Lizzie brought out one of the unique presentations of some years. Karen Jeffrey and Mickey Vassey located records of the 1920s and in playing them, dedicated a number to each senior.

Sophomore girls who were servers, flappers at that, sang one of the famous "Five-Foot Two".

No junior senior banquet would be complete without a class prophecy, and for this, Stacey Neeley looked forward to the "Ole Time Reunion -- 1995." The banquet signed off with everyone singing the alma mater.

Seniors attending were Lucinda Aguilar, Terry Anderson, Lynn Anglin, Leatha Baker, Gwen Barber, Betty Burba, Kelly Cook, Mike Cummings, Beth Derryberry, Jenny Earnest, Steve Emmert, Ricky Ford, Steve Hartman, Kathy Kersten, Linda Lewis,

Renee Mitchell, Geney Morrow, Jim Bob Nall, John O'Rear, Joe Porter, Janie Reynolds, Becky Seitz, Lucy Sullivan, Sallie Tarver, Linda Thomas, Tanya Watson, Robert Wolf, Jean Ann Owens and Margie Parker.

Juniors were Denise Archer, William Bias, Jackie Black, George Brewer, Freddie Chambers, Neal Cochran, Linda Coffee, Debbie Ford, Kenneth Fowler, Rosie Garcia, Kim Goforth, Sammy Gonzales, Evelyn Gragson, Jeff Hanna, Paul Hanna,

Bill Havens, Ron Ingram, Karen Jeffrey, Carol Jones, LaDonna Jones, Lana Lacy, Pam Lynch, Randall Maxwell, Marianne Morgan, Brenda Nance, Stacey Neeley, David Null, Don O'Rear, Eddie Outley,

Bart Patterson, Britt Pauls, Sherri Peeks, Vickie Reynolds, Jimmy Saied, Rita Shrubs, Randall Sims, Richard Sims, Alicia Terry, Doris Thomas, Edward Thomas, Pat Thomas, Mickey Vassey, Pam Vines, and Maurine Wilfong.

Sophomore girls who served were Kathy Patterson, Terri Vassey, Ranee Taylor, Janee Taylor, Kay Coffee, Tina Powell, Kim Cannon, Suzy Castleberry, Suzy Patrick, Brenda Willis, Debbie Moore and Debbie Stallings.

MISS OLDHAM - MR. CARTER

Rosa Oldham, Ronald Carter To Be Married in Early July

The engagement of Miss Rosa Day Oldham and Ronald Frank Carter was announced this week by her parents, Mr. and Mrs. Herman Oldham of Samnorwood.

Parents of the prospective bridegroom are Mr. and Mrs. Sam Carter of the Lutie Community.

The couple plans an early July wedding, which will take place in Samnorwood Baptist Church.

Miss Oldham graduated from Samnorwood High School in 1973, and from Sayre Junior College, Sayre, Oklahoma, Tuesday evening, May 13. She has begun work as a laboratory technician on the staff of Collingsworth General Hospital.

A graduate at Samnorwood in 1971, Mr. Carter attended Clarendon College and is now engaged in farming.

Program on Hawaii Entertains Members of 1954 Study Club

Members of the 1954 Study Club were entertained with a program on Hawaii at the final meeting of the year, held Thursday, May 8. Mrs. Paul Spillman, who visited the islands in mid-summer 1974, was the hostess.

As each arrived, Mrs. Spillman served guava juice from monkeypod wood punch cups, which she acquired in Honolulu.

During the business session, Mrs. Cal Hurst explained the Care Corps workshop to be held at the court house May 15, sponsored by wives of Wellington ministers.

The program included motion pictures and slides taken by Mr. and Mrs. Spillman during their Hawaiian vacation, as well as post cards and brochures which Mrs. Cortez Barnett received when she visited the islands earlier. The hostess showed other momentos of the trip which are available only in Hawaii.

Refreshments were cocoanut cake, Kona coffee from the Island of Hawaii, and macadamia nuts.

Amtrack Service Again Sought for This Area

Representatives of several towns in this area will be in Ft. Worth Thursday in an effort to secure Amtrack Service over the Ft. Worth and Denver Railway to either Denver or El Paso.

