VOL. 3, No. 252 — SNYDER, TEXAS, WEDNESDAY, FEBRUARY 18, 1953 — EIGHT PAGES — PRICE 5c

Allowable Cut Ordered Again By Commission

AUSTIN (AP)—The Railroad Commission today slashed Texas allowable oil production for March by 118,405 barrels daily, cutting permissive flow to 3,118,751 barrels per day.

Increasing imports and too much stocks were given as reasons for the cutback.

Hundreds of oil men, including officials from major companies, crowded the public hearing preceding issuance of the order.

Two officials, representing Socony-Vacuum and Standard of California, testified under questioning they are depending on imports from Canada rather than Texas production for their long - range supplies.

A number of the nation's top oil figures were present to tell the oil regulatory commission first hand of the industry's need and plans for 1953.

ONLY TWO TESTIFY

Only the two testified, however. They were put on the griddle by Alvin Lane, Dallas attorney-oilman who said he owned production in East and West Texas and was representing West Coast Pipeline Co., a line still on the planning board.

F. W. Bartlett, a director of Socony-Vacuum, told Lane and the commission his company does not intend to supplant domestic production but it cannot take Texas oil to the West Coast except at a substantial loss because of transportation costs.

He testified long-range plans to use Canadian oil instead of Texas oil would balance out by leaving Texas oil to go East. He said Canadian oil would fill the Eastern demand if the Texas oil were taken West.

Bartlett declined to say flatly how much his company would cut imports, however, if a demand decline developed in this country.

Austin Cadle, representing Standard of California, testified that if a Texas-to-West Coast pipe line were built to deliver oil at 50 cents a barrel the supply "would certainly be considered."

Kent County Wildcat Slated To Be Drilled

Novi Equipment Co. of Fort Worth has set location in Northwest Kent County for a new wildcat.

It will be the No. 1 J. N. Self, at the center of the northeast quarter of the southwest quarter of section 9-B-PSL, 16 miles northwest of Clairemont.

It will start at once to drill with rotary tools to 6,500 feet to test the Pennsylvanian lime.

BORDEN COUNTY

Superior & Intex have located a new project in the Fluvanna area of Northeast Borden County as their No. 9-580 C. D. Jones.

It will drill to 9,000 feet or a test of the Mississippian at a lesser depth, using rotary tools and beginning at once.

It is 1,980 feet from south and 660 feet from east lines of section 580-97-H&TC, three and one-half miles northwest of Fluvanna.

Completed in the same area by Superior was the No. 10-535 Jones, 1,980 feet from south and east lines of section 535-97-H&TC.

It was finaled for a 24-hour potential of 195 barrels of oil. No other details were available.

DRILLING REPORT

Humble No. 1 Nachlinger in the Buffalo Creek Ellenburger field near Hermleigh took a drillstem test in Ellenburger at 7,615-635 feet. Tool was open two hours, and recovery was five feet mud with no shows. All pressures were zero.

It deepened to 7,645 feet and is now preparing to take a drillstem test at 7,633-645. Operator has not picked the top of the Ellenburger but thought it to be at approximately 7,615 feet.

Texaco No. 2 M. A. Fuller, North Scurry wildcat, has plugged back to 2,381 feet in San Andres and washed open hole above that depth with 750 gallons of mud acid. It is now swabbing out load oil to test. The section in which acid was used had some shows of oil. Operator has given up on depths below there.

Rowen No. 1 Long, Southeast Borden wildcat, flowed 14 hours and made 161 barrels of fluid. During the first seven hours it was from 18 to 20 per cent water, and during the last seven it was from 30 to 50 per cent water. The rest of the fluid was oil. It is still flowing and swabbing to test on a plugback total depth of 8,541 feet in Mississippian.

Sun No. 1 Dean, Northeast Dawson wildcat, drillstem tested the Permian sand at 7,615-635 feet with tool open two and one-half hours and recovered 120 feet gas and oil cut mud with no water. It is now taking a drillstem test at 6,566-596 feet.

In Howard County, Stanolind No. 1 Smith is still in process of taking potential test.

In Scurry, Texaco No. 3 Fuller is drilling at 6,124 feet in shale and Louisiana Land No. 1 Howell is at 4,790 feet in lime and shale.

In Mitchell, Sun No. 1 McCabe is coring at 6,860 feet in lime and shale and Humble No. 1 Coleman is at 3,305 feet in lime.

In Borden, Green No. 1 Wolf is drilling at 4,611 feet in lime.

In Kent, Sunray No. 1-56 Mays is drilling at 5,812 feet in shale.

In Dawson, Union No. 1 Goodson is at 6,966 feet in lime and shale.

Israel's Plea For Aid Held Untimely Now

WASHINGTON (AP) — The United States is reported turning a cold shoulder to Israel's urgent plea for aid while lining up limited military and economic help for Egypt.

The Eisenhower administration, it was learned, has decided to sidetrack Israel's bid, temporarily at least, in order to avoid antagonizing strategic Arab governments.

Seven Arab nations jointly told the State Department yesterday "any more help of any sort" might endanger the uneasy truce between Arabs and Jews in the Middle East.

The bitterly worded Arab complaint said Israel was trying to "exploit" its diplomatic break with Russia to win special assistance from the U. S.

Top American officials reportedly assured the Arab diplomats the administration would treat all Middle Eastern countries equally.

Touring Burglar Pulled One Job Too Many Before Going North

AUSTIN (AP)—Eight Texas cities were included in his three-state jewelry robbery tour, a 47-year-old ex-convict told a reporter yesterday.

Harry Charles Suggs, now jailed here for a store robbery in San Angelo, told an Austin American reporter he had "knocked off" stores in Denton, Tyler, Sherman, Longview, Abilene, Waco, McKinney and San Angelo. He also told of loot taken in Pittsburg, Newton and Chanute, Kan.; and Ponca City and Chickasaw, Okla.

Police Lieut. Jim Flow said Suggs was connected with 13 burglaries in the three states since he left the Texas Prison last September.

Suggs told a reporter he had enough. After the San Angelo job, he said, he intended to "quit and go up north and go in the Forest Service."

FIRE RAGES ON WATERFRONT

Smoke from the flames below pours up over Baltimore's waterfront as Tuesday's high winds drove a big fire through a lumberyard, into a boatyard, a freight car ferry slip and several warehouses in Baltimore. The scene was about 25 blocks souheast of the main business section, in the Canton section of the waterfront.

Sentell Brings Out Bill To Allow County-wide School Tax

By EDWARD H. HARTE

AUSTIN — Rep. C. F. Sentell of Snyder has introduced a bill to allow counties to levy an equalization tax of not more than 25 cents on the $100 valuation, to be disbursed among the common and independent school districts of the county on an average daily attendance basis.

"This bill would permit any county to vote a county - wide school tax, if the citizens wanted it," Sentell said. "Like most taxes today, it takes into consideration one's ability to pay.

"There might exist in the same county one district with immense taxable valuations but few students, while another district would have the majority of the county's students but little property against which to levy taxes.

"In such a case, the county could vote a county-wide tax, up to 25 cents.

"I was asked by one of my districts to introduce a bill making this procedure possible for that specific area. These local bills, or 'racket bills', usually are unconstitutional and are contested.

"After studying it, I decided to introduce this bill, House Bill 336, which will permit any county to adopt this plan if it wants to.

"I believe it fits into the picture of general state - wide lack of money for education. It won't provide nearly enough money to cover the $600 across-the-board teacher salary increases (estimated to cost 33 million dollars).

"But it would help local districts to increase their income without depending upon state and federal funds. State and federal aid always carries the threat of eventual control of our schools by those away-from-home government bodies.

"I'm getting lots of support for the measure from all over the state. So far there is practically no opposition. We can expect some opposition from very rich school districts, however, which will want to keep what they've got."

Briefly, the provisions of the bill would be as follows:

Each county in Texas may have a county unit system of education and may exercise the taxing powers of such if the voters elect to do so.

Such a county-wide school equalization district could collect up to 25 cents on the $100 valuation annually, the money to be known as an equalization fund for the support of the public schools of the county, distributed according to the number of students in various school districts of the county.

Under the bill, county property would be assessed for the school tax at the same rate of valuation as that for state and county taxes.

The County Board of School Trustees would be trustees of the county-wide school collections, and the county superintendent would be treasurer of the county - wide district.

Money would be disbursed on the basis of the average scholastic attendance of each district within the county for the last preceding three school years.

The act specifically would not change any duties or powers of trustees of any common or independent school districts in counties which voted the county-wide equalization district.

Texas Redistricting Bill Is Being Studied By Legislators

AUSTIN (AP)—Legislators have started coloring maps of Texas, but it isn't third grade geography—it's the congresional redistricting problem.

Two maps re-aligning the 21 congressional districts to make way for a 22nd had evolved today.

But there was no assurance either of those maps would survive very long.

Texas was entitled to a 22nd congressman under the 1950 census but the Legislature failed to redistrict the state in 1951.

The 1950 census also shows population shifts.

Subcommittees have been at work, trying to carve out 22 districts on the basis of an average population of 314,699.

There are more problems:

1. Present congressmen don't want to be thrown into a district with another so they would have to run against each other for re-election.

2. Smaller cities don't want to be thrown in with larger cities that could control the voting.

Under present plans, the Panhandle district would remain the same except for the addition of Floyd County. The 19th District now represented by Rep. George Mahon, Colorado City, would lose Dickens, King, Kent, Stonewall and Haskell Counties. Those five would go into the 13th District of Rep. Frank Ikard, Wichita Falls.

Cooke and Denton Counties, now in the 13th District, would be switched over to Dist. 4 of Rep. Sam Rayburn, Bonham.

Down in the Valley, Cameron, Willacy, Hidalgo, Starr and Zapata Counties—and maybe Webb—would comprise one district.

The 14th District of Rep. John Lyle, Corpus Christi, would be cut down to the north but extended westward to take in LaSalle and Frio Counties.

The part of Texas from San Antonio southeast to the Gulf, encompassing Victoria, would be a new district with no present congressman living within its borders.

In East Texas, Navarro and Hill Counties would be added to the district now served by Rep. John Dowdy, Athens.

26-Degree Low Here

The temperature went to 26 degrees last night but had risen 10 degrees by 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, official weather observer. The high reading yesterday was 64 degrees, she said.

Supreme Court Strikes Down Water District In Martin County Fight

AUSTIN (AP)—The Supreme Court today refused to rehear the Martin County water case.

It had ruled Jan. 21 that the Colorado River Municipal Water District waited unreasonably long before seeking a court order against operation of the Martin County District.

The court rubed out an injunction granted the CRMWD against the Martin County District.

More Controls Are Discarded

WASHINGTON (AP)—The government today lifted price controls from milk, butter, ice cream and other dairy products. Drugs, cosmetics, coal and most service charges, such as for auto, radio and television repairs, also were freed from controls.

