Tigers Get Share of Grid Crown

Three From Here On All 2-A Teams

Two McLean High School Tigers and one Tigerette won positions on the All-District 2-A teams selected in a meeting here Wednesday night by district coaches.

Derrith Welch, Tiger sharpshooter, is one of two unanimous selections for the boys first team. The other unanimous choice is Robert Lewis of Canadian.

Don Woods, the only senior on the McLean squad, was named to the second team.

LaVon Watson, the Tigerettes' top scorer, was picked for a forward post on the All-District girls team.

The All-District teams include:

BOYS FIRST TEAM

Derrith Welch, McLean; Robert Lewis, Canadian; Craig Bergual, Wellington; Dwight Galey, Memphis; Don McCool, Lefors.

BOYS SECOND TEAM

Anthony McCool, Lefors; John Cearly, Clarendon; Lynn McLain, Wellington; Don Woods, McLean; Terry Bromlow, Lefors; Dale Sexton, Memphis.

BOYS HONORABLE MENTION

Phil Woodring, Lefors; Jerry Elmore, Clarendon; Raymond Sanders, Wellington; Dwight McAnear, Clarendon; Kenneth Willis, Canadian; Wyman Prather, Canadian.

GIRLS FORWARDS

Dorothy Richey, Clarendon; Betty Courtney, Wellington; Raellen Waters, Canadian; LaVon Watson, McLean; Sharon Williams, Clarendon; Jane Orr, Wellington.

GIRLS GUARDS

Carol Blaine, Wellington; Connie Martin, Clarendon; Molly Floyd, Clarendon; Mary Rivers, Canadian; Glenda Shirley, Lefors; Vicki Glenn, Wellington.

GIRLS HONORABLE MENTION

Cheryl Tredic, Clarendon; Dixie Petree, Canadian; Linda Milsap, Wellington.

During their section of the meeting, the superintendents from the district voted to recommend that Memphis receive the minimum penalty for using an ineligible player in basketball and football in the past seasons.

Memphis Supt. W. C. Davis had discovered that Jackie Bridges, star Cyclone athlete, was ineligible as the basketball season ended.

The minimum penalty would be the forfeiture of all basketball and football games played by the Cyclone.

As a result of the basketball forfeitures, McLean won the right to represent the district in the bi-district game against Stratford.

The forfeiting of Memphis' football games gives the McLean Tigers a share of the district championship. Also sharing in the title are Lefors and Clarendon.

With the district games forfeited, each of the three teams ended the season with only one defeat.

FBLA WINS 'BEST' AWARD ATTENTION

The McLean High School Future Business Leaders of America have won the first Vernon B. Payne Best FBLA Chapter Award ever presented in Texas.

Local students were presented the award at the state FBLA convention held last week at North Texas State University in Denton.

And for the third year in a row the local chapter's exhibit took first-place honors and qualified for the national FBLA competition at the nation-wide convention in Dallas June 9-11.

The McLean parliamentary procedure team took second place again, as runner-up to Breckenridge.

The best chapter award is named for Dr. Vernon B. Payne, president of the United Business Education Association and head of the business administration department at North Texas State.

High Schools and Colleges

McLean won the handsome trophy in competition with FBLA chapters both in Texas high schools and colleges.

Larry Williams, McLean, lost out in his campaign for the state FBLA president's position, which was won by Steve Wood of Breckenridge.

However, Williams placed in the finals of the public speaking contest.

Local students were accompanied to the convention by Mrs. Mary Tom Riley, chapter sponsor, and Robert L. Green, high school principal. They returned early Sunday morning.

Ronnie Brown is chairman of the chapter exhibit committee, and members are Janelle Hall and Gary Joe Graham.

Presiding officer of the parliamentary procedure team is Don Woods. Members are Max Coleman, Gene Bench, Glenn Swift and Ernie McCracken. McCracken was unable to attend the convention because of illness.

Swift won fourth place in the written examination of the parliamentary procedure team.

The McLean chapter played host Friday at a Coke party for all other chapters represented at the convention.

Mrs. C. E. Barker Dies in Seymour

Mrs. C. E. Barker, mother of Newt Barker of McLean, died in the hospital at Seymour Sunday, Feb. 17.

Funeral services were conducted in the Seymour Church of Christ by Wesley Mickey of Weatherford on Tuesday.

Mrs. Barker was born June 17, 1878, in DeWitt County.

Survivors include her husband of Seymour; eight children, Newt of McLean, Elmer Barker, Miss Ola Barker and Mrs. Ruby Cox of Seymour, Wade Barker and Mrs. Fannie Lois Bayer of Truscott, L. J. Barker of Pampa and Mrs. Avis Penley of Denton; five brothers, three sisters, eight grandchildren and nine great grandchildren.

Mr. and Mrs. Newt Barker went to Seymour on Tuesday, Feb. 12, and returned home last Saturday.

