Number 5.

BOND ELECTION FOR NEW SCHOOL CARRIES.

Second Election Results in Good Majority for the Bonds that Will Insure a Modern School Building for Junction.

Last Saturday was the date of the second election for the voting of bonds to build a school building for Junction that will take care of the present and future needs in an educational way. The first election some two months ago was lost by eleven votes, due probably to the fact that many people were not cognizant of the deplorable condition of the present building facilities, and to the present stringency of money matters.

The failure of the first election caused people to awake to the condition of the school facilities and to realize that unless something was done the educational outlook in Junction would be such that many good citizens would have to be looking for another location where they could find adequate facilities for educating their children. As a result another election was called. Subsequently, a number of local patrons and other interested parties undertook to raise the necessary funds for building purposes by public subscription. Their purpose in this was twofold: First, to avoid the necessity of a bond issue, and second, to match an equal amount set aside by Capt. Chas. Schreiner, of Kerrville. Their efforts failed, and, as shown by the election Saturday, a good number who opposed the bond issue in the first election, voted for it in the second.

The vote as reported Saturday night was 122 against and 184 for the issuing of bonds to the amount of \$60,000.

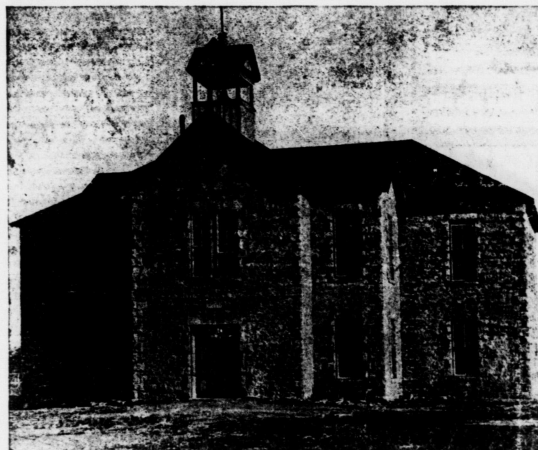

CEDAR HILL SCHOOL CLOSED LAST FRIDAY

Last Friday was the last day of a very successful nine months term of school at Cedar Hill.

The closing exercises consisted of an all day program of contests, games, and a rodeo. Dinner on the ground was an important feature of the day. At night a minstrel show was given which was attended by a large crowd from Sutton, Kimble and Menard Counties.

Everett Stewart was principal of the school the past term. He has moved from that community to his home near London.

Congressman Hudspeth advises the Eagle this week that he has been allotted a number of Year Books of the Department of Agriculture, and that anyone desiring one may secure it by writing him at Washington. Address Hon. C. B. Hudspeth, M. C., Washington, D. C.

Present High School Building at Junction, which was one of the best buildings in this section at the time it was built, some 18 years ago, but the town has completely outgrown it and a new and modern building, adequately meeting the educational needs of the community will be erected in its place. Probably a part or all of this building will be used in the new one, which will be erected on the present school grounds. For several years this building has been too small to accommodate the student body, and a number of temporary buildings have been erected on the grounds to take care of the lower grades.

TOURISTS ARE COMING IN LARGE NUMBERS.

During the past few days the fishermen and tourists are coming from all parts of the State. The warm days have brought a desire for the great out of doors, and the tired business men of the cities are bringing their families to the fine camping and fishing places along the rivers and creeks of Kimble County.

This year gives promise of being the banner year for visitors to the Hill Country. Aside from those who come long distances, every Sunday several cars of people drive over from Kerrville and other places along the Trail between here and San Antonio, and even from the city, just to enjoy the good roads and the beautiful scenery.

Every night, from five to a dozen cars are seen in the free Camp Park on the river in the east part of town. The Camp House is completed and the fencing will be completed shortly.

PIANO RECITAL.

On Friday evening, June 1st, Mrs. S. F. Marsh will present her students in a piano recital. This promises to be an attractive affair, aside from the program of music, as Mrs. Marsh has planned a rose garden recital with the pupils appropriately costumed. On this occasion a free will offering will be taken for the benefit of the school fund.

AUGUST FAIR PLANS ARE PROGRESSING RAPIDLY.

The County Fair organization work is progressing satisfactorily. J. B. Randolph has been chosen to head the organization as president, with C. T. Holcomb as secretary. Members of the various other committees have been named also. County Agent McMillan has compiled a premium list that will be submitted to the officers of the organization for their approval. After all corrections or changes have been made, the premium list will be printed and sent out to those who may be interested.

Due to the fact that the fair association has no means of financing the organization, no money premiums will be offered. Ribbons will be given on worthy exhibits.

In order to defray the expense of printing the premium list, advertising space will be sold at a reasonable rate. Merchants and livestock men can, for a small expense, advertise their business over considerable territory surrounding Junction, because these booklets will be circulated in this and all counties adjoining.

