HANSFORD PLAINSMAN

VOLUME 9, NO. 39

THE HANSFORD PLAINSMAN, SPEARMAN, TEXAS 79081

SUNDAY, JULY 23, 1978

Thanks!

We wish to take this opportunity to thank everyone who helped make our Swim Meet such a success last Saturday.
The Spearman Swim Team

Bloodmobile To Visit Here

Circle July 27th for more than one reason but perhaps the most important is the scheduled Hansford County visit of the American Red Cross Bloodmobile which will be in Spearman at the Parish Hall of the Sacred Heart Catholic Church between the hours of 10:00 A.M. and 3:30 P.M.

This, along with the beginning of the Hansford County Round-Up Days, should indeed make this a "red letter day" for everyone in Hansford County. The visit of the Red Cross Bloodmobile may perhaps be the most important of the year for there is discussion of returning to the once-a-year-plan of blood donating for Hansford County in order to encourage everyone to help meet the quota set.

"It's summer time 'tis true and many blood donors will be on vacation or devoting extra time to things agriculture," said Mrs. Preston Smith, Hansford County Blood Chairman, in announcing the upcoming Bloodmobile visit. "But the need for blood does not take vacations—and the need for blood to help or save the sick or

injured of our communities and our state continues."

Mrs. Smith went on to say that past records indicate that there is a decline in the number of persons donating at the Bloodmobile visits during the summer. We can't allow that to happen here if we are to meet our goal of 120 units.

Who can donate blood? Any healthy individual between 17 and 65 who weighs at least 110 pounds. Minors in Texas (and Oklahoma) require signed permission of parent or guardian to donate blood at 17.

The entire process, including a delightful 15 minutes in the well-stocked (free) canteen area following a donation, usually takes less than an hour. A prospective donor moves along what is called the "Donor beltline" where pulse and body temperatures are checked and a short medical history is then taken as well as having blood pressure and hemoglobin checked (all amounting to in the neighborhood of perhaps \$10.00 to \$15.00 if you pay a visit to your own physician so you really are making money while giving!).

After these simple tests are made and the prospective donor

is okayed, the unit of blood is drawn by a nurse, a procedure which takes less than 10 minutes and during which you can relax and let the rest of the world go by!

Following your life-saving donation, you are served light refreshments in the canteen area and then may resume normal activities.

The Red Cross Bloodmobile is coming to Hansford County once this time for this 1978 year. Residents may schedule appointments for the July 27th visit by contacting in Spearman Hazel Stumpf, 659-2109, or Susan Delk, 659-2917; and in Gruver, Mrs. W. L. Maupin, 733-2564, Mrs. Bob Crawford, 733-2740, or Mrs. Dave Arrington, 733-2983.

In the Gruver area members of the TOPS #643 are calling everyone to check for blood donors and to make reservations if one would like. The first hour in the morning and noon-time are the most crowded times generally and if this is the only time one can give, it is best to make reservations.

Remember, that with the exception of the paid personnel from Wichita Blood Center, all of the labor is for love of you by many of the volunteers who spend hours in setting these visits up; giving of time, money and effort in the way of foods and supplies; but mostly love of others. Do your share, if you can, give blood—next best is to give your time and efforts so that others may live.

"Join the 'rare birds,'" reiterated Mrs. Smith, "and note the Wichita Regional Red Cross Blood Program's recruitment theme. I challenge the residents of Hansford County to become summer blood donors—a really special and great flock of rare birds."

Farm, Ranch Safety Week Proclaimed

AUSTIN—Governor Dolph Briscoe has proclaimed July 25-31 as Texas Farm and Ranch Safety Week, centered around the proposition that "good farm and ranch management prevents farm and ranch accidents." Purpose of the week-long observance is to call attention to the needless accidents which result in over 100 occupational-related deaths and 10,000 occupational disabling injuries occurring annually to Texas farmers and ranchers.

Governor Briscoe pointed out that today's farmers and ranchers understand the importance of management as it relates to efficiency, productivity, and profits. In the face of potential

tragedy and loss resulting from accidents, "accident prevention must be a farm and ranch management goal," observed the Governor.

Today, more than ever before, farmers and ranchers must get the most out of their capital and labor, and deal successfully with the ups and downs of the marketplace. An accident resulting in personal injury or equipment damage can often make the difference between a profit and a loss. Safety management is as important to every farm and ranch operation as is other aspects of production management.

