UNVEIL MARKER — Fire Chief Alfred Kohl (center) and Floyd Allman (right), president of the Snyder Firemens Association, unveil a marker west of the Central Fire Station in honor of Capt. John J. Sanders, volunteer fireman who lost his life fighting an oil fire a year ago. Rev. John Bollinger (left), chaplain of the Fire Department, delivered the dedicatory address.

MARKER DEDICATED

Tribute To Fireman

"Cast not away therefore your confidence, which hath great recompense of reward.

"For ye have need of patience that, after ye have done the will of God, ye might receive the promise.

"For yet a little while, and he that shall come will come, and will not tarry.

"Now the just shall live by faith: but if any man draw back, my soul shall have no pleasure in him."

Thus, quoting from the Bible, Rev. John N. Bollinger tried to bring comfort and reassurance to the family and friends of Captain John J. Sanders, Snyder volunteer fireman who lost his life fighting an oil tank fire southwest of town a year ago, Aug. 29, 1966.

The occasion was the dedication of a marker in commemoration of the sacrifice made by Sanders. It was held Tuesday at 7 p.m. west of the central fire station. Rev. Bollinger took his text from Hebrews 10:30 to 11:3.

Mayor M. L. Broman, introduced by Rev. Bollinger, pastor of Grace Lutheran Church, also spoke briefly. His extemporaneous speech had the ring of sincerity.

"We hope that nothing like this ever happens again," declared the mayor.

Alfred Kohl, fire chief of Snyder, added a few words for the solemn occasion:

"We are gathered as friends, city officials, relatives and firemen to pay special tribute to a fireman, who on Aug. 29, 1966, paid the highest price a man can pay to his community.

"The time, cooperation spirit of leadership, knowledge and fellowship that he so willingly gave us will be forever remembered.

"The gap that he left is profound indeed, for he was wise, brave and a Christian man.

"To Capt. John J. Sanders, we dedicate this memorial."

The Fire Chief and Floyd Allmand, president of the Snyder Firemen's Association, unveiled the marker.

Rev. Bollinger closed the ceremony with a dedicatory prayer.

It was a brief and simple ceremony. Yet those present knew that they would never forget the sacrifice made by Captain Sanders. The marker always will serve to remind townspeople of the sacrifice he made.

Located on the banks of Deep Creek near the Central Fire Hall, the inscription on the marker states:

"Dedicated in memory of Captain John J. Sanders, 1921-1966, Volunteer Fireman, killed accidentally fighting an oil fire Aug. 29, 1966 with the Snyder Fire Dept."

Wreaths appear on either side of a fireman's hat above the inscription.

Members of the family present included the widow, Mrs. John Sanders, and son, Johnnie, of Snyder; his parents, Mr. and Mrs. R. C. Sanders, Wichita Falls; the widow's parents, Mr. and Mrs. J. N. Davis of Gainesville; her sister, Mrs. J. Dunn of Abilene and her huband; and nieces, Janeth and Vickie Worton of Gainesville.

GRIM REMINDER — The inscription on this plaque forever will remind local townspeople of the sacrifice made by Capt. John J. Sanders.

'INADEQUATE AND INEQUITABLE'

Offer Rejected By UAW

By KIT KINCADE

DETROIT (AP) — United Auto Workers Union negotiators today unanimously recommended that new contract proposals by the Big Three automakers be rejected as "inadequate and inequitable."

In making their offers Tuesday, the auto companies said they constituted "the highest wage increases ever offered" the union.

The UAW national negotiating committees at General Motors, Ford and Chrysler said they had given careful consideration to the proposals, however, and found them to be unacceptable "when measured against the fantastic profitability and productivity of the automotive industry."

The union negotiators added the offers did not meet the "pressing needs of the automobile industry's workers and their families."

The recommendation that the proposals be rejected came as no surprise. It was expected, since the offers failed to meet several demands which the UAW had considered essential.

Meanwhile, the UAW is expected to select one of the Big Three companies as a strike target in the next two days.

The union traditionally focuses on one firm and drives to a settlement there through negotiation or strike. Three-year contracts covering some 650,000 workers at the Big Three expire at midnight Tuesday.

Chrysler's top negotiator said the union's reception of Tuesday's offer was "less than enthusiastic."

The union had no immediate comment.

National union negotiating committees at the Big Three meet today to examine the offer and to forge their expected rejction arguments.

The UAW's International Executive Board meets today and Thursday to consider ratification of the committee's action and to pick the target.

Walter P. Reuther, UAW president, will enter talks at the target company Friday.

Here are highlights of the companies' offers:

—An immediate 13-cent-an-hour wage hike

—Improving the workers wage in 1968 and 1969 at the rate of 2.8 per cent of his previous hourly wage.

—A guaranteed minimum cost-of-living increase of two cents an hour for GM and Ford workers in the second contract year, and four cents an hour in the third year. Chrysler offered a minimum guarantee of four cents for both years. In addition, a five-cent "float" in current C-O-L payments would be carried over.

—A pay hike for skilled tradesmen above the general increase, to be worked out in negotiations.

The companies estimate that their offer would boost wage benefits alone by 33 to 51 cents an hour.

The current average hourly straight-time pay of an auto worker, according to the U.S. Bureau of Labor Statistics, is $3.41.

Including wages and fringe benefits the average worker receives about $4.70 an hour.

The companies' offer was estimated unofficially as a 5.25 per cent increase over the current provisions, although neither the union or the management will confirm this.

The industry offers made no mention of equal pay for Canadian and American workers or of a guaranteed annual income, both demanded by the UAW.

FIRST BALE — Leland H. McCarty (right), who farms between Union and Ira, brought in the first bale of Scurry County cotton for 1967 Tuesday afternoon. It was processed at the Paymaster Gin. From left, are D. T. Pierce, manager of the gin; Ricky, Jane Ann and Steven McCarty.

Suspect Is Charged In Bank Killings

OVERTON, Nev. (AP) — The manager of a bank and his two women tellers were herded into a vault late Tuesday and shot to death. A 24-year-old man was later arrested and charged with murder and robbery.

The slayings were discovered by a farmer, Norman T. Shurtliff, who had gone to the bank to talk about a loan.

The bank manager, Larry Staley, 27, and the tellers—Vera Walkington, 30, and Betty Heitmann, 40—were each shot in the head. Normally, two other persons work at the Overton branch of the Bank of Las Vegas but both were off.

Terry Lynn Conger, a construction worker, was taken into custody at his home in the farming community of Moapa, about 15 miles northeast of Overton. He was booked into Clarbon County Jail on charges of murder and robbery.

An audit to determine the amount taken will be made today.

A short time before the three were slain, sheriff's officers said, a young man tried to rob a bait shop two blocks away.

First '67 Cotton Bale Ginned Here

Leland H. McCarty, who operates a 240 acre farm between Union and Ira, came through with the county's first bale of cotton for 1967. It was ginned at the Paymaster Gin about 5 o'clock yesterday afternoon.

The lint weighed in at 422 pounds, and the seed tipped 760 on the scales.

"It was good cotton," said D. T. Pierce, manager of the gin. He figured it was about an "inch staple." The first bale came from an 18-acre watered patch and was planted April 10.

