Congressional Timber In New 19th District Being Discussed By The Voters

Names Of 17 Men In Area Mentioned As Likely Aspirants

WITH a congressman to name in 1934 to represent the new 19th district, voters already are discussing congressional timber.

While no one has announced for the office—and none is expected to until late this year or early in 1934—at least 17 persons were mentioned here yesterday as possible candidates.

Counties In District

The new district includes the South Plains counties of Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Lynn, Dawson, Yoakum, Terry, and Gaines, and Haskell, Dickens, King, Garza, Kent, Stonewall, Borden, Scurry, Andrews, Martin, Howard and Mitchell.

Of the possible candidates for the new post, seven whose names have been mentioned are Lubbockites. They are Clark M. Mullican, Homer L. Pharr, Durwood H. Bradley, G. E. Lockhart, Pink L. Parrish, Jess C. Levens, and James H. Goodman. None has made a public statement regarding his intentions.

Judges Of Two Courts

Mullican and Pharr are judges of 99th and 72nd district courts, respectively. Bradley is a former district attorney. Lockhart a former state representative, Parrish a former state senator and unsuccessful candidate for congressman - at - large in 1932, and Levens and Goodman were candidates in the last Democratic primaries.

Another district judge, a former district judge, and a district attorney also are included in the list of possibilities. They are Judge Charlie Clements of 64th district court of Plainview; Bruce Bryant of Haskell, formerly judge of that district and now of the attorney general's staff, and Meade F. Griffin, 64th

Kenneth Buck Exonerates All Others In Kidnaping

(By The Associated Press)

BARNSTABLE, Mass., May 9.—A complete denial of previous statements that "other parties" were involved with him in the kidnaping of Margaret "Peggy" McMath was made today by Kenneth Buck.

In a sworn statement given to Police Chief E. E. Hall of Harwich, Kenneth exonerated his brother Cyril, held in the county jail here with him, of any participation in the actual abduction and took "full blame and responsibility for the crime and implicates no other person."

Held In $100,000 Bail

Kenneth is charged with kidnaping and extortion and Cyril with extortion. They are held in $100,000 bonds each awaiting a hearing May 22. Police charge Kenneth took "Peggy" from her school May 2, collected $60,000 ransom from Nell C. McMath, her father, and returned her to him on board a boat near the McMath home on May 5. Cyril allegedly acted as intermediary.

Another development of the day was the statement of Attorney James F. Kiernan of Wareham, af-

Randall County Justice Refuses To Surrender His Records To Officers

(By The Associated Press)

CANYON, May 9.—Justice of the Peace Frank W. Hays, whose precinct comprises South Amarillo, refused today to surrender his records to Sheriff Bob Barnett after Randall county commissioners had declared his office vacant.

County Judge S. B. Orton said the vacancy was declared after affidavits were presented to the court that Hays had moved from his precinct into Potter county. Hays' office is maintained at 3304 Van Buren street, five blocks south of the Potter-Randall county line.

Hugh H. Cooper of Amarillo, attorney for Hays, said the commissioners acted without authority and that Hays would continue to transact his duties

Lindbergh Tells Tragic Kidnap Story

Famous Flier Gives Details In Means Case

Testimony Is Given In A Low But Crisp Tone As Hundreds Pack Courtroom To Listen; Story Is Brief

Voluntary Witness

Tells Of Finding Boy Gone On Fatal Night And Of Identifying His Body In A Morgue At Trenton, N. J.

(By The Associated Press)

WASHINGTON, May 9. — The tragic but familiar story of the kidnaping and death of his world-famous son a year ago was related calmly today to a packed courtroom by Colonel Charles A. Lindbergh.

In a low but crisp and unfaltering tone, the celebrated flier told a District of Columbia supreme court jury that his 18-months-old baby was abducted from his cradle on the night of March 1, 1932, and that he next saw him dead in a morgue two months later.

Testifies Voluntarily

Lindbergh voluntarily agreed to the ordeal to testify for the government in the trial of Gaston B. Means and Norman T. Whitaker on a charge of conspiracy to defraud Mrs. Evalyn Walsh McLean of $35,000 on the pretext that they could turn over to her the baby.

Mrs. McLean, estranged wife of Edward B. McLean, former publisher of the Washington Post, occupied the witness stand most of the day telling of prolonged but futile negotiations she said she had with two men.

On Stand But Short Time

Lindbergh was on the stand less than 15 minutes. When he left there was a rush for the exit he used to leave the building. He had difficulty getting to his automobile and as he was driven off he was given prolonged and vigorous applause.

Dressed in a dark gray suit, the witness for whom the tremendous crowd had waited for hours entered the courtroom briskly, was sworn and sat down comfortably with long legs crossed and hands folded.

Discovers His Loss

After a few preliminary questions, District Attorney Leo A. Rover asked Lindbergh if he discovered "on the night of March 1, 1932, that the child was not in his home."

"Yes," Lindbergh replied evenly. "After that night, did you ever

Robbers Make Escape After Raiding Merchandise Truck

HOUSTON, May 9. (AP)—Robbers who obtained $6,000 in merchandise from two trucksters near Cleveland last night apparently had made good their escape tonight.

P. Corrales and C. R. Miller employes of a Houston trucking concern, said four men armed with shotguns stopped them near Cleveland. Two of the robbers took possession of the truck and the other two forced Corrales and Miller to enter an automobile and drove them to a point near Humble where they were held captive several hours, Miller said.

Delegates Seek Passage Of Bill For Building Highway

AUSTIN, May 9. (AP)—A delegation of Cameron, Willacy, Kleberg and Kenedy county residents appeared before the senate state affairs committee today to urge passage of a bill that would provide for construction of a highway through Kenedy county.

Representative W. E. Pope of Corpus Christi, advocate of the bill, said owners of property in Kenedy county had refused to permit the construction of the highway which would be a continuation of the hug-the-coast designation from Houston to Brownsville.

Unemployed Of Texas To Present Relief Demands

Three Thousand Marchers Are Expected As Mass Meeting Gets Underway At Austin

(By The Associated Press)

HOUSTON, May 9. — Unemployed men marching on Austin to ask the legislature to submit the $20,000,000 relief issue to a vote of the people began concentrating in downtown Hermann square here late today before leaving for the capital city.

A mass meeting of all unemployed persons in the state has been called for Woolridge park in Austin tomorrow by H. B. Harrison, La Porte postmaster and Reconstruction Finance corporation disbursement officer, who presided at a mass meeting in La Porte Monday and offered a resolution calling for the march on Austin.

Groups from La Porte, South Houston, Goose Creek, Pelly, Baytown, Galveston and other South Texas points were to join the main South Texas contingent here tonight. Transportation for many of the unemployed has been provided in trucks. The marchers will move out of Houston on the Hempstead-Brenham-Austin highway and expected to arrive in Austin before 8 a. m. tomorrow.

Other groups from North, West and East Texas are expected to join the South Texas marchers at Austin for the mass meeting. Three thousand unemployed are expected in Austin tomorrow.

Banker Claims Examiner Came At Him Like A Monster; Says He Shot In A Frenzy Of Fear

Oklahoma Defendant Describes Death Victim As A Bad And Dangerous Man; Shortage In Bank Is Denied

(By The Associated Press)

ALTUS, Okla., May 9. —J. H. Brock told a jury today that in frenzied fear of attack he shot and killed W. C. Ernest, state bank examiner, last March 24. He testified it was the first time in his life he had fired a pistol.

The 42-year-old Headrick banker, on trial for murder, testified he fired blindly when Ernest came at him "like a monster about to jump on me and tear me to pieces." He said he believed Ernest "a bad and dangerous man."

State Rests Case

His recital came after the state had rested. After Ernest closed his bank because of alleged shortages, Brock testified, the examiner cursed him and then reached into a grip. The banker said he fired in fear Ernest was reaching for a weapon.

Brock denied categorically state accusations that his bank is $5,191.30 short, that he had threatened to "kill any man who closes my bank" and that he had written a threatening letter to L. J. Davis, Texas bank examiner, as a result of trouble when he was a banker at Walnut Springs, Tex.

Brock said on the third day of his examination Ernest found a 27-cent withdrawal in excess of a 20 per cent withdrawal restriction imposed after the national holiday. It was discovered in a $2.30 check on the account of B. F. Birdwell.

"'You've violated the restrictions

Eugene Black Is Slated For Post As Reserve Board Head

WASHINGTON, May 9. (AP) — Eugene Black, governor of the Atlanta federal reserve bank, is definitely slated to succeed Eugene Meyer as governor of the federal reserve board.

President Roosevelt has had Black in mind for one of the vacancies on the board, and when he encountered difficulty in finding the man he wanted for governor it is understood he decided upon Black to take over, at least temporarily, as head of the board.

