'Uncommitted' Nations' Views Statement Is Issued By Chiefs

By HELEN FISHER
United Press Staff Correspondent
FULA, Yugoslavia (UP) — The "uncommitted" chiefs of state of Yugoslavia, India and Egypt called today for elimination of all trade embargoes, freedom for Algeria and admission of Communist China to the United Nations.

They also urged settlement of the German problem by peaceful negotiation as a means of easing world tension.

A joint communique, released simultaneously in Cairo, New Delhi and Belgrade, outlined the conclusions reached in 19 hours of talks between Yugoslav President Tito, Indian Prime Minister Jawaharlal Nehru and Egyptian President Gamal Abdel Nasser.

The "little three" conference at Tito's summer residence on the island of Brioni ended late Thursday. Nehru accompanied Nasser on his return trip to Cairo for further talks in the Egyptian capital.

The Egyptian president held private talks with Tito before Nehru's arrival in Yugoslavia.

The joint declaration opened with a series of general statements along the expected lines advocating "peaceful and active coexistence."

But getting down to specific problems, the 13-paragraph statement said the leaders of the three nations "emphasize the great importance of removing embargoes and obstacles to the normal development and broadening of international trade."

Observers said this point may have special significance to Israel. In addition to the western strategic embargoes against eastern Europe and Communist China, it was also believed to refer to the current "Arab blockade" of Israel, because Egypt herself has led the Arab blockade.

Wedgeworth Is Institute President

DALLAS — E. O. "Red" Wedgeworth, manager of the Pampa Chamber of Commerce, was elected president of the Southwestern Institute of Chamber of Commerce Managers at the luncheon meeting of the group today.

Wedgeworth, who was vice president in charge of student activities last year, succeeds Jack Lacy of Pueblo, Colo., as president of an organization officially covering eight states. This convention, however, has representatives from 14 states attending, and includes some 400 persons.

Wedgeworth entered chamber of commerce work in 1942 and has been manager of the Pampa chamber since 1945. He is a past president of the Chamber of Commerce Managers' Association of West Texas and is currently secretary of the Texas Chamber of Commerce Managers. He has been attending the Southwestern Institute since 1945.

In accepting the post, Wedgeworth said, "As president I can attempt to repay a part of the debt I owe the Institute as a matter of good faith and sincere appreciation for the wonderful service

President Eisenhower To Proclaim State Of Emergency

By RICHARD E. MOONEY
United Press Staff Correspondent
EMERGENCY PRESS HEADQUARTERS, Operation Alert — UP — The nation's civil defense network prepared today for a massive mock attack by sea and air which will set off a six-day "Operation Alert" to practice the ways of survival.

President Eisenhower was scheduled to proclaim a civil defense state of emergency through this Emergency Press Headquarters more than 100 miles from Washington.

The proclamation was scheduled for 11 a.m.

It will result from attacks by mythical airplanes and submarines on 75 areas—big cities and small, atomic energy installations and military bases—in the United States and its territories.

Canada also participating

Canada was also running readiness exercises in 15 areas. Some 10,000 federal government workers were ready to flee Washington for 37 secret, emergency operational centers located from 50 to 350 miles away from the capital.

President Eisenhower, because he departs late tonight for a meeting of inter-American presidents in Panama, was not taking part in the evacuation of government officials as he did last year in a similar exercise. Nor was he going to the White House air raid shelter.

The Chief Executive limited his participation to presiding at the start of the alert over an expanded meeting of the National Security Council. Reports on the movement activities to secret headquarters were to be studied at the meeting by regular council members and additional agency heads who do not normally participate in council proceedings.

Radios To Be Silenced
Ten state governments also were moving key personnel outside the range of simulated hydrogen and atom bombs.

Radio stations were giving "Conelrad" its first nationwide work-out this afternoon. All stations cease their scheduled broadcasting for 15 minutes beginning at 4:10 p.m. EDT. But 1,200 AM stations switch to 640 or 1240 kilocycles to broadcast civil defense announcements and Air Force band music.

