Del Rio Sector Isolated After Heavy Rainfall

Water Shortage Faced; River Is Up About 40 Feet

(By The United Press)

EAGLE PASS, June 25. — A flood crest on the Rio Grande roared to a height of 40 feet today, as main-line traffic of the Southern Pacific railway was cut off by high water and one man was reported drowned at the isolated upstream city of Del Rio.

The Civil Aeronautics authority at San Antonio said a search was underway for a small plane with two men aboard, believed to have been lost in a thunderstorm late yesterday.

The plane was last seen at 6 p. m., 30 miles north of Del Rio, flying in a heavy thunderstorm.

Destination Unknown

Flying out of San Antonio, the plane's destination was not known.

There were no known fatalities in the Eagle Pass area, where some streets were reported under four feet of water shortly before noon. Floodwaters seeped into the municipal water system, leaving the city without drinking water.

Del Rio was out of power most of the night, with two hydro-electric power plants and a steam plant of Central Power and Light Co. on Devil's river, north of Del Rio, forced to shut down because of high water.

Power Is Restored

Power was restored in Del Rio at 3:11 a. m. when Central Power and Light tied in with lines of the West Texas Utilities company. A hydro-electric power plant serving Eagle Pass was still operating despite floodwater, although at reduced capacity.

The flood crisis resulted from torrential rains, measuring up to nearly 10 inches, in the central Gio Grande watershed during the past two days.

Telephone and telegraph linemen worked feverishly in the Del Rio area to restore the isolated city's connections with the outside.

Amateur radio operators remained on duty throughout the night as the sole means of communication available. Requests poured in for information on per-

Big Downpour At Littlefield

Heavy rainfall ranging upward to 4.3 inches at Littlefield fell on the South Plains late Thursday, and scattered thundershowers were forecast in this area for today, tonight and Saturday.

Little change in temperature was indicated. Thursday's maximum was 89 degrees.

Boats Are Used

Littlefield received its 4.3 inches of rainfall in little more than an hour.

Persons were rowing boats in water which covered the highway near the West Texas Cotton Oil company on the highway between Littlefield and Lubbock.

Amarillo Is Soaked

At Amarillo, 3.46 inches were recorded.

Some portions of the South Plains will reap agricultural benefits from precipitation.

The U. S. Weather bureau station north of Lubbock recorded .24 inch Thursday night, but the station reported that rains were thought to be considerably lighter within the city.

Reports Are Made

Reports to the Santa Fe today indicated Sudan received a total of 3½ inches precipitation; Amherst, 3 inches; Anton, 2 inches; Muleshoe, .24; Shallowater, 3-4; Abernathy, 3-8; Kress 1.1; Tulia, .66; Happy, 50; Floydada, .25;

NEAR-TORNADO WINDS STRIKE

New Flood Threat Seen In Oklahoma

(By The Associated Press)

OKLAHOMA CITY, June 25.— New rainstorms crashed over flooded Oklahoma today.

They came just as the tormented state hoped for respite from its summer deluge that has already taken nine lives and made thousands homeless.

Oklahoma's Panhandle caught the new fury, even as the eastern part of the state and neighbring Arkansas sweated out flood crests from the first.

Winds Comb Town

Near-tornado winds combed the small Panhandle town of Gate as a curtain-raiser, damaging almost every building there and knocking down ripe wheat for miles around. No injuries were reported.

Larger Guymon, 80 miles farther west, was under a continuous rainstorm that piled up 1.69 inches from noon to midnight—and kept coming down.

But most important, the Weather bureau altered its forecast at midnight and called for more thunderstorms in the west during the day, becoming general over the whole state tonight and tomorrow.

If they arrive on schedule, they will find creeks, lakes and rivers filled to capacity or just barely receding from flood disasters.

Flood Is Expected

The first five days of almost continuous rain is running off the sloping Oklahoma prairie into the Arkansas river. The Little Rock Weather bureau predicted a major flood in the Fort Smith area today, where the river is expected to crest between 30 and 33 feet. The flood stage at Fort Smith is 22.

The Texas Panhandle was getting the new storm, too. Its central city of Amarillo had a downpour of 3.46 inches of rain in 12 hours last night.

The lowlands of east central Oklahoma, where the Canadian river meets the Arkansas, were generally under water today. Their residents were evacuated in time, however, and there has been no loss of life there.

Search Delayed

But at Hydro, in the west central section, searchers for bodies swept away in a flash flood Tuesday night postponed their hunt until tomorrow. Nine died there in the dark when Deer Creek rose with a wall of water and swept across U. S. transcontinental highway 66, trapping more than 50 cars. A one-year-old baby and a truck driver

Brandy Evidently Packs Big Wallop

AUCH, France, June 25. (U.P) Peasants reported today that a sort of land going sea serpent was on the loose in a nearby rural area. It is nine feet long, green with black spots, and as big around as a boa, they said.

The area is famous for its fine brandy.

Prison Term Is Suspended

A pretty Fort Worth woman, Alice P. Norwood, about 30, was allowed suspension of five-year-sentence this morning in the 99th district court of Judge G. V. Pardue.

She pleaded guilty of swindling the Vogue shop of $121.46 on April 1. Through her court-appointed counsel, Winston Brummett, she waived a jury and entered her plea before the court. An affidavit informed the court that she never previously had been convicted of a felony.

Bond Is Increased

Bond of W. C. Humphrey, 24 of Killeen, charged by indictment with forgery of a $1,020 check, has been increased to $5,000, court officials said. His case had been passed at Thursday's session of court.

In the county court of Judge Walter Davies, a fine of $125 and costs was levied against Ray Carpenter about 25, who pleaded guilty of liquor law violation.

Other Fines Levied

William Jeffcoat, 20, of Lubbock route 3, pleaded guilty of assault with a motor vehicle, and Judge Davies fined him $100 and costs

A judgment was entered fining Mrs. William E. Goble, 19, $1 and costs on a check law violation complaint. It was drawn Thursday, and first provided for a fine of $25 and costs, the office of County Attorney John Steele said.

Rain Washes Out Opening Night Of Littlefield's Rodeo

(Special To The Journal)

LITTLEFIELD, June 25.— This city's third annual championship rodeo, sponsored by the Junior Chamber of Commerce, was "washed out" by the heavy rain on opening night, but the three-day program has been set back one day and opening festivities are scheduled tonight.

Rodeo performances now are scheduled to be held tonight and Saturday night, starting at 8:30 o'clock, and the third show is to be held Sunday afternoon at a time not announced yet.

Many top hands in the rodeo circuit are registered as contestants, all stock is said to be fresh and "full of fight," and changes have been made in the arena which Jaycee officials believe will contribute to an improved show.

Among contestants will be Troy Fort, last year's winner of the world's RCA calf roping championship, Bill Bomar, Ewell Smith, Jack Shaw, Jack Skipworth, and Whitey Keeney.

Draft Machinery Is In Gear

Registering Of Men To Start In Six Weeks

Hershey Is Likely To Again Direct National Effort

(By The United Press)

WASHINGTON, June 25.—Local draft boards will begin registering men within six weeks and the first draftees may be in uniform by late September, government officials said today.

Selective service machinery meshed into gear in the wake of President Truman's signing late yesterday of the 19-through-25 draft law. The President is expected to issue a registration proclamation shortly.

To Appoint Director

Mr. Truman also will appoint a national director of selective service as well as state directors. The top job probably will go to Maj. Gen. Lewis B. Hershey who supervised the drafting of millions of Americans during World war II.

Selective service officials estimate it will take about six weeks to set up the 4,000-odd local boards throughout the country. Registration of men 18-through-25 will begin as soon as the boards are organized.

Could Start Earlier

Under the 90-day clause in the new draft act, inductions can get under way Sept. 22. Actually, they could start earlier if the President should declare a national emergency. However, this is considered unlikely unless there are some unusual developments on the international scene.

Enlistment of 18-year-olds is expected to begin within the next few days. Those who volunteer will serve one year in the armed forces and then put in six years in the reserve. In this way, they will be exempt from the 21-month draft.

Many details of the draft, including what camps will be reopened or expanded, will be disclosed by Army Secretary Kenneth C. Royall probably on Monday.

Enlistments Ended

By signing the bill into law, the President put an end to the flood of enlistments in the National Guard and reserves by men seeking exemption from the draft. The unprecedented rush to recruiting offices during the past five days boosted the guard over its authorized strength of 241,000, and put naval and marine reserve outfits close to their manpower ceilings.

Though Mr. Truman signed the bill at 5:40 P. M., a spokesman for Defense Secretary James Forrestal said anyone accepted in an "organized reserve unit" up to last midnight would be exempt.

Defense officials figure that some 900,000 men must be taken in during the year beginning July 1 if the services are to reach their newly authorized strength. Volunteers and reenlistments are being counted on to fill a large por-

American Employes Are Held By Reds

Germans Employed By Associated Press In Berlin Are Seized In Soviet Section

(By The Associated Press)

BERLIN, June 25 — The Russians acknowledged to American authorities today they are holding two German employes of the Associated Press, seized last night while driving through the Soviet sector of Berlin.

The Russians said they are holding the pair on "suspicion of disseminating propaganda against the Soviet occupying power." They said they did not know when they could be released. The detainees are AP photographer Fritz Remus and an assistant, Kurt Platen.

Also in Russian custody were a Germany photographer for Acme News Agency, and a reporter for the German news agency, Dena. All four were returning from covering a Socialist rally in the French sector of the city.

The Russians informed American liaison officers after persistent inquiry the AP employes were being held in jail near their central headquarters. The Russians also impounded an AP jeep.

American officers said the Russians would not explain how they arrived at their complaints against the two AP men.

U. S. authorities said early today four American soldiers were released last night more than 24 hour after they were arrested by Soviet military police.

The names of the GI's, seized while driving through the Russian sector, were not made public.

The Russians indicated the soldiers were detained for a traffic violation. American officials said the arrests may have been in retaliation for the stopping of a number of Russian vehicles by American military police during a current safe driving campaign.

FOUR BODIES LIE SIDE BY SIDE

Brothers Who Died In Battle Honored

(By The Associated Press)

TREMONTON, Utah, June 25 The four Borgstrom brothers, who gave their lives in separate battles from the islands of the Pacific to Germany, are together again

The sons of Mr. and Mrs. Alben Borgstrom separated Oct. 12, 1940, when the oldest enlisted in the Marine Corps.

Gen. Clark To Attend

Today their bodies, home after honored escort from their temporary graves overseas, lay side by side in flag-draped caskets.

And tomorrow Gen. Clark, Sixth Army commander, Gev. Herbert B Maw of Utah, President George Albert Smith of the Latter-Day Saints (Mormon) church and other dignitaries will honor them in full military funeral services.

The four brothers were killed within a less than six months period in 1944.

Killed In 1944

Pfc. Clyde E. Borgstrom fell with the Marines March 17 in the Solomons.

Pfc. Elmer Leroy Borgstrom was killed in Italy with the 91st infantry division on June 22.

Sgt. Rolon Borgstrom's bomber limped back to England from a raid over Germany Aug. 8 with his body in its riddled fuselage.

Pfc. Rulon Borgstrom, Rolon's twin brother, died 17 days later of wounds he received while the 38th infantry, second division, was attacking Le Dreff, France.

The bodies were brought to the funeral home this morning with master sergeants of the brothers' respective services as escorts. They will lie in state here until this evening. Sentries will guard the caskets through the night.

Burial will be tomorrow in Tremonton cemetery.

Minor Thefts Are Reported

Persons believed to be narcotic thieves stole instrument bags of three Lubbock physicians in the night.

In one of the thefts 100 quarter-grain tablets of morphine were taken. That bag, belonging to Dr. Carey R Batson, of Rushland Park addition outside the city limits, had been recovered police and the sheriff's department said.

Others Are Stole n

Others were stolen from Dr. W. L. Baugh of 1811 Thirteenth and Dr J. D Donaldson, of 1005 Ave. M.

Police reports said a quantity of "drugs" was in the bag of Dr Baugh There was no further identification of contents.

All had instruments and other equipment, other than medicinal preparations, however.

Sam Fort and John McVean, patrolmen of the state police, arrested a 21-year-old Ralls man for investigation into theft of a car in Missouri, the police "blotter" showed. The arrest was made at Idalou.

Truck Is Missing

Seagraves officials said a 1939 black Ford pickup truck, license MB 6781, had been stolen there.

The sheriff's department here was informed about 20 chickens had been stolen from R. C. Brewer of 223 Ave. U. A rainstorm that blew up later all but obliterated clues, investigators found.

Red Shipments Of Food Into Berlin Halted

Rail Traffic To West Section Of City Is Stopped

(By The Associated Press)

BERLIN, June 25.—The Russians ordered today that no more food from their zone be sent into the western-occupied sectors of Berlin.

They stopped traffic yesterday on the single railroad line supplying those sectors with food from the western occupation zones.

The blockade left the air the only way to get food in to the 2,000,000 inhabitants of the American, British and French sectors. Allied experts said that would prove unworkable in the long run

Month's Supply On Hand

American and British authorities said a month's food stocks are on hand in the western sectors and nobody will starve.

The people remained outwardly calm in the face of efforts of the Soviet-controlled press to spread fear of hunger and unemployment and a Russian threat to keep the rail freight tieup on indefinitely.

L. J. Steck, American military government food chief, said the Russian food embargo order was delivered to the central food board of the German municipal government.

Fresh Milk Cut Off

He said one immediate effect would be to deprive the children of western Berlin of fresh milk. Powdered milk is being distributed.

By their action the Russians with drew from the four-power food pool which for nearly three years has been feeding Berlin.

Each occupying power has been contributing to this pool, administered by the Allied Kommandatura and the city government.

Dissolving the pool means splitting Berlin down the middle from the standpoint of food supply.

The Russians can feed the 1,000,000 Germans in their sector from their surrounding occupation zone.

Money Is Exchanged

The western supplies have to come in from the western occupation zones. They can't come in so long as the rail line is blocked.

In the American, British and French sectors, Germans began

Two Landslides Roaring Down Mountain Bury Part Of Road

(By The Associated Press)

LITTLETON, N H., June 25—Two landslides — dotted with huge boulders and trees —roared a mile and a half down Mt. Lafayette in the picturesque White mountain chain yesterday, burying sections of Franconia Notch highway under 20 feet of earth.

State officials said early today that it had not been determined whether anyone had been trapped.

One swiftly moving mass nicked the corner of the Franconia Notch gift shop, but none of the 35 occupants was injured. Seventeen automobiles were hemmed in a half mile stretch between slides for some time before bulldozers cleared a path.

Sections of the larger slide, which covered 350 feet of highway, cascaded into a lake near the profile of "The Old Man of the Mountain"—a scenic attraction for tourists.

The lake rose so fast it threatened to flood the high-

24th National Convention Is Closed Today

California Chief Executive Chosen By Acclamation

By JACK BELL
Associated Press Staff Writer

PHILADELPHIA, June 25.— The Republicans made it a Thomas E. Dewey—Earl Warren ticket today and closed their convention cheering for a coast-to-coast victory hope in November's presidential elections.

California's Governor Warren got the vice-presidential nomination by acclamation once New York's Governor Dewey, unanimously nominated last night for the presidency, pointed him out as the man he wanted for a running mate.

THOMAS E. DEWEY

EARL WARREN

Ends On Victory Note

The gavel ending the 24th national Republican convention banged down at 12:30 p. m. (EST) (11:30 a. m. Lubbock time).

Chairman Joe Martin ended it on the same note hit on Monday when it opened—victory. Just before the session's end, he introduced Warren as the "next vice-president of the United States."

The cheering delegates left no doubt they believed him—that this is the year the GOP can end 16 years of Democratic rule.

Warren in an acceptance speech pledged "every bit of loyalty in my make-up."

No Other Names

No other name than Warren's was presented for the vice-presidency.

Arizona gave notice of nominating Harold E. Stassen but a few minutes later withdrew it.

Chairman Joseph Martin put Warren's name before the convention and declared him nominated by acclamation.

New York's Dewey, getting his second chance at the presidency, made it an east-west all-governor ticket after an all-night series of conferences.

Word Spread Quickly

The word quickly spread to convention hall and the delegates didn't take long to whoop through Warren's name.

Leaders of camps of other disappointed presidential hopefuls were quick to line up behind the Dewey-Warren combination.

The ticket which Republicans hope will end 16 years of Democratic rule in Washington was completed at a series of conferences that went on most of the night and continued through the morning.

There was tense waiting throughout the downtown political camps as Dewey, unanimously given a second chance at the presidency, kept the convention waiting for his choice of a running mate.

At 8:30 a. m., (CST), the hour set for this convention to consider nominations for vice president, there was scarcely a major politician in the hall.

Chairman Joe Martin had not

Mary Haworth's Mail

DEAR MARY HAWORTH: I am deeply concerned about an old friend of mine, I'll call her Belle, whom I have known since childhood. We are now in our fifties.

After we married and during the years of rearing our respective families, we lost close contact; but I have known indirectly all these years of the heavy responsibilities she carried.

She married quite young and her husband died shortly thereafter, leaving her with a son to rear and educate. Her life centered on him and he was surely a boy to be proud of. During her parents' last years, she endured endless hardships to care for them, and also looked after four brothers and sisters.

DEVOTED FRIEND WISHES TO HELP

THEN a few years ago she married a weak, irresponsible cad, whom she supported while he spent his money on fast living. Now they are separated. But worse and more, her son came back a physical wreck from Army service. He is drunk continually, causing her great shame and heartache.

Recently a fraternal organization to which I belong had a meeting at a large hotel and there I saw Belle in the midst of a hard-drinking group. When we drew aside to talk together, she told me that this past month she is getting drunk every night—"taking lessons to understand why she lost her son, and why she couldn't hold her husband from the lure of liquor and fast women."

What can anyone do to stop this very fine person from destroying herself? She is so very bitter, feeling that her whole life has been sacrificed to others, whereas her reward has been zero, as her present existence is desolate. I want so much to help her, but I feel shocked and stymied, hence your good counsel is invited.