Price Stabilizer Joseph Freehill said the items decontrolled in the new list affect about 10 per cent of the articles used in making up the cost of living index. He said the Office of Price Stabilization still retains full control over about 13 per cent of the items and partial control over about 3.5 per cent.

Missing from the list was cigarettes and other tobacco products on which OPS had planned yesterday to lift controls. The agency decided overnight to substitute milk and dairy products and oleomargarine for the tobaccoes.

Big Red Training Base And 7 MIGs Destroyed In Biggest Allied Raid

SEOUL (AP)—Nearbly 400 Allied fighter-bombers blasted a big North Korean tank and infantry training base into flaming ruin in dawn to dusk raids today, touching off furious air battles that saw seven Red MIG's shot from the skies, the Fifth Air Force reported.

Two tremendous air blows by 379 fighter-bombers turned the center near the North Korean capital of Pyongyang into a sea of "hellish fire" with great explosions that jarred raider planes 11,000 feet up, returning pilots reported.

Air Force and Marine planes teamed in the strike, billed as the largest of the year. Late arrivals over the target said fires and towering smoke columns made it impossible to tell immediately how much damage was wrought.

It was the second big raid of the week. Sunday, more than 200 fighter-bombers attacked a troop and supply center southeast of Pyongyang.

While fighter-bombers systematically worked over the target, swift Sabres barreled on north and took on MIG15 jets who were heading south from their Manchurian bases toward the bombing scene.

There was a series of short and savage air battles in one of which four Sabres defiantly took on 32 MIG's.

Today's seven boosted to 35 the number of MIGs reported destroyed or damaged in four days of fierce aerial fights. Of these, 14 were destroyed, 5 probably destroyed and 16 damaged.

FIND MONEY

Laurence Freeman, 27 (left) and Elmer Berg, 33, look over part of the $30,000 cache they found in a musty farmhouse attic in Dassel, Minn., while installing electric wiring. The house was vacant and there are no immediate clues to ownership. Some of the bills date back to 1882. Freeman and Berg hope no claimants will appear and it will be ruled "finders keepers."

Two Notes To Russia Readied

WASHINGTON, (AP)-Members of Senate Foreign Relations Committee—working in close co-operation with President Eisenhower—continued work today on two sharp notices to be served on Russia.

One will voice a warning to Stalin and his satellite countries that this nation condemns without reservation any campaign of persecution of Jews behind the Iron Curtain.

The other is intended to make it clear to the Soviet Union and its victims alike that the U. S. disowns any secret executive agreements under which people have ben enslaved.

Sen. Ferguson (R-Mich) said he would urge committee hearings to determine not only what agreements were made at Potsdam, Yalta and other meetings, "but who was responsible for these agreements."

Rosenbergs To Appeal To Ike

NEW YORK (AP) — The attorney for condemned atom spies Julius and Ethel Rosenberg says he will make a new plea to President Eisenhower for executive clemency.

The lawyer, Emanuel H. Bloch, adds that the couple "will be vindicated" when Eisenhower "receives the full details."

Bloch made these statements to newsmen late yesterday after a three-man Federal Appeals Court granted the Rosenbergs a new stay of execution until March 30 or longer for another appeal to the U. S. Supreme Court.

Rosenberg, 34, and his 36-year-old wife were convicted almost two years ago of conspiracy to transmit atomic secrets to Russia.

One plea for executive clemency already has been made by Bloch. Eisenhower announced his rejection of the appeal a week ago. On Monday a Federal District Court scheduled the Rosenbergs to die the week of March 9 in the electric chair at Sing Sing Prison.

Secretaries Called Necessary By County SuperintendentHere

Rep. Omar Burkett of Eastland may draw fire from several county school superintendents because of his preparation to submit a bill in the House to keep stenographers for county superintendents off the state payroll.

Burkett's bill is House Bill No. 386, which would affect only county superintendents in counties of 30,000 population or less, which would include Scurry.

Burkett declared "There is no need for employment of secretaries or stenographers for county superintendents in counties containing 30,000 or less." The bill would specify that no public money be expended for such salaries.

"There is more bookkeeping in a place like this than in a county judge's office," Forrest Beavers, Scurry superintendent said, adding that the county has an auditor to take care of its bookkeeping.

"In this office, we have more bookkeeping than anything else," Beavers said. "We have about $200,000 a year going through this office on the books, and we have to have someone who knows bookkeeping to take care of it."

Beavers concluded, "Besides, I can't stay here all the time. I've got to have someone to take care of the office while I am out."

Burkett's bill states that "nothing in this act shall prohibit the employment of a secretary or stenographer for a county judge by a county nor prohibit the expenditure of county funds for such purpose." In small counties, the county judge often serves as the superintendent.

Chinese Coastal Area Put Under Martial Law By Communist Leaders

TAIPEH, Formosa (AP)—Ta Tao News Agency said today the Chinese Reds have called in additional troops and clamped rigorous martial law on the mainland coast of Fukien Province, opposite Formosa.

Ta Tao, organ of National China's Interior Ministry, said the Communists set up a special garrison headquarters at Minhow port, capital of Fukien.

The agency gave underground contacts as its source.

It said Minhow headquarters was established Feb. 5 — three days after President Eisenhower announced the U. S. decision to deneutralize the Formosa Strait.

WEATHER

WEST TEXAS — Partly cloudy and windy, occasional rain Del Rio - Eagle Pass area Wednesday afternoon and night. Thursday partly cloudy and colder, scattered thunderstorms Del Rio-Eagle Pass area and east of Pecos Valley and east portion of South Plains.

House Group Disagrees With Ike About Not Cutting Taxes

WASHINGTON (AP) — The House Ways and Means Committee disagreed vigorously and openly today with President Eisenhower's vowed policy of putting spending cuts ahead of any reductions in taxes.

A tax cut must "precede, not follow" budget reductions, the committee said in a report to the House only one day after Eisenhower strongly renewed his stand for the reverse order.

Further, the committee asserted, a delay in tax trimming until the level of spending is determined—the approach stressed by Eisenhower—"might well have serious economic consequences."

This language brought squarely into the open a simmering clash among Republicans over tax policy and raised the threat of a possible presidential veto. It was approved by the committee in a closed meeting late yesterday—without a roll-call vote.

The committee planned to make it public today. Some newsmen saw a copy in advance of that action.

The report formally sends to the House, with a recommendation for passage, a bill by Committee Chairman Reed (R-NY) to cut individual income taxes 10 per cent starting July 1—a bill approved 21-4 by the committee Monday.

At his first White House news conference, Eisenhower said yesterday that the government cannot afford to reduce taxes or federal income until it has in sight a spending program which balances income and outgo. Otherwise, he added, higher taxes may result in the future.

Eisenhower would not say whether he would veto any tax bill which may reach his desk. But he did say at one point he would not consent as things now stand to any reduction in government revenue without a substitute which would bring in as much.

The President indicated if the excess profits tax on business is to expire June 30 — as provided in present law—his administration would seek a substitute for that revenue, estimated at about 2½ billion dollars annually.

Ways and means committee sources said today they have heard the Treasury is considering asking for a temporary increase of 2 percentage points in the regular income surtax on corporations as a substitute for the excess profits levy. That would boost the regular top rate for corporations from 52 to 54 per cent.

Reed, however, said, "There will be no increases in taxes of any kind this year."

And the report threw the official weight of his committee behind a statement that the excess profits tax should be allowed to expire as scheduled. The report denounced the tax—which runs up to 82 per cent on profits considered excessive—as one that "shackles new, small and growing corporations (and) tends to favor old and well-established businesses."

Democrat Says Eisenhower Is Playing Politics With Korea

WASHINGTON (AP)—Rep. Price (D-Ill) declared today that proposals thus far advanced by President Eisenhower to break the Korean stalemate have been "a sham" and "little more than campaign politics."

He dismissed as "window dressing" the President's references to Korea in his message to Congress on the state of the union, and called for a return to bipartisan political co-operation on foreign policy and security problems.

Price, member of the House Armed Services Committee, wrapped up in a speech prepared for house delivery probably the most outspoken attack on the new Republican administration yet to be voiced by a Democrat in Congress.

Price said he was "dismayed" by plans announced thus far to fulfill Eisenhower's "implied promise" during the campaign to bring an early and honorable end to the Korean War.

Price said the two main points dealt with training of additional South Korean divisions and ending use of the U. S. 7th Fleet as a "shield" for Red China.

Price said Eisenhower "should have learned" that the U. S. has been embarked "for well over two years now" on an intensive program of training South Koreans.

As for the 7th Fleet, Price said this "runs contrary to facts. . . . and amounts to a political statement designed to reflect upon the integrity of the previous administration."

Price declared Chinese Nationalist troops "for some months" have been conducting "pin prick" raids on the Chinese mainland from islands off the South China Coast. He added, it was doubtful that even later Chiang's forces could raid the mainland from Formosa without substantial help—possibly including U. S. Navy and air support.

"It is," he asserted, "therefore a sham to state that we will no longer 'shield' Red China."

Officials Said Exaggerating Number Of Illegal Mexicans

By The Associated Press

Mexican authorities say U. S. officials exaggerate the number of wetbacks—illegal Mexican Aliens—who enter the U. S.

And the North American officials who should know say a record number of the illegal aliens are expected to slip across the border this year in search of jobs, mostly in agriculture.

Reports from Mexican consuls to the Mexican Secretary of the Interior yesterday indicated that no more than 200,000 or, at most, 250,000 farm workers entered the U. S. without contracts last year.

But in Washington, U. S. authorities said more than 600,000 had been picked up by immigration men in 1952 and stated even more might slip across the Rio Grande in 1953.

At the same time, an AFL-CIO committee on migratory labor complained that provisions for legal entry of Mexican farm workers in the U. S. has failed to stop the tide of wetbacks.

FACILITIES CHARGED

The 16-man labor-organized committee said in a report to the U. S. Secretary of Labor that inadequate facilities for patrolling the Mexican border leaves an open route for subversives and narcotics peddlers to enter the country.

U. S. authorities say they caught 65,000 wetbacks in January and shipped them back to Mexico and claim the Border Patrol picked up 651,000 and returned them to their own country in 1952. U. S. sources also claim just as many—some sources say twice as many—managed to evade apprehension.

Mexican authorities, on the other hand, said the actual totals not only were far below the Washington estimate, but was below the 1951 total of around 300,000.

NEW STEPS TAKEN

The Mexicans say, however, that they are taking new steps to halt the wetback flow across the border and add that they are co-operating in full with the U. S. Extra patrols, it was added, are expected on both sides of the Rio Grande.

Processing centers are in operation at Durango, Guadalajara, Irapuato, and Chihuahua signing up 75,000 braceros (farm workers) requested so far this year by U. S. farmers and ranchers.

