## New, Shallow Pay Tapped In Borden

Another shallow pay has been discovered in Central East Borden County by Vickers Petroleum Company, Inc., and Norwood Drilling Company No. 1 J. R. Canning.

On a drill test at 5,800-5,900 feet, gas surfaced in six minutes, oil in 17 minutes. The oil was flowed to pits for 13 minutes at an estimated rate of 30 to 40 barrels per hour. Operators were coming out of hole at last report.

This new discovery is three and one-half miles north of the Von Roeder-Canyon pool and approximately four miles west of the Sharron Ridge-Canyon field, which is across the line into Scurry County.

Exact location of the No. 1 Canning is 1,980 feet from east and 2,002 feet from south lines of section 142, block 25, H&T survey, and 13 miles southeast of Gall.

## Amerada In Terry Flows More Crude

Amerada Petroleum Corporation No. 1 W. Willard, Central-South Terry County flowing discovery from 8,458-8,507 feet, has found more pay on a drill test from 8,507-8,547 feet.

Testing tool was open five hours and 22 minutes. Gas surfaced in eight minutes and oil in one hour and 22 minutes. It flowed 108 barrels of high-gravity oil and no water in four hours through a five-eighths inch bottom hole choke.

On a previous test from 8,458-8,507 feet the discovery flowed 144 barrels of 43-gravity oil in four hours through five-eighths inch bottom hole choke. Gas-oil ratio was 431-1. No formation water developed from the test.

Cored ahead.

## Midland Discovery Gets North Offset

Magnolia Petroleum Company has staked a one-quarter mile north offset to its recently completed Elsenburger discovery in Central-West Midland County.

Magnolia No. 1 H. S. Collings will be one-quarter mile north of the No. 2 Roy Parks, which was recently completed for 786 barrels of 54-gravity oil daily from open hole at 12,944-970 feet.

## Oil String To Be Run On Midland Prospect

Casing is to be run on the Forest Oil Corporation, Houston Oil Company of Texas, Robert S. Brennan and others No. 1 Pio Crespi, prospective Spraberry discovery in Central-East Midland County.

Top of the Spraberry was picked at 7,420 feet, on an elevation of 2,717 feet. The venture is bottomed at 7,750 feet in sand.

No drill test has been made in the Spraberry section, however drilling samples and cores have shown strong possibilities of production.

Two tests were attempted in the possible pay zone, but both failed due to packer failures.

## Magnolia To Offset SE Borden Discovery

Magnolia Petroleum Company has staked a 5,850-foot wildcat 934 feet east of Rutherford and Heep No. 1 Davis, possible reef discovery, in Southeast Borden County.

It is the No. 1 W. Ed Murphy, 467 feet from west and north lines of section 69, block 25, H&T survey, 18 miles southeast of Gall. Operations are scheduled to start July 20.

## Strawn Completion Is Slated In C-S Scurry

Attempted completion from a thin pay section in the Strawn is slated for City Service Oil Company No. 1 - B Taylor wildcat in Central-Scurry County.

### Five Men Trapped In Mine

LARK, UTAH—(P)—Five men still were trapped deep in a smoke-filled lead mine early Monday, more than 24 hours since they went below the surface.

Billowing smoke hampered the all-night rescue operations at this tiny mining community perched on the foothills of the Quirrh Mountain Range.

Rescue workers were faced with the difficult task of combing some 400 miles of tunnels. The men are somewhere in this maze of underground passages.

The men have been missing since early Sunday, when fire broke out in the Lark mine of the U. S. Smelting, Refining and Mining Company.

Men Identified  
They are identified as Horace Martin Seal, 59, a hoist operator; Leland Neilsen, 38, pump operator; Robert Gordon Meyerhoffer, 36, electrician foreman; Byron G. Thomas, 46, surface foreman, and Clyde Auguston, 41, an assistant mine superintendent.

The men were engaged in maintenance operations at the mine, which has been shut down since July 1 by a strike of United Steelworkers.

### Joan Edwards Has Been Unconscious Eighteen Months

Joan Edwards, the attractive young lady who formerly waited on classified advertising customers at The Reporter-Telegram, has been unconscious 18 months.

Joan spent weeks in an Odessa hospital before being taken to Dallas for special treatment. She then was taken to her home in Rankin; then to San Angelo for treatment.

### Army Halts Disposal Of Texas Camp Lands

BROWNWOOD—(P)—Disposal of surplus government land at three Texas Army camps was ordered stopped Monday.

John Sharp of Brownwood said he had received orders to suspend land disposal operations at Camp Bowie here, Camp Maxey at Paris and Camp Swift at Bastrop.

### Midland Band Swings Out As Lions Meet Opens In Chicago

By LARRY TRIMBLE  
Special Correspondent

CHICAGO, ILL.—This busy convention city was a madhouse Monday morning as the annual convention of Lions International got into full swing. Lions by the thousands are here from all over the world. Texas has the largest state delegation.

And as the conclave officially opened, the Midland Lions Club Band, an official orchestra for the delegation from the Lone Star State, opened up with music which is proving to be most popular with the convention delegates. Several concerts are scheduled during the day.

### To Ride In Parade

The 32-member Midland group Sunday visited the Lions International City, where an impressive dedication ceremony was held. The West Texans also visited numerous other points of interest on sight-seeing tours during the day.

The band members were up early Monday to decorate the float on which they will ride in the huge convention parade Monday night. Chicagoans have fallen hard for Woody Lawson's Boogie Woogie, a selection arranged by the Midland for the Midland orchestra. Lawson has been offered \$100 a week to remain in Chicago.

## Truman Messages To Solons, Nation Slated Wednesday

WASHINGTON—(P)—President Truman Wednesday will send a message to the Korean war to Congress and will report to the nation on it that night by radio.

The White House said neither the message nor the report to the people has been completed yet.

### Rain Is Light In Midland; Area Gets Good Showers, Hail

Midland received only a trace of rain Sunday evening, preceded by high winds, sand and an electrical display, but other sections of West Texas were more fortunate from a moisture standpoint. The CAA office at Midland Air Terminal reported 24 inch Sunday.