The Governor noted that although there is no easy answer to the prevention of all accidents, many, if not most, accidents can be controlled through the use of safety work procedures and the use of safety equipment. Farmers and ranchers must keep informed about accident prevention methods, seek to acquire equipment with safety built into their designs, and know applicable safe practices as well as the requirements of laws concerning employee health and safety.

During Texas Farm and Ranch Safety Week, July 25-31, and every week during the coming year, Governor Briscoe urged every farmer and rancher to make accident prevention a part of every activity. Further, he urged persons, organizations, and suppliers who work with or serve agricultural producers to assist with every possible means to reduce the deaths and injuries resulting from farm and ranch accidents.

Reunion Slated For Aug. 12

Old Timer Reunion held in conjunction with Sherman County Fair is slated for August 12. Program and crowning of Old Timer King and Queen is set for 2 p.m. in the Mary Allen Elementary School of Stratford. Royalty this year are Mrs. Arthur (Kathleen) King and Newt Crabtree, both of Stratford. Mrs. King has been a resident of Stratford since 1907, coming by train when she was nearly three years old. Mr. Crabtree, who also arrived by train, settled in Murdock Community, now Kerrick, in 1916.

The royal pair will ride in the 11 a.m. parade, then enjoy Lion's Club barbecue at the County Barn along with everyone else. Program theme is "When We Were Younger—The Golden Age of Radio" and features "soap operas" and songs of the 30's by Prospectus All-Girl Chorus. Mrs. Fred McDaniel is general chairman for Prospectus Study Club who annually sponsors the event.

Hospital

Patients in Hansford Hospital are Chester Mitts, Michael David, Hannah Johnson, David McMullan, Blanche Taber, and Michael Pack. Dismissed were Sharon Wilson, Dorothy Welch, and Kelli-ann Bynum.

Julie Farr

Julie Farr Places Fifth in Contest

Julie Farr placed fifth in competition for home environment activities during the state 4-H Round-Up last month.

Julie's demonstration "Give Your Home A Housewarming" was based on energy saving in the home. She placed fifth out of 19 participants in the contest.

Julie, the 15-year-old daughter of Mr. and Mrs. Bob Farr, was sponsored by the Home

Demonstration Council on her trip to Texas A&M University, where the competition occurred. She is in her sixth year of 4-H work.

Members of the panel which judged Julie's demonstration commented that she had a "very creative, timely subject matter and well-done visuals," according to a letter received by Peggy Winegarner, county extension agent.

Funny Money Begins Route in Spearman

Counterfeit \$20 bills which have been circulating through the area have begun to surface in Spearman, said Spearman Police Chief Steve Wisniewski.

Counterfeit bills with different serial numbers have been discovered in Clayton, Berger, Dalhart and Dumas, he said. One has been found in Spearman.

The counterfeit bill found in Spearman was discovered mixed with other bills in the Thriftway Food Store in the Plains Shopping Center Friday

morning, said Wisniewski.

The bills circulating in the area have the number 124 in the lower right-hand corner, said the police chief. The fifth column from the left on the White House on the back of the bills has "what appears to be a small crack near the base," he said.

If anyone finds he is in possession of a bill with markings similar to these, he should try to find where he got the bill and report the bill to the police department immediately, said Wisniewski.

Annual Bake-Off Contest Slated for Saturday

The Hansford County Home Demonstration Council will hold a Bake-Off Saturday morning, July 29 on the courthouse lawn. Anyone may enter in either of these categories: pies, cakes, cookies, sweet breads, and yeast breads.

Entries must be in place at 8:45 a.m.

Judging will begin at 9 a.m. by the County Commissioners, Garland Head, Joe T. Venneman, George Lowe, B. J. Reamer and County

Judge R. L. McClellan.

After the judging is completed at 10:30, all items will be for sale. The proceeds will go to the council. This is their main money-making project and they urge everyone to participate and to buy.

The Hansford County Home Demonstration Council is a service organization. Anyone wanting to know more about home demonstration clubs or the Bake-Off, may contact Peggy Winegarner, County Extension Agent.

Round-Up Plans Listed

THURSDAY, JULY 27

The Hansford Roundup will begin Thursday, July 27, with the Miss Hansford County Contest which will be held in the Spearman High School Auditorium at 7:30 p.m. Mr. Bob Davis, from Amarillo, will be the Master of Ceremonies. There are 19 contestants for this year's pageant. The Miss Hansford County Pageant is sponsored by Xi Zeta Upsilon Sorority of Beta Sigma Phi. Lavonne Kunselman, Miss Hansford County for 1977, will present the 1978 Miss Hansford County with her crown.