Before the season ends, about 250,000 legal farm workers are expected to be signed, about the same number as last year.

Meanwhile, North Americans apparently are growing increasingly concerned over the possibilities of spies entering this country by the Rio Grande's "soft underbelly."

U. S. officials who asked that their names not be used said enemies of the U. S. have long been aware of how easy it is to slip into this country by way of Mexico.

LABOR FIRST CONCERN

Making it clear, however, that labor is their primary concern, AFL-CIO leaders complained that more Mexicans than are actually needed are imported legally depriving American farm workers of jobs and undermining working conditions and wages.

Marine Company Raises $1,100 For Children Of Dead Buddies

LONG BEACH, Calif. (AP)—There were tears in her eyes and a sob in her voice but Mrs. Betty Ann Elwell was proud, too, when she said:

"Those Marines—pretty wonderful guys."

And in Los Angeles, Mrs. Amalia Gutierrez nodded quietly in agreement.

They were talking about men of the 1st Marine Division in Korea, who dug into their pockets and raised $1,100 — $550 each for the baby sons of Mrs. Elwell and Mrs. Gutierrez.

The infants will never know their fathers, Pfc. John Robert Elwell of Fayetteville, W. Va., and Pfc. Robert R. (Rudy) Gutierrez of Los Angeles.

Both died heroically in an assault on a Red-held hill.

Their company, which was ordered to "neutralize" the hill—and did—lost 16 men. Seventy-one others were wounded in the bitter fighting.

A day or so later M. Sgt. H. C. Bruton of Denison, Tex., and the company commander, Capt. Don Blanchard of Inglewood, Calif., were cataloging personal effects of the casualties. Bruton recalled giving Gutierrez a drink to celebrate the birth of Rudy's son, and Elwell running into a tent, waving a telegram and shouting: "I'm a father!"

"Captain," said Bruton, "we ought to do something for the kids." He slit a cardboard box, set it on a desk and went down the company street to pass the word: "If you want to give something to the kids of Gutierrez and Elwell, there's a box in my tent."

The response amounted to $1,100 worth of savings bonds. Cpl. Robert Neal of Elkhart, Ind., giving the last $50 he had, summed it up with: "They were my friends. They were good fighting men."

Mrs. Elwell, 35, said she soon will take John Robert Jr., 3 months, back to Fayetteville, which was her home too. She'll save the money for some useful purpose later.

"Those fellows were wonderful—especially because they didn't know our family personally," she said. "John was a wonderful man, to me, but I thought he was just another guy as far as the Marines were concerned."

She choked up a bit as she remembered: "My husband's last letter was written Feb. 1 and he was so anxious to see the baby. He figured on being home in April."

Mrs. Gutierrez, 22, said she and Steven, 5 months, will continue living in Los Angeles with her parents.

"Rudy wrote me his buddies had a drink to celebrate the baby's birth last August," Mrs. Gutierrez said. "The money will be saved for Steven's education."

Maybe someday these children will want to know how their fathers died.

Elwell, racing up the hill with his fire team, had gone completely over the top and down the other slope. He died fighting inside the Red trench system.

Gutierrez and his machine-gun crew covered Elwell's advance from an exposed hill despite fire from three sides. He was killed by a mortar.

Blanchard said he would cite both men for bravery.

Arguments Set In Meat Case

KERMIT, (AP)—Final arguments began today in the trial of a West Texas foods dealer on charges of selling horsemeat for human consumption.

Defendant is Tom Gordy, owner of the Kermit Provision Co., which supplies markets in many West Texas cities. The misdemeanor charge carries possible penalties of $1,000 fine, two-year jail sentence, or both.

County Judge W. E. Cook charged the jury at 7:30 p. m. yesterday after six state and one defense witnesses testified.

One state witness was J. H. Arnett, Austin, State Health department chemist. Arnett testified he inspected a meat sample given him by a Texas ranger Jan. 31 and it contained horsemeat.

Earlier, Texas Ranger Earl Stewart told of taking a sample of hamburger from a Kermit cafe to Austin for inspection.

M. T. Wingham, Kermit, a butcher, testified he'd worked for Gordy a short time but quit because he "didn't want to get into trouble."

The defense witness was W. A. Carruth, Kermit, who testified he had worked for Gordy four months and had not seen horsemeat used.

Canadian River Water District Gets Unanimous Senate Vote

AUSTIN (AP)—A Senate committee took just 10 minutes today to hear about the proposed Canadian River Municipal Water Authority and then unanimously approved the bill creating it.

Some 30 men from the Panhandle and High Plains had traveled the 600 miles for the hearing before the Senate Water Rights Committee.

But none of them spoke.

"Anybody here to oppose this bill?" asked Sen. Dorsey Hardeman, San Angelo, committee chairman. Nobody answered.

"Well, if there's no conflict, let's don't stir up anything," Hardeman added.

Sen. Grady Hazlewood, Amarillo, is author of the measure, along with Sens. Kilmer Corbin, Lubbock, and Andy Rogers, Childress.

POWER FOR DAM

The bill would create the authority with power to build a dam on the Canadian River near Pampa and supply water to 12 municipalities that have come into the project. These include Amarillo, Lubbock, Plainview, Pampa, Borger, Littlefield, Brownfield, Tahoka, O'Donnell, Slaton, Lamesa and Levelland.

Sen. R. A. Weinert, Seguin, remarked that he had read in the newspaper that the bill was an attempt to circumvent the Water Board, where an application for the authority is pending.

"Well, now you've had a lot of experience with newspapers," Hazlewood joked.

OTHER DISTRICTS

Hazlewood added that the issue before the Water Board was whether the authority was necessary.

"It seems there's an old water district up there," Sen. Wardlow Lane, Center, offered. "And the board can't decide which to be true to—sorta like a hung jury."

Hazlewood said the authority would be like the Colorado River Municipal Water Authority in West Texas and the North Texas Municipal Water District.

"You aren't going to bother the little farmers and the people in the little communities?" Sen. George Parkhouse, Dallas, asked.

"No," Hazlewood answered. Just the people in the towns that want the water will be taxed. These 12 towns that want the water will be taxed. These 12 towns want to come in. We've been working on this thing for two years. Now, if anybody wants to come in, we'll have to vote them in."

Jail Sentence For Man Completed Here

Truly Marion Holmes, manager of the Calico Cow, an eating establishment on East Highway, paid a fine of $178.50 yesterday and completed a 30-day jail sentence assessed on a bootlegging conviction.

He was fined $150 plus court cost a month ago on a charge of transporting liquor for purpose of illegal sale.

He made bond on a charge of driving while intoxicated, filed at the same time as the other charge.

Film On Communism Is To Be Shown Here

"The Hoaxters," a special film giving the factual story of the Communist Party and its growth since its founding, will be shown in Snyder next month.

V. F. Nichols, manager of Snyder Theatres, Inc., said he will probably show the films to Snyder civic clubs March 10-12, then have the regular showing to the public March 13-14.

The film is about 37 minutes long, Nichols said, adding that narration will be by eight well-known stars, including Howard Keel, Walter Pidgeon, Barry Sullivan, and Robert Taylor.

STRUGGLES WITH POLICE

Joseph J. Zani, Jr., 20, coatless, struggles with police in Natick, Mass., district court after his arraignment on two counts of attempted extortion. Natick Police Chief W. Joseph Shea said the youth admitted sending threatening ransom notes to parents of a nine-year-old boy. He pleaded innocent and was held in $100,000 double surety. Police are Sgt. Edward Barnicle (left) and Patrolman William Garvey (rear).

Two More Witnesses Testify In Mickey Jelke Vice Case

NEW YORK (AP)—Pat Thompson and Nancy Hawkins were reported today to be the next of cafe society's party girls to testify for the state in the vice trial of margarine heir Minot F. (Mickey) Jelke.

They would be the fifth and sixth young women, held as material witnesses in the case, to take the stand against the 23-year-old scion of a socially registered family.

While the closed trial continued before General Sessions Judge Francis L. Valente and an all-male jury, attorneys for eight news media planned to meet to decide whether to appeal a State Supreme Court decision upholding Valente's right to ban public and press from the courtroom.

Jelke is charged with inducing Miss Thompson, Pat Ward and Marguerite Cordova into prostitution and with living off the 19-year-old Miss Ward's earnings. Miss Hawkins, 23-year-old Indiana native, was not named in the indictment but was among the first of the alleged $100-a-night-and-up call girls held as material witnesses in the wide vice inquiry.

Miss Ward testified most of last week. Miss Cordova, 23-year-old former hat check girl, was the chief state witness called yesterday.

The petitioning news media, seeking to open the trial, contended Valente's order was unwarranted and unconstitutional.

State Supreme Court Justice Benjamin F. Schreiber ruled yesterday that Valente had the right under state law to close the vice trial to the public.

However, Schreiber said his court had no power to rule on the merits of Valente's decision — made on the basis that the lurid details might impair public morals.

Schreiber said the proper places to decide this issue were in the Appellate Division of the State Supreme Court or in the State Court of Appeals. It was such an appeal that the news attorneys were pondering today.

The petitioners are five New York newspapers—the Post, Herald Tribune, Daily News, Daily Mirror, Journal-American — and two news agencies, the United Press and International News Service, and a feature syndicate, the North American Newspaper Alliance.

No Change In Farm Policies Seen In 1953

WASHINGTON (AP)—There were more signs today that the Republican administration plans to continue present farm policies for the time being but not to commit itself to such a course for the future.

Chairman Aiken (R-Vt.) of the Senate Agriculture Committee said he thought "this would be a study year — next year a legislative year," as far as farm measures were concerned. The committee met today to line out its program amid Democratic demands for legislation this session to bolster farm prices.

Agriculture Secretary Benson is expected to announce soon that he will continue for another marketing year the current dairy price support program that has resulted in heavy government buying of butter, cheese and dried milk.

Democratic senators, joined by some Republicans, have introduced several bills to extend the present 90 per cent price supports on basic crops or to raise them to 95 or 100 per cent.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Patients admitted: C. A. Folmar, 1706 Twenty-sixth Street, medical; Roy Lynn Williams, son of Mr. and Mrs. L. A. Williams of Snyder, medical; Mrs. Leon Smith, 2106 Twenty - sixth Street, medical; Robert Capterton, son of Mr. and Mrs. Jack Caperton of 3750 Avondale, surgical; William Edward Lenamon, son of Mr. and Mrs. Starley Lenamon of 3004 Thirty-eighth Street, medical.

Patients dismissed: Mrs. J. C. Aiken, 206 Thirty-fifth Street, medical; Mrs. J. M. Chauncy, and baby boy of 1508 Twenty-seventh Street; Mrs. B. L. Rhoderick, 1911 Avenue S, medical.

Stolen Car Is Found

A 1946 Ford coach reported stolen in Big Spring from L. C. Coffman Saturday night has been found here, the sheriff's department said this morning.