The Sunday situation here was quite similar to the one Saturday night when Midland received a light shower of rain after heavy clouds, lightning and thunder had given promise of a good rain. The country to the west, however, was more fortunate, with heavy showers reported between Odessa and Pecos. Dishes along U. S. Highway 80 around Monahans still were full of water Sunday.

### MPCA Shareholders Hold Annual Meeting

Approximately 350 stockholders of the Midland Production Credit Association, and members of their families, from 12 West Texas counties convened here Monday for the organization's annual barbecue and business meeting.

The barbecue was held at noon in the American Legion Hall on South Colorado Street. A business meeting was to follow the barbecue.

### Move Underway To Collect On Tickets

Police Chief Jack Ellington Monday said a drive now is underway to collect on all parking tickets issued here. He said warrants are being issued in the old violations by the city attorney's office.

Several persons appeared Monday morning in City Court in answer to the warrants. Judge J. M. Dearmond will handle the cases.

The plan is another step in an order to crack down on traffic violations.

### Texas Population Set At 7,675,002; Houston Has 593,600

By The Associated Press

The 1950 population of Texas, according to preliminary Census Bureau figures, is 7,675,002.

This is an increase of 1,280,178 over 6,414,824 in 1940.

This clinches Texas as the nation's fifth most populous state, the spot previously held by Ohio. Ohio climbed from 6,907,612 in 1940 to 7,501,791.

## U. S. Forces Expected To Vacate City

TOKYO—(P)—Three North Korean infantry divisions, heavily aided by artillery but shy on tanks, swarmed close on Taejon Tuesday, forcing the slender American defense to abandon the airfield three miles north of that South Korean city.

General MacArthur's Tokyo headquarters' communique reported early Tuesday that the North Korean invaders are "continuing to pay a high price for ground gained," but acknowledged that they were gaining.

### Stand South Of River Is Yanks' Plan

WASHINGTON—(P)—American forces in Korea will hold somewhere south of the Kum River "and get built up for our offensive," a Pentagon briefing officer said Monday.

The defense headquarters spokesman, however, said he could not predict now where American forces will stabilize their lines after falling back from the river position.

The officer said there will be many places for holding positions before the next main defensive line is reached on a ridge of mountains running from northeast to southwest about 35 miles from the Kum River.

Nobody Can Say Where  
"I can't say, nobody can say, where we are going to stabilize," the spokesman said. "That depends on the weather and many other things."

Pecos Cantaloupe  
Season Scheduled  
To Open This Week

PECOS—The cantaloupe season is about to blossom forth in earnest in Pecos, with a few crates of melons having been moved out last week.

Most growers expect the first major picking activity of the season to get underway early this week. The few crates which were shipped last week mostly were flats, containing 12 to 15 melons. These generally go to individual buyers or are ordered as gifts. Cantaloupe shippers report a larger than usual backlog of pre-season orders, and earliest delivery date being promised now is about July 26 through July 30.

Heaviest shipping has been reported by Harold Wendt, who produced the first melons of the season. In addition to 40 to 50 flats, he shipped some squares Thursday. Squares are larger crates containing 27 to 45 melons.

Tri-State Produce Company shipped 20 flats Thursday, while the M. L. Todd Company has had only light shipments on pre-season orders.

O. J. Bryan was first last year in cantaloupe production. He brought in his first melon on July 1. Although the exact acreage is not known, approximately 1,000 acres are planted in cantaloupes this year.

## Abundant Living

By E. STANLEY JONES

I Cor. 12:25-28; II Cor. 9:8, 10; Matt. 6:32

SOME STEPS TOWARD PHYSICAL HEALTH

If we are not at our best physically, if the physical basis of our abundant living is poor, we can improve it, perhaps perfect it. The following steps may help.

(1) Get a thorough physical examination by a competent doctor. Preferably by one who is not a materialist, but one who sees the interlocking of body and spirit. The mere materialist, the one who sees disease as only physical in origin, is as out-of-date in advancing medicine as the Chinese medicine man puncturing the patients to let the devils out. On the other hand, don't go to one who says that disease is only of mental or spiritual origin. He is equally dangerous and equally liable to write you a pass to a graveyard, or if not as far as that, then to an infirmary.

(2) If there are physical weaknesses, take the next step and ask whether they are of physical or spiritual origin. Some may turn out to be of physical origin, and an operation or medication may correct them. Don't hesitate to let God heal you through the surgeon or physician. The real surgeon or physician recognizes that he does not heal. As one doctor says: "I only clear the way; Nature or God does the healing."

God, my gracious Father, I want to live frankly and fully. Help me to face my physical man with complete honesty and a willingness to know the truth which alone can make me free. Save me from all self-deception and subterfuges, for I would be Thy fit instrument. Amen.

Chinese Apologize  
For Air Attack On  
British Steamship

TAIPEI, FORMOSA.—(P)—The Chinese Nationalists Monday confirmed one of their planes attacked the British steamer Glenearn Saturday north of Formosa.

The Foreign Office said it has requested the United States to convey Nationalist apologies to Great Britain. Nationalist China no longer has diplomatic relations with Britain.

The Defense Ministry said the pilot of a Mustang fighter was under arrest and would be court-martialed for acting against orders.

The Glenearn's British chief officer and a Chinese steward were injured seriously and the ship's steering gear was damaged.

The Cheshire cat has no actual existence, except in literary expressions.

BOMBARDIER'S VIEW OF KOREAN TERRAIN—A U. S. B-29 wings over the rugged battle-ground "somewhere in Korea." Much of the Korean fighting, particularly in the eastern area and around the Kum River, is in mountainous country like this.

THE COLONEL SPEAKING—  
If We Had Had One More  
Battalion, We'd Still—

By WILLIAM R. MOORE

A U. S. COMMAND POST IN KOREA —(P)— It was the colonel speaking.

"My men have put up a good fight. I tell you, a good fight."

The colonel lay on a stretcher in a clearing station Monday, well back from the scene of battle.

A bullet went through his right leg Sunday. Military regulations forbid using the names of wounded.

But the history of this Korean campaign will list the colonel as the leader of a unit which fought gallantly Sunday in an attempt to hold the Kum River line against overwhelming Red artillery and ground attacks.