McCarty was born and raised in Scurry County and has "been farming all his life." He said most of his acreage is planted in sorghum alum. The first bale is of the 111 Paymaster variety.

"I believe this is the first time I've ever been first," stated McCarty, "although I did have some early cotton about 20 years ago in Mitchell County."

Pierce observed that the Paymaster Gin turned out the first bale "five years in succession" one time, but McCarty's bale was the first in about three years.

Winner last year was Cliff Brooks of Route 2. His cotton came in late — September 2— and was ginned at the Co-Op Gin.

China Letter Now Banned

WASHINGTON (AP) — A Red China-published newsletter preaching Negro hate of whites and urging big city violence now is banned from the U.S. mails.

Postmaster General Lawrence F. O'Brien announced the ban Tuesday on Crusader Newsletter, believed published in Communist China by Robert F. Williams, a fugitive American Negro.

O'Brien said he also has asked the aid of U.S. Customs in intercepting the newsletter and is requesting authorities in Hong Kong—through which the publication is believed routed—to help cut off the supply.

O'Brien's action came a week after President Johnson asked a probe of the content and "mailability" of the publication.

Cooler Air Is Edging Into Texas

BY THE ASSOCIATED PRESS

Cooler air oozed southward from the Texas Panhandle today, stirring up occasional showers or thunderstorms as it advanced.

Skies cleared in most other sections of the state including the Lower Rio Grande Valley, where crests approaching flood stage boild downstream toward the Gulf of Mexico.

Ten days of rainfall on area draining into the Rio Grande forced release of water from Anzalduas Dam near Mission, and the U.S. Boundary and Water Commission reported it was coursing into floodway diversion channels for the first time since 1958.

Authorities foresaw no threat of serious flooding in the affected area, ranging downstream from where the swollen San Juan River flows from Mexico into the Rio Grande near Rio Grande City.

Weather Burau radar tracked light to moderate showers in the north part of the Texas Panhandle and adjoining areas of Oklahoma. Dalhart measured .14 inch of rain and Perryton .10.

The new cool front lowered early morning temperatures to 61 degrees at Perryton and Lubbock, 62 at Dalhart and 64 at Amarillo. Pre-dawn readings downstate ran as high as 76 at Waco and 77 at Galveston.

These compared with highs Tuesday afternoon ranging up to 100 degrees at Mineral Wells and 101 at Wichita Falls. Corpus Christi and Del Rio were among the cooler spots with top marks of 85.

Say Nasser Foiled Coup With Arrest

BY THE ASSOCIATED PRESS

Reports circulated in Arab capitals today that Egypt's President Gamal Abdel Nasser had foiled a planned coup against his government by arresting Marshal Abdel Abdul Hakim Amer, his former trusted lieutenant, and a large number of senior army officers.

The reports did not appear in print in most Arab capitals where the press is controlled, but a Kuwait newspaper carried an account, and diplomatic sources said they had picked up various versions of it in Algiers, Khartoum, Tunis and other Arab points.

"We have no direct information," one Western diplomatic source in the Middle East said. "All our reports are second-hand. But they have spread so wide and so fast that we are inclined to believe something is going on in Cairo."

Sources described the reported purge as a series of "preemptive house arrests."

Up to 150 Egyptian generals and colonels have been reported detained.

One source said the officers may have been placed in detention "to tamp things down" during Nasser's absence at the Arab summit meeting in Khartoum, Sudan.

Others said an army plot to overthrow Nasser was actually hatching and the mass arrests had nipped it in the bud.

Cairo newspapers have carried indications of dissension among Egyptian leaders since the Arabs' disastrou defeat in the Arab-Israeli war in June.

Mohamed Hassanein Haikl, editor of Cairo's influential newspaper Al Ahram and once considered Nasser's mouthpiece, has come under sharp criticism in the last few weeks.

His weekly editorials, once regarded as important political weather vanes, have switched back and forth, calling for a realistic coming together with the West one week and a "second round" in the Arab-Israeli war the next.

BOLD MOVE

Red Soldiers Free 997

SAIGON (AP) — Communist soldiers boldly moved into a provincial capital early today under cover of a heavy mortar barrage and freed 997 prisoners in the most dramatic action of the Red campaign to disrupt and discredit South Vietnam's presidential election.

A wave of attacks in the five provinces making up the war zone bordering North Vietnam indicated an all-out effort to spread disaffection in the sector politically sensitive in the nation.

There were 29 reported attacks or incidents in the 1st Corps war zone, where the ground war and the political war have blended into a single fierce struggle in the past few days. While the attack on the jail in Quang Ngai was the most spectacular Red assault, the Communists also hit a power station, a helicopter field, a U.S. military advisory compound, a U.S. Seabee camp and a radio station.

The South Vietnamese suffered many casualties, including 70 killed and 104 wounded in a combined mortar and ground attack on a Vietnamese army post and district headquarters at Tam Ky.

Three Americans were reported killed and 44 wounded, while known Communist losses were six killed at Quang Ngai and 14 killed [illegible]

In addition to the attacks in the 1st Corps area, Red mortars shelled a camp in the highland city of Dalat, and wounded 10 Americans Tuesday night in a barrage on artillery positions 20 miles northeast of Saigon.

Arlene Born In Atlantic

MIAMI, Fla. (AP) — Arlene, first tropical storm of the season, formed in the eastern Atlantic today 2,500 miles east of Miami, the National Hurricane Center reported.

The storm's 60-mile-an-hour winds were expected to reach hurricane force by Thursday, the center said.

Arlene was moving toward the northwest at 17 miles per hour and was expected to maintain the same course and forward speed during the next 24 hours.

An advisory issued by the Weather Bureau said the storm could threaten no land area for at least two days.

AMERICAN FIRMS DUE COMPENSATION

Oil Marketing Facilities Nationalized By Algeria

ALGIERS (AP) — The Algerian government has nationalized the marketing subsidiaries here of the Standard Oil Co. of New Jersey and the Socony-Mobil Oil Corp. of New York, the government news service reported today.

It quoted the Official Journal which is not yet on sale. The news agency said the decree provides for compensation to the firms.

Another decree requires all foreign oil-producing firms to henceforth sell their oil outside Algeria, the account said.

The nationalization was obviously aimed at building up the national oil distribution company, Sonatrach, into the leading sales firm. British Petroleum's sales facilities, which accounted for 15 per cent of the market, had been nationalized earlier and handed to Sonatrach.

The names of the firms nationalized were given as Esso Standard Algerie, which Algerian sources said had about 22 per cent of the Algerian domestic market; Esso Africa, a Geneva-based firm which manages Esso activities on the Continent; Esso Saharienne, an exploration firm with practically no present activity; Mobil Oil Nord Africaine, which company officials in Paris said accounts for 6 to 7 per cent of the Algerian market; and the shares in the Algiers refining company held by Mobil Oil Francaise.

The decree means the Algerians will take over Esso's 17.6 per cent share and Mobil's 6 per cent share in the Algiers refining company, giving the government 44 per cent.

The report said nationalization did not affect the foreign producing companies. However, the second decree ordering them to no longer sell domestically gives them the problem of disposing of about 1.5 million metric tons of crude oil annually.

