SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 137 — SNYDER, TEXAS, MONDAY, OCTOBER 7, 1957 — EIGHT PAGES—PRICE 5c

CITIZENSHIP AWARD—Cecil J. Boren, left, acting vice president of the Snyder National Bank, accepts the United Fund Citizenship plaque earned by the bank's employes. E. H. Williamson, right, general business division chairman for the UF, presents the award. (Lee Watson photograph)

PLAQUE EARNED—Jurden Brunken, left, and Darrell Tramel, center, who headed the United Fund campaign in Wilson Motor Co., where they work, accept a plaque for the firm's employes from Charlie Hooser, right, business employe chairman for the United Fund. The plaques were presented this morning.

UNITED FUND PLAQUE—Martin A. Brooks, right, accepts a United Fund Citizenship plaque on behalf of employes of the West Texas State Bank where he headed the employe drive for the United Fund today. Paul Keaton, general campaign chairman, left, presented the plaque. The plaques are presented to firms whose employes earn them. To earn a plaque 90 per cent of the employes must contriblte, with at least 75 per cent giving as much as one hours pay each month for the coming year.

Baby Moon Has Military Importance, Expert Says

PARIS (AP) — One of France's top aviation experts asserted today the Soviet baby moon certainly has military significance. He said the United States is already building a reconnaissance satellite called "Big Brother."

Gen. Pierre Gallois told a reporter for Paris-Presse the new American "sky-spy-eye" had been under development by the Lockheed Corp. for more than a year.

At the same time, he declared that if free Western nations did not pool their scientific brains and materiel to overtake the Russian lead they must face the possibility that "Russia can win the peace without ever having to make war."

In California, where Lockheed has its headquarters, a spokesman for the aviation concern flatly denied that the company is working on such a project. In addition a spokesman for the Air Force said he had no knowledge of such a project.

In Washington, the Defense Department had no immediate comment on Gallois' statements.

Gen. Gallois recently resigned from the French air force after serving as one of the top French commanders at SHAPE (Supreme Headquarters Allied Powers in Europe). This is the military arm of the North Atlantic Treaty organisation. He is now working for a French aircraft firm developing a new type fighter plane for NATO.

"The Lockheed firm," he said, "has been working for a year on the development of a reconnaissance satellite, 'Big Brother,' equipped to take and retransmit pictures of the countries it flies over.

"This planetary radar will furnish information on airdromes, installations and secret factories. It will especially allow us to locate more exactly installations whose general location we already know."

Information about "Big Brother" has never been printed in France before. The general disclosed it to a reporter for Paris-Presse, one of whose owners is Marcel Dassault, largest aircraft manufacturer in France.

"For example," said the general, "everybody knows the Dnepr Dam (a vast Soviet hydroelectric installation in the Ukraine). But Soviet maps and some others are very imprecise. To plot the topography exactly it would have been necessary to go there with a sextant and take its coordinates. To direct an intercontinental bomb with precision, the photos and the maps supplied by the reconnaissance satellite will be of considerable utility."

He maintained the Soviet purpose in launching the satellite was not to obtain scientific information but to "administer a shock to public opinion."

"It makes it possible for the Russians to win the peace without ever having to make war the general said. "In this trial of strength, the 'Sputnik' plays the role of an arm of the first magnitude."

Moreover, the general said, its psychological effect on the world will be tremendous.

"If the West does not react," he warned, "if it does not develop more in common its resources and its brains, it is condemned in advance before the thunderous scientific progress of the U.S.S.R.

"The Communist regime may be labeled a failure, its police apparatus called repressive, but if *Soviet progress should surpass that of the West in many fields* than the intelligentsia of the entire world will inevitably turn to that country from which enlightenment comes."

Russian Spies Suspected In Moon Program

TORONTO (AP)—The Toronto Telegram said today Igor Gouzenko has informed President Eisenhower that spies in the United States missile production set-up enabled Russia to launch the first earth satellite.

The paper says Gouzenko, former cipher clerk in the Russian Embassy in Ottawa who exposed a Canadian spy ring in 1946, wrote to the President yesterday.

The Telegram quotes the letter as saying the launching "indicates the work of well-organized Soviet spy rings in the U.S. missile production system."

"I exposed only one spy ring," Gouzenko is quoted. "Even at that time a further nine were operating in Canada. There are far more now than when I came out.

"I don't believe there is much difference in ability between Russian and American scientists. But the Russians have a first-class espionage system to help them, so they're ahead.

"They now are months and maybe years ahead with missiles—the free countries are sitting ducks."

Since his defection from communism, Gouzenko has been living under an assumed name at a secret address in Canada.

Mantle Goes Out Of Yankee Lineup

MILWAUKEE, Oct. 7 (AP)—Mickey Mantle, feared New York Yankee slugger, was out of the starting lineup in today's fifth World Series game with the Milwaukee Braves.

Mantle, who was taken out of the outfield during Sunday's 10th inning, was reported to have suffered a shoulder injury while sliding in Saturday's game.

To replace Mantle, Manager Casey Stengel moved rookie Tony Kubek into center field and sent the veteran Enos Slaughter to left field.

Mantle was batting .267 with 4 hits in 15 at bats and had hit one home run in the first four games, which the teams split.

Stengel returned Harry Simpson a lefthanded hitter, to first base against righthanded Lew Burdette who beat the Yanks in the second game.

Jerry Lumpe, another lefthanded batter, went to third base instead of Andy Carey.

Manager Fred Haney of the Braves restored Joe Adcock, a righthanded batter, to the starting lineup at first base, benching Frank Torre who hit a homer yesterday.

Andy Pafko returned to right field, replacing Bob Hazle and Del Crandall was Burdette's catcher.

It was a clear, sunny day with temperatures in the mid 60s, the best of the three days in Milwaukee.

Whitey Ford, chunky lefthander who won the opener from Warren Spahn, was the Yankee pitcher.

The batting orders:

NEW YORK	MILWAUKEE
Bauer rf	Schoendienst 2b
Kubek cf	Logan ss
McDougald ss	Mathews 3b
Berra c	Aaron cf
Slaughter lf	Adcock 1b
Simpson 1b	Pafko rf
Lumpe 3b	Covington lf
Coleman 2b	Crandall c
Ford p	Burdette p

Another Division Kicks Off Here

Another division of the Scurry County United Fund kicked off its campaign at a breakfast meeting this morning.

It was the business employe division, headed by Charles Hooser, which will have several dozen workers contacting employes of Snyder businesses within the next few days for contributions to the nine-agency United Fund.

And before the morning was over, three Snyder businesses which have large numbers of employes were presented citizenship awards, bronze plaques for attaining a goal of 90 per cent participation of employes and 75 per cent contribution of at least one hour's pay per month.

The division made the awards to the Snyder National Bank, Bill Wilson Motor Co., and West Texas State Bank.

Other such awards will be made to businesses whose employes reach that goal. The businesses will certify their own qualification either by card to the United Fund office at the Chamber of Commerce or by calling the chamber office.

Other divisions of the United Fund are to get their drives underway this week. They are the school division, headed by W. A. Mayfield, which is kicking off its drive early this week; industrial employes, headed by M. L. Broman, which plans a Thursday beginning; and county-wide division, headed by M. L. Andress and Ross Williams.

The United Fund has so far $13,400 of its $38,934 goal.

Agencies participating in the United Fund here are Boy Scouts, Girl Scouts, Scurry County Boys Club, West Texas Boys Ranch, Salvation Army, Red Cross, American Heart Association, Gonzales Warm Springs Foundation, and United Service Organizations.

NAACP Fund Being Planned

CORPUS CHRISTI (AP)—A plan of action and attempt to raise funds for test court cases in segregated Texas school districts will be the main goals of the state NAACP convention in Longview Nov. 1-3, the group's president said.

Dr. Boyd Hall, Corpus Christi dentist who heads the state NAACP, also asserted Gov. Price Daniel has condoned violence in Texas by what he called Daniel's approval of Gov. Orval Faubus' action in Arkansas. He said this will be the theme of his keynote speech to the convention.

Hall also said the NAACP expects more "detrimental" legislation will be passed by the next Legislature.

Hall, who was elected to three of his four terms as president by acclamation, said he will step down as president at the convention.

The featured speaker at the convention will be Phillips Randolph, president of the Brotherhood of Sleeping Car Porters, and a vice president of the national AFL-CIO. Hall said he did not know if Thurgood Marshall, NAACP lawyer, will attend.

Game Plans Changed By Racial Ordinance

HALLETTSVILLE, Tex. (AP) — The Hallettsville-Pearsall football game scheduled Friday night will be played at Pearsall because of a city ordinance forbidding interracial activities here.

It originally was to have been played here.

The Hallettsville City Council passed the ordinance in 1956. It prohibits use of any municipal recreation grounds or facilities for integrated games, contests or activities.

The Pearsall School District is integrated and several Negroes are on the football squad.

China Riots Reported

HONG KONG (AP)—A pro-nationalist newspaper reported today that 150,000 peasants rioted in the Chekiang province on mainland China last month. The outbreaks were against food restrictions.

Tickets Sold For Supper

Several tickets have already been sold for the farmer-businessman supper to be held Thursday in Gail under sponsorship of the agriculture committee of the Chamber of Commerce here.

The supper, which will be at 7:30 p.m. Thursday at the Gail Community Center, will be free to all Borden County ranchers and farmers. Snyder businessmen will be hosts, paying for their own $1.50 tickets and for Borden Countians' tickets.

The entertainment program is being arranged early this week. Nolan von Roeder of Scurry and Borden Counties will be master of ceremonies.

Businessmen interested in purchasing tickets have been asked to call the chamber office early this week.

WEATHER

SNYDER TEMPERATURES: High Sunday, 78 degrees; low, 57 degrees, reading at 7:30 a.m. today, 59 degrees. High Saturday, 93 degrees; low, 57 degrees; reading at 7:30 a.m. Sunday, 57 degrees; precipitation, .06.

North Central Texas — Partly cloudy through Tuesday. Widely scattered showers in northwest. Little change in temperatures.

West Texas — Partly cloudy through Tuesday. Widely scattered showers in Panhandle and South Plains. No important temperature changes.

East and South Central Texas — Partly cloudy through Tuesday. Little change in temperatures.

MEETING CALLED

Red Tag Day Is Proposed

A meeting of safety and fire prevention chairmen of all Snyder civic clubs has been called for 3 p.m. tomorrow to discuss a special Red Tag Day to be held here in mid-November.

