Rockport May Get Park Unit

The State Parks and Wildlife Commission approved last Friday a plan to operate the State Parks System through five regional offices used by game officials.

The commission approved the recommendation of Weldon Watson, department executive director, of a budget session aimed at cleaning up salary and contract problems before the new fiscal year starts Monday. The agency began business Aug. 23 under an act by the last Legislature.

The game regional offices are at San Angelo, Waco, Tyler, La Porte and Rockport. Top ranking park rangers would take over jobs as parks supervisors of the five areas, instead of being confined to one park.

The commission approved plans to reclassify all personnel of the old Parks Department and Game and Fish Commission into the new Parks and Wildlife Commission within $10,000 of the $3.5 million budget. The $10,000 deficit will be met with funds from another commission source.

The top staff members of the old Game Commission and the former Parks Department executive director, Bill Collins, are retained at slightly higher salaries. Collins will become parks coordinator. The former game commission's assistant executive secretary, W. J. Cutbirth, director of field operations, Howard T. Lee, and director of program planning, Eugene Walker, will be classified as directors of programs under the new commission.

Watson has not selected his aide and the administrators of the parks and wildlife divisions of the commission.

SUZANNE KEITH WINS SECOND PLACE IN-SHRIMPOREE CONTEST

Miss Suzanne Keith, daughter of Mr. and Mrs. J. P. Keith of Rockport, won second place in the junior Miss Shrimporee contest last weekend at Aransas Pass. She represented the Chamber of Commerce here.

Tourist Business Valuable To Area Directors Learn

According to estimates presented at their regular meeting, Directors of the Rockport Chamber of Commerce learned from Jack Sanders, owner of the Sandollar Motel that the tourist business brought approximately $2,381,400 in new money to this area during the months of June, July and August.

Sanders said that counting the three newest motels, Sea Gun, Key Allegro and Sandollar, Rockport and its vicinity now have 603 motel rooms available, for occupancy, and that a conservative estimate showed they were 50 per cent full in June, 75 per cent full in July, and 90 per cent full in August.

The average tourist family, he said, spends 60 dollars a day, counting everything.

Using these figures as a basis he said, in June tourists and vacationers spent $540,000 here; in July they spent $837,000! and in August their expenditures amounted to $1,004,400.

His survey, he said was based on percentages similar to those used by the Corpus Christi Tourist Council in computing that city's income from tourists.

He pointed out, however, that this occurred through three peak months, and that from the first of September through Christmas, things were much less lively, particularly since the duck hunting season, once a drawing card, no longer attracted many people. Beginning in January, he said the tourists from the Midwest started to take up some of the slack but the problem was to attract more people for the slack months.

This, he said, could probably be done by concentrating on small conventions.

There were sufficient meeting rooms here, he told directors, for the smaller groups, and a concentrated effort should be made to obtain them.

Directors agreed with him, and discussed the need for a large convention hall or community building to handle such groups. It was felt that this was one of the prime necessities that the community would have to meet within the next few years, unless it wanted to see the tourists and convention trade go elsewhere.

William Sprigg, owner of Oak Shore Apartments, brought out a new trend in the tourist traffic. Guest turnover was higher this

Hospital Being Remodeled For Senior Patients

Dr. H. F. Elliot announced today that he and Dr. C. H. Lewis, of Ingleside, are converting the Bayview Hospital here to a convalescent and nursing home capable of accommodating some 25 senior patients.

Remodeling the present building included fire-proofing of interior walls in accordance with state regulations for such a type home, and conversion of the surgical, X-ray and other space into rooms to handle additional beds above the previous hospital's capacity.

Dr. Elliot said that repairs should be completed by the first of next week,, and the building would then be ready for inspection by the State Board of Health. Following this inspection and approval of the inspectors, the home will be ready for care of ambulatory and intensive care patients.

RATTLERS PRODUCING YOUNG, CAUTION NEEDED IN HANDLING THEM

Rattlers are producing young and a number of small ones a foot or so long, with only one button, have been killed recently. Caution should be used with these just as it should with the adult snakes. Actually, tests tend to show that venom from the smaller snakes is more deadly, especially just after they are born, than the same amount from a larger rattler.

