## Chesshir--Keaton Vows Pledged In Floydada

Musical arrangements set the mood for a double ring ceremony in the sanctuary of the First Methodist Church in Floydada on December 29 at 6:30 in the evening.

Donna Rhea Chesshir, daughter of Mr. and Mrs. Donald Rhea Chesshir of Floydada, and Charles Russell Keaton, son of Mr. and Mrs. Claude Charles Keaton of Lubbock, exchanged wedding vows with evangelist W.M. McFarland of Lubbock, officiating.

Grant Hambricht of Lubbock, assisted by Treva Hambricht of Floydada, played soft music on the piano as guests were seated. He played "Time In A Bottle" as the mothers of the bride and groom were seated. David Logan, of Lubbock, accompanied by Grant Hambricht on the piano, sang "If" by David Gates.

"Annie's Song" by John Denver was sung by Sharron Watts of Dallas, Connie Wideman of Floydada, Roger Dawdy of Floydada, and David Logan of Lubbock. Grant Hambricht, assisted by Treva Hambricht, accompanied on the piano.

"You Light Up My Life" was sung by Sharron Watts, soloist, with Connie Wideman, Roger Dawdy, and

David Logan accompanying and Grant Hambricht at the piano.

The groom sang "The Twelfth Of Never" to the bride as she entered the door of the sanctuary.

"The Wedding March" was played by Grant Hambricht, assisted by Treva Hambricht, as the bride approached the altar. The bride was escorted to the altar by her father, Mr. Donald Chesshir. She carried a bible given to her at birth by Sandra Spence. Her bouquet was a cascade type arrangement of white butterfly rosebuds and showered with white velvet and baby's breath.

The bride chose a corsage of white sweetheart rosebuds from her bridal bouquet. Mothers of the bride and groom wore shoulder corsages of cyclamen orchids to complement their dresses.

Attendants carried cascade type bouquets of white daisy poms and double baby's breath and showered with blue satin streamers.

The church was decorated with tall palms of commodore foliage in brass urns placed in the choir loft and centered with an arrangement of white gladioli, white mums and blue trim and flanked with

brass hurricane type candelabra decorated with white mums. Don Garner Chesshir, brother of the bride, and Richard Cabiness of Lubbock, lit the candles.

Entrance to the wedding scene was formed with brass hurricane candles and the addition of a vow candle completed the wedding scene.

The bride wore an elegant white organza gown. Exquisite cotton Venise lace enhanced the sleeves, bodice, and the flowing A-line skirt that curved to a sweeping chapel train. The sleeves and back were closed with tiny covered buttons. The bridal veil was nylon illusion with a headpiece that framed the face. The long waist-length veil was edged with lace as was the gown.

The bride carried a linen handkerchief given to her by her maternal grandmother, Mrs. Eula Johnson, for something old. "Something new" was her attire. She borrowed her mother's diamond necklace, for something blue she wore a blue garter made by her paternal grandmother, Mrs. O.D. Chesshir for her mother's wedding. She also wore pennies in her shoes that were minted the years of the bride and groom's birthdates.

Maid of honor for the occasion was Tammie Chesshir, sister of the bride. Tammie wore a floor length dress of light blue disco satin. Junior bridesmaid was Kristy Dawdy of Floydada wearing a dark blue disco satin floor length dress.

Bridesmaids were Lana Reed of Floydada and Connie Welch of Floydada. They wore dark blue disco satin floor length dresses like the one worn by the junior bridesmaids.

Stacy Dawdy of Floydada was flower girl wearing a light blue disco satin dress like that of the maid of honor. Stacy wore flowers on her wrist and carried a white basket with white streamers filled with rose petals.

Guests were registered by Shawnda Heflin of Floydada. Directing the seating of guests were head usher Jerry Waltrip of Maple, cousin of the bride, and Dewite Hogland of Lubbock.

Jimmy Vannoy of Dallas was best man. Don Garner Chesshir, brother of the bride, served as junior groomsman. Other groomsmen were Glenn Young and Scott Young, both of Plainview, cousins of the groom, and Brian Copeland of Lubbock.

Following a wedding trip to points in South Texas, the couple will be at home in Lubbock.

Groomsmen wore light and dark traditional tuxedos with matching cummerbunds and ruffled formal shirts.

Ring bearer duties were performed by Doug Cabiness of Lubbock. Andrea Smith and Rebecca Redding passed out blue rice bags to all the guests.