Representatives from women's and men's civic clubs have been invited to the meeting, which will be held in the Chamber of Commerce office.

C. E. Colson, chairman of the town inspection committee of the Texas Insurance Fieldman's Association, will meet with the group.

Colson and approximately 30 men of the association are proposing a townwide fire inspection here. The fire underwriters would come here at their own expense for the inspection and would be aided by Boy Scouts.

All the business districts in Snyder would be inspected, and red tags would be placed on possible fire hazards. The city fire department would follow up by urging businessmen to correct the hazards.

The group tomorrow will organize to publicize and promote the proposed Red Tag Day.

The chamber highway and safety committee, headed by Roy Dunlap, called the meeting.

Ike Receives Greetings

ROME (AP)—Pope Pius XII has sent greetings to President Eisenhower and expressed his "personal thanks for the tremendous work" the American is doing to maintain world peace.

Natives Die Of Laughter

SYDNEY, Australia (AP)—Twenty New Guinea natives afflicted with the kuru—laughing disease—are laughing themselves to death in Okana Hospital, in the eastern highlands of New Guinea.

Sir Macfarlane Burnet, director of the Walter and Keilza Hall Institute of Medical Research in Melbourne, says the grim disease, probably inherited, is one of the world's rarest and almost always is fatal.

So far 70 natives are afflicted with kuru.

An Okana Hospital official said the walls there shake from time to time with hysterical outbursts of laughter. . . .

"Some of the 70 victims already are laid down to die, after exhausting themselves with laughter. Soon they'll be paralyzed and die."

The official said he had been told there is one village in the highlands "packed with laughing men and women."

The disease was discovered by an American, Dr. Carleton Gajdusek, who recently spent 15 months in the Hall Institute.

Reds Claim New Design For Bomb

LONDON (AP) — The Russians announced today they have successfully exploded a new type hydrogen bomb. The announcement said a "powerful hydrogen device of new design" was tested at a great altitude yesterday.

The announcement was made over Moscow radio while the world was still looking in stunned amazement for the Soviet man-made moon circling the globe.

The emphasis the Soviet announcement put on the "new design" of the latest hydrogen bomb attracted especial attention here. And the speed with which the Russians disclosed the explosion — the next day — was significant. Usually they wait — or even keep the tests secret even after they are detected outside the Soviet Union. The last previous reported Soviet nuclear test was Sept. 24.

Tass, Soviet news agency, said: "In accordance with the plan of experimental work on the creation and improvement of atom and hydrogen arms in the U.S.S.R., a powerful hydrogen device of new design was tested on Oct. 6.

"In the interest of the safety of the population and of those taking part in the test, the explosion was carried out at a great altitude.

"The test was successful."

SPOT MUSE

A FISHING DERBY held at Lake J. B. Thomas last month ended just a few days too soon for Mrs. M. A. Hunger, 3005 Forty-first Street. She came in from the lake yesterday with a pair of perfectly matched seven-pound catfish.

THE WEATHER fizzled over the weekend. The cold front that was headed this way bogged down Saturday. Then, the showers that were forecast in its stead amounted to nothing more than a light drizzle in this area. Snyder had an official .06 of an inch, however, which is the first moisture recorded here for the month of October.

BRECKENRIDGE HIGH SCHOOL has sent Snyder 1,000 reserve seat tickets for Friday night's Tiger-Breckenridge football game at Breckenridge, according to the school business office here.

The tickets will go on sale at 8 a.m. Wednesday at the Chamber of Commerce office and will be sold on a first come, first served basis.

A portion of the tickets are 50-yard line seats, the school office said.

The tickets will remain on sale until 3:30 p.m. Friday if there are any left at that time.

Breckenridge And Snyder Man Killed

A Breckenridge man who was employed as an oilfield worker at both Snyder and Breckenridge was killed near Albany yesterday morning in a two-car collision.

He was John Randall Garland, 25, who died enroute to a hospital. Also killed was a California couple, Mr. and Mrs. K. D. Land of Lemon Grove.

The collision was at about 9:50 a.m. yesterday about 2.3 miles west of Albany on U. S. Highway 180.

Officers who investigated said Garland was driving east in a 1954 Ford when it swung into the path of the 1954 Hudson occupied by the Lands. The Land car had just rounded a curve, and Garland was moving into the curve. Both Garland and Mrs. Land were thrown clear of the cars.

Funeral services for Garland are to be announced by Morrison Funeral Home at Graham. Survivors include his father, J. T. Garland of Breckenridge, and a brother, Vernon Garland of Breckenridge.

Bodies of the Lands were at Wylie Funeral Home in Albany pending arrangements. A daughter, Mrs. James Oyler of La Mesa, Cal., was to arrive there sometime today. At least two other daughters survive the Lands.

Troops Follow Girl Students Into Dressing Room, Gov. Faubus Claims

LITTLE ROCK, Ark. (AP) — Gov. Orval Faubus today accused federal troops at integrated Central High School of following girl students into their dressing room.

In a letter to Maj. Gen. Edwin A. Walker, commander of all troops in the area, Faubus said:

"If you do not see fit to change this policy, and regard this type of action as necessary to carry out your mission of integrating Central High School, then may I suggest that you request of President certain number of members of the Women's Army Corps."

A spokesman for Gov. Faubus said the governor's letter, although made public by Faubus, had not yet been received. The spokesman said there would be no comment until Gen. Walker had an opportunity to study the letter.

Faubus said the alleged invasion of privacy might be endurable on a temporary basis. But he wrote Walker:

"However, if federal troops are to remain as long as forcible integration of the school is necessary, then it is my opinion that you and your troops will be here for a long time."

Nine Negro students made a quiet entrance into Central today to continue their integrated education.

Thus started the third week with Central High under guard by U.S. Army soldiers and National Guardsmen called into federal service. Guardsmen were on patrol today.

About 50 white students lounged around the entrance before arrival of the Negroes. Principal J. W. Matthews appeared at the doorway and said something which newsmen could not hear. The white students dispersed.

In contrast to last week's 30 or more armed escorting troops, only a half dozen National Guardsmen walked beside the six Negro girls and three boys as they entered the school. There was no heckling. Several score white pupils looked on from school windows or at a distance on the campus.

At the White House in Washington, press secretary James C. Hagerty said there had been no weekend negotiations with any Southern governors or with Rep. Hays (D-Ark) looking toward an end to the federal-state impasse.

Hagerty said he could not offer any estimate on how long federal troops might remain on duty in Little Rock. He told newsmen he sincerely hoped they would not have to stay for months or through the school term. That possibility was suggested in a dispatch published by the New York Times.

Chamber Board Of Directors To Meet

The monthly meeting of the board of directors of the Chamber of Commerce is set for 7 o'clock tonight.

The board, at the meeting will hear a number of committee reports.

Included in the reports will be several current projects, including that on the proposed Citizens Traffic Commission, a Red Tag Day on fire prevention, and Snyder Summons Day.

Funds Are Transferred

Funds were transferred this morning by the county commissioners court from the county general fund to two other funds.

The action was taken by the court after Doyle Gallman, county auditor, reported that both the park operating fund and social security fund were exhausted.

The court transferred $13,520.38 from the general to the social security fund and $4,000 from the general to the park fund to carry them until the end of the year.

In other action, the court voted to pay the expenses of George Killam, county attorney to attend the Law Institute in San Antonio Oct. 21-23. At the institute, he will work in schooling on research on practical aspects of condemnation proceedings.

The court also voted to employ Killam to handle any needed county condemnation proceedings.

Snyder Is Third In Grass Judging

Snyder took third place among teams and had second and ninth high individuals during the weekend in the grass judging contest held in Dallas in connection with the State Fair of Texas.

The places came in a field of 35 Future Farmers of America teams and 137 boys, along with one 4-H Club team.

Each team judged 40 specimens of grasses, legumes, and forbs in 100 replications.

Steve Nail, one of the Snyder team members, tied for second place among individuals with Gene Kohler of Gatesville. They had 387 points each, only three points below the score of Douglas Hestond of Tioga, top individual.

The Snyder boy taking ninth place was Jerry Springer with 370 points. Other members of the Snyder team are Alex Cross and Richard Robinson. Billy Bob McMullan and Jake Greene, high school agriculture teachers, are coaches for the team.

The Snyder team placed third in the contest with 1,108 points to 1,125 by Whitewright, winner of the contest, and 1,113 by Tioga, second place. Fourth was Tolar with 1,100.

Judges in the contest were Garland Hoffman, extension range specialist, of College Station; Dr. Vernon Young of Texas A & M range department, College Station; and Delbert Taylor, Soil Conservation Service, Fort Worth.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD - JONES

ADMISSIONS — Mrs. Laymon Womack, Box 1658; Mrs. Margaret Lara, Gen. Del.; Mrs. Jean McGaha, 2800 Thirty-sixth Street.

DISMISSALS — Patsy Martin, Route 2, Box 31; Mrs. Ethel Malone, Route 2, Hermleigh.

COGDELL MEMORIAL

ADMISSIONS — Grady Craig, Route 3, Box 425; Alma Grace Fowler, 601 Twenty-fifth Street; Ramona June Myers, 805 North Fowler, Hobbs, N.M.; Donald Odell Jones, 2211 Thirtieth Street; Janette Green, 1105 Thirty-third Street; Bryon Huffman, 309 Thirty-fifth Street; Benjamin Greenfield, 3709 Rose Circle; Donna Sue Armstrong, 209 North Roosevelt, Guymon, Okla.; Ramona Reed, 106 Peach Street; Eugene S. Williams, 2605 Avenue J; John Lee Calloway, 2601 Avenue V; Sue Hodges, 216 Thirty-first Street; James V. Armstrong, Jr., Guymon, Okla.; T. H. Chandler, 1408 Twenty-eighth Street; Connie Lee Moffett, 111 Browning; Helen Nixson, 204 Thirty-first Street; T. W. Hendryx, 811 Thirty-second Street; Alice Lee, 2000 Avenue L; Juanita Hart, 3116 Avenue T; Cleo Floyd, 3205 Avenue H; Ruthie Armstrong, Guymon, Okla.; Valda Boattenhamer, 2711 Fortieth Street; Paula Hernandez, Route 2, Box 73.

