WEST TEXAS — Cloudy to partly cloudy through Saturday night. Cooler Panhandle Friday night.

YARBOROUGH STOPS ON TOUR—Touring the Panhandle, Judge Ralph Yarborough stopped at Johnson's Cafe this morning to be greeted by 14 citizens. A welcoming committee was headed by Paul Crossman. At the close of his informal talk, Yarborough answered various questions. Among those present were (from left to right): Judge Yarborough, Mayor Lynn Boyd, Ott Shewmaker, Paul Crossman, and Ross Buzzard. (News Photo)

Yarborough Visits; Views Drouth Area

Judge Ralph Yarborough, attorney for Austin Produce Credit Association, arrived in town this morning to speak before a welcoming committee headed by Paul Crossman at Johnson's Cafe.

Yarborough is touring the Panhandle to inspect drouth-stricken areas and to study the needs of farmers in this area. He said the main objective of this swing was to visit the 12 counties in the Panhandle that he had never had a chance to see before.

Having recently toured the Spearman and Stratford area, he stated that this was the worst hit drouth area in the Panhandle. Dry land farm areas are particularly suffering, he pointed out.

Beginning by saying "I'm not here to make a speech," Yarborough continued to discuss the farm problems, state institutions, and state-level taxes for next hour.

He mentioned that he had been a worker in Burger for three and one-half months during boom year of 1926. By building steel storage tanks, he saved enough to finish his last year of law school at the University of Texas.

Speaking of his past tours, he said the "Panhandle, of course, is the most interesting place to visit." Describing the agriculture conditions, he indicated that it was depressing to see that the drought was not broken in some areas, although reports of rain had fooled some people into thinking so. "The agriculture picture is not nearly so bright as it was a year ago," he added.

He discussed economic conditions, in general, and by mentioning government subsidies.

"I find farmers are greatly disillusioned with the Benson plan," Yarborough indicated. Enough food is produced in the world every year to feed every one, the problem is

Girls Town Given Check For \$20,000

Miss Amelia Anthony, who came to Pampa just two days ago to appeal for financial aid for Girls' Town, went home happy yesterday.

The Gray - Pampa Foundation, Inc., had presented her with a \$20,000 check to be used to expand the activities of Girls' Town and help defray the operating expenses.

Miss Anthony, who founded the organization March 13, 1949, said that the gift was an act of faith working. Faith has been and is the principal asset of Girls' Town and Miss Anthony says faith has carried Girls' Town over the hard spots.

Miss Anthony stated that the trustees of the foundation had been interested in Girls' Town for some time. They had watched closely the activities of the home for neglected girls since 1950, when County Judge Bruce Parker placed seven Pampa girls in the home so that they might be given an opportunity to become a credit to themselves and their country. An opportunity not afforded them at home, through no fault of their own. Since that time, three more girls have gone to Girls' Town from Pampa.

Gray County now has more girls in the home than any other county in Texas.

There is still a need for funds at Girls' Town, however. There are 67 girls now in the home and a residence is being built for 88 more. The building under construction will cost \$70,000 and Girls' Town believes in paying as they go.

Additional funds are also needed in order that the activities of the home may be expanded. Miss Anthony stated that she now has a backlog of applications numbering over 1,500.

Arguments End In Till Murder Case

SUMNER, Miss. — UP — Attorneys present final arguments Friday in the wolf whistle murder trial of a 14-year-old Negro boy from Chicago.

The case was expected to go to a jury that has heard no testimony about the alleged "insult" that cost Emmett Till his life.

The white woman in the case testified for the record Thursday that a Negro insulted her and grabbed her arm, but the jury of 12 white men, mostly farmers, had been ordered from the courtroom. Attorneys for J. W. Milam and Royal Bryant, charged with murdering Till, nevertheless spurned an 11th hour chance of removing the shadow of death in the Mississippi gas chamber.

To Present Character Witnesses Defense attorney C. Sidney Carlton said he had only six or 10 character witnesses for the half brothers, before he and District Attorney Gerald Chatham present their final arguments in this jammed, tense courtroom.

District Judge Curtis Swango, who limited each argument to one hour and 10 minutes, ruled the jury could not hear the testimony of Bryant's young wife, because it was not positively linked to Till.

The attractive, brunette Mrs. Bryant lowered her head demurely in describing the purported wolf whistle incident in Bryant's rural store.

She said a Negro "man" entered while she was alone in the store.

204 Dead, 370 Missing In Mexico

TAMPICO, Mex. — UP — The death toll from Hurricane Hilda reached 204 Friday as flood waters began to recede, but at least 370 other persons were still missing and presumed dead.

Herbert M. Williams, an American cattle rancher who lives in Tampico, said it is possible the dead will reach into the thousands.

Williams flew his private plane over the vast devastated area and reported that tiny villages that once dotted the terrain are no longer there, completely washed away with no sign of life.

First estimates of material damages in the Tampico area totaled \$120 million. The government-owned oil industry said its installations suffered damages estimated at \$20 million.

Ruiz Corines Takes Over President Adolfo Ruiz Corines remained in Tampico to take personal command of "Operation Air Bridge." He decreed martial law over the entire region affected by the hurricane.

Meanwhile, the hydraulics resources ministry reported the Panuco, Tamesi, Temoral and Mocuzum rivers, "receded notably" and the only river still rising was the Guayaleto.

Government officials added Santa Fe, Anahuac and El Higo to the lengthening list of villages "washed cleanly from the face of the earth" and said it would be days before a really comprehensive picture of Hilda's devastation was known.

Communication Limited Except for U.S. helicopters, the port of Tampico had no communications.

