

Phillips Will Dig Three San Andres Wildcats In Pecos

Phillips Petroleum Company spotted locations for three San Andres wildcats in Southeast Pecos County. The prospectors will be drilled in the area surrounding Phillips No. 1 Glenna, "tight" wildcat, bottomed at some point in the Ellenburger where it will make some sort of a producer, according to unofficial and unverified reports.

Phillips No. 1-F Puckett will be drilled one and one-half miles southwest of No. 1 Glenna, 660 feet from north and east lines of section 45, block 101, TC survey.

West Of Glenna Phillips No. 1-G Puckett was staked two and one-quarter miles west of No. 1 Glenna and 660 feet from north and east lines of section 53, block 101, TC survey.

Phillips No. 1-H Puckett is to be dug three miles northwest of No. 1 Glenna and 660 feet from north and east lines of section 53, block 101, TC survey.

All three sites are approximately 25 miles southeast of Fort Stockton. The test will be drilled to 3,100 feet or production in the San Andres.

Applications filed with the Railroad Commission of Texas call for immediate drilling on each of the wildcats.

Tide Water Stakes Wolfcamp Wildcat In NE Gaines Area

Tide Water Associated Oil Company will drill No. 5 A. E. Dickens as an 8,500-foot Wolfcamp wildcat in Northeast Gaines County.

The exploration will be drilled two and one-half miles south of the closest Wolfcamp production in the Adair field of Central-South Terry and Northeast Gaines Counties.

Drill site is 660 feet from south and west lines of the northeast-quarter of section 8, block C-31, pld survey and 15 miles south of Brownfield.

There are four San Andres producers on the lease where No. 5 Dickens is to be drilled.

Operations are to start at once.

Superior Finds Ellenburger Oil In Midland Test

The Superior Oil Company No. 4-18 J. D. Windham, three-quarters of a mile northeast of the nearest Ellenburger production in the Southwest Midland County side of the Pegasus multiphase field has shown as a producer and an extension to the reservoir.

On the latest drillstem test of the Ellenburger section at 13,096-178 feet was investigated. The tool was open one and one-half hours.

Recovery was 1,170 feet of heavily oil and gas cut drilling mud and 180 feet of pipe line oil. Some of the fluid which was recovered during the test unloaded while the drill pipe was being pulled out of the hole.

Open flowing bottom hole pressure was 1,460 pounds. Shut-in bottom hole pressure, after 15 minutes was 5,550 pounds.

The prospecter then deepened to 13,188 feet and is now running a drillstem test to that bottom.

A core from 13,178 feet to 13,188 feet recovered 9 1/2 feet of dolomite with shows of oil in fractures.

A previous drillstem test at 13,065-144 feet was open 40 minutes. Recovery was the 3,000-foot water blanket, 140 feet of oil and gas cut drilling mud and 90 feet of heavily oil and gas cut mud.

There were no signs of water on either drillstem test.

Location is 660 feet from north and west lines of section 18, block 40, T&P survey, T-4-S-1. It is 18 miles southwest of the city of Midland.

Two Deep Wildcats Are Slated To Be Dug In Schleicher

Locations for two Ellenburger wildcats have been staked in Schleicher County. Operations are to start at 60th projects in the near future.

W. W. Carter of San Antonio and associates No. 1 M. L. Jackson is to be four and one-half miles southwest of Eldorado and three miles southwest of the Page field.

To Go To 7,000 Feet It is located 330 feet from south and west lines of section 6, block 9, TW&NG survey. Scheduled depth for the prospect is 7,000 feet.

It is on a farmout from the Chicago Corporation and is to be supported by Sinclair Oil & Gas Company, Taylor Refining Company, The

House Votes Tidelands To States

Four Missing In Blast, Fire On Oil Tanker

WILMINGTON, DEL.—(AP)—An oil tanker loaded with 700,000 gallons of high octane gasoline exploded in flames early Thursday after colliding with a freighter in the Chesapeake and Delaware Canal.

The U. S. Coast Guard said four crewmen of the tanker, F. L. Hayes, were "missing and presumed dead."

The tanker's captain and five others of the crew jumped overboard and swam to shore.

The tanker still was aflame some 10 hours after the crash in its beached position on the canal's north shore, about 20 miles south of Wilmington. The stern of the 240-foot Hayes settled in the water.

Coast Guard officials said the Hayes, owned by I. S. Dushley & Sons, New York, and the 6,100-ton freighter, Barbara Lykes, collided shortly after midnight. They said the collision was "rather light," but that fire broke out on the tanker shortly afterwards.

A third ship, the Bull Line's Angelina, also became involved as blazing gasoline from the tanker spilled into the canal and set her afire. These flames were extinguished and the Angelina continued to its dock in Philadelphia. Two seamen were injured aboard the Angelina.

Grab Life Rings Roger Sears, Jackson Heights, L. I., captain of the Hayes, said he leaped into the canal although he couldn't swim.

"A couple of us—the included—could not swim. We grabbed life rings as we jumped. We paddled our way to the nearby shore. It took about five minutes in the water. Flames licked at us some of the time," he said.

The Hayes had picked up its cargo of gasoline at the Eagle Point Refinery, Westville, N. J., and was headed through the canal toward New York. The Angelina was following the Lykes, but bound for Philadelphia with a general cargo.

Captain Sears said he was approaching the vehicular span at Summit Bridge when he halted to (Continued on Page 16)

100-Degree Reading Wednesday Records Year's Hottest Day

Midlanders received a real taste of Summer Wednesday as the temperature soared to a seasonal high of 100 degrees. Wind reported 104 degrees.

CAA observers forecast some relief from the heat Thursday with high cloudiness prevailing. Strong southwinds were due with occasional blowing sand.

Drought-ridden communities planned action to relieve the shortening water situation as dry winds whipped much of the state.

San Angelo city officials were discussing purchase of about four million gallons of water from Spring Creek to augment the short San Angelo supply, the Associated Press reported.

Even if the water purchase was made, they said, only minor restrictions, "if any," could be lifted. The city has had water use under restrictions for weeks.

The purchase, estimated at a cost of \$135,000 would be made from 50 irrigationists between San Angelo and Merton. The water purchase would raise San Angelo residents' water bills by about 30 cents each per month, city officials estimated.

Midland will view modern war weapons in action Saturday as the city joins in the observance of Armed Forces Day.

Theme for the annual event is "Unity—Strength—Freedom." Midlanders will see a display of the nation's defense strength.

Midland Airport north of the city will be the center of the stage for

the day's program. The public is urged to visit the airport between 1 and 5 p.m.

But Midlanders will receive their first signal of the observance at 10 a.m. when Air Force jets swoop over the city. They are due from Big Spring Air Force Base. Six hours later the Air Force has promised to send over a giant B-36 craft.

Company E of the 112th Armored Cavalry, Midland's National Guard Company, will show its heavy weapons including the M-24 tank. Captain Mark Schuman is the commanding officer. He will be aided by Lt. Paul Jones in handling the Guard's part of the day's activities.

Commander James Martin of the Naval Reserve said the Midland electronics outfit will mirror its duties Saturday. Martin was a submarine commander in World War II.

Other branches of the service will be represented also by uniformed personnel.

Airpark facilities will be open for inspection. Soft drinks will be sold at the Officers Club.

Midland is one of more than 200 Fourth Army towns and cities preparing to observe the Armed Forces Day. The special observance came into being in 1950 when the President designated the third Saturday in May as the date for the joint event by the Army, Navy, Marine Corps and the Air Force.

LONDON —(AP)— The British government Thursday announced it will ban all radio advertising for another 10 years but left the door open to commercially sponsored television "when times are better."

Texas' July Draft Quota Set At 1,251

AUSTIN —(AP)— A Texas draft call for 1,251 men in July—more than three times the number called for June—was announced Thursday by Brig. Gen. Paul L. Wakefield, state Selective Service director.

A call for pre-induction examination of 2,500 men in July also was announced.

The July draft call will be filled with men 30 and older. Wakefield reported Texas has only about 300 examined and acceptable men 21 or older, which means the remainder of the 1,251 quota will come from the 20-year-old group.

Heavier Calls Due Pre-induction and induction draft calls will be mailed to local boards beginning Friday.

The June draft call was for only 384 men, and the induction call for July of last year was only 367.

Wakefield said the increase bears out his earlier prediction that draft calls would begin to rise this Summer and be heavier next Fall.

The July draft call is the Texas share of a national quota of 33,000. Local boards will not be able to induct any man below 30 with the exception of draft delinquents and volunteers.

As of the end of April, Texas had inducted 38,858 men since the start of the Korean conflict, and 91,000 men had been given pre-induction examinations.

