RAIL MEN REJECT WAGE CUT

MOVEMENT OF WHEAT HEAVIER THAN EXPECTED

Railroads Report Shipments Aggregate Greater Tonnage Than Preparations Anticipated.

Average of 150 Cars Daily Handled by Southern and Denver Roads Through District.

Local railroad offices report a much heavier movement of wheat than had been anticipated, said to be due to the fact that in many points the farmers are loading the wheat directly into the freight cars from the fields without it being handled through elevators.

An average of 150 cars of wheat a day is being maintained on the Fort Worth and Denver and Wichita Valley, according to reports Tuesday, and the other roads serving this district are having a similar heavy business. At this rate the surplus of cars is expected to be used up before long.

A shortage of wheat cars is a possibility, railroad officials say, depending upon whether the cars are handled with dispatch at the loading points and returned on time to the points of origin.

Not only are the railroads doing a good busines in wheat movement, but a general increase in all lines of freight business is reported.

Oil is one of the items which has shown an increase in export lately, several full trainloads of oil being shipped out of this district in the past few days.

MEXICAN OIL FALLS TO NEW LOW QUOTATION

By Associated Press.

NORTH RANDALL, Cleveland, July 5.—Eunice Bell, Tim Murphy's Peter Veto Filly, had no trouble winning the Fasig Sweepstakes for three year old trotters, the features of today's grand circuit race card. Murphy took the juvenile out in front in both heats and the result never was in doubt. Walter Cox's Marge the Great finished second in both miles, the rest of the field never was close up.

The second division of the 2:12 trot furnished the most exciting finish of the afternoon. Grey Worthy, driven by Walter Cox, won after four strenuous heats.

"Pop" Geers, the veteran Memphis driver, drove his first winner of the season, Lillian Silkwood, in the 2:10 class pacing.

DESPONDENT MOTHER KILLS BABY DAUGHTER

SPOKANE, Wash., July 5.—Mrs. Irene Weber today shot and killed her two-year-old daughter as she slept. She then called her husband from his work and went to the police station with a friend of the family and told the officers that she had intended to kill herself also but could not. She had written a note to her husband telling him "not to bother us, Joe, but go on being happy." It was said her health was failing. She is held on a charge of murder.

BATTLE ON OIL TARIFF WILL BE CARRIED INTO CAUCUS OF REPUBLICANS

By BASCOM N. TIMMONS
Record News Staff Correspondent

WASHINGTON, July 5.—The battle over the tariff on crude petroleum will be carried to the Republican caucus here Wednesday night, and both opponents and proponents of the petroleum schedule today were of the impression that the caucus will be of far reaching importance. Republicans are anxious to thresh the petroleum matter out in caucus and determine their floor action.

One reason for this is that they do not want the Democrats to determine the matter.

With the Republicans divided on the proposal as they are at present the Democrats by voting anywhere near solidly on the petroleum schedule could swing the issue their way. The Republican house majority is more than the Democrat house membership.

Thus, if the Democrats finding the Republicans somewhere nearly evenly divided were to join with one G. O. P. wing and vote the 25 cents on fuel and 35 cents on crude, which is admittedly nearer a tariff for revenue than a protective basis, it would be hailed as a partial tariff for revenue victory in a Republican written bill.

If on the other hand the Democrats joined with the anti-petroleum tariff Republicans and put it on the free list they would go before the country and tell the farmers that the little Democratic band had succeeded in saving at least one item.

Democrats May Gain

Republicans admitted that there is too much chance for the Democrats to gain an advantage if the matter goes to the floor with the Republicans divided as they are at present. This is just what the Republicans are seeking to avoid; therefore, they will seek to settle the matter among themselves.

An attack from a new source is manifesting itself against the tariff. This is from eastern refiners who assert that a tariff on oil without a tariff on gasoline will build up refining in Mexico to the destruction of eastern refineries. This attack is coming principally from New Jersey.

New Jersey Fighting

It is pointed out that oil refining is New Jersey's leading industry, though it does not produce oil. These eastern refiners say that not only will the tariff lead to an increase in Mexican refining and the flooding of this country with gasoline duty free, but it will divert directly from Mexico to Europe the oil now coming to the United States, thus throwing out of employment men employed in American ports; cripple the American merchant marine and give England's merchant marine a big boost.

The mid-continent representatives have answers to all these charges and will present them at the proper time.

NEFF SCORES OFFICERS FOR LAWLESSNESS

Governor Declares Saloon and Pool Hall in One County Wide Open Under Sheriff's Protection

AUSTIN, July 5.—Governor Neff declared today before the Rotary Club that in a certain county of Texas a saloon and several pool halls are running wide open under the protection of a deputy sheriff of that county. He also said that if it was not for the federal officers Texas would have no law enforcement in that county and a number of others.

The governor's speech was made in behalf of his law enforcement program which he intends to submit to the special session of the legislature. In referring to law enforcement the governor said that the federal officers in Texas enforced entirely the prohibition laws enforced.

The governor cited statistics on the suspended sentence law and showed why he thought it should be repealed. The Johnson enforcement bill, the bill that proposes to give the governor more power in removing officers in Texas, was discussed by the governor.

REPUBLICAN BANKS BREAK ON TARIFF

By Associated Press.

WASHINGTON, July 5.—A break in the ranks of republican members of the house ways and means committee, who drafted the tariff bill, came today with the making public by Representative Frear of Wisconsin, of a minority statement charging his colleague with disregard for party pledges and assailing them for proposing "fundamentally indefensible" provisions and rates of duty. The statement will be filed along with the majority report of the committee, which, it is expected, will be submitted to the house tomorrow.

Mr. Frear's attack, while predicated on the "atrocity" of the dye control provisions, embraced many other features of the bill. The Wisconsin member declared the rates of duty to be excessive in scores of instances and added they would lead to exactions by "trusts and monopolies" thus increasing the burden the people must carry.

Mr. Frear referred to the argument that protection for the dye manufactures was necessary for national defense and asked why it was necessary to assume that the nation would be thrown into a great war and at the same time to grant practically exclusive rights to dye manufacture to a recognized monopoly.

"Protection, the keystone of republican doctrine, is thrown to the wind in the chemical dye schedule," Mr. Frear said.

The question on which must be decided by republicans in congress, he added, was "can the bill, as drawn, be defended?" Its critics, he contended, would disclose how far it exceeds strictly productive lines in a revenue way and where it becomes prohibitive.

GIRL PURCHASED POISON SHE TOOK LIFE WITH, HE SAYS

By Associated Press.

CORUNNA, Mich., July 5.—Lucy Wittum purchased the acid which caused her death, under the belief that it was to be used to make noiseless the motor of the automobile in which she and Forrest Higgins, her farm boy sweetheart, were to elope, according to the testimony at the trial of Higgins, here today for her alleged murder.

Emma Wittum, 15 year old sister of the dead girl, testified Lucy had shown her a dollar and told her Higgins gave it to her for the purchase of "carbolic acid gas" to make the engine of his automobile run quietly when he came to elope with her. Other witnesses have been examined.

MESSENGER BOY BOWLED OVER BY CADILLAC CAR

Coming upon him from behind as he was returning to town down the Ninth street hill between Travis and Austin, a Cadillac car bowled over Paul Hopkins, Western Union messenger boy, early last night.

The boy was thrown into a car which was standing still. His bicycle has one rim broken and the fork was damaged, but the boy escaped with minor bruises to his face and body.

The driver of the car did not stop nor attempt to offer aid, the boy reports.

A GRAVE THEFT

BIRMINGHAM, Ala., July 5.—However pitiful a tale of woe may be advanced and regardless of the urgency of action, T. A. Ridout, undertaker, is not going to take anybody's check for a coffin—especially when some change is forthcoming.

J. W. James' baby had died, the banks were closed, and a coffin was needed by the next express. Ridout obligingly took his check for $75 and gave him change from a $50 coffin. The coffin was unclaimed and Rid out is out $25.

OHIO'S "SAM McGEE"

MARTIN'S FERRY, Ohio, July 5.—With the mercury in the 90's and trying to make 100, a man walked through the business district here wearing an overcoat.

He had the garment buttoned closely about his neck.

The spectacle almost halted traffic.

KELL SAYS U. S. SHOULD AID COWMEN

Local Financier Asserts Bankers' Pool Will Not Suffice to Lift Stockmen Out of Mire.

Urges Federal Assistance to Supplement Money Being Raised by Private Enterprise.

Those in charge of the fund being floated for the relief of the cattle industry will have to shut their eyes to the security offered by the cattlemen and proceed simply on the grounds of assisting the cattlemen without the necessity of depleting their herds, Frank Kell declared Tuesday in expressing the opinion that the present bankers' pool would not meet the situation without radical steps toward the same end by the government.

"The present plan is designed as a commercial banking transaction, with ample security, and with loans for a term of six months, with an implied moral obligation for renewal for a similar term or two. This I find to be in the minds of the bankers after a recent talk with one of the two New York bankers who represent the banks of that city who are subscribing to half of the fund.

Security Not Available

"But a commercial banking transaction will not suffice. It is not those of us who can finance ourselves, or who can offer negotiable security, who need to be helped.

"It is the fellow who already has his herds pledged for more than they will bring on the market and who must have a little more rope to attempt to pull through, who needs the aid. It is their herds which will be sold out and their ranges which will be depleted, if help does not arrive.

"Now, it is too much to expect the banker to step in and handle a situation like this, for he will run a greater risk than he should be expected to in this connection.

"It is up to the government, operating either through a corporation such as the war finance corporation, with liberalized conditions, or through such a pool as is now being organized, with a guarantee by the government against loss, to handle this situation if any help is to be given the cattlemen.

Government Should Aid

"And it is the government which should step into this situation and not private enterprise. For it is the whole people who will lose in the end if aid is not extended and the herds saved.

"If the herds are alowed to be depleted the next three or four years would develop a serious meat shortage, making the importation of meat a necessity and compelling all the people to pay a higher price for their meat.

"And it is the government's money, which is that of all the people, which should meet the present situation and save all money in the end.

"In saying that these loans should be made regardless of the security, I exclude the steer cattle above one year of age. These steers should carry themselves. But it is the cows, the heifer yearlings, the steer yearlings and the calves which should be saved through government effort, to the end that herds not be depleted and the future meat supply of the country cut down."

TAR AND FEATHER FORT WORTH MAN

FORT WORTH, July 6.—A man wearing a coat of tar and feathers was dropped from a speeding automobile in the downtown business district here at 12:20 o'clock this morning. Forty minutes earlier a mob of masked men took a man and woman from an automobile and whisked them away. The victim of the mob has not yet been identified.

WASHINGTON, July 5.—The division of dreadnaughts which will take the American commission to the celebration of Peruvian independence will leave New York July 9 and will consist of the oil burning dreadnaughts Arizona, as flagship, the Nevada and Oklahoma, it was announced tonight at the navy department.

The vessels will arrive at Callao, Pern, July 24, the day of the celebration, and will remain one week.

SCORES CONGRESS FOR POLICY TOWARD DISABLED

By Associated Press.

WASHINGTON, July 5—"Former service men" are lying today in substantially the same deplorable condition as they were found upon the field of battle, National Commander Robert S. Marx of the Disabled American Veterans of the World War, asserted today before a senate committee investigating government agencies dealing with former service men.

"There has never been a definite plan of hospitalization for our men presented by the United States Public Health Service," he continued.

TENANTS DOUBLE UP AND FOOL LANDLORD

By Associated Press.

KANSAS CITY, Mo., July 5.—Leading realty men of this city predict a reduction of at least 15 per cent in rental costs early this fall.

"I believe we are on the eve of a rent reduction. Especially do I believe this will be true of apartments. I look for lower rents in the fall," said John A. Moore, of the Rieger Moore Realty company.

"People are doubling up with other families to dodge the excessive rents. Others are taking roomers—roomers who would rent a house or apartment if rents were lower. This condition has resulted in our having a number of vacant apartments on our lists.

"I am led to believe that landlords will be willing to accept lower rentals in the fall," he added.

SENATOR RESIGNS

By Associated Press.

WASHINGTON, July 5.—Senator Wolcott, democrat, Delaware, resigned from the senate today to accept the chancellorship of his state. His term would have expired March 4, 1923.

GENERAL CHAIRMEN VOTE NOT TO ACCEPT REDUCTIONS

By Associated Press.

CHICAGO, July 5.—The responsibility for accepting the wage reductions that went into effect on all railroads in the country on July 1, cannot be accepted by the general chairmen representing the brotherhood of locomotive engineers, brotherhood of locomotive firemen and enginemen, orders of railway conductors, brotherhood of railroad trainmen and the switchmen's union of North America, the general chairmen of these organizations voted today.

The general chairmen adopted resolutions declaring that no later than September 1, the entire matter should "be referred to the membership through the various general committees for acceptance or rejection.

The general chairmen also authorized their chief executives to make arrangements, if possible, to meet a committee of railway executives to be selected to meet a sub-committee of the five organizations, "to consider and if possible adjust all matters in controversy."

The chief executives and committees that are handling these matters for the five organizations were directed in the resolution "to clearly place the representatives of the railway corporations on record as to whether or not they will request further decreases in rates or compensation, the abolition of schedule rules or regulations, or the elimination of time and one half."

Ballot Impartial.

The resolution further stated that "the ballot, when submitted to the men shall contain an impartial and unbiased recital of all that is involved and the wishes of the men as expressed by ballot shall determine the matter, in accordance with the laws of the respective organizations."

Announcement was made that the resolution will be considered by the properly constituted authorities of the other standard recognized railroad labor organizations and that it was expected they would announce their position within the next forty-eight hours.

The resolution said that the general chairmen were "required not only to consider a wage reduction, but in many instances railroad officers have served notice of their intention to abolish time and one-half for overtime in road freight and yard service, and in addition thereto to revise schedules for the benefits of the railroads by abolishing many rules and conditions, which in the aggregate mean the loss of much money and the creation of less favorable conditions for the various classes of employes.

"DOUGHNUT" GIRL TO WED OFFICER

Miss Irene McIntyre.