The Extension Service of the A. & M. College has already given us the assurance of competent judges for all classes of exhibits.

Keep the date, August 7th and 8th, in mind, and plan to bring some kind of exhibit.

Remember, a little effort of a number of people will insure a successful fair.

VAUDEVILLE GIVEN AT JUNCTION AND LONDON.

On Wednesday of last week a vaudeville show was given at Junction by local talent, and the same "show" was given at Junction on Friday night.

A large crowd was present at London and a fair crowd at Junction. The receipts, after expenses were paid, went to the Community Hall fund at London.

The vaudeville consisted of songs, jokes, dances, etc., and was very amusing. An old time school and a cabaret scene at three o'clock in the morning were well presented.

Mrs. Schnable, H. O. Denman, E. G. Durst and J. D. Motley furnished the music. Mrs. Nellie Hankins was in charge of the affair.

JUNCTION MAN MADE DISTRICT REPRESENTATIVE

J. C. Beddingfield has just completed arrangements whereby he has been appointed District Representative of one of the largest Life Insurance Companies in the country. His district includes twenty-five counties, running from Burnet on the east to Crockett on the west, and from Val Verde on the south to Comanche on the north.

This company, the Central Life Insurance Company, of Illinois, is considered a very strong concern, having more than \$40,000,000 worth of insurance in force at present.

In addition to looking after local agents over this district, Mr. Beddingfield will continue to push the sale of his farm and ranch accounting record, and will render expert auditing and accounting service to those in need of such work.

To The Junction Eagle:

The erection of a public hall in London, commodious enough to seat the crowds that might come to any entertainment, has been our aim, our dream, for the last year.

By using every effort in our power, we have the beginning of our dream realized, although the task has been a hard one.

Sometimes the citizens in nearby towns feel a spirit of rivalry, which hinders any neighborly feeling between them, but we rejoice to know that this feeling should never exist between Junction and London since they have proven to us by every word and deed that they are glad for our improvement, and have helped us liberally.

Mrs. Hankins, in giving us the proceeds of her play, which was well rendered and entertaining, at both Junction and London, has certainly proven a good Samaritan to us.

More words can never convey our thanks to this good lady, and the characters which took part in this play which of course took effort and time from their busy lives.

The people of London thank you individually and collectively for your help and good wishes, and we offer you a hearty welcome to our little town any time.

The Committee.

FACULTY FOR JUNCTION SCHOOL WAS SELECTED.

Local School Board has Secured Strong Faculty for Coming Term; With Co-Operation Excellent Year Is Assured.

Oren C. Reid of the School Board advises us that with the exception of the Superintendent all places in the public school here have been filled. Several teachers of experience and executive ability are under consideration, and within the next few days a superintendent will be employed.

The High School teachers are: A. J. Bierschwale, Principal; A. R. McHaney, and Mrs. A. R. McHaney. No assignments of subjects or departments have been or will be made until the superintendent is employed and on the ground.

Miss Nan Swayze will have the seventh grade; Miss Willie Holdsworth of Kerrville, the sixth grade; Miss Cora Fisher, the fifth grade; Miss Elsie Mathis the fourth grade; Miss Tyler Wilkinson the third grade; Miss Anna Mathis the second grade and Miss Austin Durst the primary.

Misses Swayze, Durst and Elsie Mathis were members of the faculty last year and their work was more than satisfactory. Miss Durst is recognized as one of the best primary teachers to be found. Miss Fisher is a daughter of J. B. Fisher and will graduate from C. I. A. this year. Miss Wilkinson is a daughter of M. Wilkinson of the Eagle, and is a Junior at T. C. U. Miss Anna Mathis is a sister of Miss Elsie, and a recent graduate of a San Antonio College.

Albert Bierschwale is a Kimble County product, and has a very successful record as a teacher. Mr. and Mrs. McHaney will graduate from Simmons College at Abilene this year.

ROOSEVELT IS THRIVING.

The Editor, in company with J. C. Beddingfield, was in Roosevelt last Friday, and a little sketch of the trip may or may not prove of interest.

The road is in fair condition all the way. In fact, considering the whole distance, it is better than at any time during the past two years that we have been traveling over it, and is rapidly being improved. The contractors have the road graded from the A. N. Wood place to the Copperas School house, a good part of which follows the course of the old road, and is easily passable.

At Roosevelt we found a number of improvements. A new and commodious dance hall has been built just west of the Surber Brothers' Garage. Ben F. Simon has extended his business operation, and in company with Phillip Luthringer, has opened a good line of hardware, and auto supplies in a new building adjoining his large warehouse. G. L. Smith is in charge of the store. The Ben Simon store, already one of the best country stores to be found anywhere, has had a number of improvements made and others will be made later. A large refrigerator, capable of holding several hundred pounds of ice, and taking care of the cold drink and fresh butter and cheese trade, has been installed.