DARSEY FILES FOR BOARD

Leslie Darsey this week became the second incumbent to file for re-election as a trustee of the McLean independent school district.

The filing period ends at 5 p.m. next Thursday.

State law requires the filing period to end 30 days before the election, which is scheduled for Saturday, April 6.

The only other trustee whose term expires this spring, Sammy Haynes, filed for re-election last week.

School board members serve three-year terms. Holdover members are George Orrick, J. R. Roach, Guy Beasley, Ted Simmons and Jim Hathaway.

Three city officials are to be elected in balloting on Tuesday, April 2—a mayor and two aldermen.

In Bi-District Action

Stratford Whips McLean 49 - 40

Unusually heavy fouling — for McLean — doomed Coach Derral Davis' Tigers to defeat Tuesday night in the bi-district basketball action at Borger.

The fast and accurate Stratford Elks, champions of District 1-A, capitalized on the free shots to win the right to proceed in regional competition 49-40.

All told, the Tigers committed 13 fouls during the evening, and the Elks sank 15 charity throws to gain their margin of victory. McLean out-shot the 1-A title holders 18 to 17 from the field. At the free-throw line, Stratford sank 15 to McLean's four.

Still, the Tigers made a contest of the game, starting out ahead. And they were never behind far enough that a scoring splurge couldn't have pulled them in front again.

Score Tied Often

The score was tied at 4-4, 6-6, 8-8 and 12-12 before the seasoned Elks—with a record of 26 wins and three defeats—began to ease out in front. Stratford led 16-13 at the close of the first quarter and 26-22 at the halftime rest.

By the end of the third period they were ahead 38-29. Their biggest lead was 14 points—47-33—at midway of the final quarter.

Stratford's defense against McLean's Derrith Welch was effective much of the time, but the tall Tiger still dropped in 22 points to take scoring honors.

Welch was handicapped, too, by the fact that he picked up his fourth foul in the third quarter, causing him to take a more cau-

Cheryl Grimsley McLean Entry In Colleen Contest

Cheryl Grimsley, daughter of Mr. and Mrs. Wallace Grimsley, will represent McLean in the Miss Irish Rose contest at the St. Patrick's Day celebration in Shamrock on March 16.

Miss Grimsley, a senior at McLean High School, is sweetheart of the Lions Club and drum major of the Tiger Band.

She will compete with other "colleens" from throughout this area in the Miss Irish Rose contest, one of the St. Patrick's Day celebration highlights.

The McLean High School Tiger Band, directed by Jim Boyd, was the first area band to accept an invitation to participate in the celebration.

7 Other Bands

Seven other bands and one drill team had announced intentions to participate at last report, according to J. C. McClesky, chairman of the bands committee.

The Tyrian Rifles Drill Team from Texas Tech at Lubbock also performed at the celebration last year.

Other bands planning to perform include Olton High School, Sunray Junior High School, Shamrock High School, Morse High School, Clarendon High School, Lefors High School and 589th Air Force Band of Amarillo.

YARBOROUGH HERE MONDAY

Sen. Ralph Yarbourough, senior United States senator from Texas, will arrive in McLean at 9:15 a.m. Monday on a tour of the eastern Panhandle, it was announced Wednesday

He is scheduled to visit briefly here before continuing the motorcade

The senator's schedule calls for him to be guest of honor at a 7 a.m. breakfast Monday at the Court House Cafe in Pampa.

From there he will visit Lefors at 8:15 a.m.; McLean, 9:15 a.m.; Shamrock, 10:15 a.m.; Wheeler, 11:30 a.m.; Canadian, 1:15 p.m.; Miami, 2:15 p.m., and return to Pampa.

Speeches in Pampa

He is to speak at 5 p.m. before a meeting of the Independent Oil and Gas Producers and Royalty Association in Pampa, and again at the Gray County Livestock Show barbecue at 7:30 p.m.

The senator, now in Washington for the current session of Congress, is due to arrive at midnight Sunday at Amarillo Air Terminal, and go from there to Pampa to spend the night.

He also will return to Amarillo Monday night and speak at the covention of county judges and county commissioners on Tuesday, then leave that evening on the return flight to Washington.

Public School Week Set for March 4-8

OPEN HOUSE MONDAY AT CITY SCHOOLS

"Back to School Night" on Monday will highlight McLean's traditional observance of the 13th annual Texas Public Schools Week, March 4-8.

Supt. Lee Welch said Wednesday that residents of the city are invited to come to the school to observe activities anytime during the week, but they are especially urged to attend the "Back to School Night."

Open house is planned at the grade school, high school and vocational agriculture building from 6 to 7:30 p.m. Monday, and the Tiger Band, directed by Jim Boyd, will present a concert at 7:30 in the high school auditorium.

Student activities are to be featured in displays in the various grade school rooms. This has been one of the most popular features of Public Schools Weeks held in the past.

