Loan Firms In 50 Cities Named In Suits

School Audit Report Made; Paving Slated

A contract to pave streets around the new junior high school and the West Elementary School here was awarded last night to J. H. Chastain & Sons of Snyder by the Snyder school board.

The board, which held its regular monthly meeting, also heard the annual audit report and took care of routine business.

The Chastain firm got the contract on its low bid of $29,823.48. The only other bidder was W. D. Caldwell, Inc., of Big Spring with a total of $31,888.28.

Chastain's bid included $10,469.20 for 11,665.68 square yards of triple asphalt surface at 70 cents per yard, $10,917.88 for the same area covered with six-inch flexible base and grade preparation at 73 cents a yard, and $8,436.40 for 6,026 linear feet of curb and gutter and $1.40 per linear foot.

The streets to be paved are Thirty-second from El Paso to Houston and Houston from Thirty-second to Thirty-seventh Streets. The streets will be 50 feet wide.

Russell Yorgesen and Charles Blakey of the Snyder accounting firm of Deffebach & Yorgesen met with the board to make the audit report.

Yorgesen's comments on the audit:

"In the previous audit report the system of purchasing control was criticized as being inadequate. The same criticism applies to the early portion of the current fiscal year. However, during the year an adequate system of purchasing control was installed, and was strictly followed thereafter.

"The school district does not adequately account for its inventory of equipment. We suggest that an inventory be made of all portable equipment, and that an equipment number be permanently affixed to each piece of equipment in order that it be identifiable in future equipment inventories." An equipmeent inventory has been begun by Doug Flynn, school business administrator.

"At its October 22, 1957, meeting, the board of trustees authorized the borrowing of $50,000 for the purpose of paying for the new junior high school site. The minute recites that the loan was to be paid from the first proceeds of the bond sales. The bonds to be sold were approved in an election held November 9, 1957. It appears somewhat irregular to commit the proceeds of a bond issue before the issue has been approved by the electorate.

"In accepting bids for merchandise and for bond sales, the board usually follows the practice of accepting the low bid. However, when a local bidder is opposed by an out of town bidder, the local bid is accepted if it is reasonably close to the low bid." He gave as examples, on office supplies, local bid accepted $5,425.20, low bid $4,887.80; on furniture, local bid accepted $258.91, low bid $130.91; on bond sales, interest cost over amortization period, local bid accepted $683,670, low bid $681,456.69.

"Interest on bonds has been overpaid $348.75. This overpayment occurred because bond and interest installments were remitted in accordance with original amortization schedules, and did not consider that some of the bonds had been retired before maturity.

"In reviewing the tax records, we noticed that in the "Oil Unknown" delinquent taxes receivable there are numerous cases in which taxes have been paid in years following those posted as delinquent. This indicates that the address of some of the owners of these properties may be ascertainable.

"On March 9, 1958, the superintendent and business manager were dismissed and the remainder of their employment contracts purchased. While the board is completely familiar with this action, we believe the financial details should be reported here. The following schedule sets out the financial facts." The schedule showed total cost of termination $20,000 for the superintendent and $4,000 for the business manager.

"The business manager's contract was purchased on the basis of its covering the period from September 1, 1957, to August 31, 1958. The written contract on file covers the period from July 1, 1957, to June 30, 1958. Mr. (M. E.) Stanfield, assistant superintendent, stated that the actual agreement was according to the termination settlement, and that the writen conract should have been so dated.

"We were not present for the taking of cafeteria inventories, and

259 Firms Are Accused By Wilson

By GARTH JONES

AUSTIN (AP)—Atty. Gen. Will Wilson and a cordon of assistants walked into Texas courts in 50 cities today to accuse 259 small loan companies of charging illegal rates of interest.

In San Antonio, 89 loan firms had unexpected visitors as 37 assistant attorneys general swept down upon them to seize all available records and files.

Wilson said the 217 injunction suits filed today and the mass visitation was the biggest crackdown that Texas has ever made on alleged loan sharks. All the action was synchronized from 9 to 11 a.m.

"Usury is economic mistletoe." Wilson told a press conference in San Antonio this morning. "As a parasite we intend to eliminate it. If we are successful it will be a big thing for Texas. Not only will it remove a crushing financial burden from thousands of our citizens but it will be good for the economy generally in that money which is now being drained into the pockets of the loan sharks will be spent in the purchase of consumer goods.

"Widespread violations of the usury law are exploitive of the working people of Texas and particularly of the Latin American population."

He predicted the mass drive, a continuation of a series of usury suits filed as early as Aug. 1, would result in a clarification of Texas' confusing loan shark laws by the courts and the Legislature.

"These suits are filed against what we call the high-raters, or loan firms that under the so-called brokerage plan charge interest rates of from 100 to 300 per cent," Wilson said.

Under the brokerage plan a borrower pays one individual or firm a fee for obtaining the loan from a second firm or individual, plus interest and other service charges, Wilson said.

He estimated that the 225 injunction suits filed today involved about ten million dollars in loans

Crowds Turn Out For Yule Parade, Santa Claus Visit

Large crowds were in Snyder throughout the afternoon and part of the evening yesterday for a number of activities which opened the Christmas season here.

Santa Claus visited, a big Yuletide parade was held, and carolers sang in the business district last night.

The Santa Claus visit, which in previous years had drawn crowds so large that some feared children would be hurt, this year still drew the crowds, but they were spread thin enough for safety and for more satisfaction of children.

Santa first visited with smaller children before the larger children were out of school, and though hundreds streamed through the line for an hour and a half, he talked to all who got into the line to see him.

The later visit was last night, for children of all ages, and a large crowd of children appeared.

Yesterday's parade had a total of 17 floats entered by churches and civic organizations, all on religious themes. The high school and junior high bands also participated in the parade. The 17 floats were the most ever entered in a parade here. No prizes were given.

Choral groups sang in stores and around the business district early in the evening and gathered for a community carol singing event. Despite the cold weather, many persons turned out to hear the singing, a large number of them parking their cars or driving around the square to hear the singing.

The Christmas program was arranged by the Chamber of Commerce merchants committee. The sub-committee on the Christmas program was composed of Myron Roe, chairman, Olan Griffith, and Pat Moore. The Parade sub-committee was composed of Bob Crowell, chairman, the Rev. Harry Vanderpool, co-chairman, R. T. Roberts, Bob Dryden, Gene Thompson, and the Rev. Ralph Odom.

Many other organizations worked with the chamber committee on the program. The Downtown Lions Club helped by furnishing and distributing candy to children during the Santa program. The sheriff's and police departments worked with traffic and with the crowd during that program and the parade.

SANTA APPEARS HERE—Santa Claus made two appearances in Snyder yesterday afternoon to say hello to boys and girls and promised a return trip Christmas Eve night. Santa was on the courthouse square from 2 to 3:45 o'clock yesterday afternoon, where the above picture was made, and from 7 to 8:30 o'clock last night. (Lee Watson photograph)

W. A. Bowen Dies Tuesday

William Albert Bowen, 83, of Route 2, Hermleigh, died at 7:20 p.m. yesterday in Young Medical Center at Sweetwater.

Funeral services will be held at 2 p.m. tomorrow at the First Baptist Church at Hermleigh, with the Rev. Bob Creswell, pastor, officiating, assisted by Rev. C. E. Leslie, retired Baptist minister. Burial will be in the Pyron Cemetery under direction of Bell Funeral Home.

Mr. Bowen was born March 21, 1875, at Copeville. He was Baptist. He was a retired farmer and a bachelor.

Pallbearers will be T. L. Boyd, Oren Thompson, Troy Bowen, T. L. Bowen, A. V. Carmack, M. L. Carmack, and E. B. Simmons.

Survivors include two sisters, Mrs. Kate Thompson of Snyder and Mrs. Darcus Moore of Austin; one brother, E. P. Bowen of Roscoe; and 20 nieces and nephews.

Gas Leak Found By Boiler At School

DALLAS (AP)—School and fire officials at nearby Mesquite said yesterday they had found a gas leak less than 10 feet from the boiler of Mesquite's largest elementary school.

Workmen replaced a rusted-out section of pipe late Monday.

Classes, attended by more than 1,100 students, were not interrupted.

Fire Chief James Lewis said the discovery "possibly averted a serious accident."

The leak was discovered after firemen smelled gas in the boiler room. They were making a series of inspections set off by the recent disastrous Chicago school fire.

LATE BULLETIN

WACO (AP)—Sam Boyd, the embattled football coach at Baylor University, today resigned his post.

Boyd thus reversed himself. Earlier he refused to quit, saying the school would have to fire him.

