VOL. I—No. 79 SNYDER, TEXAS, THURSDAY, AUGUST 10, 1950 5c COPY

No Need For Control Agency Truman States

WASHINGTON, Aug. 10. (AP) — President Truman said today he does not contemplate a revival of the World War II OPA.

Mr. Truman told his news conference that old-line federal agencies will handle any economic and other emergency controls which may be necessary as a result of the Korean crisis.

"May we take to mean there will be no revival of OPA," a reporter asked.

"You may take it to mean that if you like," the President answered.

He said, too, that all-out mobilization is not yet in sight.

The President said he expects to leave to the Senate and House the exact terms of an economic controls bill now nearing a decision on Capitol Hill.

WANTS NO DELAY

Mr. Truman made clear that he would like discretionary power to fix prices and wages but that he still feels his original modified recommendations should not be delayed by debate over stronger executive weapons.

The House was on the point of passing a bill giving him discretionary authority much along the lines he asked—but with some additions.

Still to be decided was how much authority Mr. Truman should have to restrict credit and control commodity market speculation.

REJECTS OPA

In rejecting the idea of a New Office of Price Administration, Mr. Truman said he had spent most of his years in the White House trying to improve the departmental and administrative structure so it could do whatever job is necessary.

There is no reason, the President said, why existing agencies, improved by reorganization plans, can't operate successfully in any crisis.

The House was driving toward a vote today on the controls bill.

Free Oil Is Developed In Nolan Wildcat

Cities Service Oil Co. No. 1 Cooper, wildcat in Northwest Nolan County, has developed free oil and some salt water on a drillstem test in the lower Pennsylvanian.

On the test at 6,738-66 feet the tool was opened three hours. Gas surfaced in two minutes. At the start of the blow gas volume was estimated at 500,000 cubic feet per day, but by the end of the test it had diminished to 25,000 cubic feet per day.

Recovery when the tool was pulled was 540 feet of clean 45.1 gravity oil, 360 feet of heavily oil-and-gas-cut mud, and 2,460 feet of salt water.

Operator drilled to 6,780 feet. Samples of this new section indicated possibly that the salt water was from un upper formation.

Another drillstem test is now being taken, over the entire section.

The No. 1 Cooper is 660 feet from north and west lines of section 41, block 23, T&P survey, two miles northwest of Roscoe.

HOWARD COMPLETION

Shell Oil Co.'s No. 1 O'Daniel located in Northeast Howard County, has been completed as a Pennsylvanian discovery.

The new well was completed for a calculated 24-hour potential of 404 barrels of 46 gravity oil, flowing naturally through a 3-8-inch bottom hole choke. The potential test developed no water and .3 per cent basic sediment.

Gas-oil ratio was reported to be 1,841-1.

The calculated potential was based on an actual flow of 303 barrels of oil in 18 hours from perforated section at 7,995-8,005 feet in a Pennsylvanian lime. This zone is thought to be the Canyon by some geologists but this has not definitely been verified.

Total depth of the well is 8,780 feet. The drillstem test developed water at 8,729-8,780 feet. Perforated casing was then set at 8,160 feet. Cement was drilled to 8,095 feet.

The No. 1 O'Daniel is 1,997 feet from west and 656 feet from south lines of section 2, block 30, T-1-N, east of Coahoma.

east of Cohoma.

IN TERRY COUNTY

The Ohio Oil Co. has staked a 11,100-foot wildcat in Capt.-East Terry County, six miles south and slightly west of the Mound Lake Pennsylvanian pool.

The proposed venture is Ohio's No. 1-A A. R. Brownfield, located 660 feet from west and 1,980 feet from south lines of section 10, block T, D&W survey.

Drillsite is approximately seven miles east south east of Brownfield, and 12 miles north of the Corrigan-

Gainesville Man To Open Funeral Home

L. C. Dennis of Gainesville, Tex., has bought the Willard Jones residence at 2808 Avenue T and expects to open his new funeral home there soon.

The house is being remodeled and redecorated and will probably be ready for a Sept. 1 opening, Dennis said yesterday.

Dennis was in the funeral home business 20 years. He is also an owner of theatres in Gainesville. Both he and his wife are licensed embalmers and funeral directors.

He will offer emergency service day and night and will have all new equipment, including two new ambulances. Later he expects to build more garage space and a large chapel.

Mr. and Mrs. Dennis will live temporarily at the funeral home, with their adopted son, Don Dennis, 8 years old. They have a daughter, Regenia Dennis, who is a student at Hardin-Simmons University, Abilene.

Dennis said that they would join the First Baptkst Church here. In Gainesville he is vice-president of the school board, a member of the Kiwanis Club and active in Chamber of Commerce work.

Tax Hike Gets Quick Action By Committee

WASHINGTON, Aug. 10. (AP)—The Senate Finance Committee today unanimously approved Uresident Truman's proposal for a $1,500,000,000 a year increase in corporation taxes—boosting the top corporate income rate from 38 per cent to 45 per cent.

The committee acted shortly after President Truman told a news conference that an excess profits tax will be enacted eventually.

The committee ruled that the higher rates shall apply as of July 1, 1950. It refused to accept Mr. Truman's proposal that the increases apply to all of 1950 corporate income.

The corporate increase is part of Mr. Truman's overall $5 billion tax increase proposal, to help finance the Korean war and America's armanent against Communist aggression.

The committee probably will vote tomorrow on the President's proposal for a $3 billion increase in levees on individual incomes—raising the rates by 20 per cent in some income categories.

The corporate rate approved today would be 25 per cent on the first $25,000 of corporation income, and 45 per cent on income above $25,000.

President Truman said that he would of course approve an excess profits tax if it is added to his $5 billion interim tax proposal.

Mr. Truman said, however, such a tax was very controversial and should not be permitted to delay action on the original White House proposal.

American Tanks in Action in Chinju Area

American tanks, somewhere in the southern battlefront in Korea, fire on North Korean positions in the hills (background). This battle action picture was made by Associated Press Staff photographer Max Desfor.

Westerners In UN Draft Plan To End Malik Block to Action

LAKE SUCCESS, Aug. 10. (AP)—The nine non-Communist members of the United Nations Security Council met privately again today to consider further their plans to end the procedural blockade of their Russian president, Jakob A. Malik.

They were scheduled to meet privately with Malik this afternoon to make a direct appeal to him.

Diplomatic quarters said the new meeting was called to finalize measures discussed yesterday to break the council stalemate.

If they fail, the regularly scheduled council meeting this afternoon is likely to se toff a flood of anti-Communist oratory for the rest of August to match Malik's propaganda blasts.

Many council sources agreed there was little chance of winning concessions from Malik. In that event, the western delegates planned to match the Russian, speech for speech.

TWO ABSENT

All delegations except Russia and Yugoslavia — the former wasn't invited, the latter refused to attend —conferred in New York yesterday on the deadlock problem. Sir Gladwyn Jebb of Britain, who will be council president next month, was chairman.

After the closed session, they revealed that Arne Sunde of Norway, council president in July, had telephoned Malik asking him to meet the other delegates for a discussion on procedure in advance of the regular meeting.

The delegates gave little attention to such drastic action as changing the rules and throwing Malik out of the presidential chair.

If the closed meeting fails to move Malik, there may be other consultations on a new procedural step — but the speech-making is certain, the U. S. source said.

LONG EXCHANGE

Some delegates were resigned to a continuous verbal exchange until Sept. 1, when the British delegate takes over the council presidency.

"We have lots more to say," the U. S. source asserted. "If Malik is going to keep on making propaganda speeches, he is going to have to listen to a lot of American speeches, too."

Other delegates, who have chafed under Malik's tactic of giving himself the floor as Soviet Delegate whenever he wants to attack UN aid for South Korea, are ready to swell the chorus.

Spray Crew To East Highway

"Everybody seems glad to see us," said L. T. Barnard, sanitarian for the city-county health unit who is directing the city-wide campaign to eliminate flies and mosquitoes.

Dogs continue to take a resentful attitude toward the clean-up drive, he said, but the crews have not met one man or woman who was not co-operative.

Crews today moved to the east side of Twenty-fifth, and planned to proceed out the Sweetwater highway. Yesterday they began at the square and moved out the Lubbock highway as far as the new school building in the north end.

Men equipped with spray guns and tanks of kerosene sprayed all standing water and unsanitary conditions on both sides of the Lubbock highway.

"Mosquitoes seem to be worse," Barnard said, "where there is new construction not tied into the city sewer system. We found a great deal of contamination in the north end yesterday, but so far today it has not been nearly so bad on Twenty-fifth Street.

"We expect, however, when we move out onto the Sweetwater highway in the area of new construction that we will find conditions comparable with those found yesterday."

The drive is being made by the health unit in accordance with orders issued Monday night by representatives of the city and county, as a means to combat disease in Snyder, particularly polio.

The city's DDT duster now has been all over town except for a few places in low parts of northeast section, and it will start on the second time over the city today. It uses about 300 pounds of DDT a day and there is enough to last another day.

State School Fund $2 Installment Made

AUSTIN, Aug. 10. (AP) — Final $2 installment on this year's $50-per-student payment to public schools from the state available school fund was released yesterday.

A supplemental $2 payment authorized by the state board of education last month will be mailed later this month, state commissioner of education J. W. Edgar said.

Tyler May Be Made An Army Induction Center

TYLER, Aug. 10. (AP) — The Army is considering the possible location of a central induction center here.

Capt. D. L. Moore of Dallas checked facilities here yesterday. At present men being inducted into the armed forces from East Texas go either to Dallas or Shreveport, La.

Police to Fight Scene

The police were called to a tourist court early this morning to stop a fight. When patrolmen arrived on the scene, they found one man with a badly swollen eye, and blood over the front of his shirt. The participants were brought to headquarters for investigation. Both men, about 30 years of age, were to appear today in city court before Judge A. M. McPherson.

Connie Mack's Sons, Life Insurance Co. Buy Philadelphia A's

PHILADELPHIA, Aug. 10. (AP) — Connie Mack's two older sons, Roy and Earle, announced today they will buy controlling interest in the Philadelphia Athletics with the financial backing of the Connecticut Life Insurance Company.

Roy and Earle had disclosed ten days ago they hold options on stock owned by their step-brother, Connie Mack, Jr., and the heirs of Benjamin F. and Thomas Shibe who were partners with Connie Mack in establishing the club 50 years ago.

Extent of the life insurance firm's participation was not revealed.

Clerk To Face Five Grand Jury Counts

ATHENS, Aug. 10. (AP) — District Clerk Joe T. Miller has been indicted by the grand jury on five counts charging misapplication of funds.

The indictment was returned Tuesday. Miller posted $500 bond for each of the five counts.

Dist. Atty. John Dowdy said the indictment covered the period from Nov. 26, 1949, to March 27, 1950, and involved a total of $300 in cash and checks.

UN Forces Pushed Back In North; Trap Sprung On Reds Near Chinju

New Member of Staff At The Snyder Clinic

Dr. Durard Miller, 30-year-old physician who came to Snyder from Long Beach, Calif., has joined the staff of Snyder Hospital Clinic as general surgeon.

Dr. Miller was born in Monroeville, Ohio, attended Oberlin College and received his medical degree from Western Reserve University, Cleveland, Ohio. After an internship at Cleveland City Hospital, he spent two years as medical officer aboard an aircraft carrier in the Asiatic Pacific area.

He spent two years at Lakewood City Hospital, Lakewood, Ohio, and for the past two years has been chief surgical resident at Seaside Memorial Hospital, Long Beach, Calif.

Dr. Miller and his wife are living at 602 Twenty-ninth Street.

Endorsement Of MacArthur By President

WASHINGTON, Aug. 10. — President Truman said today he is satisfied with what Gen. Douglas MacArthur is doing as American and United Nations commander in the Far East.

He also told a news conference he had not met anybody of the sort described by MacArthur in a statement last night in which MacArthur said appeasers in Washington were criticizing his recent trip to Formosa.

NO COMMENT

Mr. Truman steered clear of comment on MacArthur's trip and the controversy which has grown around it.

Asked for information on the report which he received yesterday from W. Averell Harriman, his foreign affairs co-ordinator, who is just back from Tokyo, Mr. Truman replied:

Harriman had expressed all that could be said on the subject at his meeting with reporters yesterday afternoon. What Harriman told newsmen then, the President added, is substantially what he had earlier reported to the President.

Later the chief executive was asked what he thought about MacArthur's charge that critics of the latter's meeting with Generalissimo Chiang Kai-shek in Formosa early last week were persons who have always favored appeasement in Asia.

NO MEETING

Mr. Truman said he had not met anybody of that sort yet. He went on to comment that MacArthur and he were in perfect agreement. He recalled that he appointed MacArthur to the posts which he now holds, most recently naming him United Nations commander for the Korean fighting. He said he is satisfied with what Gen. MacArthur is doing.

Another question involving Formosa was: Under its policy of neutralizing that island would the United States be prepared to use its Air Force and ground troops against a Communist attacker. Mr. Truman said he could not answer that.

Diplomatic authorities expressed hope that international confusion over American policy toward Formosa had been cleared up as a result of Harriman's rush trip to Tokyo.

The matter is considered highly important because it involves American relations with Britain, India and other nations which recognize Communist China. Also involved is the prestige of the United States among the independence-minded people of Asia generally.

Largest Bomb Raid Blasts Red Refinery

TOKYO, Aug. 10. (AP)—Seventy B-29 bombers from Japan and Okinawa bases pounded North Korea's day with the war's most powerful air strike.

Waves of B-29s bombed visually in their mass raids on the Wonsan railroad center and switching yard, the railroad repair shops and the big Chosen (Korean) oil refinery.

The most spectacular damage was at Chosen. A tail gunner on the last B-29 in the second wave that hit Wonsan, Staff Sgt. Richard F. York of Whiting, Ind., said the smoke column "pushed up even above our altitude which was more than 15,000 feet."

BLACK SMOKE

The third wave had trouble locating their aiming points because of the greasy black pall of smoke over the target.

More than 400 tons of bombs were dropped on three separate Wonsan targets and more than 200 strategic targets in the Communist transportation network north of Parallel 38.

Early reports on the record total of 625 tons point to "extensive damage done to the Communist war potential," the Far East Air Forces command announced.

The center of the huge Wonson railway switching center was filled with loaded trains when the B-29s struck. FEAF said their aim was accurate.

HUGE PRODUCTION

The Chosen oil refinery had an annual production capacity of well over 1,500,000 barrels of crude oil storage capacity was estimatdse Its storage capacity was estimated at 20,000 barrels. Bombs hit the heart of the refinery.

The North Korean's already badly crippled transportation system was largely dependent on the Wonsan locomotive und car repair shops to patch up its rolling stock.

The B-29s returned to the refinery target because previous strikers had failed to knock it out. The installation is 80 miles north of 38.

The previous high B-29 bomb drop on North Koreas targets was 500 tons in one day.

Circus Men At Rotary Lunch

Visiting the Rotary Club at their luncheon today were W. C. Evans, of Shreveport, La., and Ralph (Bozo) Harrell, of Indianapolis, representing the Barker Brothers Circus, which will open tomorrow night at the Scurry County Rodeo Grounds.

