Sayings of our contemporaries:
HONEST BILL MILLER in the
Spearman Reporter:—Hope the suffering
public will not get tired of
football in this publication. Daugh-
ter tells me some of the school kids
claim the Reporter will never do
their games justice. And a fellow
asked me downtown why I couldn't
find something to write about ex-
cept football.

JOHN W. WHITE in Friona Star:
—It occurs to me that the teacher
who has not assisted a student to
develop his own initiative and to
create for himself an originality of
his own has denied that student a
very important something that
he had the right to expect and even
demand of the instructor.

CHARLES A. GUY in Lubbock
Journal:—As a bright Lubbock pro-
fessional man observed just the
other day, "the big thing we've got
to do is to forget the boom years
and turn our sights on the normal
years. These are near normal times;
those of the boom era were ab-
normal. Reaching for the moon is
no sillier a practice than operating
a business upon false hopes."

T. T. WAGGONER in Claude
News:—It took a real president,
Franklin D. Roosevelt, to prove that
the government can really help the
farmers, just like it has helped the
banks, railroads, life insurance
companies, and the shipping indus-
try.

CLYDE W. WARWICK in Can-
yon News:—The special session of
the legislature developed the fact
that Governor Ferguson will seek
re-election and will be opposed by
Senator Clint Small of this district.
Small made the race four years
ago, surprising the state by running
a good third with eight candidates
in the field. There will probably
be eight or ten in the coming race.

JACK HULL in Clovis News-Jour-
nal:—We of the western world do
not understand the age-old enmities
of the old world and what is
behind the controversies that exist.
The troubles are not so much ones
of aggression as they are ones
aimed at self-preservation. Jam-
med up against one another, in
easy flying distance of great squad-
rons of bombing planes, it is no
wonder that they are uneasy and
nervous in their relations.

JOHN L. MCCARTY in Dalhart
Texan:—How remarkably inconsis-
tent most of us are and especially
this writer. A few months ago I
was one of the great majority of
persons clamoring for the govern-
ment to get action, to do something
about things. Boy, I was radical
and so were many of you. Now we
are fast becoming conservatives.
Haven't things happened the last
few months?

SAM BRASWELL in Clarendon
News:—Drunk with new power and
not imbued with a sense of proper
responsibility to the future, cer-
tain democratic leaders in Texas
are wailing just now what is
known as the "party lash" in deal-
ing with certain leaders and in-
dividuals who have not always march-
ed straight down the party ave-
nue. The party lash may result in
a back-lash.

J. M. NOBLE in Canadian Rec-
ord:—The higher men climb, the
longer is their working day. And
any young man with a streak of
idleness in him may better make up
his mind at the beginning that
seniority will be his lot.

T. A. LANDERS in McLean News:
—We never did think much of the
type of man they call a go-getter.
He might get too much and some
of it might be ours.

INFANT IS BURIED
The infant daughter of Mr. and
Mrs. B. P. Hollis was buried yester-
day afternoon in the baby garden at

The parents survive. Mr. Hollis

THREE GUESSES

HIGHEST COURT TO DECIDE ON NRA ACT SOON

MILK LAW CHALLENGE TO BE HEARD ON DECEMBER 4

WASHINGTON, Oct. 23 (AP)—The supreme court today announced it would decide on its merits the first case to reach it challenging features of industrial recovery legisla-
tion. It accepted an appeal by Leo Nebbia challenging the validity of the New York milk control act, and advanced the case for hearing on December 4.

Leo Nebbia, in the city court of Rochester, attacked the New York milk control law, under which the minimum price on milk was fixed at 9 cents a quart. He sold milk at less than that price. The law was sustained by the trial court, and Nebbia was fined.

He appealed to the Monroe county court, where his conviction was confirmed. Then he took the case to the New York court of appeals and his conviction was again affirmed.

From there he appealed to the United States supreme court. The questions sought to be raised by Nebbia are similar to those involved in cases now pending in the District of Columbia court of appeals attacking the validity of the agricultural adjustment act, under which the price of milk has been fixed by the secretary of agriculture in several milk sheds.

The cases now pending were brought by milk dealers in Illinois. The trial court there sustained the validity of the action of the secretary of agriculture.

These cases assert the action in fixing the price of milk higher than that at which dealers want to sell it deprived them of constitutional rights.

Officers Arrest 29 in City in Last Week-End

City and county officers had one of the busiest week-ends of the year Saturday and Sunday when they made 29 arrests. City officers arrested 12 men on charges of intoxication, two for affray, two for vagrancy, and the others on traffic violation charges. County officers charged nine with intoxication and one for vagrancy.

Most of the violators paid fines or made bond on not guilty pleas and were released. Only a few of the number remained in jail when they could not pay the necessary fine or were unable to make bond. Drunkenness charges were the most numerous, although affray and vagrancy complaints were included in the list. Traffic Officer Wayne Nicholson added a few to the list of minor offenders.

Graf Zeppelin Lands at Miami

MIAMI, Fla., Oct. 23 (AP)—The Graf zeppelin, its silver hull glistening in a brilliant sun, moored at the Opa-Locka naval base today for a day's stop on its flight from Rio de Janeiro to Chicago.

Riding gracefully at 1,000 foot altitude, the graf appeared over Miami from the southeast and headed direct for the Opa-Locka base. It was moored at 9 a. m. EST.

Dressed in a white suit, white shirt and black bow tie, Commander Hugo Eckener, standing at the controls, waved to the official welcoming party which included Mayor E. C. Sewell, members of the Miami city commission and others. Thousands of automobiles lined the roads around the field, half a mile from the mooring mast, which was as close as visitors were allowed. No one was admitted inside the field prior to the craft's landing and all were searched by authorities before being permitted to enter. No explanation for searching was made by officials except to say "every precaution is being taken."

I HEARD—

Aimee Shows Evangelical Touch

The crowd of 10,000 persons who packed Boston's arena for Aimee Semple McPherson's revival services witnessed a ceremony not scheduled on the program. It happened when Mrs. Jessie Costello, a fellow revivalist, accidentally barked her shin. It bothered her considerably—until Sister Aimee brought her to the platform and administered to her in prayer, as shown in this scene.

