MAKING SURVEY GAS PROPERTY

CITY EMPLOYS ENGINEER TO APPRAISE ENTIRE DISTRIBUTION SYSTEM

Another step has been taken during the past week by the city council in the fight for lower gas rates for the city of Perryton, when the McFadden Engineering company, Amarillo, was employed to make an appraisal of the entire gas distribution system of the Public Service Corporation of Texas, located within the city limits.

A. E. McFadden, head of the company, will have charge of the survey and has already started on the preliminary work, according to Mayor Dave Shanks. According to the contract made with McFadden, the firm will be paid the sum of twenty dollars a day for the actual time on the surveying job which is estimated at from four to five days.

V. F. W. GIVE RADIO PROGRAM

SPECIAL PARTY AT LEGION HALL TO LISTEN IN ON NATIONAL HOOK-UP VETERAN HOUR

Tomorrow night, Friday, January 22, the local Veterans of Foreign Wars Post, B. L. Rogers, Commander, is sponsoring a party for all veterans and the public at Legion Hall to listen in on one of the most unique and colorful programs that has ever been sent out over the ether. The "Hello America" program, presented by the V. F. W. will start at 10:30 p. m., our time.

In cooperation with the National Broadcasting Company and the Department of the District of Columbia, Veterans of Foreign Wars of the U. S., a radio program that will last for one full hour will be broadcast from Washington, D. C., to all sections of the country. Tentative plans contemplate a network of approximately fifty stations.

The V. F. W. "Hello America" radio hour will present two outstanding features, plus an array of radio and theatrical entertainment that includes some of the greatest personalities on the air.

The program is to be built around two features—one the obligation of a nationwide class of recruits by Commander-in-Chief DeCoe standing in front of the microphone in the banquet hall of the National Press Club in Washington, D. C. In nearly 2500 Posts, classes of recruits will be prepared to receive the obligation from the Commander-in-Chief, constituting the largest Commander-in-Cheif's class ever obligated at one time in the history of the V. F. W.

The other big feature of the V. F. W. radio hour will be an address by the Honorable Wright Patman, member of Congress from the First District of Texas. Congressman Patman, a disabled veteran, will present to the radio listening public the veterans' side in the present campaign being sponsored by the V. F. W. in behalf of immediate cash payment of adjusted service certificates. The gentleman from Texas has been a leading exponent of the veteran cause in Congress for several years past, a prominent advocate of cash payment of the so-called bonus and has made a deep study of the many problems involved. As a public speaker, he is distinguished by his use of logic and facts and his ability to sway an audience through the simple recital

THOMPSON INTO CONGRESS RACE

AMARILLO MAYOR WOULD REPRESENT TEXAS AS U. S. CONGRESSMAN AT LARGE

Amarillo, Jan. 20.—"A public official who makes good 100 per cent on his campaign promises," is the characterization The Amarillo News-Globe give to Col. Ernest O. Thompson, mayo of Amarillo, in today announcing his candidacy for the Congressman-at-large in the Democratic primary.

COL. ERNEST O. THOMPSON

Colonel Thompson, completing his third year as mayor of Amarillo, his first public office, today outlined a brief platform upon which he will submit his candidacy to the people of Texas. It is terse and unequivocal on the pertinent issues before the people, as was his platform for mayor when he submitted it to the people on January 20, 1929, three years ago today.

"If he performs for the people of Texas", declares The News-Globe editorially, "as he has served the people of Amarillo, Texans today are assured that the Lone Star State will have a representative in Congress who will make national history from the moment he goes into office."

Three years ago Colonel Thompson told Amarilloans that it was time the tax-payers "had a new deal." In setting out some of the things he belived should be done he said:

"We deserve cheaper utility rates, lower taxes and reduced cost of city government. I will immediately start action," he said, "which will get results, and it will be done openly and in a manner that will have the sanction of all progressive citi-

SCHOOL TO PUBLISH ANNUALETTE THIS YEAR

The 1932 Class of the Perryton High school has decided to publish an "Annualette" this year in place of the regular annual which has been put out in former years. This decision was made on account of financial conditions, the cost of the "Annualette" being but a small per cent of the cost of a regular annual. A limited amount of advertising will be carried in the publication to assist with the expense of publishing. The charge for the advertising, per page, is materially lower than that usually carried for the annual space. Representatives of the Seniors will in the next few days interview the business men of Perryton soliciting them for advertising space. In view of the fact that the Perryton schools seldom ask the business men for any financial assistance, we think that they should assist the school in the financing of this year's "Annualette." Schools in most towns the size of Perryton are continually "passing the hat" up and down Main street for the benefit of school activities. This is not true with our school.

Buy Auto Tags Before Feb. 1

The last day for obtaining automobile and truck license plates, without penalty is January 31, 1932. After that date, drivers with old plates are subject to arrest and penalty of twenty-five per cent added to the cost of the 1932 license tags.

There is only one exception to this rule. If you do not operate your car a single time on or after January 1, 1932, then you can at any time during 1932, buy your tag for car or truck, and pay only for the remainder of the year. But, if the car or truck is driven a single time after January 1, 1932, you will be charged for the entire year with a penalty of twenty-five per cent added.

American Legion Auxiliary NEWS

The American Legion Auxiliary Unit No. 254, met in regular session Monday night, January 18, 1932, with 26 members present. Several new members were present and were introduced.

Treasurer reported a total of $34.50 taken in at games tourney Friday, January 15th. Motion was made that bills be allowed for refreshments served at reception, also expenses on tournament.

Mrs. J. R. Thomas, child welfare chairman, read the report on child welfare work sent to headquarters.

Mrs. Spencer Whippo, legislative chairman, read a very interesting article on the Auxiliary's part in the legislative program for the coming year.

It was announced that the losers in membership contest would entertain the winners the night of February 15th. Every member is urged to be present and let's make it a "Get Acquainted" affair. Remember there is an important part for every Auxiliary member to play in the coming year's program and it will take the efforts of the entire membership to make it a success.

This finishing the business for the evening, the meeting adjourned.

Liel Lewellen and Walter Bowen left Sunday for Kansas City, Mo., where they are attending a John Deere convention.

