First Subscription Campaign For The Crane is Successful

—o—

Financial Returns Are Good; Subscribers Total 388

—o—

A subscription campaign for The Crane was held the last three days of last week, and was entered into with enthusiasm and a real school spirit. The Crane is now on a subscription basis for the first time and will hereafter receive higher ranking in all of its activities and contests.

Contests were held by the classes to see which class could get the most subscriptions. Every student worked hard trying to help his class win. The business people of the town gave their support and a total of $155.50 was brought in by the junior and senior high schools. Junior high school subscriptions amounted to $36.75, and the senior high school collected $118.75. The total number of subscriptions is 388.

The rates charged were 50 cents for subscriptions outside of the school and 25 cents for the students and teachers. All classes were 100 per cent in their support. Class sponsors and the faculty publications committee expressed themselves as very well pleased with the results of the campaign.

A list of the first subscribers to The Crane is carried below. If any names have been omitted, they will be carried in the next issue of The Crane.

Subscribers.

B. C. Weir, H. B. Kyle, V. M. Fannin, D. H. Powell, Mrs. Nellie Westbrook, Mrs. M. E. Lanning, Harold Miles, Mrs. T. R. Burton, Mrs. F. P. Varner, L. C. Hensley, Mrs. Roy Kiphart, Bill Cravy, A. J. Black, Charles M. Hughey, J. W. Stewart, Hoss Adams, Beulah Weatherford, J. V. Neeley, Bert Derden, Mrs. W. W. Allman, C. H. Fidler, Pete Carlson, Hazel Damron, J. V. Sanders, Dr. W. W. Agnew, Bob Grupe, L. G. Reynolds, Roy Rhinehart.

NOON HOUR CHANGED

—o—

The length of the noon hour was recently changed from one hour to forty-five minutes, and the afternoon classes will now begin at 12:45 o'clock. This change means that school will be dismissed fifteen minutes earlier, at 3:45 o'clock, instead of 4 o'clock.

ASSEMBLY CALENDAR

—o—

An assembly calendar has been arranged complete for the school year and the programs for the current month will always appear on the front page of The Crane.

The schedule for the last three programs for this month is as follows:

October 15 — Examination week, no assembly.

October 22—Victor program.

October 29—Girls' Glee Club.

Staff Selected For The Crane

—o—

Faculty Committee Makes the Appointments Thursday

—o—

The faculty publications committee met last Thursday afternoon in business session and appointed the members of The Crane staff for this year.

Ruby Blankenship was chosen for the position of editor-in-chief and Lois Townsend for associate editor. Other appointments included Marcelle Griffin for assistant editor; Virginia McIntyre, society editor; Rita Merle Young, assistant society editor; J. L. Heydon, feature editor; Elaine Gore, humor editor; Charline Wakefield, exchange editor; Beatrice Rawls, editor of grade school news; and Bobby Blodgett and Elwood Turrentine, sports writers.

On the business staff, Leroy Hardaway was appointed advertising manager; Woodrow Sewell, assistant advertising manager; and Gilbert Griffin, business manager.

The members of the faculty publications committee are Mrs. Roy Beal, Mrs. O. W. Carothers, Miss Dudley Ben Hambright, P. V. Patrick and J. H. Bankston.

The journalism class makes up the majority of the staff, but there are several of last year's staff still serving, but not in the class. These are Marcelle Griffin, Virginia McIntyre, Charline Wakefield and Gilbert Griffin.

J. L. Heydon, feature editor of last year, is in the journalism class and is doing the same work this year.

Peppy Meetings Held by Classes

—o—

Class meetings in high school for the last two weeks were peppy and enthusiastic over subscriptions for The Crane, and plans for different entertainments.

The seniors planned for an entertainment Sunday afternoon. The juniors made plans for a picnic and chose their motto "Juniors first in everything." The juniors pledged themselves to observe this motto throughout the entire year. Mrs. W. W. Orchard, room mother, was present at the meeting. Several yells rang out through the buildings causing everyone to be in good spirits.

Sophomores planned for the class to be 100 per cent at church Friday night and discussed the importance of all being together in everything connected with school activities.

—o—

Baptist Meeting Well Attended

—o—

The Rev. E. M. Ogden, Baptist pastor, has been holding a meeting at the new Baptist church for the past two weeks, with T. B. Satterwhite as song leader. Rev. Ogden presented some very interesting sermons to large crowds each night.

Various high school organizations have been attending in bodies. Tuesday night was senior night and Friday night was high school night. On both nights the high school was well represented. The Yellow Jackets attended in a body Friday night.

The meeting closed Sunday with Baptismal services at the Gulf camp.

—o—

Cranes Lose to Wildcats, 7 to 6

—o—

Game is Hard, Neither Side Scores During First Half

—o—

The Cranes received their first defeat of the season Saturday evening, October 11, when the Wink Wildcats nosed them out by the close score of 7-6. The game was played on the Wink field and for a long distance game Crane was well represented on the sidelines.

In the first half the teams waged up and down the field and no touchdowns were made. In the third quarter Wink threw a long pass for a touchdown. In the fourth quarter H. Garner, for Crane, starting plunging the line on the 35-yard line and went over

Cranes Defeat Iraan Eagles In 30 - 0 Score

—o—

Eagles Fight Hard; Game Fast; Every Crane Man Plays

—o—

The Cranes netted their second victory of the season Saturday afternoon, October 4, when they beat the Iraan Eagles 34 to 0 on the Iraan gridiron. Although the Cranes managed a heavy score, the Eagles fought hard and made the game a fast one from start to finish.

Scoring started in the first quarter when L. Smalley crashed through the line for a touchdown. There was no scoring in the second quarter, but in the third quarter Griffin came through for the second touchdown.

The star plays were made in the last quarter when three touchdowns, two by G. Smalley and one by Potter, with extra points moved the score from 13 to 34.

The game favored the Cranes not only in a big count, but also in experience as every man in a suit saw service.

A summary of the plays, quarter by quarter, is given in the following paragraphs.

First Quarter.

Garner for Crane kicks off to the Eagles who return to 40-yard line. Iraan fails to gain their first down and punt to Smalley, who returns to 60-yard line. Crane takes ball down the field by a series of passes and line plunges. Crane makes two first downs in quick succession. Smalley sprints around end for a gain of 18 yards. The Cranes continue to crash through line and L. Smalley takes ball over for first touchdown. Griffin makes extra point. The Cranes kick off to the Eagles 25-yard line then the ball is returned to the 50-yard line. Crane intercepts pass and runs to 19-yard line. First quarter ends with the ball on the 19-yard line.

Second Quarter.

The second quarter opened with the ball in Crane's possession on Iraan's 19-yard line. Bennet substitutes for Griffin. The ball goes over to Iraan. After two downs the Eagles attempt a punt but it is blocked by H. Garner. Crane recovers ball but after two downs the Cranes punt out of bounds on 20-yard line. J. Boyd substitutes for R. Kendrick at left tackle. Iraan punts to G. Smalley who returns 20 yards. An end run nets the Cranes 20 yards. A pass gives them 14 yards more. Crane is

(Continued on Page 6)

CRANES LOSE—

(Continued from Page 1)

for a touchdown but failed to make the extra point.

Although three of the first string men were out of the game, Crane managed to put up a good fight.

The lineup for the two teams was as follows:

Crane	Position	Wink
M. Garner	R. End	Morris
M. Boyd	R. Tackle	Pickring
Kendrick	R. Guard	Lindsay
Turrentine	Center	Rhodes
B. Sullivan	L. Guard	Didier
Chaffin	L. Tackle	Reeves
Potter	L. End	De Arson
G. Smalley	R. Half	Wight
H. Garner	L. Half	Wilson
Bogle	Quarter	Megher
Griffin	Full	Rush

Officers for Glee Club Are Elected

Carol Kidd was re-elected president of the Glee Club Tuesday, October 7. Other officers elected were secretary-treasurer, Virginia McIntyre; reporter, Nell Durham.

There have been forty applicants in Glee Club, but only 21 were accepted for the present time. These were chosen on account of their voices; all would have been eligible so far as their voices were concerned. The remaining part of the group formed a 'waiting list" and may be called at any time to fill vacancies or to increase the number in club.

New songs are being sung each day. The members of Glee Club will be heard soon in school.

