SWEET N' SOUR

By A. Dill

Here we are knee-deep in June and that's when West Texas is at its ever-lovin' best -- warm days and a lush green world at your feet, cool night and mocking birds to serenade the moon - could any one ask for more?

Attention Trendex and other TV rating authorities - here in our neck of the woods we have a new pin-up boy - last Thursday is one night when C. E. Stitchler, weather man at Abilene Airport, out-pointed Perry Como (and that's no small accomplishment). Audiences may have left the golden voiced singer to scan the storm ridden skies, but let the weatherman come on with a bulletin and we scurried to listen.

Allen Brown had a special visitor this week - daughter Mary was in for a short visit with promise of a longer one this summer.

Did we tell you of that handsome young man we met not long ago? He is a real charmer and we went on record as a charter member of his fan club which ought to be going strong in about 20 years. The fella's is Bill Ray III, baby son of Bill and Ida Ray and he was here to visit his grandmother ,Margie Ray. The lady, by the way, thinks hes special too.

And have you seen the "new look" at our Baird Star? The boss of the lay-out, E. Mayer, has done a top-notch job of redecorating the place and when you see what a bright spot that adds to main street, you'll add a coupla' gold stars to our editor's good citizenship record. Thats the way towns grow, you know, with everyone working to improve it.

Loula Mae and Ben Russell, blessings on 'em, are having a vacation-time treat - grandson Ronny Hampton is celebrating school-out season by visiting and that youngster is always a pleasure to have as a companion.

That young man with the snappy military step that you see in town these days is Mike Odom, fresh out of college in Roswell, N. M. Mike thoroughly approves of his school, but a few months out of the state has not changed that Texan heart and he wouldn't trade an inch of Texas dust for the whole of any other place.

Beulah and Bill Work have been entertaining guests recently - Virginia and Scat Russell's twins, Mary and Martah. From this visit comes a father classic remark from Mr. W. - "Sleep is what a person needs. You can turn off TV, but how do you turn off a house full of giggley girls?" And that one parents have puzzled with ever since little girls were invented.

Frank Gardiner of Roswell, N. M., was a Baird visitor last week and a guest of Mr. and Mrs. Hallie Hart. He was accompanied back to New Mexico by Dana Carr who will spend a few weeks visiting Jane Ann and Nancy Gardiner.

Extra special birthday greetings to an extra special little girl - Rea Corn celebrated a 10th birthday last week. Miss Corn did the day up in fine style too - a baseball party for girls - a new twist to a popular idea.

Mr. and Mrs. Clyde White are "having a ball" at their house now - Jan, Karen and Donna Rowe, their three pretty nieces from San Antonio are here for a visit.

Don't say we don't have some famous spots around Baird - we even have the celebrated ranch home 'Ponderosa' - well to be more correct, its 'The Little Ponderosa' and the Shelnutt youngsters, Yvonne, Nadine and Doris Ann are justly proud of it. Fixing up the Shelnutt house west of Baird on old Hiway 80, has been a project with the girls who now have their summer home ready for occupancy - complete even to the name plate.

We told you that you could do it, and you did! We haven't yet found the puzzle Baird Star-ites couldn't solve and the one we threw in recently was no excep-

Three Men Sentenced To Pen Here Monday

Three California men were sentenced to five year penitentiary sentences in 42nd District Court in Baird Monday, after pleading guilty to burglary charges.

Forrest H. Wright, Ray Wilson and L. C. White, all of Los Angeles, pleaded guilty to burglarizing the N. A. Estes home. An estimated $700 worth of personal property was reportedly taken from the home.

District Attorney Nelson Quinn said the property was recovered by the sheriff's office at Throckmorton where the three were arrested while reportedly attempting another break-in.

The three men were sentenced after Judge J. R. Black heard evidence against them in non-jury hearings.