Man Dies In Try To Save Pal From Fire DALLAS —(AP)— A 28-year-old service station attendant lost his life here early Thursday when he attempted to rescue a friend from a residential fire.

Drew McMahon died when he dashed back into his blazing home. Investigators said McMahon thought a friend who lived in an adjoining room still was in the house. The friend, Howard Fraser, had escaped but McMahon apparently didn't know it, officers said.

Array Of Modern Weapons Due On Armed Forces Day Midland will view modern war weapons in action Saturday as the city joins in the observance of Armed Forces Day.

Theme for the annual event is "Unity—Strength—Freedom." Midlanders will see a display of the nation's defense strength.

COMPOUND 76—Prisoners of war at Compound 76, where Brig. Gen. Francis Dodd was held prisoner four days, fly the enemy standard, the North Korean flag, high above the prison camp, top. Terms for release of General Dodd, posted on the compound fence, bottom, read: "We declared under joint responsibility that US Army will not kill again PW's of Korean People's Army and Chinese candidate—USA Brig. Gen. Dodd; USA Brig. Gen. Colson."

Clark Repudiates Colson Agreement With Red POW's

TOKYO —(AP)— Gen. Mark W. Clark Thursday repudiated the much criticized "Colson agreement" with Red prisoners of war on Kojima Island. "It has no validity whatsoever," Clark said.

The United Nations commander said Brig. Gen. Charles Colson, temporary prison camp commander, since removed, had no authority to "accept any of the vicious and false charges" made by the Reds.

Colson signed the statement to win the release of Brig. Gen. Francis T. Dodd, former prison camp commander. North Korean prisoners held Dodd hostage 78 hours last week. Communists now are using the agreement for propaganda in true negotiations.

General Clark announced Thursday: "The exchange of communications between Brigadier General Colson and the inmates of Compound 76 who were holding Brigadier General Dodd by force and violence has no validity whatsoever."

"The circumstances under which these exchanges took place from the very beginning were those of duress involving the physical threat to the life of a UN officer. Investigation made so far indicates that this affair was carefully prepared to manufacture propaganda for the purpose of belittling the whole prisoner-of-war issue at Panmunjom (truce) negotiations."

"General Colson's authority to deal (Continued on Page 14)

Hoosier Becomes Jet Ace No. 15 SEOUL, KOREA —(AP)— Lt. James H. Kessler of Indianapolis, an American Sabre jet pilot, Thursday turned a Red MIG-15 into "a ball of flame" and shot down another in a screaming 50-mile chase at tree-top level to become America's fifteenth jet ace.

Colson signed the statement to win the release of Brig. Gen. Francis T. Dodd, former prison camp commander. North Korean prisoners held Dodd hostage 78 hours last week. Communists now are using the agreement for propaganda in true negotiations.

Suits Protest Giles Ruling On Vacancies

Three rulings by the commissioner of the state land office—approving two vacancy claims in oil-rich areas around Midland and rejecting a third—were challenged Thursday in 70th District Court.

The protests to the ruling handed down last February by Commissioner Bascom Giles were contained in a trio of lawsuits filed with District Clerk Lucille Johnson.

The rulings protested were: Approval of a vacancy claim filed by James C. Wilson, Jr., Fort Worth attorney, to a 40-mile 559-acre strip of land running through the heart of the Sprberry trend.

Approval of a vacancy claim filed by Dr. G. Frank Dillon, Big Spring, to a two-mile strip in the Tex-Harvey oil field.

Rejection of a vacancy claim filed by Charles L. Krueger, Austin, to a similar strip in the Tex-Harvey oil field.

The filing of the three lawsuits marked the first legal action in connection with the vacancy claims.

In the first suit, T. M. Markham, identified as assignee of the Wilson claim, was named defendant in an action brought by C. A. McClintic, individually and as administrator for the H. L. McClintic estate; Mrs. (Continued on Page 16)

Glenn Gover Dies As Car, Truck Hit Near Denver City

Glenn L. Gover, 32, of Odessa, drilling superintendent for Hall & Stewart Drilling Company with offices in Midland, was killed in a truck-car collision about 3 p.m. Wednesday just out of Allred, near Denver City.

A companion, R. G. McClanahan, Odessa tool company employee, was hospitalized at Denver City. His condition is not considered serious.

Gover's arm was severed as the truck and car crashed side-wise. He also received head injuries, living only a few minutes. Gover was driving the car. The truck driver escaped serious injury.

Gover was a longtime employee of Hall & Stewart.

Funeral services will be held at 10 a.m. Friday from the East Side Presbyterian Church in Odessa. Arrangements are in charge of Hubbard Funeral Home.

Survivors include the widow and an infant daughter.

Liquor Price Lids May Be Terminated

WASHINGTON —(AP)— Government officials said Thursday price controls on liquor probably will be lifted soon because the industry faces a critical situation caused by over-supply and a sharp drop in sales.

Prompt Final Passage By Senate Seen

WASHINGTON —(AP)— The House Thursday passed and sent to the Senate a bill to give the states clear title to the oil-rich submerged coastal lands.

The bill is a compromise version of legislation previously passed by both the House and Senate in somewhat different form.

House passage came on a roll call vote of 248 to 89. The measure is substantially the same as that which Truman vetoed in 1946. The House at that time barely failed to muster enough votes to override.

The President has refused to say what he would do with the current proposal, but most Capitol Hill predictions are that he will use the veto again.

Whether a move to override a veto would be successful in the present Congress is anybody's guess. Chairman Celler (D-NY) of the House Judiciary Committee, which handled the bill, is a staunch advocate of federal ownership. He says the House likely can override, but that he thinks the Senate will sustain a veto. Senator Long (D-La.), ardent supporter of states' ownership, says he thinks there's a good chance a veto would be overridden.

It gives the states title to the lands beneath the marginal seas for a distance of three miles out from shore. In the case of Texas the distance is 10 1/2 miles because of conditions under which it joined the union; in the case of the Florida Gulf Coast, it also is 10 1/2 miles because of terms under which that state was readmitted after the war between the states.

The bill does not deal at all with the continental shelf, but beyond the states' seaward boundaries.

House Panel Sends Deficiency Money Measure To Floor

WASHINGTON —(AP)— A \$1,413,820,000 deficiency appropriation bill, most of it to foot Korean war costs, was sent to the House Thursday by its Appropriations Committee.

The total is \$61,600,000 less than President Truman had requested. Except for \$12,820,000 for the Labor, Commerce and Agriculture Departments and the Judiciary, the entire amount recommended is for the Army, the Navy and the Air Force.

WASHINGTON —(AP)— Government officials said Thursday price controls on liquor probably will be lifted soon because the industry faces a critical situation caused by over-supply and a sharp drop in sales.

CRANE—During the Chest X-ray drive, sponsored by the Study Club, 830 X-rays were made.

Plans were made to serve ice cream and cake at the first primary election July 21 at a meeting of the Catholic People's Society. The project is a finance drive toward building a church.

Dr. and Mrs. A. M. Wells of San Diego, Calif., visited her parents, Mr. and Mrs. W. B. Gunn of Crane, last week.

Seventy-six band and choral students left Friday for an annual trip to Ruidoso, N. M. They returned Sunday.

Mrs. Leland Cross, violin teacher of Odessa, and 13 students were guest entertainers at the Lions Club meeting Tuesday. Mrs. L. M. A. Chapman, head of the music department at the Odessa College, was the accompanist.

Baccalaureate services will be held at 8:15 p.m. Sunday in the high school auditorium for the 36 members of the 1952 graduating class.

New Appliance Firm Opened In Midland

Now open for business is the H. & L. Appliance, located at 1005 East Florida Street. It was announced Thursday by the owner R. D. Lawson.

The firm specializes in air conditioners by Sno-Breeze, Thompson and Culler coolers.

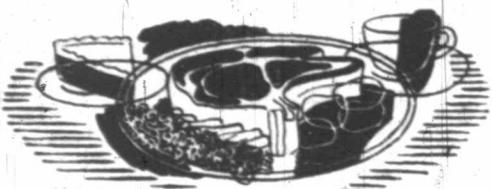

H. & L. Appliance also will install and repair air conditioners, Lawson said.

Paintings of Franz Hals and other artists often supplied the design for ceramic tiles made in 17th century Holland.

NEW FACES IN HOLLYWOOD—Movie cameras are now being focused on the Hollywood starlets, above, and you'll be seeing them on your local theater screens in the near future, according to Erskine Johnson, Hollywood correspondent.

Bride Has Several Reasons For Not Forgetting Event

LOS ANGELES (AP)—Marie de Carlo had a wedding she'll never forget, for many reasons.