Acquaint the People

Objective of the special week, set aside by proclamation of Gov. John Connally, is to acquaint "all our people with programs and accomplishments of our public education system."

Mayor John C. Haynes also has proclaimed the week for observance in McLean.

The event is planned statewide by the Texas Citizens' Committee for Public Schools Week.

(Various activities also are planned during the week at Alanreed, and details are described in the Alanreed School News appearing elsewhere in today's McLean News.)

Dinner Held Friday

The McLean Masonic Lodge held its pre-School Week Washington Birthday Dinner last Friday night at the lodge hall.

All teachers in McLean, Alanreed and Kellerville were invited to the dinner.

Rev. J. B. Stewart, pastor of the McLean Methodist Church, was principal speaker.

Jewel Meacham is chairman of the Masonic Lodge's Public Schools Week committee.

Lectures Held

Rev. Stribbling of Clarendon was at the First Presbyterian Church in McLean Monday evening. He is now serving as pastor of the local church and is here each Monday night for Bible lectures.

I Chose Teaching

By GEORGE D. SMITH
Alanreed School Superintendent

First of all, I think everyone must agree that all tomorrows will have potential, and whether it be good or bad is left up to us. What happens to us tomorrow will be taught today. As a teacher, I can play one small part in molding the good potential for the tomorrows.

If we believe in the law of cause and effect, as I do, we know that the present is an outgrowth of the past, and the past produces the future. By transmitting the cultural heritage of yesterday to the children of today, I have done at least a small portion of my duty to our God and our country.

I chose teaching because some of the most important people I have ever met and—will never forget—are or were teachers. They certainly influenced my entire life. If I can impart to my students a portion of the kindness, understanding, wisdom and joy granted to me through these teachers, then a small part of my debt to humanity will have been paid.

I teach because I love children—their smiling or troubled faces, their jumbled hair, their happy laughter and their constant inquiries. I believe that there is goodness in all children and that there is a reason for everything they do

I know, too, that there are gifted children, normal children and below-normal children.

Sometimes it is very hard to convince parents, just which cate-

Eastern Route For McLean to Hedley Road Is Okayed

The Donley County commissioners Court has approved the eastern route for the McLean to Hedley farm to market road, apparently clearing the way for construction to continue.

In a recent meeting, the court signed an order guaranteeing a 120-foot right-of-way for the eastern route, extending north from SH 203 six miles northeast of Hedley.

The action was taken after the Texas Highway Commission indicated its preference for the east-route over the western route.

A controversy over the routing for the road after it crosses the Salt Fork of the Red River has delayed further construction.

Part in Service

One portion of the new road, which had been sought by McLean and Hedley for several years, is now in service. It starts at U.S. 66 at McLean's west edge and extends south for some eight miles.

The Highway Commission had indicated earlier it planned to let the remainder of the road and the bridge across the Salt Fork under a contract early this year.

However, the commission is reportedly preparing to ask for bids on the construction of 6.855 miles of grading, structures, base and surfacing beginning at the south end of the recently completed portion and extending south.

Bake Sale Saturday

The McLean Presbyterian Church women will hold a bake sale at Dale Radio and TV Saturday, starting at 9:30 a.m.

RODEO MEET IS TUESDAY

The first planning meeting for this year's McLean 66 Roundup and Rodeo will be held at 7 p.m. next Tuesday in city hall, and local business people are especially invited to attend.

John C. Haynes, president of the rodeo association, said new officers will be elected at the organizational meeting, and planning for the annual celebration will begin.

Haynes said "everybody in town" interested in the event—which each year gains wide publicity for the City of McLean—is invited and urged to attend Tuesday's meeting.

More Interest Desired

"More interest is going to have to be shown by the business people of McLean, if we are to continue having the rodeo celebration," Haynes added.

The McLean rodeo is becoming known as one of the outstanding amateur rodoes in this part of the country.

Dates for the 1963 celebration have not been set, but probably will be at Tuesday's meeting.

Kicking off the festivities—as it has the past three years—will probably be the wagon train to Amarillo the week before the rodeo begins.

Calves, Pigs Will Be Entered In County Stock Show

Five calves and 12 pigs will be entered by McLean Future Farmers of America and 4-H Club members in the annual Gray County Junior Livestock Show in Pampa Saturday.

The junior show is set to open at 2 p.m.

The same animals are to be entered in the Top o' Texas Show at 9 a.m. Monday, and they will be sold at the annual auction sale scheduled for 9:30 a.m. on Wednesday.

The FFA and 4-H youngsters have invited residents of McLean to attend the show and sale.

Proud of Animals

A note from the FFA chapter to The McLean News Wednesday stated:

"We the members of the McLean FFA chapter are proud of our animals to be exhibited at the Top o' Texas Livestock Show in Pampa, and do give the citizens of McLean a cordial invitation to attend the show."