Mr. and Mrs. A. K. Wooten had as their guests for dinner Sunday Mr. and Mrs. Erlene Jones and daughter.

Mrs. Jim King had her tonsils removed last Thursday at the Perryton hospital. She is getting along nicely.

CREDIT AND MONEY

Expressing the opinion that something needs to be done by congress to make money or credits, or both, more plentiful in order to help relieve agriculture distress, Clarence Roberts, editor of the Oklahoma Farmer-Stockman, has addressed an open letter to the Oklahoma delegation in congress calling for such legislation.

"Due to the freezing of credits, the hoarding of money and the disastrously low prices, money cannot be borrowed locally," he says. "Our banks, to maintain a liquid condition, for which they cannot be blamed, are keeping their deposits in cash and in securities which can be sold on an hour's notice.

"The banks have money, but they have no money to lend—to farmers. We have reached a condition where money is exteremely scarce and credit entirely lacking.

"To furnish this credit is not a huge task. No farmer wants to borrow above his absolute needs. If he borrows, it will be to 'carry on.' Such credit as may be extended would be to meet an emergency."

Credit alone, according to Editor Roberts, will hardly remedy the situation; it can only ease it for a time.

"What is needed is a higher level of prices for what the farmer sells. With that higher level no financing will be necessary. The farmer himself can somehow, even though slowly, work out of his difficulties, and he would much prefer to work out in that manner than merely to be loaned more money of which he has already borrowed too much.

"Plainly put, we need more money—in circulation. Money has become scarce; it is being hoarded. Estimates place the amount hid away at $1,000,000,000. What we need is an inflation of credit. By this means, goods we own can be turned into money. If only $1,000,000,000 of our national wealth, a mere fraction of it, is turned into currency, that other billion in hiding will come out."

Only congress can act to bring about inflation, according to Mr. Roberts. Congress alone controls the flow of money; it alone may issue currency. It is not possible for individual farmers or for the mass of farmers, united as one group, to bring this about. Only congress can do it and, hence, full and complete responsibility rests upon congress to act.

The Old Grist Mill

Farnsworth Folks Revive An Old Custom; Take Their Wheat To the Village Mill

Farnsworth, Tex., Jan. 18.—They don't ride horse-back with the sack across the saddle as of yore, but they go to the mill, wait till their grain is ground and return home with the meal.

Farnsworth folks were the very first to begin feeding wheat to hogs, some even used wheat for fuel, and when these facts became known, there were those who presumed to criticise.

A radio announcer, in commenting, said it was a shame to feed wheat to hogs, or to burn it for fuel, when so many were hungry in the cities. The farmer's reply to the criticism was fairly expressed by the country store keeper at Farnsworth, B. L. Rogers, who reminded the city radio critic that there was lots of wheat in the city, the elevators were full of it, right there within sight of the people who were hungry.

Rogers has resurrected an old coffee-mill, the kind that used to be seen in every grocery store. The mill is placed under the shelter in front of the store and all who will are invited to use it to grind wheat for food. It is being used freely and the sale of some items in package cereals in the store has fallen off but Rogers says that is all right, the people will be able to purchase some other items with the saving.

Village folks, or those who do not have wheat at hand, get it from a neighbor or at the elevator and "go to mill." No toll is charged but several have insisted on giving the store-keeper a portion for his own table.

The very high protein content of the wheat around Farnsworth may have something to do with the extra fine flavor and nutritious quality of the product but in any event, all agree that it is very appetizing and the good health and cheerfulness so noticeable, may be largely due to "Farnsworth Farina" as the whole wheat product is called.

Already, someone is talking about using power to grind but Rogers says they need the exercise.

Mr. and Mrs. E. E. Marshall, Miss Anna Mae Cudd and Fred Nies motored to Springer, Colo., Sunday for Miss Julia Belle Perry, who will attend the Perryton high school. They returned Sunday.

"Crazy Quilt"

Three Stars Featured in Billy Rose's Revue at Amarillo Thursday, January 28

Fannie Brice, Phil Baker and Ted Healy in Billy Rose's "Crazy Quilt" will be the attraction at the City Auditorium at Amarillo, for one night, Thursday, January 28th. This is by far the biggest attraction ever booked in Amarillo or the Southwest, according to Wilbur C. Hawk, the sponsor.

The attraction is the most important booking of the theatrical season. Not only are here assembled three of the outstanding personalities of the stage, screen and radio, but the show itself comes with the prestige of a long run at the Forty-fourth Street Theatre, New York city and more recently a protracted and solvent stay at the Apollo theatre, Chicago.

The biggest aggregation numbering well over 100 persons comes with both personnel and production intact. Both New York and Chicago reviewers are of one mind in declaring that never before have the three favorite fun-makers been provided with a vehicle so happy in opportunity for their drolleries.

"El Bolero", a sensational dance creation, said to have had its inception in the Moorish harems that abounded in Andalusia before Ferdinand and Isabella chased the Sarcens from Spain, will be performed by the celebrated terpsichorean duo, Gomez & Winona.

Not the least of "Crazy Quilt's" claim to fame is the revelation of three score young women in vestments described by an ecstatic scribe as "making Mahatma Grandhi look like an eskimo."

Especial attention will be paid to out of town mail orders. Those accompanied by remittance in full and self-addressed, stamped evelope will be filled in rotation. The price is from $1.00 to $3.85, which includes war tax. The company comes to Amarillo in a special train over the Rock Island from Oklahoma City and returns to Dallas the same way. Order your tickets now and secure choice seats.

CREDIT AND MONEY

Expressing the opinion that something needs to be done by congress to make money or credits, or both, more plentiful in order to help relieve agriculture distress, Clarence Roberts, editor of the Oklahoma Farmer-Stockman, has addressed an open letter to the Oklahoma delegation in congress calling for such legislation.

"Due to the freezing of credits, the hoarding of money and the disastrously low prices, money cannot be borrowed locally," he says. "Our banks, to maintain a liquid condition, for which they cannot be blamed, are keeping their deposits in cash and in securities which can be sold on an hour's notice.

"The banks have money, but they have no money to lend—to farmers. We have reached a condition where money is exteremely scarce and credit entirely lacking.