Evans, business manager of the circus, announced the show as one entirely clean with 12 per cent of all gross income, including income from concession stands, going to benefit the Youth Center.

Bozo Harrell, with Chick Dale, heads the group of white-faced clowns. Other features of the show, which will last two and a half hours, are acts of three baby elephants, 12 Morocco liberty horses, a dog act, and trapeze performance.

All members of the Rotary Club will sell tickets at $1.20 for two children or one adult. An outgrowth of the Ward Brothers Shrine Circus, the new circus will begin its Snyder showing at 8:15 o'clock tomorrow night.

Fighter Base Target For New Attack

Korean Reds Retreat To Chinju Leaving Equipment Behind

TOKYO, Aug. 10. (AP)—U.S. forces surged ahead 13 miles today and snapped shut an armored trap around 1,000 North Koreans on the Chinju front in deep South Korea.

But to the north erupting Red attacks made a new threat against Taegu and imperilled a main American fighter plane base on the Korean east coast near Pohang Port.

The southern gains were the biggest of the war for the Americans. Two advancing combat teams in force were almost on the outskirts of Chinju, main Red base in the South.

The enemy also loosed new attacks along the northern front, putting renewed pressure on the important supply city of Taegu, 55 miles northwest of Pusan.

They were advancing against resisting South Koreans on a front about 30 miles north of Teagu. The enemy still held a Naktong River bridgehead 29 miles southwest of Taegu against fierce American attacks. Another bridgehead 12 miles northwest of Taegu was reported wiped out.

U. S. Eighth Army leaders took hasty steps to protect the fighter plane base. It is eight miles southeast of Pohang on the sea of Japan 55 miles north of Pusan.

Two Red forces rolled back crumbling South Korean troops there. AP Correspondent Hal Boyle at Pohang said the Reds were protected from American naval guns by lofty mountains in some of Korea's most rugged country.

The Pohang-bound Communists hammered down from Yongdok, which they retook Thursday, and drove on four miles to the south.

The main threat to the fighter base came from another Red force rolling toward it from the mountain village of Kigye, eight miles northwest of Pohang. A North Korean patrol of 30 men commanded the Yongchon-Pohang supply road with machineguns.

Four U. S. Mustang fighters were shot down by ground fire after taking off to machinegun the invaders. One pilot was lost and three were rescued, Boyle reported.

Twenty-nine miles southwest of Taegu, the main U. S. base on the central front, a battalion of Reds held off elements of the U. S. 24th and Second divisions on the banks of the Naktong River.

The U. S. 8th Army Headquarters in a communique at 9:45 p.m. (5:45 a.m. CST) Thursday said United Nations troops battled aggressively on all fronts to expand gains in the south.

Elements of the 24th Division tried to dislodge river - crossing Communists dug in southwest of Taegu but were unsuccessful.

The First U. S. Cavalry Division annihilated another enemy force northwest of Taegu about 7 p.m. (3 a.m. CST) Thursday, killing 300 Reds and capturing 20, the communique said.

Farther north on the 140-mile front, South Koreans captured three Russian-made tanks in close fighting. Planes knocked out six more.

The allied gains on the south coast were the biggest of the United Nations offensive which jumped off Monday westward from near Masan, south coast port.

Mongrel Takes Job Of Seeing Eye Dog For Sightless Horse

SPENCER, Okla., Aug. 10. (AP) — Gal, a little four-year-old dog, has lent her eyes to Dollie, a sightless horse.

The pooch of dubious parentage has become a fretting mother over the bay mare—blind since a colt.

They make an odd looking pair bounding about the Green Pastures community farm of J. M. Collins east of here in Central Oklahoma.

But there's nothing odd about it to Gal. There's no one else to see to it that the seven-year-old Dollie gets to her barn every night and is not annoyed.

VISITS FARM

Collins, who lives in Oklahoma City but visits his corn and sweet potato farm every day, tells this story of the strange companionship.

Gal is never far from Dollie, and the horse has come to depend on the dog as a pair of eyes.

She becomes almost panicky when she senses that the dog is too far away.

When Collins arrives on his farm, he only has to call for Gal and Dollie tags along. Or he can call for Dollie, and Gal will also come.

WELL-LIKED

An oil field has been opened in the area, and workers have become attached to the pair. They bring Gal tidbits, and the bright-eyed mongrel now waits for them each morning.

But as soon as she gobbles down the food, she goes off to Dollie.

"After I trained Dollie as a plow horse, the people I bought her from wanted to buy her back," Collins smiled. "She's a wonderful horse."

One of the few times Gal relaxes her watch on Dollie is when Collins is using her for plowing.

Like a smart dog, Gal curls up under a tree and goes to sleep.

Collins bought Dollie for $20 five years ago. He patiently trained the blind mare as a plow horse. A kind word, a gentle tug of the reins, and Dollie plows as straight a furrow as any horse with full vision.

Tenants living on Collins' farm took care of the horse and the dog until last December.

When they moved, Collins wasn't sure what to do with Dollie.

But he didn't worry long.

GAL STEPS IN

Gal, who previously had ignored the horse, stepped in.

Maybe it was instinct, or just the need for companionship, but the little white mongrel with a patch of black over one eye took charge.

She saw to it that Dollie got to her barn every night, and that no stray dogs bothered her.

Smaller Scurry Cotton Yield, But Better Quality, Predicted

The estimated cotton yield in Scurry County is expected to be slightly under that of 1949, when a total of 54,129 bales were ginned, O. M. Fowler, county agent, said this morning. He also predicted that this year's crop will be of better quality than last year's.

Approximately 85,000 acres in the county are planted in cotton and a yield of about one-third of a bale to an acre is seen at this time.

WORMS DAMAGE

"The boll worm has done some damage to the cotton," he said. Fowler pointed out that the pest last year spread out over the entire county, while this year it has been confined to localized areas.

"The farmers of the county hit the boll worm with insecticides this year before it had made any great headway, and most of the crop is expectde to be somewhat better than in 1949," he said.

Cotton is maturing later this year than at this time a year ago, when the first bale was ginned in the latter part of August. This year pulling is not expected to get underway until sometime in September, the county agent predicted.

DRY IN SECTIONS

Northeast and southern sections of the county are badly in need of rain. Precipitation has been spotty over the county this summer, according to reports from farmers.

Cotton pulling is expected to be a problem again this year, aggravated by the Korean war and the draft calls.

Other crops, including the orchards, are in fairly good shape.

Many pastures are in need of moisture, but no pasture shortage has been noted to date.

Defense Department Studies New Military Training Plan

WASHINGTON, Aug. 10. (AP) — A Defense department spokesman told senators today that a new proposal for universal military training of youths should reach Congress soon.

Rear Adm. H. A. Houser, who represents the Defense Department on legislation, gave that information to the Senate Armed Services Committee.

UNDER STUDY

Chairman Tydings (D-Md) had told his committee that he understood a vast training program, probably applying to all youths 18 and 19 years old, now was under study.

Tydings asked a group of uniformed Army, Navy and Air Force officers, present for the committee session, if this were true.

Adm. Houser said a new UMT plan is "receiving intensive study of the Department of Defense" and should reach Congress soon. He gave no details.

MORE NEEDED

Tydings remarked that additional methods, beyond the present draft act and calls to duty for some National Guard and reserve groups, probably must be found to provide the manpower needed by the Army, Air Force, Navy and Marines.

The UMT disclosure came as the Senate group voted to suspend provisions of the draft act that directed the Army, Navy and Air Force to allow 18-year-olds to volunteer for one year of service and thus avoid being drafted at age 19 for 21 months of service.

Under present law 18 year olds cannot be sent overseas.

The Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Friday. A few scattered afternoon and evening thundershowers. Not much change in temperature.

EAST TEXAS: Partly cloudy this afternoon, tonight and Friday. Not much change in temperature. Moderate southeast and south winds on the coast.

Doby Equals Previous Record In Two Weeks After Beaning

By JOE REICHLER
(Associated Press Staff)

American League pitchers are feeling the after-effects of Larry Doby's near-tragic skulling of some two weeks ago.

Since Brooklyn's Joe Hatten knocked Doby unconscious with a pitched ball in a July 24 exhibition game at Ebbets Field, no pitcher has been safe from Larry's bludgeoning bat.

In the 11 games the Cleveland Negro outfielder has played since the accident, he has pounded out nine home runs, driven in 20 runs and batted .462. His nine homers matched his entire output for his first 86 games.

Doby tried his utmost to give Cleveland a sweep of its doubleheader with St. Louis last night. He slammed two home runs and three doubles to drive in five runs. The best the Tribe could do, however, was to split the two games.

Cleveland won the opener, 4-3, with Doby's two homers accounting for all the runs. The Browns blew a four-run lead but bounced back to win the second game, 10-8, on Ken Wood's eighth inning homer with one on. Doby belted three doubles, drove in a run and scored twice.

LOSE GROUND

The split caused the third place Indians to lose a half game to both the pace-setting Detroit Tigers and runnerup Yankees.

The Tigers downed the Chicago White Sox, 5-3, to maintain their three-game advantage over the Yankees, who shaded the Boston Red Sox, 2-1 behind Vic Raschi's three-hit pitching.

The Philadelphia Phillies continued their dominance in the National League, defeating the Brooklyn Dodgers for the second straight day, 5-4. The victory protected their five-game bulge over the Boston Braves who nipped the New York Giants, 3-2.

The St. Louis Cardinals, who moved into third place, were idled by rain. They were slated to face the Pirates under the lights in Pittsburgh. The scheduled game between Cincinnati and Chicago also was postponed by rain.

In the only other American League game, the Philadelphia Athletics nosed out Washington's Senators, 7-6, on an 11th inning single by Joe Tipton.

RASCHI HOT

Raschi, veteran Yankee right-hander, pitched perfect ball for six and two-thirds innings before Billy Goodman singled. Then an eighth inning homer by Al Zarilla ruined Raschi's shutout bid.

A couple of bunts by Billy Martin and Phil Rizzuto, sandwiched around an error and a fly, produced the winning run for the Yanks in the fifth.

Vic Wertz' 24th home run with George Kell on base in the eighth proved to be the decisive blow in Detroit's victory over Chicago. Fred Hutchinson went all the way for his 13th triumph.

The Phils broke a 4-4 tie in the eighth when Brooklyn's Erv Palica walked Willie Jones. Gran Hamner followed with a double and Mike Goliat scored Jones with a fly to deep left.

Russ Meyer was the winner but he needed help from Jim Konstanty in the eighth. The ace fireman, making his 50th relief appearance, set back the Brooks in the final two inning. The loss dumped the Dodgers into fourth place, 6½ games behind.

Veteran Bob Chipman ended the Giant's eight-game winning streak with a four hitter. Bob Elliott accounted for all Boston's tallies. He doubled and scored the first run in the fourth. He hit another two-bagger in the sixth to bring in Earl Torgeson, then scored the winning run on two fly-outs.

Sam Chapman scored the winning run for the A's. He slammed a triple with one out in the bottom half of the 11th and came home on Tipton's single.

Midland at Roswell
Vernon at Big Spring

WEST TEXAS-NEW MEXICO
Albuquerque at Borger
Lubbock at Lamesa
Clovis at Amarillo

RIO GRANDE LEAGUE
McAllen at Brownsville
Laredo at Del Rio
Harlingen at Corpus Christi

TEXAS LEAGUE
Tulsa at Houston
Oklahoma City at San Antonio
Dallas at Beaumont
Fort Worth at Shreveport

Probable pitchers for Thursday major league games.

AMERICAN LEAGUE
Philadelphia at New York—Hooper (10-7) or Kellner (6-13) vs Lopat (13-6).
Detroit at Chicago (2)—Newhouser (10-8) and Houtteman (13-9) or Stuart (1-0) vs Holcomb (2-7) and Gumpert (5-5).
Cleveland at St. Louis (night)—Lemon (17-5) vs Overmire (4-9).
Boston at Washington (2) (Twi-Night)—Nixon (3-1) and Masterson (4-4) vs Kuzava (6-7) and Consuegra (4-3).

NATIONAL LEAGUE
Brooklyn at Boston (night)—Roe (14-7) vs Sain (16-7).
New York at Philadelphia (night)—Jansen (13-7) vs Church (5-2).
Chicago at Pittsburgh (night)—Rush (9-14) or Schmitz (9-10) vs Werle (6-9).
(Only games scheduled)

Tulsa Setback Occurs During Southern Trip

(By The Associated Press)

Tulsa's chance for a spot in the Texas League Shaughnessy playoff may be determined on this southern road trip.

The last time the Oilers headed south they ran up a nine game losing streak and tumbled from a secure second into a not so secure bet to finish among the first four.

Currently the Oilers are repeating the history of that last jaunt south. Now a shaky fourth, they dropped their third in a row by bowing to San Antonio, 10-9, last night.

In other games, Shreveport snapped Dallas' seven game winning streak, 3-2; Beaumont beat Fort Worth, 5-2, and Oklahoma City blanked Houston, 4-0.

PILOT OUT

Oklahoma City is now under the field direction of Pitcher Tom Reis. Manager Joe Vosmik left yesterday for Cleveland, O., for treatment of a stomach illness that recently caused him to take time for treatment. He isn't expected to return for the finish of the season.

Tulsa grabbed a five run first inning lead, but blew it and a one run advantage gained in the top of the ninth. San Antonio tallied twice in the final frame. Tulsa used six pitchers and five saw service in a four-run seventh inning uprising by San Antonio.

Leroy Wheat stopped Houston on four hits, while Gerald Fahr spaced eight to Dallas.

Beaumont picked up a game on pace setting Fort Worth as the Roughnecks scored all their runs in the first two innings, then coasted behind the seven hit pitching of Art Delduca.

Tonight Dallas is at Beaumont; Fort Worth at Shreveport; Oklahoma City at San Antonio and Tulsa at Houston.

Fort Worth	100 000 001—2 7 0
Beaumont	230 000 00x—5 13 0
Moore, McCahan (2), Beringer (7) and Bragan; Delduca and Courtney.	
Dallas	000 002 000—2 8 2
Shreveport	020 000 01x—3 6 1
Valenzuela, Buhl (8) and Wagner, Aylward (6); Fahr and Bosiack.	
Oklahoma City	020 001 010—4 7 1
Houston	000 000 000—0 5 1
Wheat and Burgher; Mazar, Ciola (9) and Rapp.	
Tulsa	510 010 011—9 10 4
San Antonio	300 000 412—10 7 3
Lively, Boresh (7), Cress (7), Polityka (7), Minarcin (7), Christophel (9) and Williams; Taylor, Biscan (2) Gibson (9) and Maich.	

Pampa Holds League Lead; Abilene Wins

(By The Associated Press)

Abilene stopped its skid toward the cellar in the West Texas-New Mexico League last night, a 5-4 decision over Lubbock braking a four game losing streak.

Biggest score of the night was rolled up by Borger, a 24-7 affair against hapless Clovis. Twenty-four hits helped do it.

Amarillo split with Albuquerque, losing the first game, 6-2, but winning the second, 6-4.

League leading Pampa rolled up a 12-9 victory over Lamesa.