Miss Irene McIntyre, the Salvation Army girl who helped win the war with her home-made doughnuts, soon will become the bride of Lieut. Robert E. Waldridge of New York, according to reports. The romance began in a Salvation Army hut in France. Miss McIntyre's father is head of the New England district of the Salvation Army.

HUGHES HAS CONFERENCE ON WAR END

Discuss Resolution Ending Hostilities With President Harding.

By Associated Press.

WASHINGTON, July 5.—Secretary Hughes conferred late today with President Harding upon the latter's return from Raritan, N. J., where he had spent the week end, but no announcement was made concerning the subject of discussion. It is understood, however, that the question of issuing a proclamation supplementing the congressional resolution ending the state of war with Germany and Austria was considered.

There were indications that before a decision is reached in the matter the attorney general may be asked for an opinion as to whether it is necessary to issue such a proclamation to protect the government against any claims arising out of the war, or to terminate wartime legislation.

JAPANESE WOMAN CLAIMS YELLOW PUPILS BRIGHTEST

By Associated Press.

TOKIO, July 5.—Miss Shihuki Wantanbe, daughter of a well known Japanese exporter in San Francisco, who has returned from the United States maintained in a press interview that Japanese children in America are much more intelligent than the American children.

Miss Wantanbe, who spent twenty years in the United States said:

"Japanese children who attended school in San Francisco generally have better school records than the American children. That may be partly due to the fact that they study hard, so as not to fall behind the others, but it seems to be generally believed that their brain is better."

SHOT TO DEATH WHILE RETURNING FROM DANCE

By Associated Press.

TEXARKANA, Texas, July 5.—Miss Callie Howell was shot and instantly killed last night about midnight near Bowie Hill in Cass county while returning from a dance at Coldstone Bluff.

Two men, S. C. Rodgers and E. G. Cowley, brothers-in-law, both employes of the Bowie Hill Iron Works, have been arrested and will be given a hearing at Queen City tomorrow.

SPANISH PREMIER STAYS IN OFFICE

By Associated Press.

MADRID, July 5.—In the course of a conference with Senator Allenda Salazar, King Alfonso expressed confidence that the premier, who earlier in the day had presented the resignation of his cabinet, would be able to carry on the government, and asked him to consider for 24 hours whether he would be able to constitute the ministry. The premier consented to make a further effort to reunite the dissential groups in the cabinet.

CHOOSE MEN FOR TRIAL OF MRS. KABER

Possibility Is Remote That Woman Juror Will Be Selected.

By Associated Press.

CLEVELAND, July 5.—Chances for even one woman to sit on the jury that is to try Mrs. Eva Catherine Kaber for the murder of her husband, Daniel F. Kaber, two years ago, were remote tonight.

Eleven men were in the tentative panel tonight. There were six women and six men in the tentative panel soon after court reconvened today. All six women later were excused by peremptory challenge of Mrs. Kaber's counsel. The defense had six peremptory challenges left when court adjourned for the day, and the state two. Of about 40 prospective jurors from which to complete the panel, there are only two women. Judge Maurice Bernon announced that he expected the jury to be completed tomorrow.

PRODUCTION TAX ON OIL $400,000 IN OKLAHOMA

By Associated Press.

OKLAHOMA CITY, July 5.—Gross production taxes on oil in Oklahoma will amount to $400,000 this year, compared to $1,300,000 a year ago, it was predicted today by Frank C. Carter, state auditor. The drop, he stated, is due to the decrease in the price of crude oil and the fact that the state now receives 3 cents a barrel in crude oil taxes, where one year ago it received 7 cents.

MEXICO CITY TO ERECT HUGE HOTEL

By Associated Press.

MEXICO CITY, July 5.—The department of national property has asked for bids on a new hotel here to cost no less than 4,000,000 pesos "modern in construction and decoration, and to be compared with the best in the world." The work is to be finished within two years. The site selected is on a prominent downtown corner and one of the stipulations of the contract is that the second floor of the building is to be used for exhibits of national products.

PREMIER HAS MEETING WITH IRISH ENVOY

South Unionist Confers With Lloyd George Following Discussion With De Valera Monday.

Belief Felt That Action May Presage Tacit Cessation of Provocative Acts of Violence.

By Associated Press.

LONDON, July 5—Conferences between the prime minister, Lloyd George, Earl Middleton, one of the southern unionists who conferred in Dublin with Eamonn DeValera, the Irish Republican leader, on Monday and Sir James Craig, the Ulster premier, and the rival of General J. C. Smuts, the South African premier in Dublin, were the developments today in the Irish political situation, following yesterday's conference in Dublin.

Well informed circles in London are hopeful that the conference between Mr. DeValera and the southern unionists may presage a tacit cessation of provocative acts by the crown forces and Irish Republican army pending the outcome of Mr. Lloyd George's effort to bring Mr. DeValera and Sir James Craig together in a conference here.

On the government side, word has gone forward that raids are to be confined to those on premises where there is good reason to believe munitions are stored. "There is no reciprocal act from the Irish Republican army chiefs so far as the government here has been advised but the impression prevails that both sides are disposed not to embarrass the possibilities of peace."

EXPECT DE VALERA TO MAKE COUNTER OFFER

By Associated Press.

LONDON, July 6.—The parliamentary correspondent of the London Times says that well informed quarters expect Eamonn De Valera to reply to Premier Lloyd George with a counter proposal. While declaring that it is impossible to state the exact Sinn Fein opinion on the subject, he said it has been suggested in some quarters that the Sinn Feiners would prefer if they enter a London conference, to have it called by the king and have a chairman who is not a direct representative of the British rather than Mr. Lloyd George. He adds that it is also suggested that a dominion premier occupy the chair.

Regarding the cessation of fighting he observed that an unofficial truce, "an understanding binding on the leaders and enforced as far as possible on the scattered units," is thought more advisable than formal cessation of hostilities. For some days past, the correspondent asserts, there have been no reprisals, official or unofficial, by the forces of the crown.

EXPECT CUBA'S PINEAPPLE CROP BE 900,000 CRATES

By Associated Press.

HAVANA, Cuba, July 5.—Cuba's pineapple crop for this year is estimated at 900,000 crates, valued at $4,500,000, by port officials, who base their figures on recorded shipments from Havana. More than 500,000 crates have been exported over the ferry ships running between Cuba and Florida, while about 100,000 crates have been shipped to New York.

ADMITS CHOKING GIRL TO DEATH.

By Associated Press.

SPRINGFIELD, Ill., July 5.—Following his alleged confession of killing Beatrice Kincaid, 10-year-old daughter of James Kincaid, a farmer, residing near Westchester, Ill., Sunday night, Ed Mundy, 32, was brought to Springfield today for safekeeping. Mundy was reported to have said he choked the girl and placed her body in a water trough because she screamed when he made advances to her.

OIL INDUSTRY IN BAD SLUMP; MARKET GONE

OKLAHOMA CITY, Okla., July 4. To say that the independent wing of the oil industry of the midcontinent district is "shot to pieces" expresses the situation mildly and prosaically. Inactivity has not been at so low a stage in twenty years. It is next to impossible for operators to get money. A majority of them need it only to pay debts and weather the storm. They have no use for it otherwise, for it would be foolish to drill wells in this period of overproduction and low prices.

Critical phases of the situation are intensified by high prices for labor and material. Otherwise oil of the midcontinental grade could be produced at a profit at a market price of $1.00 a barrel. It was once produced at a profit at 50 cents a barrel. Representative operators who attended the recent sale of Osage oil leases at Pawhuska said that oil can not be produced, profitably, today at $1.75 a barrel, and the present price is $1.00 a barrel.

All Oil Centers Suffer.

All oil centers of the Southwest—among them Tulsa, Oklahoma City, Ohmulgee, Muskogee, Fort Worth, Dallas and Wichita Falls—are, so far as the industry is concerned, exponents of depression and gloom. They are filled with idle operators, lease brokers and promoters, and a great majority of these are without money or credit.

The low market price of crude is causing a loss of millions of dollars a day to operators and royalty owners. The Oklahoma production for two years and more has been around three hundred thousand barrels daily. This now brings $300,000, whereas four months ago it brought more than one million dollars. This means a loss of more than 20 millions dollars a month. Not all this is total loss, of course, for considerable of the oil is produced by big concerns that can run the product to storage and hold it there until the return of high prices. But even these concerns must suffer a loss.

Lack of Demand a Cause.

A lack of demand for fuel oil and kerosene is one of the chief causes for the low price of crude. It is unfortunate for the refiner that he cannot manufacture gasoline without by the same process manufacturing fuel oil and kerosene, for there is a demand for his gasoline. Some midcontinent refineries have closed down because of heavy accumulations of fuel oil and kerosene, having no place to store them for funds from gasoline profits to invest in storage. Reasonable profits on gasoline have had to carry the load of no profits on the other products.

Some Decline to Cut Production.

Independents who entered the oil business in the belief that the crude oil supply of the country was very limited and that demand for its products would continue to increase were slow to be impressed with warnings that came from money centers of the East a few months ago. They neglected and refused to join in any effort to reduce the output of crude, believing that one or two small cuts in crude prices would cause the required readjustment of conditions. But they discovered before long that the eastern propaganda contained some sound, sensible business advice, and the foresighted among them set about retrenchment.

Independents were not alone responsible for this. Standard Oil concerns in several fields apparently made no move to curtail drilling.

Low prices of crude did not operate to the benefit of the refiner, for the fuel oil stagnation still continued. Premiums on crude virtually were done away with and refiners in Oklahoma were favorably affected by a freight rate reduction ordered by the corporation commission. Nearly 50 per cent of midcontinent refineries are inoperative. Some of these had contracts that would have enabled them to resume operations, but uncertainty of conditions did not warrant resumption.

An Increased Demand Coming.

Doubtless there already has set in an increased demand for fuel oil. On the surface this is not manifest. It is in some measure substantiated by a statement of a refiner recently that he has contracted the sale for twelve months of all his fuel oil output at $1 a barrel. He says both his plants will continue to operate on a normal basis by virtue of this contract. Fuel oil lately has sold for 44 cents a barrel in carloads from Oklahoma refineries. A year ago it sold for $2.60 a barrel. Kerosene has gone begging at 2 cents a gallon.

Not a few operators have been at the mercy of land owners from whom they obtained leases. Virtually all lease contracts provide specified dates for beginning operations or completing wells, forfeitures ensuing where contracts are unfulfilled. Not many of them are in a position to do what they might have done twelve months ago: that is, pay the land owner a substantial bonus for a renewal of the lease.

One of the most remarkable phases of the situation is the small number of sales of producing properties. Operators never before hung on so tenaciously or stood off their creditors or bondholders more manfully.

But one thing is certain: thousands of men in the oil business are going to look for other lines of business. They will not take chances on a repetition of the present situation. The industry will be rid of many incompetent and crooked promoters but the good and the competent must suffer with them.

PEDDLER SUSTAINS INJURIES

Knocked from his wagon when an automobile crashed into it at Ninth and Lamar streets early Tuesday morning, P. A. Holmes, aged fruit and vegetable peddler, sustained painful bruises and slight cuts, according to attending physicians.

The automobile, which struck the wagon, was driven by Wright Cox, 15 years of age. Witnesses reported that the accident was entirely unavoidable. Holmes was reported to have been hidden from the view of Wright by a passing automobile, who was driving closely behind another car, and when the car obstructing his view of the wagon passed on he was so near the wagon as to be unable to escape striking it.

Holmes, who was at first thought to be seriously injured, was rushed to the Wichita General hospital in a Hines Undertaking Co. ambulance. He left the hospital at about noon.

LEGION TO HAVE PICNIC LABOR DAY

Discussion of plans for a Labor Day picnic for ex-service men and their families consumed most of the time at the meeting of the Pat Carrigan post American Legion last night.

A motion was adopted complimenting the work of the Ladies' Auxiliary and assuring them of the co-operation of the legion members in their work. The local auxiliary has adopted and is caring for two incapacitated soldiers at the Camp Logan hospital.

Work on the legion clubrooms is rapidly nearing completion. The lounging rooms and billiard table is now ready for use and the dance hall will be completed within a short time.

"ROUGH AND READY" HAD ITS ORIGIN AT WATERLOO

"Rough and ready," an expression commonly applied to persons who are willing, capable and efficient, but somewhat uncouth in their methods has an origin in no way discernible from the phrase itself.

In Wellington's army, during the Battle of Waterloo, was an intrepid colonel whose name was Rough. His first name does not appear in the available records.

Welling selected Rough for a hazardous task that required not only courage but promtness as well. The colonel cheerfully accepted the detail and, acknowledging his quick response, the duke said:

"Rough and ready."

Colonel Rough was so pleased with the compliment from the duke of Wellington that he adopted the phrase as his family motto. Later it became a slogan in the British army, and finally found its way into everyday language.

UNIVERSITY WILL CREDIT MUSICAL WORK TAKEN HERE

University credit for work done in musical history and music appreciation courses in the Wichita Falls high school will be allowed beginning with the next scholastic year, according to information received Tuesday from Superintendent Lee Clark.

The recognition of higher work being done by the Wichita Falls school in music is said to place the local school's music department on an equal plane with the oldest and first high schools of the state. It is also said to be a recognition received by only a few.

Superintendent Clark is taking advanced courses in the summer school at the University of Texas. He expects to receive his degree of Master of Arts during August.

POPPIES GROW IN JERSEY FIELDS

"In Flanders fields the poppies grow," but not only in Flanders fields. Over in the Federal Ship Building Company's yards in Kearny, N. J., French and Belgian poppies bloom with the same brave colors they showed on the battlefields overseas. How did they get there? Well that's a long story.

Remember when our troop ships were speeding over the waters guarded by destroyers? And when other vessels were making the trip carrying food and other supplies to the armies overseas? Well, no troops were homeward bound in those days, but the vessels did not come back with empty holds.

Instead as balast they used soil from Belgium and France.

What to do with this ballast when the ships touched New York was a problem until officials of the shipbuilding concern in Kearny asked for the soil for filling in purposes. As a result more than one hundred large loads were transferred from transports docked in Hoboken and carried to the yards, where the soil was used to fill a sort of trench caused by the removal of a pipe line. And there the poppies have been blooming for more than a year unnoticed, except now and then by a passing ship worker. Intermixed with the blood red poppies are French daisies, their petals blunter than the American variety, and with several blossoms growing from each stem.