FRIDAY, JULY 28

A Teen Disco Dance will be held Friday, July 28, from 8 p.m. until 12 at the YMCA building at Fifth and Hazelwood and will be sponsored by the YMCA.

SATURDAY, JULY 29

On Saturday, July 29, a Sidewalk Sale will begin at 8:30 a.m. with businesses and clubs and organizations having booths to sell their wares. Everything from new shoes to home made hot tamales will be sold on Main Street.

At 9 a.m. the Golden Spread Center, for people 55 years of age and older, will be dedicated. Mayor Ralph C. Blodgett and Clay Gibner will speak and help cut the ribbon.

The senior citizens have been working diligently for two months on arts and crafts items that will be on sale Saturday and the proceeds will help pay for the remodeling and decorating of the Center which is located at 14 S. Haney.

A radio-thon was held earlier

this year to raise \$8,000.00 for the down payment on the building. The response was overwhelming—\$17,000.00 was raised in 8 hours. The response from the community towards this facility has been fantastic.

At 9:30 a.m. the Old Timers Reunion will be held at Joe Trayler Ford. The old timers will register and coffee and cookies will be served.

At 10:30 a.m. the parade will leave the Shopping Center and will arrive downtown at 10:45 a.m. Debbie Benton, Chairman, announced that the theme for the parade this year is "One Country, Many Nations."

At 11:30 a.m., the Bar-B-Que will be served around the Court House. The American Ag members will cook the Bar-B-Que this year. Tickets are \$3.00.

The Fiddlers Contest and street entertainment will begin at 12:30 p.m. on the Court House square. There will be a hog calling contest, singing, bingo and a dunking booth all on the Court House Square.

Everyone is invited to eat their Bar-B-Que and spend the afternoon under the beautiful shade trees.

At 3:00 p.m. the Stationmaster's House Museum has been designated as an Historical Site by the Texas Historical Commission and a dedication will be held at the Museum. Max Sherman, President of West Texas State University will be the featured speaker.

The Rodeo will be held Saturday, July 29 at 8 p.m. The Triple M Rodeo of Spearman will provide the stock for the amateur rodeo. Admission is \$2.00 adults and \$1.00 for children. Books open Tuesday, July 25 at 9 a.m. in the Chamber of Commerce office at 303 Main or call 659-3330. The rodeo will be held Saturday night and Sunday afternoon at 3 p.m. in Oscar Archer Arena.

The Rodeo Dance will be held in the Community Building from 9:00 p.m. until 1:00 a.m. with Rick Kirk and his band playing. Tickets are \$4.00 stag or \$7.00 a couple.

Grasshopper Spray Finished in County

The government-based program designed to help farmers rid their crops of damaging grasshoppers was scheduled to be completed Thursday or Friday, said Garland Stewart, county extension agent.

Stewart said about 150 thousand acres of Hansford cropland has been sprayed with Malathion since the program began July 10.

A total of eight planes were flying at one time during certain periods of the extermination process in an effort to finish the program before grasshoppers began laying their eggs.

Stewart said the spraying should help in reducing next year's population of grasshoppers as well as helping this year's crops.

The grasshopper situation, which was described as critical as the program began, has already faced improvement, as Stewart says dead grasshoppers were found dead within two

hours of spraying the fields.

Stewart said government inspectors will stay in the area for about one week to check for places skipped by the insecticide and for grasshopper kills.

If a ranch is found to have skips, Stewart said the skips will be resprayed if the skip is found soon.

The program was a cooperative effort between landowners, state and federal government agencies to help exterminate the grasshoppers.

Softball Tourney Planned

A benefit softball tournament is being planned to help raise money to defray the medical costs of David McMullan, who is suffering from terminal cancer.

McMullan, 21, has had surgery, chemotherapy, laser treatments in Mexico and is presently in Hansford Hospital. The Iowa Beef Processors, Inc., of which McMullan is an employee, is sponsoring the double elimination 3-2 softball tournament planned for July 30 at the Martin Road Complex in Amarillo to help McMullan with the cost of his medical treatments.