Roosevelt is a progressive little village and the people living in the surrounding country are industrious and prosperous, and are noted for their loyalty to and interest in their community.

The Eagle expects to have a good correspondent at that place within a short time.

Hon. M. E. Blackburn, of Junction, whose work at Austin, fostering the creation of a State Park Board and other legislation that will result in the locating of a number of parks throughout the State, has been very effective. Mr. Blackburn was a member of the 34th, 35th and 36th Legislatures and has a wide acquaintance throughout the State and especially among old members of the Legislature.

KLANSMEN APPEAR IN BRADY SUNDAY NIGHT.

Quite a little interest was occasioned Sunday night when the largest crowd during the entire revival witnessed the visitation of 11 robed Klansmen who made a cash offering of \$50.00 to Mr. Crimm. Just after the conclusion of the song service and before the sermon, 11 Klansmen entered the tabernacle from the east door and in single file, marched down the aisle to the rostrum. Three of the number mounted the platform and handed Rev. Crimm a letter containing a check for \$50.00, the letter afterwards read by Rev. Crimm, stated that they endorsed his preaching during the revival, and also gave the principles of the Klan, in which were included: "Sanctity of the Home," "Protection of Women," "Love of Country" and "Religious Freedom."

Before retiring the spokesman for the Klansmen made a short talk on the principles of the organization, prayed a short prayer, and lead by Mr. Roth, "America" was sung.

After the Klansmen had filed out Rev. Crimm expressed his appreciation of the gift and stated that he stood for all the principles enumerated, after which he began his evening sermon. This was the first public appearance of robed Klansmen in the city.—Brady Sentinel.

THE ADVERTISED STORE.

Some people get the idea that there is a lot of profiteering in retail trade. If these folks only

realized the true condition of affairs they would realize the retail stores are doing business today on a smaller margin of profit than ever before. The higher range of prices prevailing since the war has stimulated competition and has forced retail trade to remodel its system of operation and make every possible improvement and economy in its methods. The stores are saving a margin for the public as the result of improved distribution methods. Merchants today are putting more brains into their work than ever before. They get better expert advice, they train to help to render better service. The best way to make the people realize the fine quality of the service they get from their stores, is by consistent advertising of those stores. As they read the newspaper advertising people learn about special chances to buy goods which they would never have known about had it not been for those notices. They learn that the stores are carrying lines that they knew nothing about. They get information warning them of conditions that tend towards higher prices, and showing how they can save money by prompt purchasing. They find out that their home merchants have been scouring the country to pick up the best merchandise available. They discover that their home stores are working with all their might to provide the necessities and conveniences of life at the lowest possible price consistent with substantial merit. The advertised store is the appreci-

ated store.—McKinney Courier-Gazette.

WANTED—Turkey eggs, any kind, for setting. Advise probable number, time, etc.

**PHOENIX
HOSIERY**

THE Tall mountains may stand aside, but Phoenix quality is a thing that never changes. On that firm foundation is this great business built. The prices of silk may rocket high, but the methods that have made Phoenix the standard hosiery of the world, and have given to it unprecedented sales, will be maintained at all hazards. But in men's, women's and children's hosiery new changes in prices now appear inevitable.

THE Time to buy Phoenix hosiery is Now!

THE STATE PARK LAW.**

Just before adjournment, the Senate concurred in a House amendment (the second paragraph of section three) to the bill passed several days before by the House. This bill, as printed below, is in line with the Governor's ideas and will doubtless be signed by him. It was submitted alone in a special message for the consideration of the Legislature. As is generally known, this county is in the running for one of the several State Parks that ultimately are to be established. D. E. Colp, M. E. Blackburn and F. W. Herndon, probably deserve more credit for the passage of the bill than any others outside the Legislature. Messrs. Blackburn and Herndon were, at the request of Mr. Colp, sent to Austin to help in securing this legislation.

At a meeting of delegates from over the State, a State Park Association was formed, and Mr. Colp was made president and Mr. Herndon, a special representative of the San Antonio Express was made secretary. Judge Blackburn went to Austin shortly after the organization of the Association, and has been constantly on the job ever since. He drew the bill, and did much to bring the op-

posing factions together, thus insuring the passage of the bill.

When this law becomes operative the numerous contesting localities will present their claims for a park site to the members of the Park Board, in a manner similar to the method now being pursued by the cities of West Texas that are competing for the Technological College.

The bill follows:

TEXT OF HOUSE BILL NO. 164.

By Stewart of Edwards, Lewis, William, Bird, Durham, Bell, Bonham.

