### Three Out Of Four Against Pro Law, Curran Declares

#### PRESIDENT OF WET GROUP IS HEARD TODAY

NEARLY HALF MILLION SPENT YEARLY IN REPEAL WORK

BY JAMES W. DOUTHAT, Associated Press Staff Writer  
WASHINGTON, April 16.—Contending that three out of four persons in the United States were in revolt against prohibition, Henry H. Curran, president of the Association Against the Prohibition Amendment, testified today before the senate lobby committee that his organization had spent \$427,213 last year in working for repeal of the dry laws.

Part of the money was used, he added, in working for a candidate in the recent primary in western Massachusetts, and at the present time the organization is advocating the election of three candidates for office in Pennsylvania.

He said it had not been decided whether the association would participate in the Illinois senatorial election, in which Representative Ruth Hanna McCormack, republican, dry, and James Hamilton Lewis, democratic wet, are competing candidates.

Mr. Curran predicted that prohibition would be repealed and denied that his organization had engaged in "lobbying activities."

Asked if he would favor "armed revolution" against the prohibition law, Curran replied that "we will cross that bridge when we come to it."

He added there already was "armed revolution" so far as some of the prohibition officers were concerned. Five states were "revolted."

FERGUSON PLANS SUIT IN COURT AS STEP IN CAMPAIGN

AUSTIN, April 16.—Former Governor James E. Ferguson will test his eligibility as a candidate for governor in the 1930 democratic primary, he announced in his Forum, weekly paper.

He said he would institute proceedings in the Supreme Court to determine his status in order to head off any last minute move by his opponents to keep his name from the ballots on grounds he had withdrawn from the party after his impeachment by the legislature and organized the American party.

#### TEXAS AREAS GET RAIN ON TUESDAY

Vagrant April storms, making a belated and violent entry, today had drenched widely scattered portions of Texas with rainfall, expected to benefit crops and pastures in spite of local damage occasioned at Hillsboro, Fort Worth and other localities by high winds and hail.

Hillsboro was plunged into darkness last night as an electrical storm, accompanied by high wind, struck there, smashing store windows and blowing down garages and small buildings. Rainfall measured more than an inch.

Three-quarters of an inch of rain fell over Waco, while other Central Texas towns reported light rains. Hail was reported at Mt. Cal's, Clifton, West and Hubbard. Telephone lines were severed between Waco and Hillsboro. Temple also reported showers.

Dallas, already visited by rain which left 61 inch precipitation, received other showers which brought the total to almost an inch. Fort Worth reported .76 of an inch during the day.

#### GETS RICHES

#### "MISS NORIA" TO GO UNTAXED AFTER BEING LEFT \$20,000 BY MISTRESS

LOS ANGELES, April 16.—David Tannebaum, state inheritance tax attorney, announced today that no tax would be levied against a bequest of nearly \$20,000 to "Miss Noria," a horse.

Miss Noria will escape payment of the levy because the state has compiled no life expectancy tables for horses.

The mare, a favorite of Josephine Callaghan, actress-woman filer, killed in an airplane

accident near Abilene, Texas, last September, was left the money by the aviatrix. The will specified that Miss Noria should never be worked, ridden or sold as long as she lived.

Tannebaum said the state levies its tax on bequests after consulting life expectancy tables and classifying legatees by the number of years they have to use the money. In the absence of such tables for horses, no method is provided to ascertain what tax Miss Noria should pay.

L. Jones, 38, was seriously wounded.

Jones' condition shows slight improvement, although he remains in a serious state, attendants at the Lubbock sanitarium announced shortly after noon.

### JUDGE PECK GETS 30 YEARS; MOTHER HAS PLEA FOR SON

(By Associated Press)  
**BEAUMONT, April 16.**—After deliberating less than an hour, a verdict of guilty was returned last night by the jury in the trial of Judge Peck of Fred in district court at Woodville. Punishment of 30 years in the penitentiary was assessed against the slayer of Emma Womack, 23, whose decomposed body was found in the woods near Fred several months ago.

The courtroom was thrown into an uproar immediately after the verdict, when the defendant's mother begged of Judge Thomas B. Coe that her son's body be returned to her for burial in the family lot if he should die in prison. She then gave lengthy admonitions to her son as to his future conduct and finally gave way to screams and hysterics. The defendant himself was in hilarious mood and seemed unimpressed by the verdict.