The car was found undamaged, parked on Twenty-fifth Street in East Snyder.

Suspect Released After Questioning By Officers

A felony complaint charging burglary of Furr's Food Store was filed in justice court yesterday, but the suspect was released after questioning, Walter Suttle, police chief, said.

Suttle said that he and two sheriff's deputies went to Abilene after highway patrolmen had arrested James Weldon White, Snyder oil field worker, on a felony warrant issued yesterday.

Suttle said that questioning of the suspect established that he had no connection with the burglary.

W. C. Davidson, justice of peace, said "after White was questioned by officers, I ordered him released because of lack of evidence to warrant holding him in custody."

Suttle said the man had left Snyder and was going to Georgia when he was arrested at Tye by the highway patrol.

Many Toasts To End Mardi Gras Season

NEW ORLEANS, La., (AP) — Church bells tolled the end of Mardi Gras revelry and the beginning of 40 days of fasting and penance of Lent.

Mardi Gras, its merrymaking ended last midnight and the devout began preparing spiritually for Easter.

But, while Mardi Gras was at its height, thousands of natives and visitors from all parts of the world laughed, cheered, danced and jostled each other for choice spots along the parade route of Rex, Lord of Misrule.

During the parade of the Krewe of Orleans, a 17-year-old merrymaker jumped from a trailer truck and slipped beneath its wheels. Phil Warren Stratton Jr., a Tulane University freshman, was pronounced dead on arrival at a New Orleans hospital.

The midmorning parade of Rex pushed through the packed streets as the shouting spectators and high-voiced children called for the men on the flats to "throw me something, mister."

It is tradition for the masked and costumed float riders to toss trinkets to the crowds as the procession moves through the city. There is a mad scramble for the cheap beads and other inexpensive items.

Mardi Gras is a holiday in New Orleans. Schools were locked up for the day.

Rex, mechanical engineer Charles C. Crawford, halted the parade on historic Canal Street and toasted his queen, debutante Adelaide Wisdom.

King Zulu, the Negro ruler, and his warriors opened the day of fun by floating down the Mississippi River on a barge.

Comus, the oldest Mardi Gras organization in the Crescent City, concluded the season's parading with a torch-lit march last night.

After the Comus parade, Rex and Comus held separate balls in the divided municipal auditorium, and toasted each other as a signal At midnight, the two kings met for the end of the revelry and the beginning of Lent.

Distressed Wreck Victims Are Awaiting Aid From Relatives

Three members of an Oklahoma City family remained in painful distress in the hospital today, still waiting transportaton to California, after being seriously injured in a highway accident near here early Saturday.

Mrs. Cora Kelly, suffering a fractured hip, said she had tried in vain since the accident about 1 o'clock Saturday morning to find some local Odd Fellows or others who would assure payment of physicians' fees. "We were short on funds when the wreck occurred," she said, adding that payment would be made when possible. "My husband was an Odd Fellow," she said.

Neither Mrs. Kelly, a widow, nor her 14-year-old son, Johnny Kelly, has received surgery or been placed in a cast. The son suffered a broken left leg which has been bound with an elastic band. Her son-in-law, Robert Waggoner, 30, of Los Angeles, is also hospitalized with a crushed hand, she said.

The three have been treated by Dr. F. M. Middlebrook who said this morning that it would be useless to place them in casts now since they were expecting to be taken on to California tomorrow.

He said traction was the best method of treatment in such cases and that they had been given such treatment since the accident. The doctor said he was qualified to perform necessary surgery on the woman's hip which he would do if the family were not anxious to be moved soon.

Mrs. Kelly, who was in obvious pain, said she had been told their broken bones could not be set nor casts made since there were no bone specialists here and since they did not have sufficient funds to obtain one from elsewhere. Both she and her physician said it would be necessary to operate on her hip and place a plate and pin in it.

Dr. John Y. Battenfield, owner of the hospital, said he was not familiar with circumstances of the cases but that the hospital would not deny proper medical attention in emergency cases, regardless of circumstances.

Mrs. Kelly said she and her family were en route from Oklahoma City to Los Angeles when their 1946 Chevrolet coach struck a culvert about 16 miles west of here. The car was driven by Waggoner's wife, Mrs. Lois Waggoner, who was not injured. Mrs. Waggoner said she failed to judge distance properly when attempting to pull off the road and park when she became sleepy. Also uninjured were Richard Leon Kelly, 12, and Ray Lewis Kelly, 10, sons of Mrs. Kelly.

A daughter of Mrs. Kelly, Mrs. Betty Powell of Jal, N.M., is with the family here. She said they were expecting relatives from Los Angeles to arrive here tomorrow.

Bootlegger Is Arrested Here

William D. Lawhon, 36-year-old Snyder bootlegger, was arrested last night on three charges of unlawfully selling whisky and was released this morning on appearance bonds totaling $4,500.

Lawhon's wife was charged late yesterday with a similar offense and was to be arrested today. Each of Lawhon's bonds was set at $1,500, and sureties on each were J. M. Davis and R. W. Burney.

Charges alleged Lawhon and his wife sold whisky to an agent of the state liquor control board, working with the sheriff's department. The sales were alleged to have been made several days ago at Allene's Ranch, a "closed" hot dog stand on the Lubbock highway. Officers waited until after making raids on Allene's Ranch and another "closed" establishment, the Hut Drive-in on East Highway, before filing the charges. The raids conducted simultaneously yesterday afternoon, but no liquor was found.

Liquor has been found at both places in the past, and bootlegging convictions have been made in county court against operators at both. Residing at the Hut Drive-in now is Mrs. Roy Jenkins, whose husband has been convicted of bootlegging. Lawhon has also been convicted numerous times, having also served a 30-day jail sentence here.

Mrs. Joe W. Aycock who lives on the Lamesa highway, selects a jar of curry powder from her spice shelf to be used in a recipe for East Indian Curry.

EATING WITH SNYDERITES

Jamaican Dishes Prepared In Joe W. Aycock Home

Mrs. Joe W. Aycock who was reared in Jamaica frequently prepares food recipes from her native country although she has become accustomed to substitutions for favorite spices and fruits.

The Aycocks met and married in Jamaica where he was stationed with the armed forces and came to America about nine years ago. Mrs. Aycock not only had to learn to prepare a different kind of food but had to learn to cook in general. She said in Jamaica servants are plentiful and although a woman is supposed to know how to read a recipe and instruct her servant, she never does any of the cooking.

One recipe that is prepared in Jamica is East Indian Curry in which Mrs. Aycock said left-over beef can be used.

EAST INDIAN CURRY
2 cups cubed beef
1 medium onion
½ cup water
salt
cayenne
½ cup raisins
white sauce

The beef is browned in a skillet with the chopped onion. The water is added and allowed to simmer. Then a dash of salt and a few grains of cayenne is used for seasoning. If chutney can not be obtained to serve with the beef ½ cup of raisins should be poured in.

Two and one-half cups of white sauce should be added to the mixture and allowed to simmer. Curry powder used in the sauce may vary from ½ to 2 teaspoons,—but any standard recipe will do, Mrs. Aycock said. It should be added to the meat and simmered.

About 1 and 1-3 cups of minute white rice may be boiled, timed to get done when the meat does. They are served together. Peanuts, chutney, slivered sweet onions and grated fresh coconut are passed with the curry. Mrs. Aycock emphasized that the coconut must be fresh and not canned or boxed.

In Jamaica servant boys bring in the side dishes and a man's wealth is often measured by the number of boys. Mrs. Aycock said she had heard of a 21-boy meal. In America she finds a lazy susan perfect for the dish.

With the curry she likes to serve a green Southern salad composed of mustard greens and lettuce with a dressing of salad oil, garlic, vinegar, salt, pepper and a small amount of dried parsley flakes.

Green, firm, bananas cut crossways and fried exactly like French fried potatoes may also be served with the meat.

For dessert Mrs. Aycock liked baked bananas which may be served either hot or cold. For a family of four, six bananas cut about ¼ inch in thickness should be cooked. The casserole dish must be buttered. The bananas may be placed in layers with sugar and lime juice sprinkled between each layer and dotted with butter. The mixture should be cooked in a 350 degrees oven until the top has browned and the dessert gets juicy. Although coconut milk which has been squeezed from the meat of the fruit is served over the bananas in Jamaica, whipped cream can also be used, Mrs. Aycock said.

A PRETTY WAY TO LOOK!

The swirly skirt is important in this two-piece; so is the doll-waist jacket! Finish as a town and country cotton or "silk" suit dress—with your choice of sleeves, collar or collarless neckline.

No. 2589 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16: Short sleeves, 5¼ yds. 35-in. or 5⅓ yds. 39-in.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News or call 3-5486.

Perhaps some of the readers of this column like to give hand-made gifts, but are not exceptionally handy with a needle. I have found ideas for making a variety of things from towels and face cloths and am passing these ideas on.

A shoe bag can be made by folding a towel up to three inches from the top. Stitch down the center. Then sew bias binding all around the sides. A nice absorbent apron can be made in a jiffy by stitching two towels together lengthwise. Turn so the stripes run horizontally and make a casing across the top for the apron string (use bias binding to go through.) Stitch rick-rack down the sides two inches from edge, and across the bottom stripe.

A clothesbag can be made slitting the top of one towel nine inches down the center and binding bottom of top towel 1½ inches under and fold bottom towel over to make the closing, using grippers or snaps. Stitch sides with bias binding up to three inches from the top. An easy and good bib can be made by folding a face cloth in half and cutting out a half neckline. Stitch bias binding around all sides leaving enough to tie. A pot-holder can be made by laying one face cloth on top of another. Fold corners to nearly meet in center and stitch through. Stitch bias binding at one corner to form a loop. A. R. D.

• • •

I cannot make crumbs stick to croquettes when I'm preparing to fry them. How do others accomplish this? Mary D.

One way to make crumbs stick to croquettes, fish fillets, etc., is to dip first in flour, then in egg, then in crumbs. Let stand a few minutes before frying.

Former Residents Are Honored Here

Mr. and Mrs. H. W. Johnson and daughter, Anita, of Hobbs, N.M., was honored with a picnic supper and a dinner during the week end.

Mr. and Mrs. A. C. Rollins were hosts for the supper Saturday night at their home, 2910 Avenue F. Mr. and Mrs. O. E. Parker honored the guests with a dinner Sunday at their home, 1409 Twenty-second Street.

Attending both the supper and dinner were Mr. and Mrs. Rollins, Mr. and Mrs. Parker, Miss Dorothy Rollins and Allan Rollins.

Mr. and Mrs. Johnson are former Snyder residents.

Americanism Program Given By Students At Art Guild

Mrs. Bill Teaff entertained Art Guild members last night when Miss Katherine Northcutt directed a program on "Youth Speaks Out."