The "Conelrad" plan is designed to permit limited broadcasting of civil defense news while denying regular broadcasting signals to enemy bombers which could use them in navigating.

Resignation "no Surprise"
Gerow was named secretary general of the Hungarian Communist party Wednesday in the biggest party shakeup since the 1947 coup.

He took over from Rakosi who resigned the "strongman" post with a confession of "grave mistakes of the cult of the personality and the injuring of socialist law."

Rakosi's resignation did not surprise me," Nagy said in an exclusive interview with United Press. "I was expecting his downfall any day."

"But it is a great satisfaction for me to hear about his resignation here in Switzerland, the same country in which I was spending a vacation when he carried off the coup d'etat against me with the help of the Red army, and made it impossible for me to return to Hungary."

Nagy, premier of Hungary from 1945 to 1947, was on a private visit to Switzerland when the Communists took over his homeland.

He now lives in Herndon, Va., and is on a visit to Europe.

Nagy said he believes the main causes of Rakosi's downfall were the following:

"As a faithful and reactionary follower of Stalin, he could not adjust himself to the new policy of the Soviet Union, namely the denunciation of Stalin."

"He was the most unpopular dictator in central eastern Europe and not only hated by the whole Hungarian nation, but also by the second-rate leaders of the Communists. Under the present circumstances, the Soviet Union cannot tolerate such a hated and unpopular satellite leader."

"There is a growing uneasiness in Hungary at present and an intellectual revolution. It was started by the writers and poets and through the youth it is going through the whole nation."

"Finally, Rakosi was abandoned and attacked by his comrades, who were afraid that if they did not adjust themselves to the new trend of Soviet policy, they would also be ousted."

Court Martial To Hear

Night March Was Custom

By H. D. QUIGG
United Press Staff Correspondent

PARRIS ISLAND, S. C. (UP) — Marine Sgt. Matthew C. McKeon's defense was permitted today to produce evidence at his manslaughter court martial that severe night marches into the swamps and tidal streams at this depot had been a practice of training leatherneck recruits.

Navy Capt. Irving N. Klein, presiding as judge at McKeon's trial on charges that his action led to the drowning of six recruits in the salty waters of Ribbon Creek, ruled that evidence about that type of training will be admitted regarding charges that McKeon oppressed troops under him and charges of involuntary manslaughter as a result of the oppression.

An earlier witness on this fifth day of McKeon's trial testified that the sergeant was an "outstanding drill instructor" who was working with a "mediocre" platoon at the time of the April 8 tragedy.

Victory for Defense

Klein's ruling was considered a victory for the defense which has argued throughout the court martial that long night marches were customary at Parris Island—part of the program it takes to turn a

soft civilian into a marine toughened for battle.

Klein ruled that such evidence must be confined to practices "under the same and similar circumstances" as those that prevailed when McKeon led 74 members of a recruit platoon into Ribbon Creek to "teach them discipline."

Six of the recruits drowned, and national attention has been focused on this resultant court martial as it has on no other since the famed trial of Billy Mitchell.

Klein's ruling came in the absence of the seven-officer court, all of them veterans of marine combat. The court had been excused while the defense and prosecution argued the question of the materiality of testimony about such training methods as marches which are not listed in the training manual.

Defense Attorney Emile Zola Berman has contended that the proud combat history and tradition of the Marine Corps are grounded in rigorous and unscheduled training methods such as night marches into the mud and waters of the "boondocks."

The ruling had the potentiality of opening a flood gate on testimony which has been volunteered by ex-marines throughout the country in response to an appeal by Berman.

Many of the telephone calls and telegrams have been from men who claimed they had been marched into water as marine recruits at this famous training depot.

The witness who testified about McKeon's ability today was S-Sgt. Edward A. Huff, senior drill instructor of McKeon's platoon and his immediate superior.