The firms had been placed under state control shortly after the Arab-Israeli war in June. Several other firms reportedly remain in this category: Sinclair Mediterranean, Phillips Petroleum, Mobil Sahara and Mobil Producing Sahara, El Paso Europe Afrique, El Paso Algeria, Veedol Oil Co., Tidewater Newment Drilling Specialties and Shell.

DEAR ABBY: Why will a man pick a divorcee over a widow? It's a fact. I am a widow and I've lost out to divorcees time after time, and I have widow friends who have had the same experience. I am not bad looking, and I'm certainly not dumb. I have a nice personality (so I'm told), but for some reason, I am not as appealing to men as a divorcee.

I should think a widow should have the edge because she is alone thru no fault of her own, but a divorcee is usually alone because she can't hold a man, or else she's fickle. If you can explain why men prefer divorcees over widows, Abby, you're a genius.

WIDOW

DEAR WIDOW: Sweeping generalizations are unfair and unjust. Many divorcees are alone "thru no fault of their own." Perhaps it is not as easy for a widow to be "merry" as it is for a divorcee to be "gay." Could that be a clew?

DEAR ABBY: There is a well-to-do, socially prominent woman in this community who has the reputation of being a kleptomaniac. She is charming, intelligent, and acceptable and is invited everywhere.

I had heard that she goes into bedrooms of homes where she is a guest and picks up small object such as perfume bottle and compacts. She even opens the purses of other guests and helps herself to money, handkerchiefs, etc.

I was warned to keep my purse with me when this woman was in the company, but at a dinner party recently I left my purse in the bedroom.

Later I discovered my coin purse, containing $20 was missing. Do I dare accuse her? Should I tell my hostess? Who is responsible for the loss? If you were I, what would you do?

VICTIM

DEAR VICTIM: I would neither tell my hostess, nor accuse the woman merely because I had heard she was a kleptomaniac. Forewarned should have been forearmed. Charge it off to experience and next time, keep your purse with you. (Meanwhile, don't peddle gossip, either.)

DEAR ABBY: Just as I was about to go out with my date, a girl friend (I'll call her Nellie) dropped by to see me. Nellie didn't make any effort to leave, although she knew we were going out, so my date asked her if she would like to go along since we were going to a house party. She stayed all evening, and after the party, my date took me home FIRST because Nellie lived closer to his house. (This was true, but I still didn't like it.)

My question: Don't you think Nellie should have refused to go along with us, since my boyfriend just asked her to be nice? Whose fault was all this?

BURNED UP

DEAR URNED: One should never extend an invitation "just to be nice" in the hope that it will be refused. (Some people never refuse anything.) Your date made a triple error. Inviting Nellie along in the first place. Bringing an extra to a party without first consulting his hostess. Taking you home first.

2 Mishaps Are Logged

Slight damage resulted from two motor vehicle accidents Monday.

The first one occurred at 2:30 p.m. at Avenue S. and Twenty - sixth Street. Involved were the 1965 Model Chevrolet pickup of George Abra Hudnall, Route 1, Hermleigh, and the 1964 Model Chevrolet of Jauell Willman Griggs, 2705 Avenue O, Apt. 1. Damage to the car was set at $15, and there was no damage to the pickup.

Cars of Raymond Lemoan Suttle, Lubbock, and Patsy Ann Orms, 3003 Foreieth Street, were involved in a collision in the 1900 block of Forty - second Street at 5:33 p.m. Damage to Suttle's 1966 Model Ford was set at $5, and damage to the other car, a 1961 Model Ford, was placed at $15.

The first mishap was investigated by Pagrolman Glenn Roberts, and Sgt. J. H. Kimmel investigated the second one.

File Charge In Shooting

John Highfield, 1918 Coleman, was charged in Justice of the Peace Court here Monday with burglary by firearm following a shooting incident in the home of his brother, Albert Highfield, 1408 Fifth Street, at 12:56 a.m. Sunday.

He was released under $2,000 bond.

Highfield allegedly fired a 25 caliber pistol through the back screen of his brother's house. The suspect's wife, Jean Highfield, 33, was treated at Cogdell Memorial Hospital for gunshot wound of the shoulder following the altercation. Her condition was described as good.

Nine Held After Raids At Lubbock

LUBBOCK, Tex. (AP) — Nine persons, eight of them under 21, were picked up Tuesday night and jailed for possession of narcotics. The action came one day after a state law tightening up on use and possession of such drugs went into effect.

They were to be charged today, possibly becoming the first in Texas to be named under the new law.

One of those picked up was a 16-year-old girl, being held to face a juvenile court. Another was a woman of 40. Seven were young men ranging from 18 to 21 years. Of these six once attended Texas Tech.

The raids were in three areas, in three apartments and a house, the latter belonging to the 40-year-old woman, police said.

The woman, the girl and three boys were picked up in the woman's home, a few blocks from the Tech campus. Two apartments raided were just one block from the Tech campus.

Police said they found LSD, LSD capsules, mescaline, marijuana, and other drugs, which were confiscated. Both felony and misdemeanor charges were expected to be filed.

A chemical apparatus for making hallucination drugs was also found in one of the apartments, police said.

One boy appeared at the home of the woman and protested to police that his apartment had been ransacked. Police said they had warrants for a search of the apartment, and jailed the youth.

Kathy Has Busy Summer

NEW YORK (AP) — Kathy Lindsay is a tall, blonde teenager whose interests include show business and volunteer work and who also happens to be the daughter of New York's mayor.

This summer she managed to combine those specific interests by spending six weeks of her vacation staging puppet shows for children in slum areas.

Tuesday she rang down the curtain on her summer job with the Carver Houses Puppeteers in Spanish Harlem. The 25 youngsters in the troupe responded by presenting her a puppet named Peter.

"Kathy is nice," 6-year-old Tanya Mays, one of the youngsters who helped make the puppets, said between blowing bubbles on her chewing gum.

Kathy, 16, eldest of the four Lindsay children, has been living in Gracie Mansion with her father while the rest of the family stayed in a house at Laurel Hollow, Long Island.

Each day the mayor's daughter commuted to work by bus and subway. "It's really been fun," she said. "I wasn't afraid to work here. There were no disturbances or tensions."

Shirley Temple In California Race

SAN MATEO, Calif. (AP) — With the bonnet of onetime child movie star Shirley Temple in the ring for Congress today, one of her opponents said: "If any old Shirley Temple movies are shown on TV, I'm going to ask for equal time."

The quip came from former U.S. Rep. Robert Barry, R-N.Y., who is among three Democrats and seven Republicans, including Shirley Temple Black, seeking the seat left vacant by the death of Republican Rep. J. Arthur Younger.

Mrs. Black, an attractive matron of 39, announced Tuesday she'll try as a Republican to break the all-male hold on California's 38 seats in Congress.

Two other of her Republican rivals had comments.

William Draper III, one of them, said gallantly: "She's an old sweetheart of mine, as a child movie star, and I'm looking forward to being her congressman."

Sheriff Earl B. Whitmore, another Republican, said: "I'm glad to see anyone enter the race, and let the people choose."

The only Democratic candidate to speak up, San Mateo Mayor Roy Archibald, said he was delighted: "She will make the seventh Republican candidate in their ranks, and that will just cause confusion."