Wellington should be ready to give any assistance that may be needed to its neighbors working for this service -- Childress, Memphis and Clarendon.

It would be to our advantage to have passenger service restored on the Dallas to Denver route, as it formerly was. Although we are resting easier over the gasoline supply, the cost has remained up and some people are giving second thoughts about lengthy trips by car. Too, there is a growing trend nationwide in favor of resumption of rail travel.

According to information on the proposed route from Dallas to Denver, railroad passenger service would be established in intermediate points all along the route for a trial period of 6 months. At the end of that time, passenger boardings would be analyzed and a determination made by Amtrack for continued service to each town involved.

It will be a little more inconvenient for Wellington residents to use Amtrack service than those directly on the line, but it will be a real benefit and we believe our people will use it.

No-waste waste

By Mitchell Colby

Only those who have never been there wax nostalgic over the kerosene-lamp and outhouse days when every home was pretty much self-contained and self-sufficient. But we may be heading toward something reminiscent of that kind of individual family independence as our demands for energy and other amenities begin to strain the ability of public utilities to meet them.

In many areas, new developments have been stalled because of the lack of sewer tie-ins and treatment plants. An article in PUD (Planned Unit Development) Review, published in Reston, Va., predicts that in the not distant future, we have to be largely a "sewerless" society.

The technology exists today to provide, at feasible cost, human waste disposal systems within single-family or multi-family structures.

One of the most promising is a self-contained system developed in Sweden. The Multrum unit requires no energy and produces no pollutants. Waste is "composted" in a sealed container in the basement, and after two years the sterile residue is simply removed to the garden.

A sewerless society would not only greatly reduce the pollution of lakes and streams, but according to one estimate would mean a 45 per cent reduction in the consumption of purified water used to flush toilets.

These are signs and portents, suggesting that when we talk about the nation becoming energy-independent, we are talking about more than immunity from foreign oil embargoes.

Blessed foresight

By Mitchell Colby

The graft-ridden administration of Ulysses S. Grant is not numbered among the more illustrious in America's history. Yet, with one stroke of the presidential pen 102 years ago, Grant did something that places him among the greatest presidents in terms of what they bequeathed to posterity.

This was his signing on March 1, 1872, of a bill creating Yellowstone National Park in the distant and still unexplored West.

Yellowstone was more than just America's first national park and the beginning of a system that now numbers 36 parks and more than 200 other national landmarks and recreation areas.

It was the first time in history that a nation had set aside part of its territory to preserve for future generations. The example of Yellowstone inspired similar park systems in other countries.

Before the turn of the century, Yellowstone had been joined by Yosemite, Sequoia, General Grant (later renamed King's Canyon) and Mount Rainier National Parks.

In 1899, when memories of the Indian wars were still fresh, Congress acted to preserve the remains of ancient pre-Columbian civilizations, first at Casa Grande and later Mesa Verde.

Some of this may be news to those who believe that ecology and conservation and environment are words that were coined yesterday.

Yellowstone came into being because a 14-man exploring party was so impressed by its wonders and grandeur that they gave up all thought of staking claims. Around a campfire on the night of Sept. 9, 1870, Montana Territorial Judge Cornelius Hedges advanced the idea of making the area a national trust for generations yet unborn.

What is remarkable is that this concept could have been accepted at a time when so much of America was still wilderness, when there seemed to be an unlimited quantity of land and wealth for the taking and when only a very small fraction of a small population could make the difficult journey to the remote Yellowstone area.

Today, of course, it is just the opposite. Highways and automobiles have brought America's natural beauties within reach of everyone — so much so that some areas of some parks in peak tourist seasons resemble city slums.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — The Legislature is racing toward its closing date with most of its major assignments unfinished but with reasonable hopes of finishing many of them.

School finance debate began this week in the House, while the Senate Education Committee wrestled with its version of how to help equalize educational opportunity.

When all is said and done, a bill in the $600 million range seems likely to emerge, with school teachers assured of a starting pay of $7,600 to $8,000 a year.