BANDIT QUARTET LOOTS BANK OF \$28,000 AND SHOOT UP OUTSIDE AND INSIDE OF BANK STRUCTURE

Armed With Machine Guns, Automatic Pistols

BRainerd, Minn., Oct. 23 (AP)—Five bandits overpowered four men in the First National Bank in the heart of this city of 10,000 today, shot up the inside and outside of the structure and adjoining buildings, and fled with at least \$28,000.

Using at least three sub-machine guns and automatic pistols, the bandits fired a withering blast as they departed, shattering the big front windows of the bank, and spraying the interior with lead. Coming into town about daylight, the raiders went to the bank, trapped the janitor and a guard as they came to work and took up positions inside and outside the bank, which they held nearly three hours, until the time lock permitted the vault safe to be opened.

Supreme Court To Review Case Against Bishop

WASHINGTON, Oct. 23 (AP)—Bishop James Cannon, Jr. and his secretary, Ada L. Burroughs, were granted a review by the supreme court today of the ruling of the District of Columbia court of appeals holding they must stand trial on an indictment charging them with violating the corrupt practices act in failing to report contributions received during the 1928 presidential campaign.

The case was set for hearing on December 4. During the campaign Bishop Cannon waged against the election of Alfred E. Smith he received \$55,000 from E. O. Jameson of New York, which the government alleged they failed to report.

When brought to trial, they challenged the indictment as defective. Bishop Cannon also attacked the corrupt practices act as unconstitutional. The District of Columbia court quashed the indictment, but the district court of appeals held it was good, and ordered Bishop Cannon and Miss Burroughs to stand trial.

George Owens of Briscoe spent the week-end with friends here.

Beer Wholesalers To Meet Tonight

A meeting of all beer wholesalers and retailers will be held tonight to discuss mutual problems. It was announced this morning.

Those sponsoring the meeting hope that every wholesaler and retailer will be represented. The session will be held at the Schneider hotel at 8 o'clock.

Dick Hodges of White Deer was a Pampa visitor Saturday.

'GRAND' ACTING WILL FEATURE THEATER PLAY

COSTUMES OF 1890 TO BE WORN; OLD SONGS TO BE SUNG

A CAST of 27 persons, clad in costumes worn 40 years ago, were ready today to give a lusty, roaring burlesque on the old-time melodrama at the city auditorium tonight. The curtain will rise at 8:15 o'clock.

The play, "Gold in the Hills, or The Dead Sister's Secret," will not be burlesqued in the playing, but performed with heroic seriousness, as it might have been played by a road repertoire company in about 1890.

The plot is a combination of all the essentials of a melodrama of that time. There is an old homestead with a mortgage hanging over it, and a villain trying to cheat the honest farmer out of the farm because he, the villain, knows the hills are full of gold. There is the dead sister and her secret. Songs that were the hits 40 years ago will be sung.

The Little Theater, expecting a large crowd, will present the play tonight and tomorrow nights. Admission will be 40 cents for adults and 25 cents for children.

Settings of the three acts will be the old homestead, Big Mike Slatery's beer garden and dance hall on the Bowery, and the old homestead again on Christmas eve. The Bowery scene will be presided over by Neal Bean as Big Mike, Irene Irving will give a Bowery dance, and Mrs. J. W. Garman will sing "Bird in a Gilded Cage." The play has a surprise ending and the first-night audience will be asked not to divulge it.

The cast of characters, in the order of their appearance: Lizzie Jones, housekeeper, Mrs. Earl Powell; Barbara Stanley, Nell's younger sister, Miss Virginia Rose; Hiram Stanley, an honest farmer, Paul Camp, Nell Stanley's husband, Beth Blythe, John Dutton, a son of the soil, Chas. Barrett; Richard Margatroyd, villain and city-slicker, Dick Hughes; Sam Slade, his shadow, John Ketter; Jenkins, a constable, Frank Carter; a derelict, Bert Hobson; Big Mike Slatery, Neal Bean; Pete the Rat, Wayne Hutchens; Old Kate, Miss Peggy Arnold; Sam Slade, Dr. H. L. Wilder; Little Tommy, Richard Neaves; the professor, Samuel Pendleton; Mame, Queen of the Bowery, Irene Irving; Bowery girls, Imogene Holmbeck, Dorothy Jane Adams, Mary Louise Adams, Faye Compton; Chuck Connors, a Bowery guide, Elly Fonville; Reginald Vanderlop, an upstart swell, Clyde E. Riley; Edith Vanderlop, Mrs. Paul M. LeBeuf; James H. Glue, a sightseer, H. F. Beatty; Rose Robinson, a favorite songstress, Mrs. J. W. Garman.

The production staff included Miss Peggy Arnold, costumes; properties, Mr. Camp, Mr. LeBeuf and Ed Damon who is also technical director. Mrs. May F. Carr will furnish incidental music and Mr. Bean will sing between the acts. Mr. LeBeuf will speak the prologue and give a company announcement in the 1890 manner between the second and third acts.

Buell Gray of White Deer visited here Saturday night.

I SAW—

The Harvesters pep squad girls get a big hand last Saturday when they formed a gigantic blue eagle at the Cisco game. The NRA bird was formed with small white and blue flags held above the girls' heads. After flaunting the bird, the girls then sang the NRA song, "The Road Is Open Again."

A complete outfit of Eskimo clothing in a display window at Frank Carter's. The fur suit, moccasins and other articles are owned by Miss Irene Irving.

Parents Invited To Honor Court Of Boy Scouts

Parents are particularly invited to attend a court of honor to be held in the district courtroom this evening at 7:30 o'clock. The court will close promptly at 8:15 p. m. A large number of Scouts will appear before the court of honor to receive advances in rank. They successfully passed their examinations last week before the board of review.