Hearing Of Habeas Corpus Plea In Child Case Delayed

TEXARKANA, Ark., May 9. (AP) — Hearing of Roy P. McClure's habeas corpus petition for custody of his four-year-old child, Margaret, was postponed until May 24 today by Chancellor Pratt P. Bacon.

Mrs. R. S. Brummitt, a Texarkana relative, will have charge of the child until that time. The girl had been the subject of three court controversies at El Paso in which McClure sought unsuccessfully to gain full custody from a former wife Mrs. T. C. Turk of Clint, Tex.

Direct Relief Bill Approved

Total Of $500,000,000 To Be Made Available For Relief In States; Ratio Will Be One To Three

(By The Associated Press)

WASHINGTON, May 9—Another administration measure—the $500,000,000 Wagner-Lewis relief bill—received final congressional action today and was sent to the White House for President Roosevelt's signature.

The house adopted without a record vote the senate approved conference report composing differences between the two branches.

It is the first time in the history of the nation that congress has authorized outright gifts to all the states for direct relief purposes.

One To Three Ratio

The measure creates a federal relief administration to distribute the huge fund in the states. A quarter of a billion dollars is to be distributed on the basis of one federal dollar for three expended in states, counties and municipalities for local relief.

Advances are to be made under this ratio until October 1. Thereafter the other $250,000,000 with any balance that may be remaining the first half, may be distributed as direct gifts to the states.

East Texas Proration Order Is Extended Until May 17

AUSTIN, May 9. (AP)—The Texas railroad commission today extended until May 17 its proration order affecting the East Texas oil field. It originally was to have expired tomorrow. The commission has called a hearing of operators in the field for next Monday.

Under the present order the per well daily production varies from forty to 150 barrels, depending on each well's potential. It was estimated the production under that arrangement aggregates approximately 750,000 barrels daily.

Last Big Obstacle In Way Of International Agreement Is Removed As England Falls In With Roosevelt

(By The Associated Press)

WASHINGTON, May 9.— World-wide acceptance of the American plan for a universal tariff truce was predicted in official quarters tonight after strenuous and finally successful diplomatic efforts to obtain Great Britain's adherence.

At the same time the Roosevelt secretary of state, Cordell Hull, definitely indicated that settlement of the explosive war debts question would be undertaken during the world economic conference in London beginning June 12, although banned as a subject for discussion in the actual sessions.

New Light Is Cast

These developments cast new light on the prospects for the London conclave where strong efforts will be made to end economic warfare among the nations and start them pulling together toward a revival of trade and prosperity.

The tariff truce proposal by President Roosevelt represented the first real test of the newly assumed Roosevelt leadership in world economic affairs. Its acceptance by Great Britain was seen here as re-

Minnesota Farmers Holiday Association Asks Roosevelt To Remove Secretary Wallace From His Post

(By The Associated Press)

MONTEVIDEO, Minn., May 9.—A request that President Roosevelt remove Agriculture Secretary Wallace from office was made by the Minnesota Farmers Holiday association today.

The association, in a resolution said it asked this because the secretary had not been in sympathy with efforts to guarantee agrarians the cost of production through national legislation.

Resolution Is Quoted

The resolution as adopted said: "Whereas, Secretary of Agriculture Wallace has not favored the cost of production bill for agricultural products, be it resolved that the Minnesota Farmers Holiday association asks the president of the United States to have Secretary Wallace removed from office."

The association members also decided they would pay no interest, taxes or other debts until the dollar became an "honest measure of value."

Roger Thompson Is Given 50 Years For Gambler's Murder

STERLING CITY, May 9. (AP) — Roger Thompson, 39, was assessed a 50-year sentence in the penitentiary here late today by a district court jury which found him guilty of a charge of murdering H. M. Polan, Plentywood, Mont., gambler, in Sterling county March 22, 1930. The jury deliberated about four hours.

Fred Moutray, confessed accomplice in the disposition of the body of Polan, and chief witness of the state in Thompson's trial, faces trial tomorrow. He has indicated a plea of guilty.

Senate Action Necessary For Final Passage

Matriculation Fees In Higher Educational Institutions Of State Would Be Raised With House Measure

Changes Are Made

Existing Fees Of $50 Would Be Raised To $60; Students From Out-Of-State Would Be Given Home State Rate

(By The Associated Press)

AUSTIN, May 9.—A bill to raise the matriculation fees in Texas institutions of higher education was passed today by the house. Senate action would be necessary to send the bill to the governor.

Existing fees of $50 per long term would be increased to $60. Out-of-state residents, now charged the same as residents, would be required to pay the same rate as the respective states charged Texas students to enter their institutions.

Summer Session Fee

College officials would be empowered to assess a fee of from $20 to $35 for summer sessions.

A bill that would authorize a portion of the income from the University of Texas' oil lands to be used for operating expenses, of the University and Texas A. & M. was passed by the house and sent to the senate.

Meet Current Expenses

It was estimated approximately $600,000 of the fund could be utilized in meeting current expenses at the two schools.

The house refused to concur in senate amendments to a bill making an appropriation for rural school aid and the bill was sent to free conference. The house appropriation was $6,000,000 while the senate allowed $8,000,000.

A bill to raise the minimum school age from six to seven years was pending when the senate recessed.

The senate passed a bill to permit state colleges to retain their local fees.

Mayor C. K. Quin Is Leading In Santone Mayoralty Race

SAN ANTONIO, May 9. (AP) — Mayor C. K. Quin received approximately 23,000 votes out of about 35,000 cast today in the city election, defeating his nearest opponent, Arthur C. Burnett. Citizens League candidate for mayor, by at least 15,000 votes, returns received by the San Antonio Express up to 8 o'clock tonight indicated.

It was estimated Burnett would receive not more than 7,500 votes and Joe Burkett, tax reduction ticket candidate for mayor, not more than 5,000 votes.

Another Dollar Of State Per Capita Apportionment Paid

AUSTIN, May 9. (AP)—L. A. Woods, state superintendent of public instruction, announced payment today of another dollar of the per capita apportionment due for the present scholastic year.

This payment makes $8 that has been remitted on the $16 apportioned each child of scholastic age in the state. Woods said it was likely $3 or $4 more would be paid by the end of this scholastic year. The deficit would be paid later.

Brother Of Lubbock Woman Is Found Mysteriously Slain In A Dense Wood

(By The Associated Press)

CROCKETT, May 9.—Alfred Rogers, 34, contractor and owner of a lumber yard here, was found shot to death in a dense wood eight miles west of here today.

Three bullets from a .45 caliber pistol had torn through his chest and a fourth had ripped through his right arm. Mystery surrounded the shooting.

Deputy Sheriff George Chaney, who with Sheriff M. Hazlett was investigating, said Rogers apparently had been lured to the wood a short distance from the highway and shot as he stepped out of his automobile.

After being shot, the officer said, Rogers dragged himself across the grass several feet to a spot on a little knoll where he died.

The body was found by a farmer after two negro highway workers had seen the shot-torn body from the highway and notified the farmer.

No Inquest Verdict

A justice of the peace was called to hold an inquest but did not return an inquest verdict. The coroner said he would hold open his investigation pending developments.

Near the body of the slain lumberman officers found a .45 caliber revolver with four empty shells in the chamber. The gun, officers said, apparently had been thrown down by the slayer after Rogers fell mortally wounded.

Members of his family were unable to account for the shooting, Deputy Sheriff Chaney said.

No arrests had been made in the case tonight. Officers said a man

Committees Are Appointed In Athenaeum Club, Year Ends On Tuesday

The Woman's Angle

BY BLANCHE BEAN WILSON
Avalanche Woman's Editor

SCHOOL teachers may not have a very enviable position these days, but at least they have the prospect of a vacation instead of a summer filled with the same kind of work that has been done all winter. And that's something along about this time of year when the first green flies begin to buzz and the first warm days bring on a swell attack of spring fever.

• • •

The young man's fancy may turn to thoughts of love in the spring but the ones I've observed around town this time of year have a lot more to say about fishing and a comfortable couch in the shade. Of course, maybe those are backgrounds for dreaming of love but, to say the least, they come first in thoughts with love as a secondary consideration.

• • •

Whether you think you want to be a school teacher or not, at least they have the prospect of a summer with little to do, while most of the rest of us anticipate the hot days with the same job and it is harder to work on a warm day than on a cold one.

• • •

If you don't slow up on your job about this time of year and take time out in the middle of the afternoon to dream of pine trees or biting trout or just a long, lazy nap, you had better see the doctor because there is something radically wrong with you. After all, these are just symptoms of spring.

• • •

Recognition Day

THERE is an interesting observance that is becoming annual on the campus of Texas Technological college and that is the recognition service set for next Monday afternoon in the cloisters of the administration building.

• • •

This year's observance will be the second one for the college, the first having been last spring. This service is to "honor those worthy and notable women pursuing significant collegiate activities."