FFA and 4-H members entering animals are Kelly McClellan, Lee Mayes, Dwight Hathaway, Lynn Mayes, Debra Denise McClellan, Toni Willoughby, Carolyn Willoughby, David Seany, Darrel Herndon, Duward Herndon, Doyle McCurley, George Burrow, Jimmy Keen, Clifford McDonald, Walter Kirk, Homer Goldston and Harry Tate.

The Statue of Liberty

(This is another in a series of patriotic essays written by McLean Junior High School students during American Heritage Week. Miss Mertel's essay won second place in the eighth grade Reds contest. She is the daughter of Mr. and Mrs. Johnnie F. Mertel.)

By TERESA MERTEL

The Statue of Liberty, whose proper name is "Liberty Enlightening the World," is the largest statue ever made. It is 151 feet high and weighs 450,000 pounds.

The torch size is 305 feet above the base of the pedestal. I can give you no measurements for what the statue stands for.

Liberty cannot be measured. Liberty cannot be defined. In the words of Abraham Lincoln, "The world has never had a good definition of liberty."

The Lady with the Torch, as the statue is sometimes called, is a great symbol of the true spirit of Americanism. With her head held high, she symbolizes the pride we have for our country and its people.

TERESA MERTEL

With her torch lifted aloft, she spreads a light to the world, symbolizing an enlightened people and their wish to enlighten the world.

With the broken chain at her feet, she symbolizes our freedom and our wish to offer it to the world. With the Declaration of Independence clutched tightly in her hands, she symbolizes a free people, unwilling to give up their freedom, willing to die for it.

With her arms open wide, she symbolizes our wish to welcome everyone to come to the "land of the free and the home of the brave."

Benjamin Franklin once said,

MR. AND MRS. JOHN S. PAKAN

MISS JAN KAREN PRICHARD BRIDE OF LT. JOHN S. PAKAN

Trinity Lutheran Church, Shamrock, was the scene of the wedding of Miss Jan Karen Prichard, daughter of Mr. and Mrs. J. D. Prichard of Shamrock, and Lt. John S. Pakan, son of Mr. and Mrs. Miro Pakan of McLean, on Saturday, Feb. 2, at 3 p.m.

Vows were exchanged in an impressive double-ring ceremony with Rev. F. E. Heinicke, pastor of Trinity Lutheran Church of Amarillo, officiating.

Decorations featured two baskets of white mums with two candelabra bearing lighted tapers at the altar. Two smaller bouquets completed the setting.

Mrs. John Cullers, organist, played a prelude which included "I Love Thee" by Grieg; "Traumerei" by Schumann and "O Perfect Love" by Barnby. She accompanied Miss Robbie Jo Robertson of Adrian as she sang "Whither Thou Goest" by Guy Singer and "The Lord's Prayer" by Malotte as a benediction. Mrs. Cullers played the traditional wedding marches for the processional and recessional.

Mrs. Betty Wilson of Dumas, college roommate of the bride, was matron of honor. Bridesmatron was Mrs. Dorothy Brinson of Mineral Wells, sister of the bridegroom. Misses Ruth and Margie Pakan of McLean, also sisters of the bridegroom, were bridesmaids.

The bride's attendants wore velveteen dresses in a turquoise shade, fashioned with fitted bodices with long sleeves and full skirts. They wore halo hats of turquoise velveteen and carried nosegays of white mums tied with turquoise and white streamers.

Lt. Harris Brinson of Mineral Wells, brother-in-law of the bridegroom, was best man. Groomsmen were Joe Gross of Muleshoe, Paul Thomas Macina and Jerry Hrnciar, both cousins of the bridegroom.

The bride was escorted to the altar and given in marriage by her father. She was attired in a floor-length gown of nylon Chantilly lace and nylon tulle worn over taffeta. The back of the bouffant skirt was accented with alternating pleated tiers of lace and tulle. The fitted bodice featured a modified Sabrina neckline trimmed with iridescent sequins and long sleeves. Her three-tiered veil of French illusion was attached to a lace crown re-embroidered with seed pearls.

The bride carried a white satin-covered Bible topped with two white cymbidium orchids.

Immediately following the ceremony, a reception was held in Fellowship Hall of the church. Guests were registered by Miss Phyllis Pakan, cousin of the bridegroom.

Miss Martha Hrnciar poured. Mrs. Dan Macina served the wedding cake, with Misses Charlotte and Joan Pakan assisting at the table. The four who assisted with the serving are cousins of the bridegroom.

The bride's table held the white wedding cake decorated with turquoise roses and topped with a miniature bride and bridegroom.

The bride, a graduate of Shamrock High School, attended McMurry College in Abilene and is a graduate of West Texas State College in Canyon.

The bridegroom was graduated from McLean High School and West Texas State College and is a lieutenant in the United States Army.