One program number will be a brief discussion of archeology and Indian ruins by L. O. Johnson, a member of The News staff.

Mrs. Glenn Culverhouse and children, Miss Freda Culverhouse, and George Henderson returned Saturday from a motor trip to St. Louis, Mo. and Huntington, Ind. They were accompanied home by Mr. Henderson's sister, Mrs. Lawrence Horn of St. Louis.

GOLD CONTROL PLAN BOOSTS PRICES OF STOCKS AND GRAINS

PRESIDENT SIGNS RETAIL STORE CODE, EXEMPTING STORE KEEPERS IN TOWNS OF 2,500 POPULATION

Act Forbids Sales At Less Than Invoice Costs

WASHINGTON, Oct. 23 (AP)—President Roosevelt approving the retail trade code last night, swung the NRA program into a new course by exempting both from the code and from the voluntary reemployment agreement, retail stores employing less than five persons in towns of 2,500 or less.

Making public the text of the code, recovery Administrator Hugh S. Johnson said this was done because "our experience shows that the amount of reemployment and wage increase in these establishments is not enough to offset the hardship entailed."

"He is asking those who can do so to continue under the former rule," Johnson continued. "With all who do, the Blue Eagle remains. By all others the blue eagle with the exemption chevron (a white bar across the face of the emblem) may be displayed."

"This should relieve the farmer of retail mark ups due to increased expense." Johnson at the same time revealed that the president had approved a plan which will be put into effect at once by which local tribunals will be set up to hear any complaints which individuals wish to make of alleged retail profiteering.

"By these means," Johnson said, "we believe we can protect the farmer against price increases which do not come as a direct result of the cost of reemployment." Johnson explained the reasons for a minimum price control provision in the code as being due to the selling of a few items at a loss, especially by chain stores, in order to get people into the store. The provision as written into the code provides that no store under its terms may sell an article for less than its invoice cost plus at least a portion of the wages paid to employees in the store.

"This is frankly an experiment," said Johnson. "A distinguished committee is to be appointed at once to watch closely the operation of this code and to make recommendations on February 1." Together with this explanation of the retail code, Johnson made public a letter from President Roosevelt in which the chief executive informed him it was his understanding that there was nothing in the labor clauses of the industrial control law to interfere with an employer to select, retain or advance employees on the basis of individual merit.

The price control of retail limitation provision of the retail code contains a declaration that use of "loss leaders" shall be an unfair practice, but that this does not prohibit a storekeeper from selling an article without profit for himself. "But the selling price of articles to the consumer," reads the code, "should include an allowance for actual wages of store labor, to be fixed and published from time to time by the trade authority hereinafter established."

"Such an allowance for labor need not be included in the selling price of an article of food, or be applied by storekeepers doing business only in communities of less than 2,500 population (according to the 1930 census), which are not part of a larger trade area."

From 1916 until he became secretary of labor about three years ago, he was the legislative representative here of the Brotherhood of Railway Trainmen.

Recently he has made his home at McLean, Va. Funeral arrangements are to be announced later. Because Doak's union was not connected with the American Federation of Labor, his appointment by Herbert Hoover was bitterly contested by William Green, president of the federation.

Green praised Doak personally, but insisted the precedent of selecting secretaries of labor from the recognized American labor movement not be broken. The high spots in Doak's cabinet record included his fight to restrict immigration and his campaign for a shorter work day and week for labor. He took the lead in inaugurating the 5-day week in his department. He embraced the philosophy that continuation of industry's mechanization must be accompanied by "a well balanced humanitarian and economic program to prevent us from reaching a state of social danger."

SHARES GO UP A DOLLAR TO MORE THAN \$5

EXTREME ADVANCES OF OVER FOUR CENTS IN WHEAT

NEW YORK, Oct. 23 (AP)—President Roosevelt's announcement of early inauguration of a plan to control the price of gold gave a decided inflationary boost to American financial markets today.

Wheat in the Chicago pit registered extreme advances of more than 4 cents, and shares in the New York stock exchange advanced \$1 to more than \$5.

There was no such frenzied flight of dollars into staples and shares, however, as there was when the United States abandoned the gold standard last April, or when the dollar broke severely in terms of other currencies last July.

This was attributed to the president's efforts in his address last night to reassure the nation that reckless inflation would not be permitted, particularly his statement that "government credit will be maintained and a sound currency will accompany a rise in the American commodity-price level."

Comment on the new plan in Wall Street was decidedly mixed, with some orthodox sound-money bankers insisting that the step was so novel and untried as to be likely to impair confidence, while other financial experts felt the move was a sound endeavor to bring the dollar recovered moderately in terms of other currencies, and the price of gold yellow metal as fixed by the treasury, based chiefly on the London market, was advanced 38 cents an ounce to \$29.50.

An indication of inflationary fears in some quarters was seen in a moderate decline in the price of U. S. government bonds, but this decline was kept to relatively unimportant proportions, in contrast to some of their recent movements.

Gold mining stocks naturally made the most pronounced response in the share market, as some quarters felt that the price raising endeavor might eventually carry it as high as \$40 an ounce. Homestake Mining jumped nearly \$30 to close at \$330 a share, then lost about a third of its gain.

Silver stocks also advanced, on the theory that the white metal would go up with gold and other commodities, and the silver price in the New York spot market was increased 3-4 of a cent an ounce to 37 5-8 cents. Shares of U. S. Smelting, an important silver producer, advanced more than \$12 to above \$90.

Farm implement shares and mail order issues were helped by expectation of increasingly better prices for farm staples. Sears Roebuck and J. L. Case pushed up \$5 a share or more. Such issues as U. S. Steel and American Telephone advanced about \$3, then lost part of their gains.

'Chiseler' Not Slang Any More, Says Professor

NEW YORK, Oct. 23 (AP)—Because President Roosevelt used it in an address last night, the "chiseler" applied to one who cheats, is no longer slang, Frank H. Vizetelly, lexicographer, declared today.