"I saw them hold tight and keep on shooting when the Red artillery was coming at them," the colonel said.

Put Up Good Fight

"Let me tell you they put up a good fight. I'll bet they are up there now still fighting."

An officer on a nearby stretcher nodded agreement.

"They sure did," he said.

"If we had had just one more battalion," the colonel said, "we'd all be right there on the river, still fighting."

The colonel, a thin, serious man with eyes still reddened by the dust and fatigue of battle, told how the fighting went.

Early Sunday the Communists tried a bold crossing of the Kum River in front of the U. S. line. The Reds that were not killed held up under cover of artillery.

WASHINGTON.—(P)—Senator McMahon (D-Conn.), chairman of the Senate-House Atomic Committee, said Sunday he believes the Korean war "is of such a character as to rule out use of the atomic bomb."

Speaking in a television interview, McMahon said the A-bomb's primary function is to hit either "sources of power" or massed troops.

"As I see the Korean situation, you have ground troops widely dispersed," he said. "The sources of power of the North Koreans are not being generated in North Korea itself. I doubt if there are any tank factories in North Korea."

I just feel militarily it isn't the kind of weapon for use in this kind of action."

There have been several suggestions in Congress that the United States use the atomic weapon against the Communists in Korea.

★ THE DOCTOR SAYS ★  
Well-Balanced Diet Is Key  
To Remaining In Good HealthBy EDWIN F. JORDAN, M. D.  
Written for NEA Service

There is much talk of a well-balanced or normal diet, but comparatively few people know what this really means. A satisfactory diet for a normal person requires eating enough food to supply the needs of the body and enough waste matter to give bulk for satisfactory intestinal action.

The food must supply enough calories. A calorie is a unit of food value and refers to that portion of the food which supplies energy for muscular exertion. The caloric requirements vary with the weight, age, and amount of muscular work done.

For example, a man weighing about 150 pounds doing a moderate amount of muscular work ought to have about 3,000 calories daily, of which 280 should be supplied by protein foods and the remainder from starches and fats.

Larger persons in general require more calories. An active person engaged in strenuous labor might use up as much as 5,000 calories, whereas one doing sedentary work might need only 2,500 calories or less.

Calorie requirements for women average about 20 per cent less than for men. The total caloric requirements of children are still less though they are more for their weight than adults. Thus, a boy about 10 years old usually needs from 2,000 to 2,700 calories. At 16 he would require from 2,700 to 4,000.

Besides calories, every person needs other food elements such as calcium, phosphorus and iron. Vitamins are needed daily too—about 2,000 units of vitamin A, 300 of vitamin B1, 600 vitamin C and 600 vitamin D.

Common foods usually are divided into five classes: milk, and milk products, grain products; fruits and vegetables; egg, nuts and meats of various kinds, and fats and sugars. All of these classes of foods are desirable in a well-balanced diet.

Milk and milk products supply calcium and it generally is recognized that the usual American diet likely are to be deficient in this necessary ingredient. Milk all is

a good source of protein and vitamins A and C.

Cereals, besides being important sources of food energy (calories), supply iron, vitamin B1 and other important ingredients of the diet. At least one serving of a whole grain cereal ought to be included in the daily diet, as of course should milk.

Include Proteins

Fruits and vegetables give the best source of vitamin C and also supply iron and some other vitamins. They particularly are useful in supplying bulk.

Eggs, nuts, meat and fish of various kinds supply most of the necessary protein. Two servings of one of L-36 protein foods ought to be included in the diet every day.

Good health depends on satisfactory selection of proper foods. Few days should pass without having all of these groups of foods represented in the diet.

Superfort Reported  
Lost In Yellow Sea

TOKYO.—(P)—A B-29 Superfort has been lost in the Yellow Sea west of Inchon, the port for Red-captured Seoul, MacArthur's communique revealed Sunday.

Seven of the crew who bailed out have been rescued by British Naval craft, the announcement said. The Royal Navy is patrolling and guarding the West Korean Coast.

It did not indicate whether the plane was hit by enemy fire or forced down by mechanical trouble. Nor did it specify the time it was lost, which presumably was Sunday or early Monday.

Mother Of Nine Is  
Found Shot To Death

HUNTINGTON, W. VA.—(P)—Young Harold Carrico leaned over his mother's bed to kiss her goodbye before setting off to work.

He froze at the sight of an ugly bullet wound in her eye. She was dead.

The .38 caliber bullet which killed 44-year-old Mrs. Anna Carrico as she slept Sunday came through the window of her ground floor bedroom, police said. Four of Mrs. Carrico's nine children were sleeping in the same room but they heard no shot.

Robert C. Leadmon, 42, who had been arrested that night on a drunk charge, was charged with the murder. Police said the murder gun was found, but gave no further details as to why Leadmon was accused of the slaying.

Police said Mrs. Carrico was separated from her husband.

TOKYO.—(P)—A B-29 Superfort has been lost in the Yellow Sea west of Inchon, the port for Red-captured Seoul, MacArthur's communique revealed Sunday.

Seven of the crew who bailed out have been rescued by British Naval craft, the announcement said. The Royal Navy is patrolling and guarding the West Korean Coast.

It did not indicate whether the plane was hit by enemy fire or forced down by mechanical trouble. Nor did it specify the time it was lost, which presumably was Sunday or early Monday.

Mother Of Nine Is  
Found Shot To Death

HUNTINGTON, W. VA.—(P)—Young Harold Carrico leaned over his mother's bed to kiss her goodbye before setting off to work.

He froze at the sight of an ugly bullet wound in her eye. She was dead.

The .38 caliber bullet which killed 44-year-old Mrs. Anna Carrico as she slept Sunday came through the window of her ground floor bedroom, police said. Four of Mrs. Carrico's nine children were sleeping in the same room but they heard no shot.

Robert C. Leadmon, 42, who had been arrested that night on a drunk charge, was charged with the murder. Police said the murder gun was found, but gave no further details as to why Leadmon was accused of the slaying.

Police said Mrs. Carrico was separated from her husband.

## Splash Your Worries Away

Clever vacationer (above) swims for health, beauty and pleasure, making a big splash with triple-purpose water exercises. She jumps (left), breast-strokes (upper right) and flutter-kicks (lower right) for muscle toning, figure molding and just plain fun.