No doubt anticipating some of this when she announced she would seek the 11th Congressional District seat from San Mateo County, Mrs. Black faced 16 television cameras, 27 microphones and 100 newsmen and said "I'm not running as little Shirley Temple but because I believe our country is in deep trouble. I won't pretend to have all the answers to all the problems. But LBJ doesn't seem to have any and he is a professional politician."

"He has played politics with the war and he has played politics with the riots," charged the mother of three teen-agers and wife of an electronics executive, Charles Black.

The special primary will be held Nov. 14. If no single candidate wins a majority of votes cast, the top Democrat and Republican will compete in a final on Dec. 12.

Monsanto Changes Its Districts

HOUSTON — Monsanto Company has announced changes in the structure of its oil production operations in four states.

The company is establishing an Oklahoma City production district, effective Sept. 1, according to Frank Richardson, director, production and exploration for Monsanto's Hydrocarbons and Polymers Division.

The new district will be responsible for oil and gas production in Oklahoma, Kansas, the Texas Panhandle and northwest Arkansas. Its office will be located in the Oil & Gas Building, Oklahoma City.

At the same time, Monsanto is dissolving its Snyder production district in central Texas. Its activities will be handled by the Midland district.

Heading the Oklahoma City office as district production superintendent will be Bruce E. Roll. Roll has served as a district superintendent in Bismark, N.D.; Pratt, Kan., and most recently in Snyder.

D. A. Langford of Houston will be district petroleum engineer in Oklahoma City, transferring from a similar post in Monsanto's Ark-La district. A. C. Gross, a staff petroleum engineer in Houston, will transfer to the new district as a senior petroleum engineer.

In conjunction with the changes, Henry S. Weigel of Snyder is being assigned to the Midland district as a senior petroleum engineer.

Probe In Order

WASHINGTON (AP) — Sen. John McClellan, D-Ark., said Tuesday a probe of the Harris County, Tex., anti-poverty program is in order. McClellan, chairman of the Senate Investigations subcommittee, made his statement in a letter to Sen. John Tower, R-Tex.

Snyderite Works At Georgia's Six Flags

Beth McCloskey, daughter of Mr. and Mrs. Roy J. McCloskey of Snyder, will complete summer work soon at "Six Flags Over Georgia," an amusement and recreation center opened in June at Atlanta.

Miss McCloskey, along with other college students, was selected to handle concession and provide entertainment. She was assigned to the "Log Jamboree." She plans to continue studies at Baylor University School of Music this fall.

'Sandaco' Is Illegal, Says Wade

DALLAS (AP) — A Dallas furniture company's plan to get around the Saturday-Sunday closing law will not get off the ground, Dist. Atty. Henry Wade said today.

Wade said the plan is illegal. He pledged to prosecute Sundaco and Levitz Furniture Corp. if they go through with their announced intentions.

Sundaco officials said they would buy the entire Levitz stock each Saturday night, do business as a new firm on Sundays, then sell the stock back to Levitz each Monday morning.

The law says such items as furniture cannot be sold on successive Saturday and Sunday.

"They say they are complying with the letter of the law," Wade said. "But it is obvious that they are not complying with the intent of the law." He called their plan a subterfuge.

"There are about 25 reasons this won't work," Wade said. "But I don't want to go into the details at this time."

The district attorney said he talked to lawyers for Sundaco. He said they plan to operate Clark's Discount Department Stores in Fort Worth under the same arrangement.

Wade said his office will not take action against the firms until a violation of the law is noted.

Water Tower Off Limits

A 18-year-old Snyder youth pleaded guilty in City Court this morning to a charge of loitering at the West water tower. He was fined $25.

Ten other juveniles who were with him were turned over to the juvenile officer.

"We don't want anyone playing on the tower," declared Police Chief Steve Clark. "Not only is it dangerous, it also is against the law," he added, saying that violators will be prosecuted.

Arrest of the offenders was made by Officers Glenn Roberts and Ben McNulty, Sgt. Bobby Goodwin and Chief Clark.

Farm Bureau Is Solon's Target

WASHINGTON (AP) — Rep. Joseph Y. Resnick, D-N.Y., persistent critic of the American Farm Bureau Federation, says he is considering legislation to require the Farm Bureau to choose between its tax-exempt status and its commercial ventures.

Resnick said he is thinking of introducing a bill to bar tax-exempt organizations from controlling or operating commercial firms in which they are majority stockholders.

Resnick obtained a general endorsement of his proposal from Herschel Newsom, master of the National Grange.

"I can't see anything basically or philosophically wrong with your position," Newsom said when asked by Resnick for his opinion of such legislation.

Newsom appeared Tuesday at Resnick's one-man investigation of the Farm Bureau.

Top executives of two other farm groups, the National Farmers Union and the National Farm Organization, were scheduled to appear today. Resnick said officials of the Farm Bureau have not accepted his invitation to testify.

Newsom said the Grange believes it best serves rural America by not engaging in business activities.

"To become an effective farm organization," he said, "we learned long ago that it would be best to stay out of the business world."

Newsom submitted for Resnick's inspection the latest financial statement of the Grange.

In a statement for today's edition of the Congressional Record, Resnick said he has information that two Farm Bureau insurance firms in Manhattan, Kan., have made a practice of providing season tickets to Kansas State University football and basketball games to the office of the Kansas commissioner of insurance.

A spokesman for the two firms, Farm Bureau Mutual Insurance Co. and Farm Bureau Life Insurance Co., denied any season tickets had been provided.

SPONSOR TEA — Church Women United sponsored a tea for patients at Hillcrest Memorial Lodge (upper photo) and for patients of Snyder Nursing Home (lower photo) last Saturday. Henceforth, monthly teas will be a continuing project of the church women.

Tea Held By CWU

The Church Women United of Scurry County served as hostesses at a tea for 60 residents of Hillcrest Lodge and 10 residents of Snyder Nursing Home Saturday afternoon. The tea began at 3 p.m. at both places.

A tea will be held each fourth Saturday of the month, according to Mrs. A. D. Dodson, president of District 3, who extended an invitation to each church woman of Scurry County to participate in this project.

Hostesses at Hillcrest Lodge were Mrs. Dodson, Mrs. John English, Mrs. Alvin Dolan and [illegible].

Hostesses at Snyder Nursing Home included Mrs. Dave Martin, president; Mrs. Joe Cates, Mrs. John Covey and Mrs. L. T. Huckabee.

Snyderite In Top 10

Jodi Snyder, 20 - year - old daughter of Mr. and Mrs. Charles N. Snyder, 3724 Rose Circle, placed in the "top 10" at the South Plains Maid of Cotton contest held Tuesday night in Lubbock.

She is a senior at Texas Tech, and a graduate of Snyder High School. She is majoring in elementary education, and plans to become a teacher following graduation from college.

Each of the contestants selected in the top 10 was given a question to answer in the finals competition. The question asked of Miss Snyder was a particularly difficult one: Do children today have as much respect for their parents as children of 10 years ago?

Miss Snyder answered the question in the affirmative. Expanding her answer, she explained that moral values always remain or should remain the same, although we live in a changing world.