McKeon, 31, who was a junior drill instructor of platoon 71, is charged with manslaughter, cruelty, and drinking in violation of regulations.

"Were you satisfied with this platoon?" Defense Attorney Emile Zola Berman asked.

"No, sir," Huff replied.

The witness is a veteran of twelve and one-half years in the Marine corps and has taken five platoons through recruit training here.

"Sgt. McKeon to me is an outstanding drill instructor," Huff replied in answer to a question by Berman.

He said that platoon 71 "did not have the discipline that the other four platoons had that I worked with."

Heavy Damage In Blaze At Music Store

A fire discovered at 11:40 p.m. Thursday resulted in heavy damage to the interior of the Ard Music Store located at 115 N. Cuyler.

The fire apparently started in the rear of the building near the door to the alley. Fire Chief Ernest Winborne stated that the exact cause of the fire was not known this morning but that an investigation was being made to determine the cause.

Damage to the stock in the building was heavy with only three or four pianos, located near the front door, escaping damage from the intense heat of the fire.

Wilbur Ard, owner of firm, when interviewed this morning stated that the exact amount of loss could not be determined until an inventory and appraisal of damage to the stock was made.

Bentley's Clothing store, located to the south of the music store, received smoke damage to their stock. The fire department used smoke ejectors in the clothing firm for approximately two hours to eliminate as much of the smoke as possible.

The fire in the music store was brought under control by the fire department within approximately thirty minutes after their arrival.

The firemen stayed at the scene of the fire until after 3 a.m., making sure that the fire was out and did not become reignited from sparks.

Many of the telephone calls and telegrams have been from men who claimed they had been marched into water as marine recruits at this famous training depot.

The witness who testified about McKeon's ability today was S-Sgt. Edward A. Huff, senior drill instructor of McKeon's platoon and his immediate superior.

Yarborough Blasts Daniel For 'Mudslinging' Tactics

By UNITED PRESS
Governatorial candidate Ralph Yarborough today accused an opponent, U.S. Sen. Price Daniel, of "mudslinging" and "smear" tactics in the governor's race.

"Texans will not be confused by the playing of the same old worn-out smear and fear tunes written

by Allan Shivers," Yarborough said in a speech at Corsicana.

The Austin attorney said "the junior United States Senator from Texas has turned to the politics he learned from Allan Shivers."

He charged that Daniel hopes "by use of mudslinging, to hide the unbreakable ties that bind

him to the Shivers administration."

"By smearing me and other Texans, in spite of the fact that both he and I signed a code of fair campaign practices asked for by three great Texas religious leaders, the junior senator hopes to cover up his own record," Yarborough added.

Charges 'Cover Up'
He said Daniel "is saying the same things about me now that Allan Shivers said about Sam Rayburn and Lyndon Johnson last May."

Yarborough charged that Daniel hopes to "cover up the fact" that he voted for block land deals while serving on the veterans land board as attorney general, that "he signed his name as attorney general to the amended

Mike Sibole Now Facing Life With Sightless Existence

ORLANDO, Fla. (UP)—Mike Sibole, the four-year-old boy whose eyes were removed to save his life, played the game of sightless

existence today with a courage that awed his sorrowing parents.

The youngster whose plight tugged at the hearts of newspaper readers in many parts of the world has amazed grownups by eating deftly and playing with a tool kit in his first days of total blindness.

Doctors indicated he could leave the hospital today.

Mike's one remaining eye was removed Wednesday in an operation which doctors said gave him only a 50-50 chance to escape the spread of cancer. His other eye was removed two years ago.

To the immediate grave worry of the Rev. and Mrs. James W. Sibole — how he would take the news of their heart-rending choice of blindness over death — Mike gave reassuring answer by his display of a game spirit.

Attendants at the Holiday House Sanitarium said Mike had fully regained his robust appetite by Thursday night and ate a meal of chicken and rice soup, mashed potatoes and milk skillfully and without help.

For dessert he requested watermelon which was cut into pieces, small enough for him. He ate it with his fingers.

