

Council Is To Consider A Revised City Budget

Jesse Munoz Jr., the first Mexican-American to ever serve on the Colorado City Council will take the oath of office Monday evening when the new council convenes for its first regular session.

After canvassing the election results, newly elected members Munoz, Loyd Ledbetter, and incumbent Marion Bassham will sit with the council in a regular business session.

Primary on the agenda for the first session of the new council will be the appointment of a member to complete the unexpired term of Cliff Thomson who resigned from the council March 14 because of job transfer.

The council must also

approve the revised budget proposed by City Manager James Campbell. The new budget will include a sewer rate increase of \$1 to each customer, an eight per cent increase in city employee wages, a \$2,000 increase in four supervisor's wages and a \$3,000 increase in the city manager's position.

The total proposed budget without the increase of \$11,000 for the supervisors and city manager but reflecting an eight per cent

over all increase in wages is \$988,895 with expected revenues of \$962,476. The city had a credit carry over from last year of \$64,811.20, giving a credit balance of \$38,392.20.

Campbell stated, "This is a basic service budget, which is what a town of this size should have."

One of the first duties of the new council will be to appoint a new member to the ambulance board.

The Ambulance Service, which has experienced problems due to the lack of

necessary personnel, is currently under the direction of Police Chief Fred McWhorter and run by off duty policemen.

Final payment to Decker Construction Company, which improved the waterworks and sanitary sewer systems in Colorado City, will be made in Monday's meeting.

During the process of reorganization Monday evening, the council will select a new mayor and mayor pro-tem. Mrs. Bassham is currently serving her first term as mayor.

Teachers To Retire This Year

Mamie Lou New, who has taught Mitchell County children for 46 years, and Florence Pratt, who has spent 31 years teaching, will both retire at the end of this school year.

"These are both fine teachers and the Colorado City school system is going to miss them. They have both done an outstanding job," Superintendent of Schools Lloyd McKee commented.

Mrs. New stated that it was with mixed emotions that she was leaving. She said she felt the time had come to visit friends and relax more. She anticipates traveling and enjoying free time.

When she began teaching in Mitchell County she was assigned to the Loomis Community School. She taught there for about 10 years before moving to Colorado City Junior High.

ACTION is fast paced in the current Colorado City Playhouse production of *Annie Get Your Gun*. In top picture, Chief Sitting Bull (Mac McKinnon), right, is pictured as he threatens to scalp Dolly Tate (Trina Taylor) after she attempts to fix Annie Oakley's gun so Annie will lose a shooting contest. Helping Chief Sitting Bull is Charlie Davenport (Carl Beery Moore). In bottom picture is a scene from the song *There's No Business Like Show Business* sung by, left to right, Frank Butler (Sonny Pawkett), Buffalo Bill (Tandy Curlee) and Charlie Davenport (Carl Beery Moore). The final three performances of *Annie Get Your Gun* will be presented Thursday, Friday and Saturday. Box office will be open from 1 p.m. to 5 p.m. Monday through Wednesday and 1 p.m. to 8 p.m. on show nights. Tickets are \$3.50 per person and curtain time is 8 p.m. each day.

Sun Oil Makes Move To Close

As of June 1, an era will end for Colorado City as Sun Oil Company closes its doors.

Sun Oil is the last of the major oil companies to close down operations in Colorado City.

The announcement of Sun's shut down came in November. By June 1, the office should be completely vacated.

"Nothing in the district is being affected except for the office," said R. D. Shamburger, district manager for the Colorado City based Sun office.

So, although Sun Oil will

KVMC Places First

"We feel that local news is a vital part of our programming," said Drew Ballard, KVMC station owner, in regard to KVMC being named the number one small market local news station in Texas.

KVMC competed with small market radio stations in towns and cities of 35,000 or less. A panel of radio executives from California judged the contest.

The award was presented for radio stations with no "full time" news departments.

"With no one working full time gathering local news, we depend a lot on the cooperation of the newsmakers in our area and the departments they represent," said Ballard.

"This cooperation on the part of our schools, local governmental bodies, civic clubs and organizations has been excellent," he added. Ballard, along with Ed Newton of KVMC, attended the state Associated Press Broadcasters meeting in Galveston last week end.

The Associated Press award placed KVMC first in all news categories, including sports, weather and special features.

be closing down its building, the pumps and field activity will remain in operation.

The exit of Sun from Colorado City is a result of a major restructuring of their organizations.

Sun Production Company and Sun Gas Company, Dallas headquartered operating units of Sun Company, Inc., announced that the restructuring was being done to manage a planned division of Sun's oil and gas assets on a field-by-field basis.

Under the restructuring, Sun Production will have operating responsibility for all of Sun's domestic properties primarily related to oil production. Sun Gas will operate all Sun domestic properties primarily related to gas production.

The move of Sun from Colorado City will entail roughly 40 employees.

The bulk of the employees to be transferred are presently residing in Colorado City. Two employees are from Loraine, five from Sweetwater, seven from Snyder and one from Robert Lee.

According to Shamburger, June 1 is the date most of the employees must report to their new assignments. However, a few of the personnel have already left Colorado City.

manager of the Oklahoma City district, which encompasses 41 states while the Colorado City office had 80 counties. Hendrix assumed his new position April 3.

Cliff Thomson, district manager of engineering for the Colorado City office, is working in the same capacity in the Tulsa, Okla., district. Thomson's transfer was effective April 3.

R. P. Shamburger, district manager of administrative services in Colorado City, has assumed the position of materials management in Oklahoma City. His transfer date was April 3.

Another Sun employee, Eddie Merket, formerly of Loraine, assumed his position working in an administrative position.

Officers To Be Elected By Loraine

Loraine School Board will meet at 7:30 p.m., Monday in regular session to canvass the trustee election and give the oath of office to the newly elected members Dean Oliver, Ronald Bruce and Linton Ray Webb.

The first official act of the board will be to organize and elect officers for the 1978-79 school year.

During the business session the board will consider requesting a new school bus and salaries of the bus maintenance personnel.

They will review the summer employment program with reference to summer maintenance projects around the school.

One resignation, from Preston Lightfoot, counselor, will be reviewed along with the consideration of accepting applications for the position.

Plans for the Teacher Association Spring Break program and workshop in Sweetwater will be reviewed. The workshop will be held April 14.

Board To Ponder Two Resignations

More than 77 years of teaching experience will be lost with the retirement of two teachers at the end of this school year.

Mrs. Florence Pratt, early childhood development teacher at Kelley Elementary School and Mrs. Mamie Lou New, librarian at Middle School have announced their plans to retire.

Their resignations will be one of the first orders of business the Colorado City Independent School District Board will have to consider in their meeting Monday at 7 p.m.

The re-elected members, S. L. Morris and Tom Rees, will be given the oath of office after the trustee election is canvassed by the board.

Organization of the board will consist of election of a president, vice president and secretary.

The board will consider two resignations, Sheryl Kay O'Zee, 7th grade math teacher in Middle School, and Julia White, 5th grade teacher at Hutchinson Elementary School. Miss

Kindergarten Registration This Week

Beginning tomorrow (Monday), a week long pre-registration for kindergarten students will be held at Kelley Elementary.