Health ministry officials said more safe drinking water is urgently needed to prevent spreading of a colitis epidemic. Two children died of the disease in a refuge in which another 100 persons are being treated.

Police reported finding several abandoned cars with U.S. license plates near Ciudad Victoria along the washed out main highway from Mexico City to Laredo and said the whereabouts of the owners were unknown.

Stolen From Nursery The baby, born last Saturday, was stolen from the nursery at Mount Zion on Monday afternoon. Nurses, attendants and other witnesses reported seeing a buxom blonde woman, who spoke with a Scandinavian or Slavic accent, lurking about the nursery at the time.

The search in San Jose, about 20 miles south of San Francisco, was touched off by the fact that a woman answering this description was seen wandering about that area.

According to reports, the woman was homeless and apparently afraid to seek haven in any of the city's hotels. She was sleeping in parked autos and tried to steal diapers from a clothesline.

11 Unions Threaten Rail Strike CHICAGO — UP — Some of the nation's railroads Friday faced an immediate strike threat by 11 unions representing 800,000 non-operating rail workers.

The threat arose after the unions broke off negotiations with the nation's carriers Thursday over a demand for a 25-cent hourly wage increase.

George E. Lighty, chairman of a national union conference committee, said the strike "could be called" within a week on some roads. He declined to specify which roads would be involved.

He said the talks, which began only Tuesday, were broken off because representatives of western and southeastern railroads tried to "divide and conquer" the unions by refusing to negotiate for all workers involved in the dispute.

Lighty said the threatening unions account for about three

REWARD BY DEDUCTION

SAN MATEO, Calif. — UP — Mrs. Elsie Humbert lost her wallet and \$32 in a supermarket. She asked a man if he had seen it.

The man took a wallet out of his pocket and asked Mrs. Humbert if it was hers. She smiled in delight. It was.

"I guess I'm entitled to a reward," the man said. He removed \$25 from the wallet, handed the wallet to Mrs. Humbert and drove off in his car.

Knife, Fork Speaker Tells Of Red Rule

Dr. Nicholas Nyaradi, who calls himself the "only man in the Top of Texas to swipe over a million dollars from Joe Stalin," was the speaker at the Knife and Fork Club last night.

Dr. Nyaradi gave his address in the High School auditorium before a capacity crowd which gave him their undivided attention.

Dr. Nyaradi's speech topic was "My Ringside Seat in Moscow." For a short time following World War II, he was the Finance Minister for Hungary. During his tenure in office, Dr. Nyaradi had visited in Moscow, pleading with the Red leaders to ease a huge demand of money from the Hungarian people which they said was justified as a result of the Potsdam agreement.

Falling to get results, Dr. Nyaradi returned to Hungary and took measures to keep the Reds from getting their fantastic demand. As a result of his efforts, he was declared a wanted man and accused of being a spy for the U.S.

He and his wife got out of Hungary and eventually came to the U.S., where they picked up the broken pieces of their lives and began to carry on a sort of private war against the Reds.

Dr. Nyaradi knows the Russians well. He says that the Russian smile at the recent Summit Conference in Geneva is merely a stall for time.

Lenin, he said, founded the Communist doctrine in 1917 and the purposes of Russia have not altered one ounce since that time. Their purposes include complete world domination and annihilation of capitalism.

Referring to himself as a salesman of truth about the horrors behind the Iron Curtain, Dr. Nyaradi recounted events he had witnessed and said that the greatest privilege we Americans enjoy is that of going to bed and waking up the next morning unafraid. The early morning hours are the hours the dreaded M.V.D., the Russian secret police, do their work.

He has seen a truck load of Russians pull up before a house, usually in a Dodge, Ford, or Chevrolet truck, given to them by the U.S. and haul off members of innocent families to be placed in concentration camps or slave labor camps in a uranium mine in Siberia.

These injustices, he said, are the horrors he remembers from behind the Iron Curtain, and horrors which the American people do not know.

Nyaradi said that the snug, comfortable, easy living enjoyed by Americans would stop in an instant if the Reds could but overcome us. And to conquer the U.S. is their final aim.

Nyaradi remarked that Lenin, who said that either Capitalism or Communism must die, did not say that the fight had to be settled on the battle field.

He remarked that it is possible that a shooting war is farther away than a shooting war is farther away (See SPEAKER, Page 3)

New Government Promises Censorship Will Be Ended

BUENOS AIRES — UP — Argentina's newspapers began publishing Friday as a free press for the first time in a decade.

The new provisional government of Gen. Eduardo Lonardi pledged itself to restore freedom of the press and promised to end censorship.

The newspaper La Prensa, one of the world's greatest before it was expropriated by Dr. Alberto Ginza Paz, Friday dropped Peronist slogans from its masthead as evidence of the new freedom.

Anti-Peronist employees of La Prensa threw pictures and busts of former President Juan D. Peron and his late wife Eva from the building Thursday night, cheered on by a crowd of 10,000 persons.

La Capital Returned At Rosario, Civil Judge Amancio Escobar returned the newspaper La Capital to its former owners, the Lopez family. La Capital is one of the biggest newspapers in interior Argentina.

The government appointed Navy Capt. Osvaldo Salinas as interim editor, or administrator, of the Peronist afternoon newspaper. Critics announced it would continue publication. It urged employees to remain at their posts.

Some of the former owners of the newspaper fled to Montevideo when the newspaper was sold to the government.

The pledge of press freedom came from government spokesman Gen. Leon Tucci at a press conference in the communication ministry office in the general post office building.

He said from now on foreign correspondents were free to file whatever they like and that news agencies will be able to give all the news they wish to Argentine newspapers.

To Issue Credentials Tucci, explaining that he was conveying the sentiments of the new regime, said one of the first government steps would be to issue new credentials to every bona fide correspondent — some of whom were still working with tattered, eight-year-old letters of authorization.

