Vol. No. 92 | ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, MARCH 15, 1962 | No. 50

Along The *Waterfront*

Mr. and Mrs. Y. Z. Greer, Sr., of 1119 Church Street, and Mr. and Mrs. Y. Z. Greer, Jr., have just returned from Acapulco, Mexico, where they spent two weeks. While there, the senior Mr. Greer landed an 8 foot, 6-inch sailfish.

Oyster production in the Coastal Bend has ranged from poor to fair as catches went, according to C. E. Nickerson, but the quality of the meats was excellent. Wholesale prices by the end of February had dropped to $7 a gallon.

Redsnapper production is still good, and prices to fishermen range from 20 to 22 cents per pound in the round. There was a poor supply of trout, redfish and drum, during February, Nickerson said.

Blue crab production during the month was fairly heavy, with fishermen catching 136,500 pounds (live-weight). This was an increase of 90,700 pounds over the previous month and of 43,600 pounds over February, 1961.

Lack of experienced pickers kept the processing houses from handling more.

Krueger Applies For Permit On Frandoleg Work

Carl C. Krueger, Jr., San Antonio, has applied to the U.S. Engineers for a permit to dredge certain portions of Little Bay, adjacent to the west side of Frandoleg Island.

An area extending south from the mainland approximately 1,750 feet and from the west shore of the island to a minimum distance of 425 feet from the Rockport-Fulton Road would be dredged to a depth of 6 feet at mean high tide. A similar area extending an additional approximately 1,200 feet southerly and a channel 25 feet wide by 1,900 feet long to connect with an existing channel would be dredged to a depth of 7 feet at mean high tide. A channel 25 feet wide by 1,500 feet long extending from the south end of the island and an existing channel southerly to the minus 8-foot contour in Aransas Bay would be dredged to a depth of 8 feet at mean high tide. All dredged material would be placed on shore on Frondoleg Island.

Local Science Students To Attend El Campo Fair

This week, March 16-17, five local science students will present projects at the El Campo District XII Science Fair. The first place winner of this fair will be sent to the World Space Fair in Seattle, Washington.

Students that will be in El Campo are Robert Reed, sophomore, a student of G. C. Watkins in biology. Reed will enter a project called "Rock—The Imperishable History". This display gained much recognition at the local science presentation made in connection with Public Schools Week.

Hugh Morrison will enter "A Hydraulic System", which illustrates Pascal's Law. Hugh is a freshman general science student of E. G. Brooks.

Raymond Heimbuch and Darrel Lichte, two freshmen students of Brooks, will enter a unique "Windtunnel", which will demonstrate air foil characteristics.

Lynn Dimmick, a sixth grader at Fulton Elementary, a student under Mrs. Albert R. Griffith, Jr., will enter a project entitled "Plankton Life."

Shrimp Landings Rise As Boats Go To Colombia

Despite the fact that many Gulf of Mexico shrimpers are leaving for South American shrimping grounds, a preliminary report for February, made by U. S. Fish and Wildlife Statistician C. E. Nickerson, shows that landings of shrimp tails in the Coastal Bend area were 83,500 pounds higher than in January.

Nickerson reports that February landings totaled 397,220 pounds of tails, and that this was not only more than January landings this year, but also greater than February landings a year ago by approximately 60,000 pounds.

Prices during the month were steady at 89 cents a pound for fifteen-twenty count tails, with a five-cent drop for each smaller size.

Nickerson said that 220,200 pounds of brown shrimp had been landed from 25 to 45 fathom depths off Port Aransas; white shrimp totaling 12,700 pounds of tails were captured in depths of six to fifteen fathoms between Pass Cavallo and Freeport, and 164,300 pounds of pink shrimp were landed from the Campeche grounds off the coast of Mexico.

During the month, he stated, a number of trawlers had left this area for comparatively new shrimp fishing grounds off the northwest coast of South America.

Inquiries along the waterfront showed that approximately a dozen boats had left from the Rockport-Aransas Pass area, headed for the trawling grounds near Buenaventura, Colombia.

Among them were the Bluebonnet, owned and skippered by C. O. Robert, a veteran of the Campeche grounds; the Conte Bianco, owned and captained by W. D. Henderson; the Vivian Lee, owned and skippered by Billy Gene Peed; and the Miss Atlanta, owned and captained by Eugene Moore.