By ALICIA HART

NEA Staff Writer

Swimming's one sport that's not restricted to the experts. Even if dunking dog-paddling is the limit of your skill, your time in the water can be as healthful, happy and beautiful as that of the girl with the perfect stroke.

Not only is swimming fun, but it is a pleasant and effective way to exercise. In as short a period as a two-week's vacation you can, by applying yourself to swimming and water play, slim down your bulges and improve your muscle tone.

"Since the water is buoyant, it supports much of the weight of your body while you devote most of your energy to the health or beauty improvement you're seeking.

The flutter kick is an old standby for melting down excess poundage on hips or thighs. It works equally well as a part of your swimming stroke or as a concentrated side-of-the-pool exercise. At the beach or in mid-pool a ball or life preserver can be used to provide support.

Although a shallow splashy flutter is fun, a submerged kick should be used for serious slimming. This is more difficult, but it is also more effective.

To provide a good workout for all your unused leg and foot muscles, vary this exercise by turning first on your stomach and then on your back.

The breast stroke may be used to mold your arms into new shapes.

## Fresh Flowers Accent Clothes

By ALICIA HART

NEA Staff Writer

You don't have to restrict your wearing of fresh flowers to those special occasions when the florist knocks on your door. Corsages are nice, both for building morale and for adding that extra flippity to important affairs. But you are limiting yourself if you depend upon them alone for your flower accents.

The role flowers can play in supplying that important dash of color to your costume was pointed up in the Spring when artificial flowers hit new heights of popularity. Now that Summer's here, fresh flowers are coming into the spotlight.

With blossoms abundant everywhere from country gardens to city vendors' baskets, it's neither necessary nor clever to wait wistfully for beau or husband to send you flowers. Too often they choose the wrong color anyway.

Select them yourself, to enliven your clothes, to enhance your personality and to underline your moods. Big boldly-colored flowers such as dahlias or tulips give a dramatic effect when worn singly on shoulder or waist or handbag. They are particularly effective against dark cottons or linens.

Small-petalled pastels add daintiness to Summer sheers. Weave them as a cluster into your pearls. Or string them into garlands to wear as wristlet, necklace or even as a border on the peplum or neckline of your dress. Tuck small bouquets into your pockets as if they were baskets.

For formal wear, try cascading carnations down your skirt. Or let sweetheart roses fall from your shoulder at the end of varying lengths of satin ribbon.

For evening hair adornment, pom-pom flowers like chrysanthemums are attractive worn Oriental style above your ears. These are best with severe swept-back hairdos. For fluffier styles, sprinkle tiny flowers among your curls.

Women aren't any too bright about figuring out before marriage what men are good husband material and which are not.

But it's mighty easy for any woman to spot a "poor husband" once she has made the mistake of marrying him.

These are all types of "poor husbands" any woman can identify after even a brief acquaintance:

The "know it all" who doesn't give his wife credit for having sense enough to come in out of the rain. He is always correcting his wife's statements, acting superior toward her ideas, and in general trying to make himself look smart at her expense.

The "grouch" who has to be bled and soft-soaped continually if he is to be kept even half-way agreeable. Even then his wife never knows when she will unintentionally start him off on a tantrum.

The "Big I" who never lets his wife share the spotlight even for a moment. He always says "my house," "my car," "my children"—and is always the family's star performer.

The "irresponsible husband" whose wife has to pinch pennies while he makes big gestures and big plans that never materialize.

All these types are easy to spot as poor husband material AFTER they are married.

### Corbett Services Held In Connecticut

Funeral services were held Sunday in Norwalk, Conn., for Mrs. Emory T. Corbett, 54, executive secretary of the Midland County Chapter of the American Red Cross. Mrs. Corbett died suddenly Friday in Norwalk of a heart ailment.

She was visiting her mother and a sister at the time of her death, after having attended the annual convention of the American Red Cross in Detroit, Mich.

She had been a Midland resident 12 years.

Mrs. Corbett had been executive secretary of the Midland Red Cross Chapter since November, 1944, and was an active member of several civic and welfare organizations. Her husband and a son, Emory T. (Pat), Jr., left Saturday by plane for Norwalk.

Survivors include the husband; the son, a student in the University of Texas Law School; the mother, Mrs. Lawrence Matthews of Norwalk, and two sisters, Mrs. Edgar SaVole of Norwalk and Mrs. Hannah Sylvia of New Bedford, Mass.

### Navy Plans Probe Of Caroline Mars Engine Failures

SAN FRANCISCO—(P)—Two of the Navy's huge Mars flying boats—one loaded with troops westbound out of Honolulu—experienced engine trouble in midflight the past weekend.

Ninety troops were aboard the Hawaii Mars when an engine conked out Friday and she was forced to return to Hawaii.

More spectacular was the Caroline Mars loss of two engines on her flight, with 18 aboard, from Honolulu to San Francisco Saturday.

About 600 miles off the mainland both engines on one side conked out. Normally operated at 7,000 feet the Caroline Mars dropped to 1,700 feet before she safely set down on San Francisco Bay.

Passengers' baggage, 19,000 pounds of cargo, thousands of pounds of gasoline and all loose gear were dumped overboard to keep the ship up.

Both passengers and crew praised the skill of the pilot, Lt. Cmdr. A. C. Snider of Alameda, Calif., in bringing the four-engine craft to a safe landing. All aboard were navy personnel except one Marine enlisted man. All were from the bay area.

The Navy said an investigation would be made this week of the Caroline Mars engine failures.

### Red China In UN Is Stalin Demand For Korean Peace

NEW DELHI, INDIA—(P)—Generalissimo Stalin has told India's Prime Minister Nehru he considers Red China's admission to the United Nations Security Council an essential step toward ending the Korean war, it was reported reliably Monday.

A reliable source said the Russian prime minister, in a note to Nehru, agreed the Korean crisis must be settled peacefully through the Security Council. But the council, Stalin reportedly insisted, must include the Chinese Communists among its "Big Five" permanent members.

Stalin's note, delivered here Sunday in reply to a previous communication from Nehru, suggested that the views of the Korean people be heard, the source said.

