RESCUE YOUTH—Rescue workers start to lower Edward Masterson, 16, from arm of high tension tower at Taunton, Mass., after he had climbed the tower and came in contact with wire carrying 13,000 volts. He suffered critical burns and was taken to a hospital where his name is on the danger list. (AP Wirephoto)

Tax Cut Showdown In 30-60 Days Predicted

WASHINGTON (AP)—Secretary of Labor Mitchell said today he feels the administration will have to decide within 30 to 60 days whether to recommend a tax cut.

Mitchell told a news conference that while the recession seems to be flattening out, as President Eisenhower said Wednesday, he sees no solid improvement ahead.

He said that once a decision is made that further anti-recession remedies are needed, he favors a tax slash as the most effective step.

The Labor secretary put it this way:

"If there is a bolstering of the economy necessary—and that determination has to be made reasonably soon—then, as opposed to any other form of government action, such as a large scale public works program, I would favor a tax cut.

"I think a decision should be made reasonably soon as to what needs to be done. I think within the next 30 to 60 days."

Mitchell was asked whether the administration would seek to persuade the steel industry not to make any price increases when a labor wage increase goes into effect in the industry July 1.

The secretary recalled that President Eisenhower has urged both labor and management to use voluntary restraint against increasing wages and prices. Mitchell added that anything beyond that would amount to government dictation, an area which he said should not be entered.

Asked whether a steel price increase would retard recovery from the recession, Mitchell replied that of course a continuing price spiral is undesirable.

The labor secretary said he is opposed to legislating a four-day work week. Sen. Aiken (R-Vt) has suggested that Congress study this.

Mitchell said he thinks that any reduction in the work week should be left to natural development, meaning labor-management collective bargaining. He said that any hours reduction, whether legislated or bargained, is unwise if it interferes with the nation's ability to produce.

Wreck Hurts Rotan Woman

A Rotan woman was slightly injured yesterday when her car left the pavement on U.S. Highway 84 north of Snyder and jumped a culvert.

She is Mrs. Nona Robbins Thompson, 61, rest home operator, who apparently went to sleep while driving. The car left the road, missing a bridge, jumped the culvert, went back onto the pavement and then off again. It did not overturn.

The accident happened just before noon yesterday just north of Dermott.

Mrs. Thompson was brought to Cogdell Memorial Hospital by a witness to the accident, Arthur Stout of Midland.

She was later transferred to Callan Hospital in Rotan by Bell ambulance. She had shoulder and back injuries which were not believed serious.

Dan Callaway, sheriff's deputy, investigated the accident.

UAW, GM Talks Reopened Today

DETROIT (AP)—Smiling and casual, negotiators for General Motors and the United Auto Workers returned to the bargaining table today and the union said it has almost completed presentation of its demands.

The negotiators are under pressure to reach a settlement in the next 29 days. But as they wandered into the conference room of the huge GM office building they looked anything but men in a hurry.

"It's a fine day," said UAW Vice President Leonard Woodcock with a smile.

Company men looked happy and carefree, too.

Earl R. Bramblett, GM's director of labor relations, said "We've got a constructive proposal for agreement on the table."

At the same time he indicated the company is standing pat on its suggsstion to renew the wage terms of the present contract."

GM called Tuesday for a showdown this month by serving notice on the union of termination of contract. This amounted to a challenge to the union to make GM a strike target rather than Ford or Chrysler, whose contracts run out June 1.

In Washington yesterday, UAW President Walter P. Reuther was asked what he plans to do next in view of the auto industry's rejection of his bid for a three-months extension of contracts.

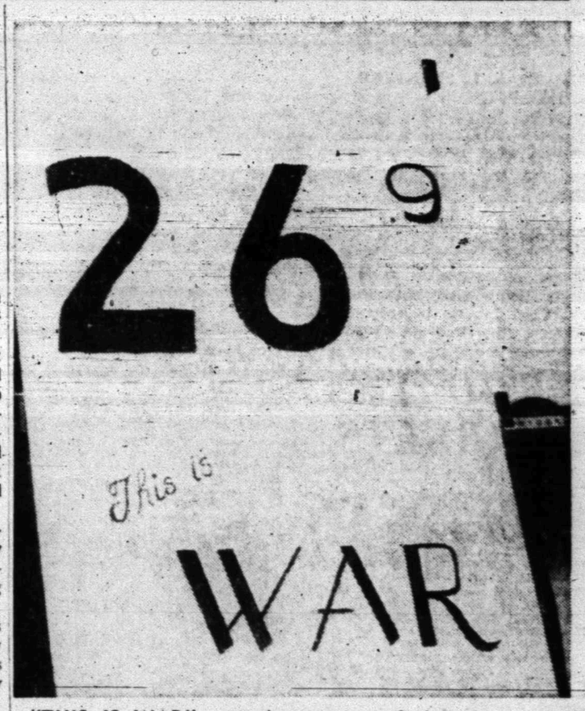

"We're going to get there anyway," Reuther replied. "They can't make us strike. They're trying to take advantage of us at the bargaining table, but we're not going to be lured into any trap."

Reuther predicted, "We're going to get a wage boost."

The UAW has rejected offers from GM, Ford and Chrysler to renew present contracts, which contain built-in annual increases of at least 6 cents per hour plus cost of living allowances.

Reuther, whose main demand is profit sharing, has put no estimate on his demands for basic wage increases and more fringe benefits. GM and Ford say they come to more than 70 cents an hour, not counting profit sharing. The union denies this.

The average wage in the auto industry is about $2.40 an hour, exclusive of fringe benefits.

"THIS IS WAR" was the caption of the above sign designating the price of regular gasoline at one Snyder service station today. Prices at some major company stations dropped from 30.9 cents to 26.9 cents per gallon of regular gasoline early yesterday morning. Another major brand dropped about 3 o'clock yesterday afternoon. One station operator said "I'm ready to go lower anytime—and I hope it does." (Lee Watson photograph)

Cool, Damp Spell Endures

The Snyder area's cool, wet spell continued this morning with a light mist most of the morning after showers in most of the area yesterday.

The showers, which stopped cotton planting in the area, were widespread in West Texas.

The northeast portion of Scurry County apparently got more rain than any other section of this area. There were reports of .7 of an inch of rain in the Camp Springs area yesterday and more rain this morning.

In Snyder, the measurement was .13.

Other reports included estimates of .4 at Hermleigh, .25 at Ira, .4 at Lake J. B. Thomas, and .1 at Fluvanna.

Dallas Flood Threat Eases As 200 Flee

By The Associated Press

Police Thursday said an estimated 200 persons fled their homes in a low lying section of Dallas because of flooding, but the high water threat appeared easing.

Gerald Hill, a spokesman for the Police Department, said, "The best we can estimate, 200 persons left their homes. Many left voluntarily."

The Trinity River, causing the flooding, failed to rise as high as expected. Police Wednesday night warned the 2,500 residents of Roosevelt Heights, where the water rose, that there was danger of high water. But the flood-wise residents generally decided to remain in their homes.

Last May 26, 2,100 persons fled their homes in Roosevelt Heights when the river reached 41.7 feet.

Latest forecast was for a 35-foot crest—if rains remain moderate.

If the river goes above 35 feet, police said, severe trouble is expected in Roosevelt Heights. At 36 feet, police said, roughly 70 per cent of the residents would have to flee.

The forecast in the Dallas flood area called for diminishing showers and thunderstorms through Friday.

Seven straight days of rain hopped up rivers and streams across the northern and eastern part of the state.

Schools were closed in several areas and some operators abandoned their oil wells.

The Trinity was expected to hit 34.35 feet Thursday. Major flood stage is 37 feet.

Water seeped into homes in the Roosevelt Heights addition as the evacuation started Wednesday night. Civil Defense officers and the Red Cross opened shelters at the State Fair Park for the Dallas evacuees. The Trinity welled over its banks north and south of the city, where no levees exist.

The mayor at Atlanta, Tex., declared his East Texas town a disaster area.

"You must get out! You must get out! Your lives are in danger," police loudspeakers squalled through the threatened Dallas area.

Willis Gray, a service station attendant, and his wife grimly stacked furniture.

"We're going tonight," he said, "but we're coming back. We're coming back and maybe someday Dallas will lick this thing."

The area was flooded last year by spring rains.

Arkansas National Guardsmen and civilian volunteers worked feverishly through the night to prevent a break in levees on McKinney Bayou near Garland, Ark., 22 miles east of Texarkana.

Some 200 men sandbagged the levees protecting 30,000 acres of rich farm land and 1,600 homes. Several minor breaks were quickly plugged.

Members of the Texarkana Boating Club stood by with their craft to evacuate workers and residents if the levee broke.

A small tornado whipped across Henderson, in East Texas, during a thunderstorm Wednesday night. No one was injured but there was widespread minor damage.

Severe hailstorms, high winds and cloudburst rains swept from Central Texas eastward.

Texarkana reported 12 inches of rain in a week.

Three inches of rain fell at Lake Cisco in West Texas, 2 inches at Moran, 1.12 at Leuders, 1.30 at Lake Fort Phantom Hill and 1.91 at Putnam. Abilene had .75. All were for Wednesday only.

Rains in the Pittsburg area of East Texas since last Friday have caused more than $35,000 damage to rural roads and bridges in Camp County, County Judge Tom Robertson said.

School Superintendent Fred Covin said at Pittsburg a Negro high school was closed for the week because road conditions made it impossible for students in outlying areas to attend. Pittsburg had about 20 inches of rain since Friday night.

Ex-Candidate Faces Charge

DETROIT (AP)—A medical doctor who ran for President on the Greenback ticket in 1944 was charged today with selling distilled water as a cure for cancer at $35 a shot.

Dr. Leo Charles Donnelly was arrested in his office Wednesday night by a raiding party which included 14 officers, two of them from the Pure Food and Drug Administration.

He was charged on seven counts of fraud which carry a maximum penalty of 32 years in jail.

Prosecutor Samuel H. Olsen said the doctor had advertised the shots through the mail as cures for cancer and sold one variety for $10 and another for $35.

The prosecutor said the arrest came after four months of investigation and chemical tests. The tests by Parke, Davis & Co., Olsen said, showed the tablets to be vitamin pills. The tablets were sold for 8½ cents each.

Cosden Adjusting Prices For Crude

BIG SPRING (AP)—Cosden Petroleum Corp. announced that effective at 7 a.m. today it was adjusting its price of high gravity crude to conform to the general pattern for the area.

Net effect of the new posting was to quote $3.02 per barrel for sour crude and $3.08 per barrel for sweet crude from 40 through 44.9 gravity. For each degree from 45 up to 55, the price will be lowered 2 cents per barrel. Cosden previously posted a flat rate for all 40 degrees and above.

House To Vote On Relief Bill Today

By B. L. LIVINGSTONE

WASHINGTON (AP) — The House starts voting today on a bill for emergency unemployment relief with many Southern Democrats lining up behind the Eisenhower administration program.

Emergence of a coalition of Republicans and Southern Democratic conservatives against the broader Democratic plan for federal relief grants raised the hope of GOP leaders of winning the crucial test, possibly late today.

The showdown comes when Republican leaders put up the Eisenhower bill as a substitute for the measure sent to the House by Ways and Means Committee Democrats.

"It looks to me like the administration substitute is going over," reported Rep. Halleck of Indiana, assistant GOP floor leader.

If the House passes the Democratic version, Halleck said, "I think I can say with confidence it will be vetoed."

Democratic leaders discounted the strength of the coalition, however, and predicted their bill would win on a roll call vote.

Foes of the Democratic proposal leveled their main attack at a provision to give federal relief grants to idled workers not now eligible for benefits under the federal-state unemployment insurance program.

Rep. Howard W. Smith (D-Va) called this "pure, unadulterated, undisguised, unabridged and unabashed socialism." Others attacked the bill as a handout and legislation opening the way to fraud, abuse and duplication.

But Rep. Mills (D-Ark), chairman of the committee which drafted the Democratic measure, contended it would be unconscionable discrimination to help one class of unemployed persons and not another.

The Democratic bill calls for 16 weeks of jobless payments to both insured and uninsured workers, with the federal government footing the estimated 1½ billion dollar cost.