Judge Black granted probation on a one-year sentence against Delbert Faye Hickson of Fort Worth. Hickson pleaded guilty to driving while intoxicated, second offense.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — Texas' crime situation looks a little better.

FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities, show major crimes down 6.7 per cent.

Across the U. S. in cities of comparable size, major crime rates rose one per cent.

Texas' crime rate actually is down in number of crimes from 1961, despite a population growth during the year of some 200,000.

OUT OF JOBS — Finding a job in Texas is a little easier these days.

Texas Employment Commission reports April unemployment at 4.3 per cent of the labor force as compared to 5.4 per cent a year ago.

Average factory wages rose from $91.21 a week last year to $96.10 this April. Range was wide, however, depending on the industry.

Leatherwork was the lowest paid, an average of $52.13. Oil workers got the most, an average of $132.07 weekly.

Number of Texans working outside agriculture now has passed the 3,000,000 mark. The city of Houston had 19,800 unemployed; Dallas, 16,000.

Statewide, 375 persons are working at agriculture. This makes the total working force 3,629,400.

TOO MANY COLLEGES? — Dr. Ralph Green of the Texas Commission on Higher Education thinks the Legislature should quit creating four-year, state supported colleges.

He told a House Committee on Saving Taxes that 20 state colleges are about enough.

Legislators have extended state support to four new colleges in the last four years. Biggest of the new ones, the University of Houston, will enter the state system this fall. This will substantially increase the state's higher education bill.

U of H now ranks second in size to the University of Texas.

WATER SUPPLY — Texas enters the summer with its major reservoirs 76 per cent full.

Texas Water Commission reports that May rains couldn't keep up with use and evaporation, so the water supplies shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a year ago.

LIVESTOCK RULES AMENDED — The Texas Animal Health Commission, after hearing pleas of livestock market operators, relaxed rules designed to speed up the eradication or at least control of brucellosis (undulant fever).

Commission action amending the rules came just before they were to go into effect June 15.

Before the change, the rules would have required testing for brucellosis before cattle could be moved from one market to another.

As amended, the rule says the cattle may move from one approved market to another approved market without having to take the test. This was put on a trial basis.

Restriction of movement was opposed by representatives of the big stockyards at San Antonio, Fort Worth and Houston. Auction markets also had an ardent champion present.

James D. Sartwelle, president of Houston's Port City Stockyards, said the economic effect of the proposed rule could be 'dangerous', particularly so in view of the predicted downtrend in cattle prices now beginning.

Sartwelle said Texas' cattle inventory includes many so-called 'two-way' cattle, entirely dependent on market conditions, which are sold as either stocker or slaughter animals.

Most of these two-way cattle, he said, also are 'trader' cattle and loom large as a volume moving from interior markets purchased by a trader and consigned to the terminals for resale. He saw danger to this cattle movement in the proposed regulation.

G. C. Hagelstein of San Antonio's Union Stockyards felt livestock leaving any market should meet the requirements of its destination. But he said he was interested in protecting the industry and didn't believe the regulation did that.

John M. Lewis, general manager of the Fort Worth Stockyards, thought the Commission proposal would 'strangle' the price-making terminal markets.

Charles Davis, operator of auction markets at Wichita Falls and Mineral Wells, suggested that animals be tested when going 'to the country' -- but not from market to market. He called the rule unnecessary and a waste of time and money.

Norman Moser, commission member from DeKalb, said he didn't want to impose anything on the industry that would be harmful

Dr. R. G. Garrett, the Commission's executive director, didn't oppose the amendment but believed it would delay the testing program.

SAFE FOURTH — Gov. Price Daniel urged the 5,000,000 Texas drivers to help hold down the traffic death list during the July 4th holidays.

"Slow down and live" is the theme of the traffic safety campaign by which Texas traffic people hope to hold down the death rate below the statisticians predictions.

July 4th comes on Wednesday this year, so fewer Texans will kill themselves on the highway than when the holidays falls near a week end.