Employees of the Iowa Beef Processors have extended an invitation to any Spearman team who would like to compete in the contest. The company is requesting a donation of \$40, plus a playable ball for each game.

Donations for McMullan will be taken at the gate and the refreshment stand. Gifts from area businesses will be given away during some of the games. Barb Sharp, employee of Iowa Beef Processors, Inc. says the company would appreciate any support from the Spearman area.

Proceeds from the event will be deposited in the David McMullan Cancer Fund at the American National Bank in Amarillo. Donations should be sent to P.O. Box 30500, Amarillo, Texas, 79187, ATTENTION: Barb Sharp.

Scabies Case Reported Found in County

Five outbreaks of cattle scabies were confirmed in Kansas, Texas and South Dakota during June, U. S. Department of Agriculture (USDA) veterinarians reported.

In Kansas, one case was reported in Ford county. Three outbreaks occurred in Texas—one each in Castro, Hansford and Swisher counties. South Dakota had one case in Brookings county.

USDA's Animal and Plant Health Inspection Service (APHIS) said that state quarantines are placed on all affected cattle. The cattle are treated for scabies under state and federal supervision. The quarantines are not removed until scabies has been eliminated.

Since Oct. 1, APHIS confirmed 293 reported cases of scabies nationwide. During the previous October-June period only 122 cases were found.

Scabies is caused by tiny parasitic mites that puncture the skin of cattle and feed on the

body fluids released from the wounds. The wholesomeness of meat is not affected, but economic losses for cattlemen can result. The mites are killed by dipping cattle in an approved USDA pesticide.

All cattlemen are urged to check their stock regularly and report suspected scabies to their veterinarians or state or federal animal health officials.

New Markings on Main Street

City Manager Len Simpson and Chief of Police Steve Wisniewski, along with City employees marked off parking stripes on Main Street Wednesday evening. A crew of ladies had already cleaned all of the weeds from the streets and with the new stripes and clean streets, Spearman is getting ready for their biggest celebration in history next week-end.

Arts & Craft Sale

The Golden Spread Center Arts & Craft Sale will be Saturday, July 29 from 9:30 to 2 in their new building at 14 S. Haney. Many people in town are working on items for the sale which will benefit the center.

Beginning Monday, July 24 there will be someone at the center from 2 to 4 p.m. each day so that people may bring in the articles they are donating to the sale.

Be sure and go to the sale which is being held in conjunction with Hansford Round-Up Days next weekend.

Attention-Tennis Buffs?

Members of Alpha Mu Psi are planning another tournament for those addicted to the courts this summer in Gruver town with a Men's Doubles and a Women's Doubles slated to begin at 6:00 P.M. Thursday, July 27th.

Emphasis was made that partners would be drawn for the upcoming tournament. If there are enough entries there will be

A, B, and C divisions. A deadline for entries has been set for Wednesday, July 26th and may be made by calling 733-2866 (Fran Duncan) or 733-2598 (Sue Cooper). There will be a \$5.00 entry fee per person.

Play will begin at 6:00 P.M. both Thursday and Friday nights and for the remainder of the tournament depending on the temperature.

Soft Drinks At Barbecue

The Rebekah Lodge will be in charge of the cold drink booth at the Barbecue on July 29 at the County Courthouse from 11:30 to 7. They will be serving soft drinks and not ice cream, lemonade as was reported in Thursday's paper.

Hot Tamale Booth Planned

The Sacred Heart Women's Guild will have a 'Hot Tamale' booth at the Hansford County Round-Up Celebration on Saturday, July 29th.

Mrs. Petra Lozano is in charge of making the hot tamales.

Anyone interested in calling in orders before the celebration should call 659-2610 or 659-3614 in Spearman or in Gruver, Mrs. Pam Stork, 733-2009.

The price for a dozen is \$3.00.

Interested In Cow Calling?

Anyone interested in entering a cow calling contest to be held Saturday, July 29 in conjunction with the Hansford Round-Up are asked to contact Mary Schumann, 659-2178.

Men, women or children are welcome to enter.

Lawn Mower Care

Misuse and abuse of lawn mowers are costing owners countless dollars in repairs and replacement costs warns PERRY WASHINGTON of the WHITE'S HOME & AUTO STORE.

"We have one of the best lines of lawn care equipment available and with proper care and maintenance our lawn mowers will give years and years of satisfactory service," Perry said.