A Bill to be Entitled An Act relative to State Parks; creating a State Park Board to investigate prospective park sites in the State and report to the Legislature with recommendations; authorizing the board to solicit and accept donations of land for State Park purposes; making an appropriation for expenses of the board; providing that localities may pay expenses of the board in visiting such locality to investigate and inspect land for park purposes, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. There is hereby created a State Park Board of five members to be appointed by the Governor, whose terms shall be six years from date of appointment, but the Governor in appointing the first board shall appoint one for two years, two for four years and two for six years. The members of the board shall be State officers and shall take the constitutional oath of office. They shall serve without compensation, but shall be reimbursed for necessary traveling expenses and hotel bills out of State funds, except where localities pay such expenses.

Sec. 2. Said board shall solicit donations to the State of tracts of land, large or small, to be used by the State for the purpose of public parks, and said board is hereby authorized to accept in behalf of the State the title to any tract or tracts of land.

Sec. 3. Said board shall make investigations of any tract or tracts of land, of any size whatsoever, in this State with a view of determining whether the same is suitable for public park purposes, and unless the State owns it the terms on which it can be acquired, and shall report the result of their investigations, together with their recommendations and findings, to each Regular Session of the Legislature, for such action as the Legislature may take. The purpose of the act being to initiate a movement looking to the establishment eventually of a system of State Parks for the benefit of the people, secured either by donation or purchase, or established on any land owned by the State available for such purposes.

The said park board is especially directed to inspect the Davis Mountains in Jeff Davis County, to determine its feasibility as a park that might be made a National Park.

If said board should conclude that the Davis Mountains area is feasible as a great park, they are hereby authorized to outline the said park; take options or easements and outline a policy to finance the said Davis Mountains area as a park. Any options, easements or tentative deals that are made in regard to said Davis Mountains park shall be subject to the action of the Legislature and shall not be binding on the State of Texas until the Legislature shall approve of the action of said park board.

Sec. 4. There is hereby appropriated out of the State Treasury the sum of fifteen hundred dollars for traveling expenses and hotel bills of said board while away from home on official business for the State. Provided, that any locality desiring to do so may pay the expenses of said board on any trip to such locality to inspect land and investigate in such locality to ascertain whether there is a suitable site there for a State park; but in the event the expenses of the board are so paid no money shall be paid out of the State Treasury for traveling expenses or hotel bills of said board on such trip.

Sec. 5. The fact that a system of State Parks should be established for the benefit of the people, and that the movement to that end ought to be initiated while park sites are available in the State, create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended and that this act shall take effect and be in force from and after its passage, and said rule is hereby suspended, and it is so enacted.

Best milk and cream. Boyd Jetton. 49-4f

W. M. Allen was in Brady on business last week.

County Agent McMillan is at Calvert this week.

T. L. Benson, Sonora Commission man was here on business Monday.

FOR SALE—Hereford bull cheap; Mudge stock. James Prentice. 5-2tc

Otto Oxford recently purchased a new Dodge touring car in San Antonio.

If you need rich sweet milk delivered night or morning, phone Mrs. Brooks. 3-4tc

Sheriff Ed Custer and deputy passed through here last week on their way to Llano to attend court.

T. B. Phillips and family from Edwards County were visiting relatives and friends here last week-end.

C. W. Blake, traveling representative of the Kansas City Stock Yards, was a business visitor in Junction this week.

Arthur Simon of Roosevelt, purchased a new Star car last week from the local agents, Wahl Brothers and Jordan.

Two second hand, New Perfection, 4-burner, oil stoves, in perfect condition, priced reasonable. Junction Furniture Co.

E. A. Loeffler and Clarence Jetton left Saturday for Fort Davis. They will return this week with Mrs. Loeffler and two sons.

Gully Cowsert moved about 25 good grade heifers to the ranch this week that were purchased some weeks ago from Alfred Hodges.

Si Cavness who has recently moved from the Paint Creek community into town, will be associated with his father and brother in the garage business.

R. H. Mayfield went to San Antonio Sunday to meet his son, Robert, who will be here until June, when he will go to Austin to attend the summer school of the University.

Sheriff Dee Gibbs and family have moved from the Ad Murr house near the school building to the Woody Blain house on College street across from the Hankins residence.

Burt Braley and wife have purchased the J. D. Motley residence and moved into it. They have been living in the Blain place across the street from their present home.

Leslie Allen and wife went to Brady last week where Mrs. Allen will visit for a couple of weeks. Mrs. W. M. Allen accompanied him home. She has been visiting two weeks in Brady.

The Eagle is in receipt of an invitation to the commencement exercises of the Fort Davis High School, the courtesy of Louis A. Loeffler, who was president and honor graduates of the class at Fort Davis this year.

Albert Bartley went to Rock Springs Sunday to get his father, J. W. Bartley, who will spend a while with his son in Junction. Uncle John is nearly eighty years old and has been in bad health for the past few years.

E. E. Bolt & Son recently sold to an Oklahoma buyer, 76 steers ones, twos and threes, at \$25, \$35 and \$45. These steers, with a number bought from W. A. Bannowsky of Cleo, will be shipped to Oklahoma and placed on a ranch there.