"To furnish this credit is not a huge task. No farmer wants to borrow above his absolute needs. If he borrows, it will be to 'carry on.' Such credit as may be extended would be to meet an emergency."

Credit alone, according to Editor Roberts, will hardly remedy the situation; it can only ease it for a time.

"What is needed is a higher level of prices for what the farmer sells. With that higher level no financing will be necessary. The farmer himself can somehow, even though slowly, work out of his difficulties, and he would much prefer to work out in that manner than merely to be loaned more money of which he has already borrowed too much.

"Plainly put, we need more money—in circulation. Money has become scarce; it is being hoarded. Estimates place the amount hid away at $1,000,000,000. What we need is an inflation of credit. By this means, goods we own can be turned into money. If only $1,000,000,000 of our national wealth, a mere fraction of it, is turned into currency, that other billion in hiding will come out."

Only congress can act to bring about inflation, according to Mr. Roberts. Congress alone controls the flow of money; it alone may issue currency. It is not possible for individual farmers or for the mass of farmers, united as one group, to bring this about. Only congress can do it and, hence, full and complete responsibility rests upon congress to act.

The Old Grist Mill

Farnsworth Folks Revive An Old Custom; Take Their Wheat To the Village Mill

Farnsworth, Tex., Jan. 18.—They don't ride horse-back with the sack across the saddle as of yore, but they go to the mill, wait till their grain is ground and return home with the meal.

Farnsworth folks were the very first to begin feeding wheat to hogs, some even used wheat for fuel, and when these facts became known, there were those who presumed to criticise.

A radio announcer, in commenting, said it was a shame to feed wheat to hogs, or to burn it for fuel, when so many were hungry in the cities. The farmer's reply to the criticism was fairly expressed by the country store keeper at Farnsworth, B. L. Rogers, who reminded the city radio critic that there was lots of wheat in the city, the elevators were full of it, right there within sight of the people who were hungry.

Rogers has resurrected an old coffee-mill, the kind that used to be seen in every grocery store. The mill is placed under the shelter in front of the store and all who will are invited to use it to grind wheat for food. It is being used freely and the sale of some items in package cereals in the store has fallen off but Rogers says that is all right, the people will be able to purchase some other items with the saving.

Village folks, or those who do not have wheat at hand, get it from a neighbor or at the elevator and "go to mill." No toll is charged but several have insisted on giving the store-keeper a portion for his own table.

The very high protein content of the wheat around Farnsworth may have something to do with the extra fine flavor and nutritious quality of the product but in any event, all agree that it is very appetizing and the good health and cheerfulness so noticeable, may be largely due to "Farnsworth Farina" as the whole wheat product is called.

Already, someone is talking about using power to grind but Rogers says they need the exercise.

Mr. and Mrs. E. E. Marshall, Miss Anna Mae Cudd and Fred Nies motored to Springer, Colo., Sunday for Miss Julia Belle Perry, who will attend the Perryton high school. They returned Sunday.

"Crazy Quilt"

Three Stars Featured in Billy Rose's Revue at Amarillo Thursday, January 28

Fannie Brice, Phil Baker and Ted Healy in Billy Rose's "Crazy Quilt" will be the attraction at the City Auditorium at Amarillo, for one night, Thursday, January 28th. This is by far the biggest attraction ever booked in Amarillo or the Southwest, according to Wilbur C. Hawk, the sponsor.

The attraction is the most important booking of the theatrical season. Not only are here assembled three of the outstanding personalities of the stage, screen and radio, but the show itself comes with the prestige of a long run at the Forty-fourth Street Theatre, New York city and more recently a protracted and solvent stay at the Apollo theatre, Chicago.

The biggest aggregation numbering well over 100 persons comes with both personnel and production intact. Both New York and Chicago reviewers are of one mind in declaring that never before have the three favorite fun-makers been provided with a vehicle so happy in opportunity for their drolleries.

"El Bolero", a sensational dance creation, said to have had its inception in the Moorish harems that abounded in Andalusia before Ferdinand and Isabella chased the Sarzcens from Spain, will be performed by the celebrated terpsichorean duo, Gomez & Winona.

Not the least of "Crazy Quilt's" claim to fame is the revelation of three score young women in vestments described by an ecstatic scribe as "making Mahatma Grandhi look like an eskimo."

Especial attention will be paid to out of town mail orders. Those accompanied by remittance in full and self-addressed, stamped evelope will be filled in rotation. The price is from $1.00 to $3.85, which includes war tax. The company comes to Amarillo in a special train over the Rock Island from Oklahoma City and returns to Dallas the same way. Order your tickets now and secure choice seats.

Two Games Scheduled

First Team Loses by Close Score While Second Wins From Redskins by One Point

The Rangers gave a good account of themselves Friday night, January 15, at Liberal. Perryton's first team lost the game, and the second team won by a score of 16 to 15.

The second team game was the best because of the way the teams were matched. At one time, and only one, was there over four points difference in the score. This was at the beginning of the second half. Liberal made two baskets, making the score 8 to 12 in favor of Liberal. They kept their lead until the last two minutes of the game. The last minute the score was 14 to 15, but Johnson made a basket just before the game ended, making the score 15 to 16 in favor of the Ranger's second team.

The first team game was "plenty good", with Liberal taking the lead and staying there through the entire game. The first half ended with the score 10 to 6 for Liberal. In the third quarter the Rangers tried hard to overcome the lead, but they just could not do it. The game was played hard from start to finish and ended 14 to 20 in favor of Liberal.

SIXTH GRADE REPORT

Those making one hundred in spelling the weeks we have been in school are: Lena Murray, Willard McLarty, Virginia Correll, Virginia Ray Nelson, Luttie Freeman, Inez Johnson, Vivian Rogers, Eldon Shupe, Jerilee Slaughter, Mary Lee Wilson, Mary Francis Andress, Pauline Flowers, Imogene Howlett, Elaine Manwarren, Ida Pettit, Juanita Selby, Avis Lee Wooten and Lucille Stramp.

Ida Pettit and Mary Frances Andress made one hundred in spelling during the eighteen weeks of school.

The following poem was found by one of our pupils and handed in:

"If I were you and went to school,
I'd never break the smallest rule;
And it should be my teacher's joy
To say she had no better boy.
And 'twould be true,
If I were you.