Pre-registration will be held Monday through Friday from 9:30 a.m.-3:30 p.m.

Birth certificates and immunization records are required for registration.

Any child who will be five years old on or before Sept. 1 is eligible to attend kindergarten during the 1978-79 school year.

Egg Business Will Continue...

O'Zee's resignation will be effective the end of the school year and Mrs. White's was effective April 3.

The board will consider the placement of Mrs. Susan Newton Van Hoozer, who previously taught here and has been on a leave of absence as replacement for Mrs. White. The resignations will leave three other vacancies for which the board must consider applicants.

Bids will be opened and awarded for band uniforms. The band has planned a trip to Page, Ariz.,

which the board will also discuss.

Teacher contract renewal consideration will be held in closed session during the meeting.

Purchase of land for a Vocational Agriculture Barn will be reviewed. Previous proposals for sites have been reconsidered due to the odor resulting from livestock.

Superintendent of Schools Lloyd McKee will give the board information he has gathered since the last meeting in reference to several athletic tracks he has visited.

-----No More Home Delivery----- Bodine Dairy Shuts Off Raw Milk Facet

By PEGGY WILLIAMS

Truman Bodine climbed into his dairy delivery truck before the sun came up for the last time Friday morning.

Since 1955, local residents have received fresh eggs and milk delivered on their doorsteps.

Now, after 23 years, residents will have to resort to the more modern method of purchasing dairy goods from the grocery store.

To many, it will be quite a switch.

Bodine Dairy saw its start in 1950 when three brothers—Edward, Homer and Truman—began the operation.

In 1957, Edward Bodine left the business and moved

to Midland. Currently he lives in Abilene.

Homer Bodine stayed with the business until last year when he retired, leaving Truman Bodine to carry on.

Eight parttime hands are employed by the dairy, and Bodine noted that he didn't know yet how many would be necessary for the decreased operation.

Bodine Dairy has for 28 years offered customers raw milk—something which is not easily found in these times of technology.

"Lots of kids have been raised on raw milk," said Bodine. "It will be a change."

But, due to proposed government regulations, prohibition of the sale of raw milk is being considered.

According to a draft of the Model Retail Food Store Sanitation Ordinance, only Grade A pasteurized milk can be sold. The draft is a proposal and must be accepted by the federal government and then by each individual state.

Bodine noted that it would probably be 1980 before definite action is taken.

So why did Bodine cease his milk business when the law hasn't even passed?

A shortage of glass milk bottles was the reason.

Bodine explained that the bottles in circulation by the dairy are all that are left—all the glass factories manufacturing the bottles have closed.

Thus, Bodine checked into the possibility of investing in a machine which makes plastic jugs.

Cost of the machine would be between \$7,000 and \$8,000 and if the proposed legislation passes, Bodine would be out a hunk of money.

"If the ordinance passes, I can't sell milk," explained Bodine.

Since Bodine is ceasing the milk production of his dairy business, what will happen to the hundreds of bottles scattered in homes across the county?

"There's a 40¢ investment in each bottle," said Bodine. "So far we've gotten at least 600 back."

Because milk bottles are a relic of the past, Bodine hopes to sell the scores of bottles one day.

Although the milk facet of the business is coming to a close, Bodine will continue with his egg production.

About 8,000 hens are housed at the dairy, so that alone will keep Bodine busy.

Bodine will continue to sell eggs to the local grocery stores and the dairy will be open for business

from 3 p.m.-5 p.m. weekdays.

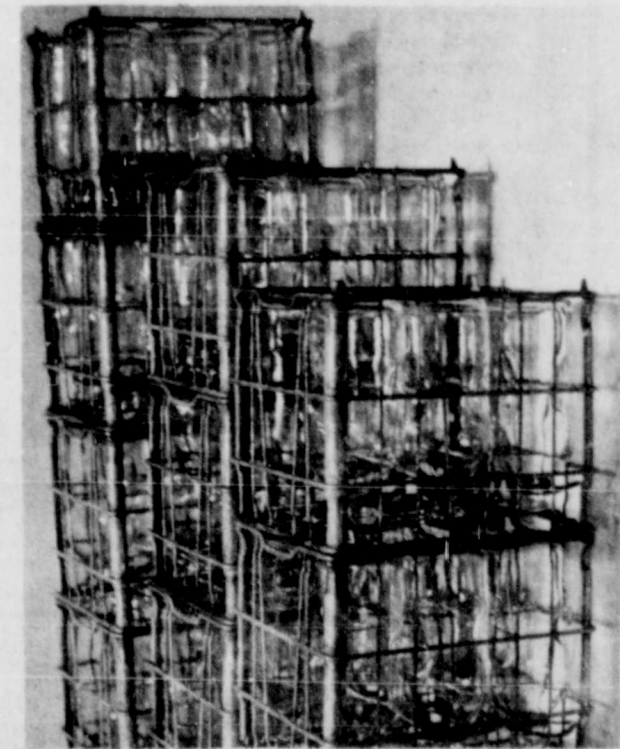

Also, Bodine will be selling his products through the Association of Milk Producers, Inc. (AMPI).

Bodine will sell to AMPI and AMPI will in turn sell the products to major companies.

Mitchell County residents won't be the only ones who will be missing Bodine's milk.

Customers drive regularly from Stanton, Hermleigh, Ira and Snyder to purchase the raw milk. And, one customer comes as far as Odessa.

Certainly Bodine's milk and his home delivery service will be missed by his customers, suggested by a note Bodine found in a milk bottle of one of his patrons. "Thanks Truman for all the years you have served us—it's been a pleasure."

Rev. Roy Byrd Addresses Association Of Retired Teachers At Wallace Center

Mitchell County Retired Teachers Association members met March 14 at 3 p.m. at the Wallace Center for their St. Patrick's Day meeting. The

Rev. Roy Byrd, pastor of the First Presbyterian Church, presented an entertaining program on the subject "I Never Met A Teacher I Didn't Like."

Hosting the meeting were Mrs. T. D. Wiman, Alma Horton, Cecil Smith, and Ruth Jarman. A short business session included the reporting of information concerning the Legislature, Health insurance, and the recent Widowed Persons meeting here.

The Rev. Byrd shared a nostalgic host of childhood memories of schooldays and teachers, reflecting partially the fact that he was reared by his school teacher mother. Throughout the program, Byrd compared the past and present school systems though his opinion that "teachers try to do their best wherever they are" never varied.

The speaker expressed his hope that the members would find in his talk a tribute to teachers for their dedication to the things of the mind, to education, to service to boys and girls and to the community. He said that it was his feeling that teachers, more than others, stay alive and alert because

they maintain their intellectual interests.

By means of humor and personal observation, the speaker concluded that everyone of the members could write a book filled with the fun, the challenge, and the blessings of a career in education.

He closed his talk with a reading from the book *Heaven In My Hand*.

Refreshments of sandwiches and punch were served to those present. Napkins and table appointment reflected the St. Patrick's Day theme.

