Chili, Pie, Politics, Prove Lucrative For Club

By Mollie Williams

A chili supper, pie auction and political forum held Friday night, February 26, at the Bogata Community Center proved to be one of the best attended money raising events of the community this year, netting the Bogata Lioness Club \$863.12.

Following the chili meal, candidates running for county offices in the Democratic Party Primary Election set for March 8 were allowed three minutes each to speak to the people.

The first candidate to speak was Thomas H. Fowler, seeking re-election for Red River County Attorney. Fowler has been a practicing attorney for 20 years and will have served eight years by the beginning of the next term of office in full time criminal prosecution, with no private law practice and no outside business interests. Fowler stated that his seven year record in office includes about 525 felony convictions and about 1,167 misdemeanor convictions. Fowler emphasized the slogan being used in his campaign, Performance, Not Promises. Fowler is a native of Red River County, graduated from Clarksville High School and graduated from the University of Texas at Austin with a BA degree and a law degree in 1966. He is also a U.S. Army veteran.

Clayton L. Hall, candidate for the office of Red River County Attorney said he believed the county needed a more aggressive prosecutor. He spoke briefly about plea bargaining and stated that in his opinion, plea bargaining was an easy way out in tough cases and promised the people to try cases which need to be tried, if elected to the office. He also said if elected he would make himself available to the public to come in and talk with him. Hall has practiced law in Clarksville and Red River County for 10 years. He is a past president of Red River County Bar Association, a past chairman of District 1B Grievance Committee and a former Texas Assistant Attorney General. He has also served as a former Clarksville City Attorney. He graduated from Tarleton State University, receiving his law degree from St. Mary's School of Law. He has a general practice of law with a heavy emphasis on criminal and family law.

The third candidate to speak, Jack Herrington, also running for the office of Red River County Attorney, said that other counties were laughing at Red River County. He said he believed a common statement in the area was, "If you want to commit a crime and get away with it, then go to Red River County". In reference to drugs, Herrington said, "The law enforcement makes an arrest; the law breaker is brought to court and gets a probated sentence and fined and allowed right back on the street again, and it's time for this to come to a stop." He told the people he would like to see Red River County free of drugs and if elected, will use the authority and information that goes along with the office of county attorney to put some teeth into these problems. Herrington is a native of Red River County, graduated from Clarksville High School, graduated from the University of Texas and attended law school at Texas Tech. He was licensed by the Supreme Court of the State of Texas to practice law in Red River County from 1974 to the present.

The next candidate to speak was Bob Storey, who is seeking a third term as Red River County Sheriff. Storey told the people he felt he had done a good job as sheriff and pledge his continued support of Red River County. Storey is a native of Red River County and a career law enforcement officer, having a total of 30 consecutive years in the profession, first with the Midland Police Department

and then with the Bowie and Red River County Sheriff's Departments. Aside from his years of experience, Storey says he has regularly attended law enforcement training schools throughout his career, which has allowed him to keep abreast of the many advances in law enforcement. Storey has received the Basic Intermediate and advanced certifications (the highest level of certification possible) from the Texas Commission on Law Enforcement Standards and Education, the law enforcement agency of the State.

Coy Coker, a native of Cuthand and a candidate for Sheriff of Red River County, said he believed that if elected he could motivate action to solve crimes in Red River County. Coker has worked with the Irving Police Department, completed Richardson Police Academy and served as Deputy Sheriff for Franklin County Sheriff's Department. He received his diploma from Kilgore Law Enforcement Academy in 1984.

Juanita Benningfield, the present Tax Assessor-Collector for Red River County, is seeking another term in that office. In her speech, she outlined the duties of the county clerk and emphasized the importance of making every effort to collect delinquent taxes. In speaking of her qualifications for the office, Mrs. Benningfield referred to the Property Taxation Professional Certification Act passed by the Legislature in 1983, requiring that appraisers and Tax Assessor-Collectors achieve certification within five years and be re-certified every five years based on continuing education, and stated that she has attended and received certificates from all the schools required by the State Property Tax Board in the Assessing-Collecting field and has passed the Level III and Level IV State exams and been certified as a Registered Texas Assessor-Collector by the Board of Tax Professional Examiners. Mrs. Benningfield closed by saying "If you will give me the opportunity to serve a second term, I will continue to operate the office with fairness to all."

Gene Prater, candidate for Tax Assessor-Collector of Red River County, is a 27-year resident of Red River County. He is a graduate of Stephen F. Austin University and has worked with the people of Red River County as a teacher, realtor and employee of the Soil Conservation District. During his three minute speech, Prater stressed the point that certification is not a requirement to be elected as the Tax Assessor and Collector but an opportunity will be given for certification. Prater promised the people that if he was elected to the office, he would become certified.