First, hubby Christie De Carlo gave her a \$500 ring, furniture for their apartment, an elaborate wedding and a reception for 400 guests. De Carlo paid \$263 for liquor, \$92 for a wedding cake, \$75 for a caterer and \$65 for a band.

Second, De Carlo's checks bounced, even the one for \$12.50 for his rented tuxedo, police said.

De Carlo was arraigned Wednesday on charges of issuing 15 bogus checks totaling \$1,800. His perplexed bride wept, and said that, regardless, she still loves Christie.

Harry Shuford Named Bank Vice President

DALLAS (AP)—The board of directors of the Federal Reserve Bank of Dallas Wednesday named Harry A. Shuford vice president and general counsel of the bank.

Shuford has been counsel of the bank since Sept. 1, 1948.

The board also named G. R. Murff general auditor effective June 1, to succeed Leon Daniels, who resigned. Murff now is assistant secretary of the board of governors of the Federal Reserve System.

Breach Of Contract Charged By Holmes

LOS ANGELES (AP)—Milton Holmes, producer of the movie, "Boots Malone," charges in a million dollar breach of contract suit filed Wednesday that Columbia Pictures, Inc., reneged on its promise to exploit the film so it would be nominated for an academy award.

Crying Johnny Ray Says He'll Marry

CHICAGO (AP)—Johnny Ray, who cried his way to fame and fortune with emotional renditions of two songs, says he will be married May 25 to Marilyn Morrison in New York.

Ray, 25, said he and Miss Morrison, 22, daughter of a Beverly Hills, Calif., night club operator, agreed on a wedding date after a long distance telephone talk Wednesday.

"We finally made up our minds," the young singer said. Earlier Ray's manager said no definite plans had been made for a wedding as there was "no formal engagement." Ray ends a loop theater engagement Thursday and plans to meet Miss Morrison in New York Monday.

'Volunteers' Honor DeMille And Morse

LOS ANGELES (AP)—The Volunteers of America have honored Cecil B. DeMille for pioneering in the field of religious motion pictures and Carlton E. Morse for his "One Man's Family" show on radio and television.

Gen. Charles Brandon Booth, commander in chief of the Volunteers, presented scrolls for outstanding achievement at the organization's 56th annual Grand Field Council Wednesday night. DeMille is in the East, and his award was accepted by actor Henry Wilcoxon.

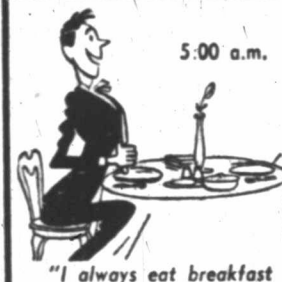

Chlorophyll, which causes the green color of plants, is found in a brown color in certain algae.

Barstow News

Mrs. Minnie E. Sewell had as her guest over Mother's Day her daughter, Mrs. T. B. Pruitt, and family of Pecos.

Students of the seventh, eighth, ninth and tenth grades held a hayride and chicken fry recently. Chaparrons were Jeannette Cook, Louise Carr and Joe Joiner.

Rueben Talley, dispatcher and weather operator at the Pecos Airport, recently returned from a vacation trip to Houston, San Antonio and Shreveport, La. He is the son of Mr. and Mrs. Alva Talley.

Mrs. Bob Turner and her parents, Mr. and Mrs. Bob Nutt, all of Carlsbad, N. M., were weekend visitors in Barstow.

Coffee Honors Club Officers

The Green Thumb Garden Club held a coffee in the home of Mrs. Evans Dunn Tuesday honoring the new and retiring club officers.

Mrs. Lloyd Inerarity was co-hostess. Guests were greeted at the door by Mrs. C. W. Chancellor, Jr. president, and Mrs. Dayton Bliven, president-elect.

The refreshment table was decorated with an arrangement of Spring flowers in pastel colors. Guests were Mrs. Earl Craig, Mrs. George Bush, Mrs. Murphy Baxter, Mrs. William Alkman, Mrs. David Googins, Mrs. W. C. Tillet, Mrs. Flake Thompson, Mrs. Jack Riggs, Mrs. Walter Walne, Mrs. Paul Haskins, Mrs. Charles Langdon, Mrs. O. E. Van Meter, Mrs. George Getty and Mrs. Van Houtbert.

Twenty members attended.

Pi Beta Phi Alumnae Install New Officers

Mrs. J. D. Martin was installed as president of the Pi Beta Phi Alumnae Association Wednesday at a meeting in the home of Mrs. Leland Thompson.

Other officers installed include Mrs. J. P. Cunningham, vice president; Mrs. J. D. Riggs, corresponding secretary; Mrs. E. K. Dodson, recording secretary; Mrs. H. M. Van Buskirk, treasurer; and Mrs. Cunningham, settlement school chairman.

Plans were discussed for a buffet supper May 23 in the home of Mrs. K. A. Swanson, 1509 Princeton Street. Reservations must be made before Monday noon.

TO ATTEND GRADUATION

Mr. and Mrs. A. S. Hollingsworth left Wednesday for Las Vegas, Nev., to attend the graduation of their son, Larry, from Henderson High School.

Mrs. Bunnell Is Club Hostess

Mrs. Sol Bunnell was hostess to the Wednesday meeting of the Midland-Odessa Gamma Phi Beta Alumnae Association.

Mrs. Roger Northrup presided at the business meeting. Mrs. Fred Kotyza was elected delegate to attend the forty-fifth biennial convention to be held June 23-29 in Cornada, Calif.

Plans were made for a barbecue to honor the husbands. It will be held May 23 in the home of Mrs. Kotyza.

Mrs. L. E. Patterson, Jr., became a new member. Others present were Mrs. Corrie Miffleton of Odessa, Mrs. John Cornwall, Mrs. John B. Richards, Mrs. Jack Warren, Mrs. W. G. Whisnand, Mrs. Dick Starr and Dorothy Jean Harris.

Coming Events

FRIDAY

The Youth of the First Methodist Church will have a supper at 6:15 p.m., recreation at 6:45 p.m. and worship service at 7:15 p.m. The Chancel Choir will practice at 7:30 p.m. and the Boy Scouts will meet at 7:30 p.m. in the fellowship hall.

The Children's Theater Class, eighth grade and up, will meet at 4 p.m. in the City-County Auditorium.

The Lula Brunson Class of the First Baptist Church will have a covered dish luncheon at the home of Mrs. Arnold Scharbauer, 1714 Holloway Street. A business meeting will be held at 11 a.m.

The Terminal Library's Children's Story Hour will meet at 3:30 p.m. in the library.

The Lula Brunson Class of the First Baptist Church will have a meeting of officers and group captains at 1:15 p.m. in the home of Mrs. R. E. L. Taylor, 116 West Malden Lane.

The Beginners Garden Club will have a luncheon at 1 p.m. in the home of Mrs. W. B. Ahlers, 2309 West Storey Street.

The Sashaway Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

Club 15 will have its meeting at 7:30 p.m. in the parish house of the Trinity Episcopal Church. All students of Junior High School age are invited.

The La Merienda Club will have a dinner dance at 7:30 p.m. in the Midland Country Club. Reservations should be made with Mrs. E. B. Dilley.

The Midland Service League will have a board meeting at 9:30 a.m. in the home of Mrs. Murray Fasken, 1804 West College Street.

SATURDAY

The Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

The Children's Story Hour of the Midland County Library will be held at 10:30 a.m. in the library's children's room. The Dunbar branch will meet at the same time.

The Rainbow Girls will meet at 3 p.m. in the Masonic Hall.

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, MAY 15, 1952-3

Fine Arts Club Hears Moore Speak On African Safari

The Fine Arts Club had for its guest speaker Wednesday John I. Moore who showed pictures and gave a commentary on his safari to Africa. Mrs. Paul Crandall was hostess.

Africa composes one-sixth of the land surface of the earth, Moore told the group. He hunted in a British protectorate where he contacted

17 native tribes. Plural marriage is common among these natives, he said. A man often is judged, he added, by the number of wives, sheep and goats he has. One of his pictures depicted a lake topped with enough sod for a person to walk on. Moore was introduced to the group by Mrs. Crandall.

Mrs. Gist Heads Welcome Wagon

Mrs. Jay Gist was elected president of the Welcome Wagon Club Tuesday at a meeting held in the Ranch House.

Other officers include Mrs. J. W. Benn, first vice president; Mrs. M. R. Proctor, second vice president; Mrs. F. C. Lochte, secretary, and Mrs. R. L. Prichard, treasurer.