Several times in the course of two paragraphs, the president spoke of "chiselers," meaning those who shirked in the government's recovery drive. "President Roosevelt's use of the word automatically elevates it from the status of slang to colloquialism," said Vizetelly. "It is to be expected that eventually 'chiseler' will find its way into good English."

"When a man of such station as the president of the United States employs a slang phrase he clothes it with dignity."

OPENING REVIVAL SERVICES CONDUCTED AT BAPTIST CHURCH

OTHER CHURCH REPORTS MADE FOR YESTERDAY

DALLAS EVANGELIST IS HERE TODAY FOR REVIVAL

Revival services conducted by the Rev. Charles S. Pierce of Dallas will begin at First Baptist church this evening, and continue twice daily during the week. W. J. Work, song leader, was present for yesterday's services when the Rev. C. E. Lancaster, pastor, opened the revival.

The day was marked by attendance of 770 at Sunday school and 185 at the training service.

Pampa residents are invited to hear the evangelist and to take part in all services, the pastor states.

A revival at Calvary Baptist church closed yesterday with a large crowd present to hear the final sermon by the Rev. Mr. Johnston of Abilene. He also spoke to a large group of men yesterday afternoon.

Sunday School Reports

Sunday school was attended by 88, and B. V. P. U. by 89 yesterday, the pastor, the Rev. J. L. Ratcliff, announces.

The pulpit at the Methodist church was filled last evening by Olin E. Hinkle, who spoke of the church and present international problems. Other Pampa congregations heard their own ministers.

First Christian church reported 430 in Sunday school and 4 additions to the church. A baptismal service closed the evening hour. The pastor, John S. Mullen, closed a revival at Shamrock Friday evening, and announced that William Reeves, who assisted in a revival here during the summer, is to be the new pastor of the Christian church there.

Four new church members were also received at the Church of Christ. Sunday school was attended by 173. The Presbyterian church had 126 in Sunday school, Central Baptist church 141, and the Methodist church 508.

Canadian Women Entertain With A Bridge Party

CANADIAN, Oct. 23.—Mrs. V. A. Brady and Mrs. Mason Davis entertained with five tables of bridge in the Davis home Thursday afternoon. Yellow garden flowers were used as a decorative note throughout the rooms.

Mrs. T. D. Moss was awarded high, also traveling prizes. Mrs. John Briggs was awarded the consolation prize.

Guests were Mesdames Chas. Alford, S. E. Allison, W. L. Austin, Morris Bennett, Geo. L. Bader, John Briggs, Wallace Caldwell, Tom Carver, E. R. Cloyd, Frank Cole, Will Crow, A. B. Curdick, Tom Freeman, Bill Hutton, George Mathers, T. D. Moss, Harold Reed, George Tubb, T. D. Wiggins, and J. L. Yokley.

Mr. and Mrs. Harold Price and family left Friday afternoon for Ellis, Kan., where they were called on account of the death of Mr. Price's sister.

Carl, Jesse, and Archie Swires were in Amarillo Wednesday to visit their brother, Lee Swires, who is under the care of a specialist. J. T. Armstrong accompanied them.

Four Canadian boys left Wednesday for Amarillo, to be recruited into the reforestation service. The boys were Marion Eller, Hyman Felcher, Froman Keene, and Paul Teller.

Miss Virginia Wilbur has been selected as one of the three cheerleaders at the West Texas State Teachers college.

The first meeting of the firemen's band of Canadian will be held at city auditorium at 7:30 Monday night. This organization will be under the direction of Fire Chief Walter Teague.

Jaysee Program To Have 'Shock'

Clarence Kennedy and Robert Knox will again have charge of the program at the regular weekly junior chamber of commerce luncheon in the Schneider hotel tomorrow noon. They declined to announce the program in advance.

Last week the program introduced a "backwards" luncheon with dessert served first, then the meat and potatoes, and finally payment as the members left. They promise another surprise for tomorrow noon. Tomorrow's luncheon will be the last before the election of new directors on November 7, and names may be added to the list at the meeting.

Hotel Childress Sues Local Man

The suit of Hotel Childress to collect about \$800 from J. B. Bowers was started in 31st district court this morning.

The hotel alleges that payment was stopped on a check which it cashed several months ago while Mr. Bowers was at the hotel. The local man's attorneys are W. M. Lewright, Judge S. D. Stennis, and John Osborne.

Selection of the jury started this morning.

Ladies of Church Sew
Members of the Ladies' Bible class of the Church of Christ met at the church Thursday for an all-day sewing. Garments were made for Tenale Candles of Tipton's orphan home. The ladies of this church keep this young lady in clothes. Some brought their dinner Thursday and enjoyed the social side of the work as well.

Iceland Votes Wet In Ballot

REYKJAVIK, Iceland, Oct. 23 (AP)—The doom of prohibition in Iceland is sealed, according to prevailing opinion in Reykjavik, but figures to support the claim will not be available for at least a week—and perhaps longer.

In Iceland even election news travels slowly from scattered villages, and through counties unconnected by telephone and dependent upon slow mail.

Politics was playing a part in the plebiscite. The Icelandic labor party has a prohibition plank and labor, it was admitted, might prove to have voted prohibition. Instead, a local strength, has voted in favor of retention of prohibition.

In the Reykjavik district, regarded as indicating countrywide sentiment, repeal was approved by a more than 2 to 1 vote.

Stars in 'Gay Nineties' Garb

What a shock the style-setters of the "gay nineties" would have received to see this Hollywood trio in these imitative costumes. Jean Harlow is dressed as the bathing girl of years ago; George Raft portrays an 1890 "gangster", and Arline Judge seems to be wearing the equivalent of a modern pair of slippers. The occasion was a Hollywood costume party. (Associated Press Photo)

Entertainment will include a solo, My Task, by Mrs. Harry Lyman; a piano number by Miss Helen Marie Jones, and a reading, "Tithing in Sleepy Hollow", by Mrs. Brent Blonkist.

All men and women of the church are invited to this ladies' night meeting.