The members of the club are: Charline Wakefield, Carol Kidd, Virginia McIntyre, Beatrice Rawls, Lois Young, La Stell Collum, Louise Whitely, Marcelle Griffin, Sylvia Pulley, Wilma Rawls, Nell Durham, Lois Townsend, Lorene Yancey, Caudine Trice, Vera Morris, Mildred McLaury, Fern Seals, Lois Ash, Wyona La Rue and Esleta Lowery.

BOYS READ MORE THAN GIRLS

Boys read more than the girls, according to the library teachers. It has been found that the boys choose "The American Boy" or "Boy's Life" in preference to all other magazines. Girls either take the "McCall's" magazine or the "Hygeia."

The boys' second choice either falls on the "Popular Science" or "Popular Mechanics." The manual training boys read the "Industrial Arts" magazine. The "Review of Reviews" and the "Nature's Magazine" are not read as often as the others.

BOOKKEEPING PROJECT

One of the projects in the bookkeeping class this year will be the keeping of books on the school paper, The Crane.

It Didn't Matter.

The fire bell rang. A student, leaning out of a seventeen story window to see the fire engine, fell to the pavement and the heavy machine passed over his prostrate body.

"I'm a football player," he said, as he jumped to his feet and brushed the dust from his suit.

Sez

Finding a student who gets all of his lessons every day is as big a surprise as finding a piece of pork in a can of pork and beans.

The students of C. H. S. have been studying unusually hard this week. "There's a reason," I sez. And then I saw all those six weeks exam papers. We would be a smart bunch if we had six weeks exams every week.

Rita Merle Young would make a good evangelist; she persuaded a number of senior boys to attend church during the meeting.

The members of my staff were chosen by the faculty publications committee last week, and to my delight everyone was satisfied.

I didn't even suspect Elwood Turrentine of having Jewish blood in him until Mrs. Beal caught him talking on his hands during journalism class one day last week.

Work hard during the day and you won't have to burn that expensive midnight oil. And remember "Lost time is never found again;" the juniors will tell you who said so.

If you believe that discretion is the better part of valor, spit out your chewing gum before coming into the English room.

Mrs. Carothers sometimes has a hard time getting her seniors to church and Sunday school, but you see them there pretty often just the same.

C. H. S. girls put their feet in the aisle only when they have on new shoes; the boys are not so particular about having an excuse for this performance. As a result, our backfields have been developed into good broken field runners, for after they learn to sidestep a big foot in a narrow aisle, it is a cinch to evade a tackler on the football field.

A man can carry a lot of mortgage and still not be able to lift any of them.

The only time we have bull fights in this country is during election time.

MUSIC NOTES

New music books, "Junior Songs" and new note books have arrived for the studio.

The higher classes of music have begun two and three part singing.

Freddie Patton is a new member in the eighth period music class.

Rose, red and white cosmos helped to beautify the studio this week.

Mrs. H. S. Blodgett presented the studio with a large pot of ice plant.

The music class plans to entertain at assembly soon.

SCHEDULE POSTED

A schedule of our football games for this year was posted on the bulletin board in the library last week.

RUBBER TYPE PERFECTED

Rubber Type, designed to be used for two-thirds of all commercial printing, has been perfected by engineers of the B. F. Goodrich Rubber Company and the Republic Engraving and Designing Co., of Chicago, Ill.

Rubber engravings substituted for metal plates may be produced at approximately half the cost, the inventors contend.

Experiments with rubber type were started 40 years ago when crude rubber letters were cut from plumber's packing for use in printing on cloth.

The new type is said to give a softer color, better distribution of ink, and its use eliminates the necessity of photographic and chemical processing equipment for engraving.

Revised Sayings.

Beyond the Alps lies—Mussolini.

Clothes break the man.

Absence makes the grass grow longer.

He who steals my purse will eat hash.

Give some drivers an inch and they will take a fender. — Pathfinder.

Univ. of Texas Library Is Near 500,000

Austin, Texas, Oct. 15.—. During the fiscal year ending August 31, 1930, the University of Texas library received 14,508 items, according to Mrs. Charles Stephenson, supervisor of accessions and bookkeeper. Of this number, 5,437 items were purchased, 3,167 were gifts, exchanges and United States publications, and 4,985 were received from the University bindery. A total of 919 pamphlets were received but not accessioned. This year's acquisitions bring the total number of items in the University library to a figure well on the way to a half million. The number of volumes and pamphlets in the library have been estimated at approximately 425,000.

Fine Point.

About the only time a man has time to read all the fine print on his insurance policy is while laid up in the hospital.—Pathfinder.

It's lucky for some fellows that lipstick is not fattening. — Pathfinder.

Mrs. Orchard Is P.-T.A. President

—o—

Races Are Close, Several Nominations Are Declined

—o—

Mrs. W. W. Orchard was elected president of the Parent-Teachers' Association at a meeting which was held Tuesday afternoon, October 7.

Mrs. F. L. Boyd, Mrs. A. N. Dahl, Mrs. W. S. Blodgett, and Mrs. W. W. Orchard were nominated. Two ballots had to be cast before the nominations were complete. On the first ballot, Mrs. Blodgett received a majority and Mrs. Boyd and Mrs. Dahl received the same number of votes. Mrs. Blodgett and Mrs. Dahl declined nominations. In the second ballot Mrs. Orchard and Mrs. Boyd received the same number of votes, and acting upon a motion made by Mrs. Boyd, Mrs. Orchard was acclaimed president.

Interesting health talks were given by Dr. W. B. Lanning, county health officer, and Mrs. Blodgett. Mrs. Blodgett used as her subject, "Child Health in Relation to the Home." Dr. Lanning spoke upon "Child Health from the standpoint of the health officer."

The P.- T. A. has planned to buy bulbs for each room in school. They also plan to have P.- T. A. section study meetings. Dates and places were assigned. The first meeting will be with the primary section, Tuesday, October 14, and with the intermediate and high school sections on Tuesdays 21 and 28 respectively.

The organization will soon complete plans for sending a delegation to the district meeting which will be held at San Angelo.

—o—

HARD TIMES SAVINGS

—o—

Savings deposits are about the poorest barometer of prosperity, according to a statement by the Federal Reserve Board, which shows that savings accounts in member banks are greater now than in the early part of the boom year 1929.

Several reasons are given for this situation. One is that people are more disposed to pinch and save in dull times, another is that much money which might be used for purchases of securities in normal times is now placed on time deposit. When people are reluctant to make new improvement or use the savings account as a means of obtaining at least a small return on their cash capital.

Therefore, little can be judged concerning general conditions by the amount of savings deposits at any given time.

—o—

Home Eco. Class Conducts Nursery

—o—

At last the problem of taking care of the children of pre-school age has been solved. The girls of the home economics class have established a nursery for this purpose during the P.-T. A. meeting each Tuesday.

The nursery will be a class project. Four girls will take charge each Tuesday.

Each girl in the class will make a toy of some manner with which to amuse the small visitors. The entire class will study games and stories suitable for the children.

The nursery will be under the supervision of Miss Dudley Ben Hambright.

Texas University Income High From Oil Lands Annually

—o—

Austin, Texas, Oct. 15.—For the credit of its available or building fund, the University of Texas received during the fiscal year ending August 31, 1930, a total of $882,573.87. This sum is exclusive of the income from oil royalties, all of which went to the credit of the permanent fund. Only the income from the investments of the permanent fund can be spent, and this amounted to $503,678.11 for the fiscal year. The total permanent fund now invested in United States bonds is $16,262,650. An additional sum of $625,600 in Texas State bonds belongs to the credit of the permanent fund. This latter sum was obtained from the sale of University lands many years ago.

Other receipts during the last fiscal year which went to the credit of the available fund were as follows: $321,362.31 from grazing leases, pipe line right-of-way, town lot leases, etc.; $37,972.73 from rentals of residences and other buildings upon the addition to the campus of the University in Austin; $4,866.65 from rentals of camp sites on the Brackenridge lands, situated adjacent to Austin, and $14,694.04 from miscellaneous sources.

—o—

Material results are but the tardy signs of invisable activities. —Amiel.

—o—

One generation's solution is the next generation's problem.