MRS. GIBSON IS APPOINTED TO LIBRARY BOARD

Judge John D. Wendell announced today that Mrs. Gladys Gibson had been appointed to the Aransas County Library Board to fill out the unexpired term of Mrs. Everal West who resigned recently. Mrs. Gibson is the great-granddaughter of Colonel Fulton, one of the founders of the community, and builder of the Fulton Mansion.

New members of the Board Auxiliary are Mrs. R. L. Harrell and Miss Velma Picton.

RATLIFF WINS SPINNING RIG

The spinning rig given as a registration prize by the Junior Odd Fellows and Theta Rho Club on Labor Day was won by Eddie Ratliff.

TURTLE FARM—Diane and Steve Thomas of Mansfield, Ohio, look over the beginnings of a turtle farm. Neighbor gave them present of turtle last June. They found a dozen eggs soon afterward and now it's a big coming-out party.

Slow Driving Is Traffic Violation Under New Law

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said today the new speed law effective Aug. 23 specificaly makes it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver who was impeding traffic to speed up or get off the road before filing a charge.

"Under a new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law official bodies having jurisdiction over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said.

"Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 mph in daytime and 65 mph at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver to operate his vehicle "reasonably and prudently" at all times, regardless of the posted limits, he said.

"We repeat that serious problems may develop with the new speed law unless the driving public accepts and applies them with a high degree of responsibility to themselves, their families and others."

WILDLIFE REGULATORY PUBLIC HEARING TO BE HELD IN ROCKPORT

The Parks and Wildlife Department has announced that a public hearing will be held, in the Aransas County District Courtroom at 8 p.m., Monday, Sept. 9, for the purpose of explaining the proposals which will be submitted to the Parks and Wildlife Commissioners at their next meeting. If the commissioners accept these recommendations they will become the regulations which govern the taking of all wildlife, except shrimp, in Aransas County. The proposed regulations will be read and biologists or game wardens will explain why the recommendations are being made for any changes from the present law.

B. J. Weaver, local game warden askes that everybody interested in wildlife be present at this meeting. "The entire hearing will be recorded" he said, "and any suggestions, recommendations or requests from the audience will be welcomed. The recording will be forwarded to the commissioners for their study."

VICTORY DANCE TO BE FRIDAY

There will be a Victory Dance at the Rockport Youth Center, following the Rockport-Ingleside football game.

Something new has been added to the victory dances: Hot dogs will be sold at 15 cents each. This is one of the many money making projects, for the Youth Center, that will take place during school.

Library Board Elects Mrs. Dickey New Vice President

At the first fall meeting of the Board of Directors of the Aransas County Public Library, Mrs. George Dickey was elected vice president to succeed Mrs. Everal West, who resigned recently, and Mrs. Harry McDow was elected Board treasurer, to succeed Mrs. Dickey.

In other business the directors discussed the new library building, which Judge John D. Wendell said is far enough along for bids to be asked for its construction as soon as the money becomes available. This should be some time in October, Judge Wendell said.

Mrs. Dickey, in presenting the semi-annual report, said that during the first six months of the year, 6,022 books had been borrowed from the library, and during the months of July and August alone, 3,460 books had been circulated. This increase to almost twice the rate of borrowing she attributed to summer reading by students, and to the fact that during those months the library was open five afternoons a week, instead of three.

The Board agreed that this circulation was very good indeed, and went on to plan methods by which more books could be put on the shelves and made available to borrowers.

Mrs. Gladys Gibson reported that she and Mrs. S. F. Jackson had been successful during the summer in recovering many lost books, and Jack Baughman, chairman of the board, complimented them and Mrs. Val Jean Eaton, librarian, on their work on this problem.

Mrs. Eaton said that she had added only seven books to the library shelves during the month of August, due to the fact that most of her spare time had been spent compiling a list of the many overdue books and setting up a new control system to cut down on losses.

Mrs. Dickey's financial report showed that during the first six months of the year the library had received $241 in memorial donations; $44 in fines; $1,500 in funds from the county; and $45 from the Rotary Book Plan, whereby each Rotarian donates $5 to the library on his birthday for a book.

Disbursements included $399.23 for salaries; $463.01 for book purchases; $113.33 for office equipment; $35.70 for office supplies; and $26.10 for Social Security taxes.

The Board decided that, beginning Sept 1, the two cent fine per day for each overdue book be reinstated. During the summer this had been canceled and books could be returned free.

School Enrollment Climbs On First Day

According to School Supt. J. D. Gray, 1251 students checked in at the various schools in Aransas County on the first day of school this year, compared with 1176 in 1962.