N. H. Skaggs was displaying a loud colored tie at the recent goat and sheep men's meeting, that was made of mohair. This tie was the work of Miss Estelle McDonald of Sonora, who is to be congratulated on this splendid piece of hand work.

A deal was negotiated this week whereby K. Spencer sells his Segovia ranch, of about 1,200 acres, to E. B. Ramsey of Brady. Mr. Ramsey was here this week. He will probably move here next year, but will have another man in charge of place this year. Mr. Spencer has not decided yet what he will do, but thinks he will again move to a ranch that he owns near Bandera.

J. A. Heyman received a telegram Saturday that his brother, who lives in Albuquerque, New Mexico, had been killed last Wednesday night. The telegram was evidently delayed. Mr. Heyman left Saturday afternoon for Menard to take the train for Albuquerque. No details of the death was contained in the telegram.

W. T. Hutto is here this week on business connected with the road work. Mr. Hutto is the senior member of the firm of W. T. Hutto and Son, who have the contract to build the ten-mile stretch of road from the six-mile crossing on North Llano towards Roosevelt.

Dr. Lorenza L. Skaggs wishes to announce to his patients and friends that he will be located at 703 Brady Building, San Antonio, Texas, until about June 1. Dr. Skaggs is taking special study courses in dentistry and is prepared to perform all dental operations.

F. W. Henderson returned this week from Brady. During his stay of two weeks from Junction he has been to Houston to attend the funeral of a cousin of his who died in a Houston hospital. He spent several days in Brady on business.

Mr. and Mrs. Fletcher Sullivan of Flatonia are guests at the R. H. P. Wright ranch. Miss Marguerite Wright who has been the guest of Mr. and Mrs. Sullivan in Flatonia, returned with them.

Miss Fern Bohannon left last week for her home in Missouri. Miss Bohannon won many friends during her stay in Junction who regret to see her leave.

Sewing Class—Have time for few more pupils in fancy sewing and plain dressmaking. For information phone Mrs. Joe Turner. 5-2tc

Mrs. Hugh Wilson, Mrs. John L. Jones and Mrs. Lola McCollum are the guests of friends and relatives in San Antonio.

Mrs. J. A. Heyman, Misses Lottie Heyman and Bessie Quisenberry spent the latter part of last week in San Antonio.

Mr. and Mrs. Frank McMillan left Sunday for their old home where they will be the guests of friends and relatives.

Two second hand, New Perfection, 4-burner, oil stoves, in perfect condition, priced reasonable. Junction Furniture Co.

Mrs. Clyde Gardner and two daughters, Jamie and Louise, are visiting in San Antonio.

Miss Emma Schraeder of Bay City is the house guest of Miss Lottie Heyman.

STOCKMEN, NOTICE:

The wool market at present continues good and run of lambs from the west has been light into Kansas City, making a good outlet upon Texas weathers and goats. Native fed steers especially matured stuff, has also shown light run at Kansas City, making a fair market upon Texas cattle. Under these conditions the Kansas City market has been showing good results compared to other markets, and we think Kansas City will continue to be a healthy outlet when your stock is ready to ship.

C. W. Blake.

Gum-Dipped Cords

Gaining New Fame for Service

194% Sales Increase in Last Six Months

Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all tire choices is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the

results in economical mileage of the Firestone process of double gum-dipping. The buying swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories. Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that only the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.

BILL WOULD REDUCE \$600,000.00 SURVEYS.

Austin, May 20.—A total of \$190,000, instead of \$600,000, for the use of the State Board of Water Engineers and the State Reclamation Engineers in making topographical and hydrographic surveys and stream measurements, would be provided in a bill introduced in the House Saturday morning by Messrs. Price and Bonham.

The bill is offered as an amendment to House bill No. 7, passed to enactment at the regular session of the Legislature.

Mr. Price's proposal is to appropriate \$25,000 a year to the State Board of Water Engineers \$20,000 for each of the two years to the State Reclamation Engineers for topographic surveys and \$50,000 a year to the State Board of Water Engineers for stream measurements and other hydrographic work.

The Baldwin bill would tax carnival companies at the rate of \$4 a day on every railroad car for the first day and \$1 a day thereafter. For carnival companies traveling by wagon or automobile, the tax would be at the rate of \$7 a day for between one and five vehicles and \$15 for between seven and twelve wagons, with \$1 additional for more than twelve vehicles.

PRUNING KNIFE OR INCOME TAX, IS VIEW.

Austin, May 20.—An income tax or a fiscal pruning knife sharpened to a razor edge must be produced within the councils of the third called session of the Legislature this week, in the judgment of the handful of Senators and Representatives spending Sunday in Austin. An income tax bill, the seventh or eighth of its kind that has been drafted by members of this Legislature, is ready for the House battle.