Attending this meeting were Mr. and Mrs. William Andrews of Westbrook; Mrs. Tom Coker, Mrs. Wilford Fox, Mrs. R. M. Reed, Mrs. Jewell Richter, Miss Clara Shoemaker, Mrs. Fred Smith, Mrs. Arnel Smith, Miss Clydine Stikney, Mrs. Lynn Halbert, Mrs. Witt Hines, Alma Horton, Mrs. J. O. Jarman, Mr. and Mrs. Olson Sweat, Mrs. E. L. Tiller, Miss Edith Wilkerson, Mrs. T. D. Wiman and the Rev. Byrd.

The next meeting of the RTA will be Tuesday, April 11 at 3 p.m. at the Wallace Center.

A SUNDAY MESSAGE

Rev. Loren Gardner
Pastor
St. Luke
United Methodist
Church

To make it possible for everyone to attend church this Sunday, we are going to make some special arrangements.

1. A cot will be placed in the sanctuary for those who say, "Sunday is my only day to sleep."
2. Eyedrops will be available for those with tired eyes from watching television too late on Saturday night.
3. We will have steel helmets for those who say, "The roof would cave in if I showed up in church."
4. Blankets will be furnished for people who think the church is too cold.
5. Fans will be furnished for people who think the church is too hot.
6. We will have hearing aids for persons who say the preacher speaks too softly.
7. We will have cotton balls for persons who say the preacher speaks too loudly.
8. Scorecards will be placed in the pew racks for those who enjoy listing all the hypocrites present. (Please remember to count yourself.)
9. A few TV dinners will be on hand for those who can't go to church and cook dinner, too.
10. A putting green is being constructed near the altar for those who say, "Sunday is my golfing day."
11. Finally, the sanctuary will be decorated with Christmas poinsettias and Easter lilies for those who never see the church without them.

Of course you know that all this will not be done because of the time and expense. But sometimes it seems that this is the only way to get people involved in church. I hope that everyone will go to church this Sunday.

Summer Basketball Camp Scheduled At WTC June 5-9

The fourth annual girls' basketball camp will be held at Western Texas College from June 5-9, Dr. Sid Simpson, WTC Athletic Director and women's coach, has announced.

Simpson will serve as director of the camp, with Gay Benson, women's basketball coach at Texas Tech University, as associate director. Assistants will include Marilyn Payton and Karen Arp, former WTC Duster squad members now at Tech, and Karen Williams and Cindy Luttrull from the current Duster squad. Miss Luttrull was named to the National Junior College Athletic Association All-America basketball team this year, and set new records in seven categories for WTC during her two-year career.

The camp is designed for elementary and junior high students. Instruction emphasizes such fundamentals as rebounding, passing, shooting, dribbling and defense. Afternoon and evening hours feature intracamp games, swimming, individual contests, basketball films and varied recreational activities.

The camp will conclude with the presentation of awards for individual achievement and demonstrations of skills on Friday night (June 9).

Fees for the camp are \$95 per person, which includes all instruction, lodging, meals, awards, insurance and a special camp T-shirt. Reservations may be made by writing Simpson at Western Texas College, Snyder, TX 79549. A \$35 deposit must accompany each reservation. Persons wishing further information about the camp may call Simpson's office at the college, AC 915 573-8511, extension 284.

JEST FOR LAUGHS

by PAUL FUNG JR.

A vice-president of a western railroad company was checking over the losses that resulted in the past year from horses, cattle, and hogs being killed on the right of way. The owners of the slaughtered animals had very fancy ideas of the recompense they deserved. The vice-president told his attorney, "It strikes me that nothing improves the blood of livestock as much as crossing it with a diesel locomotive."

Q. Why is a pig in the kitchen like a house on fire?
A. The sooner you put them out the better!

The invention most needed by churches now is a collection plate that can be passed by radio and television.

Leslie Anderson Directs UIL Play

Angels Don't Marry swept all honors in district 9AA UIL play competition at Cisco Junior College Wednesday night. The play, a comedy in satire, won for its cast of three: best actor, Eileen Shurtliff; and for Amy Philpott, an honorable mention.

Angels Don't Marry was directed and under the sponsorship of Colorado High School graduate, Leslie Anderson. Anderson is currently an English teacher at Cisco High School.

The play, judged by Dr. Bill Cook of Baylor University, will advance to regional competition on April 13 in Denton.

Anderson is the son of Mr. and Mrs. Warren Anderson of Colorado City. He is married to the former Miss Sherry Christian, daughter of Mr. and Mrs. H. A. Christian, also of Colorado City.

"Conversations On Carpeting"

TAKE CARE

Is it possible for your carpeting to retain its true color and attractive like-new texture after months and even years, of duty underfoot? The answer is a definite, YES! By following simple carpet-care rules, you can keep your carpeting new-looking longer, and greatly prolong its life.

Give heavy traffic areas a light going over every day with a carpet sweeper or vacuum cleaner. Light cleaning means about three backward and forward strokes over each section. Once each week, your entire carpeting should be thoroughly vacuumed seven or eight backward and forward strokes.

Help protect your carpet by moving furniture periodically. Simply move heavy pieces one or two inches up, back, or sideways to prevent permanent indentations. Attend to stains as soon as they occur. Mop spills immediately with a cloth, sponge, or paper towels.

Buying the best possible grade of carpeting, and then giving it proper care, will mean a longer lasting carpet.

Wallace Center Gymnastics Programs.

Tuesday 6-7 p.m.
Tuesday 7:30-8:30 p.m.
Wednesday 5-6 p.m.
At Hutchinson Gym.

Three gymnastics programs have been scheduled by the Wallace Center.

ter gymnastics classes this week for the purpose of giving the students a chance to perform in front of an audience, to give the audience a sampling of talented performances, and as a money-making project to obtain money for new gymnastic equipment to further this program in Colorado City.

The students are under the direction of Mrs. Jo

Damron and Mrs. Theresa Spurgin. The classes are coordinated through the Wallace Center.

The performances will be staged at Hutchinson Gym Tuesday and Wednesday evenings. Donations will be taken at the door although there is no admittance charge. Spectators should bring either a chair or blanket to sit on as the gym has no bleachers.

Each girl will give a performance on the balance beam as well as a floor exercise. Performances have been scheduled for Tuesday, April 11 from 6-7 p.m. and another at 7:30 until 8:30 p.m. The

Wednesday performance will begin at 5 p.m. and will be over at 6.

Participants in the first program will be Shannon Perkin, Missy Neff, Raye Leigh Marion, Jody Smith, Rebecca Smith, Dianne

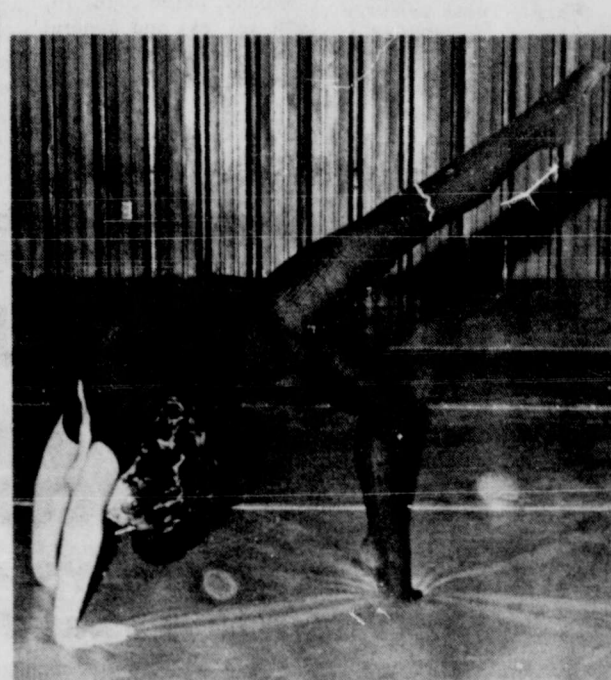

Jones, Teresa Gorham, Robyn Turner, Shelia Benson, Sharyn Hancock, Denise Gregory, Crystal Jones, Staci Wood, Diane Ford; teacher is Jo Damron.