The Russian message was transmitted to Nehru at Allahabad, where he has been visiting, and was cabled to the U. S. and British governments. A Foreign Ministry official said publication of the note would depend on the reaction of Washington and London.

### Federal Employees Reduced By 88,449

WASHINGTON—(P)—The number of civilians employed by the federal government dropped by 88,449 during May to a 2,001,954 total, the Civil Service Commission reported Monday.

The Defense Department and the Agriculture Department were the only agencies to show increases; the largest decrease was in the Post Office Department.

### Pecos Men Appear Before House Agriculture Panel

PECOS—Three Pecos cotton men have gone to Washington to appear before the Agricultural Committee of the House of Representatives and to call on Texas congressmen individually in protest of four proposed changes in Agricultural and Domestic Allotment acts.

Two of the men—J. C. Wilson and George Hall—are to join J. B. Kirklin in protesting proposed changes in cotton quotas and domestic allotments. Proposed changes to the Agricultural Adjustment Act of 1939, Soil Conservation and Domestic Allotment Act and the Agricultural Act of 1949 currently are being considered under House Bill 8959. The three men are to appear before the Agricultural Committee Tuesday.

The Pecos men are opposing four parts of the bill in particular. Following is the first change opposed by the men: "... that the first sentence of Section 342 of the Agricultural Adjustment Act of 1938, as amended, is amended by striking out the words 'normal supply' and inserting in lieu thereof the words 'estimated domestic consumption plus exports'."

The three men oppose the change on the basis that it will fix the law so that marketing quotas will be mandatory until such time as domestic consumption plus exports exceeds carry-over plus imports plus production.

The second proposed change being protested by the cotton men is as follows: "... that the 1951 allotment for any state which received a 1950 state acreage allotment in excess of 3,000,000 acres shall be apportioned to counties on the basis of the acreage planted to cotton (including the acreage regarded as planted to cotton under Public Law 12, Twenty-ninth Congress) during the years 1945, 1946, 1947 and 1948."

The men oppose this proposed change because Reeves County didn't have cotton in 1945 and 1946, on which to make the 1951 cotton allotment.

### Hail, Rains, Winds Pound Midwest Areas

By The Associated Press  
Tornadoes, hail, drenching rains and high winds pounded some sections of the Midwest over the weekend with heavy damage. One death in Wisconsin was attributed to a flash flood.

The tornadoes struck near Craig and Cordova, Neb., Saturday night, and floods occurred in the east-central part of the state for the second successive weekend.

A downpour of more than three inches sent the Little Pecos River out of its banks and into the streets of Darlington, Wis., in the southwest part of the state. Accompanying high winds blew down trees, telephone poles and power lines in the area.

Walter Wunderlin, 31, of Plattville, Wis., drowned in the Little Platte River when a weakened bridge span collapsed as he drove over it.

Buildings on five farms and a schoolhouse near Craig, Neb., were leveled by the tornado which injured six persons and left fields littered with dead livestock. Several farms caught in the Cordova twist-er also suffered damage.

### Mansfield Captures Calf Roping Contest

COLEMAN — Toots Mansfield, former world champion calf roper, captured top honors in the matched calf roping contest here Saturday night as Coleman wound up its four-day championship rodeo.

Mansfield's time of 21.8 seconds bested Rex Beck, his Coleman opponent, who wound up with 23.8 seconds. Mansfield was awarded \$500.

Winners of the rodeo event included: Bareback bronc riding — Freddy Dodd, Clarksville, first; Calf roping — Lanham Riley, Fort Worth, first; Saddle bronc riding — G. K. LeWallen, Hico, first; Steer wrestling — Dud Phillips, San Angelo, first; Cowgirl flag race — June Probst, San Angelo, first; Brahman bull riding — Red Walker, Belton, first.

### Stranded Vessel Pulled Off Rocks

QUEBEC, QUEBEC —(P)—The 20,000-ton liner Franconia, stranded four days on a St. Lawrence River reef, was pulled loose Sunday by six straining tugs. The ship went into drydock at LaSalle, Quebec, two miles away.

Four tugs at the stern and two others on the starboard side finally shook the big Cunard-Donaldson vessel loose from her rocky perch at Pointe Au Taurus.

There has been no official explanation of the accident which piled the Franconia on the rocks Wednesday night, 45 minutes after clearing Quebec for Liverpool with 550 passengers and more than 400 crewmen aboard.

The first western irrigation project built by the U. S. Bureau of Reclamation was completed in 1906.

The Featherman was very unhappy. Anyone could see it, and especially Daddy Ringtail could. "Featherman," Daddy Ringtail said, "what is the trouble?"

"Worry, worry, and worry," said the Featherman in his Featherman voice. He sat down on a rock the better to do his worrying. His hands were held together and his head

"Featherman," Daddy Ringtail said, "we have been friends a long time, and friends are to help when trouble comes."

"Worry, worry and worry," the Featherman said again, and he worried as hard and as fast as he could.

"Please, isn't there something I can do to help?" Daddy Ringtail wanted to know.

The Featherman shook his head. "Oh me!" he said. "It's such a big worry—almost too big for me to do all the worrying that needs to be done about it."

### Evidence Uncovered In Probe Of Crime Shocks Floridians

MIAMI, FLA.—(AP)—Florida shuttered Monday at evidence uncovered by the Kefauver Senate Crime Investigating Committee.

In Tallahassee, Gov. Fuller Warren ordered Broward County (Fort Lauderdale) Sheriff Walter R. Clark to appear Friday to determine whether the sheriff is guilty of "malfeasance in office."

Clark admitted he was a partner in a \$754,335 bolita numbers lottery, operating in his county in 1946, 1948 and 1949, and acknowledged a gambling casino operator "worked" for his reelection in 1948.

The governor also ordered a "full and complete" investigation of a gambling syndicate figuring in the committee's three days of hearings which ended here Saturday night.

Warren directed Dade County (Miami) State Attorney Glenn C. Miner "to make a full and complete investigation of the operations of the S and G syndicate and other gambling activities in Dade County, Florida, and submit your findings to the Dade County Grand Jury."