(Signed) P. N.

LIFE HAS GIVEN HER DIRTY DEAL

DEAR P. N.: Belle needs exactly what you have to give her, namely, warm, unselfish interest which stems from genuine affectionate appreciation of her essentially fine self.

Through no initial fault of her own, life has given her a consistently dirty deal, it seems, yielding no satisfactions of any kind, in terms of good abiding relationships with close associates of generous character, who really cared about her welfare.

She has been exploited, deprived, struggling against crushing odds, to the present time, which finds her with no defenses against despair—tired of living and afraid of dying, as the physical stamina and blind optimism which sustained her in younger years are dwindling out.

SORELY DEPRIVED OF LOVE NURTURE

IN all probability her grim saga had its origin in a demoralized childhood, with Belle emotionally rebuffed yet called upon by harried parents to make herself useful; and the tendency of sensitive loyal children who suffer thus is to construe themselves worthless as they grow up, and to make a burnt offering of themselves in every relationship, on the unconscious assumption that only by being a slave to others do they qualify for a smidgen of social tolerance.

The deeply self-respecting person—whose strength derives from positive love nurture—involuntarily accords himself the same measure of humane consideration he is disposed to give others; he stands up for his rights, as the saying goes. Moreover, he doesn't hold himself to blame if slack characters whom he tries to help don't profit by it; but obviously Belle is not so fairminded toward herself.

In her present hopeless state, Belle's help must come from intrinsically excellent persons who refuse to indorse her embittered devaluation of her worth, and who, in a quiet way, act in unison to draw her into a circle of loving-kind friendship, and cause her to feel "a member in good standing" of abiding Christian fellowship. You should spearhead that campaign, drafting your pastor as chief consultant in planning ways and means to revive Belle's will-to-live.—M. H.

Three Political 'Pros' Were Instrumental In Dewey Capture Of The Republican Nomination

By JAMES MARLOW
Associated Press Staff Writer

PHILADELPHIA, June 25—Thomas E. Dewey won the Republican presidential nomination with the big help of three political "pros."

Those three men were his political braintrust; Herbert Brownell, Jr., 44; J. Russel Sprage, 61; and Edwin Jaeckle, 53.

All thre are New York lawyers. They ran his campaign for the presidential nomination in 1940, when he just missed it; again in 1944, when he got it; and now again; when he got it again.

Work Unceasingly

Both Brownell and Sprague have been around the country a lot, whipping up Dewey support, and all three have worked unceasingly here in Philadelphia.

Against their kind of carefully worked out campaign to snag votes for their man, the chances of some of the other candidates at this convention must seem like the chances of amateurs

For instance, Governor Earl Warren of California wanted the nomination and the 53 delegates from his state voted for him solidly. But very few others did.

The Dewey forces had 25 rooms on an upper floor in the Bellevue-Stratford hotel here and they rented the huge main ballroom on the first floor.

Delegates, convention visitors and Philadelphians who wanted a look-see at politics, could wander into the ballroom and drink soft-drinks.

Real Work Upstairs

But the real work of the Dewey campaign was done in those rooms up-stairs—the real Dewey headquarters—and among the 1,094 delegates to the convention.

Squads of Dewey people were assigned to each of the state delegations. And that means a lot of squads since there are 48 states.

Reporters assigned to the Dewey headquarters say as many as five people were assigned to each state delegation and were able to report to Dewey headquarters at any time on how each delegate in each delegation would vote.

Their job was to try to win over for Dewey as many of those delegates as they could.

And, when necessary, the Dewey braintrust got, or tried to get, them to visit the headquarters to be persuaded.

Brownell, Jaeckle and Sprague now have had long years of experience in a drive like this one for the presidential nomination. They're true political professionals.

You Would understand

If you had been in the convention hall yesterday and last night you would have understood how cool political "pros" like Dewey's men can be.

To win, Dewey needed 548 of the 1,094 delegate votes. On the first ballot he got 4[illegible] second ballot he got his total up to 515, which left him [illegible] 33 to win.

This was late in the day. And then the convention recessed until 7:30 p. m. Pretty soon the delegates, looking for a sandwich and a cool drink, heard rumors of this:

Senator Vandenberg of Michigan, Harold E. Stassen of Minnesota, and Governor Earl Warren of California were using the recess time to have a conference to decide what they'd do about the third ballot coming up at 7:30 p. m.

All Trailed Badly

All three rivals of Dewey had been trailing badly. But what nobody knew was that Ohio's Senator Taft, Dewey's closest rival on the first two ballots, had called those three in conference at 7 p. m., and said something like this:

"There's no chance of anybody but Dewey winning now. I'm withdrawing and asking the Ohio delegation, which has been backing me, to throw its votes to Dewey."

When the delegates sat down at 7:30 p. m., Brownell, Sprague and Jaeckle suddenly appeared on the speaker's platform for the first time in the convention and sat down with extremely pleased looks on their faces.

Almost immediately Ohio's other senator, Bricker, a friend of Taft, told the delegates that Ohio, upon Senator Taft's request, was throwing it support to Dewey.

Broke Up The Show

That broke up the show. The other candidates then released all the other delegations from any promises to vote for them. And on the third ballot Dewey got the votes of all 1,094 delegates.

Brownell looked at [illegible] when Bricker finished talking and sighed: "This is the first time I've been able to relax in a long time."

But the Dewey braintrust, so careful about checking on how each state delegation would vote, must have slipped up on its own state's 97 delegates, or else took too much for granted.

On the first two ballots 96 New Yorkers voted for Dewey, but one voted for Taft. On the third ballot he joined the parade and voted for Dewey, too.

$50,000 Boat Hits Red River Sandbar

SHREVEPORT, La., June 25 (AP) The 93-foot Sternwheeler Wanderer, enroute from Rock Island, Ill., to Lake Texhoma, Texas, went aground on a sandbar in the Red river six miles south of here yesterday.

The $50,000 vessel is owned by three brothers, J. H., J. F., and L. G. Wilburn, of Denison, Texas. They, with the aid of a four-man Mississippi river boat crew, were taking the vessel above Fulton, Ark., which in steamboat days, was considered the head of navigation in highwater seasons. The brothers plan to make an excursion boat steamer of the vessel.

The Wilburn brothers, without previous boat experience, had brought the vessel down the Mississippi and up the Red river without previous mishap.

Veterans Housing Probe Scheduled

DALLAS, June 25 (AP) — The government is stepping in to investigate veterans housing problems in Dallas and North Texas.

Representatives of the Attorney General's office and the National Housing expediter in Washington are here to help solve the veterans housing problem.

Morris S. Verner, jr., National Deputy Housing expediter, Washington, said that 25 investigators are to ferret out civil and criminal violations of housing regulations.

Hard Work Means Smokes For Japs

TOKYO, June 25 — Japanese farmers, fishermen and others will get American smokes if they work hard.

Allied headquarters passed along the good news today—26,000,000 packages of American cigarettes will be distributed as incentive goods to those equalling or surpassing work quotas in the next year.

At least 11,000,000 packages have been handed out, mostly to coal miners. Cigarettes cost up to $4 a pack in the blackmarket.

GENERAL HONORED

TOKYO, June 25. (AP)—General MacArthur received the Belgian Croix De Guerre of World war II today. He also was given the rank of Grand Cross of the order of the Crown—Belgium's highest.

CHILD IS DROWNED

NOW THE HARD OF HEARING CAN HELP THEMSELVES TO HEARING

The many hard-of-hearing in this city will have an exceptional opportunity to find out how they may once again experience relaxed noise-free hearing. A FREE HEARING-CLINIC will be held on Friday and Saturday, June 25th and 26th, Hilton Hotel, 10 a. m. to 6 p. m. by Mr. and Mrs. J. C. Hammer, at which time they will test the hard-of-hearing for individual hearing deficiencies. This clinic will also serve to introduce a new Acousticon development in hearing aids. This new hearing aid, by the world's first and oldest manufacturer of electrical hearing aids, offer clarity of tone without the harsh background noises usually encountered. This instrument, in spite of its power, is small, even with the batteries enclosed!

Letters have been pouring in from those who have already tried this new Acousticon saying how thrilled they were with this hearing aid. Many of them say that they have never experienced such clarity of tone against such a velvet-quiet background. The manufacturers of this instrument say that no one can even imagine what it may do for them until they hear it with their own ears.

Those hard of hearing who have been searching for the answer to their personal hearing problems urged to attend this FREE CLINIC.

Complete information will be mailed if you cannot be there. Write to Mr. Hammer at 810 McBurnett Bldg., San Angelo, Texas.

Your Next Washday Can Be Fabulously Easy!

Demonstration shows FAB gives FABULOUS SUDS, even in hardest water

FAB with *Super-Wetting Action* makes far more suds, much faster suds than soap.

Proof? Two washing machines were filled with hardest water. One cup of FAB was put into one washer. One cup of soap into the other washer. Both washers ran 7 minutes. Result: A washer full of hard-working suds from FAB. Almost no suds from soap.

FAB
WITH
SUPER-WETTING ACTION
washes everything
FASTER, CLEANER, WHITER, BRIGHTER
than any soap . . . in hardest water!

FAB WASHES CLOTHES CLEANER THAN ANY SOAP

FAB with *Super-Wetting Action* instantly penetrates materials; *pushes* dirt out. Washes grimiest overalls *faster*, cleaner than soap! FAB leaves *no* soap scum to "gray" or "yellow" white wash... Wash is *whiter, cleaner!*

NEW INGREDIENT GETS WHITE WASH WHITER, COLORS BRIGHTER!

FAB contains a *fab*ulous new ingredient that gets white wash whiter, colors brighter. And FAB with *Super-Wetting Action* removes dulling soap scum.

FAB WASHES CHEAPER ...IN HARDEST WATER

Laboratory tests prove that cup for cup, in hard water, FAB washes up to twice as much family wash as soap. This economy is another *fab*ulous miracle of FAB with *Super-Wetting Action*. All of FAB washes... Nothing is wasted in soap scum!

FAB WASHES DISHES TWICE AS FAST!

No need to wipe dishes. Just wash with FAB and rinse. FAB leaves no soap scum or film to polish away. Even glassware sparkles! FAB with *Super-Wetting Action* slashes through grease as no soap can do! Pots and pans get clean quicker, easier. No dishpan ring.

FABulous time-and-work saver! Newest miracle by Colgate-Palmolive-Peet brings faster, cleaner washing for grimiest overalls, work clothes, towels ...everything that's extra dirty!

IT'S COMPLETELY new under the sun... FAB with SUPER-WETTING ACTION! So new, so different, housewives who saw FAB's miracles in action "Oh'd" with astonishment!

FAB's *Super-Wetting Action* is a new scientific washing principle. When you wash, FAB with *Super-Wetting Action* brings *instant* and more thorough penetration of materials... FAB gets *inside* materials and *pushes* out the dirt!

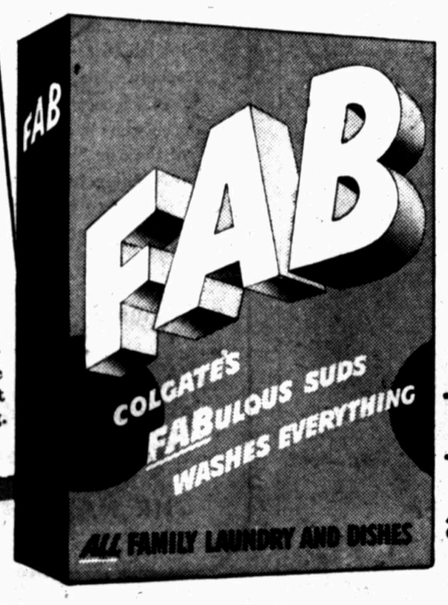

FAB contains a *fab*ulous new ingredient that washes white wash whiter, colors brighter. And besides, FAB with *Super-Wetting Action* does away with "graying" soap scum. Brings you *whiter* shirts, towels, sheets... brings extra dirt-removing power for extra-dirty overalls, work clothes... everything you wash!

What is Super-Wetting Action?

See for yourself! Roll a length of cotton sewing thread into a ball. Drop it into a glass of water. It floats; does not become completely wet for a long time.

Now drop another little ball of thread into a glass of water and FAB. It sinks; becomes completely soaked *at once*. This simple home test illustrates how FAB with *Super-Wetting Action* makes water wetter... penetrates *all* washable materials faster and more thoroughly... *pushes* dirt *out!*

Faster And Better for all family wash and dishes

Hubs And Sox In Double Bill Tonight; New Hurler Signed

Lamesa Routed By Clovis, 31 To 11

Rain paid a visit to the West Texas-New Mexico League again last night, but the only team it helped was the Lubbock Hubbers, who stretched their margin to two full games over Lamesa and Abilene when rain washed out their game with Amarillo.

The Loboes were swamped horribly by the Clovis Pioneers, who are showing signs of unrest in the cellar, the Pioneers bashing out 28 hits good for 31-11 victory.

Amarillo Losses Ground

Amarillo lost ground by being idle, Pampa beating Borger 10-7 and Albuquerque edging Abilene 3-2. The Dukes' victory sent them a full game ahead of the Gold Sox, but Borger's loss handed the Sox a full game margin over the Gassers.

As a result of last night's doings, Pampa had no trouble retaining its four game lead over Albuquerque, a five-game lead over Amarillo, a Six game lead over Borger and a six and a half game edge over the Hubbers. But the Clovis victory brought them to within one game of Lamesa and Abilene deadlocked for sixth and left the Poineers only three games behind the Hubbers.

As a result of last night's postponement, the Hubbers meet the Sox in a doubleheader in Amarillo tonight. Manager Jackie Sullivan will send Bob Clodfelter against the faltering Hose in the first game and probably Cotton Russell or Red Ramsey in the second.

Hubbers Hold Margin

The Hubbers hold a four-three margin over the Sox this year and will be shooting for a double win, which would move them up to third place. Even if Borger should win, the Hubbers would be in no worse than a tie for third, their highest standing in many days.

But an even split wouldn't hurt the Hubbers and would keep them well up in the running in a tight race. With no more than two and a half games separating the second and fifth place teams, it is a close struggle. And even six and a half games out of first place means little at this stage of the game.

Show All At Clovis

Last night's show was all at Clovis, where the rampant Pioneers turned their power loose at the Loboes' expense. The wild game saw Clovis score 12 runs in the first frame, seven in the sixth and seven in the eighth, while Lamesa retaliated with eight runs in the ninth. There were 12 doubles, one triple and three home runs hit, with 26 singles added. Pitchers gave up 16 bases on balls, but managed to whiff 12 batters. The official scorer chalked up only seven errors in the contest.

The ball game took two hours and forty-two minutes to play, with Chris Haskins, the starting hurler, charged with the defeat. Undoubtedly new WT-NM League records were set, but how many is somewhat of a question.

The Lamesa box score:

Indians Lose Winning Pace

By RALPH RODEN
Associated Press Sports Writer

Are the Cleveland Indians ready to be scalped?

Manager Lou Boudreau's American league pace-setters have lost their first crucial series of the year and Bob Feller shows no signs of returning to the form that made him one of the greatest pitchers in baseball. These two factors have cast a cloud over a once rosy outlook.

"This is the year," shouted Cleveland fans when the Tribe opened the season by tearing off six straight triumphs. Their belief that the Indians would win their first pennant since 1920 grew stronger as the Tribe opened up a comfortable lead.

They're Not So Sure

Today, however, they are not so sure. Only a game-and-a-half separates the Indians from the pursuing world champion New York Yankees.

The Yanks came into Cleveland Monday night three and a half games off the pace. They knocked off southpaw ace Gene Bearden, lost a 5-2 game to Sam Zoldak Tuesday, beat Don Black in 11-innings Wednesday and yesterday thrashed Feller 4-0. Cleveland now has lost eight out of its last 12 starts.

Feller allowed the Yanks only five hits yesterday, but three of them were home runs and resulted in all of the Yankee runs. The loss was Rapid Robert's eighth as against only six victories.

Athletics Pull Up

Philadelphia's third place Athletics pulled to within two games of the Indians by nosing out the Browns, 6-5, in a night game at St. Louis.

A four-run eighth inning rally, highlighted by Ferris Fain's triple and Barney McCosky's two-bagger enabled the A's to win. The Browns culled only three hits off three Athletic pitchers but 13 bases on balls kept them in the game.

The up and coming Boston Red Sox divided a double-header with the White Sox in Chicago, winning the second game, 8-5, after Bill Wight pitched the White Sox to a 3-1 victory in the opener.

Ted Williams smashed his 14th and 15th homers of the year and drove in four runs to spark the Sox's nightcap triumph. The Red Sox slugger also boosted his league-leading batting mark from .413 to .417.

The St. Louis Cardinals stormed to within a half game of the first place Boston Braves in the National league pennant race by trouncing the Braves, 11-2, in a night game at Boston.

Dodgers Dump Pirates

The Brooklyn Dodgers dumped the Pittsburgh Pirates twice, 6-2 and 8-6, at Brooklyn. The second game was halted after the Pirates' half of the eighth inning because of darkness. The twin setbacks dropped the Pirates from second to third place and moved the Dodgers from sixth to fifth.

At New York, the Chicago Cubs and the Giants divided a twin bill, the Giants winning the first game, 3-2 and the Cubs the second, 11-2.

A scheduled day game between Washington and Detroit and a night game between Cincinnati and Philadelphia were postponed because of rain.

Dale John Grove Gets 5-Day Look

AMARILLO, June 25 (Special)—The Lubbock Hubbers looked forward to their games tonight with the Amarillo Gold Sox secure in the knowledge that they had a new hurler to throw in against the third-place home club.

The pitcher is Dale John Grove of Clovis, N. M., a lefthander, who was signed yesterday in Lubbock to a Hubber contract under a five-day look. The possibility was good that Grove would hurl the final game of this series against Amarillo.