He added, however, that even the most rugged lawn mower is not engineered to cut tree roots, rocks, lawn sprinklers and loose debris. Washington warned not only is an owner shortening the useful life of his mower when he fails to clear a lawn properly before mowing, he is risking serious injury from flying objects hit by the whirling blades of the mower.

The two most neglected parts of a lawn mower are the blades and the air filter, the White's owner noted. His advice:

Replace the blade each year if the mower is used once or twice each week during spring, summer and fall months. An improper balanced blade will cause excessive vibration when running and eventually damage the mower.

After prolonged use, the blade's cutting edge also becomes dull which will bruise and split the ends of the grass and cause browning. When replacing the blade, use only a factory authorized replacement.

The air filter prevents the suction of dust, dirt and grit into the engine through the carburetor which will cause excessive

internal wear and eventually engine failure. It should be cleaned frequently according to instructions. Washington stressed the importance of reading the instructional manual that should accompany every new lawn mower.

Wheat Producers Directors To Meet

Texas wheat farmers reeling from the harvest of less than half of a 1978 crop but faced with declining prices due to the addition of 200 million bushels to the previous 1.1 billion bushel carryover stocks because of good yields throughout the rest of the Nation, will meet to map strategy for next year in

"By following the directions for care and maintenance carried in the manual, an owner will get full value from his purchase, he will be better satisfied by the mower's performance and his lawn will reflect his attention to its care and grooming," Washington said.

Bob Price Reports

AUSTIN—Sen. Bob Price has joined Sen. Tom Creighton of Mineral Wells in introducing legislation relating to the valuation of open-space land used to support the raising of livestock or production of farm crops or forest crops.

This legislation, known as Senate Bill 4, would provide that the value for ad valorem tax purposes of open-space land used to support the raising of livestock or production of farm or forest crops will be determined on the basis of the category of the land.

This method would make the tax value of the land proportional to its productivity. Under this legislation, the fair market value of the land would never exceed the value of the land as determined by other appraisal methods.

Price said, "I feel that Senate Bill 4 would provide a fair and equitable method of taxation for agricultural users of land. I am looking forward to working closely with Sen. Creighton to carry this bill to successful completion during this special session."

"I expect to testify before the Committee on Economic Development on behalf of this bill and I expect a favorable reporting of this bill out of the committee and to the full Senate."

Price continued, "In addition to this measure, we are perfecting legislation which will do away with the state gas tax on farm fuel for rural households as well as that fuel used in machinery for agricultural purposes."

two area meetings. Otis Harman, Tulia, President of the Amarillo based Texas Wheat Producers Association said that High Plains area county Association directors will meet in Amarillo Wednesday, August 2 at the Texas A&M Research and Extension Center. A similar session will be held for the Rolling Plains area leadership Thursday, August 3 at the Research and Extension Center, Southwest of Vernon.

Harman said that on June 27, Secretary of Agriculture Bob Bergland indicated that he would, by August 15, announce government program provisions for the 1979 wheat crop. At that time he invited individual farmers and their organizations to make recommendations for his consideration on such matters as the level of set-aside acres, if any, the desired level of price support loan rates, the National Program acreage, whether to graze set-aside and/or crop acreage and more. Harman said, "We will be asking the county directors to help draft a position statement on these and other items."

The Association officer indicated that Texas A&M Research & Extension personnel will outline current programs progress on wheat research and education activities and seek direction from the producer-leaders for priorities for future endeavors.

Jerry Rees, Executive Vice President of the National Association of Wheat Growers, Washington, D. C. will participate in both sessions which begin at 10:00 a.m.

The Texas Wheat Producers Association is supported by voluntary individual memberships of producers from throughout the commercial wheat producing area of the state.

"When in doubt, tell the truth." Mark Twain

Now, let's see whose name is that?--two-year-old Lee Bob Harper draws the winning ticket of Louis Schnell of Spearman for the Alpha Mu Psi's mini-Corvette at the 1978 Fourth of July Celebration. (Alpha Mu Psi mini-Corvette Chairman Frances Duncan at the right.)

Clouds and cooler weather hit the Spearman area Friday evening, with the hope of a cooler week end this Saturday and Sunday.

ELIJAH, the wooden Indian, is completed at the museum in Spearman. Please help pay for this beautiful addition to the museum. Stop by today and leave a donation at the museum or mail it to the newspaper.

Drive by the museum today and see the new Wooden Indian statue, in the front of the building. Be sure and bring in your donation to the statue!