H. Drue Pirtle, running for a second term as Red River County Commissioner of Precinct 1, outlined the work of the County Commissioner's Court and explained the budget. Pirtle stated his concern over high taxes and stated that if re-elected for a second term, he will vote against any tax raises. He discussed the Sulphur Bridge project and improvements on bridges and roads over the past year. Pirtle, a native of Red River County, has a BBA degree with a major in accounting and a minor in economics from East Texas State University. He worked in public accounting for three and one-half years doing auditing and income tax work in Longview. He has served in various capacities, including vice-president and treasurer with an independent oil and gas firm and has served as director of the corporation and chairman of the board of a subsidiary computer company, East Texas Data Center, Inc., Tyler. He returned to Red River County in 1981 and has been very active in community work.

Tommie Corbell, a retired Southwestern Bell Telephone Co. employee and a native of Bogata, is running for Red River County Commissioner of Precinct 1. Corbell promised to represent all people in Precinct 1 if elected to the office. He also promised to strive to get Precinct 1 equalized. Corbell is a Bogata High School graduate and attended Odessa College where he majored in business administration. He served in the U.S. Navy during the Korean Conflict. In concluding his speech, Corbell reminded the people that the only lost

vote in an election is a vote not cast.

E.E. (Gene) Lampard, candidate for Red River County Commissioner of Precinct 1, stated that he has experience working in the county with what the county has to offer and feels that he is qualified to serve the people of the county. Lampard has lived and worked all his life in Red River County and feels that he is aware of the needs. He has had experience in operating heavy equipment and earning a living with Lone Star Gas Co., welding, mechanic, farming, ranching and in recent years, ranch management. If elected, Lampard promised to give equal consideration to everyone.

Bill White, also a candidate for Red River County Commissioner, Precinct 1, is running on the Republican write-in ticket. Votes for White will not be cast in the March 8 election but will be cast in the General Election in November. White promised to devote all his time to the job if elected. He stated he had no outside interests and will be able to fully devote himself to the job. He also stated that he felt he would make a good commissioner for Red River County Precinct 1. White is a native of Red River County and served in the Fourth Marine Division during World War II and was wounded at Iwo Jima, and received a purple heart for his

bravery in that war.

Ted Byndas, former Bogata City Marshall, is running unopposed for Constable of Precinct No. 2. Byndas promised to do the best job he could for the people of the county. Byndas graduated from Dearborn High School in Michigan and attended Henry Ford College. He served 25 years in the United States Air Force. After retiring from the military, he attended the Police Academy in Kilgore. He served three and one-half years as Bogata City Marshall.

There is no candidate for County Chairman for the Democratic Party. John Worth Hood, the present chairman, is not seeking re-election. The

Girl Scouts Celebrate Girl Scout Week

March 6-12 is Girl Scout Week and this year's celebration focuses on the theme, Take the Lead.

According to council president Georgia Weddle of Paris, the theme emphasizes Girl Scouting's 76-year tradition of preparing young women to become positive contributors to society.

Girl Scout Week, she said, offers an opportunity to impress on our young women and youth in general, the challenges and responsibilities they face as tomorrow's leaders.

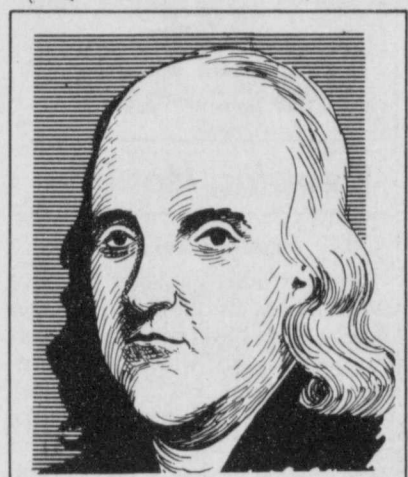

Career and life planning programs, activities that focus on contemporary

issues and an emphasis on girl adult partnerships, said Mrs. Weddle, are helping Girl Scouts develop the values, self-confidence and leadership skills to make sound decisions about their lives and on issues that will affect all of us.

Girl Scouts in Bogata have several activities and projects planned for this year.

The Red River Valley Girl Scout Council serves 85 girls and adults in Bogata. For more information about Girl Scouting, contact the Neighborhood Chairman, Mollie Williams, at 632-5405 or call the Girl Scout office in Paris, 784-0803.