The Eisenhower program would limit benefits to insured workers who have exhausted benefits under state systems, and require the states to pay back the estimated 600 million dollar cost after four years. The extension would be 13 weeks in most states, based on a 50 per cent increase in the present limits.

Workers At Plant Strike

BORGER (AP)—About 600 members of the Operating Engineers union struck today at the Phillips Petroleum Co. Plains Plant.

Their contract had expired. Contracts with other 22 unions at the plant, however, were extended for 15 days.

The union asked pay fringe benefits and alleged that working conditions were unsafe. Pay scales at the plant are in 69 different categories.

Phillips officials at Bartlesville, Okla., had no comment.

No disorder was reported.

The plant was the only one of seven Phillips installations in the area struck.

Williams Asks For 6th Term

LANSING, Mich. (AP)—Democrat G. Mennen Williams today announced as a candidate for an unprecedented sixth term as governor of Michigan.

Williams, 47, is a presidential hopeful for 1960. Republican critics have predicted he would try to use a sixth two-year term as a stepping stone to the White House.

The governor told newsmen that while his mind was made up months ago, "I delayed a formal announcement in order to avoid any possible disturbance to the current legislative session."

Oklahoman Killed, Son Hurt In Duel

DUNCAN, Okla. (AP)—A Duncan man was killed and his son critically wounded in a gun duel at dusk yesterday.

Shot to death was Elmer Kuykendall, 65. His son, Frank Kuykendall, 33, was taken to a hospital here where his condition was described as critical.

Officers said an argument between the two men erupted into gunplay in the front yards of their homes, adjacent to each other.

3 More File For Offices

Three more candidates have filed with the county Democratic chairman for places on the ballot in the July 26 primary.

The filing deadline is Monday, and most candidates have already filed. Those who have not filed by Monday cannot be placed on the primary ballot.

The last three who filed were N. F. Hall, candidate for commissioner of precinct 4; Audry Head, candidate for commissioner of precinct 2; and Robert R. Patterson, candidate for the state senate.

Filing can be done by candidates either through the county clerk's office or with Frank Wilson, county Democratic chairman.

A few local candidates had not yet filed at last report.

Jackson Raps Acreage Curb

WASHINGTON (AP) — Guy Jackson of Anahuac, Tex., lashed the present acreage limitations on farms on certain federal projects as "horse and buggy regulations."

Jackson, national Reclamation Assn. president, testified at a Senate interior subcommittee hearing yesterday in support of legislation to abolish the 160-acre limitation when larger farms are needed for economical operation.

Space Control By Civilian Board Rapped

By LEWIS GULICK

WASHINGTON (AP) — The head of the Pentagon's special space bureau said it could be disastrous to allow a civilian agency to limit military uses of outer space.

Roy W. Johnson, director of the Defense Department's Advanced Research Projects Agency, called on Congress to write into President Eisenhower's bill for a civilian space agency a clearcut provision giving freedom for military space projects.

"For example," Johnson told the House Space Committee, "if the Defense Department decides it to be militarily desirable to program for putting man into space, it should not have to justify this activity to this civilian agency."

Johnson's prepared statement etched sharply the question of whether military or civilian authorities should have the upper hand in future disputes over handling of space projects.

Eisenhower's bill envisages the civilian agency as controlling all government space research except for that "primarily associated" with military use. Administration witnesses have said disputes would be resolved by the president if necessary but that most would be settled by lower-level action.

Pending creation of a civilian agency, Eisenhower has authorized ARPA to go ahead for one year with experiments like shots at the moon. Eisenhower also ordered review of such projects to see whether they should be taken over by the proposed civilian unit.

In advance of the day's hearing, Deputy Secretary Donald A. Quarles said the Defense Department does not regard as a weapon a seeing-eye satellite that could spot objects on the earth's surface. Quarles explained in an interview why he told the committee Wednesday the Pentagon would not object to a Russian reconnaissance satellite.

3 Fugitives Are Nabbed

HOUSTON (AP)—Three Louisiana fugitives were captured here today by police after a highspeed chase on the Eastex Freeway.

Police bullets punctured two of the tires of the fugitives' stolen car. The crippled car careened out of control before skidding to a halt.

The three men were identified by police as Ralph Howell Jr., 25; Joe Anthony, 33; and James Roberts, 32.

They had escaped from the Baton Rouge, La., Jail Tuesday, Louisiana authorities said.

Dr. Ruilmann Is Named To Post

AUSTIN (AP) — Dr. Cyril Ruilmann, commissioner of mental health for Tennessee, today was announced as the new director of state mental hospitals in Texas.

The board for State Hospitals and Special Schools said Ruilmann would assume his duties early in June, ending a year-long effort of the board to fill the position created by the last Legislature.

WEATHER

SNYDER TEMPERATURES: High Wednesday 81 degrees; low, 42 degrees; reading at 7:30 a.m. today 46 degrees; precipitation .13 inch.

East Texas: Scattered thunderstorms north portion this afternoon, otherwise partly cloudy with widely scattered afternoon and evening thundershowers through Friday. Warmer north portion.

South Central Texas: Partly cloudy through Friday with widely scattered afternoon and evening thundershowers. Warmer west portion.

North Central Texas: Scattered thunderstorms this afternoon becoming partly cloudy and warmer tonight and Friday with widely scattered afternoon and evening thundershowers.

West Texas: Partly cloudy through Friday with widely scattered afternoon and evening thunderstorms. Warmer in all except area west of Pecos.

Marine Chief Fears 'Bum's Rush' Under Ike's Proposal

WASHINGTON (AP)—The Marine Corps commandant said today that if Congress enacts President Eisenhower's defense reorganization plan as written, some future secretary of defense may give the Marine Corps "the bum's rush."

At the same time the House Armed Services Committee received written assurance from Secretary of Defense McElroy that his department has no intention of making "a sweeping realignment of the services or their administration." He said any merger of services would be expressly forbidden by the proposed law.

"The Army, Navy, Air Force, and Marine Corps retain their respective individualities," McElroy wrote.

Gen. Randolph M. Pate, Marine Corps commandant, appeared before the committee to deliver the most outspoken opposition yet voiced by any service witness to features of the administration proposal.

Pate said he finds it difficult to see how sections of the present law which spell out the roles and missions of each service "can be regarded as unduly restrictive, other than by some future secretary of defense who intended sooner or later to alter the Marines' status and functions."

Pate thus tied his major criticism of the administration proposal to the section which has aroused perhaps the most hostility among members of the committee — Eisenhower's recommendation that these sections spelling out the job of each military service be repealed.

The President gave new evidence last night of his intention to fight for the principles of his plan, which he summed up in the phrase "safety with solvency."

Speaking at a dinner of the U.S. Chamber of Commerce Eisenhower said "we must have a single theory or defending our country" and that the strengthening of the military establishment must be done in the most economical way. He said, "I want to see America's defense machinery so strong as a single American mind and determination can make it."

The House Armed Services Committee is working on its own bill.

Testifying before the committee, Adm. Arleigh Burke, chief of naval operations, spoke up for the administration bill, which would strengthen the authority of the secretary of defense and the Joint Chiefs of Staff while removing the secretaries of the Army, Navy and Air Force from the direct chain of command.

Cooper Has A New Face

NEW YORK (AP)—Gary Cooper, back in circulation after some plastic surgery, insisted today it just wasn't a face lifting job.

"I've been making a living on this battered old face for years," he told an interviewer. "Why should I change it?"

He explained he went into a hospital to have a battered nose (broken twice over the years) corrected and to have a cyst removed from his jaw.

"How come the bags under the chin are gone?" said one bystander.

"He looks 20 years younger," commented another.

Reds Show Military Forces During May Day Celebration

By The Associated Press

Workers' parades and speeches of labor leaders around the world today marked May Day, the ancient spring festival which is now an international labor celebration outside the United States. Moscow's demonstration emphasized civilian labor and held the annual military parade to 15 minutes.

Communists and non-Communists alike took the day off in many nations for demonstrations. U. S. workmen, who celebrate the first Monday in September, worked as usual.

Mindful of past workers' clashes on May Day in some countries, police forces of many nations were tense.

Demonstrations ranged from the annual Moscow parade, in which an estimated million persons participated, to small rallies in many nations.

In Moscow, the brief display of conventional military equipment rumbled through Red Square, followed by a sports display and Moscow residents marching before Soviet leaders and U. A. R. President Nasser. It was the shortest May Day military march in years and no new weapons were shown. The day's speaker, Defense Minister Marshal Rodion Malinovsky, sounded the usual fulminations against the West and the usual Soviet promises of peace through strength.

Communist East Germany, in a 40-minute display of military equipment, showed armored trucks, antiaircraft and antitank guns, heavy howitzers and the first T34 Soviet medium tanks seen in East Berlin.

In the Western sector of the divided city, a demonstration began with the slogan "Peace-Freedom-Progress."

Peiping radio said half a million Chinese Communist workers, peasants and students paraded before Premier Chou En-lai "in unprecedentedly high spirits."

Some 300,000 Japanese demonstrated peacefully in Tokyo. The workers supported the Socialist opposition with demands for the defeat of the conservative government in coming parliamentary elections.

As usual, all U.S. military personnel in Japan were ordered to stay away from the demonstrators. Such orders to servicemen in Europe also have been standard for years to avoid May Day incidents.

Jakarta Told To Prove Its Charges

By A. L. MCINTYRE

SINGAPORE (AP) — An indonesian rebel leader today challenged Premier Djuanda to back up his charges that Americans are flying for the rebels by naming them.

Col. Joop Warouw asserted that the Jakarta government's charges were made to give President Sukarno an excuse to accept aid from Communist countries. He called on Jakarta to deny that it is not getting Red aid already.

Warouw issued his statement from the North Celebes city of Menado. Formerly Jakarta's military attache in Peiping, he is the first of several deputy premiers to be named by the rebels now that they are losing their foothold on the island of Sumatra, 1,800 miles to the west.

"Djuanda stated we have Americans in our midst," Warouw said. "Let him name these Americans as we have named those Czechs who have flown as hired killers for Jakarta."

The Sumatran rebel radio in Bukittinggi recently broadcast names and passport numbers of seven Czechs it claimed were flying bombing missions over Sumatra.

Commenting on Djuanda's charges, President Eisenhower said that "soldiers of fortune" usually are attracted to any rebellion but the United States would assure the Jakarta government that its policy is one of strict neutrality.

Djuanda also charged that Nationalist Chinese pilots were flying for the rebels. Warouw said the rebel air force has enlisted some Indonesian-born Chinese. He said the rebels had seven Indonesian pilots and named five Menadonese, all with Indonesian names.

Replying to Djuanda's statement that the central government has ruled out any possibility of asking for foreign personnel to aid it, Warouw charged that 52 Indonesian air force men now are in Czechoslovakia learning "how to kill their brother Indonesians."

The 5,300-ton Italian freighter Aquila, under charter to a California firm for the copra trade, was reported damaged in an air raid yesterday on Amboina Harbor, in the south Moluccas. The ship's owners in Genoa said all 31 aboard were saved, but the Italian consulate in Singapore reported a Greek ship was en route to Jakarta with 21 survivors and made no mention of any dead or missing.

CALLS FOR ACTION—Walter Reuther, president of the United Auto Workers Union, has one pencil in his hand and more sharp ones in front of him as he appears before the House Banking Committee in Washington, D. C. Reuther called for a broad anti-recession program—including tax cuts, enlarged jobless pay and a big public works program. He said the American people "have been given breezy assurances" instead of leadership and action. (AP Wirephoto)

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 50; steady; medium to good 20.50.

Sheep 2,600; lambs strong to 50 cents more higher; medium, good and choice spring lambs 20.00-23.00; good and choice old-crop lambs 17.00-18.00.

Cattle 200; calves 50; poorly tested, good steers 25.00-26.00; commoner 17.00-24.00; fat cows 17.50-20.00; good and choice calves 25.00-29.00; lower grades 14.00-24.00.

CHICAGO (AP) — Butter 1,405,000; eggs 21,500; both unchanged.

STOK AVERAGES

Compiled by the Associated Press

	Ind	Rails	Util	60 Stks
Previous day	246.7	92.4	79.6	167.2
Week ago	244.7	91.0	79.5	166.5
Month ago	236.4	82.2	77.0	159.5
Year ago	266.8	124.4	75.7	181.8

NEW YORK (AP)—Cotton was 35 cents a bale higher to 25 lower at noon today. May 35.95, July 36.41, October 36.94.