Bitter Cold Spell Holds On In East; Midwest Warms Up

By The Associated Press

A mass of cold air covered the icy East today.

The lowest readings of the season were recorded at many points. The mercury dropped to —31 in Presque Isle, Maine, and to —3 in Pittsburgh and Parkersburg, W. Va.

New York City had 16 above, a new low for the autumn. Philadelphia also had 16. Buffalo, N.Y., had 9 above and Albany 5.

The Midwest emerged, shivering, from another subzero night. Temperatures got down to —34 in International Falls, Minn., —17 in Rockford and Joliet, Ill., —12 in Sault Ste. Marie, Mich., and Fort Wayne, Ind., —9 in Dubuque, Iowa, and Madison, Wis., —7 in Columbus, Ohio, and Chicago, —6 in Bismarck, N.D., Minneapolis-St. Paul and Milwaukee, —5 in Cleveland.

But a warming trend already had begun in the Midwest.

Heavy snow persisted in some parts of New York State already deluged with record falls.

Cold wave conditions made winter seem like reality in the East from New England to West Virgina with zero and below readings in some areas.

It was freezing in the South from Georgia to central Texas and some nippy air drifted south as far as northwest Florida.

Although there were some snow flurries, not much heavy snow was reported in the cold belt. However, there were copious amounts of snow throughout the entire region. Hardest hit by the snow were Oswego and Mayville, N.Y., with nearly five feet of white blanketing the areas.

Nearly a foot of fresh snow fell Tuesday in storm-stricken Oswego as weary crews of workers labored to clear the snow-clogged streets. A state of emergency has been declared in the Lake Ontario city of 23,000 population.

In the below-zero Midwest areas, one of the early morning's lowest readings was 26 degrees below at International Falls, Minn. That was warmer than Tuesday's -31 and Monday's -32.

But the weather bureau said it was 10 to 20 degrees warmer than 24 hours earlier in sections of the Dakotas, eastern Minnesota, Iowa and Montana.

Skies were generally fair with little or no temperature change from the Rockies westward to the Pacific Coast. However, light rain fell along the Washington-Oregon coast, with some showers and snow flurries in interior sections.

Dreary Skies, Cold Weather Grip Texas

By The Associated Press

Skies were cloudy over nearly all of Texas Wednesday with fog and drizzle blanketing the lower coast.

Chill weather from the recent norther hung on. Predawn temperatures Wednesday ranged from 17 degrees at Dalhart to 58 at Brownsville.

Fort Worth had 32 degrees with a light drizzle. Mineral Wells had 31, Abilene 29, Midland 24, Wink 27, Lubbock 18, Amarillo 19, Childress 19, Wichita Falls 27, Texarkana 30.

Light rain fell at Houston and Laredo had fog and drizzle.

Mostly cloudy weather was forecast for all of Texas with some light rain near the East Texas coast Wednesday and a warming trend in West Texas Wednesday night and Thursday.

Dalhart and Amarillo never got above freezing Tuesday. Dalhart had a high of 27 and Amarillo 29. Brownsville was the warmest spot in Texas with 79.

Galveston, Houston and Laredo measured .01 of an inch of rain Tuesday and traces fell at Austin and Beeville.

Fog and smoke clouded Houston Tuesday night. Fog and drizzle hit Laredo, Cotulla, Galveston and Lufkin.

Ike Raps Alabama Officials For 'Defiance' At Inquiry

WASHINGTON (AP) — President Eisenhower today called it reprehensible for public officials about Negro voter registration.

At a news conference the President dealt specifically with such defiance in Alabama and also with defiance of the law generally.

At his first meeting with reporters since Nov. 5, Eisenhower also said he knows of no reason to question reports that the Soviet Union has developed an intercontinental ballistic missile capable of delivering a warhead almost 8,700 miles.

As for published reports the Soviet Union has test flown an atomic-powered plane, Eisenhower said this government has received no intelligence—no reliable information—that they have flown such a plane.

Eisenhower was asked for comment on the refusal by Alabama public officials to supply Negro voter registration data to the federal Civil Rights Commission.

In the light of that development, the commission Tuesday started legal action to compel the officials to produce such data.

The President remarked that he doesn't feel very well about the defiance in Alabama.

He said he picked the commission very carefully, making sure that some Southerners were included on it.

It is a rather sad sort of thing, Eisenhower went on, when such defiance develops. He said all around the country we are running into refusals to comply with the basic laws of the land that have been upheld as being legal and proper.

And that, he said, is a reprehensible kind of thing.

The President sounded a new appeal for respect for the law. He said there should be no interference with the right of free men to vote.

The news conference also dealt with these other matters:

BERLIN—At the outset, Eisenhower volunteered a review of the Berlin picture going back to the days of World War II.

He concluded the summary by saying that in the current crisis there the United States will continue to stand for unification of all Germany — and against any move by Russia to strike at the freedom and security of West Berlin.

This country—together with its Western Allies, feels a responsibility and a duty to maintain the freedom of West Berlin, Eisenhower said. He also emphasized that the United States, Britain and France have a right to remain in Berlin.

As far as the United States is concerned, there is no attempt to be arbitrary in dealing with the Russians in the sense of trying to irritate or anger anybody else.

TRUMAN—With a show of irritation, Eisenhower said he has a little too much sense to get mad at anyone. This was in comment on former President Truman's remark Monday that Eisenhower has been mad at him since the 1952 campaign. Truman further said: "I don't give a damn."

A reporter told the President today that Truman said there was nothing personal between him and Eisenhower, but that he (Truman) "raised hell" with Eisenhower six years ago "when he didn't knock Jenner off the platform after he called Gen. Marshall a traitor."

The references were to Sen. William Jenner (R-Ind) and Gen. George C. Marshall, Army chief of staff during World War II and later secretary of defense and secretary of state.

U. S. Reducing Its Force On Formosa

By SPENCER MOOSA

TAIPEI, Formosa (AP) — The United States is reducing both its air and naval forces in the Formosa area now that the Communist threat to the offshore islands has lessened.

The U.S. command refused to say which units are going but pointed out they could return quickly if needed.

A U.S. spokesman said those departing could leave because of what he called the improved defense capability of Nationalist armed forces, mainly because of new weapons supplied by Washington, as well as because of the comparative lull in in the Communist bombardment of the Quemoy Islands.

All was peaceful today on the islands near the Chinese Communist mainland as Red gunners withheld artillery fire. They have not shelled the islands on even-numbered days for more than a month.

The huge, nuclear-armed U.S. 7th Fleet already had been reduced slightly from the buildup that followed the beginning of the Communist bombardment last Aug. 23. U.S. spokesmen emphasized that the fleet could be assembled swiftly if needed in any new emergency.

The U.S. Air Force has a number of squadrons in Japan, Korea, Okinawa and the Philippines which have been assigned to Formosa for brief familiarization visits in the past and could return quickly.

The American command refuses to say exactly what strength it has here now. At one time recently three or four wings of about 75 planes each — mostly fighters — were known to be on Formosa with perhaps 1,500 men. The 7th Fleet had 400 warplanes.

HUGH BOREN, JR.

Boren New President Of Country Club

Hugh (Brud) Boren, Jr., Snyder insurance man, last night was named president of the Snyder Country Club for the coming year by the club's new board of directors.

Boren succeeds Ralph Geisenhoner, executive vice-president of the Snyder National Bank, as president.

Vice-president of the organization is Harry H. Reed, electric firm head, who succeeded Ed Free, hot oiler service operator. Re-elected secretary-treasurer was Tommy Deffebach, insurance man.

The officers were elected in a board meeting which followed the club's annual stockholder meeting, attended by about 20 persons.

The stockholders elected four new directors, re-elected one, and chose one to fill an unexpired term.

The new directors are Reed, Ken Haught, E. A. Brooks, and Max Dyer. Boren was re-elected. Free, who was an outgoing director, was elected to fill out the year remaining on the term of M. L. Broman, who resigned. Bill Brown is a holdover director.

Outgoing directors are Geisenhoner, Carl Jones, and Marshall Erwin.

The new officers and directors took office immediately.

LOAN FIRMS

to about 200,000 borrowers.

"Most of these companies won't loan you more than $50 at a time," said Asst. Atty. Gen. Larry Jones. "If you want more, they'll loan you $50 then send you up the hall to another office."

Most of the suits ask only that the defendants—loan companies, their operators and financial backers—be enjoined from charging usurious rates of interest in making loans. The suits do not ask that the firms be put out of business.

Wilson said that if the injunctions are granted and violated, then the violators can be held in contempt of court. Persons who were charged usurious rates of interest may file civil suits seeking damages double the interest rates charged, plus court costs.