Three other trawlers left Aransas Pass earlier, and are understood to have reached Buenaventura after a passage through the Panama Canal. They are the Texas Pride and Southern Clipper, owned by Vernon Crotts, and the Gannet, owned by Edward J. Maloy. Another fisherman from this area, Joe Buckmaster, is also leaving for South American waters with his trawler, the Mermaid.

Local shrimp fishermen say that another fleet of 24 trawlers left last week for Buenaventura, sailing from Alabama and Louisiana.

C. O. Robert, owner of the Blue Bonnet, is a veteran skipper who has long fished the Campeche Banks from here, and he estimated before he left that the Colombian trip would take at least eleven days running time, with the trawlers in convoy to help each other in case of trouble.

The trawlers are fishing for Pesqueros Unidos de Colombia, LTDA, at Buenaventura. Joe L. Putatura is president and general manager of the company, which has constructed freezer and ice facilities, following good shrimp catches from those waters by native boats, with vessels and rigging far inferior to craft from this country.

The Colombian fishing grounds are situated just north of the equator, and due to lack of wind, the shrimpers can operate the year round.

Robert, who acted as unofficial leader of the last contingent to sail from this area is well-known in Coastal Bend fishing circles, while W. D. Henderson is a Rockport man.

Robert has been a shrimp boat owner and operator since 1946. His trawler, the 72-foot Bluebonnet was built at Morgan City, La., in 1953.

CITY HAS MEN TRAINING FOR MONITOR UNITS

Six men are training for the use of radiological monitoring units which it is obtaining from the Federal government, as part of the Civil Defense program.

CANCER FILM SHOWN WOMAN'S CLUB

Mrs. Helen Foster, district representative of The American Cancer Society showed two films entitled Time and Two Women and Self Examination to the Woman's Club membership at last Tuesday's meeting. Following the film Mrs. Foster conducted an enlightening question and answer period.

Mrs. A. L. Bachman was assisted by Mrs. F. O. Lenoir during the social hour.

E. G. Brooks To Talk To Fulton P-TA About Civil Defense

E. G. Brooks, science instructor in Aransas County High School, will speak to the Fulton P-TA on Civil Defense. The meeting will be held at 3:45 p.m., March 14, in Fulton Elementary School.

In addition to characterizing radiation phenomena, Brooks will speak on ways to develop recognition of the need for preparation for emergencies; how to develop communitw consciousness of the need for a community Civil Defense program; and will demonstrate that families can learn to face community and national emergencies.

Civil defense, he says, although in new concept in our national thinking, can be made very effective through learning, and can become an integral part of our daily lives.

He will outline what families should do in order to prepare for emergencies; why a Civil Defense plan is needed; how a community can have one, and what part the individual must play.

More than that, he will discuss how the program contributes to safe living, and good mental health; what organizations should cooperate in Civil Defense planning, and where members of a family may learn the things they need to know.

Rockport P-TA To Give Spring Music Festival

The money-making project of the Rockport P-TA this year is a Spring Music Festival instead of the Hallowe'en Carnival of past years.

However, according to Principal Albert R. Griffith, Jr., continuation of this plan through next year depends solely on the success of the one this spring.

The program has been planned in the form of a TV spectacular, divided into acts; using a variety of presentations and performers, all based on a central theme.

Music classes in the school have been working for some time on the music and choreography of the various performances, under the direction of Miss Jean Venable.

The program will be held in the Aransas County High School Auditorium on the night of Friday, March 23, at 8 o'clock.

Tickets to the program will be a $1 donation from adults and a 25c donation for children. The tickets will be available through room mothers, from the P-TA, and through the children's classrooms.

In Act 1, scene 1, the musical, presented by the fourth grade, will be "This Is Your Land", "Blow Ye Winds", "Erie Canal", The Sidewalks of New York", "By Cayuga's Waters", and "Maryland, My Maryland". A sailor's hornpipe will be given by the second grade.

Scene two is cast in the deep south. "Carry Me Back To Old Virginny", "My Old Kentucky Home", "O, Susanna" and the "Market Song" will be presented by the third grade. A boy's quartette from the fifth brade will sing "Waiting For the Robert E. Lee"; Mrs. Snyder's first grade will dance a minuet, and a member of the high school band will give an instrumental solo, "The St. Louis Blues".