DISMISSALS — Jerry Don McKinney, Snyder; Glen Rainwater, 2522 Avenue R; Trinidad Dominguez, Route 2; Imogene Morrison and baby Box 815; Oleita Faye Guynes, Box 1175; Elizabeth Beggs, 3103 Avenue U; Clara Beauchamp, 2909 Avenue M; Grady Craig, Route 3; Frances Machen, Route 3; June Myers, Hobbs, N. M.; Callie Zeck, 3803 Noble Drive; Benjamin Greenfield, 3709 Rose Circle; Bryon Huffman, 309 Thirty-fifth Street; Mrs. Juanita Raborn, 3719 Avenue U; Frances Stockton, 1310 Seventeenth Street; Dorothy Gill and baby, Route 1; Jean Rauschkolb and baby, 312 Thirty-sixth Place; Norma Calloway and baby, 1500 Twenty-third Street; Donald Jones, 2211 Thirtieth Street; Martha Caudle and baby, 3773 Avondale; Ruby Machen, Snyder; Jannette Green, 1105 Thirty-third Street; Addelene Glass, Sweetwater.

Bid Accepted On Marshall Pool Purchase

MARSHALL (AP)—City commissioners accepted today a $10,500 bid from E. N. Power, real estate and insurance agent, to buy the municipal swimming pool.

The city offered the pool and other facilities for sale after a Negro resident sought in Federal Court an injunction against operation of the pool on a segregated basis.

Power said he plans to reopen the pool next year but is uncertain whether to lease or operate it himself. It now is closed for the season.

City Atty. Gaines Baldwin said he was preparing a motion for dismissal of the suit on a contention the anti-segregation issue now is a moot question.

Titus Edwards, Marshall Negro, filed the injunction suit against the city in July. The case has been set for a hearing Nov. 4 at Jefferson.

Power also is buying a community center, bath house and 1.9 acres of land. His offer was the lone bid submitted Thursday.

Power had said earlier he made the bid only with the idea of making a business investment, adding he would sell the property if someone offered him a higher price.

Marshall citizens approved the sale of the city park property in a special election called after the Edwards suit was filed.

Charles Spangler, chairman of the City Commission, had estimated earlier, while commissioners gave thought to building a separate pool for Negroes, that duplication of the facility sold today would cost $40,000.

High Court Starts Term

WASHINGTON (AP) — A 19-minute session today started the Supreme Court on a new term that is expected to bring far-reaching decisions affecting race relations, Communist activities and a wide variety of other national problems.

Led by Chief Justice Warren, the nine black-robed jurists marched to the high bench at noon, in a packed courtroom.

Several hundred would-be spectators, whited outside the court room, unable to get in for the brief opening ceremonies.

Warren, beginning his fifth year on the high bench, presided over the admission of 49 attorneys to practice. The justices then left the bench.

For the remainder of the week, the justices will consider what action they will take on some of the many petitions filed during the summer recess. An unusually heavy docket of about 800 cases confronts them.

THE SNYDER DAILY NEWS

WINS DIAMOND RING—John Bryant, employe of Iverson Supply Co. of Snyder, was the winner of a $150 diamond ring Saturday night at the Suez Shrine Convention in Abilene. Bryant competed with candidates from Big Spring, Midland, and Abilene for the ring—a Shrine award. About 1,500 persons from all over Texas attended the convention. (Craft Studio photograph)

Satellite Photos Might Be Taken

CAMBRIDGE, Mass. (AP)—Moonwatch officials said today American astronomical observatories may get photographs of the Russian earth satellite within eight or nine days.

Dr. J. Allen Hynek, who is in charge of the optical tracking program of the Astrophysical Observatory of the Smithsonian Institution, said that radio tracking computations have by now "pretty well determined the orbit of the Russian satellite."

Dr Hynek said the latest radio tracking computation showed that the satellite passed near Boston on a northwest-southeast direction at "precisely 8 a.m. Eastern daylight time."

The satellite was approximately 80 miles northeast of Boston as it whizzed by on its circle of the globe. The next passage in this area will be somewhere between 11 p.m. and midnight EDT tonight when it will be somewhat farther east of Boston, off the coast.

Dr. Hynek said Dr. Gordon B. Little, assistant director of the geophysical station at the University of Alaska, reported a visual sighting of the satellite yesterday by his aides. Dr. Hynek discounted any thought that they could have mistaken the third stage of the Russian rocket that lifted the satellite to its position in the outer atmosphere for the moonlet itself.

"If the Russian launching was like our plan—and I assume it was—the third stage of their rocket would be a satellite also," he said.

Dr. Hynek said the American satellite will be accompanied in space by its "bottle"—the third stage of the lifting rocket which will expel the satellite by a spring arrangement when it reaches outer space.

He said that in the American plan the "bottle" will not be polished "deliberately" in an attempt to make it non-visible, so it will not be confused by observers with the satellite.

Dr. Hynek explained that the third stage rocket will be close to the satellite and will trail it at the same speed for a time.

"Differences in drag and so forth will gradually separate them," he said.

The Smithsonian Astrophysical Observatory is making both tape and chart recordings of the Russian satellite. The observatory radio caught the loud "beep-beep" signal as the satellite sped over this side of the world at 6:56 a.m. EST today.

BIRTHS

Mr. and Mrs. H. Herbert Reed, Jr., 106 Peach Street, are parents of a son weighing five pounds, two and one-half ounces, born at 2:50 p.m. Saturday in Cogdell Memorial Hospital.

Born at 7:47 a.m. yesterday in Battenfield-Jones Hospital was an eight-pound, 12-ounce daughter to Mr. and Mrs. Bobby Allen, Box 1658.

Quint Will Wed Soon

NORTH BAY, Ont. (AP) — Oliva Dionne, father of the quintuplets, said today Annette plans to marry a university student in a private ceremony at Montreal Friday. She would become the first of the famous girls to marry.

Dionne said he knew nothing of the wedding plans until Annette, 23, and 22-year-old Germain Allard paid a surprise visit yesterday to the family home at nearby Callander.

He said he and his wife have recently been sick with influenza and because of this, plus the short notice, they have not decided whether to go to Montreal for Friday's ceremony.

Cecile, another of the four surviving co-eds, is scheduled to marry Philippe Langlois, 26-year-old Canadian Broadcasting Co. technician, next month.

Boy Held After Three Die In Tijuana Fire

TIJUANA, Mexico (AP) — A 17-year-old boy was held on suspicion of arson today after three persons perished in a fire which destroyed nine frame houses.

Police accused Jesus Mireles Mejia of starting the fire by throwing a match on the floor while playing cards in one of the houses.

The dead were Epifanio Villela, 26, Trinidad Chevez, 33, and Daniel Uribe Barragan, 3. Twenty other occupants escaped unharmed.

Doodles Weaver And Actress Are Married

LOS ANGELES (AP) — Winstead Sheffield (Doodles) Weaver, television producer and comedian, and actress Reita Ann Green were married at the Laurel Canyon home of architect Ray Donley yesterday.

Weaver, probably best known for his recording of "Beedlebaum," a takeoff on a horse race announcer, is 40, and his bride 21. Superior Judge Samuel Blake read the marriage vows.

Five Killed In Crash

LOS ANGELES (AP)—The toll of a school bus crash has risen to five with the death of driver Meldon Smith, 53. He died yesterday after being in a coma most of the time since the parochial school bus plunged into a ravine last Monday.

Attendance Is Down

DALLAS (AP)—Some 163,397 attended the State Fair yesterday. Total attendance for the second day was short of the 174,986 who went the second day last year. Total attendance for the first two days this year is 364,539, compared to 410,005 last year.

Toastmasters Club Will Meet Today

The Toastmasters Club will hold its weekly meeting at 6:15 p.m. today at the Village Restaurant.

Toastmaster will be Art Blanchard, topicmaster W. D. Durfey, speakers S. P. Hulen and Bill Schiebel, alternate speaker Buster Pilcher, master evaluator John Black, grammarian Roy McCloskey, and "ah" suppressor Ed LeMarquand.

Francis Hopkinson, a signer of the Declaration of the Independence, was also a song writer.

Man Is Fined Here On Driving Charge

A fine of $48.50, including court costs, was assessed in county court this morning against George Dewey Bond.

Bond pleaded guilty to a charge of driving with license suspended. Jim Kinser, highway patrolman, filed the complaint.

Cox Is Prepared For Trial Today

AUSTIN (AP)—Judge Mace Thurman rejected today a defense motion to throw out an indictment charging former state Rep. James Cox with agreeing to accept a 5,000 bribe.

Both sides apparently were ready to proceed with the trial of the former Conroe lawmaker accused of accepting a bribe in connection with his legislative work.

Thurman and attorneys conferred on the indictment.

Actually it was a substitute for the original. It was returned secretly last week by the Travis County grand jury. Dist. Atty. Les Procter said it had the same effect as the original.

The only charges, he said, were to "clarify technicalities."

The court had been in recess while the defense sought to locate a missing witness, H. W. Roan of Conroe, identified by defense attorney John Cofer as a "wire recorder man" and a material witness in the defense.

Roan was located in a doctor's office at Conroe. Cofer said he believed he would be available.

Cox was in the courtroom. He said that so far as he knew, all defense witnesses were on hand.

Dist. Atty. Les Procter said the state was ready.

The trial was originally set for July 15, but was postponed by agreement of both sides.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 600; weak to 25 lower; choice 18.50-75.

Sheep 1,300; steady; good to choice lambs 20.00-21.00; feeder lambs 19.00-20.50; ewes 7.50-8.50.

Mahon Lauds Officials On Loan Program

LUBBOCK—Rep. George Mahon of the 19th District this week commended officials of the Department of Agriculture for announcing a special distress loan on milo. The loan had been urged by farmers and farm groups, and Mahon had presented the request to the grain branch of the Department of Agriculture early in September.

The distress loan will provide milo producers with a specail loan equal to 80 per cent of the regular loan. It is designed to aid producers who are unable to take advantage of the regular loan by reason of the lack of storage facilities. The producer would have 90 days or not later than March 31 of next year to locate storage and convert his distress loan into a regular loan. Details of the program are available through County ASC Offices.

The distress loan is necessary by reason of the very heavy milo production, limitation of elevator capacity and the critical shortage of boxcars to transport the milo to available storage.

Mahon said that it was his hope that the distress loan would tend to stabilize the marketing of the milo crop. He said that he hoped the new program would not have to be used in a very big way as it had certain disadvantages and was primarily meant as an aid to a more orderly disposition of the crop.

At the same time the distress loan was announced, a 3 cents per hundred weight increase in the loan rate was announced. The previous rate was an interim rate. The new rate is the final rate for the 1957 milo crop.