Mrs. Damron also coaches the second group of performers Tuesday. They are Sarah Ford, Daphne Fowler, Tracey Burnam, Janine Galey, Diane Gregory, Darla Gregory, Amy

Moore, Mitzi Wood, Mindy Conner, Lisa Turner and Ann Kimmel.

Wednesday's performers will be Amber Stephens, Lisa Hutto, Natalie Gabba, Cindy Callaway, Christi Dillard, Denise Lowrance, Kelly Beights, Cori Taylor and Jennifer Hill. Teacher is Theresa Spurgin.

The public is invited to attend.

**Will our kids live under the domination of an Enemy Power?
Only a strong national defense can prevent it.**

And strong national defense takes men of strength and courage, men like Dusty Rhodes.

At the end of World War II, the United States was the greatest military power in the history of civilization. Our military force was the greatest deterrent to war, the greatest power for peace this world has ever known.

What's happened to it? Today, the Soviet Union has a larger army, stronger force of strategic weapons, more submarines, more tanks, more weapons than the United States.

Is the answer an arms race? No. The answer lies in a better use of our defense funds, in elimination of duplication in the armed services, in constant research to keep us militarily powerful. The scrapping of the B-1 bomber at a time when Russia is expanding its air power is just one instance of the dangers of an unrealistic military policy in our government.

Dusty Rhodes believes that the only way we can preserve our freedom and the freedom of our children is through a strong national defense. He is a member of the Military Affairs Committee of the Abilene Chamber of Commerce.

"I served during one war, as a Navy man for four years during the Korean conflict. I don't want my kids or my grandkids to fight another one. I am convinced that only a powerful national defense can deter the threat of global conflict in which there can be no winners," says Dusty.

And he'll fight to make sure our country has the military might to discourage unfriendly nations. As a lawyer who's used to having the cards stacked against him—and still win—as a man in whom the indomitable frontier spirit is still alive—Dusty is the kind of fighter we need in Congress.

Dusty Rhodes believes that the only way we can preserve

GIRLS WILL BE IN TOP FORM Tuesday and Wednesday to perform gymnastic routines for parents and friends on the balance beam, and floor exercises on the tumbling mats. The girls have been practicing for many weeks and some of them will be doing advanced routines. Teaching the course, sponsored by the Wallace Center, are Jo Damron and Theresa Spurgin. The public is invited to attend.

HD Club Has Program On Low Cost Meals

Members of the Colorado City Lake Home Demonstration Club met Monday, April 3 in the home of Mrs. Jessie Dorn for a program on Low Cost Meals, presented by the hostess.

Mrs. Dorn stated that buying better quality products doesn't necessarily mean higher prices. Watching for specials and stocking up when you get a good buy can give the shopper the best of both.

She emphasized the nutrition standpoint of cooking low cost meals offering tips such as buying meats with less fat and bone to get the most for your money. "Above all," she said, "cook to please your family, so that none goes to waste."

Business included the discussion of the upcoming

book review and tea; election of club officers, nominees for state THDA, and THDA chairman.

Members attending the meeting were served refreshments of coffee, tea and cookies by the hostess. Present were Billie Woods, Jessie Dorn, Doris Penny, Mary Dally, Bobbie Norman, Candice Griffin, Linda Smith and Mrs. Dorn.

HD Women Attend Eola Convention

La Jitas Needed Donations

Donations are now being accepted at the Colorado City Chamber of Commerce office for the La Jitas, Mexico, project.

By April 21, \$450 is needed to continue the project to construct an 18'x18' building to serve as a community building for the Mexican people.

The building is to be constructed in La Jitas, which is across from the Terlingua area in Mexico.

La Jitas citizens will pour the concrete floor, make the adobe for the walls and do other labor.

People in Colorado City will be assisting with the work. Although the endeavor was launched by members of the First Christian Church, the project is a community effort.

When the building is completed, it will be used—among other things—as a school for about 20 children. A teacher for the school will be supplied by the Mexican government.

Persons wishing to make a donation to the La Jitas project should take it by the Chamber office. Those wishing to assist in the construction of the project should contact Jim Hill of First Christian Church.

Fire Report

—April 4, 11:59 a.m., grass fire on Fig Street.
—April 4, 2:35 p.m., house fire on Fig Street.
—April 4, 7:30 p.m., same house on Fig Street flared up.

Tip
Good housekeeping is good protection against fires, always keep hot water heater closets clean and well vented.

Thieves On The Prowl

Mitchell County Sheriff's Department is requesting anyone contacted by unfamiliar person claiming to be electric company employees notify the Sheriff's office immediately.

Two white males have been in several surrounding counties posing as electric company employees.

After gaining entry into a home under this pretense they steal money and valuable items.

One man is described as about six feet in height, weighing about 230 pounds and having brown hair and blue eyes. The other man is not described.

They are thought to be driving a light colored or silver 1977 Lincoln. No license plate number if available.

Rural residents are the prime target of these two suspects.

Sancap will control the tough broadleaf weeds that escape your preplant.

Preplant herbicides are great for controlling grasses.

But the fact is, they just can't control the stubborn broadleaf weeds that are breaking through cotton here in the South High Plains.

So, if you grow cotton on sandy soils, spray an overlay of Sancap® herbicide at planting.

Because Sancap is strong on broadleaf weeds. Strong enough to stop the tough ones that escape your preplant.

MOORMAN'S IGR MINERALS
"There's nothing else like it."
"Fly control with IGR costs about a cent-and-a-half per day for a cow. Total cost, including minerals, is about 3¢ per head daily."
"With IGR Minerals, around-the-clock horn-fly control on 100 cows costs about \$1.50 per day."
"Compare the cost of roundup, spray, weight loss and spraying time for 100 cows each 10 days to the \$15 it'll cost to control flies with IGR."
"Even if you spray every 10 days, new horn flies keep hatching out of the untreated manure. It's a never-ending cycle."
"With IGR, you don't have to worry about when to spray or that a rain will wash off the spray."
"Spraying for horn flies temporarily removes the symptom. It isn't a 'cure.' Feeding IGR relieves the symptom by providing the 'cure.'"
"It works."
"No need to worry about horn flies all season. That's peace of mind."
"IGR isn't a poison. It is a totally new concept in the control of horn flies without harming beneficial insects, wildlife or the environment."
"The active ingredient 'tricks' the horn-fly pupa into remaining a pupa until it dies without posion."