Gray said that this represented a local gain of approximately 145 students.

"I had thought," he said, "that when the 713th AC&W Squadron of the Air Force was deactivated here, we would have about the same enrollment on the first day this fall as we had a year ago. for we lost about 70 pupils when the military personnel left and I had only counted on about 75 new enrollees. This anticipated enrollment was based on last January's school census and was too low by half."

The school superintendent pointed out that peak enrollment in Aransas County schools was seldom reached until families of all migratory workers had returned to the county after crops were gathered.

The school cafeterias fed close to 1,000 students and teachers on the first day, Gray said.

City Gets Water Grant, Young Tells Officials

Mayor Herman Johnson has been notified by Congressman John Young that Rockport's request for a $200,000 waterworks grant has been approved under Public Law 345, providing for an accelerated program of public works, and that the funds will be available shortly for expansion of the local water and sewer system.

The work is part of the $400,000 improvement program planned by the city last year, and for which the city provided its part of the funds through a bond issue election on last Dec. 31.

The proposed program of which the city's part is already underway, provided for improved ground storage and other items, and this grant will make it possible to do a number of other things that are needed.

Proposed work, Mayor Johnson said, includes erection of an elevated storage tank of 500,000 gallon capacity in the north end of town, on Omohundro Street, erection of a water treatment plant in an attempt to remove rust-colored staining material from present water, relaying of some water and sewer lines, and drilling of at least one new well.

"We now have 14 wells," Johnson said, "but only nine of them are operating. The others are no longer usable, either because the water table dropped, or because excessive sanding has practically destroyed them."

Both Johnson and Water Supt. Tom Shults agreed that the water situation in Rockport could become critical in a short time, if anything went wrong with the present system, and that even with the projected improvements the problem was solved for only a comparatively short time—perhaps for the next five years.

"We made out fairly well this summer," Johnson said, "except for one time when two pumps went out at the same time. In 1962 our biggest month, August, we used 16,000,000 gallons and this usage will probably be overtopped when we finish compiling figures for this year.

"There has been some griping when we found it necessary to cut off the water of some people in the sity which didn't pay their bills, but we've had water for everyone. The thing these people don't realize is that if we don't get the money for the water they use we can't keep the systems in repair and that both water and sewer lines and facilities will deteriorate rapidly."

Shults said that in the current year, the city's water system could have furnished 24,000,000 gallons a month if the pumps operated for 18 hours daily.

"However, he added, it isn't wise to operate them more than about 15 hours a day. If you pull the wells more than that, you run a chance of them beginning to sand, or of the water table dropping badly. This is all right now, but by 1964 we'll be running close again. The new storage tanks, both ground and elevated will help greatly, for they'll give us a chance to store water in times when people aren't using so much against the times they're using a lot. We'll be okay for a couple of years yet, providing the wells we have stand up, and the city's population doesn't grow too rapidly. But any rapid growth would put us in trouble."

AUGUST LIBRARY CIRCULATION TOPS

Mrs. Val Jean Eaton said that circulation in July and August was more than half the combined circulation for the first six months of 1963, and that August was one of the top months of all time.

During the month she issued cards to 17 adults and 15 children. Many of these were replacements for cards previously lost, and Mrs. Eaton warned that from now on a charge will be made for replacing such cards.

She also warned that the moratorium on fines was ended. During the summer, she said, no fines had been collected in an effort to encourage people to bring in their overdue books. In the future, she stated, the regular fine of two cents per day would be charged.

During August, she said, 322 fiction and 158 adult non-fiction books had been checked out along with 873 juvenile and 66 non-fiction.

ROCKPORT ELEMENTARY REGISTRATION SETS RECORD

A first day registration record was set at the Rockport Elementary School Tuesday, when 600 pupils registered.

This is an increase of twenty over last year's 580 registration. There were 113 in the first, 89 in the second, 95 in the third, 89 in the fourth, 92 in the fifth, 94 in the sixth and 28 in special education.

Water Bond Election Called For October 19

New Conservation and Reclamation District Commissioners Proceed With Bond Election As Authorized By Bill In Last Legislature

Members of the Aransas County Conservation and Reclamation District, at their first regular meeting following the one in which the Board was organized, called for an Oct. 19 bond election in the amount of $70,000, the total allowed by the bill passed in the last legislature.