Movement of Fruits for Period Large

—o—

Austin, Texas, Oct. 15.—. Total movement of fruits and vegetables from Texas farms from January 1 to October 1 was the largest on record for the first nine months of the year, the 1930 figure of 47,093 cars being nearly 8 per cent greater than the total of 43,609 cars for the corresponding period of last year, according to the Bureau of Business Research at the University of Texas. Shipments during September, usually the low point of the season, were 56 cars, the smallest monthly figure in four years. This reduction follows unusually large shipments in August and precedes the planting of a fall and winter vegetable acreage which will be substantially greater than in 1929.

ASSEMBLY CALENDAR

—o—

An assembly calendar has been arranged complete for the school year and the programs for the current month will always appear on the front page of The Crane.

The schedule for the last three programs for this month is as follows:

October 15 — Examination week, no assembly.

October 22—Victor program.

October 29—Girls' Glee Club.

Staff Selected For The Crane

—o—

Faculty Committee Makes the Appointments Thursday

—o—

The faculty publications committee met last Thursday afternoon in business session and appointed the members of The Crane staff for this year.

Ruby Blankenship was chosen for the position of editor-in-chief and Lois Townsend for associate editor. Other appointments included Marcelle Griffin for assistant editor; Virginia McIntyre, society editor; Rita Merle Young, assistant society editor; J. L. Heydon, feature editor; Elaine Gore, humor editor; Charline Wakefield, exchange editor; Beatrice Rawls, editor of grade school news; and Bobby Blodgett and Elwood Turrentine, sports writers.

On the business staff, Leroy Hardaway was appointed advertising manager; Woodrow Sewell, assistant advertising manager; and Gilbert Griffin, business manager.

The members of the faculty publications committee are Mrs. Roy Beal, Mrs. O. W. Carothers, Miss Dudley Ben Hambright, P. V. Patrick and J. H. Bankston.

The journalism class makes up the majority of the staff, but there are several of last year's staff still serving, but not in the class. These are Marcelle Griffin, Virginia McIntyre, Charline Wakefield and Gilbert Griffin.

J. L. Heydon, feature editor of last year, is in the journalism class and is doing the same work this year.

Peppy Meetings Held by Classes

—o—

Class meetings in high school for the last two weeks were peppy and enthusiastic over subscriptions for The Crane, and plans for different entertainments.

The seniors planned for an entertainment Sunday afternoon. The juniors made plans for a picnic and chose their motto "Juniors first in everything." The juniors pledged themselves to observe this motto throughout the entire year. Mrs. W. W. Orchard, room mother, was present at the meeting. Several yells rang out through the buildings causing everyone to be in good spirits.

Sophomores planned for the class to be 100 per cent at church Friday night and discussed the importance of all being together in everything connected with school activities.

—o—

Baptist Meeting Well Attended

—o—

The Rev. E. M. Ogden, Baptist pastor, has been holding a meeting at the new Baptist church for the past two weeks, with T. B. Satterwhite as song leader. Rev. Ogden presented some very interesting sermons to large crowds each night.

Various high school organizations have been attending in bodies. Tuesday night was senior night and Friday night was high school night. On both nights the high school was well represented. The Yellow Jackets attended in a body Friday night.

The meeting closed Sunday with Baptismal services at the Gulf camp.

—o—

Cranes Lose to Wildcats, 7 to 6

—o—

Game is Hard, Neither Side Scores During First Half

—o—

The Cranes received their first defeat of the season Saturday evening, October 11, when the Wink Wildcats nosed them out by the close score of 7-6. The game was played on the Wink field and for a long distance game Crane was well represented on the sidelines.

In the first half the teams waged up and down the field and no touchdowns were made. In the third quarter Wink threw a long pass for a touchdown. In the fourth quarter H. Garner, for Crane, starting plunging the line on the 35-yard line and went over

Cranes Defeat Iraan Eagles In 30 - 0 Score

—o—

Eagles Fight Hard; Game Fast; Every Crane Man Plays

—o—

The Cranes netted their second victory of the season Saturday afternoon, October 4, when they beat the Iraan Eagles 34 to 0 on the Iraan gridiron. Although the Cranes managed a heavy score, the Eagles fought hard and made the game a fast one from start to finish.

Scoring started in the first quarter when L. Smalley crashed through the line for a touchdown. There was no scoring in the second quarter, but in the third quarter Griffin came through for the second touchdown.

The star plays were made in the last quarter when three touchdowns, two by G. Smalley and one by Potter, with extra points moved the score from 13 to 34.

The game favored the Cranes not only in a big count, but also in experience as every man in a suit saw service.

A summary of the plays, quarter by quarter, is given in the following paragraphs.

First Quarter.

Garner for Crane kicks off to the Eagles who return to 40-yard line. Iraan fails to gain their first down and punt to Smalley, who returns to 60-yard line. Crane takes ball down the field by a series of passes and line plunges. Crane makes two first downs in quick succession. Smalley sprints around end for a gain of 18 yards. The Cranes continue to crash through line and L. Smalley takes ball over for first touchdown. Griffin makes extra point. The Cranes kick off to the Eagles 25-yard line then the ball is returned to the 50-yard line. Crane intercepts pass and runs to 19-yard line. First quarter ends with the ball on the 19-yard line.

Second Quarter.

The second quarter opened with the ball in Crane's possession on Iraan's 19-yard line. Bennet substitutes for Griffin. The ball goes over to Iraan. After two downs the Eagles attempt a punt but it is blocked by H. Garner. Crane recovers ball but after two downs the Cranes punt out of bounds on 20-yard line. J. Boyd substitutes for R. Kendrick at left tackle. Iraan punts to G. Smalley who returns 20 yards. An end run nets the Cranes 20 yards. A pass gives them 14 yards more. Crane is

(Continued on Page 6)

CRANES LOSE—

(Continued from Page 1)

for a touchdown but failed to make the extra point.

Although three of the first string men were out of the game, Crane managed to put up a good fight.

The lineup for the two teams was as follows:

Crane	Position	Wink
M. Garner	R. End	Morris
M. Boyd	R. Tackle	Pickring
Kendrick	R. Guard	Lindsay
Turrentine	Center	Rhodes
B. Sullivan	L. Guard	Didier
Chaffin	L. Tackle	Reeves
Potter	L. End	De Arson
G. Smalley	R. Half	Wight
H. Garner	L. Half	Wilson
Bogle	Quarter	Megher
Griffin	Full	Rush

Officers for Glee Club Are Elected

Carol Kidd was re-elected president of the Glee Club Tuesday, October 7. Other officers elected were secretary-treasurer, Virginia McIntyre; reporter, Nell Durham.

There have been forty applicants in Glee Club, but only 21 were accepted for the present time. These were chosen on account of their voices; all would have been eligible so far as their voices were concerned. The remaining part of the group formed a 'waiting list" and may be called at any time to fill vacancies or to increase the number in club.

New songs are being sung each day. The members of Glee Club will be heard soon in school.

The members of the club are: Charline Wakefield, Carol Kidd, Virginia McIntyre, Beatrice Rawls, Lois Young, La Stell Collum, Louise Whitely, Marcelle Griffin, Sylvia Pulley, Wilma Rawls, Nell Durham, Lois Townsend, Lorene Yancey, Caudine Trice, Vera Morris, Mildred McLaury, Fern Seals, Lois Ash, Wyona La Rue and Esleta Lowery.

BOYS READ MORE THAN GIRLS

Boys read more than the girls, according to the library teachers. It has been found that the boys choose "The American Boy" or "Boy's Life" in preference to all other magazines. Girls either take the "McCall's" magazine or the "Hygeia."

The boys' second choice either falls on the "Popular Science" or "Popular Mechanics." The manual training boys read the "Industrial Arts" magazine. The "Review of Reviews" and the "Nature's Magazine" are not read as often as the others.

BOOKKEEPING PROJECT

One of the projects in the bookkeeping class this year will be the keeping of books on the school paper, The Crane.

It Didn't Matter.

The fire bell rang. A student, leaning out of a seventeen story window to see the fire engine, fell to the pavement and the heavy machine passed over his prostrate body.

"I'm a football player," he said, as he jumped to his feet and brushed the dust from his suit.

Sez

Finding a student who gets all of his lessons every day is as big a surprise as finding a piece of pork in a can of pork and beans.

The students of C. H. S. have been studying unusually hard this week. "There's a reason," I sez. And then I saw all those six weeks exam papers. We would be a smart bunch if we had six weeks exams every week.

Rita Merle Young would make a good evangelist; she persuaded a number of senior boys to attend church during the meeting.