In scene three, which features the Central States, the sixth grade choir and soloists will sing, "Wells Fargo Wagon", "Gary, Indiana", "Iowa Way", "Goodnight My Someone", "Maybe", "Till There Was You", and "76 Trombones".

The finale to Act One will be the singing of the "Battle Hymn of the Republic" and "America the Beautiful".

The beginning of Act II features Bobby Jackson in the "Gold Sequence", and this is followed by Scene One, The West. Songs for this, by the fifth grade choir, are, "California, Here I Come", "Sweet, Sweet Betsy From Pike", "Sunrise Call", and "Marquita". Miss Vidaurri's first grade will perform a Spanish folk dance. To the fifth grade goes the honor of singing "Deep in the Heart of Texas"; another section of the first grade will give a western folk dance; the fifth grade has another song, "I Ride Old Paint", and the scene closes with a folk dance by another section of the first grade.

Scene 2 is introduced by the gold sequence again, and is centered around Alaska. Isabel Hernandez and Denny Elliott, of the Junior High Choir, will sing a duet, "North to Alaska". Next is a can-can dance by Mrs. James' second grade, followed by a clothes line sequence.

In scene 3, which has Hawaii as its theme, Mrs. Gilley's second grade will present "Far Away Places", "Aloha Oe" and a hula dance.

Scene Four is "I Hear America Singing" a choral reading by the sixth grade, and the finale will be "This Is My Country" sung by the entire cast.

Those who saw last year's presentation of the Gilbert and Sullivan opera Pinafore by the children of Rockport Elementary under Miss Venable can look forward to another delightful evening; those who didn't ought to mark this date on their calendar and be there.

MRS. JAMES B. JACKSON LOCAL HEAD OF CORPUS CHRISTI MUSIC ASSOCIATION

Mrs. James B. Jackson is the Rockport and Fulton representative of the Corpus Christi Civic Music Association, which annually brings so many fine musicians to this area, and which will conduct its drive for members March 19 through 24.

Four outstanding events have been scheduled for music lovers in 1962, Mrs. Jackson said, and will be presented in the Del Mar College Auditorium.

The attractions are the National Ballet of Canada, and Pianist Iman Davis, both of which have scored outstanding successes in the area in past years; the Indianapolis Symphony Orchestra, and Calara Mae Turner, Metropolitan opera contralto.

Mrs. Jackson says that no tickets will be sold for single performances, but that season tickets can be purchased either through her or through the headquarters of the drive, which will be in the Driscoll Hotel lobby. Cost of a season ticket to all four performances is $7.50.

MULLINAX AND CARTER RECEIVE VFW RECOGNITION

At a County Council meeting at Ingleside, two Rockport men were presented with outstanding service awards for VFW work.

Nick Carter, local commander, and H. C. Mullinax were recipients of the "Ball of Fire" and "Feather in His Cap" awards.

To merit this honor, the local post, under their leadership, has achieved over 85% of the quota of membership set by District 6, and is one of the few 100% quota posts in the state, and the first to attain that distinction this year.

Mr. and Mrs. Frank Davis spent last week in Midland with Mr. and Mrs. Leon Johnson and family.

Big Job Done By Tourist Committee

The Tourist Promotion Committee, of the Rockport Chamber of Commerce, has carried a number of projects to successful conclusion during the past year.

Signs bearing this city's "Toast of the Coast" slogan were painted and distributed to winter visitors last year, for erection in their home states. These signs, approximately 24 inches in diameter, advertised the attractions of Rockport, and over fifty of them were prepared and distributed.

The committee also prepared the shell souvenirs and the display used in the Dallas Sport Show last year, and staged a very successful barbecue and boat race on June 18th, despite the fact that heavy rains kept the turnout at a minimum. Money from these activities were used to pay for an advertisement in the South Texas Chamber of Commerce folder with wide distribution.

Also staged to aid in providing funds for this purpose were Rockport's first professional wrestling matches on April 29, last year.

The full page ad cost $900, none of which came from the regular Chamber of Commerce budget.

The committee was also responsible for the erection of the 8 by 24 foot sign at the Sinton cut-off, pointing the way to Rockport, and for repainting the other sign at the Tivoli cut-off, between Victoria and Refugio, showing the way to the Rockport-Fulton area.