Card Of Thanks

My thanks to everyone for their help and concern during my recent crisis. A special thanks to Officer Jerry Cowin and the other policemen who helped. My thanks for your prayers, flowers, gifts and cards. I appreciate everything done for me by the doctors and nurses and by Brother Glenn Roenfeldt and Brother Wayne Oglesby.

Rachel Ruffin

Card Of Thanks

We would like to thank each of the many friends for the beautiful flowers, food, cards and words of kindness. Especially do we thank the ladies of the Oak Street Baptist Church for serving lunch and L. O. Schaffer for helping to get Clyde to the hospital.

Lillian, Georgene, Curtis & grandchildren

Card Of Thanks

We are thankful beyond measure for all of our good friends who helped us so much during our recent loss. Especially for the food, flowers and sympathy expressed. We are deeply grateful to all of you.

The Family of Elmo Cook

Card Of Thanks

I would like to say how much I appreciate everyone who helped re-elect me to the school board. I will continue to work with the other board members and administration to see that our students have the best educational opportunities and the most capable and professional personnel that the taxpayers of this district can equitably afford. Again, thank you for your expression of confidence.

Alpha Sigma Iota Plans Projects For Club Year

Alpha Sigma Iota members of Delta Kappa Gamma re-elected their current officers at their Monday, March 27 meeting, held in the Charles C. Thompson Room of the City National Bank.

Since this chapter had only been recently organized, the officers had not served but a few months and so will serve for the 1978-79 club year. They are: Carolyn Godsey, president; Tomasine Spieker, vice president; Rosanne Jameson, secretary; Toni Raesener, corresponding secretary; Anna Lee Dillard, treasurer; and Patrice McKinney, city council representative.

The Ways & Means committee suggested to the members that a bake sale should be held as a money-making project. Chairman Sandra Bloodworth presented the suggestion to the members and the date was set for May 6.

Another project decided on by the members was to purchase a pair of shoes for a primary child each month. The school nurse will be consulted to determine which children need them most.

Vice president Tomasine Spieker continued helping all pledges with the pledge program during the meeting.

Attending this meeting were Carolyn Godsey, Tomasine Spieker, Toni Raesener, Anna Lee Dillard, Judy Bennett, Sandra Bloodworth, Peggy Blackwell, Vicki Campbell, Donna Clark, Marie Helm, Connie Easterwood, Rosanne Jameson and Celia Slaton.

Attending the recent so-

cial of the Alpha Sigma Iota chapter at the home of Sandra Bloodworth Friday, March 31 were Mr. and Mrs. Dub Bloodworth, Mr. and Mrs. Rod Blackwell, Mr. and Mrs. Don Bennett, Mr. and Mrs. Pete McKinney, Mr. and Mrs. James Campbell, Mr. and Mrs. Ken Godsey, Mr. and Mrs. Dennis Raesener, Dennis Jones and Celia Slaton.

FOR THE
BIG ONES

Species, Weight, Length Documentation Of State Record Fish

All fish submitted as state records must be documented.

Documentation includes noting species, weight, length, location of the catch, tackle used, name of angler, permanent address, home and business telephone, location of scales, type and capacity of scales, Texas Department of Agriculture certification number and dates, weighmaster's name and signature, names, signatures and addresses of two disinterested witnesses to weighing, notarized statement signed by angler that the fish described was hooked, caught and landed by him personally without assistance and that all other information submitted is true and correct.

A clear photograph showing full length of the fish in relation to the angler or other recognizable object is also necessary.

A standard form for submitting record fish is available from waterfront businesses of the Texas Parks and Wildlife Department.

Specimens submitted for freshwater and saltwater divisions must be taken on rod and reel only. Spotted bass and sunfish specimens only must be examined (may be frozen) and certified by a

Parks and Wildlife Department fish biologist. Shark record submissions must include teeth, patch of skin or other verification of species.

Unrestricted division includes the heaviest of those species taken by any legal means (archery, spear, gig, handline, trotline, cane pole, etc.) other than rod and reel exceeding the weight of existing rod and reel records.

Proposed record entries should be sent to Texas Park should be sent to Texas State Fish Record Committee, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Tex., 78744.

Fishing License A Must

A Texas fishing license costing \$4.50 is required of any person, resident or non-resident, who fishes in the public waters of Texas with the following exceptions:

- Persons under 17 years of age.
- Persons over 65 years of age.
- Persons fishing in private waters.
- Persons fishing in the county or residence with trotline, throwline or ordinary pole and line having no reel or winding device attached.
- Persons holding a valid Texas commercial fishing license.

For \$8.75, a combination hunting and fishing license is available.

Aug. 31, all fishing licenses will expire, regardless of time of purchase.

Kilowatt Catfish Abundant

Kilowatt Catfish are grown at Lake Colorado City.

Fingerlings grow to weigh between 1½ to 2 pounds within 18 months under controlled conditions at Kelley's Catfish Farm in Lake Colorado City.

The Catfish Farm is located near a point where water is discharged from Texas Electric Service Company's Morgan Creek Power Plant. The discharged water is heated and kept at a constant temperature.

Catch Limits Are Set

In Mitchell County, the following size, bag and possession limits apply:

--Largemouth, smallmouth and spotted black bass, minimum size is 10 inches; daily bag limit is 10 in the aggregate; possession limit is 20 in the aggregate, except that the possession limit shall not include fish processed and stored at the fisherman's permanent residence.

--Catfish, no size limit; daily bag limit is 25; possession limit is 50.

--Walleye perch, daily bag and possession limit is five.

--Striped bass, daily bag and possession limit is one.

-----Don't Take Risks----- Abide By Safety Rules

Although water sports can be loads of fun, they can also be dangerous. Remember to follow these simple rules:

--All children under 12 years old must wear a coast guard approved life preserver any time they are in a boat that is underway and when they are skiing.

--All watercraft must carry a coast guard approved life preserver or cushion

for each person on board.

--Boats in use after dark must have a visible light and travel at a safe speed.

--Disposal of refuse, waste or other organic matter on lake or lake properties is prohibited.

--No firearms at lake properties.

--No skiing in restricted areas.

--The operation of any boat at a speed in excess of

five miles per hour within 100 feet of any shoreline or dock is prohibited.

--Skiing within the buoy creek channels is prohibited.

--All boats with over-the-transom exhaust must be muffled, according to a special Mitchell County law.

--All airboats or other watercraft powered by aircraft-type engines are prohibited at Lake Colorado City.

Fishing Rules Slated

Regarding general regulations and restricted devices, the following rules apply:

--All freshwater trotlines must be identified with a legible tag, constructed of a material as durable as the trotline, bearing the name and address of the fisherman and the date it was set out.

--All trotlines which remain in public waters shall be redated at the expiration of each 90 day period.

--No such lines may be placed or set in the vicinity of any public boat dock, public bathing pier, public bathing beach or any public place commonly used as a swimming or bathing area.

--Trotlines, throwlines and jug lines may not be placed in any body of water 500 acres or less lying totally within any state park or in the portion of any stream bordering a state park.

--Any such liens in violation of fishing regulations may be removed from public waters by a game warden.

Lake Colorado City State Park Offers An Array Of Activities

For a mere \$1, you can enjoy a day of fun at Lake Colorado City State Park.