It appeared that some of the questions asked of the other contestants were easier to answer or afforded more of an opportunity for a humorous answer.

Concerning the contest, Jodi said it was "a wonderful experience and provided an opportunity to meet the other girls. This will be a good background if I ever try to do something like this again."

Jodi's hobbies include swimming, modeling, twirling, horseback riding and water skiing.

When those plums are ripe, they should yield to slight pressure.

It's Time For Cold Soup

By CECILY BROWNSTONE
Associated Press Food Editor

GAZPACHO, THAT FAMOUS cold soup from Spain, is a recipe that Americans eagerly adopt.

They also adapt it.

The original recipe calls for fresh tomatoes as the base, but some cooks in the United States use canned tomatoes instead; that's just how the following recipe is set up.

If you try it, you'll find it makes a cold soup that, tasted alone, is a fairly spicy brew. But when the soup accompaniments — passed at the table — are added, the flavor levels off considerably.

This soup was planned to be served shortly after it is thoroughly chilled — a matter of only a few hours. If you try refrigerating the soup overnight, you may find — as we did — that the garlic and onion flavors are overpowering.

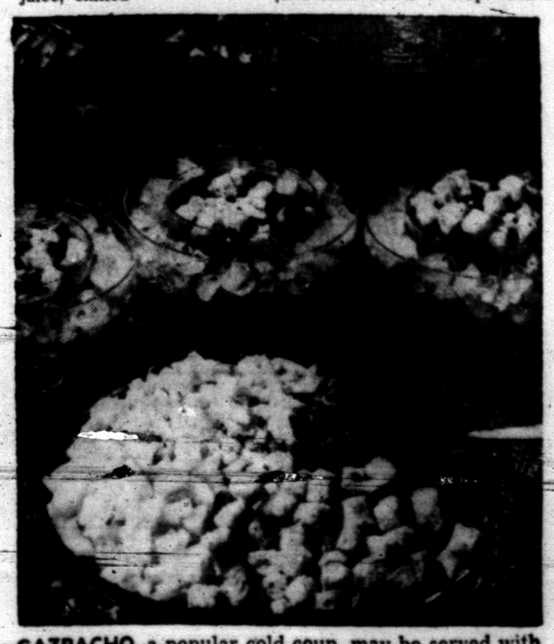

American-Style Gazpacho

½ teaspoon crushed garlic
¼ cup olive oil
5 slices enriched white bread, crusts removed and cut into ½ inch cubes
¾ cup cold water
1½ teaspoons salt
1 can (1 pound and 12 or 13 ounces) peeled tomatoes and juice, chilled
¼ cup chopped sweet milk onion
¼ cup chopped cucumber
¼ cup chopped green pepper
¼ cup chopped canned pimiento
2 tablespoons red wine vinegar
¼ to ½ teaspoon white pepper
1 teaspoon celery salt
½ cup ice water

Accompaniment: chopped cucumber, chopped hard-cooked eggs, chopped green pepper and croutons.

In a small bowl, cover the garlic with the olive oil; add cubed bread, water and salt. Let stand while rest of ingredients are blended. Into a blender turn the tomatoes, onion, cucumber, green pepper, pimiento, vinegar, pepper, celery salt and water; blend until combined. Turn into a medium sized mixing bowl. Turn the bread and oil mixture into the blender and puree it. Add to vegetable mixture and stir to combine. Refrigerate for a few hours to chill and blend flavors. (If soup is given a long storage time, the garlic and onion flavors may become too pronounced.) At serving time, pass the accompaniments in a sectioned dish or in matching bowls on a small tray so they may be added to individual bowls of soup. Makes 1½ quarts.

Note: To prepare the croutons to accompany the soup, fry small squares of bread in olive oil until they are crisp and brown.

GAZPACHO, a popular cold coup, may be served with green pepper, cucumber, hard-cooked egg and croutons.

Anti-War Movement Vital To Plans Of RFK Backers

By WILLIAM T. PEACOCK

WASHINGTON (AP) — The sizeable elements in the Democratic party opposed to the Vietnam war are divided and uncertain about how to give political expression to their view.

Whether they can unite on a course of action is one interesting angle to watch in the developing 1968 political picture.

It is antiwar sentiment which energizes the "draft Kennedy" effort.

This is of course not the sole motivation. It embraces admirers of Sen. Robert F. Kennedy, D-N.Y., as a man and those attracted by what he has said about domestic matters.

But without the antiwar feeling the draft Kennedy movement would have wrecked long ago on the rock of Kennedy's repeated assertions that he supports President Johnson for re-election.

As it is, Citizens for Kennedy, with headquarters in New York, claims some 60 chapters scattered across the country. Dr. Martin Shepard, the New York co-chairman, says it is continuing to grow.

Opposition to the war also has fueled the organization of the National Conference for New Politics which convenes Friday in Chicago. It embraces antiwar and civil rights groups. There is talk this gathering may lead to the fielding of a national ticket of Dr. Martin Luther King Jr., for president, and Dr. Benjamin Spock for vice president. Both are strongly critical of Johnson's Vietnam policies.

However, Spock, a pediatrician nationally known for his writings on baby care, deprecated the likelihood of a national ticket in a letter to a Washington acquaintance.

"If it should decide on a national ticket, which I think not very likely, it would probably be a standby ticket, pending the selections of the Republican and Democratic nominees," he wrote.

"If either old party chose a half-peaceful candidate, I would think any New Politics national ticket would certainly be withdrawn."

Spock's letter was to Joseph L. Rauh, a Washington lawyer who is seeking to unite "peace Democrats" behind a movement for a peace plank in the 1968 Democratic platform.

Rauh's plan contemplates an effort from the grass roots level to elect peace delegates to the convention. Selection of delegates will begin early next year.

In late July, he sent a 15-page memorandum outlining his ideas to some 350 Democrats. This argued that a third party (New Politics) or "dump Johnson" (draft Kennedy) effort were the weakest political moves the peace movement could make.

On the other hand, he contended, an effort on behalf of a peace plank would be a strong move. He suggested that if beaten in the platform committee, a minority report could be brought in and debated in the convention with the full exposure of the television networks.

A built-in factor of strength for Rauh's plan is that most of the Senate and House doves presumably will be delegates to the convention. They are men of influence in their state parties. It is unlikely, for instance, that Arkansas Democrats would refuse to make Sen. J. W. Fulbright a delegate if he wants to be one.

Rauh said in an interview he has received expressions of support from four state Democratic chairmen, but only Robert L. Coate of northern California was willing to be quoted by name.

Rauh said he received requests for his memo and expressions of support from about 50 others who are active in the party.

Eddie Fields Makes Riches From Rugs

By HAL BOYLE

NEW YORK (AP) — Tired of hearing about men who went from rags to riches?

Listen, then, to the tale of Edward Fields, who has made riches from rugs.

Now one of the world's largest custom carpet manufacturers—his clientele ranges from the Shah of Iran to Mickey Mantle—Fields was launched on his path to fortune by a $500 wedding gift and a fortune-teller's tip.

Eddie has made a rug shaped like a piano for Liberace.

Eddie made the carpet for "Air Force One," the plane in which Lyndon B. Johnson stood when he took his first presidential oath.