Hambletonian Stakes Goes To Lusty Song

GOSHEN, N. Y., Aug. 10. (AP)—Del Miller, a "veteran youth" of the grand circuit, found the $75,209 Hambletonian Stakes on his plate, so he just gobbled it up.

The 37-year-old driver whipped Lusty Song home to win the silver anniversary Hambletonian yesterday in two straight heats.

Lusty Song had been beaten twice this year by Star's Pride.

So the crowd of 16,942 established Star's Pride and his stablemate, Florican, the 7-5 favorites in the opening mile heat of the Hambletonian.

Lusty Song was the second choice at 8 to 5.

Both heats were clipped off in a snappy 2:02. In the second, Lusty Song paid $4.10, $2.20 and $2.90 in the first heat Lusty Song paid $5.40, $3.20 and $3.10.

Golf Greats Smile at Deadlock

Bobby Locke, left, British Open Champion, and Lloyd Mangrum are in good humor after they tied for the All-American golf final at Tam O'Shanter, Chicago. The deadlock was broken yesterday when Locke took a four-stroke decision over the defending champion.

Eagles Tune Up For College All Stars

CHICAGO, Aug. 10. (AP) — The National Football League champion Philadelphia Eagles came into Chicago today ready and fit for their Soldier Field scrap tomorrow night with the College All Sars.

Coach Greasy Neale and his squad of 46 huskies will stage a final dress rehearsal under the Soldier Field lights tonight for the game against what is touted as one of the best collegian squads ever assembled.

Philadelphia shellacked the Collegians last year 38-0, in the 16th annual all star classic. Today they were quoted as favorites by only 14 1-2 points.

Meanwhile, in their camp at St. John's Military Academy, Delafield, Wis., Head Coach Dr. Eddie Anderson planned to send his 50 collegians through a final brief drill today.

Doak Walker, Southern Methodist University, halfback, and Clayton Tonnemaker, center from Minnesota, are the co-captains of the All Stars.

"That Bob McChesney from Hardin Simmons is a fine receiver," Anderson said, in looking over his roster. Hardin Simmons is the Texas college that produced Bulldog Turner, of Chicago Bear fame.

The oldest surviving self-propelled vehicle in America is a steam carriage built by Richard Dudgeon in New York about 1868.

Mangrum Loses To Locke By Four Strokes

CHICAGO, Aug. 10. (AP) — Tam O'Shanter's bewildering golf circus today launches its grand finale, the four-decker $53,000 "world" championship of golf.

The world affair, a 72-hole medal chase for 32 top professionals, 16 men amateurs, eight women pros and eight women amateurs, uncovers a real pot of gold at the end of a gaudy 10-day rainbow of golf.

Favored in pro golf's richest tourney, carrying an $11,000 winner's purse, was Bobby Locke, the British visitor, who yesterday spanked Lloyd Mangrum for top money of $2,500 in the All-American pro meet.

Locke's methodical 4-stroke decision over defending champion Mangrum in an 18-hole playoff ended the preliminary phase of the Tam sweepstake which started a week ago today.

The amateur also went into a playoff. Frank Stranahan, of Toledo, Ohio, and Wilford Wehrle, whose amateur status has been questioned by the U.S.G.A., tied in the amateur meet at 291.

Stranahan then won an 18-hole playoff on the last green, Wehrle technically disqualified himself by picking up when he was five strokes behind.

The "world" pro field includes virtually all of the P.G.A.'s top 20 money-winners, except Ben Hogan.

The hand-picked women's pro field of eight, includes defending champion Babe Zaharias, freshly-crowned as the All-American women's open titlist with a record-breaking 296. The other women pro contenders are Patty Berg, Louise Suggs, Betty Jameson, Merilyn Smith, the Bauer Sisters, Marlene and Alice, and Helen Dettweiler.

Beverly Hanson of Pasadena heads the list of eight women amateurs. Miss Hanson was the top amateur in the All-American Open with a fourth spot 315. Dot Kielty of Long Beach, Calif., Betty MacKinnon of Mt. Pleasant, Tex., Peggy Kirk of Findlay, Ohio, Pat O'Sullivan, Orange, N. J.; Mae Murray, Rutland, Vt.; Edean Anderson, Helena, Mont., and Mrs. Lyle Bowman, Portland, Ore., round out the field.

Stranahan and Wehrle top the 16-player simon-pure field.

Buddy Clark's Wives Settled An Estate

LOS ANGELES, Aug. 10. (AP) — The two wives of late singer Buddy Clark have agreed to tighten up their belts and get along as well as possible on his dwindling $26,000 estate.

The widow, Mrs. Nedra Clark, 31, accepted $450 a month for herself and daughter, Penny, 7. Former wife, Mrs. Robert Hughes, and her two children, were granted $300 monthly in a court session yesterday.

An attorney said the estate still is receiving royalties from Clark's records, but that back income taxes may further shrink the holdings. Clark, 37, was killed in a plane crash here last Oct. 1.

Florida Youth Leads Parade In East-West Football Conflict

MEMPHIS, Tenn., Aug. 10. (AP)—The University of Florida may have a claim for a future Southeastern Conference football title in schoolboy Dick Casares, the star of last night's All-American high school football game here.

The 18-year-old 195-pounder from Tampa, Fla., led the Eastern team to a 27-0 victory over the West.

Casares scored one touchdown, kicked two extra points and was named the outstanding back in the game.

Will Walls, head football coach at Corpus Christi University, directed the West squad. Red Drew of Alabama coached the East.

The game—second in the series was sponsored by the Wigwam Wisemen of America, a benevolent sports organization.

Roswell Wins One, But Can't Catch Odessa

(By The Associated Press)

Roswell is making an impressive showing in the Class D Longhorn League, but it isn't getting the Rockets anywhere. While they win games in high, wide and free scoring fashion, pace-setting Odessa rolls right along—seven and one half games in front.

Last night Roswell blasted Midland, 18-5, using 21 hits—12 that went for extra bases. Hank Jacob, Tom Jordan and Bill Crumley homered, Jordan hitting his 32nd of the season.

Odessa pushed a run across in the eighth inning and it was good for a 7-6 victory over San Angelo.

Ballinger beat Sweetwater, 13-6, and Vernon used two run homers by Arnold Davis and Jim King for a 7-4 win over Big Spring.

COMING NEXT WEEK!

THE GREAT NEW Mid-Century U.S. ROYAL GRIP-MASTER

NEXT WEEK WHEN YOU'RE IN TOWN DON'T FAIL TO STOP HERE!
We've got something you can't afford to miss!
See the tractor tire with pulling power never known before.
See the tractor tire with lugs that won't bend back.
See the tractor tire that completely cleans itself.
See the tractor tire that rides the roads without a bounce.

SEE FOR YOURSELF!
The Result of the Greatest All-Soil Test in History!
Expert technicians spent many months thoroughly testing dozens of experimental tire designs. They used the unique U. S. Rubber testing "mule" to measure electrically each tire's grip, bite, penetration and hold. They experimented on every basic type of soil. And next week you'll be able to see the final result—the new U. S. Royal Grip-Master with All-Soil Traction never possible before.

Free Oil Is

(Continued from Page 1)

Fusselman field.

Proposed depth should possibly test in to the Mississippian zone in that area. Operations are to begin in the near future.

The No. 1 Brownfield is to be 1,000 feet east of a 1,070-foot dry hole drilled by J. A. Estes.

LOGS SOME SHOW

W. C. McBride, Inc., No. 1 E. M. Conrad, Southwest Scurry County wildcat, 17 miles southwest of Snyder, and three miles south of the southwest side of the Sharon Ridge-Canyon field, logged some signs of oil in samples and put a scum of oil in the pits in drilling the section at 4,527-40 feet in a lower Permian lime.

Operator was running a drillstem test at 4,525-40 feet.

A drilling break was encountered at 4,527 feet. The section drilled soft to 4,540 feet. The formation is some zone of the lower Permian.

Location is 660 feet from south and west lines of section 73, block 24, H&TC survey. The venture was originally started to dig to around 8,000 feet to explore through the Pennsylvanian lime.

It is on a 40-acre farmout to McBride from Amerada Oil Corp.

Deep Rock Oil Corp. and Phillips Petroleum Co. are supporting the exploration.

SCHLEICHER COUNTY

A possible producing well has been indicated at Plymouth Oil Co. No. 1 Tomerson, wildcat in Central-North Schleicher County, 12 miles south of the Susan Peak field which is in Southeast Tom Green County.

On a drillstem test taken at 3,240 to 3,265 feet, with tool open two hours, recovery was 30 feet of slightly oil cut mud, 30 feet of fluid containing 50 per cent oil and 50 per cent mud.

Bottom hole flowing pressure on the test was 26-55 pounds. After 15 minutes shutin pressure was 100 pounds.

The wildcat is now a drillstem test at 3,270-3,324 feet in Cisco sand and lime.

When this test is completed, operator will drill ahead. Contracted depth of the project is 6,500 feet, which is sufficient to explore the Ellenburger.

Exact location is 660 feet from north and east lines of section 66, block H, GH&SA survey.

CLEAR FORK DICCOVERY

A large-flowing upper Clear Fork discovery has been reported in extreme Southeast Crane County at Union Sulphur Co. of Lake Charles No. 1 R. B. Robbins and others-Gulf Oil Corp.

An estimated flow of 50 to 60 barrels hourly was reported from perforations at 3,407-430 feet. That section had been shot with 1,000 gallons of acid and the well kicked off after swabbing.

The 50 to 60 barrel-per-hour flow was then estimated. Water, then mud was used to kill the well. Testing was to be resumed with a heavier control head.

The No. 1 Robbins-Gul was drilled to the Devionian at 5,503 feet. Operator then plugged back to 3,452 feet, set casing and perforated.

This discovery is 660 feet from northeast and southeast lines of section 27, block 35, H&TC survey, and six miles west of McCamey.

TERRY LOCATION

Stanolind Oil & Gas Co. filed application with the Railroad Commission of Texas to drill a quarter mile north offset to Anderson-Prichard Oil Corp. No. 1 H. C. Bevers in South-Central Terry County.

It will be the No. 1 Allie A. Scales, 660 feet from east and south lines of section 14, block DD, John H. Gibson survey. It is scheduled to be drilled to 10,200 feet to test the Canyon reef of that area.

The No. 1 Bevers, discovery well of the reef, was completed for a calculated daily potential of 1,280 barrels of 42.5 gravity oil. Potential was based on a six-hour flow through one-inch opening on two-inch tubing and perforations from 9,712 to 9,726 feet, 9,734 to 9,792 feet and 9,795 to 9,805 feet.

Drillsite is 10 miles southwest of Brownfield, five miles west of the Adair field and three miles southeast of Welman.

TAYLOR FAILURE

Lion Oil Co. No. 1 Bartee, Southwest Taylor County wildcat, one and three-quarter miles west of Shep, failed to show any signs of oil or gas in a drillstem test in the top of the Ellenburger at 5,751-98 feet.

That zone was drillstem tested for one hour. There was a slight blow of air for five minutes and it then died. Recovery was 30 feet of drilling mud.

The prospector is now making new hole below 6,198 feet in an unidentified formation.

Top of the Ellenburger is at 5,745 feet. That is on a datum of minus 3,501 feet.

Location is 2,450 feet from north and 660 feet from west lines of the 157 acre B. Herog survey.

So far this wildcat has not logged any shows for production in any zone it has penetrated.

DEEPEN IN GARZA

Standard-Fryer Drilling Co. and R. L. York of Midland No. 1 Justice Heirs, wildcat in Southeast Garza County, recovered sulphur water on a drillstem test of a Permian lime at 4,838-76 feet.

The venture was reported deepening ahead below 4,876 feet on a 7,500-foot contract.

Drillsite is one and three-fourths and four and one-half miles west of the shallow Dorward San Andres field.

Exact location is 660 feet from south and west lines of section 19, block 6, H&GN survey.

IN DIAMOND M

Sun Oil Co. will begin operations by Aug. 13 on two edge projects at the extreme east side of the Diamond M-Canyon field in Southwest Scurry County.

They are the No 6 Henry Rosenberg and No. 4 J. W. Voss.

No. 6 Rosenberg will be 660 feet from north and east lines of section 195, block 97, H&TC survey, nine miles west of Snyder.

No. 4 Voss will be 467 feet from north and 660 feet from east lines of section 202, block 97, H&TC survey. Both ventures are slated to be dug to an estimated 7,000-foot depth with rotary.

KELLEY-SNYDER

The Kelley-Snyder area is also scheduled for two ventures. Sunray Oil Corp. No. 6 P. W. Cloud and Lone Star Producing Co. No. 2-B J. E. Davis.

No. 6 Cloud will be drilled at the east side of the field, 2,867 feet from west and 467 feet from north lines of section 159, block 3, H&GN survey, five miles north of Snyder.

Lone Star's No. 2-B Davis will be at the southwest edge, 2,000 feet from south and 1,667 feet from east lines of section 255, block 97, H&TC survey, seven miles west of Snyder.

The Kelley-Snyder projects will be drilled to estimated depths of 7,000 feet.

COMPLETION

Stanolind Oil & Gas Co. has filed a completion report with the Railroad Commission of Texas for its No. 1 Nick Alley, wildcat in Central-Southwest Gaines County; but Stanolind specified that it will not attempt to make a commercial producer out of the project.

The No. 1 Nick Alley was completed on the pump for 6.9 barrels of 27-gravity oil plus 80 per cent water daily from a Permian lime section above plug back total depth of 4,585 feet.

Six-inch casing was set at 4,115 feet. Top of the pay was picked at 4,130 feet. The pay zone had been treated with 5,000 gallons of acid.

The No. 1 Nick Alley was bottomed in granite wash at 11,187 feet. No other section yielded possibilities of commercial production.

Operator will plug and abandon.

This failure is 1,963 feet from east and 660 feet from north lines of section 22, block A-27, psl survey, and 17 miles southwest of Seminole.

GAINES COUNTY FAILURE

Stanolind Oil & Gas Co. likely will plug and abandon its No. 1-C Jones, one-mile northwest outpost to the Cedar Lake-San Andres pool in Northeast Gaines County.

The venture was bottomed at 4,839 feet, and operator attempted to plug back to 4,734 feet. Cement plugs failed on several attempts, then a drillstem test with packers at 4,640 feet was taken.

The tool was open one and one-half hours. A slight blow of air surfaced during the first part of the test, but died by the end of the test. Recovery was 580 feet of mud and slight show of water at the top of the recovery. No shows of oil or gas were developed.

The No. 1-C Jones is 660 feet from south and 1,984 feet from east lines of section 14, block H, D&W survey, and 17 miles east of Seagraves.

Truman Hits Malik For Using Delaying Tactics In Council

WASHINGTON, Aug. 10. (AP) — President Truman accused Soviet Russia today of filibustering in the United Nations Security Council.

He said the Russians were filibustering, no doubt about it.

In a news conference discussion Mr. Truman lauded Warren Austin, U. S. representative on the council, for doing what he said was a good job.

Once again the President rejected the idea of a meeting with Premier Stalin and other heads of state. But he said he would decide later, if such a suggestion were made, on whether there should be a meeting of high level leaders of the Untied Nations after settlement of the Korean crisis.