Whether your interest is in swimming, boating, fishing, water skiing, picnicking, camping, bird-watching or simply basking in the sunshine, Lake Colorado City State Park is the place to go.

A daily entrance permit is issued to visitors and \$1 is charged for each vehicle. The permit is good to any state parks which have an entry fee on a per vehicle basis.

Valid for 24 hours, the

permit grants admittance regardless of the number of parks visited or the number of exits and re-entries of any one park during that period.

The time covered by a daily entrance permit is: (a) For day vehicles, the period corresponding to the opening hours of the park for day use.

(b) Daily permit sold in conjunction with user fees for overnight privileges are valid until 2 p.m. the following day in the park where permit is purchased.

At Colorado City State Park, the daily entrance fee

of \$1 is valid from 8 a.m.-8 p.m. on weekends and from 8 a.m.-5 p.m. on weekdays. Operational hours of the park vary with visitation and sometimes the gates remain open as late as midnight.

For those interested in spending a little more time than a day at Lake Colorado City State Park, overnight camping is available at the cost of \$3 per site. Camping with electricity is \$4 per day.

April and May are particularly active months at the park, with Memorial Day weekend generally drawing the largest crowd for the year.

An annual \$12 entrance permit can be purchased and used in lieu of the daily entrance fee at all state parks where entrance fees are charged.

The only exceptions where annual permits are not valid are at Class IV parks.

If you are interested in visiting one particular park

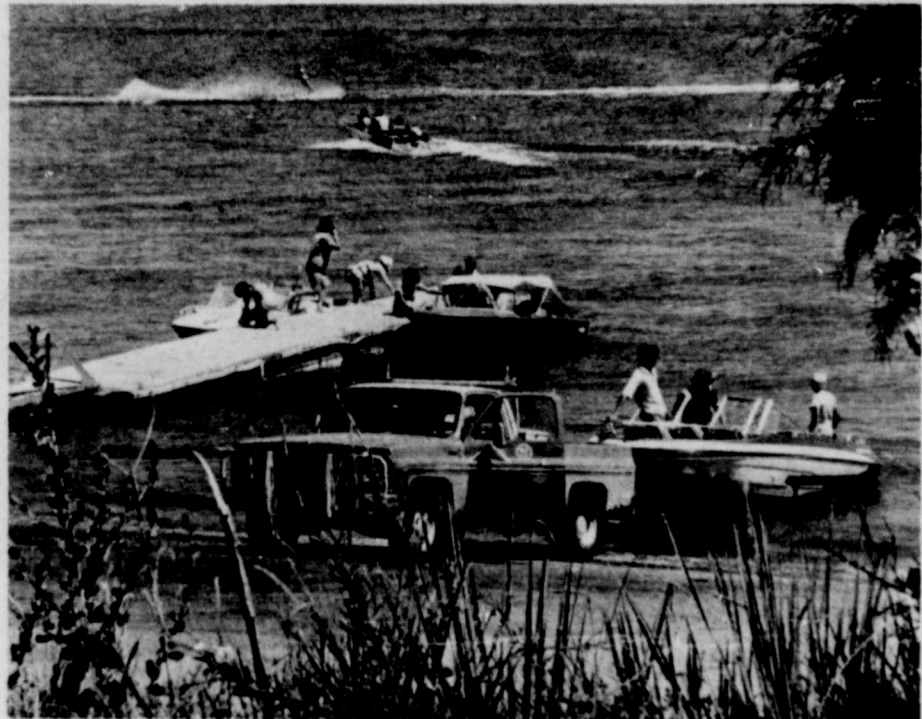

regularly, a \$5 restricted annual entrance permit is available. The restricted permit allows annual entrance privileges to any one state park as designated at

the time of purchase.

To be valid, all entrance permits must be attached to the inside of your vehicle windshield and clearly visible.

So, when considering a mode of recreation, don't forget state parks--they're a real bargain.

Plan to visit Lake Colorado City State Park.

New Facilities Are Completed

Offering recreation and sport, Lake Colorado City State Park is the scene of much activity, particularly during the summer months.

Boating, swimming, picnicking, camping and fishing are among the list of activities enjoyed by the numbers who swarm to the park each year.

This year, Lake Colorado City State Park underwent a construction program totalling \$1,200,000 to improve the facilities.

The construction done on the park included 44 multi-use campsites with electri-

city and water and about 70 tent sites with water. The sites have trash cans, picnic tables and barbeque grills.

Three restroom facilities were added--two complete with showers.

In addition to the new park facilities, a home was built for the park ranger. The three-bedroom house with gas and electricity is partially hidden from the recreation area.

The park is visited by people from everywhere. Fourth of July weekend, over 10,500 people went to the park. Memorial weekend saw an even bigger crowd, with visitors totalling over 15,500.

Good Fishing At State Park

Offering an smorgasbord of activities, Lake Colorado City State Park has facilities to accommodate an array of interests.

Fishing is excellent, whether from a boat, the shore or barge. Three fishing piers are offered at the lake.

Unsupervised swimming areas with two beaches stretching over a mile are also available to the visitor.

For those interested in boating, a four-lane boat ramp with easy access to and from the lake is offered.

Camping areas—both primitive and complete with restroom and shower facilities—can be found at the park.

Located 11 miles southwest of Colorado City on FM 2836, the 500 acre recreation facility is leased from Texas

Electric Service Company until July 9, 2020.

Created in 1949, the lake was made by damming Morgan Creek, a small tributary of the Colorado River.

Five miles of shoreline is contained in the irregularly shaped park.

Admission to the park is \$1 per vehicle per day with annual entrance permits and restricted annual permits available.

Camping fees are \$3 per day (which includes park entrance fee) for either a primitive site or one complete with tables, grill, water and a nearby restroom. Campsites with electricity are \$4 per day (which includes park entrance fee).

No more than two motorized vehicles are allowed at each campsite.

Fine Dining For Visitors

Besides good fishing and an array of recreational facilities, Colorado City also offers visitors fine dining and overnight accommodations.

For those who don't particularly want to pitch a tent at the lake, there are a number of motels available, including Villa Inn, White-Way Motel, Western Motel and States Motel. Weekly rates are available and some include kitchenettes.

In addition, there are a number of cabins available at Lake Colorado City.