AUSTIN (AP) — Poultry steady. East Texas 2½-3½ lb 19½-20. South Texas 20. Waco market unestablished.

NEW YORK (AP)—Oils and steels led an advance in the stock market early this afternoon.

Gains among key issues ranged from fractions to around two points.

Trading was active and around Wednesday's pace.

Some divisions appeared to have momentum left from Wednesday's advance which rolled into new high ground for the year.

Business news was fairly encouraging. Manufacturers' new orders, a barometer of future business, slowed their decline in March, the Commerce Department said. Oils were helped by reports the industry had gone through theworst of an inventory correction.

Gulf oil rose more than two points. Up between one and three were Amerada, Lukens, Goodrich, Kennecott, and Union Carbide.

General Motors and Chrysler rose ½ point or more.

Also higher were U.S. Steel, Republic Steel, Youngstown Sheet & Tube, Douglas International Nickel, Allied Chemical, Texas Co. U.S. Rubber, Caterpillar RCA, Baltimore & Ohio and Johns Manville.

U.S. government bonds declined.

BIRTHS

Mr. and Mrs. S. M. McCann, 805 Thirty-first Street, are parents of a seven-pound, six ounce son, born at 10:36 a.m. yesterday at Snyder Clinic-Hospital.

A son weighing seven pounds, eight ounces was born at 4:18 p.m. yesterday in Snyder Clinic-Hospital to Mr. and Mrs. Andrew Hernandez, Box 642.

Bodies Of Three Crash Victims Found

COLORADO SPRINGS, Colo. (AP) — Bodies of three Air Force men were found high on Pike's Peak late yesterday in the wreckage of a light bomber which vanished during a spring snowstorm.

Rescue crews from Camp Hale, Colo., and Ft. Carson, Colo., stood by to bring the bodies down the rugged mountainside today.

Aerial searchers located the crash scene 24 hours after the plane left Pueblo, Colo., for Denver Tuesday.

No Injuries In Two-Car Accident

There were no injuries in a two-car accident at Twenty-fourth Street and Avenue K, about 7:55 o'clock last night but the vehicles were damaged.

Involved were a 1957 Pontiac driven by Howard L. Jones, 1904 Coleman, and a 1950 Ford driven by Ephriam Comstock, 2206 Avenue S.

Caprock Material Co. from Snyder Truck & Tractor Co., 1956 International mixer truck.

L. C. Wemken, Morton, from Wilson Motors, 1958 Ford four-door.

Negroes And Mayors Meet

JACKSONVILLE, Fla. (AP) — A conference of southern mayors and a mass meeting of Jacksonville Negroes are scheduled this weekend in the aftermath of bomb explosions early in the week at a Negro school and a Jewish community center here.

Mayor Haydon Burns aid mayors of Birmingham, Nashville and Miami—all targets of bomb incidents—have agreed to meet here Saturday. Their police chiefs will come with them, Burns said.

He also invited mayors of other southern cities.

The meeting Sunday of Negroes was called by Glenn D. Washington, president of the Jacksonville branch of the National Assn. for the Advancement of Colored People.

In Washington Wednesday, Deputy Atty. Gen. Lawrence E. Walsh said the Justice Department is shocked at dynamite attacks on Jewish and Negro centers but it finds no legal basis now for federal intervention.

Bigamist Goes Back To His First Wife

READING, England (AP) — Oscar Ling went back to his first wife today after being freed from a nominal prison sentence for 12 years of bigamy — which began when he was 56.

When the 68-year-old engineer retired recently, he had to decide which mate to settle down with. Since marrying No. 2 in 1946, he had lived with her in Reading and spent his weekends in London with No. 1.

Dummy Loses Shirt, PTA Funds Gone

FREMONT, Calif. (AP) — Poor Freddie was a dummy created by the Irvington School PTA members to raise funds for classroom supplies.

Freddie was passed among the ladies, who sewed patches on his ragged britches and shirt — with currency or coins sewn under the patches.

Well, Freddie got plenty patched.

But then the PTA president, Mrs. Pauline Burnsed, noticed that Freddie had a new shirt.

Somebody had taken the old one with all the stitched-in contributions.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

The signing of a contract of sale is an extremely important step in the purchase of a home. Once buyer and seller have signed, they are bound by the provisions of the contract. Their respective legal rights in the transaction are thereby set and determined. If the contract is poorly and haphazardly drawn, a harvest of regret may be reaped at a later date.

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts etc. All of them are for the same purpose and almost without exception involved the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with his specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete understanding as to its terms.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the casual appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgment.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete description of the property by lot and block, or by metes and bounds, is a must, the street number being inadequate by itself.

Articles and fixtures included in the sale but not always sold with houses generally should be specifically listed. Included in this category are such items as venetian blinds, removable floor coverings, draperies, air conditioning units and others. In purchasing property under construction, complete plans and specifications form an essential part of the agreement.

The price to be paid must, of course, be specified, along with method and terms of payment. If a certain sized loan is a prerequisite to the buyers ability to complete the purchase, this fact should be noted. Sad indeed is the prospective purchaser who loses his earnest money when a contemplated loan transaction falls through, his contract requiring payment of the entire consideration in cash.

The sales contract should also state the quality of the title to be conveyed to the buyer, and the type of title evidence to be furnished.

The buyers individual circumstances and desires may require that various matters not mentioned above be provided for in the contract. All too often people try to squeeze a sales contract to fit the type of printed form on hand, omitting or leaving to easily misconstrued or forgotten oral agreement many vital provisions. Do not fall into the "pitfall of the printed form. Too many unfortunate entanglements have been announced by clients to lawyers with the words, "I have just signed a receipt for a house on Blank Street. Will you take over now and see that everything is O.K.?

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

DAY CAMP TRAINING—Training sessions for leaders of the Girl Scout Day Camp to be held at Camp Ila Rue June 2 through 7, are pictured above in the first of three classes. Yesterday's session was taught by Mrs. Philip R. Brown, left, day camp director, and was attended by Mrs. Y. M. Jackson, Snyder, Mrs. B. J. Clifton, of Hermleigh, Brooke DeWitt, Abilene, West Texas Girl Scout Council officer, and Mrs. J. P. Billingsley, Jr., Snyder. The other two sessions will be held from 9:30 to 11:30 o'clock the mornings of May 14 and May 21. All interested women are invited to attend. (Lee Watson photograph)

SENIORS HONORED—The WMU of the First Baptist Church honored the Snyder High School Seniors Tuesday evening with a banquet. Pictured from left to right are: Mr. David Oglesby, Mr. Ralph Wesson, Mr. and Mrs. W. C. Murphy, Mr. James Jeffrey, Rev. and Mrs. G. M. Cole, and Mr and Mrs. Jo Harrison.

Women's Culture Club Enjoys Colorful Program

The Women's Culture Club met Tuesday at 3 p.m. in the Martha Ann Clubhouse, with Mrs. H. L. Wren president, presiding.

Mrs. J. E. Shipp opened the meeting with prayer. During the business session topics for the year book was discussed.

An interesting program was presented by Mrs. R. L. Terry, titled Pioneer Days". She related a story about her parents' coming to Scurry County and how the pioneers lived in the olden days, leading up to the present time by introducing the guest speaker, Mrs. Lee Stone.

Mrs. Stone chose as her subject "Scurry County's Progress". She told of how Scurry County had advanced in building of many schools, churches and the wonderful woman's clubhouse, as well as many other buildings and how the population has grown in Scurry County. She concluded by telling how proud we should be of this wonderful county.

Mrs. E. W. McLeod's spoke to the group on "Scurry County Boom Days". She related how living environment was during that time. "Scurry County survived all of this and is a wonderful community of pioneers" she said.

Since the program was titled "Pioneer Days" all members came dressed in belitting costumes. Some were of the years of 1800 and 1900.

Refreshments were served to 18 members and three guests. Mrs. J. P. Morgan, Mrs. J. B. Moffett and Mrs. Lee Stone.

WOMEN'S CALENDAR

THURSDAY

Snyder Twilight Garden Club presents first annual Flower Show at the Martha Ann Woman's Club. Public invited from 3 to 8 p.m.

Suburban Study Club meets with Mrs. Hazel Riley as hostess.

Little Girls' Ruffled Panties

So gay and saucy are these pint-size panties with glamor galore in Super-Suave acetate tricot. They're extra-luxurious with rows and rows of flashing nylon tricot ruffles and two jaunty bows of contrasting colors dance on the top ruffle. Softly elasticized at the waist and leg openings for delightfully comfortable fit.

1.00

A frilly little "rhumba" pantie in white, pink or blue for your little girl's delight. Sizes 1 to 8.

Miss H. Roe Hostess To Church Group

HERMLEIGH (Spl.) — Miss Hallie Roe was hostess in her home Monday afternoon to the Women's Society of Christian Service.

Mrs. J. P. Sandifer presided over the short business session.

Highlight of the yough program on the Methodist Youth Fellowship was given by the Methodist Church counciler, Mrs. O. C. Hess.

A refreshment plate and iced punch was served to: Mrs. Cleasly Patterson, Mrs. Willard Erwin, Mrs. D. Z. Hess, Mrs. Ruby Fritz, Mrs. Ruth Boattenhamer, Mrs. Dudly Mays, Mrs. Clara Mae Myers and Ray, Mrs. J. P. Sandifer, Miss Donnie Anderson, Mrs. Dave Ammons and Mattie Mae, Mrs. Homer Richburg, Mrs. Ray Coston, Mrs. W. G. Lee, Mrs. D. R. Laymond and two visitors, Mrs. O. C. Hess of Pyron and Mrs. N. J. Sealy of Snyder.

STEVE BIRDWELL will be the guest speaker at the Fellowship Day to be observed here tomorrow by the United Church Women at the Trinity Methodist Church, starting at 10 a.m. Topic of the meeting is "A Place To Live."

Baptist Women Honor Senior Students Here Tuesday Night

Over 100 guests attended the annual Senior Banquet given by the Women's Missionary Union of the First Baptist Church, honoring the graduating class of the Snyder High School, Tuesday night.

The banquet room was decorated to depict the theme "Hitch Your Wagon To A Star". The tables were lines with blued net, covered wagons adorned with flowers hitched to a shimmering star hanging from the ceiling. Also candles with star bases set in blue net, gave the lighting for the evening.

The programs and nut cups carried out the theme. The speakers table was highlighted with a large blue net covered wagon with carnations and gladiolas with similar candle lighting. A backdrop of sky with twinkling stars and an arbor of ivy and carnations enchanced the beauty of the room.

James Jeffery, an All Southwestern Halfback and successful businessman, brought the seniors to their feet with his witty personality, magic tricks and juggling acts, as well as his inspirational message. Others who entertained during the evening were Mr. Jo Harris, organist; Mr. Ralph Wessen, vibraharpist, and Miss Irene Mauldin, Ramona Mullins, and Betty Stewart with vocal selections.

The Rev. G. M. Cole served as master of ceremonies, and Mrs. W. C. Murphy, WMU President, welcomed the seniors in the auditorium before the banquet dinner was served.

Those heading the committees for the affair were, Mrs. W. G. Herring, general chairman; Mrs. Kenneth Baker, invitations; Mrs. Tom Fulton, program chairman; Mrs. Renal Rosson, decorations; Mrs. J. O. McNew and Mrs. Ted De Shan, food; and the Intermediate GA's and the Young Women's Auxiliary served.

Deep Fat Frying

Fried foods, when properly fried are crispy outside, juicy inside and golden brown in color. The automatic top burner heat control on modern ranges takes all the guess work out of deep fat frying. You can see and hear the 'burner with a brain' as it adjusts to temperature changes. When cold food is added to the hot fat, the flame throttles up quickly to keep the oil at the exact temperature set on the dial control. You'll notice a difference in the flavor of the food, too. The oil can be used over and over again because the right temperature prevents transfer of flavors, smoking and deterioration.

NEWS FROM HERMLEIGH

By MRS. OCIE VEST

Mr. and Mrs. Buster Starns and family of Snyder, visited with her parents, Mr. and Mrs. John Crumley and her sister, Mr. and Mrs. Jess Holdridge and family recently.

Mr. and Mrs. T. D. Craft visited with her father and other relatives in Peacock, Sunday.