After supper, a load of toys of many kinds which had been sent by well-wishers were brought into Mike's hospital room, where his father described each of them to Mike.

Miss Keller, 78, who has been blind and deaf since infancy, Thursday asked that the American Foundation for the Blind send her letter to the Rev. and Mrs. James W. Sibole of Orlando, Fla.

Mike, 4, their son, lost his only eye Wednesday in a battle to stop the spread of a malignant cancer which threatens his life.

Exiled Hungarian Premier Says New Red Boss On Way Out Soon

EDITOR'S NOTE: Ferenc Nagy, Hungary's first postwar premier, was deposed in 1947 by a Communist coup executed by Matyas Rakosi. Now living in exile in the United States, Nagy was on a visit to Switzerland Thursday when Rakosi himself fell. In the following exclusive interview with United Press, Nagy gives his views on the latest Hungarian upheaval.

By ANDREAS GREGORADES

RHEINFELDEN, Switzerland (UP)—Exiled Hungarian Premier Ferenc Nagy said today that Hungary's new Communist boss is a Stalinist and will soon follow his ousted predecessor into discredit.

Nagy, first postwar premier of the Hungarian republic, was de-

posed in the 1947 Communist coup engineered by Matyas Rakosi. The Hungarian Communist "strongman" suffered a similar fate this week.

Nagy said that new party chief Ernoe Gerow "will not be able to hide his sympathy for the old reactionary type of Communism and will fall very soon."

IF YOUR GARAGE DOES NOTHING more than house an automobile, then you are losing one of the most usable, least expensive rooms in your home. Builders say square footage cost of a garage is about half that of the home, and that placement, design and utilization of garage or carport can make or break the looks and convenience of the home to a great extent.

YOU SAVE even more on garage construction if you use versatile, rugged, weather resistant western red cedar. It costs little extra to include storage in your garage for garden equipment, bicycles, wood-working tools or even riding equipment, depending upon your or your family's interests and spare time pursuits.

Designers point out that the garage can add to the apparent size of the small home, and can furnish that much needed extra living space that is at a premium.

If you have a two car garage, why not make a carport out of half of it to use during the summertime as a sheltered patio. If the double garage-carport is attached to the house, place the carport section nearest the dwelling unit for easy accessibility and good looks.

You can use the same kind of furniture for your carport patio that you would use for lawn or any

other patio. Cedar again shows its worth in tables, benches and shrub tubs, for rain will not harm it.

When you build your garage, be sure there is plenty of room so you can open car doors and move around the parked car easily. Some homemakers even have utility areas in the garage, so it is essential that space is allocated around washer and dryer.

Storage is many things to many people. If the carport is narrow and short, you can build cedar cupboards at the solid end of the garage over the hood of the car.

If you have a carport, build a free standing closet in the center of the space as a separator. These can be very good looking and compartmentalized for garden equipment, sports gear and tie like.

For storage walls inside the garage, you will want sliding doors, for you don't run the risk of banging the car. With the sliding, flush doors closed, tools don't show out-

side even when the garage door is open.

A good trick for gliding the open carport a bit is to construct cedar trellises or fence screens along the open side and plant flowering shrubs or climbing vines in front of them.

Baby Shower Given For McLean Woman

McLEAN — (Special) — Mrs. Clela Sue Howard was honored with a pink and blue shower in the home of Mrs. John Gudgel at 3:30 p.m. July 18. Guests were registered by Miss Shirley Gudgel.

The table was covered with a blue cloth and the centerpiece was an arrangement of pink gladioli. Punch and cookies were served, and the minis were served in miniature blue diaper cups.

A corsage of pink and blue baby socks was presented to the honoree by Misses Ariene and Marlene. The hostesses were Mmes. John Gudgel. Hostesses were Mmes. John Williams, Ernest Watson Pete Fullbright, and LeRoy Williams, and Misses Ariene and Marlene Gudgel, Betty King, Fern Grimstey, and FloNell Crockett.

