NUMBER 221

## The Gay Philosopher

By J. W. S.

DURING THIS busy week, a good many of us may have overlooked the fact that this is Fire Prevention Week. And it is very fitting that all of us pause for a few minutes to say "thanks for everything during the past year" to our fine volunteer fire department. The Cisco Fire Department is composed of volunteers who contribute their time and efforts with no reward other than the knowledge that they are serving their fellow man in an important way.

Let's take off our hats to our firemen and express our appreciation for the fact that they are ready at the sound of the siren. These men can be sure that all Cisco is grateful for their contributions.

IN THE LAST decade, fire has killed more than 100,000 persons and burned or disfigured many hundreds of thousands more. Each year about 12,000 Americans die needlessly in fire. Every day there are 920 home fires, 33 deaths by fire, 78 store fires, 100 factory fires, 8 church fires, 9 school fires and 4 hospital fires. The combined U. S. and Canadian fire loss total in 1952 was nearly one billion dollars — the largest in history.

The eight principal fire causes in the home, in order of frequency, are: 1. Careless smoking and handling of matches; 2. Misuse of electricity; 3. Defective heating apparatus; 4. Careless handling of kerosene, gasoline and other flammable liquids; 5. Needless accumulations of rubbish; 6. Lightning; 7. Defective chimneys; 8. Children playing with matches.

MR. JOHN DUNN of our town goes to the Harris Hospital in Fort Worth on Saturday, and next week he is scheduled to undergo surgery. He has spent several days at the hospital recently going through their clinic. All of us hope for Mr. Dunn a very speedy recovery.

THE WRANGLER football game was a dandy last evening, although the score might have been better. Met Mr. Frank Butler of the Blinn team and he thought the score was splendid. Mr. Butler is the nephew of Mr. E. A. Butler, manager of the Cisco Chamber of Commerce. He and his Blinn team spent the night in Cisco.

Also met a Mr. Corley in the Press Box. He was scouting for Schreiner Institute, which plays the Blinn team some time soon. Mr. Corley reported that Coach H. N. (Rusty) Russell, formerly of SMU, is doing nicely at Schreiner. His team has won two games and lost one, and he is enjoying life in Kerrville.

Among the other scouts we saw in the Press Box were D. N. Morrison, Cy Cooper, Con Collins, Shorty Thompson, E. L. Jackson, L. A. Warren, Buck Overall, Coy Warren, H. O. Anderson and Rev. Sidney Sabin.

EVERY THING is all set for a big show at tonight's grid game between the Lobos and Masonic Home. The drum and bugle corps from Moslah Temple, Fort Worth, will accompany the team to Cisco. It promises to be an evening of good football and entertainment.

15c per person!

## CANCER SOCIETY HAS IMPORTANT PLACE IN HEALTH ADVANCEMENT

By MRS. R. H. CUTTING  
The American Cancer Society was established in 1913, when a small group of doctors and laymen took the decisive step of forming a national society for the control of cancer. As the organization grew, it was divided into state divisions and the year 1946 saw the beginning of the Texas Division under the auspices of the cancer committee of the State Medical Association.

The American Cancer Society is the only voluntary health agency in the United States devoted to the control of cancer through a comprehensive program of education, service, and research. It is supported wholly by voluntary contributions from the public, which is in itself an expression of the democratic belief that each individual has a responsibility for his neighbor and his community.

Intelligent, well-informed volunteers are the key to the success of the Society's program. Known to us is Mrs. Joseph M. Perkins of Eastland, who serves the Texas Division as vice-president for field activities. We also know Mrs. Charles Sandler and Mrs. Bill Hogue, who serve as Cisco representatives of the Division.

The problem of cancer control, in spite of the advances made against it, is a vast one. Its solution lies on the broadest possible front: in educating the public; in keeping the doctor up to date; in supporting facilities for detection, diagnosis, and treatment within reach of all; and in carrying on an integrated research program nationally planned; and in training manpower needed for research in the future. How much is yet to be done in the field of cancer control is told in the rising cancer death rate. In Eastland County, alone, 42 persons died last year from cancer.

The American Cancer Society was included in last year's United Fund Drive here in Cisco for the nominal amount of \$100, which was far below the funds normally contributed by Ciscoans in the Cancer Crusade held in previous years; but which was accepted by the Society as a token amount for its first year of participation in our Community Chest. This year, our budget committee has accepted for inclusion in the Community Chest the full amount of our responsibility to the Society, which still is small when compared to funds contributed in some of our neighboring cities.