Mr. and Mrs. Donald Joe Culp and baby, spent the weekend with his parents, Mr. and Mrs. O. H. Culp in Zephry.

Mr. and Mrs. Lee Walton of Odessa, spent Saturday night in the home of her sister, Mr. and Mrs. Raymond Collier.

Mr. and Mrs. Boyce Jones and Vickie, spent Saturday and Sunday in Idalou where they visited Mr. and Mrs. Jay Vaughn and Judy.

Mrs. Raymond Collier visited Monday in the home of Mr. and Mrs. H. L. Walton in Sweetwater.

Mrs. Alfred Cooper spent the weekend visiting her son, Mr. and Mrs. Jimmy Cooper and daughter in Greenville.

Mr. and Mrs. Joe Matthews of Peacock, visited Wednesday in the home of his sister, Mr. and Mrs. T. D. Craft.

Mr. and Mrs. Bula Sturdivant and Mr. and Mrs. W. A. Voss and Bill, spent Sunday with Marcus Voss at Weatherford, and on to Azle in the afternoon where they visited Mrs. Voss's sister, Mrs. M. H. Huling and family.

Offbeat Breakfasts

If you have a breakfast rebel at your house, tempt him with some of his favorite foods uncommonly served at breakfast. Home economists suggest a banana milk shake poured over the breakfast cereal, minute steak on toast with tomato juice, or oatmeal cookies served with fruit and milk may open his eyes for a change.

Fresh Vegetables Are Plentiful Now

By The Associated Press

The Agricultural Marketing Service said Thursday Texas shoppers will find abundant offerings of fresh vegetables at lower prices this week.

Among the best buys, said the service, are Florida snap beans, eggplant; Texas cabbage, carrots, white and yellow new-crop onions, bunched greens and green onions; Florida and Texas cucumbers, yellow crookneck squash and radishes. Slightly lower in price are green peppers, tomatoes and old-crop potatoes. New crop Florida round red potatoes are about unchanged.

New items appearing in the markets are Texas blackeye peas and okra.

Bananas head the list of best fresh fruit buys. Best quality apples and lemons have advanced in price but strawberries and California Valencia oranges are lower. Arizona and California Marsh seedless grapefruit made their first appearance of the season in Southwest markets this week.

Texas homemakers will find their best protein buys little changed from a week ago, with whole fryers, fresh pork roasts, cured hams and picnics, beef chuck and arm roasts, milk, cheese, frozen fish and large Grade A eggs continuing to head the list. Many stores are featuring both heavy and light weight turkeys at reasonable prices, the agency reported.

Frozen strawberries are being offered at attractive prices as harvesting of new crop moved toward peak. Other attractive buys in frozen foods includes orange and grapefruit juice, green peas, green beans, corn, brussels sprouts and okra.

Stocks of tuna, pears, green peas and beans, spinach and corn are still high with prices about unchanged. Substantial savings may be made when purchased in lots of two or more cans.

Arnaz Sells TV Series

HOLLYWOOD (AP) — Ex-bongo drummer Desi Arnaz has sold his new television series to Westinghouse for 12 million dollars — perhaps the biggest deal in TV history.

The 48-program series, mixing comedy, drama and musicals, will replace Studio One Monday evenings on CBS, Arnaz announced.

Seven of the programs will be hourlong versions of the I Love Lucy shows starring Arnaz and his wife Lucille Ball. They will appear in some of the other programs, and he will emcee all of them.

Kansas City Youth Beaten

KANSAS CITY (AP) — An 18-year-old white student at Central High School was beaten severely yesterday by four Negro youths, who said they resented his handling of an ROTC squad.

Police said the four admitted beating Gerald Henderson. None were charged. They are to appear with their parents at the Kansas City Youth Bureau Saturday.

Henderson was beaten so badly that he couldn't talk. He wrote the names of three of his assailants for police.

Officers said the Negro youths, two of them 15, one 16 and one 17, said Henderson had been "lording it" in ROTC drills. Henderson is sergeant of a squad which is about half Negro and half white.

Junior Editors Quiz on LEGENDS

QUESTION: Was there a real Pied Piper?

ANSWER: There is a legend that in the town of Hamelin, Germany, in the year 1284, there lived a strange man called the Pied Piper who could charm people and animals with his musical pipe. The famous poet, Robert Browning, told the legend in his poem, "The Pied Piper of Hamelin."

The legend said that Hamelin was overrun by rats and that the mayor offered the Pied Piper money to get rid of them. The Pied Piper walked through the streets playing a certain note on his pipe, and swarms of rats came out of the houses and followed him to a river, where they all drowned.

Then the mayor refused to pay, so the Piper again walked through the streets, blowing three notes over and over. All the children in the town ran out and followed him into the mountains. There the Piper opened a door for them and they entered and were never seen again. But there is no proof the Pied Piper was a real person.

FOR YOU TO DO: Ask your librarian for a copy of Browning's poem and read the full story of the Pied Piper.

(For submitting this question, Lee Womack of Plainview, Tex., receives $10. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Why are there grooves around a coin?) 4-29

Troops Face Resistance

ADEN (AP) — Relief troops moving up on a besieged British garrison on the Yemeni border today faced tough rebel resistance that slowed their advance.

A dozen of the British-Adenese reinforcements were wounded. The column came within two miles of the surrounded fort after British Shackletons dropped half-ton bombs on insurgent positions in the mountains.

A rebel band at least 300 strong trapped Robert Somerset, the British government's assistant adviser for the area, and a platoon of government guards in Ft. Assarir Sunday. The fort is near Dhala, eight miles south of the British protectorate's border with Yemen.

The British charge the rebels are supported and armed by Yemen. That neighboring kingdom, which is federated with Egypt and Syria in the United Arab State and which gets arms from the Soviet bloc, claims the Red Sea protectorate at the base of the Arabian Peninsula.

RAY HOUPT

Camera Virtually Unnoticed In Court

COLUMBIA, Mo. (AP) — Televising of a murder trial in his court did not distract attorneys, witnesses or jurors, Circuit Judge Sam Blair told a Journalism Week audience at the University of Missouri last night.

"Scarcely anyone knew you were there," he said in a filmed interview with Phil Berk, news director of the university's television station KOMU. Berk supervised the filming of the trial in which Victor I. (Tex) Varner was acquitted of a murder charge.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE TIGER BASEBALLERS have been attempting to reach that .500 percentage mark since their early-season slump but just when they get all set to "even up the board," they are shoved back.

Coach Speedy Moffett's Bengals are once again a game shy of the "even stephen" mark with a 10-11 showing thus far.

And the prospects for hitting the .500 mark and holding it within the next few days appear slim, to say the least.

Even With 2-4A Leaders

The Tigers are even with the two 2-4A pace setters at 2-2. The Bengals have won their only start against Midland and are 1-2 with Abilene.

The Tigers will "enjoy" the home field advantage today and next Tuesday but we're wondering if this actually is an advantage for the Tigers.

As we pointed out previously, the Tigers have won 8 of 12 on the road and only two of nine at home.

Maybe the "tide" will begin to turn in favor of the Tigers in this two-game set with the 2-AAAA leaders.

Vernon and Mineral Wells were rained out of their district playoff game yesterday in 4-AAA.

The game (s) will be played Saturday in Mineral Wells. Mineral Wells leads in the series, 1-0, and if she proceeds to win the next game Saturday she will be in as the champs.

A doubleheader will be played Saturday, however, if Vernon evens the count at 1-1.

Vernon, by the way, which swept to nine straight victories before losing to Mineral Wells in the first game of their district playoff series dropped their second in a row recently, to Wichita Falls, 5-3.

The Lions had beaten Wichita Falls earlier, 8-2.

Ector Nearly 'In'

Ector with an assist from Kermit, is getting close to nailing down the 2-AAA pennant.

Kermit, winless in the first round of a double-round robin schedule in 2-AAA, knocked off Andrews, the 2-AAA runnerup at the halfway mark, 7-0 Tuesday on the strength of a no-hitter by Charles Dunlap.

Ector is now comfortably in front with a 4-0 mark while Andrews and Pecos, the defending champion, are tied for second with 3-2 records.

The Tigers and Levelland will open their District 1-AAA playoff series here a week from tomorrow. Levelland has a season record of 5-7 and reportedly is coming along pretty fast.

Winner of the Tiger-Levelland series will meet the 2-AAA winner in bi-district.

We're off to Austin today to report the 48th annual state track and field meet set for tomorrow and Saturday.

Hope we'll have some good news to report on Tigers Bud Morgan and Rex Wilson.

Colonial To Open Today

FORT WORTH, Tex. (AP) — The weather may be better fit for sailing than golf but the $25,000 Colonial National Invitation tournament is scheduled to start today barring a cloudburst.

Ken Venturi, the young man from San Francisco with the winning ways, is expected to sail to first money anyway.

Venturi, a three-time victor along the tour this year, is expected to lead the field of 46 pros and 2 amateurs although the favorite seldom triumphs in this tournament over rugged 7,021-yard Colonial Country Club course with its tight 35-35—70 par.

Arnold Palmer, winner of two tournaments and the leading money winner of the year with $19,883.33, is a close second choice.

One of the celebrated "mudders" of golf—jaunty Jimmy Demaret—withdrew from the field Wednesday because he said he had a date with his doctor for a week-long clinical checkup. He was replaced by Tom Nieporte of Cincinnati.

Bucs' Kline Finds Coliseum Answer

By ED WILKS
The Associated Press

Ronnie Kline, Pittsburghs young right-hander, has found the answer to that nearby steel screen in left field at the Los Angeles Coliseum. Its control pitching that makes em hit to spacious right and center field.

Kline gained his first victory and first complete game with that formula last night, cautiously spinning a three-hitter that beat the Dodgers 3-1 as the Pirates won their fifth in a row — the longest streak of the season in the National League.

Only one ball went to left field against Kline, Gil Hodges RBI single in the fourth. He allowed only four other balls to be hit to the left side of the infield in a great control performance against a Dodger lineup that offered six right-handed hitters.

San Francisco banged back into first place with a four-home run, 10-1 victory over Philadelphia after the Chicago Cubs, also hitting four homers, had knocked off Milwaukee 8-2. Frank Robinson's second home run of the game gave Cincinnati a 5-4, 10-inning decision over St. Louis.

In the American League, the Detroit Tigers clobbered the New York Yankees 10-1, Kansas City rapped Boston 11-4, Washington slipped past Cleveland 3-2 and Baltimore beat the Chicago White Sox 3-2.

Don Drysdale, the right-hander expected to be the Dodger ace, lost his fourth when the Bucs scored two in the eighth.

The Cardinals scored two off Joe Nuxhall, but got only three hits after Tom Acker relieved with none out and two on in the first. One was a two-runer homer by rookie Gene Green that tied it 4-all in the ninth and left the victory for Hal Jeffcoat, who got Del Ennis to hit into a bases-loaded double play in the 10th. Morrie Martin lost it in relief.

Daryl Spencer and rookies Bob Schmidt, Orlando Cepeda and Jim Davenport hit the Giant homers, for nine runs. Johnny Antonelli won his second.

Ernie Banks cracked two homers for the Cubs, teaming with Sam Taylor for two-run shots in the third that handed Bob Buhl his first defeat. Lee Walls slugged his eighth for the NL lead. Jim Brosnan won with a five-hitter.

RETURNING FOR STATE MEET

Morgan Among 12 Defending Champs

AUSTIN (AP)—Twelve individual champions, headed by the amazing Bert Coan of Pasadena, will be on hand to defend their titles this weekend in the state track and field meet.

Coan, whose efforts gave Pasadena the Conference AA team trophy in 1957, will defend his 100 and 220 yard dash titles and his state record broad jump of 24 feet 4 inches. Coan, 6 feet 4 inches, erased the broad jump mark last year which had stood for more than 30 years.

Coan also is qualified for the 440-yard relay, low hurdles and high jump.

Andrews, Abilene, Pasadena and Fort Worth North Side all have the potential to win the Class AA title. Andrews may have the best relay combinations in the state and these are the events that are worth the most points. But the far West Texas team could fade to nowhere if its relay teams falter while the other schools have strong over-all power.

Wharton, Terrell and New Boston, with its speedster Sidney Garton, look strongest in Class A while Junction, Richland Springs and White Oak should battle it out for Conference B honors.