TEXAS FARM & RANCH SAFETY WEEK July 25-31

These Farm and Ranch Safety
Week posters have been de-
signed to be used with feature
stories on this page or as sepa-
rate, one-column promotion art-
work for Farm & Ranch Safety
Week activities in your commu-
nity.

Briscoe Proclaims Texas Farm and Ranch Safety Week

AUSTIN — Governor Dolph
Briscoe has proclaimed July 25-
31, Texas Farm and Ranch Safe-
ty Week centered around the
proposition that "good farm and
ranch management prevents farm
and ranch accidents." Purpose
of the week-long observance
is to call attention to the
needless accidents which result
in over 100 occupationally relat-
ed deaths and 10,000 occupa-
tional disabling injuries occurring
annually to Texas farmers and
ranchers.

Governor Briscoe pointed out
that today's farmers and ranch-
ers understand the importance
of management as it relates to
efficiency, productivity, and
profits. In the face of potential
tragedy and loss resulting from
accidents, "accident prevention
must be a farm and ranch man-
agement goal," observed the
Governor.

Today, more than ever before,
farmers and ranchers must get
the most out of their capital and
labor, and deal successfully with
the ups and downs of the mar-
ketplace. An accident resulting
in personal injury or equipment
damage can often make the dif-
ference between a profit and a
loss. Safety management is as
important to every farm and
ranch operation as is other as-
pects of production manage-
ment.

The Governor noted that al-
though there is no easy answer
to the prevention of all acci-
dents, many if not most acci-
dents can be controlled through
the use of safe work procedures

and the use of safe equipment.
Farmers and ranchers must keep
informed about accident preven-
tion methods, seek to acquire
equipment with safety built-in
to their designs, and know appli-
cable safe practices as well as
the requirements of laws con-
cerning employee health and
safety.

During Texas Farm and
Ranch Safety Week, July 25-31,

and every week during the com-
ing year, Governor Briscoe urged
every farmer and rancher to
make accident prevention a part
of every activity. Further, he
urged persons, organizations,
and suppliers who work with or
serve agricultural producers to
assist with every possible means
to reduce the deaths and injuries
resulting from farm and ranch
accidents.

Golden Spread Club Has Social

Golden Spread Club had a social evening on Tuesday, July 18 at 6:30 p.m. at the Home Demonstration Clubhouse. Before dinner almost everyone had their blood pressure checked by Evelyn Mackie. Board members acted as hosts and hostesses. Blessing on the food was given by the Rev. Edward D. Freeman. Eleven men, thirty-five women, and two grandchildren were served.

Orville Brummett, president of the board, explained to the club the progress on remodeling and redecorating of the new building and plans for the dedication on July 29.

Marcia Murphy told about plans for the horse drawn wagon and the new senior citizens bus that will be in the Hansford Days parade. She also told about the bazaar to be held at the Golden Spread

Center on Hansford Day from 9:30 a.m. to 4:00 p.m.

Twelve tables of pitch, dominoes, and forty-two completed the evening.

Drawing on the chances on a micro-wave oven will be made on Old Hansford Day. If you have not bought your ticket, you can buy one from any member of the Golden Spread Club or member of the Center's board of directors.

Charter Bus To

"TEXAS"

Mrs. Viola Graves, agent for Continental Trailways here, announced that the company has 46 seats reserved for "TEXAS" on the evening of August 11. If enough persons are interested in going to the Palo Duro Canyon to see the performance there will be a chartered bus.

Cost of the bus fare and ticket is \$18.90.

This has been an annual event for persons in the area and is a convenient way to see the show.

Anyone wishing a reservation should contact Mrs. Graves, phone 659-3446.

Trap Shoot Set

For Sunday

There will be a jackpot trap shoot Sunday, July 23 at 1 p.m. at the Airport Trap Range.

Everyone is invited to come out.

Millionth Visitor Attends "TEXAS"

On July 12, the millionth visitor attended the musical drama, "Texas," in the Palo Duro Canyon, the great, million year old gash across the Texas Panhandle. This person was Treasa Melton of Madill, Okla., formerly of Levelland, Texas.