HITS MALIK

In hitting at Russian filibustering, Mr. Truman obviously was referring to obstructionist tactics by the council president and chief Soviet delegate, Jacob Malik.

Malik has been using council meetings for oratorical propaganda blasts to such an extent that not much business can be done.

At Lake Success, council members planned to meet informally with Malik today to try to get him to stop his delaying operations. They held in reserve a threat to meet speech with speech.

Mr. Truman was asked what he thinks of the tactics of Malik and the Russian delegation.

HGHLY PLEASED

He said he wasn't interested in their tactics but was highly pleased with the performance of the United States and British delegation.

He added that he doesn't like filibusters and the Russians are filibustering—no doubt about that.

He was asked if he thought the Russian filibuster was good or bad with reference to the possilibity of eventual permanent peace.

The President replied that he couldn't answer a hypothetical question like that, that he didn't know.

The President was asked whom the Russians are "filibustering against?" He grinned and quipped that he thought they were filibustering principally against themselves —by which he apparently meant their own interests.

"Do you think an East-West meeting now would do any good?" one reporter wanted to know.

Replying by indirection, Mr. Truman said the United Nations is working for a peaceful settlement.

Still, he said he favors doing anything that would contribute to peace.

Orange Loses Commissioners, Police Chief

ORANGE, Aug. 10. (AP) — Mayor Joe Runnels, Jr., is putting off naming two new city commissioners "until we can find somebody who would be elected by the people if they ran for the offices."

Runnels, newly installed mayor, began reshaping his city staff yesterday after three commissioners and the police chief quit.

Runnels and one remaining commissioner, W. J. Mullins, appointed a new commissioner, and then the trio named the city's department heads.

Commissioner F. H. (Tom) Williams, Orange druggist, resigned after Runnels was installed Tuesday night. Commissioner Howard S. Peterson, president of the Texas Creosoting Company, and Commissioner Charlie Taylor quit yesterday. Police Chief E. L. Nance resigned Tuesday night. Williams had been elected to a third term.

Runnels and Mullins named Charlie Mann, an insurance broker, to succeed Taylor on the commission. These three named businessman Alvin Keown to head the police department.

Commissioner Williams said he resigned because of "basic differences in philosophy of government and opinions of how a city should operate" between himself and Runnels.

Nance said he quit the police department because of "conditions over which I have no control."

Rites in Church Here For W. D. Mitchell

Funeral services for W. D. (Billy) Mitchell, who died yesterday morning at his home in Lamesa, will be held at 5:30 o'clock this afternoon at the Methodist Church here.

The Rev. Jordan Groom, pastor of the First Methodist Church in Lamesa, will officiate.

The body will lie in state at the Methodist Church here this afternoon. Burial will be in the Snyder cemetery.

Journalism Student Learns Police Beat

MINNEAPOLIS, Aug. 10. (AP) —James Ford, Minneapolis, was assigned to study police department operations as part of his course in journalism at the University of Minnesota.

He spent two hours at headquarters yesterday afternoon. Then he spent $8.55 to get his car back—$5 for parking in a restricted zone and $3.55 to tow it out of there.

"The lessons at school don't cost that much," commented Ford.

YOUR FUTURE HOME

Day For Dogs And Old Maids

DENTON, Aug. 11. (AP) — A Texas old maid rebelled today against several decades of giving and suggested old maids get some gifts.

Miss Dorothy Babb wants an "Old Maid's Day"—just like Father's Day, Mother's Day, etc.

Or, for that matter like graduation day, birthdays, bridal showers, baby showers, wedding anniversaries.

Miss Babb, an instructor at North Texas State College here, figures these "days" have cost her $1,500 in 25 years.

But old maids are even denied birthdays. As Miss Babb says, "We seldom mention our ages."

"Every dog has his day," she argued in a statement. "Why shouldn't we old maids have ours?"

She wants her day on "Aug. 15, right between Labor Day and the dog days of summer." And she wants no misunderstanding about how old maids are to be honored.

"With gifts," she explained, "so that we may be repaid in part for the many presents we've given in our lifetimes."

Idaho Voting Favors Clark Over Taylor

BOISE, Aug. 10. (AP) — The hard-fought battle for the Democratic nomination to the six-year U. S. Senate term in Idaho remained inconclusive today—two days after the primary election.

But the count definitely favored former Sen. D. Worth Clark, seeking to oust incumbent Sen. Glen E. Taylor.

With 779 of 839 precincts counted, Clark held a 1,000 vote margin over the guitar-playing former cowboy from Pocatello.

The count showed: Clark, 26,475; Taylor, 25,409.

A third man in the race, Rep. Compton I. White, had 14,507.

Only a plurality is necessary to win in Idaho, making a run-off unnecessary. If Clark winds up with only one more vote than Taylor, he still will win the nomination.

Taylor said he would wait for the final count before conceding.

Sen. Henry C. Dworshak was assured of the Republican nomination for the four-year Senate post. Dworshak now is serving by appointment the term left vacant by the death of Sen. Bert H. Miller, a Democrat.

His probable Democratic opponent for the four-year post is Claude J. Burtenshaw, political science professor at Rick College in Rexburg.

Herman Welker, who received campaign blessings from his personal friend, Bing Crosby, received the big vote for the Republican six-year nomination. With most precincts counted, he held a 5,000 vote lead over his closest opponent.

Police Investigate Tourist Court Theft

The theft last night of $450 from the office of the Western Courts, 1212 Twenty-fifth Street, was reported to the police today by Maxine Priest, manager of the courts.

She told police that the money was in a strong box in the office, and consisted of $350 in cash and $100 in checks. Investigation is continuing and no arrests have been made.

B. W. McMillan Funeral Today In Hermleigh

Funeral services for Burton Wesley McMillan, 78, farmer southeast of Hermleigh, were to be held at 3 o'clock today in the Hermleigh Methodist Church.

Mr. McMillan died in the Young Hospital at Roscoe last night. He had been ill for seven months with a heart ailment.

Born June 7, 1872, in Dixon, Miss., Mr. McMillan had lived in Scurry County for the last 18 years. He came to this county from Western Fisher County, where he had lived since 1920.

The Rev. G. W. Parks, retired Baptist pastor of Roscoe, and the Rev. W. E. Lynn, Methodist pastor at Hermleigh, were to officiate for the funeral services. Burial was to be in the Pyron cemetery under the direction of Bolger-Barnes Funeral Home.

Pallbearers were to be Dave Ammons, Theodore Soules, Pete Hale, Fred Glass, A. V. Carmack and Bill Carmack.

Survivors include the widow, Mrs. Cora Stribling McMillan; two sons, Hubert Lee McMillan, route No. 3, Roscoe, and Edgar Roger McMillan of Sweetwater; two daughters, Miss Lulu Evelyn McMillan of Hermleigh and Mrs. Mary Hale of Hermleigh; and three grandchildren, Hubert Dean McMillan, Tom Weaver McMillan and Bobby Curtis McMillan.

Also surviving are three brothers, Ed McMillan of Lubbock, and Isaac McMillan and Ross McMillan, both of Mississippi; and three sisters, Mrs. Mary Cooper, Mrs. Anna White and Mrs. Emma Watkins, all of Union, Miss.

Boy Is Paroled In Juvenile Court Case

The 13-year old boy, who was apprehended recently in connection with a series of burglaries over the city, was paroled to his father this morning following a juvenile hearing before Edgar Taylor, county judge.

The youth had admitted about 15 burglaries following his arrest, including a forgery count.

San Angelo Councilmen Resign; Vote Sept. 23

SAN ANGELO, Aug. 10. (AP)—San Angelo's city commissioners resigned Wednesday, each telling Mayor Armistead Rust that personal affairs demanded his time.

Commissioner No. 1 M. L. Leddy and Commissioner No. 2 Perry Maxwell will remain in office however, until replacements can be obtained through a special election Sept. 23.

Mayor Rust said today he had known for some time that the commissioners intended to resign but had urged them to continue "hoping that things would settle down and that their actions might not be misinterpreted."

The commission recently underwent severe criticism in relation to taxable property valuations.

The National Geographic Society says the first New Year's Day caller in an English home is called the "first foot."

Live Stock Market

FORT WORTH, Aug. 10. (AP) — Cattle 1,000, calves 400, slow, about steady; common and medium slaughter steers and heifers 20.00-27.00; 1,047 lb. steers 26.50; beef cows 19.00-21.00; canners and cutters 12.00-19.00; sausage bulls 18.00-23.50; good and choice fat calves 25.50-28.50; common to medium 19.50-25.00; culls 19.00 down; stock and feeder steers, yearlings and calves 20.00-28.00; choice absent.

Hogs 400; steady; good and choice 190-260 lb butchers 23.00; good and choice 160-180 lb. 21.50-22.75; sows 18.00-21.00; feeder pigs 20.00 down.

Sheep 900; slaughter yearlings string to 50 cents higher, others steady; good and a few choice spring lambs 28.00-50; medium to mostly good slaughter yearlings 22.00-50; good fat ewes 15.00; culi ewes 11.50; no good feeders; common to medium feeder lambs 20.00-24.50.

Cotton Market

NEW YORK, Aug. 10. (AP) — Noon cotton prices were 5 to 15 cents lower than the previous close. Oct. 38.27, Dec. 38.30 and Mch. 38.31.

STOCK MARKET

NEW YORK, Aug. 10. (AP) — Action in radio-television issues put the rest of the stock market in the shade today.

TV issues following through yesterday's surge of strength, advanced a few cents to around $2 a share. Trading was heavy.

The balance of the market was virtually ignored. Small price changes were pretty well divided between the plus and minus columns.

Women's Calendar

THURSDAY

Home class of the Baptist Church has regular meeting 8 p. m. with Mrs. Lyle Alexander, 3600 Avenue V.

Hico, Texas

FOR SALE—5624 Acres ranch. 8 Wells, 120 foot new galvanized barn. Price $33 per acre. Call or write H. T. Magness, Friona, Texas.

New Mexico Ranch Land

The following list of ranches are all extra good and are priced proportionally to the number of cattle they will run, location, agricultural potentalities and mineral status. Some of these prices sound very high but the higher the price per acre for the deeded land the more lease they carry.

24 SECTION RANCH
9605 acres deeded, balance lease. Watered by shallow wells and windmills, creeks and springs. Has a large modern adobe house at headquarters, plenty of barns, corrals, shoots and scales. Located in a valley surrounded by hills which afford good protection for livestock. It is a good year around ranch that will carry 400 mother cows. It also carries most of its mineral rights, some of which the owner wishes to retain. The price is $25.00 per acre for the deeded land and it is stocked with good cattle which could also be boughht when ranch is sold.

29 SECTION RANCH
15130 acres deeded, 960 acres State lease, 560 acres Gov. lease. This is nice rolling prairie country, watered by shallow wells, tanks and running creek; plenty of pastures; four room rock house, shoots, corrals, bunk house located near the center of the ranch. It is good for 600 cows and carries 8000 acres of mineral rights, 1000 acres of which the owner wishes to retain. Price $16.00 per acre for the deeded land.

20 SECTION FARM AND RANCH
7860 acres deeded, 2760 acres state lease and about 2560 acres Taylor Grazing lease and free range; has two good sets of improvements and two camps; 1400 acres in farm; fenced in several pastures; watered by springs, tanks, welis and windmills. Practically all the deeded land is nice level plains land. The lease covers valleys and nice canyons with timber which makes good protection for stock in winter. It also has considerable deer on it. It carries practically all its mineral rights and the price is $30.00 per acre for the deeded land.

7 SECTION RANCH
2760 acres deeded, 960 acres Gov. lease, 800 acres private lease; good fences, corrals and shoots; two room rock house; watered by welis and windmills, springs and creek. This is a nice open country with some protection for stock; carries most of its mineral rights and the price is right on it, $12.50 per acre for the deeded land. Good for about 125 cows.
The above described ranches are all located here in the vicinity of House, New Mexico and are priced right and are actually for sale at the price quoted. For further information contact

Goff Armstrong,
House, N. M.

FOR SALE OR LEASE M9

Excellent business location. Especially ideal for cafe. See at once. H. Gordon 2305 Avenue R. Phone 1333.

Bets on Florida Sunshine

Stanley C. Minshall, mayor of St. Petersburg, Fla., offered to bet the mayors of 100 other cities that the sun would shine Sept. 1, the 40th anniversary of the Evening Independent's offer to give away its home edition on any day the sun fails to come out before 2 o'clock in the afternoon. If The Independent is free that day it will cost Minshall 100 straw hats. If the sun comes out, he will collect stakes ranging from a pair of flannel underwear to a baby skunk.

Washington Surprised When Truman Reshuffled RFC Board

WASHINGTON, Aug. 10. (AP) — President Truman has shaken up the top command of the Reconstruction Finance Corp. (RFC), multi-billion dollar lending agency which Congress wouldn't let him make an adjunct of the Commerce Department.

Apparently tipping off almost no one in advance, Mr. Truman late yesterday dropped two members of the oft-criticized RFC board of directors, including Chairman Harley Hise, and named three new members to the five-man board.

RFC has been the target of increasingly hotter congressional fire for such ventures as a $37,500,000 loan to the now bankrupt Lustron Corp. and for putting tax money into a Nevada hotel whose revenue comes largely from a gambling casino.

Nevertheless, Congress last month rejected Mr. Truman's proposal to take away the huge lending agency's independent status and make it an arm of the Commerce Department, under supervision of Secretary Sawyer.

The President gave no explanation for his action, but a White House spokesman said Mr. Truman's idea was to "revitalize the board."

This is what the President did:

1. Dropped Chairman Hise, a Democrat, and Harvey Gunderson, a Republican, from RFC's board.

2. Retained from the present board William E. Willett, a Democrat from Maryland, and Walter Lee Dunham, a Republican from Michigan.

3. Named as new members C. Edward Rowe, a Massachusetts county court justice, a Democrat; Walter E. Cosgriff, Salt Lake City bank president, a Republican; and W. Elmer Harber, a bank president in Seminole and Shawnee, Okla., a Democrat.

One post on the five-man board had been vacant since the resignation of Henry A. Mulligan several months ago.

Board appointees must be confirmed by the Senate. The law requires that the board be bipartisan, with at least two members from the minority party.

Neither Hise nor Gunderson — the latter vacationing in the Minnesota woods — could be reached for comment at once.

The President did not name a chairman to succeed Hise. He will do that later.

Willett was named to serve three years, Cosgriff and Harber for two years, and Dunham and Rowe one year. Subsequent appointments will be for three years each.

New Tax Bill Returns Take To The States

WASHINGTON, Aug. 10. (AP) — Wildlife authorities welcomed the final enactment of the Dingell bill today as the best news in many years for the nation's fishing enthusiasts.

The bill, jointly sponsored by Rep. Dingell (D-Mich) and Senator Johnson (D-Colo), earmarks revenue from the federal 10 per cent tax on sports fishing tackle.

Such revenue, estimated at from $3,000 000 to $4,000,000 a year, will go back to the States to help them restore and expand game fish resources.

President Truman signed the bill yesterday.