The financial report of the American Cancer Society for last year indicates that \$26 of the \$100 contribution by Ciscoans through the Community Chest was spent directly by laboratories and scientists in research — in the biggest research program ever launched against any disease. This long-range research is mankind's great hope for finding the cause and final cure for cancer, and is already resulting in improved methods of diagnosis and treatment.

The sum of \$37 of our contributions last year were allocated to the educational aims of the Society — which endeavor to bring to every person in the country sufficient knowledge about cancer so that he will not lose his life needlessly and so that ignorance of the facts, misconceptions about the disease, superstitions, and fears will not stand in the way of prompt and early diagnosis. Films, leaflets, exhibits, and other media are used in this educational program.

Part of this money is used to keep physicians informed of new developments in cancer treatment — to help make every doctor's office a cancer detection center.

The remainder of our \$100 was spent for administration (\$9) and for conducting the Cancer Crusade (\$12) which has been held throughout the nation during the month of April of each year since Congress passed a bill authorizing the President to proclaim April as National Cancer Month.

This crusade was not held in Cisco last April due to the agency's inclusion in the Community Chest budget, and will not be necessary next year either because the Society is a participating agency this year.

The \$730 allocated to the American Cancer Society by the Cisco Community Chest this year will mean an average contribution of 15c per person.

## THE GAS BOND ISSUE

A Question and Answer Forum

(Editor's Note: In an effort to present a factual study of all information available regarding the issuance of \$300,000 in city revenue bonds for the purchase of the two local gas distributing systems, The Press will run a Question and Answer Forum through Tuesday, Oct. 13 — Election Day. To open the forum, a number of questions were submitted to the 15-man advisory committee, which has recommended approval of the bond issue. The public is invited to submit questions to The Press for re-submission to the advisory committee. Those who disagree with the committee's answers are invited to submit their own answers.)

Q. What is the age of the Cisco Gas Corporation and the Lone Star Gas System distribution system, their condition, and what percentage of gas leak do they show?

A. The Cisco Gas Corporation was founded in 1934, the Lone Star Gas System was laid in 1914. Both companies were and are well operated, well managed concerns and their distribution systems were naturally kept in good condition. To do otherwise, to let the pipe decay without replacement, would be to invite disaster from heavy leaks. A normal leakage loss of about 10 per cent has been experienced, and such percentage has been figured into the cost of operating the proposed City System.

Q. How much taxes, including city and school property taxes and the 2% gross receipts tax, do the two companies now pay?

A. Taxes paid by the TWO system now are:

School tax	\$1,500.00
City tax	2,459.89
Two Per Cent Gross	1,663.24
Total	\$5,623.13

This would be reduced about two thousand dollars when, and if the two systems are combined into one private utility.

Q. What advantage will be offered by employing an advisory board of business men to run the gas company?

A. The advice of an unbiased board will take a great deal of pressure off the city commission and permit the system to be operated on a more businesslike basis; it will give the system the benefit of the experience of men familiar with the gas business. There are many advantages.

Q. What would be the score on free services, such as now offered by the gas companies, under city ownership?

A. The city utilities will provide the same services customarily provided by municipal and privately owned systems.

Q. Why is the election limited to property taxpayers?

A. Because the State Constitution, Section 3, Art. 6, very definitely and explicitly limits such elections to property owners.

Q. The two companies now have 11 full time employees. How many persons would the city need to run the gas system?

A. This would be a matter to be determined by the Advisory Board.

Q. You said, in answering a question, that the service of the bonding companies would cost Cisco \$6,000 and that the city would realize the sum of \$294,000 from the \$300,000 bond issue. Didn't the city agree to pay the bonding firms 5% or \$15,000 for their services?

A. YES! The City's contract with the bond firm is for 5% of the amount of bonds issued. The City agreed to advance the difference (\$9,000.00) so that a flat \$300,000.00 in bonds would be issued. The interest saved on this \$9,000.00 over the life of the bonds would be considerable. The City will receive \$294,000.00 cash from the sale of the bonds. AGAIN, the total cost of the financing WILL be \$15,000.00!!