For travel the bride donned a beige suit trimmed in gold and white and wore an orchid corsage lifted from her bridal bouquet.

Following a wedding trip to points in New Mexico and Chicago, the couple is at home in Fort Benning, Ga.

Austin Rites Held For Herman Glass

Herman Glass of Austin, former McLean resident, died on Tuesday, Feb. 19. Funeral services were conducted in Austin the following Thursday.

Survivors are his wife, Abbie; one daughter, Mrs. E. B. Baker, and two grandchildren of Austin; six brothers, Burl, Will, Raymond, Buck and Ted of McLean and Joe of Cima, Calif., and two sisters, Mrs. J. B. Kibler, Oklahoma City, and Miss Margaret Glass, McLean.

Those from McLean attending the services were Mr. and Mrs. Buck Glass and daughter, Billie; Mr. and Mrs. Ted Glass, Margaret, Burl and Leonard Glass, Mrs. Raymond Glass and her daughter, Sue.

Mrs. Nevile Back has been in Highland General Hospital for the past week.

Carole Boston of Amarillo spent the weekend with her mother, Mrs. Bessie Boston.

Mrs. Don Trew and children of Perryton have been visiting in the J. T. Trew and W. G. Carter homes.

Mr. and Mrs. W. C. Simpson and sons visited in Amarillo Sunday with her sister, Mrs. Bob Libby, and family.

MHS STUDENTS WILL TAKE MERIT SCHOLARSHIP TEST

At least 10 students at McLean High School plan to take the 1963 National Merit Scholarship Qualifying Test, according to Jerry Day, MHS guidance counselor.

The test will be administered at the school at 9 a.m. Saturday, March 9. All students who wish to be considered for Merit Scholarships to be awarded in 1964 should take the test at that time, Day advised.

Planning to take the test here are Toni Mertel, Marilyn Magee, Judy Connell, Larry Williams, Kay Hall, Jim McCarty, Susan Blackwell, Gene Bench, Joyce Beasley and Janice Saunders.

The qualifying test is a three-hour examination of educational development. It is the first step in the ninth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corp. and by sponsoring corporations, foundations, associations, unions and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation, Day explained. A total of 1,041 scholarships were awarded in 1962. Of these, 632 were provided by 151 sponsors and 409 by the Merit Corp.

There are 3,400 merit scholars attending 403 colleges in the current academic year.

Test scores of students examined in March will be reported to their schools before May 15. The scores are used by class advisors in many high schools to help students make decisions about college attendance and field of study.

Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

The scholarship stipends are based on financial need. The minimum award is $100 and the maximum is $1,500. The average received by freshmen merit scholars in 1962 was $845.

Keep Students In School—Welch

Parents of school-age children in the McLean Independent School District were called on Wednesday to help keep their youngsters in classes.

Supt. Lee Welch pointed out that failure of children to attend school has two readily noticeable effects.

First, he said, the students fail to receive the education they need. Also, the amount of state financial assistance received by the local district is determined by the number of students attending classes.

The superintendent said that most important, however, is the need of all young people to receive an education.

He urged parents to see that their children enrol and remain in school.

A total of 444 school-age children were enumerated in the recent census conducted by Mrs. Carl Baker. Of these, 41 are potential first graders for the McLean school system in the 1963-64 school term.

The annual school census is required to determine the school needs for the following year.

Students Compete In Canyon Festival

Janice Saunders, Sharon Sitter, Phyllis Pakan, Martina Giesler, Sarah Coleman, Beth Dalton, Vicki Welch, Donna Glass, Nelson Dwyer and Keith Watson were in Canyon last Saturday for the Piano Competition Festival.

They were accompanied by Mr. and Mrs. N. L. Welch, Mr. and Mrs. Ernest Watson and Judy, Mrs. George Saunders, Mrs. Dusan Pakan, Mrs. L. F. Giesler, Mrs. John Dwyer, Mrs. J. O. Coleman and Jan, Betty Dilbeck and Mrs. Willie Boyett.

Sharon Sitter received a first rating in piano solo.

Sarah Coleman, Beth Dalton and Martina Giesler received first ratings in sight reading.

Several received second rating certificates, and all together the average was very good considering the small amount of time allotted to fine arts in this day and time.

Mild Temperatures Staying for Now

It was spring—at least for a time—again in McLean this week, and the bright sun pushed the temperature up to 71 degrees Wednesday.

That was the high temperature for the past week, compared to the low of 18.

Last Thursday saw another .05 inch of moisture deposited in the ground here, thanks to a light snow.

The .05 increased to .61 inch the amount of moisture received this year, but left little chance for the area to catch up with the same date in 1962.

A total of .80 inch had fallen by the end of February last year. None of it, however, came in the month of February.