The members of my staff were chosen by the faculty publications committee last week, and to my delight everyone was satisfied.

I didn't even suspect Elwood Turrentine of having Jewish blood in him until Mrs. Beal caught him talking on his hands during journalism class one day last week.

Work hard during the day and you won't have to burn that expensive midnight oil. And remember "Lost time is never found again;" the juniors will tell you who said so.

If you believe that discretion is the better part of valor, spit out your chewing gum before coming into the English room.

Mrs. Carothers sometimes has a hard time getting her seniors to church and Sunday school, but you see them there pretty often just the same.

C. H. S. girls put their feet in the aisle only when they have on new shoes; the boys are not so particular about having an excuse for this performance. As a result, our backfields have been developed into good broken field runners, for after they learn to sidestep a big foot in a narrow aisle, it is a cinch to evade a tackler on the football field.

A man can carry a lot of mortgage and still not be able to mt any of them.

The only time we have bull fights in this country is during election time.

MUSIC NOTES

New music books, "Junior Songs" and new note books have arrived for the studio.

The higher classes of music have begun two and three part singing.

Freddie Patton is a new member in the eighth period music class.

Rose, red and white cosmos helped to beautify the studio this week.

Mrs. H. S. Blodgett presented the studio with a large pot of ice plant.

The music class plans to entertain at assembly soon.

SCHEDULE POSTED

A schedule of our football games for this year was posted on the bulletin board in the library last week.

RUBBER TYPE PERFECTED

Rubber Type, designed to be used for two-thirds of all commercial printing, has been perfected by engineers of the B. F. Goodrich Rubber Company and the Republic Engraving and Designing Co., of Chicago, Ill.

Rubber engravings substituted for metal plates may be produced at approximately half the cost, the inventors contend.

Experiments with rubber type were started 40 years ago when crude rubber letters were cut from plumber's packing for use in printing on cloth.

The new type is said to give a softer color, better distribution of ink, and its use eliminates the necessity of photographic and chemical processing equipment for engraving.

Revised Sayings.

Beyond the Alps lies Mussolini.

Clothes break the man.

Absence makes the grass grow longer.

He who steals my purse will eat hash.

Give some drivers an inch and they will take a fender. — Pathfinder.

Univ. of Texas Library Is Near 500,000

Austin, Texas, Oct. 15.—. During the fiscal year ending August 31, 1930, the University of Texas library received 14,508 items, according to Mrs. Charles Stephenson, supervisor of accessions and bookkeeper. Of this number, 5,437 items were purchased, 3,167 were gifts, exchanges and United States publications, and 4,985 were received from the University bindery. A total of 919 pamphlets were received but not accessioned. This year's acquisitions bring the total number of items in the University library to a figure well on the way to a half million. The number of volumes and pamphlets in the library have been estimated at approximately 425,000.

Fine Point.

About the only time a man has time to read all the fine print on his insurance policy is while laid up in the hospital.—Pathfinder.

It's lucky for some fellows that lipstick is not fattening. — Pathfinder.

Rush Week Is Big Event For Yellow Jackets

—o—

Initiation, Luncheon, and Slumber Party on Program

—o—

Rush week for the Yellow Jacket Club meant a big rush for new members and a big time for the old members.

The program included initiation, a tin pail luncheon, and a slumber party given by Misses Alma Sewell, Mable Smith, Dudley Ben Hambright, the sponsor, and Mrs. Roy Beal.

Initiation night, Wednesday, October 8, old members of the club met at the school house to receive the candidates for initiation. The candidates were blind-folded and were made to take an airplane ride in the form of jumping over boxes and climbing a ladder. One of the most disagreeable tasks was taking castor oil. The initiation was dismissed early so some of the members who wished to attend church could do so.

Thursday, October 9, at noon, the girls met in the laboratory of the home economics department for lunch. The new members were required to bring their lunch to school in tin buckets. Each girl brought her own lunch. The new members were made to wait on the old members by giving them water or giving them anything they wanted from their lunch. Everyone enjoyed the birthday cake which Miss Hambright brought for them and which symbolized that the club was one year old. Virginia McIntyre received the ring, Beatrice Rawls the penny, Ruby Blankenship the knife, and Mildred McLowery the soldier.

Friday night, the members of the club went to church in a group after which they attended the educational picture show, "Byrd's Exposition to the South Pole." After the show, the girls spent the night at the home of their sponsor, Miss Hambright. They made candy, and later serenaded the teachers of high school. After much laughing and playing pranks, the girls tried to sleep.

The next morning they were served a waffle breakfast, after which they returned home, feeling as if they had been through another initiation.

Those present were Marcelle Griffin, Vera Morris, Mildred McLowery, Esaleta Lowery, Virginia McIntyre, Carol Kidd, Myrtle James and Miss Hambright. The new members who were there are Ruby Blankenship, Charline Wakefield, Nell Durham, Beatrice Rawls and Claudine Trice.

—o—

H. Garner Elected Glee Club President

—o—

The Boys' Glee club met Friday morning, to elect officers, and Harold Garner was the choice for president. Other officers elected were, vice president, Gilbert Griffin; secretary - treasurer, Ray Kendrick; and press reporter, Delma Herron.

The Boys' Glee club is striving hard to obtain a quartet which will be under the supervision of Mrs. V. O. Marshall. Mrs. Marshall guarantees some fine entertainment from the quartet she has in mind.

The club is composed of Casey Dunn, Elwood Turrentine, Wesley Thomason, Lawrence Smalley, Ray Kendrick, Gordon Smalley, Bobby Blodgett, Harold Garner, Freddie Patton, Milton Boyd, Leroy Hardaway, John Perry, Jack Boyd, Bogle, Delma Herron, Morris Garner, and Gilbert Griffin.

There are a number of boys on the waiting list for the glee club. They will be selected from time to time according to their voices.

—o—

Demonstration Given for Class

—o—

A cooking demonstration was given the home economics class on Tuesday morning, October 7, by Mr. Wright, representative of the Miller Maid Aluminum ware. Mr. Wright gave an instructional talk, illustrated with several charts. He explained that food is the basis of life and without food properly prepared, one can not escape medical attention.

He stated that the six steps to health, and happiness are: properly prepared food, fresh air, sunshine, proper amount of sleep and good water. In closing, Mr. Wright said Crane was to be highly complimented on Crane school.

A complete meal was prepared and served by Mr. Wright and his assistant.

—o—

The man who waits always fails.

Teachers Give Health Exams

—o—

Doctors in Crane County Help With Physical Examinations

—o—

A great step has been taken in the progress of Crane school during the past two weeks. A very thorough health examination has been given every boy and girl in school.

The purpose of the examinations is to help determine the type of activities which are needed most by the individual, to discover any physical defects which might bar the pupil from any streuous activity, and to discover any communicable disease and stop it in the beginning.

The weighing, measuring, posture and examination of eyes, ears, and body were done by Miss Doris Durham and Thad Murley. The examination of lungs, heart, skin, and throat were made by Dr. Agnew and Dr. W. B. Lanning. The teeth were examined by Dr. V. O. Marshall.

Height and Weight will be recorded on the report cards and special slips will be sent out to the parents stating the physical defects of the children.

—o—

ICE PLANTS FOR ROOMS

—o—

Practically every room in the building now has an ice plant through the generosity of Mr. Davis and Mrs. Blodget of the Gulf Production Camp. Mr. Davis is the care-taker for the guest-house at the camp and he suggested bringing the ice plants to different rooms in the building to decorate the rooms and to be cared for during the winter.

The ice plant is a hot house plant and must receive good care during cold weather.

Mrs. Blodgett aided Mr. Davis in distributing the plants at school.

—o—

EXPRESSION OFFERED

—o—

Miss A. F. Bailey of Lamesa organized an expression department in Crane school last week and now has a class of sixteen pupils, and she reports prospects of a much larger class. She has practical experience in this work, is a graduate of McMurry College, and comes to Crane highly recommended.

Pupils and patrons who are interested in her work and want information regarding arrangements for lessons may locate her at school through the main office.

To other subscribers—
50 cents for the school year.

TEXAS HIGH SCHOOL PRESS ASSOCIATION — Founded 1923 — Taylor College

WHAT DO THE SOPHS SAY?

Evidently the sophs are up to something. What is the meaning of these signs posted at various important positions in the building and the patio?