The senate committee estimated the syndicate's 1948 income was \$26,520,045.

**Told To Assign Men**  
The governor told Dade County Sheriff Jimmy Sullivan to assign "two of your experienced criminal deputies to assist Miner in the investigation."

Sullivan admitted before the Kefauver group his assets skyrocketed from \$2,500 when he became sheriff in 1944 to \$75,000 in 1950. He also said the U. S. Internal Revenue Bureau was checking his income tax returns.

Sen. Estes Kefauver (D-Tenn.) and his committee left to open a hearing in Los Angeles Tuesday. He indicated a later Florida hearing would be held, probably in Miami or Tampa. He notified all witnesses yet to be heard, about 20, to remain under subpoena.

**NEW YORK**—(AP)—Mary Pusch, 31, lost her right index finger at the Central Park Zoo Sunday night when a brown bear bit the hand that fed him.

Pusch said Miss Pusch apparently had leaned over a guard rail and put her hand through the bars of the cage to give the animal some candy.

She was taken to Roosevelt Hospital, where the badly mangled finger was amputated.

### Financial Advisor At Work For City

Moscow's No. 1 target is Yugoslavia's mutinous Marshal Josip Tito. Map shows current military moves in adjoining satellite nations that observers think may presage a Russian-planned invasion of Yugoslavia. Tito has some 250,000 troops at his command. Albania has 50,000; Bulgaria, 90,000; Romania, 200,000; and Hungary 70,000. In addition there are 90,000 Russian troops in Austria, Hungary, Romania and Bulgaria, giving Stalin a total of 450,000 men to throw at his arch-foe.

### Trolley 'Cowcatcher' Scoops Tot To Safety

**CHICAGO**—(AP)—Two-year-old Nancy Montez was struck by a street car in front of her home Sunday night and rushed to a hospital.

Six physicians carefully examined her for almost an hour without finding expected serious injuries. Finally one, however, discovered a bruise on her head, but it did not frighten Nancy's mother.

"Oh, that," she told the doctors. "That isn't from the accident. She got that falling off a table."

Police said a "cowcatcher" on the car probably saved Nancy's life. It scooped her up and carried her several feet before the car was stopped.

### 15 Charred Bodies Found In Wreckage Of Missionary Plane

**BOGOTA, COLOMBIA**—(AP)—The wreckage of a missionary plane, missing since June 9 with 15 Americans aboard, has been found with all aboard dead in the Perija Mountains 70 miles west of Maracibo, Venezuela.

Col. William H. Cleveland, chief of the U. S. Air Force Mission here, said the wreckage of the DC-3 plane and the 15 charred bodies were found by a land search party. He said a nearby Army post reported the ship had hit tree tops on a mountain and caught fire.

The plane, enroute from Miami, Fla., belonged to the New Tribes Mission of Chico, Calif. Ten of those aboard, including the three crewmen, were missionaries. The other five were children.

## Big Spring Gains Credit For Win In 7 To 4 Melee

Harold Webb moved his Midland Indians to San Angelo Monday where they will engage the San Angelo Colts in a two-game series, opening at 8:15 p.m. Monday.

Glen Patton or John Dotson will be the starting hurler for the Tribe.

The annual Longhorn League All-Star Game will be played Wednesday night in San Angelo.

By SHORTHY SHELburne  
Reporter-Telegram Sports Editor

The Big Spring Broncs scored three runs after three were out in the eighth inning Sunday afternoon at Indian Park to get credit for a 7 to 4 victory over the Midland Indians. That may sound funny to you but it's true.

Base Umpire Montgomery booted a call on a double play and it eventually cost the Indians the ball game.

LeRoy Jarl, who went the distance on the mound, was the victim of Montgomery's boot. Bert Baez, a Bronc veteran, was the winner.

The Broncs were trailing at the time the bad call came. Danny Concepcion had opened the inning with a single. Pat Stacey hit a roller to shortstop. Scooter Hughes fired to Mike Bellone at second to get Concepcion and Bellone relayed it to Jim Prince in plenty of time to get Stacey at first but Brother Montgomery couldn't see it. He ruled Stacey safe.

Winning Runs  
Potato Pascual followed Stacey with a single. George Lopez fled to center for what should have been the third out.

Then Gabe Casteneda clouted a double to right which scored Stacey and Pascual with the tying and winning runs. Pete Hernandez' single scored Casteneda.

The Broncs picked up another one in the ninth but it would have given them no more than a tie. An error let Felix Gomez on base and a sacrifice sent him to second. Concepcion's single scored him with the final run.

Big Spring had picked up two in the first on two errors and a single by Stacey. They got another in the sixth on singles by Junco and Stacey.

Midland's Scoring  
Midland scored one in the first on doubles by Scooter Hughes and Jim Prince.

A single by Tex Stephenson, Prince's double, a walk to Lou Dawson and a single by Bob Phillion added two Indian tallies in the fourth to give the home club the lead.

A single by Prince, a walk to Dawson and Bob Cramer's single sent the fourth run across in the sixth.

Jarl pitched 12-hit ball but kept them scattered pretty well along the way.

The win gave the Broncs a 4 to 2 edge in the series.

## MAJOR LEAGUES—

## Major Loops Go Wild; 337 Base Hits, 37 Homers

By JACK HAND  
Associated Press Sports Writer

About that lively ball, now, here's the dope right from the Sunday box scores: the appalling one-day total—37 home runs, 337 base hits, 188 runs, 68 beat-up pitchers in 15 games.

Rabbit? Better make it kangaroo. No bunny can jump that high, that often.

Out in Pittsburgh a little guy named Ted Beard who hit 277 for Indianapolis last year, hit one over the right field stands. Nobody had done that since Babe Ruth in 1935.

Walt Dropo, man-mountain Boston Red Sox rookie, lashed three home runs and two doubles in a doubleheader. Duke Snider of Brooklyn went 5 for 5 against the St. Louis Cardinals. One of the Duke's hits was a homer.

The New York Giants and Cincinnati slashed away for a total of 58 hits.

No less than 53 hits splattered off the walls of Fenway Park, where Cleveland and the Boston Red Sox divided a doubleheader. Down in Washington, Bucky Harris sent six pitchers, single file, after the Browns. He barely got them out before dark.