Thirty friends registered and approximately 90 gifts were sent.

All in a rush come a bewildering variety of skills, all designed to drive Baby's parents wild: opening doors, turning knobs, pulling cabinet drawers open, climbing up and down stairs and sliding under furniture. Fortunately, he gets good and tired and will nap while Mother collapses.

It's a very exciting day when Baby learns to hold his own cup while drinking. You may find that he tends to drink everything in the cup at one time, at first. Give him a moderate amount to start so he won't choke.

Baby wants to learn how to get up and down off sofas and beds as soon as he's walking. Turn him over on his stomach and let him learn to slide down easily from low spots first. He'll soon do it unaided.

Because he's small and his sweat glands may not be working yet, the new Baby gets very warm very fast. Exercise care in how long he stays in a car that's in the sun or how long he naps in his carriage in the open sunlight.

Charges Are Filed After Accident

The only collision occurring within the city limits Thursday resulted in a charge of leaving the scene of an accident being filed against Mrs. Lillie Gray Watson, 629 N. Christy.

The collision occurred at 11:42 p.m. at the intersection of Magnolia and Allen when the '48 Pontiac driven by Mrs. Gray was in collision with a '48 Pontiac, belonging to M. A. Gamble, Greenville, S.C., which was parked at the curb.

Local police officers located Mrs. Gray approximately three and one-half hours after the collision, according to Chief of Police Jim Conner.

No estimate of the amount of damages to the automobile was made by the investigating officers.

 charter" of the defunct U. S. Trust and Guaranty Co., and "that he carries the public endorsement of George Parr of Duval county and all the other pistol-toting Texas border bosses."

Daniel injected the issue of traffic safety into the campaign, saying that if elected he will call safety officials together to "set in motion a thorough, long-range plan of accident prevention." He said it is time concerted effort be made to reduce traffic slaughter with a common-sense approach to the highway safety problem.

Other candidates — W. Lee O'Daniel, J. J. Holmes, J. Everett Haley, and Reuben Senterfitt — were on the move for votes.

 and its morale good or bad?" Berman asked.

"Just mediocre, sir."

The defense has made a point of the fact that one of the needs for disciplining the platoon was that McKeon felt some of the trainees had a habit of returning at meals for second helpings of dessert.

Berman hopes to win acquittal for McKeon, a 31-year-old Worcester, Mass., native, by showing that "The Tragedy of Ribbon Creek" was only an unfortunate accident that happened while McKeon was following accepted practice. The solemn sergeant is charged with manslaughter, oppressing troops, and two counts of violating regulations by drinking on the day of the tragedy.

The issue of the testimony arose Thursday when Berman abruptly asked a witness, M-Sgt. John Clement Jr., whether he knew of any troops having been marched into swamps or tidal creeks. The prosecution immediately objected and Navy Capt. Irving N. Klein, law officer presiding at the trial, directed Berman and the prosecution to prepare briefs on the point and be ready to argue it.

Berman, World War II hero and now a civilian attorney, contends that McKeon was only following accepted practices while trying to whip a laggard "herd," given to skylarking, into a sharp Marine platoon.

Burglars Enter Firm At White Deer

WHITE DEER — (Special) — Burglars entered the White Deer Supply Co. here sometime between 8 p.m. Wednesday and 5:30 a.m. Thursday and took money and merchandise valued at approximately \$60.

The break-in was discovered about 5:30 this morning by Kermit Schramm, manager of the firm, when he opened the business.

The Carson County sheriff's office made the investigation and reported that \$25.10, about half of which was in dimes, eight cartons of cigarets; about eight boxes of assorted candy; two boxes of Dentyne chewing gum; and from 25 to 30 quarts of Gulf oil were taken.

Entry to the building was obtained by breaking a window in the west side of the station, according to the report.

Evidence indicated that break-in occurred prior to the rain received early this morning and was probably done by amateurs. The safe, desk drawers, and papers had been gone through and were scattered about when the break-in was discovered.