"We've Only Just Begun" was sung by Sharron Watts, Connie Wideman, Roger Dawdy and David Logan, accompanied by Grant Hambricht on the piano as the bride and groom left the sanctuary.

The bridesmaid's bouquets decorated the bride's table. Kim Bertrand of Floydada and Kathy Hogland of Lubbock served traditional wedding cake, banana punch, mints and nuts. House party members were

Mmes. Dean Waltrip of Maple, aunt of the bride, Bill Smith and Milton Harrison of Floydada, friends of the couple. Members of the house party were dressed in floor length blue dresses and blue and white shoulder corsages.

Foods play an important role in the development and prevention of dental decay. SAYS Sharon Hill, Hills County Extension Agent. For example, frequent intake of carbohydrates is damaging because of acid accumulation within dental plaque after meals containing carbohydrates. Carbohydrates ferment in the mouth and produce acid which attacks the teeth's enamel. This acid production lasts about 30 to 45 minutes after each carbohydrate intake. Sticky, solid carbohydrates such as candies, cookies, cakes, pies, jams, jellies, syrup, dried fruits, sugar-coated cereals and sweetened dairy products are most damaging to the teeth.

These carbohydrates tend to stick to the teeth more readily than other foods. However, they're less damaging when eaten with meals or other foods that are

(by Sharon Hillis)

Foods play an important role in the development and prevention of dental decay. Says Sharon Hillis, COUNTY EXTENSION AGENT, "For example, frequent intake of carbohydrates is damaging because of acid accumulation within dental plaque after meals containing carbohydrates. Carbohydrates ferment in the mouth and produce acid which attacks the teeth's enamel. This acid production lasts about 30 to 45 minutes after each carbohydrate intake. Sticky, solid carbohydrates—such as candies, cookies, cakes, pies, jams, jellies, syrup, dried fruits, sugar-coated cereals and sweetened dairy products—are most damaging to the teeth. These carbohydrates tend to stick to the teeth more readily than other foods. However, they're less damaging when eaten with meals or other foods that are high in fat, protein or salt. To prevent tooth decay, serve snacks low in carbohydrates—they're less likely to produce acid. Some lower carbohydrate selections are raw fruits and vegetables, cheese, hard-cooked eggs, plain mild or nuts. In addition, these foods are more nutritious than the more decay-producing foods. Also, to improve the odds of preventing decay, always brush teeth after meals and snacks.

**Comptroller Representative In Floydada January 11**

AUSTIN—State Comptroller Bob Bullock announced he is sending a representative from his Lubbock office to Floydada on Thurs., Jan. 11, 1979 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Gene Cannon will meet with local taxpayers at the Floyd County Courthouse from 10 a.m. to 12 p.m.

"If Floydada area merchants, or anyone else for that matter, have any ques-

tions about state taxes or need help in preparing tax forms, Mr. Cannon will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on January 11th that they can still get their questions answered quickly by calling his

TOLL-FREE tax information number in Austin. That number is 1-800-252-5555.

An automatically played violin called the "violinista" was a popular feature of penny arcades of the 1920s. The first automatic violin to vibrate the strings with a bow, the violinista was electrically operated and controlled by air flowing through a music roll's perforations.

**OBITUARIES**

**Paul Murff**

Services for Paul Bernard Murff, 81, of Floydada were at 3 p.m. Friday in First United Methodist Church with the Rev. Tilden B. Armstrong of Paducah and the Rev. Jim Smith, both officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home. Murff died about 9 p.m. Wednesday in Caprock Hospital after a lengthy illness.

The retired farmer and World War I veteran moved to Floyd County from Brice in January 1924 and married Vaughan West on Sept. 10,

1924 in Floydada. He was a member of the First United Methodist Church, the American Legion, Fellowship Sunday School Class, and was a charter member of the South Plains Genealogical Society and Texas Tech Sons of American Revolution.

Survivors include his wife; three sisters, Dot White of Shreveport, La., Lois Rhodes of Aurora, Colo., and Eunice Mixon of Amarillo; and a brother, Charles of Brice.

The family suggests memorials to Floydada First United Methodist Church

Building Fund, Floydada Hospital Auxiliary or the Floyd County museum.

**Lillie Handley**

Services for Lillie Mae Handley, 77, of Floydada were at 2 p.m. Saturday in New Salem Primitive Baptist Church with Joe Jackson and Luel Handley, both officiating.

Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home.

Mrs. Handley died about 7 p.m. Wednesday in Lub-

bock's University Hospital after a brief illness.