The sign last week was, "The Sophs Say Keep the Paper Off the Floor." We have asked all members of the class and the sponsor to give us an answer, but all we get is a mysterious sort of a smile that says, "Wait and see."

No amount of questioning will reveal any more; therefore, we will likely wait and see. Of course, it is very fine to keep the paper off the floor, but for what particular reason are the sophs saying so?

TO OUR SUBSCRIBERS

To the several hundred subscribers to The Crane, including students and those outside the school, we express sincere appreciation for the generous support given during the subscription campaign last week.

By placing The Crane on a subscription basis, we give it a higher ranking in the Texas High School Press Association and in any other organization with which it might become affiliated in the future.

We feel sure that we will be able to give "value received." If you were interested enough in the school to give a subscription, you are interested in everything that the school is doing, and it shall be our aim to make it possible for you to keep up with all the school activities through the reading of The Crane every two weeks.

ON BEING INITIATED

What is the meaning of initiation?

One girl of the Yellow Jacket organization says that it means one must carry her lunch to school in a tin bucket, wear one bright colored stocking and one dark one, sell Sears & Roebuck catalogues, and tell Mr. Patrick "the bell has rang."

Another girl in the same organization says that it means that a person must obey orders and be a good sport about everything. And being a good sport means that one must be thoughtful of others, willing to co-operate, have the proper attitude about school work and a love for one's classmates.

These and many more things were learned about initiation during the three "rush days" of the Yellow Jacket club last week.

WELCOME TO ASSEMBLY!

We want more visitors at our assembly programs held twice a week. The high school and junior high school present a program every Wednesday morning at 9:45 o'clock, and the grade school have their weekly entertainment Tuesday morning at the same time. This division has been made in order to accommodate all visitors, and we are disappointed that all of the "vacant chairs" have not been filled.

The programs are planned ahead of time and with the purpose of entertaining and informing the patrons as well as the student body.

We want you to know what we are doing and can do but we can not exhibit unless you visit us. Won't you come to see us sometime?

Exchanges

The Tumbleweed, Pecos school paper, is very newsy and interesting. One item of particular interest reports an enrollment of thirty in the P. H. S. band.

The Tattler, El Paso, states that the members of the high school pep squad have received their new uniforms. C. H. S. is looking forward to a similar thrill on October 25, when the pep squad will appear for the first time this year in uniform.

The Pantherette from Central High School, Fort Worth, carries a line of good news in the first issue, which contained a special message for the freshmen. The Pantherette is a large paper for a high school and there is quality as well as quantity in the material used.

We read with interest in the Cotton Boll of the large enrolment in the girl's glee club of the Taylor High School. Music is an essential part of high school life. Crane is fortunate in having a strong music department in which pupils and teachers take great pride. So many of the C. H. S. girls wanted to do glee club work that the enrollment had to be restricted. The Parrot, school paper from Carterville, Ill., carries a story on the music to be offered in the high school there; the school is handicapped by not having a regular instructor for music, but orchestra and band work will be offered and a man of ability has been secured to direct. There were about twenty pupils present at the first meeting. Such an enthusiasm for music is very commendable.

The Hi Record, Marysville, Kansas, carries a story on a recent subscription campaign for the school paper, in which the sophomores came out winners. The first subscription campaign for The Crane was held last week. All of our classes worked hard and made our subscription list much larger than we expected it to be. We are very proud to have a subscription rate and to be in the same class with the Hi-Record and other school papers with subscription lists.

Evlyn Yelinek was recently elected editor-in-chief of The Echo, school paper of Canton, South Dakota. She is a junior and has been on the staff three years. We feel sure that with such a capable editor, The Echo will be among our best exchanges this year.

The Mavrick, Stanton, states that the S. H. S. senior class has an enrollment of twenty-three. Incidentally, this enrolment coincides exactly with Crane senior class. Last year there were three in the senior class at Crane, and this year there is an increase of twenty.

We enjoyed reading the Baylor monthly from Baylor University at Waco. We will be glad to receive this publication throughout the year, and we would like to have newspapers and magazines from other colleges and universities.

Patio Prattle

Poor Mr. Neely! He watered the grass in the patio Friday morning, and it began to rain as soon as he had completed his job.

We wonder where Paul Blackburn gets that strange power over women. Maybe he is a masculine Clara Bow. Who knows?

The typewriting students are getting so good that they can hit the wastebasket every time with a paper ball rebound shot from the wall.

What is the matter with Gordon Smalley? We saw him running around in the patio catching flies Friday morning.

It was prattled about during Yellow Jacket initiation day that Beatrice Rawls certainly did make an effeminate looking boy.

We have yet to hear in the many patio arguments one physical education team admit that another defeated it in a fair and square game.

The growth on Gordon Smalley's upper lip has attained a length of about a quarter of an inch. Whatta man! Whatta man!

Most of the football boys have recovered their last year's sweaters, but with the advent of cold weather, the girls are going on another rampage. Watch out, boys!

Ray Kendrick was doing some work on a manual training project and had just made a disastrous error when Milton Boyd walked by and observed, "Ray, I'll declare you're the dumbest white boy I've ever seen."

"Yeah, and I guess you think you're intelligent like a human," was Ray's retort.

The question for discussion is: Which of these brilliant observations carried the most meaning?

We wonder if the girls who were wearing sailor trousers Friday will wear the pants of the family when they are married.

Curiosity killed a cat, but it doesn't injure some people. Sidney Goldstein still lives. Sidney has an advantage over the cat. The cat couldn't ask questions. Sidney can, and does.

If you know of something that is being prattled about and you think the feature editor would risk telling it, please turn in your idea to him, for he has a hard time trying to keep up with all the gossip in the patio.

Crane Uses Cut Service for Ads

The Crane is carrying in this issue for the first time, a special cut service for the advertisers, which makes it possible for the advertising to be illustrated. This service will be continued throughout the year and will be used in such a manner that the ads will appear more attractive to advertisers and readers.

The subscription rate and the cut service, both inaugurated this week, place The Crane in higher standing as a newspaper and are accomplishments which the staff hopes will be appreciated by the 600 readers which it serves.

A Good Thing.

"How are you getting along at college?"

"Oh, pretty well, thanks. I'm trying awfully hard to get ahead."

"That's good. You need one."

If you want to know the value of money, try borrowing some.

CRANE PROFS EXPOSE FAKE SCIENTIFIC DISCOVERY

"Hurry!" a messenger from the Cameron Lumber company gasped as he came breathlessly upon a group of teachers. We've captured a whole flock of red bats and we want you to see them before they get loose. They are nearly a foot long and I'll bet they weigh at least five pounds!"

"Red bats! And that big! That is a capture. We'll have to have one of those for the science department," exclaimed one of the lady teachers in delight. "We'll be right over."

So, with the spirit of adventure running high, the teachers hurried over to the lumber yard and climbed up a dusty ladder into the still dustier loft. First, they were shown the tracks of the rare bird and then the real bats — big, square, red, bricks, stacked neatly, pile on pile.

Thus it was they discovered the fake, and learned that red bats are only seen by suckers.

SOCIETY

—o—

TEACHERS HONOREES AT BRIDGE PARTY

—o—

A delightful entertainment in the form of a bridge party was given in the honor of the teachers of Crane School at the home of Mrs. T. J. Jarvis in the Gulf Production Camp. The hostesses were Mrs. H. C. Harris, Mrs. T. L. Jarvis and Mrs. J. M. Kilborn. Bridge was played at six tables.

Those present were: Mrs. P. V. Patrick, Mrs. J. H. Bankston, Mrs. Roy Beal, Miss Bernice Snell, Miss Dudley Ben Hambright, Miss Mabel Smith, Miss Eula Smith, Mrs. Jack Porter, Miss Peggy Marren, Miss Emma McDonald, Miss Alma Sewell, Miss Hattie Marie Harris, Miss Vema Sammons, Mrs. Bob Miller, Mrs. J. O. Head, Mrs. V. O. Marshall, Mrs. O. W. Carothers, Mrs. C. J. Fisher, Mrs. A. C. Dickson, Mrs. W. W. Agnew and Mrs. D. M. Hankins..

The Hallowe'en motif was carried out in decorations and yellow cosmos emphasized the color scheme.

Refreshments were pumpkin pie with whipped cream and hot coffee.

High score prize was won by Mrs. Dickson and low score prize was won by Mrs. Patrick.