Wheat Farmers Vote Friday On Rigid Controls

WASHINGTON (UP)—Wheat farmers in 36 states vote Friday in a national referendum on rigid government marketing controls for their 1947 crop.

Fewer than half the 950,000 eligible growers are expected to vote in the referendum. But those who do are expected to roll up a total vote far above the two-thirds majority necessary to assure controls.

Creation

The Weekly Message Of Inspiration

REV. CHARLES E. RHYNE, PASTOR
Evangelistic Tabernacle Church
330 S. Starkweather, Pampa, Texas

"CREATION IS WAITING"

"For the earnest expectation of the creature waiteth for the manifestation of the sons of God." —Romans 8:19.

In these wonderful days in which we live, there seems to be, from one end of this great land of ours to the other, a "Spirit of Expectancy" in the hearts of mankind everywhere. In every phase of life — politics, economics and even Christianity — there is a consciousness of a great event which is about to take place on the earth. The Apostle Paul in this portion of the word of the Lord declares with a CLARION TONE that the earnest expectation of the creature (or creation) is WAITING! Can you in your heart sense the expectancy? What does the Apostle Paul declare the creation is waiting for? THE MANIFESTATION OF THE SONS OF GOD!

What would the Manifestation mean to the whole of creation? As we read the 8th chapter of the Book of Romans we make a wonderful discovery: the Manifestation will mean "Deliverance" for them. Verse 21 tells us "The Creature (or Creation) itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God."

Men for centuries have in many ways sought for true liberty. We are grateful to such men as Patrick Henry, who declared: "Give me liberty or give me death!" True liberty can only be experienced in an individual's life as he is delivered (set free) from the bondage of corruption into this glorious liberty of the children of God.

This deliverance, which we see very clearly in the word of God and which even now is taking place in the world, will come through the manifestation of the Sons of God. The bondage of corruption will finally and decisively be broken through the mighty power of God which will be revealed through the Sons of God.

Man's cry for true liberty will be met at last. The marvelous redemption which God wrought through Jesus Christ, our Lord, will cause praise and adoration to break forth from the hearts of men. And the universe shall experience sublime emancipation.

Hoover Bests News In Teen-Age Tilt

In a teen age baseball tilt Thursday night C. R. Hoover dumped the Pampa News, 13-5, played at the Optimist Park.

The Pony sub-district baseball tournament really got off to a fine start Thursday night at Oiler Park. Larry Lethgo, second baseman and leadoff batter for Clovis was spiked on the left foot and was taken to Highland General where three stitches were taken. Larry, however, will be able to participate if he likes tonight against the Pampa - All - Stars. Umpires for last night's doubleheader affair were Jim Weatherford, first base, Lee Wamer, third base, and Bob Banks, behind the plate.

A portable fence was set up for the Pony tournament. From home plate to left, center, and right is 250 feet. Bases are 75 feet apart and it is 52 feet from the pitcher's mound to home plate. Tournament play will conclude Saturday. Was an especially good crowd out for the event.

The local invitational double elimination round robin tournament have sixteen games on tap today to be played in five parks. Panhandle Packing and Frontier started off the meet last night so no more than five parks would have to be used today. Charles Wilkinson, umpire chief of the tournament had 12 interested umpires attend at briefing on today's activity to come. All fields have been raked, and lined off. The meet starts at 6 p.m.

In Southwestern All-Star Tilt West Downs East

HOBBS, N. M., July 20 (UP)—Starter Bill Bagwell of the San Angelo Colts was shelled off the mound with a four-run first inning outburst. Thursday night as the West went on to beat the East, 8-1 in the Southwestern League's All-Star baseball game.

Richard Jack of Carlsbad, who pitched the first two innings for the West and retired the batters in order, got credit for the victory. The game attracted 2,002 paid admissions.

After pushing four runs across in the first inning, the West added another in the second, two more in the fourth and another in the seventh.