Of this, approximately $5,000 will be used immediately for preliminary surveys to determine the most feasible and economical method of obtaining an assured water supply for the county, while the other $65,000 in bonds will be sold as necessary.

"We did this," said Harold Picton, president of the Board, "in order to save the county taxpayers' money. Every time an election is called it cost around $500 for supplies, judges and other items, and if we had to call an election every time we needed a little money, election costs would eat us up."

Members of the Board, who discussed the matter thoroughly with the District's financial advisor, Laddie Janecek of the First Southwest Company, County Judge John D. Wendell, and members of the Aransas County Planning and Development Board, headed by James H. Sorenson, Jr., were of the opinion this was the best way of handling the matter, especially as the district is limited by law so that it cannot issue any more tax bonds, no matter how long it exists.

Such bond issue, Janecek said, would require no more than a 15-cent tax and would run no longer than six years. Such a levy, Janacek said, would cost a man with property assessed at $1,000 only $1.50 per year for six years. In like manner, charges on a $2,000 assessment would be $3 per year; on a $3,000 assessment they would be $4.50 annually; on $4,000 they would amount to $6 a year; on $5,000 to $7.50 and so on.

Water Board members pointed out to members of the Planning and Development group that one of the first things needed was a thorough knowledge of what may or may not be available in the way of water resources within the county. Once that knowledge is available, they said, the next thing needed is factual knowledge of possible sources for the water Aransas County must have unless it wants to perish on the vine.

After this second is taken, planning must be done to determine the best method of obtaining the water; a fourth step is arranging for adequate financing of whatever work is needed, and a fifth is actual construction of the necessary pipelines, etcetera, that may be needed. The first steps will not take too much money, and it was to finance those first steps,

Jail Population Reaches Nine

The population in Aransas County jail numbered nine Tuesday morning as the fall session of the 36th District Court opened and a grand jury was convened by Judge John Miller.

Also due to face the grand jury here this session are two men now in the Port Lavaca jail—Joe Gonzales and Orbie Reid—charged with thefts at Port Lavaca and stealing of an Evinrude motor and tanks from a boat belonging to W. R. Reynolds of Dallas docked in Fulton Harbor on Aug. 23.

Prompt action by the Aransas County Sheriff's Department resulted in recovery of the motor and other stolen goods in Brownsville two days later.

The boat had been borrowed by Reynolds' daughter, Mrs. J. E. Bradley and her husband, who were vacationing at Oak Shore Apartments.

DIRECTORS OF YOUTH ORGANIZATION COMPLIMENT YOUNG PEOPLE HERE

Directors of the Aransas County Youth Sponsors Association join in complimenting the young people of the group for the way they met their responsibilities this summer and for their hard work in getting the Youth Center in a solvent condition once more. A joint indictment was returned against Leonard Seidel, William Totten and David Elmgreen who, on August 21, did take one shrimp boat of the value of $10,000, belonging to Perry F. Smith, Jr., Edward Bruney and F. K. Lytle of Aransas Pass. The indictment contained three counts.

Vicente R. Longoria was indicted for burglary of the William Norman King residence on April 27.

Jose Guitierrez Gonzales and Orbie David Reed, were jointly indicted for theft of an Evinrude motor and other items from Joseph P. Bradley on August 23.

John L. Grimes and Ernest E. Everitt were jointly indicted for malicious destruction of property for throwing a piece of metal through a glass door belonging to J. C. Madden.

Samuel Byron Ince was indicted for second offense DWI.

Grand jurors serving were W. B. Neville, R. C. Heimbuch, R. C. Avery, Milton Harrell, O. S. Brumley, Charles A. Roe, Jr., Denver Agler, Curtis Harrist, B. T. Hardeman, Fred A. Bracht, Jr., John M. McDavid and W. D. Heldenfels, who was elected foreman.

QUAILES AND HEBISONS HAVE BIG DAY IN GULF WITH SHARKS AND KINGS

Mr. and Mrs. R. R. Quaile of Rockport went fishing with Roy Hebison and his wife this week, and spent a most exciting day in the Gulf.

"We were fishing for king fish," Quaile said, "when my wife hooked this shark or her rig, using thirty-pound test line. The fish was just too big for her, and Hebison took her rod. While he was my wife's fish, another shart struck Mrs. Hebison' line and walked away with it.