Cuba Is Almost Forgotten In Russian Issue

WASHINGTON, Oct. 23 (AP)—Russian recognition has eclipsed disarming Cuba, British war debt discussions, and preparations for the Pan-American conference as subjects of discussion in official Washington.

It ranks with the domestic recovery plan as a major subject of conversation. Prospective Russian trade is viewed promising stimulation to the cotton, pork products, copper and machinery businesses in this country.

Electrical and agricultural implement stocks immediately were influenced by the announcement that Litvinoff will come to Washington to discuss the restoration of Russo-American relations with President Roosevelt.

Litvinoff's statement at the London economic conference that Soviet Russia was a potential customer for \$11,000,000,000 worth of raw materials and machinery challenged the attention of American factories short on orders and farmers without a market.

He explained that long term credits and liberal terms would be essential to extensive contracts with the Soviet Union. Consequently negotiations for Russian trade will not be without serious handicaps.

Washington awaits Litvinoff's arrival with eagerness.

PRISCILLA CLUB
Mrs. Guy Farrington will be hostess to Priscilla Home Demonstration club at her home Friday at 2:30 p. m. A demonstration of canning fruit cake will be given by Miss Ruby Adams, county agent.

THRIFT ROOM STOCK BEING PUT IN ORDER

NEED FOR SPECIFIC TYPES OF CLOTHES ANNOUNCED

WORK in the thrift room where clothing is being prepared to meet winter needs of students here will be in charge this week of a group from San Houston Parent-Teacher association.

Each week members of different city associations work to mend and make over garments, to supply pupils who need them. The room, in junior high building, is maintained by the City Council of Parents and Teachers. Mrs. Ford is in charge.

Last week the workers were from Woodrow Wilson association. They were Mesdames J. B. Townsend, Summerville, H. H. Heiskell, Williams, F. D. Gunsallus, C. P. Price.

Women from Horace Mann association worked the previous week. On the committee were Mesdames Riggins, Lafferty, and Carpenter.

In mending and sorting the clothing, they have found a need for girls' underclothing of all kind, girls' coats and caps, and shoes for boys of all ages. Contributions of these articles, or of other wearable clothing for school children, will be appreciated.

The room is open on Tuesdays and Wednesdays from 1 to 5 p. m., and on Fridays from 9 a. m. to 5 p. m. Children needing clothing may call during those hours.

Use of a sewing machine, has been donated to the thrift room by Manager Runyon of the Singer office here.

HARVESTERS HEADED FOR TROUBLE AGAINST IMPROVED BULLDOGS SATURDAY

PAMPANS WILL BE LIGHTEST ELEVEN AGAIN

PLAINVIEW HAS LOOKED GOOD IN RECENT VICTORIES

Getting the Plainview game transferred to Pampa Saturday was a master stroke on the part of Coach Odus Mitchell, but it in no way made the going easier for the Harvesters, some ardent fans believe. The Bulldogs have apparently hit their stride and it is going to take everything the Harvesters have to stop the rampaging invaders here Saturday afternoon.

Plainview's huge line has apparently found out that it can charge. Last Friday afternoon it made big holes in the Wayland college line for the little Bulldogs backs to score through and when in the open, the backfield men took things in hand. The final score was Plainview high 45, Wayland college 0. Coach Dorsey has developed last year's relay team into a four horseman backfield that looks great, according to Coach Odus Mitchell who saw the game.

Forget the 60 to 0 defeat handed the Bulldogs by Amarillo and the team has a most imposing record for the season. Scores of 50 to 0 against Olton, 46 to 0 against Floydada, 26 to 0 against Borger and 45 to 0 against Wayland college gave the Bulldogs a total of 176 points against 60. It was apparent from the kickoff in Amarillo that the Bulldogs were up in the air and so nervous that any team in the state could have beaten them, but since that time they have found out what it is all about and have played wonderful football. Sherley, Johnson, Covington, Buntin, and Dean all showed great ball totting ability against Wayland college, and the big line functioned brilliantly. The Bulldogs also demonstrated a passing attack that was dangerous. The big line held while the passer took his time to pick his receiver.

The Harvesters will need everything to win their first conference game of the season, the wise birds believe. They fear Plainview even more than some of the other teams in the conference. The only thing that will combat the big Plainview line will be fast charging. The Harvesters line has showed that in past games. If the boys continue their good work, they should offset the big weight advantage Plainview will have.

Coaches will spend this week working on offense and polishing up a few weaknesses that continue to crop up. A couple of Harvesters were carried out of two many plays Saturday afternoon by Clisco, and that point will have to be remedied. Another point that will get some attention is the passing attack and defense.

Every member of the squad will have to be in every play to halt Plainview. There will be no standing around like the Statue of Liberty if a play doesn't come through a particular place because those Bulldogs hit hard and steady. The game will start at 2:30 o'clock with general admission 50 cents and reserve seats 25 cents extra. Section reserve seat tickets will not be honored at the Plainview game.

CANADIAN FANS HAPPY
CANADIAN, Oct. 23.—Canadian football fans were thrilled Friday evening when the Wildcats won their second conference game by defeating the LeFors team, 14 to 0. The two remaining conference games are with Wheeler, November 3, and Miami, November 10, both games to be played at Canadian. In the event that the Wildcats win both of these games they will be sectional champions.

McLean Likely To Have Scouts

McLEAN, Oct. 23.—McLean will have a Boy Scout organization if the wishes of a joint committee of the Lions club and Parent-Teacher association are carried out.
C. A. Clark of Pampa, Scout executive, spent one day in McLean last week as guest of the two organizations and conferred with the committee throughout the day. He was special guest of the Lions at their regular luncheon and brought a forceful message on the benefit of the Boy Scouts.

From the Parent-Teacher association, the committee is composed of Mrs. John Butler, Mrs. D. C. Carpenter, and A. R. McHaney. Those from the Lions club working with this committee are T. A. Lenders, Boyd Meador, and Wilt Springer.