The Senate has passed a bill to establish a three-member statewide utilities regulatory commission, and the action this week switches to the House where a rival measure is pending.

Conference committees will get the job of working out differences between the two houses over both school finance and utilities regulation. Final agreement on a utilities bill is a reasonable expectation.

Two-year budgets have now been drawn by both the Senate Finance and House Appropriations Committees. Both are expected to leave close to $600 million in unobligated revenues—most of which will go into the schools.

Some expect Comptroller Bob Bullock to revise his income forecasts to show $677 million in unspent revenues over and above the budget.

REDISTRICTING APPROVED

A prolonged fight over single-member House of Representatives districts has been settled in the House — but with minority groups still unhappy.

The House agreed on an omnibus redistricting measure for Travis, Jefferson, McLennan, Tarrant, Lubbock, Nueces, El Paso, Galveston and Hidalgo counties. Senate approval is still required.

Jefferson, Tarrant and Nueces county spokesmen threatened a challenge in federal court.

PENSIONS SWEETENED

Legislators, with few knowing what they were doing, approved substantial improvements in their retirement benefits.

House amendment, never debated before adoption, altered a state employee and officials' retirement system overhaul to gear elected officers pensions to pay of district judges. That would mean legislators with 30 years' service could get $18,600 a year in retirement pay, instead of the present $10,800 maximum.

After newspaper criticism of the undebated action, both House and Senate went back and passed a resolution endorsing their decision and urging the governor to sign the bill.

PARK BUY URGED

Land Commissioner Bob Armstrong is seeking $8 million to buy 220,000 acres west of Big Bend National Park for about $36 an acre.

Armstrong has advised legislative committees the area has mineral production possibilities as well as vast tourist attraction potential.

There are 700,000 acres in Big Bend Park.

COURTS SPEAK

The State Supreme Court reversed itself and concluded in a 6-3 decision that San Marcos has authority to turn down a Lower Colorado River Authority electrical rate hike.

The High Court affirmed a $358,180 judgment against Ford Motor Company as the result of a defective car which overturned near Waco, seriously injuring the owner.

In still another case, the Supreme Court agreed to dismiss a motion to review a $25 million divorce settlement against F. Lutcher Brown at Houston.

A Houston man won reversal of a 15-year sentence for murder because the prosecutor raised questions about his juvenile record.

AG OPINIONS

Allocation provisions of a proposed refinery tax do not violate the constitution, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- The Department of Public Safety can ask information on a person's race and sex on the driver's confidential accident report.
- Present composition of The University of Texas System board of regents is not illegally constituted.
- Where a part of a county's federal revenue sharing funds can be identified as solely attributable to taxing efforts of a hospital district, the money can be transferred to the hospital.
- A commissioners court may select a bank as county depository when members of the court collectively do not own more than 10 per cent of its stock.

APPOINTMENTS

Gov. Dolph Briscoe appointed Dr. George J. Beto of Huntsville, Ruben Schaeffer of El Paso and Howard J. Middleton Jr. of Houston to Texas Youth Council.

He appointed Hilmar G. Moore of Richmond to the State Board of Public Welfare and Charles C. Gaither of El Paso to the Board of Control.

The Governor appointed Joseph Connally of Odessa chairman of the Texas Board of Private Investigators and Private Security Agencies.

LOANS EXPANDED

Qualified veterans can now borrow up to $15,000 to purchase a minimum of 10 acres of land under the State Veterans Land Program.

A new law raised the limit from $10,000. The down payment is five per cent on the maximum loan, with a 40 year payback period at five and a half per cent interest.

SHORT SNORTS

Both houses of the legislature have now passed a bill to limit smoking in public places. It returns to the Senate for consideration of House amendments.

The Senate voted to increase unemployment compensation from $63 to $70 a week maximum.

The Governor launched a new program to create 4,000 new jobs during the next 12 months.

Twelve health service areas have been delineated for Texas to continue eligibility for federal health program aid.