"Roy finally got my wife's shark in alongside the boat and we took a couple of snapshots and the Hebison's took some movies of it before we hit it over the head a couple of time and cut the leader. It was eight or nine feet long, and we estimated it at between 450 and 500 pounds.

"Hebison's wife caught another shark and brought it alongside. We estimated it weighed between 250 and 350 pounds, but before we could take any pictures it broke off."

Oh yes: the party came in with 15 kings and one mackerel.

Mr. and Mrs. Robert Marx and family, of Houston were visitors in the home of Mr. and Mrs. Fred Christilles over the Labor Day weekend.

WALTER BUCKNER COMPLIMENTS ROCKPORT BOOKLET

Walter Buckner, well-known to many people in Rockport as co-owner of the San Marcos Record with his brother Addison, and a long-time Rockport devotee, complimented Rockport's "Toast of the Coast—A Guide to Pleasure" in his Record column, "Folks and Facts."

He said:

"Pepper Martin Everett, vivacious daughter of Lloyd and Blossom Martin, is a full fledged realtor at Rockport, and doing real well selling real estate in the rapidly developing area around Rockport and Fulton.

Visitors to that area will see "For Sale by Pepper" signs all around. She has mailed us a copy of the latest brochure on Rockport which is beautifully illustrated with pictures of fishing, boating, places to stay, etc. It is a publication sponsored by the Rockport Chamber of Commerce, and I note with pleasure that the editorial copy was prepared by our friend, Jack Baughman whose versatility in such varied fields as newspapering, science, photography, and writing is almost unlimited."

Coming from a man like Walter, who is a long time personal friend and a newspaperman whose paper has won award after award, these kind words are much appreciated.

This clipping when presented at the Cove Drive In box office will admit Ed L. Drummond and guest to attend the show on Sunday, Monday or Tuesday, of this week, free of charge.

MISS ELLEN CAROL TULLOCH IS BRIDE OF ALLEN THOMAS

Miss Ellen Carol Tulloch became the bride of Allen Edward Thomas of Rockport in a double ring ceremony at the First Methodist Church of Belton, Saturday evening, Aug. 31, 1963. The Rev. John W. Platt of Austin read the nuptial rites.

The bride is the daughter of Mrs. J. J. Tulloch of Belton. She is a graduate of Belton High school and attended Southwest Texas State College, San Marcos and Nixon-Clay Commercial College of Austin. She is now employed with Paige, Sutherland, Page Architects in Austin.

The bridegroom is the son of Mr. and Mrs. C. L. Thomas of Rockport. He received his degree from Southwest Texas State College where he was a member of the Kappa Sigma Alpha fraternity. He is employed with Dismukes Blind and Drapery Company of Austin.

Given in marriage by her cousin, Willard Wilson, the bride wore a ballerina length dress of Chantilly lace over peau de soie. The bodice featured a scooped neckline with imported pearls accenting the bodice and skirt. The fitted sleeves tapered to a V at her wrists.

A shoulder length veil of silk illusion was caught to a crown of pearls and she carried a bouquet of white feathered carnations centered with an orchid. She wore a single strand of pearls completing her attire.

Maid of honor was Miss Linda Sue Edmonds and bridesmaid was Miss Claudia Cabaniss, both of Belton. They wore street length dresses of kelly green peau de soie with bouquets of pale yellow glamelias.

Richard Mitchell of Austin was best man and groomsman was Foseph F. Vance of Devine. Ushers included, Michael McNett, San Antonio; Mike V. Townsend, Rockport; Charles Besler, Temple; Larry Wilson, Garry Wilson, of Yancy.

A reception was held in the church social hall. Members of the house party included: Mrs. S. H. Kenedy, Jr., sister of the bride, Mrs. Richard Mitchel, Austin; Mrs. Cecil Smith, Belton and the Misses Linda Spitzer and Betty Cosper.

After a short wedding trip to Dallas and New Orleans, La., the couple will reside in Austin.

Mrs. John W. Platt sang the traditional wedding music accompanied by Mrs. Lila Peters at the organ.

Dickie Wright and Estella Thompson of Victoria are returning to their home after having spent the summer in Rockport, where they were employed by the Yacht Cafe, Estella was the person who reported the fire in the basin that destroyed Jackson's Boat House.