A mouse in a girl's silk stocking is worse than two in her hand.

SENATE TURNS DOWN BILL TO TAKE VACATION

By Associated Press.

WASHINGTON, July 5.—The senate today rejected, 28 to 24, a concurrent resolution offered by Senator Lodge of Massachusetts, the republican leader, proposing a four week adjournment of the senate from July 9 to August 8.

Sixteen republicans voted against Lodge's resolution and five democrats—Glass, Virginia; Robinson, Arkansas; Underwood, Alabama; Walsh, Montana, and Williams, Mississippi, supported the republican adjournment plan.

The proposal by Senator Lodge that the senate adjourn to await house action on the tariff bill threw the senate into hours of debate with the temperature close to the 100 mark.

A number of republicans and democrats, principally those of the agricultural "bloc" demanding farmer relief measures, opposed the adjournment, while Senator Underwood of Alabama, the democratic leader, and others supported it, declaring that congress could get a summer respite at no other time, with tariff and tax legislation coming on next month.

During the debate there was some discussion of progress made by the new congress. Senators Fletcher of Florida and Simmons of North Carolina, democrats, charged that the republicans had not kept their campaign promises. Senator New, republican, Indiana, replied that congress could not be charged with being dilatory with the tariff and tax legislation, citing the history of past fiscal bills ranging from 6 to 9 months.

Senator Underwood said the republicans had not yet had time to mature their financial legislation, but urged that tax revision be expedited.

In the midst of the debate, large palm leaf fans were distributed.

Chairman Norris of the agriculture committee, urged action on his farm productions export corporation measure, while Senator Sterling, republican, South Dakota, in charge of the Willis Campbell anti-medical beer bill, and Senator McCumber, republican, North Dakota, chief proponent of the soldier compensation measure, urged consideration of their legislation.

Senator Kenyon told the senate its duty was to stay in sessions, although he added "it may be more pleasant for members to sit on the cool porch of some summer hotel to pursue the furtive golf ball, or to partake of a Volstead highball."

Declaring the situation of the farmers to be serious, Senator LaFollette, republican, Wisconsin, advised senators from agricultural sections not to go home even if an adjournment were taken for he said "you will be happier sweltering here in Washington."

UNABLE TO FIND FIRE

Failure to turn in the fire alarm correctly and lack of water pressure is given as the cause for the total loss of a small house at 104 Adams Street last night about 9 o'clock. The house was partially covered by insurance. All the household furniture was saved from the structure.

The fire department was completely at a loss to locate the fire on account of improper directions when the fire was turned in.

Fire Chief McClure asks that the public be careful in turning in an alarm and be sure that the proper location of the fire is mentioned.

The house was destroyed before the firemen reached it, efforts to put it out were futile due to no water pressure. The house belonged to Roger Mills. It was valued at $1,000 with $600 insurance on the building.

No cause for the fire could be ascertained. Mr. Mills and his family were at church when it occurred.

POP CORN VENDOR ROBBED OF $20

T. A. Black, popcorn vendor at Havener Park, was robbed of about $20 in small bills and silver Tuesday night, according to reports made to the police.

The money was reported to have been taken by someone of a party of men, while other members of the party engaged Mr. Black in conservation.

They were reported to have made their escape in an automobile.

REFUSES TO WORK, BUT DANCES PRETTY

KANSAS CITY, Mo., July 5.—This narrative deals with the "meanest" man.

Her face registered extreme weariness; her shoulders were stooped, and she looked as though she would soon drop from sheer exhaustion, as she walked into the office of W. J. Burke, attorney for the Free Legal Aid Bureau.

"My husband has not worked for months," she started, on one of the common "regulation" pleas which are heard daily at the bureau. "He is a plumber and able to work.

"I work to support my three children and keep them in school. I prepare lunches for them to carry, and my husband takes their food. I do not want to sue him, because of the children, but I am at the end of the road.

"Last night he wanted to go to a dance, as usual. I had only one pair of silk stockings—the first I ever owned. He found them and cut off the tops, so he could wear them to the dance."

The attorney told the woman to secure a non-support warrant.

Played "Exodus" Without Keys.

CADIZ, Ohio, July 5.—Walter Scott, of Alliance, played steadily for several days on an organ placed in the corridor of the county jail by the Salvation Army.

One morning Scott and George Reed, of Byesville, were not to be found.

An investigation by the prison officials disclosed that the organ had been utilized to deaden the noise created by using a section of a radiator in digging through the jail wall. The missing prisoners escaped through the hole in the wall.

AUXILIARY ASKS HELP FOR TICKETS

Volunteer workers among the women and girls of the Woman's Auxiliary to the American Legion or any others interested are much desired by the entertainment committee to take part in the sale of tickets for the Auxiliary Benefit to be given Monday, July 11, at the Olympic Theater. Anyone who will give the auxiliary this assistance, whether they are members of the unit or not, will be doing a bit of service that will be much appreciated, and for information and the tickets for sale, are asked to call Mrs. D. O. Long, chairman of the entertainment committee, whose telephone number is 2478.

Those who desire tickets for this benefit may have them delivered to them at their homes or anywhere desired, it is further announced, by calling Mrs. Long, number given above; Miss Willie May Kell, No. 5125, or Mrs. Everett Jones, No. 2038. The auxiliary will receive one-half of the proceeds of all tickets sold by members, but patrons of the show, to assist the unit, must buy their tickets from the auxiliary members.

Several theater parties are understood to be planned for the day and a patrons' committee has been named consisting of Mrs. Carter McGregor, Mrs. John Gould and Mrs. John W. Naylor.

ENGLAND WILL FLOAT ISSUE OF CERTIFICATES

By Associated Press.

LONDON, July 5.—Sir Robert Horne, chancellor of the Exchequer, announced in the house of commons today that he had decided to offer for subscription an issue of 5 1-2 percent treasury bonds maturing April 1, 1929, with the price of issue fixed at 97.

The prospectuses, the chancellor said, would be issued July 11. No definite amount for the loan would be specified he added.

It is understood the issue of the cash loan announced by Sir Robert has for a long time been contemplated by the Exchequer. After allowances for depreciation and the payment of death duties by war bonds, about three hundred million pounds of obligations will mature during the course of 1921 and early in 1922, of which 82,000,000 (million) pounds are in the United States and Canada.

During the next five years England has heavy maturing obligations. They form the black cloud on the financial horizon and the government is anxious so far as possible to clear away this embarassment.

GRAFT BEEF BONE INTO "FUNNY" BONE

LONDON, July 2.—The case of a girl eleven years old who had a gap in her humerus (the bone of the upper part of the arm) filled by a boiled beef bone is described by Dr. C. W. Gordon Bryan in the Lancet.

A piece of bone cut from the leg of an ox, boiled for forty-eight hours, shaped and drilled with holes was inserted into the gap and secured with pegs. The muscles were stitched round it. A plaster cast was applied to the limb. In three weeks the beef bone was firmly united and the patient left the hospital a month later.

A few weeks after the girl had full use of her arm.

A Timely Talk.

BOSTON, July 2.—Love in a cottage was contrasted to misery in a castle by Dr. A. Z. Conrad, preaching at a local church. "Better calico-clad exuberance than silk-clad defection. Better a dollar watch ticking out moments of happiness than a diamond-studded chronometer measuring out moments of misery," philosophized Dr. Conrad.

SAYS OLD NEW ENGLAND IS FAST DISAPPEARING

BOSTON, July 5.—Women's present-day dress and bootlegging are blamed for the increase in crime in this state by Chairman Frank A. Brooks of the board of parole.

During the year ending June 1, it was announced, 2,990 persons were committed to penal institutions of the state, an increase of 691 over the previous year.

"Bootlegging and women's present-day dress, which turns our streets into burlesque stages, are the principal causes for this increase," said Dr. Brooks.

"Marriage has become a joke. Young men steal to gratify the craving for luxury of modern women. Discipline has broken down. The old New England home is fast disappearing."

OZARK PIRATES

CONWAY, Ark., July 5.—Moonshiners have come down from the hills in a sort of a piratical effort to escape the provisory penalties for non-observance of Volsteadism. The latest is a complete liquor-making device on a floating raft, securely chained to a Cypress "knee" in a dense canebrake on Grassy Lake, eighteen miles south of here.

Revenue officers rowed far out into the canebrake and confiscated the booze plant, along with forty gallons of "mash," while the thirsty patrons of the cache-owner are awaiting delivery of the "next consignment."

FOUNTAIN OF YOUTH

BOSTON, July 5.—Boston Common's famous old "swimming hole," better known as the Frog Pond, is again open to the city's youngsters for paddling purposes. A new concrete bottom has been installed, transforming the pond into a basin.

From the Other World.

"I understand you have some excitement at your fishing camp?"

"Several of the more superstitious brethren who had been sampling a little 'moonshine' thought they heard ghostly voices borne on the night air."

"Imagination, I suppose?"

"No, it was a phonograph on a passing houseboat."—Birmingham Age-Herald.

HOLD BRADLEY ON CHARGE OF EMBEZZLEMENT

FORT WORTH, July 5.—J. H. Bradley, wanted here on a charge of embezzlement and who was arrested yesterday in Memphis, Tenn., on the charge of being a fugitive from justice, is en route to Fort Worth in custody of an officer of Shelby county, according to a telegram received Tuesday afternoon by Jim Hardcastle, chief deputy of Tarrant County, from Sheriff Perry of Memphis.

The officer left with Bradley Tuesday night, the telegram stated, and will arrive in Fort Worth Wednesday morning.

Hardcastle said Tuesday that Bradley was wanted here on a criminal charge of embezzling $2,000 from Mrs. Dorsey Parry. An indictment was returned against Bradley, who was formerly an oil operator, in June.

Mrs. Parry filed a breach of promise suit against Bradley in the 17th district court and also sued him for $25,000 actual damages and $20,000 exemplary damages.

In the petition Mrs. Parry stated that she and Bradley agreed to marry in Los Angeles in January, 1919. She later came to Fort Worth, she stated, and they were engaged to be married. In December, 1920, she suspected that Bradley did not desire to marry her, she said.

Mrs. Parry stated that she loaned Bradley a total of $6,500 to invest in his business, which would be mutually beneficial to both of them.

KARAMURSAL OCCUPIED BY GREEK FORCE

By Associated Press.

ATHENS, July 4.—The Protevousha says it learns from Smyrn today that the Greeks have again occupied Karamursal on the south shore of the Gulf of Ismid and that another Greek column has occupied Isnik midway between Ismid and Brussa.

The occupation of Isnik means that a junction has been effected between the Greeks at Karamursal and those on the Brussa front. It is semi-officially stated that the bombardment of Kutaia, 75 miles southeast of Brussa and Eski-Sehr, 85 miles southeast of Brussa, by the Greeks has been extremely successful.

TURKS ON PENINSULA

By Associated Press.

LONDON, July 5.—The Turkish nationalists have occupied almost the entire Ismid peninsula and some of them have even entered the neutral zone, says an Exchange Telegraph dispatch from Constantinople today.

It is said that at a private meeting of the allied high commissioners in Constantinople discussed the question of asking Roumania to send troops to defend Constantinople against the nationalists, if necessary, the dispatch adds.

SUBLIME PORTE PROTESTS DESTRUCTION BY GREEKS

By Associated Press.

CONSTANTINOPLE, July 5.—The sublime Porte has delivered a sharp protest to the allied high commissioners here regarding the destruction committed by the Greek troops in the territories they have evacuated. The note calls attention of the allies to "special cases of wilful incendiarism carried out by the Greek fleet on the Ismid Peninsula." Great clouds of smoke over the peninsula were observable from here.

Reports of the commencement of a Greek drive against the Turks are without foundation. Heavy fighting, however, is proceeding on the Usbak sector, the west of Afjun-Karahissar. The Turks have recaptured Karamursal, on the south shore of the Gulf of Ismid, about 55 miles southeast of Constantinople, which Greek battleships have reduced to ruins.

MEXICAN BAND EXPECTED IN NEAR FUTURE

The Mexican presidential orchestra whose dates to play here on Tuesday afternoon and evening at the Palace theater were cancelled, is expected to appear here in the near future, according to the announcement of H. S. Ford of the Dye, Ford and Rogers Amusement Company.

Mr. Ford announced that he was informed that the order of several future engagements of the band were being changed.

A difficulty between some members of the band is said to have been the cause of the delay.

It was reported that the band failed to appear for the last program of the Fort Worth engagement.

OIL SHOWING SHOWS IN TEST ON FRIES FARM

A showing of oil and gas has been encountered at 1,739 feet in the Clement test drilling on the Fries farm, about two miles east of Iowa Park, according to reports from the field. It was not known whether the showing would be tested, according to these reports.

The Gulf Production Company started its No. 3 Potter Lewis, Block 23, in the south Kemp Munger Allen pool, Tuesday. This new well offsets the Wallace No. 1 Ferguson, which was completed a couple of weeks ago a very good producer in the 1,500 foot sand.

The Gulf's No. 1 Potter Lewis, in this same block, lost the hole on the sand, and the No. 2 was completed several weeks ago for good production.

RADIUM AND HELIUM

It is predicted on what seems to be first class authority that there will be no radium left in the world twenty-five years from now. By that time all available ores of this wonderful mineral will have been used up.

The so-called radium emanations are supposed to be electrified particles—though just what these particles are nobody knows. They do not seem to be identifiable as any kind of matter. But after being given off, they cease to be electrically charged and assume the form of helium.

Here is a case altogether extraordinary, in which one element is actually transmuted into another element—a phenomenon which has hitherto been thought impossible.

Helium was first discovered in the sun. It was later found in our own atmosphere, which contains a minute percentage of it. Natural gas from some wells in Texas and elsewhere yields considerable quantities of it—so much in certain instances that, being noninflammable, it renders the gas less useful as fuel.

Is it to be imagined that all of the existing helium was originally derived from radium? Nobody can answer that question.

Might it conceivably be possible to transform helium back into radium? Physicists do not believe it.