He announced that information would be centered in the army's press chief, Col. Emilio Bolon Varela, who had been instructed to give the utmost facilities to foreign correspondents.

Tucci added that wire-tapping had been ordered ceased and that all could use the telephone with assurance their conversations were not being recorded. He also ordered that press messages be given the fastest service on all government radio and telegraph circuits.

"There will be absolutely no censorship," he said.

Shamrock Crash Kills 6, Hurts 5

SHAMROCK, Tex. — UP — Four persons remained in critical condition Friday from injuries received in a head-on automobile crash that killed six others.

The collision of a Cadillac, in which three persons were riding, and a Pontiac, in which there were eight passengers, three of them children, occurred Thursday on a dry, open four-lane section of U.S. 66, four and a half miles east of Shamrock.

Highway patrolman R. C. Parker said the Cadillac was on the wrong side of the road. The Pontiac was reported to have been passing a truck when the cars ran head-on.

Killed almost instantly were Mr. and Mrs. Shelby Edward Fitzsimons of Sallisaw, Okla., and their daughter, Donna Jo, about 7, and two Negroes, Samuel Abraham, 41, of Bridgeport, Conn., and Miller Leroy Gaskin, 25, believed to be from San Antonio.

Johnny Littlejohn, five-year-old son of Mr. and Mrs. William H. Littlejohn of Shamrock, died several hours later in a Shamrock hospital. Littlejohn is a foreman (See SHAMROCK, Page 3)

Oil Strike Announced In Israel

By ELIAH SIMON. TEL AVIV — UP — The Israeli government announced Friday that it will include numerous American investors, have struck oil in the barren Negev desert—oil of a quality that may equal that of the rich Arab states to the east.

A rich oil find in the red and rocky wasteland of Biblical renown has been one of this young nation's strongest hopes in its quest for economic self-sufficiency.

Friday Development Minister Dov Yossef formally announced that the Laidpoth Oil Co., which includes a number of American investors, had struck oil in the Negev settlement on the Negev desert.

He said the oil was of a quality of API 35.5 which equals the quality of the rich pools in Kuwait, an independent Arab state on the Persian gulf. It was found at a depth of 4,200 feet in the Negev settlement.

Israel began to develop the area desert region soon after the nation became independent. Deep wells were drilled and water was piped to the desert settlements near the borders of Egypt and Jordan.

The once-barren desert produced grain and fruit but not enough to make Israel financially independent. Because the desert closely resembles the oil-producing deserts on the Arabian peninsula the government ordered that oil drilling operations begin.

Censorship Denied In Movie Case

WASHINGTON —UP— The State Department denies that ambassador Clara Boothe Luce acted as a "censor" in refusing to endorse the motion picture "Blackboard Jungle."

The movie was withdrawn from the Venice film festival.

The State Department said Wednesday that Mrs. Luce declined to attend a showing of the picture at the festival because she believed it would create a "seriously distorted impression of American youth and American

public schools."

The department said no censorship was involved and the film's producers were free to show it at the festival.

Mrs. Luce, U. S. ambassador to Italy, has said she thought the impression left by the controversial movie would help anti-American propaganda spread by the Communists in Italy.

The State Department's position was spelled out in a letter from acting Assistant Secretary Robinson McIlvaine to Arthur M. Loew, president of the Loew's International Corp.

Farm accidents in the United States cause about 17,500 deaths and 1,500,000 disabling injuries each year.

County Official Found Dead

NACOGDOCHES, Tex. —UP— The shirtless body of Nacogdoches County Commissioner A. J. Satterwhite, missing since last Tuesday, was found beside his pickup truck early Thursday in a secluded pine thicket about five miles northeast of Nacogdoches.

The 66-year-old Satterwhite, who had a heart condition, disappeared Tuesday morning after visiting the office of County Attorney Jack Varner. He failed to return to his Cushing home after the visit to Varner's office.

The body was found by Willis B.

Smith, a pulpwood hauler, who told Sheriff Bertie M. Matlock that he had seen the pickup truck parked in the wooded area Wednesday. Smith said he became suspicious when he saw it again Thursday morning and investigated.

Satterwhite apparently had been dead about 40 hours, for his body was swollen and discolored, authorities said. Peace Justice Tom Lilly opened an inquest at the scene and ordered an autopsy to determine the cause of death.

There were no signs of violence, although the sheriff said Satterwhite had bled considerably from the mouth.

The sheriff said Satterwhite's body lay face down on his shirt about 15 feet from the truck. One of his dental plates, a pocketbook, notebook and his hat were found on the truck seat.

Such a procedure, he said, calls for a "cooling off" period.

But, he said, there would be no emergency if the unions struck against railroads where "parallel service" of other roads is involved.

Summer Ends With Record Hot Spell

By UNITED PRESS

The summer of 1955, which will stand on the record books as one of the hottest in the nation's history, ended Friday.

'Forrestal' Speed Clocked Over 35 mph

ABOARD THE CARRIER FORRESTAL—UP—The super carrier Forrestal—racing like a destroyer and riding like a luxury liner—clipped through the Atlantic Thursday at better than 35 miles an hour.

The 60,000-ton warship, largest afloat, rang up what the Navy calls maximum efficiency speed for about five hours. It maintained high speed even during torridous rudder tests which sent the big craft slithering through the water in an enormous serpentine pattern.

The run was a key test in a series of sea trials before the Navy takes over the big warship from its builders, the Newport News Shipbuilding & Drydock Co. The Forrestal's announced speed—better than 31 knots—(more than 35 land MPH)—was the fastest disclosed to date. Officials declined to give a more precise figure but there was little doubt the speed was considerably in excess of the announced run.