Sack It to Us

Let's all help make Wellington and Collingsworth County a cleaner, more beautiful city and county to live in . . . by joining in with the Spring City and

County-Wide CLEAN-UP

Residential and Business Areas During This Time

May 26 thru May 30

Fix-Up! Paint-Up! Clean-Up!

DURING THIS TIME residents are encouraged to clean up premises of trash, rubbish and refuse, and put in the alley for pick up by City Trucks.

Free Pick Up Tuesday, May 27

TUESDAY, MAY 27 the City Trucks will begin the Annual Free Pick Up and continue through all alleys until the entire city is covered.

PROPERTY IN THE ALLEY THAT IS NOT TO BE HAULED AWAY . . .

Residents having property or articles in the alley that they do not wish hauled off are requested to remove these from the alley and place on their premises. The City of Wellington cannot be responsible for any articles hauled off by mistake.

Vacant Lots

VACANT LOTS . . . Owners or lessees of vacant lots are required to remove trash, refuse, garbage and rubbish at their own expense, and to keep weeds under control throughout the season for protection against mosquito breeding and harboring places. . . .

However, it has long been a practice of the City to keep vacant lots mowed, where owners would keep them clean and mowable, and will continue this program.

Dead Trees and Heavy Junk, Thur. May 29

THURSDAY, MAY 29 . . . County and City equipment and community volunteers will cooperate in one great day of disposing of dead trees, excessive junk that requires front-end loader and dump trucks. If you have dead trees or extra heavy items to be removed, call the Chamber office. . .

This applies to any established community in Collingsworth County. Trees which could fall on utility lines or houses cannot be handled. This would be the owner's responsibility to get the items in shape to be hauled off.

Highway & FM Roads

IMPRESSIONS OF OUR COMMUNITY ARE FORMED along Highway 83, 8th Street, 9th Street, and FM Roads 338 and 1035 . . .

New paving along First Street and Highway 83 will improve the looks of our community, but new paving alone won't make our area sparkle. We would encourage you to help us do even a better job than we are doing in keeping these areas in their "Sunday-Go-to-Meeting" dress-up clothes. Most of us like to be liked. Let's all work together to make people want to like our town even though it might only be a fleeting glance as they pass through . . .

Cub Scouts Will Hold Annual Pinewood Run

Wellington Cub Scouts will hold their annual Pinewood Derby Friday, May 16, in the American Legion Hall.

The first cars will roll at 7:30 p.m., according to Mrs. Bill Hall, one of those working with the program.

This is a father-son project, in which they build minature wooden cars, which may be of their own design, These must weigh between three and five ounces.

At the derby, the cars are raced down an inclined wooden track, while parents and friends cheer on the participants.

Any number of mishaps may occur to a racer. And it may, in fact, defy gravity and stop dead in its tracks on the incline for no apparent reason.

Trophies will go to the den winners and to the pack winners, Mrs. Hall said.

Concerning the summer Cub activities, she pointed out that the Pinewood Derby will be the final event of the school year, but three summer projects are planned. In June there will be a swimming party for Cubs and their families at Marian Airpark Pool. The July event will be the one-day Cub-O-Ree at Camp M.K. Brown, between Wheeler and Mobeetie.

The August event will be a weiner roast at Ellison Park, also a family event. At that time, plans will be made for the beginning of the 1975-76 year. The dates will be announced also.

Judge and Mrs. Denzil Bevers and Heidi of Lubbock and Mr. and Mrs. Dan Bevers of Amarillo were guests in the home of their mother, Mrs. John Bevers, during the weekend.

Deck's Didactics

—by Deskins Wells

Congress failed to pass the 1975 farm bill over the President's veto. This means there is no farm bill at all this year.

* * *

Opponents of the bill consider the defeat as a step toward economy in government and a sounder national economy. Whether it means a sounder national economy remains to be seen. The Arabs have said that further inflation means that they will raise the price of crude oil again.

* * *

A dollar that is lower in value means inflation in the international markets. It means a higher price for fuel, fertilizer and gasoline. Yet is was the agricultural export dollar that kept the dollar up in 1973 and 1974.

* * *

Plans are being made for a long range farm program; but that is too far in the future to have any bearing on the farm problems of today.