The West Texas Game and Fish Association and the Texas Wildlife Federation had supported enactment of the measure under which the sportsmen would finance their major federal fisheries improvement program.

Likewise the Board of City Development had taken a hand in view of the possibility of clearing rough fish from the North Concho before the new big lake is impounded.

The U. S. Geological Survey now is surveying the volume of water which would need to be treated. The State Game Department is interested in the project if the cost and results prospects indicate it is feasible.

Shepperd To Take Over Shivers' Radio Time

retary of State John Ben Shepperd will explain the duties and functions of his department on a statewide radio broadcast Monday night.

The program will replace Gov. Allan Shivers' regular weekly "report to the people" at 7:15 p.m. The governor said it will be the first of a series to acquaint Texans with functions of various state government departments.

Mountain Near Llano Scene Of Memorable Indian Battle

By WILLIAM C. BARNARD
(Associated Press Staff)

On a lonely, saddle-shaped mountain, 15 miles southeast of Llano, a memorable Indian fight occurred 77 years ago.

It was the battle of Packsaddle Mountain, the last fight of white pioneers against the Indians in the West Texas area around Llano.

Mrs. W. B. Moss of Llano well remembers the battle, for she is the widow of a man who had a part in it.

Two brothers of W. B. Moss also took part: Steve and James.

SURPRISE INDIANS

James Moss captained the little group of eight white settlers who trailed a marauding band of Indians to the mountain Aug. 5, 1873.

Mrs. Moss, now 85, told the San Angelo Standard-Times that the party of white men came upon the enemy just after the Indians had eaten a noon meal of beef.

The white settlers were outnumbered three to one.

"Some of the Indians were asleep under the trees and some were still sitting around the camp fire eating," Mrs. Moss said. "The Indians didn't know the white men were there until they heard the shooting. Our men turned their horses loose and they got with the Indians' horses down off the point of the mountain.

"Just as Mr. Moss (her husband) emptied his pistol, he was shot. He was knocked out, then came to and sat under a tree and watched the fight. All that saved the white men was that the Indians were shooting too high."

Several Indians were killed. Four of the settlers were wounded. Besides Moss they included Arch Martin, Bill Lloyd and Pink Ay Robert Brown and E. D. Harrington, and the other Moss brothers, who escaped injury, carried the wounded three miles to a ranch. All recovered.

BULLET WOUND

Mrs. Moss said her husband "was riding again in a month, but he always suffered from the bullet in his back and carried it to his grave." He died in 1926.

The widow said her husbnad felt sorry for the Indians after the fight and often remarked that he "never heard so much crying and taking on."

The late Capt. Dan Roberts of Austin, an early-day ranger captain, once called the Indian fight "the most gallant affair I have ever known except the battle of San Jacinto."

Public Notices

Suits filed in district court today included the following:

C. C. Walker vs. W. C. Duke and Florence L. Duke, suit on judgment; Fred Garrett vs. Hartford Accident and Indemnity Company, for compensation; and Isaac Rackley vs. Texas Mutual Insurance Company, for damages.

Sugar Ray Looking To Jake Lamotta's Title

JERSEY CITY, N. J., Aug. 10. (AP) — Jake Lamotta is the next target for Sugar Ray Robinson, now that his fifth welter title defense is safely out of the way. But it won't be easy to arrange.

Robinson never was safer than in the Roosevelt Stadium ring last night against cycling Charlie Fusari. The only time he risked his crown was on the scales at noon.

The lean Harlem slasher had to go back three times bfore he made 147 pounds after steam baths and rubdowns. He doesn't want to do that again. From now on, he wants to mingle with the middleweights.

A 160-pound championship bout with Lamotta was to be discussed today at the Madison Square Garden offices of the International Boxing Club in New York.

There is one little gimmick—Robinson wants 20 per cent.

Al Weill, I.B.C. matchmaker, has offered Robinson 15 per cent and says he'll go no higher.

Last night, you had to bend over backwards to give the 145 1-4-pound Fusari a single round. Referee Paul Cavalier gave him one and called one even. The AP card scored it 14 for Sugar Ray and one even.

The one-sided bout with Fusari, a 6 to 1 underdog, drew a surprisingly large crowd of over 25,000.

Mexicans Start Flying Shrimp To Brownsville

MEXICO CITY, Aug. 10. (AP) — A "shrimp flight" will open next week between Ciudad Carmen, Mexico and Brownsville, Tex.

Fishing co-operatives in Ciudad Carmen have contracted for the air shipment of 10 tons of Mexican shrimp daily to Brownsville.

The airline (Compania Mexicana de Aviacion, affiliated with Pan-American Airways) said it would use C-54 in the service.

The fishermen have reported that huge new beds of shrimp have appeared in the southern part of the Gulf of Mexico, off the Yucatan coast.

Missouri Killer Is Shot; Girl Missing

EMINENCE, Mo., Aug. 10. (AP) — Officers today intensified a search for a missing 15-year-old girl as an aftermatch to an Ozarks Mountains shooting episode that brought death to four persons.

The girl is Lola Fansler.

Her father, Richard Fansler, 63, and brother, Luther, were shot to death in their farm home Monday night. A four-year-old girl, Barbara Harris, was killed at the same time.

SHOT TO DEATH

Yesterday the man accused of slaying the three, 39-year-old William Harris, was shot to death by a deputy sheriff.

He had been pursued by more than 100 officers and possemen for almost two days in rugged southern Missouri timberlands. Barbara Harris was his daughter.

Lola Jean has not been seen since Monday.

Prosecuting Atty. Friend Greene said it was possible the girl was dead.

Her father was shot to death shortly after he questioned Harris, an ex-convict, on her whereabouts.

The Harris family had been living at the Fansler home, near this tiny southern Missouri town.

Mrs. Harris told the prosecuting attorney the elder Fansler pulled a gun on her husband after asking him what had become of Lola Jean.

Mrs. Harris quoted her husband as replying:

"What's the matter, are you crazy or something?"

Mrs. Harris said her husband took the gun from Fansler and began shooting. In the melee Fansler, his son and the Harris child were killed.

Harris fled into the hills.

Yesterday Deputy Sheriff Paul Frey spotted him on a woodland trail near Fremont, Mo.

He called upon him to halt but Harris refused and dashed into the brush and timber. Frey fired, killing him with a single shot.

Force Being Prepared For Korean Expedition

MEXICO CITY, Aug. 10. (AP) — "Mexico is not preparing any expeditionary force for Korea, period," Gen. Antonio Sanchez Acevedo, chief administrative officer of the defense ministry, told reporters yesterday.

Two Plead Guilty To Liquor Violations

Two men yesterday were assessed county court fines totaling $2,429 when they pleaded guilty to several misdemeanor charges.

John Reed, 47-year-old Negro, formerly of Dallas, was assessed a fine of $150 with a court cost of $23.50 in each of nine cases of selling whisky, two cases of possessing whisky for purpose of sale in a dry area, and one case of unlawfully carrying a pistol, his assessments totaling $2,082 or 694 days in the county jail.

William David Sparks, 51, of Odessa, a former cook for the Elite Cafe, was assessed a fine of $150 and $23.50 court cost in each of two liquor cases. He pleaded guilty to possessing beer at the cafe for sale in a dry area and selling whisky.

Plaintiff Wins Justice Court Civil Suit

A justice court jury of six men yesterday rendered a verdict favoring the plaintiff in the civil suit of Charles H. Cooper vs. H. E. Watson, granting Cooper possession of two lots leased to the defendant.

Cooper sued for possession of lots 11 and 12 in block 54 of the Wilmeth addition, stating that the lease contract had been broken by the defendant.

Government To Aid In Jet Development

WASHINGTON, Aug. 10. (AP)—The Senate has okayed the idea of using government money to help develop jet airplanes for commercial use.

It passed and sent to the House yesterday a bill to authorize the spending of up to $12,500,000 a year on testing and improving new type aircraft, including jets.

Handcuffs and Boy Give Police Trouble

WASHINGTON, Aug. 10. (AP)—Seven policemen couldn't get a set of Japanese handcuffs off 14-year-old Craig Keefer's wrist.

They were placed there by a five-year-old playmate whose father brought them back from the last war.

The police were taking Craig to a locksmith when the playmate's father showed up with the key.

Gloria's Roadwork

BEVERLY HILLS, Calif., Aug. 10. (AP) — Gloria Swandon, screen luminary of yesteryear, is getting in plenty of roadwork for her film comeback.

The actress officiated yesterday in a ceremony completing installation of 900 new street signs on Sunset Boulevard. She owned one of the first movie star homes here—across the street from the site of the Beverly Hills Hotel.

Miss Swanson recently finished a 200,000 mile tour of the United States and Canada, during which she addressed motion picture and civic groups in 33 cities.

Nebraska Vote Stays Tight

OMAHA, Aug. 10. (AP) — A scant thousand votes stood between the two leaders in the race for the Nebraska Democratic gubernatorial nomination today leaving in doubt which will carry the party standard against Gov. Val Peterson in November.

Walter R. Raecke, former legislator from Central City, led with 26,679 votes for 2,032 of 2,074 precincts. But Terry Carpenter, ex-congressman from Scottsbluff, had trimmed Raecke's lead from 2,700 votes to 1,027. Carpenter's total was 25,642.

SLIM MARGIN

So slim was the margin, the final determination of the winner may be left to the canvassing board which meets Aug. 29.

Frank Morrison, McCook attorney, was third in the Democratic race with 19,901. Harry Swanson, Omaha had 9,280, and Henry L. Fillman, York farmer and insurance man, trailed with 2,177.

Gov. Peterson won the Republican nomination in a walk-away from two other candidates.

Man Returned From Shreveport To Face Theft Charges Here

John Horn, 30, of Shreveport, La., was returned to Snyder today to face a charge of burglary filed early this week.

Apprehended by Shreveport officers, Horn was given to the custody of Homer Whisnand, Scurry County deputy sheriff, who returned him here on a charge of the theft of a suitcase valued at $70, a pair of shoes valued at $17, and two shirts valued at $8 from an apartment occupied by Henry M. Hamlin, of Snyder.

The charge was filed in justice court pending investigation of the grand jury at its next session. A charge has also been filed against him, alleging theft of a bulldog valued at $500.

Youths Held Here Are Charged by Taylor County Authorities

Officers from the Taylor County sheriff's department in Abilene were here yesterday questioning three yuths charged here and at Abilene with burglary.

The officers said they obtained confessions from all three concerning several Abilene burglaries and theft of an automobile there.

Charged here with theft of 19 spools of electrical copper wire valued at $1,700, are J. D. Martin, 17, of Abilene; Elmo Coleman, 18, of Athens; and Dewy C. Newton, 18, of Midland.

They were arrested by officers of the city police department here and are being held in the county jail. Bond was fixed in each of the Scurry County cases at $750 pending investigation by the grand jury.

Polio Victims Gain: No New Cases Reported

No new cases of polio have been reported in Snyder since Tuesday morning at either Snyder Hospital Clinic or the city-county health unit.

All of the polio patients sent from Snyder to Fort Worth and Abilene hospitals were reported to be improving satisfactorily yesterday. Eleven of the 13 cases reported within the last week are still in hospitals and will be kept for the full seven-day isolation period.

Police Believe Prowler Had a Narrow Escape

A prowler had a narrow escape from possible death about 12:04 o'clock this morning, according to Chester Barrington, chief of police.

The police got a call to investigate a shooting at a trailer court.

Upon investigation, patrolmen learned that a woman at the courts had fired a pistol at a prowler. She told the officers that she awoke when she heard some strange noises. She saw a figure of a man, and commanded him to halt, but the man moved and she fired a shot at the prowler, who ducked and fled the scene, Barrington said.

The area was searched for blood but none was found.

Sign Language at UN Session

The hands of U. S. delegate Warren Austin, bottom, and those of Jakob A. Malik, top, Soviet delegate and Security Council president, are expressive during a session of the United Nation's body at Lake Success, N. Y. Austin practically pounds the table as he charges obstructionist tactics. Malik puts the tips of his fingers together as he listens before replying to Austin.

Chicago Gambler Sought By Senate Crime Investigators

WASHINGTON, Aug. 10. (AP)—The Senate Crime investigating Committee is on the trail of a Chicago bookie it suspects may have moved in on the lush Florida gambling field.

The missing witness is Harry Russell, identified by the committee as a Chicago gambling operator who became a member of the highly profitable S. and G. horse book syndicate in Miami Beach.

Russell's name figured prominently in testimony at the committee's hearing yesterday when other members of the syndicate gave their version of how the Chicagoan came in for a one-sixth interest for $20,000.

LONG HUNT

The committee has tried for three months to locate Russell.

"We have some new leads on him," Chairman Kefauver (D-Tenn) told reporters, "and we'll get him sooner or later."

S. and G. Syndicate Members Jules Levitt, Leo Levitt, Harold Salvey and Edward Rosenbaum, and their attorney Ben Cohen, testified yesterday.

Questioned by committee members, they denied that Russell had muscled into the syndicate. Their account was that they thought Russell was going to try to take over some of their bookie spots and to prevent this they took him in. Also, they said, he knew how to operate gambling on baseball.

There was no connection, they said, between the fact that Russell was taken into the syndicate at the time S. and G. was having trouble getting its race wire service—a service reputedly controlled out of Chicago.

POLITICS

The matter of six-figure contributions to the 1948 governorship campaign of Gov. Fuller Warren of Florida also came in for further airing at the hearing. At previous sessions the committee heard testimony that three men gave $154,000 each.

William H. Johnston, who heads the club which operates Sportsman Park at Chicago and four dog tracks in Florida, said his contribution was around $100,000, including some $60,000 from his brother and two others.

This was paid mostly in cash, he said, because he didn't want to be identified with the campaign if Warren lost.

Johnston said he didn't expect to get a thing out of backing Warren who, he said, was an old and close personal friend. He said he didn't understand the "stir" that arose because he helped Warren.

Earlier C. V. Griffin, Florida citrus grower, said he had asked Johnston and Louis Wolfson, Jacksonville businessman, to underwrite the campaign, that they had divided expenses and that his share was $154,000.

Communists Discover Rich Propaganda Field In Juke Box Favorite

HOLLYWOOD, Aug. 10. (AP) — Singer Jack Smith was back from a European tour today with the advice that Communist propagandists are switching the lyrics of popular American songs to prove that the masses are starving under capitalism.

Smith said a former Berlin cabaret manager told him that the words to "If I Knew You Were Coming, I'd Have Baked a Cake" were being used to show that rationing exists in the United States.

Boston Wool Firm Pays Top Price At Showing

ALBUQUERQUE, N. M., Aug. 10. (AP) — The Draper Top Co. of Boston paid top price of 80 cents per pound for wool shown at a recent commercial showing here.

The firm purchased 25,000 pounds owned by Gates Davis of Crownpoint, N. M., preliminary figures compiled yesterday showed 1,600,000 pounds of the 2 million pounds shown were purchased.

Spanish Actress Ill

MEXICO CITY, Aug. 10. (AP)—Virginia Fabregas, 70, a leading actress in the Spanish Language Theatre, is reported critically ill of pneumonia.