Ship engineers reported no trouble with propeller shaft bearings. The bearings' lubrication system has been redesigned. Two of the four bearings burned out on the Forrestal's previous sea trials before full power could be built up.

In the steering test, the force of the water against the ship's three 45-ton rudders set the stern to shuddering.

A heat wave was still hanging on in the South. But fall got off to a blustery start in Canada, where the worst autumn snow storm in five years blocked highways in southern Alberta.

Official summer was to bow out and fall was to begin at exactly 1:42 p.m. est. his was the moment of autumnal equinox, when the center of the sun is directly over the equator.

Most of the nation was appropriately cool for the beginning of fall, with brisk Canadian air knitting as far south as the Texas Panhandle.

Heat Continues in South

But summer heat stayed on in the Gulf States and Southwest desert. High of 99 were registered Thursday at Yuma, Ariz., and Needles, Calif., and temperatures were in the 90s as far north as southern Illinois and Indiana.

In Alberta, meanwhile, nearly five and a half inches of snow blocked highways and halted traffic in and around Calgary. The snow was whipped by 20-mile-per-hour winds and power lines were knocked down in nearby areas. At least one death was blamed on the storm.

Far to the south, a new hurricane churned through the Caribbean and the death toll of Hurricane Hilda continued to rise.

New Hurricane Builds Up

The new hurricane, dubbed Janet, was only a little more than a day old, but already carried 115-mile-per-hour winds. It rumbled through the sparsely populated Windward Islands and was headed in the general direction of Central America Friday.

Temperatures in this country dropped into the 30s and low 40s in the Northern Great Plains, northern New England, and upper New York. Heavy rains hit in the central part of the nation, dousing Tulsa, Okla., with two inches of rain in two hours and Carnegie, Okla., with three inches in three hours.

Aluminum Expansion Dropped

Daily Walking Aids In Remaining Year

By ALICIA HART
NEA Beauty Editor

One marvelous benefit of having graduated the kids out of the house and into their own homes is that there's a little time. One thing most mature women should budget right into their schedules once they reach this happy era is a daily walk.

This kind of exercise won't be the shock to the system that it would be for you suddenly to take up hockey. But it will improve your circulation, keep your insides happy, build up your appetite and get you outdoors.

Don't just vault out of the house one day. Keep in mind a few sensible dos and don'ts. Don't wear your good clothes, high heels, heavy coat and big hat. Wear comfortable shoes with broad heels, travel light. Walk briskly at a smart pace. Hold up your head, breathe deeply.

Don't stop to window-shop or chat, keep going right along at a good pace.

Don't try to go too far at first, for you must get back; too. A quarter of a mile is a good starter. You might increase this to a mile a day by slow degrees.

Don't be a stoic. If you get too tired, hop a bus or call your husband to come get you. But you will find the health benefits you derive from your walks will show in your appearance. Plus the fact it's good for you to get out and see a bit of the world you've been so busy in for the last 10 or 20 years.

MANNERS MAKE FRIENDS

It is no fun for anyone to go out to eat with a finicky eater, one who complains that the meat is too rare or too well done, the pie crust tough, etc. Before criticizing the food you are served reflect upon what Washington Irving once said:

"When I cannot get a dinner to suit my taste, then I endeavor to get a taste to suit my dinner."

MAKING A GO OF LIFE

By ROY L. AMITH
Read Hebrews 9:11-22
Great longings have great survival power. In his youth a Chicago businessman had a passionate longing to be an artist, but the stern necessity for making a living prevented him from getting training. Then came a crowded business career and the accumulation of a fortune. On his 65th birthday he announced his retirement and was free to pursue the ambition of his lifetime. All unknown to his business associates he bought a supply of materials and indulged his soul. A few years later he won his first award.

In the midst of a terrible blizzard a minister's doorbell rang, and when he opened the door he was confronted by a notorious criminal. "I know you are amazed to see me," the hunted man said, "but before I give myself up to the grand jury I wanted to ask you if you think there is any chance for one who has lived for 30 years the life of a criminal. There's something in me that will not let me rest."

Into a pastor's study one morning there came a notorious woman, accompanied by her lawyer, a crafty chap who was trying to save her from the law. Before she left she turned to her lawyer and said: "Don't hurry me away from here. This is the first clean air I have breathed in all my life. I was born in a house of prostitution; my mother was a prostitute. I never felt the way I do this morning. It's this house of God that is doing something to me. I may never come again; let me stay just ten minutes." Something holy in her would not die.

I thank thee, O God, that thou wilt not surrender me to myself or anything else. Thou dost persist in wooing me; I feel the pull of thy Spirit upon my spirit every hour of the day, and for that I will be grateful all the days of my life. It will save me. Amen.

Are you as well satisfied with your life just now as you were a few years ago when you were still struggling to achieve an ideal? Was there not something in the struggle that injected self-respect into your spirit?

The Home and School Association of Holy Souls Catholic Church was addressed by Father Myles Moynihan, C. M., pastor of Holy Souls recently at their first meeting of the school year.

"Your School Problem" was his subject in which he discussed the physical problems of the parochial school for the coming year.

"We have an enrollment of 161 students, eight of which are non-Catholics but it is disheartening to think of the many students turned down because of the lack of room," Father Moynihan said.

Mrs. Lloyd Simpson, president of the organization, also introduced Mrs. Emil Urbanczyk, vice-president, on the program who gave a reading "What Price Catholic Education?"

Other officers present which will serve for the coming year were: Mmes. C. L. Sullivan, secretary; Victor Jamieson, treasurer; Albert Doucette, parliamentarian and Mrs. Roger Farrow, historian.