She received a special welcome and gifts in from of the crawling image of one of the area's giant prehistoric animals of one hundred million years ago. The gifts included sets of Medallions from the Canyon and Amarillo Chambers of Commerce; a week's vacation in one of the several interesting parts of Texas, made possible by the Discover Texas Association; the tooth of a Phytosaur, left nearby 260 million years ago; a Kalanchoe from the Irwin family marking the shipping of more than one million patented plants, like the ones decorating the theatre area; and a diamond, formed far in the earth over and million years ago. This diamond has been set in a Texas State charm.

Since the show began in 1966, visitors have watched, listened and thrilled to one quarter of a million seconds of "Texas," in a theater which would cost more than one million dollars to rebuild. They have watched one five-hundredth of a million people on this stage, eaten on third of a million barbecue dinners and drunk more than one million Cokes.

David Evans Is Scholarship Winner

DAVID EVANS, a 1978 graduate of Spearman High School, has been awarded a \$750 Clark Foundation scholarship by the Texas Interscholastic League Foundation. The Clark Foundation provided funds for 60 of the grants to be administered by the TILF this year.

Evans earned eligibility for the scholarship by participating in the UIL journalism contest, in which he placed eighth in the news-writing event in 1978. During his high school career, he also competed in the UIL typing, spelling and plain writing, poetry interpretation, one-act play, ready writing and band solo and ensemble contests.

Valedictorian of his graduating class of 75, Evans was president of the National Honor Society, editor of the school yearbook, and a member of the Speech and Drama Club, Lynx Band, Spanish Club, National Forensic League and Who's Who Among American High School Students.

He was named outstanding student in band, English II, geometry, English IV, American history, free enterprise and Spanish I, and was named "Outstanding Photographer" at a Texas Tech journalism workshop. Evans also was voted "Most Academic" and won the Danforth Foundation "I Dare You" Award.

His plans include attending Rice University and majoring in physics.

"We're proud to have David as a Clark Foundation scholar," said Dr. Rhea Williams, TILF secretary. "He has an excellent background of academic and extracurricular achievement and is, without doubt, among the finest of this year's high school graduates in Texas."

Kelly and Jacqueline, 2 grand-daughters of Mr. and Mrs. Claude Newell are visiting them this week. They are from Houston and near Ft. Worth, area.

Anniversary Event Set For Hardesty Couple

Mr. and Mrs. Herman E. James will be honored with a 35th wedding anniversary observance Sunday, Aug. 6, when their children will host a 2:30 to 5 p.m. reception in the Fellowship Hall of the Bethel Baptist Church, southeast of Hardesty. Friends and relatives are invited to attend the celebration.

The couple requests "no gifts, please".

Ethel Mae Holt and Herman James were united in marriage on Aug. 9, 1943 in Spearman.

Presbyterian Church News

There is a Sunday Church School Class for everyone every Sunday at 9:45 a.m.

"The Kingdom of Heaven Is Like This..." is the subject of Pastor Edward D. Freeman's sermon on Sunday, July 23 at the service for the public worship of God at 11:00 a.m.

The Rev. Lewis Koerselman, Jr. will be installed as the pastor of the First Presbyterian Church of Canadian on Sunday, July 23 at 3:00 p.m.

Presbyterian Men will have

their monthly prayer breakfast on Thursday, July 27 at 6:30 a.m.

There is a friendly welcome awaiting you at the First Presbyterian Church always.

Mr. Alfred Bowar, will visit Spearman, where his daughter Sandy now lives. He plans to visit with his daughter, Sandy, during the week.

Carnival Dates Delayed Hansford Roundup Plans Finalized

The carnival planned in connection with the Hansford Round-Up will not be in town until about a week after it was originally scheduled because of a misunderstanding between the Hansford Round-Up Association and the carnival company.

During a meeting of the association Thursday night, it was discovered the dates on the contract between the association and Schafer's Twentieth Century Shows of Dallas was listed as July 31-Aug. 5.

The dates were listed incorrectly as a result of poor communications and the show company will be unable to come to Spearman until July 31 because of a contract with another city

for the week of the round-up. Mary Lou Wysong of the Chamber of Commerce said the carnival will arrive July 31 and will probably stage the first entertainment about Aug. 2. She said the last day of the carnival will probably be Aug. 5.

Members of the Moose Lodge #2212 have agreed to sponsor children's games at 1 p.m., July 29 to help celebrate the round-up as part of the entertainment. Games planned by the Lodge will be named next week.

Parade marshal for the round-up was selected at the Thursday night meeting. Jessie Davis will head the parade with treats to be tossed to small children as the parade progresses.