Senate Argues Form of New Security Bill

WASHINGTON, Aug. 10. (AP)—Senate Democratic and Republican leaders trod separate paths today toward the common objective of tightening up home front security against Communist and subversive activity.

Their courses were officially charted in two policy committee meetings yesterday. A head-on clash on the floor was in prospect.

While this maneuvering was going on, the Senate showed a complete readiness to vote tougher home defense controls once agreement is reached on their form.

NO DISSENTERS

Without a dissent it passed three stiff internal security measures, including one which would permit the government to bar from the United States any suspected subversive alien. Not even top-drawer diplomats, now untouchable under immigration laws, would be exempt.

At the core of the inter-party dispute over new security measures is a bill sponsored by Sens. Mundt (R-SD), Ferguson (R-Mich) and Johnston (D-SC) which the Republicans want approved. It would require that Communist and Communist front organizations register with the government, along with individuals who conspire to set up in this country a foreign-controlled dictatorship.

Democrats want to sidetrack that bill in favor of a milder one now being drawn up by Justice Department and other administration officials along the lines of a message President Truman sent to Congress Tuesday.

TRUMAN REQUEST

Mr. Truman asked for registration of foreign trained spies and saboteurs, extension of the period in which acts of peace time espionage may be prosecuted, and broader authority to write security regulations for defense areas.

The President said the Mundt-Ferguson-Johnston bill goes further than necessary and might do more harm than good.

While the two Senate policy committees marked off their battle lines, the House un-American Activities Committee agreed to recommend subversive legislation stronger than that sought by the President.

Leslie S. Ladd, Jr., of 34 Cleveland Avenue, Nashville, Tenn., sure knows his HADACOL. He, his mother and his grandfather get precious Vitamin B1, B2, Niacin and Iron from this family product.

"Mamma, we haven't taken our HADACOL," says Leslie when his mother forgets sometimes. Mrs. Ladd explains, however, that hers will always be a HADACOL family because it has helped relieve deficiencies of Vitamin B1, B2, Niacin and Iron for herself, little Leslie and her father.

TAKES 10 BOTTLES

Read Mrs. Ladd's own statement of their experiences once they learned that they were suffering from such deficiencies and began taking HADACOL: "I have taken 10 bottles of HADACOL. I have been run down since my oldest son was born. I am 23 years old. I had weak spells every morning. I would almost faint but after taking HADACOL they are gone and I stay hungry all the time.

"My four-year-old son had little appetite and his cheeks were pale. He now takes HADACOL and his cheeks are rosy and he has a wonderful appetite. I also had gastric disturbances, but they are gone now. My father took HADACOL for the agonizing aches and pains of neuritis. He is much better now."

WONDERFUL HADACOL FEELING

HADACOL is that wonderful new preparation—promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), for normal growth in children, as well as that general run-down condition, and aches and pains of neuritis, if your system lacks Vitamins B1, B2, Iron, and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamins B1, B2, Iron, and Niacin it acts directly to relieve this deficiency—the real cause of your trouble. That's the kind of product you want—the kind you should buy — the kind you should start taking immediately.

Only One Genuine HADACOL

Don't go through life suffering such fiendish torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiences. THE SNYDER DAILY NEWS

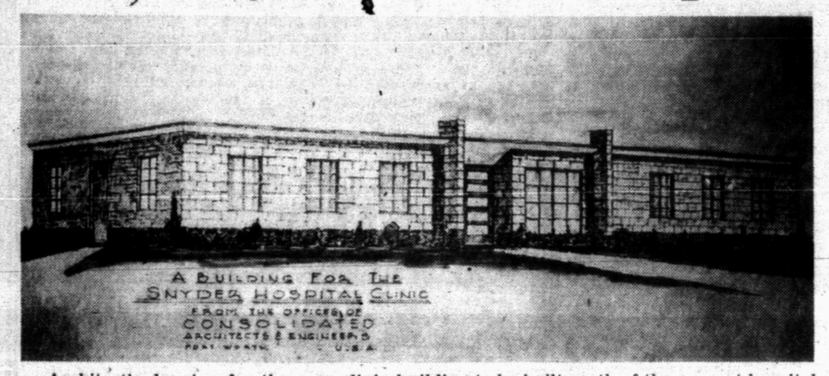
VOL. I—No. 79 SNYDER, TEXAS, THURSDAY, AUGUST 10, 1950 SECTION TWO

New 16-Room Clinic Is Being Built Adjacent To Hospital



Architect's drawing for the new clinic building to be built north of the present hospital. It will consist of 16 clinic rooms and a large waiting room, with the entrance on Twenty-sixth Street. The new building will allow complete separation of hospital and clinic facilities.

Present Hospital Rooms Will Be Redecorated; Clinic Suites To Revert To Patient's Rooms

An expansion and redecoration program at the Snyder Hospital Clinic, to cost an estimated $50,000, was announced today by Bruce L. Greer, hospital administrator. Work has already begun on the project.

The new clinic building is being erected on the lawn just north of the present building. Plans call for 16 8-by-10-foot rooms with the entrance on Twenty-sixth Street. There will be a large waiting room which will be used for clinic patients only.

HOSPITAL ENTRANCE

The old hospital clinic entrance on Avenue F will be strictly a hospital entrance and the former hospital clinic waiting room will be a hospital waiting room. The addition of the new wing offers the opportunty for better co-ordination of all diagnostic work and will shorten the waiting time of patients, Greer said.

The new building should be ready for occupancy by Oct. 10. Contract for all architectural and construction work was let to the Consolidated Architects and Engineers of Fort Worth. This firm has specialized in the building of clinics and hospitals.

ADDS TO CAPACITY

With the addition of the new wing, several rooms in the hospital section now used as clinic rooms will be converted back to hospital rooms. Several rooms in the hospital section will be used as a complete obstetrical section and additional rooms will be used as a complete pediatric section. All hospital rooms in the old hospital section will be completely redecorated and newly furnished.

The entire lot south of the present building will be beautified.

Additional doctors will be added to the staff before Oct. 1, Greer stated.

Recount Takes Only 47 Votes From Murray

OKLAHOMA CITY, Aug. 10. (AP)—Johnston Murray emerged as Oklahoma's Democratic nominee for governor today as a vicious battle of the ballots came to a close.

A recount of the state's 77 counties took only 47 votes away from Murray's 1,009 vote margin over William O. Coe gained in the July 25 runoff primary.

962 TO SPARE

This left Murray with 962 votes to spare. The state election board will meet Saturday morning to certify the recount and issue Murray his certificate of nomination.

Coe charged that he lost the runoff by fraud and won supreme court approval for the recount after he was rejected by the state election board.

He posted $19,500 bond to pay for the recount. Murray put up $5,200 for a recount in 21 counties in what he described as a protective measure.

Coe closed a huge gap in the runoff, Murray piled up an 88,000 vote lead over him in the first primary and was regarded as a strong favorite in the runoff.

ON PERSONAL LIFE

Coe then hit hard at Murray's personal life and sought campaign funds from "the little people of Oklahoma."

The battle within the Democratic Party over, Murray called for unity within the ranks in preparation for the November general election skirmish.

Murray's Republican opponent will be J. O. Ferguson, Pawnee newspaper publisher.

Murray is the son of former Gov. W. H. (Alfalfa Bill) Murray.

Man Who Never Lost Stays In Lieutenant Governor's Race

Of the two candidates for lieutenant governor in the Aug. 26 second primary, one has never lost an election and one has never won.

Ben Ramsey of San Augustine is the man who has never lost.

Lincolnesque in appearance, the tall and lanky East Texas lawyer has some of the Civil war president's other attributes. His wit is dry and sharp. His logic is incisive. And he has demonstrated an ability to compose the differences of warring factions.

Ramsey's opponent is Pierce Brooks, Dallas insurance executive who has tried often for major public office but never made it. Ramsey ran second to Brooks in the July 22 first primary.

A quiet and studious man, Ramsey has not issed a long and detailed platform. He didn't need to. Most Texans know what he has done, and what he stands for. It shapes up like this:

1. Soil Conservation and improvement. He early recognized the seriousness of soil and forest conservation and worked hard in the Texas Legislature to solve the problem. His own farm near his native San Augustine is a model of soil conservation.

2. Labor. Labor bills sponsored by the 46-year-old former legislator include the "right to work" bill which banned the closed shop; bills to outlaw mass picketing, to prevent unions from having employers deduct union dues from paychecks without employees' consent; to make labor unions subject to anti-trust laws, and to ban secondary strikes, boycotts and picketing which would disrupt essential utility services.

3. Rural electrification. A leader in electrifying Texas farm homes by legislative action, Ramsey knows the field well. He has been attorney for ten years for the Deep East Texas Electric Cooperative and helped guide that pioneering rural utility to its status as one of the state's biggest and most stable cooperatives.

4. Ramsey also is for more rural paved roads, more telephone service for the country folk, and economy in state government.

That's Ramsey's record during 12 years as a legislator and a stretch as secretary of state.

Ramsey was born Dec. 28, 1903, at San Augustine. He attended the public schools there and then decided he wanted to be a lawyer. He studied law at the University of Texas, but passed his bar exams before he was graduated. Seeing no need to stick around school longer, he quit and returned to San Augustine to set up his practice.

He was 27 when he made his first successful campaign for office. He ran for state representative in 1930 and won. He ran again and won. Then he returned to private practice for six years. In 1940 he ran for the state senate and won. He held his senate seat for eight years and then returned to private life again.

The quiet, drawling Ramsey popped into public eye again in January, 1949, when Gov. Beauford H. Jester appointed him secretary of state. He continued to hold the post under Gov. Allen Shivers after Jester died. But last Feb. 4 he resigned. Three months later he announced for lieutenant governor.

Even among his opponents there is a great deal of respect for Ramsey. Fellow legislators demonstrated this in 1947 when they elected him president pro-tempore of the senate. They like his lack of rancor, his ready wit, and his willingness to work with others.

The angular lawmaker is active in all community affairs in his home town. He's been a member of San Augustine's Methodist church almost all of his life. He's also a leader in his town's business life and is a former national president of the Junior Chamber of Commerce.

Hobbies? None—except participation in the affairs of the Democratic Party, the Texas state government and the Methodist church.

Negroes Plan To Fight Back In Georgia

ATLANTA, Aug. 10. (AP)—Two Negro leaders said today the willingness of Georgia Democrats to be jailed rather than obey the U. S. Supreme Court might be tested soon.

The comment by Dr. William Boyd and Atty. A. T. Walden came after the state Democratic convention in Macon defied the high court to open Georgia's colleges to Negroes.

HIS VERSION

Boyd is president of the National Assn. for the Advancement of Colored People and a professor of political science at Atlanta University. He put it this way:

"They have thrown down the gauntlet. We will have to meet the challenge or break faith with the Negro people."

The convention's resolution yesterday asserted the Supreme Court decision ordering admission of Negroes to universities in Texas and Oklahoma were not applicable to Georgia.

Belgians Vote On Transfer Of Monarchy

BRUSSELS, Belgium, Aug. 10. (AP)—The Belgian senate votes today on a bill, approved by the chamber of deputies yesterday, to transfer King Leopold's powers to his son, Crown Prince Baudoin.

The two houses are scheduled to give final approval to the measure at a joint session Friday. Baudoin is expected to take the oath as prince royal, or regent, soon after.

HOPE FOR PEACE

Observers hope the transfer of power will end the violent pro and anti-Leopold split which brought Belgium to the brink of civil war.

Bitter wrangling delayed yesterday's vote, with deputies springing to their feet, shouting, on both sides of the house. It ended in passage by a vote of 165 to 27 of the Social Christian government's bill.

Five Communists and two Social Christians abstained. Dissenting votes were cast by 26 Social Christians and one pro-Leopold Liberal.

Socialist-led opposition to Leopold's resumption of his throne culminated in rioting after his return from exile in Switzerland July 22.

At the peak of the disorders, the king agreed to hand over his regal powers and assured, by implication, that Baudoin would become king in name as well as fact when he reaches the age of 21 on Sept. 7, 1951.

The bill being voted on today was introduced to carry out the agreement.

The dispute over Leopold dates to World War II, when the king's opponents criticized his early surrender to the Germans and his refusal to follow his ministers into exile.

Convention Floor Leader Roz Harris of Augusta said that if faced with a Supreme Court order to admit Negroes, Georgia's Democrats would go to jail first.

Said Walden, "We hope to be able to give them the chance to do just that." He added that it might be quite soon.

Another Convention Leader, Charles Bloch of Macon, the man who led the fight against President Truman's nomination at the national convention, observed: "They might put somebody in jail for a little while, but they couldn't keep them there."

NOT SOUND

Boyd replied, "All this may be good politics but it is not sound policy."

He added that despite all this defiant talk, "Georgia still is a part of the United States.

"Up to now," Boyd continued, "Negro leaders have been aware of suits in other states for equal education. They had hoped for leadership which would make it unnecessary for them to go to court."

Boyd asserted there was not a single, state-supported Negro college in the South with an accredited "A" rating.

Man Locked In Trunk Listens While Thugs Plan His Death

(By The Associated Press)

Imagine being locked in the trunk of a car, listening to two men plan how to kill you.

It happened to W. V. Kaminski of Waco.

Last Sunday Kaminski went fishing. He drove his car to a point under a Brazos River bridge. A couple of men, in a pickup truck, were there. Kaminski spoke to the men and prepared to start fishing.

One of the men walked up behind him and hit him on the head with a beer bottle.

"I was knocked out for a minute or two," Kaminski told officers later, "and when I came to I heard one of the men say: 'Should I kill him with the knife or wait and shoot him later.'"

The men decided to wait. They picked up Kaminski, threw him into the trunk of his own car and locked the trunk.

Then they drove away in the car. After an hour's driving, the men wrecked the car in a creek near Spring Valley. Kaminski was still in the trunk.

"I could hear them talk about killing me. They said it would be easy to dispose of my body and talked about where they would do the job. I felt around in the trunk and found a jack handle. I decided I would put up a fight for my life."

Unknown to Kaminski, the car was stuck in the creek. John Czarneski and his son, John, Jr., came along and asked the two thugs if they could be of help in getting the car out of the creek.

Kaminski heard the new voices and screamed for help. The thugs told Czarneski and his son that their drunk brother-in-law was in the trunk and that they put him there to get him home.

But just them, Kaminski forced open the trunk lock with the jack handle and began crawling out.

The thugs tried to force him back into the trunk, but Kaminski yelled to the father and son that the men were bandits.

At this, one of the thugs walked away. Kaminski fought clear of the other and fled.

Sheriff C. C. Maxey, called to the scene, arrested one of the men. He was carrying Kaminski's watch. Kaminski identified him as the one who had struck him with the beer bottle.

The sheriff was still looking for the other thug.

We talked to Maxey about Kaminski's experience. "Kaminski had a very close shave," the sheriff tol du s ff heheetdannab iff told us. "If he hadn't been able to force the lock on the car trunk, it is my opinion that he would not be alive today."

Sheet Metal Now Off Restricted Imports

MEXICO CITY, Aug. 10. (AP)—Sheet metal has been eliminated from the list of restricted imports by Mexico.