• • •

It is a recognition of their achievements and their ability by others in the college.

• • •

Such services mean a lot to the women students who are responsible for much of the campus activity. While they enjoy much that they do, they assume many responsibilities as well and their achievements reflect in the record of the college. It is fitting, then, that recognition should be accorded them.

• • •

AN EPOCHAL TIME

THIS is graduation time, an epochal time for many boys and girls in the city.

• • •

The chances are that you haven't forgotten your graduation day, or days because they were the biggest events in your life up to that time.

• • •

The later disillusionment doesn't matter so much if you have had the thrill of being a senior and of receiving the recognition of that time. For you do feel important when you graduate—a sort of a top-of-the-world sensation that is worth having experienced. You can't stay at such heights but it is worth something to have been there.

• • •

Graduation from high school, and college as well, are high points in the lives of young people. It is a great inspiration to be handed a diploma and told that you are the future great men and women of the world and that opportunity is knocking at your door. If people didn't have these times of inspiration how could any of them ever achieve much?

• • •

So give the graduates a glad hand and wish them well. These next few weeks are red letter days in their lives.

• • •

And, no matter what may happen later on, they will always look back to high school graduation, particularly, as the first mile post in their lives. It is a great day.

Annual School Opens Tuesday

Kitchen Time-Saving Devices Will Be Explained, Recipes Are To Be Given At School Of Cookery Here

Simple kitchen time-saving carries with it the thrill of doing a thing easily and surely. And there's artistry and romance a plenty lurking in the kitchen, waiting to be discovered.

With this thought in mind, publishers of the Avalanche-Journal take pleasure in announcing that they are bringing the Happy Kitchen School of Cookery here on May 16 to 19 at the Uptown Dance palace. The school will be filled with culinary tricks and step-savers that fit in with the modern era.

Mrs. Leona Rusk Ihrig, noted home economist and lecturer, will conduct the four-day school, which will be free to all women of the city and surrounding territory. This is the tenth annual school to be fostered by the Avalanche-Journal Publishing company.

Co-operating with the newspapers are a number of local and national food manufacturers and home appliance dealers who are vitally interested in making the home and kitchen a happy place to dwell, and nothing will be left undone during the school to make it interesting and entertaining as well as instructive.

Lubbock County Tournament Narrows Down To Closing Rounds Today

Estacado Club Meets Bunker Hill In First

Phillips 66 Of Slaton Plays 131st Field Artillery This Afternoon At 3:30; Martin Drug And Union Defeated

Six fast baseball clubs, surviving a field of 20 starters, settle down for the championship drive in the Lubbock county invitation tournament today and tomorrow in games that promise to be as hectic and hard fought as the finals themselves.

Estacado meets Bunker Hill this afternoon at 1:30 o'clock in the day's opener. Estacado winner over Acuff in a first round game, showed signs of being one of the strongest contenders for first place awards. The game, although one-sided, saw one of the sweetest infields of the tournament.

In addition to the prizes for first, second and third place winners in the Lubbock county tournament offered by the tournament management, additional prizes have been subscribed by local merchants.

A dozen new ties will go to the championship team, given by Hodges Bros., in addition to the championship prizes. J. C. Penny Co. will give 12 pairs of sox to the second place club. A new bat is offered by the J. & J. Sporting Goods company to the player who pounds out the most home runs, and a fielder's glove, given by Stevens Dry Goods company, goes to the first player who made a home run. The winner was G. Lawson, Liberty center fielder, who hit a homer in the first game against Canyon.

Another Bunker Battle

Bunker Hill defeated the Martin Drug Store club yesterday, 12 to 6, in a tougher game than the score indicates. Bunker Hill, featuring the McClelland boys and the Arnold lads, together with a good pitcher in Russell Harp and a nice second baseman in Ring, played fine baseball to beat the college bunch. They walloped Bunyard hard in the first two innings, scoring four times in the first and twice in the second before Tracy Watson went in.

Watson held the sluggers to eleven hits, but three of them were bunched in the fourth inning after he whiffed three in succession in the third for a brace of runs. He struck two out in the fifth and caught a pop fly, but let down in the sixth and seventh for four more runs and the ball game.

The Drugstore nine tallied once in each of the first two innings and attempted a rally in the sixth and seventh that netted four more. Cauble, McLean, Baird and Watson hit the ball hard, but Russell Harp was stingy with his hits, limiting the collegians to eight in the first six innings.

Here's A Game!

In the second game this afternoon, the 131st Field Artillery nine will meet the strong Phillips 66 club of Slaton. The game starts at 3:30 o'clock. Phillips displayed considerable strength in winning over the New Hope bunch here earlier in the tournament, and the Slaton club rules a slight favorite to whip the Cadets this afternoon.

Manager W. E. Mitchell's National Guard boys, many of whom are Tech college athletes, had to battle uphill to eliminate the Union team in one of the closest games of the tournament. The score was 12 to 11, and was tied twice during the game.

Union took a good lead in the first with four runs, and added two in the third and one in the fifth before the collegians had scored. Then Shorty Williamson got on on an error, Wheeler was safe on an outfield fumble and Douglas Howell walked to load the hassocks. Leroy Crews doubled to score Williamson and Wheeler and Dunlap followed with another double to score Howell and Crews. Pitcher Pair struck out Bryant and Smith but Alvin Crews singled to score Dunlap.

Union added one in the sixth when Nelson walked and scored from second on Johnson's single. The army boys came back in their sixth to score four more runs, tieing and leading the score, 9 to 8. Williamson singled and Wheeler fanned. Howell and Leroy Crews singled, loading the bases. Dunlap drew a pass, forcing in Williamson, and Lefty Bryant whipped out a sizzling three-bagger to clean the sacks.

Union was held scoreless in the seventh, Johnny Walker pitching a nice ball game. The Cadets scored once in the seventh, Alvin Crews driving out a home run. Union tied the score in the eighth with three runs, but Howell and L. Crews scored in the Cadets' eighth for a one-run lead. Union was put down in order in the ninth.

HELEN TO PLAY

SAN FRANCISCO, May 9. (AP)—Helen Wills Moody informed the Associated Press today she had decided to defend her English singles tennis title at Wimbledon this year.

Former Tulane Grid Star Is Dead After Pro Boxing Bout

NEW ORLEANS, May 9 (AP)—Collapsing at the end of a six round professional fight here last night, in which he lost a decision to Tony Marullo, local boxer, Rhule Jack Holland, 24, Tulane student who carved out a brilliant athletic career before turning to the money ranks a few months ago, died in a hospital here today of a cerebral hemorrhage.

Holland was all-Southern end on Tulane's football team in 1929 and 1930, winner of the Southern A. A. U. light heavyweight boxing title last year, runner-up in the national intercollegiate, and Southern conference champion of three years ago. He never regained consciousness after the fight. Appearing to tire fast, he took heavy punishment from Marullo, and went down for the nine count in the last round but stayed on gamely until the final gong. As he was climbing through the ropes to go to the dressing rooms ringsiders heard him say: "I butted him," then he collapsed.

BANQUET POSTPONED

ABERNATHY, May 9—(Special)—Abernathy's annual chamber of commerce banquet date has been postponed again, the second time since the body decided to hold the event. Both postponements were made when it was learned the Texas Utilities giant power plant near the city will be shutdown for repairs. The banquet will be held on the lawn of the power plant, three miles north of here, and chamber of commerce officials have announced the postponements so that the plant will be in operation during the annual fete after the repairs are made.

Dallas Repels Panther Rally For 10-8 Win

Steers Amass Nine Runs Lead In First Inning But Cats Keep Pushing; Dallas Held Scoreless Last Six

FORT WORTH, May 9. (AP)—Taking off to a nine-run lead in the first three innings, the Dallas Steers repelled an ever threatening Cat team to defeat them, 10 to 8 today.

Twice in the late innings, the Cats filled the bases with only one down, but a lone run was all that came from these efforts.

Ralph Erickson, who started for the Herd, was sailing along back of a 10 to 1 lead when the Cats took after him in the fourth inning to score five runs. John Whitehead succeeded him and was in trouble all the way, finally stepping aside in the eighth for Joe Vance to finish.

GOLFERS DIFFER ON LIFTING HEEL FOR PITCH SHOT

Whether to lift the left heel or not in the backswing for the pitch is a question often debated by leading professionals.

George Duncan lifts the heel. Abe Mitchell, another of England's leading pros, says he finds it better to keep both heels on the ground and let the hands and wrists do the work.

Mac Smith lifts the left heel slightly on the pitch. Our open

champion, Gene Sarazen, keeps it firmly planted on the turf, as do Phil Perkins and Ed Dudley. A notable feature in Sarazen's method of playing the pitch is that he employs little ankle and knee action, though he uses a free turn of the body from the hips up.