Q. We have heard that the bonds will probably sell for around 97 cents on the dollar. Is this true and would it cost the city another \$9,000 from the bond sale, making the total cost for the bonding companies' services and the loss here about \$24,000?

A. NO. See the above question and answer.

Q. The engineering company, in its projection of income and expenses, used the figure 1,850 for the number of gas meters in use by both copies while the two companies actually had 1,720 meters on October 1, 1953. Does the fact that there are 130 meters less than used in the projection make any difference in the estimates of income, expenses and profits?

A. The figures used by the engineering company, Freese & Nichols, were taken from the year end reports of the companies. If there are less meters there would be less expense, naturally. It is probably true that there were only 1,720 active gas meters in Cisco during the summer. But many meters are sealed off in the summer. On December 31st, 1952, the two gas companies in Cisco reported a total of 1841 meters on the line. The average of the last five years is 1,866 meters.

Q. You used Dumas as an example of a city of 6,000 making \$66,000 off of its municipal gas system. Doesn't this city own its own gas well and pays nothing for gas at the city gate?

A. That is quite true — if you do not include the cost of servicing and maintaining and operating the well. BUT, the City of Dumas charges its customers a top rate of only .40 cents. The present Cisco rate, on which the projection is based, is .60 cents. Deducting a gate rate of 15 cents you still have .45 cents left. THE COMPARISON STANDS!

Q. Will the city carry liability insurance as a safeguard against losses by explosions and the like?

A. Insurance was provided for in the expense analysis developed by the engineers. Certainly the city would carry liability insurance. The city now carries liability insurance on its equipment. They believe in that kind of protection.

Q. In acquiring two systems, it seems reasonable that one of them would eventually be eliminated. In putting the systems together, there will naturally be some problems and complications. Most of the Lone Star lines run in front of the houses in the streets, while the Cisco lines are in the alleys. If one is eliminated, the feeder lines from the mains to the houses will have to be replaced in many instances. Who would pay for this work, the home owner or the city?

A. The City.

## Lobos Entertain Masons In Football Game Here Tonight

### FABULOUS STATE FAIR DUE TO OPEN FOR 68th TIME SATURDAY

DALLAS, Oct. 9. — Texas' fabulous fall festival of fun, the great State Fair of Texas, will open Saturday for its 68th annual edition.

The gates to the 187-acre, \$35,000,000 showgrounds will swing open at 7 a. m. and the giant exposition, the nation's largest in terms of attendance, will be off on a 16-day run that is expected to attract nearly two and a half million visitors.

A colorful parade through downtown Dallas at 10 a. m. will be led by the 200-piece University of Texas Longhorn band. Lt. Gov. Ben Ramsay will sip

a silken ribbon with a pair of golden shears to officially open the fair at the main gate.

With the 75,504 seats in the Cotton Bowl sold out weeks ago for the Texas-Oklahoma football game at 2 p. m. Saturday, and with perfect crisp autumn weather predicted, the stage appears set for the fair to break its all-time opening day attendance record of 222,310, set under similar circumstances in 1948.

The Pan-American Livestock Exposition, one of the most promising shows the fair has ever lined up, will start Saturday with judging of quarter horses. Cattle and sheep judging will begin Monday.

There will be almost continuous entertainment of the big Midway stage, including the Sky Revue by the Sensational Kays and the Aerial Alcidos, performances by the famous Plymouth Kiltie Bagpipe Band and the official U. S. Women's Air Force Band.

The Saturday Nite Shindig in the Bandsheil, a Battle of Songs pitting top Gospel quartets at 4 p. m. Sunday in the Cotton Bowl, antique auto driving contests in front of the Hall of State Sunday afternoon are other special events of the first two days.

Daily attractions include the Ethel Merman Show in the Auditorium, Ice Cycles of 1954 and the Aut Swenson Thrillcade.

## F. M. Spurlen Is New Supervisor For Soil Agency

F. M. Spurlen, Rt. 2, Eastland, was elected district supervisor of sub-division 5 of the Upper Leon Soil Conservation District in the election held October 6 in the Eastland County courtroom. Mr. Spurlen replaces L. R. Higginbottom of Kokomo, whose term of office expired on the date of the election.

Mr. Spurlen lives four miles east of Eastland on Farm-to-Market Road 570. Spurlen is a firm believer in conservation and has practiced conservation for many years. He planted hairy vetch and Austrian Winter peas in the late thirties for soil building and grazing benefits.