* * *

The recent rains have helped the prospects for wheat tremendously and give promise of a yield of 20 bushels to the acre. Some observers believe that adequate moisture two weeks ago might have resulted in 30 bushel yields. Twenty bushels is a good yield for this area and thus far there have been no reports of hail damage.

* * *

In the meantime young cotton is glistening in thousands of furrows and more is due to be planted on the colder type soils in the next few days.

* * *

On another page of this issue of The Leader is a story about the Alumni Memorial Chapel of the New Mexico Military Institute which will be dedicated Friday, May 16. Col. L.T. Godfrey, who spent his boyhood in Wellington, has been chairman of the Chapel Drive and has raised the $650,000 almost single handed.

* * *

Godfrey was one of the famous athletes of all time at NMMI and also at Louisiana State University. In Wellington he was called Bill Godfrey; but in Roswell and Baton Rouge he was known affectionately as "Babe" Godfrey. His given name is Lola.

* * *

The Godfrey land was that half section east of Highway 83 running from the Compress to the Conoco Station. His father, K.M. Godfrey, was a real estate agent and farmer and was one of the founders of The Wellington State Bank. He was also an early day official of the county, serving as Justice of the Peace of Precinct 1 from 1902 through 1908.

* * *

An autograph party featuring R.L. Templeton will be held in the Heritage Room of the Wellington State Bank May 21, between the hours of 2 and 4 in the afternoon. At this time the well loved legislator, county official, agriculturist and author will autograph copies of his book "Cannon Boy of the Alamo." It is the story of the youngest boy killed in the fall of the Alamo. Make your plans to be at the autograph party.

* * *

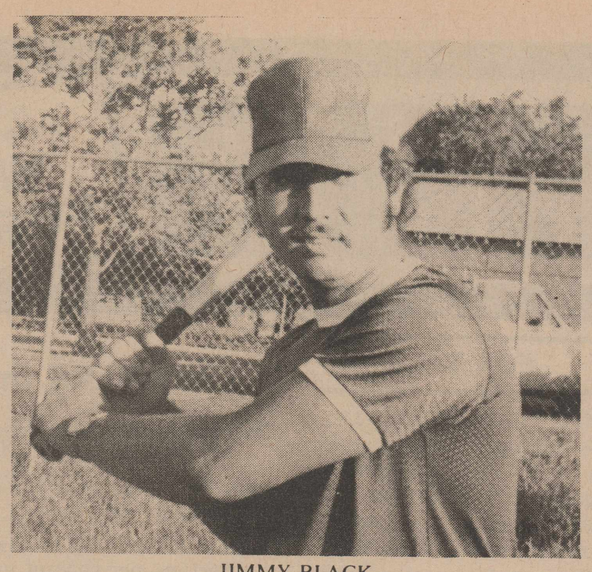

Bought a dozen of J.B. Killian's large sized eggs the other day and while putting them in the refrigerator I came across a fascinating difference in one egg. There in the midst of those glistening white eggs was an equally large egg of that attractive brownish red color common to the eggs of Rhode Island Red Chickens. We once raised these fine red chickens in large numbers.

* * *

Can it be that the Killians have a red hen in the midst of all their white fowls? Anyway it is good to know that people are still in the egg producing business in this county.

* * *

There is an excellent movie coming to the Ritz May 30 through June 2. It is "Murder on the Orient Express" and is based on one of the plays of Agatha Christie. It is one you should see if you like mystery, intrigue, romance and lots of action.

JIMMY BLACK

Slow-Pitch League Opens Play Monday

Slow-pitch softball league play opened in Wellington Monday night, May 12, as the 3-C construction team defeated Lee's Grocery 9-6.

The second game of the scheduled double header was not played due to rain, but will be played as a make-up game later.

Jimmy Black, playing for Lee's, became the first man to officially knock a home run over the new fence.

The park is in good shape this year, Tony Stephens, president, reported, reminding that games are played each Monday and Friday nights, with the first game starting at 8:00 p.m. and the second game immediately afterward. On Sunday, the first game starts at 1:30 p.m. and the second game follows immediately.