If I were you I'd always tell
The truth, no matter what befell;
For two things only I despise,
A coward heart, and telling lies;
And you would, too,
If I were you."

We, the high 6th grade, welcome the low 6th grade into junior high school, and wish you as pleasant a year as ours has been. We are familiar with the rough road over which you have trod for just a few short days ago we came over the same highway. Let us whisper a secret to you: The further you travel on the highway of life the more detours and short curves you encounter.

So fill your tank with gas, have your battery well charged, your head lights tested and last, have brakes in excellent condition. For there is many a sudden stop in the middle of the road. Now fall in line with the 6th grade and let's get started.

Alice Kuhn and Mary Lee Wilson of the high school piano department, played solos at the Christian church on Sunday evening, January 17.

The Love Pirates of Hawaii are launched on a sea of labor, preparing an evening of entertainment for your benefit. Watch El Sombrero for future announcements.

CRAZY "CRAZE" TALKING

I know that everyone will be glad to hear that Julia Belle Perry has returned to attend school here the last semester. Mr. Marshall is glad to have her back on his basket ball squad.

Believe it or not, if the Rangers had made all their free shots they would have beat Liberal Friday night.

L. D. made five points which was the most he has made in the last month.

Well, folks, let's all come out on Thursday and Friday nights and see the Rangers play ball. Thursday night Shattuck will bring over two boys' teams, and Friday, Union plays here.

Mr. Haggards' team defeated the Booker boys here Friday night by a score of 25 to 19. Jack Collier was the star for the third team.

"Bus" Murphy doesn't like the waitress at the Annex Cafe at Liberal because she called him a "Redheaded, Freckled-face Thing."

Approximately twenty-five new students have entered the Senior high school including those who were promoted from the Junior high.

JUANITA MORGAN ILL

Miss Juanita Morgan, a senior in our high school, had a sudden attack of appendicitis Sunday night, January 17, and was operated on Monday afternoon at the Plaza hospital in Perryton.

Students and teachers alike were very sorry to hear of her illness, and hope that she will soon be able to return to her school work.

SENIOR CLASS MEETING

On Tuesday, January 12, the Seniors had a class meeting at 8:45. A committee was appointed for the selection of invitations. The invitations will be ordered through Mr. Stewart of The Stewart Printing Co. or Mr. Coffee of Amarillo.

The committee appointed was: Ella Mae Pletcher, Edwin Lawson, Retha Hooper, and Dee Brewer.

By unanimous vote it was enacted that this spring's graduating class would wear caps and gowns. The gowns this year are some different from what they have been before.

When invitations are mentioned, each Senior remembers that he has only a short time to spend in dear old Perryton school.

Shattuck Indians Play Ranger First and Second Teams On Thursday Night

There will be two big games for the Perryton Rangers Thursday night, January 21, when they meet the Shattuck Indians here. The following article from the Amarillo Daily News shows the strength of the Indians:

"Shattuck, Jan. 19.—The Shattuck Indians won their first conference cage go here this week end when they defeated the Tangier five 47 to 15. At the end of the first period the Indians had a lead of 13 to 4. At the half Shattuck had the visitors 23 to 10. The last half showed more action on the part of both of the teams, Shattuck scoring 14 points to six by the visitors. In the last quarter Tangier took enough shots to even up the score, but only two of them counted.

"Ned Stuart of the Indians was high point man with nine baskets. This year's squad is made up entirely of rookies that came up from Junior high this fall. All of last year's lettermen either graduated or are ineligible to play. Lucas, guard, was outstanding defensive man for the Indians.

"The Indians go to Perryton Thursday to meet the Ranger's first and second teams."

Friday night they will meet Union here which promises to be a good game. The Rangerettes second team will meet the girls from Union. Both of the games will be worth seeing.

CLUBS

Current Events Club

The Current Event Club met during the seventh period on January 8. The house was called to order by the president, Lynn Hamilton. William Nichols was appointed chairman, and other business was discussed.

The program, which consisted of talks on Germany's condition, a new type of aeroplane, sport and a newly invented machine that tells if a criminal is telling the truth, came next. This last named, the Criminal Detector, is an electrical device which is attached to a man's pulse. One's pulse beats faster when he tells a falsehood, scientists report; this machine registers this condition.

After the program Miss Manly read from "The Mine With the Iron Door," by Harold Bell Wright.

Girl Scouts

The Girl Scouts are becoming a very active organization. The two troops now have separate rooms, and each patrol has its particular place in one of the rooms. Nearly all the patrols have their patrol flags made.

There are eleven registered Girl Scouts and thirteen ready to be registered. Those remaining are planning to pass the Tenderfoot test in the near future.

The program for last weeks was as follows:

Reading—Vesper Horan

Song—Steryl George and Esther Lowen

SOCIETY

Slumber Party

* * * *

Miss Mary Lee Records was the delightful hostess for a slumberless party at her home Friday evening, January 15th. The guests arrived at 7:30 dressed in gay colored pajamas. The first part of the evening was spent in paiying card games, rook, touring, animal, slapjack and others. Dessie Fisher and Ruth Lawrence played popular pieces for a while, and then ghost stories were introduced.

At midnight the hostess served a very appetizing luncheon, consisting of sandwiches, cocoa, pop corn and apples. Everyone enjoyed this part of the party very much, according to report.

Afterwards keep awake games were played. "Grunt" proved to be the most interesting. Mischief was done by tying the toes of girls who had gone to sleep to the bedposts.

At 7:00 o'clock Saturday morning breakfast was served to Misses Dessie Fisher, Nadine Layton, Lois Roper, Ava Dunlavy, Ruth Lawrence, Delta Winfrey, Juanita Lawrence, and the hostess. After finishing their breakfast the girls departed for their homes declaring that never had they spent a more wide awake and interesting night.

Miss Sharpe Hostess

* * * *

There were a number of "sleepy-headed" girls at school Friday as a result of a slumberless party given Thursday night by Lura Mae Sharpe at her home.