Baptists Have Mission Studies

The men of the First Baptist Church in Bogata were in charge of the service Wednesday night on the Home Missions Study Book, "The Church Starts Here". The WMU ladies met for Royal Service Tuesday, February 25.

President Maurine Mankins presided. Ann Cody led the opening prayer and Sharon Posey was in charge of the program, "They Plow the Fields and Scatter Seeds". Mary Ann Ward read the prayer calendar and closed the meeting.

Through heat waves and cold spells insulation helps you save

Insulation can help you use less electricity throughout the year. In the winter, it helps keep the heated air in your house. During hot weather, it keeps the hot air out.

With insulation, your home is more comfortable, and your heating and cooling systems don't have to work as hard during weather extremes.

To learn more about putting insulation to work for you, visit or call your local TNP office today.

Tiger Cubs Have Party

The Tiger Cub Scouts met Monday, February 15 for a Valentine Party.

They exchanged Valentines, had refreshments and played on the playground. There were four boys in attendance.

Homecoming Coming Up April 9

"Reflections" is the theme chosen for this year's program at the Homecoming festivities to be held April 9.

Plans are now underway for making Homecoming 1988 another big success. Even greater attendance is hoped for this year and everyone is asked to contact classmates and remind them of the date of the homecoming and to encourage them to attend.

Re-Elect

THOMAS FOWLER COUNTY ATTORNEY

Red River County Democratic Primary

Unfortunately, one of the other candidates in my race has put out last-minute printed material about my good record in office which is both inaccurate and misleading. Accurate records are available to the public in the District Clerk's office. Please remember that I put my record before the public early in this race and that my figures have not been questioned by either of the other candidates.

I made a good record in office by working hard and trying all of the cases where defense lawyers did not make an agreement favorable to the State.

County Attorney is a hard job with time deadlines, decisions and constant pressure. You have a choice between a candidate with a good record extending over 7 years and two other candidates with no experience or record in office.

Please vote for
Thomas Fowler for Red River County Attorney on
March 8th.

CHANGE IN LAW ENFORCEMENT**

I will delcare war on Drug dealers. There is nothing worse than someone destroying a young person's mind and life by selling them Drugs.

I have enjoyed meeting and talking to the people of Red River County. I appologise for not being able to meet everyone, although I will still be visiting until the Election is over. I believe a Sheriff should make friendly visits and personal contact with the people through his time in office. A personal relationship between the Sheriff and the people can solve and avoid a lot of problems.

Competent and Experienced I will be a full time Sheriff. I will generate action to solve many outstanding unsloved Crimes. I have formal Law Enforcement Training in Law and Management.

I ask for a chance to prove my ability.

Keeping Healthy

Inner Ear

The inner ear analyzes the intensity and frequency of sound and relays this information to the brain. Inner ear problems cannot be corrected surgically, the way that many visual problems can, because the inner ear is very small and very delicate.

There are many different types of inner ear problems, but current hearing tests are not very good at distinguishing among them. In developing new diagnostic tests, researchers at Boys Town National Institute are particularly concerned with the problem of how a sound of one frequency obscures or masks a sound of a different frequency.

Some people with inner ear problems experience unusual amounts of masking, which causes speech to sound garbled. These people may find that traditional hearing aids only make the garbled sounds louder and do nothing to pull the speech out from the interference of other sounds.

Drugs, Alcohol & Driving

Anti-anxiety drugs have been reported to limit some drivers' abilities to make emergency decisions, maintain lane positions, follow road signs, or to keep a constant distance behind another car. The use of such drugs is associated with increased accident rates, especially in driving, according to Herbert Moskowitz, Ph.D.

In a carefully controlled study on driving-related performance, subjects were given either Valium, or Buspar—a new drug with a different chemical formulation that is non-sedative—or an inactive placebo.

The researchers found no evidence of driving skills impairment with Buspar. Moreover, the new drug did not act synergistically (have an additive effect) with alcohol. Buspar is currently awaiting approval by the Food and Drug Administration (FDA).

Dr. Moskowitz is Professor of Psychology at the California State University at Los Angeles. His research findings are published in the *Journal of Clinical Psychiatry*.

Passive Smoking

Recent studies indicate that for non-smokers, smoking is no longer someone else's business. Non-smokers who live or work with smokers inhale "sidestream" and "secondhand" cigarette smoke. Sidestream smoke arises from the burning end of a cigarette. Secondhand or exhaled mainstream smoke is drawn into the respiratory tract of the smoker and then is exhaled. This phenomenon, called passive or involuntary smoking, is becoming a major health concern.