SCHOOLS TO HAVE 15,000 NEW BOOKS

Approximately 15,000 new books will be ordered for the use of city school students during the coming year, it was announced Tuesday by W. W. Brown, business manager of city schools.

Approximately 67,000 books were handled during the first two years of state ownership of books. Of these, according to Mr. Brown, 50,000 were received the first year and 17,000 the year just ended.

About 3,000 language and American history books are being returned by order of the state text book board and are to be replaced by newly standardized works.

The new language books were reported by school authorities to be more economical for issue and to cover the work practically in the same manner as those discarded at the end of the current year.

The state law governing the issue of books, according to Mr. Brown, provides for an annual issue of 15 per cent of the total number of books on hand. This percentage is expected to cover scholastic increase, wear and tear and unavoidable loss.

Of the approximately 1,100 books lost during the current year, practically all were reported lost from the first three grades.

So far as possible, Mr. Brown announced that he is storing all books in the building in which they were last used. All books are thoroughly fumigated before re-issue, Mr. Brown announced.

INDIANS PLAN BIG "POW WOW"

PONCA CITY, Okla., July 5.—Horse Chief Eagle, chief of the Ponca tribe, left today on a visit to other Oklahoma tribes that will consume several weeks. His purpose is to invite the various tribes to join with the Poncas here this fall in the greatest Indian "pow-wow" that has been held since prior to the coming of statehood. He says he has obtained the consent of Col. Joe C. Miller to hold the big event on the 101 Ranch in the first week in September. Horse Chief Eagle will visit the Cheyennes, Arapahoes, Kiowas, Comanches, Caddos and other former plains tribes and will invite the chief of each personally to be his guest at a "beef eat" and the assembling of all the tribes. He maintains there will be between four thousand and five thousand Indians at the pow-wow.

Primitive aborigine games are planned by the Ponca chief, and it is his intention now to make the bow and arrow shoot a feature along with Indian ball, pony races, tomahawk throwing and the various tribal dances, including particularly the sun dance of the Poncas and the arrow dance of the Cheyennes.

GET SAFE BUT MONEY TAKEN; PAPERS SAFE

Looted of between $600 and $700 in currency and with numerous checks and other papers left unmolested a small office safe, taken Monday night from the office of the Pioneer Refining Company filling station at Bridge and Wichita Streets, was found Tuesday afternoon on a little used lane between Burkburnett and Thornberry roads. The door had been driven off the safe with heavy hammers, according to Detective Chief Boyd. Employes of the refining company Tuesday were unable to give the exact amount of money in the safe. Practically the entire sales for Saturday, Sunday and Monday were reported to have been taken.

Belief that the safe was transported in a Cadillac touring car, stolen Monday night from Henry C. Weeks, was expressed by Chief Boyd.

The car was reported to police Tuesday to have been taken about 10 o'clock Monday night. Tracks of a heavy automobile were reported by officials to have been seen near the spot where the safe was found.

The robbery of the filling station was not known until Tuesday morning when employes reported for work. It was found about noon Tuesday by a farmer's wife living near the spot, according to detectives.

THE IMMIGRANTS' TRIALS.

The new immigration law has brought results which could easily have been foreseen. Unimaginable confusion is reigning in American ports. Thousands of immigrants are crowded in New York and Boston, and several ships filled with hungry Europeans are on the way, clamoring for entrance to "Happy" America. The allotted number of immigrants for June is already filled, hundreds and thousands of other immigrants are held aboard the ships. It was intended to report them, or to keep them on the ships 'till July. Epidemics and sufferings were in sight for them in the latter case. "They will die like flies," declared the commissioner of immigration of Ellis Island.

They took pity on the steamship companies that might suffer great damages. All the immigrants who were on the seas at the time of the passage of the new law, have been allowed to land.

The whole force of the law is felt by immigrants who are waiting in European ports. Thousands of such immigrants from every part of Europe are crowded in ports, while the ships for America go half empty. What can they do? Return home? But their homes, their property—all was sold in expectation of finding new happiness in the Land of Promise—in America.—Russky Golos (Russian, Ind.) New York city.

NEGOTIATIONS BETWEEN AMERICA AND JAPAN.

Direct negotiations between Washington and Tokio, if they bring the expected results, will free the world from one of the greatest obstacles in the way of a true and lasting peace. The unanswered questions that exist between America and Japan with regard to their foreign policies are the cause of many unpleasant things which the world in general and America in particular wants to get rid of as soon as possible.

These differences are the most important reasons why the question of disarmament cannot find a practical solution, in spite of the fact that the whole world is of the opinion that the war preparations in all important countries will finally lead to a new World War.

It is in the interests of every nation in the world and particularly the great sea powers—England, America and Japan—that the Japanese question should once for all find an answer and be removed from the political program.

And only then when that enormous war-cloud disappears, will it be possible to discuss seriously the matter of international disarmament and lasting peace among the nations of the world.—Jewish Daily News (Jewish, Rep.) New York city.

INCREASED PRODUCTION.

A most unusual feature of the agreement recently reached between the Amalgamated Association of Clothing Workers and their employers provides for a 30 per cent increase in production by employes.

This implies that the union controls and limits the production of its members. A union either of employes or employers that limits production is an evil organization. The man who produces as little as possible for as much pay as possible is guilty of a crime against humanity at large, and against himself as well.

Any organization maintained for the purpose of keeping production down is headed for the rocks. It may be able to enforce its will upon the public for a time, but in the long run it will not only fail of its object, but will go down in a ruin of its own making.

THE REDS.

The Reds will labor well and long at any fierce destructive job, to prove the government is wrong and turn it over to the mob. They'd like to undermine the state, and hope to do that much in time; their industry is something great when industry becomes a crime. But show them any useful task, with ample wages at the end, and they'll revolt and mount a cask, and make the welkin creak and bend. They're living in a country fine, where every man who toils and spins may have his figtree and his vine and dollar watches for the twins. They're living where the laws protect the honest worker and his pile, and they would see the whole works wrecked, and view the chaos with a smile. They hold to creeds absurd and vain, with hankerings for blood and fire; they are opposed to all things sane, to all righteous men admire. And more and more we lately find their teachings spreading everywhere; their propaganda is behind uprisings here and riots there. And are we not the patient bunch? We see the Reds our laws defy, and idly grin, though we've a hunch that worse is coming by and by. They bore us with their brazen sound, they weary us with gall and bile; the nation needs a dumping ground for those who do not like its style.

Who's Who

DR. LIVINGSTON FARRAND

DR. L. FARRAND

When Cornell students return to Ithca next fall they will find a new man, Dr. Livingston Farrand, in the president's chair.

Dr. Farrand, who is chairman of the central committee of the American Red Cross, formerly professor of antropology at Columbia, and one time president of the University of Colorado, has just been elected to succeed Dr. Jacob Gould Schruman, who resigned a year ago, after serving twenty-eight years as head of the university. Dr. Schruman was appointed minister to China last month.

Cornell's new president is the youngest of three brothers, all graduates of Princeton and all well known in the world of education. Dr. Farrand was born in Newark, N. J., and is fifty-four. He is the son of Samuel A. and Louise Wilson Farrand, is headmaster of the Newark academy and life trustee and clerk of the board of Princeton University while Dr. Max Farrand is professor of history of Yale.

Dr. Farrand was graduated from Princeton in 188. He was appointed instructor in psychology at Columbia in 1893. While at Columbia he caried on a study of American anthropology and eventualy made that science his specialty. In 1897, with Prof. Franz Boas of Columbia and Harlan I. Smith of the American Museum of Natural History he took part in the Jesup North Pacific expedition. The party travelled widely among the Indian tribes of British Columbia.

Farrand has been executive secretary of the National Association for the Study and Prevention of Tuberculosis since 1905 and treasurer of the American Public Health Association. The international health board selected him in 1917 to direct its fight against tuberculosis in France. He had charge during the last two years of the war. Soon after the armistice he was elected chairman of the central committee of the American Red Cross.

NURSES' CHARGES

Wichita, Falls, Texas, July 4, 1921.

Editor Record News,
City.
Dear Sir:

In reading the news item in your valued paper of July 3rd, with reference to a meeting held with the Chamber of Commerce directors on Saturday, at which a certain gentleman in speaking of the present fee paid nurses, expressed as his belief, "that the rate of pay was too high for a single woman to command." I could not but stop and wonder if this gentleman ever paused to think where the high wages paid these "single women" go. Does he realize that the woman worker usually works for the same reason men work, because responsibilities rest upon her shoulder, and others are dependent upon her work? Very often these responsibilities are the cause of her remaining "single."

There are few cases here, or in any other city, where a woman who has worked herself up from the bottom to the place where she can command the magnificient (?) sum of ten dollars per day, but that has had some grim necessity urging her on—it may be a little brother or sister waiting for sister's pay check to supply them with a new pair of shoes, or it may be that she knows mother looks forward anxiously for daughter's weekly pay envelope to help meet the household bills; and this applies in cases where the wage is just the minimum amount fixed by the Legislature for women workers.

Was this belief formed after a careful study of the times nurses have to work for practically nothing, before she can command this price?

Does he believe because a woman is single, she must be content to stay at the foot, and be content; if she is denied high wages, what is the incentive for her to try and make good? If wages have to be reduced, why start on the "single woman," and especially on "the single woman" whose daily work is one round of self sacrifice, patience and labor for others; true, she may receive the magnificient sum of ten dollars per day, but does that compensate her for the risks she must daily encounter?

Before expressing such belief in public, this gentleman should make a little private investigation, and before that the carrying out of this "pet belief" of his, does not work hardships on the "single woman worker" and those dependent on her; and he might also consider the havoc it will work to the walls of corner buildings, for when the "single woman's" wages are reduced, some of our "corner wall supports" will have to go to work.

As I understand this gentleman, he believes the "single woman's" income should be such that she will be forced to eat cold lunches, wear last year's frocks, and ride on the street car to her daily work, in order that the married men may receive an income sufficient to allow him to dress his wife and daughters in at least the style of day after tomorrow, and roll around in their own private car and attend meetings held for the benefit of the "poor working girl." Who ever heard of a man's wages being reduced because he was single?

If this is not his belief, why pick out "the single woman?"

Respectfully,
MARY NEWSOM,

And watched the crowds.
Gay faces, tired faces, nonchalant college boys,
Short-skirted girls, prim, wan women,

Tucked under his arm
Tried to appease the wrath of his lady fair.

WHEAT HITS LOW MARK OF SEASON. 95 CENTS QUOTED

Wheat dropped another notch in the local market at the close of business Tuesday going from $1 to 95 cents a buabel for number one grade. This makes the usual grade of wheat brought in to the local elevators sell at 92 cents, as the majority is of number two grade. No. 3 sells for 80, or 6 cents lower than No. 1.

This drop is the result of market conditions affected by the heavy movement of new wheat to the markets and the scarcity of wheat growers who are holding their crops this year.

Local wheat receipts continue heavy and in fact all of the elevators in this section report an unusually heavy flow of new wheat.

SET JULY 20 FOR FINISH OF EXTENSION

Eliasville will be reached about July 20 by the construction crew of the Wichita Falls and Southern railroad, according to word received from H. T. McFarland, chief engineer, by the local office Tuesday.

Excellent progress is being maintained in the good weather and this town, which is nine miles from South Bend, the present terminus of that line, will be reached about a week before the time which was originally planned.

If the present rate is maintained, it is expected that Jimkurn, the objective of the extension where connection will be made with the Ranger line for Breckenridge, will be reached early in August, C. L. Fontaine, assistant manager, reports. Jimkurn is 10 miles from Eliasville.

Regular service is being given to South Bend and schedule time is in force.

MANY WOUNDED IN ROMAN STREET FIGHTING SUNDAY

By Associated Press.

ROME, July 5.—Many persons were wounded in fighting yesterday at Sestria Ponente, near Genoa, which broke out after a ceremony in memory of Italy's war heroes, says a dispatch from Genoa to the Tempo today. The trouble began, according to the message with the firing of shots from the socialist club, where it was rumored sixty communists were in hiding.

A crowd of the fascisti, or extreme nationalists, and carabineers immediately besieged the building, and fighting was in progress throughout the night with revolvers and bombs.

AWARD SERGEANT CONGRESS MEDAL

By Associated Press.

WASHINGTON, July 5.—Richard W. O'Neil of New York, who served as a sergeant in Company D, 165th infantry, has been awarded the congressional medal of honor for conspicuous gallantry and intrepidity in action with the enemy on the Ourcq river, France, July 30, 1918, it was announced today at the war department.

The citation says that Sergeant O'Neil in advance of an assaulting line, attacked a detachment of about 25 of the enemy and though wounded many times, remained in command of his men. He finally was forced by weakness and loss of blood to be evacuated, but he insisted upon being taken first to the battalion commander to transmit valuable information relative to enemy positions and the disposition of the American forces.

FAMOUS CLOCK OF PRAGUE HAS RUN SINCE YEAR 1774

"The Twelve Apostles are a few minutes later than ever," writes a traveler who is revisiting Prague for the first time since the war.

"The Twelve Apostles used to be only twenty minutes late when I saw them last," he writes, "and that was ten years ago. This year they keep you waiting for nearly twenty-five minutes."

The waiting is done in the market square of the mediaval section of Prague, where the old parliament tower and the clock of the Twelve Apostles have been curiosities for nearly five centuries.

The tower and the clock were built in 1474 when the making of church clocks was a jealously guarded craft, and when this particular clock was one of the famous masterpiece of the world. The clock has a dial six feet in diameter and a complicated set of hands which tell not only the minutes and hours but also the days of the month and the month and the year itself, and even the centuries. And at noon each day, when the clock strikes twelve, the Twelve Apostles, who were originally quite prompt about it, used to parade solemnly in effigy past an open window above the clock, and each one in turn would halt, raise his hand in benediction and then pass on. They still pass, but they are belated.

The mechanism of the clock fills a space which is eight feet high and fifteen feet long inside the tower, and it is many years since the death of the last man who understood its secrets. And since that time the clock has merely been wound up and the hands set correctly when necessary; but nobody has dared to regulate the Apostles. Year after year they are falling a little behind the actual time, and now the tourist who wishes to see the twelve in parade must wait until twenty-five minutes after the noon hour.—New York Sun.