CROOKED HOLES — Tedious job of checking suspected oil wells in East Texas continues.

Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with Commission checks of their wells. In two weeks, only 23 wells have been checked out of "several hundred" that Attorney General Will Wilson thinks will have to be investigated before they can write an end to the East Texas investigation.

Wilson has obtained donations from major oil companies to finance the survey to see if holes were diverted so as to reach oil under someone else's lease. So he has taken over direction of the surveying from the Railroad Commission.

FIRING RESUMES — There was only a brief respite from campaigning after Democratic primaries.

John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of their respective state executive committees Saturday, convening to canvass the returns

Campaigns will start in earnest September 18th, when both parties have their state conventions

But the two young gubernatorial nominess both have state campaign headquarters in operation in Austin They sound like they plan all-out campaigns in the summer and fall

Sen. John Tower will be a major campaigner for the Republicans. Vice President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the stump for the Democrats.

They are beginning to make this look like a two-party state. Whether the label sticks depends on what the voters say on November 6th

SAFE DRIVING PLAN — The State Board of Insurance will hold hearing June 29th on automobile insurance rates and rules.

High on the agenda will be proposals to revise drastically the 'safe driving insurance plan' by which those with accidents or traffic law violations pay more, while those without them pay less.

Statisticians say the plan has cut rates for 78 per cent, raised them for 22 per cent But the complaints about the plan being received by legislators indicates that even those who save aren't too happy with the possibility that one slip might run up their rates

Drastic revision is possible. Without revision of the plan, a rate cut is in the cards. but if penalty provisions are reduced, it may wipe out the chance for a rate cut.

Board members and the insurance industry are divided as to what to do. Largest of the insurance agent's associations is taking a poll of its members to see what they -- and their customers -- think should be done about it.

The truck that's as good as your word

When you promise something will be there, a Chevrolet truck will help you keep your word almost to the point of monotony.

It will do its job over and over and over again, with seldom any trouble, at very low cost. What more can you ask from a truck?

Because of their reliability, people have put more Chevrolet trucks to work every year since 1937. That's a strong vote of confidence.

If good service is vital to your business, make your truck a Chevrolet and make your word more dependable than ever. Call your neighborhood Chevrolet dealer soon. CHEVROLET

Oplin Observations
By Daphene Floyd

Last Thursday was quilting day at the Community Center. Mrs. Mallie Johnson and Mrs. Era Betcher had quilts in the frames. Fifteen ladies were present for the covered dish luncheon. Mrs. Lucy Poe of Houston, who was visiting her niece, Mrs. Johnson, was a guest. and although Aunt Lucy is 80 years young, she put in some mighty nice stitches in the quilts. When Aunt Lucy grew tired, she pick-up her crochet.

Mr. and Mrs. Sidney Harville visited last Sunday in the home their daughter and family, Mr. and Mrs. Hoot McGowen and Stanley, in Baird.

Mr. and Mrs. Lucien Pierce have her mother, Mrs. Holoway of Brady, visiting in their home.

Tom Poindexter entered the hospital in Abilene last Friday and has had several blood transfusions. As most everyone knows Tom is a victim of cancer for the past three or four years.

Mr. and Mrs. Herbert Mason and Sonny, of Farmington, N. M., are vacationing with her parents, Mr. and Mrs. A. D. McWhorter.

Mr. and Mrs. Ray Floyd attended the family reunion of his and husband, Mr. and Mrs. Willie Wilkinson. The family gathering was held at the Tuscola Community Center with four of the Wilkinson's five children present, along with families. Too, there were aunts, uncles and cousins galore.

Mrs. Jack Irby and children, Darlene, Shirley, Karen, Marilyn and Mike of Odessa, visited over the week end with her parents, Mr. and Mrs. M. C. Miller. Darlene and Shirley remained for a few weeks visit.

Mrs. Evelyn Stansberry, from Illinois, is visiting her mother, Mrs. Jim Swor, and family.