Grove spent last season in Midland of the Longhorn League, moving to Henderson this spring, where he won four and lost two. Later, with the Clovis Pioneers of this league, he put up a record of one victory and four defeats, according to the latest league statistics.

Beat Hubbers Once

The one victory on the record was gained late in May at the expense of the then-skidding Hubbers. He has been unable to notch any further triumphs.

The portsider last year with Midland won nine and lost 12, while pitching 11 complete games. He appeared in 28 contests, gave up 159 runs in the 179 innings he hurled and had 10 wild pitches. The opposition had only 116 earned runs. Grove also walked 116 batters and fanned 137 for an earned run average over the season of 5.83.

Only Fair Hitter

He had a better than fair batting average as a pitcher, getting 19 hits for a total of 28 bases in 77 times at bat for an average of .247. Included in his hits were three doubles and three triples. He batted in 10 runs.

This year with Clovis he has been in eight tilts without pitching one complete game, pitching 28 innings. He has faced 119 batters and given up 34 hits good for 38 runs, 29 of which were earned. He also has walked 34 men, struckout 15 and had three wild pitches.

At bat Grove hasn't scored a run on one single in nine trips to the plate, has fanned three times and has been walked once for an average of .111.

Black Hubbers Will Tangle With Detroit

The Lubbock Black Hubbers will entertain the Detroit Senators in a pair of games over the week end at Rosenthal Field, meeting the visitors Sunday at 3:15 p. m. and Monday night at 8:30.

The Black Hubbers went to Austin last week end and split two games with the strong Austin Black Pioneers losing the Sunday game 6-5, but taking the Monday night engagement 1-0.

OPTIMIST DOWNS KIWANIS

H. T. Hillin pitched and batted the Optimist nine to a convincing 17-1 triumph over the Kiwanis in an American Legion Junior league tilt Thursday afternoon at Jones stadium. Hillin gave up only one hit to the Kiwanis team, while pacing the winners at the plate with two doubles and two singles.

Title Fight Is Slated Tonight

NEW YORK, June 25 — The weather man predicted early today that the twice-postponed heavyweight title fight between Joe Louis and Jersey Joe Walcott will go on tonight.

"There'll be a fight tonight," the U. S. weather bureau forecaster said on the basis of 6 a. m. (EST) data.

Tonight will be fair, he said, adding that scattered showers predicted for late afternoon are not expected to continue late enough to force a third postponement.

Nerves Are Strained

The two veteran fighting men, their nerves strained by two delays, are scheduled to try again in Yankee stadium at 9 p. m. (EST) in their 15-round world championship bout.

The forecast for Saturday is fair and cool. The contest will be shifted to then if conditions don't permit it tonight.

The sponsoring Twentieth Century Sporting club has through Monday to get the business out of the way. The New York Yankees come home Tuesday to take over their ball park. Prize-fighting is against the law in New York on Sunday.

The combatants will not be forced to weigh-in again. At the ceremonies Wednesday, Louis weighed 213 1-2 and Walcott 14 3-4.

Both fighters were in their dressing rooms and thousands of fans were either inside the park or milling at the gates last night when the area was struck by the full force of a thunderstorm — pouring rain, sharp lightning and sound effects.

The storm hit shortly before 7 p. m. (EST) and the fight was called off by Promoter Mike Jacobs and his assistant, Sol Strauss, at 7:25 p. m.

At the time there were some 4,400 paid customers, thoroughly soaked, inside the stadium. The promoters announced plans for replacing the stubs with new tickets today and for redeeming tickets of those unable to stay over.

Louis returned to Pompton Lakes, N. J. Walcott remained at a hotel in the city.

Donkey Ball Game Is Slated Tonight

A donkey baseball game will be played tonight at 8:30 under the lights at Jumbo Webster Field between the Bennett Motor company and Sanders Motor company nines.

The game, sponsored by the Lubbock Junior Chamber of Commerce, promises to supply plenty of entertainment for the fans, more entertainment than softball, which also will be played.

Admission to the game will be nine cents and 50 cents, with Tech students admitted for 25 cents.

Barney Stagner of the Jaycees said last night that the game would not start until after the Louis-Walcott fight, which will be broadcast over the public address system at the park.

Between The Lines. . .

By Joe Kelly

The late William Allen White once said, when accused of being inconsistent through the years, that "consistency is a paste jewel." If the same statement were applied to the arbiters working around the loop in the West Texas-New Mexico league, it would fit like a glove. Certainly we have never been treated to such an amazing display of inconsistency, particularly behind the plate.

• • •

It has been our somewhat fortunate experience to sit in the coop known as a press box for all 34 of the Hubber home games this season. During that time we have seen ball players, managers and umpires perform. We don't pretend to any authority on the subject, but the players and managers seem much more consistent than the umpires. And at no time was it more apparent than during this last home stand of the Hubbers, when they won six out of ten games.

• • •

You might say that with such a record, we shouldn't be complaining about the officiating. On the other hand, the officiating during this late home session was, for the most part, pretty horendous. The most persistent affliction of the umpires seems to be a certain myopia that permits them to see the corners occasionally only to lose it when the situation is tense, tight and ticklish. This blight of vision allows a pitcher to get in a groove nicely, only to lose it when he needs it the most, causing him to throw them in too fat.

• • •

As L'il Abner says, "as any fool kin plainly see, Ah see!", we see see that taking the corners away from a pitcher forces him to throw the ball in straighter. Thus confined, he also tends to lower them from the neck and to raise them from the ground. When this happens, some little boy behind the fence in leftfield, centerfield or rightfield has a souvenir. And during this home stand the little boys reaped a harvest, for 27 balls sailed over the picket fencing. Since there were no homers in one game, this is an average of a little over three circuit clouts in each contest.

• • •

You can't blame it all on the umpiring, but to get back to the original charge, the umpires certainly did not make their calls consistent. If a catcher and pitcher realize they aren't going to get credit for corner-cutting curves, they'll switch to something else, occasionally throwing the corner-cutter in hopes. Now that's sound and understandable baseball. But when the umps suddenly change, calling a corner-cutter a strike one minute and a ball the next, that's not being consistent. Further, it upsets the pitcher and unnerves the team, even though it affects the battery the most.

• • •

That was the most glaring error on the part of the umpires that we observed. Sure, they made many more, but consistency can do as much as anything to make it even for both teams. Another glaring error was the failure to get in position to call plays on the bases. A good umpire instinctively knows where to be on any play and moves there rapidly. For instance, with a runner on first the other night, the batter singled to rightfield. The runner tried to go to third, where Sullivan's throw to McAlexander caught him. He was called out, although neither umpire was in position to see the play. If it was the plate umpire's call, he should have been down there. If it was the base ump's call, he should have anticipated the runner's intention and been there.

• • •

Then there was that business of delaying the games. Lamesa did it effectively, while the umpires stood around and fiddled. You'd think they were having tea to watch them. Meanwhile, George Sturdivant had his pitcher cooled and calmed down, the tension was off, to a large extent. Abilene Manager Art Bowland did a neat job at the Hubber's expense, strolling casually in from leftfield and taking more than his alloted time talking to the pitcher, the catcher and half the infield.

• • •

But he crowning piece of negligence on the part of the umpires was the Abilene horseplay in that 11-inning thriller, when rain began to fall. Catcher Neal chucked the ball into centerfield, the centerfield threw it in to the second baseman, who looked at it, wiped it off, threw it to the third baseman. Ditto for him, ditto for the shortstop, ditto for the first baseman. It was an age-old gag designed to stall the game, give the rain a chance to washout the contest and escape with no worse than a tie. That it didn't work was due to no effort on the arbiters to speed up Abilene.

• • •

THE ROUNDUP: Sullivan, Richardson and Fowler each hit three homers during the home stand. Others went to Clodfelter, Moore and McAlexander . . . But Amarillo hit eight, Lamesa two and Abilene five to edge the Hubbers 15-12 . . . The Hubbers home record now is 20 wins against 14 losses . . . You can reserve tickets for any Hubber game simply by calling the Hub Clothiers and giving them the necessary information. That includes reserved seats . . . Gus Lesnevich recently became the father of twin daughters to go with his two sons . . . Several golfers from here are planning to go to Hobbs, N. M., today for a golf tourney . . . Lubbock Legion B Meets Littlefield

Littlefield's dangerous American Legion nine invades Chapman field at 3 o'clock this afternoon to battle the surprising Lubbock "B" team, now leading the District 2 title chase with four consecutive league victories.

The Hub city boys have trounced Morton, Plainview, Brownfield and Muleshoe, but the encounter today will be the first meeting of the Lubbock and Littlefield nines. Littlefield opened the season with a win over Plainview, but dropped decisions to Muleshoe and Brownfield.

David Clark, stocky righthander, will probably get the starting mound assignment for the home nine from Coach Garland Head, with Tommy Yelvington handling the catching duties. Other probable starters include Mack Taylor, first base; Neil Sikes, second; Morris Turner, third; Jimmy Sexton, short; and outfielders J. R. Bradford, Bobby Sexton and Tom Brown.

Bleacher seats have been set up at the Chapman field diamond, officials have emphasized, and fans are urged to "come out and show the youngsters you're behind them!"

In other North half tussles Muleshoe will invade Morton and Plainview will journey to Brownfield. Game times will be 5 o'clock.

Only one South bracket tilt is scheduled, with Spur tangling with Slaton at the Slaton diamond.

The Lubbock A nine will be idle today, but will play host to the potent Wichita Falls Legion team at 3 o'clock Sunday afternoon at Chapman field.

The District 2 standings:

Panhandle Steel Is Winner, 7-5

Mac Bridgeman smashed a seventh-inning home run with two men on base yesterday afternoon to hand the Panhandle Steel softball team a 7-5 victory over the Sanders Motor company nine.

Billy Claiborne pitched for the victors, with Jack Pritchard behind the plate, while Walter Bumpass was the losing hurler. Sanders took an early lead, but could not hold it in the face of Bridgeman's blow.

BAPTISTS WIN GAME

The First Baptist softball team won a 10-9 victory over the Asbury Methodist nine yesterday afternoon, spotting the losers five runs in the first inning and coming from behind to win. Bill Cope aided the Baptist cause with a two-run homer, as Rainwater outpitched Pinkert on the mound. A three-run rally in the fifth sent the winners into a 10-7 lead and they held it.

Cats Pounding At Front Door

By HAROLD V. RATLIFF
Associated Press Sports Editor

One robin doesn't make a spring and three ball games don't make a manager—but that's a good start.

George Dockins, who took over as skipper at Fort Worth when Les Burge was fired, is batting 1.000 in the managerial ranks and the Cats are again knocking lustily at first place in the Texas league.

Dockins has been headman of the Cats for three nights and no one could ask better results — three victories. Last night Fort Worth beat Shreveport 4-2 to advance within a game of the top.

Houston Takes Lead

Houston took over the lead after being out of it for two nights as the Buffs trimmed Tulsa 13-3. It dropped Tulsa to second place, jus. five percentage points ahead of Fort Worth.

San Antonio downed Oklahoma City 3-0 to cling to fourth place while Dallas remained a half-game back by edging Beaumont, 2-1.

Chris Van Cuyk unlimbered a three-hitter as Fort Worth won its fourth straight victory. The big left-hander allowed only one ball out of the infield. That was Jack Richards' hit that figured in scoring the Beaumont runs.

Never Had Chance

Houston got seven runs in the first two innings and Tulsa never had a chance. Cloyd Boyer gave up only eight hits and fanned 11.

George Archie parked one in the third inning with a runner on base to give San Antonio its victory over Oklahoma City. The Missions also got an unearned run in the ninth.

Dallas rallied in the ninth to shove across two runs in the defeat of Beaumont. Quentin Altizer limited the Exporters to four hits but one was a homer by Bill White.

Tonight San Antonio again is at Oklahoma City, Beaumont at Dallas, Shreveport at Fort Worth and Houston at Tulsa.

HEAFNER LEADS TOURNEY

TOLEDO, O., June 25 (AP)—Big Clayton Heafner of Charlotte, N. C., and Herman Keiser of Akron, O., blasted into the lead yesterday in the opening round of the $10,650 Inverness four-ball golf matches, as 16 pros tore the course apart with a 48-birdie barrage.

Records To Be Smashed At AAU Track And Field Meet Tonight

SAN ANTONIO, June 25 (AP)—The largest and probably the most talented field in the South Texas AAU track and field meet is expected to smash records wholesale tonight.

Some 150 athletes will be on hand with marks likely in virtually every event scheduled.

Feature race will be the 100-meter dash which matches Charley Parker and Perry Samuels of Texas, Wendell Davis of Texas college, Bill Carter of Lackland Air base and Matthews Clay of Prairie View. A 9.5 100-yard dash is common among that group.

Other Winners Seen

Davis also is likely to give Parker trouble in the 200-meter dash.

Paul Leming, Beaumont High school's great hurdler, gets his taste of big time competition in the 200-meter lows.

The 2900-meter relay will be run for the first time in South Texas.

Ray Holbrook of Texas A. & M. on several occasions this year has bettered Art Harnden's 48.5 in the 400-meter and could be pushed to a record by George Berger and Robert Pickering of Lackland.

Texas' John Robertson, who has been broad jumping 25 feet, considerably better than the record 22 feet 11 inches held by Eural Davis of Prairie View, who will be on hand to defend his title.

Relay May Fall

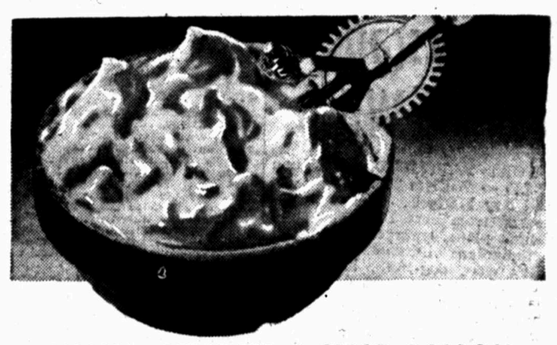

Almost certain to fall is the 400-meter relay record set by Texas last year at 42.2. Texas, Lackland or Prairie View are capable of bettering the mark.

S. B. Eccota, Alice High school boy, will be shooting at the 5000-meter 16:29.8. He almost lapped the field last season in winning with a 16:31.6.

Field records in danger are the 203 feet 4-inch javelin throw by Garland Adair of the University of Texas, who will not be defending the title; the shot put mark of 46 feet 10½ inches by George Raborn of San Antonio and the 158 feet 7 inches discus heave by George Kadera of Texas A. & M., who will be absent.

Other returning champions nicluded Ken Boren of Texas in the 400-meter hurdles and John Donaldson of Houston in the discus throw.

Lake Chargoggogoggmonchauggagoggchaubunagungamaug is the real name of a Massachusetts lake but the region's natives are satisfied to call it "Lake Chaug."

Fliers Escape Canada Wilds

FORT FAIRFIELD, Me., June 25 (AP) — William C. Brewster, 36, and Roy Mangels, 31, who disappeared from here 10 days ago in a light plane, emerged afoot from a Canadian wilderness yesterday. They were dog-tired, bedraggled but practically unharmed.

Brewster, a nephew of Maine's Senator Owen Brewster, told the Associated Press the plane crashed June 15 on a mountain top about 40 miles northeast of Plaster Rock, N. B. The men escaped with cuts and bruises.

For the first week, Brewster said, they subsisted on "grain, ferns and some frogs' legs.

"Three days ago," he continued, "we ran onto a cache a trapper had left and found some packages of pancake flour and a couple of cans of sardines. We've been going on those ever since."

They appeared at a woodsmen's camp near Plaster Rock yesterday more than 20 American and Canadian planes had sought them.

Big Downpour

(Continued From Page One)

Brownfield, about .25, and Ropesville and Meadow, showers.

The scattered rainfall, deluging one vicinity, entirely skipping another a short distance away, is typical of thundershowers, the weather station pointed out.

Additional rain reports received from towns in this area indicated slightly more than .7 inch fell at Levelland, slow rainfall was received at Matador, about .5 of an inch fell at Idalou, Lorenzo received a shower, and an estimated one inch fell four miles south of Hale Center, although Hale Center received only about 1-16 of an inch.

Precipitation reports from the United Press included .21 inch at Brady, .11 inch at Crystal City, .04 at Galveston and .01 at Austin.

High temperature recorded in the state Thursday was 99 degrees at Laredo and Presidio. San Angelo had a top of 88, lowest of the afternoon. Overnight the low was 60 at Gaudalupe Pass. Minimums ranged up to 80 at Galveston.

Minimum Here 66

Lubbock's minimum temperature this morning was 66 degrees but 62 degrees was recorded before midnight. The highest temperature recorded at the weather station between 8:30 p. m. and midnight was 65 degrees. Temperature had risen to 82 degrees at 12:30 p. m. today.

The Littlefield deluge came from the northwest, with a sharp sands preceding the rain. The rain started to fall heavily about 5 o'clock and continued for more than an hour, flooding the streets and stalling cars in some sections of the city.

Lights went out in Littlefield for a time, and the same was reported at other towns where the rain hit hardest. Some hail was reported along with the rain at Littlefield, but not enough to do serious damage.

Berlin Crisis

trading their money for the new Deutsche mark, which was put in competition here with the eastern German money the Russians introduced yesterday.

Long lines stood before exchange offices. American armored cars and machinegun - bearing jeeps patrolled streets of the U. S. sector on guard against disturbances.

The official Russian press said it is "difficult to predict" when repairs could be made on the rail line from western Germany.

The Russians blamed "technical difficulties" on the railroad for the stoppage. Their press said today these difficulties now have been found to be "much more serious than at first believed."

Current Interrupted

Another form of Soviet pressure continued. Electric current was interrupted again in western sectors of the city. Half such current is supplied from Soviet-occupied territory.

Russian-controlled papers published many scare stories alleging food shortages in western Berlin. Typical headlines were, "Mass Unemployment Threatens Western Sectors," and, "Chaos In The West."