DICK BAILEY PRESIDENT OF VARSITY CLUB

Election of officers of the University club for the coming term held Tuesday noon at the regular weekly luncheon at the Kemp hotel was featured by a triumph of the two regularly nominated tickets to the total exclusion of the "Independent" party and a wordy session of nominating speeches, and extemporaneous talks.

Richard (Dick) Bailey, the nominee of the "Doc Strong" faction, was elected president; Norris Ewing, of the same ticket, was chosen as vice president; W. S. Carlee, another one of "Doc's" candidates, was elected second vice president; John P. Marrs, a "Lily White" entry, was successful for secretary and J. T. Harrell, also a "Lily White," was made treasurer. From these results it is apparent that in point of numbers of officers the "Doc Strongs" won out by one majority.

All of the votes cast were so nearly equally distributed as to make the election very close, in one case the vote of the retiring president, Judge Guy Rogers, being necessary to decide a tie.

F. G. Swanson, retiring secretary of the club and father of the so called "Independent" party, "rose to point of order" on several occasions in an effort to include his ticket, which was not regularly nominated by the two committees appointed at the previous meeting, in the candidates to be voted upon.

A bit of diversion was afforded the membership by the discussions incident to the nominating formalities. Judge Joe Hatchitt, members held, won unquestioned right to possession of the beautiful frosted glass windshield by his nomination of Mr. Swanson for president on the grounds that it would expedite matters as the candidates could make only one speech before the club.

A resolution that the University club go on record as endorsing a movement to establish a junior college in Wichita Falls made by H. P. Haney, was unanimously passed by the club and a copy of the resolution will be sent to the local board of education.

Music for the program was furnished by Prof. Frank Loew, elected by acclamation as the official musician of the club.

Flower Garden.

I have a little garden
Which I planted with great care;
The soil was rich the seeds a favorite brand.
That night I dreamed of flowers—oh so rare
Whose sweet perfume suggested Fairy land;
'Twas all so real, indeed, I trembled with delight—
Something told me that my seed
Had come up overnight.

Next morning bright and early,
Ere the dew was off the grass,
I hastened to the yard with bulging eyes
The garden of my dreams had hardly come to pass—
But I was due to meet a great surprise.
I don't believe in dreams,
But the seeds were really up!
'Twas no miracle, it seems—
Just the work of my young pup.

LARGE CROWD ENJOYS Y. W. C. A. CAMP.

More than 40 girls motored out to the Y. W. C. A. summer camp at the 77 Fishing club Monday evening and enjoyed a swim in the lake and an old fashioned country cooked dinner.

A large crowd of Epworth Leaguers of the First Methodist church south, were also visitors at the camp, playing games until a late hour, when a sumptuous refreshment course was served in picnic style.

The girls who are spending part of their time there and who visit there often are enthusiastic over the location and the splendid meals served.

A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

THE FIRST HAT IS DESIGNED.

"Well, mother, we've decided to let the little girl do as she wants," said Ned briskly, as the family were sitting down for dinner that night.

Mrs. Randall, Sr., had absented herself from the luncheon table and in fact had not been seen by any one since the breakfast!

"Miss Sally sure is in an awful tantrum, Miss Cherry," Aunt Phoebe had confided during the course of the long afternoon. "'Pears like she clean lost her sense today. Nevah did mention about lunch—nor what to cook for you all for de dinnah, neither! She seemed powerful upset 'bout someth'n'."

It was only about half an hour before dinner that the lady of the house walked in, very stiffly, and dressed in her best bib and tucker, marched up to her room and was seen no more until dinner was announced.

"Been out talking it over with some of her cronies," reflected Cherry as she helped herself to potatoes.

Mrs. Randall ate in a dignified silence for several moments until her son vouchsafed his remark.

"My dear son, whatever you and Cherry decide to do is really only your own business. I am not presumptive enough to think that I can dictate to or influence two young people newly married. But I would much rather not discuss it at all, if you don't mind," and with these words she bit into a biscuit.

"Very well, mother. That's quite all right with us," answered Ned, cheerily. "Just wanted to tell you that I'm standing behind Cherry in her new venture. She's always been used to an active life and she certainly has not been getting one here in Wellsburg, so it's natural that she would want to be busy again by now. Of course, later on when we build our own little nest there'll be a-plenty for her to attend to—until then—why I'm glad that she has found something she cares for to do during the long days."

Mrs. Randall sniffed and continued eating in a dignified silence. Her face told nothing of the conflict going on within herself. And there was a tremendous one in action, without doubt.

"And my very first hat shall be one for you, mother," said Cherry, sweetly. "Just the loveliest one that I can make, too."

"Thank you, Cherry, but my last year's hat is still quite good enough for the present," answered her mother, firmly.

"Well, then, it shall be for Jane, here," persisted Cherry, all undaunted.

"How lovely of you, Sister Cherry" gushed Jane. "I do need a real good-looking hat just dreadfully. Awful old thing I've been wearing for a year here. And then I'll have it to go and visit Cousin Nan in October."

"We'll plan it together, Jane, right after dinner, and I'll make it tomorrow up at the store. Then you can come and buy it. Won't that be fine?"

For an hour after dinner Cherry and Jane were closeted together designing the hat. And peace and joy prevailed in the latter's little white bedroom.

Edward Randall and his mother went off for a long walk together as soon as dinner was over. And it was only at bedtime, just as Cherry and Jane were foraging in the ice box for some goodies, that they returned.

Mrs. Randall's face was flushed as though from some recent excitement, and her eyes blazed as she bade the young people goodnight and went up to her room.

Edward was particularly tender to his wife as he greeted her and urged her to go to bed and get enough beauty sleep to enable her to start her work in perfect condition the next day.

"Dear little lady-bird, dear wife of mine," he murmured as he clasped her closely to him later on, "you have a hard road, I'm afraid, harder than I dreamed possible. But never mind, your Ned is right with you always. Don't forget that."

He made no reference to his walk or his talk with his mother, and Cherry wondered.

(To be continued.)

GLOVES IN HAT NEARLY HER UNDOING.

Having exceptionally long hair before she bobbed it, Rowena naturally found that all her hats were far too large for her head after she had shorn her locks.

"What'll I do?" she fretted as she spun her new summer hat around on the top of her head. "I can't buy a whole new bunch of hats. This new one looks like a diver's helmet on me now."

Of course, Cyril, Rowena's husband, didnt' exactly encourage his little wife to purchase a new entire supply of summer hats, Cyril pondered over the problem a few minutes and finally hit upon a solution.

"Why don't you stick a couple of pairs of gloves or something inside the hat you're wearing?" suggested Cyril.

Rowena immediately agreed that her husband's idea sounded practical and proceeded to stuff two pairs of winter gloves into her hat.

"There," she said as she placed the hat on her head, "that's fine."

But Rowena didn't figure on what was going to keep the gloves inside the hat while she had it on her head—that is, she didn't begin to figure until she came home that night.

When Cyril arrived home from work that evening he not only found that supper had not been prepared, but also that his little wife was weeping.

"Why, Rowena!" exclaimed Cyril. "What's the matter? Did you burn the chops again?"

"Ow-ow-ow!" replied Rowena. "It's all your fault, too. You told me to do it. You told me to do it."

"Told you to do what?" questioned Cyril.

"Put those gloves in my hat," answered Rowena.

"That's nothing to cry about, is it?" asked her husband.

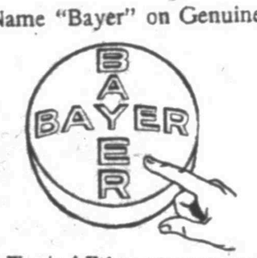

"Oow-ow-ow!" answered Rowena. "I guess that you would cry, too, if two pairs of gloves fell out of your hat in front of a floorwalker while you were shopping in a department store, and then had the floorwalker think that you were a shoplifter. I almost went to prison, all on your account. It took me an hour to explain to him why I was carrying them in my hat, and I don't think that he believes it yet."

"There, there," said Cyril, as he patted her little head. "Tomorrow we'll go downtown and buy a whole new bunch of summer hats that really fit you."

This suggestion Cyril knew would stay the tears until it came to a showdown on the following day.—New York Sun.

TESTED RECIPES

Escalloped Salmon—Remove the bones and skin from one can of salmon, season to taste; add one egg if desired. Prepare enough cracker crumbs to fill a large cup.

Put half of salmon in buttered baking dish, cover with crumbs and a little buter, then rest of salmon and crumbs. Put on enough milk until you can just see it. Bake until brown.

Prune Tarts or Small Pies—One pound of prunes stewed in more water than enough to cover; when soft remove pits and add one teacup of sugar, one teaspoon of cornstarch, one tablespoon of lemon juice, one-quarter teaspoon of salt. Stew a few minutes and cool.

Cover inside of gem pans with good pie crust. Fill almost full with the prune mixture. Cover with some of the pie crust, not forgetting to leave an opening in top of upper crusts (or a meringue may cover them; if used brown lightly.)

COOKING HINTS.

Always Use a half teaspoonful of soda in a cup of sour milk; use a teaspoonful in a cup of molasses.

Use one Teaspoonful of baking powder in place of an egg in baking.

Baked Ham—Try baking ham in about three pints of sweet cider, basting it often and serving in its own sauce.

SUGGESTIONS.

Gloves of Leather or skin should be mended with cotton.

Furniture Should Be Washed before being stained.

Let Tin Tarnish—Scouring tin to make it shine is a waste of time and of material, as the tarnish in tin acts as a protection and makes it wear.

For Kitchen Walls—Oil paint, either a deep cream or a light tan, is an excellent finish for kitchen walls, for it can easily be cleaned and is desirable.

To Prevent Glue and mucilage corks from gluing themselves into the bottles, grease well with lard or vaseline when taken out the first time and there will be no trouble the next time.

When Tying a Package, if you have no one to "put a finger on the string," try this: Clip the end you are tying twice through the other, instead of once, as you usually do. The knot will not then slip while you finish tying.

To Keep Long-Stemmed Flowers a long time, take a sharp knife and split the long stem up a little each day. The stem can be split up to the flower head and in this way you have a nice long stem as long as the flower lasts.

Rust May Be Easily Removed from wash fabrics by wetting the spot with lemon juice, then sprinkle with salt and hold over a kettle of boiling water so the steam can come through it.

If You Get Tar or Grease on a dress, first grease well with lard and wait just a few moments and wash with gasoline. When well loosened wash out with soap and water. This has been tried and never fails.

MEN SEEK BEAUTY ONLY HOMELY GIRLS DECLARE.

"Men only look for beauty; they don't care about the real homemaker any longer." Virginia Hicks, 20 years old, a patient at the Maryland General hospital, Baltimore, who tried to commit suicide by swallowing poison, explained that there was no place in the world for the homely girl.

"I don't want to get well," she continued, pushing back her short red hair. "Men don't care what you do for them; they are all for the girl who spends everything on clothes and makes a big show. They don't care if a girl is good, self-respecting and a real homemaker. All they want is a big display for their money."—Philadelphia Record.

DIAMONDS NOT TO COME DOWN JEWELERS SAY

CHICAGO, July 5.—Needn't wait to buy that diamond. Prices are not coming down. Take it from the most reliable jewelers in Chicago they never are coming down.

"Diamonds are at their minimums of cheapness today," a wholesale jeweler said. "They never will be cheaper. I expect considerable increase in price in the next year and a large increase in the next few years.

"South African diamond mines are getting deeper. The deeper they go the fewer diamonds and the greater the cost of getting them out. Diamond mines are cones sloping to a point. When that point is reached there will be no more diamonds. That point of exhaustion will be reached some day."

"Ace" Whittaker Comes Back to Win 3 to 0

SPUDS THROW POOR OLD NICK DOWN AND ON HIS BIRTHDAY, TOO, BUT WE'LL WIN WITH HOLLY

By C. F. CARTER,
Record News Sporting Editor.

FORT WORTH, Texas, July 5.—The boys done turned us down. They promised to give us a ball game for a birthday gift and Bill Whittaker, twirling his first full game in six weeks, wouldn't let 'em do it.

And the result is this hasn't been much of a birthday and the Panthers took the fourth game of the series, 3 to 0.

The boys died with their boots on, fighting to the last ditch and coming dangerously near to driving Bill Whittaker from the mound in the eighth.

Two things, however, stand out more significantly than the mere loss of the game. One is the stuff Rube Marshall showed against the Cats in seven innings, and the other is the fine impression the veteran Jim Sewell made in the one inning he worked.

The Panthers earned one run off Marshall, two tallies in the second frame being the result of errors.

Rube had more on the ball than in any game we have yet seen him work this season. He was steadier under fire, showed a beautiful change of pace, and had a dazzling break on his curves — and he got mighty few corners from Umpire Harry Kane and had to work hard all the way.

The same class of twirling Marshall displayed today would have beaten any other club on the circuit and was good enough to beat the cats if Whittaker had not been hurling a wonderful game himself.

Jim Sewell blanked the Panthers in the eighth, Rube having been pulled in the Spudders' half to let Beecher bat for him.

Jim retired the side, the heavy end of the Cats' batting order, on ten pitched balls.

Sewell Goes Strong.

He got Coombs in a hole with the count two and two, and forced him to hit to McDonald for the first out. Sears, with two balls and one strike called, flied out to McElwee and Kraft, who went hitless throughout the fray, rolled an easy one to Jim himself on the first ball pitched. If Sewell can travel the full distance he will be a godsend to the fighting Spudders.

In the second inning Hoffman led off with a single to center. Haley, trying to sacrifice, popped to Rube, whose throw to first for the double play was high and broke through Clark, Hoffman going to second. A minute later Marshall tried to nip Dutch off second and Buddy Tanner, who was playing short, let the ball break through to the outfield.

Hoffman went to third and scored on Rigney's double over McElwee's head.

Mac Misjudges Ball.

It looked like an easy out, but Mac apparently misjudged the speed of the ball and was unable to reach it. Bill Whittaker doubled to right center, scoring Rigney, and Taylor was thrown out by McDonald.

The Cats' third tally, in the fourth, was honestly earned on a single, a sacrifice and another double by Whittaker.