Donation to Oplin Cemetery Fund: Dee Peevy, $5.00.

Tecumseh Topics
By Mrs. Lillian Crawford

Mr. and Mrs. Hulon Crawford and Dana of Abilene visited the Collins' at Clyde on Father's Day, and then out our way the remainder of the day.

Mr. and Mrs. J. B. Sherrod visited relatives out Tecumseh way Sunday. Mrs. Sherrod attended church services at Oplin Baptist Church.

Sorry that Aunt Kate Crawford is not feeling very well lately, probably due to shock from the tornado that destroyed her home the last of May. I guess she is doing well considering all the storms of life she has experienced, first in the sudden death of her husband; a few years later loss of the barn by fire; a few more years later the home went up in smoke; now at her age of 78 it could be nothing but heart breaking, yet still thankful for God's love and mercy Friends gone on are not forgotten for their kindness shown the Crawford family. Besides all the other kind deeds by friends, I would like to recognize these two families: the Dorse Odoms and the A. L. McIntosh families, who provided a place for the Kate Crawford family to live each time her home was destroyed.

Ira Crawford came home from the hospital Saturday, feeling much better.

Following is a letter I received recently from an old resident of Tesumseh:

Conaga Park, Calif.

Dear Lillian Crawford:

A friend of mine, Mrs. Kate Tunnel, of Van Nuys, told me to write you.

I was born a Slaughter, and take the Baird Star. I wrote the Masons at Oplin, Texas, and sent a check to the Cemetery committee. It was returned to me from El Paso, with a notation on it that there wasn't such a named town in Texas. I wrote to a Mrs. Floyd at Oplin, but never heard from her. So I called Kate and she gave me your address.

I knew a Matt Crawford when I was a little girl, as I have a cousin Myrtle Stevens of Abilene who was related to them on her mother's side. My father was Jowell Worth Slaughter, an older brother of Uncle George, Uncle Tom, Uncle Bill, Uncle Lou and Aunt Mary Slaughter. My mother was Fannie Anderson Cadenhead, who was born at Dudley. I was born at Caddo Peak Feb. 26, 1897, and the same year my folks moved to Tecumseh, where my father took care of the cemetery, had a blacksmith shop. Mother was Postmistress and took care of the store. I have a picture of all of Tecumseh at that time, with several men other than my father, Uncle George and Grandfather Cadenhead.

My grandmother Jennie Slaughter is buried there, also I have two baby brothers and three baby sisters buried there. The Slaughter family, Windhams and other I do not recall, were Charter members of The Eastern Star and the Mesonic Lodge, which later moved to Oplin. Uncle Lou lived with me for almost 17 years before he passed away several years ago. I only had one Slaughter brother, John Jowell Slaughter, living in Salem, Oregon.

If I hear from you, I will donate something to the Cemetery fund, as I live so far away.

Both of my parents have long passed on and all of my grandparents on both sides; also several of my Cadenhead uncles and aunts. When I was a little girl, Aunt Mary and Uncle Tom would take me and we would go and work at the cemetery and mound up the graves. At one time, there was a picket fence around all of my folks, and several had stones that Uncle Bill carved and chiseled out of rock. I believe Uncle Bill's first wife was a Crawford or kin to them. When I was 13, Myrtle and her husband took me with them to visit some of her mother's people.

I can remember Uncle Cal Windham. He would come to see us at Aunt Mary's and I would feed him sugar from Aunt Mary's sugar bowl. So when he passed away, mother and daddy went to be with the family, and I was told not to go. But I went in and took Aunties sugar bowl and followed them over to their house and when they found me, I was trying by best to feed him sugar. I was only 4 year old but I still can remember it. I was told he was in heaven, and I wasn't to try and feed him.

The last time I saw Aunt Mary and Uncle George was in 1932. I am the only Eastern Star in her family and as married to a Mason.