Mrs. B. K. Bevil and Mrs. C. S. Neal, Jr., were hostesses and Mrs. Beuna Page was guest speaker. Prizes were won by Mrs. Lochte, Mrs. Proctor and Mrs. H. E. Wicker.

Approximately 50 members and guests attended. New members include Mrs. William Hughes, Mrs. Ralph Coleman, Mrs. Phillip Lundy, Mrs. W. L. Dickerson, Mrs. H. H. Morgan, Mrs. C. V. Helm, Mrs. H. L. Garrett, Mrs. James E. Lewis, Mrs. Austin Martin, Mrs. J. J. Gordon, Mrs. H. L. Fulghum and Mrs. Alvin Woody.

MIDLANDER SELECTED FRATERNITY SWEETHEART
Diane Moscrip, daughter of Mr. and Mrs. R. P. Moscrip of Midland, has been named sweetheart of Kappa Sigma Fraternity, a member of Chi Omega Sorority.

Beauticians Unit 56 Chooses Delegates

Beauticians Unit 56 elected Don and D. S. Elmore Monday as delegates to the convention to be held in McAllen May 31 through June 2. The group met in the Modern Beauty Shop. The next meeting will be held in June at Leaton's Beauty Shop.

Those attending were Madelee Roberts, Vesta Little, Jessie Howard, Ethel Cramer, O. H. Bowen, Eula Beasley, Sydney Peterson, Margaret Boyd, Kate Raney, Faye Fagg, Howard Doster, Bernice Henson, Viola Maxwell, Don Elmore, D. S. Elmore and Kitty Davenport.

AAUW Group Holds Luncheon

The Contemporary Literature Group of the American Association of University Women held a salad luncheon Wednesday in the home of the chairman, Mrs. R. O. Burkett.

It was the club's last meeting until Fall when Mrs. W. J. Sprecher will take over her new duties as chairman. The group presented Mrs. Burkett with a gift.

The individual tables were centered with arrangements of Spring flowers in demi-tasse cups. Those attending were Mrs. S. M. Sisley, Mrs. Morgan Gist, Mrs. W. B. Ahlers, Mrs. W. H. Carter, Mrs. Lee Park, Mrs. G. R. Adams, Mrs. J. W. Carroll, Mrs. R. V. Hollingsworth, Mrs. Harry Denton, Mrs. Sprecher and Mrs. Tom Hendricks.

Games, Parties, Talk Highlight Meetings

Four Girl Scout troops met Monday, Tuesday and Wednesday, with a party, a tea, a softball game and a nature talk highlighting their programs.

Guests at the tea given in honor of the members' mothers, by Brownie Troop 65, were Sharon McCall, Mrs. Bill Glass, Mrs. W. C. Mitchell, Jr., Mrs. John Baldwin, Mrs. H. R. Bingham, Mrs. William D. Sullivan, Mrs. McKinsey and Mrs. D. O. Collins. It was the troop's final meeting until Fall.

Brownie Troop 47 played softball Monday when it met at the Little House. Mrs. A. P. Belcher talked to the members of Intermediate Troop 43 Wednesday on clouds and their formations. Mrs. Curtis Warren was a guest. Following the talk, the troop held an outdoor cookout.

Mrs. C. L. Wristen honored her daughter, Ann, with a surprise birthday party Wednesday at a meeting of Brownie Troop 64. Sally Eastland and Mrs. Chase were guests. It was the troop's last meeting of the season.

Some earthquakes in the Mississippi Valley have followed heavy floods.

Kefauver Forges Ahead

If there was any doubt that Senator Kefauver was a force to be reckoned with in the choice of the 1952 Democratic presidential nominee, the results of the Florida and Ohio primaries have dispelled it.

The Florida affair was Kefauver's stiffest test. He tackled Senator Richard Russell of Georgia, another avowed candidate, under circumstances and in territory anything but favorable to the Tennesseean.

Russell had the governor, both senators and the entire Florida delegation in the House in his camp. Kefauver had only Claude Pepper, ex-senator, an ally of dubious value in some sectors of the state.

Thus, to poll some 270,000 votes and around 45 per cent of the total vote cast fairly may be classed as a moral triumph for Kefauver. Russell's margin over him, in the neighborhood of 60,000, was not staggering.

This outcome demonstrates that Kefauver can get votes under substantial handicaps, that his appeal is not sectional, despite the fact that traditional Southern politicians do not look upon him as one of them.

Coupled with his success in biting off a good chunk of Ohio's Democratic delegate strength (also under adverse conditions), the Florida showing of Kefauver puts a heavy burden upon his rivals.

Russell is an unproved quantity in Northern industrial states. W. Averell Harriman, Mutual Security Administrator, has yet to establish his pulling power with voters anywhere. Senator Kerr was licked by Kefauver in his only outing in Nebraska.

Kefauver now has participated in 10 primaries, and he has lost only the Florida contest. To be sure, he was unopposed in the great majority of these. But in any event he was out testing himself with the electorate while others were doing little or nothing.

If big city Democratic leaders in the Northern sections imagine they are going to block Kefauver, they had better get themselves a candidate. So far they do not have one—nor any sign of one. While they are searching, Kefauver is building himself a strong position.

He now has weathered the worst of his primary storms. He should win handily in Oregon, where both his competitors, Governor Stevenson of Illinois and Supreme Court Justice, William Douglas, have asked voters not to vote for them.

Kefauver's succession of victories has brought him some competent professional help and some strong allies. He has become a real rallying point.

Kefauver can no longer be dismissed by the professionals as a nuisance to contend with. He now is the man to beat.

A good education enables a person to worry about conditions in all parts of the world.

Why some folk can't save: they step out and get money and then step out.

A lot of people who retire soon wake up to wish they still were working.

The Washington Merry-Go-Round

By Drew Pearson

Drew Pearson says: General Dodd's "boner" hampers true plans; Will Army Engineers "buy American"? Gillette colleagues halted press probe.

WASHINGTON — The future Army career of Brig. Gen. Francis Dodd is not bright. He may be shipped to Okinawa.

What made the Pentagon furious was that carelessness by him resulted in his capture just at a time when Washington carefully had worked up an international plan to break the truce deadlock.

President Truman had announced to the Communists and the world that not a single further prisoner concession would be given. By prearrangement, the top leaders of France and England made the same ultimatum. These statements had been timed carefully to hit the front pages of every paper in the world, including newspapers behind the Iron Curtain.

But just at the climax, General Dodd's capture swept the truce ultimatum off the front pages. It also made us the laughing stock of the Asiatic world, where "face" counts for everything.

What turns up Secretary of Defense Lovett is that General Dodd and every other American general in Korea knew that was an extremely important moment in the truce talks and had been warned to be ultra careful.

Note—The Army now is investigating how come a secret telephone happened to be installed inside the prison camp. Also, why General Dodd did not have armed guards at hand to keep him from being dragged inside the compound.

Buy American Act
A significant test of the "Buy American Act" now is before the Army Engineers, and the entire diplomatic corps is watching it. The case involves the purchase of nine transformers by the Army Engineers for Garrison Dam in North Dakota.

Secretary of State Acheson has emphasized apparently that we cannot expect our European allies to become self-supporting if we are not willing to buy their goods. However, Congress, at cross-purposes with this policy, passed the "Buy American Act" requiring the U. S. government to buy American products unless there is an "unreasonable" difference in cost. An "unreasonable cost" has been interpreted by the armed services as 25 per cent more for American goods than foreign goods.

As a test of this act, the Army Engineers have received a bid from Ferranti, Ltd., of London on nine transformers at \$887,000. This is considerably less than the lowest American bid, that of Allis-Chalmers for \$1,065,000.

Considering the fact that the British price includes a payment of \$85,000 duty, plus a differential of \$176,000, this would be a considerable saving to the American taxpayer.

However, when Senators Monroney of Oklahoma and Hennings of Missouri heard of this, they hit the ceiling, literally grabbed Gillette by his senatorial lapels, and shook him verbally until he called a press conference and announced he would not pursue the Providence Journal prosecution.

Meanwhile, senatorial colleagues are suggesting to Gillette privately that if he's worried about press leaks he ought to investigate a more serious leak inside his own committee.

It happens that a staff investigator caught Senator Walker of Idaho in the act of telephoning Senator McCarthy and inviting him to look at the committee's highly confidential report on McCarthy. McCarthy, of course, was the last man in the world who should have seen this document on himself. Yet

Walker hadn't been on the committee a week before he violated his trust.

Although Gillette knew about this breach of security, he ignored it and started probing newspapermen instead.