Governor Pat M. Neff is in West Texas and reposing on his desk are the appropriation bills that call for expenditures of somewhere between \$8,000,000 and \$10,000,000 more money than the State may collect under existing revenue statutes during the next two years.

The Governor will not return until probably Wednesday or Thursday, and in the meantime the income tax bill and several minor revenue measures are the only matters of lawmaking concern before the House. In the Senate there is no pending business except a resolution that would deliver a prayer to the Senate of the United States to investigate the methods of the election in Texas last year that sent Earle B. Mayfield to that body.

THIRD CALLED SESSION LEGISLATURE CONVENES

The Second Called Session of the Texas Legislature adjourned last Tuesday and at 11:20 p. m., the Governor issued a proclamation calling for a Third Extraordinary Session. In this proclamation he only mentioned one subject for the consideration of the Legislature at this time, viz: the consideration and passage of appropriations that would come within the revenues of the State. If this is to be considered in its strictest sense it is very commendable and will doubtless meet with the approval of the vast majority of the citizens of Texas. However, a broad view has been taken by some members of the Legislature and already bills for providing additional revenue have been introduced. Representative Dinkle has introduced his income tax measure and others have probably been introduced again, that failed to pass in the second called session.

The appropriations passed by the Legislature during the session just ended totaled approximately forty million dollars, which is from eight to ten million more than the estimated available revenue of the State. Experts from the Income Tax section of the Internal Revenue Department state that the proposed State income tax will

bring in something like four or five million dollars. Should this measure pass and the present appropriation bills remain about as they are, there will have to be additional means of raising some five or six millions of dollars to meet these appropriation.

EL DORADO SUFFERS \$15,000.00 FIRE LOSS.

This town suffered the worst fire in its history on the 11th, in destruction of four frame buildings, housing five firms. The loss was estimated in excess of \$15,000, with only about \$4,000 insurance carried.

The establishments wiped out were: The Eldorado Hardware Company, D. C. Hill & Son, proprietors; Mrs. E. C. Haynes, confectionery; Ernest H. Sweett's shoe shop; Joe Williams' tailor shop; and the barber shop of Herbert T. Finley. The blaze originated shortly after 4 o'clock somewhere about the Ben Hext building, occupied by the barber shop and tailoring establishment, and many citizens suspect incendiarianism.

Eldorado, a town of about 650 people, is without fire protection and a strong south wind rapidly spread the flames from the barber and tailor shops northeastward up the east side of the street towards the Schleicher County court house. The burned area represents approximately one-fourth of the town's business district.—San Angelo Standard.

Top off each meal with a bit of sweet in the form of WRIGLEY'S.

It satisfies the sweet tooth and aids digestion.

Pleasure and benefit combined.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.

America's Marvels NATURAL AND OTHERWISE

By T. T. Maxey

THE AMERICAN SPHINX

Set high above the shimmering waters of the picturesque Rock river on the shoulder of a huge bluff near Oregon, Illinois, ninety-nine miles (by rail) from Chicago, and looking out over a country that is indeed good to look upon, is the colossal statue of the Indian Chief, Blackhawk—the largest concrete monument in America, if not in all the world—the American Sphinx.

This statue is the endearing tribute of the sculptor, Lorado Taft, to the American Indian. It depicts the famous chief standing erect, with folded arms, garbed in a long, flowing robe or blanket, which folds gracefully about the figure, gazing silently and in farewell attitude over the fertile valley which the members of his tribe were wont to roam.

The attention-inviting location and pleasing proportions of this mute figure lend to its bigness a nobleness of pose that is in complete accord with the courage displayed in the countenance of this splendid warrior.

This American sphinx rises from a huge concrete pedestal which rests upon the solid rock of the river bluff and weighs something like 300 tons. In its construction approximately 400 barrels of cement and 4,000 pounds of twisted reinforcing steel rods were used.

The subject was so unique and the construction so unusual that peculiar methods were of necessity called into play. These methods and their applications excited extraordinary attention. In order to insure the preservation of correct proportions a working model six feet in height was made. This model was then enlarged seven times. Then a mold was built over it. Afterward the model inside of the mold was dismantled and removed. Then the mold was filled with concrete. Pink granite dust or screenings was mixed with the concrete. This process gave to the finished figure a granite-like appearance. This mass was next allowed to set. After the setting process had terminated, the mold was raised and carried away and to there emerged and stood in all its glory an everlasting memorial to the passing of the Red Man—the American Sphinx.

NOTICE TO JAIL CONTRACTORS

Sealed bids will be received by Weaver H. Baker, County Judge of Kimble County, Texas, at his office in the Court House in Junction, Texas, until 12 o'clock M., June 15, 1923, for furnishing and installing improvements on and in the County jail, as per plans and specifications furnished thereto by Southern Steel Company of San Antonio, Texas, which plans and specifications are on file in the office of the County Clerk in the Court House at Junction, Texas.