Previous suits have been filed against 14 firms in Austin, 9 in Dallas, 18 in Houston and 5 in Corpus Christi. In four of the Austin cases the defendants have accepted judgment. The first trial of such a suit has been reset for Jan. 19.

"We divide small loan companies into the high raters and the low raters," Wilson said. "These suits are against the high raters. The low raters are those who operate under the certificate plan which allows them a gross annual interest of about 20 per cent and some auto finance companies which operate on 17 or 18 per cent."

He said there are 282 offices of 165 companies in Texas which operate under the certificate plan—which calls for 10 per cent per month interest with the interest subtracted in advance. Test suits have been filed against the three largest groups in Texas loan firms using the certificate plan to test the constitutionality of the law.

"We think the certificate plan is unconsitutional but we plan no action against such companies until the courts rule on the test cases," Wilson said.

"Our objective is to get all companies still in business by the end of 1959 operating on the certificate plan. If it is declared constitutional then everyone will be abiding by the law. If it is ruled unconstitutional as we claim then there will be another enforcement problem."

Wilson said the suits filed today, listed by counties in which the filings were made, included the following principal defendants:

Yorgesen said the records were much easier to get ready for audit this year than last. The board approved a bill from the accounting firm for $2,460 for the audit. Last year the audit cost $3,300.

The board authorized Flynn's borrowing of $150,000 of building bond funds to be paid on contractors' estimates.

Approval also was given to for a loan to the cafeteria fund of about $9,000 to pay salaries. This was done because payment of federal subsidies to the cafeteria program was later than usual, and the $9,000 will be transfered back when the subsidy funds are paid.

The board approved resignations of Miss Joella Weinert and Mrs. Delores Ward as first grade teachers at Northeast Elementary School and approved appointment of Mrs. Elwanda Nall and Mrs. Jo Ann Peek as replacements.

The local school textbook committee was appointed. Members are Johnnye Bishop, Christine Bradley, Leota Burris, El Wanda Culvahouse, Margie Dillon, Martha Floyd, Carolyn George, Laura Holliday, Mary Kennedy, George Murray, Margaret McNair, Mrs. M. M. Jr. High P-TA To Sponsor Door Decorating Contest

The executive committee of the Junior High School Parent-Teachers Association met Monday at 1:30 p.m.

The group made plans for the Christmas door decorating contest to be held at the school. Each room may enter with three prizes of $5 each to be awarded. The three themes will be religious, traditional and original. Members of the local Garden Clubs will serve as judges.

To qualify for the competition, the students must decorate the doors under the direction of their homeroom teachers. All rooms are urged to participate. The judging will take place on the morning of December 17th.

Two eighth grade girls, Joyce Kirkland and Patsy Hampton, representatives of the student council were guests at the meeting.

Alpha Study Club Holds Christmas Dinner Tuesday

The Alpha Study Club held a Christmas dinner with husbands and friends as special guests at the Martha Ann Womans Club Tuesday night, Dec. 9.

Hostesses were Mrs. Maurice Brownfield, Mrs. Wade Winston, Mrs. J. T. Hughes, Mrs. Ixon Joyce and Miss Myrtle Harrell.

American parlor music directed by Mrs. E. W. Free was given by Miss Joan Cruthirds, accompanied by Mrs. Novis Rogers. Miss Cruthirds is a noted violinist and is now open for lessons for beginners as well as advanced students.

"Our Heritage from Foreign Lands" a travelogue with slides was presented by Mrs. H. G. Burchett. Mrs. Burchett spent the summer in Spain where she attended the Brussels World's Fair, and spent several days in Amsterdam, Holland. She brought slides on all the countries that she visited.

Dressed in typical Spanish costume, complete with hand-made white lace mantilla and comb, Mrs. Burchett described places of interest in Madrid and near by villages of Toledo, El Escorial, Aranjuez and La Granja. She described life at the University, told of the customs of the people, food, dress, industry and bull fighting, Spain's chief tourist attraction.

Mrs. Burchett, a local Spanish teacher, attended college in Madrid, Spain last summer. She took a course especially designed to give teachers a fuller appreciation of modern Spain. She spent the usual time in the classroom, but she also visited interesting places and people in the heart of Spain.

In order to take full advantage of Mrs. Burchett's summer plans, the Snyder Public Schools commissioned her to use $100 of Staff Utilization funds to buy items representative of modern Spanish life and customs. The things Mrs. Burchett brought back become classroom teaching aids. They are used in Spanish classes to add interest and meaning to many things studied by Snyder students of foreign language. Some of the items are: books, slides, costumes, mechanical gadgets, etc.

Snyder civic and social groups have also benefited from the purchase of these European articles. Mrs. Burchett has appeared before numerous groups to present various aspects of her trip. Several times she has used her purchases to give a clearer understanding of life in Spain today.

Mr. Bob Melton gave the invocation of the evening.

The table were attractively decorated with red hurricane lamps entwined with greenery and Christmas clusters, symbolizing the tradition of the club theme "Our

Conflicting Testimony In Probe Of Risk Firm Cited

By FRANK N. MANITZAS

AUSTIN (AP)—The Senate Investigating Committee reported today numerous instances of conflicting testimony in its probe of financially-sound Preferred Life Insurance Co. of Dallas.

"We just reported the facts as we found them," said Sen. Charles Herring of Austin, committee chairman. "This report has been turned over to Dist. Attys. Les Procter of Austin and Henry Wade at Dallas and Atty. Gen. Will Wilson. This particular case was unusual.

"A lot of testimony points to problems within the operation of the insurance company as it was and the Board of Insurance."

The committee started its investigation of Preferred Life in September 1957. It reported that today "the company's financial position appears to have improved since the investigation."

Largent Parks Sr. of Dallas, former president of the company, is the main subject of the report.

In its conclusions, the committee says:

1. Parks sold or had sold secondary stock which buyers were led to believe was original or primary stock issue. Parks testified: "The stock was sold and was represented and sold as being stock that I personally controlled." Seven affidavits in the report from buyers say they were not informed it was Parks' personal stock.

2. Parks and the management of the insurance company and Preferred Life Underwriters Inc. withheld pertinent information, concealed files and records and failed to cooperate with the State Board of Insurance and the attorney general.

3. At the time of the investigation, Preferred Life was not up to date in payment of claims as Parks testified. When new management took over the company, it found some 1,200 claims unpaid.

4. State Insurance Commissioner William Harrison took affirmative action against the company, following inquiries by the press. Deputy Commissioner Paul Connor assumed the responsibility for withholding action because he did not think it was necessary immediately.

5. The Dec. 5, 1957 agreement between Parks and the insurance company did not include all the profits made by Parks-operated Preferred Life Underwriters and Largent Parks Trust which were set up with the insurance company's money. Parks and his other interests made proportionately greater profits from public investments than the insurance company itself, which put up the original money.

Herring said the committee will make reports soon on its investigations into Estate Life Insurance Co. of Amarillo, the state Liquidator's Division of the Insurance Department and the state comptroller's office. Recommendations on legislation will be included in a final report to be made to the Senate, he said.

Some Cafes Get Permits; All Required

About three-fourths of the cafes and other eating establishments here have so far complied with a new city ordinance which requires that they secure permits to operate.

The new health ordinance dealing with this type establishment went into effect Monday. It requires that restaurants, snack bars, drug stores with soda fountains, and other businesses which serve prepared food to request and inspection and secure a permit, which costs nothing.

Louie T. Vaughan, sanitarian at the Snyder-Scurry County Health Unit, said some of these type businesses have not yet called the health unit requesting inspections. He urged them to do so immediately.

Since practically all these type businesses waited until the time the ordinance went into effect to request inspections, just the request for inspection will be counted as compliance with the ordinance at the present time, Vaughan said, adding that he will complete all the inspections and issue the permits as soon as possible.

The ordinance sets out penalties for non-compliance.

The new ordinance also requires that foodhandlers secure licenses at the health unit. Operators of the restaurants and other food-handling businesses are responsible for their employes securing the permits, which cost nothing.

Russians Greeted In Own Language

SALT LAKE CITY (AP) — The sober faces of nine Russian educators broke into wide grins Tuesday when the group visited one classroom at the local Bonneville grade school.

The 20 boys and girls greeted the visitors in Russian, then sang a few Russian songs in the original language.

The Russians are on a tour to inspect American schools and educational practices.

Baptists Set Record Budget For State Missions In '59

DALLAS (AP)—Texas Baptists have budgeted a record $1,682,433 for state missions in the next year.

The executive board allotted this amount for the program and named Dr. James H. Landes pastor of the First Baptist Church in Wichita Falls, as its chairman yesterday.

Funds for the mission program are $134,000 greater than the amount provided last year.