## BYRD'S MEN PRAISE HIM UPON RETURN

### THREE OF FOLLOWERS BACK IN STATES; TELL TALES

(By Associated Press)  
**SAN FRANCISCO, April 16.**—Three of Richard E. Byrd's followers into Antarctica came home Tuesday, declaring that they had had enough of polar regions for a while, but insisting that they were willing to go again with Byrd literally to the ends of the earth.

Capt. A. N. Parker of Crystal Springs, Miss., Capt. C. A. McKinley of St. Louis, and O. A. Thorne of Chicago, chief surveyor for the expedition, all praised the fine character and steady leadership of "the admiral," as all three called Byrd.

The three men were peppered with questions, to some of which they replied:

That frozen noses, cheeks and toes were commonplace.

That learning to ski was their principal recreation.

That the South Pole is on a large flat plain 10,000 feet above sea level.

That the recreational value of golf clubs in Antarctica is about nil.

That her forgot to eat lunch in the excitement of discovering an unmapped range of mountains.

That it was not particularly cold at the South Pole, especially in their heated place.

KELVINATOR now adds to its previous accomplishments a new discovery—Iso-Thermic Tubes—the fastest-freezing automatic device on the market. By means of it, ice cubes and desserts are frozen in a special compartment at twice the normal speed.

It presents in its de luxe models, four distinct temperatures—each designed for a specific task of refrigeration. From first to last the new Kelvinators are entirely automatic—nothing for the housewife to regulate, nothing to trouble her memory.

In combination with these new automatic features, it retains the Kelvinator Cold-Keeper—a quality feature of the first Kelvinator, which has always been one of its great economy factors.

Acting as a constant reservoir of cold, this equipment cuts down the number of operating periods fully one-third.

See the new Super-Automatic Kelvinators, note the wide margin by which they increase Kelvinator's reputation for reliable, wholly automatic service.

You need not delay your enjoyment of Kelvinator's new automatic features a day longer. A small sum down with easy monthly payments installs a Kelvinator in your home. Let us tell you about Kelvinator's attractive ReDisCo monthly budget plan.

### GUY R. JOHNSTON ADVANCES REASONS FOR MAKING CHANGE ON SLATON ROUTE

Continuing discussion as to a survey he is now making on a proposal for elimination of two curves and shortening of the route on Highway 7 between this city and Slaton, Guy R. Johnston, resident engineer of the State Highway Department, said today that the five-mile of territory covered by the new route would greatly enhance value of adjoining property and would make possible the construction of a highway along the road.

"Lubbock is certain to expand greatly within the next few years," he said. "Development will extend perhaps in time to suburban improvements for five or six miles along the highway leading out of the city, thereby enhancing value of adjacent property."

### ROTARY CLUB

(Continued From Page One) club will succeed to the directorate as an ex-officio member after his term of office expires. He takes the place of Robert J. Murray, 1928-29 president. Other directors retiring after two years of service are: James I. Kilpatrick, M. B. Hillburn, Homer D. Grant, and Ray Grisham. The directorate will meet in the next few days to choose new officers for the coming year. President Clements said:

With the program in charge of Walter S. Poyer, Judge Bean spoke upon the needs of a new jail and criminal courts building, stressing unsanitary, crowded and altogether unsatisfactory conditions which are now pending in both the courthouse and jail. His talk was well received.

Mr. Wells, manager of a department store here, member of the directorate of the Board of City Development and a former president of that organization, took as his subject "The Business Outlook From The South Plains Angle". He said that in his opinion, based upon information he had gleaned in travels over Texas and into the north and east, this section is the lightest hit in the present business depression. Quoting building permits, rainfall

figures, postoffice receipts and bank deposits to prove his points, Mr. Wells contended that Lubbock and its contributing territory are in satisfactory financial and business shape. He also pointed out that farmers of this area had learned to diversify and were calling upon bankers less and less to finance their crops.

"Conditions Are Normal" "From every index we can find," he said, "conditions here are normal. We should go right on spending, building and progressing and through that program keep the wheels of business turning."

Using his own business as an example, Mr. Wells said the year 1929 was more than holding its own with 1928 in retailing.

brought by John Overall Carter of Minnesota. He is a son of Lida O. Carter, deceased, who was a sister of the late Richard H. Overall, husband of the testatrix. The plaintiff, who was bequeathed \$1,500, sets forth in his petition that Mrs. Lucy Van Clev, one of the daughters of Mrs. Miller, is dead; that the residuary part of the estate is worth several millions of dollars because of the discovery of oil on the ranch; and that the portion due Mrs. Van Clev should go to all the heirs of testatrix and her deceased husband, instead of to heirs of Mrs. Van Clev.