Len Schmitt, Republican leader who ran against Governor Kohler of Wisconsin, is being urged by GOP politicians to take on Senator McCarthy in the Wisconsin primary in September. . . . Senator McCarthy's advertising boycott of the Las Vegas Sun has begun to backfire. Mark Peterson, one of the twelve apostles of the Mormon Church and on the board of directors of the Deseret News of Salt Lake City, official Mormon newspaper, has gone on record publicly against McCarthy's boycott. Since the Mormon population of Nevada is considerable, this will not help the senator from Nevada when it comes to votes. Hank Greenup, publisher of the Las Vegas Sun, had opposed McCarthy's former law partner, Alan Bible, in his primary race to become Democratic nominee for senator. . . . One reason for congressional resentment against new Attorney General Jim McGranery is a ruling he handed down from the bench in 1949 that it was against the law for any senator or congressman to represent a client accused of a federal crime. If this were ever upheld, half the members of Congress would be guilty.

Senator McKellar of Tennessee has managed to get up to the capitol a couple of times recently to preside over his Appropriations Committee, where all but two vital appropriations bills are logjammed because McKellar has refused to let anyone else preside temporarily.

What's RIGHT?
You are eating an ice cream cone.

WRONG: Lick it.
RIGHT: Bite into it.

Q—With what expedition is the name Sacajawea associated?
A—Sacajawea was the only woman on the Lewis and Clark Expedition.

Q—How much of an iceberg is below the surface of the ocean?
A—Seven-eighths.

Q—What is a measuring worm?
A—It is the caterpillar of a moth. Its peculiar looping method of travel makes it appear to be measuring the distance it goes.

Q—What was the location and length of the Santa Fe Trail?
A—It ran from Independence, Mo., to Santa Fe, N. M., a distance of 780 miles.

Q—In what region are penguins found?
A—The Antarctic.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

"Who was to blame for the disaster in the accompanying hand?" asks a Cedar Rapids correspondent. "South made his re-doubled contract with two overtricks, scoring 1,510 points in all. He won the first trick with the jack of spades, entered dummy with a diamond and finessed a club to West's queen."

"West led another low spade, was put in with the ace of clubs, and cashed the two high spades. South then won the rest of the tricks: three clubs, two spades, a heart, and three diamonds."

"When the play ended, West remarked bitterly that East could have made two diamonds and bid a five-card suit instead of passing the re-double of one no-trump with a worthless hand."

"East said that it was West's fault for making the final pass. West could have run out to two spades. In fact almost any runout would

have been better than giving 1,510 points to the opponents.

"Who was the villain of this piece?"

I would say that West was the villain, but I wouldn't pin any medals on East. He had a chance to bid a five-card suit, and the chances are that he should have done so. This isn't altogether clear-cut, however, since East is not anxious to play the hand at all. If his partner has a good spade suit, one demerit to East, on the whole.

A bucketful of demerits to West, however. He should smell disaster in the air, and he should run, as fast as his legs can carry him.

Some experts might run out to two spades at once with the West hand, and some "cute" experts might try two clubs first in the hope of inspiring East to show his best suit. If West got to two spades, he might be doubled and set one trick (or, perhaps, even two tricks). The loss would be small compared to what actually happened.

A good bridge player should scramble out of a bad situation without leaving his skin behind.

CARD Sense
Q—The bidding has been:

North East South West
1♥ Pass 1♠ Pass
1NT Pass

You, South, hold: ♠ A-Q-7-3-2, ♥ A-Q-7-5-2, ♦ A-3, ♣ K-6. What do you do?

A—Bid three hearts. You can well afford to make this jump bid because your first response might have been three hearts. Don't worry too much about whether or not the delayed jump is absolutely forcing. A good partner may pass at three hearts about once a year; and if he

WASHINGTON COLUMN

Labor, Management Rally For Finish Fight On Union Shop

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—The possibility of an extended and bitter labor-management war today hangs over the U. S. defense effort and the entire American economy.

If it comes, it will be a showdown fight over whether powerful labor union leaders or the no-less-powerful owners of American industry are to set the terms and working conditions of employment.

Federal Judge David A. Pine's decision ending government seizure of the steel mills is being hailed by the Washington representatives of many big business concerns as the end of a labor era.

They have been advised by their counsel that the law in Judge Pine's decision is so sound it can hardly be overruled by the Supreme Court. They are counting on that as the starting point for their new era, in which management again will be able to assert its rights and end domination by union labor leaders.

It is the contention of management's representatives that this past union domination has been achieved in cooperation with the Democratic administration of President Harry Truman. While this political convenience cannot be proved as an actual conspiracy, it is believed by many businessmen to have been achieved by the unions with the tacit consent of U. S. government officials.

The key issue in the present labor strife is the "union shop." Under this form of labor contract, all employees of a company must agree to join a specific union and pay dues by check-off.

Plot Began Year Ago
Employers' representatives see in the present demands for the union shop a determination to get this provision while there is still a pro-union labor administration in control in Washington.

Exhibit number one in support of this contention is the fact that John L. Lewis was able to obtain two extremely favorable contracts for his United Mine Workers while the coal industry was under government seizure.

Exhibit two is the non-operating Railway Brotherhood's effort to get a union shop agreement with the carriers. This case was put before an emergency board under the Railway Labor Act and it still is pending, with neither side giving an inch.

Exhibit three is the current steel case in which the Wage Stabilization Board recommended negotiation for a union shop to cover the entire steel industry.

Behind the charge of government-union collaboration in this case there is a considerable plot, according to industry spokesmen. In brief it is that union leaders began planning more than a year ago to force acceptance of the union shop on American business.

The first Wage Stabilization Board, appointed in November, 1950, had authority to deal only with wage disputes. On Feb. 15, 1951, this board under Cyrus Ching recommended a 10 per cent ceiling on

does, there will not be a good play for four.

TODAY'S QUESTION
The bidding is the same as in the question just answered. You, South, hold: ♠ A-Q-9-7-3-2, ♥ A-3, ♦ A-3, ♣ K-6-2. What do you do?

Answer Tomorrow

So They Say

Our State Department seems to consider that American citizens can only be protected by paying ransom or invoking economic sanctions.

—Editor Alexander Jones.

With modern weapons of the violence of the atomic bomb, it seems clear that we should concentrate more heavily on equality of the machines which might have to deal with enemy bombers.

—Air Force Secretary Thomas K. Finletter.

Anything they (scientists) find may prove to be either a possible benefit, or a potential danger, to human society, or both simultaneously.

—Netherlands Queen Juliana.

The selection of a party candidate for the presidency, the most important job in the world, should be accomplished by sober, clear-headed leaders and delegates.

—WCTU President Mrs. D. Leigh Colvin.

Alias Basil Willing

By Helen McCloy

Copyright 1951 by Helen McCloy. Reprinted by permission of the publisher, Random House, Inc. Distributed by NEA Service, Inc.

THE STORY: Private Detective Jack Duggan borrows Dr. Basil Willing's name and dies. Linked with Duggan's poisoning is the death of Miss Katherine Shaw, aged and blind, who apparently was to meet Duggan at Dr. Zimmer's home. Little while discussing Duggan's murder with Stephen Lawrence, the poet, Perdita, the doctor's daughter, fails to recall the doctor's request, is to consult with Dr. Zimmer, who is a psychiatrist as is Basil, about his daughter. Basil goes to a newspaper office to talk to Frank Lloyd, a reporter who is engaged to Perdita.

XVI
BASIL WILLING took the clipping about Duggan's death from his pocket. "Did you see this?"

"Yes," Frank Lloyd was puzzled. "I had never heard the voice before. It was a lovely, rich contralto with a great variety of inflection. It stopped speaking when Stephen Lawrence shut the door and we were still taking off our coats when a woman came to the head of the stairs whom I had never seen before. Perdita, introduced her to me as Mrs. York. And that was the first time I thought. Perdita looked shattered and tremulous, like someone who has suffered a shock."

"The police don't want the story published in full yet. Stephen Lawrence was afraid to concede in a newspaper report. But I'm going to risk it because you have a personal interest in this."

"What do you mean?"
"Perdita fainted when she first heard the news of Duggan's death. Does she know or suspect something she hasn't told the police? I need hardly tell you that danger when there's a poisoner at large."

Lloyd was shocked. "I had no idea. . . . But Perdita wouldn't protect a poisoner!"

The warmth in his voice revived Basil's liking for him. "People can get themselves into situations where they have no choice. Even nice people. Suppose you tell me when you first began to fear that Perdita's anxiety was neurotic or worse?"

"Lloyd sighed. "You win. It began about two months ago."

"And how long has Perdita known that her father was going to die?"

comfortable living room. A bookcase with books on criminology. Duggan wasn't literary. A large black cat with golden eyes stroled from behind the sofa and rubbed his back against Samson's leg.