The Spudders broke up another Fort Worth rally in the fifth by fast fielding. Coombs walked and was sacrificed to second by Sears. Kraft smashed one at Buddy and Coombs was run down between second and third, Tex McDonald making the put out, then racing to second and also getting Kraft at that bag by diving headlong at the Panther first sacker.

The Spudders made a desperate try in the eighth, but could not put it over.

Works Starts Things.

Caddy Works opened with a hard hit double to right that broke past Taylor. Kitchens fanned and Works went to third when Beecher, hitting for Marshall, singled to center.

Caddy might possibly have scored on the hit but the wise play was to play it safe and wait for more wallops. Froggy Ruthfuss went out weakly, catcher to first, and Buddy was thrown out on a hard smash to Hoffman.

Another good chance to score had gone glimmering earlier when Tex McDonald in the fifth thought the count was three and two on Works. Tex had walked and on the play raced to second and pulled up slowly as he saw the last pitched ball go wide of the plate.

Possum Moore pegged to second and Tex was an easy out.

A minute later Works walked and Kitchens singled to deep second. Marshall rolled weakly to Whittaker for the third out.

Coming in from the park on the bus with the gang, Skipper Salm told us positively Holly would work tomorrow.

So look for a story tomorrow with one of those endings where they all live happily ever afterwards. Holly has licked those Cats before and he can do it again and the way this gang is fighting right now they will mop up on Shreveport. That's a prophesy.

HOW IT HAPPENED—BY ROUNDS

Round one—Dempsey had rained blows on Carpentier's body. Carpentier slipped almost through the ropes. Many thought the knockout was near. Round two—Carpentier had Dempsey wobbly and hanging on for an instant, and seemed to have a chance. Round three—Dempsey's body blows told. The Frenchman suffered. His somach was drawn in and his legs pulled up by the blows. Round four—The end. Dempsey shot a body blow to the Frenchman's midriff and then drove a right to the neck. Carpentier fell. Referee Ertle is counting him out. Dempsey is watching Carpentier.

The above photos, taken one in each of the four rounds of the battle between Jack Dempsey and Georges Carpentier, show better than words how the battle went. Carpentier carried the fight to the champion in the first, but Dempsey's killing punches told. Carpentier slipped almost through the ropes during the shower of blows. It looked as though the k. o. would come then. The crowd went wild in the second round when Carpentier delivered punishing body blows, two uppercuts and a hard right to Dempsey's head which left Dempsey wobbly, uncertain and eager to hang on until he cleared his brain. But Carpentier couldn't follow up his advantage. In the third round Dempsey's body blows wore Carpentier down. It was the Tiger against the Panther. Carpentier's ability to take punishment was proved. The blows made him quiver, brought his knees up toward his stomach, but he kept coming for more. He wore the look of a cornered animal when he came out in the fourth. He fought gamely, but the Tiger drove his paws into Carpentier's body and then landed one on his neck—ending the battle. After Ertle had finished the count Dempsey helped carry Carpentier to his corner. The crowd was wildly cheering Dempsey.

PHILADELPHIA, July 5.—Philadelphia bunched four hits for as many runs in the eighth inning, and defeated Boston today 6 to 5. In the ninth the Braves made a rally and would have tied the score but for Powell's attempt to score from second on a short single. Rudolph was coaching at third base and after the game Boeckel made a remark about sending Powell home. The remark resulted in a fist fight between Boeckel and Powell, which lasted for several minutes. Score:

CALIFORNIAN SETS MARK IN FIELD EVENTS

By Associated Press.

PASADENA, Cal., July 5.—The three-day championship meet of the A. A. U. finished here tonight. New York Athletic club took all five of the relay races on the card. A Californian, Thompson of Los Angeles A. C., took first place in the all around championship, making what is said to be a new world's record for points scored.

The old record was 7499 points and was held by Fred Thomson, a brother of today's winner, who scored 7534 points. Shea, Pastime A. C. of New York was second with 6270 points.

Six records were broken in the relays. New American and A. A. U. records were made in the 440 relay, the 880 relay and the one and two-mile relays. No world's records fell today, however, except the all-around championship point record.

100-yard dash, all around championship: Gilfillin, Illinois A. C., first; Raab, Los Angeles A. C., second; Thompson L. A. A. C., third; Shea, Pastime A. C., New York, fourth. Time [illegible] 2-5 seconds.

All around championship sixteen-pound shot put: Thompson, L. A. A. C., first; Gilfillin, Illinois A. C., second; Shea, Pastime A. C., third; Raab, L. A. A. C., fourth. Distance, 43 feet, 11 5-8 inches.

Running high jump: Thompson, L. A. A. C., first; Raab, L. A. A. C., second; Shea, Pastime A. C., third; Gilfillin, Illinois A. C., fourth. Heights, 5 feet, 10 inches.

These four were the only competitors in the event in the shot put.

440-yard relay, four men to each team: New York A. C. defeated L. A. A. C., time, 42 2-5 seconds. A new record. Teams: New York, Webers, Ray, Lovejoy, Farrell.

L. A. A. C., Blenkiron, Petell, Yount and Paddock. The finish was close, although Paddock got away fifteen feet behind Farrell on the last relay. This beat the former A. A. U. record established by the Chicago A. A. in 1919 by one 3-5 seconds.

880-yard walk: Thompson, L. A. A. C., first; Raab, L. A. A. C., second; Shea, Pastime A. C., third; Gilfillin, Illinois A. C., fourth. Time, 3 minutes 4-5 seconds.

Two-mile relay, each man running 880 yards: Won by N. Y. A. C., Illinois A. C., second; L. A. C. C., third; Boston team entered but not running. Time, 7 minutes, 52 2-5 seconds.

The winning team was Sellers, Courage, Adams and Helffrich. It beat the former A. A. U. record established in 1917 by the Chicago A. A. of 8 minutes 6 3-5 seconds.

Sixteen pound hammer throw: Thompson, L. A. A. C., first, 123 feet; Gilfillin, Illinois A. C., second; Shea, Pastime A. C., third; Raab, L. A. A. C., fourth.

880-yard relay, four men to each team running 220-yard each won by N. Y. A. C. (Weeners, Ray, Lovejoy, Farrell); L. A. C. C., second, (Kilby, Blenkiron, Schiller, Paddock). Time, 1 minute 27 2-5 seconds.

The A. A. U. record was 1 minute 29 3-5 seconds made by Chicago A. A. in 1917.

Four mile relay, each man running one mile: New York A. C. (Sellers, Courage, Irish, Helfrich,) L. A. A. C., second; Illinois Independents [illegible]. Time 19 minutes 21 2-5 seconds.

All arounds: Pole vault, Thomson L. A. A. C. won Raab, L. A. A. C. second; Shea, Pastime A. C. third, Gilfillin, Illinois A. C. fourth. Height 10 feet 10 inches.

120 yard hurlos: Thomson, L. A. A. C. first; Raab L. A. A. C. second; Gilfillin, Illinois A. C. third; Shea, Pastime A. C. fourth. Time 16 seconds.

One mile relay: New York A. C. first; L. A. A. C. second; Boston A. A. third, time 3 minutes 19 4-5 seconds.

New A. A. U. record. The former record 3 minutes 21 2-5 seconds was made by New York Athletic Club in 1917.

Throwing 16 pound weight: Thomson L. A. A. C. first, 23 feet, 1 1-2 inches; Gilfillin, Illinois A. C. second 21 feet, 7 3-4 inches; Shea, Pastime A. C. third, 20 feet, 8 inches Raab L. A. A. C. fourth, 19 feet, 1 1-2 inches.

Running broad jump Shea, Pastime A. C. first; Thomson L. A. A. C. second Raab L. A. A. C. third; Gilfillin, Illinois A. C. fouled four times and was disqualified. Distance 20 feet, 9 5-8 inches.

One mile run Shea, Pastime A. C. first; Rabb, Los Angeles A. C. second; Thomson, L. A. A. C. third; Gilfillin did not run. Time of winner five minutes 20 2-5 seconds. Points scored Thomson 7,574, Shea 6,270, Raab 6,132 1-4, Gilfillin 4,721.

SEMI-FINALS IN TOURNEY WEDNESDAY

The first of the semi-final matches in the local singles tournament, between C. O. Gallenkamp and J. W. Akin, will provide the Wednesday feature for tennis enthusiasts of Wichita Falls.

Dopesters have it figured out that this match, which will be played at 1609 Thirteenth street, will go far toward determining the singles championship of Wichita Falls, as both were semi-finalists in the doubles, and both are heady, aggressive players.

S. D. Maxwell will also play H. D. Lewis on the Thirteenth street court tomorrow afternoon, the winner to play William Powers in the semi-finals.

Four interesting matches were played Monday and Tuesday, and some fast tennis was witnessed, according to local net enthusiasts.

These matches resulted in the following scores: H. D. Lewis defeated James Burnap, 6-4 and 9-7; C. G. Gallenkamp defeated Edwin Bebb, 6-2, 6-2; S. D. Maxwell defeated Charles Cook, 6-3, 7-5 and William Powers defeated Henry Akin, 6-2, 2-6 and 6-1.

One of the features of Monday was the Lewis-Burnap match. Burnap is a California product and plays a consistent game of tennis but could not overcome the steady game of Lewis. A great deal of speculation is being made on the outcome of the Maxwell-Lewis match today, since both play much the same defensive game and are evenly matched.

The complete results for angles to date follow:

There are a number of good tennis players in town who are said to have passed up this tournament on account of the "alibi" of not being in practice. Another tournament will be given in September or October, according to present plans, and every tennis lover is urged to get into shape by this time. There are quite a few courts in Wichita Falls and ample facilities for every one to play who desires, the club members say.

Counting the Ten Over Carpentier

Referee Ertle starting to count as Georges Carpentier fell for the last time. Note the pools of water in Carpentier's corner, where Manager Deschamps made desperate efforts to refresh him after each round. Note also Dempsey ready to drive home more man-killing punches should Carpentier arise.

This closeup of the knockout of Georges Carpentier, European champion, Jack Dempsey, was taken as the Frenchman hit the floor, dropped by a terrific right to the neck. Referee Ertle had started to count the fatal ten. While he was counting Georges attempted in vain to rise, then rolled over on his right side. He said after the fight that the blow, which followed a killing punch to the middle, practically paralyzed his nervous system.

WEST TEXAS LOOP CUT TO FOUR ENTRIES

Special to The Record News.

FORT WORTH, July 5.—Announcement was made Tuesday by J. Walter Morris, president of the West Texas League, that the Sweetwater and Cisco franchises have been taken from them and the league will be composed of four clubs Thursday afternoon when the first clashes of the club as a quartet loop will be staged on Abilene and San Angelo diamonds, with Ranger playing the Eagles while the Ballinger Bear Cats will hook up with the Broncoes.

W. R. Fleming, millionaire sportsman and associate of Al G. Spaulding, known over the world as the "father of baseball," is backing the Ranger team.

The schedule for the quartet league will be drawn up this week and announced Sunday, according to President Morris.

EUNICE BELL HAS LITTLE TROUBLE IN TAKING RACE

By Associated Press.

NEW YORK, July 5.—Mexican petroleum today extended its recent loss by 9 1-8 points to a new low record of 90 1-4, closing with a rally of one point. During the day its sales approximated sixty-five thousand shares, about one-fifth of the entire stock exchange turnover.

Further selling of this issue was provoked by the withdrawal from the Mexican field of virtually all the large foreign oil producers having interests in that country because of the onerous export tax.

Pan-American petroleum, which has a dominant interest in Mexican petroleum, also was heavy and shares of other oil companies operating in various parts of Latin-America lost ground, in contrast to domestic and European oils, most of which were inclined to strengthen.

ODE TO UMPIRES DALY AND KANE

Several months ago, so the story goes,
Coming down the railroad track, walked two tired hoboes.
They walked 'til late that evening, when upon a village they came,
And a group of boys playing, to them an unknown game.

"What game are you boys playing?" inquired the first hobo.
"Why, Mr., that's a game we thought that everyone would know.
This game is baseball, the national pastime, they claim,
If you have never seen it before, sit down and watch our game."

"Who is the man at whom they fuss?" the second hobo did inquire.
"Why, Mr., that man runs the game and he's called the umpire.
His job is easy, for his word is law, whether he's right or wrong,
And he gets a good salary, stays at hotels and his day's work isn't long.

And so the hoboes left the boys, a fortune as umpires to seek,
And by hopping rattlers day and night they reached Texas soil that week.
"This should be pickin's," the first hobo said,
"These people here look as if they were dead."

So they got a job, during the Texas League season.
They were hungry, I guess, that's their only reason.
They never see a close play, especially at the plate,
For they are thinking of the days when dinner was three days late.

And so the season wore on, but somehow they both got by,
Until two critical games were played, both on the Fourth of July.
The Panthers and the Spudders played the games—which I mention above,
And for the Cats to get as much as they did, it took more than mere love.

They robbed the Spudders of the game, their decisions were simply rotten,
And they were thinking of hobo days, gone but not forgotten.
Oh! Mr. President Roberts, 'tis a dirty shame,
That you let such men as these run the grand old game!

If you can't get any better, don't get any at all,
For those two guys don't know the difference between a strike and a ball.
I am convinced the theory's wrong "every man's born with brain."
After watching the would-be umpiring of Messrs. Daly and Kane.

'TWIXT LOVE AND HOOTCH IN THIS CASE

DENVER, Colo., July 5.—Nita, Juanita, ask thy soul if we should part——

Nita, Juanita, lean thou on my he-e-a-art!

Then, tenderly, like he was grasping a bale of alfala, out on his uncle's farm, George Horace White leaned over and put his loving arms around Juanita.

With a sigh she leaned on him——

And two minutes later residents in the vicinity, terror stricken, were waking up sleepy centrals to tell the police that the Spanish-American war had busted loose again and please send the chief and the riot car!

Juanita Acevedo leaned on George Horace——

That's "how come" the near riot outside of Lakeside park the other night, which ended with police reserves victorious and four couples and one alleged stolen machine in the grasp of the law.

"Easy," cried George Horace, as he felt the weight of his love crushing against the quart bottle in his pocket, "easy!"