Eddie made the huge oval "carpet of the United States" in the Diplomatic Room at the White House.

Eddie has also made rugs or tapestries for Sen. Robert F. Kennedy, D.-N.Y., Gov. Nelson A. Rockefeller of New York, the Vanderbilts, the Astors, Mary Martin, John Steinbeck, Prince Rainier of Monaco and Milton Berle.

In 1935 Eddie was 21 and pocket poor after five years of selling carpets for other firms. Then his brother, bandleader Shep Fields, gave him $500 as a wedding present.

"I decided to use it to start my own firm," said Eddie.

How was business? In two syllables it was "lousy." It was still bad in 1946 when Fields went to a night club in Hollywood to forget his troubles for the evening.

"A fortuneteller in the club told me that a man with the initials 'J.B.' would come into my life and change it," he recalled.

Soon after that Fields met an elderly Viennese, Joseph Blumfield, who had invented a hand-held rug-making machine.

Eddie bought the gadget from Blumfield under an arrangement that guaranteed him lifetime royalties and then set about improving it.

That machine, nicknamed "the magic needle," began to stitch a pattern of wealth for Fields.

Eddie now has 250 of the machines, each of which, he says, can turn out as much work in a day as 20 Japanese hand workers. In a year, although he keeps production figures secret, he claims they enable him to manufacture as much yardage as the entire carpeting industry of Persia at its peak.

"I never have patented my magic needles, because it would simply make it that much easier for competitors to steal the secret," he said. "But they are checked out individually to my workmen and at night I keep them locked in a steel and concrete vault. Only my son and I have keys to the vault."

But no machine by itself could explain Eddie's success. Showmanship runs in his family. Another brother, Freddie Fields, runs a talent agency which handles such entertainment notables as Barbra Streisand, Peter Sellers, Rock Hudson, and Phil Silvers. And Eddie is an outstanding showman himself.

The balding, fastidiously dressed manufacturer moves in fashionable society and top business circles, knows most of his famous customers on a first-name basis.

Junior Editors Quiz on BUTTONS

QUESTION: *What person invented the button?*

* * *

ANSWER: Perhaps the person who invented the button was some ingenious caveman who whittled a knob of bone, with holes in the center, and lashed it on with sinew to his robe of deerskin, with a slit on the other edge for the button to snap into. But this is pure speculation; we don't know if such a person existed, or what his name was. The idea of buttons is very old. Bone buttons have been found older than the date when the writing of history began. The idea of buttons as decoration is also very old, for the ancient Greeks liked to use buttons made of gold. In the times of the 1200's, there was a change in clothes as more fitting came in instead of the loose robes and togas of older days. With this change, buttons became increasingly valuable as fasteners. Yet the value of the button as ornament was never lost sight of; buttons were made from all kinds of attractive materials and used to decorate clothes in an infinite number of ways. Because of the variety of buttons, they are fascinating little objects to collect, as Phyllis shows in our picture.

Braves Win On Boyer's Grand Slam

By HAL BOCK
Associated Press Sports Writer

Clete Boyer wasn't having one of his better nights. But with the kind of season Atlanta's veteran third baseman is having, even his errors turn out well.

Boyer made one of his rare errors in the eighth inning Tuesday night as Pittsburgh took a 3-2 lead against the Braves. Then in the bottom half of the inning, with Atlanta going to their bench for pinch hitters, Boyer climaxed a rally with his fifth career grand slam home run.

That gave the Braves a 7-3 victory and made a hero out of the potential goat. "I was looking for redemption instead of glory," said Boyer. He got it with his 23rd homer.

Boyer's two-base throwing error set up Bill Mazeroski's run-scoring single in the top of the eighth, snapping a 2 tie.

Elsewhere in the National the eighth, snapping a 2-2 tie, League Tuesday, Cincinnati shut out Philadelphia 1-0, New York blanked St. Louis 2-0, San Francisco pounded Los Angeles 11-1 and Houston topped Chicago 5-3.

In the American League, Boston moved into first place splitting a twi-night doubleheader with New York. The Red Sox won the opener 2-1 then lost 4-3 in the 20-inning second game.

Baltimore edged Minnesota 4-3, Cleveland outlasted Kansas City 9-8 in 10 innings, Washington blanked Chicago 3-0 and Detroit swept a twi-night double header from California, winning the first 42 and taking the second 2-1.

Boyer's grand slam was his second this season for the Braves. He has 81 runs batted in, only eight less than Aaron, and 15 more than Torre, the Braves' top sluggers.

The Pirates aruged long and loud on the call at home plate when Torre scored on Tito Francona's hit with the tying run. Al Luplow, Andre Rodgers and Manager Danny Murtaugh were all thrown out.

Cincinnati used three pitchers — Gary Nolan, Billy McCool and Ted Abernathy — to shut out the Phillies on seven hits. The defeat ended an eight-game Philadelphia winning streak.

Vada Pinson doubled in the seventh inning for the second hit off Jim Bunning and then came around on an infield out ad Lee May's sacrifice fly for the oly run of the game.

Cal Koonce pitched a sharp five-hitter and Ron Swoboda hammered his 10th home run of the year as the Mets blanked the Cardinals.

Hal Lanier drove in five runs for the Giants with a triple, two singles and a grounder against the Dodgers as Joe Gibbon breezed on a three-hitter.

Willie Mays, who had scored from second on a wild pitch Monday, raced home from first on a single and whacked his 17th homer as the Giants ended rookie Bill Singer's seven-game winning streak.

Jim Wynn capped a five-run eighth inning rally with his 31st home run—a three-run shot that gave Houston its victory over Chicago.

Joe Niekro had the Astros shut out on five hits going into the eighth but singles by Ron Brand, Julio Gotay, Joe Morgan and Doug Rader produced two runs before Wynn connected.

Grid Club Elects New Officers

New officers for 1967-68 were elected at the first fall meeting of the Snyder Quarterback Club, held Tuesday night in the high school cafeteria. They are Jerry Rice, president; Bob Holder, vice president; Franklin Pruitt, secretary; and, Dan Cotton, treasurer.

The Club voted to sponsor an ice cream supper for the varsity and "B" team football boys to be held at 7:30 p.m. Tuesday in the high school cafeteria. Fathers of the boys will be guests of the Club. Another event will be planned for other athletes in the school system at a later date.

Head Coach Wayne Tyrone introduced coaches in the school system.

Tyrone also outlined prospects for this year, discussed the type of offenive and defensive formations that will be used, and gave a "run down" of the varsity roster.

"I won't predict how the race will finish this season," he said, "but we'll be in there trying our best."

The coach observed that Snyder "has a fine bunch of boys." However, he pointed out that inexperience in the backfield is a weakness. He said experience in the offensive line is the main strong point.

Sets New Swim Mark

TOKYO (AP) — John Ferris of the United States won the gold medal for the men's 200-meter butterfly in a world record time of 2:06.0 at the World University Games Wednesday night. This shattered the listed record of 2:06.6 set in the same indoor pool during the 1964 Tokyo Olympics by Kevin Berry of Australia.

The silver medal went to another American, Carl Robie, of Drexel Hill, Pa., who clocked 2:09.1 after battling Ferris stroke-for-stroke through most of the race. Robie clocked a fast 59.6 at the 100-meter mark.