The East squad managed runs in the fourth, fifth and final innings.

Don Dobbek, Hobbs rightfielder, was the big gun at the plate for the winners. He got three for four, including a pair of booming triples. Steve Hill of Midland got two doubles in four trips to the plate for the East.

The teams resume their regular schedule tonight, with Pampa at Ballinger, Plainview at Midland, Clovis at Carlsbad, Roswell at El Paso and Hobbs at San Angelo.

Major League Roundup 'Guesser' Adcock's Homers Down New York Giants, 13-3

By JOHN GRIFFIN
United Press Sports Writer
Some baseball "experts" mock big Joe Adcock as a "guesser hitter," but he's guessing so well these days that he ought to be on one of those television quiz shows.

The six-foot, four-inch Milwaukee slugger put on another of his home run sprees Thursday with a grand slam homer, a three-run homer, and two more hits for a total of eight runs-batted-in in a 13-3 rout of the New York Giants.

The victory enabled the Braves to retain their two-game National League lead over the Cincinnati Redlegs, who drubbed Brooklyn at night, 7-2.

Joe Mottet Slugger
Whether or not Adcock really guesses what each pitch will be, there's no denying he's the hottest slugger in the majors. His total of 19 home runs includes 10 in the last 12 games, a period in which he drove in a total of 23 runs.

Adcock, who literally chased Giant pitcher Ruben Gomez out of the park Tuesday after being hit by a pitch, chased Giant starter Jim Hearn in the first inning with his 400-foot grand-slam homer. He added his three-run homer in the sixth off Dick Littlefield. He doubled in the third and singled home a run in the fourth. His eight RBIs were a single-game high in the National League this year.

Ed Mathews drove in three of the Braves' other runs and Warren Spahn breezed to his ninth win for the league leaders with an eight-hitter.

Jeffcoat Beats Maglie
The Redlegs, trailing 2-1 after Gil Hodges hit his 20th homer in the sixth, went ahead in the same frame on Gus Bell's 18th circuit blow with one on and wrapped it up with four in the seventh. Hal Jeffcoat won over Sal Maglie in a pitching duel.

In the only other NL game, Des Fondy's homer with two out in the 10th inning gave Chicago a 4-3 win over the Philadelphia Phillies. Jim King and Walt Moryn also homered for the Cubs and Grady Hamner for the Phils. Turk Lown won in relief, his second win in three days.

In the American League, the New York Yankees stretched their runaway league lead to 10½ games with a 7-3 victory over Detroit when second-place Cleveland lost to Washington, 5-4, on Eddie Yost's second homer of the game with two out in the ninth inning.

Byrne Wins Fifth
The Yankees, tied, 3-3, erupted for four runs in the sixth to win as Hank Bauer's bases-loaded double highlighted the rally. Tommy Byrne gained his fifth win with relief help from Tom Morgan.

Cleveland blew a 4-0 lead in losing to Washington as Bunky Stewart stopped them with two-hit pitching in 7 1-3 relief innings. The Chicago White Sox at last ended their 11-game losing streak as southpaw Billy Pierce scattered six hits and fanned nine to nip Baltimore, 3-2. It was Pierce's 14th victory, tying him with Johnny Kucks of the Yankees, for top winning honors in the majors, and his 12th complete game.

The Kansas City A's downed the Boston Red Sox, 4-4, as Vic Power, idle seven games because of dental trouble, came back to lead the way with a three-run homer. The win snapped the A's four-game losing streak.

Anthony Johnson Meet Tonight

NEW YORK (UP)—Rebuilt Tony Anthony gets the "toughest test" tonight in a TV-radio 10-rounder with light heavyweight Tony Johnson at Madison Square Garden.

Each Tony is a New Yorker but each is making his Garden main-event debut.

Because of his rebuilding program, as well as his speed and punch, 21-year-old Anthony is favored at 13-5 over 25-year-old Johnson, a rugged, free-swinging club fighter.