"Duggan?"

"Yes," Samson looked sheepish. "I gave him some canned milk and liver I found in the refrigerator. I was thinking of taking him home to my little boy."

Basil looked at the cat and said, "Duggan was lonely."

"He had a mother and a sister in Nebraska," said Foyle. "No close friends in New York."

"Anything else?"

"We've tested an extract of Duggan's stomach tissue," the inspector went on. "No quantitative analysis yet, but Lambert, the toxicologist, made a guess that Duggan had at least 10 grains of cocaine. Is that what you wanted to know?"

Basil nodded. "And what personal items did you find here? We don't know much about the man."

"There's an odd key here that doesn't fit any of the locks. He was an ideal tenant, the janitor says, clean and quiet. And he must have been out of town in March. He left the cat with the janitor and canceled his milk order from March 21 to March 31."

"Was he any good as a detective?"

"He did all right. He had two assets; he worked alone without any operatives to share a secret, and he looked so commonplace that no one was likely to suspect that he was a detective. His forte was discretion and honesty. They don't always go together in that racket. But he was the sort that family lawyers recommend to timid clients."

"The sort of detective that Katherine Shaw might hear about from some friend," mused Basil.

"No link with Katherine Shaw or anyone else we care about."

Foyle exhaled a weary breath. "The reports would have to be verbal—or have you forgotten? Duggan had no assistants and—Miss Shaw was blind."

(To Be Continued)

Midland Performer Takes Monahans Rodeo Spotlight

MONAHANS—Junior Hays, Midland cowboy, turned in the best performance at the opening of the Fourth Annual Monahans World Championship Rodeo Wednesday night with an excellent time of 9.2 seconds to win the steer wrestling event.

Hays also topped third place in calf roping with a time of 23.2.

An estimated crowd of 6,000 turned out to get the rodeo off to a start, with performances scheduled each night at 8 o'clock through Saturday. Final results will be announced Sunday.

A total of 150 entrants are competing for a \$8,030 purse.

Stock was unusually tough at the opening performance, and only two rides were completed in the bareback bronc riding event. Sticking with their mounts were Don McMerline of Monahans and Ross May, student at Sul Ross College.

Dolan Best Roper
Bula Dolan of Big Lake turned in the best time in the calf roping event with 15.3 seconds. Bill Rush was second with 15.8, followed by Hays.

Toots Mansfield of Big Spring, seven times world champion calf roper, had tough luck, jumping the barrier, but took fourth place with 23.3 seconds.

In the colorful girl's barrel race, the top winners were: Rebecca Jo Smith, first, 17.8; Mary Black, second, 18.4; and Amy McGilbray, 18.5, third.

USE T-4-L FOR ATHLETE'S FOOT BECAUSE—

It peels off the outer skin and exposes buried fungi to kill it on contact. If not pleased IN ONE HOUR with instant-drying T-4-L, your 48c back at any drug store. Today at Cameron's Pharmacy.

Five riders stayed with their mounts in the first "go round" of the saddle bronc riding event. They were Lewis Startin, Bob Enzler, Marvin Holmes, Dick Harrell and Ross May.

Hays took the steer wrestling in a breeze, followed by Clyde Mays with 11.6 seconds. Polly Rushing of Plains was third with 12.3.

Marion's Girl Wins
Marion's Girl, owned by Marion Flint of Midland and ridden by Buster Welsh, took first in the cutting horse event with 74 points.

Other winners were: Francis T. owned and ridden by Jerry Christinas of Abilene, second; Inspector, owned and ridden by Jeff Dunham of Midland, third; and Rowdy, owned and ridden by Jack Kinney of Midland, fourth.

Jim Smith of Monahans made the only ride in the brahman bull riding event.

Judges are Eddie Hagancamp of Justin and Bud Thredgill of Gainesville.

TERMINAL WMU MEETS

The Woman's Missionary Union of the Terminal Baptist Church met recently in the home of Mrs. Jack Maier. Mrs. Pierce led the Bible study. Mrs. Rogers gave the opening prayer, and Mrs. Pugh, the closing prayer. The group recently mailed six boxes of cookies to the Terminal boys now serving overseas.

The flukes of the tails of whales are horizontal; those of fishes vertical.

County Mutual Fire Insurance Concerns Get Board Warning

AUSTIN—County mutual fire insurance companies will have to observe stricter regulations—designed to protect their policyholders—to write new policies in Texas after May 31.

The State Board of Insurance Commissioners issued a report Wednesday highly critical of operations of all but a few of the 51 county mutual fire insurance companies now operating in Texas.

It said 10 other such firms have become insolvent and now are in receivership, with 50,000 policyholders under obligation to pay additional premiums to meet the companies' liabilities.

Deprives Policyholders
The board said most of the so-called mutuals are operating to let the managers or proprietors gain the profits, depriving policyholders of dividends, reduced premiums, or other such benefits as the companies are supposed to offer customers.

Regulations were tightened on reserve funds, agents' commissions, and managerial contracts for companies that want to do business after May 31.

As a requirement to secure a license for the future, such companies must submit to the board a plan of operation "calculated under successful operation to provide mutual or cooperative benefits to its policyholders reasonably commensurate with their probability of loss x x x"

Rites Conducted For Mrs. Dickson

Funeral services for Mrs. Dee Russell Dickson, 58, of 1700 West Texas Street, were held at 3 p.m. Thursday in the First Presbyterian Church, with the Rev. R. Matthew Lynn, pastor, officiating.

Mrs. Dickson died Wednesday after an extended illness. The body will be forwarded by the Newell W. Ellis Chapel to Bentonville, Ark., for interment.

Survivors include the husband, two daughters, a sister, a brother and two grandchildren.

Funeral services for R. A. Wright, R. M. Bass, N. B. Marsh, Murray Fasken, C. W. Chancellor, Sr., and Butler Hurley.

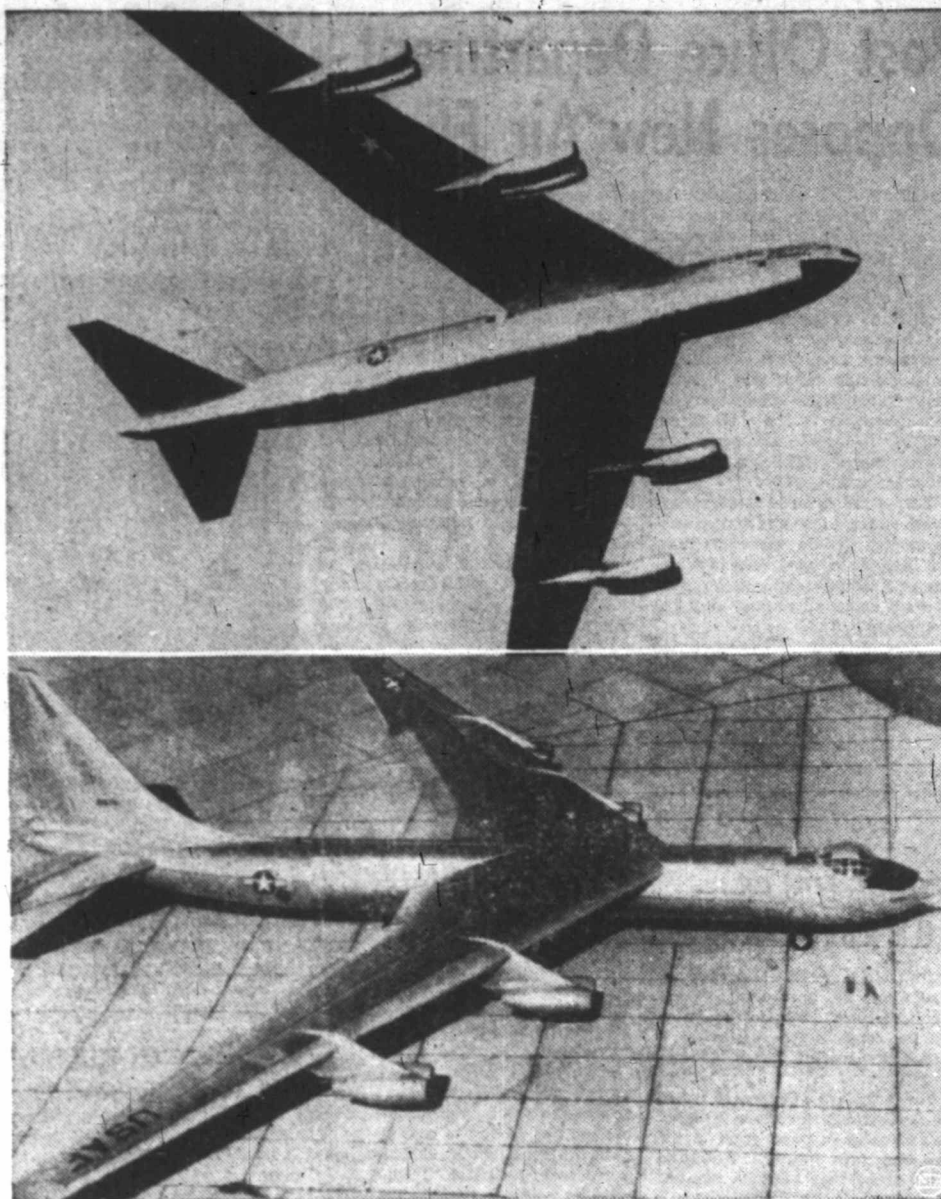

BARN DANCE SLATED AT ELKS CLUB SATURDAY

The Elks Club will stage an old-fashioned barn dance in its clubrooms Saturday night, officials announced Thursday.