But most all those I knew I guess have gone on. In 1921 was the last time I was to Tecumseh and saw Nigger John and Warnie May.

As I take the Baird Star, isn't there a Clyde paper?

Hoping to hear, sincerely,
Marly Elizabeth Slaughter Coulter.

County Agent
By TRAVIS ALLEN

The brucellosis testing program is getting down to the last herds now and anyone who has not tested, is urged to contact the county agent at Baird or the lineup men who worked your area. Finding the herds that nave been missed over the county and getting them tested is one of the most time consuming problems of the program. So everyone who has not tested is urged to do so at once in order that the county can be approved quicker and we can quit getting hurt when we go to market our livestock.

Retesting of the herds that have suspects and reactors will begin soon. After these herds are tested, it is hoped that the county can be certified as a modified brucellosis area.

• • •

The forms for filing a claim for refund on Federal Tax on gasoline used on the farm are available at the county agent's office. The period covered by this claim is from July 1, 1961 to June 30, 1962. The claim will be allowed if filed on or before October 1, 1962. Only one claim a year may be filed.

The WSCS of the Baird Methodist Church met at the church Monday, with Mrs. P. E. Dungan, president, presiding.

Mrs. M. L. Stubblefield led in prayer. Scripture was read by Mrs. Cecil West, and Mrs. Bruce Parks taught the lesson.

Mrs. W. A. Fetterly was appointed reporter. Refreshments were served by Mrs. W. P. Brightwell and Mrs. Brice Jones to members and one visitor, Mrs. C. W. Ross of Yoakum.

Guests of Mrs. E. L. Wood for the week end were Mrs. Ruth Fiedler and Mrs. Margerette Tourney of San Antonio, Mrs. Bruton of Clyde, and her granddaughter, the former Jerry Lou Estes and son Dick.

Mr. and Mrs. Dale Glasson, Ann and Debbie, visited relatives in Gorman Sunday.

CROSS PLAINS MAN NAMED HONORARY KENTUCKIAN

Army Reserve PFC Oron S. Bains, of Cross Plains, was made an Honorary Kentuckian by the 100th Division, a Kentucky reserve unit on active duty at Fort Chaffee, Ark.

A citation signed by Kentucky Governor Bert T. Combs and division commander Maj. Gen. Dillman A. Rash, reads: "PFC Oran S. Bains, having served with honor, distinction and devotion as a member of Kentucky's 100th Division, is hereby adopted as an honorary Kentuckian."

Bains is one of 300 non-Kentuckians attached to the 100th Division, which has given basic and specialist training to more than 20,000 soldiers since being recalled to active duty last October.

Bains is a 1955 graduate of the Cross Plains High School and was employed by Low Drilling Co., of Cisco, before going on active duty.

tion. We sent out a hue and cry for a method of making jelly from prickly pears and quick as a wink we had this reply from Mrs Charlie Childs, who has actually had that experience. Mrs. Childs made prickly pear jelly on a visit to El Pesa and the results were perfect. She advises to use gloves and kitchen tongs when gathering the fruit and to wash thoroughly under running water .Thorns can be removed by vigorous use of a stiff vegetable brush. The clean pears are then cooked until tender in water enough to cover, and drained, not forced, through a collander. Strain the juice through cloth (preferably sheeting) and repeat. This will eliminate any small thorns. Cook the juice with sugar and commercial pectic, according to directions for apple or berry jelly - and enjoy the most attractive and delicious sweet you could ask for. We fully intend to try this, and we do thank Mrs. Childs for her answer to our request.

Thanks too, to Eula Mae Hays Murphy, who is on the trail of a recipe and has promised to send it as soon as possible By the way, do you know of any other use for prickly pears? We have tasted cactus candy and jelly - any others?