Helen Hicks, former women's champion, says that when she plays the pitch there is little body action, except for a slight pivot of the hips which causes the left heel to rise.

A Team Beats B Team As Westerners Bring Spring Training Season To A Close With Regulation Grid Scuffle

With Rufus Ryan and Rayburn Hale running fast and far behind a staunch line and good interference, the A team defeated the B team, 35 to 0, to bring to a close the two months spring training season for Lubbock High school football candidates.

Ryan scored two touchdowns, getting away for a 60-yard gallop one time and shagging a forward from Rayburn Hale for the other. Hale registered two touchdowns, circling the B ends for both. Jessee Granberry made the other on an off-tackle drive.

Joe Nelson and Assistant Coach Huffman played part of the time with the B team but were unable to help to the extent of scoring.

Newton Also Stars

Waymon Newton, fullback, played a good offensive and defensive game for the winners. Ocie Griggs and Ed Doherty starred on the defense.

James Hodges and Otis Speer were defensive stars for the B team.

Starting lineups: A team — Calhoun and Griggs, ends; Wimberley and White, tackles; Doherty and Aycock, guards; Dowell, center; Ryan and Granberry, halfbacks; Hale, quarterback; Newton, fullback.

B team—Hodges and Eaton, ends; Philips and Speer, tackles; Walters and Barnes, guards; Jenkins, center; Bundy, quarter; Griven and Schooler, halfbacks and Nelson, fullback.

DICKEY RECOVERING

Single In Ninth Drives In Two Runs For Washington; Boken Repeats Winning Plays Of Monday For Victory

ST. LOUIS, May 9. (AP)—Bob Boken, substitute second baseman, duplicated his performance of yesterday by batting in two runs in the final inning today to permit the Washington Senators to take the second game of the series from the St. Louis Browns, 7-5.

Boken yesterday hit a homer in the twelfth inning with one on to bring in the two winning runs. Today he singled in the ninth to again score two runners and give the Senators their margin of victory.

BASEBALL'S BIG 6

(By The Associated Press)

Fred Schulte had another big day with the stick against St. Louis yesterday and further increased his lead over the rest of the big six batsmen. Schulte hit three singles in five times at bat and shoved his average up twelve more points to .407. All the other big six members except Pie Traynor were kept inactive by the weather and the Pittsburgh third sacker lost ground in the batting race.

Traynor made one of Pittsburgh's three hits off Fred Frankhouse of Boston but went to the plate four times, losing six points. The standing:

Vines Named To Play Against Cuba Or Canada In Cup Match

NEW YORK, May 9. (AP)—Ellsworth Vines, Jr., the United States tennis champion who has been taking a vacation from play, today was nominated by the United States cup committee to the team which will meet either Cuba or Canada in the final of the North American zone late this month.

Wilmer Allison, John Van Ryn and George M. Lott, Jr., who with Cliff Sutter composed the United States team against Mexico in the first round last week, were named to play with Vines. Allison will act as captain and Van Ryn as manager of the squad, as they did against Mexico. Sutter, temporarily at least, is dropped from the team.

Braves End Series With Favorites As Pitcher Frankhouse Limits Pirates To 3 Scratch Bingles

BOSTON, May 9. —(AP)— Fred Frankhouse's curve ball subdued the league leading Pittsburgh Pirates today as the Braves ended the series with a 7-0 victory.

The Boston right hander pitched three hit ball and gave only one walk. Tony Piet got a single for the Bucs in the third and Fred Lindstrom and Pie Traynor hit one each in the fourth. That inning was the only time Frankhouse was in danger and after the bases had been loaded by a hit batsman, he escaped when Piet forced Lindstrom at the plate with a weak grounder to the box.

Fight At Sea Is Threatened

Coastguard Maintains Careful Vigilance Over Two Expeditions Seeking Treasure Of Sunken Liner

NORFOLK, Va., May 9 (AP)—Threat of a fight at sea between rival treasure hunters today caused the coastguard to maintain a careful watch over two expeditions seeking treasure from the sunken Ward liner Merida.

Wireless messages from both expeditions brought a coastguard patrol boat to the scene, about 60 miles off the coast.

Threat Described

"Am over wreck of Merida. Am threatened by interlopers. Advise," read a message from Capt. H. L. Bowdoing, on the tug Salvor, flagship of one expedition.

Shortly afterwards came a message signed "Hall," presumably sent by Capt. John L. Hall, who with Klass Everts, is commanding the other expedition aboard the tugs Theresa and Dan and Junorg.

Cutters Is Asked

"Send cutter at once 34 miles south by east winter quarter," this message read. "Having trouble over our position. We are anchored in position over Merida, our ship and buoy. S. S. Salvor came and placed buoy and anchored within our buoys, causing trouble."

The Merida was sunk 22 years ago after a collision with the Admiral Farragut. The wreck is said to have aboard several millions of treasure.

Enjoy Travelax-ation *this Summer*

TRAVELAX-*ATION* is that freedom from driving strain, that feeling of comfort, security, safety, and relaxation which comes to motorists when they drive on Concrete Highways.

You will make frequent trips in your car this Summer—some long ones and some short ones.

Regardless of why, when, or how far you drive you want comfort, safety, and speed at the lowest cost per mile. These motoring pleasures come with Travelax-*ation,* which you can enjoy only on Concrete Highways.

Concrete Highways provide smooth, firm and positive traction for tires in wet and dry weather alike. The road surface is flat like a floor—no center peak. This tends to do away with "center-of-the-road" driving. There are no bumps, no chug holes, no ruts to cause the sudden swerving of a car which so frequently results in unfortunate or fatal accidents.

There are more than 3,000 miles of these safe, economical Concrete Highways in Texas. Wherever you are going find out if there is a Concrete (*Travelax* Route) Highway that will take you. You will enjoy your drive ever so much more...and you will save about a cent per mile for gasoline, tires and repairs over what it would cost you to drive on chuggy, bouncy, unsafe roads.

We have prepared a Special Edition of the Official Map of the Texas Highway System, showing all highways, particularly Concrete Highways. Let this Map guide you to economical and enjoyable motoring.

A Tribute To The Teacher

THE school year, in Lubbock and everywhere else, is drawing to a close and The Morning Avalanche, always an exponent of fair play for the pedagogue, takes this opportunity to again draw attention to the great record compiled in troublous 1932-33 by the teachers of the nation.

Here, as in many communities, pay has sometimes been slow, has sometimes been in warrants, has been slashed to the bone with more reductions in the offing.

Yet here, as in many communities, the school teacher has gone valiantly on, doing his or her part and carrying the load with the same courageous spirit of the soldier in the trenches when the shrapnel was spraying at its worst.

As a tribute to our own teachers, to the teachers of other South Plains communities and to that great host of rural teachers in this area, as well as a tribute to all American teachers, we reproduce the following remarks. Written by J. W. Crabtree, secretary of the National Education association, the statement may well be ascribed to all citizens who appreciate the teacher:

* * *

"There will be no moratorium on education. A moratorium on education would mean a moratorium on civilization. This is one of the reasons why teachers will continue the schools, pay or no pay. The nation, as it becomes aware of the services and sacrifices of teachers and of the great significance of their courage and farsightedness, will show the appreciation that it has shown to its soldiers who sacrificed their lives for their country.

"In the crisis of the seventies, I was amazed, as a boy, at the sacrifices made by the pioneer teacher of that day. Since then, I have observed that whether in time of famine or in time of plenty, the teacher has lived not for self, but for the children and the community. I have noticed that the selfish man or woman seldom remains long in the profession.

"When the terrible days of the World war came upon us, who led in food conservation? Who led in the sale of liberty bonds? Who led in collecting food, clothing, and funds for the Red Cross? Who kept the school going, whether funds were available or not? And what of the teachers of today? They are serving in a worse crisis than ever before. Their responsibility is greater. Environment is more destructive in its effect on children. The teacher-load is almost doubled. In spite of all this, the teacher is again leading in welfare activities. There may be a delay in pay—a month or six months—or the pay may be cut off for the year, yet the work of the school goes on!

"Who is it that removes gloom from the lives of children who come from homes filled with sorrow and suffering because of the depression? Who is it that inspires children with courage and ambition? Who teaches them to look forward to better days? Who is it that is saving civilization in these dark hours?

"All honor, therefore, to the teacher of 1933! Your courage and your devotion stand out as the safeguard of our democracy and as the hope of the nation!"

* * *

Well spoken, Mr. Crabtree, is our verdict.

And to the teachers who are completing an arduous year and who may or may not return to their posts in the fall we bid farewell—with the hope that better days and easier days are certainy no further than around a mythical corner to which we have approached!

YOUNG CRIMINALS

Some distressing facts are contained in statistics compiled from fingerprint cards in the files of the United States bureau of investigation. The wide prevalence of crime among youths is the most shocking revelation.