Bobby Bernard of Graham, who won 120-yard high hurdles, Bud Morgan of Snyder in the low hurdles, Jackie Upton of Vernon in the high jump and Bayless Bennett of Amarillo in the pole vault are back to defend their titles.

Class A champions returning are Garton in the 220-yard dash, Randy Curson of Angleton in the 880-yard run, Dale Byerly of Coleman in the mile run, Robbie Fleet of Gilmer in the discus and Eddie Curtis of Terrell in the high jump.

Garton was second in the 100 yard dash last year but defeated Coan in the Texas Relays event for high school competitors.

The only two individual champions returning in Class B are Ken Weaver of Idalou in the mile and Robert Spiser of Eden in the high jump.

Four relay teams return but the personnel is changed. They are Pasadena in Class AA and Weimar in Class B for the 440-yard relay and White Oak in Class B and Wharton in Class A for the mile relay.

Mission Win Streak Is Snapped At 8

By The Associated Press

San Antonio finally lost one Wednesday to snap a winning streak that had run to nine games but it didnt dislodge the Missions from the Texas League top.

San Antonio stayed a game ahead of Austin, idled for the third straight night because of rain.

The Missions racked up their ninth straight as they beat Houston 6-5 in the first game of a double - header. Their downfall came in the afterpiece, which Houston took 7-5.

Corpus Christi slammed Victoria twice, 4-0 and 6-2, to pull back into fifth place, 2½ games behind fourth place Houston.

Dallas won its second game of the season, downing Tulsa 5-2, but Tulsa remained in third place.

Bob Caffery drove in three runs with a triple in the last inning as San Antonio won the 7-inning opener from Houston.

Houston jammed five tallies across in the ninth to win the second game, jumping on Dick Luebke, pitching in relief, and Him Michalec had to be called in.

Michalec also relieved in the opening game and got credit for the victory.

Bill Franco and Jim Maibauer pitched a couple of fine games in leading Corpus Christi to its double triumph over Victoria. Franco notched his third victory of the season in the first contest, limiting the Rosebuds to two hits and not allowing a Victoria runner to reach second.

Maibauer hurled a 5-hitter in elbowing Corpus Christi to its victory in the nightcap. Al Steiglitz batted in three runs with a homer.

Dallas scored four times in the first inning to beat Tulsa. Ken Ghettlers double brought in two runs. Jim Tugerson won his first decision of the season, giving up only six hits and fanning eight.

A double header, Austin at Fort Worth was rained out.

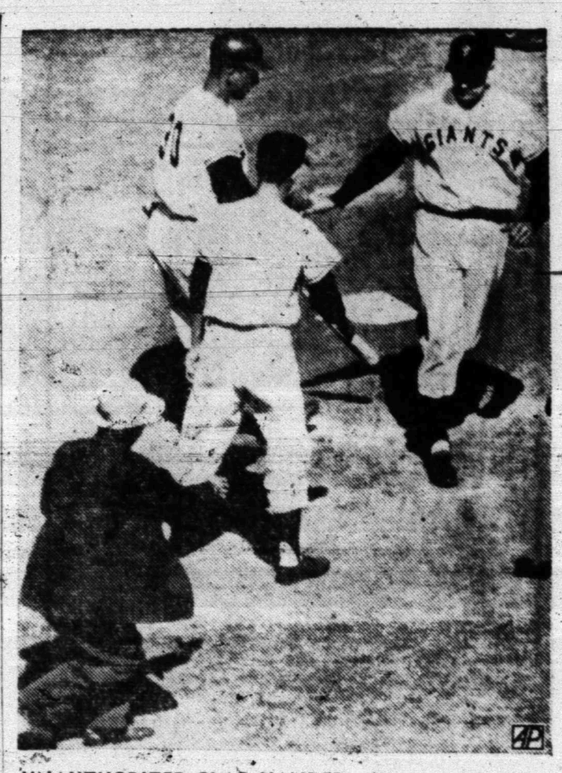

Eight Colleges In Golf Tourney

ABILENE (AP) — Eight colleges will compete in a golf tournament here today, tomorrow and Saturday.

Hardin-Simmons, Abilene Christian and McMurry are teaming up to sponsor the 72-hole event with Centenary, Austin College, Odessa College, Texas Wesleyan and Howard County College participating.

The first 18 holes will be played today 36 holes tomorrow and the final 18 Saturday.

The National Junior College Athletic Assn. has a membership of 300 schools from coast to coast.

UNAUTHORIZED GLAD-HANDER—An over-zealous San Francisco Giant fan rushes out of the stands in San Francisco, Calif., in the eighth inning to congratulate Hank Sauer, Giant outfielder, crossing home plate after a 370-foot home run blasted into the left field bleachers to score Willie Mays ahead of him. It was Hank's 7th homer of the season, but it wasn't good enough. The Phils won, 7 to 4. Officially greeting Hank at the plate is Orlando Cepeda (30), Giant first baseman waiting his turn at bat, and a bat boy. (AP Wirephoto).

3-Way Fight Due In Kentucky Derby

By ORLO ROBERTSON

LOUISVILLE, Ky. (AP)—Tim Tam speedy pride of Calumet, Silky Sullivan, star of racing's "Heartbreak Highway," from California, Jewel's Reward, music loving, temperamental hopeful of the powerful Maine Chance Farm's three-horse entry.

They are the Big Three for Saturday's running of the $125,000 added Kentucky Derby.

The chances of these three were argued almost to the exclusion of all others by Derby followers.

Meantime, trainers of the fainely tuned 3-year-olds went to the racing secretary's office at Churchill Downs today to formally name their charges for the 84th running of the big race. The names of 16 and perhaps 19 were expected to be dropped into the box.

On the basis of 18 starters the Derby will have a gross value of $166,000 with a net of $121,900 to the winner.

Aside from the Big Three, names like Llangollen Farm's Gone Fishin', Mrs. Lora Birr's Belleau Chief, Claiborne Farm's Nadir and Dr. Peter Graffagino's Noureddin were bantered back and forth. Both Gone Fishin' and Belleau Chief hold decisions over Silky Sullivan in their latest outings at distances shorter than the Derby.

As for the others, it was pretty much write your own ticket. Some enter their horses just to see their colors in the race. Others use it as an excuse to come to the Derby, join in the fun and entertain friends.

The weatherman said there is no rain in prospect at present. The condition of the racing strip makes no difference to the Big Three.

Jewel's Reward, who established a 2-year-old money-winning record last year with earnings of $349,642, probably is the best of the three on an off track.

Tim Tam, who likes to run close to the pace, and Silky Sullivan, whop drops almost out of sight during the early running and then turns on the speed when he reaches "Heartbreak Highway" a quarter-mile from home, give no quarter on any kind of a track.

Tigers Get Back At Yankees With Smashing 10-1 Victory

By ED WILKS
The Associated Press

The mystery of the Chicago White Sox's winless aces is deeper than ever today with Early Wynn, the winningest pitcher still in business in the majors, failing as a starter against Baltimore for the first time since the Orioles re-entered the American League in 1954.

The 38-year-old right-hander, who has won 236, trailed 3-1 when lifted for a pinchhitter in the seventh at Baltimore last night and wound up with a 1-2 record as the Orioles won 3-2.

It was the first time Wynn had faced Baltimore since the winter trade with Cleveland that gave Chicago the "best pitching in the league." He had a 14-1 record against the Orioles for the Indians.

The Detroit Tigers looked the part of a contender, if the last-place White Sox didn't, clobbering the New York Yankees 10-1. Second place Kansas City, half a game behind New York, belted Boston 11-4, and third-place Washington beat Cleveland and an ailing Herb Score 3-2.

Jack Harshman, ex-White Sox lefty, gained a 3-0 record for the Orioles, although he needed relief from rookie Milt Pappas and George Zuverink. Harshman allowed only three hits, but Pappas came on to retire Al Smith and Bubba Phillips after Earl Torgeson had doubled and Sherm Lollar had walked in the sixth.

All seven Oriole hits were off Wynn. They scored two in the fourth on a triple by Jim Marshall, another ex-Soxer, and singles by Gus Triandos and Brooks Robinson. Len Green's double and a pinch single by Bob Boyd clinched it in the sixth.

Score, 2-2, strained his left elbow against the Senators, who won on Julio Becquer's single in the ninth. Score gave up Washington's eighth hit and eighth walk with one out, then gave way to Don Mossi after throwing two balls to Becquer, subbing for Norm Zauchin, who had twisted a knee in the seventh. Truman Clevenger won it in relief of Pete Ramos.

Frank Lary won his first with a seven-hitter. He fanned six. Al Kaline had three of Detroit's 14 hits while Frank Bolling, Gail Harris and Red Wilson each knocked in two runs. Southpaw Whitey Ford, 1-2, now has lost three straight to the Tigers since 1956.

Bob Cerv upped his AL-leading RBI count to 21, driving in five for the A's with two homers. Ned Garver won his third without defeat, and first over Boston since 1955, with an eight-hitter. Bed Williams homered with one on in the Red Sox ninth.

Longhorns Lose First Net Title

AUSTIN (AP) — Rice and Texas split delayed doubles matches yesterday, and it meant the Longhorns have lost their first Southwest Conference tennis championship.

Rice won the dual meet 5-1. It dropped the Longhorns, who won all of the 11 previous team championships, to third place.

Rice has matches left with TCU and SMU this week and is heavily favored. Only Texas Tech remains in the running.

Richard Keeton and Laurence Becker of Texas downed Ronnie Fisher and Art Faust 6-0, 8-6 in the No. 1 doubles, while Tommy Roberts and Robert Dopson of Rice beat Terry Todd and Bill Hinkle 6-3, 7-5.

LITTLE OLYMPICS DELAYED AGAIN

The Snyder Little Olympics have thrown in the towel for this week, as weather conditions prompted a third postponement today.

Another effort to stage the meet will be made Monday, weather permitting, of course. The postponement today was the third for the event, which was scheduled originally for last Thursday.

Wes Farrell won six opening day pitching assignments in the American League.

TEAMS PLAYING HERE TODAY

Tiger, Midland Game Moved Up

The Tiger Midland baseball game, originally set for tomorrow, will be played today instead, Tiger coach Speedy Moffett has revealed.

The reason for the change was to allow Midland to switch playing dates with Abilene.

Midland was slated to play Abilene today but an inch-and-a-half rain in Abilene yesterday left the Eagle diamond unplayable today.

To get the game in this week, Abilene and Midland then re-set their game for Friday providing Midland could change its date with the Tigers.

Coach Moffett agreed to the change but said if the field here is too wet here today the game would be played Saturday.

Midland and Abilene currently are tied for first in District 2-AAAA and the winner of their game tomorrow will be the odds-on-favorite to win the district title.

The Midland-Abilene game was originally slated for last Saturday but got rained out. A district ruling states that any postponed game must be made up within a week.

Thus, tomorrow is the last day to get the game in to keep in line with this ruling since Abilene has a scheduled game with San Angelo Saturday.

Moffett says he will start Dick Hayes in today's game with Midland. Hayes has just recovered from a sore arm that has plagued him for several weeks.

Hayes' last mound appearance was against Monterey April 1. The sophomore righthander has a 2-1 record.

The Tigers currently are 10-11 on the season and they will be seeking to hit the .500 mark today.

In an earlier game, the Tigers defeated the Bulldogs, 5-3, at Midland, April 15.

One of the Tiger mound regulars, Tim Roberts, has been ill this week which has kept him out of school since Monday. Roberts is not due to return until next week.

Today's game will start at 4:15.

Four Records Due To Fall In SWC Meet

By The Associated Press

At least four records are due to be set in the Southwest Conference track and field meet in Dallas next week with Texas, the overwhelming favorite, furnishing three of them.

Eddie Southern of Texas, who has done the 440 in 46.2, should crack the conference record of 46.9. The Southern-anchored Texas mile relay team, which has posted 3:09.1, should crack its own record of 3:11.8. Bruce Parker of Texas, who has flung the javelin 232 feet 8 inches this season, should wipe out his own record of 220-7¾.