Two New Marks  
Latest returns, with all districts reporting, show a couple of new marks for the record books. The National League homer total of 25 was the most ever hit in that loop in an afternoon. The old mark of 24 was set Decoration Day when the two majors hung up a 40-total. They also hammered out 333 hits May 30 but that's no longer tops.

By some peculiar combination of events there was one shutout. But Walt Dubiel of the Cubs kept in tune with the times by making it a perilous nine-hitter.

Dubiel's shutout was a bitter blow at the Philadelphia Phillies. Barely escaping St. Louis Saturday in a first-place tie, the Phillies dropped two to the Cubs and fell into second place. Dubiel did his stuff in the 8-0 first game when the Cubs chased Russ Meyer with six runs in the seventh inning. In the second game, the Cubs ended Rookie Bob Miller's eight-game win streak with a 10-8 verdict in the nightcap.

Dropo hit two homers in Boston's 13-10 opening victory over Cleveland and added another, No. 22, in second game, which the Sox lost 8-4.

Sid Hudson limited St. Louis to seven hits for a 5-1 Washington victory in the first game but six Senators couldn't stop the Browns who earned an even break with a 10-8 verdict in the nightcap.

League Leaders To Play Monday  
The top four teams in the Jay-Cee-sponsored City Major League get together for softball games Monday night at Wadley Park. Third-place Standard is matched with runner-up Rotary Engineers and fourth-place Rendezvous will try the league-leading Western Plastic nine.

An Optimist League tilt is scheduled for 6 p.m.

The first round of play in all three Jay-Cee loops—Major League, Church League and Optimist League—has been completed.

Only 13 members of the original Cleveland Browns team of 1946 were still with last year's club.

Tris Glasp cracked two homers and drove in four runs to pace Shreveport to a 5-0 victory over Oklahoma City. Lynnwood (Schoolboy) Rowe pitched six innings and allowed only four hits in emerging with his second victory of the season. He left after the sixth when he tired.

Elroy Joyce pitched Houston to a 4-1 victory over Dallas, scattering six hits effectively. Houston pounded 11.

## Mrs. Sam O'Neal Wins Odessa Title

ODESSA—Mrs. Sam O'Neal, a veteran of 14 years of tournament golf, Sunday defeated Mrs. Bill London of Brownwood 6 and 5 to keep the Odessa Country Club Women's Invitation golf title at home.

Mrs. O'Neal, Odessa's top golfer this year, had ousted Pat Garner of Midland, the medalist, Saturday in semi-final play.

Shirley Culbertson of Midland won the championship flight consolation with a 3 and 2 victory over Estelle Chilton of Odessa.

## Black Indians Lose To Abilene Eagles

The Midland Black Indians lost their second game of the season Sunday afternoon in Abilene, failing to the Abilene Black Eagles by a 14 to 4 count.

The Midland team took an early lead but a big Abilene rally cut it away.

John Hall was the losing pitcher.

Brooks Whip Cards  
Brooklyn pounded four Cardinal pitchers for 19 hits, 10-2, as Rookie Chris Van Cuyk coasted home in his major league debut. The young Dodger lefty, just up from Fort Worth of the Texas League, allowed seven hits and struck out seven. Despite the loss, the Cards held first place by a half-game.

Boston missed a chance to close in on the leaders by losing the second game to Pittsburgh 6-5 after taking the opener 9-5 for Vern Bickford's tenth win. A flurry of homers included two by Gus Bell and one each by Earl Turner and Beard, brought reliever Hank Borowy his first victory of the season in the second game.

Hank Thompson's error on Bobby Usher's grounder with the bases loaded in the twelfth gave Cincinnati an 11-10 win over the Giants and a clean sweep of the home run battles. The Reds took the opener 16-4 with Ted Kluszewski hitting two homers and Johnny Pramesa, Grady Hatton and Lloyd Merriman one each.

Spills Rule American  
Everybody split in the American League, leaving Detroit with its four-game lead over the New York Yankees.

Homers by George Kell, Hoot Givers and Jerry Priddy enabled the Tigers to take a second game from Philadelphia 7-6 after the A's whipped Art Houtteman 5-2 in the first.

Just when the Yanks were ready to move in on the Tigers, Bob Cain, a 1950 New York hoodoo, stopped them. Cain, who owns only six wins, beat the Yanks for the third time 5-2 in the second game. Gene Woodling's two-run double won the first 2-1 for Vic Raschi over Billy Pierce.

Dropo hit two homers in Boston's 13-10 opening victory over Cleveland and added another, No. 22, in second game, which the Sox lost 8-4.

Sid Hudson limited St. Louis to seven hits for a 5-1 Washington victory in the first game but six Senators couldn't stop the Browns who earned an even break with a 10-8 verdict in the nightcap.

# SPORT SLANTS

BY SHORTHY SHELburne

The Midland Indians have lost Darwin Chrisco, the right hander recently obtained from Lubbock of the West Texas - New Mexico League.

Chrisco developed a kidney infection and requested that he be allowed to quit baseball for the remainder of the season. He was advised by doctors to lay off.

The Indians returned him to Lubbock and it is expected he will retire for the season.

Lefty Hayes, who arrived here in time to win a game from the Big Spring Broncs, is in need of a place to live.

Hayes is married and has a family. He will need a good sized apartment or house.

Call Sports Slants at 3000 if you have a place for him.

# WT-NM League—Pampa Whips Hubs; Abilene Nips Lobos

By The Associated Press

Pampa did all the good in the West Texas-New Mexico League Sunday night. The Oilers whammed Lubbock 17-7 to roll into a tie for second place with the Hubbers.

Leading Lamesa was taking a 6-5 licking from Abilene. Lamesa had won 10 straight but Abilene shoved across two unearned runs in the tenth inning to knock down the Lobos.

Pampa romped on four Lubbock pitchers in clipping the Hubbers. Roy Parker won the pitching decision and also drove in four runs with two homers.

Albuquerque beat Clovis 8-2 on seven costly errors.

Borger whipped Amarillo twice 13-9 and 8-1, pushing over 12 runs in the first inning of the opener while Ed Carnett limited the Gold Sox to four hits in the nightcap.