Tobacco smoke is a very complex mixture of gases, liquids and particles. Some of the most hazardous compounds are tar, nicotine, carbon monoxide, cadmium, nitrogen dioxide, ammonia, benzene, formaldehyde, radon and hydrogen sulphide. Any one alone can be a menace to the body.

Researchers have determined that sidestream smoke has even higher concentrations of noxious compounds than the mainstream smoke inhaled by the smoker.

have a nice weekend...

WHEN ELECTED COMMISSIONER OF PRECINCT 3 I WILL BE A COMMISSIONER FOR EVERYONE, NOT JUST A FEW.

TO THE PEOPLE OF PRECINCT III
My name is Johnny Mack Brown.

I am seeking your Vote and support to become your next ROAD COMMISSIONER. I underline the word ROAD COMMISSIONER because I believe that our roads can and must be improved.

I have a total of 15 years experience in building and maintaining roads and roadways. I know how to build and maintain our roads and drain the water you see standing in the ditches and at culvert ends.

I also believe that our property taxes, road and bridge tax and our county sales taxes are too high. The way to stop this is to make sure every penny of our tax dollars is put where it will do the most good.

I know you, like myself, want to have a better county government with lower taxes and better roads. I believe that together we can do this.

I believe in you, and I'm asking you to believe in me.

VOTE March 8th For:

JOHNNY MACK BROWN

Democrat

Commissioner Precinct 3

Pol. Adv. Padi By

SAY "NO" TO GIVING AWAY YOUR
TAX DOLLARS THROUGH PLEA BARGAINING!

SAY "YES" TO CLAYTON L. HALL AS YOUR
NEXT COUNTY ATTORNEY!

**CLAYTON L. HALL WANTS TO
ASK YOU -- WHAT DO YOU WANT
FROM YOUR COUNTY ATTORNEY?**

(1) Do you want a County Attorney who will not waste the taxpayers' money by plea bargaining it away?

(2) Do you want a County Attorney who is not afraid to try the tough cases?

(3) Do you want a County Attorney who will be tough on those who break the law and who will let criminals know they aren't welcome in Red River County?

(4) Do you want a County Attorney who will sit down and talk to you and try to help you with your problems?

(5) Do you want a County Attorney who will look out after your interests as a citizen of this county?

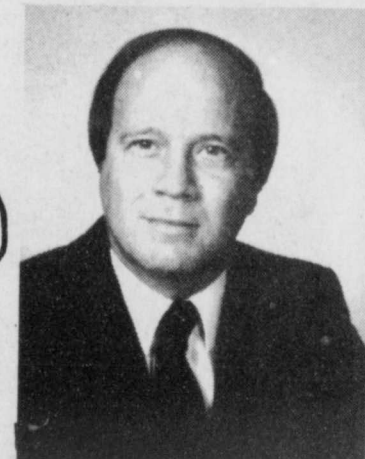

If that is the kind of County Attorney that you want, then **ELECT**

Clayton L. Hall

Your Next
COUNTY ATTORNEY

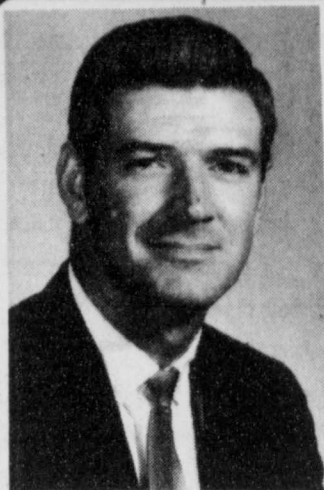

TOUGH CASES don't have to be PLEA BARGAINED away. Plea bargaining is the EASY WAY OUT for the County Attorney. There is an alternative to plea bargaining -- let law breakers stand trial before the citizens of this County. It's the American and best way.

COMMISSIONER - PRECINCT 1
RED RIVER COUNTY**

Pol. Adv. Paid by H. Drue Pirtle, Rt. 1, Box 232, Bogata, Texas 75417

Kiwanis Hear Officials

Bogata Mayor W.T. Harbison reported on the past year's progress of the city at the regular meeting held at Bogie's Cafe of the Bogata Kiwanis Club.

County Commissioner and club president Drue Pirtle told the club that Red River County has applied for a new farm to market road in the east part of the county and hoped for approval; the Commissioner's Court was also considering building a new bridge to replace the structure now

crossing Sulphur. County Judge L.D. Williamson is scheduled to tell the club of county affairs at next week's meeting.

have a
nice weekend...