The joint committee has recommended that McLean have a Boy Scout organization and has appointed a troop committee to select the scoutmaster, an assistant scoutmaster, and to provide a place of meeting. Members of this committee are Claude Williams, Ralph Caldwell, John Cooper, Wilt Springer, C. A. Cryer, J. H. Crowe, E. L. Sitter, Buford Reed, and A. R. McHaney.

S. J. Blackburn of LeFors was in Pampa yesterday.

JAY WARD OF BORGER WILL BOX ON CARD

FULL FIGHT PROGRAM AT PLAMOR ON THURSDAY

A big fight card to be staged at the Plam-Mor auditorium Thursday night is shaping up better than Promoter B. W. Kelly expected when he matched the one and only Duke Trammel of Fort Worth to meet Dorsey Dunn of Springfield, Colo. in the 10-round main event. Kelly hopes to announce the matching of two top-notch negro boys for an 8-round special event.

Trammel wired for transportation this morning and said he would leave for Pampa for a workout before his fight. Dunn will be here Wednesday morning and will go through a light workout that afternoon after Trammel has finished.

A fight that should rival the main event will be the special event between Charles Ady of Collinsville, Ill., and Jay Ward, Borger's pride and joy in the 116-pound class. Although the two little fellows have never met, both are noted for their ability to slip gloves and take punishment. Both packs knockout punches and it would be no surprise if the bout were won by the K. O. route.

Two or three good four-round preliminaries are in the making and Kelly expects to announce his full card Wednesday afternoon or maybe sooner. His preliminary boys will be among the best in this section.

The fight card will be the first held in Pampa under the new state boxing law, passed a month ago. There will be many changes noted when the fighters take the ring and in the conduct of seconds and officials. Popular prices will prevail.

Weissmuller And Lupe To Wed Soon

HOLLYWOOD, Oct. 23 (AP)—Lupe Velez and Johnny Weissmuller will be married in Las Vegas, Nev., about October 30, the little Mexican actress said today. Two weeks ago the couple obtained a marriage license at Las Vegas but for reasons known only to themselves decided to delay the marriage although they had made a quick trip to the desert Gretna Green.

Miss Velez said she and Weissmuller had occupied her home in Beverly Hills which is now undergoing alteration.

St. Louis Browns Owner Succumbs

ST. LOUIS, Oct. 23 (AP)—Death has ended Philip de Catesby Ball's 18-year dream of producing an American League pennant winner. The veteran of baseball died here yesterday of septicaemia at the age of 69.

Since 1916, when he became owner of the St. Louis Browns, Ball had cherished the thought of winning a pennant with his club. The nearest he approached the pinnacle was in 1922 when the Browns finished in second place.

L. C. McEvoy, vice president and general manager, took up the reins temporarily and found before him plans for revamping the team along lines suggested by Rogers Hornsby, manager.

Funeral services will be conducted Tuesday.

Jewish Leaders' Statement Aids Tammany Cause

NEW YORK, Oct. 23 (AP)—The bolsters progress of New York city's rough and ready mayoral campaign, already accelerated by anti-Semitism charges and national political ramifications, ran up against Nazi anti-Semitic propaganda.

Mayor John P. O'Brien, Tammany candidate, has acted in his official capacity to order cancellation of a German day celebration on the ground that it was to be turned into a forum on Nazi anti-Semitic propaganda.

Jewish leaders applauded his action, and a quartet of New York's most prominent Jews issued a statement denouncing the intrusion of racial and religious antagonism in the campaign.

It was signed by Governor Herbert Lehman, Rabbi Jonah B. Wose, Henry Morgenthau, and Felix M. Warburg of the banking house of Kuhn, Loeb & Company.

Bernard S. Deutsch, president of the American Jewish congress and a candidate for president of the board of aldermen on the ticket headed by Joseph V. McKee, independent democratic candidate for mayor, charged that Count Felix von Luckner was coming to the United States to take over Nazi propaganda.

With Tammany banking on victory from its support in home relief and patronage groups, regular Tammany machine voters and those with personal interest in the hall, the virtually certain added support growing out of the Nazi and anti-Semitic issues can be regarded as so much reserve strength, political observers said.

HEAVY PERENNIAL FAVORITES OF GRIDIRON ARE OVERTHROWN

This Week-End May Equal Last for Surprises; Michigan is Strong.

NEW YORK, Oct. 23 (AP)—The nation's football legions face the third Saturday in October with many perennial favorites already overthrown, the list of unbeaten teams dwindling fast and further fireworks promised all along the line.

The downfall of Pitt's Panthers and Notre Dame and the tying of Southern California last Saturday proved anew the shaky foundations on which football reputations rest. The unusual Monday morning recount indicates that temporary leadership at least can be assigned to Michigan and Nebraska in the mid-west, Duke and Alabama in the South, Princeton, Fordham, and perhaps Army in the East, Arkansas and Southern Methodist in the Southwest, Utah in the Rock Mountain district and Southern California and Stanford in the Far West.

The prospects for this week's slate, headed by such pairings as Southern California-California, Yale-Army, Penn-Navy, Harvard-Dartmouth, Fordham-Alabama, Notre Dame-Pitt, and Iowa-Minnesota, follow:

East: Princeton and Fordham most powerful right now but Yale, Army, Dartmouth, Holy Cross, Carnegie Tech, Syracuse, Colgate, and Duquesne still are unbeaten and untied. Duquesne has a "breather" against Westminster this week but all the others are in some danger. Yale and Army collide at New Haven, Fordham must tackle formidable Alabama and Dartmouth faces Harvard. Holy Cross, conqueror of Harvard and Colgate, unimpressive against New York university, may find Brown and Lafayette, respectively, somewhat tough. Princeton and Syracuse confront intersectional foes. The rampant Tigers, whose 20-0 rout of Columbia marked their first major victory since 1923, meet Washington and Lee who upset Kentucky last week.