The biggest single item is $450,000 for stewardship promotion, church building and domestic relations services, and salary supplements for pastors of small rural churches. The budget provides $191,581 for Baptist Student Union work at Texas colleges.

Board members picked Dr. Landes at a quarterly session to succeed Dr. Carl Bates, pastor of the First Baptist Church in Amarillo. Dr. Bates is the new president of the Baptist General Convention of Texas.

As vice chairman the 191-member board elected Dr. Elwin Skiles, pastor of the First Baptist Church in Abilene.

Other board decisions:

Approved a report outlining plans of the BCGT (caps) and the Southern Baptist Convention for a cooperative language group missions project. This would merge into one staff the 200 employes in their separate programs, and the joint venture will operate under a $435,000 annual budget. Texas Baptists will finance 70 per cent at the start and never more than 85 per cent.

Called for a study of National Guard policy on holding Sunday drills. The Rev. Harvey Kimbler, pastor of the First Baptist Church at Eastland, said this practice by some units is "interfering with the worship of God by many Christian guardsmen."

Authorized continuation by Hardin-Simmons University through 1959 of a campaign for 1½ million dollars to rebuild its campus chapel and add an auditorium and student center. School officials reported more than $600,000 has been raised.

Reaffirmed a policy requiring executive board approval for any Texas Baptist institution to conduct a funds drive.

Decided to award a special citation to treasurers of Texas Baptist churches which make monthly contributions in support of the denomination's cooperative world missions program.

U. S. Role In Cotton Trade Due To Drop

WASHINGTON (AP)—The Agriculture Department forecast today a sharp drop in this country's share of the world cotton trade during the 1958-59 marketing year.

The department said this country's share may drop to 30 per cent, compared with 42 per cent in 1957-58. This results from substantially larger exportable surpluses in free world producing countries.

U.S. cotton exports during the current marketing year are estimated at about four million 500-pound bales. This compares with 5,700,000 bales in 1957-58.

Despite the drop this year, the department predicts the annual average of U.S. cotton exports for the three years 1956-58 will remain above 5½ million bales.

World trade in cotton in the 1958-59 season is estimated at about 13 million bales, more than one million bales below the previous year and three million bales below the post-war high of 16 million bales in 1956-57.

The drop in world trade reflects declining consumption in foreign importing countries and larger inventories of textile goods.

When they are cut lengthwise, vegetables are said to allow less vitamins to escape during cooking.

Amateurs Steal Show From Grace

By JAMES BACON

HOLLYWOOD (AP) — Grace Kelly has let two amateurs steal the show from her in the first movie she's made since becoming Princess of Monaco.

The movie is "Invitation to to Monte Carlo," a feature-length documentary about the tiny principality of Monaco. The two scene-stealing amateurs are her husband, Prince Rainier III, and their daughter, Princess Caroline, 2.

Princess Grace's role is simply that of wife and mother, and it's obvious the Oscar-winning actress prefers it to the dramatic roles that made her a top Hollywood star.

Since early May, a British film crew has been secretly making the film. Rainier and his daughter are the only amateurs among the principals.

The movie has a story line about a 6-year-old girl from an English orphanage who takes a cat to Monaco as a gift from the orphan children.

French actress Nicole Maurey and British actor Leo Genn, are narrators.

Besides beautiful vistas of the tiny but picturesque country, the movie gives a rare look at the Rainiers' home life. And Prince Rainier skin dives in some underwater shots.

The movie will be released to theaters next month.

Jobless Claims Rise In State

AUSTIN (AP)—An increase in the number of individuals filing unemployment claims last week compared to the shortened Thanksgiving week has been reported.

The Texas Employment Commission said yesterday 58,495 jobless workers filed claims compared to 50,232 the previous week. Some 67,445 claim actions were handled at a state cost of $1,278,967.

For the previous holiday week, 51,274 claims were processed and $744,931 was paid out.

Jerry Lewis Seeks Half Of Night Spot

PHOENIX, Arix. (AP) — Comedian Jerry Lewis is negotiating to acquire a half interest in the KoKo Club, a fashionable night spot here.

Proprietor Sol Tropp said he plans to go to Hollywood next week to wrap up final arrangements with Lewis' attorneys. He said the deal would have been closed by now if Lewis hadn't become ill recently.

'Ice Cold' Tigers Bow In Home Debut, 63-31

The Tiger basketeers were as cold as the weather outside last night when they fell victims to the San Angelo Bobcats, 63-31, at Tiger Gym.

It was the home opener for the 1958-59 season for the Tiger quint.

Coach J. P. Ward's charges could never get going in last night's tilt and wound up with a pathetic 19.6 shooting percentage from the floor and only a 42.3 percentage at the free throw line.

The Bengals actually took more shots at the basket than the Bobcats but whereas the Black and Golders were cold the Bobcats were hot. San Angelo hit 23 of 43 field goal aims for a very respectful 53.5 percentage. The Tigers tried 51 field goal attempts but made good on only 10.

San Angelo also waxed warm from the free throw line, hitting 17 of 24 for 70.8 percentage. The Tigers hit only 11 of 26 charity attempts.

Even with the Tigers having a bad night, the Bengals might still have made a game of it had Bobcat coach Bill Humphries left two of his charges at home, Mack McCoulskey and Al Dodson.

McCoulskey and Dodson were the whole show for the Bobcats before Humphries began emptying his bench in the fourth period. San Angelo surged to a 43-20 lead after three quarters and up to this point McCoulskey and Dodson had scored all but seven of the Bobcat points, each tallying 18 points, the number they finished up with to share scoring honors for the game.

Little Stan Hulen led the Tigers in scoring with eight points.

San Angelo led all the way after McCoulskey scored two field goals in the first minute of play for a 4-0 lead. Hulen hit from out to cut the difference to 4-2 but McCoulskey hit again and then Ronnie Cole found the range for a fielder to up the Bobcat lead to 8-2 after three minutes of play and the Tigers never got closer than five points of catching up the remaining distance.

The Bobcats held quarterly leads of 13-7, 28-13 and 43-20.

San Angelo also won the "B" game, 42-40. The Bobcats reserves broke a 40-40 tie with 45 seconds left to capture the decision. Jimmy Don Robinson of the Tiger B teamers was the high point man of the game with 13 points.

Roy Franklin led San Angelo B with 10.

Next on tap for the Tigers will be their own Canyon Reef Tournament this weekend. The Bengals will meet Brownwood Friday morning at 9:30 in the opening game of the tournament.

Last night's defeat left the Tigers with a 1-2 record for the year while the victory evened San Angelo's record at 2-2.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

WE'RE NOT ONE TO let a single game cause us to "throw in the towel" for the season.

And we don't believe Tiger basketball coach J. P. Ward and his players have that attitude, either.

We don't recall the Tigers ever having as poor a night as they did last night in the home opener against the San Angelo Bobcats. The Tigers missed enough "cinch shots" to make a game of it.

But we know that teams will have those kind of nights now and then. This year's Tiger cage squad is as "green" as any team in the state, we imagine, and it's going to take a little time to get the "kinks" worked out.

Even at best the Tigers will have to hump it to win each time they take the floor because they're going to be giving away height to just about every team they play and also experience.

If anything can be done with this year's Tiger cage squad, we feel sure Ward will be able to do it. He's taken some "green hands" before and won district.

Nope, we're not giving up on the Tigers, yet. Once they get the feel of things they should hit their stride.

Special Interest

There will be some special interest among local citizens in Saturday's State Class A semi-final game here between the White Deer Bucks and Mason Punchers.

As mentioned earlier in the week, a former Snyderite, Lowell Bynum, is director of the White Deer band and he'll bring his bandsters here

And Carl's brother, Leland (Mutt), played football his senior year in high school at White Deer. for the game Saturday. Lowell is the son of Mr. and Mrs. L. O. Bynum, 2703 Ave. V.

Then Carl Herod was former coach and principal at White Deer. Carl is the local Conoco dealer.

Bob Smith, assistant principal at the junior high here, was associated with E. R. Sharpe. the Mason superintendent, at McCamey in 1948-51. Sharpe was principal at McCamey those years while Smith was a member of the high school faculty.

Both left in 1951, Smith coming to Snyder and Sharpe going to Mason where he has been since that time

Future Bids Hinge On Saturday Crowd

The turnout for Saturday afternoon's game here will have a heavy bearing on any future bid Snyder will make for a playoff game.

Stamford didn't want ot play Spur here because they didn't think the fans would turn out. She possibly made this opinion of last year's Seymour-Lockney game here that didn't draw many Snyderites. But it was below freezing the night Seymour and Lockney played here and you couldn't blame the fans for not attending.