Dancing is scheduled from 9 p.m. until 1 a.m., with the music furnished by Fitzgerald's Western Band.

DALLAS ATTORNEY DIES

DALLAS—(AP)—Dallas attorney Marshall Thomas, 84, died in a hospital Wednesday after an illness of several weeks. He had been a Dallas lawyer for 57 years.

UN-RETOUCHED—First un-retouched photos of America's newest global super-bombers, the Boeing B-52 Stratofortress, top, and the Convair YB-60, bottom. The B-52, taking off on a test flight, like its predecessor, the famed B-29 Superfortress of World War II, was ordered into production prior to completion of test flights. Overhead view of the YB-60 gives some indication of degree of sweepback of the wings.

Odessa Marihuano Ring Said Broken As Eight Arrested

ODESSA — With the arrest of eight negroes here, Wednesday, officers believed they had smashed a marihuana ring.

The men were being held in city jail Thursday without charges, pending conferences with federal agents, according to Chief of Detectives Andy Fenton.

The suspects, seven men and a woman, were arrested in the negro section of the city between 2 a.m. and 9:30 a.m. Wednesday, after officers had purchased marihuana cigarettes from four of the men, Fenton said.

Ocean Liner United States In Quest Of Speed Record

ABOARD THE S. S. UNITED STATES — (AP) — The S. S. United States, America's bid for supremacy in the luxury liner class, sliced through the Atlantic Thursday in quest of a speed record.

Britain's Queen Mary, which averaged 31 knots-plus on a 1938 trans-Atlantic run, holds the blue ribbon emblematic of speed supremacy at sea.

The United States built up to 30 knots without effort Wednesday on the first day of builders' run, and

Vice Adm. E. L. Cochrane said the Queen Mary's speed will be bettered. During the trial speed run, ship-to-shore telephone circuits are being blacked out because they interfere with electronic devices used to determine the ship's speed.

Cochrane, U. S. maritime administrator, said the ship's actual speed will be kept secret for security reasons; if the Queen Mary's record is broken this fact will be announced, but the actual speed will not be published because the ship may be converted into a troopship in case of war.

Conversion Easy
"We don't want an enemy to know her speed capability as the lives of 14,000 men would be involved," Cochrane said. He estimated the ship could be converted in less than 24 hours.

The 52,000-ton, 72-million-dollar United States is airconditioned throughout—a feature designed to permit carrying a maximum number of troops comfortably—and has an elaborate fireproofing system.

It will be operated by the U. S. Lines in trans-Atlantic service. President John M. Franklin of the line said the ship's accommodations for tourist class passengers "are the best in the North Atlantic service."

The ship has been the center of recent controversy in Washington because of a subsidiary contract under which the government pledged payment of about 45 million dollars towards the construction costs. Some congressmen and other officials have contended this was too much.

But Wednesday, two key democratic members of the House Merchant Marine Committee — Rep. Bonner of North Carolina and Rep. Shelley of California — said they were in favor of immediate construction of a sister ship as a vital national defense measure.

Chapter Makes Convention Plans

The Beta Delta Chapter of Beta Sigma Phi discussed plans Tuesday for attending the state convention at Austin Saturday and Sunday.

Mrs. Vic Chancellor was hostess to the group at its final business meeting of the year. Chapter delegates were instructed in their voting duties.

It was announced the chapter will assist the three other Beta Sigma Phi chapters and the Nu Phi Mu units with the hot dog concession stand at the annual Midland rodeo. The project will be undertaken in cooperation with the Optimist Club. The group plans to hold a farewell social Tuesday in the home of its sponsor, Mrs. W. I. Pratt, before disbanding for the summer.

Daugherty Funeral Services Slated For 2 P.M. Friday

RANKIN — Funeral services for Ralph H. Daugherty, 54, long-time county and district clerk of Upton County, are scheduled at 2 p.m. Friday in the Park Building here.

The Rev. R. L. Shannon, pastor of the First Baptist Church, will officiate. He will be assisted by the Rev. Don Cochran, pastor of the First Methodist Church.

Interment will be in the Lawnhaven Cemetery at San Angelo with Porter Johnson Funeral Home of Rankin in charge of arrangements.

The well-known county official was killed almost instantly Wednesday in an early morning automobile accident on Highway 67 near Mertzon.

John Philipppus, state highway patrolman who investigated, said the car in which Daugherty was riding struck a highway bridge.

Daugherty, who was alone in the automobile, apparently went to sleep at the wheel, the patrolman said. A former resident of McCamey.

Daugherty was serving his tenth elective term as county and district clerk, and was unopposed for reelection this year. Before assuming public office he was associated with a McCamey automobile firm.

For an extended period of time he had been active in civic and American Legion affairs. He was a veteran of World War I, a member of the First Baptist Church, the IOOF and Masonic orders.

Survivors include the widow, a son, Ralph H. (Rusty), Jr., a senior at the University of Texas; a daughter, Jan, a Rankin High School student, and two brothers, Clyde of Ventura, Calif., and James Daugherty of Bakersfield, Calif.

Permian Basin Oil And Gas Log—

Continued from Page One)
Superior Oil Company, and Union Sulphur & Oil Corporation.
Northeast of Eldorado
Earl Fahn, Jr., of Dallas, No. 1 Mrs. Grace O'Harrow will be a 6,500-foot wildcat in Northeast Schleicher County.
It is 18 miles northeast of Eldorado and nine miles east of the Huddale field.
Location is 660 feet from south and 1,380 feet from east lines of section 34, block 1, G.H.S.A. survey.

Stripling To Speak On Monday Night At Landmen's Meeting

Robert E. Stripling of Midland will address a meeting of the Permian Basin Landmen's Association Monday night.

The affair will be at the Blue Star Inn and is to start at 7:30 p.m. Stripling will speak following a dinner.

He is now an independent oil operator. Prior to coming to this city about three years ago he served as chief investigator for the Un-American Activities Committee of the U. S. House of Representatives.

Subject for his Monday night address will be, "How Communism Affects You."

May Bring Guests
Each member of the association will be permitted to bring one guest of his own choice. Reservations for the dinner must be made by Saturday.

Requests for reservations should be made to Frank E. Curtis, Jr., at P. O. Box 1150, or telephone 2-1621.

Jess V. Lindsey, president of the PBLA will preside at the Monday night meeting.

It will be the last business meeting of the organization for the current season.

NE Runnels Region To Get 3,600-Foot Wildcat By Ownby

Haynes B. Ownby Drilling Company of Dallas No. 2-B W. H. Cole is to be a 3,600-foot wildcat in Northeast Runnels County.

It is one and one-quarter miles west of the Sykes-Morris sand field and is separated from that field by a 4,573-foot dry hole.

Location of the Ownby No. 2-B Cole is 330 feet from south and approximately 5,100 feet from east lines of block 267, Thomas J. Hardegn survey. Operations are to start soon.

Magnolia Stakes Pegasus Outpost; Finals Producer

Magnolia Petroleum Company spotted a one-half mile west outpost to production in the Pegasus field of Southwest Midland County, and reported completion of an Ellenburger well in the same field.

The outpost is the concern's No. 1-R TXL, and will drill to 10,700 feet for tests of the Pennsylvanian. Drilling is 660 feet from south and east lines of the northwest quarter of section 25, block 41, T-4-S, T&P survey.

The new well is Magnolia No. 7.