—o—

FACULTY HAVE PICNIC AT TWIN WINDMILLS

—o—

Members of the faculty enjoyed a picnic at the twin windmills Tuesday evening, September 30.

The picnic menu, furnished by the faculty club, consisted of fried chicken, bread, pickles, potato chips, fruit salad, slaw, candy and iced tea.

Misses Dudley Hambright, Bernice Snell and Alma Sewell were hostesses. The guests were Mr. and Mrs. Jack Porter, Mrs. J. H. Bankston, Mrs. Thad Murley, Mrs. Anderson, J. O. Head and Bob Miller. The members of the faculty present were: Mrs. Roy Beal, Mrs. O. W. Carothers, Mrs. J. O. Head, Mrs. P. V. Patrick, Misses Alma Sewell, Mabel Smith, Barbara Anderson, Emma McDonald, Hattie Marie Harris, Doris Durham, Dorthy Riley, Mary Beth Warren and Dudley Ben Hambright; J. H. Bankston, P. V. Patrick, W. T. Murley and O. W. Carothers.

—o—

JUNIORS PICNIC AT COWDEN RANCH

—o—

The juniors started the class social season for this year with a "bang" by having a pisnic at the old Cowden Ranch last Thursday night, October 2. Though they had to chase a few seniors away and lacked lights, they did not lack having fun by the "wholesale."

Not all the juniors could be present, but those there had a good time playing flying dutchman, the crows and the cranes, clap in and clap out, and club snatch.

The menu was candy, cakes, sandwiches, potato chips and friut.

Those present were Caudine Trice, Beatrice Rawls, Lois Townsend, Elwood Turrentine, Myrtle James, Woodrow Sewell, Neil Durham, Leroy Hardaway, Marie DeCelle, Sidney Goldstein, Very Morris, Esaleta Lowery, Marie King and Miss Doris Durham, class sponsor, Mrs. W. W. Orchard, room mother and Miss Dorothy Riley, a visitor.

—o—

HOME ECONOMICS CLUB ENTERTAINS FRIENDS

—o—

The Home Economics Club girls gave a buffet luncheon at noon Tuesday, September 30, to their friends. The menu consisted of meat loaf with creole sauce, buttered carrots, potato salad, iced tea, hot biscuits, apricot mousse, coconut cookies and candy.

Those present were: Guests, J. H. Bankston, P. V. Patrick and Misses Charline Wakefield, Esaleta Lowery, Elaine Gore, Vada Mae Whit, Marcelle Griffin, Marie DeCelle, Caudine Trice, Wilma Rawls, Magie Belle Fulmer, Lois Young, La Stell Collum, and Esther Simon; members of the class, Sylvia Pulley, Lorene Whitney, Mary Lou Henry, Johnnie June McCroy, Jewell Bullock, Bennie Butler, Fern Seals, Lorene Yancy, Geneva Prather, Winnie Jo Ferguson, Willie Nell Chaffin, Clemmie Lafferty, Yvonne Still, Wyona La Rue and Miss Dudley Ben Hambright, club sponsor.

—o—

SOPH CLASS HAS PICNIC AT SHADY GROVE

—o—

The sophomores started their social activities Tuesday evening, October 7, with an outing at the shady grove north of town. Peppy games were played for entertainment. Refreshments were served picnic style and consisted of weenies, pickles, onions, beans, potato chips, buns, iced tea, cake, marshmellows, and chewing gum.

The sophomores were accompanied by their room-mother, Mrs. Fount Armstrong; the class sponsor, Miss Hambright and Miss Jessie Lou Armstrong.

—o—

FOOTBALL BOYS ARE ENTERTAINED

—o—

Following the day of the first football game with Rankin, a party was given by Billie Potter on Monday, September 21 as a compliment to the football boys.

The amusement for the evening consisted of miniature golf, bridge, dominoes and dancing.

Refreshments of sandwiches and punch were served to Wyona La Rue, Marie DeCelle, Mildred McLaury, Lorene Yancy, Morris Garner, Wesley Thompson, Elbert Bennet, Woodrow Sewell, Jack Boyd, Harold Garner, Jack Bogle, Paul Blackburn and John Perry.

—o—

WATERMELON PARTY FOR SENIORS

—o—

Members of the senior class were guests at a watermelon party at Dyer's ranch Sunday afternoon. The party was given by Mrs. S. A. McIntyre, room mother, and Mrs. O. W. Carothers, sponsor. The watermelons were furnished by the room mother and the sandwiches by the sponsor.

The class met at the schoolhouse at 3 o'clock and from there went to the ranch house. Those present were Mildred McLowery, Charline Wakefield, Carol Kyle, Elaine Gore, Ruby Blankenship, Virginia McIntyre, Bobby Blodgett, Delma Herron, Johnny Mason, Morris Garner, Paul Blackburn, Billie Potter, Jack Bogle, Halsey Butler, Harold Garner and Gilbert Griffin.

MRS. J. O. HEAD ENTERTAINS WITH BRIDGE

—o—

Mrs. J. O. Head entertained with a bridge party on Friday night, Sept. 26. Two tables were arranged and five games of bridge were played. After bridge, refreshment of iced tea, olives, potato chips, and sandwiches were served to Misses Emma McDonald, Hattie Marie Harris, Barbara Anderson, and Coy Loe and Dan Courvell.

—o—

TEACHERS ENTERTAINED BY MRS. JACK PORTER

—o—

Complimenting the Crane teachers, Mrs. Jack Porter was hostess at a bridge party held at her home Saturday afternoon. After five games of bridge, refreshments were served to Misses Bernice Snell, Alma Sewell, Dudley Ben Hambright, Emma McDonald, Mary Beth Warren, Mable Smith, Dorothy Riley and hostess.

—o—

MRS. A. N. DAHL TO ENTERTAIN WITH TEA

—o—

The pupils of the sixth grade will entertain their mothers, fathers, and teachers with an afternoon tea Friday, October 17, from 4 to 5 o'clock, at Mrs. A. N. Dahl's home at the Gulf camp.

Invitations are being sent to all parents and they are urged to be present. A program will be given by the pupils and they will also act as hosts and hostesses. Mrs. Dahl is room mother for the sixth grade and Miss Emma McDonald is room teacher.

—o—

GULF CLUB GIVES PARTY

—o—

The Gulf Bridge club met on their regular meeting night, Thursday, at the Gulf Recreation Hall with Mr. and Mrs. Sam Copeland and H. E. Baumgarten as hosts. The club organized for the season at a previous meeting and a number of the Crane school faculty were invited to be members of the club.

Nine tables of bridge were played. Miss Emma McDonald won high score for the women and R. C. Miller won high score for the men.

Delicious refreshments of iced tea, salad and crackers were served.

Those present were: Mr. and Mrs. C. A. Woodfin, Mr. and Mrs. W. W. Orchard, Mr. and Mrs. C. F. Dunn, Mr. and Mrs. R. C. Miller, Mrs. Anderson and Mrs. Roy Beal, Misses Dudley Ben Hambright, Bernice Snell, Barbara Anderson, Emma McDonald, Eula Smith, Hattie Marie Harris, Vema Sammons, Peggy Warren, Dorothy Riley, and Doris Durham, and C. E. Lowe, A. D. Miller, Dan Courville, Ray Surrat, Kenneth Blackford, C. C. McGlasson, Reagan Coleman, Mr. Gillett, Harry Gossett and Mr. Fiddler.

The host and hostess for next Thursday night will be Miss Anderson and Mr. Blackford.

—o—

COMMERCIAL DEPT. IS COMMENDED

—o—

Mrs. O. W. Carothers has received a letter from Miss Irma Dean Fowler, Commercial Supervisor, in which she commended the growth of Crane's Commercial department. She also said she enjoyed her visit here, last year, very much.

Miss Bailey Reads for Student Body

—o—

Miss Audrey Faye Bailey, expression teacher who will have her department in Crane school, gave two readings at assembly Wednesday, October 8. The name of the readings were "Yiddish Alley" and "In the Morning," by Paul Lawrence Dunbar.

Members of the fifth grade entertained with a play "Self Control," directed by Miss Bernice Snell. The characters were Mamma, Doris Damron; Papa, Hersel Boyd; the son, B. F. Alldridge Jr. The fifth grade also presented a play named "Their First Meeting," which was directed by Mrs. J. O. Head. R. V. Wilson and Lee Padgett were Indian warriors, Dewey Holcomb and Delvin Beezbee were colonists, Evelyn Passuer was Pocahontas, and Rex Slead was John Smith.