She was born in Centerton, Ark., and was married to S. J. Handley, on Aug. 24, 1919, in Wheeler. Handley was Justice of the Peace in Floyd County until his death February 19, 1972.

Mrs. Handley moved to Floyd County from Childress in July 1930. She was a member of the Primitive Baptist Church and National Senior Citizens Association.

Survivors include four sons, Leon of Tarzan, Randall of Lubbock, Carell of Amarillo and Ben of Lubbock; two daughters, Laverne Lunn of Albuquerque, New Mexico, and Mrs. Fred Nixon of Lubbock; three brothers, Paul Red of Modesto, Calif., Carl Red of Chowchilla, Calif., and Johnny Red of Perryton; three sisters, Irene Anderson and Ocie Christian, both of Chowchilla, Calif., and Hazel Hammer of Madera, Calif.; 12 grandchildren and four great-grandchildren.

**BABSON**

Reports expects only a modest increase in real estate prices in 1979, but inflation included, will still run at a brisk tempo, hefty backlog.

**THE LABOR FRONT**

1979 faces a busy schedule of negotiations involving a number of industries such as petroleum, electric products and voluntary wage-price restraints. Labor groups have expressed concern over the 7% ceiling on wage gains combined. They will argue the lid is applied to cost of wage alone and if living costs are not kept early to rule out formal cost-of-living and price.

**BUILDING AND CONSTRUCTION**

Residential building enjoyed a year in 1978. Generally available credit—though at costly rates—started extremely high. Added to shelter indicated by population was the impetus to build from the inflation pressure. Mortgage rates have reached levels home ownership more difficult bank credit has adversely impacted money supplies, home building slower year. Babson's is forecast from around 2 million private sector for 1978 to some 1.979.

In heavy construction, the real growth. Government budgets are under attack and have risen significantly. A slowdown, is not anticipated.

**CORPORATE PROFITS**

Business profits have improved opening quarter loss on price effects of the coal strike and 1978 experienced excellent results. But 1979 will not see a past year's outstanding corporate profits. Mitigating at further cost advances, slow conditions, the restraints on and the widespread repercussion seemingly unavoidable OPEX prices. Babson's is projecting whole only a slight upshading profits after taxes, and even more the result of the slight federal corporate income tax historical comparisons, the 1979 will look good.

Strengthening corporate earnings over the past three years well-maintained dividend policy there can still be a goodly step-up.

**EMPLOYMENT—JOBLE**

After three successive years employment gains, easing number of large job sources 1979's increment to only token. During the recession we expect of jobholders could shade a frightening rash of layoffs which in late 1974 and early 1975 is no for 1979. Nevertheless, there gain in the number of jobless was in the unemployment rate. In fact, work its way back up mark of the civilian labor force, it was pushed back to 5.7% in a real problem will not be solved not enough job openings to additions to the nation's labor force.

**PERSONAL INCOME**

With no massive employment gains expected, the upward income should continue next plus side will be the hike in wage, automatic pay increase multi-year labor pacts, a raises won in 1979 union income from dividends and interest gains, as will earnings-sector. Hence, even though pay will not climb as rapidly as it years, consumers will still have volume of purchasing power.

**CONSUMER SPENDING**

Uncertainty over a less business climate and the specter of some job cutbacks will dampen consumers' buying intentions portion of the new year. The greater emphasis on reducing debt and on building up savings naturally, tend to strengthen beyond the months immediate the short-run impact will be sales and gross dollar volume somewhat below desired level son's still does not foresee curtailment of consumer eager the approaching twelve month.

**AGRICULTURAL PROSPECTS**

1978 was another bumper American farmers, with record crop increase over 1977, agricultural sector feel, however prices have been lagged by inflation in operating costs at living. Prospects do favor a drop in crop prices, but huge deficits to any runaway.

As for livestock prices, the past year will progress further.

**DOMESTIC POLITICS**

The anti-inflation battle wage-price restraint program Administration will continue as the new year progresses. Hill, though, there will be issues. Making a big push session of Congress will be a comprehensive National Health program, as will advocate funding for seeking alternative energy sources. There will be to redress the energy and passed by the last Congress were compromised to the general dissatisfaction. Also, the Administration will be the less inflationary federal budget 1980.

**BABSON FROM PAGE 1**  
Reports expects only a modest increment instead of another smart increase—perhaps amounting to 3% in real terms and about 10% with inflation included. Yet, outlays will still run at a brisk tempo, sustained by hefty backlogs.