HAPPY CHAMPIONS — Kenichi Tsuchiya, West Tokyo, Japan Little League outfielder, leaps onto the back of Masahiro Miyahara, pitcher, after they defeated Chicago, Ill., 4-1 in championship game of Little League World Series in Williamsport, Pa. Miyahara allowed only three hits and Tsuchiya hit a home run and scored another run. (AP Wirephoto)

Jack Takes Lead With Seven Under

By BOB GREEN
Associated Press Sports Writer

RYE, N.Y. (AP) — Arnold Palmer was shaking his head in mock horror

"I'm never going to play with him again," Palmer said, pointing an accusing finger at the bulky figure of Jack Nicklaus.

"Every time I do he shoots a 65. It's ridiculous. He was putting like a madman."

But that was Tuesday, just a few minutes after Nicklaus, in the same threesome with Palmer and dazzling Doug Sanders, had carved out a seven-under-par 65 and taken command of the $250,000 Westchester Classic Golf Tournament with a 54 hole total of 201—an awesome 15 under par.

Palmer didn't know at that time that he is once again paired with Nicklaus in today's final round of the tourney that three times was delayed by rain.

Nicklaus held a three-stroke lead over the trio of Gary Player, the little South African who has won all the world's major professional tournaments, who had a third round 68; Dan Sikes, who was twice rescued by rain, 70, and British Open champion Robert de Vicenzo of Argentina, 68. They're tied at 204.

Palmer, the game's all-time leading money winner, shot a third round 67 and was tied at 205, four strokes off the pace, with young Frank Beard, winner of three tournaments this year, 70; and lefty Bob Charles of New Zealand, 70.

Sanders is alone at 206 after a 69. Dead tired Mason Rudolph, who led the first two rounds and had two sub-par rounds wiped out by rain, blew to a 75 and 209.

Okies Lure Top End

DALLAS (AP) — Preshie Hodge, the all-state end from Carrollton Turner High School, said Tuesday he would attend Oklahoma.

Hodge signed a letter of intent with Baylor but got married a couple of weeks ago and withdrew because there is a rule against giving married men athletic scholarships until they are juniors.

Yanks Clip Boston, 4-3, In Twenty-Inning Marathon

By DICK COUCH
Associated Press Sports Writer

The Boston Red Sox were getting drowsy trying to hit Jim Bouton. Then Darrell Brandon hit Bouton without trying . . . and Horace Clarke sent everybody home to bed.

As a result, Bouton's marathon mark is intact and the Red Sox are tossing in their sleep.

Clarke's run-scoring single in the 20th inning gave the New York Yankees a 4-3 victory over Boston Tuesday night after the Red Sox had seized the American League lead by winning the doubleheader opener 2-1.

The split left the Sox a scant half game ahead of both the Minnesota Twins, who lost to Baltimore 4-3, and Detroit Tigers, who swept a twin bill at California 4-2 and 2-1.

Clarke's one-out hit in the 20th knocked in John Kennedy, who had singled and moved into scoring position when Boston reliever Brandon hit Yankee reliever Bouton with a pitch.

Bouton, recalled from the minors last week, pitched five innings of three-hit ball to earn his first victory of the season. Five years ago, Bouton was the winner in a seven-hour, 22-inning marathon at Detroit.

In Tuesday night's other AL action the Washington Senators beat Chicago 3-0, dropping the White Sox 2½ games off the pace, and Cleveland edged Kansas City 9-8 in 10 innings.

In the National League, the New York Mets blanked St. Louis 2-0; Cincinnati shaded Philadelphia 1-0; San Francisco blitzed Los Angeles 11-1; Atlanta slammed Pittsburgh 7-3 and Houston topped the Chicago Cubs 5-3.

Steve Whitaker's home run in the 11th after the Red Sox had grabbed a 3-2 lead in the top of the inning, and a spectacular throw by center fielder Bill Robinson kept the Yankees alive in the extra-inning struggle. Robinson grabbed Reggie Smith's one-out drive in the 17th and doubled Mike Andrews at the plate with an on-the-fly strike. Boston outfielders Carl Yastrzemski and Smith had choked off a New York threat two innings earlier with successive diving catches.

The Red Sox took the first game behind right-hander Jim Lonborg, who fired a three-hitter for his 18th victory and drove in the deciding run with a seventh-inning single off loser Mel Strottlemyre. Lonborg also fanned 11 Yankees to take the league lead with 195 strikeouts.

Brooks Robinson's three-run double with two out in the sixth —the first hit of Minnesota's Dave Boswell—triggered Baltimore past the Twins. Robinson cleared the bases after three walks got Boswell in trouble.

The Orioles added a run in the eighth on a bases-loaded walk by reliever Ron Kline, then weathered a two-run Minnesota rally in the ninth.

Denny McLain fired a three-hitter in the first game and rookies John Hiller and Fred Lasher checked the Angels on eight hits in the nightcap as the surging Tigers ran their current string to 10 victories in 13 starts.

Dick McAuliffe drove in two first-game runs with a homer and single for the Tigers. Bill Freehan broke up Ricky Clark's no-hit bid with a seventh-inning homer in the second game and Detroit added a run in the ninth on singles by Norm Cash and Ed Mathews plus an infield out.

Dick Bosman, up from Hawaii of the Pacific Coast League, shackled Chicago on five hits and handed the White Sox their sixth setback in eight games. Run-scoring singles by Frank Howard Cap Peterson and Ed Brinkman in the fourth gave Bosman all the support he needed.

The Indians broke an 8-8 tie in the 10th when Vic Davalillo beat out an infield hit, raced to third on Chuck Hinton's single and outlegged the throw to the plate on a grounder by Chico Salmon.

Albuquerque In Driver's Seat

BY THE ASSOCIATED PRESS

The Texas League race has only six days to go and Albuquerque is in the driver's seat.

Amarillo, the erstwhile leader, dropped its 13th game in the last 14 Tuesday night and fell half a game back of Albuquerque. It now seems the Sonics can only hope the others lose more than they do in the final week.

Albuquerque dropped one Tuesday night and, although Amarillo already had lost, would have fallen out of first place had it not captured the second half of a doubleheader with Austin.

Austin, the league's toughest club in the stretch drive, went 11 innings before edging Albuquerque 11-10 in the first game. Winning pitcher Gene Garnell singled in the deciding run.

Albuquerque came back to win the nightcap 2-1 as John Duffie pitched five-hit ball and ran his string to 15 victories for the season—tops in the league.

The Dodgers used two unearned runs to take the game. They not only stayed in the lead but increased their margin over Amarillo from a single percentage point to half a game.

El Paso gained half a game on Amarillo but stayed three back of Albuquerque as the Sun Kings split a twin bill with Dallas-Fort Worth. Byron Browne's three-run homer got Dallas-Fort Worth off toward a 6-3 triumph in the first game.

El Paso won the nightcap 4-3 with Jim Spencer's two-run homer in the first inning proving to be the big blow.

Joe Hague hit two homers to lead Arkansas to a 6-4 victory over Amarill. He drove in four runs, the last two furnishing the margin of triumph.