Mrs. Jamieson, who has been chairman of the summer bazaar sales thanked the women for the co-operation extended to make the "after Mass, once a month" bazaar sales the success it was. She stated the proceeds will help buy a new piano for the school.

Chairman present were: Mmes. H. C. Dueterhaus, budget and finance; Gladys O'Gorman, hospitality; E. E. Davis, head home-room mother; L. J. Flaherty, publication and library; R. A. Jewell, Friday morning breakfast; James Archer, publicity; Joe Looper and Forrest Hills, cafeteria and Sister James Aloysius, visual education.

With the conclusion of the business meeting, a "get acquainted coffee" was served where members of the budget and finance committee displayed a beautiful array of "putting Christ back into Christmas" greeting cards.

A total of \$49,097 is proposed to go towards the following departments: worship, missions, evangelism, membership, education, property, stewardship, Christian Women's Fellowship and Lamar Church project (\$7020).

The Weekly Message Of Inspiration

REV. WILLIAM E. WEST
Rector of St. Matthews Episcopal Church

To be a Christian it is not enough to have kindly thoughts and words and deeds. It is not enough to have right beliefs about God. It is not enough to pour out the heart continually in prayer and thanksgiving. These things are the fruit of a far more basic obligation. What is this basic obligation?

We must be reconciled, reconciled to God and to one another. Even as our Lord surrendered and gave His entire life to His Father's will, so we as disciples give ourselves, our souls and bodies to Him and to one another in Him. No man is sufficient of himself. As we read in the Gospel of John in the sixth chapter, "Except ye eat the flesh of the Son of man, and drink His blood, ye have no life in you." These words refer to the Christian act of Holy Communion. No matter what form this communion takes, regardless of what denomination one belongs to, the fact remains that we must enter into Christ and His way of Life, completely, and with no reservations. It means letting Him come in all grace and power of His Holy Spirit and take authority over our whole lives, transforming them into His likeness and lifting our lives up to God. Only by regular and systematic worship can we begin to attain the goal set up by our Lord when He commanded us to love the Lord our God with all our hearts, minds, souls, and bodies and our neighbors as ourselves.

TCU 7-Point Choice Over Tech

By UNITED PRESS
The Pacific Coast Conference kicks off the season's first full weekend of college football Friday night when Southern California plays Oregon, and then four other major conferences get into the act Saturday along with a host of inter-sectional matches.

and then suffered a 20-7 loss to Ohio State in the Rose Bowl, open their quest for the conference title as four touchdown favorites over the Ducks.

UCLA's Bruins, defending national champions, will be seen Saturday in one of several top-drawer inter-conference games. The Bruins are slight favorites in their game with Maryland, which had to battle all the way last Saturday to squeeze out a 13-12 victory over unheralded Missouri.

Irish Favored Over SMU
Southern Methodist's touring Mustangs take on Notre Dame with the Irish seven point favorites in a game that caused a hotel sell-out in South Bend, Ind., the day it was scheduled five years ago. Baylor's Bears are expected

to romp over Villanova in a night game at Philadelphia, while other inter-conference games find Rice and Texas of the Southwest Conference two touchdown choices over Alabama and Ulan, respectively, of the Southeastern.

Also, Texas A&M and Louisiana are rated "pick 'em." Arkansas is a two touchdown pick over Oklahoma, A&M of the Missouri Valley Conference, while Texas Christian team, is only a seven point pick over Texas Tech, a strong outfit trying to muscle its way into that league.

The Southeastern Conference opens with defending champion Mississippi a touchdown pick over Kentucky, while Georgia Tech, which whipped Miami of Florida last week and is a strong pick this year, also is a one touchdown favorite over Florida. Georgia is expected to defeat Tennessee in other conference action.

Indians-Michigan State Tossup
Indiana and Michigan State open up the Big Ten race in a game rated a tossup, while the Atlantic Coast Conference gets underway with Virginia in the underdog role against Clemson. South Carolina picked over Wake Forest and Duke picked over North Carolina State by a big margin.

Honor for Last Homer
CINCINNATI — UP — The National League player who hits the final home run of the current campaign will have his name and the bat with which he hit it enshrined in baseball's hall of fame. The bat and the player making the homer will have special significance because the league already has set a new record for homers in a season. The last one hit will fix the number entered in the record books.

The Sports won their fourth game from Houston 3-0 Thursday night after being behind in the playoffs at one time 3-1. Ray Knoblaugh and Gale Pringle limited the Buffs to only three hits. Shreveport collected runs on solo homers by Joe Koppe and Jack Hollis and got a third run on a passed ball.

Yankees Can Cinch AL Flag At Boston Tonight

By UNITED PRESS
The streaking New York Yankees get three big chances to clinch the American League pennant Friday.

Already assured of at least a tie for the flag, the fired-up New Yorkers can put the flag under their day game or their night game against the Boston Red Sox in Boston. Or they could lose both and still clinch Friday if second-place Cleveland loses its day game to the Detroit Tigers in Detroit.

The "magic number" is only "one" — one Yankee win or one Indian loss.

"If we don't clinch the flag Friday, I'll be awfully disappointed," Yankee Manager Casey Stengel admits.

"We should have that old pennant in the bag by afternoon or night," said Stengel as he named right-hander Don Larsen to make the afternoon try and southpaw Tommy Byrne to follow at night. Meanwhile, the Yankee clubhouse man put the champagne on ice,

all set for the big celebration.

The disappointed Red Sox, who dropped right out of the pennant race by losing 12 of their last 14 games, are anxious not to be humiliated in the bargain. To keep the corks in the Yankee champagne bottles just a little longer, they name pitchers Tom Brewer and Willard Nixon for Friday's games.