But with this week's game being a day game the weather isn't likely to be so bad that it should keep the fans away.

We believe we've landed the top attraction of the day in this week's semi-final game. The game here will be the only semi-final game that will match two undefeated teams.

If the weather is right Saturday, Tiger Stadium should be packed.

Mountaineer Quint On Rampage Again

BY SHELDON SAKOWITZ
Associated Press Sports Writer

There seems to be no stopping the West Virginia Mountaineers as they continue their domination of the Southern Conference.

West Virginia won 26 of its 28 starts last season to compile the best won-lost record among major college basketball teams. The Mountaineers won 12 straight conference games, captured their league's tournament championship and wound up as the nation's top-ranked team in the final Associated Press poll.

The lads of Coach Fred Schaus romped over The Citadel 89-61 last night for their fourth consecutive victory. It was the Mountaineers' third conference success and 39th in a row over a span of four seasons.

West Virginia, ranked No. 4 in the first weekly poll, has won the Southern Conference tourney for the past four years. Last season the club bowed to Manhattan in the Eastern regionals of the National College championships.

Only two other members of the top 10 teams saw action last night. North Carolina State, No. 5, edged Clemson 56-54 in an Atlantic Coast Conference game and sixth-rated Tennessee whipped Wake Forest 61-50 in a non-league affair.

West Virginia, which also has defeated Furman, VMI and Penn State this season, displayed its best brand of ball in outclassing The Citadel. The Mountaineers opened up a 12-point gap early in the second half and coasted the rest of the way.

The Citadel, regarded as a possible threat to WVU's conference stranglehold, was stymied by the Mountaineers' pressing defense and went without a field goal for five minutes in the second half.

Bob Clousson, a 6-6 center who has to fill the shoes of the graduated Lloyd Sharrar, found the range for 19 points to spark the West Virginia attack. Junior Jerry West, the Mountaineers' sharpshooting forward, was held to 11 points.

Dan Englehardt's 15-foot jump shot with eight seconds left gave North Carolina State its narrow verdict over Clemson. The Wolfpack came from behind to post its fourth triumph, scoring eight consecutive points in the final minutes as Clemson ran out of gas after leading 54-48.

After Lou Pucillo tied the game with two minutes left, Clemson's Walt Gibbons missed a 1-and-1 free throw attempt with a minute to go. N.C. State froze the ball and set the stage for Englehardt's winning basket.

Tennessee, the Kent State Invitation Tournament winner last weekend, extended its victory skein to four at the expense of Wake Forest. The Volunteers broke the game wide open with a spurt in the last seven minutes, outscoring Wake Forest 17-6 after the teams had been tied at 44-all.

Ken Coulter was Tennessee's high man with 18 points but 6-8 Gene Tormohlen came off the bench to provide the scoring impetus in the late drive.

St. Mary's, ranked 14th, lost its first game after three wins. California nipped the Gaels 57-55 for the Golden Bears third straight success. Marquette, No. 17, staved off a second half rally to turn back reighton 53-49 as 6-9 Mike Moran collected 17 points.

In other significant games Texas A&M drubbed Sam Houston State 81-54 with five starters hitting double figures; Furman outclassed Erskine 75-55; Jim McDonald tallied 20 points to power Bowling Green of Ohio to a 75-61 lacing of Duquesne; Detroit withstood a late surge to nip Canisius 77-75; and Washington University of St. Louis edged host Centenary 56-54 after LSU topped Arkansas 67-58 in a doubleheader at Shreveport, La.

Also Nagara trounced Villa Madonna 87-65; Harvard squeezed past Wesleyan 66-63; Navy torpedoed Dickinson 99-35; Boston College overpowered Northeastern 79-38; Connecticut drubbed New Hampshire 77-46; Washington State trimmed Whitworth 53-42; and Santa Clara breezed over Chicago State 72-39.

Williams Registers Decision Over Turner

HOUSTON (AP)—Cleveland Williams thought he had a first round knockout for a time last night, but he ended up with a unanimous 10-round decision over Howie Turner.

Williams, of Houston, weighed 205. Turner, of Brooklyn, scaled 215.

Williams tagged Turner with a left hook that sagged him into the ropes. Then the Houston boxer slammed a vicious flurry at Turner, but instead of going down, Turner fought his way off the ropes.

Turner bored in most of the time and staggered Williams in the sixth round with a roundhouse right. Williams used his reach as he backed away and scored many an effective long shot.

Turner finished with his left eye almost closed and his nose bleeding.

TOP BUCK SCORERS—Pictured are the four leading scorers of the White Deer Bucks who'll meet the Mason Punchers in the state Class A semi-finals here Saturday. Hershel Powell, tailback, far right, is the leading Buck scorer with 124 points. White Deer Nears 500 Mark In Scoring For '58 Season

White Deer, Dec. 9—(Special)—The White Deer Bucks will rely on an explosive offense to outscore the Mason Punchers in their state Class A semi-final game in Snyder Saturday afternoon.

The Bucks have rolled up 498 points this season in 13 games for an average of 38.4 per contest. While the Buck defense isn't as strong as that of the Punchers, the Panhandle club hasn't been pushed around defensively to a very large degree. The Bucks have held the opposition to eight points per game.

The Bucks have five regulars and six other lettermen back from the team which defeated LeFors 38 to 33 for the 1957 Bi-District championship. With the addition of two boys who didn't play football last year (Jeff Bearden, leading scorer on last year's basketball team which won 22 games and lost 4, and Don Adams, drum major of the 1957 Buck Band) and a number of boys who played on last year's "B" team, the Bucks have rolled up a record of 12 wins and 1 tie.

Stinnett provided the only blemish on White Deer's otherwise perfect record by tying the Bucks 6 to 6 in the second game of the season. The most impressive wins of the season were the victories over Lefors, McLean, and Gruver.

The Lefors Pirates were undefeated, unscored-on, and rated third in the State when the Bucks romped over them 36 to 6 in the opening game of the district schedule. McLean was undefeated, also, and led the Bucks 6 to 0 at halftime when the Bucks opened up with an unsuspected air attack to loosen up the Tiger defenses and emerge on the long end of a 22 to 6 score.

Gruver came to town for the Bi-District game with a record of having less points scored on them than any other Class A team in the State and possession an undefeated record for regular season games and had more points scored on them that night than the combined total of their other games as White Deer won 46 to 6.

The Bucks are not exceptionally big or exceptionally fast, but they have good size and have better-than-average overall speed. Average weights show the line to average 165.1 lb. per man, and the backs 160.7 lb. per man. The overall average is 163.7 lb. per man.

The Bucks, running from Coach Otis Holliday's version of the Wing "T" Formation, have averaged 460 yards gained per game with most of this coming on the ground. They have proved themselves able to go to the air when necessary and do an effective job of it with Quarterbacks Jackie Burns and Dickie Hanna throwing usually to Ends Jeff Bearden and Ronnie Cade (both of whom exceed 6 feet 2 inches).

Of the 41 passes the Bucks have completed, 17 have been for touchdowns Hershel Powell, Allen Harmon, and Don Adams have led the ground attack as White Deer has averaged rushing 378 yards per game.

But in spite of this wide-open offensive record, the White Deer coaches are quick to admit that the defense play of Bryan Coday, Scott Barnes, Jeff Bearden, Robert Anderwald, Bob McCreary and the other Buck defensive regulars has been the difference between last year's team, which also was impressive on offense, and this year's team which has been effective both ways.

Bass Captures Triple Crown

NEW YORK (AP)—Dick Bass, College of the Pacific's hard-running halfback, amassed major college football's triple crown in 1958, winning the scoring title and the rushing and total yardage crowns.

Final statistics from the NCAA Service Bureau disclosed today that Bass accomplished a feat that was last performed in 1937 by Byron (Whizzer) White of Colorado. White captured the triple crown that season.

Bass accumulated 1,361 yards of 205 rushing plays — an all-time high of 6.63 yards per carry, for 200 or more rushes. The 21-year-old junior collected 79 yards on 13 passes for a total offense of 1,440 yards. He scored 116 points on 18 touchdowns and eight extra points in 10 games.

Ohio State's Bob White finished second in rushing, trailing Bass by 502 yards. Randy Duncan of Iowa was runnerup in total offense with 1,406 yards. Rutgers' Billy Austin wound up 10 points behind Bass in the scoring parade. All three played a game less than Bass.

Frogs Stress Aerial Game In Workout

FORT WORTH (AP)—Passing was the order of the day yesterday as the TCU Horned Frogs worked out in preparation for their Cotton Bowl date with the Air Force New Year's Day.

Coach Abe Martin had his first four units in sweat suits running through pass offense and defense practice.