HARRY CARTER NOW IN CANADA WRITES THE ROCKPORT PILOT

Mr. Harry Carter, pastor of St. Peter's Episcopal Church, wrote from Canada where he went to attend the Anglican Conference in Toronto and to visit friends in Eastern Canada.

"Time Magazine has written up the Anglican Congress so well I can confidently refer you to its report for news and views. The morning sessions are held in the Canada Room of the Royal York Hotel in Toronto that is designed to accommodate 2,200 people for meetings and 1,500 for banquets.

"At the very very first meeting in this immense room a couple came and sat alongside me who had attended services at St. Peter's in Rockport, and who were friends of Mrs. Hagar. They were the Rt. Rev. H. H. Marsh and his wife. At the time they were in Rockport he was rector of a Toronto Church and now Bishop of the Yukon Territory.

"I attended St. Paul's Church, a few blocks from the hotel and listened to an organ recital by J. D. Bower, organist of St. Paul's Cathedral, Dondon. At the close of the recital I found in conversation with him that not only is he a confrere of Canon David Buttes at St. Paul's, who is a nephew of mine, but also that he lives next door to David.

"We lesser lights at the conference are rather swamped by the "top brass" in large numbers. For instance, I happened to be in a discussion group composed of 12 bishops, one dean, nine priests and seven laymen like myself. However, our chairman, the Rt. Rev. A. H. Johnston, Bishop of the Diocese of Dunedin, New Zealand, is a typically democratic and diplomatic Anzac who sees to it that the laymen get a chance.

"Incidentally, all five continents are represented in our discussion group and ten countries, including Japan, Nyassaland and Nigeria. Hence the views expressed are often novel and illuminating."

After writing the above from the conference, Mr. Carter went on to Montreal and Lost River, Quebec, where he visited friends of long standing. But before leaving he said:

"The next time I come to Toronto, I shall certainly have to wear a ten-gallon hat. I was warned about by negligence last Sunday by a hospitable resident of this city. Torontoians have been most kind to the Anglican congress delegates, everyone of us having been guests in local homes once or twice since we came."

"But imagine the feelings of my host and hostess who, on receiving a guest from Texas and naturally expecting to greet a tall, sun-tanned Westerner, wearing a ten-gallon hat and boasting a soft pleasing Texas drawl, to find themselves shaking hands with an Englishman almost the exact opposite of all these these things . . .

"The 1,000 delegates and 800 guests at the Congress, plus the large number of local Episcopalians who arranged to attend the Missionary Rally, found this city well able to accommodate such a number. The Rally was held in the Maple Leaf Gardens, where at least 17,000 people can be seated. The procession to the auditorium was impressive with much color in vestmant and banner, but I missed music. A few bands here and there would have added greatly to the interest of the historic event.

"I have listened to some 30 odd speeches and a host of questions during this 11-day gathering and shall find it difficult to give people in the Diocese a concise report on what I have heard. Fortunately each delegate will be presented with a brief summary of the aims and objects, findings and conclusions, resulting from the discussions. The closing service is to be held in St. James Cathedral when the Most Rev. Joost de Blank, D.D., Archbishop of Capetown, South Africa, will preach."

Following the close of the conference, Mr. Carter went on to visit his cousin and his family in Montreal, and to Lost River, Quebec, where he officiated at the little Presbyterian Church in that tiny town.

Mrs. D. M. Picton of Houston and daughters, Mr. and Mrs. J. Harvey Suttles and children, Mr. and Mrs. Jess Hines and children, Mr. and Mrs. Douglas Craig and children, Mr. and Mrs. Bass Wallace and chidren all of Houston and Miss Sally Wise of Hartsdale, New York, granddaughter of Mrs. Picton, have all returned to their homes after spending the summer here in Rockport.

COLE-McDONOUGH VOWS SAID TUESDAY, AUG. 27

In a candle light ceremony marked with beauty and impressiveness, the marriage of Miss Evelyn Claudette McDonough to Troy Wayne "Pepper" Cole was solemnized Tuesday, at eight o'clock in the evening at the Talco Calvary Baptist Church. The Rev. C. H. Paxton officiating at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Lloyd Branch of Rockport, Texas; parents of the bridegroom are Mr. and Mrs. Oscar Cole of Talco, Texas.