Feature entertainments of the evening were candy making, radioing, and card playing. Punch wass servduring the entire course of the evening. The girls succeeded in staying awake all night, and at 5:30 they prepared their breakfast. However, 8:30 came too fast, and they finally deemed it necessary to start to school, which task was wearily taken in hand.

Those attending the party were Thaylia Pearson, Albertine Andress, Ina Mae Hollis, Ella Ray Kutch, and the hostess.

RANGERS THIRD TEAM DEFEATS BOOKER

The third string boys' basket ball squad defeated the Booker Indians Friday night, January 15, by a score of 25 to 19.

The third squad was rated as the under dogs, but by using a good defense and by Collier's ability to make goals, they managed to finish with the big end of the score.

Holman, center, was responsible for the majority of the visitors score.

Our Destination!

I believe that all of us, as people, do not give enough consideration to our future. We should stop and ask ourselves the question, "What is our destination to be?"

I think that I am correct in stating that on an average people do not consider their futures seriously enough. It is true that we should live in the present, think in the present, and act in the present, but it is also true that we should think of our future and prepare for later years in life by making the most of our present living.

Each act done, each word spoken, and each mistake made cannot be recalled. We are building our future by our actions and words of today. What we reap tomorrow will only be that which we are sowing today.

Those of us attending school should make the most of our present opportunities and in turn, we will automatically be preparing and building for a future.

By being pleasing in manner, cheerful in attitude, dignified in our appearance, and ambitious in our thoughts, certainly we are, to a certain extent, making our destination greater as well as satisfying.

Mid-Term Examinations

The annual mid-term examinations were taken last week by students of Perryton high and grammer school. These examinations are always dreaded by students and are not enjoyed by the teachers.

Each year several students are eliminated from certain classes and placed back in classes not so advanced as a result of the examintions.

Supt. W. B. Irvin, in commenting upon the mid-term examinations, made the following statements:

"There were fewer students making failing grades this year in Perryton schools than ever before. I believe that this was partially due to the fact that pupils have had less money to spend this year than they have had heretofore. Students this year have seemed more conscientious about their studies."

BOYS' GLEE CLUB AT CHRISTIAN CHURCH

Accepting an invitation made by the Reverend Hart of the Christian church, the boys' glee club of the high school sang at the Christian church on Sunday evening, January 17, at the regular church services.

The glee club occupied the seats reserved for the regular choir and furnished all of the singing for the evening. The singers were well received by the entire audience, receiving a unanimous invitation to sing again at some future date.

LUTHERAN CHURCH NOTES

Family Prayer

John Howard, the great philanthropist, never neglected family prayer though often no one else than a servant was present to join with him. He always declared that where he had a tent, God should have an altar. Wherever he was, the duty was attended to when the accustomed time for prayer came. Nothing and no one was allowed to interfere with it; and every call of business had to wait outside the locked door until it was ended. We sorely need such praying Christians in our homes today. Many a bridal couple has chosen the beautiful text, "But as for me and my house, we will serve the Lord" (Joshua 24, 15) for their wedding sermon and at first also practiced it by having family prayer. But in the course of time, for one reason or other, the family devotions were neglected, and with them joy, peace and happiness fled the home. However, it is not too late to mend; and where there is a will, there is a way, especially in such a serious and vital matter as a whole family's happiness. Let the neglected family prayers again be taken up in the home. Where the custom of fmaliy devotion has never been observed, let it at once be introduced. God's Word will not be used in vain; joint prayer will prove an unfailing source of blessing for all. "Where two or three are gathered together in My name, there am I in the midst of them," is the promise of the Savior. Whether your home is a "porch of heaven" or a "hell on earth" depends to a great extent on your regular use or neglect of family prayer.

The sermon topic Sunday morning at 10:30 will be, "Jesus Visits The Home of Some Friends and Points Out the 'One Thing Needful'". Sunday School and Adult Bible Class following the service. A German service will be held at 7:30 in the evening, followed by choir rehearsal.

Think It Over

Much is being said about the peculiar and alarming conditions of our times and folks are using the distressful conditions of our nation to grind their axes. Most of the analysis are more surface analysis and do not go to the heart and the root of our troubles. Here are some thinkers, leaders and writers who are competent and who seem to say some very meaningful things.

The Cause of Our Troubles

Mr. Wolfe, a great business man of Dallas, expresses his opinion about the relation of religion to the stability of a material civilization in these words: "The safety of everything and every body depends upon the church rather than the policeman. The solvency of the bank depends upon the preacher rather than the banker. What the steering wheel is to the automobile, what the railroad track is to the locomotive engine, what the foundation is to the building; that is the Christian religion to civilization". (Quoted by R. G. Lee in From Feet to Fathoms.) Ex-President Wilson was of the same opinion for he said: "Our civilization cannot survive materially unless it is redeemed spiritually." (Quoted by E. L. House in 'Life's Masterpieces'). The churches of our community bear the greatest responsibility of all the organizations. Many times they are criticized because they stand against some undermining tendencies but just to the extent that they perform their spiritual functions just so far will they have an undergirding influence and power.

What Mr. Wolfe and Mr. Wilson stated as a general truth Mr. Roger Babson brings down and applies to our present situation. Here is his analysis: "Business depressions are caused by dissipation, dishonesty, disobedience to God's will—a general collapse of moral character. Statistics show this plainly. With equal precision, they show how business depressions are cured. They are cured by moral awakening, spiritual revival, and the rehabilitation of righteousness." — Miss. Baptist Record.

The Cure For Our Troubles

"An able American army officer, after returning from the World War, spoke to a company of friends of the terrible conditions as he had discovered them. When he had finished one of the group remarked: 'Well Colonel, from what you say I judge you are absolutely hopeless of any solution.' 'No,' he replied, 'I will not say that. A year ago I would have said so, but not now. I am half ashamed to tell you why. When I went over I had never read a word in the Bible, but towards the last I read it and I read the gospels over and over again. And now if you ask me, I will say, 'Yes, there is one way out and only one way.' If we follow the way of Jesus we can get out of this, and if we will not follow it we will never get out until the end of time.' (Baptist Standard) Yes, Christ is the way out.