Mr. Spurlen bought his present farm in 1922 and terraced his cropland the next year. He has noted marked increases in yields due to the use of conservation practices. He has pushed much of the brush on his pasture land and through the use of goats and good grazing management has improved his stand of better grasses. Several farm ponds provide a good distribution of livestock water on his range land.

Spurlen believes that conservation is the people's business and that every individual can lend his influence and assistance in getting proper land use and treatment into effect. Neighbors working together in controlling erosion help each other as well as realizing a personal benefit and profit, says Mr. Spurlen.

The local soil conservation district is a true example of local self government. The people of a soil conservation district join together voluntarily and legally to solve their own problems in their own way.

Mrs. C. F. Coats, Mrs. Ruby Lassiter, and Mrs. Aggie Harrell were visitors in Eastland today.

Mrs. R. W. Ketelsen and daughter, Kay, of Houston were expected today for a weekend visit with her mother, Mrs. George D. Fee.

## Shriners To Give Half-Time Show

The Masons of Masonic Home and the Cisco High School Lobos will furnish the entertainment for local football fans tonight as they meet on Chesley Field, with game time called for eight o'clock.

The Mighty Mites come to Cisco with three wins and a loss to their credit for the season while the Lobos will enter the game with two wins and two losses. Masonic Home has won over Godley, Azle and Lakeview in Dallas. Their loss was to AA Pittsburg last week.

Masonic Home will enter the game tonight with a slight weight advantage over the Lobos. The team average of the Masons is 159 pounds per man as compared with 153 for the Lobos. The weight advantage of the visitors is in their heavy backfield which will outweigh the host Lobos 15 pounds per player. The line weights will be the same, according to the published weights of the two teams.

The Lobos wound up their work for the game with a light drill Thursday. The time was spent in punting and goal kicking and limbering up. All Lobos appeared to be in good condition for the contest.

A big pep rally at the high school Friday morning was to wind up the school preparation for the contest. The band worked out its between-half activities in drills at the football field Thursday afternoon.

In the cheering section for the Masons will be members of Moslah Temple Shrine in Fort Worth. The Moslah Temple Drum and Bugle Corps will be on hand for the game and will perform between halves. Many local and area Masons will be on the Masonic Home side of the field. The group will travel to Cisco by special bus.

Moslah Temple has made it possible for the Masonic Home team to stay overnight in Cisco, and Cisco High School students have invited them to the school party following the game.

Starters for the game tonight have been announced as follows: Masonic Home: ends — R. Holland and Jim Young; tackles — Gus Hicks and J. Brown; guards — Marion Hicks and Quin Eudy; center — B. Riddle and backs — J. Evans, M. Blankenship, J. Lloyd and J. Bowlin.

Cisco: ends — Bill Smith and Monte Ingram; tackles — Benny Edwards and Ed Bernie; guards — Jim Reynolds and Arzell Hale; center — Bob Qualls and backs — Tommy Reynolds, Harold Pippin, Kent Davis and Marcus Gallegos.

Mr. and Mrs. Shannon B. Sloan and son, Richard, of Fort Worth were expected today for a week-end visit with Mr. and Mrs. Tom Smith.

Members of the Greek Orthodox Church do not celebrate Christmas on December 25.

## Wranglers Lose Hard-Fought Grid Battle To Blinn College

The Wranglers of Cisco Junior College lost to the Blinn Junior College of Brenham in a hard-fought contest at Chesley Field here Thursday night by a score of 13-6. It was the second loss for the local team in Texas Junior College Conference play.

The game was a real battle in every sense of the word from beginning to end, and it was not until late in the game that the visitors were able to penetrate the Wrangler defense and make the winning points.

Blinn's defensive line was fast and hard-charging, keeping the Wrangler backs under control most of the way. Both teams enjoyed the services of outstanding punters — Jimmy Adams of Cisco and Bobby Lynch of Blinn.

It would be difficult to name

stars of the line play, for the Wrangler machine worked with plenty of precision, as did the Blinn forward wall.

The game began with the Wranglers receiving the kickoff on their 26-yard line. Three plays failed, and Adams punted a high spiral that went out of bounds on the Blinn 15. Blinn's quarterback Killough and G. McGinty put two plays together for 11 yards, and end Henry Pearson took a pass on his 43 yard line. The Wrangler line stopped three plays, and Lynch punted out on the Cisco 6.