If satisfactory bid is received, the Commissioners' Court of said County will let contract at Junction, Texas, for said improvements during the regular Term of said Commissioners' Court, beginning on the 11th day of June, 1923.

Each bidder will be required to file with his bid a certified check for \$250.00, payable to Weaver H. Baker, County Judge, guaranteeing that if contract is awarded such bidder, he will enter into contract and furnish hand for the faithful performance of said contract.

The Commissioners' Court reserves the right to reject any and all bids.

GOAT MILK SERVED AT BARBECUE TUESDAY.

A novel innovation in the way of food was served at the I. O. O. F. barbecue Tuesday. N. R. Skaggs, one of the Executive Committeemen has a few milk goats at his ranch north of town and in order to show the superior quality of goats' milk, Mr. Skaggs had a large freezer of ice cream made and served it free to those present. He also had cold milk on the ground. Both the milk and the ice cream were consumed quickly, and many calls were made for more, and all who tasted either, expressed much surprise at the quality.

This demonstration goes to show that prejudice is the only thing in the way of the more general use of both chevon and goat-milk. Right here in the goat raising country, many people are adverse to eating chevon or drinking the milk. The fact that both become popular when people once eat or drink it, is evidence of the fact that the future of the goat industry, aside from the mohair end, depends on the necessary publicity and demonstration to acquaint the public with the quality of the meat of the ordinary angora and the milk of the well bred milk goats.

That same prejudice that exists relative to the milk of the Toggenburgs and other milk goats, also exists against the meat of the Angora. But the efforts of many breeders are gradually breaking down this unfounded prejudice.

TO BARBECUE CHEVON.

Ben L. Binyon, in the Angora Journal.

If you want to serve a chevon barbecue in your locality, here are the points needed as prepared by B. M. Halbert, Sonora, Texas, from the actual operations of that famous camp cook, B. L. Binyon, whose judiciously prepared service has made thousands of believers in chevon at recent Texas fairs:

Preparation of Pit:—Dig your barbecue pit 2½ feet deep; have it 2½ feet wide, and 2 to 2½ feet for each chevon to be barbecued. For example, ten head of chevon will require a pit from 20 to 24 feet long, according to the size of the chevon.

Place iron bars or old iron pipe across pit at intervals of 4 or 5 feet, to support a grill of woven wire fencing stretched from end to end. Build your fire in the pit and burn down to a bed of coals (half seasoned oak wood is best). Be sure and not put on the chevon while the fire is too hot.

Cooking and Basting:—Place the chevon over the fire pit and brown slowly. Turn and salt each side of the chevon as it is browned. After salting, take a mop on a stick and baste thoroughly with hot butter or pure hog lard. Still better, use the formula given in last paragraph. Keep the meat cooking slowly for 3½ to 4 hours; turn at least three or four times while cooking and baste with hot basting sauce each time the chevon is turned. Have an outside fire burning so as to replenish the fire in the pit with hot coals.

Basting Sauce:—Use 5 lbs of lard; 1 gallon vinegar; 1 small can mustard; half small can red pepper; half pound sugar. Mix all together and put on hot, basting as the chevon are turned over the pit from time to time. This quantity will do for 10 or 15 head of chevon.

DEATH TOLL FROM STORM REACHES 23.

Colorado, May 20.—The death toll from the Mitchell County tornado reached twenty-three during Friday night, when Henry Graham, 21, died of injuries received in the storm. Graham a farmer, lived four miles south of Westbrook.

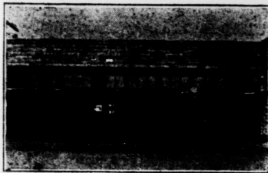

Twenty Colorado business men, comprising membership of a committee appointed late Friday afternoon by J. F. Greene, chairman of the Mitchell County Red Cross Chapter, canvassed

the entire countryside Saturday marshalling together forces to begin replanting the destroyed crops in the path of the storm.

GUARDIANSHIP OF THOMAS KELLEY, A MINOR.

In the County Court of Kimble County, Texas, this 16th day of May, A. D. 1923. Now comes P. T. Hodges, guardian of the estate of the said Minor, Thomas Kelley, and states to the court that he wishes to resign as such guardian, and he here now files with this application a full and complete account of the condition of the estate of said Minor, Thomas Kelley, and of his guardianship, verified by affidavit as required by law.

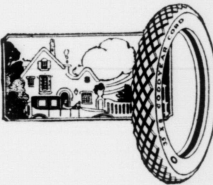

P. T. HODGES,
Guardian.

MEMORIAL SERVICES.