A revival of spiritual religion that centers in Christ is the hope of our nation. Wall Street, New York, the money center of the world, recently published in its journal a strong statement along this line. "What American needs more than a railway extension, western irrigation, a low tension, a bigger cotton crop, and a larger wheat crop is a revival of religion. The kind that father and mother used to have. A religion that counted it good business to take time for family worship each morning right in the middle of wheat harvest. A religion that prompted them to quit work a half hour earlier on Wednesday so that the whole family could get ready and go to prayer meeting."—Baptist Standard.

A revival of spiritual religion that is expressed in attendance at the church services both morning and evening. Gladstone was a "Twicer' at public worship. He said, "Church going is not a matter of fancy for a Christian. It is his duty for the work's sake." There are scores who do not attend the worship of the church; who do not practice the principles taught by the church; who do not accept the Christ preached by the church. Are you of that number? What is your religious standing? What are you doing to undergird the life of your community and nation with the right principles of life? Find your place in one of the churches of our "Friendly City," this Lord's Day.

CHRISTIAN SCIENCE

"LIFE" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, January 17.

The golden text was taken from I John 5:11. "This is the record, that God hath given to us eternal life, and this life is in his Son."

The passages read from the Scriptures embraced the following from Romans 8:6: "For to be carnally minded is death! but to be spiritually minded is life and peace."

Citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included this from page 492:

"Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degrees, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light."

CITATION BY PUBLICATION

LOTTIE P. MILLS ..... Plaintiff
No. 147
vs.
C. E. REITZ, et al ..... Defendant
IN THE DISTRICT COURT, OCHILTREE COUNTY, TEXAS, FEBRUARY TERM, 1932

The State of Texas to the Sheriff or any Constable of Ochiltree County—GREETING:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Ochiltree once in each week for four consecutive weeks previous to the return day hereof, you summon C. E. Reitz, W. A. Teter, Lena M. Teter, A. C. Teter and J. E. Shelhart, who are alleged to be non-resident of the State of Texas, to be and appear at the next regular term of the District Court of Ochiltree County, to be holden at the Court House thereof, in the City of Perryton, on the third Monday in February A. D. 1932, the same being the 15th day of February A. D. 1932, then and there to answer plaintiff's first amended petition filed in said Court on the 24th day of December A. D. 1931, in a suit, numbered on the Docket of said Court, No. 147, wherein Lottie P. Mills is plaintiff, and C. E. Reitz, L. Wagner and his wife, Alta Wagner, W. A. Teter, Lena M. Teter, A. C. Teter and J. E. Shelhart and Fred Butler are defendants; the nature of plaintiff's demand being substantially as follows, to-wit: That about the 20th day of July, 1929, L. C. Bowen and wife conveyed to C. E. Reitz the east 320 acres of Section 1000, in block 43, H. & T. C. Ry. Company in Ochiltree county, Texas, said Bowen and wife being the owners prior to said conveyance:

That as a consideration for such conveyance, said Reitz executed nine vendor's lien notes, dated July 20, 1929, payable to order of L. C. Bowen, eight in the sum of $1,000 and the ninth for $900.00; the first of said notes due on or before the first day of August, 1930, and one on or before the first day of August each succeeding year; said notes bearing interest from date at 8 per cent per annum, payable annually, and all past due interest to bear ten per cent interest per annum; retaining a vendor's lien. Said notes further providing that failure to pay either interest or principal when due shall at election of the holder mature all said notes; and further provide that if same are placed in hands of attorney for collection etc., ten per cent additional be added as attorney fees, by reason of which said Reitz become bound for the payment of said notes to said L. C. Bowen. Said deed from Bowen to Reitz recorded in volume 50, page 463, deed records of Ochiltree county, and vendor's lien reserved therein, and notice is here given to defendants to produce the same or secondary evidence will be used to prove the contents thereof.

That C. E. Reitz conveyed said lands to said L. E. Wagner and Alta Wagner by conveyance dated July 30, 1929, said L. E. Wagner and Alta Wagner assuming said notes above described, which deed is of record in volume 50, page 559, deed records of Ochiltree county, and notice is given defendants to produce the same or secondary evidence will be used.

That about October 14, 1929, L. C. Bowen conveyed and transferred to plaintiff said notes and lien without recourse on him, by reason of which plaintiff became the legal and equitable owner and holder of said notes and lien and entitled to all the rights, title and interest of said L. C. Bowen in said lands, said transfer of record in volume 56, page 381 deed records of Ochiltree county:

That Note No. 1, together with the annual interest on all notes is now due; that Note No. 1, maturing on August 1, 1930, has been paid together with interest on said note, but that interest on the remaining eight notes has not been paid, and defendants have failed to pay the same or any part thereof, and plaintiff has declared all said notes due and said lien subject to foreclosure. That defendants and each of them have breached their contract for payment of interest, as well as payment of amount due on said notes, and the entire amount of principal and interest paid on such notes is less than a reasonable rental value for said land; that the actual and reasonable market value of said land is less than the amount due on said notes and no equity exists above such amount, plaintiff having elected to declare said deeds from said L. C. Bowen and wife to C. E. Reitz and from the said C. E. Reitz to L. E. Wagner and Alta Wagner null and void and surrenders into court the unpaid notes for concellation, and asks that said deeds be surrendered into court and by the court cancelled and declared to be null and void; that said deeds and each of them be expunged from the records of Ochiltree county and the cloud cast by said deeds upon plaintiff's title be removed as against all said defendants and be quieted in her.

And in the alternative, plaintiff seeks judgment on said notes for the amount of principal, interest and ten per cent as attorney fees, and establishment and foreclosure of vendor's lien as a superior lien to the claim or claims of all said defendants, alleging all said notes past due and unpaid; that they have been placed in the hands of attorney for collection: That plaintiff is the owner and holder of said notes and said lien and prays for cancellation of the deeds above mentioned, writ of possession, costs of court, relief, general and special; and in the alternative for judgment for her debt, including principal, interest and attorney fees, etc., and for relief, general and special.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Perryton, this the 24th day of December A. D. 1931.
(SEAL.)

WITNESS, Irvin R. Buchanan, Clerk of District Court in and for Ochiltree County, Texas.

