Site Needed For New Post Office

The U.S. Postal Service is seeking a suitable site upon which to build and lease a new main post office building in Bogata, Postmaster Jane Crane said.

The "preferred area" for site consideration is bounded on the north by Sixth Street, on the east by city limits, on the south by Fifth Street, and on the west

by Hwy. 37. Minimum site size needed is 18,750 sq. ft. of land, or a lot with dimensions of 125 ft. by 150 ft.

Property owners are asked to submit their site offerings not later than April 26, 1984 to Bill McMillan, realty management and acquisition specialist, Field

Real Estate and Buildings Office, U.S. Postal Service, P.O. Drawer 239, Dallas, Texas 75221-0239.

After a suitable site has

been located, the Postal Service will call for construction bids for a building that will be built with

private funds and leased to the Postal Service for a long term period.

The proposed new post

office building will have approximately 2,320 sq. ft. of interior floor space.

himself. Red and Hare had just finished plowing

little wet for plowing and had to quit. (Staff Photo)

Hares Harness Old Time Wagons

By Joyce Alexander
Nowadays when a person talks about his wagon,

thinking turns to visions of a late model station wagon, but not the case of J. Clyde

Hare. His thoughts were on a good old-fashioned farm wagon, the kind that runs by horsepower or mule power.

Mr. Hare and his wife, Annie, moved here eight years ago from Irving where he was employed as a construction worker for a while and self-employed for seventeen years. After retirement they built their home on FM71 west of Talco. A huge workshop stands near the house with rooms for storage, freezers and a fruit and vegetable storage area.

In the workshop, you will find any kind of farm tool you can imagine. All kinds of saws, from the old-time cross-cut saw to electric ones, pipe wrenches from five inches to three feet long, horse collars, singletrees, bits and drills and a 70 year-old copper teapot and much more.

Perhaps the workshop is where his idea of building a wagon started and with parts from here and there, repairs to an old running gear, iron wheels from somewhere in the past, a

new wagon tongue and a complete new bed, Mr. Hare ended up with a handsome wagon with a red bed, yellow wheels and tongue.

Despite the hours spent making his wagon, other duties were not neglected. Old Red, the mule, was hitched to the plow and their garden was cultivated, weeded and when ready for harvest, Mrs. Hare was kept busy filling containers of vegetables for their three freezers and enough jars were filled to line the shelves in a large storage room.

The Hare's humor comes through frequently with big smiles as they reflect on the good corn crop they had last year. "We gathered 950 ears of corn off two and a quarter acres," they said. They sold some and gave some vegetables to friends, but most went for their own use. They agreed that this year they would only plant enough for their own use and of course, enough for their son, Kenneth and family, that live in Hurst.

Crochet, Travel Course Set For Community Education

Two more community education courses have been slated at the Talco-Bogata CISD.

On May 7, a one-night travel workshop will be held from 7 to 8:30 p.m. at the Rivercrest library. A representative from Odyssey Travel Agency in Mt. Pleasant will present the program. There will be a \$2 charge per person.

Pre-registration would be appreciated, and more in-

formation can be obtained by calling Kay Kennedy, director of community education at 632-5205.

Nichols Worth

Last week's column on old sayings related to horse drawn travel received such a response that we decided to give it a little more attention, this time at old sayings, not just about horses and their attendant subjects.

Probably one of the oldest sayings we know is "Penny proud, pound poor". This travels across the centuries and the miles to colonial times when America was a colony of Great Britain and used the pound instead of the dollar monetary system.

Other sayings, of which there are millions, that have roots in the past are: "Cutting off one's nose to spite one's face". This may very well have roots in the early penal system of England when "such punishments were meted out." So is the expression "having one's pound of flesh." Back then, when a thief was caught stealing food, it was often fated that the thief had a literal "pound" of flesh sliced off of an arm or leg! Ugh!