Mr. and Mrs. Ted Simmons are the proud parents of a daughter, born at 5:56 p.m. Wednesday in Shamrock General Hospital. She weighed 7 pounds. No name had been selected by noon today. Grandparents are Mr. and Mrs. Claude Simmons, McLean, and Mr. and Mrs. Olen Davis, east of town. Great grandmother is Mrs. N. E. Simmons of Borger.

Little Miss Barbara Burch of White Deer spent the weekend with the Howard Gipson family.

Whatley Benefit Dance Is Friday

A benefit dance for Sammy Whatley Sr. of Pampa, well known in McLean, will be held at the Pampa VFW Hall at 8 p.m. Friday.

Tickets are $1 each.

Whatley was injured recently while working at his trade of shoeing horses. Shortly after this his home was destroyed by fire.

The dance is being sponsored by the Leather and Lace Riding Club of Pampa. Contributions may be sent to the riding club.

GOPHER DEMONSTRATION

On Tuesday, March 21, at 1:30 p.m. on the Hack McCurley Farm just east of McLean, we will hold the first demonstration ever held in western Texas on the control of gophers by mechanical means.

These rascals are wicked on alfalfa and other perennial crops. There is a number of people in this area who are growing alfalfa.

Gophers seem to be on the increase. The machine makes artificial burrows and distributes poison grain in these burrows which is consumed by the gophers.

Hope every interested farmer in the area will be present. Tell your neighbors.

TOP O' TEXAS JUNIOR LIVESTOCK SHOW, MARCH 3-6

One of the best shows ever held is in the making. We hope the 4-H and FFA exhibitors will receive the usual good support from the civic leadership of the McLean area.

Sale day will be Wednesday, March 6, starting at 9:30 a.m. on the sale of calves, to be followed by the pigs.

HEREFORD BREEDERS SHOW AND SALE

Don't miss this event, which is held in connection with the Junior Livestock Show.

Judging is on Tuesday, March 5, at 1 p.m. Sale is on Wednesday, March 6, at 1 p.m.

There are 55 bulls and nine females. Consignors from this area include 3 Cookes Cattle Co., Quail, and Clyde Magee, McLean.

RAT POISON

Smoky Price tells me he has a good supply on hand. The Pival, similar to Warfarin in that it is an anti-coagulent type, makes it a very effective and safe poison to use inside city limits.

Actually, a poison is not a very descriptive term. When rats on mice ingest the material for a period of 48 hours they begin to die because their blood is thinned down to a point where they hemorrhage to death.

The same material is given to dissolve blood clots on heart patients. A child could eat a pretty good quantity one time and the effect would not be noticed.

It's only after eating for an extended period that makes it a killer to anything. This is the built-in safety factor.

Mrs. Welch Gives Program for Club

The Pioneer Study Club met in the home of Mrs. S. A. Cousins on Feb. 21.

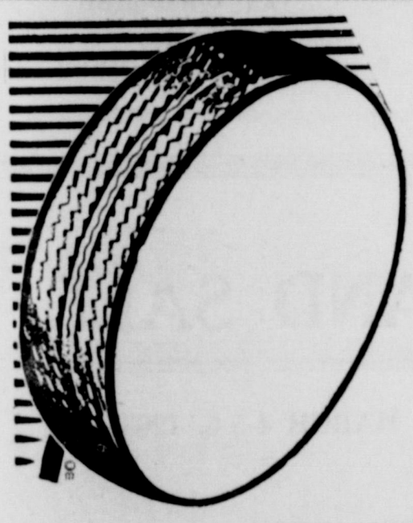

Mrs. Lee Welch gave an interesting and amusing program on children. She read Allen Beck's definition of a boy and a girl, taken from an article, "What's a Boy" and "What's a Girl," published in May, 1957, in Good Housekeeping. This was followed with quotations from Ark Linkletter's book, "Kids Say the Dardnest Things."

The George Washington theme was carried out in the refreshments of cheese cake topped with whipped cream and cherries, nuts and coffee.

Members present for this meeting were Mmes. Sinclair Armstrong, R. T. Ayres, Jim Boyd, Wilson Boyd, Morris Brown, Jesse Coleman, S. A. Cousins, Ercy Cubine, Harold Fabian, Jim Hathaway, Guy Hester, Creed Lamb, Clyde Magee, Jack Riley, Alice Short Smith, Bob Stubblefield, Lee Welch, June Woods, Jerry Day, Ted Raines and Leslie Webb.

The McLean News

Love is a feeling that you feel when you have a feeling which you feel you have never felt before.

Darwin claims that it took 22 million years to make a man out of a monkey. My old bachelor friend says that a woman can make a monkey out of a man in 22 seconds.

It may not cure everything, but when Junior gets to acting like his father he just has to be spanked. Most women will agree to the above.

Before they were married she sat up half the night waiting for him to go home. Now, she waits up for him to come home.

Tucking Junior into bed, the tired mother offered a prayer in his stead. She said, "Thank the Lord, you're in bed."