Keep On Your Toes

The farmer who is up to now
His land will always early plow;
So if there is but little rain
This moisture has to grow his grain.
He always keeps right on his toes,
Allows no weeds in his fence rows;
And every time he comes to town
He brings some eggs and butter down,
The First National Bank has his account
And it is now no small amount.

"I've been CHASING YOU 12 miles...."

to tell You ..... "You've Lost Your Oil"

Two cars raced along the highway east of Abilene, Texas. The second driver finally overtook the leader and signaled to stop.

"I've been chasing you twelve miles to tell you you've lost your oil," he called to J. W. Bell. Mr. Bell found that a rock in the road had knocked a hole in the crankcase, allowing the Conoco Germ Processed Oil to drain out.

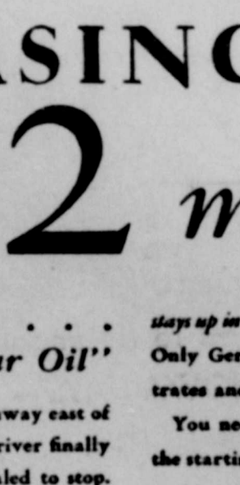

But examination of the motor showed no damage done. The "Hidden Quart" had protected the motor!

Only Conoco Germ Processed Oil offers the extra protection of the "Hidden Quart" *that stays up in your motor and never drains away.*

Only Germ Processed Oil actually penetrates and combines with metal surfaces.

You need that extra protection during the starting period, when almost half your motor wear occurs. Oils not Germ Processed drain away, leaving parts unprotected. Germ Processed Oil stays on the job to cut down starting wear, giving your motor longer life, with fewer repair bills. It is the safest, surest lubrication you can buy.

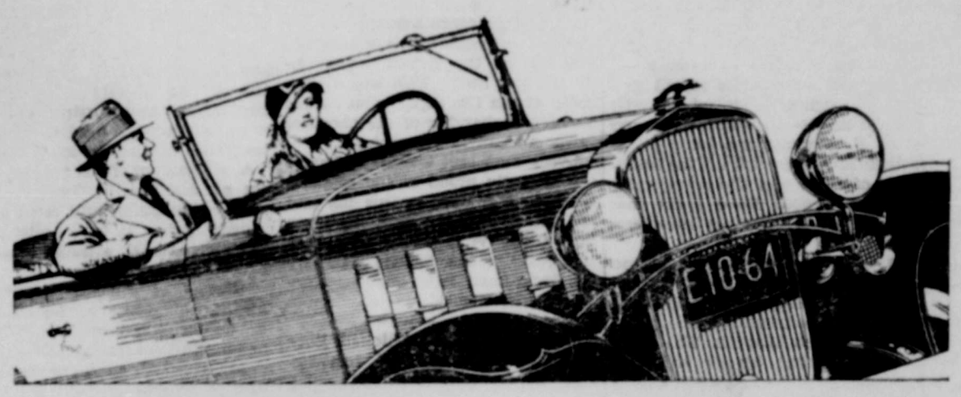

Change to Germ Processed Oil now at the sign of the Conoco Red Triangle.

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

RADIO PROGRAM

(Continued from page 1.)

of statements that cannot be refuted.

As a background for the two highlights of the V. F. W. radio hour, arrangements have been completed for a brilliant program of entertainment. This includes musical selections reminiscent of the A. E. F. to be played by the world famous U. S. Marine Corps Band, under the leadership of Captain Taylor Branson, playing from the banquet hall of the National Press Club in Washington. At intervals during the program the radio audience will be carried from Washington to New York and Chicago where famous stars of the radio field will be prepared to offer their contributions to the V. F. W. radio hour.

These include Rudy Vallee—a gob during the World War—and his Connecticut Yankees, playing from the grill of Hotel Pennsylvania in New York. Vallee and his artsits are scheduled to present "Anchors Aweigh," as an appropriate feature.

Odette Myrtil, Parsian musical comedy star now playing on Broadwal in "The Cat and the Canary" and known to millions for her charm as a singer and orchestra leader will participate in the V. F. W. program from the studios of the National Broadcasting Company in New York. When Miss Myrtil gets through singing "Madelon"—as only she can sing it—thousands of former A. E. F. veterans are going to be momentarily homesick for the boulevards of Paris and the promenades of other famous leave areas that France had to offer for American visitors back in 1917-18.

At Chicago, Paul Whiteman and his noted symphony band will be prepared to add another thrill to the V. F. W. hour with music as only Whiteman can play it. The brief visit to Chicago by air will also present Miss Mildred Bailey, one of Paul Whiteman's recent discoveries in the world of blues singers.

Before the program comes to a close, the V. F. W. audience will also have a chance to listen to another widely known musical organization—the popular Coon-Sanders Night Hawks as they play from the grill of the Hotel New Yorker in New York.

Interspersing the entertainment, the radio audience will also have a chance to hear some brief messages, appropriate for the occasion, from Senior Vice Commander-in-Chief Admiral Robert E. Coontz, Junior Vice Commander-in-Chief James E. Van Zandt and National Auxiliary President Mrs. Dora E. Raffensperger.

In conjunction with V. F. W. "Hello America" radio hour the District of Columbia, Veterans of Foregin Wars of the U. S. has completed arrangements for a testimonial banquet to Commander-in-Chief DeCoe on the night of January 22nd in the banquet hall of the National Press Club. The banquet will get under way at 7:30 p. m. (Eastern Standard Time), featuring the presence of members of the House and Senate who are veterans, distinguished naval and military leaders and a program of vaudeville entertainment from the stages of the Palace and Fox theatres in Washington. Tentative plans contemplate an attendance of approximately 500 guests. These will include a class of recruits prepared to receive the obligation from Commander-in-Chief DeCoe before the microphone. As the V. F. W. leader administers the obligation, phrase by phrase, the responses from the recruits will also be broadcast. Classes of recruits throughout the country will voice responses in a similar fashion as they stand in their own meeting halls before the altar—their right hands upraised and their left hands touching the bible and the flag of their country.

CORRECTION

In the story in the last issue of the Herald on the annual report of the fire marshal, several small errors have been called to our attention and we are glad to make this correction.