FOR GOOD EATING

FRIDAY FARE

Two sorts of cheese give this souffle fine flavor.

Golden Cheese Souffle
Potato Sticks
Green Peas
Tomato Aspic
Bread Tray
Apple Crisp
Beverage

GOLDEN CHEESE SOUFFLE

Ingredients: 2 tablespoons butter or margarine, 2 tablespoons flour, ¼ teaspoon salt, cayenne pepper, ¾ cup milk, ¼ pound mild cheddar cheese (finely grated), ¼ pound sharp cheddar cheese (finely grated), 4 large eggs (separated).

Method: Melt butter over low heat in a 2-quart saucepan. Stir in flour, salt and a dash of cayenne. Add milk all at once; cook and stir constantly until thickened and bubbly. Stir in cheese (keeping heat very low, or using an asbestos pad) until melted; remove from heat. Beat egg yolks slightly; beat in some of the cheese sauce; return to saucepan, beating vigorously as you do so. With clean rotary beater (hand or electric), beat egg whites until they hold stiff straight peaks when beater is slowly withdrawn. Fold in cheese mixture until there are no white blobs. Turn into a 1½-quart ungreased baking dish; bake in moderate (375 degrees) oven until high, golden brown and firm on top. Serve at once. Makes 4 servings.

County Nurses Club Hear Dr. Hartley Speak

The Scurry County Registered Nurses' Club met last Wednesday at 7:30 p.m. in the reception room of the Medical Arts Clinic, with Mrs. Ruby Lee presiding.

Dr. Thomas F. Hartley, who attended the national meeting of Cardiologists in Denver last month, was guest speaker. His discussion of recent research in the medical and surgical treatment of coronary disease was most interesting and informative.

A film of the emergency treatment of cardiac arrest was shown the group by Mr. Maurice Smith, RNA.

Members and guests included: Mrs. Donald Hungerford, Mr. and Mrs. Maurice Smith, Mrs. Jo Parks, Mrs. Maurine Pilcher, Mrs. Annie Bailey, Mrs. Pansy Ray, Mrs. Ruth Steinberg, Mrs. Edith Jones, Mrs. Eula Williams, Mrs. Oma Lee Spears, Mrs. Lee, Mrs. Joanne Norred, Mrs. Betty Secker, Miss Marge Hardin, Miss Leah Davis, Mrs. Nell Spence, Mrs. Virginia Dickenson, Mrs. Leah Johnson, Miss Winnie McKinney, Mrs. Ann Rawlins, Mrs. Leota Hamblin, Mrs. Edna Hall, Mrs. Jewel Smith, and Dr's Cockrell and Hartley.

A program on Snyder Civil Defense will be presented at the next meeting Nov. 5 at the First Christian Church. Mr. Bill Schiebel will be the guest speaker. All members are urged to be present for the discussion on this vital problem.

WOMEN'S CALENDAR

MONDAY

Mein Circle of the First Baptist Church meets at 7:30 p.m. with Mrs. J. B. Hewett, 1911 Avenue S, for mission study.

Veterans of Foreign Wars and Auxiliary members will have a free chili supper following regular meeting at 8 p.m. at the clubhouse.

TUESDAY

Beta Sigma Phi will hold a picnic at the Towle Park pavilion at 7 p.m.

Twentieth Century Club will meet at the Martha Ann Woman's Club at 3 p.m. Mrs. Joe Strayhorn, hostess.

Business and Professional Women will meet at the Martha Ann Woman's club for a regular business meeting at 7:30 p.m.

Atheneum Study Club will meet at 3 p.m. in the Martha Ann Woman's club with Mrs. Mel Zane Gilbert, hostess.

The Jaycettes will meet at 7:30 at the Martha Ann Woman's Club. Mrs. Elmo Weyel and Mrs. Dick Roberts, hostesses.

W. W. Circle will meet at 7:30 p.m. with Mrs. Iva Woodson, 600 Twenty-fourth Street.

El Feliz Club meets with Mrs. Warren Sturgeion at 2904 Thirty-fourth Street, 3 p.m.

Altrurian Club at Martha Ann Woman's Club, Mrs. R. L. Gray, hostess, 3 p.m.

WHAT'S GOING ON

MR. AND MRS. BRYAN JORDAN, JR., and boys of Corsicana, visited MRS. BRYAN JORDAN SR. of Snyder and MR. AND MRS. B. S. PITNER, 712 Twenty-sixth Street recently.

Mary Josette Taylor, John Gilbert Tatom Wed in Michigan Services

The Immanuel Baptist Church in Traverse City, Michigan was the setting for the wedding of Miss Mary Josette Taylor and A1-C John Gilbert Tatom. The Rev. W. Burton Gardner, read the nuptial service on Sept. 28, 1957. Large baskets of pink gladioli and seven branch candelabra formed the background for the ceremony.

The bride is the daughter of Mr. and Mrs. Buck Taylor, Traverse City, Mich., and the bridegroom is the son of Mr. and Mrs. Gilbert Tatom, 2304 Avenue J, Snyder.

Miss Jaqueline Boone, pianist, accompanied Miss Celia Norton as she sang "The Day of Golden Promise" and "Because."

The bride was given in marriage by her father. Her gown of rose point lace and net over satin was fashioned with a scalloped neckline, long sleeves with points at the wrist, molded bodice and full tiered skirt. Her fingertip veil of bridal illusion was secured to a halo of net and she carried a bouquet of red roses and white chrysanthemums. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Mrs. Hugh D. Collier of Jackson, Mich., was matron of honor for her sister and Miss Lyla Jean Miller of Traverse City, was the bridesmaid.

Their ballerina-length gowns of dotted nylon organza over pink satin were identically styled with a fitted bodice and portrait neckline, accented with a bouffant bow. Their net headbands matched their dresses and they carried bouquets of pink carnations, white mums and painted daisies.

Ruth Nelson acted as flower girl and wore a dress identical to that of the other attendants. Mark Taylor, brother of the bride, carried the rings.

Hugh D. Collier of Jackson, brother-in-law of the bride, attended the bridegroom as best man, with Jerry Tossey as groomsman.

Mrs. Taylor selected a gown of gray lace over rose taffeta with black and pink accessories for her daughter's wedding. Her corsage was pink glamellias. The bride's grandmother, Mrs. Earl Lacure, wore a pink glamellia corsage.

Mr. and Mrs. John Walmsley acted as master and mistress of ceremonies at the reception for 100 friends held in the church parlors. Assisting with the serving were Mrs. Albert Miller, Mrs. Lester Austin and Mrs. William Davidson. In the evening a buffet supper was served at the home of the bride's parents for the immediate family and bridal party.

For a wedding trip to Texas and through the southern states, Mrs. Tatom wore a dark plaid suit with black accessories and a corsage of white roses. After the trip Mrs. Tatom will reside in Traverse City, and Mr. Tatom will return to St. Johns, Newfoundland, where he is stationed at Peppereil Air Force Base.

The bride is a June graduate of Central High School, Traverse City, Mich., and the bridegroom is a graduate of Snyder High School.

MRS. JOHN G. TATOM

A Complete Outfit

1325 WITH THE NEW 14"-24" PHOTO-GUIDE

SURPRISE daughter at the holidays with a complete new set of clothes for her favorite doll. This one is so cute, and fun to sew. No. 1325 with PHOTO-GUIDE is for dolls 14, 16, 18, 20, 22, 24 inches. For yardages consult pattern.

Science Brings New Miracles

By JOHN O. B. WALLACE
AP Newsfeatures

THE SCIENCE OF ELECTRONICS is creating miracles for the American home of today. But wait until you get a look at the electronic marvels for the home of tomorrow!

Washing machines without water—dist is removed by ultrasonic energy.

A vacuum cleaner with a "brain"—it does its own work without human direction.

A luminescent wall—turn it on and the room is lighted.

A radiant heat canopy—pull it out from a bedroom wall and sleep comfortably, without covers even in cold weather.

A television set no deeper than the thickness of a hefty thumb—hand it on the wall like a framed painting.

Sound fantastic? Well, they're all realities and in various stages of development by the designers and inventors who seek to make a better way of life for all of us by harnessing electrons to the service of man.

Electronic Time Table

All of the electronic items mentioned here are either now on the market or expected to be on the market within the next five or 10 years.

Here's a time table on these items and some others being developed:

The vacuum cleaner with a "brain" has been successfully demonstrated but manufacturers have not yet set the date for putting it on the market.

Engineers are still knocking out "bugs" on wall television but midget television units, designed to serve as "baby sitters" or to permit the home owner to see who is at the front door, already are available.

The ultrasonic energy washer and dryer actually could be manufactured today, but the cost is too high for the average consumer. They're trying to cut its cost.

The radiant heat canopy has been successfully demonstrated but is not yet on the market.

Other Wonders, Too

LUMINESCENT room lighting is now available. An electrified wall area is coated with a substane that lights up when the wall is "turned on."

Here are some other electronic wonders already being offered or planned for the near future:

A refrigerator without a motor and compressor. It will be a compact, flexible unit designed to fit the new "floating" conception of kitchen arrangements. It has been demonstrated successfully and is expected to be availabe soon.

An electronic stove, which can cook in only a few minutes, is available now.

Cut Air Pollution

Electronic garbage disposal units are available now. They dispose of combustible materials such as paper and wood, as well as waste food, electronically. Designers of this item point out that major use of such units would sharply reduce air pollution in congested city areas.

Electric heating cables ae being designed for the homes of the future. Placed in the roof and eaves and under driveways, they would prevent the accumulation of snow and ice in the cold weather zones of the country.

Get Good Wiring

In considering the bright, new world of electronics in the home of the future, there is an important item to be remembered: make sure your house is adequately wired. Adequate wiring not only will increase the value of your home and cut insurance costs, but it will permit you to make use of these enticing, electronic miracles. An electrical contractor or your local utilities company can provide expert help in planning adequate wiring layouts and proper circuit specifications.

Walking Solves Problem For French Woman

By JANE EADS

WASHINGTON — Diet? Count calories? "Jamais, jamais!" Jeanne Andree Touvier exclaimed, closing her eyes, shaking her head.

"Never, never," Paulette Pacatte, echoed.

"In France a woman walks an hour just buying her groceries," explained Jeanne, "she doesn't have to diet."

"People who diet are like this," interrupted Paulette, pulling a long sour face, "they're not jovial. When people ask me 'what do you get your vitality from?' I answer gleefully — 'EATING.'"