David Caison will be the official umpire. Dick Pendleton was base umpire for the opening game. Caison will need some help calling bases, and Stephens issued a call for volunteers in these positions.

Mr. Stephens emphasized that the slow-pitch softball teams appreciate the support of the people who come out for these games, as well as those who work with them and those who have worked to put the field in first class condition and renovate the grandstand.

Little League Season Opens Tuesday, May 20

The first game of official Little League play will be Tuesday, May 20, at Marian Airpark, beginning at 6:00 p.m.

The Rangers and Astros will meet in the first game of the double header, then the Tigers will play the Cubs.

Peewees will begin their summer schedule Monday, May 26, and will play each Monday and Friday night.

As in the past, they will play on the Peewee Diamond at Ellison Park.

Little Leaguers had their first practice session Saturday, May 10, and they will practice again Saturday, May 17. Uniforms will be given out just prior to the opening game.

Albuquerque Couple Here For Week End

Mr. and Mrs. Jimmy Richards of Albuquerque, N.M., visited over the week end with her mother, Mrs. Frank Moore, who is a resident of Thomas Nursing Center.

The Richards noted that they moved from Wellington 30 years ago.

She retired last year as a teacher in the Albuquerque school system. Mr. Richards owns and operates the Ford tractor company in that city.

Mr. and Mrs. V.A. Reeves of Phoenix, Arizona are guests in the home of his daughter, Mr. and Mrs. Tom Wilkins, Penny and Julie. Mr. and Mrs. Reeves are caring for the girls while Mrs. Wilkins is in the Childress hospital for surgery.

Sandra McGill, a student at West Texas State University, Canyon, spent the Mother's Day weekend with her parents, Mr. and Mrs. Sam McGill.

Breeding, Seale At Hearing on Tax Proposal

Two Collingsworth County commissioners, Melvin Seale of Precinct 2 and W.R. Breeding of Precinct 4, attended a hearing before the senate finance committee Monday, May 12, at 7 p.m. regarding H.B. 1463. This bill which would place the responsibility for property tax administration with the comptroller.

Collingsworth officials, like those of other Panhandle counties, have gone on record as opposing the bill, Judge Zook Thomas said.

The bill, as it is understood here, proposes that a state director, would be appointed by the comptroller to identify methods of determining fair market value to insure uniformity of state wide appraisals.

All appraisals would be made by a county appraisal officer under continuous close state supervision. Agricultural land would be valued based on its use as determined by the director.

County judges and commissioners courts through this area have gone on record as opposing this measure.

Collingsworth, and other, county officials think that local tax officials have a better knowledge of the conditions of their county and can make fairer appraisals of land and other property within their own counties.

"Cannon Boy of the Alamo" is the story of Billy King who was a 15-year-old farm boy when a troop of Gonzales Volunteers rode into his farm yard some miles east of San Antonio that cold February Day in 1836. Like most 15-year-olds, he had a dog and was just getting old enough to help with the heavy chores around the farm.

When Captain Kimball's men rode out, Billy and his dog, Comanche, joined them and to his everlasting glory, became the youngest of the 182 men to die a hero's death on March 6, 1836 in what became known to the world as the battle of the Alamo that set the stage for the Texas Revolution.

Author Templeton felt that the story of Texas' youngest hero has remained silent long enough. The story of Billy King is written so that his heroism and courage may be tasted and appreciated, and so that other young Americans of today may know that Texas' youngest hero was a freckled-faced boy, aged 15, and that he went to war with his dog, Comanche, and without a gun.

As "The Cannon Boy of the Alamo," he lived and fought and died beside Crockett, Bowie, Travis, and that grizzled old cannoneer, Sergeant William Ward. This is the true story of the Alamo's youngest hero.

Lee Templeton is the pen name for R.L. Templeton, who has lived all of his 54 years at the home where he was born in Wellington in 1920.

Templeton has served as a Texas legislator, a County Judge, County Attorney and was a bomber pilot in World War II, and is a Disabled Veteran. He is also a great student of Texas History. His Cannon Boy of the Alamo is one of two books he has written about Texas heroes.