At the conclusion of the program Clarice Kidd gave a piano solo entitled "The Bells," and Joe F. Dunn sang "Little Boy Blue."

Announcements were made concerning subscriptions for The Crane, a football game with the Wink Wildcats Saturday, and a special night at the revival for the high school Friday, October 10.

—o—

PEP RALLY HELD

—o—

The pep squad met in the auditorium Friday, October 3, to practice yells for the coming game with Wink. Charline Wakefield and Delma Herron, who were recently elected leaders, led the squad through some snappy yells.

—o—

Many a man who is a five-ton truck at the office is nothing but a trailer at home.

—o—

Personals

—o—

Russell Ellithorpe moved to Amarillo and will enter school there.

Billie Tom Cowden is attending school in Marlin, Texas.

Lois Doster, who came here from Oklahoma, has been promoted to the sixth grade after a few weeks' trial in the fifth grade.

Lowell Pulley had his tonsils removed last week and was absent from school for several days.

Annie Batson returned last week from a vacation spent with friends and relatives in Colorado. She came to school Monday, October 6, and turned in her books before leaving for her home at Normangee, Texas.

Those attending the Odessa-McCamey football game on September 27 were Woodrow Sewell, Jack Boyd, Morris Garner, John Perry, Harold Garner, Ray Kendrick, Casey Dunn, Lawrence Smalley, Sidney Goldstein, Horace Dunn, Gordon Smalley, Neil Durham, J. L. Heydon, Elwood Turrentine and Paul Blackburn.

Burl Sullivan was sick and unable to attend school the first of last week.

Roy Beal of Coleman visited in Crane with Mrs. Beal last weekend.

CRANE DEFEATS IRAAN EAGLES

(Continued from Page 1)

penalized 5 yards for offside. R. Sullivan substitutes for B. Sullivan.

Third Quarter.

Iraan kicks off to Bogle on 45-yard line and he returns 17 yards. Crane kicks to Iraan but is returned 10 yards. The Eagles complete a pass for a 3-yard gain. Iraan fumbles for a 14-yard loss. The Eagles punt to Crane and the ball is returned to the Eagles 8-yard line. Two line plunges net the Cranes 6 yards. Fourth down 2 yards to go for touchdown. Crane fails to take the ball over and it goes over to Iraan. Iraan punts to G. Smalley who returns to 15-yard line. R. Kendrick substitutes for J. Boyd and G. Griffin for Bennet. G. Smalley lopes around end for a gain of 10 yards. Sewell substitutes for L. Smalley. Third down, and one yard to go for touchdown. G. Griffin runs through the line for a touchdown. The Cranes fail for extra point. Crane kicks to Perry of Iraan who returns 20 yards. The Eagles attempt to pass, but it is incomplete. Iraan plunges line for loss. The Eagles punt to G. Smalley who returns it 10 yards. Five-yard penalty to Crane for too much time out for huddle. Bogle punts 60 yards to Iraan's 10-yard line. The Eagles punt 25 yards. The Cranes gain nothing in three downs and the ball goes over to Iraan who attempts a pass which is incomplete. Iraan punts to Griffin who returns but a short distance. Bogle completes a pass to G. Smalley over line of scrimmage; he runs 25 yards before he is finally dragged down.

Fourth Quarter.

Crane fumbles but recovers for 2-yard loss. The Cranes gain two yards on an end run. Crane fumbles for another 2-yard loss. Bogle punts out on 15-yard line. Iraan attempts line plunging but no gain. Iraan punts to G. Smalley who is downed with no gain. The Cranes attempt a pass, but it is incomplete. Bogle passes to Potter for 35 yards. G. Smalley crashes through line for touchdown. Bogle passes to Sewell for extra point. Crane kicks to Iraan's 20-yard line. The Eagles return 5 yards. Turrentine substitutes for H. Garner. Iraan punts to G. Smalley on 50-yard line and returns 10 yards. Crane attempts pass, but it is incomplete. Iraan gains 6 yards on two end runs. They attempt a pass, but it is incomplete. Iraan punts over goal line and the ball is taken out on the 20-yard line. Crane plunges line for a gain of 7 yards. G. Smalley goes around end for 75 yards. He is stopped on the one yard line. Hardaway substitutes for B. Sullivan. G. Smalley goes over for touchdown. Perry substitutes for Sewell. Perry crashes through line for extra point. Potter of Crane kicks to Eagles who return the ball 18 yards. On the fourth down the Eagles punt to Perry of Crane who is downed with no gain. Brannon substitutes for M. Boyd. Bogle passes over line of scrimmage to Potter who runs 30 yards for touchdown. Bogle crashes through line for extra point. J. L. Heydon substitutes for Kendrick and J. Garner for Griffin. Iraan kicks to Perry who returns 10 yards. Crane punts 30 yards and is returned 22 yards. C. Dunn substitutes for M. Garner. Iraan passes for a gain of 5 yards. Iraan punts over goal line and the ball is taken out on the 20-yard line. Thompson put in for Heydon. Cranes crash through the line for a gain of two yards.

Time: 1 hour and 43 minutes.

First downs: Crane, 12; Iraan, 3.

Refree, Bill Morrison. Umpire, Rogers. Headlinesman, Bailey. Timekeepers, Fiddler and Windship.

—o—

CAN YOU SPELL?

—o—

While there is no great distinction or honor in being a good speller, yet, otherwise well educated people are often made ridiculous because of their bad spelling. The printer's case and the typewriting machine are crucial tests on one's ability to spell well and be able to divide words of more than one syllable in its component syllables. To be able to correctly call the letters which spell a word is not enough. In order to be a good speller, one should be able to give each letter its full value of sound, give the division of the word into syllables, as well the accent on each syllable. These requirements are necessary in typewriting and setting type.

In training boys and girls to set type we find in many cases, that this part of their school training has been sadly overlooked. At first some of them do not seem to understand what it is all about. They cannot tell why a word of one syllable cannot be divided at the end of a line the same as a word of more than one syllable. If these requirements applied to setting type by hand or machine, it might be passed, but these are days of the typewriter when these things are absolutely necessary to the success of the pupil in order that he may write acceptably.

We have in mind otherwise well qualified teachers who were turned down by the school board for no other reason than their applications were carelessly written and badly spelled.

We claim that no matter what the grade which a boy or girl has reached in school, he should never be permitted to pass up a drill in spelling at least once a day. It isn't fair to the boy or girl to allow him to neglect his spelling in order that he may go on to higher grades and then turn him out with a diploma only to be humiliated and ridiculed because he cannot spell correctly.

There is something about a misspelled word that most everyone who notices it will mentally criticise, more especially if the writer has had the opportunities of a high school education. There is no excuse for bad spelling among high school girls and boys these days. The trouble seems to be that they neglect their spelling for something that will do them little or no good after they leave school.—Sterling City News-Record.

Mrs. Orchard Is P.-T.A. President

—o—

Races Are Close, Several Nominations Are Declined

—o—

Mrs. W. W. Orchard was elected president of the Parent-Teachers' Association at a meeting which was held Tuesday afternoon, October 7.

Mrs. F. L. Boyd, Mrs. A. N. Dahl, Mrs. W. S. Blodgett, and Mrs. W. W. Orchard were nominated. Two ballots had to be cast before the nominations were complete. On the first ballot, Mrs. Blodgett received a majority and Mrs. Boyd and Mrs. Dahl received the same number of votes. Mrs. Blodgett and Mrs. Dahl declined nominations. In the second ballot Mrs. Orchard and Mrs. Boyd received the same number of votes, and acting upon a motion made by Mrs. Boyd, Mrs. Orchard was acclaimed president.

Interesting health talks were given by Dr. W. B. Lanning, county health officer, and Mrs. Blodgett. Mrs. Blodgett used as her subject, "Child Health in Relation to the Home." Dr. Lanning spoke upon "Child Health from the standpoint of the health officer."

The P.- T. A. has planned to buy bulbs for each room in school. They also plan to have P.- T. A. section study meetings. Dates and places were assigned. The first meeting will be with the primary section, Tuesday, October 14, and with the intermediate and high school sections on Tuesdays 21 and 28 respectively.