Jeanne and Paulette thereupon asked for a second helping of strawberries Romanoff which the maitre d'hotel had prepared for dessert at the luncheon introducing the two young French women to us. A noble dish of strawberries, hunks of ice cream and sugar, all swooshed together with cointreau and Napoleon brandy. Calories, yes, a bowlful!

Miss Touvier, chosen by her government from a group of 300 top teachers as France's leading home economist was "tasting" her first visit to the United States as guest of a household wax company. Pretty young Miss Pacatte, a linguist, who first came to this country as a Fulbright scholar and later taught French at Western Reserve Academy in Ohio, is now an interpreter with the French Embassy.

Cooking is something that comes naturally to the average French girl, a divine art embellished with secret family recipes and gimmicks handed down from mother to daughter.

Cooking therefore comprises a very small part of the training French home economists give to their pupils, even the youngsters of 14 to 17 years.

"Out of a two-year course they only get 160 hours of cooking instruction," explained Miss Touvier, a professor of home economics at the Dijon teachers academy. "Mostly they learn about the new things that have come on the market in the past 15 years. The rest of their training is concerned with efficient and time-saving methods of housekeeping and homemaking, cleaning, laundering, sewing, mending, shopping, parent and child and husband and wife relationships."

French housewives use some modern appliances, as well as some of the new processed foods. What about ready-mixes, someone asked.

"Jamais, jamais," exclaimed Jeanne. "Never, never," echoed Paulette.

"And," added Paulette with emphasis, "this push-a-botton here, push-a-button-there system of preparing food will never, never be wholly accepted by the French woman. She does her mixing by hand. She buys her meats, vegetables and fruits, fish and dairy products fresh from day to day. Most homes have no refrigerators. There are no left-overs."

Sleepytime Dolly

Here's a dolly that will be the bedtime favorite of the little lady. No. 337-N has pattern pieces; hot-iron transfer for face; sewing and embroidery directions.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

Comic Leaving Show But Not For Long

NEW YORK (AP) — Stanley Holloway, veteran British comic, is leaving "My Fair Lady" — but not for long.

Holloway, as the raffish father of the smash musical's heroine, Eliza Doolittle, will sing "Get Me to the Church On Time" and "With a Little Bit of Luck" for the final time on Broadway Dec. 21. He will be back on the same assignment when the London production of the show reaches the West End April 30.

Producers Hunting Moliere Descendant

NEW YORK (AP)—A direct descendant of Louis XIV's playwright Moliere is being sought. The reward: A trip from France to a Browdway opening.

Reason for the search is that the producers of the upcoming musical "The Carefree Heart" thought it would be nice to have one of the old master's heirs on hand to view the entertainment which is based upon Moliere's "A Doctor in Spite of Himself."

Science Shrinks Piles
New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

FRIDAY'S GAME PROVED one point about our football Tigers. That is the team doesn't fold up under pressure.

Three times the Tigers found themselves trailing the Levelland Lobos Friday but each time the Bengals battled back.

That winning touchdown drive, especially, was pressure-packed.

Levelland went ahead with only 5:08 minutes left to play. The Tigers, after taking the kickoff back to their own 45, knew full well that they must go all the way to win. Had the Tigers lost possession of the ball enroute to paydirt this time they probably would have never gotten the ball back.

The Tigers waisted little time in marching to the winning TD, using only eight plays to cover the distance. With exception of an incomplete pass, the Tigers gained yardage on each play of that final drive.

No Rest For The Weary

There's no rest for the weary, either.

After surviving that terrific battle with the Lobos, the Tigers must come right back now and meet the ever-dangerous Breckenridge Buckaroos at Breckenridge Friday night.

The Buckies, although the final score didn't indicate it, gave Abilene just about all she could take last Friday night. A break here and there turned a tight contest into a 21-point victory for Abilene, 41-20. The Abilene depth, too, proved too much for the Buckies.

But the Eagle fans had nothing but praise for the Buckies. We were in Abilene over the weekend for the McMurry-ACC game and the fans we talked to still weren't breathing too easy over Friday's game.

The general consensus was that the Buckies possess the fastest set of backs in the state. And the Buckies, too, have a very fine passer in Bobby Goswick.

For more detailed information on the Buckies, come out to the Quarterback Club meeting tomorrow. J. P. Ward and V. V. Shearburn of the Tiger coaching staff will give a scout report on the Buckies at the QB confab. These two fellows have seen the Bucks in action the past two weeks.

Wolves Raise Eyebrows

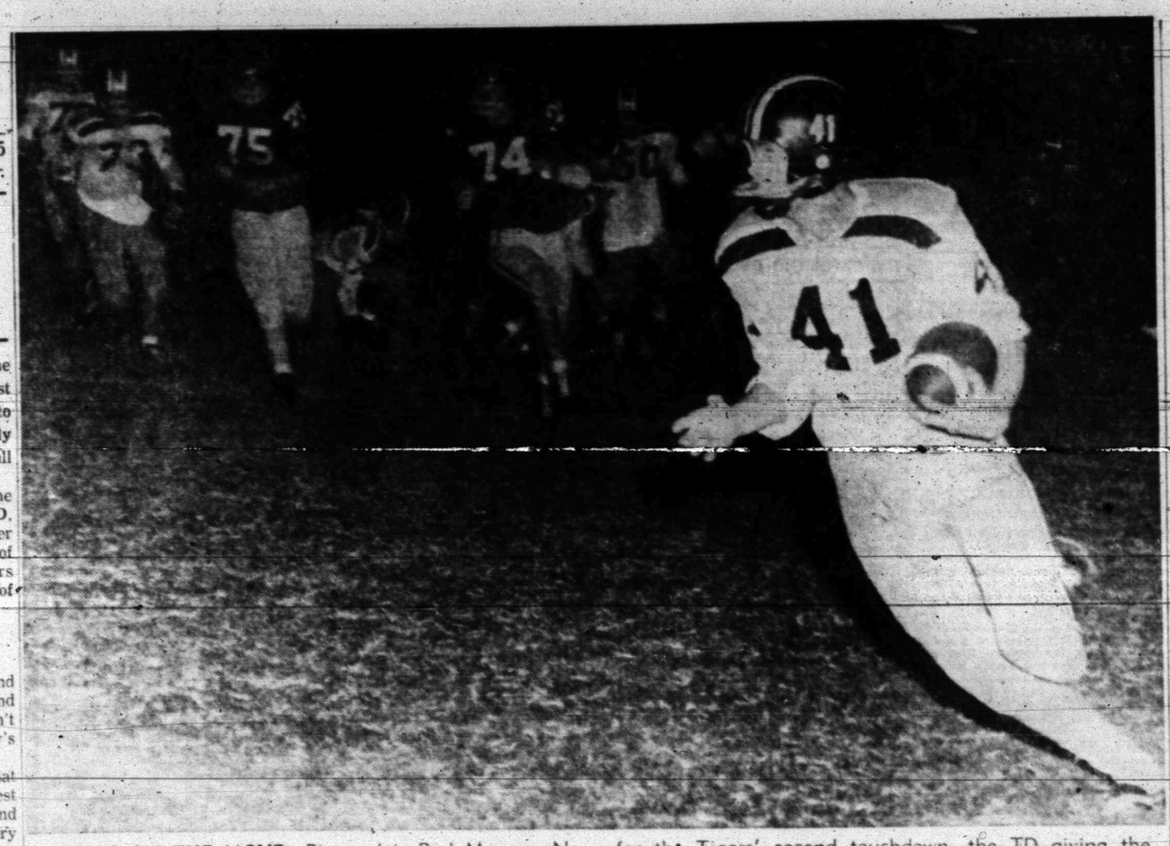
Plenty of eyebrows around District 3-AAA were raised Saturday night when the Colorado City Wolves upset previously unbeaten, Kermit, 7-0, at Kermit. And this was acheived at Kermit's annual Homecoming.

Kermit, only a week before, had derailed a good Lamesa team of our district, 21-13.

So, instead of a three-way battle for the 3-AAA flag, it now looks like we may have a four-team scrap. The Wolves, in other words, have joined Sweetwater, Lamesa and the Tigers in the battle for the 3-AAA flag.

Only Lake View, which hasn't crashed the victory column yet, isn't likely to be a serious contender for the pennant. The Chiefs, however, could make it interesting for any of the district teams on a given night.

Yep, the upcoming 3-AAA race promises to be a rip-roaring affair.



TIGERS ON THE MOVE—Pictured is Bud Morgan, No. 41, Tiger halfback, heading goalward after receiving a pass from Dick Hayes for a 17-yard pickup in Friday night's game with Levelland. Morgan, who broke into open space after catching the ball, was hauled down on the Lobo 24 from where Hayes scored two plays later for the Tigers' second touchdown, the TD giving the Tigers a 13-7 lead. The Bengals went on to win, 27-21. Other players shown are tackles Charles Macha, No. 75, and Frank Lewis, No. 74, of Levelland, and tackle Bill Jennings, No. 73, and center Bill Rinehart, No. 50 of the Tigers. (Lee Watson photograph)

District 3-AAA Teams Win 4 Of 5 Tilts Over Weekend

District 3-AAA enjoyed its best weekend of the season last week by winning four of five games played.

Only Lake View, 24-0 losers to Ballinger, failed to crash the victory column last week.

The big surprise of the week was Colorado City's 7-0 victory over the previously undefeated Kermit Wellow Jackets at Kermit Saturday night.

Both the Tigers and Colorado City have now won three of four games played this season.

In other games last week, Sweetwater won its second straight game with a 26-6 victory over Big Spring and Lamesa upended Brownfield, 21-0.

Last week's four victories brought District 3-AAA's season record to 10 wins, 8 losses and one tie. Lake View has been charged with four of the eight defeats.

The Tigers continue to lead the district in scoring with 86 points with Sweetwater second with 77.

Colorado City's shutout of Kermit put the Wolves on top defensively. The Wolves have yeilded 25 points in four games played. Lamesa is second defensively with 27 points yeilded.

Another full slate of games are on tap for 3-AAA teams this weekend. The feature attraction sends the Tigers against Breckenridge at Breckenridge Friday night.

Two other games will be closely watched; Brownfield at Colorado City and Big Spring at Lamesa.

Rounding out the slate will be Sweetwater at Monahans and Lake View at Pecos.