The government lifted the ban on the import of the metal, used in automobile bodies, after increasing the quota by 40 per cent for automobiles assembled here.

Uvalde Man Named To Head New Hospital

DALLAS, Aug. 10. (AP)—Baptist sources say that Thomas Henry Morrison, Jr., of Uvalde has been elected administrator of the Valley Baptist Hospital at Harlingen.

Morrison was administrator of the Memorial Hospital at Uvalde. He succeeds K. P. Walker, who resigned.

Stonewall Well May Be A New Field Discovery

Possible discovery of a new oil field in Northeast Stonewall County has been indicated at Deep Rock Oil Corp. No. 1 C. B. Long.

This venture topped the Strawn lime of the Pennsylvanian at 5,129 feet. It drilled to 5,137 feet and took a two hour drillstem test with the packer at 5,130 feet.

Gas surfaced in 23 minutes. Recovery was 2,400 feet of clean oil and 30 feet of mud cut oil. Open flowing bottom hole pressure was 370 pounds. Shutin bottom hole pressure after 20 minutes was 1,870 pounds. No formation water was reported.

Operator has cemented 7-inch casing at 5,124 feet. It is planned to drill the plug and make production tests the later part of the week.

The possible discovery is 660 feet from north and east lines of section 2, F. T. Oliver sub-division of the GH&H survey, block H. It is about 16 miles west of O'Briend, which is in Northwest Haskell County.

That makes the wildcat six miles northwest of the C. L. Norsworthy, Jr., No. 1 Wiley, recently completed discovery from the Bend conglomerate of the lower Pennsylvan-

Men's Clothing Free From 'Scare Buying'

WASHINGTON, Aug. 10. (AP)—The National Assn. of Retail Clothiers and Furnishers' said today there has been "practically no scare buying" of men's clothing.

This conclusion was based on a sample survey of men's stores in 89 communities all over the country, the association said. It added that:

Although there were scattered reports of "some limited hoarding" in overalls, work clothes, nylon underwear and men's shoes, the survey indicated that store volume in July of this year was three per cent behind that of last July.

PERSONALS

The Rev. W. W. Adcock and Mrs. Adcock and children left Monday for Dalhart, Tex., where they will visit relatives and continue on to other points in Texas. The Methodist minister and his family will be away for two weeks.

Dr. Ben L. Costin and Mrs. Costin, 1208 Twenty-fifth Street, recently returned after a fishing trip to Possum Kingdom. Their son accompanied them.

Mr. and Mrs. Robert Patterson, Jr., spent the past week end in Grand Prairie, Tex., visiting with Mrs. Patterson's parents.

Mr. and Mrs. L. N. Periman have just returned from Seminole, Tex. They drove there with their daughter and family, Mr. and Mrs. J. D. Mitchell of Seminole who had been here with them for a few days.

Jeff DeShazo has been commuting from Sweetwater each day, assisting in the produce department at Cash Food Store. Mr. DeShazo is with the Sunbeam Enterprises, working in the Sweetwater store. He is the son of Mr. and Mrs. T. J. DeShazo, 2503 Avenue V.

Miss Mary Lou Devenport, 2611 Avenue X, and Miss Marybelle Weathersbee, 1708 Twenty-seventh Street, are on a trip of a few days to Gallup, N. M., where they will see the Indian rain dance. Miss Devenport is on her vacation from the Roe Home and Auto Supply Co., and Miss Weathersbee is vacationing before beginning her school term at Fluvanna.

Mr. and Mrs. E. P. Rainwater, 1208 Twenty-seventh Street, Miss Wanda Jane Rainwater, and Mrs. Allen Stone and children went to Andrews, Tex., last week end. They visited with relatives, Mr. and Mrs. Frank Floyd and family. Miss Rainwater is now back at her post at Crowder-Hall Pharmacy.

Mr. and Mrs. Lloyd Botts from Amarillo visited here with Mr. Bott's uncle and family, the Dr. and Mrs. R. D. English, last week end. Dr. and Mrs. English also have with them their friends, Mr. and Mrs. Harold Nunn from Sulphur Springs, Tex. The Nunns will be here for an indefinite length of time.

C. T. McLaughlin has returned from an air trip to Canada. Accompanied by W. H. Peterson, vice-president of the Fort Worth National Bank, and Charlie Hillard of Fort Worth, Mr. McLaughlin flew in his plane to Calgary, Alberta, and after inspecting the Canadian oil fields, proceeded to Banff and Lake Louise.

Mrs. Bobby McCormick is the new clerk at the Williams' Jewelry store. Mrs. McCormick came to Snyder from Abilene recently as the bride of Mr. McCormick, who is manager of the Phillips 66 Super Station on the East Highway. The couple live near the station.

John Trost, owner of Town and Country Furniture store, has just purchased a Taylor craft single-engine two-passenger airplane. Mr. Trost will use the plane in business for his three stores, here, in Lubbock and in Tucson, Ariz. He will leave in it for Tucson tomorrow. The plane has a hangar at Winston Field.

Mr. and Mrs. Frank Berenson have just moved into their new home at 605 Thirty-second Street. Mr. Berenson is with Town and Country furniture store.

Mr. and Mrs. J. D. Abels, 2800 Avenue Q, spent the week end vacationing at Pilot Point, Tex. They took their two small children with them.

Mrs. Elma Browning, 2800 Avenue Q, has had as house guests her two grandchildren, Miss Ila Jean Browning and Butch Browning from Hermleigh.

Billie McKinzey who recently underwent an appendectomy at Roby Hospital is back at his job at Harris Pharmacy today. His parents, Mr. and Mrs. C. E. McKinzey from Bishop, Tex., left yesterday after coming here to visit during his illness.

Mrs. Jack Yeaman is in the Root Hospital, Colorado City, where, she recently underwent minor surgery. Her condition is reported to be excellent and she will be released from the hospital soon.

Mr. and Mrs. Fred Popejoy, route No. 2, Snyder, are the parents of a 5 pound, 13 ounces baby girl born last night.

Mrs. R. H. Curnutte, 2306 Thirty-second Street, recently returned from a three-week trip to North Hollywood, Calif., where she visited with her daughter, Mrs. Ivan Dodson. House guests this week in Mrs. Curnutte's home are another daughter, Mrs. Donald Mahler from San Antonio and her two children. Mrs. Mahler came to Snyder to be near her sister, Mrs. Jack Yeaman, who is in the Root Hospital, Colorado City.

Mr. and Mrs. Charles Egner, 1010 Twenty-eighth Street, have as house guests this week Miss Ana Pruzekup and Frank Mihalik from Detroit. Miss Przekup is a reserve in the Women's Army Corps and expects to go on active duty at any time. Mrs. Egner, who was a WAC staff sergeant in World War II, served in the same detachment with Miss Przekup.

Mr. and Mrs. Dale Warren from Colorado City were in town one day this week visiting with Mrs. Allen Warren, Warrencrest.

Mr. and Mrs. J. C. Stinson and their grandson, Joe Dave Scott, are in Carlsbad, N. M. and Ruidoso, N. M., this week. In Carlsbad, Mrs. Stinson is visiting her sister, Mrs. Bill Collins, and in Ruidoso the party will stay with Mr. and Mrs. W. M. Scott, Mr. Scott's paternal grandparents.

NEWS FROM FLUVANNA

BY MRS. C. A. DAUGHERTY

Mr. and Mrs. R. V. Daugherty spent Saturday through Wednesday visiting relatives and friends in Bell County.

Mr. and Mrs. Fred Givens of Austin arrived here Saturday to visit Mr. and Mrs. Jess Bley, here from Missouri. Mr. Givens returned to Austin Sunday, and Mrs. Givens remained for a longer visit.

Joe Sneed of Westmoreland, Calif., is here visiting relatives.

Mr. and Mrs. Bob Reeves of Mason are visiting J. T. Reeves and other relatives here.

Mr. and Mrs. Henry Shows and children of Norwalk, Calif., visited Tuesday with friends here.

Mr. and Mrs. Riley Miller attended the junior rodeo at Post Wednesday. They were accompanied by Miss Dewey Faye Everett of Snyder. Ralph Miller entered in one of the events.

Mr. Opal Evans and son of Houston were here Tuesday visiting his brother, Bunyon Evans and family, and transacting business.

NEWS FROM UNION

By MRS. J. B. ADAMS

Guests in the J. E. Woodson and D. B. Clendening homes this week were Mrs. G. W. Kelley and Miss Bette Gordon of Kaufman and Mr. and Mrs. A. L. New of Odessa.

Mr. and Mrs. David Connell of Hobbs, N. M., visited over the week end with home folks, the F. A. Connells and Homer Bentley.

Mrs. Lela Woodson left Thursday for an extended visit to Kaufman, Waco, and other points.

Mr. and Mrs. Thane Mebane and children are vacationing in California this week.

Mr. and Mrs. Bill Pate and boys are on an extended trip to Mexico.

Mary Vanzandt of Colorado City is spending the week with her grandmother, Mrs. M. H. Sanders.

Guy Seuter of Aspermont visited Sunday with his parents.

The Rev. Jack O'Neal and family and Raymond Lunsford and family left Monday on a vacation trip to Colorado Springs.

Elmer Bentley became ill Saturday night and was carried to Temple for medical treatment.

The revival at the Methodist Church is to begin Aug. 20, with the Rev. Mason doing the preaching. Everyone is urged to attend both day and night services.

Mr. and Mrs. B. R. Clendening and daughter of San Angelo visited Sunday with the D. B. Clendenings.

Mrs. Dee Myers and Mrs. J. B. Adams attended the wedding shower Thursday for Earlene Lloyd in the home of Mrs. Cone Merritt.

Mr. and Mrs. Bill Smith have bought a new home in Snyder and are moving this week.

Mary Jo Harrell of Snyder was a guest of Bette Gorden in the Clendening home Wednesday.

Walter Blue of Gordon, Tex., and his grandson, Scotty Fulford of Fredericksburg, Va., are here visiting relatives.

Mrs. Henry Wilhelm of California is here visiting Mr. and Mrs. Lee Lavender.

NEWS FROM MURPHY

By MRS. BEN WEATHERS

Mr. and Mrs. Ed Murphy and son, Brent Murphy, attended a reunion in South Texas last week.

Mrs. Luia Alexander and Mrs. Leona Weathers were Sunday visitors in the community.

Mr. and Mrs. Joe Parks and Mr. and Mrs. Walter Weathers visited Saturday night in the Ben Weathers' home.

Jimmy Joe Key spent Sunday with Leon Huddleston.

Mrs. Barbara Barrier is visiting her daughter, Mrs. Loyd Murphy and family.

Mrs. Cora Weathers spent the week end in the Harley Smith home.

The Rev. J. Cal McGahey of Palestine, Tex., and Cicero Peneley of Wayland College are in the revival meeting at the Knapp Baptist Church, assisted by the Rev. Altum.

Mrs. Clarence Carter and daughter left Saturday for a visit with relatives in Oklahoma.

Mrs. Ben Weathers last week received a Notary Public commission for Borden County.

Mr. and Mrs. H. A. Smith, Jr., were guests Sunday in the Harley Smith home.

Mr. and Mrs. J. G. Davis held their annual reunion last week end with 87 descendants present. Only two grandchildren were unable to attend.

Miss Ida Jo Hart, the daughter of Mr. and Mrs. Pete Hart, who live south of Snyder, is away on a vacation trip to Colorado Spring, where she is attending the rodeo. She is accompanied by friends, Mr. and Mrs. F. D. Hays.

Mr. and Mrs. George Killam have as guests today Mrs. Killam's parents, Mr. and Mrs. William Pickett from Lubbock.

Members of the Methodist Wesleyan Guild who went to Colorado City Monday night to join the guild there for a meeting were Mrs. J. D. Scott, Mrs. J. C. Stinson, Mrs. H. G. Towle, Mrs. Joe Payton, Mrs. Bob Dupree, Mrs. Leslie Bynum, Mrs. T. J. DeShazo and Mrs. R. H. Odom.

Tea For Miss Goss Planned At Ranch Home

Plans are going forth for a bridal tea shower to be given Miss Jo Alyce Goss tomorrow at the ranch home of Mr. and Mrs. R. J. Randals west of Snyder. Guests have been invited between the hours of 5 o'clock and 7 o'clock.

Miss Goss will be married Aug. 25 to Billy Bob McMullen. Honoring her at the tea are four hostesses, Mrs. W. E. Holcomb, Mrs. Randals, Miss Betty Lynn Gatlin and Miss Eleanor Irwin.

A program, planned around the "hearts" theme, will include a dance by Miss Clarice McGlaun and a song by Miss Jan Johnston. Plate favors, floral decorations and refreshments will carry out the same idea. Punch, cake and mints will be served from a buffet table.

Two hundred and fifty guests have received their invitations to the bridal fete.

Easy Test Determines Whether Can Opener Is Cutting Properly

One of the most used gadgets in the kitchen is the can opener. But it is doubtful, according to Mrs. Mildred Sparks, acting county home demonstration agent, that many homemakers ever check by a simple test to see whether the mechanism is cutting properly.

For example, Mrs. Sparks said, many can openers permit slivers of tinned steel to fall into the can's contents during the opening process.

Here is a simple check that one can easily make. Empty the contents from a can of food. Then wash and dry the can carefully. Hold the can firmly upon a sheet of white paper — with the opened end down — and open the bottom end of the can with the can opener that you are checking.

Any slivers of metal released by the opener this time will fall upon the paper where they can be seen. If more than the barest amount of tinned steel shows on the paper, you'll know the can opener is not cutting as it should, Mrs. Sparks stated.

Mr. and Mrs. J. P. Tate and children spent last week end with Mrs. Tate's sister and family, Mr. and Mrs. Jack Hart in Marshall, Tex.

Mr. and Mrs. John Taggart, and grandson, 2526 Avenue R, have just returned from a few days visiting their daughter and family, Mr. and Mrs. S. O. Chaney in Carlsbad, N. M.

TALK OF THE TOWN

BY FRANCES BIOW

"Man works from Sun to Sun; Woman's work is never done!"

Any housekeeper is going to agree wholeheartedly with this verse, surely composed by a woman. There's a book just out, "How To Keep House," by Mary Davis Gillies, which has you believing woman's work might be done in a lot shorter time if you could master her short cuts and ways of efficiency on the home front. No matter your circumstances, she has the answer down pat.

* * *

She takes the case of Mrs. S, a hypothetical lady who belongs to six women's clubs, gathers clothing for a needy Greek society, is a pillar in the P.-T. A., turns her own five children out looking decent and fed, and greets her husband and world with a well-groomed look.

This fabled character leaves you breathless. It seems she does it (I'm not certain whether before or after reading this book) all with a little efficient planning.

Dishes are done once a day, cleaning once a week in a terrific swoop and laundering may accumulate weeks, then be done in an operation that goes from dawn to midnight with Mr. S. (a minor character in the story) pitching in as first mate.

Hers is not a normal schedule, but she used every trick of mechanical gadgetry known to date, relies heavily on lists concocted to combine lots of visits-in-one. Mrs. S. gets happiness from it, even though to the average femme it would prove exhausting. You could never say Mrs. S. was sitting at home, vegetating.