Three high school students presented the program on Americanism following an introduction by the leader. Marilyn Thomas discussed the "Rights, Responsibilities and Privileges of an American Citizen" and told of the freedoms. She also read an original poem concerning the Constitution.

"I Chose America," a story by an Australian emigrant, was told by Tommy Smith. He told how the Australian boy denounced the Empire and became an American citizen.

Another story of a foreign-born boy who became an American was given by Joe Devenport. The story he told was "The Americanization of an American," concerning a boy born in Syria of American parents. The story told of the boy's being orphaned and of his coming to America.

Red roses in snifters were used in decorations.

A dessert plate was served to 19 members.

Roger Lynn LeVier Honored On Birthday

Mrs. Willis LeVier was hostess for a party yesterday afternoon marking the second birthday of her son, Roger Lynn.

Refreshments were served to the following guests: Debra and Bob Dickson, Mary Fortune, Sherry Aycock, Susan and Eric Wadman, Suzanne and Bobby Birdwell, Hallie and Bobby Tefft, Phil Pearce, Becky Tipton, Phyllis and Becky Felts, Debora and Willard Smith, Annie and Buddy Abshier, Sherry McGlaun and Belinda and Delores Jordan.

Also attending were Mrs. Art Wadman, Mrs. Robert Dickson, Mrs. Joe Aycock, Mrs. W. D. Birdwell, Mrs. Robert Tefft, Mrs. Bill Felts, Mrs. T. C. Abshier and Mrs. Ernest T. Jordan.

Chocolate Easter eggs and balloons were given as favors.

PERSONALS

Guests of Mr. and Mrs. M. F. Allen, 215 Thirty - third Street, have been their daughter-in-law, Mrs. Ann Allen and son, Ronnie, of Waco.

Mrs. Shelton K. Holmes, 3206 Avenue L, is a patient in Hendrick Memorial Hospital in Abilene where she is receiving medical treatment.

Mr. and Mrs. T. J. Holladay and three children, 313 Thirty-fourth Street, returned Monday from Amarillo where they had visited his brother-in-law and sister, Mr. and Mrs. William Harris.

Mrs. Smith Honored At Surprise Coffee

Mrs. Carl Smith was honored on her birthday with a surprise coffee given by Mrs. P. W. Birdsall Saturday.

Guests included Mrs. Landis Lee, Mrs. Sid Worrell, Mrs. Leona Weathers, Mrs. W. A. Wells, Mrs. Paul Sizemore, Mrs. Frank Burks, Mrs. Hudson F. Boss, Mrs. Lyman Wren, Mrs. Nell Mason, Mrs. Garland Armstrong, Mrs. R. L. Terry and Mrs. Maude Henderson of Marietta, Okla.

New Residents Honored With Recent Coffees

Two new residents in the Texas-New Mexico Camp were honored at coffees recently.

Honoring Mrs. Miller Price who moved into the camp, Mrs. G. C. Snyder and Mrs. L. L. Roberson entered Saturday with a coffee. Guests included Mrs. W. H. Sanders, Mrs. H. E. Fowler, Mrs. David Scott, Mrs. Charles Tyer, Mrs. George Kensing, Mrs. Albert Trammell, Mrs. Harry Jones and Mrs. O. B. Brown.

Mrs. Tyer and Mrs. Roberson honored Mrs. Kensing, who moved here from Sundown, Tex., with a coffee last week in the Tyer home Guests included Mrs. Sanders, Mrs. Fowler, Mrs. Scott, Mrs. Lester Schraub, Mrs. Jones, Mrs. Brown and Mrs. Snyder.

PERSONALS

Mrs. Jack Fulghum, Mrs. R. L. Terry, Mrs. Garland Armstrong and Mr. and Mrs. M. L. Andress were guests of the Daughters of the Nile chapter in San Angelo Monday night.

Mr. and Mrs. Bill Ellis, Sr., 3708 Thirty - seventh Street, have had as guests for a w[illegible] their daughter-in-law, Mrs. Bill Ellis, Jr., and children of Levelland.

Mrs. Maude Henderson of Marietta, Okla., is a guest of her son-in-law and daughter, Mr. and Mrs. P. W. Birdsall, Lamesa Highway.

Mr. and Mrs. G. V. Moore of Spur have been guests of her parents, Mr. and Mrs. Jack Beckham, Lubbock Highway.

Mr. and Mrs. Paul Foster, O'Neil Avenue, have been guests of her parents and sister, Mr. and Mrs. A. O. Rosenbaum and Imogene of Post.

Local Groups Attend Snyder-Vernon Game

Several groups of Snyder basketball fans attended the district game in Vernon last night.

Included were Mrs. H. G. Courtney, accompanied by Mrs. Burton Tankersley, Mrs. I. C. Snead, Joyce Blakely and Lajuana Rabb. Another group included Mr. and Mrs. H. W. Cargile and daughter, Jenny; Joe Devenport, Mary Nell Trevey and Sandra Cooper. Also among those attending were Mrs. Gene Gibson, Mrs. A. M. Ramsey and daughter, Shirley; Barbara Nichols, Pauline Yandell, Mr. and Mrs. A. C. Floyd and son; Rose Marie Roe and Mary Sue Boren.

This blue and white pure silk print after-five frock is cut on sheath lines and has a "cover-up" stole in triangular shape with loop fringe, made for draping.

PERSONALS

Mr. and Mrs. Claude Holley of Graham, Tex., were week - end guests of Mrs. Ethel Eiland, 2208 Twenty-eighth Street.

Week-end guests of Mr. and Mrs. C. W. Hale, 1303 Twenty - third Street, were Mr. and Mrs. Bill DeHay and Mr. and Mrs. Leon Finnegan, all of Fort Worth.

H. A. Mullins Marks 82nd Birthday Sunday

H. A. Mullins observed his eighty-second birthday Sunday at his home, 1704 Seventeenth Street.

Assisting Mrs. Mullins in welcoming guests were their daughters, Mrs. Gladys Gunter of Monahans and Mrs. Alberta Witherspoon of Odessa.

Mr. and Mrs. James A. Stewart and Miss Lucille McMurrain presented special music during the afternoon.

Out-of-town guests included Joyce Gunter of Monahans and Betty Jean Witherspoon and J. W. Gyte, both of Odessa.

PERSONALS

Miss Fay Huey of Abilene, formerly of Snyder underwent emergency surgery Friday. Her sister, Mrs. Carl Keller, and Mr. Keller, 2311 Avenue I, and her father, J. H. Huey and Mrs. Huey, 2011 Avenue N, have been attending her. Mrs. Glen Breneman and Mrs. E. C. Adams, also sisters, and Mr. Adams and daughter, all of Houston, left yesterday following visits in Abilene and here.

Mr. and Mrs. L. R. Galbraith of Eunice, N.M., were guests Monday in the home of their son-in-law and daughter, Mr. and Mrs. G. C. Snyder, Clairemont Road.

The Vatican state was created by a treaty with Italy in 1929.

HOMER HOOPEE

THE ADVENTURES OF PATSY

BLOWN AROUND BY MAJORS

These six players found new homes through a series of deals in the major leagues. Joe Adcock (upper left) went from the Cincinnati Reds to the Boston Braves; Earl Torgeson (upper (center went from the Braves to the Philadelphia Phillies, and Jim Pendelton (upper right) was traded to the Braves by the Dodgers. Russ Meyer (lower left) goes to Brooklyn in a three-way swap, and Rocky Bridges (lower center) ends up with the Reds in another three-way deal. In the American League the New York Yankees announced that they had reacquired Johnny Schmit (lower right) from the Reds.

Tigers Dropped; Plainview Is Beat, Tied With Sweetwater

The Snyder Tigers' try for a district championship lost a little more weight last night as the Vernon Lions upset and overwhelmed them 74-46.

Even if they did lose the game, the Tigers have not lost all hope, because Plainview, the district leader, was also upset 62-49 by Sweetwater.

The topsy - turvy district play left Plainview and Sweetwater tied for first place with 6-3 records and Snyder second with 6-4. Tomorrow night Plainview must meet Lamesa and Sweetwater must meet Vernon. Snyder and Big Spring have finished their schedules. Losses by both Plainview and Sweetwater tomorrow night would throw the district into a five-way tie among those teams and Snyder, Vernon and Lamesa.

Vernon led all the way in its victory over the Tigers, jumping off to a 17-8 lead in the first period. By halftime, the Lions led 36-17, and they were ahead 58-25 going into the final quarter.

Ned Underwood, second high scorer in the district, led the Tigers by making half their points. He made five field goals, and Vernon's close guard on him resulted in his making 13 free throws. Joe Galyean was next high in scoring with six points.

Lester Dye paced the Lions with 18 points, followed by Gordie Harvey with 16 and Ramon Towry with 15.

The Lions were shooting at their best and appeared to make few mistakes. They put in 55 per cent of their field goal tries, while the Tigers, suffering another "off" night, hit only 20 per cent.

The Snyder team was due to return here early this afternoon.

The B squad brought its season record to 1-6 and its district record to 5-5 by downing the Lion B 50-35.

Steven Blair led the Tiger B with 14 points, while Thompson and Pearson each tallied 11 for Vernon. The Snyder team led practically all the way.

The Tigers will not play any more games unless some kind of playoff is forced by tie-ups after games tomorrow night. Their season record now stands at 14-11.

Southwest Conference Teams Get Eleven-man Squads Ready

By The Associated Press

Southwest Conference football coaches have hidden the crying towel as they turn their two-platoon specialists into "iron men."

The "iron man" tag is strictly for convenience. You'll probably still see two-platoon football. Only the substitutions might be by teams.

But of the four teams in the midst of spring training now there's no moaning from Ed Price of Texas, Jess Neely of Rice, George Sauer of Baylor and Abe Martin of Texas Christian.

There's not expected to be any from Bowden Wyatt of Arkansas Ray George of Texas A&M and whoever Southern Methodist finally picks to succeed H. N. (Rusty) Russell.

Arkansas and A&M haven't yet started spring drills. SMU can't until it gets a coach.

SAUER PLEASED

Down at Baylor, Sauer reports he's actually pleased at the ban on two-platoon football—though against it at the first. He said his players were "tickled to death" about it.

Price, who never has believed in wailing about his team or prospects, says the new era that's going to down come September holds no terrors.

"We have very few boys returning that haven't played both offense and defense for us." he said, adding, "The new rule comes at the right time for us."

Jess Neely, who'll be the conference's senior coach by a big majority as he enters his 13th season with Rice, said. "We're looking for the 11 best football players." He said he was not worried so much about offense as defense.

FAILURES HIT RICE

Neely lost four players through mid-term scholastic failures. They were Tommy Wilson, transfer end from Ranger Junior College; Bobby Graham, back from LaMarque; Carl Meier, back from Calvert, and Dale Williams, tackle from Kermit.