Following is the District 3-AAA scoreboard:

DISTRICT 3-AAA STANDINGS

TEAM	W	L	T	PCT.	PTS.	OPP.
SNYDER	3	1	0	.750	66	49
Colorado City	3	1	0	.750	46	25
Sweetwater	2	1	1	.500	77	61
Lamesa	2	1	0	.666	71	21
Lake View	0	4	0	.000	13	71

Last week's Results:
SNYDER 27, Levelland 21.
Sweetwater 26, Big Spring 6.
Lamesa 21, Brownfield 0.
Colorado City 7, Kermit 0.
Ballinger 24, Lake View 0.

This week's schedule:
SNYDER at Breckenridge.
Brownfield at Colorado City.
Lake View at Pecos.
Big Spring at Lamesa.
Sweetwater at Monahans.

Dodgers Seek LA Decision

LOS ANGELES (AP)—"Time's a wastin'," a Brooklyn Dodgers official told the Los Angeles City Council, which today faces a showdown on the proposed contract to move the baseball club here.

The remark was made by Henry J. Walsh, attorney and secretary of the Dodgers, after conferring with members of the council yesterday.

The contract comes up for what is expected to be a final vote although some minority members indicated they would try to delay action for a few days in view of the fact that the National League has given Dodgers President Walter O'Malley an extension until Oct. 15 to make up his mind about moving.

Texas Vs. OU; Rice Vs. Duke Headlines Week's SWC Card

By HAROLD V. RATLIFF
Associated Press Sports Editor

Texas' efforts to knock down Goliath Oklahoma and the clash of Rice and Duke in another important intersectional game headline the Southwest Conference schedule this week.

There are two more intersectional clashes—SMU vs. Missouri at Dallas Friday night and TCU vs. Alabama at Fort Worth Saturday night.

Texas and Oklahoma will meet for the 52nd time at Dallas. There will be a sellout 75,504 in the Cotton Bowl with all expecting another Oklahoma victory.

Texas, rising from its most disastrous season in history—a 1-9 affair last year—saw its hopes of reaching the Oklahoma struggle unbeaten go glimmering when South Carolina scored 20 points in the last quarter to beat the Longhorns 27-21 Saturday. Oklahoma whipped Iowa State 40-14 for its 42nd consecutive triumph.

While Duke is rated with the top teams and Rice isn't, the latter showed last week in a 34-7 rout of Stanford it can take care of itself. Victory by Rice would give the already fine intersectional record of 11 victories, 2 losses and 2 ties, almost as big a boost as a Texas triumph over Oklahoma.

Duke, like Rice, is undefeated but has played one game more. The Blue Devils, rated fourth in the nation, have ridden over Virginia, South Carolina and Maryland. Rice has whipped LSU and Stanford.

The conference had its first reversals in intersectional football Saturday. Baylor took an unexpected 13-7 thumping from Miami and Texas fell before South Carolina. But Texas A&M rolled on with a comparatively easy 28-0 victory over Missouri and there was Rice's drubbing of Stanford.

The championship race opened with Arkansas beating TCU 20-7. Arkansas tries for a second conference triumph this week, meeting Baylor, at Waco.

Texas A&M quits the intersectional trail and hosts Houston, 7-0 victor over Cincinnati Saturday.

Rice's Hill Takes Offense Lead In SWC

DALLAS (AP) — King Hill, Rice quarterback, has taken over the total offense lead in the Southwest Conference.

Saturday he flung the pigskin 117 yards against Stanford while romping to 64 yards on the ground. It made his total offense 322 yards and a long lead over Don Christian, busy Arkansas quarterback, who has 249.

Jimmy Shofner, TCU halfback, held onto his lead in ball-carrying as he gained 55 yards against Arkansas, but Gerald Nesbitt, Arkansas fullback, gained 80 yards against TCU to pull from seventh place to second with a total of 165.

Doyle Traylor of Baylor still is the leading passer when number of completions is considered but Hill tops in yardage with 261. Traylor has connected on 18 of 39 for 136 yards.

Dave Sherer of SMU, who punted in only one game but compiled a fantastic 50.3 yard average, tops the kickers.

Earl Miller of Baylor moved into the lead in pass-receiving. He has taken seven throws for 100 yards. Jerry Marcontell of Baylor, who was the leader, also has seven catches but got only 43 yards.

Rice Offense To Get Test

HOUSTON (AP)—Rice, which has averaged 499 yards per game, meets Duke, which has held three opponents to a total of two touchdowns, Saturday.

The Owls, who created a sensation last week whipping Stanford 34-7 nd rolling up 583 yards, go against a Duke team ranked fourth in the nation.

The unbeaten Blue Devils have defeated Maryland, Virginia and South Carolina, scoring 80 points while holding the opposition to a mere 14.

Coach Jess Neely of Rice used two entirely different backfields against LSU and Stanford. Both showed the one-time conservative brand of football at Rice has given way to a running, passing pattern designed to eat up yards and thrill fans.

In the first quarter of Saturday's game the Owls, owning a 7-0 lead, faced a fourth and one situation on the Stanford 43.

In another day, failure to kick in such a situation might have meant a season of exile on the bench for the quarterback. But Rice quarterback King Hill went for a first down and made it.

Hill raced 44 yards in one play, hurled a 7-yard pass to Buddy Dial for a touchdown and passed 28 yards to Gene Jones to put the ball on the four.

Hill's partner in the quarterback slot, Frank Ryan, made 78 yards on the ground, completed 8 of 12 passes for 123 yards and hurled a touchdown pass to Monte Robicheaux for 42 yards for the final Owl score Saturday.

Houston Wins Dixie Series

HOUSTON (AP)—The Dixie Series followed last year's script to a T last night when Houston beat Atlanta 3-1 to win it the second season in a row and by the same margin.

Four-hit pitching by Tom Hughes and a 2-run homer by Ruben Amaro, the Buff shortstop, stowed away the title. It gave Houston the Series four games to two.

Count Fleet ran the fastest mile and a sixteenth in the history of the Pimlico Futurity. He won the 1942 running in 1:43.2.

Jester, one of the better 2-year-olds of 1957, was foaled on April Fool's Day, 1955. He is a son of Tom Fool.

Colts, Browns Set Pro Football Pace

By The Associated Press

The upstart and unbeaten Baltimore Colts and the back-home-against Cleveland Browns today were a step ahead of a logjam of eight National Football League teams.

The Colts paced the Western Conference and the Browns the Eastern Conference with 2-0 records. The rest of the league was virtually in one big second place tie after weekend play.

Sunday's results compounded the tangle as last week's losers turned on the winners. The Detroit Lions deflated the previously unbeaten Green Bay Packers 24-14. Washington's rookies powered the Redskins to a 37-14 triumph over the Chicago Cardinals and the San Francisco 49ers reversed a lopsided exhibition performance and whipped the Los Angeles Rams 23-20. All six teams have 1-1 records.

The New York Giants, defending champions, evened their record Saturday night, winning their first game 23-20 against winless Philadelphia. In other Saturday games, Cleveland moved into familiar first place quarters after overpowering Pittsburgh 23-12 and the Colts repeated a 1956 upset of the trouble Chicago Bears 21-10.

Pittsburgh has a 1-1 record. The Bears, Western champions last year, and the Eagles each took their second defeats.

The Lions shocked the Packers at Green Bay with a wild gamble that paid off in a touchdown.

The Lions' Yale Lary stepped into punt formation in the first period. Detroit was on its 35, four down, 22 yards to go for a first down. Lary ran instead of kicking. Astonished Green Bay defenders hauled him down 32 yards later. Tobin Rote scored in five plays after that.

A minute later, Lion Jack Christensen intercepted Babe Parilli's Packer pass on the home team 29 and returned it for a touchdown. Detroit led 24-0 in the fourth quarter before Green Bay scored twice.

At Chicago, Ed Sutton and Don Bosseler accounted for three touchdowns in the Redskin romp. Both are first year men. Sutton scored twice in the third quarter and gained 44 yards on 10 carries. Bosseler gained 62 yards on 16 rushes, including a fourth period one-yarder that capped an 83-yard touchdown march.

Cardinal quarterback LaMar McHan threw touchdown passes to end Gern Nagler in the first and second quarters to give the Cardinals a 14-13 halftime lead.

The 49ers Y. A. Tittle tossed the clinching touchdown pass 11 yards to rookie R. C. "Overdrive" Owens. Owens earlier turned a 46-yard Tittle aerial into a score with a leaping catch.

Los Angeles scored the first time it had the ball. Halfback Tom Wilson went the final 20 yards. Norman Van Brocklin threw to end Leon Clarke for the second Ram touchdown. The play covered 70 yards. Paige Cothren kicked two field goals for the Rams.

Series Starts 'Over' Today

By JOE REICHLER

MILWAUKEE (AP)—Practically a new World Series starts today.

Milwaukee's Lew Burdette and New York's Whitey Ford go after their second victory in the fifth game of the October classic.

With the series all square at two victories apiece, after Milwaukee's dramatic 10-inning, 7-5 triumph over the Yankees yesterday, the see-saw battle must return to New York no matter what happens today.

Barring a sudden collapse by either team, the series seems almost certain to go the full, agonizing, seven-game distance.

Since tomorrow has been set aside for travel, the issue cannot be decided until Wednesday, at the earliest.

"Those National Leaguers have proven to me what I've thought right from the beginning," Stengel said. "I warned my fellows at the start not to take them too lightly. Make no mistake about it, this Milwaukee team is tough."

In Ford, the Braves will be facing a pitcher who not only has muffled them with five hits in a 3-1 success in the opener, but a seasoned performer who has won five World Series games.

In Burdette, the Yankees will be facing a pitcher who has shackled them with only seven hits, only one longer than a single, in his 4-2 triumph over them in the second game.

Warren Spahn, ably supported by the bludgeoning bats of Henry Aaron, Frank Torre, Johnny Logan and Eddie Mathews, gained the all-important Milwaukee victory yesterday. He went the 10-inning distance despite only a three-day rest and 11 Yankee base hits that included a last-ditch three-run homer by Elston Howard and a near-fatal triple by Hank Bauer.

Until the ninth, Spahn was superb. He had limited the Yankee powerhouse to only six hits and had not permitted a run after the first inning. From the second through the seventh, he had faced the minimum of three batters an inning. Two double plays wiped out the only two hits he allowed in that interim.

A double by Andy Carey and a pinch single by Jerry Lumpe put Yankee runners on first and third in the eight but a third twin killing, started by shortstop Logan, snuffed out that threat. Logan, incidentally, established a series record with 10 assists.