According to the statistics, one out of every five criminals whose record is in the bureau is under 21 years of age. Youths of 19 exceed in number those of any other age group in arrests during the first quarter of the present year.

The most common crime charged to youths was theft of automobiles. Of the total of persons arrested on this charge, 45.8 were of persons under 21 years of age. Arrests for burglary showed that 38.8 per cent were boys in their teens.

One saving feature of the statistics was the comparatively small number of women arrested. Only 6.5 per cent were females.

Another fact to claim special attention was that prison terms have a small deterrent influence upon offenders. About 35 per cent of the persons arrested had previous records in the bureau's identification cards.

The average spinister has a strenuous time trying to make herself believe that she is a man-hater.

Today's One-Minute Sermon

No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.—St. Matthew 6:24.

WASHINGTON, May 9.—Members of congress (both houses) are in general agreement that there had better be no mistake about the reasonably satisfactory working of the relief plans they are adopting at the current extra session. A surprisingly large number of them are frank to say that they think the country is giving them their last chance, as at present constituted, to make at least a fair start toward curing the depression.

Signs of actual revolt, far and wide, in recent weeks, by no means have failed to produce an impression on the lawmakers.

They are not so fearful of marches on Washington. These have an element of the spectacular in them, which the legislators interpret as incompatible with a 100 per cent determination on the demonstrators' part to readjust conditions basically.

Stay-at-Homes

What makes the wiser politicians worry is the attitude of the stay-at-homes, who show an inclination to make things over in their own communities.

Last year's farm strikes caused grave anxiety in Washington. The present demonstrations are regarded as a still more serious manifestation, not only as having been longer a-simmering, but as a development in the very face of pending relief promises, which do not seem to "take" with the yeomanry as it was hoped they would.

There also was a genuineness about the teachers' uprising in Chicago that conservative representatives and senators remarked on in keen apprehension.

Hints of growing bitterness in centers where banks have not yet reopened, since the moratorium, have not been lost upon watchers in the capital—the more so that they involve a class which ordinarily is least susceptible to radical influences.

Only occasionally, from the ultra-advanced among the solons, like Senator Wheeler of the Democratic group or Senator La Follette of the Republicans, is the word "revolution" plainly mentioned, but it is whispered very frequently.

A widespread, simultaneous uprising is not, indeed, what public men look for.

Small Rebellions

Rather, as described by Senator Logan some months ago, the danger probably lies in the possibility of a gradual merging of small rebellions, against low farm prices, tax sales and mortgage foreclosures, until the breakdown of government covers the entire republic.

The supposition, of course, is that the relief measures upon which the administration and congress have been collaborating since last inauguration day, will result in a speedy improvement, alike in the cities and the rural areas.

Nevertheless, there are pessimists who continue to wonder how efficacious the program will prove to be.

WAR DEBTS AND SILVER

President Roosevelt borrowed his plan to take silver in part payment (up to $200,000,000) of America's war debts, from Senator Carl Hayden of Arizona.

When the senator made the suggestion, several months ago, it scarcely "registered".

Silver's repute was not so good then. With its remonetization in sight, it becomes a much more desirable metal. Payments in it, on a 50-cents-an-ounce basis, will enable the debtors to effect a considerable saving, it is true, if it continues to be available at 36 cents or thereabouts, as at present. However, Senator Hayden reminds the country that an assured demand is likely to cause a sharp price advance. This is assuming that the metal regains its status as a basic money, the senator takes it for granted that it will.

CONTACTS WITH THE PRESS

Premier Herriot expressed himself in Washington as especially impressed by President Roosevelt' comradly relations with the newspaper men.

WHAT! NO CIGARETS?

Makers of a widely-heralded cigaret broadcast a program the other night from the National Press club auditorium. "No cigarets, please," urged the management. "They hurt the artists' throats."

FARM RELIEF HEAD?

Assistant Secretary of Agriculture Rexford Guy Tugwell, known almost exclusively as "Tug", is oftenest guessed, as farm relief administrator under the new law, the greater part of which he drafted.

* * *

MERE DETAIL

The issue of silver's remonetization (if and at whatever ratio President Roosevelt thinks best), which nearly tore the country in two in W. J. Bryan's generation, figures in the news today as a mere detail of agricultural relief.

* * *

HOMELESS CONCERNED

Reports of the administration's plan to save small home owners from mortgage foreclosure are bringing a scattering but considerable delegation, mainly of hitch-hikers, into Washington, to ask what will be done for the already dispossessed.

* * *

LIKES OLD REGIME

Prime Minister MacDonald's desire, while in Washington, to be in the company of former Secretary of State Stimson and Senators David A. Reed and William E. Borah was pronounced enough to attract attention. Accustomed to the Hoover regime, it seemed hard for him to realize, as many observers remarked, that a new group is at the helm.

EXPLANATION OF YESTERDAY'S CARTOON

THE INFANT PRODIGY OF SEATTLE:

Little Laurene Louise Lindgren, was born in Everett, Washington, and her parents are both musicians. She began her public career in Seattle at the age of 11 months, when she played a simple little piece on the organ. At the age of 3, she was able to play Chopin and other rather difficult compositions. She has once given 18 public performances within a single day.

THE MOST SHAMELESS PIECE OF QUACKERY

The popularity of St. John Long's Liniment in the early part of the 19th century, was as startling as it was undeserved. The concocter of its simple formula was St. John Long, a prepossessing Irishman, with an overwhelming gift of blarney.

Doctors describe this Liniment as one of the most impudent examples of quackery over inflicted upon a credulous public. The treatment consisted of an application of the Liniment and inhalation of its vapors. The range of diseases it was purported to "cure" was incredible.

It must have netted its inventor over $65,000 annually at the height of its popularity. After his death, the heirs disposed of the formula and goodwill for $50,000.00.

Farmer Brown Meeting In City Next Saturday Expected To Draw A Large Number; Farm Bureau Is Sponsor

Reports of county attendance chairmen indicate the "Farmer" Brown meeting here Saturday will be largely attended by people from all over the district, in the opinion of H. L. Gantz, of the Texas Cotton Cooperative association.

James Burroughs, president of the Lubbock County Farm Bureau federation, sponsoring the meeting has sent letters to county leaders urging their attendance. He also has named a group of committees for the meeting.

Women Are Named

Mesdames F. F. Revier, Ches Merrill, Douglas Pounds and C. Z. Fine, all members of the board of directors, were named on the reception committee. They will assist in entertaining and welcoming Mr. Brown and his party.

W. W. Ferguson, Bob Crump, J. W. Cannon and James L. Benton, also on the board, with the four women members, were named on an attendance committee from each precinct.

County Chairmen

County chairmen in attendance are: C. Rice, Terry; Wiley Curry, Lynn; John Lanier, Floyd; C. A. Barron, Dawson; Jess T. Elms, Lamb; J. E. Robinson, Garza; W. T. Magee, Hockley; Mrs. M. S. Hudson, Hale and W. H. Hames, Crosby.

A letter yesterday from E. L. Corbin, secretary of the Texas Farm Bureau federation, who is accompanying Mr. Brown, said that "in every part of the state where Farmer Brown has spoken, he has had requests to hold a return engagement."

Brownwood had one of the best attended meetings of the tour, which began April 25. Mr. Brown speaks in Sangelo Friday before coming to Lubbock.

The plan now is to hold the meeting in the district courtroom.

REPORT 40 CONVERSIONS

SOUTHLAND, May 9—(Special)—Forty conversions in the revival just closed at New Lynn, are reported by Rev. Ham Wright, pastor. Seventeen people joined the Methodist church at the last service. The New Lynn church is a part of the Southland charge.

Several Methodists Of Hale Center To Give Church Cotton

HALE CENTER, May 9 (Special)—Several members of the First Methodist Episcopal church here are planning to plant cotton and give the crop to the church.

Two plans are being used: 1—for members of the church to help plant, care for and harvest cotton on an acreage set aside for the purpose; 2—for members to set aside a number of acres on their farm and give the production to the church.

A number of members have indicated adoption of one of the plans.

SCIENCE PROGRAM SET

COLLEGE STATION, May 9—(Special)—Program for the annual spring meeting of the Texas Academy of Science, to be held at Texas A & M College Friday and Saturday, May 19 and 20, has been completed, according to Dr. L. G. Jones, professor of agronomy at the college who is a member of the committee in charge of arrangements for the meeting. Approximately 150 scientists from many points in the state are expected to attend the meeting.

AGENT BUYS FARM

MULESHOE, May 9—(Special)—H. A. Eckler, Santa Fe station agent here, has purchased a 10-acre irrigation farm a half mile north of town in the shallow water area. The farm has a well on it. Ed Riddle has rented the farm for the year and will plant a truck garden.