Would Be Cut Off Mrs. Overall stipulated in her will that if any beneficiary found fault with the distribution of her wealth such fault-finder should be cut off without anything. Thirty-six individuals and seven institutions are named as defendants in the suit.

# LEGGE CONTINUES APPEAL FOR REDUCTION OF CROP ACREAGES

## FARM BOARD HEAD HEARD ON AIR TODAY

### BETTER PRICES DUE IF PRODUCTION IS LOW, HE DECLARES

WASHINGTON, April 16—Chairman Legge of the Federal Farm Board today renewed his appeal for a reduced wheat and cotton acreage as a measure of bettering the finances of the farmer.

"Wheat growers are being urged to reduce their acreage ten per cent," he said in a radio address. "The purpose is to get production more nearly in line with domestic market requirements so that the 42 cent tariff can be made more effective."

"In asking the wheat farmer to reduce his acreage the board is not asking him to reduce his income," he added. "Instead the board confidently believes his income will be improved. If he could get more money for four bushels of wheat than he now gets for five, what is the incentive for raising the ex-

tra bushel, exhausting the fertility of the soil and going to the extra labor of raising it, only in the last analysis to reduce his income—not to increase it?"

"Cotton farmers are being asked to improve the quality of their cotton as well as to limit plantings to forty million acres compared to forty-six million acres in 1929."

tractor, and bank officials declared that they recognized the signature as not being Meredith's.

## THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The Travel Man exclaimed "Well, gee, I think that this place just suits me. We ought to get a real good sleep and it will do us good. The hay is soft and feels just right. I'm going to sleep now, no good night. You may not like this bed, but I have done the best I could."

"Oh, we are tickled," Soogy said. "This hay is much better than a bed. It's nice and soft and I am sure that we will all sleep sound. Real early with the break of day, we'll wake and hop out of the hay. There's plenty to be seen and you'll be glad to look around."

So all the bunch went right to sleep and all night long came nos a peep. At daybreak Soogy gave them all a very sudden start. "Get up! Get up!" he loudly cried. "You'll find me running 'round outside. I know 'twill fill me full of pep to breathe the morning air. The whole bunch soon were on their feet and Soogy said "When do we eat?" The Travel Man just

smiled and said, "Well, eat right on the farm." And sure enough they had their fill. They ate and ate and ate until wee Carry said, "We'd better stop or it will do us harm."

When they were on the road again they saw a cart pass now and then. 'Twas usually just a tiny one, but big enough for four. Soon all the Tinnies hopped a ride. The Travel Man then loudly cried, "We soon will all see Brussels, cause that's where we're heading for."

A lot of pretty sights were seen. The grass and fields were very green. And then they met a milk maid and she called upon the bunch. Right then she gave them all a drink. "You're very, very kind, I think," said Soogy. "This big cup of milk is good as any lunch."

(The Tinnymites met a lace girl in Brussels in the next story.)

# ANNUAL DISTRICT MEET TO DRAW 350 SOUTH PLAINS ATHLETES

**IN THE REALM OF SPORE**  
WITH ALLAN CARNEY  
Journal Sports Editor

Lubbock beat out Plainview for the 1929 district track and field title in spite of the fact that the Westerners won but two first places. These five pointers were garnered in the 100-yard dash and the shot put. Yancey Price will be hard pushed to breast the tape ahead of the field in the century here this week end when the annual scramble for points gets under way. The Lubbock sprint ace has tasted defeat on several occasions this season and is due for some keen competition in the district meet. Coach Lowrey is facing an even less likely chance of retaining the shot put leadership this year, with H. A. Castleberry gone from the ranks.

The Lowrey-coached teams have always managed to outscore the opposition by piling up points in with seconds, thirds and fourth places, but these places are valuable. Plainview, Slaton and Olton teams are coming with additional strength this year in hopes of knocking the Westerners from their top-most perch in the district. These three rivals all have outstanding men who are certain to carry off first places in their specialties. At the same time the Lubbock teams is lacking in stellar performers. Price should place in the dashes, Watkins, Presley and O'Hair are likely to add several points in the hurdles. Regan is practically certain to capture a second or third in the mile run, Ritchie, Tipton or Jackson look good enough to be up in the high jump finals as do Kittrell and Fressler in the pole vault. If Mims Watkins can hit his stride in the broad jump, he should add some more counters here. Unless Cecil Austin of Slaton throws the javelin clear away as he did at Amarillo last year, Ritchie, Watkins and Price may be able to give the visitors a contest in this event.