**THE LABOR FRONT**  
1979 faces a busy schedule of labor negotiations involving a number of important industries such as petroleum, trucking, auto, electric products, and rubber. The voluntary wage-price restraints will undergo stern tests in these bargaining sessions. Labor groups have expressed disapproval of the 7% ceiling on wage hikes and fringe gains combined. They will acquiesce only if the bid is applied to direct wage increments alone and if living costs are restrained. It is too early to rule out formal controls on pay rates and prices.

**BUILDING AND CONSTRUCTION**  
Residential building enjoyed a banner year in 1978. Generally available mortgage credit—though at costly rates—kept housing starts extremely high. Added to the need for shelter dictated by population pressures was the impetus to home building stemming from the inflation psychology. Now that mortgage rates have reached levels making home ownership more difficult, and tighter bank credit has adversely impacted mortgage money supplies, home building faces a slower year. Babson's is forecasting a decline from around 2 million units in the private sector for 1978 to some 1.6 million for 1979.

In heavy construction there will be little real growth. Government and corporate budgets are under stress, and building costs have risen significantly. A sharp letdown, however, is not anticipated.

**CORPORATE PROFITS—DIVIDENDS**  
Business profits recovered from an opening quarter loss owing principally to the effects of the coal strike, and the balance of 1978 experienced excellent operating results. But 1979 will not see a repeat of the past year's outstanding achievement in corporate profits. Militating against it will be further cost advances, slower business conditions, the restraints on price boosts, and the widespread repercussions of the seemingly unavoidable OPEC hike in oil prices. Babson's is projecting for 1979 as a whole only a slight upshading in corporate profits after taxes, and even this will be mostly the result of the slight paring of federal corporate income taxes. Still, by historical comparisons, the 1979 profit level will look good.

Strengthening corporate financial positions over the past three years will permit well-maintained dividend payments, and there can still be a goodly sprinkling of rate steps.

**EMPLOYMENT—JOBLESSNESS**  
After three successive years of healthy employment gains, easing conditions in a number of large job sources will restrict 1979's increment to only token proportions. During the recession we expect, the number of jobholders could shade off, but the frightening rash of layoffs which occurred in late 1974 and early 1975 is not in the cards for 1979. Nevertheless, there will be some gain in the number of jobless workers as well as in the unemployment rate. The latter will, in fact, work its way back up over the 7% mark of the civilian labor force, even though it was pushed back to 5.7% in mid-1978. The real problem will not be layoffs but rather not enough job openings to absorb the additions to the nation's labor force.

**PERSONAL INCOME**  
With no massive employment dislocations expected, the uptrend in personal income should continue next year. On the plus side will be the hike in the minimum wage, automatic pay increases under existing multi-year labor pacts, and fresh pay raises won in 1979 union settlements. Income from dividends and interest will post good gains, as will earnings in the farm sector. Hence, even though personal income will not climb as rapidly as it has in recent years, consumers will still have a heartening volume of purchasing power.

**CONSUMER SPENDING**  
Uneasiness over a less sparkling business climate and the specter of labor tie-ups and some job cutbacks will moderate consumers' buying intentions over a good portion of the new year. There will be a greater emphasis on reducing installment debt and on building up savings. This will, naturally, tend to strengthen the economy beyond the months immediately ahead, but the short-run impact will be to hold unit sales and gross dollar volume of retail trade somewhat below desired levels. But Babson's still does not foresee any radical curtailment of consumer eagerness to buy in the approaching twelve months.

**AGRICULTURAL PROSPECTS**  
1978 was another bumper crop year for American farmers, with incomes posting a good increase over 1977. Many in the agricultural sector feel, however, that farm prices have been laggard relative to the inflation in operating costs and the cost of living. Prospects do favor additional firming of crop prices, but huge carryovers are deterrents to any runaway price advances. As for livestock prices, the up-trend of the past year will progress further in 1979.

**DOMESTIC POLITICAL SCENE**  
The anti-inflation battle and the related wage-price restraint program of the Carter Administration will command much attention as the new year progresses. On Capitol Hill, though, there will be no dearth of issues. Making a big push in the coming session of Congress will be proponents of a comprehensive National Health Insurance program, as will advocates of increased funding for seeking alternative fuel and energy sources. There will be, too, attempts to redress the energy and tax measures passed by the last Congress, both of which were compromised to the point of multilateral disaffirmation. Also problematic for the Administration will be the drive to shape a less inflationary federal budget for fiscal 1980.