Mid-west: Michigan, on the basis of its great showing against Ohio State, looks like the class of the conference and should beat Chicago. Iowa's Hawkeyes, conquerors of Northwestern and Wisconsin, tackle Minnesota's Gophers who blasted Pitt's national championship aspirations last week. Purdue looks to good for Wisconsin and Ohio State will try to get going again against Northwestern. What looked like one of the season's classics a month ago, Pitt vs. Notre Dame at South Bend, now is just a game between beaten eleven. Nebraska carries its Big Six hopes against Oklahoma with Missouri and Iowa State, Kansas and Kansas State clashing in other conference duels.

Pacific Coast: Southern California forgets its scoreless tie with Oregon State, breaking a string of 25 consecutive victories to concede a tie on the annual battle with California. Stanford invades Seattle to meet Washington. Oregon, the leader with two triumphs, will find U. C. L. A. tough. Oregon State and Washington State, which tied California, meet in a battle of "dope-upsetters." Idaho and Montana complete an all-conference program.

South: Georgia's tussle with New York university tops a program otherwise marked by three southeastern, two southern conference games, and three contests pitting representatives of each against one another. Tulane and Auburn, Tennessee and Florida and Louisiana State-Vanderbilt are the southeastern pairings, while Virginia Poly and South Carolina, and Virginia and Virginia Military play southern conference games. North Carolina and Georgia Tech, Kentucky and Duke, and Mississippi and Clemson are involved in inter-conference games. Tennessee still unbeaten, confronts another southwest foe in Texas Christian. Kentucky, Florida, Georgia, Alabama, Mississippi State, Vanderbilt and Louisiana State all are unbeaten in the southeast; Duke, Virginia Poly, South Carolina, Virginia, Washington and Lee, and North Carolina in the southern.

Bomb Shakes A Cuban Suburb; Strikes Loom

HAVANA, Oct. 23 (AP)—A bomb rocked suburban Vedado; fears of a general strike increased; a government financial crisis threatened—and so, today, the harassed regime of President Grau entered its seventh hectic week.

Threats of a general strike, predicted by some observers before the end of the week, gave the government grave concern. No one was hurt in the bomb explosion.

A company of infantry and one of national militia moved into the interior toward Oriente by train to quell disturbances there. Meanwhile, in the capital labor leaders in communication, transportation and food distribution fields urged a combined walkout. At the same time, Grau supporters were reported continuing to slip away leaving him only the student group—and dissension was rife among them.

Although the treasury was expected to meet November salaries the lack of improvement in revenues gave promise of a financial crisis later on.

Mr. and Mrs. Clarence Kennedy and children visited in Amarillo yesterday.

J. C. Mahan, Chieftess attorney, is attending court in Pampa.

Mrs. C. C. Fenoglia is a patient at Worley hospital following an operation Saturday.

Mrs. F. E. Finley and baby son left Worley hospital today for their home in Miami.

Paul Cooper of McLean was dismissed today from Worley hospital after a recent major operation.

A daughter was born to Mr. and Mrs. J. M. Tucker at Worley hospital this morning.

AMATEURS ARE LOSERS IN FOUR OF 5 MATCHES

MORELAND BEATEN IN DALLAS GOLF TOURNAMENT

DALLAS, Oct. 23 (P)—The first annual Texas cup matches between Texas ranking amateurs and professionals were played yesterday at the local Brook Hollow Golf club with the professionals winning on the point system, 12 to 3.

Scoring on the basis of one point to each match, the ten ranking members of the Texas Professional Golfers association, fired entirely too many birdies and pars at the high ranking amateurs led by Captain Gus Moreland, Texas and Trans-Mississippi champion.

The professionals won four of the five doubles matches. They scored victories in eight of the ten singles matches.

To Spend Over Two Billion In Farm Recovery

WASHINGTON, Oct. 23 (P)—More than a billion and a quarter dollars will be spent in the next two years to carry out President Roosevelt's program for the replacement of poor farm lands with good ones.

Figures furnished today by officials working on the program showed that on the one hand the government is preparing to spend upward of \$900,000,000 to reduce crop surpluses and to buy up some of the existing excess to feed the needy. On the other, \$300,000,000 approximately the amount that will be spent for irrigation, reclamation, research, and for teaching the farmer efficiency.

The objective as President Roosevelt has outlined it to his aides is this:

First, to turn to pasture or some other use the marginal or sub-marginal lands which cannot be farmed economically.

Second, to replace, on the average, three acres of that land with one acre of new soil that will produce less than the three acres but on a more soundly economic basis.

Third, to hold production of basic commodities on all lands to a point where they will cease to pile up surpluses.

Dr. Rexford Guy Tugwell, assistant secretary of agriculture, charged with the arduous job of harmonizing the multitudinous federal activities in this direction. Which means that he must try to balance the crop reduction program against the research work, federal aid to colleges and experiment stations, irrigation and reclamation activities and the public works administration's building program.

Peace And Good Will Is Latest Slogan of Nazis

BERLIN, Oct. 23 (P)—"Peace and good will" has become overnight the ringing cry in German Nazism.

The slogan was sounded by Chancellor Hitler himself in a patriotic blast at Keimling which marked his personal plunge into the national election campaign.

Addressing massed storm troops, he declared Germany's new foreign policies aimed at genuine peace.

The cry was taken up all over Germany by Nazi orators. Commissioner of Justice, Hans Frank, speaking before a Bavarian law officials at Neustadt, assailed suspicions he said existed abroad that Germany desires war.

"Every one must vote, he shouted, 'to show the world that Hitler has the backing of the entire nation.'"

"He who doesn't vote November 12," asserted Bernhard Rust, commissioner for culture and education, at Hanover, "is guilty of the meanest kind of treachery to the people and the nation."

He did not state whether this was a warning or a threat.

New Radio For Aviators Placed Near Canadian

CANADIAN, Oct. 23.—Besides the regular radio range field, east of Canadian, another set of radio equipment is to be installed at the airport located about 6 miles north of Canadian.