Juanita thought he said something about a kiss——

She leaned closer, and puckered her carmine lips——

"Hey," said George Horace, angrily, "you're crushin' the hootch—lay off, you champeen pile driver!"

"Con el fin de condensar les firmas en casosdonde una casas tiene de cada seccion aparece el——" began Juanita.

George Horace White doesn't understand Espanol——

He leaned over, and while Juanita waited, eyes closed, lips puckered for the kiss that she thought was to come, George Horace biffed her one on the left cheek, dizzying her.

Jess Osborn, Tommy Ottway and Wilfred Kuhn, and three other women then jumped into the fracas, police say, and before the party was over the women had lost much of their summary clothing and the men had sustained various disfigurements.

"We started home from the park" said Juanita next morning, as she sat propped up in bed, "and just as we got to the entrance we met two nice fellows—Marie Vissepo was with me, she flirts—and she smile at those fellows and one lift his hat and say:

"Ah, did you see the sing around the sun?"

"Marie, she thought he was doing the kid, so she say that she didn't and ask him what he mean by the ring.

"He say, 'Well, I guess the world may end or it means a big fight, but it iss too nice a evening for anything, what say to a little auto ride home with my friend and me?'

"Marie and me we think, well that is nice and we say yes.

"So we go with them to a machine and in the car was two other gentlemens and their girl friends and they make room. George Horace White comes in back seat with us and off we start.

"Everybody have little snip, George say, and then we all took several drinks out of three bottles, and George say:

"Oh Mary, don't you weep, don't you weep——

Pharaoh's army all got drowned!

"And one of the girls laugh and George turn to me and he look at me and say, 'What wonderful eyes you have, madame,' and then he leans out of the car and starts singing——

"'Nita, Juanita, ask thy soul if we should part——

Nita, Juanita, lean thou on my heart"

"And I leaned over, expecting he would kiss me—like those Americanos always do and I close my eyes and he hit me—wowie—like that—and Marie hits him and then Mr. Osborn stops the car so we can all fight better and we stopped singing to fight and then the cops came!"

Police, arriving on the scene found the eight engaged in a battle on the corner. George Horace was firing from beneath the car, using small rocks for ammunition, while the four Amasons of the party were engaged at short range. Osborn and Ottway were rushing Kuhn, who was wielding a piece of a fence.

DENY MOTION TO DISMISS "BLACK SOX"

By Associated Press.

CHICAGO, July 5.—The baseball trial passed the warming up stage today when Judge Hugo Friend denied a motion by the defense to quash the indictments against the Chicago White Sox players and others charged with conspiracy to throw the 1919 world series to Cincinnati and the prosecution began cross-questioning the special panel of 100 veniremen for jury service.

Questioning of six men examined by the state indicated that the state will depend primarily on the testimony of men believed to have been in the alleged conspiracy and reported to have turned state's evidence. Every prospective juror was questioned at length concerning the value he would attach to the testimony of a co-conspirator and as to whether he found fault with the Illinois law that a man may be convicted on the uncorroborated testimony of an accomplice.

Of the six men examined, two were rejected. One said he was acquainted with John Seys, Chicago National League club secretary, called as a witness by the state. The other, Stanley Siexas, a machinist, declared that although he was a former semi-professional baseball player in New Jersey, he had never heard of the baseball scandal and didn't know what it was about.

SCOTLAND ADDITION CITIZENS FILE PROTEST AGAINST LOCAL UTILITIES FOR "POOR SERVICE"

Protesting against the service accorded them by all public service corporations in the city and declaring that they were "denied, neglected and even treated with contempt by some of the corporations, notably, the Southwestern Telephone company and the Wichita Falls Electric Light company," a petition signed by 123 property owners in the Scotland addition was presented to the city council Tuesday night.

The petition, which was presented by A. L. Huey, asked that they be given telephone and electric light service at once. In the discussion it was brought out that Mr. Huey has a judgment from a local district court which in effect will force the electric light company to give the light service. This case is, however, on appeal and it was pointed out that it might be several months or possibly years before the matter could be decided in courts.

At the conclusion of the discussion the council passed a resolution citing the local officials of the companies affected to appear before that body and show cause as to why they should not furnish the desired service.

In connection with the discussion the council also passed a resolution ordering all public utility corporations having franchises from the city to furnish a copy to the council at once.

SODA ORDERS TELL DIFFERENT STORIES

Three pairs of boy and girl sweethearts were clustered around the marble topped table of the neighborhood ice cream parlor. A waiter, tray in hand, interrupted their happy clatter.

"Mabel," asked the boy of the girl nearest to him, "what will you have?"

"Oh, I'll take a 'Soul Kiss Sundae,'" she innocently replied as she shrewdly picked out the most expensive dish listed on the menu.

Helen piped up, "Let me have a Shimmy Shimmy Sundae,'"

"I want a dish of 'Lovers' Delight,'" softly whispered Rose. And she, too, chose a dish rated above the half a dollar mark.

The proprietor watched this little byplay with keen enjoyment.

"Girls like these are good for the trade," he commented. "What is a fellow going to do? He must buy them what they ask for. What is more, he is glad to seize the golden opportunity to prove what a swell guy he is."

"Two dishes of plain ice cream," the youthful attendant called.

"This, I'll wager, is for some married couple," observed the proprietor as he got the plates ready. When a girl gets married she leaves behind her forever all the fancy frappes. She becomes very careful of her husband's money, even though she may have squandered it in their courtship days. You can only sell her an ice cream soda or a plain dish of ice cream. I have another test for married couples which is positive. This is it. If the pair on the way out stops at the counter for several ice cream cones you may be sure these are for the kiddies at home. What better proof could you wish for?" His logic was sound; the argument unanswerable. "Let me have a plate of orange ice," the waiter interrupted.

"For whom is that?" the boss inquired.

"For the old man in the corner," the waiter said, pointing.

"Just what I have always said," the proprietor observed, as he explained another of his pet theories. "Old people prefer ices. You see, they have no teeth and the ices melt in their mouths. Seven times out of every ten when a call comes for a plate of ices you may be sure it is for an old man.

"What is the most popular soda?" he was asked.

"Strawberry, with pineapple a close second. People think the fruit is fresh. That is why the demand is so great. The soda is a daytime drink. It is in the evening that the sundaes and the frappes come into their own.

"The most popular sundae is the banana split. It is a particular favorite with the girls and women. In very hot days, however, the soda is the only thing that will go. People are thirsty. And they want to drink.

"Men as a rule when alone order such drinks as coca-cola and moxie. To the school girl belongs the chocolate marshmallow sundae.

"The thin, studious man with that learned look always orders malted milk."—New York Sun.

DECLARES WEALTH BRINGS UNHAPPINESS

"Money! How I hate it!

"There's no fun being rich. All my wealth has brought but sorrow and discomfort. I'd like to lose every penny—just dump the whole mess some place!"

The speaker was the richest girl in the world, Miss Dellora Angell, who is 18, and possessor of 40 million dollars. She avers she is the "poor little rich girl" of the fairy tale.

An accounting just filed in the courts shows that $176,000 was spent on her in the last two years—$300 a day.

At 6 she inherited all the millions amassed during a spectacular lifetime by her famous uncle, "Bet-a-million" John W. Gates, the traction magnate.

Tired of Being Pampered.

I interviewed Dellora at her million-dollar palace in Lake Forest, Ill., where her every movement is closely guarded. She wore a very simple dress of white. She appeared most disconsolate. In a plaintive voice this child of the gilded cage said that "gold is not everything."

"Do you know," she continued, "I am just sick and tired of being pampered and fawned over. I want to get out and do something worth while."

"Like what?" I inquired.

"Well, like helping other people. Giving their children a chance, for example. But here," she surveyed the room with a sweep of her hands—"it's just sameness—dress for luncheon, school, sitting in stuffy rooms, talking meaningless talk. Oh, it's so boring. Money is a bother. I hope to use mine for good works—education and charity. But just yet, of course, I've made no definite plans.

Misses Good Times.

"Naturally I'm grateful for what has been given to me. But look at all the good times I miss because I'm rich.

"Before I became so wealthy I could go outside and walk through the town without fear. Now it's different. Somebody might try kidnaping me.

"And then all this fuss they make over me, too—it's disgusting. I hate it. I'm tired of being in the public eye. You can't imagine how terrible it is."

"What would you care to do that be above everything else?" I asked her.

"Well, I'll tell you—but you must not laugh! I want a little house for my very own, with no maids or servants—and—and a nice little kitchen with a stove and everything. I'm fond of cooking and, oh, I can bake the dandiest pies and cakes and make the loveliest salads. They taste fine; dad says so."

"Is that all you want—just the house? Isn't there going to be a good looking husband around some place to make the scene complete?" I ventured.

Denies She's Engaged.

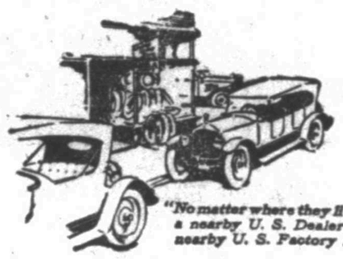

For a moment she was confused.

"Perhaps—perhaps, some time. But just now I can't think of husbands. I'm too busy learning how to live and how to manage all this money.

She denied specifically that she's engaged—a report that has been current a dozen times. She denied, too, that she especially favors any one young man.

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net* price—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with *his* nearby U. S. Factory Branch

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good* tire, wherever you find it anywhere in the country.

Because the U. S. policy is a *good* policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

CHICAGO PRODUCE

CHICAGO, July 5.—Butter higher. Creamery extras 35 1-2c. Eggs higher; receipts 15,101 cases; firsts 26½ @27c. Poultry alive, higher; fowls 22c; broilers 25@30c.

N. Y. SUGAR

NEW YORK, July 5.—Raw sugar was more active today but there was no change in quotations which continue on the basis of four cents for centrifugal.

Raw sugar futures were firm early but after showing advances of 4 to 5 points on covering prices eased off under scattered liquidation and selling by trade interests with final prices nine to twelve points net lower. July closed at 2.83; September at 2.85; December at 2.63 and March at 2.61, all bid.

The market for refined was advanced 10 points by one refiner to 5.40, while others were unchanged at 5.20 to 5.30 for fine granulated and while there was a fair inquiry reported the demand was not as active as expected, after the holiday.

In refined futures there were only a few sales confined to September at 5.85 and 5.80. Closing bids were 5 to 10 points net lower with July, September and December at 5.75.

N. Y. COFFEE

NEW YORK, July 5.—Coffee futures opened at an advance of 10 to 12 points as though influenced by reports from Brazil that the government would continue to support the market and would regulate the movement of coffee from the interior. These reports were accompanied by a sharp advance in later months at Santos, but after selling at 6.47 for September, the market here turned easier under scattered liquidation. September eased off to 6.28 and the general market closed at a net decline of 3 to 4 points. Closing bids: July 5.94; September 6.30; October 6.43; December 6.72; January 6.83; March 7.04; May 7.20.

The local spot market was quiet and steady with Rio 7's quoted at 6 1-4 to 6 3-8c; Santos 4's at 9 1-4 to 9 3-4.

ISSUES SHOW WEAKNESS AT WEEK OPENING

By Associated Press.

NEW YORK, July 5—Resumption of business was signalized by fresh weakness in the foreign oils.

Withdrawal from the Mexican field by American producers caused Mexican petroleum to fall to 90 1-4, a new low record, with only a feeble rally.

Pan-American petroleum, the controling factor in Mexican petroleum, also was heavy throughout with general asphalt.

Lower prices announced by the Bethlehem Steel Corporation caused extreme losses of one to three points in that group and among equipments, including Bethleham and Baldwin. Sugars, shipping and several of the high grade rails forfeited fractions to a point, with southern Pacific a noteworthy exception.

Call money opened at 6 per cent but eased to 5 1-2 per cent, later a 5 per cent rate ruling in private negotiations, Liberty bonds were irregular, but most other domestic issues and internationals, including United Kingdoms and Dominion of Canada were firm.

He Was Too Previous.

A policeman walking along the side of the canal seeing a youngster crying stopped him.

"What's the matter?" he queried.

The youngster pointed to a hat which was bobbing up and down in the middle of the canal.

"My brother——" he sobbed.

In a flash the courageous constable plunged into the water. He came up but with the hat only.

"Can't find him," he gasped. "Where was he standing when he fell in?"

"He didn't fall in," the boy bludted out. "He is over there. I was going to tell you nhe threw my hat into the canal but you wouldn't let me finish."—Boy's Own Paper, London.

Just Like a Relative.

A little girl, being asked at the close of her first day at school, how she liked her teacher, replied, "I don't like her at all. She's just as sancy to me as my mother."—Boston Transcript.

PRICES STEADY BUT MART SLOW AT FORT WORTH

FORT WORTH, July 5—Although very moderate receipts were booked in the cattle division today, the market was a slow, indifferent affair. Receipts were 1,800 head of cattle and 1,500 cales. Prices were generally steady.

Opening sales of hogs were strong to 5c higher and the close looked generally 5 to 10c better than on last Saturday. Four cars sold to a packer at $9.20 and most of the run cleared at $9 to $9.15. Pigs were fully steady, the market range being $7.50 to $7.75. Hog receipts amounted to 1,800 head.

Sheep house receipts were close to 1,500 head. Fat sheep and lambs cleared on a steady basis, but feeder lambs went begging. Good wethers sold at $4, ewes made $3.50 and genuine lambs notched $7.50. Quotations:

RAINS BRING DECLINES TO WHEAT PRICE

By Associated Press.

CHICAGO, July 5.—Relief from excessive heat in the northwest together with rains there and in other sections brought material declines today in the price of wheat. The market closed heavy, 5 1-4 to 6 1-2 cents net lower, with September 1.15 1-2 to 1.16 and December 1.16 1-4 to 1.17.

Corn lost, 3 to 3 3-4 cents, and oats 1 3-4 to 2@2 1-8 cents. In provisions the outcome varied from 15c decline to 10 cents advance.

Throughout the day selling of wheat was fairly general and buying demand was anything but brisk, especially in the last thirty minutes, when lowest prices of the session were reached. Decrease of the visible supply total was entirely ignored.