Souvenirs were furnished for the District meeting of the Business and Professional Women's club meeting.

This year, the committee is laying plans for an annual civic celebration to be known as the "Toast of the Coast Sea-O-Rama", in which practically every civic club in the area is cooperating.

And for years two members of the committee have, without any pay other than thank you, put in twelve to fourteen nights every winter running the game nights at the VFW Hall that are so popular with winter tourises. These members are Mrs. H. E. White and Matt Scott.

MRS. ROSS HAYNES TRAPS 15 SKUNKS LAST MONTH

Mrs. Ross Haynes has been doing a service to her neighbors and the country at large, having trapped and killed 15 skunks around her home on Highway 35 during the past month.

Mrs. Haynes thinks the grass fires drove many of them out of their accustomed habitat.

She has been catching them with a wolf trap, and no bait. She simply sets the trap close to where she has buried her last victim, and so far it has worked every time.

Of course, her last was a week or so ago, but then, she says, skunks are pretty much like people, and they don't stir around much in the kind of weather we've been having.

JUDGE J. ALLEN SIMPSON HERE FOR THREE MONTHS

CONDITION OF BOY HIT BY CAR SERIOUS

A small boy struck by a car Sunday afternoon was in serious condition earlier this week in Memorial Hospital.

Roy Riviera, Jr., 2½-year-old son of Mr. and Mrs. Roy Riviera, Sr., was hit by a car Sunday about 4:30 p.m., when he walked out in front of an automobile on Highway 35 about four miles north of Rockport and suffered head injuries.

The boy's parents live about 200 yards off the highway.

Deputy Sheriff Sherman Mundine said the driver of the car was Wilmar Harrington, 31, of Box 509, Rockport. Mundine said that Harrington did not see the child in time to avoid hitting him.

Mr. and Mrs. Willis Webb and family, of Bay City, visited with relatives over the weekend.

J. C. Gurley is attending a Water and Sewer Short School at A&M College Station this week.

Four Juveniles Arrested For Area Break-Ins

With the arrest of four youths Tuesday, Deputies Sherman Mundine and Walton Haynes, of the Aransas County Sheriff's Department, and Rockport Chief of Police E. A. Stautzenberger cleared up half a dozen breakins in this area during March, and have signed confessions from three of the juveniles involved.

The youths say that on March 2 they broke into Jackson's Seafood Company and stole $12 in dimes kept in a jar, approximately $20 from a soft drink machine, and another dollar or so from a candy machine.

On the same night, they broke into a local restaurant. However, to accomplish this, they broke into Picton's Lumber Yard, stole a saw, and went back to the restaurant where they had discovered a two-by-four bar that foiled their first try. Using the saw to cut this bar, they entered the building and broke open a music box. They found no money, so drank some Coke and left.

Six days later, on March 8, they burglarized Rouquette and Wendell's Fish House at Fulton, obtaining a little change. After they left there they entered Casterline's Fish House and took about $6 from a soft drink machine, then, later, burglarized the washatedia operated by Raymond Owens on Highway 35. Here they obtained a little money from one of the change machines.

All four are being held in jail for court action.

KLEYPAS WINS DOOR PRIZE, GIVES IT FOR SAFETY ROAD SIGNS

Vernon Kleypas was winner of the $25.90 door prize at the Tuesday night meeting of the Veterans of Foreign Wars, and he very promptly turned around and donated it to purchase two safety road signs for protection of children in our public schools.

LICENSE PLATES DEADLINE IS MARCH 31

Mrs. Margaret Weber, County Tax Assessor-Collector says that she has sold only 792 passenger car and 359 truck ilcenses.

"This means," she said, "that there are a lot of people that are going to have to hurry to beat the deadline March 31. And even so, if they don't have their title and certificate, they're going to be in trouble. Some people have title here at the office now that must be corrected, and we can't issue the licenses until they do."

JAYCEES CLEAR NICE SUM FROM SELLS BROS. CIRCUS

The Rockport Junior Chamber of Commerce, sponsors of the Sells Bros Circus which showed here Saturday, cleared approximately $400 as the club's share of the gate receipts.

Charley Spears says that the money will be earmarked for Little League baseball.

WHO BUYS, SELLS SNAKES, OR VENOM?