Preceeding the ceremony, a program of favorite nuptial music was presented by Miss Carolyn Rodgers, organist, who gave the traditional processional by Wagner and recessional by Mendelssohn. She gave accompaniment to the vocalist, Solon Loving, as he sang, "The Lord's Prayer" and "O Perfect Love." As the couple knelt for the benediction, he sang a special arrangement of "Bless this Home."

Lighting the candles were Miss Margaret Ross, Marshall, Texas; and Miss Gail Stocks, Winnsboro, Texas. They wore identical costumes of blue re-embroideried nylon over taffeta designed with fitted bodices scooped necklines, short sleeves, and shaped skirts which were accented with tiny bows at the waist. Their dresses were complemented by dyed to match shoes, small pillbox hats with circular veils of tulle. They wore shoulder corsages of white feathered carnations.

The sanctuary was decorated in the traditional green and white theme with the altar area defined by four candlebras holding 28 white tapering cathedral candles forming an arch. The white satin covered pre-dieu, centering the altar was flanked by two massive sunburst arrangements of white gladioli banked in greenery. The center aisle was marked with white satin bows.

Attending the bride as Maid of Honor was her sister, Miss Myrna McDonough, Rockport, Texas; bridesmaids were Miss Jolene Borsberry, El Paso, Texas; Mrs. James Marquess, Commerce, Texas; Miss Linda Holmes, Talco, Texas.

The attendants were attired identically in dresses fashioned of varying shades of blue organza over taffeta, designed with molded bodices, scoop necklines, elbow length sleeves and shaped skirts featuring inverted pleats on the sides and small bows at the waist. Their dresses were complemented by dyed to match shoes, and tiny pill box hats of matching fabric with circulet tulle veils. The attendants carried cascade designed bouquets of white carnations.

The bridegroom's attendant's were his brother Skipper Cole, Longview, Texas, best man. Groomsmen were James Rodgers and Jere Paul Parrish, Talco, Texas; and Frank Sugarek, Skidmore, Texas.

Ushers were Ralph Davis, Houston, Texas; and Jim McKinney, Tulsa, Okla.

The bride, escorted down the aisle upon the arm of her stepfather who gave her in marriage, was lovely in her wedding gown of pure white silk taffeta accentuated with alecon lace. The scooped neckline and elbow length sleeves were traced with appliquies of the lace The pleated overskirt which extended into a chapel length train from the miniature button back closing was fitted over a sheath skirt. The front panels and waist of the overskirt were garlandeded with appliques of lace. The bride's only jewelry was strand of pearls, a gift of the groom. Her elbow length veil of English silk illusion cascaded from a small alencon lace covered pillbox. She carried a cascade bouquet of white feathered carnations encircling a specimen white orchid atop a white pearl-encrusted Bible, a gift of the groom. For sentiment she chose "something old, something new, something borrowed and something blue."

Mrs. Branch, mother of the bride, was attired in a two-piece suit of sapphire blue silk with which she wore a satin hat of matching color, black kid gloves, with patent shoes and bag. She wore a corsage of white glamellias.

Mrs. Cole, mother of the groom, chose a two piece suit of gray beige silk. Her accessories were a two tone brown hat, matching shoes and white gloves. Her corsage was orchid and white glamellias.

Immediately after the ceremony a reception was held in the church parlor. The bride's table was overlaid with a cloth of sheer white organdy over blue. Centering the table was a crystal candlebra holding two tall white tapers centered by a brides bouquet. At one end of the table was the tiered wedding cake topped by a miniature bride and groom. The wedding punch was served from a crystal punch bowl at the opposite end. Members of the houseparty included Mrs. James Via, Mrs. Jimmy Presley and Miss Diana Cook, Mrs. Gerald Ryan, Mrs. Joe Nelson, and Mrs. Telton Wattis.

Dainty rice bags were distributed by Deborah Miller. Teagirls were Miss Sandie Giddens, Miss Jane Dell Flanagan, Miss Diana Shoffner.

The registration table was overlaid with a white cutwork cloth and decorated by a bridesmaid bouquet. The brides book was presided over by Mrs. Skipper Cole of Longview, Texas.

The bride and groom are graduates of Talco High School and will return to Baylor University in the fall where they will be seniors.

When the couple left for a wedding trip, Mrs. Cole was wearing a brown tweed dress with brown kid gloves, brown hat and lizard shoes and bag. She wore an orchid corsage taken from her bouquet.