In brief, here's the way the conference shapes up right now:

ARKANSAS—Starts training Feb. 25 with new coach, Bowden Wyatt, formerly of Wyoming. Replaced Otis Douglas, resigned.

TEXAS A&M — Starts training Feb. 25. Coach Ray George enters third season.

SOUTHERN METHODIST—Waiting on naming of new coach to replace H. N. (Rusty) Russell who resigned because of what he termed "pressure from the fans."

TEXAS CHRISTIAN—In midst of spring training under new head coach, Abe Martin, who replaced L. R. (Dutch) Meyer who retired to become athletic director only. Ronald Clinkscale's passing apparent bright prospect for Horned Frogs.

TEXAS—Price enters third season as head coach. Split-T formation. Has solid line, experienced on both offense and defense, particular fine end in Carlton Massey, tackle Buck Lansford, guard Phil Branch. Quarterback a problem, but Bunny Andrews Charles Brewer, Glen Dyer, Pat Tolar, Delano Womack field to pick from. Andrews most experienced. (Price says: "We don't feel we'll have the team that's favored to win xxx But we do think we'll have a squad that has to be recokned with."

BAYLOR—Has squad that's deep in personnel in all positions; squad that likes to double up on offense and defense. First-string backfield shapes up as Fran Davidson, quarterback; Jerry Coody, Allen Jones and L. G. Dupree. Line looks like James Ray Smith and Bob Knowles, tackles; Pete Erben and Clarence Dierking, guards; Charlie Smith at one end and Wayne Hopkins, James Amyette, Toby Davis, vieing for the other end; with B. C. Harris, Bill Barnard and Jimmie Taylor battling for the center spot.

RICE—T formation. Neely entering 13th season as coach. In first scrimmage, first-string backfield had Leroy Fenstemaker at quarter; Bill Gaskamp and Mac Taylor at halves and Kosse Johnson at full. Line had Blois Bridges and Sammy Ward at ends; Layton Goldmon and Dick Chapman, tackles; W. C. Treadway and Kenny Paul, guards; Leo Rucka center. Rice finished strong, copping second place in the conference, after dropping five in a row at the beginning of the season.

Tempe Over N.M. A&M

LAS CRUCES, N. M. (AP)—A string of fouls lost the New Mexico Aggies three first-string players and a Border Conference basketball game last night as Arizona State of Tempe rode over the hapless Aggies 68-56.

It was the Aggies' eighth Border Conference loss.

Roadkings In Gym Tomorrow

Plenty of tickets were still available today for the Harlem Roadking's match against the all-stars of the city league here, according to Glenn Snyder, league chairman.

The game will be held in the high school gym at 8 o'clock tomorrow night, featuring the tricks of the professionals.

The Roadkings, who are led by Cleo Johnson, a 5-10 ace who is now in this thirteenth season, have compiled a record of 2,383 wins and 162 losses since they were organized 20 years ago. Their record last season was 152-9.

Chuck Bowen, a 6-2 guard, is a former member of the Harlem Globetrotters.

The all - stars who will meet the pro team are top players on city league teams here. Tomorrow night's game will be the kickoff of the league, in which play will start next week.

Tickets, selling at $1 and 50 cents, are available at the West Texas State Bank or from any member of the Quarterback Club or DeMolays. They can also be bought at the door at game time.

Bout Decision Changed Two Months Later

NEW YORK (AP)—The Joey Giardello-Billy Graham disputed decision goes into the record books as the greatest result "rhubarb" since the Dartmouth-Cornell "fifth down" game of 190 and the Don Gehrmann-Fred Wilt mile of 1950.

Giardello finally discovered yesterday, almost two months after his Dec. 19 Madison Square Garden fight with Graham, that he really won it. He won it once for about three minutes, held an "unofficial" decision for about 20 minutes and then "lost" when Bob Christenberry, chairman of the New York State Athletic Commission, reversed Judge Joe Agnello's scorecard.

Supreme Court Justice Bernard Botein gave it back to Giardello when he annuled the commission's action in an 11-page decision Christenberry had no comment, but it was not believed that he planned any appeal.

The two fighters, training for their third meeting, March 6 at the Garden over the 12 - round route, were ready to settle matters in the ring.

Giardello, elated by the news at Ehsan's training camp at Summit, N. J., shouted. "In my mind, I won it all the time. This time I'll show them all. It won't be close." The Philadelphia middleweight has his eyes on the title vacated by Ray Robinson.

A shocked Graham heard the decision at his Greenwood Lake, N. J., training camp.

"I feel very bad," he said. "I thought I won it. Christenberry did the right thing. How are you going to avoid bad decisions if the commission can't act? I'll make sure there will be no bad decision next time."

In his decision, Justice Botein said the only reason given by the commission for changing Agnello's scorecard was that "he had failed to follow the standards set forth in the boxing rules."

"This was so vague as to be meaningless," the judge said, adding:

"No facts are furnished to buttress this conclusion."

TCU Moves Up In League

By The Associated Press

Texas Christian University grabbed a share of the top spot in the Southwest Conference basketball race Tuesday night, but whether it's going to hang on to it depends on the fast-moving Rice Owls.

At Houston, the Owls just about put in cold storage Baylor's once burning title hopes with a 65-54 decision. And Saturday they meet Texas Christian, victors over Southern Methodist, 59-48, Tuesday night.

Texas, which had rode alone at the top of the standings, dumped non-conference foe University of Houston, 79-65, in a March of Dimes benefit tilt.

Some Of The Nicest People Gather About Race Tracks

NEW YORK (AP)—Coast to Coast Gracie could pitch an alcoholic wing-ding at a race track that would give the management fits, and Silk Hat Harry made them tremble too.

Silk Hat Harry was a known pickpocket, an associate of Los Angeles hoodlums, who was recognized and ejected from Hollywood Park. Coast to Coast Grace has been bounced from many race tracks for hanging around the clubhouse bars and bumming drinks from any man who'd buy.

These and hundreds of other nicknames that sound like inventions of the late Damon Runyon are found in the confidential files of the Thoroughbred Racing Protective Bureau, racing's FBI.

Some are crooks and shady characters, but most are racing people who for some reason have gained an odd nickname. The imagination and ingenuity in dishing out nicknames is unmatched in racing, even to the jockeys.

There is Banana Nose Arcaro, Smokey Saunders, the Slasher Atkinson, Moneybags Longden, Neves the Portuguese Pepper Pot, and Litz the Blitz Litzenberg.

"This nickname file something fairly new with us, is vital in our work," said Spencer Drayton, TRPB director and former FBI man. "The FBI long ago discovered the importance of aliases."

The file runs through Abie the Agent to Zoot suit, and is cross-indexed with the person's real name.

Drayton cited one case.

TRPB agents were investigating a stimulation case in Detroit where a groom said he had heard Blue Boy talking about the doped horse.

"Who is Blue Boy, where can we find him?" The groom had no idea, for Blue Boy was moved to another track.

"Never knew him by anything other than Blue Boy," the groom said.

For months agents at various tracks asked for Blue Boy and finally located him at the New Orleans Fair Grounds and obtained enough information to clinch their case.

Drayton's files show that Jack the Burglar was a race-track tout, a swell dresser who used to circulate around the boxes at Midwestern tracks.

Golden Gloves Champions To National Meet

FORT WORTH (AP)—Seven Texas Golden Gloves boxing champions and a substitute fighter will leave here Saturday for the national tournament in Chicago.

John White, East Texas State Teachers College middleweight, was substituted yesterday for Champion Eugene Cooper of San Antonio. Cooper was unable to get leave from the Air Force to compete.

White was outpointed in the semi-finals of the state tournament Monday night by Don Parks of Houston. Parks lost to Cooper and received a cut eye.

The Chicago tournament is scheduled Monday, Tuesday and Wednesday nights.

Other Texas champions are Pete Melendez, El Paso, flyweight; Woody Keller, San Antonio, Bantam; Raymond Garcia, Wichita Falls, feather; Johnny Hernandez, Amarillo, lightweight; Pete Perez, Amarillo, welter; Roy Harris, Houston, light-heavy; and Donnie Fleeman, Fort Worth, heavyweight.

Dallas Pitcher Signed

DALLAS (AP)—Righthander Lee Staff, 23, will pitch for the Dallas Eagles of the Texas League this season.

The club announced yesterday the signing of the former pitcher for Brooks Army Medical Center team in San Antonio.

Bobby Dykes Picked Tonight

MIAMI, Fla. (AP)—Lanky Bobby Dykes was expected to be a 3-1 favorite tonight when he makes his debut as a middleweight against stocky Joe Miceli in a 10-round fight at the Coral Gables Coliseum.

Dykes, originally from San Antonio, Tex., now fights out of Miami and will be making his 45th appearance in a local ring. He is seeking his second victory over Miceli, a 24-year-old soldier whom Dykes decisioned in 10 rounds last year in New York City.

Dykes will weigh about 154 for his first fight as a middleweight while Miceli is expected to scale 150.

The fight will be televised nationally over CBS at 10 p.m., EST.

Dykes said he will try for an impressive victory over Miceli, a New Yorker who is the sixth-ranking welterweight according to Ring magazine ratings. Then, said Dykes, he will ask that he be recognized ahead of Eddie Durando as a contender for Sugar Ray Robinson's vacated title.

Durando, Paddy Young and Bobo Olson are the three most likely candidates being considered for the middleweight championship, according to Bob Christenberry, chairman of the New York State Athletic Commission.

Miceli, a walk - in puncher with either hand who boasts a wicked left uppercut, said he's in fine shape and added:

"I've gained weight and power since I joined the Army."

Dykes is an effective counter-puncher who can jab an opponent silly with his left and whip over a sleep-producing right.

It is believed that St. Peter was martyred in Rome in 67 A.D.

Actress Brings Suit Against Radio Firm

LOS ANGELES (AP)—A $150,000 suit has been filed by actress Joan Miller against the National Broadcasting Company and others, claiming her name has been used for that of a disreputable Nazi spy in the radio show "Dangerous Assignment."

Miss Miller said in her complaint yesterday that she performed "highly confidential and restricted work" for the Office of War Information during World War II, and that for this reason use of her name in the manner complained of was particularly injurious.

Radio producer Don Sharpe and actor Brian Donlevy were named co-defendents.

New Calendar Full Of Red Information

STOCKHOLM, Sweden (AP) — The greatest man who ever lived was Joseph Stalin ... Americans are savages and murderers ... Space men may live on Mars and Venus ... This is the 36th year after the Russian Revolution.

These are some of the things emphasized in the 1953 Soviet calendar printed in 15 million copies by the Soviet state publishing house Gospolitizdat to help Russia's millions keep track of the days and up on their Communist catechism. A copy has just reached Sweden.

Prime Minister Stalin's picture appears on 12 pages of the tear-off calendar which has one page for each day of the year with pictures, and memorable dates on the front side, and articles, cartoons and poems on the reverse.