In reference to the seventeen fires reported, this concerned the number of reports turned in to the state fire insurance commission. Another error regarded the testing and greasing of the thread of the 2,450 feet of hose. This was an activity of the fire department as was also the recharging of the chemical tanks and fire extinguishers.

Every man and woman in Perryton is justly proud of the splendid fire record enjoyed by this city and too much credit cannot be given Fire Chief W. B. Lilly and each and every member of the volunteer fire department as well as Fire Marshall R. H. Gamel.

Mr. and Mrs. J. R. Mitchell, Borger, visited friends and relatives here Sunday.

Mr. and Mrs. Roy Pruitt, Spearman, spent the day, Sunday, in the C. W. Callaway home.

R. P. Garrison and sons, Trulen nd Harold, were dinner guests in he W. E. Garrison home Sunday.

Miss Dorothy Freeman was a guest f Miss Mary Hibbs Sunday eveing.

THOMPSON

(Continued from page 1.)

zens."

"What has Mayor Thompson done?" asks his home-town newspapers.

"He has effected a saving for his people," the papers declare, "totaling $1,000,000 a year through reduced light, water, gas and telephone rates, and lower taxes. He has reduced city taxes 25 per cent and has slashed city government costs $240,000 a year, at the same time maintaining an unprecedented program of public improvements which kept the people of his city employed and which gave Amarillo national distinction as a city remaining at the top of the country's business condition map into and through the darkest months of the depression.

"He made good on every campaign promise, he will do for the people of Texas what he did for Amarillo when Texans send him to Washington."

In presenting his candidacy to the people of Texas, Mayor Thompson pledges himself: "To fight the cruel concentration of the wealth of our nation in New York City, where it has been used for wild and reckless gambling and speculation.

"I will stand unalterably against any further meddling in European affairs," he frankly states. "I am opposed to any further reduction or moratorium on foreign debts. We have been the sucker long enough."

A student of finance and politics all his life, Mayor Thompson believes the paramount need of the country today is a definite policy on international affairs, especially in its financial phases.

"Instead of sending money to Europe," he declares, "we had better do some constructive work at home. Our government should give no aid whatever to the international bankers who have bled our country dry to make fabulous commissions in working off doubtful bonds on a trusting public."

He believes it is time "our" congress should again begin to look after the interests of the common working people. The rich and powerful people of America have received more than their just due at the hand of congress.

If elected I shall bend my efforts to the end of giving relief to this class of our people through a study of corrective legislation to take the privilege from the few and restore Democracy."

Colonel Thompson has a richer experience in finance, business and politics than any other young man of Texas today, The Amarillo News-Globe declares.

"His public service in the many fiends of endeavor is already an open book to most citizens of his state. His outstanding record as chief executive of Amarillo followed a brilliant war record and a post-war era in which Colonel Thompson served the people of Texas. He was one of the founders of the American Legion. He was one of the six Americans selected by the Legion in 1923 to represent our nation at the Inter-Allied Veterans Conference in Brussels to formulate a world program on disarmament and equitable reparations.

"Colonel Thompson, a graduate of the University of Texas Law School, was appointed a member of the Board of Regents of the Texas Technological College when that great state institution was established at Lubbock.

"He left the Army in 1919 to be distinguished as the youngest lieutenant-colonel in the service. He was a machine gun officer in the 90th Division. Today he is serving the state as a colonel in the National Guard and Reserve Officers Corps."

Colonel Thompson's Platform

Colonel Ernest O. Thompson's brief statement in announcing his candidacy for congressman-at-large is herewith given in full:

I offer myself as a candidate for congressman-at-large from Texas. If elected to congress it will be my aim and purpose to do what I can:

To help those who produce something to earn a living, whether it be wheat, cotton, cattle or oil.

To assist in working out a better distribution of our farm products, to the end that we may never again have the pitiful condition where farm products are plentiful and cheap, and millions of our people hungry and in want of bare necessities.

To fight the cruel concentration of the wealth of our nation in New York City where it has been used for wild and reckless gambling and speculation.

What we need in America is a fair price for what we produce—not gamblers who bet on the want and misery and suffering that comes from depressed prices.

I will stand unalterably against any further meddling in European affairs, I am opposed to any further reduction or moratorium on foreign debts. We have been the sucker long enough.

Instead of sending money to Europe we had better do some constructive work at home. Our government should give no aid whatever to the International Bankers who have bled our country dry to make fabulous commissions in working off doubtful bonds on a trusting public.

I would work for a more liberal policy in the issue of currency. The withdrawal of some $20 per capita from circulation by the present Treasury Department has cost our people untold billions.

I believe it is time our congress should again begin to look after the interests of the common working people. The rich and powerful people of America have received more than their just due at the hand of congress.

The prosperity of our country depends upon the wellbeing and contentment of the great mass of our working people. They do not want charity, but they have the right to expect a chance to work for a decent living.

If elected I shall bend my efforts to the end of giving relief to this class of our people through a study of corrective legislation to take privilege from the few and restore our democracy.

J. W. Wilson, Borger, visited Sunday with Mrs. Wilson and James Andrew.

SHORT COURSE FEBRUARY 15-18

AGRICULTURE AND HOME ECONOMICS COURSE AT GOODWELL COLLEGE WILL ATTRACT MANY

That the Ninth Annual Winter Short Course would begin February 15 and continue to February 18, inclusive, was announced by Director H. H. Finnell of the Panhandle Experiment Station recently. Enrollment for the several classes and lectures will begin in the morning of the fiftheenth and continue throughout the day.

The Short Course is expected to be of more value and incite more interest among farmers of this section than any of the previous courses of this kind. Due to the varied and interesting subject matter to be covered.

The programs will begin on Monday morning this year instead of the following day as has been the case in previous years. This is imperative due to the large number of speakers on the program. Some of the out of town speakers include: Fred R. Merrifield, district agent of the Northwest District; Dr. Peter Nelson, farm management specialist; H. G. Ware, extension poultryman; P. G. Adams, livestock specialist; Mrs. Marguerite Corkhill, director of parent education; Dr. G. N. Bilby, Dr. Grady Mathews, Miss Pearl Wilson, all from the State Department of Public Health; Miss Alice Carlson, district agent; and the clothing specialist from the Oklahoma A. & M. College Extension Department.