A woman, Miss Sarah Van Hoosen Jones, was named one of Michigan's six master farmers in 1932.

Cement Probe Will Be Made

Secretary Ickes Says That Practically All Leading Cement Manufacturers Are Submitting Identical Bids

WASHINGTON, May 9 (AP)—Chairman Charles H. March of the federal trade commission said that Secretary Ickes had filed several complaints with the commission, contending that "practically all the leading cement manufacturers in the United States" were submitting identical bids for federal road work, and that there was "no competition."

March said the complaints made by the secretary of interior were that since all the bids were alike the bidding was "unfair."

Investigation Planned

The federal trade commission has docketed the complaints for investigation. It was indicated that some time would elapse before a report could be made.

The texts of the complaints submitted by Ickes were not made public, and it could not be ascertained immediately if the interior secretary had charged that the identical bids for government work might indicate that the manufacturers concerned were acting as a "trust."

The trade commission already has gathered extensive data concerning the practices of the cement industry. At the request of the senate a full investigation was made into the industry.

This investigation has been completed, and the commission's report probably will be submitted shortly to the senate. It has never been made public, however, and its contents will not be made known unless the senate makes it available.

Reports that the complaints of Secretary Ickes concerned also the cement bids submitted on Boulder dam were not confirmed by Chairman March. He said he believed they had centered upon bids for highway construction.

FIRE DAMAGES HOME

LEVELLAND, May 9—(Special)—Fire which originated on the back porch of the home of W. B. Hodges, merchant, did damage estimated at $1,200 recently. The porch and two back rooms, with contents, were damaged. No insurance was carried.

MARKET REPORTS

Stocks

WALL STREET REPORT

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, May 9. (AP)—Stocks fluttered erratically today in the quietest market since April 28.

Unwilling to venture very far in either direction, leaders closed on a mild buying flurry and were mostly fractions to a point net higher.

Speaking generally, advances during the session were wider than the declines, and traders who have been anticipating a corrective reaction again noted the buying that was forthcoming on recessions. Sales totaled 2,245,770 shares.

Dollar fluctuations also were ragged, though American currency tended to rally after a sag. Dutch guilders and French francs, closely watched because of persistent rumors that either or both might be loosened from gold, met support. Holland was said to have ordered an inquiry into allegations of raids against her unit by professional speculators.

Shares appeared little interested in a sharp dip by wheat. This break did cause some sympathetic selling during the afternoon that cancelled gains of fractions to a couple of points, but this was easily absorbed and the final tone was rather firm. Steels were moderately improved. Rails stood virtually still.

News of wage increases and expanding employment in some sections of the country received wide publicity, though it probably had little, if any, direct Wall street influence. Such improvement as has occurred in business is receiving due recognition from the financial community which, however, is not at this time disposed to hazard extravagant forecasts on the probable extent of recovery this summer. Although the apparent reversal of business trends is none the less welcome, some quarters are waiting to see how well the rise wears and to what extent unemployment can be reduced.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, May 9. (AP) — Cotton prices fluctuated freely in a fairly active market today, apparently uncertain of trend. A sharp early decline was followed by a sharp advance but after gyrating in a 20-point range, futures closed very steady down 5 to 8 points net.

The opening was easy on lower Liverpool cables than due. Private cables reported scattered hedge selling and liquidation in Liverpool and Manchester said there was good cloth inquiry but bids were too low, while yarns were irregular. In initial trades here July dropped to 8.18, October to 8.42 and December to 8.56, down 18 to 19 points from yesterday's close.

The market rallied late in the first hour on good trade buying and buying by ring traders helped by steadier stocks and around midsession July had advanced to 8.39, October to 8.61 and December to 8.76 or 19 to 21 points up from the early lows to levels 1 to 3 points above the previous close.

After losing 10 points in the early afternoon, the market rallied again in the late trading on active short covering and prices advanced 13 to 15 points from the lows, July moving up to 8.31, October to 8.56 and December to 8.71, closing within 1 to 2 points on July and October and 5 points on December.

Liverpool is due on New Orleans tomorrow 1 to 2 penny points up.

Port receipts 22,576, for week 44,481, for season 7,961,467, last season 9,632,814. Exports 17,150, for week 21,244, for season 6,663,283, last season 7,474,907. Port stock 4,086,048, last year 4,021,087. Combined shipboard stock at New Orleans, Galveston and Houston 94,352, last year 83,267. Spot sales at southern markets 14,182, last year 4,137.

NEW YORK REPORT

NEW YORK, May 9. (AP)—An early decline of about $1 a bale in cotton today attracted increased trade demand as well as covering or rebuying, and was followed by rallies.

After selling from 8.18@8.41 for July fluctuations were rather nervous and irregular in the late trading, but that delivery closed at 8.37, with the general market closing firm, at 2 to 5 points decline.

Initial prices were 16 to 22 points lower in response to relatively easy Liverpool cables and appreciation in the dollar as indicated by foreign exchange rates.

There was some selling by houses with foreign trade connections and the decline soon extended to 8.06 for May and 8.60 for December making net losses of 19 to 26 points on the more active positions.

This represented a reaction of about 1-2c a pound from the peak of the recent advance, which was evidently sufficient to attract an increased trade demand and prices rallied with May selling up to 8.34 and December to 8.79 or within a point or two of yesterday's closing quotations. Moderate setbacks followed in the late trading but the trade buying continued and closing quotations showed rallies of some 15 to 20 points from the lowest.

Livestock

KANSAS CITY REPORT

KANSAS CITY, May 9. (AP)—A generally steady trend prevailed on fed steers and yearlings at various points around the eleven market circuit although trade was rather slow in getting underway in several instances. The general bulk of steer and yearling supplements cleared in a spread of 4.50@5.75 with several loads of light steers and long yearlings at 6.00@6.75. Chicago secured the outside price for best yearling steers on offer while Kansas City received 6.65 for a load of strictly choice 965 lb. averages. Supplies of stockers and feeders were rather light and prices remained little changed. Replacement steers sell chiefly at 4.50@5.50 with a few loads of light stockers and fleshy feeders around 5.75@6.25. Receipts for two days this week at eleven markets totaled 88,100, as compared with 67,200 the same period last week and 85,675 a year ago.

Opening trade on hogs was listed as 10 to 15 higher but on the close several markets listed deals showing most of the early advance lost. Chicago secured a late top of 4.35 on 200-240 lb. weights.

Steady to slightly lower rates predominated the day's business in lamb trading although some sales were reported 15 to 25 lower. Most desirable fed kinds brought 5.50@6.35 while springers bulked at 6.35@7.25.

FORT WORTH REPORT

FORT WORTH, May 9. (AP)—Hogs 2,400; truck top 3.60; packing sows steady to 25 higher, top 3.60.

see your boy alive again?"

"No."

"Did you ever see him dead?"

"Yes."

"When?"

"On the 13th of May in a morgue in Trenton, N. J."

"Did you identify the boy as your baby?"

"I did."

Asked About Ransom

After a few more questions, Lindbergh was asked if he had given money to anyone "for the purpose of paying a ransom."

He replied that he had given $50,000 to Dr. J. F. Condon, the celebrated "Jafsie" of the investigation, and never received any of the money back.

That was all the direct examination. Rover thanked the witness and then J. William Tomlinson, attorney for Means, took up the questioning. Means already is serving 15 years for defrauding Mrs. McLean of $104,000 on representations that he could find the baby.

Tomlinson asked:

Another Note Presented

"At the time you paid over $50,000 ransom money was there anything exhibited by which you could identify the kidnapers of your son?"

"Yes. At that time an additional note was presented."

"Was a piece of garment given to you?"

"Prior to that a piece of garment had been returned."

"Did you identify it as being a part of your son's clothing?"

"It was similar. In all probability it was the same."

"Are you entirely satisfied in your own mind about it?"

"Not without doubt. There is no question in my mind about the identity of the notes."

Tomlinson asked if he had ever visited Mrs. McLean's home or if she had ever visited the Lindbergh home or seen his son. Lindbergh replied in the negative.

He explained, however, that Rear Admiral Emory S. Land, a cousin of his mother, had gone to Hopewell to ascertain if Lindbergh had any objections for one of his friends trying to be of assistance in returning the child. He said he was not sure it was Mrs. McLean.

Joseph Turco, attorney for Whitaker, asked if his client's name ever had been mentioned by Condon "or any of the others in your negotiations."

"Not as far as I know," Lindbergh said.

Mr. and Mrs. L. H. Shelton and son, L. H., Jr., have returned from San Angelo, where they have been at the bedside of M. H. Limey. They report that Mr. Limey is much better.