The ninth was a nightmare for Spahn. After retiring the first two batters, the brilliant southpaw seemed certain of an easy 4-1 triumph but a tremendous Yankee rally tied the score at 4-4.

Yogi Berra and Gil McDougald singled and Howard, connecting with a 3-2 pitch, slammed the ball into the left field bleachers for a three-run homer.

'My Biggest Thrill'—Eddie

By JOE MOOSHIL

MILWAUKEE (AP)—"This overshadows everything else," gloated Eddie Mathews after pounding out his "get even" homer in Milwaukee's 7-5 World Series victory over the New York Yankees Yesterday.

The dramatic drive off reliefer Bob Grim evened the series at two games apiece, got Eddie even with Grim who had struck him out at New York and ended the third baseman's slump worries.

Mathews had gone hitless in the first three games before doubling yesterday in the fourth inning of the fourth game.

"Slumps are unpredictable," said Mathews, who had 32 homers and a .292 season average. "You never know when you're going to get in one or when you'll get out. But I'm out now, thanks to these lucky pennies and Joe Adcock's bat."

Before the game started, a writer slipped three pennies in Mathews' back pocket "for luck."

Whether it was the three pennies, Adcock's bat or just the law of averages, Mathews doesn't care. "The pennies are going to stay right in that pocket throughout the series," said Mathews, "and I'm going to have to stick with Adcock's bat. In fact, I think I'll buy Joe a dozen."

Mathews switched to an Adcock bat after developing a blister in the palm of his hand. "My bat has a knob on the end," Eddie explained, "and that irritated the blister. Joe's bat doesn't have a knob."

The size and the weights of the two players' bats are the same except "mine is a little heavier at the end and the weight in Joe's bat is more evenly distributed."

After Mathews' drive cleared the right field barrier, the 25-year-old Santa Barbara, Calif., bomber was mobbed at the plate by his teammates. In the dressing room he was surrounded by a host of writers and he loved every minute of it.

"This overshadows anything else I've ever done," said the man whose major league homer total of 222 is more for his age than any player in history. "Man, I just had to come through. I had about 10 relatives out there from Iowa and California and about 10 of my in-laws came down from upper Wisconsin."

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

MISSOURI GAINS AGAINST A&M—Jerry Curtright (21) Missouri University halfback, gains five yards as Jim Stanley (60) Texas A&M guard misses a diving attempt to bring him down in the fourth quarter of the game at Columbia. Allen Goehring (63) A&M lineman, finally stopped Curtright. (AP Wirephoto)

YOGI HELPS THE UMP—As Yanks' Gil McDougald slides by catcher Del Rice of the Milwaukee Braves in the third inning, Yogi Berra (8), who scored ahead of McDougald, makes the same sign as ump Bill McKinley—safe—in World Series play at Milwaukee. Gerry Coleman (42) is next batter. Berra and McDougald scored for the Yanks on Gerry Lumpe's single. (AP Wirephoto)

Tot Burned To Death In Houston Yesterday

HOUSTON, Tex. (AP) — Douglas Wayne Rudel, 2, got hold of a can of gasoline in the family home yesterday.

"He was bad about screwing the caps off things," said his father, Joney Rudel. "He must have just sat in the middle of the floor, unscrewed the cap off the gas can and poured the stuff all over him."

The pilot light of a water heater ignited the gasoline fumes and Douglas Wayne burned to death.

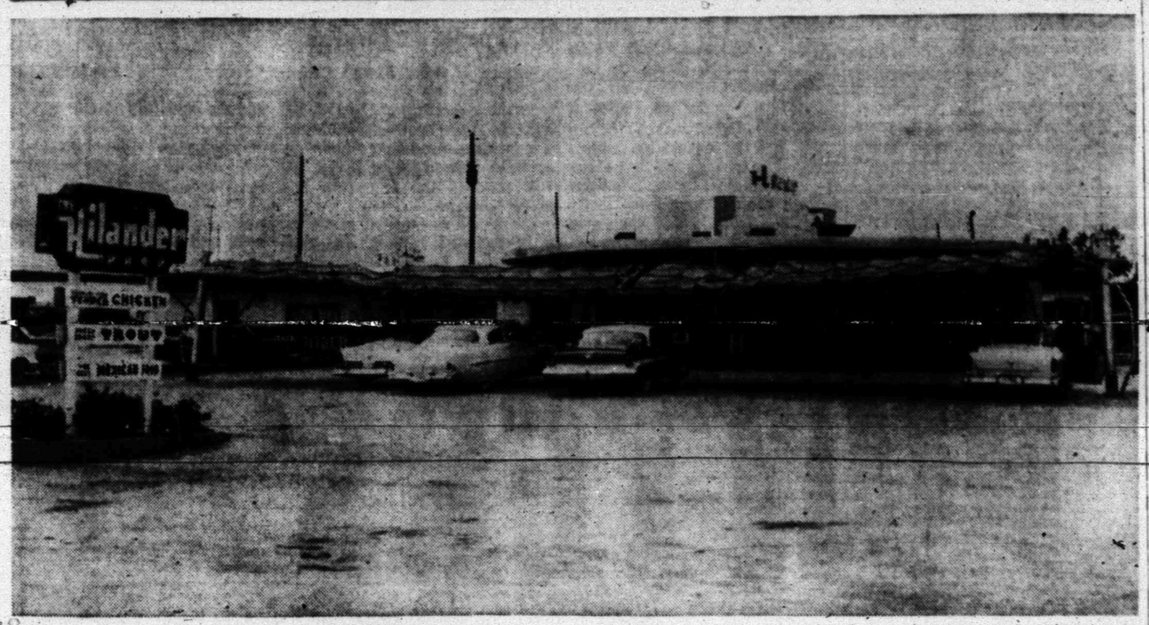
SNYDER BUSINESS NEWS



HILANDER COMPLETELY REMODELED—T. C. Goss, owner and operator of the Hilander Restaurant, above, located on the Big Spring highway in south Snyder, said that the restaurant served several hundred persons Thursday during its open house after a complete remodeling job. The kitchen, dining rooms, banquet rooms and exterior of the building were completely renovated in the remodeling process, Goss said. (Lee Watson photograph)

Hilander Is Remodeled From Kitchen To The Store Rooms

The Hilander Restaurant on the Big Spring highway has just been completely remodeled and is now serving its customers in completely renewed surroundings, T. C. Goss, owner and operator, said.

"The restaurant has been completely remodeled from the kitchen and store rooms out, with the three dining rooms and two banquet rooms having had a complete repainting and repair job, and the appearance of the entire establishment is new," Goss said.

The new operator of the firm said that employes of the firm will strive at all times to give the best possible service to the Hilander's customers.

"We have made a special effort to hire only the best and most courteous and efficient employes throughout the establishment, and our customers on the curb in their cars or persons who come into the dining and banquet rooms can all expect the very best of service," he added.

T. C. Goss has formerly been a used car dealer on the Big Spring highway here for several years, but is now devoting his full time to operation of the Hilander Restaurant.

In addition to the three inside dining rooms, the Hilander features a large banquet room which can be divided to serve two small banquet crowds.

"Company parties, civic clubs and church organizations, or social activities are invited to use the banquet rooms at any time of the day for breakfasts, coffees, lunches, teas, dinners or even banquets and parties," Goss said.

However Christmas and New Year parties should be scheduled as soon as possible to insure having the banquet rooms on the time desired.

Choppers May Be Necessary After Rodeo

HUNTSVILLE, Tex. (AP) — The annual Texas Prison Rodeo, a contest between rugged convicts and wild stock, started yesterday with the doings so rough the attorney general observed that if profits go to buy false teeth for the inmate performers, they'll be needed.

An estimated 17,000 watched bucking broncs and Brahman bulls spill convict riders in the various bruising events.

Atty. Gen. Will Wilson commented, "If the profits from rodeo ticket sales go to buy false teeth for inmates, from the looks of things here, a lot of them will need them after the rodeo."

The rodeo is held at the prison stadium every Sunday in October. Proceeds are used in a rehabilitation program.

S. S. Dublin of Lufkin left a hospital bed to attend as a birthday gift from his daughter, Mrs. Emerson Edwards, publisher of the weekly Troup Banner. Dublin said the rodeo "has been my birthday present for 20 years and I'll keep coming each year if possible."

O'Neal Browning, serving 99 years for murder from Harris County, and Cruz Davila, serving a similar term from Cotulla, appeared likely contenders for the championship.

Speedy Creador, doing nine years from Houston, won the mad scramble event. The team of Dwight Hoskins, Jim Dorsett and Herman Sigler was first in the famous wild horse race which featured 30 contestants and 10 broncs.

Farm Land Prices Up

WASHINGTON (AP)— Prices of farm lands increased 8 per cent during the 12 months ended July 1 to continue a market boom that started with World War II. Texas farm land was up 7 per cent.

The Agriculture Department said land values advanced 3 per cent between March 1 and July 1.

The July 1 average for the country as a whole was 51 per cent above the 1947-49 average.

The department said a number of factors affected the continued upturn. One was generally favorable crop prospects this year. Another was an improvement in farm product prices. A third was a continuing pressure to enlarge existing farms.

The department said in some areas, the government's soil bank land retirement program was an influence, particularly on values of below-average quality land.

Man Is Killed By Train In Corsicana

CORSICANA (AP)— I. C. Griffin, 27, of Kerens was killed early today by a Burlington train near downtown Corsicana.

The engineer, R. L. Bray, said the train was going about 20 miles an hour when he saw Griffin lying between the tracks with his head propped up on a rail. Bray said he blew his whistle and braked the train but was unable to stop.

Youth Kills Choir Singer

LOS ANGELES (AP) — An 18-year-old youth shot a girl choir singer to death and then killed himself in her home, police said today.

The bodies were found on the living room floor Saturday night, a .22 caliber rifle nearby.

Detective George Stoner said Jerry Wylie borrowed the rifle from a friend, bought some cartridges and went to the home of Doris Posey, also 18.

The girl's mother, Mrs. Eunice Posey told police:

"I just can't believe Jerry would do it. They went to school and church together. But they never dated much. He was more like a brother to her than anyone else."

Stoner said:

"We believe she had been refusing his advances so he got a gun and killed her."

Winds Increasing

GUAM (AP)—Winds of Typhoon Hester still were increasing after passing the 100-mile-an-hour mark as the storm moved northwest from Guam, the Navy's fleet weather station said today. A weather plane reported the storm moving at about 10 miles an hour 340 miles northwest of Guam.