Women are just naturally smarter than men; even when we tell them less, they always understand more.

One woman remarked: "Before we were married my husband was very romantic, now he is only rheumatic."

We heard women telling about that "school girl complexion," and a lot of men discussing that "school boy digestion."

Face powder may catch a man but it takes baking powder to keep him.

The man who boasts about running things around the house usually mans the lawn mower, the washing machine, vacuum cleaner and errands.

For every woman that makes a fool out of a man, there are dozens who make a man out of a fool.

Getting dressed to go—women perfume.

Pacing the floor to and fro—men fume.

No man who is in a hurry is quite civilized.—Will Durant

On Thursday evening a victory school queen will be chosen for McLean High School at the victory concert given by the high school band.

All high school students are showing enthusiasm for their respective class queens: Gloria Gunn representing the freshman class; Ann Bogan, sophomore class; Loyce Thacker, the junior class, and Mary Evelyn Foster, the senior class. Votes go for one cent per vote. A number of money-making schemes have originated among the classes in order to add to each representative's standing.

Up the creek...

Being without the proverbial paddle aptly describes having your battery go dead at a critical moment. Batteries always die at the wrong time.

Best way to avoid this embarrassing situation is to let your Phillips 66 Dealer check your battery frequently. He'll put in water, inspect the terminals, give it loving care.

If your battery is showing signs of weakness, let us install a powerful new Phillips 66 Trop-Artic* Battery.

Drive in and see us soon. You'll like our service...and our products!

Change of Address Need Not Delay Monthly Checks

Social Security beneficiaries who move can receive their monthly checks on time by following a few simple rules, according to Hal Geldon, Social Security district manager in Amarillo.

A written request to the Social Security Administration for a change of address received before the 15th of the month will assure receipt of the next check at the new address, Geldon said.

If a notice of a change of address is made later in the month, arrangements should also be made with the Post Office to have the next check forwarded. In any event, the Social Security district office or payment center should be notified as soon as possible of any change in address.

Geldon reminded beneficiaries that a change of address card or letter must be signed by the person to whom the checks are issued, and must always show the Social Security claim number.

Convenient notification forms are available in all Social Security district offices.

Geldon concluded that prompt and accurate reporting by beneficiaries will result in faster and better service in processing the millions of address and other changes received every year by the Social Security Administration.

YOUNG TEXAN OF THE YEAR—An 18-year-old Austin College theology student, Robert Jeffrey Caswell, son of Mr. and Mrs. R. M. Caswell of Dickinson, has been named Young Texan of the Year and recipient of the Fourth Annual Troy V. Post Award. Announcement of Caswell's selection was made in Dallas at the annual Young Texan awards banquet honoring the eight Young Texan of the Month finalists. U. S. Supreme Court Justice Tom C. Clark, featured speaker at the banquet, presented Caswell with the tri-sided trophy symbolizing outstanding leadership, citizenship and scholarship. The Troy V. Post Award is the highest youth achievement honor presented in the state, carrying with it a $2,000 college scholarship and an expense-paid, one week celebrity tour of Washington, D. C. for the winner and his father. The Young Texan program is co-sponsored by the Optimist Clubs of Texas and the Troy Post Foundation.

Rehearsal Dinner For Wedding Party

A rehearsal dinner for members of the wedding party of Miss Jan Karen Prichard and Lt. John S. Pakan was served at 6 p. m. Friday, Feb. 1, in the Trinity Lutheran Church, Shamrock, with Mr. and Mrs. Miro Pakan, parents of the bridegroom, as hosts.

Table decorations featured an arrangement of white mums and pompoms with bows of turquoise ribbon decorated with miniature wedding bells.

The invocation was given by Rev. John O'Beda, pastor of the church.

The host and hostess were presented with a cake made by Mrs. John Hrnciar, a number of attractive gifts and a silver tree decorated with siver dollars tied with turquoise ribbon, as their silver wedding anniversary is on Feb. 6.

Since all their children and their families were at home for the wedding, the 25th anniversary celebration was planned for the couple as a surprise.

More than 50 guests attended.

STATUE

(Continued from Page 1)

"Where liberty dwells, there is my country."

He needed no statue to tell him that our country was full and overflowing with liberty and truth.

We of today need no statue. We must remember that the statue does not give us liberty, but we give liberty to the statue, for if liberty were lost from our country, the statue could no longer mean anything.

Therefore, if we keep freedom, truth and liberty, the Lady with the Torch will always be something to live up to, to live by.

The Statue of Liberty stands in New York Harbor on Liberty Island, welcoming all approaching ships. The inscription on the pedestal shows she welcomes them in this way:

"Give me your tired, your poor, your huddled masses yearning to breaths free, The wretched refuse of your teeming shores, Send these, the homeless, tempest-tost to me, I lift my lamp beside the golden door!"