Grist for the mill, referring to thought material, usually, is obvious. So is too many cooks spoil the broth or many hands make light work, both sayings from an age when machines and pre-packaging were non-existent to homemakers.

"Tempest in a teapot" is a very old and time-honored expression, and is said to stem from sailors, used to the major storms of sea, making light of small turmoil, usually of a domestic nature.

"He knows which side his bread is buttered on" is

another ancient wisdom. "Beware of Greeks bearing gifts" although it sounds somewhat obscure (there not being too many Greeks in the area) stems from the Biblical time when Greek traders were known to "fleece" customers after first presenting them with trivial presents.

"Idle hands are the devil's workshop" is one which is directly connected to our puritan ancestors who believed in the practice of honest, diligent work, with no time for idleness.

And the last one that comes to mind, although there are many, many more, concerns bad luck, and it goes "if it were raining soup...I'd be out with a fork". Some say, that just about says it!

Sondra Hurley Wins Miss Rodeo Texas Teen

Sondra Hurley, 16 year old daughter of Mr. and Mrs. Danny Hurley of Yantis, won the title of Miss Rodeo Texas Teen 1984 in San Antonio recently. She was representing the Central Rodeo Association as their 1983 queen.

Sondra and the other contestants were judged on horsemanship, beauty, and personality. The judges held interviews with each contestant and had the girls

answer impromptu questions. The contestants were also required to give speeches pertaining to the title they are representing.

In the horsemanship division, each contestant was paired with a horse provided by the Miss Rodeo Texas Competition.

As the new Miss Rodeo Texas Teen, Hurley received a trophy, a hand-tooled saddle, a belt buckle, silver platter, spurs, crown,

clothes bag and the use of a two-horse trailer. She will be going to the Dallas Apparel Mart twice during the year to choose the western clothing she will use during her reign. She will also receive a \$500 scholarship at the end of her reign.

This was Miss Hurley's first year to ever enter a queen contest. She entered and won the Winnsboro Rodeo Queen title. From there she was invited to

enter the Miss C.R.A. Queen contest. Bettye Woodall of Deport formed the Miss C.R.A. contest in 1980. The judging is done on horsemanship, personality and appearance and they also have to answer questions.

Miss Hurley and her family look on these contests as her having won the Triple Crown, winning Miss Winnsboro Rodeo Queen, Miss Central Rodeo Association Queen and the Miss Rodeo Texas Teen all in one year.

Warning Signs Are For Your Safety

MEN WORKING

No matter where you drive, you will usually encounter some type of warning sign. These warning signs are for a purpose and to ensure your safety, especially when encountering a roadside construction area. Always obey these warning signs and any additional instructions from repairmen. Always slow down and be prepared to stop if necessary. Roadside construction areas may cause you slight delays when traveling, but with your continued cooperation, construction zones will be a lot safer for everybody.

Iva Hooker Presents Program

Mrs. Iva Hooker presented the program on City Government when the Bogata Book Club met Thursday, March 22 in the home of Mrs. Gaylord McCluer. Co-hostess was Mrs. Drue Pirtle.

The president, Mrs. Carlton Stanley, opened the meeting, and the club collect and pledge to the flag were repeated in unison. Roll call was answered with information about various crafts of interest to members of the group.

To introduce the program, Mrs. Thomas Ridge, program chairman, read the quotation, "Everyday we spend without learning something is a day lost". She then presented Mrs. Hooker who spoke on the workings of the city government with emphasis on past accomplishments for the community and projections for future improvements. Mrs. Hooker also gave a brief history of past mayors of Bogata who helped contribute to the city's progress.

A short business meeting was held during which members were reminded of the key district spring convention to be held in Commerce on March 30-31. All who could go were urged to attend.

Mrs. David Rucker was welcomed as a new member.

As part of a special project of the Texas Federation of Women's Clubs, the club voted to send a donation to M.D. Anderson Hospital in Houston.