Prizes for the best entries in the parade include \$100 for first place float, \$75 for the second place float and \$50 for the third place float. The three top winners in the bicycle competition will each receive \$5.

The theme for this year's parade will be "It's A Small World-One Nation, Many Countries". Winners in the parade will be chosen as the parade forms in the parking lot of the Plains Shopping Center and winning entries will be designated before the parade begins.

The parade is scheduled to begin forming about 10 a.m. July 29 with the parade to begin at 10:30. Wysong said the parade will start at the shopping

center, proceed down Highway 207 to Kenneth. The procession will go down Kenneth to Main and end in the parking lot north of Main.

The Borger Model Airplane Club is scheduled to display its radio controlled airplanes at the motorcycle track east of the high school at the 500 block of E. 11.

Wysong said the planes will begin flying about 9 a.m. July 29 and will fly all day, weather permitting. There will be no charge to watch the planes. She said members of the airplane club are members of the Academy of Model Aeronautics branch of the Federal Aeronautics Association and are licensed by the Federal Communica-

tions Commission.

There will be about 12-15 planes flying and the public is invited, Wysong said.

A barbecue will begin at 11:30 that morning, sponsored by American Ag, who will do the cooking. Cost for the barbecue will be \$3 for each person with pre-school eating free.

Rick Kirk Disco Tex will be featured in a disco dance planned for 8 p.m. to midnight July 28. Charge for the dance will be \$2.50 for each person or \$4 for a couple. The dance is sponsored by the YMCA.

A rodeo dance will be held from 9 p.m. to 1 a.m. Saturday with Rick Kirk and his band featuring mostly country and western music. Charge for the dance will be \$4 for each person or \$7 for each couple.

The Hansford Round-Up Rodeo is scheduled to begin at 8 p.m. Saturday and again at 3 p.m. Sunday. Admission is \$2 for adults, \$1 for children.

Joan of Arc was born in Domremy, Lorraine, which at the time of her birth was not a part of France!

Arthur Brown Dies

Arthur Brown, father of Mrs. Gary Davis, passed away in Sun City, Kans., at 12:30 a. m. Friday morning. Funeral services will be at 10:30 Monday morning, at Sun City Baptist, with burial in Sun City cemetery.

Survivors include, Mr. Brown's wife, and their daughter Mrs. Gary Davis of Spearman, four grandchildren, and one great grandchild.

RAINFALL FRIDAY NIGHT TOTAL .35

Official weatherman Billy Haden, reports .35 inches of rain Friday night and Saturday morning. The rain began at 10:30 p. m. Friday, and continued throughout the night.

Insurance Corner

Personal Liability

Insurance

the head of the household where the cousin resided.

If a child went to a neighbor's house and accidentally tore up some drapes, the damage would be paid for under his father's policy. Injury caused by a model airplane flying into a neighbor's yard would also be covered. This policy is usually so highly comprehensive that it is presumed to be all-inclusive.

This information has been brought to you as a public service by John R. Collard, Jr., your one stop answer to complete business and personal insurance protection. Life, home, auto, group insurance, and profit-sharing plans. See John R. Collard, Jr., 405 Davis St., Telephone 659-2501.

FB Supports

Tax Legislation

Waco - The Texas Farm Bureau supports all eight tax-reduction-related issues in the special session of the Legislature, according to actions of the TFB Board of Directors.

The Board, meeting here this week, interpreted Farm Bureau policies as being in support of four issues on which Farm Bureau had no exact position. Accordingly, the state's largest farm group now favors:

-- No tax measure without a two-thirds vote of Legislature.

-- Elimination of four percent sales tax on utility bills for residences.

-- Twenty percent reduction of school taxes for single family dwellings.

-- Empowering voters to initiate reduction or increase in state taxes by petitioning.

The four issues on which TFB already had a clear-cut position of support for are:

-- Limiting taxation of agricultural land according to its productivity rather than speculative sales value.

-- Increase in exemption on state inheritance tax.

-- Increase in homestead exemption.

-- Use of state revenue to reimburse local school districts for lost revenue because of reduced valuations.

TFB President Carol Chaloupka, in a letter to county presidents announcing the Board's actions, said that the organization's plan for having a constant stream of county Farm Bureau leaders in Austin is working well.

"Make your plans to participate," he told county presidents. "Your representative may tell you that he's looking after your interests in Austin, but your presence there will reinforce his support."