Col. Frank L. Howley, American commandant, said, "the people of Berlin will not be permitted to starve." His proclamation urged them "not to be influenced by malicious rumors designed to drive you to panic and despair."

In Oklahoma City, police and firemen kept an all-night watch on the Canadian river, which alternately rose and fell from hour to hour but so far stayed within its banks.

Between the fearful east and west, things were geting back to normal—at least for a while.

Okmulgee got most of its 2,000 homeless back under their own shelters yesterday and the national guard stopped its looting patrol. Kingfisher, like Okmulgee, was shoveling mud, tree limbs and all kinds of flood debris from streets, floors and cellars.

Daily Markets

Stock Market

MARKET TRIES RALLY

NEW YORK, June 25 (AP) — The stock market tried a rally after a lower start today but was only partially successful.

At the close a wide selection of stocks had managed to climb to the plus side but there were even more laggards. Changes either way were mostly in fractions.

Volume slowed to the low for the week with the day's turnover in the neighborhood of 1,1v0,000 shares.

Choice of a Republican presidential candidate had no visible effect on the market.

Nickel Plate common, an odds-on favorite earlier this week, rose around 3 points to a new peak for the year and Western Maryland also hit the year's top with a gain of about a point. National Supply, a company which makes oil and gas field equipment, was another stock in the new-high column.

Lower prices were paid for U. S. Steel, Chrysler, Caterpillar Tractor, United Aircraft, American Telephone, Consolidated Natural Gas, Kennecott Copper, General Electric, and Texas Co.

Higher were Paramount Pictures, Twentieth Century-Fox, U. S. Rubber, Firestone, N. Y. Central, Illinois Central, Montgomery Ward, Schenley, Eastman Kodak, and Goodrich.

Cotton Market

NEW YORK REPORT

NEW YORK, June 25 (AP) — Cotton futures broke sharply today on a wave of liquidation in the nearby July delivery. Selling was also heavy in the October 1948 delivery. The decline extended to $7.50 a bale before the market recovered partially on mill buying and short covering.

Traders ascribed the break to a loss of confidence over the export prospects for old crop cotton. There was a good deal of switching from the near to the deferred positions. Crop reports were generally good except that a general rain was needed in sections where there has been some crop deterioration.

Futures closed 50 cents to $3.25 a bale lower than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, June 25 (AP) — Wheat prices dropped today on reports of better yields than had been expected in the Southwest and a belief export allocations for the July to September period will be reduced.

Corn and oats also were down. The selling in corn largely reflected the good outlook for the new crop.

A further reduction in cash prices unsettled oats. Soybeans were off as much as 8 cents, the daily limit, at one time. Lard joined grains in the downward march.

Wheat closed 1⅝ to 2 cents lower, July $2.31⅞, corn was ½-2½ lower, July $2.31½-⅔, oats were ½-1¼ lower, July 92½-¾.

Fort Worth Paper To Back Lyndon Johnson

FORT WORTH, June 25 (AP) — The Star-Telegram today had indorsed Lyndon Johnson in his race for U. S. senator from Texas.

In an editorial yesterday, the newspaper declared it had backed Johnson in the special election of 1941 and "nothing has occurred in the seven years since to change our judgment."

The Star-Telegram said Johnson has youth, experience and knows Washington. His promotion from congressman, the paper added, is "well deserved and one calculated to pay rich dividends to the people of Texas."

Hike In Price Of Coal Seen

WASHINGTON, June 25 (U.P.)—Coal industry spokesmen said today John L. Lewis' new wage contract probably will mean about a 40-cents-a-ton boost in soft coal prices.

Terms of the new agreement giving the miners a $1-a-day pay increase and a $100,000,000-a-year welfare and retirement fund were to be announced formally today Lewis and the operators scheduled a meeting at 11 a. m., to complete details of the new one-year contract.

Headed Off Strike

The agreement headed off a strike that had threatened to shut down the nation's vital coal fields next month.

Coal operators were generally agreed that the higher labor costs would have to be added to the price of coal to the consumer.

Harry M. Moses, chief negotiator for U. S Steel Corp., and other so-called captive mines, said price increases are "inevitable as a result of this agreement." He did not make it clear whether the higher coal prices would also mean higher prices for steel, but some economists have predicted that such might be the case.

Rodeo Program

(Continued From Page One)

are included on the program, and other events include an old fiddlers contest and dances each night following rodeo performances.

Contests at each performance include calf roping, bull dogging, bareback bronc riding, saddle bronc riding, steer wrestling, bull riding, and a ladies "barrel race."

It has been announced by sponsoring Jaycee officials that chutes at the arena have been narrowed and shortened for protection of contestants, and that 25 additional arena lights have been installed at a height that they will not blind contestants.

Prizes amounting to $3,200 will go to participants. High prizes for the first two nights were to be awarded Saturday night, and grand prizes are to go to contestants at completion of the Sunday afternoon performance.

Two dances are scheduled each night after the rodeo program. One is at the Veterans of Foreign Wars hall with the Buckeroos playing, and the other at the roller rink with Bob Tucker and his band playing.

An old fiddlers' contest, scheduled tonight in the original program, has been reset for Saturday night. This starts at 6:30 o'clock, and will be completed before time for the rodeo performance.

Republicans

(Continued from Page One)

put in an appearance. The GOP bigwigs who sit on the platform were absent.

They were waiting downtown for the word from the New York governor, now quarterbacking the Republican drive to gain full control of the national government.

Delegates In Places

Most of the delegates were in their places.

For sentimental and other reasons, many delegates wanted him to pick Senator John W. Bricker of Ohio.

Bricker ran with Dewey in the 1944 Republican debacle in which Franklin D. Roosevelt won his fourth term.

The final, clinching break for Dewey apparently came after the klieg-lighted, sweating convention had recessed after a second ballot which showed these important results:

Dewey, 515, only 33 short of the nomination.

Senator Taft, the nearest contender, 274.

Stassen, 149.

Knew It Was Over

Almost everybody in the closely packed hall knew it was all over.

It didn't take long to settle the issue.

The Connecticut delegation met in a hotel caucus. Nobody said publicly what happened.

But in a hotel room a few blocks away, at about 6 p. m., Eastern Standard time, Governor Warren signed a letter to the California delegation releasing their pledge to him. That did it.

Landslides

(Continued From Page One)

way before it subsided.

James Moulton, a state forestry department employe reported he was forced to whip his panel truck in reverse to avoid being hit by a boulder as big as the vehicle during the smaller slide.

He said there was a long line of traffic ahead of him. He didn't know whether all cars escaped the big slide.

State highway engineers said it would take two or three days to clear 10,000 yards of earth for one-way passage through the larger slide. They said recent rains apparently caused the slides.

tion of the quota, leaving about 225,000 men to be drafted. More will be called, however, if the number of volunteers does not come up to expectations.

Exemptions Planned

Exemptions include: Veterans with more than 12 months' service or 90 days during the shooting war; clergymen, members of the armed forces and reserves, conscientious objectors and most public officials.

The President may defer at his discretion students, fathers, those with dependents, and men in essential jobs in industry and agriculture. He may also defer those engaged in vital research, medical personnel, and "those necessary to the maintenance of the national health, safety or interest."

The draft act will expire within two years unless ended sooner by Congress or extended by that body.

Approximately 3,000,000 people live on the South Sea Islands of the Pacific.

Jury To Get Damage Case This Afternoon

Arguments were to commence about 3 p. m. in the $60,000 damages action of Thomas A. Ward and others against James Ray Johnson, in the 72nd district court of Judge Dan A. Blair.

Testimony was completed at the morning session of court and Judge Blair retired to his chambers to prepare a jury charge.

The case grew out of the fatal injuries suffered March 28, 1946, when a motorcycle on which she was riding with Otho Bain was in collision on Ruby street with a car operated by Johnson.

The woman was thrown to the pavement, and died next morning.

The firm of Hay and Hudspeth represent Ward and others, the firm of Crenshaw, Dupree, Milam and Crenshaw is counsel for Johnson.

Rio Grande Flood

(Continued from Page One)

sons in the flooded area.

A bridge spanning Devil's river on the Southern Pacific's main line to California was swept away by flood waters, forcing all rail traffic along the Southern route to be rerouted.

Deputy Sheriff M. S. Stephenson of Eagle Pass said the flood waters had swept away many lowland houses along the Rio Grande.

Churning waters also swirled through a portion of Piedras Negras, Mexico, directly across the Rio Grande from Eagle Pass.

Highways Are Closed

The state highway department at Austin listed the following highways as closed because of the high water: state 85 from Eagle Pass to Del Rio; U. S. 90 from Brackettville to Del Rio, state 131 from Brackettville to Eagle Pass; U. S. 277 13 miles north of Del Rio, and state 76 from LaPryor to Eagle Pass.

Five bridges were reported washed out on highway 277 between Del Rio and Sonora, and four spans of the highway bridge on U. S. 90 15 miles east of Del Rio on Sycamore creek were swept away.

Four structures of Central Power and Light power lines along Sycamore creek were down.

Nine Inches Of Rain

Nine inches of rain was measured at Bracketville—20 miles east of Del Rio—within a 48-hour period preceding 4 p. m. yesterday.

Adding to the flood threat was a near cloudburst of 5.25 inches at Asherton during the night. The only road open out of Asherton was the one to Artesia Wells, according to reports.

The dam forming Devil's lake on Devil's river above Del Rio was believed to have been broken, but some observers said there was so much water above the dam site that they couldn't tell if the dam was still there.

Rampaging Sycamore creek was reported falling just before noon, but heavy clouds still hung over the area.

Only Route Open

Stephenson said a limited amount of water probably would be hauled into Eagle Pass from Carrizo Springs if the impending water shortage developed. The road to Carrizo Springs, 40 miles to the east, was the only land route open to Eagle Pass, he said.

The deputy sheriff told how the residents of the lowland areas escaped the flood waters.

"I flew over the area in an airplane this morning, and I didn't see anyone stranded or marooned," Stephenson said.

"We rescued several people last night, but there was nothing serious. The river came up pretty fast, but we had plenty of time to issue warnings and get everyone evacuated."

One Amateur Left In Chicago Playoff

CHICAGO, June 25 (AP) — An all-professional final brewed today in the 19th Women's Western Open Golf tourney as three former champions, all play-for-pay shooters, and a lone amateur hooked up in semi-final competition.

Three-time champion Babe Didrikson Zaharias, of Ferndale, N Y., and consistent Helen Dettweiler of Indio, Calif., a wartime ferry pilot and 1939 open winner tangled in the upper bracket finale.

The lower bracket showdown was between veteran Patty Berg of Minneapolis, 1941-43 champion, and the sole surviving amateur of an original 154-player field, Beverly Hanson of Fargo, N. D.

Odessa Golfers Are Dominating Tourney

SAN ANGELO, June 25. (AP)—Four Odessa golfers are taking the lead in the 11th annual women's West Texas Golf association tournament here. Two are in the upper bracket of the championship flight and the other pair are in the lower bracket.

Mrs. Sam O'Neill, defending champion, defeated Ruby Lee Edmiston of Brownwood 4 and 3, and Bobbie Awtry beat Olive Leavett of Abilene 7 and 6 to enter second round competition in the upper bracket.

In the lower bracket, Bobbie Huestis won over Olive Day of Fort Worth 3 and 2 and Estelle Chilton eked out a two up win over Lois Morris of Fort Worth.

Semi-final plays begins Saturday.

Ida Mae Powell, San Angelo country club champion, was ousted from championship play by Sybil Flourney of Midland 2 and 1. Reet Anderson of Del Rio loomed as darkhorse threat after she defeated Zelma Barber of Colorado City 6 and 5.

White Sox Victors Over Cards 17-15

Tommy Sewell's double and single paced the White Sox to a 17-15 win over the Cardinals in a Pee Wee league tilt Thursday afternoon at the Lubbock Boys club diamond.

For the Cards, Don Wilson slammed out a homer and two bingles in four attempts, while Don Kerr chalked up three singles in five trips.

The American Business club trounced the Jaycees, 12-8, in a Junior loop encounter at the club diamond. Leslie Cross was credited with a double and a single in four times at bat with Lyndell Bailey getting two singles in five.

Ira Owens topped the losers with a two for five mark—one of the safeties a two-bagger.

Austin Nearing Lead In Big State League

(By The Associated Press)

Austin's pioneers were knocking at the door again today in the Big State league race.

Last night the capital city club licked Greenville 8-2 while leading Sherman-Denison was taking it on the chin from Waco 6-3.

So Austin today is only a game back of the leaders.

Wichita Falls continued to surge upward by strapping Paris 17-9 while Gainesville was within a half game of getting out of the cellar as the result of a 5-4 victory over seventh-place Texarkana.

Bill Monahan turned in a seven-hit performance in snapping a seven-game Waco losing streak. Waco sewed up the game in the third with a four-run outburst.

Austin blasted three Greenville pitchers for 16 hits to win easily.

Wichita Falls and Paris tore down the fances in a slug-fest at Wichita Falls. The teams combined for 35 hits with Paris getting 18.

Lon Goldstein singled to drive in Babe Tuckey for the deciding run as Gainesville beat Texarkana.

Tonight Sherman-Denison again is at Waco, Greenville at Austin, Paris at Wichita Falls and Texarkana at Gainesville.

One Dead, Two Hurt Seriously In Lubbock Automobile Crashes

A headon automobile collision which occurred about 8 o'clock Thursday night during a heavy wind and dust storm about five miles north of the city on the Plainview highway resulted in death of a Lubbock youth, critical and serious injuries for two others.

In a second crash only a few minutes later on the east side of the canyon on East Broadway, 11 persons escaped serious injury as one automobile turned over.

The two wrecks took a toll of one dead and six injured, one person critically.

Youth Is Killed

Dead was Bobby Gene Oliver, 20, of Lubbock route 2, son of Mr. and Mrs. O. C. Oliver.

Emmett Carroll, 18, of 2624 Ruby, remained unconscious this morning at Lubbock Memorial hospital. The youth's mother, Mrs. H. C. Carroll, this morning confirmed earlier reported injuries including head and chest injuries, a broken jaw, and multiple lacerations, and said that he would undergo X-ray examination this morning for possible additional injuries, including a possible skull fracture.

Unaware of the critical condition of his son yet this morning was H. C. Carroll, who is out on the wheat harvest.

Surgery Planned

J. N. Pruett, 30, of Abbott Lodge, who suffered a broken right leg, a displaced hip and abrasions, was scheduled to go to surgery this morning at West Texas hospital. A nurse in attendance reported that Pruett was resting "as well as could be expected."

According to the highway patrol, Pruett's 1941 Cadillac apparently hit a highway barricade which was believed to have blown down in the road. He was driving south alone on the east side of the center section of the highway, where construction work has been underway.

Driver Runs Into Ditch

Driving a 1938 Chevrolet Warren Haddock, of Monroe, saw Warren Haddock, of Monroe, saw Pruett losing control of his car and took to the ditch. He was alone and going in the opposite direction.

Oliver, driving a 1946 Plymouth convertible, and accompanied by Carroll, was immediately behind Haddock.

He crashed headon with Pruett, crumpling the front of the Plymouth like an accordion. The steering wheel was forced to the top of the car, and there was a huge hole in the canvas top over the driver's seat.

Large Car Smashed

The left wheel of the Cadillac was almost pushed to a position underneath the windshield. Everything under the hood seemed to have been smashed backwards about two feet. The steering wheel was bent toward the left windshield.

Neither vehicle was turned over, but both were facing west after the accident, which occurred in front of the Ernest Exum residence.

Oliver and Carroll were pulling a two-wheel trailer and were enroute to Plainview for a load of ice, a friend reported.

Sanders Funeral home ambulance rushed Pruett to West Texas hospital. The other two victims were taken to Lubbock Memorial hospital by Rix Funeral home ambulance. Oliver was pronounced dead upon arrival.

Car Is Turned Over

A few minutes after this accident was reported to officers, a car driven by William Jeffcoat, 20, of Lubbock route 3, was turned over in a collision on the east side of the canyon on East Broadway. He was accompanied by a brother, Prentice, 18. Roy Lee Alley, 18, of Lubbock route 7, and J. W. Bentle, of 520 Seventeenth.

None of the youths were injured, but four of seven persons in the second car were treated for bruises and cuts.

Jeffcoat's 1934 Ford was hit on the left side by a 1937 Ford driven by R. L. Talley, 28, of Wolfforth, Highway Patrolmen Sam Fort and John McVean were told. Talley was attempting to pass the other car when it made a left turn. The car made a turn, over, in the middle of the road.

Talley's wife, 27, suffered bruises on the leg, and his daughter, Linda Sue 15 months old, had a head laceration. A son, Robert Lee, 4, was not hurt.

Kenneth Bray, 21, was not injured, but his wife 18, suffered bruises, and a daughter, Beverly Ann, 2, required three stitches in a head laceration.

All are from Wolfforth. They were enroute to a drive-in theater, Talley said, at the time of the accident. The youths said they were just riding around.

The injured were taken to Lubbock Memorial Hospital.

Police Sgt. J. T. Alley rushed to the scene of both accidents and directed traffic until the wreckage was cleared. He was the first officer to arrive on the scene in both cases. No official investigation report had been turned in by highway patrolmen on either accident this morning.

Oliver is survived by his parents; two sisters, Mrs. Loyse Smith, Hermleigh, and Mrs. Johnny Prater, of Lubbock; and one brother, Jack Oliver, of Lubbock.

The body was taken to Rix Funeral home. No funeral arrangements had been made this morning.

Euzelian Class To Give Picnic For Husbands

At a cabinet meeting of First Baptist Euzelian class held in the home of Mrs. Kenneth Sherman, 2620 Thirtieth, Thursday morning, plans were made for a picnic to be given July 27 at 7 p. m. at Mackenzie State park Party House. Husbands of members are to be guests.