The 1955 pennant would be the sixth for the Yankees in the last seven years, an awesome record of league domination, and their 21st in baseball's modern era.

It also would be the sixth flag for Manager Stengel. And clinching in Boston would give gnarled old Casey an extra kick, because he operated in the "hub city" for several sad seasons as manager of the downcast Boston Braves.

Out in Detroit, the Indians could only do their best against the Tigers and, at the same time, keep an eye on the scoreboard to see how the Yankees are doing in Boston. All Cleveland hope is at the

vanishing point, but Manager Al Lopez won't yell "uncle" until the last mathematical chance is gone.

The Yankees must lose all their remaining four games and the Indians must win all their remaining three for the two teams to finish in a tie for the pennant. In that event they would meet in a single game playoff in Cleveland on Monday.

No games were scheduled in either major league Thursday.

Harvesters Host Vernon Lions Tonight In '55 Home Debut

Both Teams Seek 1st Win Of Year

By BUCK FRANCIS
Pampa News Sports Editor

The Harvesters will usher in their 1955 home season tonight when they host the Vernon Lions at Harvester Stadium.

Kickoff time will be 8 p.m. Neither team rates a distinct nod in the non-district meeting. The Harvesters, with the home field advantage, are being given a slight nod to capture the decision.

The Harvesters will be out to avenge the 20-13 licking they received at the hands of the Lions last season at Vernon.

Vernon, by downing the Harvesters last year, broke a five-game winning streak the Green and Gold held over the Lions.

Prior to last season's Lions win, the previous victory by the Vernon team over the Harvesters occurred in 1947 when the Lions won, 22-14. The ensuing five years saw the Harvesters down the Vernon eleven, who won 19-6 in 1948; 7-7 in 1949; 32-14 in 1950; 26-0 in 1951; and 44-21 in 1952. The two teams didn't meet in 1953.

Both the Harvesters and Lions will field inexperienced teams in tonight's contest.

Vernon has three returning lettermen to four for the Harvesters. The Harvesters actually have six returning vets but two of them, quarterback Buddy Sharp and end Burl Kirby will not see action tonight due to injuries.

Sharp, a two-year letterman at quarterback, and one of three returning starters of last year's team, is sidelined with a knee injury he suffered in a pre-season scrimmage season.

Kirby also was a pre-season victim. The 175-pounder underwent a knee operation before the fall training session even opened. Kirby will likely be out for the entire season although there is a chance he may return in the late season.

Sharp will be out at least two weeks and possibly more. Buddy, who led District 1-A-A-A-A in passing last year, went to Oklahoma City this week to have his injured knee examined and it was there he learned he would be out of action for at least two more weeks.

Cotton splints were placed on his knee and it will be two weeks before they can be removed.

Still another lad who was being counted on for plenty of action this season, Doug Simmons, will not be in uniform tonight.

Simmons suffered a knee injury in last week's season opener at El Paso. An operation on the knee was deemed necessary and the 225-pound tackle will be lost for perhaps the remainder of the season.

Both the Harvesters and Lions have one game under their belts. The Harvesters opened last week by battling favored Austin of El Paso to a 6-6 deadlock at El Paso.

Vernon opened the previous week by losing to a good Wichita Falls team at Wichita Falls, 28-6.

The Harvesters and Lions have something else in common. Both are playing this season under the tutelage of new head coaches.

Bob Percival is the new Vernon head mentor, he having replaced Spot Collins. Jack Lockett is in his first year as the Harvester head man. Lockett is taking over for Aubra Nooncaaster who resigned last spring because of health reasons.

Gary Dearen will take over Sharp's quarterback duties tonight. Dearen performed well in last week's season opener at El Paso despite lack of experience under fire.

Following is coach Lockett's starting lineup for tonight's game.

OFFENSE

Tackles—Ed Strickland 180, and Don Jonas, 174.

Center—Jim Hopkins, 153.
Quarterback—Dearen, 140.
Halfbacks—Dickie Mauldin, 156, and Gene Emerson, 170.
Fullback—Jesse Ring, 150.

Vernon's starting offensive lineup is as follows:

Ends—Dan Hill, 145, and Benny Goodrun, 175.
Tackles—Don Moore, 190, and Jerry Bristo, 250.
Guards—Don Davis, 170, and Jack White, 180.
Center—David Coleman, 175.
Quarterback—Keith Morris, 135.
Halfbacks—Bob Dillingham, 156, and Richard Shriestopher, 170.
Fullback—Roger Coats, 185.

Willie Mays Is Injured
NEW YORK—UP—Willie Mays' chance to set a new club record for home runs in one season was jeopardized Thursday when a bruised hip and stiff back made him a doubtful starter in the New York Giants' final three games of the National League season.

Mays, who leads the majors with 50 homers and needs only one more to equal Johnny Mize's club record, smashed full tilt into the center field bleacher wall during Wednesday's doubleheader with the Pittsburgh Pirates. Mays was attempting to catch a 455-foot drive by Long to almost the same spot where Willie made his famous catch on Vic Wertz in the 1954 World Series.

Mays slumped to the ground and rolled over in obvious pain. He was removed from the field on a stretcher and taken to nearby medical center where doctors told breathless Giant officials that X-rays were negative.

The accident occurred in the first inning of the nightcap after Willie collected a single, double and triple in the first game and raised his season's batting average to .319. The Giants won both games 7-2 and 7-3.

Comets received their name from their long, wispy, hairy-appearing tails. The Latin word "coma" means "tail."

IT'S THAT TIME AGAIN. Meaning, of course, going out on the limb on forecasting football results.