Harry Davis resigned as manager of Amarillo and owner Pete Knapp will take over the reins when the club plays Abilene there Monday night.

## Meet America's Savingest "SIX"

NEVER BEFORE did any "Six" combine such a low purchase price . . . such economy of operation . . . and so much "go." And you'll find Ford's new "Six" is so smooth you can hardly hear it . . . for its new design has "hushed" its voice down to a whisper.

TRY THE "MID SHIP" RIDE  
You can pay hundreds more and still not equal the comfort of Ford's road-hugging "Mid Ship" Ride . . . or the quiet of Ford's sound-conditioned "Lifeguard" Body. With Ford's 35% easier-acting King-Size Brakes, it keeps you safe and snug.

IT'S A COMPANION IN QUALITY  
TO FORD'S SILENT NEW V-8  
Yes, "Six" or V-8, you're sure of smooth, silent quality at rock bottom prices. Ford's V-8, you know, is the type of engine powering America's finest cars—yet it sells for hundreds lower than most sixes. And Ford's "Six" costs even less.

## Wainwright, Hero Of Bataan, Corregidor, Confident Of Victory In Korean Conflict

SAN ANTONIO (AP)—Jonathan M. Wainwright thinks the United States should get tough in Korea. Wainwright, hero of Bataan and Corregidor, believes retaliation should be the "only answer" to atrocities in Korea. The 66-year-old retired general, who suffered tortures and long imprisonment by the Japanese, brought up the subject of atrocities in an interview with The Associated Press.

"I read that the North Koreans

took some of our men captive, tied their hands behind their backs and shot them in the face. I will say, unequivocally, that were I commanding in Korea, I would meet that situation by giving captives the same treatment. The Japs did that to some of our men. I think the only answer is retaliation."

The old campaigner, 45 years a soldier, was interviewed on the screened porch of his San Antonio home.

"Leave It To Doug," "I feel a kindred spirit for our men in Korea today," he said sadly. "They are fighting against heavy odds and I know what that is. But they have hope. At Corregidor there was not hope."

"The North Koreans have considerable power and resources behind them. The South Koreans are fast building up resources from the power of the United States. At Bataan, we were outnumbered perhaps 10 or 20 to one and we had no resources behind us whatever and no hope of any."

"I am confident we will win in Korea. General MacArthur will handle the situation. I put my trust in him. Leave it to Doug, I say. But I think the American public should be prepared for a fairly long war."

## Traffic Accidents Account For Seven Of 10 Texas Deaths

By The Associated Press  
Traffic accidents accounted for seven of the 10 violent deaths reported in Texas during the weekend. Three persons drowned.

Latest deaths reported were: Sgt. Chester G. Hall of Sheldon, Mo., a soldier at Fort Hood, was killed Saturday and three other soldiers injured when the light truck in which they were riding crashed over an 80-foot cliff just north of the fort.

Landrum W. Paye, 22, of Midland was decapitated Saturday night when his truck collided head-on with a passenger car 35 miles north of San Angelo. Three occupants of the car were injured seriously.

Ten-year-old Dale Bagley, son of Mr. and Mrs. Reggie Bagley of Sweetwater, was killed Saturday when an automobile hit his bicycle.

George M. Dickerson, 60, of Dallas drowned Sunday when his boat capsized in the choppy waters of White Rock Lake, near Dallas. Three others in the boat held on to the overturned craft until they were rescued.

**Dies In Auto Crash**  
Gordon B. Leard, 34, of Dallas was killed Sunday in an automobile collision in Dallas.

Arthur Thornberg, 36, of Dallas, died Sunday of injuries received Friday night when struck by a car as he walked across a road.

Jesús Delgado, 18, of Benavides, was killed in an auto accident five miles southwest of San Diego Sunday morning. One other youth was injured.

Two Houston cousins drowned Sunday in the Brazos River at Rosenberg, Fort Bend County. They were E. J. Zievert, 14, and Leon Zievert, 15. They had been swimming. Arthur Oberhoff, Rosenberg, was killed near there Sunday when his car overturned on a highway.

**Brussels Union Allies  
Slate Defense Parley**

LONDON (AP)—The five Brussels Union Allies, faced with demands on their military resources because of the Korean war, unexpectedly called a meeting of their defense ministers for Thursday.

A foreign office spokesman described the meeting as "routine." The five Allies are Britain, France, Belgium, Holland and Luxembourg.

**ANDREWS COUNTY BUYS  
MORE PARK PROPERTY**

ANDREWS—A tract of land adjacent to the county park was purchased by the Commissioners Court last week for a proposed golf course and rodeo grounds. The plot contains 16 acres. It was purchased from Russell Austin.

Judge Milton Ramsey stated the land is an addition to the present park, which is too small to accommodate residents of the community.

AN AMERICAN AIR BASE IN JAPAN—American pilots blasted North Korean transport Monday from Seoul to the breakthrough area south of the Kum River. They flew round-the-clock missions, attacking with rockets and machine guns.

Some pilots roared in so low they feared they would scrape trees and hillsides. They ripped trucks crawling southward along highways and big Red tanks sheltered by earth banks.

The fighters reported destruction of three tanks, 17 trucks and two locomotives. They damaged 30 trucks and shot up several buildings which were suspected communist shelters.

Some jet pilots said they had been told to blast an area two miles south of Kongju on the Kum River, indicating the Reds had penetrated at least that deep on the western front of American positions.

**Wallace Threatens  
To Quit Post As  
Progressive Chief**

SOUTH SALEM, N. Y. (AP)—Henry A. Wallace plans to quit as leader of the Progressive Party if its members reject his stand on Korea.

On Saturday, Wallace said that while he held "no brief for the past actions of either the U. S. or Russia," he was on the side of his country and the United Nations.

Progressive Party leaders countered with a statement saying foreign intervention can only make the Korean dispute more difficult and bloody, and condemning President Truman's orders to the Navy to defend Formosa.

Wallace, who was the party's presidential candidate in 1948, said Sunday he hoped the rank and file of the Progressives would see his point of view "once they have the facts."

If they don't he said, he would step out.

"You can't lead people who don't agree with you," he added.