Grains

FORT WORTH REPORT

FORT WORTH, May 9. (AP) — Demand continued fair today on the Fort Worth cash grain market. Estimated receipts included: Wheat 31 cars; corn 5; oats 6 and sorghums 6. Prices ranged as follows on basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports export rate, or Texas common points: Wheat No. 1 hard 81 1-2@82 1-2. Barley No. 2 milo per 100 lbs. 95@1.10; No. 3 milo 90@95. No. 2 kaffir $1@$1; No. 3 kaffir 79@81. Delivered Texas common points or group three: Corn No. 2 mixed 58 1-2@59 1-2; No. 2 white 60 1-2@61 1-2; No. 2 yellow 59@60.

Delivered Texas common points: Oats No. 2 red 35 1-2@36 1-2; No. 3 red 35@35 1-2.

CHICAGO REPORT

CHICAGO, May 9. (AP)—Almost 3 cents a bushel fall in wheat prices went hand in hand with final consideration of the Roosevelt farm bill at Washington today. Corn dropped about 2 cents.

Unsettlement that accompanied the decisive voting on the farm bill was emphasized by prospects that the government May crop report tomorrow would show a larger probable 1933 yield of domestic wheat than was indicated a month ago. In some quarters after the close of trading, actual enactment of the farm bill was asserted to be likely to bring about a recovery from today's decline. Other trade authorities stressed gossip that a majority of professional traders here had disposed of their wheat holdings.

Wheat closed weak at virtually the day's bottom figures, 2 1-8 to 2 3-4 cents under yesterday's finish, corn 1 1-4 to 1 7-8 off, oats 1 to 1 3-8 down and provisions unchanged to 20 cents decline.

Corn and oats weakened with wheat, despite widespread new rains indicating further delay to corn planting.

Provisions sympathized with grain market downturns, notwithstanding that hog values went higher.

Closing indemnities: Wheat, July 60 1-4, 72 5-8@3-4; Sept. 70@70 1-4, 73 1-8; Dec. 72 1-8, 75 1-4. Corn, July 41 7-8@42, 44 1-4; Sept. 43 3-4, 46 1-2@5-8.

district court attorney, of Plainview.

Duggan Mentioned

State Senator Arthur P. Duggan of Littlefield is considered a possible candidate. Names of two Big Spring men have been mentioned, those of Garland Woodward and Clyde Thomas. T. C. Christopher, Lamesa attorney, now of the attorney general's staff, was listed as possibly seeking the place.

Other names mentioned included: Fred Haile of Spur, Homer Winston of Brownfield, and Bart Denton of Littlefield.

Cowboy Band To Appear Tonight

Simmons university's Cowboy band, which has toured Europe and appeared in Chicago, Boston and New York, will be presented in concert tonight at Lubbock High school auditorium. The Westerner band is sponsoring the appearance and will benefit by any profits.

Forty musicians, directed by D. O. Wiley, will appear. A feature of the program will be John Regan, international entertainer, who will present roping, whip cracking, and gymnastic acts.

The appearance here is a part of a tour of West Texas and New Mexico for the next ten days.

law,'" Brock quoted Ernest as saying. "'I've a great mind to close your bank'."

It was then, Brock said, that Ernest called Bank Commissioner W. J. Barnett and recommended the closing.

"Did you hear Ernest tell Barnett he had caught you short?" asked Defense Attorney Stansel Whiteside.

"No, he didn't say that," Brock answered.

Threat Is Denied

Brock said he took the telephone and told Barnett "If I've made a mistake, it was unintentional, and if necessary I'll go out and get these funds from those who have overdrawn."

"Did you remind Mr. Barnett that a threat to kill anyone who closed your bank 'still holds good?'" Whiteside asked.

"I never did," Brock replied. "Mr. Barnett knows that's a falsehood."

Earlier in the day, Barnett had testified to the threat and identified with three of his assistants Brock's handwriting in the letter to the Texas examiner, written four days before Ernest was shot.

ter a conference with Cyril, that he would confer with McMath and if what Cyril had told him was verified by McMath, Kiernan would take charge of Cyril's defense.

Not To Defend Kenneth

"Under no circumstances will I defend Kenneth," Kiernan said.

Kiernan reported that during his conference with Cyril the latter told him that on two occasions while he was acting as intermediary between McMath and his brother he had asked McMath to tell the police that he was in touch with the kidnapers and that McMath had refused.

The lawyer also said Cyril had told him that while at first he did not believe his brother had kidnaped the child he later became convinced of it and that after refusing to act as contact man he decided to do so because "he was afraid Kenneth's bootlegger friends would put him on the spot."

Bitter Fights Are Reported

Japs Sweep Through Funing To Attack Chinese Position At Changli; Other Centers Are Also Under Fire

TOKYO, May 9. (AP) — Sweeping through the city of Funing, Major General Teiso Hiraga's 28th Japanese infantry brigade today attacked Chinese positions at Changli in northeastern China below the great wall, and bitter fighting was progressing, Japanese sources reported.

Further to the west Major General Kunizo Matsuda, crushed two Chinese centers of resistance with his 11th infantry brigade and was approaching Anshan with the intention of cutting off the Chinese retreat from Changli.

Fights In Streets

The Shanhaikwan correspondent of the Rengo (Japanese) news agency said that several hours of bitter street fighting preceded the capture of Tsienan, another town in the area by Major General Yoshiaki Takata's 36th infantry brigade.

The bodies of six hundred Chinese were found in Tsienan, the Rengo correspondent reported, and the Japanese lost two dead and nine wounded.

election. As passed the bill had set conflicting election dates but that was likely to be remedied in the senate or in conference.

Originally the bill provided for appointment of the five members by the governor pending their election by the voters, but this authorization was stricken from it.

Huey Long Free Of Slander Suit

WASHINGTON, May 9. (AP)—Because a court found members of congress can not waive their immunity, Louisiana's Senator Huey P. Long was free today of a slander suit filed against him by Brigadier General Samuel T. Ansell, retired. A libel action by the same plaintiff was allowed to continue.

The two suits, each seeking $500,000 damages, were brought against the self-described "Kingfish" because of the terrific tongue-lashing given Ansell by Long in the senate last February. The libel action, however, was based on alleged distribution of these and other remarks by the senator in leaflets broadcast about the country.

Justice James M. Proctor of the District of Columbia supreme court was asked to quash service of process on the senator in the latter case, but he refused.

Candidates Named For Club Offices

Lubbock Lions at a luncheon at Hotel Hilton nominated candidates for an election which will be conducted June 13.

S. J. McFarland and John D. Mitchell were nominated for president. Ben F. Condray will retire as president.

Other nominations were: John D. Mitchell and Ben Kucera, for first vice president; Victor H. Lindsey, second vice president; H. C. Pender, third vice president; J. B. Morrisett, secretary-treasurer; Ben Kucera, W. H. Carpenter, M. K. Foster and the Rev. R. C. Campbell, lion tamer; C. B. (Brownie) Akers, M. E. Heard and Joe Bowman, tail twister; Robert Bean, Dr. C. C. Craig, Hugh Norman and Vernice Ford, directors.

CALL IS ISSUED

AUSTIN, May 9. (AP) — Charley Lockhart, state treasurer, today issued a call for $889,452 in general revenue warrants. He said all warrants on that fund up to and including No. 122,476 would be cashed, even though they had been discounted.

Taking Of Evidence Closes In Wellington Murder Case

WELLINGTON, May 9. (AP)—Following testimony of more than fifty witnesses, the taking of evidence closed at 5 o'clock today in the trial of Eldon Hinton, 27, charged with murder in connection with the death of his father, S. G. Hinton, near Estelline, August 27, 1932.

When Hinton narrated the events leading to the death of his father he broke down on the witness stand and wept. His defense was based on the claim that his father's death occurred accidentally when the two struggled for a gun after his father had mistreated other members of the family, including the mother.

Wife Of Jack Holt Granted A Divorce Decree In Juarez

HOLLYWOOD, May 9. (AP)—Jack Holt, film star, said today he had received a copy of a decree granted in Juarez, Mex., on April 19, giving his wife a divorce on grounds of incompatibility.

Oklahoma Oil Men On Strike

Cost Of Production Strike Is Launched By 26 Oil Companies In Oklahoma City Field On Tuesday

OKLAHOMA CITY, May 9 (AP)—A cost of production strike was launched today by 26 oil companies operating 218 wells in the Oklahoma City oil field.

Representatives of the companies agreed last night to sell no more crude at the present price of 29 cents a barrel and asked Governor William H. Murray and the state corporation commission to take whatever steps they deem wise to lift the industry out of its low price bog, attributed to the flood of East Texas oil.

Prices Are Met

Meanwhile, vritually every purchaser of the Mid-Continent area had met the 25-cent price, only Magnolia having failed to post the reduction from the previous gravity range of 29 to 52 cents.