**FOREIGN AFFAIRS**  
The international arena remains loaded with anxiety-producing issues. The stop-and-go peace negotiations between Egypt

and Israel—still with important points of disagreement at this writing—offer a possible beacon of hope. But the areas of sharply divided views do underscore the vast complexities of Mideast problems. The situation in Lebanon has yet to be resolved, and the turmoil in Iran has even more significant ramifications for the Western World. After all, Iran is a heavy exporter of petroleum; it borders Russia; and it is strategically located in terms of the shipping lanes for Mideast oil. In Africa, continued tensions are likely. Even in Asia, there are deep-rooted conflicts along with contemporary power-struggle connotations. It should be noted, however, that an accord on the second phase of the strategic arms limitation talks could improve U. S.—Soviet ties.

**MONEY SUPPLIES—INTEREST RATES**  
The tightening of credit will not let up for some months, and the rise in interest rates seems destined to persist well into this winter or even into the spring of 1979. Right now, we look for the prime lending rate of the nation's leading commercial banks to peak around the 12% mark, but a rapid and sharp subsequent turnaround is not likely. We do not, however, anticipate the awesome economic disruptions caused by credit crunches of the past dozen years or so.

**STOCK AND BOND OUTLOOK**  
Concern over the U. S. dollar's poor showing against stronger foreign currencies

and the frightening climb in money rates in 1978 frustrated the stock market's attempts to sustain its upward drives. At present, with the economy seemingly fated to slip into a recession, the 1979 stock market outlook appears discouraging to many investors. Yet Babson's Reports expects improvement in the status of the dollar and investment sentiment. And at some point the stock market will likely commence to discount economic recovery after the recession. So, with many stocks trading at very low multiples of their latest twelve-month profits and even relative to their probable profits for the year ahead, forward-looking investors will find a wide selection of opportunities in common stocks and convertible securities. The Babson Staff expects the Dow Jones Industrial Average in 1979 to hold in the same range as in 1978. But if headway is made toward curbing inflation, bolstering the dollar, and improving our trade balance, the DJIA could well launch a drive which would carry it into new high ground.

With interest rates nearing a peak, the bond market should also give a better account of itself in the year ahead. In coming months, investors in need of strengthening their position in fixed-income investments will have ample opportunity to acquire bonds and preferred stocks that provide attractive yields.

On Christmas Anne Swepston and most of the family members met at the home of Mr. and Mrs. Vance Campbell for Christmas dinner. Tuesday morning Decem-

ber 26, Mrs. Vivian Pierce of Everett, Washington, called her aunt, Mrs. Clyde Bagwell, and they had a nice visit by phone.

Those visiting in the home of Mr. and Mrs. Lindsey Graham during the Christmas weekend were De'Lene Pearson; Mrs. David Thomas and Nicki; Mr. and Mrs. Steve Lloyd; Alton Rose; Edell Moore; Burl Huckabee; Mrs. Ruth Williams and her daughter Mrs. Judy Morehead of Canadian; Mr. and Mrs. James David Welborn, Kari, Rene, and Sherrie of Hurst; and a cousin of the Welborn children; Mr. and Mrs. R.B. Hatley; Dr. Floyd Mize; Mr. and Mrs. Ozell Chappell and Jerry Don Chappell, the latter of Duncan, Oklahoma.

Mr. and Mrs. Jim Tye, Britta and Joshua of Lubbock and Mr. and Mrs. Welborn Pruitt, Greg, Karen and Christy, were Christmas Day dinner guests in the home of Mr. and Mrs. Jer Wilmeth of Lubbock and Susan Cozby, also of Lubbock.

group.

Last Thursday Mr. and Mrs. J.N. Green of Abilene were here visiting until Saturday in the home of Mr. and Mrs. Bill Tye. They also visited other relatives while here. Mrs. Green is Edna Beth Tye's cousin. Mr. and Mrs. A.S. Mize visited Friday afternoon in the Tye home and to see the Green. Mrs. Green is a niece of Mrs. Mize.

Christmas eve Mr. and Mrs. Bobby Cozby and Kara were at the home of her parents, Mr. and Mrs. Ray Gene Carthel, where all the children met. Others there were Mrs. Vanda Rink and son Christopher of Juneau, Alaska, Rick Carthel of Lubbock, and Jack and Dara Carthel of the home.

On Christmas Day Mr. and Mrs. Bobby Cozby and Kara were at the home of his parents for dinner. Others there were Mr. and Mrs. David Moffat of Dallas, Mr. and Mrs. Jer Wilmeth of Lubbock and Susan Cozby, also of Lubbock.