Stalin's virtues are eulogized in 20 poems. His name is printed 367 times. The anniversaries of his newspaper articles and speeches are ranked among the most memorable dates of the year. Even articles he wrote going back 40 years get top billing.

Harsh language is reserved for articles about the United States and Americans. One of them appears under the title "Enemies of Mankind" and includes such expressions as "maneaters" and "murderers."

Britain, France, Italy, Greece and Turkey come in for abuse.

The calendar says 365 times in heavy type this is the 36th year of the Red Revolution. It also lists the dates of major upheavals and strikes in the world since the time of antiquity.

It presents the pictures and Birthdays of top Communist leaders in the West: William Foster, U. S.; Harry Pollit, Britain; Maurice Thorez, France; Palmiro Togliatti, Italy.

The calendar follows major Soviet periodicals in claiming for Russia 30 important inventions which were orignated n the West and were perfected and mass produced in Western countries long before they were in Russia.

Some of them: radio, television, jet engines, electric light, steam engine, tractor, penicillin and the motion picture. The calendar also claims Russia built the first motorship, flew the first four-engine plane, and built the world's first oil refinery.

For the space-minded there is this entry: Soviet scientists at the Alma Ata Observatory near the Chinese border are said to have collected data "leading to the assumption that, besides plants, also higher animals may exist on the planet Venus and that intelligent beings may also exist on Mars."

Liberal Gets Own Medicine Over Tidelands

WASHINGTON (AP)—Who owns fabulous Coney Island in New York?

Does the city, or does the federal government have some claim to that land of fun and frolic?

Robert Moses, New York City construction co-ordinator, told the Senate Interior Committee yesterday his city is concerned over ownership not only of Coney Island but of many other vast and costly filled land improvements on the waterfront-harbors, piers, airports and parks.

The committee is considering several bills on ownership of the offshore submerged lands.

New York's worry, Moses said, revolves around the Supreme Court decisions in the California and Texas marginal seas cases that the federal government has paramount right to off-shore lands.

Moses' point was that if the states don't own the submerged lands now they didn't own them many years ago when the lands were filled and reclaimed from the sea.

Moses' view was disputed by Sen. Lehman (D-Lib-NY), who said he found it "amazing" that anyone should claim that the New York City port, for instance, was in any way jeopardized. Lehman contended the federal government has made no clami on filled lands and on the contrary has recognized state titles.

Moses testified in favor of a bill by Sen. Holland (D-Fla.) which would give coastal and Gulf states title to submerged off-shore lands within their historic or constitutional boundaries, usually three to 10½ miles out.

The Holland bill is identical with one vetoed last year by former President Truman. President Eisenhower has indicated he would sign such a bill.

Veteran Talks To Lions Here

"Japan is growing into a democracy which the World can soon be proud of," Bill Campbell, veteran who just returned from a one-year tour of duty in Tokyo, said yesterday.

Campbell spoke at the Lions Club luncheon about his experiences in Japan, and showed colored picture slides and trinkets he gathered during his stay in the Orient.

The veteran said there are still two distinct social and economic classes of people in Japan — the very rich and the very poor but that the middle class is growing under Japan's first experimentation with a democratic government.

"Most Japanese appear to like their new type of government, and have a high respect for the United States," he stated.

A member of the Big Spring Lions Club was at the luncheon to promote John Y. Smith, of Big Spring, as a candidate for governor of Lion district 2-T-2, in which Snyder is located. The visitor was Carl Smith, not related to the candidate.

In observance of Texas Education Week, the Lions Club will hold their luncheon on March 3 in one of the school cafeterias, and make a tour of the school plant, Haskell O. Beard, who is in charge of that day's program, announced.

Sentell Tours Prison System

AUSTIN — Rep. C. F. Sentell of Snyder and two other West Texas representatives, Truett Latimer of Abilene and A. J. Bishop, Jr., of Winters, were among representatives who toured the state prison system last week end.

All agreed that prisoner moral is very high and that the only thing the prisoners want but do not have is freedom.

"I was surprised at the level of sanitation," Sentell said. "The prisons are as clean as any housewife's kitchen. The guards do not abuse prisoners in any way. They are not even permitted to curse at prisoners."

The Snyder man added, "I talked with many inmates, and I only found one who had not gained weight while in prison. Among the prisoners we saw was Sandra Peterson, who was convicted of murder in Brady and sentenced to life imprisonment," he said. "She thinks constantly of getting out. She has figured that with good behavior she might be free in 15 years."

Four-Year-Old Twins Drown Trying To Swim

TAMPA, Fla. (AP)—Four-year-old twins who had recently begun swimming lessons tried out their ability on their own and drowned in a manmade lake yesterday.

Bill and Leslie Robson sank struggling in 15 feet of water while two adults who could not swim vainly tried to reach them with poles.

Their mother, Mrs. Jack Robson, arrived soon after they had gone under and dived several times in an effort to locate them in the cloudy water. Firemen recovered the bodies.

When large game animals inhabit a country, they make trails which are often followed by man, and many roads follow what once were game trails.

GUN AND CAMERA SHOP OWNERS INDICTED

Thomas D. Park (left) and Thurman Randle are shown here waiting to appear before a U.S. Commissioner in Dallas Feb. 16 in connection with their indictment charging conspiracy to violate the Neutrality Act. Smuggling of $250,000 worth of small arms to Mexico is reported involved. Randle issued a statement saying: "We've never sold anything outside of this country and never tried to get anything out." He holds many medals won in world rifle competition, and is in partnership with Park in a Dallas firm specializing in guns and cameras. Ten other citizens of the U. S. and Mexico have been named after a six months investigation.

Republicans Are Playing Into Hands Of Demos Politically

WASHINGTON (AP) — President Eisenhower's backing of his businessman defense team has put pointed political pressure on Charles E. Wilson's team for some firm production and economy accomplishments.

Eisenhower made it plain at his news conference yesterday he is irked by Democratic jibes at the "big business" look of his administration, much of it concentrated in the military establishment.

Although he and Adlai E. Stevenson apparently had a friendly conference afterward, Eisenhower's face flushed when he was asked about his 1952 opponent's suggestion Saturday that the "big deal" may have come to Washington.

Declaring he was not going to engage in any argument over words directed at gaining political advantage, the President said he couldn't conceive of having to answer to an accusation that he was not solely concerned with the welfare of all 158 million American people.

His subsequent statement that he looked on production as one of the chief military problems and had set out to get the men with the best production records put it up to Secretary of Defense Wilson to produce.

At the same time, his assertion that there is no hope of keeping money stable and ending inflation until the budget is balanced gave Wilson—probably more than any government official—notice that the purse strings are going to be tightened.

Because military spending makes up so much of the budget, Congress obviously can't eliminate the deficit unless ways are found to get adequate defense for less money.

Sen. Taft of Ohio, the Republican leader, emphasized this problem when he told reporters he thinks the amount of budget reductions will depend largely on how much can be cut off military funds.

Unless adequate defense can be provided at lower costs, Democrats are certain to yell at the tops of their political lungs in next year's congressional elections that the "big business" team has been a failure.

The Democrats have demonstrated during the Washington visit of Stevenson, their 1952 presidential nominee, that they have plenty of political fight left.

Sen. Hennings (D-Mo) said he felt Stevenson, leaving today, has been made to feel there are no party recriminations against him because he lost.

"I think most of us agree that it was our time to lose an election —that it wasn't Stevenson's fault and that he made our best possible candidate," Hennings said in an interview.

Stevenson said after a White House chat with Eisenhower that the President was "very cordial and courteous and anxious to be of any assistance he could" on Stevenson's world tour, starting March 2. The former Illinois governor said Eisenhower had asked him to call at the White House when he returns, but he didn't know if he would make any report to the President.

Children Tossed From Second Story To Safety

ST. LOUIS (AP) — With flames cutting off exits from her home, a 41-year-old mother tossed three young children to a passer-by from a second-floor window last night, then leaped to safety with a fourth child in her arms.

The woman, Mrs. Rosalie Smith, was treated for first and second-degree burns on her arm and back at City Hospital.

Only one of the children, 3-year-old Nathan, suffered injury. He received a slight scalp wound.

The passer-by, Frank Esselmann, caught Nathan, Linda, 2, and 11-month-old Alice in his arms. Then he partially broke the fall of Mrs. Smith and Fred, 4.

Girl Who Was Brought Back To Life By Heart Massage Dies Later

DENVER (AP) — Fifteen-year-old Sharlene Haddon, whose heart was massaged back to life, died yesterday 22 hours after she was brought to a hospital "clinically dead."

When the girl arrived at the Denver General Hospital Monday, her heart had stopped beating and she was not breathing.

A doctor made an incision in her chest and started her heart beating again by massaging it for about two minutes.

Sharlene's mother, Mrs. Glenn Haddon, said the girl had been ill for about two weeks with a virus infection.

Benny's Sister-In-Law Makes Nice Settlement

SANTA MONICA, Calif. (AP)—Mrs. Babe Blum, Jack Benny's sister-in-law, has divorced Myrt T. Blum, business administration expert and oil man.

"He stayed out all hours of the night without explanation, used profane language in front of my friends and embarrassed me," Mrs. Blum, 47, testified of her 62-year-old spouse yesterday.

She will receive 30 per cent of his gross income until she remarries, a $112,000 home in Beverly Hills, half of his other properties and a half interest in whatever he gets from a $100,000 income tax refund claim.

Cosmetology Bill Is Over Its First Hurdle

AUSTIN — The cosmetology bill, which has been a source of contention in the House for several days, was to go into print after a vote carried 92 to 48 on a motion to print it this week.

Included in those who favored the bill on its first record vote was C. F. Sentell of Snyder.

TSTA Membership Said Not Requirement Of Employment

The "open shop" bill for teachers, if it passes in the legislature, will not affect the school system here, officials of the Snyder school district said this week.

The bill, sponsored by Rep. C. F. Sentell of Snyder, Doug Crouch ot Denton, and A. D. Downer of Center, would prohibit public school officials from requiring membership in the Texas State Teachers Association as a condition of employment.

Lee Stinson, head of the school board of trustees, says that no such requirement is made in the Snyder system. "We hire teachers on their reputation, qualifications, and ability," Stinson said.

Membership locally in the TSTA was 100 per cent last fall, according to M. E. Stanfield, assistant superintendent of schools, but he added that the membership was gained here only through teachers volunteering to join the association.

"In our opening faculty meeting, we tell them application for TSTA are in the hands of principals, and they can join if they desire to," Stanfield said.

The assistant superintendent said membership is not at 100 per cent now because more than 10 teachers have been replaced in the last few weeks and that they have not joined. He said membership in the system stands at about 160.