Billy Gault, halfback who suffered a leg muscle spasm Monday, was confined to running laps yesterday.

Baylor To Decide On Boyd Today

WACO, Tex. (AP) — The suspense ends today for Sam Boyd, embattled football coach of Baylor—he will learn whether he's to continue or be asked to step out of a tangled athletic situation.

A press conference at 12:30 p.m. CST, called by Dr. W. R. White, president of Baylor, is expected to bring a decision on Boyd's status. It won't be a resignation — Boyd said last night he never planned to quit—but will be action by the board of trustees on a recommendation from the faculty athletic committee.

Boyd has been on the carpet for a week because his last two teams finished mired in the Southwest Conference cellar and together won only six games. A meeting of ex-students, former athletes, the administration and the athletic committee Friday night failed to produce a decision. Dr. Abner McCall, chairman of the committee, called for a "cooling off" period.

But yesterday Dr. McCall said the matter had to be wound up before this week's Southwest Conference winter meeting in Dallas because he was a member of the conference faculty committee and had to be there.

Thd decision will climax a hectic week at Baylor where its athletic director, George Sauer, resigned to enter private business and who was a target of the Alumni himself.

Dr. White reportedly asked Boyd to resign but the coach refused. Also he was reported to have been offered another job at Baylor with the $12,000 remaining on his contract — it has a year to run—being paid to him. What the other job is has not been revealed. Both the athletic director and athletic business manager positions are open.

ARCHIE HEAVILY FAVORED

Moore, Durelle In Title Fight

By MURRAY ROSE

MONTREAL (AP)—Jack Sharkey will referee the Archie Moore-Yvon Durelle light heavyweight title fight tonight and the general feeling here is that his main job will be to count ten.

There is hardly a soul in this zero weather French-Canadian metropolis who believes it will end in anything but a knockout.

Archie, making the seventh defense of his 175-pound division crown, remained a solid 14-5 favorite to whip the 29-year-old fighting fisherman from Baie Ste. Ann, N.B.

Durelle, a dock-fighting type with a minimum of finesse, said "one of us will go by the 11th or 12th round. I'm going to win or they're going to carry me out."

If they don't lug him out on his shield, it will go down as one of the great upsets in fistic annals. Moore, who will celebrate his 42nd, 45th or 49th birthday anniversary three days from now, has a big edge in everything but the calendar.

Ancient Archie can box, punch and absorb a punch far better than the crude, awkward and strong callenger who holds the Canadian and British Empire light heavyweight crowns.

Durelle knows he has to close in on Archie from the opening bell in an attempt to wear down his venerable rival. Moore, a sharp-shooter with either hand, likes nothing better than for an opponent to come to him. Right now he and the late Young Stribling are tied for the all-time kayo mark at 126.

If the fight should go the 15-round limit, the scoring will be handled by three judges.

Promoter Eddie Quinn predicts some 11,000 to 13,000 fans will pay from $100,000 to $125,000. The bout, starting at 10 p.m., (EST) will be telecast nationally in the United States by the ABC network.

Moore, unbeaten in his last 15 fights, has a 174-24-6 record. Durelle's record is 76-19-2 included 39 kayos.

Aggies Win, Porkers Lose

By The Associated Press

The Southwest Conference broke even Tuesday against outside basketball foes, tries two more Wednesday.

Texas A&M rumbled over Sam Houston 81-54 at College Station. But LSU rallied to trip Arkansas 67-58.

Wednesday TCU takes on San Francisco on the West Coast and Texas hosts Oklahoma State at Austin.

Wayne Monson scored 25 points to pace LSU to victory over Arkansas, defending co-champion of the Southwest Conference. The Razorbacks led 28-26 at intermission, but Monson and Dick Davies began to click in the second half and pulled LSU ahead.

All five Aggie starters hit in the double figures as the Cadets took their third victory without a loss. Captain Neil Swisher led with 18 points. Wilmer Cox got 17, Wayne Lawrence 16, Jim McNichol 15 and Archie Carroll 11.

Rightists Score Gains

THE HOUSTON CHRONICLE:

Ironically, while American voters moved more to the left in their Nov. 4 general election voting, Western Europeans are moving toward the right. There was general American fear after World War II that Western Europe would go communistic. For nearly 10 years the Communists and Socialists did make alarming gains in West Europe, but in the last couple of years their influence has begun to wane.

Sunday elections in France and West Germany gave strong gains to the rightists. In France, the new De Gaulle party, the Union for the New Republic, surged into second place in the popular vote in the first-round election for a new national assembly. Only the Communists got more popular votes than the new party backing Premier Charles de Gaulle and the Reds dropped from their usual 25 per cent of the total vote to 18.9 per cent. The Reds were faring poorly in the election of deputies to the national assembly, while the pro-De Gaulle forces appeared to be heading for a controlling vote.

Although there were 19 parties competing, only four — the Communists, Socialists, U.N.R. and the pro-De Gaullist Independents — got any sizable vote totals. It was one of the worst showings the splinter parties have made since the war. It is a healthy trend for France if it can concentrate its voting strength in major parties.

In West Germany, followers of pro-Western Chancellor Konrad Adenauer made strong gains in parliamentary elections in the states of Hesse and Bavaria.

The gain of the pro-Adenauer forces was chiefly at the expense of splinter parties, although the Socialists lost some ground.

France and West Germany have seen communism close at hand. They have had an opportunity to see whether the Utopian promises of the Communists and Socialists are as good in practice as they sound. And in both countries, the people are turning away from the promises to choose the proven realities of democracy.

If France and West Germany can maintain strongly anti-Communist governments, the Western policy of containing communism will be greatly enhanced.

Labor Legislation Is High On List

By GARTH JONES

AUSTIN (AP)—With big money spending and collecting expected to take the headlines in the 56th Legislature labor legislation may take a back seat—but not very far back.

In answering a questionnaire sent them by The Associated Press only five Texas senators and representatives mentioned labor legislation as one of the prime subjects of the session beginning Jan. 13.

However, each of those five picked labor as one of the three most important issues to be considered.

A prominent House leader, who asked that his name not be used, predicted that an attempt to repeal the so-called state right-to-work law would cause the most trouble in the next Legislature.

Sen. George Parkhouse of Dallas put "labor-management relations" as the second most important issue at stake.

"I think some law should be passed that would prohibit unions from using dues for political purposes and other laws to try to make union officers recognize their responsibilities to their members," Parkhouse said.

The Dallas senator added that he would introduce "some labor legislation" but did not go into details.

Rep. John Allen of Longview listed labor legislation as the third most important subject.

"Many items requested by labor are good," he said. "If the right to work law becomes an issue I will support the right to work law. Some of their other requests are reasonable."

The "right to work law" cited by the legislature probihits union membership or non-membership as a condition for holding a job. However, there have been court decisions in which "closed shop" agreements involving certain types of workers have been upheld in Texas.

"Legislation to counteract the so-called right-to-work law" was one of the legislative aims approved at the recent Texas State AFL-CIO convention.

The convention also called for "a minimum wage in Texas of $1.25 per hour, an effective prevailing wage law and many amendments to present laws restricting labor."

Rep. Ted Springer of Amarillo listed industrial safety as the third most important issue at stake.

"Texas is fast becoming an industrial state and we can no longer afford to postpone action on this matter because of the tremendous economic loss and loss of life and limb," he said.

Labor groups have been pressing for several years for legislation providing for industrial safety codes. The Texas Industrial and Occupational Safety Study Commission, authorized by the 55th Legislature, completed a long and detail survey recently but could not agree on any specific recommendations to the legislature.

No New Senators Are 'Wild-Eyed'

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—A look at the record indicates Sen. Lyndon Johnson of Texas, leader of the Senate Democrats, won't have such a tough time as might be expected next year in keeping a check-rein on the newly elected Senate Democrats.

There are 15 of them. Not one of them can be called wild-eyed. Almost all are moderate in their views. A majority of them—eight of the 15—were members of the House this year or in the recent past.

In the House they worked pretty quietly under the leadership of Speaker Sam Rayburn, boss of the House Democrats. Rayburn, like Johnson, is a Texan. Both men are moderates, are close friends, work closely together.

So, for a majority of the 15 new Senate Democrats, moving from the House is like exchanging Rayburn for Johnson.

The three Republicans who won Senate seats this year for the first time were all members of the House this year. They are Kenneth Keating, New York; Hugh Scott, Pennsylvania; and Winston L. Prouty, Vermont.

Johnson, who recently outlined a 12-point program for the Senate in 1959, omitted any mention of action on civil rights. On this point he may have trouble with some of the new men.