For dining, there is Villa Restaurant, Jim's Truck Town (open 24 hours a day), Sportsman's Cafe on Lake Colorado City (closed Mon-

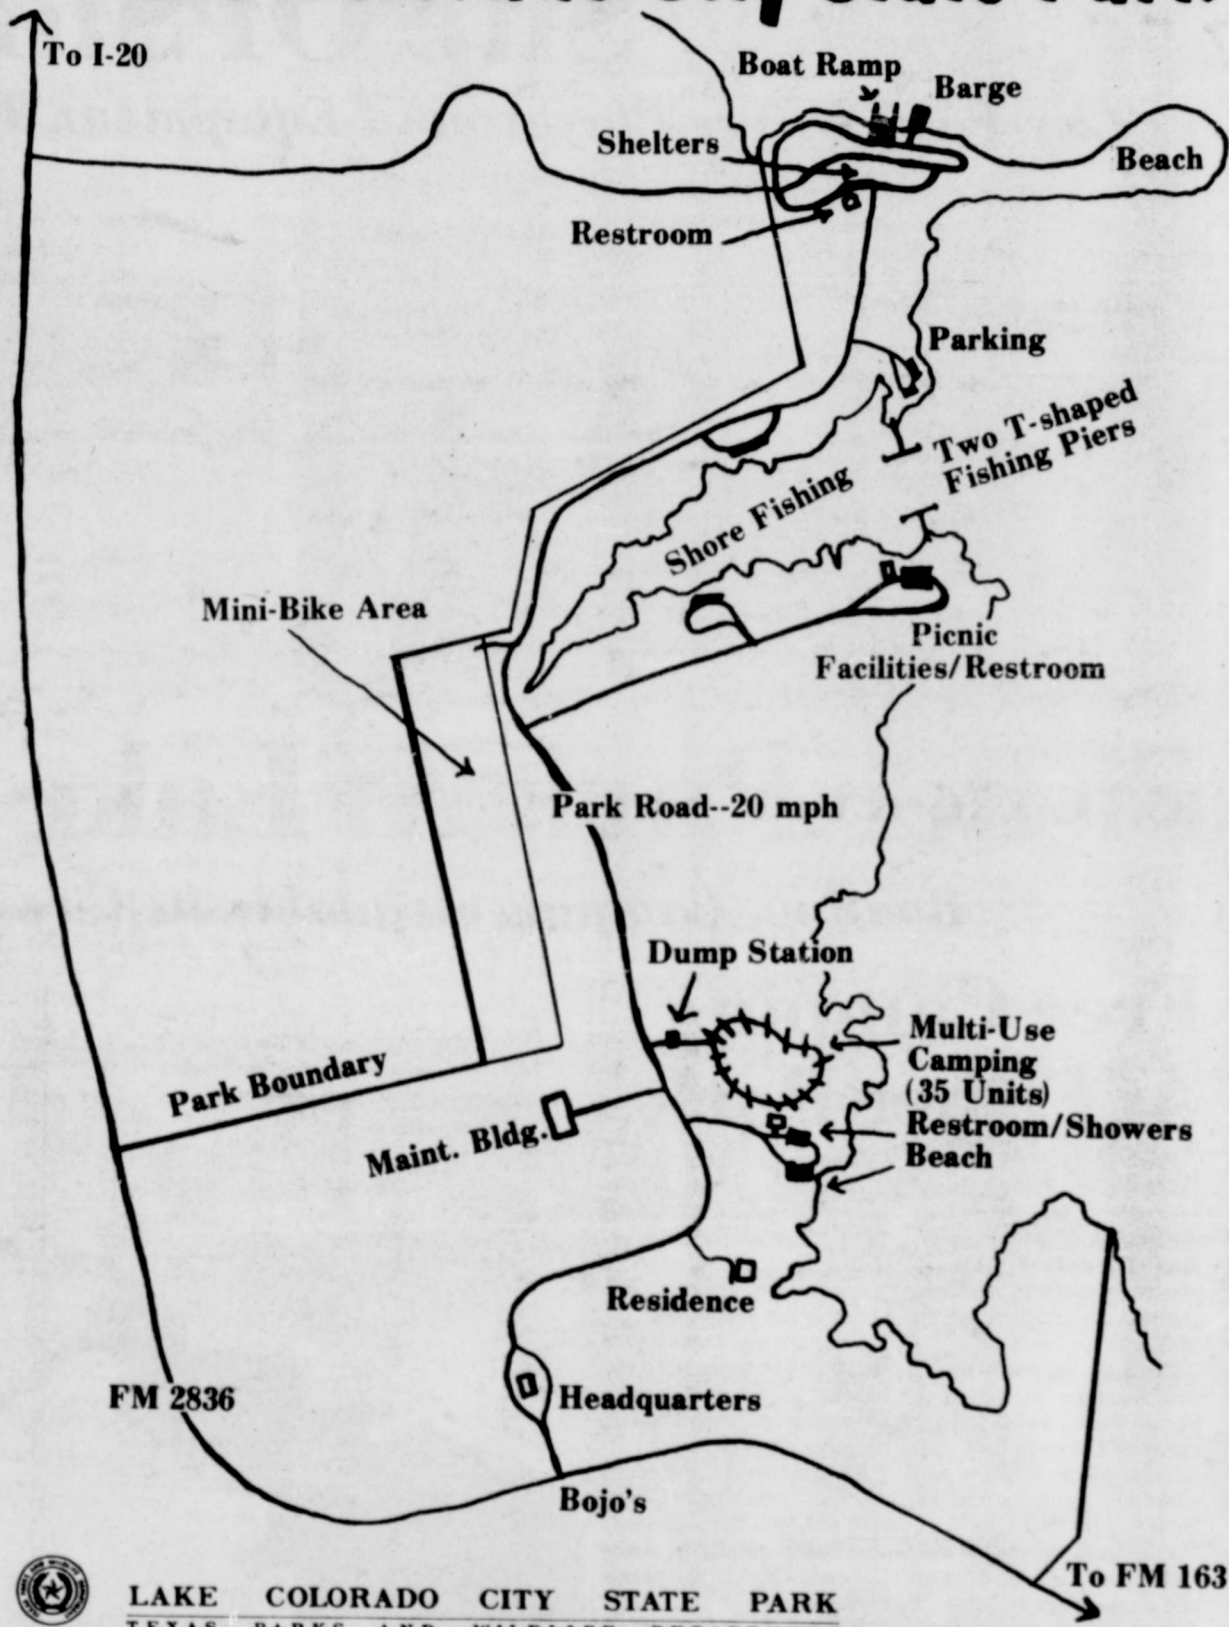

day), Dairy Queen, Penny Lane Restaurant (closed Sunday), Jess' Bar-B-Que, Round Top Cafe, Lazy Day Drive Inn, Western Cafe, Wildcat Cafe, Cattleman's Steakhouse and Bojo's (located on FM 2836 at the State Park entrance).

Colorado Drug also is available, offering fountain service.

A camper's paradise, Colorado City offers many camping parks at Lake Colorado City, Lake Champion and Ruddick Park. There are also sites available along Interstate 20.

Colorado City is an ideal place to spend a vacation or a weekend—come and have a good time.

Fisher Park At Lake Champion

Boating, Camping Available At City Operated Park

Free Camping At Fisher Park

Free camping facilities are available at Fisher Park, located on Lake Champion.

Electricity, water, restroom and shower facilities, picnic tables and covered shelters are available at no charge.

Plans are currently under consideration to improve Fisher Park, which is operated by Colorado City. Additional picnic shelters and overnight facilities are included in the plans.

The park sports a concrete boat launching ramp and a concession building. A fishing dock is also offered.