Mrs. Jimmy Jones presided at the meeting and others attending were Mesdames R. E. Gee, H. C. Girod, W. B. Pearce, H. E. Archer and A. L. Bruce.

The class is to have Bible study and visitation July 8 at 9:30 a. m. at the home of Mrs. B. T. Rucker, 2421 Twenty-fifth.

Personals

Bob Scoggin, organist at St. John's Methodist church, has returned from Wichita Falls where he has been studying with Mrs. Nita Akin, noted organist.

Mr. and Mrs. Dan Bearding of 1711 Fifth have returned to Lubbock after a 10-day trip to Gurdon, Ark., and East Texas. They visited friends and relatives.

Barbecue Is Class Party

Winsome class of First Baptist church entertained with a chicken barbecue at the home of Mr. and Mrs. Raymond Buford Thursday night. Husbands of members were guests.

Mrs. John Cocanougher, class president, welcomed the group and Mrs. R. E. L. Pattillo offered the invocation. During a social hour following the meal, group singing was directed by Odie Parks and impromptu quartet singing was presented by John Cocanougher, Mrs. Joe McIlhaney, Mrs. Earl Hobbs and Mr. Parks. They sang a parody on "When You and I Were Young, Maggie" which was written especially for the occasion.

Mrs. A. H. Faulkner directed games and stunts which included the modeling of women's hats by a group of men. Kirby Nutt was chosen winner.

Approximately 60 members and guests attended.

Houston Man Jailed After Freak Crash

HOUSTON, June 25 (U.P.) — A 25-year-old Houston man was jailed here today on a drunk-driving charge after a four-way crash involving a freight train, a station wagon, an automobile and a motorcycle.

Held in the Harris county jail was George A. Cobb. Deputy sheriffs said he was driver of the car which struck a station wagon. The station wagon, in turn, wheeled into a motorcycle while both vehicles were waiting at a crossing for a T. & N. O. freight train to pass.

After hitting the other vehicle and the motorcycle, Cobb's car careened into the side of the train, police said.

None of the drivers was badly hurt. Cobb was treated for minor injuries and then was jailed.

HARRY MILLS DIES

CHICAGO, June 25. (AP)—Harry A. Millis, 75, chairman of the National Labor Relations board from 1940 to 1946, died today.

Shad is the most valuable fish of the Atlantic Coast and next to the Pacific salmon, the most important species of North America.

Polio Trend Makes Geographical Shift

AUSTIN, June 25 (U.P.) — The State Health department today noted a shift in the geographical occurrence of polio, and anticipated that the trend would continue in North and Northwest Texas.

At the same time, based on the 1948 total of 502 cases, the Health department said that Texas may have 2,000 cases this year.

The number so far this year was more than double that recorded at this time in 1946 when 240 cases had been reported.

"This disease," the department said, "is now beginning to shift somewhat from South Texas and the coast to the central and northern parts of the state."

Weekly Total Reaches 74

Polio cases total 74 for the week ending June 19. In the past two weeks, the Health department reported, Howard, Lubbock, Burnet, Tarrant, Runnels and Hill counties reported their first case of infantile paralysis.

"This shift in the geographical incidence of this disease is expected to continue during the summer so that North and Northwest Texas will probably experience their greatest number of cases late this summer or early fall," the department's report said.

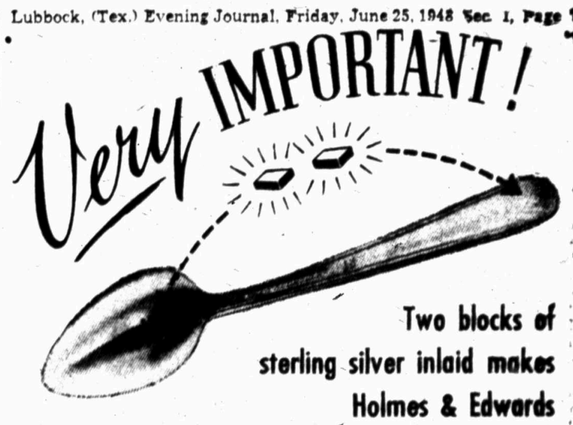

Three New Entries For Jaycee Contest

Lubbock Junior Chamber of Commerce members today announced the signing of three additional Lubbock county girls in the contest, finals of which are scheduled here during the early part of July.

The three new entrants are La Juana Sue Payne of 2512 N. Third, Jonona Boyett of 118 Ave. W, and LaRue Malouf of 2317 Thirteenth.

Today's entries bring the total of hopefuls for the local crown to six. Previous signers include Ann Elkins, 21, of 2606 Thirty-first, Janice Blake, 19, of 2906 Twenty-first, and Betty Helen Bledsoe, 18, of 1801 Thirteenth.

Waco Policemen Institute Theater Parties In Effort To Curb Crime Among Youngsters

By WILLIAM C. BARNARD
Associated Press Staff Writer

Waco policemen Albert Leonard and Woody Schober, cruising on patrol duty, discussed the case of a couple of boys, Johnny and Fred.

Johnny, a red-haired lad was picked up for running away from home. He cried when the police desk sergeant asked his name—his mother had told him cops were bogeymen.

Arrested for stealing candy, Fred, 13, cursed officers.

"We could stomp out a lot of crime if we could teach boys and girls that we're their friends," Leonard said.

Schober agreed.

And from that conversation came the Waco police department's unique project for winning little friends—weekly movie parties for the city's children.

Carl Freund, Waco police reporter told us about the parties—free to children under 15. Leonard and Schober hatched the idea and got the approval of Police Chief M. Burton and their fellow officers.

Twelve merchants agreed to underwrite the propect—on an eight-week trial basis. That was 16 weeks ago.

Lots Of Cartoons

"The show parties are held every Saturday," said Freund. "Lots of cartoons are shown. In between, cops get up and make short speeches along the line of crime doesn't pay. Policemen also act as ushers. Sometimes they bring in outside entertainment—one Saturday they had some Waco baseball players on the stage.

'The theater is always packed, but there's never any vandalism. The police use psychology—every Saturday they pick the neatest and best behaved boy and girl from the audience and name they 'prince and princess of the week.' The prince and princess get a chicken dinner, a tour of the city with a motorcycle escort and prizes awarded by merchants."

Is the children's police party here to stay?

"And how!" said Freund. "During that eight week trial period not a single Waco boy or girl under 15 was arrested for anything."

China Leaders In Conference

NANKING, June 25 (AP)—President Chiang Kai-Shek has summoned top military leaders to Sian for an emergency conference on how to drive the Communists out of central China, official sources said today.

These reports indicated Chiang has decided to throw his hard fighting northwest troops into the battle.

Chiang went to Sian, Shensi provincial capital, after touring the battle area in Honan province next door. The Communists captured Kaifeng, Honan capital, several days ago. Government quarters say more than 500,000 insurgent troops are massed in central China.

Driving for a comeback in Honan, government relief forces were reported converging on Kaifeng from three directions. Dispatches from Chenghsien said they were expected to join up within 24 hours.

In Peiping, government headquarters announced Communist forces had been repelled in their effort to seize Kupehkow Pass, which links north China proper with Jehol province and Manchuria.

The communique said Gen. Fu Tso-Yi, North China commander, routed the Communists besieging the town of Kupehkow, 75 miles northeast of Peiping, in a counterattack last night. Government troops then entered the town.

Pro-government reports said the Communists had blown up five bridges to further cripple the Peiping-Mukden railroad south of the great wall.

There has been no through rail traffic to the great wall for weeks. The Communist raids cut off the stretch beyond the Tangshan coal center 60 miles northeast of Tientsin. Trains from Peiping and Tientsin are now running only to Kuyeh, 15 miles beyond Tangshan.

SHIP CATTLE IN AERIAL "NOAH'S ARK"—Two by two, like the animals boarding Noah's Ark, cattle move to the ramp of a DC-4 plane flying from New York to Italy. This shipment of animals, weighing 11,000 pounds and believed to be the largest ever flown overseas, included seven bulls, two heifers, 50 pigs, and English setter, two cocker spaniels, two fox terriers and 16 leghorn chickens. All were pure stock for breeding purposes.

Sunflower seeds are rich in oil which ranks close to olive oil in texture and flavor.

Chinese Currency Value Takes Drop

SHANGHAI, June 25 (AP)—One American dollar brought 3,700,000 Chinese yuan in the black market today.

Value of Chinese currency dropped nearly 1,000,000 yuan in a single day. The legal rate is 474,000 to 1.

Prices jumped accordingly. Rice rose to 16,500,000 from an average of 13,000,000 per 133-pound picul. Flour and other cereals went up 25 percent.

FRANKENSTEIN CREATOR

The story of the monster Frankenstein was invented and written by a 21-year-old girl, the second wife of the poet Percy Bysshe Shelley, according to the Encyclopedia Britannica.

Youth Is Victim Of Accidental Wound

SEMINOLE, June 25. (Special)—Condition of Joe Ray Neal, 20, who accidentally shot himself here Thursday afternoon, was described by doctors at the hospital here as "very serious."

The hospital reported that young Neal received intestinal wounds from the shot. He underwent an operation here Thursday afternoon, and there has been little change in his condition since then.

The accident occured while Neal was cleaning a .22 caliber automatic rifle at his home. He was able to crawl to the nearby premises of the Hull Bros. Motor Co. where he had been employed before he collapsed. Shortly afterwards, he was taken to Gaines Clinic hospital.

Gaines county Sheriff H. S. Birdwell, who investigated, said that the wounding was accidental.

"That Girl on Broadway says the worst thing about a persistent man is his persistency.

★ ★ ★

Prejudice is something the other fellow always possesses.

★ ★ ★

THE Rev. Mr. J. W. Watson, who has preached on these Plains longer than he might want to admit — and who preached a long time before he ever hit the Caprock — has captured the secret of long and happy living.

He doesn't say he's captured any such secret. We just know he has. And here's why:

Past the 70-year mark, Mr. Watson still looks and acts as young as he was when we first met him over 20 years ago. Now at Happy, where he fills the Methodist pulpit, Mr. Watson dropped in for a chat the other day. When we asked him how he was getting along, he said:

"Why, fine! Why, just fine! You know, I've got the best church in the conference. Got the best people, too. Got a dandy parsonage. Everything's just fine."

We remember Mr. Watson said that two decades ago, when, as we recall, he was at Lamesa. He said it later, when at Crosbyton. Then he said it when he was at Morton. He's still saying it — and he believes in what he says.

Chipper, goodhumored, tolerant "Jim" Watson is quite a guy. He can overlook the frailties of man while finding something good in him. And he stays happy.

Has he captured the secret of long and happy living?

You bet he has — and as a result, he's rich. Not rich from money made in pastoring small churches all his adult life. But rich in spirit; rich in satisfactoin; rich a long, good life—well spent!

★ ★ ★

The fellow who feels "as sound as a dollar" these days has one foot in the grave and doesn't know it!

★ ★ ★

That Man on Avenue Q says don't bother to cook up trouble—it will come already prepared!

★ ★ ★

When a man has reached middle age it's usually the case that his feet hurt him worse than his conscience!

★ ★ ★

SOMETIMES we can hurt other people deeply, simply by attempting to be kind to them.

That sounds paradoxical, yet it must be true. Witness this letter — a most unusual communication — which we recently received from a reader whose identity we know, but who prefers to remain anonymous.

Wrote our reader:

"May I speak for myself as well as for thousands of others?

"Why must people be so careless in extending sympathetic kindness!

"I am considered physically handicapped as the result of infantile paralysis while just a baby. I know I look it — because walking for me is impossible without braces. But am I disabled? I have a husband and family. I do my washing and ironing and housework, and do it well. Of course, there have been sports I could not participate in, but there are things that able bodied people wish for. I am only human and wish to be treated as such.

"When I go out in a crowd there are always people who try to give me something, or go out of their way to be nice to me. I don't even want that from close friends and relatives, and they don't do it because they understand me. When I am in a crowd I want to be with the crowd and not standout from it. There have been times that I have accepted special service rather than attract attention.

"If Mr. and Mrs. John Q. Public would only notice that the ones whose disabilities are visible can get along easier than themselves because we are willing to accept our disabilities. If anyone is asking for help by all means help them, but, please, treat those who don't ask for help as normal people. It would save much embarrassment.

"I wish this letter would reach the eyes and ears of all Americans. Think this over carefully. Make America a better place to live by not making people self-conscious and despondent because of some deed you have done from sheer pity."

★ ★ ★

As one who has not been physically handicapped, The Plainsman was very much surprised at the feeling expressed in the letter. Doubtless most, if not all, others reading the letter — and who are not handicapped — will be similarly surprised.

Perhaps, too, the attitude taken by the writer of the letter is not generally shared by physically handicapped people. On the other hand, the attitude may be that of the majority of the physically handicapped.

Those of us who are so fortunate as not to be physically handicapped have no way of knowing exactly how physically handicapped people really do feel.

★ ★ ★

BUT assuming that the attitude expressed in the letter is the general attitude of the physically handicapped, let us suggest to the writer of the letter that there is another side to the story. It is a side which she will have to take for granted, just as those of us who are not handicapped must accept her attitude.

In the first place, most human beings — handicapped or not — are innately pretty good folks. They want to be kind. They want to be decent. Most of them want to be generous, or, at least, unselfish.

When they come into contact with a fellow human who, on the surface, shows some sort of a disability, it is natural for most people to want to express not only a sympathetic feeling but, also, to "help make up" for the handicap in any way they can.

That is why many people will go out of their way to surrender to a handicapped person a place in a line, a seat on a bus, or train—or in some other action — to let the other know their innermost feelings.

★ ★ ★

It seems to us that a man on a front bus seat is very much "on the spot," too, if he fails immediately to surrender his seat — easier to reach — to a physically handicapped person who boards a bus.

Not only does he wish to make it easier for the handicapped person to get comfortably seated; also, being human, he wants the rest of the bus passengers to know that he is a gentleman; that he has feelings; that he is not a selffish "heel."

That's just one example of a problem the unhandicapped face when in the presence of the handicapped. There are many others — and handicapped people, no matter how courageous or how independent they may be, must understand that.

★ ★ ★

WE can understand — or think we can, anyway — how a handicapped person might wish to show the world, gloriously, how he or she has licked what Shakespere might call "the slings and arrows of outrageous fortune."

We revel in the courage of those who face Fate's frown and throw the challenge back into Fate's teeth. We glory in the courage and the determination — the "spunk", or, if you please, the "guts" — of the handicapped person who beats his handicap; who asks no quarter from the world and stands on his, or her, own hind legs, meeting life more than halfway.

On the other hand, people who show courtesy to other people — whether or not the others are handicapped — feel better as a result of their courtesy. They grow stronger, just as the handicapped person grows stronger by fighting against the handicap until it is conquered.

Most of us who are not handicapped beg of those who are to permit us to help ourselves — as well as the handicapped — by employment of our better natures: those of courtesy, unselfishness feeling of fellowship.

BY DREW PEARSON: HORSE TRADING IN SMOKE-FILLED ROOM ALSO IS PART OF IT

Convention Mixes Barnum, Jamboree, Democracy

PHILADELPHIA—Watching the picking of a President: Delegates in convention lobbies, delegates in hotel lobbies, delegates eating hot dogs, lady delegates, gray-haired, slightly paunching delegates—marching in the aisles, carrying banners, sleepy-eyed, singing delegates, deadly serious, fighting-mad delegates, a mixture of P. T. Barnum, a Boy Scout jamboree and real Democracy . . .

PEARSON

Golden - voiced Congressman George Bender of Ohio, with a megaphone rolled out of the Chicago Tribune, shouting the Taft theme song in the middle of a hotel lobby . . . Senator Taft "shaking hands" with a baby elephant . . . Negroes picketing the convention hall, their signs read: "GOP Congress killed civil rights program." . . . Mrs. Bertha Baur of Illinois wearing three gold elephants in her hat . . . Governor and Mrs. Dewey strolling down Chestnut street alone while the crowds clamor to see them at Dewey headquarters.

Seen in the lobbies — Alf Landon of Kansas, hero of 1936, wandering about, looking lonesome . . . Herbert Hoover looking older . . . Chief Spotted Crow of Pine Ridge, S. D., in full regalia taking three minutes to tell a radio audience in Sioux language: "I'm for Stassen, but I think Dewey win." . . . Democrats in windows throwing cigarette butts down on the inflated rubber elephant in front of the Bellevue-Stratford. (No wonder the elephant became deflated so often). . . . Taft rooters marching up to Stassen's neon-lit headquarters. Stassen rooters rushing out with banners to meet Taft forces head on . . . It couldn't happen anyplace but in America. What would Europe think? Gray-haired delegates, paunchy delegates, serious delegates, determined delegates—where else could you see women politicians on equal footing with men, the son of a former President of the United States rubbing shoulders with the son of a bootblack, the head of the Sun Oil company friendly with the head of the carpenters union? . . . It's Democracy, an unusual brand perhaps, uniquely American, found no where else in the world. . . . Sure it costs money, but it happens only once in four years . . . There's George Bender again singing: "We're Looking Over a Four Leaf Clover." . . . He's almost hoarse now . . . There's Alice Longworth sporting a big Taft button. (She claims to keep him isolationist) . . . And beauteous Mrs. Morris Cafritz, the lady who entertains so many Democrats, now vigorously applauding Governor Green as he blasts the Democrats . . . And Senator Ferguson of Michigan. He says Philadelphia is a vacation after staying up all night at Senate sessions.

• • •

Smoke-Filled Rooms

Of course there's one dilution in the Democracy of these conventions. It takes such a buildup, such a publicity machine, so much money to be a candidate. The money poured into bands, uniforms, buttons and give-aways would make up the District of Columbia deficit . . . No longer can a good man walk into public life and become a candidate — merely because he's a good man. If so, one of the best men here, Governor Warren of California, would have been in. But Warren didn't have the advance buildup . . . The road to the Presidency these days must be paved with glamor and money, to say nothing of horse trading in smoke-filled rooms . . . That's where the big blocks of delegates are auctioned off . . . It's a delegates', not a peoples' convention. And the top leaders don't hesitate to barter their big blocks of votes back and forth like so many shares of stock across the board of the stock exchange . . . It's a blemish on Democracy, but before this convention is over part of the next cabinet may be picked.