They may gang up with the present band of liberals in the Senate — like Democrats Paul Douglas (Ill) and Hubert Humphrey (Minn), and Republicans Jacob Javits (NY) and Clifford Case (NJ)—to smash the present Senate rule on filibusters.

Under the present rule Southern Democrats can pretty well block legislation on civil rights, if they want to, with unlimited debate. Changing the rule to make it easier to cut off filibusters would also make it easier to get civil rights bills through.

Four of the new Democratic Senators were members of the House this year. They are: Clair Engle of California; Eugene McCarthy, Minnesota; Robert C. Byrd, West Virginia; and E. L. Bartlett, who had for years been Alaska's delegate to the House, without a vote.

These four were House members in past years:

Thomas J. Dodd, Connecticut; Harrison A. Williams Jr., New Jersey; Stephen M. Young, Ohio; and Jennings Randolph, West Virginia. The three new Republican Senators — Keating, Scott and Prouty—were House members this year.

A newsman whose job is covering the House—he's been doing it for years—puts this tag on the views of the eight former Democratic members of the House and the two Republicans who were House members:

Engle—moderate to liberal; McCarthy — moderate to liberal; Byrd—liberal; Bartlett — moderate; Dodd—moderate to liberal; Williams — liberal; Young — moderate; Randolph — moderate.

This same newsman, after watching the performance of the House members day after day from away back in the 1940s, describes both Keating and Scott as moderate to liberal. Prouty is from the very conservative Vermont.

No one around here is running for a bombshelter, either, at the thought of what may happen when these other new Democratic Senators—none of whom served in the House—come here to take their seats in January:

Mayor Vance Hartke of Evansville, Ind., who calls himself a middle-of-the-road Democrat; Edmund S. Muskie, twice Democratic governor of highly conservative Maine; or—

Michigan's Lt. Gov. Philip A. Hart; Howard Cannon, city attorney of Las Vegas, Nev.; Frank Moss, county attorney of Utah's Salt Lake County; Gale McGee, history professor of Wyoming; and Ernest Gruening, former Alaska governor who wants to avoid being labeled either a liberal or conservative.

One hundred million Americans now own life insurance.

It's a real wonder more people haven't broken the bank at Monte Carlo. Monaco has an army of only 65 men.

Robert Q. Lewis says a bikini is something that makes a girl look cooler — and a man look longer.

Most psychoanalysts now avoid leather couches—they're too slippery for nervous patients. Incidentally, prices for analyst's couches now run from $85 to $350 or more for de luxe hydraulically operated models.

Anthropologists found an odd custom among some tribes in African Somaliland. Wives had to be faithful to their husbands only from Monday to Thursday.

Nothing shows the romantic nature of Americans more than the drawings they put on the back of envelopes. The most common one: A heart punctured by a shivering arrow.

Is there a connection between pets and mental health? The ancient Greeks believed that a person always accompanied by a dog would never suffer from insanity.

Charles I was so selfishly fond of ice cream he wanted the delicacy restricted to royalty, so he paid his French chef, Jacques, 500 pounds a year to keep the recipe secret.

Everyone has his own idea of what a highbrow is, but it's hard to beat Edgar Wallace's crisp definition: "A highbrow is a man who has found something more interesting than women."

It was Christopher Morley who observed, "The first proof of old age is when you think that other people aren't having the fun you had."

Junior Editors Quiz on FOOD

QUESTION: Why is a patty of ground beef called a hamburger?

• • •

ANSWER: Hamburgers are named for the German city of Hamburg where residents were particularly fond of a special dish made of chopped beef.

But the hamburger as we know it—a juicy patty in a toasted bun—is wholly American. Its fame has spread through Europe. Visitors from abroad always want to try a hamburger—dripping with mustard, catsup, relish and onions—the works!

Hamburg itself is the second largest city in Germany. It is an inland port, linked to the ocean by a river. It is an important shipping center and suffered heavy damage from bombing in World War II.

Shipbuilding is an important industry and trading is brisk in sugar, coffee, woolen and cotton goods, ironware, machinery and paper.

• • •

FOR YOU TO DO: Johnny Jones is cooking himself some hamburgers in the backyard. Color him with your crayons.

• • •

(Larry N. Mellen, Jacksonville, Mo. won $10 for this question. If you have a question, mail it on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Were American women the first to vote?) 12-10

Martin To Resist Rules Panel Curb

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — House Republican leader Joseph W. Martin Jr. of Massachusetts indicated today he would resist efforts of a self-styled liberal block to curb the power of the House Rules Committee.

In an interview from his home in North Attleboro, Martin predicted that the new Congress will keep the present ratio of 8 Democrats and 4 Republicans on the potent rules group. He said he expects no change despite heavy Democratic gains in the November election.

Martin said there has been "an understanding" between the Republican and the Democratic House leadership that the 8-4 lineup would not be altered.

It was not changed when Republicans were in control of the House in the 80th and the 83rd Congresses, although the Republicans, of course, then had 8 members to the Democrats' 4.

The rules committee normally determines what legislation the House may consider. It has shelved many major bills approved by other House committees.

The committee is headed by Rep. Howard W. Smith (D-Va) who, with Rep. William Colmer (D-Miss) and the four Republican members, has been able to sidetrack bills backed by more liberal groups.

About 90 House Democrats who describe themselves as the liberal bloc would like to see the committee lineup changed to 9 Democrats and 3 Republicans, which would weaken the coalition's stranglehold on legislation.

They also are advocating a limit of 14 or 21 days on the time allowed for the committee to act on bills. Present rules give the committee unlimited delaying powers.

Martin wouldn't express himself on the time-limit proposal pending consultion with other Republicans.

However, Rep. Leslie Arends of Illinois, Republican whip, predicted it would be defeated.

So did Democratic Whip Carl Albert of Oklahoma.

House Speaker Sam Rayburn (D-Tex) wouldn't comment, but close associates said they didn't think he would support the time limit.

Without Rayburn's backing, the proposal stands a slim chance.

And, without Martin's support, it would have further trouble because most Republicans would follow Martin and would be joined by some 90 Southern Democrats.

The Southerners look to the rules committee to block any new civil rights legislation.

The decision will come when the House adopts rules on Jan. 7.

The liberal bloc has scheduled a luncheon meeting for next Monday to discuss strategy. Leaders of the group include Reps. Frank Thompson of New Jersey, Henry Reuss of Wisconsin, James Roosevelt of California and Lee Metcalf of Montana, Democrats.

Their current objective is to obtain for the liberal group a stronger voice in legislative decisions.

Meany Says Labor Capable Of Forming Its Own Party

NEW YORK (AP) — George Meany says the American labor movement will form its own political party "if we have to do that to lick the people who want to drag us back to the past."

The AFL-CIO president said Tuesday that organized labor would form a third political party with reluctance. But, he declared:

"Labor is going to be just as political as it has to be to win its objectives."

Meany's remarks were greeted enthusiastically by the 2,842 delegates at a constitutional convention of the newly merged New York State AFL-CIO.

"If labor has to go further than it can through its committee on political education to make America a better place in which to work and live, to make America the leader of the democracies of the world, we will take the next step if it is forced upon us," Meany said.

He said he would prefer to have labor involved only with employer relations.

As for businessmen taking a greater part in politics, Meany asserted:

"My advice to the business community, and I mean this seriously: they had better just send their money and stay the hell out themselves.

"You see, they've got the money, but we've got the people. And in a contest between money and people, there is no doubt of the result."

The union president said labor faces a challenge from those who would attack its programs as socialistic. The National Assn. of Manufactures, Meany said, opposed as socialistic every achievement by the trade labor movement in the last 75 years.

He quoted Postmaster General Arthur Summerfield as telling the NAM that legislation may be needed to curb union political activity.

Meany referred to Summerfield as "a little ward heeler from Detroit."

Solons' Primer Starts With Bang

By MARTHA COLE

WASHINGTON (AP)—The new primer for representatives gets right down to business—it says they get paid $22,500 per year at monthly rates beginning Jan. 3, 1959.

That's the third paragraph. The first one says they will assemble at noon Wednesday, Jan. 7, 1959. The second one says they will file their credentials with the clerk of the House before Dec. 15, 1958.

The primer, entitled "Information for Representatives-elect," is prepared for each new Congress by the clerk. The edition for the upcoming Congress has just gone out to all 436 members-elect.

It tells a congressman how much he can expect on Capitol Hill—$1,200 per session for stationery, 6,000 minutes per 2-year term over the long distance telephone at government expense; 40,000 words by telegram.

This coming year a representative gets $400 instead of $300 a year for air mail and special delivery stamps. That's because Congress raised the postal rates last summer. On regular letter, they get free mail privileges on official correspondence not exceeding 4 ounces in weight.