**WHO IS
JACK
HERRINGTON**

*** JACK HERRINGTON IS A LIFELONG
RESIDENT OF RED RIVER.**

He is the son of Dixie Herrington Thompson and the late Tom Herrington. He is the grandson of Robbie Lee and the late Jack Edwards.

He graduated from Clarksville High School and the University of Texas at Austin and attended Law school at Texas Tech University and was admitted to the bar in 1973.

He returned to Red River County in 1974 to practice law and raise his children in a rural environment.

He is a family man with three children: John, who lives in Red River County and is employed at Annona Manufacturing Co.; Michael, who attends the University of Texas at Austin having graduated from Clarksville in 1987 as Valedictorian; Michelle, a grade school student.

His family are all members of McKenzie Memorial Methodist Church of Clarksville.

*** JACK HERRINGTON IS A MAN
OF HIS WORD**

If he makes a promise, he will keep it.

JACK HERRINGTON IS MY STEP SON IN WHOM I AM WELL PLEASED.

I have been his step father for more than ten years. During that time, I have come to know him intimately. I know what his values are. I know that he is an able attorney. I know that he will keep his promises. I know that he will make a very fine county attorney.

I believe it is, indeed TIME FOR A CHANGE!

I respectfully urge you to vote for MORE AGGRESSIVE PROSECUTION on March 8th.

VOTE FOR JACK HERRINGTON FOR COUNTY ATTORNEY.

Pol. Ad paid for by Charles Thompson, 1401 South Walnut, Clarksville, TX 75426

*** JACK HERRINGTON BELIEVES:**

That people have the right to be safe in their homes.

That victims of crime have the right to be informed and have some input as to the disposition of their complaints.

That every citizen has the right to counsel of the county attorney to resolve their criminal questions and the law explained to them.

That an elected official is the servant of the people to abide by their wishes.

That every case should be considered on it's own merits rather than a set formula of plea bargaining.

In the rational and mature judgement of the citizens of Red River County to decide punishment for criminals.

That with your help he can turn the crime situation around and make Red River County a very undesirable place for criminals.

THOMAS H. FOWLER
County Attorney
Red River County

In the 1950s in Red River County there were approximately 9 felony convictions per year. In the 1960s there were approximately 12 felony convictions per year. In the 1970s there were approximately 25 felony convictions per year. Since taking office in 1981 I have averaged approximately 75 felony convictions per year, and the number of persons in Red River County convicted of felonies per 10,000 population is higher than the comparable figure for 4 of the 7 Texas counties which border Red River County.

Probation Revoked By Pesek

On Monday, February 22, District Judge Leon Pesek of Texarkana revoked the felony aggravated assault probation of Charlie James Coleman, age 32, of Annona for assaulting Robert Evans and sentenced Coleman to five years in prison.

Judge Pesek revoked the forgery probation of Willie Earl Rosser, age 27, of Annona for failing to pay his fine and court costs and sentenced him to five years in prison.

Social Security Office Hours Change

Beginning March 7, 1988, the Paris District Office will become a part of a national series of experiments that were aimed at determining what are the best hours of operation for the public. Most of these experiments have involved extended hours after 4:30 p.m. Experience has shown that these experiments have not generated much public interest.

At the Paris office, they have decided to open the doors to the public at 7:45 a.m. every Monday morning effective March 7. Normal hours open to the public are 8:45 to 4:30 Monday through Friday.

This means that individuals now have an opportunity to conduct their Social Security business before going to work on Mondays if they so desire.

Hopefully this change in extending the hours open to the public on Mondays will be beneficial to all citizens in the Paris office's service area which includes Lamar, Red River and Delta Counties.

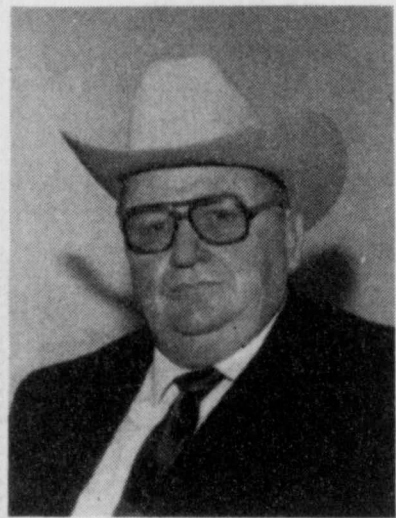

Office hours will be: Monday, 7:45 to 4:30; Tuesday through Friday, 8:45 to 4:30.