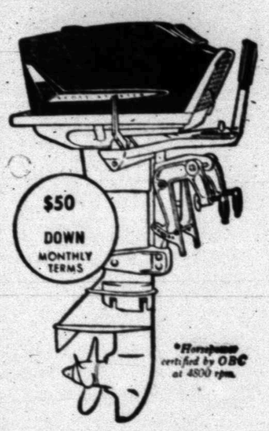

The other record potential is Ray Dyck of Arkansas, who has run a 1:52.0 half-mile against the conference record of 1:52.1.

Jerry Pittman of SMU returns to defend his championship in golf but Sammy Giammalva has finished at Texas and won't be back to put the singles title on the line in tennis. Tommy Roberts of Rice, who was runnerup last year, will return and so will Richard Keeton, who teamed with Giammalva in winning the doubles.

The golf and tennis will be held at the DAC Country Club.

SMU and Texas Tech should fight it out for second place in track with Baylor edging into the picture.

ALL NEW 22!

22 hp* Sports Scott by SCOTT-ATWATER

It's the spanking new queen-sized motor that covers the whole range of outboard fun! New intake valves give it silky-smooth "get-up-and-go". New offset lower unit brings you easier steering. Electric starting with generator, super-quiet silencing system, choice of six hood colors, standard or long lower unit. Manual starting model also available. Remember, only Scott-Atwater outboards hail your boat—automatically!

PERRY BROS. SERVICE AWARDS—Service award pins were presented to three members of the staff of the Perry Bros. store on the north side of the square here Tuesday afternoon. Carl Whitfield, store manager, received a 20-year pin, and is shown presenting five-year service pins to Avonell House, center, Annie Faye Lapour. Whitfield began work with the company about 21 years ago at Munday, and came to Snyder in 1940. (Lee Watson photograph)

Scholarships Won By 1,000 Students

CHICAGO (AP)—More than 1,000 winners in the nation's largest private scholarship program were announced today.

The 1958 four-year college scholarships represent a total investment of more than five million dollars by the National Merit Scholarship Corp., and 75 business and industrial corporations, foundations and other groups.

More than 256,000 students, about 17 per cent of the country's entire high school senior enrollment, entered this year's competition as nominees of 13,750 high schools. The winners survived two college aptitude tests and displayed hign personal achievement.

The grants to winners vary from $100 to $2,000 for each of the four years. The average stipend is about $650 a year.

The program was set up initially by grants from the Ford Foundation and Carnegie Corp. Industry has contributed an increasingly larger share since the program was started in 1956.

John Stalnaker, NMSC president, said about 60 per cent of the 1958 scholarship winners plan to take physical science or engineering courses.

The 1958 winners who attended high school in Texas and the schools they plan to attend include:

Marian Amos, Amarillo, SMU; Jerry Spearman, Amarillo, TCU; Herman Keith, Hillsboro, Rice; Frances Patton, Lone Star, Baylor; Stephen Kiergan, Longview, Rice; Buford Terrell, Lubbock, MIT; William Furey Jr., Mt. Pleasant, Rice; Clarence Peters, Odessa, Rice; Richard Smith, Odessa, Rice; Lawrence Wilkinson, Odessa, Rice; and Sharon Blackwood, Port Arthur, Houston.

Frogs Offered For Moon Passengers

ANGELS CAMP, Calif. (AP)—Calaveras County's fabulous frogs have been offered to missile men at Cape Canaveral as possible occupants of future American moons.

The offer, of course, is aimed at beaming a spotlight on the annual International Frog Jump in this Sierra foothill town May 15-18. But it was made seriously.

Biologists have reported frogs, because their reactions are somewhat similar to that of humans, would prove valuable as passengers.

ADRIAN K. ROSSER

Snyderite In Training

Adrian K. Rosser, Air Force trainee from Snyder, has completed the first phase of his basic military training and is entering the second phase at Lackland Air Force Base, San Antonio.

In the phase just completed, Rosser had physical conditioning, varied classroom studies ranging from citizenship to military customs and courtesies, and rudiments of military science and tactics.

The 22-year-old airman is the son of Mr. and Mrs. L. D. Rosser, Route 2.

A brisk sweep with a dirty broom sounds silly and is. Rinse a corn or fiber broom in clear water and hang up to dry occasionally.

Daniel In Favor Of Spanish Courses

MCALLEN (AP)—Gov. Daniel said today he favored making Spanish a required subject for Texas public schools.

Speaking to the International Good Neighbor Council here, Daniel praised the council for its work in improving relations between Texas and the Mexican states of Tamaulipas, Nuevo Leon, Coahuila and Chihuahua.

"I commend your efforts to stimulate the teaching of Spanish and English on both sides of our border," Daniel said. "English is now compulsory in Mexican schools and Spanish is taught in a majority of the high schools in Texas. I would favor making this a required subject in our state."

Daniel said Texas and the Mexican states which border the Rio Grande have more than a good neighbor policy.

"We have good neighbor practices," he said. "Both the policy and the practices are closer to the people than the formal relations between our two national sovereigns.

"Perhaps the greatest single accomplishment of this council is the fact that Mexicans and Texans are sitting down together, in a spirit of good will and friendship, to discuss matters of mutual concern."

Daniel said he hoped the close friendship would spread throughout North, Central and South America.

Mormons Building Temple In England

LONDON (AP) — Mormons are building a 1½-million-dollar temple just outside London.

They have established 94 churches in Britain. The first temple is a steel and concrete structure started two years ago at Lingfield, some 30 miles south of London.

Reinvestment Of Funds Is Approved By CRMWD Board

Interim reinvestment of construction funds was authorized by the board of directors of the Colorado River Municipal Water District in a meeting in Big Spring Wednesday.

The portion of funds unpledged for immediate work will be reinvested in certificates of deposit with the trustee First National Bank of Fort Worth at 2 and 2½ per cent. The amount involved at the outset was estimated at $3,000,000. Originally the board has intended to re-invest the funds in United States treasury bills pending their requirement for the projects, but the market on treasury issues broke under 2 per cent.

Development of a small private airplane landing strip near Lake J. B. Thomas appeared in prospect on the strength of a lease authorized with Boyd Bros. of Odessa. The district agreed to lease a tract of land on the north side for a landing area provided the lease could be terminated after a fixed period of notice if and when the district should need the land for other purposes. Boyd Bros. are engaged in installing concession, boat and cabin facilities on the north side.

Contract with Freese & Nichols for the engineering on the proposed construction program, which includes additional terminal storage at Odessa, additional supply lines, well development and connecting lines, was approved. It stipulates the conventional six per cent fee.

The board also appproved an agreement with Louis Conrad regarding use of George White Island off the south shore of Lake Thomas. The Conrads recognize the island as such and the district agrees to blockade the causeway with a chain so that no vehicular traffic can move over it. In event the district leases the island areas for commercial or other operations, the Conrads will share one-third of the gross.

The board took under advisement the possibility of developing lots, removed from the shore area (which is all but exhausted).

Permission was granted to Claud Hotnett to move in or erect a house on the lease which he holds for a concession (sportsman's Paradise.)

For a period not to exceed two years, the State National Bank of Big Spring was named the district depository. Charles Perry, Odessa, vice president, said that he felt that funds should be rotated between banks.

Guests at luncheon were Major G. W. Dabney and George Zachariah of the Big Spring city commission, Mr. E. B. Dickenson and J. C. Sale of Stanton, and R. W. Whipkey.

Man Could Enter Space With Safety

ATLANTIC CITY, N.J. (AP) — A human could rocket into space today less apprehensive from a medical standpoint than Columbus was on his voyage to the new world.

The major problem is in re-entry and recovery of the space capsule.

That was the word from a panel of space medicine specialists who said, "Man is ready to go if we can give him a safe trip."

They described aspects of space flight, such as the effects of weightlessness, to the 39th annual meeting of the American College of Physicians.

"Nothing will kill a human spaceman if the launching goes according to plan," said Col. John P. Stapp, an aeromedical researcher stationed at Wright-Patterson Field in Dayton, Ohio. He added: "The effects of weightlessness may make him inadequate but they certainly won't kill him."

Col. Paul A. Campbell, of the Air Force Office of Scientific Research in Washington, D.C., likened space advances of the past few years to knowledge gleaned before the sailing of Columbus.

Columbus and his crew, said Campbell, "launched themselves into a vast void with an accepted risk probably greater than the calculated risk which will be accepted by the first man launched into space."

J. G. Bruce Service Set

Funeral services were to be held at 3 p.m. today in Loraine for John Gilbert Bruce, 80, of Loraine, who died at noon yesterday in a Big Spring hospital after a long illness.

He is an uncle of Robert Bruce, 208 Thirty-second Street, and reared the Snyder man.

Mr. Bruce was born March 12, 1878, in Coryell County, and he had farmed in Mitchell County 46 years. He was married to Maggie Parker at Comanche in 1909. She died in 1930. He was married to Pearl Boyd in Comanche County in 1932.

Services were to be held at the First Methodist Church at Loraine, and burial was to be in Loraine Cemetery.

Survivors include the widow, the Snyder nephew, one brother, J. M. Bruce of Loraine; and two sisters, Mrs. Sallie McGuire of Fort Worth and Mrs. Blanche Redwine of Kerman, Cal.

Tone's Son To School

SANTA MONICA, Calif. (AP)—His mother's tears to the contrary, 14-year-old Pat Tone — son of actor Franchot Tone — will attend boarding school.

Actress Jean Wallace pleaded yesterday that Pat remain in her custody and attend a day school in the Los Angeles area.

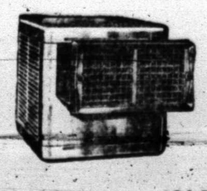

But Superior Court modified a previous order — one giving her custody of both Tone's sons — and granted the actor's request that Pat attend an Eastern prep school where Tone himself graduated.

Miss Wallace, now wife of actor Cornel Wilde, asked that Pat not be separated from his 12-year-old brother Jeff. Tone and Miss Wallace were divorced in 1951. He later married actress Dolores Dorn-Heft.

BANANAS CENTER THIS MIXED GRILL WITH MEAT, TOMATOES
. . . fruit spans the day from breakfast to dinner

From Entrees To Desserts, Bananas Form Tasty Dishes

The banana boats have been working overtime lately and not just in Calypso songs. The result is a good supply of the sweet fruits.

Bananas are not only one of America's favorite fruits, but one of its oldest. They've been imported for more than 250 years.

Besides tasting like a ready-made custard, the fruit is a favorite of nutritionists. Bananas are easily digestible and very low in fat, with a large amount of vitamin A, plus minerals.

For the dieter, they are a boon. They not only tame wild appetites but, because of their 88 calories, they are a help in keeping total calories intake low.

Here are some recipes for main courses and desserts:

BANANA CREAM CAKE

1 package yellow, white or spice cake mix
¾ cup heavy cream
1½ tablespoons sugar
¾ teaspoon pure vanilla extract
6 medium bananas, sliced

Prepare and bake cake according to package directions in two 8-inch layer cake pans. Cool in pans 10 minutes. Turn out onto wire racks for cooling.

Whip cream. Add sugar and vanilla extract. Spread a layer of whipped cream and a double layer of sliced bananas between layers.

Top with remaining whipped cream and sliced bananas. Makes 6 to 7 servings. The cake tastes best when eaten the day it is made.

BANANA MIXED GRILL

3 firm bananas
3 hamburger patties, ½ inches thick
3 tomato halves
Melted butter or margarine
Salt
Parsley

Use all-yellow or slightly green, firm bananas. Peel bananas. Place on broiler rack or into pan containing a rack, together with meat and tomato halves.

Brush bananas and tomato halves with butter or margarine and sprinkle lightly with salt. Broil about 3 inches from heat 5 to 6 minutes, or until bananas and meat are browned.

Turn bananas and meat only. Continue broiling 5 to 6 minutes or longer, or until meat and tomatoes are browned and bananas are tender, easily pierced with a fork.

Garnish hamburger patties and tomatoes with small sprigs of parsley. Makes 3 servings.

FRUIT CREAM SUNDAE

1 ripe banana
1 ball or scoop ice cream
2 tablespoons chocolate or fruit syrup
2 tablespoons crushed fruit or preserves
Whipped cream
Nuts, whole or chopped
Cherries or berries

Use fully ripe bananas, yellow peel flecked with brown. Peel and quarter bananas by cutting once lengthwise and once crosswise. Arrange banana pieces opposite each other in a sherbet dish with cut sides of banana facing inside.