The organization will soon complete plans for sending a delegation to the district meeting which will be held at San Angelo.

—o—

HARD TIMES SAVINGS

—o—

Savings deposits are about the poorest barometer of prosperity, according to a statement by the Federal Reserve Board, which shows that savings accounts in member banks are greater now than in the early part of the boom year 1929.

Several reasons are given for this situation. One is that people are more disposed to pinch and save in dull times, another is that much money which might be used for purchases of securities in normal times is now placed on time deposit. When people are reluctant to make new improvement or use the savings account as a means of obtaining at least a small return on their cash capital.

Therefore, little can be judged concerning general conditions by the amount of savings deposits at any given time.

Home Eco. Class Conducts Nursery

—o—

At last the problem of taking care of the children of pre-school age has been solved. The girls of the home economics class have established a nursery for this purpose during the P.-T. A. meeting each Tuesday.

The nursery will be a class project. Four girls will take charge each Tuesday.

Each girl in the class will make a toy of some manner with which to amuse the small visitors. The entire class will study games and stories suitable for the children.

The nursery will be under the supervision of Miss Dudley Ben Hambright.

Texas University Income High From Oil Lands Annually

—o—

Austin, Texas, Oct. 15.—For the credit of its available or building fund, the University of Texas received during the fiscal year ending August 31, 1930, a total of $882,573.87. This sum is exclusive of the income from oil royalties, all of which went to the credit of the permanent fund. Only the income from the investments of the permanent fund can be spent, and this amounted to $503,678.11 for the fiscal year. The total permanent fund now invested in United States bonds is $16,262,650. An additional sum of $625,600 in Texas State bonds belongs to the credit of the permanent fund. This latter sum was obtained from the sale of University lands many years ago.

Other receipts during the last fiscal year which went to the credit of the available fund were as follows: $321,362.31 from grazing leases, pipe line right-of-way, town lot leases, etc.; $37,972.73 from rentals of residences and other buildings upon the addition to the campus of the University in Austin; $4,866.65 from rentals of camp sites on the Brackenridge lands, situated adjacent to Austin, and $14,694.04 from miscellaneous sources.

—o—

One generation's solution is the next generation's problem.

Movement of Fruits for Period Large

—o—

Austin, Texas, Oct. 15.—. Total movement of fruits and vegetables from Texas farms from January 1 to October 1 was the largest on record for the first nine months of the year, the 1930 figure of 47,093 cars being nearly 8 per cent greater than the total of 43,609 cars for the corresponding period of last year, according to the Bureau of Business Research at the University of Texas. Shipments during September, usually the low point of the season, were 56 cars, the smallest monthly figure in four years. This reduction follows unusually large shipments in August and precedes the planting of a fall and winter vegetable acreage which will be substantially greater than in 1929.

Grade School News

JUNIOR HIGH PUPILS CLIMB LADDER

The spelling class in junior high school are still climbing their ladders. In the seventh grade Vera Birdwell, Evelyn Passuer, Lois Hardaway and A. M. Thornton are ahead.

Lena Parchman, Dorothy Brice, Ray Evans, and Alma Powell are leading in the sixth grade, and Hershel Boyd, Elletta Chaffin, Corine Lee, Beryle Harris, and Ouidamae Townsend are at the top of the fifth grade ladder.

JUNIOR HIGH SEES FAMOUS PICTURE

The junior high school classes and the fourth grade attended "With Byrd at the South Pole" at the Palace Theatre last Thursday afternoon. The pupils were acompanied to the show by their room teachers, and Mrs. J. H. Bankston was an honor guest. The picture was seen after a study of Byrd and was used as a special class project in geography.

The picture show project was correlated with another project on Byrd being carried out in the seventh grade geography class. This class is making books and posters and preparing a sand table, and "Little America" will be the theme of the exhibits. Miss Bernice Snell, geography teacher, has read "The Life of Byrd," by Fitzhugh Green to the class and "The National Geographic Magazine" has been used as a text in preparation for this phase of the work.

HEALTH PROGRAM OBSERVED IN 4TH GRADE

Fourth grade pupils under the supervision of Miss Mary Beth Warren have been having a contest in keeping the twelve health rules. The contest lasted for a week, and the following pupils kept the daily rules: Lavoe Ferguson, Cloyd Rawls, Allen Gerdes, Hazel Carroll, Mickey Welch, Charlie Hartwell, Moneise Myhick, and Smithie Townsend.

SEVENTH GRADE GIRLS PREPARE EXHIBIT

The seventh grade girls placed an exhibit in the north hall last Friday showing their first month's work in the art class, taught by Mrs. J. O. Head.

Members of the class have made oil cloth pillows of a combination of colors and decorated them with appliqued flowers, blanket stitches, and paints. Some of the pillows were made for gifts and some for use at home.

The pillows were exhibited from a decorated table and were highly complimented by the spectators.

SECOND GRADE HAVE HEALTH PROJECT

The pupils of Miss Alma Sewell's second grade each have a squirrel in the blackboard border, and every one who comes to school in the morning with clean hands, teeth, nails and clothes is allowed to draw a nut for his squirrel.

CIRCUS INTERESTS THIRD GRADE PUPILS

The circus season is a reality with the pupils of Miss Vema Sammon's third grade. A real circus tent with animals in cages, acting clowns, and performing elephants has been constructed by the pupils during the art period the pupils during the art period.

"The World's Largest Circus" is printed across the top of the tent and the balloon man is standing beside the door ready to sell his wares.

THIRD GRADE WORK ON SPELLING PROJECT

The third grade pupils in Miss Vema Sammon's room are working on a spelling project for November. The entire list of fifty-two words for the month has been given out, and the pupils missing the fewest words will enter the "Good Spellers' Castle" first.

The castle has been cleverly drawn on the board and the names of the pupils who are entering the castle are written on the pathway leading to the front door.

The pupils who have spelled the words correctly before the end of the month use the spelling period for library work and have a review lesson once a week. The pupils who cannot spell all the words in the list use the period for study.

Those who have spelled all the words and have entered the castle are: Frank Reddick, James Hughes, Bruce Hitt, Clinton Vessels, Myrtle Scott, and Eugene Ramsey.

FIRST GRADE FURNISH DOLL HOUSE

The first grade pupils in Miss Barbara Anderson's room are building and furnishing a doll house. There will be five rooms in the house; a committee has been appointed for each room.

In addition to the room committee a rug, curtain and paper committee has been appointed. The house will be furnished by the pupils during the drawing period.

HIGH AVERAGE MAKES HONOR ROLL

The report cards for the first four grades will come out every four weeks and the names of all students who do not make below a "C" will be on the honor roll. This does not mean a "B" average, but not below a "B".

The names of the pupils who are on the honor roll for the past period are: B honor roll, for first grade, Patricia Hughes, Horace Harris, Jack Dennis, Thornton and Donito Brannon; for second grade, Margie Trice, D. B. Duncan, Laura Belle Scott and Blanche Boone.

BRIEFS

Mrs. Seals, mother of Eugene Seals, is room mother for Miss Alma Sewell's second grade.

Jorden Earp visited in El Paso last week.

Louise Whitney who lives with her sister, Mrs. D. M. Hankins, at the Phillips camp, spent the weekend in Ballinger with her mother.

Glen Harry entered school Monday after having recently undergone an operation at the Gulf hospital.

Mrs. C. F. Dunn has been elected room mother for Miss Warren's room.

YELLOW JACKET CLUB HAS MEETING

The Yellow Jackets met Tuesday, September 30, to interview new members and to make plans for "Rush Week" which began Wednesday and ended Friday of last week.

Points considered before selecting someone to become a member of the club were: attitude, good spirit, supporting of school activities, and classification. Only juniors and seniors are members of the club.

Hand Saw Artist Plays for School

Mr. T. B. Satterwhite, song leader at the Baptist meeting, gave three musical selections on a hand saw, Wednesday, October 1, at general assembly.

The Rev. J. A. Kidd, who is directing the Baptist revival, gave a talk on the "Ten Commandments."

Two of the high school boys, Elwood Turrentine and Milton Boyd, sang a song, "Wonderful Mother of Mine," and the school joined in on the chorus.

Everyone joined in reading "America's Creed," and prayer was led by Rev. Kidd.

ENGLISH TESTS GIVEN

Diagonolic tests were given to all the English classes Friday, October 3. Cross English tests were used.