Legion Commander C. H. Lunsford, that one man army of American heritage, has launched a "fly your flag" campaign and hopes to have the flags displayed by every establishment on Market Street come Independence Day. The city is cooperating with the movement and indention will be drilled on curbing as a spot to hold a flag staff. Commander Lunsford has contacted merchants and placed their order for flags, so flags will fly on the Fourth of July here in Baird.

Need a puppy - a good border collie puppy? Webb Bruton has three extra nice ones that need a home. If you know this breed you don't have to be told that they are excellent with children and easily trained for stock work.

Monday, Mrs. Lee Ivey and Mrs. Frank Windham will leave Baird for a trip to Oregon, to attend a national convention of Federated Women's Clubs - and they've promised to keep us informed with cards about the scenic beauty of the country.

July will find Mrs. Hubert Ross and Mrs. John T. Towler attending a reading clinic held annually at Sul Ross College in Alpine. That particular workshop course enjoys a reputation of being one of the best in Texas.

Happy June birthday to Arthur Burleson, who celebrated one last week. Pauline Hass is another "June bug". June is slightly terrific to the James Snyder family - Byron Snyder celebrates this month (14 years old, mind you, and all set for high school) and this also the time that James calls his own. In November the other half of the family, Jim and Marguerite have their turn at birthday cakes 'n all that. Happy birthday, all you June-ites!

A Message About Medical Care To The People of the Abilene Area

All of us are involved, directly or indirectly, in a great controversy about medical care for people age sixty-five and over. The President of the United States says we must have the federal aid as proposed by the King-Anderson bill; the American Medical Association says that such a program would do great harm to the quality of medical treatment we now enjoy. Each of us must decide who we feel is right. . . .

Medical care for people age sixty-five and over is a problem, but the cost of medical care for people of all ages is a problem. Our doctors say that this problem can best be solved by voluntary insurance programs. We agree with our doctors. We thank them for the confidence they have in all of us as American citizens and in the insurance industry to solve this problem in keeping with the system of free enterprise, which has produced the greatest country and the best medical care the world has ever known.

Last year our Company paid $60,265.25 toward the cost of hospital and medical care right here in the area served by our Davis Agency in Clyde. Of this amount, $16,499.08 was paid to people age sixty-five and over. Many thousands of additional dollars were paid in this same area by the many other excellent insurance companies which are here to serve you. This is solving the problem in the best possible way; people joined together, through insurance, to solve their own problems — not relying on federal help and federal controls, which our doctors say will be harmful.

We urge you to make up your own mind. Ask our agents who live and work in your community, and who are always ready to serve you. Ask your doctor who lives and works in your community and is always ready to serve you. Make up your own mind, then write your congressman, telling him what you have decided.

Union Usuals and Unusuals

By Mrs. Veda Yarbrough

Hi neighbor! We are having pretty weather out this way, and the farmers are making good use of it to plow, and cotton planters are really humming, trying to get cotton planted before it rains again. I think the weatherman said we might have showers tonight, Monday.

Johnny May Ramsey, E. C. Collinsworth and family left Saturday on vacation to New Orleans and other points in Louisiana and Mississippi. They will be gone about 10 days.

Burette Ramsey had Sunday dinner with me. We visited a while Sunday afternoon Drove over to Mr. "Chip" Wood's. He really has pretty cotton, some is nearly knee high and has lots of squares on it. Doesn't seem to be anything bothering it yet.

Mrs. Mary Ramsey is able to be back home again, after spending a week with Mrs. Dock Isenhower, and a week with Ollie Burnam. She seems to be getting along pretty well. We hope she continues to.

Last Wednesday afternoon, Mrs. Annie Park, Pearl (Park) Peterson and Mrs. Edd Griffin came to see me. They spent the afternoon and night with me and was I happy to have them. They were on their way to Lubbock from Dallas, where Mrs. Park will spend a month more. Mrs. Park made the just fine. She was so cute. She had her 99th birthday last March and she says she hopes to live to be 100, and she is not going to eat anything or do anything that will hurt her, but as soon as she has her 100th birthday, she is going to eat and do anything she wants to, as it won't matter then. I wish they could have stayed longer. Mrs. Park was always our neighbor and a real good one, a very sweet one and all her family. We love her and her family very much, and they are always welcome to come to my home any time. I only wish they could have stayed longer.