Liberal receipts and slowness of shipping call weakened corn. Oats declined in sympathy with other grain, September delivery selling at the lowest price yet this season.

Provisions showed a lack of aggressive demand.

They Wear Sheep's Clothing

Possibly the most pitiful case of mistaken identity is where the human wolf regards himself as a gentleman.

COTTON HIGH WITH BRITISH DEMAND GOOD

NEW YORK, July 5.—The cotton market was high today, owing to influence of the improved British industrial situation as reflected in Manchester advices and the small crop indication of last week covering was promoted by reports of a firmer tone in southern spot markets. October advanced to 12.84 compared with 12.03, the low price touched last Friday and 41 points net higher. That delivery closed at 12.61 with the general market closing steady at a net advance of 14 to 18 points.

The market opened firm at a net advance of 13 to 21 points in response to higher Liverpool cables and reports of an improving demand for goods in Manchester. The advance met some realizing and local selling for a reaction and after showing net gains of about 20 to 27 points prices eased off 10 or 15 points from the best. Brokers with Japanese connections were particularly prominent buyers of early new crop months on the advance. Reports of a firmer spot basis in the south and a better demand from exporters contributed to the bulge, but demand tapered off later.

It is reported that Lancashier spinners have decided to continue the short time schedule for another fortnight owing to the coal shortage, but that better orders are being received from both India and China.

LIVERPOOL SPOTS

LIVERPOOL, July 5.—Cotton spots quiet. Prices steady. Good, middling 8.46; fully middling 8.06; middling 7.56; low middling 6.56; good ordinary 5.31; ordinary 4.56. Sales 5,000 bales, including 4,700 American. Receipts 10,000 bales, including 1,100 American. Futures closed steady, July 8.04; October 8.30; December 8.52; January 8.56; March 8.67; May 8.75.

ASSERTS NEFF'S "REMOVAL" BILL UNCONSTITUTIONAL

By Associated Press.

WAXAHACHIE, Texas, July 5.—Governor Neff's proposed bill providing for removal of officers who wilfully fail or refuse to enforce the law is partly unconstitutional, according to Representative Homer Hendricks in a letter addressed to Governor Neff today. The executive, Mr. Hendricks said, had requested him to examine the proposed measure.

The bill purports to "remove any district, county or precinct officer." Representative Hendricks said in his letter, "This, as drawn includes the district judge. The legislature has only the power to remove where the mode is not provided in the constitution, and a mode is provided as far as the district judge is concerned."

APOSTOLIC NUNCIO ARRIVES IN PERU

By Associated Press.

CITATION BY PUBLICATION.
STATE OF TEXAS
COUNTY OF WICHITA.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon A. J. Robinson, by making publication of this citation once in each week for four successive weeks previous to the return date hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the Seventy-eighth Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Seventy-eighth to appear at the next regular term of the Eighty-ninth District court, of Wichita county, to be holden at the court house thereof in Wichita Falls, on the first Monday in Sept., 1921, the same being the 5th day of September, 1921, then and there to answer a petition filed in said court on the 13th day of June, 1921, in a suit, numbered on the docket of said court, No. 11010B, wherein Elizabeth J. Robinson is plaintiff, and A. J. Robinson is defendant, said petition alleging that on or about the 15th day of July, A. D., 1920, plaintiff was legally married to defendant in Wichita county, Texas, and continued to live with him as his wife until on or about the 3rd day of September, A. D., 1920; that plaintiff and defendant were actual and bona fide inhabitants of the State of Texas for twelve months previous to that time and that plaintiff has resided in Wichita county for six months preceding the filing of this suit; that defendant treated said plaintiff in a cruel and harsh manner, cursing, abusing and striking plaintiff about head and face and inflicting bodily injury, and that on or about the 3rd day of September, 1920, defendant deserted and abandoned this plaintiff and said plaintiff has not heard from defendant since that date, nor has he contributed anything towards her support.
That in March, 1921, a boy was born and that plaintiff is a suitable and proper person to have the care of such child.
Wherefore, plaintiff prays that defendant be cited to appear and answer this petition, return into court an inventory and appraisement under oath of all the property belonging to the community estate; that plaintiff have judgment dissolving marriage contract and for a partition of community property; also that plaintiff have care and control of said child and that a proper and suitable provision be made for her support and that of the child; for cost of suit and for such other and further relief, general and special, in law and in equity as she may be entitled to.
Herein fail not, but have before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.
Witness A. F. Kerr, Clerk of the District Court of Wichita County.
Given under my hand and the seal of said court, in the county of Wichita, this the 13th day of June, 1921.
A. F. KERR,
Clerk of District Court of Wichita County.
Issued this 13th day of June, A. D., 1921.
A. F. KERR,
By W. PICKENS, Deputy.
Clerk of District Court, Wichita County, Texas.

CITATION OF ADMINISTRATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wichita county, a copy of the following notice: The State of Texas. To all persons interested in the welfare of the estate of Joe LaCroix, deceased.
Know ye that L. C. Heydrick was by the County Court of Wichita, Texas, on the 21st day of June A. D., 1921, duly appointed Temporary Administrator of the said estate, which appointment shall become permanent unless the same shall be successfully contested at the next term of said court, commencing on the first Monday in August A. D., 1921, the same being the first day of August A. FAN STOLEN FROM AIRDOME THEATER

Disappearing during a twenty-minute absence of the man in charge a sixteen inch electric fan was taken from the Airdome theatre Tuesday afternoon about 2 o'clock, according to reports made to police.

Detective Hunter, who was placed in charge of the case, said that the man taking the fan was seen by an employee of a nearby establishment and can be identified.

JURY ADJUDGES THREE INSANE TUESDAY MORN

Three men two of whom have been held at the county jail for some time were adjudged insane by juries in the county court Tuesday before Judge J. P. Jones.

Jim Dirge, who for many years has been widely known in this city, as "the hermit" and who has escaped from the county farm several times to take up his abode in a cave near the city, was one of the three men adjudged insane.

Dirge, who in the past had been seen daily in the alleys of both the downtown and residential districts, picking up scraps to eat with his person covered with ragged clothes reaking with filth will be sent at once to a state institution for the insane.

H. J. Bryant, who, according to evidence in the trial Tuesday, has been a resident of this city for several years, was adjudged of insane mind. His son and daughter-in-law were among the relatives who testified as to his actions indicating his insanity.

Will Dozier, who was recently tried in the 89th District court, on a felony charge, and who was released by the jury on the ground that he was insane, was the third man tried.

It was shown that Dozier, although a hard working man and strictly honest in many ways, had a mania for stealing harness or wagon equipment. Letters from a county attorney and a sheriff of a county in which he formerly lived, where read to the jury. The letters stated that he was considered of unsound mind by those who knew him in that county.

COUNTY GETS $29,407 FROM ROAD FUND

A check for $29,407.80 was received Tuesday by Tom McHam, county treasurer, from the state highway department, the amount representing another payment due as the state's share of the cost of the concrete road between this city and Iowa Park.

It was stated Tuesday by county officials that the check would take care of the overdrafts made on the special road fund of the county at local banks and would also furnish funds to continue the construction of the road program between Electra and Iowa Park pending the approval of the attorney general's department of the $1,500,000 road bonds voted three weeks ago.

It is understood that another effort will be made to expedite the approval of the bond issue by the attorney general's department at once. It is probable that E. L. Fulton, county attorney, will go to Austin for that purpose.

SEND ROBINSON TO FORT WORTH

Cotton Robinson, one of the three boys arrested Sunday by police officers, alleged to have broken into a money drawer at one of the stands at Lake Wichita, was sent to his home at Fort Worth by Juvenile Officer Morgan Tuesday afternoon.

Frank Phillips arrested at the same time, was also released by the juvenile officer. Mr. Morgan stated Tuesday that it was the first time the two boys had gotten into any kind of trouble so far as he knew and that he was releasing them for that reason. Under agreement Robinson will report weekly to the juvenile officer at Fort Worth with Phillips to report to the local juvenile office.

The third boy arrested Sunday for the same offense is being held at the juvenile office. He has previously been tried in juvenile court for other offenses, according to Mr. Morgan.

DETECTIVE GOES TO GET A. H. KEEDY

E. S. Richardson left Tuesday for New Orleans to bring back A. H. Keedy wanted here on an indictment charging him with forgery. Keedy according to officers, was arrested in New Orleans several months ago but was not returned here at that time he being charged with a similar offense in that city.

According to officers he has now served out his sentence there. Keedy was indicted for forgery by a grand jury which met here in January.

It was alleged that he forged the name of his employer, J. E. Eggleston, of this city in December and cashed the $200 check at the Exchange National Bank. Extradition papers were received from the office of Governor Neff Saturday.

COTTON AUTO POSSIBILITY, BABSON SAYS

By Associated Press.

CHICAGO, July 5.—Automobiles built of a composition of cotton and operated with coal dust for fuel are a possibility of the future, according to Roger Babson, statistician, who is visiting here.

"The principal factor in the decline of the automobile busines has been the steady increase in the price of gasoline," Mr. Babson said. "The car of the future will be run by other fuel. Already the use of coal dust has passed the experimental stage. In my opinion, it will be used extensively within a short time.

"Lighter cars must be manufactured to cut down the cost of production and maintenance. A composition of cotton formaldehyde and glue is being used to produce a material that may solve the problem."

Mr. Babson declared that general business would not improve until late winter, as the "buyers strike" was "still on." Eighty percent of the original purchasers of liberty bonds still hold them, he said.

An Approach Shot.

"Who was it took ye to the cinema on Monday night, Jennie?" said Donald, as they strolled in the park.

"You, Donald," was the answer.

"And who took ye to the dance on Tuesday?"

"It was you, Donald."

"And who went with ye to the music hall on Wednesday?"

"You, Donald."

"Well, Jennie, girl, do ye no smell a rat?" he finished triumphantly.—Royal Magazine.

Movieland

Betty Blythe in her wonderful batik robe.

Betty Blythe, the pretty screen star who has gained fame for her Queen of Sheba, is now gaining fame as a designer and artist. She is the envy of all the feminine contingency because of her new batik negligee, which she designed herself. She is shown here wearing her new creation, which is said to be the only one of its kind in the country.

It is of gold metallic cloth, the entire back and train hand-painted with peacock feathers in natural colors. The sleeves from elbow to wrist are of crepe de chine, shading, from pale gray to smoke blue. The front of the gown is of gold slightly molted with green, the head and comb of the peacock extending over the breast. It is a robe fit for the Queen of Sheba.

NEILAN AS ACTOR

For the first time in years "Micky" Neilan deserted the position of director recently and put on the grease paint again. He appeared before the camera in "Bits of Life," which he is now making for First National release. In the picture Neilan appears as himself in a novel handling of a story that is expected to produce something new under the sun in picture presentation.

POLE MAY ENTER MOVIES

A recent visit of Ignace Jan Paderewski may be contemplating an entry into moviedom.

Paderewski, with his bushy hair and tiny goatee, was always a dramatic figure upon the concert stage. It is conceivable he would photograph well in the movies.

Certainly there would be unusual interest attached to a historical film showing the beginnings of the Polish republic, with Paderewski playing upon the screen the same role he played in real life.

Paderewski visited the studios as the guest of Rupert Hughes, the novelist.

He told those in the studio that he was an ardent movie fan. Then he spent an hour in conference with F. J. Godsol, chairman of the Goldwyn board of directors, and Abraham Lehr, vice president, in charge of production.

No word as to the nature of the conference has been forthcoming.

Madame Paderewski accompanied him on the visit.

A NEW STAR

"The White Peacock Feather," by Du Vernet Babell, has been selected by Lucien Hubbard, scenario editor at Universal City, as the first starring vehicle for Marguerite Armstrong, elevated to luminary ranks following her work in Von Stroheim's "Foolish Wives." Jack Conway will "pilot" Miss Armstrong through her initial stellar vehicle.

WHAT THEY'RE DOING

Charles Kenyon, author of "Kindling," is adapting Hall Caine's "The Christian" for the screen.

"Clay Dollars" is Eugene O'Brien's thirteenth starring vehicle he has made for Selznick.

Elsie Ferguson soon leaves for a vacation in England, France and Italy.

WOMEN FALL INTO NIAGRA FROM HEAT

By Associated Press.

NIAGARA FALLS, July 5.—One woman was overcome with heat today and tumbled into the Niagara river a short distance above the American falls and another, fainting from excitement, followed her. Both were rescued.

The first woman, Mrs. Josephine Baines of this city, was seated in the state reservation, on a ledge near the water's edge, with another woman companion. Persons resting near the Goat Island bridge saw Mrs. Baines and then the other woman slip into the river and sounded the alarm.

Several men responded and fished Mrs. Raines' companion out of the water. Meanwhile Mrs. Raines had been carried 15 feet from shore, and was being borne along toward the falls when a man, who later refused to give his name, seized a rope and waded out after her.

Edward Hager of Wrightsville, N. J., had obtained the rope from his automobile. The unidentified hero, taking one end, ran along the shore passing the woman as she was being carried down stream. He moved out in the water directly from shore, with the other end of the rope held by George Healey of this city. Then he seized the woman when the current brought her to him and he towed her to shore.

Wealth in the Films.

"If I were to die tonight, John," said Mrs. Glipping, plaintively, "you'd be sorry you didn't take me to see that society photoplay."

"No, I wouldn't, my dear," said Mr. Glipping. "I'd have the satisfaction of knowing that your last hours were not spent in vain yearning for jewels of great price, Paris gowns, a palace by the sea and a flock of motor cars."—Birmingham Age-Herald.

LETTERS OF GRATITUDE

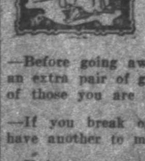

Eloquent language and illustrations in advertising may appeal to many, but after all it is the homely, sincere letters from women, overflowing with heartfelt gratitude for health restored by Lydia E. Pinkham's Vegetable Compound, that convince other suffering women that there is a medicine that will help them also. Many such letters are being published in this paper from day to day, and it is to any woman's advantage who suffers from female ailments in any form to give this old-fashioned root and herb remedy a trial.

DODSON KILLING USE OF CALOMEL

Says Drug Is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.