Allowances also include:

Twenty cents a mile for one round trip home each session.

Up to $1,200 a year for office space back home.

Up to $2,500 for electrical and mechanical equipment in the office the government furnishes him in Washington.

A basic rate of $17,500 a year for office hire.

And a pocket size directory with pictures of his colleagues.

Election Officials Have Time On Hands

KUNA, Idaho (AP) — There were nine election officials present to handle the balloting for irrigation district representative.

They didn't have much to do.

Only 15 votes were cast. All were for William D. Reynolds, the incumbent and only candidate to file.

Parolee Not Happy With Outside Life

DALLAS (AP) — A man who spent 34 of his 53 years in prison is sending himself back because of asthma and because the world is different "from the one I knew when I went in."

"It's a different world that I found when released from the one I knew when I went in," Pete McKenzie told a newsman Tuesday night. "People talk too much and it's hard to trust anybody.

"Besides, in Huntsville they keep you in a cell. Under the terms of my parole, I could not leave Tennessee to get treatment for my asthma, and my condition got worse.

If the prison doctors can't help his asthma, McKenzie said, "I can die there."

He was convicted of murdering a San Antonio, Tex., detective, Sam Street, in 1923 and sentenced to death. That was later commuted to life and he became a prison trusty.

During the 1930's, McKenzie was credited with saving the life of a guard. Under a conditional pardon given him in September of 1957, he was never to return to Texas and had to live with a brother in Shelby County (Memphis), Tenn.

Coughing constantly and bleeding from the mouth, he told a newsman Tuesday night he was on his way to Austin, Tex., to ask Gov. Price Daniel to return him to prison.

McKenzie called Dallas News police reporter Harry McCormick to tell him his story while between planes in Dallas.

Family Lost On Mountain

PORTLAND, Ore. (AP) — A Portland family of five vanished after setting out to hunt a Christmas tree Sunday.

Sheriff's deputies say their best lead placed Mr. and Mrs. Ken Martin and their three daughters on Larch Mountain Sunday afternoon.

The 4,000-foot-high mountain, at the west end of the Columbia River gorge, was searched intensively Tuesday.

Mrs. Frederick Holm told authorities she saw a family answering the description of the Martins at a mountain farm where a number of persons were buying and chopping their own Christmas trees.

The search began when Martin, 54, an employe of an electric company here, failed to report to work Monday. The daughters are Barbara, 14; Virginia, 13; and Sue, 11.

Frost Wants Role As Consultant On Any Type Topic

By ED CREAGH

WASHINGTON (AP) — Take it from Robert Frost: what America needs is Robert Frost.

It's got him, in a sense: he's a highly eminent poet, a saltily genial old (84) New Englander from San Francisco, and for seven months he has been "consultant in poetry in English to the Library of Congress."

All this and four Pulitzer prizes are not enough for Frost.

"I want to be consulted on everything," he told a news conference Tuesday.

He said the White House has consulted him (on poetry only, though) and the Supreme Court has, too (about what he didn't say) and of the three branches of government only Congress has deprived itself of his counsel.

"I don't want to run for office," he said, "but I want to be a statesman."

And he broadly hinted that if some senator wanted to retire and let him take over for a few months he could solve with a poet's insight all sorts of problems which baffle mere politicians.

Sherman Adams, for example. He thinks well of Adams, vicuna coats or no vicuna coats, because the onetime White House aide understands poetry, Frost says, and several times, while in office, appealed for his advice.

Then there's that little matter of school integration: nothing to it, Frost said — just give all the kids examinations and let 'em into high school when they understand readin' and writin' and 'rithmetic.

That's the way the white-haired poet talks — down to earth and with nary a shred of false modesty.

He is, he said at one point, the greatest authority on education "up and down the scale" that you can find anywhere.

He could wish, he said at other points, that some recent presidents had more book learnin' — or at least more that stayed with them. He wouldn't give full marks to any president since Theodore Roosevelt.

How come Frost, born in California, has lived most of his life in New England?

Well, he said, the present Chief Justice of the United States, then Gov. Earl Warren of California, asked him that once and his answer was that he was carried away from the west coast as a child—screaming.

And probably chuckling, too.

Two Entries In Contest

Only two entries have been turned in so far for the home Christmas decoration contest being sponsored by the Jaycees here.

R. T. Roberts, Jaycee president, urged others to enter the contest, which is for home decorations with religious scenes.

The Jaycees are offering first prize of a $25 savings bond and second prize of $10 cash for the best entries.

Deadline for entry is noon Dec. 20. Judging will be done between then and Christmas. Entries must be turned in at the Chamber of Commerce office.

Roberts said any window, door, yard or other type home decoration, as long as it is a religious type decoration and is visible from the street, is eligible for entry.

SHOWGIRLS DISGUSTED WITH AMERICAN MEN—The bare-bosomed beauties from Paris who perform in the Stardust Hotel's stage show at Las Vegas, Nev., say they're disgusted with the wise-cracking behavior of American men. One of them, Katinka Bleeker, left, pictured in her dressing room with Sylvia Joseph, center, and Valida Jacobs, says of male patrons at the show: "They're not nice." Sylvia and Valida don't belong to the bare-bosomed troupe. They're members of the Bluebell Dancers from England, also in the Stardust show. AP Wirephoto)

Bus Strikers Reject Offer

DALLAS (AP)—Dallas strikers against the Continental Bus System voted last night to reject the latest settlement offer from the firm, Charles Hunter reported.

Hunter, business agent for Motor Coach Employes Local 1142, said the offer would have meant:

1. Reinstatement of only 40 to 50 of the 400 strikers across the state at this time, with workers hired during the 5 - month - old strike keeping their jobs.

2. A pay cut of one - half cent a mile, or an average of $26 a month, below the rates provided in the old contract.

Hunter said the offer also has been rejected in Wichita Falls, Amarillo, Fort Worth and San Antonio. Further meetings to consider it will be in Houston and Corpus Christi.

The union agent said his local had expressed willingness to go back under terms of the old contract, provided all members were given their old jobs.

Plane Falls On Homes, 6 Die

NORFOLK, Va. (AP)—A crippled Navy tanker plane loaded with tons of fuel went out of control just short of its home airstrip here Tuesday and plowed with a flaming roar through two homes. The four crewmen and two infants in one of the homes perished.

The twin-engine North American AJ2, just seconds away from the runway at the Norfolk Naval Air Station, clipped tree tops and the roof of a house and sheared through a trailer truck before it smashed into the two homes.

The Navy said preliminary investigation indicated the pilot tried to wreck in a swamp near the two homes.

James H. Miller, who works at the air station, said:

"I saw the plane when it was at least a half a mile away. At that time it was between 150 and 250 feet high and making a normal approach...I noticed as it came closer that the degree of bank of the wings became greater.

"Before the degree reached 90 degrees. I knew a crash was imminent. The plane was jot smoking and the engine didn't sputter."

One of the two homes smashed by the plane was unoccupied. In the other were Mrs. Joseph E. Tondora, wife of a Navy lieutenant, and two children, Joseph Jr., 14 months, and Michalene, two weeks old. Barbara, 10, was in school.

The nose section of the tanker ripped into the Tondora home. The infants burned to death. Mrs. Tondora was burned.

The dead crewmen were Lt. Cmdr. George Wilson, 38, of Norfolk, pilot; Ens. Fred M. Clancy III, 20, co-pilot, son of Mr. and Mrs. Fred M. Clancy Jr., Kissimmee, Fla.; Airman Patrick F. Toomey, 19, son of Mr. and Mrs. Francis J. Toomey, Durham, N. C., and Aviation Mechanic e.c. John E. Delaney, 20, son of Mr. and Mrs. Timothy J. Delaney, Chelsea, Mass.

The Navy said the plane had refueled one jet over Chesapeake Bay and was refueling another when it developed engine trouble less than half an hour after takeoff. It was cleared for an emergency landing. Its left engine lost power completely as the tanker made a left turn in the landing pattern. The plane went into a spin.

Charles Sheppard Jr., driver of the trailer truck, also suffered burns.

Deficit Of State Rises

AUSTIN (AP)—The state's deficit rose about 10 million dollars through November, State Comptroller Robert Calvert reported yesterday.

He said the state's major spending pot, the general revenue fund, was $26,062,159 in the red Nov. 30. This compared to the $16,869,012 deficit at the first of the month. showed the state spent $294,237,758 this year compared to $260,172,126 for the same period in 1957. Revenues this year totaled $237,602,075 compared to $242,174,568 at this time last year.

Calvert predicted earlier the state would stay in the red throughout the fiscal year.