Three Cisco plays netted only seven yards, and Adams punted, Killough returning to the Cisco

32. Four plays gained 3 yards, and Cisco took over on the 29. Three plays netted the Wranglers three yards, and Adams punted to the Blinn 38.

On the first play, Jodie Shetter, a newcomer to the Wrangler team, recovered a fumble on the Blinn 37. Hut Hutson plowed through for four yards, and Shetter drove to the 24. Hutson and Bud Miller got six more yards, and Johnny White made a first down on the 14. Hutson drove five yards as the period ended.

Opening the second quarter, White circled end for a touchdown. Glen Hutson's place kick for extra point was wide.

The visitors took the kickoff on their 31. McGinty got loose to

Turn to Page Four

CISCO will meet these fellows from Fort Worth's Masonic Home High School in a home game Friday night. They are, top row, left to right: 37, C. Ingram, back; 99, Jim Young, end; J. Lloyd, fullback; 70, R. Caldwell, tackle; 88, Ben Hall, end; 74, Gus Hicks, tackle; 67, Quin Eudy, guard; 55, B. Riddle, center. Second row: 79, Rex Blankenship, back; 64, Marion Hicks, guard; 85, Rogers Holland, end; 77, J. Brown, tackle; 71, J. Reed, back; 78, Mike Stroud, back; 73, T. Robinson, end, W. Hall, end. Bottom row: 66, C. White, center; 62, D. Mathers, guard; 22, M. Halbert, back; 44, J. Bowlin, back and captain; 10, J. Evans, co-captain and quarterback; 13, Mickey Young, back and 20, Mack Blankenship, back. Coach is Jack Whitley.

FARM BUREAU WEEK

Gov. Allan Shivers has officially proclaimed the week, Oct. 5-10, "Texas Farm Bureau Membership Week."

During that week more than 10,000 volunteer workers in some 180 organized counties will spread out over the countryside contacting individual farmers and ranchers to invite them to join Farm Bureau.

The membership goal in Texas this year is 75,000 farm families. At the present, there are more than 53,000 Texas farm families with membership in Farm Bureau, an independent farm organization, of, by and for farmers.

On the eve of the gigantic statewide membership campaign, J. Walter Hammond, president of the state farm organization stressed the need for a stronger state Farm Bureau in a letter sent to all county Farm Bureau officials

in the state. "The people engaged in farming and ranching have a great responsibility facing them this year, he declared. "This is a year of decision. Farmers must decide what policies we want incorporated into the national farm program, and they must decide who shall speak for farmers. Next year will be a year of action on a national basis, and the voice of Texas farmers and ranchers will be determined by the membership in the Texas Farm Bureau Federation."

The Texas Farm Bureau is affiliated with the American Farm Bureau Federation, which has a membership of 1,492,282 in 47 states and Puerto Rico. Illinois, the largest state in membership standing, has nearly 200,000 members, while several other mid-western states have more than 100,000 members. Texas has the largest potential, with some 350,000 farm families in the state. Many of the larger Farm Bureau states have already reached their maximum membership potential.

Farm Bureau policies are determined democratically through a resolutions process in county, state and national conventions. The number of official voting delegates at these conventions is determined by the number of Farm Bureau members in the county or state.

Texas Farm Bureau officials are looking forward to the day when the farmers and ranchers of this state have more powerful voice in determining what the national farm program shall be.

## Lutheran School Club Meeting Thursday

The Grace Lutheran School club met Thursday evening at the school for their monthly meeting with Mrs. Ernest Reich, president, in charge. Paul Knauft, teacher of the school, opened the meeting with prayer. Information on joining the National Lutheran P. T. A. is given and a discussion on the

matter held. The group voted to support a project for improving the school facilities.

Mrs. R. H. Cutting, chairman of the program committee, read the program for the year entitled "Guidance As Applied To Teacher, Child, and Parent." The program was divided into topics to be given each month. Mr. Knauft gave the first topic of the year entitled "What The Teacher Expects Of The Members Of The School Club."