Maybe we should quit while we're ahead. Last week's outcome was 11 correct predictions out of 16 games. Two of the misses were tie games. Two of the four complete misses involved District 1-A teams, Price College's win over White Deer and Wellington's victory over Shamrock being the two "boots" in this loop.

The other two misses last week were Texas Tech's win over Texas and Corpus Christi Miller's win over Midland. Midland, apparently, is holding back for District 1-A-A-A action. The Bulldogs just barely squeezed by Lamesa of District 1-A-A-A in the season opener, 13-7, and then lost last week to Miller.

Many critics around the state are picking Midland to capture the pennant. If these two games are of any indication, then the Bulldogs won't win the 1-A flag.

The Pampa-Austin 6-6 tie and the Canadian-Perryton 13-13 tie were our "half misses" last week. Several toughies are on tap for the prognosticators this week.

The toughies start right here at home.

The Harvesters host the Vernon Lions tonight and the contest promises to be a loss-up affair.

Both teams will be seeking victory No. 1 this season. The Harvesters, however, are unbeaten. In their only start to date, the Green and Gold battled to a 6-6 draw with Austin of El Paso.

We'll go along with the Harvesters in tonight's home debut. It's been more than 10 years since the Harvesters have lost their home opener.

It's Harvesters 13, Vernon 6.

Elsewhere around District 1-A, it's:

Amarillo 20, Paschal FW 14.
Borger 14, Fort Worth Tech 6.
Lubbock 21, Sunset (Dallas) 0.
Midland 14, Arlington Heights FW 0.

Odessa 40, Bowie EP 0.
San Angelo 28, El Paso High 6.

The college game that is holding most of the interest in this area is the TCU-Tech game tomorrow at Lubbock.

The Raiders are being given a little chance of being "giant killers" two weeks in a row. Tech surprised a lot of people, including yours truly, in pinning back Texas last week, 20-14.

We'll go along with the theory that the Raiders will be down for the Frog game after being so "high" for last week's game with Texas.

TCU 21, Tech 14.

In other games involving SWC games, it's:

TEXAS A&M 13, LSU 7.

District 1-A Opens 'Play For Keeps'

By UNITED PRESS

Ten district games are scattered among a heavy Texas schoolboy football slate Friday night.

Two opening conference clashes at Kerrville at Harlandale and San Antonio Burbank at Alamo Heights, are scheduled in District 1-A-A-A.

Four games are scheduled in District 1A—Clarendon at Lefors, Stunnett at White Deer, McLean at Panhandle and Memphis at Canadian. In District 31A Benavides will be at Premont, Hebronville at Ingleside, Flour Bluff at Bishop and Rockport at Woodson.

Outstanding non-conference games in the top echelons—AAAA and AAA—are Houston Reagan at Corpus Christi Ray, Dallas Sunset at Amarillo, Dallas Adamson at Wichita Falls, Oklahoma City Capitol Hill at Port Arthur, Lufkin at Freeport, Tyler at Paris, Waco at Temple and Gainesville at Cleburne.

The two lower division defending champions, Phillips in AA and Deer Park in A—both will be seeking their 18th straight victory. Wellington will be at Phillips and Deer Park at Crosby.

Other top games include Weslaco at San Benito, Port Arthur Byrne.

In baseball, the National League was founded in 1876, and the American League in 1909.

Lefors Hosts Broncs In 1-A Debut

By JOEL COMBS

The Lefors Pirates open their bid for the championship of District 1-A in Lefors tonight when they take on the Clarendon Bronchos.

The game will start at 8 p.m. and features two of the top-ranked class A teams in the Panhandle.

The Pirates emerged victorious over Dalhart in their opener, two weeks ago, when they white-washed the Wolves of District 1-AA, 20-0.

Coaches H. W. Callan and C. H. Keeton have worked their charges on fundamentals and offensive maneuvers the past two weeks, having an open date after the Dalhart game. The squad should be in top shape for the game with only end Royce Gee hobbling from an injured knee.

Callan plans to start the same team this week as took the field against the Wolves in the opener against Coaches Ray Moore and Tommy Jinks, an ex-Lefors star guard, Clarendon team.

Starters will be: left end, Milton Miller; left tackle, Mike Nichols; left guard, Tony Maples; center, Larry Rider; right guard, Benall Rippy; right tackle, Gene Fulton; right end, Jerry Herring; left halfback, Tommy Hedrick; fullback, Johnny Quarles; right halfback, Johnny Rowe; and quarterback, Ronnie Rice.

OUT OF PLACE — An odd craft among the graceful and more familiar gondolas in Venice is this homemade raft named Kon Tiki III. Four young Italians made something of a record journey by being the first to sail a raft from Melzo, Italy, to Venice via the Adria and Po Rivers. Here, they are shown paddling the craft down the Grand Canal.

A REAL COWGIRL — She's 16-year-old Mena Wood of South Woodstock, Vt. Mena has taught her pet black Angus cow, "Congo," to carry her in a saddle strapped on the animal's back. It's a good means of transportation in the country.

ON THE TARGET — Riva Wyle is practicing archery during her vacation at Salisbury Beach, Mass. She has on a Robin Hood type hat for full effect, and perhaps in the hope it might improve her aim. It appears that she's doing very well.

SAFE TRIP — Roy McMillan, right, slides home to score for Cincinnati on Johnny Temple's third-inning single in the night game at Ebbets Field, as Dodger catcher Roy Campanella, left, takes the throw from Gil Hodges. It was the first score of the game. Umpire is Lon Warneke.

SPORTS FASHION — Russ Meyer, Brooklyn Dodger pitcher, is known as a fashion authority because of his 40 suits, 100 sports shirts, 62 pair of shoes and countless ties. TAGGING ALONG — Halfback Rex Berry, right, clings to Cleveland Browns' player Ray Renfro despite the latter's straight-arm strategy, and drags him down after a one-yard gain during the Browns-49ers exhibition game in San Francisco. The 49ers smothered the Browns' attack for three periods, and won by a final score of 17-14.