SENATOR Ralph Flanders, presiding at a spiritual breakfast of 200 delegates (he attends such a breakfast every week in Washington), heard Chicago banker Nathaniel Leverone blast reported bigamy among presidential candidates.

Turning to the women delegates at the breakfast, Leverone inquired: "Do you women want a bigamist in the White House?" . . . Seldom have the private lives of candidates been so carefully scrutinized. Remarked one GOP politico: "It's better now than later. We don't want another Nan Britton incident in the White House."

• • •

Taxicab Politics

Enthusiastic delegates, feverish delegates, tired delegates. Delegates packed in taxicabs reading the special convention edition of the "Taxi News," which featured Taft's, Dewey's and Vandenberg's views on taxi drivers. One item (unforunately fiction) reported Senator Vandenberg having lost $5,000 in a cab and giving all of it to the honest driver who turned it in . . . Taft's Little Eva elephant got tired. Flown from Ohio on a cargo plane, she had to have a shot of adrenelin and finally went to an elephant stall in the University of Pensylvania veterinary hospital. Politics, not the air trip was too tough . . . Ernest Arthur Vandenberg, jr., trying to persuade his father to announce his position . . . Mrs. Dewey answering questions from ladies of the press: "What is your husband's favorite dish?" . . . "Mexican mackerel." . . . "Does your husband's mustache tickle?" . . . No answer . . . . Mrs. Dewey might have answered: "A kiss without a mustache is like an egg without salt."

• • •

POOR BOB TAFT. He's a little like Harry Truman—courageous, sincere, hard-working. But trouble seems to dog his heels . . . Taft got to Philadelphia after two sleepless nights in the closing days of the Senate, where he did a superhuman job. Home one morning at 7 o'clock, he left for Philadelphia at 7:30 . . . Arriving in Philaddelphia simultaneously were John L. Lewis and Big Bill Hutchinson, head of the carpenters union who announced to all within earshot that he had come for the express purpose of blocking Bob Taft. The Republicans, he said could pick anyone but Taft . . . John L. Lewis came for the double purpose of blocking Taft and nominating his friend, Speaker Joe Martin . . . Taft's crowning catastrophe just as he was having his picture taken with Little Eva, the elephant, the huge Taft banner across the hotel lobby fell on his head . . . One of the nicest guys in the world, but one of the unluckiest.

Great Show

It's been a great show. And staid old Philadelphia will have only one week to rest up before the Elks convention, after which come the Democrats, then Henry Wallace. Perhaps it's true—what they say—that the Quaker city really likes politicians and people.

Politicians Can Say Nothing To More People Than Before

PHILADELPHIA. — In all the welter of speculation and rumor, one thing is true of this convention. Never before has the news of any event been so extensively and lovingly spread to a waiting world as the events in the drama occur.

In addition to the familiar techniques—press, radio, newsreels—is the new one of television. This complicated new technology, with the hundreds of specialists required for its operation, adds another dimension in reporting.

CHILDS

The television lights burn fiercely in the steamy hall. On either side of the auditorium are elevated platforms on which batteries of newsreel cameramen grind away. The awkward-looking television recorders are spotted high up about the galleries.

Press and radio have been dealt with most generously by the GOP committee on arrangements. Of the 13,106 seats in the hall, more than 2000 are given over to men and women writing and broadcasting. They stretch out in serried ranks o neither side of the platform and the runway that gives onto it.

Back of the platform in glass-enclosed cages are the broadcasting booths of all the major networks. Here broadcasters and technisians, sweating like galley slaves, pour millions or words into the ether.

Never at any convention before have there been so many correspondents of foreign newspapers and press associations. By cable and wireless telephone more millions of words are going out to every corner of the globe.

• • •

Army Of Technicians

Back of the men and women who put the words down on paper or into a microphone is an army of techniciane. Twenty-four hours a day they work sending out the infinite variety of electrical impulses that spell out what is happening, or what someone thinks is happening in this assembly.

In a small grass plot just outside the press entrance to Convention hall is a helicopter belonging to one of the newsreel companies. It rushes newsreel prints and television recording to the airport where they are flown by chartered plane to the middle west and the west coast.

Listening to an anxious politico work his way through a mediocre speech, wilting in the glare of light beating down on him, you can't help but wonder if we haven't overdone this business of technology. With all these fantastic new devices for magnifying the human voice to infinity, there is the dark suspicion that no one has anything much to say.

The instruments of the new technology are so demanding, so insistent, that they get in the way of the kind of expression that seems to carry weight and conviction. That is true particularly of television in its present stage of development.

• • •

I WATCHED Gov. James Duff of Pennsylvania try to conduct a caucus of his delegation in a smallish hotel room, which was packed with delegates and spectators. At the back of the room a television and newsreel operation was going on. There were shouts back and forth from operators in front near the rostrum to operators in back to turn on lights, turn off lights, add new lights.

Now it would be hard to imagine a man more forthright, simple and direct than Governor Duff. But this intense, hothouse atmosphere seemed to shrink him, to make him self-conscious and ill at ease. It reduced the whole thing to a rather poorly contrived performance that no really alert television producer would dream of putting on his network.

When the first telegraphic cable was opened between London and India toward the end of the last century, the newspapers made a great fuss about it. They invited comment from famous persons, among them the philosopher-critic, John Ruskin. He said:

"The cable is an interesting device. But what do you have to say to India?"

That question is pertinent here and now. The world is waiting today to learn what this assembly does. People everywhere want to know how well representative government works in these United States.

They will get cold comfort from some of the speeches that are being made. Gov. Dwight Green's keynote address, with its evasions, its platitudes, its remarkable contradictions from one sentence to another, its wistful background glances, leaves a great vacuum that no amount of amplification and magnification can possibly fill.

A long time ago another assembly met here in Philadelphia. The men who met in that constitutional assembly lacked radio, television, even the telegraph. Yet their words

A PLAN WORTH INVESTIGATING

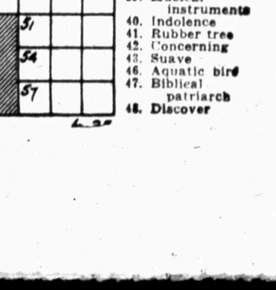

Everyone realizes that one way to ease water problems in areas like our own is to make available supplies go further. A most promising contribution toward this endeavor is the use of portable galvanized pipe for irrigating by the Plant Industry department at Texas Tech.

Dr. A. W. Young, the department head, said the use of pipe saves the 20 to 40 per cent of water lost by evaporation or seepage in open ditches—and the open ditch method is used almost exclusively in this area.

Obviously, if this lost water could be put to use, it would increase by many, many thousands the acreage of land which could be irrigated with present water supplies. That would represent a great many millions of dollars in added wealth.

The Tech experiences assuredly are worth investigating by anyone interested, now or in the future, in irrigation on the South Plains.

Bradley Admits War Possible But Says It's Not Inevitable

By BO BYERS
Associated Press Staff Writer

SAN ANTONIO, June 25.—Gen. Omar Nelson Bradley is a good example of the military officer who can talk preparedness and yet offer strong hope the United States may not have to fight another war.

That was this reporter's impression after a press conference with the chief of staff of the United States Army at Fort Sam Houston, 4th Army headquarters, here yesterday.

Tour Is Completed

The general completed his tour of west and southwest Army installations with inspection of Fort Sam's barracks and messhalls, depot, quarters and housing, and Brooke General hospital this morning. He was scheduled to play a round of golf in the afternoon, after a chamber of commerce luncheon, and then take off for Washington, D. C.

Gen. Bradley was playing down the talk of a war between the United States and Russia. He recognized the possibility of conflict, but believed it could be averted.

Gen. Bradley may pattern his words in accordance with national policy, but his expressions sound convincingly like the personal opinion of one man.

War Is Possible

Yes, war with Russia is possible, the 55-year-old chief of staff said in answer to a question. He believes war is possible because of the conflict of ideologies of a Democratic and a Communist state.

Then came the words with which he talked down the idea that war is inevitable.

"You don't ordinarily pick out any one nation as the one we are preparing against," Gen. Bradley declared. "We prepare to meet the threat of any nation or any coalition of nations.

"Time might ease the clash between the United States and Russia."

He doesn't consider the new selective service law a step toward building up a giant fighting army to match that of Russia.

"We couldn't carry out our occupational duties without selective service," he explained simply, adding later:

"If we don't get universal military training, we may have to continue the draft as long as we have as many missions as we do all over the world."

When the draft act goes into operation, camps which already have a complement of men will be filled, and camps capable of taking at least 12,000 to 15,000 men will be activated, Gen. Bradley said. He did not anticipate the opening of many smaller fields.

He commented on only two Texas Army sites by name.

Camp Hood will be brought up from its present strength of one-third of an armored division to one full division, he said. Fort Sam Houston is not expected to get any combat units, but headquarters personnel and Brooke General hospital will probably be enlarged.

How many drafters will be sent overseas?

That all depends on the number of voluntary enlistments, Gen. Bradley replied.

Permit Asked For New Well

Honolulu Oil corporation has filed an application with the Railroad Commission of Texas requesting a permit to start drilling at once on its No. 1-13-B Ellwood, as a possible 6,500-foot wildcat in East-Central Hockley County, about three miles north of Smyer.

The project is located 660 feet from east and 1,980 feet from south lines of section 13, block A, R. M. Thompson survey.

That puts it one half mile south and three-quarters of a mile east of the same company's No. 1-13 Ellwood, located 660 feet from north and west lines of section 13.

Glorieta Zone Productive

That prospector has discovered commercial production from the Glorieta zone of the middle Permian, between 5,875 feet and the total depth at 6,014 feet.

It is now in course of taking potential test and completing as a new field opener. On preliminary pumping tests it has indicated a possible daily oil yield of between 200 barrels and 250 barrels of oil.

The new discovery is three and one half miles west of the Smyer field, where there are a few wells which get their oil from the Glorieta.

Well Reaches 4,820 Feet

R. B. Farris No. 1 Griffith, Northwest Cochran county wildcat, nine miles north of Bledsoe, and 660 feet from north and 1,980 feet from east lines of section 2, block U, psl survey, had reached 4,820 feet in Glorieta, middle Permian lime, and was drilling ahead.

This project developed salty, sulphur water in the San Andres-Permian. It did not show any signs of oil or gas in that horizon.

Top of the Glorieta was picked at 5,620 feet. Elevation is 3,947 feet.

Contract on the venture is to 5,000 feet, unless production is found above that level.

"I'm Proud," Dewey's Mother Says When Son Is Nominated

By JAMES A. O. CROWE
Associated Press Staff Writer

OWOSSO, Mich., June 25—This complacent little city—the birthplace of Thomas E. Dewey—had only one really excited inhabitant today.

That was Mrs. Anne Thomas Dewey, 69-year-old mother of the Republican presidential nominee.

The climax of a day of mounting tension came for Mrs. Dewey last night when radio reports of the third balloting at the convention left no doubt that her son had been nominated.

She twisted a handkerchief and tears welled behind her spectacles.

Response Is Sharp

In response to the reporter's time-honored question "How do you feel?" Mrs. Dewey responded a bit sharply:

"How else would I feel at a time like this? I'm proud."

The radio was blaring, both the telephone and the doorbell were ringing, and no one in the modest white frame house had had time for supper.

Asked if she thought Michigan's delegation, which had been voting for Michigan Senator Arthur H. Vandenberg, would support her son on the third ballot, Mrs. Dewey snapped:

Michigan Delegation Disliked

"Sigler (Gov. Kim Sigler of Michigan) might as well take his delegation and go home."

She said she didn't plan to go to Philadelphia, but she indicated that her son might visit his home town during the campaign.

The rest of 18,000 inhabitants of Owosso, though sharing Mrs. Dewey's dislike of the Michigan delegation's tactics, were far less moved by the Presidential nomination of a townsman.

That does not mean they lacked pride in him, but after all, they pointed out, Dewey's political eminence was an old story to them.

Attitude Is Typical

Their attitude was typical in a quiet scene at the Elks club bar.

"That Sigler almost cost us a good president," growled Bill Mills, the bar keep.

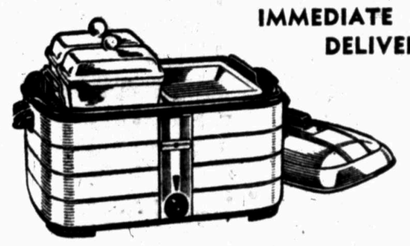

The patrons nodded.

Owosso residents, who have know the nominee since he peddalled papers, worked in his father's weekly newspaper print shop and clerked in a drug store, were confident he will be the next president.

They just were making no fuss over it.

SOME QUESTIONS AND ANSWERS:

Lubbock County Blood Bank Will Be Opened On Thursday

Answers to various questions already being asked or expected to be asked in connection with the Lubbock County Blood bank, scheduled to open next Thursday, have been given by blood bank officials.

Typing of blood of those willing to give blood to the blood bank already is underway. The bank, which will be located at the American Red Cross building at 1513 Ave. K, first will be open from 5 to 7 p. m. Thursday, July 1. Thereafter, it is to be open from 5 to 7 p. m. Mondays, Wednesdays and Fridays.

Questions And Answers

Questions and answers given were:

Q.—Will blood, made available through the blood bank be sold?

A.—No. Under no circumstances will blood be sold. It is donated freely by donors. It is given freely without charge for transfusions. The only charge is a standardized service charge made by hospitals to cover costs of typing, laboratory tests and physical administration of the blood.

Q.—Will more than one pint of blood be given to a single patient?

A.—There is no limit to the amount of blood a patient may receive under the donor service.

Q.—Can anyone take advantage of the blood made available under the program.

A.—Yes, if he is a patient in a participating hospital and transfusion is requested by his physician, through the hospital.

Q.—Will it be possible to obtain blood from a professional donor or from friends and relatives rather than from the blood bank?

A.—Yes, patients have the privilege of securing their own donors, if they choose to do so. In that case, any fees, of course, must be paid by the recipient.

Q.—What is the usual charge for blood obtained through professional donors?

A.—The cost varies with localities and hospitals, but in this community the fee is usually about $25 a pint plus laboratory and physical administration costs.

Q.—How about blood from persons under 21?

A.—Blood from minors cannot be accepted without the written consent of their parents, or, if married, from their mate.

Q.—Will the donor be given some recognition?

A.—Yes, a suitable record of his visit to the blood bank is provided. He also will receive a letter of appreciation and notification

Johnson, Peddy Give Replies

Campaigns Are Being Pushed

(By The United Press)

The State Federation of Labor (AFL) convention was over today but its endorsement of certain candidates for state and federal offices was certain to be a campaign issue.

The convention's endorsement of senate candidate Coke Stevenson brought sharp criticism from two of his opponents, Rep. Lyndon Johnson and George Peddy.

Reply To Johnson

Johnson's caustic comment that the convention had attempted to deliver the votes of Texas working men brought a prompt reply from the labor leaders before adjournment late yesterday.

A resolution was adopted branding Johnson's statement as a "deliberate lie." Wallace Reilly, president of the Dallas Central Trades council, offered the resolution condemning Johnson which said in part:

"By his own action, vote and continued support of the Taft-Hartley and Case bills, he has disqualified himself in the eyes of the working people of Texas. . . "

No Mud-Slinging

Stevenson was in Grayson county today to attend a Rotary club meeting in Whitewright at noon. He will spend tonight in Sherman. He said he would continue his present campaign methods and would not be drawn into "a mud-slinging contest."

Peddy, in a radio talk from Corpus Christi last night, called on voters to clean house and subdue the government in its policy of "reckless spending of taxpayers money."

Peddy's program today called for his attendance at the state convention of Veterans of Foreign Wars in Corpus Christi and visits in the lower Rio Grande valley including a stop at Harlingen. He plans a radio address tonight.

Blames Manufacturers

At Nacogdoches last night, Johnson placed a large share of the blame for inflation on 'manufacturers' associations and some elements of big business."

"The manufacturers' associations are responsible, but they never had my support or vote and they never will," Johnson said. He termed his East Texas swing "the best day of my campaign." He added that "I have spoken to more people today than my opponents have seen in months."

Six radio stations will carry a "major address" by Johnson from Huntsville tonight. Before going to Huntsville, Johnson planned stops at San Augustine, Hemphill, Jasper, Woodville and Livingston. Another radio address is on Johnson's schedule for 6:45 a. m. tomorrow, also originating from Huntsville.

The governor's race found two

Pop Might Call Some Of The New Ideas A Little Bit "Sissy"

"New Look" In Army; Even Mom'll Like What Is In Store For Peacetime GI Joes Of 1948

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON, June 25—Mom is going to like the Army that's getting her son in the draft.

For example, she doesn't have to worry about his learning bad words he never heard before, from some tough sergeant. The Army doesn't let its sergeants swear at recruits anymore.

That's just one of the revolutionuary ideas the Army has in its new training program. There are many others.

Pop might call some of them "sissy stuff." It'll be a lot different from the "rookie" training he got in World War I. And big brother Joe's probably going to mutter that it ain't the "basic" he sweated out, either, for World War II.

Training Scientific

But the Army is determined to try to give the men who will be the GI Joes of 1948 by act of Congress, the most scientific military training in history.

Most of the new ideas came from the Army's experimental Universal Military Training units at Ft. Knox, Ky. These test groups were set up to try to show U. S. parents and Congress that universal training could make better men out of boys.

Although universal training was killed by the 80th Congress, it did not die in vain. Much of what was learned by the Knox "Umtee" tests has today been incorporated into the Army's basic training.

The ban against swearing is part of the whole new approach to making good soldiers. It used to be that a man was shown how to do a thing like making his bed just once. After that his sergeant just bawled him out every time he made it wrong. The new way is to show him how to make a bed several times, if necessary. That way is more efficient than cuss words, they've discovered.