Three radio range operators, P. M. Fiole, of Wichita, Kas., C. H. Stadler, of Spartanburg, S. C., and L. J. Link, of Winslow, Ark., are to have charge of the radio work. Another operator is expected to be located here, making four in all. Don Sutton, electrician from the Fort Worth office of the department of commerce, is in charge of the installation of the additional radio equipment. There will be no operators stationed at the field east of Canadian.

A total of about \$30,000 has been invested by the government in these two range stations according to estimates given by the men in charge of the work. The new equipment will not only allow the operation at the airport to send in the weather reports by radio, but will also enable him to communicate from this field directly with the pilots of the planes on the route between Wichita and Amarillo.

ITALIANS BOO CHAMPION IN ROME BATTLE

PRIMO CARNERA FAILS TO KNOCK-OUT UZUDUDUN

ROME, Italy, Oct. 23 (P)—Primo Carnera's first heavyweight title defense, successful though it was, added little to the mammoth Italian's prestige in his native land today.

A crowd of 70,000 strongly predisposed in Carnera's favor, watched the huge champion punch out a decisive 15-round victory over Paulino Uzududun yesterday, cheered him for a while and then booed him just as heartily in the last two rounds of his failure to knock out the 34-year-old Spanish veteran of more than 10 years' warfare against the world's best heavyweights.

Carnera smashed the Basque woodchopper all over the ring with a zipping left and ponderous rights, yet never allowed a rival whose courage alone carried him through the full 15-round limit.

The crowd, which included Premier Mussolini, other fascist officials, and James Roosevelt, eldest son of the American president, couldn't understand how a man could take such a beating and still remain erect. That, perhaps, explained the chorus of boos that greeted Carnera as he vainly sought to bring his small anti-mist down.

Police Car Hits Another, Killing Two Occupants

DALLAS, Oct. 23 (P)—Seeking to determine the cause of a disastrous collision in which a police squad car and a coupe hit at street intersection, killing two occupants of the coupe and injuring two others, police Chief Claude W. Trammell today began a detailed investigation of the accident.

The crash occurred as the police car, coming from the north, sped through a residence section early yesterday in answer to a burglar alarm. Capt. A. T. Deere, driving the car, said he was traveling about 40 miles an hour.

The police car overturned and the coupe was knocked across the street.

Herbert Lavon Stewart, 30, suffered a skull fracture which caused his death in an ambulance while he was being taken to a hospital. Thelma McCulloch, 26, died in a hospital two hours later. The injured were Bill Walker, 28, and Daisy Lockmiller, 27, both of whom were cut and bruised.

Capt. Deere and Patrolman Geo. Fox, who was riding with him, escaped injury.

The body of Stewart was sent to Terrell for burial today. He was survived by his mother, Mrs. M. E. Smith, of Dallas. Surviving Miss McCulloch were her mother, Mrs. J. E. Hopson, of Conroe, and a brother, Buia McCulloch, of Tyler. Funeral services for her were arranged for today at Dawson, Navarro county.

SIMON IS OUT

LONDON, Oct. 23 (P)—Sir John Simon, British foreign secretary and chief of the British arms delegation, will not attend sessions of the disarmament conference steering committee in Geneva Wednesday and Thursday, it was decided today at an unexpectedly-summed cabinet meeting.

FREED OF BLAME

DALLAS, Oct. 23 (P)—Claude Trammell, chief of police, today absolved Capt. A. T. Deere of responsibility for the collision of his car with another yesterday which resulted in the deaths of two persons, and instructed him to appear before the grand jury later in the day.

At Regensburg, in another political rally, Chancellor Hitler received a tremendous ovation when he said: "We are ready at any time to sign treaties if these can be fulfilled and they are just—but pacts that neither can be fulfilled nor are honest."

MUSTANGS TO PLAY PORKERS ON SATURDAY

FROGS AND CENTENARY WILL BATTLE AT SHREVEPORT

Associated Press Sports Writer.

Southwest conference fans have a football shell game to solve Saturday when six of the seven conference members engage in important championship games.

This week-end will be the toughest of all when it comes to football. Previous winners of the Southern Methodist-Arkansas, the Rice-University of Texas, and the Texas A. & M.-Baylor contests.

This trio of championship games means pay dirt for A. & M., Rice and Baylor. All three have suffered previous setbacks in conference games and another set-back means their virtual elimination as contenders for this year's crown.

The Texas Christian Frogs will battle Centenary college at Shreveport in a non-conference affair in the only other game on the Southwest schedule.

The Aggies, pre-season favorites for this year's championship, got an unpleasant surprise Saturday at Fort Worth when Texas Christian stopped them, 13 to 7. They entered the game a touchdown favorite but could do nothing on ground formations.

The Arkansas Razorbacks, humbled Saturday in a non-conference game against Louisiana State, will strive to retain their unmarred conference record of two consecutive victories when they tie into the Southern Methodist Mustangs at Fayetteville. It will be homecoming day for the Razorbacks simply were outclassed by Louisiana State, 20 to 0.

The Mustangs, thanks to Robert Wilson's smashing broken field run of 78 yards, managed to get a 7 to 7 tie against Oklahoma A. & M. The Pony crew will be ready for Arkansas with a strong running and passing attack, but beating Arkansas on homecoming day is just about the hardest job in the conference. Back at Houston after their 13 to 14 defeat by Creighton, the Rice Owls will prepare for their invasion Saturday of Austin, where they play the University of Texas Longhorns in a game that looks as a toss-up. The Owls have whipped Texas twice in their last three games. It was Texas last year, 18 to 6.

The Longhorns played a powerful game Saturday to get a scoreless tie against Centenary college—a team that makes a habit of beating Southwest conference opponents. The Longhorns showed greatly improved form by hriding Centenary after losing a 26 to 0 game to Nebraska and a 9 to 0 melee to the University of Oklahoma.

The Texas Christian Frogs are bound to let down a bit this week after being fired up to whip the Texas Aggies. The Frogs have one of the best running attacks in the conference and should make it interesting for Centenary.

Several hundred ponderous pines and Douglas firs have been planted on the United National forest in Utah for experimental purposes.