Longhorns Are Favored

FORT WORTH (AP) — The Texas Longhorns are overwhelming favorites to win the Southwest Conference football crown, a press-radio-TV poll showed today.

However, in the 33 previous sports news polls conducted by Texas Christian University, the writers were correct only six times.

On three other occasions they selected a team that shared the championship.

Texas drew 82 first place votes from the 117 who responded to the poll and compiled a total of 138 points on the basis of one point for first, two for second, etc.

Arkansas got only seven first-place votes as compared to Texas A&M's 13 but took second ahead of the Aggies on total points 396 to 318½.

Texas Christian got a surprise fourth, followed in order by Texas Tech, Baylor, defending champion Southern Methodist and Rice.

Bills Seek Fourth Eastern AFL Title

By MURRAY CHASS
Associated Press Sports Writer

BLASDELL, N.Y. (AP) — Coach Joe Collier of the Buffalo Bills deliberately created one hole in his defensive line, but he didn't count on the two holes that were created in his offensive line.

Collier opened up the defensive hole by trading end Tom Day to San Diego for running back Keith Lincoln. He did it because he wanted greater depth in the backfield and he felt Remi Prudhomme could step in for Day and do a good job.

He lost some offensive line depth, however, when guard Billy Shaw and split end Bobby Crockett, both starters in 1966, were injured. Shaw tore ligaments in his right leg in the team's first scrimmage and Crockett did the same thing in the team's first exhibition game.

Shaw is expected back for the second half of the season, but Crockett is lost for the year.

Collier filled Crockett's spot with less trouble than he took care of Shaw's. The Bills had acquired receiver Art Powell in a four-player, three-draft-choice trade with Oakland, and he stepped right into the job.

To fill Shaw's spot, however, Collier had to switch tackle Stew Barber to guard and move rookie Gary Bugenhagen to left tackle.

"Barber's job isn't as difficult as Bugenhagen's," Collier explained. "Barber has seen the position for four, five years, and he knows how the man next to him has worked. Bugenhagen, on the other hand, has had to learn a lot."

These have been Collier's major problems as he prepares the Bills for a run at a fourth consecutive Eastern Division championship. No other American Football League team ever has achieved that feat, and Collier is well aware of it.

"It gets tougher ever year," said the second-year coach. "It looks like Miami and Denver will be tougher this year, and they could play a bigger part in determining the champion. We have to stay up for the teams that were down last year and avoid losing to them."

Even if the Bills' offense can't insure that, the defense should be able to. There's none better in the league, from front to back.

Prudhomme is the only newcomer to the line-up, joining end Ron McDole and tackles Jim Dunaway and Tom Sestak in the front four.

The linebackers are certainly no strngers to each other. John Tracey, Harry Jacobs and Mike Stratton will go into the season having started 73 consecutive games together.

The secondary consists of cornerbacks Tom Janik and Butch Byrd and safeties Hagood Clarke and George Saimes.

The addition of Lincoln fortifies the offensive attack since the former all-star can go either at halfback or fullback and very likely will share duties with Bobby Burnett and Wray Carlton.

Jack Kemp is back at quarterback although he's being pushed this year by Tom Flores rather than Daryle Lamonica. Those two switched uniforms in the same trade that brought Powell to the Bills. Kemp's receivers, besides Powell, will be flanker Elbert Dubenion and tight end Paul Costa.

"If this attack can [illegible] Bills another title, Collier will have equaled the record of his predecessor, Lou Saban, who won two straight division crowns.

And Saban, interestingly, is now at Denver, one of those teams from which Collier expects trouble.

Vietnam Prepares To Vote

By BARRY KRAMER
Associated Press Writer

SAIGON (AP) — The most massive propaganda campaign ever launched in South Vietnam has this aim: to get as many people as possible to vote in next Sunday's presidential and senate elections.

From Quang Tri in the north to Ca Mau in the south, more than half a billion posters, leaflets, comic books and magazines are being distributed.

Campaign buttons, balloons and other gimmicks are banned under the election laws, and the 11 presidential candidates and 480 senate candidates are limited to standard-sized posters and leaflets, all printed by the government.

In addition, the government has printed about 460 million ballots—more than enough to give every voter the 59 ballots he will be handed when he enters the polling booth.

Eleven of these ballots are for the presidential tickets and 48 for senatorial teams of 10 men each. The voter will deposit the ballots of those he wants to win and discard the rest.

Other printed matter urges the public to vote and teaches how to register and cast ballots. The U.S. mission is aiding this get-out-the-vote program, remaining clear of any partisan material. The Americans even declined to help print the 460 million ballots, since candidates' names appear on them.

The government has prepared radio programs, dramas to be performed at street corners and television programs. The Joint U.S. Public Affairs Office has produced two movies about the elections.

Even this major education program, it appears, will not make much of a stir in the hamlets and villages where 50 to 60 per cent of the people live.

In addition to the nonpartisan program, the front-running candidates, including Chief of State Nguyen Van Thieu and his running mate, Premier Nguyen Cao Ky, have set up nationwide campaign organizations that reach down to the district level. Districts are divisions of the 44 provinces.

Most of the other candidates have at least one representative in many of the provinces.

The propaganda effort and the work of the candidates and their representatives is expected to draw about 80 per cent of the registered voters.

The latest figures show that South Vietnam, with a population of 17 million, has about 8.5 million persons old enough to vote. Around 76 per cent of the eligible voters considered to be under government control have been registered.

That means 4.7 million may vote in these presidential and senate elections and, in October polling for a house of representatives.

While the presidential candidates have been speaking around the country, their representatives also have been making speeches—and probably making political deals.

All candidates' campaigning must operate through official campaign committes set up in each of the provinces, with a central campaign committee in Saigon. The committees are made up of representatives of all the candidates. They set up speeches and rallies, post the posters and hand out the leaflets.

Although campaigning outside the committee is illegal, many of the candidates defy the border line. Thieu and Ky, for example, have declined except on one occasion to join the tour of the provinces by the 10 civilian candidates. But they have continued frequent "nonpolitical" trips.

In addition to their speeches on the spot, the presidential candidates all have recorded radio and television talks. These are widely available in cities and district towns, but most villages and hamlets lack television and have few radios.

Nor does newspaper coverage of the election filter down to the rural level.

To get to the voters, therefore, candidates seek the allegiance of religious, social and political groups which hold sway in the yillages. These groups in many cases will influence the peasants.

If groups like the Hoa Hao, the Cao Dai, or the Dai Viet, tell their people to vote for candidate A, they probably will vote that way. Parish priests; Buddhis monks, teachers, hamlet chiefs and so on will do much of the deciding of who gets elected.

Because of their political organizations, Thieu and Ky look like winners—but a few well-organized civilian candidates are not ruled out.

The civilian candidates are touring the provinces outside Saigon, but probably won't speak with more than 50,000 persons in all. Voters at these meetings applaud both progovernment and antigovernment remarks.

There are issues, but it is doubtful they will have much bearing on the outcome.

The Canada goose can submerge for three minutes and swim one hundred yards under water, the National Geographic says.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars ($100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars ($100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars ($100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars ($100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars ($75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas, under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the folowing words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars ($75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars ($75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds hereto-fore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose; although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void, by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of, honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing or paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."