In the quarter and half mile races, the Westerners do not appear to stand such a hot chance to set the woods afire. Yancey Price looks like the best bet in the 440 in the event Coach Lowrey sees fit to hold him out of the 220 or the mile relay. In the 800, Chihl Simmons stands a fair chance of running a close second to the winner.

Two records were broken and one tied at last year's district meet and more are likely to fall this season. John Simmons stepped the mile in four minutes, 51.5 seconds and didn't half try. He later went to Austin and won first place by covering the four laps in 4:36. Clarence Goodnight's time of 2:14.4 stands a fair chance of being the word of Coach Paul Wright that the Slaton miler is out this year to set a new mark for this section.

The new record of 36.1 seconds in the 220-yard low hurdles is likely to fall this year with such stars as Hooper of Olton, Nowell of Slaton, and the three Lubbock hurdlers, Watkins, Presley and O'Hair entered. Austin of Slaton is capable of breaking the javelin mark in the district at 172 feet, 8 inches, but the Tiger flash is just about as uncertain as West Texas weather. He has an unusual temperament—one that causes him to break under keen competition. If Austin wins his first event of a meet, he's plenty hard to beat from there on out, but if he doesn't, his performance for the rest of the day is, better than mediocre.

Other district records look good enough to stand the assault of 1930 competition in comparatively easy style.

Here are the existing records and the names of those who made them:

- Mile run—Goodnight—4:45
- Mile relay—Lubbock 1927—2:34.9
- Pole vault—Harkey—11 ft. 6 inches
- High jump—Baker, Riddell—

## MAJORS OFF ON FLAG CHASE

### COMPETITION IS EXPECTED TO BE CLOSE

### LOCALS TO HAVE HARD TIME EMERGING AS WINNERS AGAIN

A heated battle for points is in prospect at the Texas Tech athletic field here Friday and Saturday when approximately 350 athletes from 18 Plains counties gather for the annual District Two track and field meet.

From the preliminaries in the junior events to the close of the senior finals Saturday evening, the two-day meet promises to be the most keenly contested meet in the history of the Intercollegiate League organization. Close observers of the division of strength predict that the winner of the affair will need no more than 25 points to clinch first honors.

**Lubbock Won Last Year**  
Lubbock High school nosed out a strong field of contestants last year, winning first place with a total of 311-2 points. Plainview came second with 25 points. This year's scramble for points is certain to be even closer as the contenders for the Lubbock High school track supremacy assemble their forces to make a grand rush on the Westerners.

The Westerners lack the outstanding performers that are carried by Slaton, Olton, Plainview, Dickens and Floydada, but instead will depend upon a fairly well-rounded aggregation to take enough seconds, thirds and fourth places to outscore the field.

**Teams Bring Stars**  
In Simmons and Nowell, the Slaton team will have sure point-winners; Olton brings Hooper, the holder of the state record in the hurdles and Plainview will pin its hopes on the performance of the Laird brothers, Carroll and Harold. If the Laird twins are right, each should be good for ten points apiece. Preliminaries in all field events:

- 6 feet
- Broad jump—Thacker—21 ft. 1-2 inches
- Shot put—Edmonds—46 feet
- Discus—McAteer—116 ft. 3-4 inches
- Javelin—Curb—172 ft. 8 in.
- High hurdles—Jones—16.1 seconds
- 100-yard dash—Ater—19 flat
- 220-yard dash—Reynolds—21.9
- 220-yard low hurdles—Austin 28.1
- 440-yard dash—Hensley—52.5
- 880 yard run—Goodnight—2:13-5

## SUCCESSOR TO DEL MORGAN NAMED

W. H. KEELING

Another former Austin college Kangaroo star was elected to the Lubbock High school coaching staff this week when Superintendent M. H. Duncan announced the selection of W. H. (Jew) Keeling as assistant football mentor and basketball coach for the Westerners. Keeling will take up his duties with the local football squad next August when the annual pre-season grid training camp opens in Garza county. The new coach comes to Lubbock from Harlandale High school, San Antonio, and will succeed Del Morgan, who recently accepted the position of assistant varsity mentor under Pete Cawthon at Texas Tech.

## BEAUMONT IS LEADER STILL

### WINNING STREAK HELD BY SHIPPERS; CATS IN THE CELLAR

Prophets wagged their heads today at the paradox that persists in the second week of the new season with Beaumont, more often in the cellar, still riding a winning wave at the top while the Fort Worth Klitters, prided pennant snatches, remained in the brig.