AUSTIN—This is the season when snakes begin to appear and with them hundreds of questions, according to Robert Carlisle, of the Information and Education division of the Game and Fish Commission. He now is in the process of preparing a new and up-to-date snake bulletin for release shortly. However, many persons are asking him where they can either buy or sell snakes, skins and venom. If you know where any of these can either be bought or sold, Carlisle would appreciate having the information.

ROCKPORT PUBLICITY GETS AROUND

Rockport publicity continues to get around. Latest instance of this is in True Magazine's special boating issue, where a picture of the Yacht Basin that has been used by the Chamber of Commerce is given as a good example of a circular Harbor.

The Chamber got a request for this material before Christmas.

Mr. and Mrs. Frank Davis returned Saturday night from Midland, where they had been due to the illness of a grandchild.

Mrs. Otis Rouquette, who had minor surgery at Thomas-Spann Clinic in Corpus Christi last week, is home and doing nicely.

TWIST SHOW AT RIALTO FRIDAY

Wallace Witt, manager of the Rialto Theatre of Aransas Pass, has announced that there will be a gigantic twist show in the Rialto Theatre on Friday, March 16, at 10:00 p.m.

As Master of Ceremonies of this event, the Rialto Theatre was lucky to have secured the services of the number one Disc Jockey in South Texas, Bruce Hathaway of KTSA in San Antonio. Hathaway has just returned from an all expense paid trip to Las Vegas which was his prize for his success. Hathaway's popularity has carried him as far south as Kingsville, and as far West as Del Rio for proms and hops.

The Medallions, the marvelous band from Corpus Christi will make one of their infrequent appearances in this area. They are in great demand in Corpus Christi, having played for many parties and hops. For those who would like to see how the Twist should really be done, Bubba Barry and the Peppermint Sticks will demonstrate. On screen will be Elvis Presley in "Jailhouse Rock." All seats are 75c.

SUPPOSE YOU COULD DECIDE, TONIGHT,

just how the government should spend your tax money. You would certainly want it used to keep America's defenses strong. But is there any point in having it spent needlessly, in other fields? Some people want the government to pour a lot of your tax money into more government-financed electric plants and lines. This is unnecessary, because the *investor-owned* electric light and power companies such as CPL can supply all the additional electric power a growing America will need. Why should anybody insist on using your money for a job that can be done without tax spending?

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!) CHEVROLET

About Your Telephone Bill

We know how important it is to you that the bill you receive from us for your telephone service each month is correct. And we try very hard to see that it is always right.

Most calls are billed with the help of marvelous new electronic machines. These machines help us to hold down our cost of billing —which means holding down the price you pay for telephone service. It would be almost impossible to do the whole billing job by hand.

Though our electronic machine are almost miraculous in their speed and accuracy, it is still possible, once in a while, for something to go wrong. For that reason we have dependable telephone people checking and double-checking the bills at every key point in the process.

In the telephone business, we combine machines and people for the utmost accuracy in your telephone bill. Like any other part of your telephone service we are always looking for new ways to improve it while holding down the price you pay.

Telephone Month

March is a most significant month for telephone people. It marks the anniversary of two important dates in telephone history.

On March 3, 1847, Alexander Graham Bell was born in Edinburgh, Scotland. Twenty-nine years later, on March 10, 1876, in Boston, he made the first telephone work. After its invention, it took just a few years for the telephone to travel as far as Texas. Our first telephone exchange was opened in Galveston in August, 1879.

Since that time, telephone service has grown, until today there are more than 75 million telephones in the United States. They carry more than 290 million telephone calls each day.

On this 86th anniversary of the invention of the telephone, our goal is the same as it was on March 10, 1876 . . . . to make your telephone service more valuable, more dependable and more useful to you every day.

Call by number. It's twice as fast.

The 4 that goes around acting like a V-8...Tempest!

Used to be that people swore by V-8's and V-8's alone. And then along came Tempest's spunky 4 to steal their thunder. The hottest version of this 4 (166 hp) puts out more horsepower than any other production 4 in the world. More torque, too. And every version, standard 110 hp on up, is smooth and silent and effortless. About the only thing Tempest doesn't share with the big boys is its appetite for gasoline and spare parts. Try a drive in a Tempest 4 soon, hear? You might as well save while you're swinging!* **Pontiac Tempest**