Place ice cream in dish between banana pieces. Cover ice cream with syrup and crushed fruit or preserves. Garnish with whipped cream, nuts and cherries or berries. Makes one banana sundae.

BRAZILIAN-STYLE BANANAS

6 medium bananas
½ cup fresh orange juice
1 tablespoon fresh lemon juice
¼ cup brown sugar
⅛ teaspoon salt
2 tablespoons butter or margarine
1 cup grated fresh coconut

Peel and cut bananas in half lengthwise. Place in a buttered casserole. Combine orange and lemon juice, sugar and salt. Pour over bananas. Dot with butter or margarine.

Bake in a pre-heated hot oven (400 degrees F.) 10 to 15 minutes. Remove from oven and sprinkle with grated fresh coconut. Serve as dessert. Makes 6 servings.

CREAMED BANANA WHIP

3 medium bananas, peeled and sliced
3 egg whites, unbeaten
¼ teaspoon salt
2 tablespoons sugar
1 teaspoon pure vanilla extract
½ cup heavy cream, whipped
18 lady fingers
Grated nutmeg for garnish

Place first 5 ingredients in the small bowl of an electric mixer. Beat with electric beater until stiff. Fold in whipped cream.

Stand 3 lady fingers around the sides of each deep sherbet glass. Add banana whip. Garnish with grated nutmeg. Makes 6 servings.

BANANA NUT BREAD

1 egg, well-beaten
1½ cups mashed bananas (2 or 3 bananas)
1 cup bite-size shredded wheat biscuits
¼ cup melted butter or margarine
1½ cups sifted flour
¼ cup sugar
2½ teaspoons baking powder
½ teaspoon soda
½ teaspoon salt
½ cup broken nuts

Preheat oven to moderate (350 degrees). Combine eggs, bananas, bite-size shredded wheat biscuits, and butter. Mix thoroughly. Sift together flour, sugar, baking powder, soda and salt.

Add nuts. Mix well. Combine all ingredients. Mix only enough to dampen flour. Turn into a well-greased bread pan (8½ x 4½ x 3 inches). Bake for 50 minutes, or until light brown.

Makes one loaf.

BANANA OMELET

6 eggs
4 tablespoons milk or light cream
½ teaspon salt
⅛ teaspoon ground black pepper
1 tablespoon butter or margarine
2 medium bananas, sliced
2 teaspoons fresh lemon juice

Beat first 4 ingredients together until foamy. Pour mixture into a hot, heavy skillet in which the butter or margarine has been melted.

Butter or margarine should foam but not brown. As omelet cooks, lift edges toward center. Tip pan so that uncooked mixture flows under cooked portion.

When bottom is brown, place under broiler, having the broiler door open and the thermostat set at moderate (350 degrees F.) to dry top. Make a crease through the center. Mix bananas with lemon juice.

Arrange on half of the omelet. Fold the top half over the bananas. Slip onto a platter. Serve with broiled ham or bacon. Makes 4 servings.

GOLDEN CRUST BANANAS

1½ teaspoons salt
1 egg slightly beaten or
¼ cup undiluted evaporated milk
4 bananas
2 cups corn flakes, crushed into coarse crumbs
3 tablespoons butter or margarine, melted.

Use slightly green-tipped or all-yellow bananas. Add salt to egg, or undiluted evaporated milk. Peel bananas. Cut into halves crosswise. Dip banana halves into egg or milk, then drain 2 to 3 minutes.

Roll in crushed corn flakes until well coated. Place crumbed banana halves into greased baking pan. Sprinkle bananas with melted butter or margarine.

Bake in a very hot oven (450 degrees F.) about 10 to 12 minutes, until bananas are golden brown and tender, easily pierced with a fork.

Serve hot as a vegetable or as a hot dessert with sweetened whipped cream. Allow ½ or 1 banana for each serving. Makes 4 to 8 servings.

To prepare the corn flakes for crumbling, fold the corn flakes in waxed paper or in a dish towel and press with a rolling pin, or grind the corn flakes in a food chopper to desired size.

The Recipe

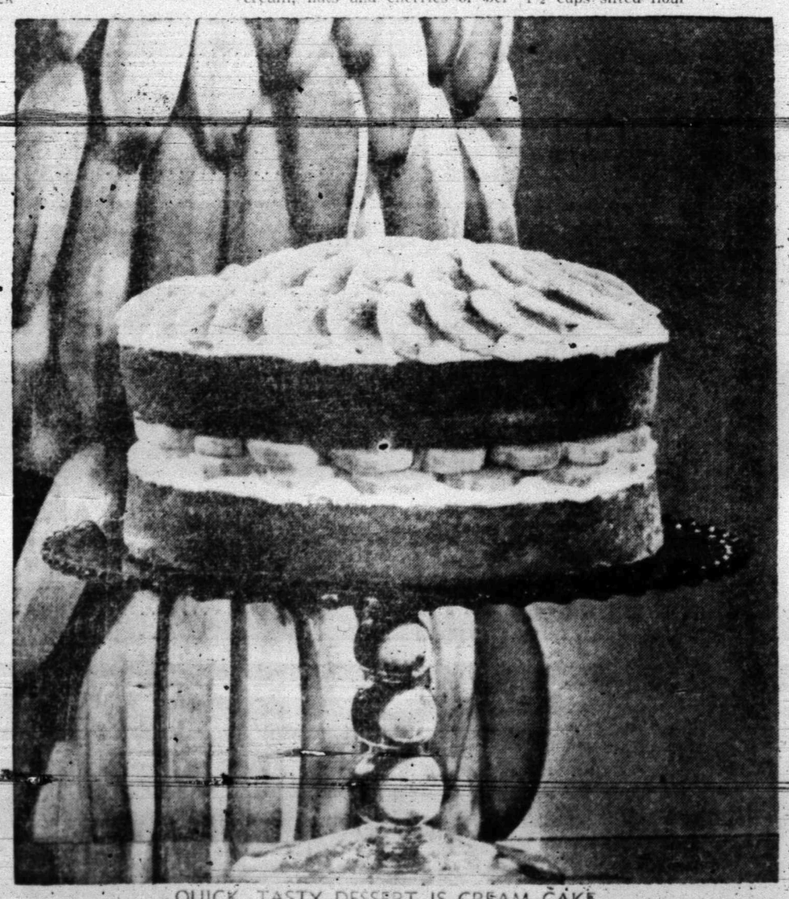

Sift together 1¼ cups *sifted all-purpose flour*, 2 teaspoons *Clabber Girl Baking Powder*, and ¼ teaspoon *salt*. Cream together ⅔ cup *butter*, 1¼ cups firmly packed *brown sugar*, 1½ teaspoons *vanilla extract*, and ½ teaspoon *almond extract*. Add 2 tablespoons *water* and 1 *egg yolk*; beat well. Add dry ingredients; stir until well blended. Pack dough into empty 1-pound butter carton, 5 x 2½ x 2½ inches. Chill in refrigerator several hours. Remove dough from carton; slice about ¼ inch thick with a sharp, thin-bladed knife. Place cookies on baking sheet. Cut each cooky in half to form rectangles; separate cookies 1 inch apart. Beat 1 tablespoon *water* and 1 *egg white* together until just combined; brush over cookies; sprinkle with *nutmeg*. Bake in a 375° F. (moderate) oven about 12 minutes. Cool. *Yield: 5 dozen cookies.*

YOU SHOULD KNOW THIS ABOUT BAKING

It's the **balance** of ingredients in baking powder that governs its leavening action. Only when these are scientifically **balanced** can you be sure of uniform action in the mixing bowl plus that final, **balanced** rise to light and fluffy texture in the oven.

Balanced Double Action means Better Baking!

QUICK, TASTY DESSERT IS CREAM CAKE
. . . layers are topped with bananas, whipped cream

Permit Required For Tree Houses

ATHERTON, Calif. (AP)—It's illegal to build a tree house here without a building permit.

That's silly, says Mrs. Kenneth S. Templeton, whose sons Kenneth, 9 and John, 8, built one in their front yard without benefit of permit. Then they learned of the law when a neighbor protested to City Clerk W. H. Boren.

Mrs. Templeton said she just might take the case to the U. S. Supreme Court if necessary.

Today, Atty. Gen. Edmund G. (Pat) Brown got into the picture, but not in his official capacity. His "Brown - for-governor" headquarters issued a statement saying the Democratic candidate had requested a lawyer friend to see if he couldn't save the boys' house.

Wilson Asks Second Term

AUSTIN (AP)—Atty. Gen. Will Wilson asked Texas voters yesterday to reelect him to a second term.

Pledging continuation of vigorous law enforcement efforts against organized crime and rackets in Texas, Wilson also said he would emphasize strengthening of local government.

Wilson is the only candidate to announce for attorney general.

There had been reports that he was considering a race for governor.

Wilson said he would outline his plafform later.

A former district attorney and Supreme Court justice, Wilson said two of his major achievements as attorney general was the crackdown on organized crime in Galveston and stopping the unlawful practice of medicine by naturopaths.

Medicine Chests

Develop the habit of keeping your medicine chest up to date, says Margaret Spader, home service editor. Often medicines and disinfectants change their characteristics with age, making them unsafe to use. Miss Spader advises that you discard old supplies and prescriptions. Keep only the essentials. Harmful supplies should be stored high out of reach of small children.

OUR VIEW

A Worthwhile Objective

United Church Women of the city have placed in our hands a copy of their publication, "The Church Woman," and a timely issue it is, because tomorrow that organization observes May Fellowship Day.

The theme for May Fellowship Day this year is, "For Every Family: A Decent Home."

This subject, of course, is one that is commanding extensive interest throughout the country these days, and most certainly is one that should interest humanitarians everywhere.

The United Church Women, in emphasizing their theme, are encouraging everyone to take stock of housing conditions in his own particular area, or neighborhood, and then seek steps for improvements if such action is indicated.

The publication calls attention to one aspect of housing which may be overlooked in many places. That is the fact that substandard housing is as likely to exist in rural areas and small cities and towns as in the metropolitan areas.

Often, when we speak of "slums" we think mostly of large cities with crowded tenements along narrow, dismal streets. Yet, conditions as deplorable as those may go unnoticed in our own home town.

The publication calls attention to the fact that Councils of Church Women have pioneered for many years to improve the working and housing conditions of migrants, which constitute problems in virtually all regions of the country because of population shifts during recent years.

We suspect that the May Fellowship Day Theme is designed principally to stimulate pride among citizens in their respective communities. It is a worthwhile objective, and one which could benefit the entire country.

It's A Mild Spring For U. S. Business

By SAM DAWSON

NEW YORK (AP)—It's a mild spring if you look at the business weather map.

The sap is rising. But it's no gusher.

Item: 78,000 fewer persons are out of work than a month ago and 600,000 more have jobs. That's mostly because spring has opened up some outdoor employment and a number of those who were sticking close to the home fires awhile back have gone out and taken the jobs. The catch is that in most springs unemployment falls quite a bit more than that.

Item: Detroit reports that more people are buying cars than a spell back. The catch is that in other years spring sales perked up a lot more than that.

Item: Merchants say the chemise is selling. The catch: Is that good?

You can multiply these examples and still end up with this: it's been a long and rough winter; spring is bringing some welcome relief. What a lot of folk are still wondering: Is it enough?

The sweet and sour sauce is being poured liberally at many corporate annual meetings. Stockholders are being told that the first three months of the year were pretty sad compared with a year ago, but that orders have picked up a bit and there's hope that the current quarter won't be as bad.

None of this goes unnoticed at the U.S. Treasury either. When corporate profits fall there's a good chance that Treasury tax receipts fall even more.

But it could be a lot worse. There are scattered but persistent reports of an increase in orders.

Steel, chemical and auto executives report these. The oil industry confidently expects some people will be going more places than ever this summer.

Banks and other savings institutions report deposits are up. The reverse side of this coin is that fewer purchases were made than expected. But it also means that some persons have money to spend when they think the purchase is right.

Construction contracts fell in March but experts in that field say all signs point to a modest rebound as spring progresses.

Farm machinery makers report that their business started to improve in recent weeks and that this year's prospects seem at least as good as last.

The coffee trade reports sales running ahead of a year ago. Those recession buckers, the drug and tobacco companies, say the same.