Another lesson the Army learned at Knox is that just because a man knows how to do a thing, it doesn't necessarily mean he can teach somebody else to do it. Instructors have to be trained to teach. The Army is planning a huge training program to provide competent instructors for the draftees.

About one-half of the men inducted for the first six months or so will go to training camps and the rest will be assigned to regular Army units. As fast as the Army can turn out the trained instructors they will be sent to regular Army units also, to help in the training of the draftees.

As many newly-inducted men as possible will get individual interviews with a chaplain. The new man will be encourage to go to church and given a man-to-man briefing on the fact that a clean and honest soldier gets along best in the service. Letters from the chaplains will be sent to the parents of the younger boys, keeping them posted on the boys' progress.

Camp commanders will be en-

They set the pace for 1948's draftees: Umtees, the "guinea pigs" of the Army's new-style training, leave chapel after services, at Fort Knox, Ky.

New Policy On City Extensions Is Set

A policy of not extending the city limits until residents of proposed additions have a clear understanding of their prospects of securing water, sewage and other municipal services was activated by the city commission at its semi-monthly meeting Thursday afternoon.

The precedent for probable similar actions in the future was set when petitions were presented from residents and property owners in three square blocks immediately adjoining the northwest city limits requesting annexation to the city.

Action on the request was deferred until the approximately 40 residents in the three blocks can be notified in personal letters that, if their area is annexed, it will be with the understanding that the city makes no guarantee as to when water, sewage and other utilities can be provided.

Members of the commission indicated they would be agreeable to the proposed extension if the majority of the residents of the area want to come in under this condition. The matter is scheduled for consideration again at the regular commission meeting July 9 and anyone wishing to be heard on the subject may appear at that time, Mayor W. H. Rodgers said.

Members of the commission made clear their desire to take in suburban areas, chiefly as a means of controlling the "shacktown" type of building which is springing up in many of the fringes of the city. But they also emphasized that they intend to make sure the residents in proposed extensions understand what their chances are of getting water and sewage before they are brought inside the city.

Nearly all the business transacted at the commission meeting was routine.

Mayor Rodgers was given blanket authority to conduct negotiations with the War Assets administration and other federal agencies seeking the return of complete control to the city of Municipal airport and adjoining lands which were occupied under lease by South Plains Army Air field.

Pavement Ordered

An ordinance was passed on first reading to transfer the north side of the 2400 block on Fourth street from a residence-apartment house to retail business zone.

A dedication of land from Homer G. Maxey with which to open Thirty-third street from Avenues T to V and Avenue U from Thirty second to Thirty-fourth was accepted.

Pavement was ordered for Monroe avenue from Twenty-second to Twenty-fourth streets.

Howard M. Klein was awarded $66.30 as reimbursement for damages to his car received when a city street maintainer backed into it on Feb. 24 at Tenth street and

Farmers Need Harvest Hands

Wheat harvest is moving so fast in the Texas Panhandle and South Plains that hundreds of harvest hands are being hired daily, and with the surplus of workers absorbed, calls are going out from the Texas Employment commission for additional combine operators, tractor drivers an dlaborers.

The harvest, halted at the weekend by heavy rains in parts of the area, particularly the Panhandle, had been assumed in almost every county yesterday, the daily farm labor bulletin of the employment commission set out.

Demand May Taper Off

It was expected that from 100 to 250 extra harvest hands will be hired daily for several days, but it was anticipated also that this demand would begin to taper off by the end of this week. Most urgent demand now is for self-propelled combine operators, but tractor drivers and laborers are needed also, the bulletin said.

Meantime, the wheat harvest was moving rapidly ahead, and some lower Panhandle counties to the east edge of the belt reported the harvest 90 per cent complete in Hall county, and 65 75 per cent complete in Collingsworth and Donley counties.

Others were in various stages of completion, ranging from a beginning in Randall county to 30 to 40 per cent completed in Swisher, Briscoe and Castro counties, and 38 to 40 per cent complete in Gray, Wheeler, Roberts, and Hemphill counties.

Crosby county was reported 62 per cent complete, with Hale and Floyd, delayed by a half-inch rain near mid-week, showing a 25 per cent completion.

No Shortages Reported

In eastern New Mexico, Clovis reported harvest eight per cent complete, with no shortages of men or equipment. Combine operators and tractor hands may be needed there in 10 days. Tucumcari was just starting, but had no shortages.

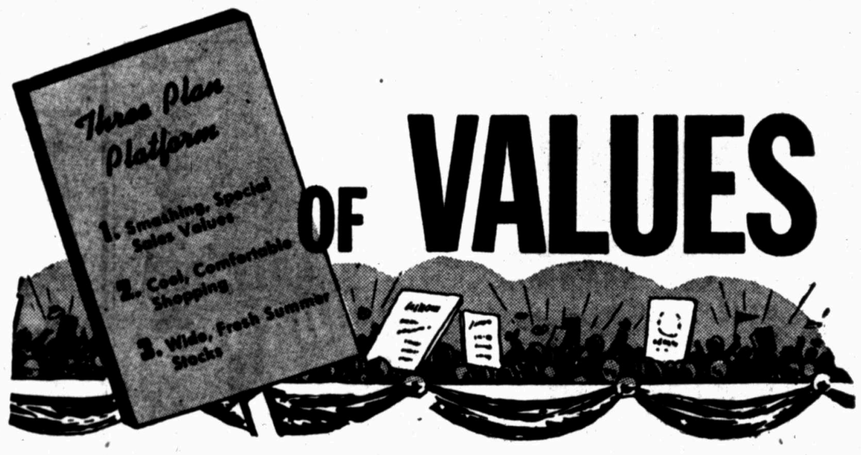

Oklahoma reported rain in central and northern counties was delaying harvest there, but cutting was resumed yesterday, with no shortages of labor or machinery.

AGED WOMAN DIES

EL PASO, June 25. (AP)—Mrs. Georgia Katherine Millican, 93, died here yesterday. She was the widow of the Rev. L. R. Millican, a cowboy Baptist preacher who founded the Paisano Baptist assembly near Marfa and Alpine. The Rev. and Mrs. Millican organized over 40 Baptist churches west of San Saba.

Stassen Shows Himself A Good Loser As He Gives Dewey Aid

By RELMAN MORIN
Associated Press Staff Writer

PHILADELPHIA, June 25.—Thomas E. Dewey, smiling, suave, and utterly at ease for the occasion, is the official hero of the Republican convention.

But the man who got the hand at the last, and who may yet emerge as the darling of the party, was Harold E. Stassen. In the long run, Stassen may win more friends and command more genuine approval by his actions at the moment of defeat than he could have done in a moment of victory. Certainly, he gained stature.

Faces Music Smiling

Stassen faced the music with a smile.

He was the first of the candidates—and in fact the only one with a real chance to be nominated—who walked to the rostrum, stood before 14,000 clamoring people, and told his followers that he would no longer hold them to their pledges. He went further. He urged them to vote for Dewey, and in the coming campaign, to work for Dewey.

Stassen probably could have held his lines for another ballot. With luck, the line might have held for two ballots.

But the end was inevitable. Dewey was too strong.

The big man must have seen this from the first.

He came to the convention at 2 o'clock when the balloting was supposed to start. He was the only candidate there. He brought a score card with him.

Dewey All The Way

He took a seat far back and to the right of the platform. And as the vote rolled out, he sat there, quietly ticking off his chances, scoring the ebb of his hopes.

It was Dewey all the way. Dewey had 434 votes on the first ballot, 515 on the second.

Dewey's machine was like a precision instrument in operation. For him, the situation was never out of control. He took a strangle hold on the situation on the first ballot. On the second, he began applying the pressure . . . six votes here, 10 votes there, and so on down to the very last section to be called, Puerto Rico, which gave him its two votes on the second ballot, after dividing them on the first.

If a third ballot had been run off immediately, Dewey would have gone over then. Instead, they called for a recess.

Time-Out Called

You have seen a smart quarterback do that on the football field, when the other team is hot and rolling for the goal. He calls time-out, hoping to cool them off. Dewey's opponents called time-out.

For two and a half hours, the convention was in recess.

It re-convened in the evening. Quietly, Stassen returned to his place in the depths of the great hall, behind the platform. Very few people even saw him.

On the floor, the states were caucusing. They say nothing is so timid as a million dollars. It may be, but 1,000-odd delegates to a national convention can be remarkably sensitive to the shift of political winds.

Milling up and down the aisles, they were asking, 'What are you going to do this time?" . . . "Any change over here?"

California Huddle

Spectacular as always, the Californians went into a regular, old-fashioned, football huddle. The entire delegation was bent over, one man leaning on the back of another, toward some central point. You couldn't see the central point. Somebody was calling signals, but he was buried beneath 53 delegates and an equal number of alternates.

There were outer layers and inner layers, like the skins of an onion.

California was being released to its pledge to Gov. Earl Warren.

Other states had already done that. And so, when the gavel banged again, they gave up the struggle, one after another.

Gov. Kim Sigler spoke for Senator Arthur Vandenberg. Senator William F. Knowland delivered the message from Governor Warren. Senator John W. Bricker was the representative for Senator Robert A. Taft.

Harold Stassen spoke for himself.

Charged With Excitement

There was a pause between the appearance of the preceding speaker and the instant when Stassen came forward, from the back of the hall, to the platform. It was electric with excitement.

Then Stassen mounted the rostrum.

A terrific, prolonged, and challenging burst of applause greeted him. For nearly a minute, and that is a long time for applause, he stood there, unable to speak because of the noise. He could only smile, and it was a good, honest smile.

The flash-bulbs flickered in his face, and television cameras were trained on him. Waves of sound beat in on him.

It was an ovation for a beaten man.

Supports Dewey

Then he spoke, briefly and warmly. He said he was withdrawing, and he asked his people to work as well for Dewey as they had worked for him. As for himself, he said he would continue to fight for the progressive principles that he seconded, all along.

The great majority of Harold Stassen's followers are young people, people in their twenties and early thirties.

They may be too young to understand the beauty of defeat. The big man from Minnesota is not too young for that.

He lost like a thoroughbred.

Texan Thinks Dewey Can Win In State

PHILADELPHIA, June 25 (AP)—George C. Hopkins says he believes Republican Presidential Candidate Thomas E. Dewey can carry Texas.

"He is a fine man and an able leader," the Chairman of the Texas Republican Executive committee said last night after Dewey was nominated.

Hopkins was in the Texas delegation to the Republican National convention. He is from Dallas.

On the first roll call the Texas group cast 30 votes for Senator Robert A. Taft of Ohio, 2 for Dewey, and one for Harold Stassen.

On the second roll call Delegate Harry Hotchkins of San Antonio changed his vote to Stassen.

Hopkins said at the end of the second roll call, just before a motion was made for a recess, he made a desperate plea to Texas National Committeeman Rene B. Creager of Brownsville to switch Texas 30 Taft votes to Dewey and catapult the nomination to Dewey.

Taft released his delegates to Dewey before the third roll call.

Red Bill Passes Senate In Chile

SANTIAGO, Chile, June 25. (AP)—The Chilean Senate approved last night the government's proposal to outlaw the Communist party in Chile.

The measure now goes back to the Chamber of Deputies for consideration of senate amendments. The chamber previously approved the bill.

American Actress In Paris Hospital

PARIS, June 25. (AP)—Rita Hayworth has been in an American hospital in Paris for the past week, friends of the movie star said today.

They said Miss Hayworth, who came to Paris three weeks ago, entered the hospital for a check-up and has since been taking treatments for anemia.

Cheese needs only enough heating to melt and blend with the other ingredients in cooking.

James Rolfe, husband of Pocahontas, is credited with being the first civilized tobacco grower.

You Win Or Lose In A Woman's Eyes

Mrs. Dewey Gives Tom Admiring Look But Other Wives Probably Feel Relieved

By HAL BOYLE
Associated Press Staff Writer

PHILADELPHIA, June 25. — Convention sidelights:

There is a look that doesn't come every day into a woman's eyes. It came at 8:19 (EST) last night into the eyes of one woman.

She is a handsome dark-haired woman and was wearing a pert black hat—the kind men like because it ain't foolish—a neat black suit, and a rope of pearls.

Sets Precedent

She stood on a platform in Convention hall beside a man who had just won the Republican presidential nomination. He was also the first Republican since the party's founding in 1856 who had gained a second nomination after losing to a Democrat.

The woman was Mrs. Thomas E. Dewey, who once told an interviewer that the only career she desired was to be "my husband's wife.

And she was loving upon her career. As Governor Dewey threw up a confident hand to the cheering crowd, she turned on him the look that every husband who loves his wife sometimes hopes to see in her eyes.

Eloquent Look

Her eyes said in shiny eloquence:

"Look at my man. Isn't he something? My Tom. They're cheering you again."

And she knew that every woman in the vast crowd of 14,000 people there knew the pride she felt, for all women see these things in other women's eyes. And so do a lot of men, too.

I don't envy Tom Dewey his title and his worrisome campaign ahead. But I do envy him that look of proud loyalty that Frances Hutt Dewey gave him.

The average man gets it from his wife only on their night out together when he tells a snooty waiter to take her steak back and cook it the way she said. Her hero! Or maybe when he reaches down their small child's gasping throat and pulls out the chicken bone choking her.

Don't Have To Be Winner

The funny thing about getting that wifely look of "you're-the-only-man-in-the-world-for-me" is that you don't have to be a winner to get it.

You are as likely to get it from the old girl when the world tabs you a loser as when you are the people's crowned savior of this-or-that.

Senator Arthur Vandenburg may have wondered at the last moment whether he shouldn't have made a real grab for the nomination that would have crowned his long career of public service. There were many, many people who wanted him to.

But I think Mrs. Vandenberg was completely honest when she said she hoped her husband wouldn't get it. Her man, after all, had given years trying to build an America and a one-world-for-all he believed in. She knew he would keep on doing that.

Unity More Important

To her and to him, fighting for international unity is more important than to head one segment of a world—even our own big segment. I think she thought that the last best gift of life to her was his:

"Honey, you're my Presidency —and I've had you for a long time. Now we can have more time together."

I think, being all my life fundamentally juvenile and in love with my own wife, Frances, that in this —our busy civilization—the thing that wives desire most is to be more with their husbands, and to share more in the worries they try to hold to themselves.

That is why I think that even witty Martha Taft must have gone to sleep last night with a feeling of relief.

She must have enjoyed the feminine consolation, alleviating to the hurt of her husband's defeat, that Senator Bob will be with her more often for the next few months—or years—than if he had won yesterday.

It is a wonderful thing to see your wife's eyes looking at you in love and admiration when you are the knight of the moment, tossing your hand in victory to the crowd.

It is even more wonderful to see her turn to you in your hour of outside defeat with her eyes of inside love and loyalty.

That is the reward today for a number of Republican candidates for the party's nomination. They'll have more fun at home for a long time than the man who beat them.

He's got to be a traveling salesman.

News Of Nomination Arrives In England

LONDON, June 25. (AP)—News of Thomas E. Dewey's nomination as Republican candidate for President reached London too late this morning for British papers to comment editorially.

Several of them ran profiles of the New York Governor, however, and a few columnists managed some last minute comment. One observed:

"Few Americans like Thomas Edmund Dewey, but they can never tell you why."

Soviet Aggression Has Spurred Unity Among U.S., Europeans

BY DEWITT MACKENZIE
Associated Press Staff Writer

Out of the fire comes the steel; but of the trials and dangers imposed by the Bolshevist drive to conquer the globe there undoubtedly is emerging a new unity among the free nations.

By treachery, trickery and aggression the Reds enslaved eastern Europe before a trusting world as a whole was awake to this threat from one of the major allies. However, with the full awakening the Democratic nations are solidifying in a manner which couldn't have been foreseen. The Communist scheme of breeding division and discord is back-firing.

We see this in the fact that while idealists strove for generations to form a United States of Europe, the Muscovites unwittingly and unwillingly have set such a union well on its way in western Europe in the brief period since the war Moreover that's only half the story, for the Soviet policy of aggression has driven western Europe and America together in a manner which couldn't have been foreseen by any stretch of imagination.

The nucleus of a possible United States of Europe is the recently formed western European union. This comprises Britain, France, Belgium, The Netherlands and Luxembourg. The alliance is economic, military and political. Other countries of west Europe are debating affiliation.

Marshall Plan Starts

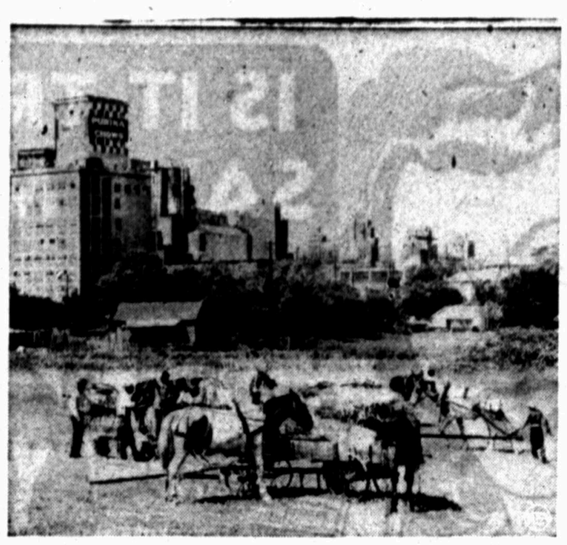

Today Washington is hard at work on ways and means of associating America with this new European block which gives real promise of expanding. Conversations between the union and the State department are expected to take place soon. Meantime the Marshall plan is swinging into action and is further drawing the nations of western Europe together for mutual advantage.

Part of the Red scheme is to drive the Americans, British and French out of Berlin, which lies in the heart of the Soviet zone. This is indicated clearly enough in the latest Soviet move of halting railway transport from the west into Berlin, thus cutting off much food and other necessities for some 3,400,000 people, apart from what the western allies move by air. The Reds, in order to cause suffering, also have severed a great deal of the electric current which supplies Berlin.