Beaumont has captured six out of seven engagements, but the Cats have taken only one out of six. The Shippers continued their lucky streak yesterday with a 7 to 1 score over the San Antonio Redskins, whom they tackle again today and practically all running events will be held Friday afternoon. It has been announced by E. Y. Freeland, director of athletics in the district. Finals will start Saturday morning and last throughout the day.

**Champions Win**  
The two champions of 1929, the Philadelphia Athletics and the Chicago Cubs, resumed their places at the top of the standings with victories over the New York Yankees and the St. Louis Cardinals, respectively.

The Athletics, behind the brilliant pitching of Lefty Grove, gained a 5 to 2 victory over the Yankees with comparative ease. The Cubs engaged in a clotting duel at St. Louis and barely outdistanced a Cardinal rally which belated seven runs in the last three innings to pull out a 9 to 8 triumph.

## JACK DE MAVE FACES SUSPENSION IN BOXING IN FAILURE TO APPEAR FOR BOUT; CARNERA'S PROBE CONTINUED

**(By Associated Press)**  
ST. LOUIS, April 15.—Jack De Mave, Dutch heavyweight who registers from New York, today faces suspension from a year to life by the Missouri Athletic commission as the result of his "runout" from his scheduled 10-round fight with Otto Von Forst, Norwegian battler, here last night.

Seneca Taylor, member of the commission, declared drastic action would be taken against De Mave, and the Missouri ruling will stand in the other 30-odd states which are members of the national boxing association.

De Mave was said to have been signed by matchmaker Tommy Sullivan of the Fred Stockham American Legion post on a 20 per cent cut of the gate receipts. The house contained some 1500 admissions and De Mave couldn't be found when his match was called.

**THREE SPRINTERS MEET AT KANSAS**

Continuation of a sprinting duel between Cy Leland, Texas Christian University, and Cassie Bracey, Berea Institute, has been assured with receipt of Bracey's entry. Eddie Toian, Michigan negro dash star, who finished third in the 100-yard event last year, also is entered.

Bracey last year was timed in 9.8 seconds and 9.4 seconds, during Texas meets. At the Texas Relays this year Leland defeated Bracey, being timed in 9.7 seconds. The next day, at the Southern Methodist relays, Leland marked his victory with a new record of 9.6 seconds.

**COLLEGE STATION** April 15 (AP)—A. B. Hawes, right-hander pitching his first college game, yesterday held the University of Iowa nine to three hits, enabling the Texas A. and M. nine to score a 9 to 0 victory over the visitors. His teammates lent excellent batting and fielding support.

**FIRST TRADES RECORD  
 GAINS BUT SAGGING  
 APPEARS LATER**

NEW ORLEANS, April 16 (AP)—Cotton had a steady opening as cables were better than due, and first trades showed gains of 1 to 4 points. Prices improved 4 to 8 points with May at 15.84, July at 15.64 and October at 14.82. As New York started easier on old crop months, the market here soon eased in sympathy, May dropping to 15.37, July to 15.50 and October to 14.84, or 14 to 17 points on old crop months and 8 points down on October. Towards the end of the first hour the market was steadier and rallied 7 to 9 points from the lows.  
 Following the early dip, the market had a good rally mainly on the weekly weather summary showing unfavorable crop conditions in Texas and Oklahoma.  
 July advanced to 15.78 and October to 15.00, or 25 to 28 points up from early lows. Around noon the market was steady and near the highs.

**SLIGHT GAIN MADE ON  
 NEW YORK MARKET**  
 NEW YORK, April 16 (AP)—Cotton opened steady at a decline of 3 points to an advance of 4 points. Initial offerings were readily absorbed, and prices rallied with the old crop selling 2 to 6 and the new crop about 6 to 13 points net higher. Offerings were comparatively light after early selling had been absorbed, and a decrease in the May premium seemed to bring in an increase demand believed to include some price fixing as well as covering. May sold up to 18.85 and new October to 15.05 before the end of the morning, making net advances of about 14 to 25 points. Business became more active on the advance, but tapered off again, and the midday market was quiet with prices showing reactions of 5 or 6 points from the best.  
 One of the locust swarms in the Jericho area this year was five miles long and one mile wide.

NEW YORK, April 16 (AP)—Coast guard boats were ordered out today to drag the ocean bottom at the mouth of Gravesend Bay in an attempt to learn the fate of Ralph White, student pilot, who disappeared Sunday.

Captain Lewis E. Yancy, navigator of the New York-to-Rome, and the New York-to-Bermuda flights, located an oil spot on the ocean yesterday, at Gravesend Bay, which he said he believed indicated the missing biplane and its pilot went down there.