In order to fish at Lake

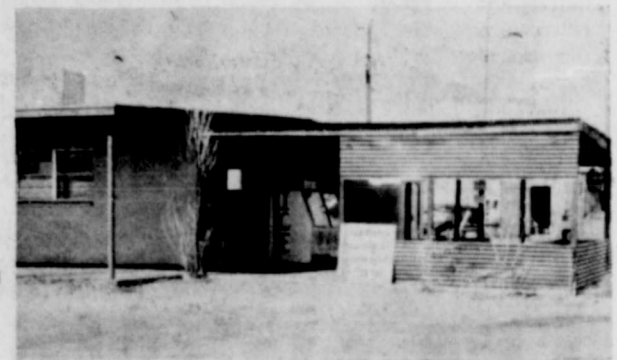

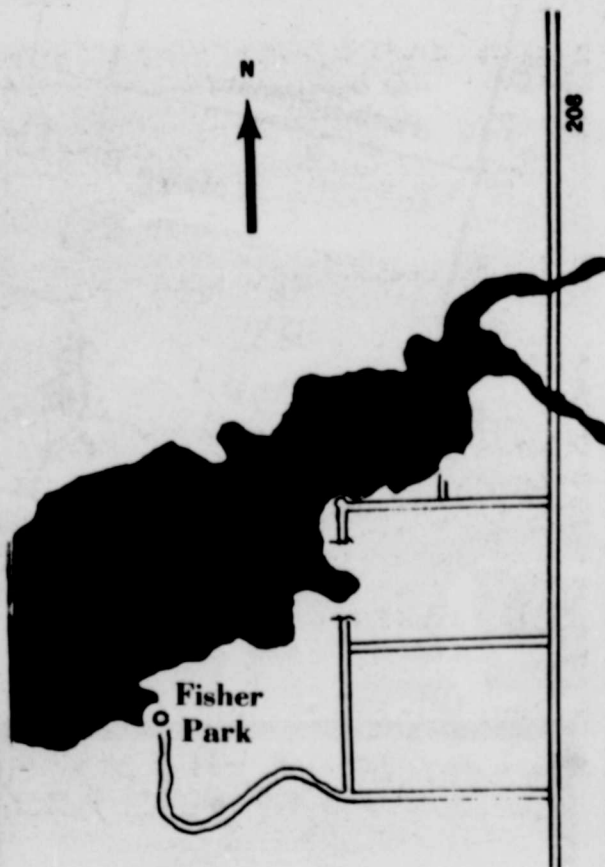

Champion, a fishing permit is necessary, costing \$5 per year or 50c per day. A Texas fishing license is also required.

Boating is allowed, but skiing is not permitted.

The park was turned over to the city to operate for the benefit of local and area fishermen by Texas Electric Service Company.

Beeman Fisher, president of TESCO when Lake Champion was built to supplement the water supply in Lake Colorado City, is the park's namesake.

Fisher Park is located off the San Angelo Highway.

-- -1880 Birth Year Of Town-- -

Colorado City Is Scene Of Change

Born in 1880 as a construction camp along the Texas and Pacific Railroad between Weatherford and El Paso, Colorado City has experienced vast change since that time.

With the arrival of the first train in 1881, Colorado City became a major supply and shipping center for a large ranch area in West Texas. With the oil strikes in the 1920's, the city experienced another boom.

Today, agriculture provides a large portion of the city's income, although business and industry are also strong contributors. Oil activity continues to enhance the economy as well.

Besides offering scores of

outdoor activities with Lake Colorado City State Park, Lake Champion and Ruddick Park, Colorado City has numerous indoor activities available.

One of the main attractions to Colorado City is the Colorado City Playhouse Inc. Located at 337 Walnut, the Playhouse offers live productions, performed usually by local personalities. Presently *Annie Get Your Gun*, a musical by Irving Berlin is on stage. Upcoming production is *Accommodations* slated to go on stage in late May. A drama, *All My Sons*, will be presented in August and a melodrama will hit the stage in October.

The Colorado City Histori-

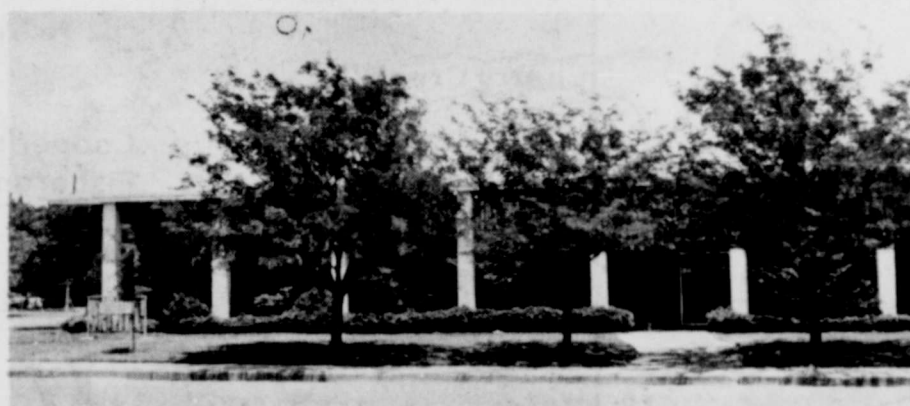

cal Museum is open to the public Tuesday through Sunday from 2-5 p.m. Featuring area collections in paleontology and pioneer memorabilia, the museum also has an excellent display of photographs depicting scenes of the early settlement.

Located at 340 Oak (across from Mitchell County Courthouse), Mitchell County Public Library offers an abundance of services to visitors. Housing more than 30,000 books, the library subscribes to various periodicals and newspapers. One of the features of the library is a collection of Texas history books. Hours are 9:30 a.m.-5:30 p.m. every day except Sunday.

Mitchell County has 22 historical markers awarded to buildings, places or in memory of people. A complete list of markers and their locations in the county can be found in the library or museum.

Map Of Lake Colorado City... Where Activities Abound

TESCO Plant Helps Fishing

Texas Electric Service Company's Morgan Creek Power Plant on Lake Colorado City is the largest power plant in West Texas and the biggest in the vast system of TESCO.

The power plant is one reason for the high number of game fish in Lake Colorado City and TESCO has won national recognition for its consciousness of effects of its power plant on the lake environment.

Because of the large volume of water circulated by the power plant, there is greater distribution of nutrients and minerals than there would be otherwise.

Thus, an extended spawning season is the result.

Lake Colorado City has consistently yielded 50 per cent or more of game fish in nettings while other lakes produced only 20 per cent or less of game fish.

Studies by TESCO have determined that the temperature of water discharged from the power plant enables game fish to live in deeper water which is monopolized by rough fish in other lakes.

It is also thought that the temperature of the water in parts of the lake enables fish to continue to grow in the winter when fish normally become dormant.

No Charge For Senior Citizens

State and national parks are a true recreational bargain, especially for senior citizens.

In 1975, the 64th Legislature authorized waiving park entrance fees for persons 65 years of age and over.

With proof of identification, the Texas Parks and Wildlife Department will issue a free, annual State Parklands Passport to senior citizens.

The Golden Age Passport, free to persons 62 years of age or over, is good for the lifetime of the permittee and allows entry to the holder and accompanying riders to selected parks. In addition, a 50 per cent discount for

use of non-concession facilities with the national areas is offered.

But senior citizens aren't the only group offered a bargain.

For \$10, those under age 62 can purchase the golden Eagle Passport, which is good for one calendar year. This passport will admit the holder and companions to select state and national parks. Facility fees are not covered in the federal area.

Information brochures about the federal permits may be obtained from the National Park Service, Interior Building, Washington, D.C., 20240 or the U.S. Forest Service, Washington, D.C., 20250.