Democracy Unites

However, General Lucius D. Clay, American military governor, has declared succinctly and without emotion that the Russians "cannot drive us out of Berlin by any action short of war . . . Unfortunately the only way they can put on pressure is to make the Germans suffer."

These Russian tactics are, as remarked in a previous column, largely defensive. That is to say, their offensive has bogged down and they are trying to bolster it. But their tricks have lost their magic, and world Democracy is uniting against further aggression.

HAY, WHAT'S GOING ON HERE?—On a big hayfield right in the shadows of Fort Worth's skyscrapers, a baling crew cuts and bales the hay, oblivious to the bustle of city.

Colorado Man Holds Optimist Nomination

SAN ANTONIO, June 25 (AP)—C. Milton Morris, a Denver attorney, holds the nomination for President of Optimist International, now in annual convention here.

Unless nominations are presented from the floor at the election tomorrow, which has not happened for the last seven years, Morris and his slate will be voted as new officers.

Outstanding Jersey Bull Arrives Here

A Jersey bull which has the rank of "Superior Sire," has arrived at the Texas Technological college bull barn, and will be available for breeding purposes to anyone within a 28 mile radius of Lubbock, for the summer period, Casey Fine, associate professor of animal husbandry, announced Thursday afternoon.

Those farmers who wish to have their cows serviced by the bull should call the college during the morning hours, and ask for the bull barn, and give directions for reaching their farm, Fine said, adding that they might also contact Lubbock's county agent, David Sherrill. Service is given by artificial insemination, which allows one collection of semen from the bull to be diluted and service as high as 50 cows. There is a $6 charge for the first service and if it doesn't settle, the second and third services are administered at no extra cost. A technician from the college will call at the farmer's house at the proper time designated by the owner of the cows.

The bull named Observer Blonde's Signal, has 16 daughters that produced an average of 650 pounds of butter-fat in 305 days. The minimum necessary to be ranked a Superior Sire, is 10 daughters that average 450 pounds of butter-fat in 305 days. He has 27 daughters that score 84 of the 100 point total on the Jersey score card, which makes him the highest Superior Sire in the state. He is on lease to the Texas Tech Agriculture department for the summer from J. Chester Cliff, Tulia, who is the leading Jersey breeder of the nation.

The Romans used crude pieces of copper as money prior to the reign of Servius Tullius.

IT'S GOOD TO KNOW

Mrs. Tucker's HOME MAKING HELPS

A happy marriage is often determined at the breakfast table . . . her cooking . . . his disposition.

©1948 M.T.P.

If your last summer's washable wardrobe has been a complete letdown as far as the hems are concerned . . . but hem '47 still persists in identifying itself . . . lend an ear to what Mrs. Louise Sebring, Alice, Texas, has to say:

Sponge the underside of the crease with light cold starch and iron dry, using the best iron temperature for the fabric. Good for all tubables . . whether cotton or rayon.

Pennywise Mrs. Wendell Tucker, Chandler, Okla., has a suggestion that may add up to dollars saved comes summer's end:

Often, fresh vegetables which have been washed and placed in the refrigerator vegetable freshener become water logged and spoil because of the moisture that drains to the bottom. Several layers of paper toweling or a dry, clean dish towel placed in the bottom of the freshener—and replaced as often as it becomes soggy—absorbs the trouble and saves spoilage.

It's "putting up" time, and there's wonderful satisfaction in lining up rows of home canned foods. For brightening winter meals, we heartily recommend this delicious relish that's pretty to look at:

HOT RELISH

- 1 quart ground green tomatoes
- 1 quart ground sweet red peppers
- 1 quart ground mild onions
- 1 quart ground cabbage
- 1 quart vinegar
- 4 cups sugar
- Salt and hot peppers to taste

GENERAL PREPARATIONS

Prepare vegetables and grind, using medium knife of the food chopper. Combine all ingredients and simmer gently until vegetables are tender, about 30 to 45 minutes. Pour immediately into hot sterilized jars and seal.

"Let's have a picnic" is summer's sweet refrain. For a picnic deluxe, try golden brown fried chicken the MRS. TUCKER'S SHORTENING way. And don't forget the MEADOLAKE MARGARINE for a finer picnic spread.

EGG 'N' CHEESE PUFFS

Super for supper . . . quick and easy to prepare. And properly fried with Crisco . . . they're *digestible*, and mouth-watering good!

(MAKES 12 PUFFS)

4 eggs • 1 tablespoon chopped onion
½ cup flour • ½ teaspoon salt
1 tsp. baking powder • ½ lb. sharp cheese
½ cup Crisco for frying

All Measurements Level: Beat eggs and combine with onion, flour, salt and baking powder. Add cheese which has been cut in ¼ inch cubes. Heat Crisco in frying pan. Dip as much of the mixture as a large spoon will hold, and drop into hot Crisco. (*Notice—there's no unpleasant smoke or smell when you fry with pure, all-vegetable Crisco.*) Fry golden brown on both sides. Serve with sautéed tomatoes:—Dip tomato slices in salted flour, fry lightly in Crisco. (*Young and old can eat their fill; foods fried properly with Crisco are digestible!*)

SEND FOR CRISCO COOK BOOK—64 pages of "Recipes for Good Eating"—yours for 10¢ in coin and a Crisco label (any size). Address: Crisco, Dept. E, Box 837, Cincinnati 1, Ohio. Offer good in continental United States.

"My hurry-up supper got lots of hurrahs... and I got a frying hint!"

"I whipped up these Crisco-fried egg 'n' cheese puffs because they were so easy to make and I was so late from the movies. And you know what happened? My crisp, toasted-cheese-flavored puffs turned out to be a lip-smacking sensation!

"And when I saw what a hit they made with my family . . . and how light and *digestible* they were . . . well! From now on I'm taking the hint and frying with new, improved Crisco, giving my family their fill of crisp, tempting fried foods!

"There's no trick to making them—*anybody* can fry foods tender and light with pure, all-vegetable Crisco. And anybody can eat them, too . . . from Junior to Grampa. It's a fact—9 out of 10 doctors say that Crisco fried foods are easy to digest.

"Crisco for all 3 is my theme song now! I've always known pure, easy-blending Crisco was tops for lighter cakes and flaky pie crust. But now I'm featuring Crisco in three (count 'em—3) starring attractions . . . cakes, pastry and digestible fried foods!"

Early West Days Will Be Recalled When Two Colorado Men Open Fur Trading Post

DENVER, June 25. (INS)—The days of the early west will be recalled Sunday when two Colorado mink and fox farmers open a fur trading post at the foot of Mount Evans, 25 miles west of Denver on Highway 40.

Dr. Howard E. Lamb and John McNeill will trade their furs for silver dollars, however, not for the "fire water" and living necessities used in barter between the old-time trappers and Indians and the traders.

Chic Models Featured

Another concession to modern custom will be a style show featuring 15 chic models, attired in the latest-style wraps and coats, all made from Colorado-grown furs.

The Pueblo-type post has one particular feature that makes it different from other fur salons. At the rear of the "Mt. Evans Fur Farms" is a U-shaped wall of cages, where every type of mink known, numerous breeds of fox, and many other live fur-bearing wild animals will be on display.

When motorists stop to buy furs, milady can look at the exhibits, spot the fur she particularly likes, and say, "I want a coat like that."

"She'll know she's getting the genuine article," Dr. Lamb said, 'because she can compare the furs she buys with the one worn by the live animal."

Pelts bought at the post may be made into a wrap or coat at the Mt. Evans fur farms, or the buyer may prefer to choose his own furrier.

Either way, the coat will cost considerably less than the price asked by a swank shop.

Greek Army Is Forging Ahead

ATHENS, June 25. (AP)—Bad weather and desperate rebel resistance slowed down today the army's drive to wreck the Communist revolution led by Markos Vafiades.

Heavy fog and rain held up the ninth division, spearing eastward from Konitsa on the western flank of the guerrillas' Grammos mountain pocket. Hard--fighting rebels tied up Greek divisions striving to break through the pocket's eastern flank.

American officers, assigned to Greek divisions as observers and advisers, predicted last night that vital Amouda ridge, northwest of Nestorion on the east flank, will fall shortly. That, presumably, would break the dike.

The guerrilla radio has been silenced, apparently by air attacks, and captured guerrillas said their losses on Amouda ridge have been "terrific."

The rebel position on Amouda, heavily fortified by stone and log machinegun emplacements, was endangered yesterday by the army's capture of Boufa height, a continuation of the Amouda strongpoint.

King Paul arrived at the front only a few moments before yesterday's assaults on Amouda began, dispatches from second corps headquarters said, and watched his troops move into action.

JET-AGE CHILD'S PLAY—Only a couple of puffs behind his jet-propelled elders, this London youth gets ready to send his model jet airplane soaring. The English, made plane is powered by a tiny jet cartridge claimed to produce speeds of over 30 miles per hour. Fuel burns without flame or sparks, is non-explosive, and said to be perfectly safe for children to handle.

Dan Dailey Plans Nationwide Tour

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, June 25.—Movie stars are hitting the road and the latest to plan a nationwide tour is song and dance man Dan Dailey.

Filmsters are touring the country to get back in touch with the public and—oh, yes—to make some money. Dailey wants to build a traveling unit of an orchestra and some vaudeville acts and he makes no bones about his idea behind it.

"I'll tour the big cities where the money is," he said. "I figure 10 weeks on the road will earn me about $100,000."

Yvonne DeCarlo is the latest to join the Calamity Jane Sweepstakes. She is supposed to play the famed frontier gun gal in "The Story of Sam Bass," for which James Stewart is being courted. Meanwhile, Warners announced a Calamity Jane film for Doris Day, and Jane Russell played the character in "Paleface" with Bob Hope. And remember Jean Arthur's version in "The Plainsman?"

Douglas Fairbanks, jr., must rank as the town's top optimist, while everyone else is moaning about the new British film quota, he says it will be a healthy thing. "It will force producers to turn out better pictures," he remarked on "the O'Flynn" set.

San Antonio Woman Killed In Shooting

SAN ANTONIO, June 25 (AP)—Mrs. Erma Buhl Hoyle, 32, was shot and killed here yesterday by three blasts from a 20 gauge shotgun.

Sheriff's deputes arrested a 33-year-old sergeant at the scene of the shooting, which occurred in an alley.

Crosby Pioneer Is Claimed At Home

CROSBYTON, June 25. (Special)—Virgil H. Davis, sr., 72, a resident of the Crosbyton section for the past 35 years, died at his home here at 7:15 p. m. Thursday.

Funeral services are pending; King Funeral home, which is in charge of arrangements, announced.

Mr. Davis was operator of the first service station in Crosbyton.

He is survived by his wife, one son, Virgil H., jr., of McGregor; one daughter, Mrs. Carl Gunn of Crosbyton; a stepson, Willie D. Ball of Colorado, three stepdaughters, Mrs. George E. Millam of Espanola, N. M., Mrs. Maude Crisler of Waco, and Nora Pierce of Austin; three brothers, F. D. McGuire of Vera, E. W. of Farwell and J. B. of Seymour; and three sisters, Mrs. J. T. Hannah of Clovis, Mrs. C. B. Berry of Lubbock, and Mrs. Lillie Scribner of Mission.

Dewey Sets Goal Of Freedom, Unity In Acceptance Speech

By HARRISON HUMPHRIES
Associated Press Staff Writer

PHILADELPHIA, June 25 — Thomas E. Dewey solemnly set a goal of freedom for men everywhere in accepting the Republican presidential nomination last night.

"As long as the world is half free, we must peacefully labor to help men everywhere achieve liberty," he told cheering GOP national convention delegates who had just nominated him unanimously.

"Above all other purposes," he said, "we must labor by every peaceful means to build a world order founded upon justice and righteousness. That kind of a world will have peace. That kind of peace will be worth having."

Unity Is Sought

World freedom and an appeal for unity to help achieve it were the two central themes of the New York governor's 15-minute acceptance speech.

"We are a united party," he told the Republicans, but "our nation stands tragically in need of that same unity."

The unity to be sought is "most of all spiritual," he said.

"We have found the means to blow our world, physically, apart. Spiritually we have yet to find the means to put together the world's broken pieces, to bind up its wounds, to make a good society, a community of men of good will that fits our dreams.

"We have devised noble plans for a new world. Without a new spirit our noblest plans will come to nothing. We pray that, in the days ahead, a full measure of that spirit may be ours."

Names Leaders

Dewey referred to the six other candidates for the nomination as "high minded men of character and ability and deeply devoted to their country."

"Never has a political party produced such distinguished men," he said.

The convention gave a burst of applause to each, as he named them, alphabetically: Senator Raymond E. Baldwin of Connecticut, General Douglas MacArthur, former Gov. Harold E. Stassen of Minnesota, Senator Robert A. Taft of Ohio, Senator Arthur H. Vandenberg of Michigan, and Gov. Earl Warren of California.

"There has been honest contention, spirited disagreement, hot argument," Dewey said, "but let no one be misled. You have given moving and dramatic proof of how Americans, who honestly differ, close ranks and move forward for the nation's well being, shoulder to shoulder."

Assures Teamwork

At that point he deviated from his prepared text to say:

"Let me assure you that beginning next January 20 there will be teamwork in the government of the United States."

Dewey said he is "free" and "unfettered" from any commitments and is "proud" to support the party platform unanmiously adopted at the convention.

"It will be the heart of the message I will take to the country," he promised. "After January 20th, it will be the cornerstone of our Republican administration."

Following his convention speech, Dewey indicated that he will start his formal election campaign at about the time the Democrats assemble here for their nominating session starting July 12.

To Have Housecleaning

In an informal talk at his convention headquarters in the ballroom of the Bellevue-Stratford hotel, the governor thanked his supporters for their work and told them to take a good rest for a "couple of weeks."

Then, he said, "start working harder than ever."

Confident of victory in November, Dewey said he would start out next January by having "the finest housecleaning in Washington there ever was."

"Nobody," he added, "will have to ask money from Congress to find Communists on the payroll. There won't be any more appointed after January 20."

Still later last night, on the balcony of the hotel, Dewey promised the crowd packed in the street that "we will bring the finest talent in the country to do the job of government that needs to be done." He added:

"We shall establish a foreign policy that does not vaccillate between bluster and appeasement."

Sixty percent of the saw timber in the United States is privately owned. Forty percent is publicly owned.

JAPANESE HONOR FATHER FLANAGAN—In appreciation of the good work he did among Japanese youngsters, Tokyo orphans honor the late Father Flanagan with this life-size painting of the famed priest surrounded by Japanese children. Painted by Takeshi Sasaka, it is being sent to the orphans of Boys Town, Neb., which Father Flanagan founded. Father L. H. Tibessa of the Tokyo Catholic Club is shown accepting the gift for Boys Town.

Pittsburgh Plans To Exhibit Insects

PITTSBURGH, June 25. (AP)—"Come on, pop, let's go out to the zoo and see the termites."

That sort of request won't be an impossibility among Pittsburgh's younger set in a few months, officials of the Pittsburgh zoo said yesterday.

The zoo people said they plan to establish a "zoo within a zoo"—consisting to two glass enclosures to house such insects as termites, ants and spiders.

Tobacco was so precious to the American Indians they frequently burned it as part of their devotionals to the Great Spirit.

couraged to try to get nearby communities to help in the planning of the trainees' recreation. At Knox, in cooperation with Louisville, Ky., civic groups and citizens, excellent recreation was arranged for the young "Umtees." It kept them out of the saloons and made them feel as if they were in their own home town. This device will be used widely at camps getting draftees.

A more intelligent presentation of sex problems is another goal of the new training. Instead of trying to scare the men with horror pictures of what happens to a man with a venereal disease, emphasis will be placed on self-control, the rewards of clean living and the responsibility of a soldier to his family, the church and to his country.

Discussions Set

At least once a week there will be supervised discussions of current events on the theory that the best soldier is the most intelligent soldier.

Some courses in the Army's basic training have been dropped to make room for the "Umtee innovations." These include courses on mines and booby traps, combat teamwork, motor vehicle operations, the use of common hand tools and others.

Because many of the draftees will be sent abroad for occupation duty, the new basic training will include such courses as military intelligence, procedures for handling prisoners of war and displaced persons, and the processing of captured documents.

Wherever possible the Army is going to paint the insides of the barracks where draftees will be quartered. Pleasanter quarters helped make the Fort Knox experiment succeed. Unfortunately, they say, the Army won't have much money for this phase of the training program.

In trying to revolutionize its training. The Army has a threefold purpose: First, it wants to make better soldiers. Second, it wants to make Army life so attractive that enough men will want to re-enlist and future drafts to maintain strength will not be necessary. And finally, the Army feels it owes a great responsibility to U. S. parents to make the best of the men's time while they are in service.

of his blood type.

Q.—Does the blood recipient contract any obligation in accepting blood furnished by the service?

A.—No, but his relatives or friends will be requested to replenish the blood bank supply. By agreement with the hospitals and the medical society all such prospective donors will be referred to the blood bank.

Q.—Who is responsible for establishment of the blood bank?

A.—The blood bank is being established by the Lubbock county chapter of the American Red Cross, upon request of Lubbock-Crosby County Medical society, of members of the American Hospital association in Lubbock and of the City Health department. The Red Cross bought refrigeration, laboratory and bleeding room equipment and supplies. Lubbock Memorial, West Texas and St Mary's hospitals, participating hospitals, will pay salary of the laboratory technician.

Q. Will the blood donor service share in the 1948 fund raising campaign for the Red Cross?

A.—Yes. No special fund raising campaign will be necessary.

Q.—Will blood collected at the blood bank be available to hospitals outside Lubbock county.

A.—No. All blood collected at the blood bank will be used in Lubbock county.

Q.—Will patients in participating hospitals, who live outside Lubbock county, be given blood?

A.Yes, if their physician requests it through the hospital.