Following the meeting, Mrs. R. H. Cutting and Mrs. Ernest Reich served refreshments of cookies and coffee to Mrs. Park Plambeck, Mr. and Mrs. Jerome McCarty, Mr. and Mrs. Johnnie Gerhardt, Mr. and Mrs. I. J. Hart, Mrs. Richard S. Powell, Mrs. Willie Lankford, Mr. and Mrs. Carl Stroebel, Mr. and Mrs. O. J. Weiser, Mr. and Mrs. A. M. Stroebel, Mrs. Alex Zander, Mrs. Paul L. Weiser, Mrs. H. D. Lanham, Ruth Lanham, Mrs. R. H. Cutting, Mrs. A. O. Lenz, Mrs. Dorothy Prange, Mr. and Mrs. Max Witt, Mrs. Charles Spears, Mrs. Ernest Reich, Rev. James Hennig, and Paul Knauft.

## Six Grid Games To Be Broadcast By Humble Co.

Exciting play-by-play accounts of six Southwest Conference games this weekend will be broadcast for Texas football fans by Humble Oil & Refining Co.

On Friday night starting at 8 o'clock, the SMU-Missouri game will be broadcast direct from the Cotton Bowl in Dallas. Bob Walker and Jerry Doggett will describe all the action over radio station WFAA-WBAP-820, Dallas Ft. Worth, and others.

Five other games will be broadcast Saturday.

The TCU-Michigan State game will be broadcast direct from East Lansing, Mich., by Ves Box and Joe Cullinane. Radio time will be 12:50 p. m. over KRLL, Dallas; KRBC, Abilene, and others.

Kern Tips and Alec Chesser will be in the Cotton Bowl, Dallas, Saturday to give a play-by-play account of the Texas-Oklahoma game. Broadcast time will be 1:50 p. m. over WFAA-WBAP-820, Dallas-Ft. Worth and others.

The Baylor-Arkansas game will be broadcast from Baylor Stadium beginning at 1:50 p. m. Dave Russell and Eddie Hill will be calling the action over radio stations WRR, Dallas and others.

A play-by-play description of the Texas A&M-Texas Tech game

will start at 8 p. m. John Ferguson and Jack Dale will announce the game over KWFT, Wichita Falls and others.

The Rice-Hardin-Simmons game will be broadcast from Rice Stadium by Eddie Barker and Dave Smith. Radio time will be 8 p. m. over KRBC, Abilene and others.

"Press Want-Ads Pay Dividends"

## Goodwill Rebekahs Hold Regular Meet

The weekly meeting of the Goodwill Rebekah Lodge was held Thursday evening at the lodge hall with Mrs. Connie Hyatt, vice grand, presiding in the absence of the noble grand, Mrs. Effie Mayhew.

Routine business matters were transacted and the meeting closed in regular form. Following the

meeting the group practiced their drills.

Those attending the meeting were Mesdames Lydia Krauskopf, Dee Clements, Katie Cooper, Edith Rainbolt, Connie Hyatt, Pauline Taylor, Winnie Linebarger, Meda Strawn, Edith Bragg, Helen Brashear, Laura Jensen, May Kleiner, and Leah Bates.

his 48 yard line, and Bobby Lynch circled for 22 yards to the Cisco 30. White then recovered a Blinn fumble on the Cisco 20. Hutson and Lynch for 9 yards, and Don Denard made a first down on the 33. The Wranglers drew a 15-yard penalty. Hutson and Adams made 12 yards, and Bob Lynch passed to Miller for a first down on the Blinn 45. Three plays failed, and Cisco punted to the Blinn 10.

Neither team was able to make a first down in the balance of the period. The Wranglers held a 6-0 lead at half-time.

Opening the third period, Blinn took the kickoff on their 33. Lynch got 11 yards, and then drove

for 12 yards to the Cisco 43 yard line. Four plays netted nine yards, and the ball went over on the Cisco 34. Cisco's Lynch made 12 yards, then the Wranglers were held and punted over the goal.

In the final period, Cisco took the kickoff on their 21. Three plays gained nine yards and the Wranglers elected to try for the yard rather than punt. They failed and the ball went over on the Cisco 29.

Blinn's Killough, on a quarterback sneak, got loose to the Wrangler 9 yard line. Three plays carried to the Cisco 9. The Wranglers drew a 5-yard penalty, and McGinty scored. The try for extra point failed.

Neither team was able to accomplish anything during the re-