Was so glad to have Lee P[illegible], Mrs. Bob Clinton, Ruby Pruet and daughter Earlene Clark, Dovie Pruet, Lillie Eubank, Warlick and May Dell Jones and Roma McIntyre visit with us Wednesday afternoon while Mrs. Park was here.

Betty Mobley and Mabel Carrico came over Thursday, after we had gone over to Moran to Warlick Jones, where Mrs. Park was. Good to see all the Jones over there, too.

Uncle Allen Ellis of Athens, Tenn., spent Sunday night and Monday with Mark and Ollie Burnam. He and Ollie visited Monday afternoon with Mrs. Mary Ramsey.

Fred and Laura Ellis of Moran visited Ollie Burnam Sunday afternoon.

I had dinner Friday with the Mobley girls. Mrs. Demere visited with the Mobleys a while Friday afternoon.

D. A. Yarbrough spent Sunday in Baird with his sister, Mrs. Onie Abernathy. D. A., Roma Mc and I were shopping in Abilene Saturday morning.

Johnny Carl Gunn dropped by a little while Monday afternoon. He says their cotton really is growing and has squares on it too.

Guess I better get busy and work outside some, so be good and I'll see you next week.

It's the Law in TEXAS

LEGAL TERMS

Words are good tools. All professions have to use them precisely to get their work done. Your doctor has words for your ills, and your pharmacist for your drugs.

As a rule, we say what we have to say:: If people do not get it the first time, we tell them again. But you can't always do that in wills and contracts.

In legal papers, words need clear meanings for courts to interpret them right. Hence, technical terms such as the following:

1. Real Property: Land, buildings, fences, and things attached to the land such as trees and crops.

2. Personal Property: Movable things: Bonds, bank accounts, notes, cars, livestock, farniture, jewelry, clothing, television sets, etc.

3. Community Property: Property which a man or wife earn after marriage.

4. Separate Property: Gifts, inheritances, and some court awards received after marriage as well as things which man or woman owned before marriage.

5. Trusts: You have a trust when someone holds title to property for another person's sake. Thus a man's will may have some person or concern hold and manage his business interests and turn the income over to his widow.

6. Deposition: A sworn statement to get or keep testimony for a law suit -- a help when a witness is sick or far away, for instance; or when facts can be taken down in "discovery" proceedings to shorten actual trial time. Depositions are of two kinds:

a. Lawyers on each side ask the witness questions before a notary public. His answers are taken down, and he signs the 'transcript.'

b. The lawyers write out their questions beforehand, and the answers, given before a notary, are also written out. The notary sends the testimony to the court where it may be used during hearings.

LETTER TO EDITOR
EDITOR,
BAIRD, STAR,

Dear Sir:

On behalf of Pack 27 of the Clyde Cub Scouts, we wish to thank you very much for the good publicity you have given us in The Star. We realize that without it, our "First Annual Chuck Wagon Supper" could not have been a success.

It is nice to know that we have a county paper that is so interested in Scouting, and it is nice to have you for neighbors.

Thank you very much,
Tex Cloud.

Miss Mary Ross Receives Degree

Miss Mary Ross, daughter of Mr. and Mrs. Hugh Ross, was awarded the degree of Bachelor of Arts in Speech Monday in the 47th Annual Convocation of Southern Methodist University.

Dr. Willis M. Tate, president of SMU, delivered the University's traditional presidentital statement to the graduating class of nearly 1250 members. Over 850 students participated in the commencement exercises Monday evening in the SMU Coliseum.

Miss Ross was a member of Kappa Kappa Gamma Sorority and on the Dean's List. She is a 1958 graduate of Baird High School.