LCC Chorus Will Sing Here Sunday

The 52-voice A Cappella Chorus of Lubbock Chrirstian College, Lubbock, Texas, will present a program of sacred music at the Church of Christ in McLean at 2:30 p.m. Sunday.

The McLean concert is one of four performances scheduled on the first of three tours slated for this semester. Other concerts scheduled for the tour are at Friona, Stinnett and Memphis.

According to Wayne Hinds, director of the A Cappella Chorus and head of the music department at LCC, the repertoire for the McLean performance will include hymns, concert religious numbers and spirituals.

Also included in the chorus' concerts on the tour will be numbers by the five smaller ensembles within the chorus.

A special feature of the concerts will be a "Sermon in Song," a feature of the LCC A Cappella Chorus since it was first organized in 1957 when the junior college opened The current "Sermon in Song" is entitled "The Death of Our Lord, Jesus the Christ."

City House Damaged By Fire Wednesday

The Joe Green residence received minor damage in a fire Wednesday afternoon.

McLean volunteer firemen arrived on the scene in time to extinguish the blaze before heavy damage was inflicted on the home, confining the flames to the bathroom.

It was the fourth alarm answered by local firemen in the past week.

Last Saturday afternoon, volunteer firemen were called to an oil well 10 miles north of town, where a heater on a separator had caught fire.

The flames had been extinguished when they arrived.

A fire at the city dumpground spread to a field owned by Joe Brown on Monday, burning off some grass, and a garage was damaged in another fire Tuesday at a tenant house owned by J. L. Mann in northwest McLean.

tious attitude.

4 on Eddy

Eddy Windom also had four strikes (fouls) against him in the closely called game.

Freshman George Green, substituting for Jim McCarty, gave the host of Tiger fans something to cheer about in the second half, when he sank a pair of 15-foot field goals to break up—at least temporarily—the close defense being staged against Welch nearer the basket.

Despite the fact he was the leading point-maker, Welch wasn't as accurate as usual, and missed the target on several occasions. He hit 13 points in the first half and nine in the second. Only two of his point total were from free throws.

Doug McBryde and Duane Pittman paced Stratford with 17 points apiece.

The loss left McLean with a record of 15 wins and 12 defeats for the season.

Carruth Thanks All For Help in MOD

Clyde Carruth of Pampa, chairman of the Gray County March of Dimes conducted in January, expressed his thanks this week to all who assisted with and contributed to the drive here.

Carruth said he was well pleased with the success of the campaign in McLean.

The contributions received here and elsewhere will make possible the continued research to find ways to combat polio, arthritis and birth defects, Carruth said.

"Dr. Jonas Salk developed the Salk vaccine," the MOD drive chairman said, "but his success was the result of team work.

"Without the financial support of people like those in McLean, Dr. Salk could never have conducted the research necessary to develop the vaccine."

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Every so often the press agents on the payroll of the Department of Agriculture rush out reams of material seeking to establish that the American housewife is actually paying less for food than some period a few years ago; the period depending on the whim of the writer.

* * *

C. W. Harder

Few, if any, housewives, however, believe these reports, especially if they are read immediately following a return from food shopping. The allegations seem to fall into the same category as the report of the government statistician who drowned while wading across a stream with an average depth of three feet.

* * *

Actually, the costs have to be higher, because included in the price of every container or package of canned or frozen food, there must be figured in the cost of the unworked hours devoted to putting these products on the market.

* * *

Under existing law, except in the states of Alaska, Alabama, and New Jersey, the employer pays the entire cost of unemployment insurance. The Federal government only pays the states a fee for administering the system.

* * *

The tax the employers pay is based on their employment experience. The greater the number of former employees drawing unemployment benefits, the higher the tax rate they pay on their payrolls.

* * *

This becomes quite a problem for employers in the canning, freezing or packing industries where the work is seaonal in nature. Hundreds of thousands of students, housewives, and other part time workers are employed during the growing seasons. As soon as the season ends, they draw unemployment insurance for many weeks afterwards.

* * *

Thus, by and large, food processng industries pay a much higher rate than employers in non-seasonal operations.

* * *

But of course, the extra money to pay this higher tax rate for work not performed does not, as some politicians would infer, come out of thin air. It has to be added to the cost of the goods.

* * *

Thus, this one item alone is quite responsible for keeping food prices at a higher level than necessary.

* * *

In a recent poll conducted by the National Federation of Independent Business, 87% of the nation's independent business and professional people voted in favor of requiring the worker to pay for a portion of the unemployment insurance tax.

* * *

After all, if it is proper to force the employer to lay aside money for the employee's rainy days, it is quite fair that the employee should be forced to lay aside some while working, for his future benefit.

* * *

As it is now, every time a family sits down to dinner, an unseen ingredient on the table is comprised of taxes paid to send checks to thousands of people who only wanted to work in the summertime to make extra money. There is little wonder food costs are high.