Auto Dealers See Success In Drive

By CLETE JONES

CLEVELAND (AP) — Restore customers' shaky confidence and the recession is dead.

That's the theory of two Cleveland automobile dealers, Leo J. Conway and David Blaushild, who are whooping it up for bigger and better sales efforts by retailers, particularly new car salesmen.

"The money is there," Blaushild contends, "and the public wants to buy. But they're afraid."

"Really a pair of workers," President Eisenhower said after a half-hour meeting at the White House last week with the two businessmen who originated the "You Auto Buy Now" idea, which has spread nationally. The President agreed better salesmanship could spark economic recovery.

They told Eisenhower of their plan to post manufacturers' suggested prices on new cars. Dealers would be bonded to assure the prices were quoted properly.

The idea of a firm price and bonded dealers, Eisenhower said later at his news conference, would assure that "this business of undercutting and every other kind of bad practice will not keep people from buying.

"If everybody knows what he has to pay, and these people are so bonded, then confidence tends to go up."

Preaching hope in the economic future, Conway and Blaushild returned home and convinced the 138-member Cleveland Auto Dealers Assn. to adopt the plan. It goes into effect here next week, Blaushild said.

The 62-year-old Conway and Blaushild, 41, have been friends for years. They also are competitors.

Their showrooms in suburban Shaker Heights are less than two blocks apart.

Conway, with 35 years in the auto business, has two grown sons and a daughter.

A pilot in World War I, he still has trouble with his legs, which he almost lost when his plane exploded and crashed near Ashtabula, Ohio. He spent two years in hospitals after the crash.

He says of the present recession: "The country merely is taking inventory, something that's done periodically." He believes people can be talked out of their reluctance to buy. But, he asserts, "the retailer has got to get his house in order."

Blaushild, a former Army captain, is the father of three children. His father, who died recently, had the dealership before him.

Of the economic situation, he says: "America is too big and people work too hard" for the economy to collapse. Visitors to his million-dollar showroom and maintenance shops are shown a new $150,000 addition started in March, an example of his confidence.

Party Held On Subway

CHICAGO (AP) — A veteran Chicago Transit Authority motorman got a big surprise yesterday when he started on his last run on an elevated-subway train — sort of rolling family reunion.

Boarding the train at the South Side terminal for the 15-mile ride to the far North Side were George Semeniuk's five children, nine grandchildren, one great-grandchild and two daughters-in-law. His daughter, Mrs. Irene Pohlman, 38, arranged the party.

"They looked over my shoulder and congratulated me on the smooth ride," Semeniuk said. "That didn't bother me a bit. After 42 years as a motorman I could drive one of those trains in my sleep."

Rough and tumble of an Easter egg rolling puts new designs on a little boy's Sunday suit. IFit's rayon linen, the suit will come clean with soap or detergent suds.

Ike's Statement Puts Dick On Spot

WASHINGTON (AP) —President Eisenhower's statement he has no responsibility to groom a successor appeared today to have put Vice President Nixon in a political dilemma.

Nixon's expected bid for the 1960 Republican presidential nomination apparently must rise or fall largely on the record of a chief executive who now indicates he doesn't plan to push any particular aspirant as his successor. In case of a dispute over policies, this puts Nixon in the position of being forced to choose between an open break with Eisenhower — which no one expects— or going along on Eisenhower's policies and decisions without promise of the President's backing.

As Eisenhower noted, he and Nixon are warm friends, and Nixon is kept in close touch with government activities. He currently is in Buenos Aires as part of an official good will tour.

As an active participan tin Cabinet and National Security Council deliberations, Nixon can help as an individual to shape the administration's course. There is no doubt he supports many of the decisions and policies enthusiastically, but if the decisions go against his own judgment he seems likely to be stuck with them politically.

As a case in point, Nixon has made it clear to friends he would like to move considerably faster on anti-recession measures than the White House has been willing to go. His recent pitch for a tax cut — obviously made on his own initiative — bounced ineffectively off a stone wall of administration resistance.

Eisenhower's statement at his news conference that so far as he is concerned the Republican party will choose the nominee from among "a lot of good men" gave little comfort to those among Nixon's friends who had hoped the vice president would get some kind of outgoing nod from the President.

Many politicians, however, believe Eisenhower might find his opinions less than compelling on the 1960 convention if he should change his present inclination to keep hands off.

Film Shown To Kiwanis

Members of the Kiwanis Club saw a motion picture titled, "It's Everybody's Business," at their luncheon meeting Wednesday in the Village Restaurant.

The film, which is distributed by the Chamber of Commerce of The United States, emphasizes the origin, development and principles of the American business system.

It shows how the first American business firms were established, and then traces growth through the machine age to the present. It also illustrates the American capital system, the effect of competition on expansion and development and other factors which have contributed to development of the nations economy.

Harold Nolte, distributive education coordinator, brought the film to the club, and a student Mokey Hale, was projectionist. Howard Milburn was in charge of the program.

In a brief business session, the Kiwanis Club voted to sponsor a Scurry county youth at Boys State in Austin this year. The Boys State program is conducted by the American Legion, and several other organizations here join in sponsoring Scurry County boys who attend.

Price Daniel during the ceremony in which he officially designated May 2 as "Texas Ice Day."

Frondizi Begins His Duties Today

By BRIAN BELL

BUENOS AIRES (AP) — Argentina's first democratic government in more than a decade takes over today with the inauguration of President Arturo Frondizi.

The tall, bespectacled lawyer assumes command after 10 years of dictatorial rule by Juan Peron and 2½ years of control by a revolutionary military government.

Stepping down are two heroes of the 1955 revolution. Provisional President (Maj. Gen.) Pedro Aramburu and Vice President (Adm.) Isaac Rojas. They are fulfilling a promise to turn over power to constitutionally elected officials.

Frondizi, leader of the left-of-center Intransigent Radical party, was swept into government house by an electoral landslide Feb. 23. Along with him came a Senate entirely from his party and a healthy majority in the House of Deputies.

The 49-year-old President faces a host of problems, including a runaway cost of living, a dollar deficit, nationalist demands that foreign firms keep away from Argentine oil and other resources in need of development, and the demands of Peronists — who helped elect him — for a return to political respectability.

Frondizi has promised an amnesty on all political and labor charges. He said he would let Congress decide whether Peron and his top command should be absolved of the common crimes with which they are charged.

Father Recovers Body Of His Child

PRESTONSBURG, Ky. (AP) —James Goble, a storekeeper whose three children drowned in the nation's worst school bus accident, personally recovered the body of his third child yesterday.

Goble pulled the body of 12-year-old James Edward from the Big Sandy River near the fatal scene.

He has taken part in the search every day except to bury his children. Twenty-six youngsters and their driver died in the Feb. 28 crash.

One body is still missing.

Satellites Discover A New Type Of Radiation In Space

By FRANK CAREY
AP Science Reporter

WASHINGTON (AP)—Evidence of an unidentified form of radiation which may require special shielding precautions for space travel has been picked up by the Army's Explorer satellites.

So intense is the radiation—believed to come from the sun—that it caused cosmic ray counters aboard the two satellites to die out at times.

This was reported today to a special meeting of the National Academy of Sciences and the American Physical Society, called to hear first reports of preliminary scientific information from the satellites.

In addition to the report on the unidentified radiation, the various scientific accounts featured these announcements:

1. Temperatures within Explorer I have ranged from 32 to 104 degrees Fahrenheit — within the range of human survival—even though temperatures outside may vary from about 120 degrees below zero to about 800 degrees above. The reporting scientists said even less internal variation could be achieved.

2. Only seven hits by micrometeorites—tiny, speeding particles of space dust which might present another hazard to space travel—were recorded by Explorer I during a period of a month—and apparently none of them penetrated the satellite's shell.

3. The atmosphere 230 miles dense than was believed in the presatellite era, according to calculations of a Smithsonian scientist.

Dr. James Van Allen of the University of Iowa reported on the unidentified radiation on the basis of studies by himself and three other University of Iowa physicists.

He said Geiger counters were placed in both Explorers to measure the intensity of cosmic rays. As the satellites soared beyond 1,000 miles, the counts of particle pulses were far greater than had been expected—and the pulses were distinguishable from those of cosmic rays.

He expressed the belief the radiation comes directly or indirectly from the sun, and theorized that it is either: (1) protons—that is, the nuclear hearts of hydrogen atoms — streaming from the sun; or (2) Xrays produced in the structure of the satellite itself by the bombardment of electrons from the sun.

If Xrays are involved, he said, the rates recorded were such that it would not be safe for a human being to remain there for more than five hours, unless he could be adequately shielded against the radiation.

Ex-Governor Fuller Dies In Boston

BOSTON (AP)—Alvan T. Fuller, governor of Massachusetts during the world famous Sacco-Vanzetti case, died of a heart attack last night while attending a downtown theater. He was 80 in February.

Accompanied by his sister Mrs. Fuller Halsey, the former governor was watching the motion picture "South Pacific" when he gasped and slumped forward in his seat.

An inhalator squad from the fire department attempted to revive him but he was pronounced dead at 9:43 p. m. Theater patrons were unaware of the death.

Mrs. Fuller, critically ill, was not immediately notified of his passing.

Fuller attained national prominence while serving his second term as governor when Nicola Vanzetti, regarded by many as radicals, were sentenced to die for a payroll holdup murder committed seven years earlier.

When appeals for clemency poured in from all parts of the world, Fuller investigated the case himself. Satisfied that the men had received a fair trial, he refused to intervene.

Sacco and Vanzetti, originally charged with murder in the shooting on April 15, 1920 of a Slater and Morrill Shoe Co. paymaster and guard, were first brought to trial May 31, 1921. They were convicted July 14 the same year.

Lengthy legal maneuvering followed but on April 9, 1927, the pair was sentenced to death. They died in the electric chair in state's prison Aug. 23, 1927.

Fuller held no public office after the governorship.

Five Demos, One GOP In Texas Race

AUSTIN (AP) — With the filing deadline four days away, one Republican and five Democratic candidates have said they want to be Texas' next governor.

Edwin Mayer, 62, West Texas rancher who lives in Sutton County near Sonora, said yesterday he will seek the GOP nomination. He is the only Republican candidate.

Mayer said: "The time has come for those of us who believe in the two-party system for Texas to come forward and offer the people of Texas relief from one-party monopoly."

Seeking the Democratic nomination are Gov. Daniel, Don Booker, Orange insurance adjuster and former member of the state GOP committee; Joe Irwin, Dallas insurance and real estate man; W. Lee O'Daniel, former governor and U.S. senator who is now a Dallas insurance man; and Alvis Vandygriff, Austin attorney who helped organize the Veterans Land Program.

Mayer said "I hope that many of my friends will join with me in filing for Republican nomination for public office and in offering the kind of conservative, economical government in which I am convinced the majority of the voters of Texas believe."

"I am a life long Republican," Mayer said.

Alice Couple Killed In Car-Truck Crash

AUSTIN (AP)—A car-truck collision 30 miles west of Ozona on U.S. 90 yesterday killed Mr. and Mrs. Charles F. Pitts of Alice.

Highway patrolmen said the auto skidded on wet pavement. The truck driver was not injured. Bodies of the Alice couple, both [illegible] taken to an Ozona funeral home.

Sergeant's Wish Granted

NORFOLK, Va. (AP) — Air Force S.Sgt. Bertram G. Bugg has had his last wish — burial at sea — carried out by the U.S. Navy.

The body of the 33-year-old triple service veteran was committed to the 395 fathom (2,370-feet) deep Atlantic Ocean yesterday about 65 miles off the Virginia Capes.

"It was the most beautiful and moving ceremony I have ever seen," said Bugg's widow, Mrs. Evelyn J. Bugg of Evansville, Ind., who, with her husband's niece, Mrs. Mary Lou Lester, also of Evansville, witnessed the burial from aboard the destroyer escort Parle.

"I will be eternally grateful to the U.S. Navy," Mrs. Bugg said.

The burial service was read by Lt. (j.g.) Ronald Starenko, a Navy chaplain. A six-man firing squad fired three volleys and a bugler blew taps.

Bugg, whose last duty was at Lackland Air Force Base, Tex., died April 17 of pneumonia after major surgery.

A former Navy man and a Marine, Bugg switched to the Air Force in 1954.