Etlah, Mo., is really the backward spelling of the German "Halte." Early settlers found it a good "halting" place for water and rest.

Mapes Back From School

Milton Mapes, commander of the Veterans of Foreign Wars here, last week attended a four-day school for post and county service officers in Dallas.

The school was staged by the national Veterans Administration office at Washington, D. C., regional office at Denver, Colo., and by Texas service officers.

There were about 160 service officers besides administrative officers. The meeting was held at the Hotel Adolphus in Dallas.

Earl Rudder of Austin, state land commissioner, was among those attending, as were various other leaders of the Veterans of Foreign Wars and American Legion.

Mapes said the group learned of numerous changes in laws which had been made concerning veterans benefits, especially hospitalization, and more changes are being made daily.

A LARGE ASSORTMENT of toys is included in the full stock offered by Phils Auto Appliance Center, east side of the courthouse square, for early Christmas shoppers. Here, Phil Burns, owner, and Mrs. Meda Belle Smith, clerk, look over some of the toys, including some which are on special sales now. (Lee Watson photograph)

Phil's Auto Has Suggestions On Early Christmas Shopping

The early Christmas shopper is one who shops with the most ease, says Phil Burns, owner of Phil's Auto Appliance Center on the east side of the courthouse square.

And those who shop at Phil's do not have to worry about not finding plenty of good Christmas items when they shop this early. Phil's has already received large shipments of items which would be suitable for every member of the family from those just born to those as old as people get.

One thing the early Christmas shopper can do at Phil's is take advantage of the items still left from a big sale which has been underway at the store. Prices were cut sharply for the sale.

Among the better items remaining, all of which would make excellent Christmas gifts for children, are a gun and holster set with real leather belt and holster, realistic pistol with real-looking bullets. The pistol loads the bullets but shoots caps. Regularly $7.95, it sells for $5.65.

For the little girl is a Betsy Wetsy doll 13½ inches high with complete wardrobe which was $8 but is on sale for $6.59. For the girl or boy is a Remple life-like spring horse which normally retails for $24.98 but is on sale for $18.75.

Phil's Auto Appliance Center has more than 10,000 items from which Christmas shopers can choose for gifts, including many items for household, home, auto, and outdoor needs.

Burns encourages use of the store's credit and lay-away plans. The credit plan includes monthly payments. Both the credit and lay-away help shoppers to get the gifts they want for family and friends.

Phil's has such well-known items as Westinghouse refrigerators, home freezers, and electric ranges, Admiral televisions in all sizes, Easy Washers and dryers, Martha Washington gas ranges, and others. At Phil's is a full stock of all small appliances.

As suggestions for Christmas shoppers, Phil's has such items as:

For children—Pistols, cash registers, table and outdoor games, small cars and trucks, stuffed animals, many dolls, models, all kinds of athletic equipment, dishes, toy kitchen ware, tricycles, blackboards, wagons, children's furniture, baby buggies, tinkertoys, and many others.

For mother—A complete line of large and small electrical appliances, Revere Ware, table lamps, dishes, kitchen utensils, and many more. Even toasters in pastel colors are included in the stock.

For dad or junoior—A complete stock of hunting and fishing equipment, Evinrude motors and many other boating items, tool sets or individual tools, auto accessories, and others.

At Least 36 Are Killed In Violence

By The Associated Press

Weekend violence killed at least 36 in Texas with traffic claiming 22 lives.

A headon auto crash near Albany Sunday killed three persons, Mr. and Mrs. K. D. Land of Lemon Grove, Calif., and John Garland, 25, of Snyder and Breckenridge.

Mr. and Mrs. Travis Hogue of Sweeny were killed Sunday when their car skidded into a train engine near Hockley.

Commodore Anderson, 65, of Houston died Sunday of injuries received in a traffic crash near Dewalt Saturday.

Willie Louis, 30, was shot to death at Houston Sunday.

Douglas Rudel, 2, was burned to death at Houston Sunday when fumes from gasoline he had poured over himself ignited.

Clinton Ross, 57, was stabbed fatally at Dallas Sunday.

A third youth died Sunday of injuries suffered in a car which plunged off an overpass in San Antonio. He was Ernesto Garcia, 16. Killed in the crash Saturday were Herman Esquivel, 21, and Josefina Zuniga.

Authorities said Richard Lamp, 20, a Ft. Hood soldier, was beaten fatally in a robbery at a night spot between Waco and Bellmead Saturday.

Sixto Casilla, 46, of San Antonio died Sunday a few hours after he was struck by a car which officers said did not stop.

A pickup truck struck and killed Beldamero Tanguma, of Marlin Saturday night.

Ray Thames, Longview auto salesman, was killed in a collision near Terrell Saturday.

John Clark, 63, died at a Fort Worth hospital Sunday of burns suffered the day before. Police said Clark apparently rolled into a fire he had built beneath an underpass.

Ollie Williams, 39, of Houston died early Monday of stab wounds received Sunday night during what Police Officer B. D. Snow said was a domestic argument.

Bernard Katzfey, 40, of Beeville drowned Saturday in the Intercoastal Canal in South Texas while swimming after a boat that had drifted from shore.

Negro Shot, One Beaten In Beaumont

BEAUMONT (AP)—A police captain said a Negro musician was shot and another beaten last night in a fight between several Negroes and whites.

Mabry Landor Jr., 17, of Beaumont suffered shotgun wounds in the thigh, arm and stomach from a shotgun blast. His condition was not believed critical. Leroy Gillory, 44, also of Beaumont, received cuts and bruises around his head.

Patrol Capt. Clyde Russ said it was not determined who fired the shotgun. He said the fight broke up before officers arrived. No weapons were found.

Russ said an earlier incident at a tavern where Landor and a group of Negro musicians were playing in which a Negro's car and a car occupied by two white youths bumped fenders might have caused the fight.

He said the fender bumping caused a mild argument between the two white youths and the Negroes but no violence. He said the gang fight took place sometime later away from the tavern.

Russ said the two white youths who were involved in the earlier argument were arrested but denied being involved in the fight.

Campaign Is Planned Against Fire Ants

WASHINGTON (AP)—Federal and state agencies are completing plans for eradication of the destructive imported fire ant in Southern states.

The campaign will be carried on between November and April, a period declared to be the most effective.

The fire ant harms crops, livestock and humans. Officials report it has infested 20 million acres of land in Alabama, Mississippi, Louisiana, Southeast Texas, Florida and Georgia.

Infected areas will be treated with insecticides by airplane, motorized ground equipment and hand applicators. Officials say it may take three or more years to stamp out the insect.

MAN FORGOT ONE IMPORTANT POINT

WACO, Tex. (AP)—Pedro Trevino, 45, was rescued by an ambulance driver from a 40-foot-deep creek bed and taken to a hospital with back injuries.

Pedro explained that he got tired while walking home. He said he started to sit down on a bridge railing and then found himself on the creek bed.

The ambulance driver explained it a little more.

The bridge had no railing.

Firefighters Burned

WARWICK, R.I. (AP)—Four fire fighters were burned while giving a public fire-fighting demonstration to mark the start of Fire Prevention Week. They were showing how to control an oil fire when a wind gust sprayed burning oil on them.

Treaty With Korea

SEOUL (AP)—The United States and South Korea today exchanged instruments of ratification of the friendship, commerce and navigation treaty they signed last Nov. 28. The treaty goes into force one month from today.

Petroleum Leader Given Top Award

DALLAS (AP)—A Dallas leader in petroleum engineering tool development received one of the top awards of the Society of Petroleum Engineers today.

Herbert Otis Sr., head of Otis Engineering Corp., was honored for his contributions in the control of pressure in petroleum reservoirs. He will receive the John Franklin Caroll award.

William Brown of Houston will receive the association's other top award, the Ferguson Medal, for contributing the best paper by a junior member.

Dallas is hosting over 3,500 members of the group in the three day meeting.

Atomic Device Tested Today

ATOMIC TEST SITE, Nev. (AP)—The Atomic Energy Commission fired the 24th, and last, explosion of the 1957 test series at 5 a.m. PST today.

Code-named Morgan, the final shot in the Plumbbob series was detonated from a balloon tethered 500 feet above the Yucca Flat desert test area.

The fiery flash was visible for a few seconds in Las Vegas, 75 miles away. Observers on Angels Peak, 45 miles from the detonation point, said the fireball lasted 12 to 15 seconds.

The mushroom cloud rose rapidly to 20,000 feet. It was tinged with pink after the brilliant yellow of the flash faded.

The AEC said the Morgan shot energy yield was below nominal or less than the equivalent of 20,000 tons of TNT.

Fifteen aircraft flew data-carrying missions. The AEC said there were no troops participating in the experiment.

The flash was seen in Los Angeles, 290 highway miles southwest, like a momentary sunrise.

Newsmen at Angel's Peak said they didn't feel actual shock but heard a dull thump followed by a rumble lasting about seven seconds.

It was a device designed by the University of California's radiation laboratory at Livermore.

Whether today's atomic blast is the last ever for the Nevada proving grounds is a matter for determination at high levels in Washington, amid international discussions over ending nuclear tests.

The Morgan shot today was the 69th since testing began in Nevada in 1951.

The 1957 series started with a tower shot on May 28. The series of 24 included tower, balloon, rocket and underground explosions in a considerable variety of force.

The biggest, a balloon shot July 5, was believed to be in the 60 to 80 kiloton range. The underground shot set off in a tunnel dug into a mesa was small in force, probably in the one to three kiloton range, but was designed to give the earthquake experts valuable data.

Fisher County Man To Speak At Church

George McBeth, Fisher County layman, will be speaker Tuesday night at a meeting of the Colonial Hill Baptist Brotherhood, Oran Henderson, president, has announced. The meeting is set for 7:30 p.m. in the fellowship hall of the church.

There will be special music by a Brotherhood quartet, and men from other Baptist Churches in the area have been invited to attend.

Delay In Satellite Work Is Criticized

DALLAS (AP)—A Dallas electronics scientist charged yesterday attempts to obtain contracts and fame slowed U.S. efforts to launch the first earth satellite.

Austin Stanton, president of Varo Manufacturing Co., said "Evidence of this lies in the original determination that America had the capability of launching the first satellite at the beginning of the program. What happened to those capabilities? Where did the program go astray?"

The Varo concern is an electronics firm which does defense work and was one of the first to get a contract involving satellites.

"There was a lot of politicking," Stanton said.