* * *

Mrs. X. is another type housewife, happy with it, but apt to grab relaxation from it if you don't watch her. To offset the week's drudgery cleaning bathrooms and polishing silver, she has worked out an elaborate Friday afternoon program, a morale lifter. She brushes, combs and washes her hair. She may have a special rinse or home permanent. Nails are manicured, and a facial indulged in. Maybe the whole works, a bubble bath, pedicure and any old luxurious treatment of the body lovely she can conjure up. This makes the usual jobs easier to take day after day.

The point the author brings home is the well-taken one that every woman has a particular capacity for and desire or lack of desire for homemaking. Whatever the degree or manner, she will and must do some housekeeping. Even if she has nothing more than a rented bedroom, she wants her lingerie fragrant and straight in the drawers. So, with the help of this book, she may decide to what extent she is going to Keep House and do it IN AN EFFICIENT WAY.

* * *

How to keep holidays, how to iron, how to make cocktail snacks, how to save the funiture from the children, what books and magazines to buy, how to snatch recreation, and how to get on with the neighbors ACCORDING TO YOUR NEEDS AND WANTS are gone into. A handy bible of womanly helpfulness. Sells $3.50, Harper & Bros., available through McCall's Magazine.

* * *

The only drawback about making a column from research in a book like this is that with its slick new jacket it looks like a latest novel and the boss, stealthily keeps passing troubled glances at you, wondering if now you've taken to reading love stories in office hours.

NEWS FROM IRA

By MRS. MABEL WEBB

Mr. and Mrs. Harvey Byrne and children of Oklahoma City arrived Saturday for a visit with his brother Joe Byrne and family.

Mrs. Jesse Grizzle and son Denney returned to their home in San Angelo after a weeks visit with her parents Mr. and Mrs. E. E. Carlile.

Mr. M. B. Peevehouse made a trip to Waco and moved his brother John Peevehouse and family here.

Mr. and Mrs. Charles Westbrook and small daughter of Crane visited her parents Mr. and Mrs. W. R. Ashmore over the week end.

Mr. and Mrs. Arville Moore and son of Kermit and Mr. and Mrs. John Moore of Odessa were visiting their sister, Mrs. Amil Kruse, and family.

Kay and Linda Byars were honored at a birthday party Monday afternoon at the Baptist Church. Games were played and refreshments were served.

Mrs. Marie Kruse, Mrs. Nettie Webb, Mr. and Mrs. Grady Sulter and Mr. and Mrs. Edgar Eades attended church at Knapp Monday night.

We are glad to report Mrs. Lois Kruse is much improved after a check up at Temple last week.

Mr. and Mrs. Frank Short of Union and Mrs. W. O. Webb visited Mr. and Mrs. B. F. Eades of Fairview Thursday afternoon.

The Baptist meeting will begin Friday night Aug. 11, with the Rev. Herbert Brown of Clayton, N. M., doing the preaching. The public is invited to attend these services through Aug. 20.

Tom Spears who was drilling in the Sharon Ridge oil field returned to his home in Odessa Monday.

The highway to Big Spring was completed Tuesday and highway workers will be leaving Wednesday.

Mrs. W. O. Webb was hostess at a Wearever supper in her home Friday night. Seven couples were there.

Mrs. Mattie Minor of Tyler is visiting this week with her children, Mr. and Mrs. Autry Eubank and Mrs. Carl Eades.

Mr. and Mrs. Frank Summa and son of Dunnmore, Pa., returned home Sunday after a two weeks visit with her grandmother, Mrs. Des Bryant.

Those from here attending the Bryant reunion in Big Spring Sunday were Mr. and Mrs. M. J. Bryant and son Will, Mr. and Mrs. Frank Bryant and children, Mr. and Mrs. John Webb, Mr. and Mrs. Lloyd Webb, Mrs. Des Bryant and sons Leonard, Elmer and Odell.

Visitors of Mr. and Mrs. Joe Byrne this week were his mother, Mrs. J. D. Byrne and Mr. and Mrs. Ralph Malone and daughter of Merced, Calif.

Mr. and Mrs. Lloyd Webb are visiting this week with relatives in South Texas.

Mr. and Mrs. Claud Dosier of La Porte are visiting his mother, Mrs. Annie Dosier this week.

Odell and Treva Moore of Snyder spent the first of the week with their aunt Mrs. F. S. Eades.

Melvin Howard of Pyote visited his parents, Mr. and Mrs. W. M. Howard over the week end.

Pierce Brooks Campaigning On Appeal for Government Economy

Pierce Brooks surprised many seasoned political observers when he came out on top in the 12-man race for lieutenant governor in the July 22 Texas Democratic Primary Election.

But the balding Dallas insurance executive and safety man wasn't surprised. He's convinced he and the people of Texas think alike on several questions — especially on elimination of "waste and extravagance in government."

That, and opposition to new taxes, is the crux of Brook's platform. Now he is carrying his appeal to the people again in the campaign which leads up to the Aug. 26 second primary.

Brooks' opponent in the Aug. 26 balloting—the man who ran second-best in the first primary—is a sage political veteran, Ben Ramsey of San Augustine. Ramsey got his political know-how in office. Brooks got his running for office.

The chunky businessman with the round face and thinning red hair has been trying for public office since the middle 1930's.

All this time he has preached economy in spending the tax dollar, streamlining governmental machinery and elimination of waste. He's also for more paved rural roads, more rural telephones, and opposedoiimcee dnna -ztnandiasiloecast es socialized medicine and nationalization of natural resources.

Brooks now 49, was born on an Alabama farm in 1900 and attended school there. Soon after the first world war he and his family moved to Tyler in East Texas. While in his early twenties he moved to Dallas.

As a youth Brooks was a newsboy, grocery clerk, waiter, oil well driller and farm helper. He won a certificate for not missing Sunday school for ten years.

In Dallas, his energy and resourcefulness soon won him a place. He organized an insurance company, founded the Texas Safety Council of which he is president) went into the real estate business and got interested in politics.

He first stumped the state in 1934. He wasn't seeking public office then. He campaigned at his own expense in behalf of a constitutional amendment calling for old age pensions, aid for the needy blind, the destitute children and participation in the teachers' retirement fund.

Then he decided the only way to gain his objectives was to get in public office. In 1936 he ran for governor—and lost. In 1938 he ran for lieutenant governor—and lost. (He led Coke Stevenson in the first primary but lost the second primary after a freak whirlwind upset his campaign trailer and severly injured his back.) In 1940 he ran for railroad commissioner—and lost. The same thing happened in 1942.

This won him the reputation of being the smartest Texas politician who ever lost a race.

One of the things he learned was that prospective voters like to be entertained. He was the only candidate in the first primary to set his campaign to music. Singers and musicians—versed in popular hillbilly and religious songs—were a part of his caravan.

When the music died Brooks became deadly serious:

"The state is overspending its prospective income at the rate of $6,000,000 a month. I believe through the elimination of waste and extravagance, by spending the a full dollar's value for every dollar spent, the state can buy all needed supplies and equipment, pay adequate salaries to all essential employees, take care of the old folks and provide all essential services without any new taxes."

Prelate Bans Services At Scene of Vision

LA CROSSE, Wis., Aug. 10. (AP) — A Roman Catholic Church prelate yesterday banned special religious observances at Necedah Aug. 15, when Mrs. Anna van Hoof has said the Virgin Mary will return in a vision.

Bishop John P. Treacy of the La Crosse Diocese also warned members of his faith that their presence at the anticipated vision "may bring dishonor to the traditional devotion to the Mother of God" on that date, a church holy day.

CLAIMS VISION

Mrs. Van Hoof claims to have seen the vision of the Virgin six times since Nov. 12 in the yard of her farm home. The 40-year-old mother of seven children maintains that on June 16, the most recent occasion, the virgin promised to reappear next Tuesday and Oct. 7.

The Rev. Joseph Finucan, secretary to Bishop Treacy, said persons from outside the diocese had made tentative plans to hold a field mass to accommodate up to 100,000 persons expected at Necedah. There is only one small Catholic church in the Central Wisconsin village of less than 1,000 population. Special trains from Appleton, Chicago and Milwaukee had been scheduled to bring throngs to the community.

"Formal investigation of the alleged apparitions at Necedah reveals more conradictory evidence and further indicates that the claims are of an extremely questionable nature," Bishop Treacy said in a statement.

NO EXERCISES

"No religious exercises of any kind whatsoever will be permitted at Necedah on Aug. 15 excepting the two usual parish masses at St. Francis Church," the statement added.

"Catholics are reminded that Aug. 15 is a Holy Day of Obligation (the Feast of the Assumption of the Blessed Virgin to Heaven) and they must attend holy mass.

Engagement of Miss Coffee, Mr. McDaniel Is Announced Here

Announcement of the engagement and approaching marriage of their daughter, Miss Shirley Beth Coffee, is being made by Mr. and Mrs. J. W. Coffee, who live north of Snyder. Miss Coffee will marry Claude U. McDaniel, Jr., the son of Mr. and Mrs. C. U. McDaniel, who also reside near Snyder.

The nuptials are scheduled for the early part of September..

Mrs. Coffee, a native of Snyder, graduated from Snyder High School and attended Abilene Christian College, Abilene, two years.

Mr. Coffee is from Hobbs, N. M. He is employed at John's Drilling Company.

The couple will make their permanent home in Snyder.

Texas Congressman For Exiling All Disloyal

WASHINGTON, Aug. 10. (AP) — Americans convicted of treason or other acts of disloyalty should be exiled on some Far Pacific outpost, says Rep. Burleson (D-Tex).

He told a reporter he is preparing a resolution which would call on the government to send such persons to some lonely island where they could reflect long and well on their sins.

Rolls may be frozen baked or unbaked, but the unbaked ones don't always turn out so well.

AUGUST 10

Six Families Attend Tenth Reunion Of Von Roeder-Ohlendorf

The Von Roeder-Ohlendorf annual reunion, held near San Marcos last week end, attracted six Snyder families.

The large two-family reunion has been held the first week end in August for the last 10 years, and is a colorful event. This year more than 150 people attended, bringing their camping equipment and spending the four days on the banks of the San Marcos river.

Going from Snyder were Mr. and Mrs. C. N. von Roeder, Mr. and Mrs. Nolan von Roeder, Mr. and Mrs. Milton Brooks, Mr. and Mrs. Jim Sorrells, Mr. and Mrs. Ed Murphy, and Rudie Richter.

Each year the families contribute something to imporve and beautify the camp grounds, and this year they constructed a long, modern shed for shelter.

Locations Are Staked for 27 Scurry County Tests for Oil

Twenty-nine West Texas Counties shared locations during the week of July 23 to July 29 for 126 tests for oil, including 20 wildcats. The preceding week listed 102 tests for oil, including nine wildcats, in 21 counties.

Totals for the first 30 weeks in 1950 became 2,560 in proven areas and 459 for wildcats, a grand total of 3,019. This is a weekly average of 100.6, up from 99.7 through the twenty-ninth week.

Runnels County led in wildcat locations with four, Crockett added three, Dawson, Pecos, Scurry, and Sutton two each, Andrews, McCulloch, Reagan, Reeves, and Tom Green one each.

For the forty-third consecutive week Scurry County led in field starters withh 27, Crane, Ector, and Runnels added seven each, Tom Green six, Andrews, Pecos, and Yoakum five each, Borden, Crockett, and Garza four each, Dawson, Howard, and Upton three each, Gaines, Kent, Sterling, and Terry Counties two each, Cochran, Coke, Hockley, Loving, Reeves, Schleicher, Ward, and Winkler Counties one each.

ANDREWS COUNTY

Kelley-Snyder And Diamond M Wells Slated

Byrd-Frost, Inc., Pan-American Production Co. and Standard Oil Co. of Texas have each slated a project for the Kelley-Snyder field of Scurry County.

H. L. Hunt will drill two ventures on the northwest edge of the Diamond M-Canyon field in the southwest portion of the county.

Byrd-Frost will start immediately on the No. 1 Arnett, 467 feet from north and east lines of the northwest quarter of section 291, block 97, H&TC survey, seven and one-half miles northwest of Snyder.

The Standard project will be the No. 4-14 Mrs. Jessie W. Brown, 467 feet from south and 660 feet from east lines of the northeast quarter of section 496, block 97, H&TC survey, 10 miles north of Snyder.

H. L. Hunt No. 1 J. R. Canning will be spudded immediately 467 feet from east and 605.5 feet from south lines of the northeast quarter of section 147, block 25, H&TC survey, three and one-fourth miles northwest of Knapp.

The same operator's No. 2 Canning will be dug 2,360 feet from east and 606.5 feet from south lines of the north half of section 147, block 25, H&TC survey, three and one-fourth miles northwest of Knapp.

All the above Scurry County ventures are to be drilled to estimated depths of 7,000 feet.

Angus Gets Wildcat

PALESTINE, Aug. 10. (AP) — R. A. Purifoy, Corsicana oilman, has filed application to make a wildcat exploration inside the town of Angus, Navarro County. The test is scheduled for 1,500 feet.

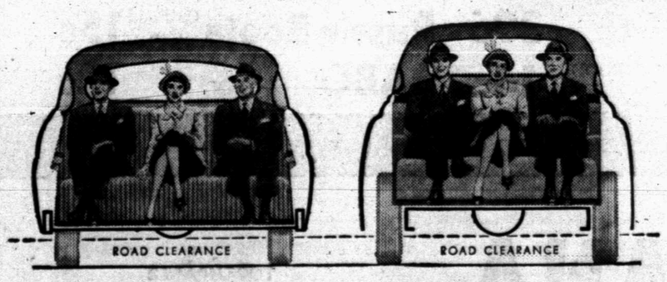
How Hudson, with exclusive recessed floor, brings you the world's Best Ride



HUDSON

"Step-down" design, with its recessed floor, brings space between frame members, which is wasted in other cars, into Hudson's passenger compartment. This results in America's lowest center of gravity (and full road clearance) for a smoother, steadier, safer ride than is possible in any other car!

OTHER CARS

Floor is on top of the frame, so the vital space between frame members is not available for passenger use. This creates a higher center of gravity which results in less stability, less smoothness as you ride, particularly on curves, in cross winds and on rough roads.

YOU ARE especially invited to try a Hudson ride, to enjoy a new way of going not available elsewhere at any price!

Hudson's new way of building automobiles with exclusive recessed floor ("step-down" design) results in America's lowest center of gravity—which is the key to the steadiest road-hugging ride ever known!

Hudson's exclusive recessed floor also results in low-built, streamlined beauty. Right along with full road clearance, it brings you more head and seating room than in any other car!

And brilliant, high-compression engine performance, a traditional characteristic with Hudson, is another engineering triumph that makes riding in this great car the outstanding automotive experience of the year! Won't *you* try it soon?

HUDSON
MOST ROOM! BEST RIDE! SAFEST!

The new, lower-priced Pacemaker brings you all of Hudson's great advantages for Just a Few Dollars More Than The Lowest-Priced Cars!

*Hudsons, with recessed floors, their great array of high-quality, long-life features, and advanced design, are among the leaders in resale value, as shown by Official Used Car Guide Books!