Authors of the bill, after protests from several of the bill singling out TSTA, said, they may change it to read prohibition of requiring membership in any professional group. As the bill now stands, it reads that no board of education, trustee of a school district, superintendent, principal, teacher of a public school, or other official or employe of a board of education, or any state official shall require TSTA membership as a condition of employment.

Violation of any provision of the act would be a misdemeanor punishable by a fine of $100 to $500.

Stanfield said that membership is high not only in the Snyder district, but in all the four districts in the county. The county TSTA is organized, headed by Frank Wilson, director of curriculum in the Snyder schools.

The bill is styled "House Bill No. 170."

Eruptions Of Volcanoes In Alaska Seen

KODIAK, Alaska (AP)—The crew of a U. S. Navy patrol plane told today how they flew through billowing black smoke and pelting ash spewed into the air in a mass eruption of volcanoes in the Katmai National Monument area.

The pilot, Lt. James T. Ingram, was flying over the Shelikof Strait, between Kodiak Island and the mainland, when a huge, black ball of smoke was seen rising into the afr some 20 miles from the plane.

"It rolled up like smoke from an oil fire," Ingram said. "It went up about 15,000 feet."

Ingram said he circled to the left of the eruption and two minutes later a second cloud of smoke boiled up eight miles northeast of the first plume and moved close to it.

"Streams of ash poured out of the smoke," Ingram said, "like rain falling from a thundercloud."

Ingram kept circling the eruption and one hour later, more columns of smoke poured into the air, one after the other. Ingram said thye shot up in line, like a chain of explosions.

The co-pilot, Lt. Robert L. Bolling, stuck his head from the window of the plane in an attempt to take a picture.

He was struck by bits of volcanic ash which, he said, also chipped tiny bits of paint from the plane's wings and propellers.

The eruptions which started Sunday are in the wilderness about 110 miles northwest of here.

Horse Bumps Into Car

PARAMOUNT, Calif. (AP)—Manuel Perry's automobile was damaged in a traffic accident yesterday. One fender was crumpled and the paint was marred. Perry said he was driving home when a stray horse smacked into the side of his car. The horse wasn't hurt perceptibly.

Mr. and Mrs. G. V. Rogers, 104 Milburn, had as guests Monday her sister, Mrs. W. L. Wemken, and her brother and sister-in-law Mr. and Mrs. Kenneth Loso and son, Larry, all of Lubbock.

THEY FOUGHT WITH PLANES

Lieut. Benedict A. Lacombe of Pineville, La., (left) and Lieut. James T. Holmes of Rye, N. Y., were identified by the U. S. Air Force as the pilots of two Thunderjets fired upon by two Soviet LA-11, propeller-driven fighter planes over Northern Japan. The Air Force reported the Soviet planes made head-on firing passes at the Thunderjets when ordered to land. A 10-minute battle ensued before the Red planes were chased away from Japan's northernmost island of Hokkaido, the Air Force said. Lacombe said he pumped 300 machine gun bullets into the wings and fuslage of one of the Soviet fighters. "He began to smoke and the last time I saw him he was losing altitude," Lacombe reported. These recent photos were released by the Air Force in Japan.

DO YOU KNOW-

—the co-owners of the CROWDER-HALL DRUG CO.? ... Their last names are in the firm name. Their first initials are both 'E'.

Can you imagine "how you'd feel" were you to spend an entire day right here in Snyder without calling a person by name ... without having a person call you by your name?

Would it be a very pleasant, enjoyable day ... or, would it be "just terrible"?

One can NOT know too many people. And, every friendship begins with "getting acquainted".

LET'S GET ACQUAINTED ... will focus everyone's attention on getting to know more people! ! !

FIRST NEWS CONFERENCE

President Eisenhower holds his first news conference since taking office, at the Old State Department Building, across the street from the White House in Washington. Newsmen and photographers jam the room as two of the reporters, right center, try to find seats at the beginning of the session.

Lack Of Volunteers For Sky Watching Prompted Statement

WASHINGTON (AP)—Concern over lagging public interest in the volunteer skywatcher part of the air defense program appeared today to be partly responsible for President Eisenhower's reiterated declaration that Russia does indeed have atomic weapons.

Eisenhower, on his own initiative, spoke up on the subject at his news conference yesterday.

He read the statement by Chairman Gordon Dean of the Atomic Energy Commission on Jan. 30—issued after former President Truman had stated doubt that Russia had workable atomic bombs. Dean said the Soviets had exploded three atomic bombs. The President said he thought Dean's statement was absolutely true, word for word.

The President's voluntary discussion of Soviet bomb making capability was against this background:

1. The Air Force program for recruiting an ultimate total of more than 500,000 men, women and youths to keep 24-hour watch for hostile planes which may slip through the radar network is far behind schedule. By the end of last year only a little over 126,000 persons in the 27 Northern and coastal states involved in "Operation Skywatch" had volunteered.

2. The Federal Civil Defense Administration, which like the Air Force has been troubled by indifference in many areas to its program, declared in a report Monday that the Red Air Force was capable of sending 400 planes against any place in the U. S.; that one all-out attack with atom bombs could bring 11 million killed and injured.

3. A full-dress briefing on atomic warfare—operational as well as political—was given Eisenhower on Monday by top civilian and military officials. It was possible, of course, that Eisenhower could have been advised of some new evidence indicating another Soviet atomic test.

The system for detecting atomic explosions—which presumably includes upper air sampling for telltale traces of fission products, seismographic instruments and agent reports—is being steadily expanded and improved. Dean, in his Jan. 30 statement, spoke laconically of the "scientific and technical evidence" which he said left no doubt of the existence of atomic weapons in the USSR.

Eisenhower's evident interest in the atomic program has raised some speculation whether he might choose to witness one or more of the test explosions in the spring test series in Nevada, or perhaps one of the later big-scale experimental shots at Eniwetok in the Pacific next fall.

Truman—during whose administration a score or more test shots were fired—never attended any of the experiments.

Gerhart Eiseler Lets Everyone Know Where He Is, Raps Zionists

BERLIN (AP)—Gerhart Eisler, deposed propaganda boss of Communist-ruled East Germany, personally dispelled rumors he had fled to the West with a speech last night in East Berlin's Soviet House of Culture.

"I cannot be in two places. I am here," he commented sarcastically, in an apparent reference to a report published in last Sunday's West Berlin Telegraf that he had bolted from the Red regime to escape being jailed in the spreading current purge.

Eisler, himself a Jew, declared there was no anti-Semitism in East Germany or in the other Soviet satellite states. But he attacked Zionism and declared that all "Jewish capitalists" are essentially Zionists.

Two Czechs Draw Death

VIENNA, Austria (AP) — Two Czechs have been sentenced to death and seven others to prison terms ranging from 12 years to life after a Czech Communist court found them guilty of spying for Britain.

The outcome of the trial, held in the Bohemian town of Moravska Ostrava, were announced last night by Prague radio. The broadcast said that Bohumir Micek, identified as a former Nazi Gestapo agent, and Josef Kohout were sentenced to death.

Army Ejects Boy 2nd Time

FT. MEADE, Md. (AP)—The Army shooed Pvt. Harry Clifford Maynard out of uniform for the second time today and told him not to come back again until after he turns 17.

The persistent young paratrooper from Phelps, Ky., was given his walking papers for the first time last July after 16 months of service in the States.

He was only 14 when he enlisted, the Army discovered when the superintendent of schools back in Phelps spilled the beans.

Last month, Maynard tried it again at Ashland, Ky. He slipped past the same recruiter, the same doctor who gave him his physical the first time and the same captain who administered the oath.

At Ft. Meade a few days ago they read the Articles of War as part of induction training, and when they came to the part about penalties for fraudulent enlistment, Maynard decided he'd better confess that he was only 16.

With 16 months of service behind him, Harry is entitled to GI education benefits so he hopes to enter a military school until he's old enough to join the Army legally.

"By the time I'm 20, I'm going to be an officer," he said.

Mr. and Mrs. L. B. Dennis, Clairmont Road, have had as guests her parents, Mr. and Mrs. F. G. Campbell of Iowa Park, Tex., and her brother-in-law and sister, Mr. and Mrs. Sid Wilhoit of Burkburnett.

DO YOU KNOW—

— the last name of the manager of J. C. PENNEY CO.? His first name is Jim.

Were you ever "in a strange town" and had to get some sort of service work? How did you "feel" about it? . . . all because "I don't know a person in the whole town!" It's an every-day pleasure . . . to live in Snyder and "to know people". And—yet—aren't there M-A-N-Y whom you don't know?

LET'S GET ACQUAINTED . . . will be that time of "folks meeting folks" . . . of everyone of us "getting acquainted".

Let's Get Acquainted

Why you get more for what you pay with new Dodge Trucks!

If you've been looking at trucks, you can't *overlook* this all-important fact. *Dodge gives you more for your money!*

For example, listed at right are 17 features that you need and want for low-cost hauling. Yet of the 3 leading makes of trucks, only Dodge gives you these vital features!

And these are only a *few* of the extra values that make new Dodge "*Job-Rated*" trucks your best buy. Dodge puts more value in its trucks . . . you get more profits out! Stop in and compare the new Dodge trucks, feature for feature, value for value. Get the facts before you buy! See us today!

Of the 3 leading makes, only Dodge trucks are "Job-Rated" to give you these and many more advantages

7 POWERFUL ENGINES, more than is offered by the other 2 leading truck manufacturers, to assure you of the right power. 3 engines brand-new.
TRUCK-O-MATIC TRANSMISSION, with gyrol Fluid Drive, for the best in shift-free driving. Available in ½-, ¾-ton models.
SUPER-SAFE BRAKES of the advanced dual-primary type in 1- through 4-ton trucks. Of the "big 3," only Dodge offers these brakes.
GREATEST MANEUVERABILITY of the 3 leaders saves time, effort.
Greatest Vision Area of the "big 3" lets you see more . . . increases safety, handling ease.
Widest Seat of the 3 leading makes.
More Power in the 1½- and 2-ton ranges than the other 2 leaders.
More Pick-up Bodies than the other 2 leaders, including new 116" wheelbase ½-ton pick-up.
Greatest ½-Ton Panel Payload and capacity of the 3 leaders.
2 Fuel Filters on all models to assure cleaner fuel and a cleaner engine.
Floating Oil Intake selects clean oil at top of crankcase.
Water Distributing Tube on all models cools valve seats . . . means longer valve life.
4-Ring Pistons on all engines save oil, upkeep.
Independent Parking Brake on all models is simple, efficient, powerful.
Rivetless Cyclebond Brake Linings last longer, are tapered and molded on many models for quiet stops.
Oriflow Shock Absorbers on ½-, ¾- and 1-ton models give smoother riding, greater driver control on roughest roads.
Better-balanced Weight Distribution for extra payload.

And many features — just adopted by other leading makes—have been standard on Dodge trucks for years!