Tuesday evening, May 22, at the Masonic hall, the Order of the Eastern Star held a memorial service in honor of their members who have passed into the Great Beyond. At this time the Assistant District Deputy Grand Matron of the Fifth District, Mrs. Oren Reid, paid her official visit. After the chapter opened Mrs. Reid was escorted to the East. Mrs. Olney Patterson, in behalf of the Junction Chapter, presented Mrs. Reid with a strand of La Toussa pearls, which she graciously received. In an impressive manner the chapter of sorrow was opened, among the special numbers on the program were a quartet, "The Vacant Chair," sung by Messrs. Fayette Hodges, Oren Reid, Fred Knetsch, and Olney Patterson; reading (a) "The Wild White Rose"—Ellen H. Willis; (b) "Crossing the Bar"—Alfred Tennyson, rendered by Mrs. A. W. Loeffler, and a piano solo, "Nearer My God, to Thee" with variations, by Mrs. Nan Summers.

The Chapter of Sorrow was then closed with a beautiful ceremony, after which Mrs. Reid gave an interesting talk. At the close of the evening, ice cream and delicious cake were served.

FAREWELL PARTY.

Last Thursday evening the B. Y. P. U. complimented Miss Fern Bohannon with a farewell surprise party at the Baptist parsonage.

Miss Joan Wilson presented a beautiful bouquet of flowers to Miss Bohannon in behalf of the B. Y. P. U.

In the musical contest Miss Joan Wilson won a piece of sheet music; Miss Fern Bohannon and Fayette Hodges won the cup and saucer in the string contest; Rev. S. F. Marsh was pronounced the most proficient in the animal contest and was presented with a box of animal cakes; Miss Emma Mae Hodges and Alton Miller were consoled with a cracker. An amusing water and cracker contest was held which was won by Jack Turner. There was also an amusing fortune telling contest.

Piano solos by Misses Fern Bohannon and Hilda Marsh added to the pleasure of the occasion. Iced lemonade and cake were served to Misses Fern Bohannon, Emma Pickett, Emma Mae Hodges, Bernice Chenault, Ruby Duderstadt, Mattie and

Nettie Wright, Joan Wilson, and Mrs. Lola McCollum and Fayette Hodges, Roscoe Stevenson, Alton Miller, Grady Kendrick, Stafford Thomas, Floyd Richardson, Lawrence Johnson, Jack Richardson and Jack Turner.

SURPRISE PARTY.

The Ladies Card Club and the Merry Wives Club surprised Mrs. Douglas Motley Friday afternoon when they drove in a body to her residence, of which they at once took possession. Each guest bore a bouquet of flowers which were presented to Mrs. Motley, with expressions of regret at her coming departure.

Bridge was the feature of entertainment after which sandwiches, cake and iced tea were very much enjoyed by Mesdames Douglas Motley, J. C. Beddingfield, C. T. Holekamp, John Martin, Weaver Baker, Felix Watson, Olney Patterson, H. G. Perry, C. R. Stevenson, Nan Summers, Jim Moore, Will Riley, W. W. Buck, Hez Denman, Hy Taylor, Carl Wolf, Lee J. Corkill and Miss Doris Holekamp.

PICNIC.

Last Monday afternoon Mrs. Chris Schraub and Miss Mary Willis, assisted by Mrs. Roger S. Parry and Mrs. Jim Massey, entertained the primary department of the Baptist Sunday School with a picnic at Flat Rock crossing. On their arrival at the river the kiddies were delighted when permitted to wade in the cool water.

Several games were played and the time passed all too quickly for the little ones. Delicious chicken sandwiches, ice cream cones and cookies brought the afternoon to a pleasant close.

SPEND THE DAY PARTY.

Wednesday of last week Mrs. A. L. Mudge and Miss Dorothy entertained with an all day party in honor of their house guest, Mrs. Louis Keck of Mt. Vernon, Indiana. After a delicious dinner several games of bridge were enjoyed and in the afternoon cake and iced tea were served.

Those enjoying the hospitality of Mrs. Mudge and her daughter were Mesdames Lee J. Corkill, Carl Wolf, C. T. Holekamp, and Mrs. Rieck.

Mrs. Louis Keck of Mt. Vernon, Indiana, who has been a guest at the A. L. Mudge ranch left last week for San Antonio. Mr. and Mrs. Mudge accompanied them to Kerrville.

PECANS

EVERY YEAR Sees the Llano River Pecans in bigger demand. A normal yield, brings thousands of dollars into the county, and the producing cost is very small. This is a source of revenue that we are very fortunate in having, and it behooves us to increase this revenue if possible.

THERE ARE Many trees that produce a pecan much superior to the average, and these better grades command high prices. A systematic study of the methods of producing more of the better grades will pay well. Top grafting has proven a decided success in other localities and can be profitable resorted to here.

THERE ARE A number of men experienced in this work, living in the county and the County Demonstration Agent is also well qualified for this work. Get in touch with some experienced pecan man now and do some top grafting this season. Now is the time. It will pay you well