J. Steve Anderson, who called the meeting here, praised the cooperation of his fellow Oklahoma oil men and said:

"It is not fair to permit East Texas to produce 750,000 or 800,000 barrels of oil a day when the nation's consumption is only 2,000,000 barrels a day. Texas had been allocated 800,000 barrels a day for all its fields, yet one single field is taking all the state's quota."

Made At Conference

The quota, he said, was assigned at a Tulsa oil conference two months ago when assurances of $1 a barrel oil were given if the nation's daily average production were reduced to 2,000,000 barrels a day.

Purchasers, he said, are willing to pay better prices if the market is stabilized.

Failures For April Decline

Only 43 Bankruptcies Shown Last Month For Texas; Is Smaller By One-Third Than Same Month Of Last Year

(Special To The Avalanche)

AUSTIN, May 9—Continuing the good showing which has characterized the record of commercial failures in Texas since early fall last year, only 43 bankruptcies were included in the weekly reports to the University of Texas Bureau of Business Research. This number is smaller by more than a third than that reported for April, 1932, 69, and there are only three cases since 1920 when the total number of commercial failures in April was smaller than it was this year. That the April total is greater by 34 per cent than the small total of 32 reported for March may be attributed to the fact that the March total was unprecedentedly low. This increase is considerably larger than the usual seasonal gain.

"Total liabilities owing by the bankrupt firms were $440,000, only a trifle more than a fourth of the total for April a year ago, $1,624,000, and substantially below the $569,000 reported for March, 1933," the bureau's statement said. "This decline is reflected in the average liabilities per failure record, which was only $10,233 for April, as compared with $17,781 in March and $23,536 in April a year ago.

Creditors Realize Little

"The only disheartening feature of the report was that on the basis of assets on the books of the bankrupt concerns, there was available for creditors only 28.4 cents on the dollar—and creditors are not likely to realize the book value of the assets. In March, 50 cents on the dollar was available for creditors and in April a year ago, 45.1 cents.

"Seven of the April failures were groceries and meat markets, five were women's specialty shops and dry goods and apparel stores; four were drug stores, and the remainder were distributed over a large number of different types of business.

"No failures were reported with liabilities as high as $100,000. As a matter of fact, the highest total liabilities reported were only $46,000."

Special Amplifier To Be Used By Waldman's Orchestra Here

In order that voices of his feature vocalists may be heard throughout the entire hall, Herman Waldman will use a special sound amplifier system in his orchestra's appearance at the Dance palace Saturday night. Waldman's orchestra is to be here Saturday and Sunday only, playing at the Hilton during meals Saturday and Sunday and at the dance Saturday night.

Featured vocalists of the orchestra are Miss Doris Becker, blues singer; Red Mills, Bob Harris, famous for his arrangement of Lazy River, and Barney Dodd, novelty singer. Solo, trio and quartet numbers will be given.

The orchestra is making a tour of West Texas after having completed long-time engagements in Baker Hotels at Dallas and San Antonio.

Standard Oil Will Release Employes Up To 60 Years

NEW YORK, May 9 (AP)—The Standard Oil company of New Jersey announced today that effective July 1 all male employes at the age of 60 years would be retired from active service. This rule can be modified, under special conditions, to retain employes up to the age of 62.

Approximately 900 employes will be affected by the new policy. The action was taken because the company finds itself overstaffed despite its adoption of the five day week.

She Reigns As "Miss San Angelo"

Miss Jane Schneemann, of San Angelo, daughter of Mrs. Maggie Schneemann, has been chosen to represent that city in the Court Of Nations to be staged at the annual West Texas Chamber of Commerce convention in Big Spring on May 11, 12 and 13.

Texas Government Head States That New Deal Resembles State Socialism

FORT WORTH, May 9. (AP)—Dr Caleb Perry Patterson, head of the department of government of the University of Texas, told the convention of the State Medical association today that "this new deal announced but never explained looks to me like state socialism."

Dr. Patterson spoke on the three types of collectivism, which he listed as socialism, fascism and communism. His speech followed the annual address of the association's president, Dr. John H. Foster of Houston.

Detroit Man Speaks

The third speaker on the morning's general program was Dr Henry F. Vaughan, commissioner of health of Detroit.

"There is a drift toward executive government," warned Dr. Patterson. "That means collectivism—fascism."

He explained that he was not criticising, but explaining, the drift of the government in this country.

"We see today," he said, "a period of great doubt as to the effectiveness of parliamentary government. We have seen its failure to meet the situation in England. We have seen its death warrant signed at Washington recently.

"Almost as sure as I am standing here, I believe you presently will see a national economic council to look after—as the president says, to cooperate with—big business."

Warning of the drift of government toward one of the forms of collectivism, Dr. Patterson declared "I stand for all the individualism that can be efficient."

Brown Elected Cemetery Head

L. C. Denton And O. L. Slaton Are Chosen As Directors Of Association At Meeting In City Tuesday

The Lubbock Cemetery association elected P. F. Brown as president, L. C. Denton as director succeeding Warren Bacon, and O. L. Slaton as director to succeed himself Tuesday afternoon in the district civil courtroom here. M. C. Abernathy was chairman of the meeting, attended by more than 70 persons. Terms of those elected are two years each.

Two of three proposed amendments to the association's constitution were adopted. One provided an adult member of a stockholder's immediate family could vote in his absence at a stockholders' meeting; the other that day of the regular meeting for election of officers be changed from the second Monday in February to the second Tuesday in May.

Two Holdover Directors

The association has two holdover directors, Mrs. J. S. Johnson, who is secretary, and Mrs. Fred Stubbs treasurer.

Raleigh Martin, Earl Davis and Mrs. Ed Vaughn were the committee counting votes, election of Mr. Denton being by ballot, there being two other candidates. Election of Mr. Brown, who was acting president, and of Mr. Slaton, who was completing another's unexpected term, were by acclamation, neither having opposition.

Deportation Proceedings Open Against Santone Man

SAN ANTONIO, May 9 (AP)—Deportation proceedings have been started against Jacob Shaffer, organizer of the San Antonio unemployed Council and a leader in the communistic opposition party of Texas, it was learned here today from Shaffer.

Shaffer was once a member of the Communist Party of Texas but later became a leader in what is known as the opposition group. The labor leader said the party had divided over the question of tactics.

Shaffer said that he had been in the United States for the last 27 years, coming to America from Russia when he was 20 years old. He is the father of two children.

BOYS ARE CHARGED

VERNON, May 9 (AP) — Pete Thomas and Eldridge Brashear, both 18, were charged with theft of horses today and were bound over to the grand jury on $1,000 bond in each case. The boys were arrested after a chase at Lake Kemp.

Flier Is Wed

Yuma, Ariz., May 9 (AP)—Ruth Elder, well known flier and screen actress, and Arnold A. Gillespie, assistant art director of a Culver City movie studio, were married here today.

Agriculture Will Feature Display

BIG SPRING, May 9.—The Lubbock Chamber of Commerce has entered an exhibit at the West Texas Chamber of Commerce convention in Big Spring, May 11, 12 and 13. The exhibit will feature the educational distribution and agricultural advantages of Lubbock, and will be entered in the competition for the cash award of $15 for attractiveness and effectiveness.

Other cities that have entered exhibits include, Spur, Pampa, Dalhart, Anton, Pecos and Graham.

TO TREAT HIGHWAY

MATADOR, May 9 (Special)—The state highway department has appropriated $6,435.10 for oil treatment of highway 28, Judge W. R. Cammack, county judge, has been advised. Oil treatment probably will start on the new construction of No. 28 from Matador east to the Cottle county line.

Navy Transport Leaves For Tangku; Supplies On Board

SHANGHAI, May 9 (AP)—The U. S. navy transport Henderson sailed today for Tangku, 30 miles east of Tientsin, after abandoning its usual call at Chinwangtao because of renewed Sino-Japanese hostilities in that region.

The ship is carrying supplies and replacements for the marine guard at the United States legation in Peiping.

APPOINTMENTS MADE

OKLAHOMA CITY, May 9 (AP)—Appointment of J. S. Askew of Oklahoma City as state conservation officer and reappointment of E. Hicks, jr., as corporation commission secretary was announced today by commission members. The appointments will become effective May 15.

More than 1,000 witness fees ranging from $1 to $10 are unclaimed in Mecklenburg (Charlotte) county, N. C. They have accumulated since since 1924.

American Students Protest Injury In Anti-Jewish Riot

VIENNA, May 9 (AP)—Nine American students filed protests at the American consulate today, saying they had been struck by Nazi's in anti-Jewish rioting.

The complainants were listed as Isador Goodman, Henry Zanes, Nathan Shapiro, David Weinstock, Harry Diener, Harold Reilert, Maxwell Silbermann, Eli Starr and Leonard Perlmutter.

The disorders started at the Vienna anatomical institute, where a dozen persons were injured, and later involved the university.

The campus cop at the University of California now drives a radio-equipped car.