POST OFFICE Money Order To Change

Postmaster O. K. Gaylor announced today that United States Postal Money Orders on Oct. 1, 1955, will be sold with a "New Look" designed to speed up the issuance of the orders, cut down on the time patrons have to wait at windows, and help reduce the number of raised money orders.

These new money orders, Postmaster Gaylor said, "will be issued initially only in first and second class offices. Later, as present supplies of old ones are exhausted, the new ones will also be at the smaller third and fourth class offices."

Gaylor said the new design is the result of many hours of research and study, and should prove to be of great benefit to the million or more persons who daily make use of money orders for a myriad of reasons.

"The new money order," Gaylor explained, "is divided into three perforated parts. One is for the issuing post office's record, the second for the purchaser's record, and the third is the actual body of the order showing amount, names of purchaser and payee and other data."

"Heretofore, it was necessary for the patron to fill out an application form and for the issuing clerk to fill in the amount, the name of the purchaser, and other details, which very often caused long lines to form at the money order windows as patrons waited their turns. Under the new system there is no application form, and the clerk need only collect the money and the fee, fill in the amount of the order and the dollar amount limitation (in words of \$10.00 multiples), detach the post office's record, and return the rest to the patron to fill out and send to the payee."

Postmaster Gaylor said it has been estimated that approximately 40 per cent of issuing time will be saved through the use of these new forms. In some offices this will mean a money order window might be closed or changed to a "Combine service" window with the clerk assigned to some other important job in the office.

"This is another step in the Department's determination to use every means of improving mail service for all Americans," the Postmaster emphasized.

Lions Hear Rev. Hughes

Rev. Richard Hughes, ordained Methodist minister and graduate of Yale University, spoke on the agricultural, social, and industrial revolutions in the Middle East yesterday noon before the Pampa Lions Club.

"Our land has been a land of revolution, social, and industrial, the orderly revolutions of the past. 'Revolution in the Middle East' is not political, but agricultural and industrial," Hughes stated.

There is a strong feeling of nationalism which has its advantages and dangers, but which is the worst enemy of Communism, he pointed out. Rapid change is apparent.

His talk was illustrated with references to people of the various countries: Little Mohammed of Syria, symbol of the future; Major Zaki, symbol of Egypt's hope to turn political chaos into stability; Doria Shafik, figure of woman's struggle for a new place in society; and Dr. Masaur, sign of Arab's hopes and fears; and Reuben Rogowski, symbol of the new Israel.

Carol Henry, Lions Club sweetheart for September, urged the support and attendance of members at the Harvester-Vernon football game tonight.

Announcements were made regarding the JayCees inter-city club bowling league being formed by John Jones. Several volunteered to participate.

DANIEL BOONE

Boone and his companions were taken to Governor Hamilton in Detroit. All but Boone were sold to the British. "You are my prisoner," said Blackfish to Boone.

After plucking all his hair, save for a scalp lock, and "washing away the white blood," the Indians adopted Boone into the Shawnee tribe as Sheltow, "Big Turtle." Blackfish was Dan's sponsor.

Boone continued trying to persuade the British to use humane tactics against Kentucky pioneers.

"Hair Buyer" Hamilton laughed at him. "The Indians," he said, "believe scalps are less troublesome than live prisoners."

McCarthy Asks Ike To Lead Fight On Dems

WASHINGTON —UP—Sen. Joseph R. McCarthy (R-Wis.) Thursday urged President Eisenhower to "assume personal leadership" of a Republican counter-attack on Democratic critics of the administration's security program.

McCarthy made the request to the President in a six-page letter. Its tone was in sharp contrast to some of the blasts he has leveled at Mr. Eisenhower in the year since the Senate voted to condemn the senator's conduct. Only last month, McCarthy accused Mr. Eisenhower of following a "weak, cowardly and immoral" foreign policy and of "kneeling under" to the Communists in Asia.

In the letter handed to reporters here Thursday, McCarthy told Mr. Eisenhower that "left wing Democrats" are conducting an "unrelenting propaganda campaign" to discredit the administration's program of screening security risks on the federal payroll.

He urged Mr. Eisenhower to "devote a major speech to this subject in the very near future."

The Articles of Confederation were adopted by the Continental Congress on Nov. 15, 1777.

Super Fast Bombers To Be Built

FORT WORTH —UP— The sprawling Convair plant here now has a contract to build faster-than-sound bombers, the Fort Worth Press reported Wednesday.

Convair division manager August C. Esenwein has informed all employees by letter that the plant's contract for the new plane, the B-58 Hustler, is "several times larger than the first order for B-36s," the newspaper said.

He emphasized that the firm has only a "limited amount of time" before the first scheduled flight. Some aviation observers believe the pie wedge-shaped plane will take to the air before the end of 1956, the Press said.

Esenwein said the number of B-58s on order is classified for security reasons. Neither the Air Force nor Convair will say what the Hustler looks like. But a year ago a top Air Force official revealed the ship is of the "Delta-wing variety."

R. M. Simmons, Oilman, Dies

SWEETWATER, Tex. —UP— R. M. Simmons, general manager of the Sweetwater Cotton Oil Co. and owner with his brother of several cotton oil mills in West Texas and New Mexico, died Tuesday night at the age of 77. He had been ill for several years.

Burial will be in Dallas, where he was born. Simmons was a former Sweetwater city commissioner and an outstanding civic leader. He was voted Sweetwater's No. 1 citizen in 1937.