Out of town guests were from Houston, Marshall, Mt. Pleasant, Austin, Mt. Vernon, Dallas, Winnsboro, Texas, and Sulphur, Okla.

year than it had been in the past he said, and attributed much of this to air-conditioned cars. People would come, he said, stay a few days, and then, secure in the comfort of these cars, take off for some place like Monterrey, undismayed by heat, moving from the sea breezes of the coast to the air-conditioned comfort of the interior.

Mrs. Mary Juergens told directors that response to the Chamber's new booklet "The Toast of The Coast—A Guide to Pleasure" had been most gratifying and that she was receiving many requests for it since it had been published.

Frank X. Tolbert, in his Dallas News column, had said:

"The Rockport Chamber of Commerce put out an interesting pamphlet on Aransas County in which the chamber seems to be making a direct invitation to buried treasure hunters to come and try their luck. This pamphlet states solemnly, just for an example, that $2,000,000 in gold may be buried near the late Sid Richardson's ranch on St. Joseph's Island, off Rockport. According to the Chamber of Commerce narrative this fortune was hidden by Jean Lafitte, the pirate, and not by Mr. Richardson. The pamphlet tells of more 'buried treasure sites' and concludes: 'Research with a metal detector might turn up enough gold to put a man on easy street.'

Mrs. Juergens said that a number of treasure hunters had already turned up, ready to collect Lafitte's gold if they could find it, but that response to the booklet came from far and more people who weren't interested in treasure but in merely an interesting comfortable place in which to spend their vacation. Mrs. Juergens exhibited a folder containing many of these inquiries received since the booklet was published a month ago, and some of these came from as far away as Iowa.

It was brought out during the discussion that more and more Houston people were using Rockport as a vacation spot. One man gave as his reason the fact that the roads to Galveston and nearby beaches on the north Texas coast were so crowded that it took almost as much time due to congested traffic to reach them as it did to drive to Rockport.

"And after you get there." he said, "people swarm like flies. From now on, or at least until these beaches here arrive at the same condition, my family and I are coming to Rockport."

Mr. and Mrs. Almon Brundrett and children spent the weekend in Dilley with his parents.

WATER BOND—

(Continued from Page 1)

Janecek pointed out, that the bill passed by the last legislature forming the Conservation District was worded as follows:

"For the purpose of providing funds for an engineering study of the District's present and future requirements for fresh water and possible sources thereof, the district is hereby empowered to borrow money and to issue its negotiable bonds to be payable from ad valorem taxes. It is provided, however, that the foregoing project shall be completed within the five-year problem immediate following the effective date of this act and at a total cost and not exceeding $70,000 and it is provided further that the amount of the tax to be levied annually for this purpose shall not exceed 50 cents on each $100 valuation of taxable property."

In answer to a question by Commissioner Robert Fleming, Janecek said that assessments used for taxing purposes were defined by the bill as the same as those used by the county.

Once this $70,000 is issued, all other money for development of the district must come from revenue bonds, secured by and paid for by money received as revenue by any water system that may be constructed. No other bonds can be issued to be paid for out of taxes.

The ballots will bear only one proposition, and will read as follows:

"Shall the Board of Directors of Aransas County Conservation and Reclamation District be authorized to issue the bonds of the said District in the principal sum of not to exceed $70,000, and to levy and to collect annually an ad valorem tax sufficient to pay the principal thereof and the current interest thereon as due so long as said bonds shall be outstanding and unpaid, said bonds to mature serially over a period of years not to exceed six years from their date, and to bear interest at a rate not to exceed 6 percent per annum, payable annually or semi-annually, said bonds to be issued for the purpose of providing an engineering study of the District's present and future requirements for fresh water and possible sources thereof, as authorized by Senate Bill No. 299 enacted by the 58th Legislature in 1963?"

Polling places and election judges are as follows:

Precinct 1A, Voting Center, Aransas Pass, with Mrs. Glen Ellis as presiding judge; Precinct 1, Fire Station, Rockport, Mrs. Fay Brundrett; Precinct 2, Courthouse, Rockport, with Mrs. Elbert Mundine as presiding judge; Precinct 3, Fire Station, Fulton, with Mrs. Harry McDow; Precinct 4, Concession Hall Goose Island State Park, Mrs. E. N. Adams, Jr.

Absentee votes will be counted by special canvassing board composed of Paul Clark Sorenson, Thomas D. Picton and Arthur Bracht.