FIVE STAR OIL REPORT

- Dependable Oil Reports
- Well Completion Cards
- New Location Service
- Monthly Discoveries

106 Capitol Building
New Phone No. 4-8088

John Windham, 660 feet from north and 1,380 feet from east lines of section 34, block 46, T-4-S, T&P survey. Operator reported a daily flowing potential of 419 barrels of 34.5-gravity oil through a 16/64-inch tubing choke and from open hole at 12,930-13,189 feet.

Gas-oil ratio was 1362-1 and tubing pressure ranged from 1,450 to 1,390 pounds. Pressure on casing was from 400 to 275 pounds.

Livingston Speaks At Wednesday Meet Of Desk & Derrick

J. E. Livingston, division superintendent of the Hydraulic department of Halliburton Oil Well Cementing Company, spoke at a meeting of the Desk & Derrick Club of Midland Wednesday night.

Livingston talked about cementing and hydraulic fracturing of wells, G. L. (Ted) Thornton, safety engineer for Halliburton, showed two films illustrating these operations.

There were 108 members and guests at the dinner meeting held in the High School Cafeteria.

Poff-Brinsmere Slate 8,000-Foot Floyd Prospector

In Southwest Floyd County, H. Bryan Poff and Brinsmere Oil Company, both of Fort Worth, are to start drilling by or before May 25 at their No. 1 H-A. Krause, a slated 8,000-foot Ellenburger wildcat.

Drillsite is to be 660 feet from north and west lines of section 29, block K, TT survey.

It is 12 miles southwest of Floydada and three miles east and slightly north of the Arick field which has production from the Wolfcamp and from the Pennsylvanian.

Devonian Field In SW Andrews Gets South Offset

Phillips Petroleum Company spotted location for an offset to production in the three-well Block 11-Devonian field of Southwest Andrews County.

The new test is No. 1-MM Texas University, 664 feet from north and 678 feet from east lines of section 27, block 11, University survey.

Contracted to 8,300 feet, it will be drilled one location south of Devonian production.

Humble Gets Oil And Salt Water In Coke Prospect

Humble Oil & Refining Company No. 1 M. A. Rawlings, Central-East Coke County wildcat found more oil pay and also found a small show of salt water in the lower Pennsylvanian.

It ran a 45-minute drillstem test at 5,151-66 feet in a sand section which may be in the Strawn. Gas surfaced in 31 minutes.

Recovery was 120 feet of oil cut mud, 240 feet of free oil and 40 feet of drilling mud and salt water.

Testing Again
The prospector deepened to 5,180 feet and was still in sand. It is

Post Office Department Opposes New Air Flights

DALLAS —(AP)—Opposition by the U. S. Post Office Department to several applications for additional feeder line service sought by Pioneer Air Lines and Trans-Texas Airways was revealed Thursday.

Julius T. Cromelin of Washington, representing the Post Office Department at a Civil Aeronautics Board hearing here, said a statement regarding the applications has been submitted to the CAB in behalf of the assistant postmaster general, Bureau of Transportation.

The statement reads: "This case involves several applications for additional feeder service chiefly in the State of Texas and involves a total one-way mileage of 3,655 miles and under present mail rates, an annual mail pay of \$1,825,967."

"Some of these proposed feeder routes either wholly or in part would actually duplicate existing routes operated by regional carriers or other feeder carriers."

"A careful analysis of the transportation now available to the post offices mentioned in this combined docket and the air mail traffic that might reasonably be expected on

such proposed routes or segments of routes very clearly indicates that such proposals cannot be justified by the need of the postal service," the report stated.

In support of its stand against the applications, the Post Office Department cites many instances in which it alleges post office receipts in the cities involved would not support air mail service.

"The cost would come out of the taxpayers' pocket," Cromelin said.

One example cited was the city of Artesia, N. M., which does not have air service at present but is seeking an entry there by Pioneer Air Lines.

"This city has a population of 8,118 and post office receipts for the 1951 fiscal year of \$71,981," the report stated. "At Pioneer's present mail rate, the cost to the government would be \$106,556 a year."

Meanwhile testimony by representatives of some 50 cities—most of them in Texas—on their respective needs for new or additional air service continued.

The hearing began Tuesday.

Death Writes End To Minnie Webb's Hard Luck Story

MEMPHIS, TENN. —(AP)—Death has ended the hard-luck story of Minnie Rose Webb, 19-year-old sweetheart of the Illinois Central railroads.

Minnie died Wednesday. In 1942 an appendicitis operation left her a crippled invalid. Railroaders soon noticed her waving to passing trains from a front porch chair at her home near Covington, Tenn.

Seven years ago conductor J. W. McNamara stopped a freight train to say hello, and saw Minnie's plight.

Soon afterwards the railroaders sent the young girl to St. Louis, where noted surgeons operated on her at the Shriners' Hospital for Crippled Children.

Even so, Minnie never could walk for long without pain. A little more than a month ago she was stricken with meningitis, and Wednesday she died.

General Ridgway Visits His Mother

SAN DIEGO —(AP)—Mrs. Ridgway Thursday visited for the first time in three years with her famous son Matthew, between jobs as supreme Allied commander in the Far East and Europe.

General Ridgway, enroute from Tokyo to Washington to Paris, planned to spend several days with his mother and sister, Mrs. Norton M. Beardslee of suburban Chula Vista.

"You look nice, mother; you look younger than ever," he said Wednesday after stepping off his Constellation plane with his wife and three-year-old son.

He gave the elder Mrs. Ridgway, partly crippled by arthritis, a big hug.

No time has been set for Ridgway's departure for Washington where he is due Monday.

DERRICKMAN HURT
Alfred Niblett, 308 South Terrell Street, derrickman for Midwestern Drilling Company, injured his right hip while working on a rig Wednesday. He was given emergency treatment at Midland Memorial Hospital.

SHOULDER INJURED
An injured left shoulder was sustained Wednesday by Billy Joe Brown, 1103 West College Street. He is a caver for Jack's Casing Crew. Emergency treatment was given at Midland Memorial Hospital.

Veteran Railroad Executive To Retire

DALLAS —(AP)—John L. Lancaster, one of Texas' best-known railroad executives, is retiring after 37 years with the Texas & Pacific Railway Company.

Effective Friday, he is closing his desk as chairman of the board of

John L. Lancaster, directors of the railroad. He will continue to live in Dallas.

He joined the T&P in March, 1915, as assistant to the first vice president. The next year he took over the first vice president's job.

The following year, his third with the company, he was elected president. He remained in active charge of the railroad until May 16, 1945, when he handed over the presidency to W. G. Vollmer.

Extension Of Rubber Act Is Requested

WASHINGTON —(AP)—The Senate Armed Services Committee Thursday recommended a one-year extension of the synthetic rubber act beyond next June, instead of a two-year extension already voted by the house.

Under the act the government now owns about 750 million dollars worth of rubber plants and production facilities that are operated under contracts by private industry.

FINGERS LACERATED
Jack Braxton of Odessa, employed by B. L. McFarland's Drilling Company, sustained lacerated fingers when he caught his right hand Wednesday in a rolling derrick. Emergency treatment was given at Midland Memorial Hospital.

CHEEK LACERATED
R. L. Richardson, 1708 West Griffin Street, sustained lacerations of his left cheek Wednesday while on a truck and the jack handle slipped. He was given emergency treatment at Western Clinic-Hospital.

THIS LAD PROVES NO WASHINGTON

Emergency treatment was given Eddie Brumley, 11, 806 South Le-raine Street, at Midland Memorial Hospital Wednesday for a cut on the index finger of his left hand.

Attaches said he was chopping a tree limb with a hatchet when the accident occurred. He is a son of Mr. and Mrs. J. B. Brumley.

Oil Purchasers Cut June Nominations

AUSTIN —(AP)—Oil purchasers have cut their advance indications of desired crude production sharply for June, and the forecast of their market demand is "indeterminate due to current oil strike," the Railroad Commission reported Wednesday.

How much oil should be allowed to flow during June will be determined after the commission hears testimony at its monthly state-wide oil production hearing Friday.

Purchasers' advance nominations for June totaled only 2,872,862 barrels daily, a drop of 195,404 barrels from their forecast a month ago.

Allowable production as of last Saturday was 2,661,319 barrels a day.

Commission Chairman Olin Culbertson reported the area weighted average bottomhole pressure for the East Texas field as of May 1 was 1,018.32 pounds a square inch, a decline of 5.38 pounds from April 1.

Daily average salt water injection in the field for April was 412,241 barrels, an increase of 7,596 barrels a day over March.

COTTON
NEW YORK —(AP)—Thursday noon cotton prices were 45 cents a bale lower to five cents higher than the previous close, July 37.70, October 35.95 and December 35.73.

Classified Advertisements

**Were Published In
The Reporter-Telegram
During The Past Year**

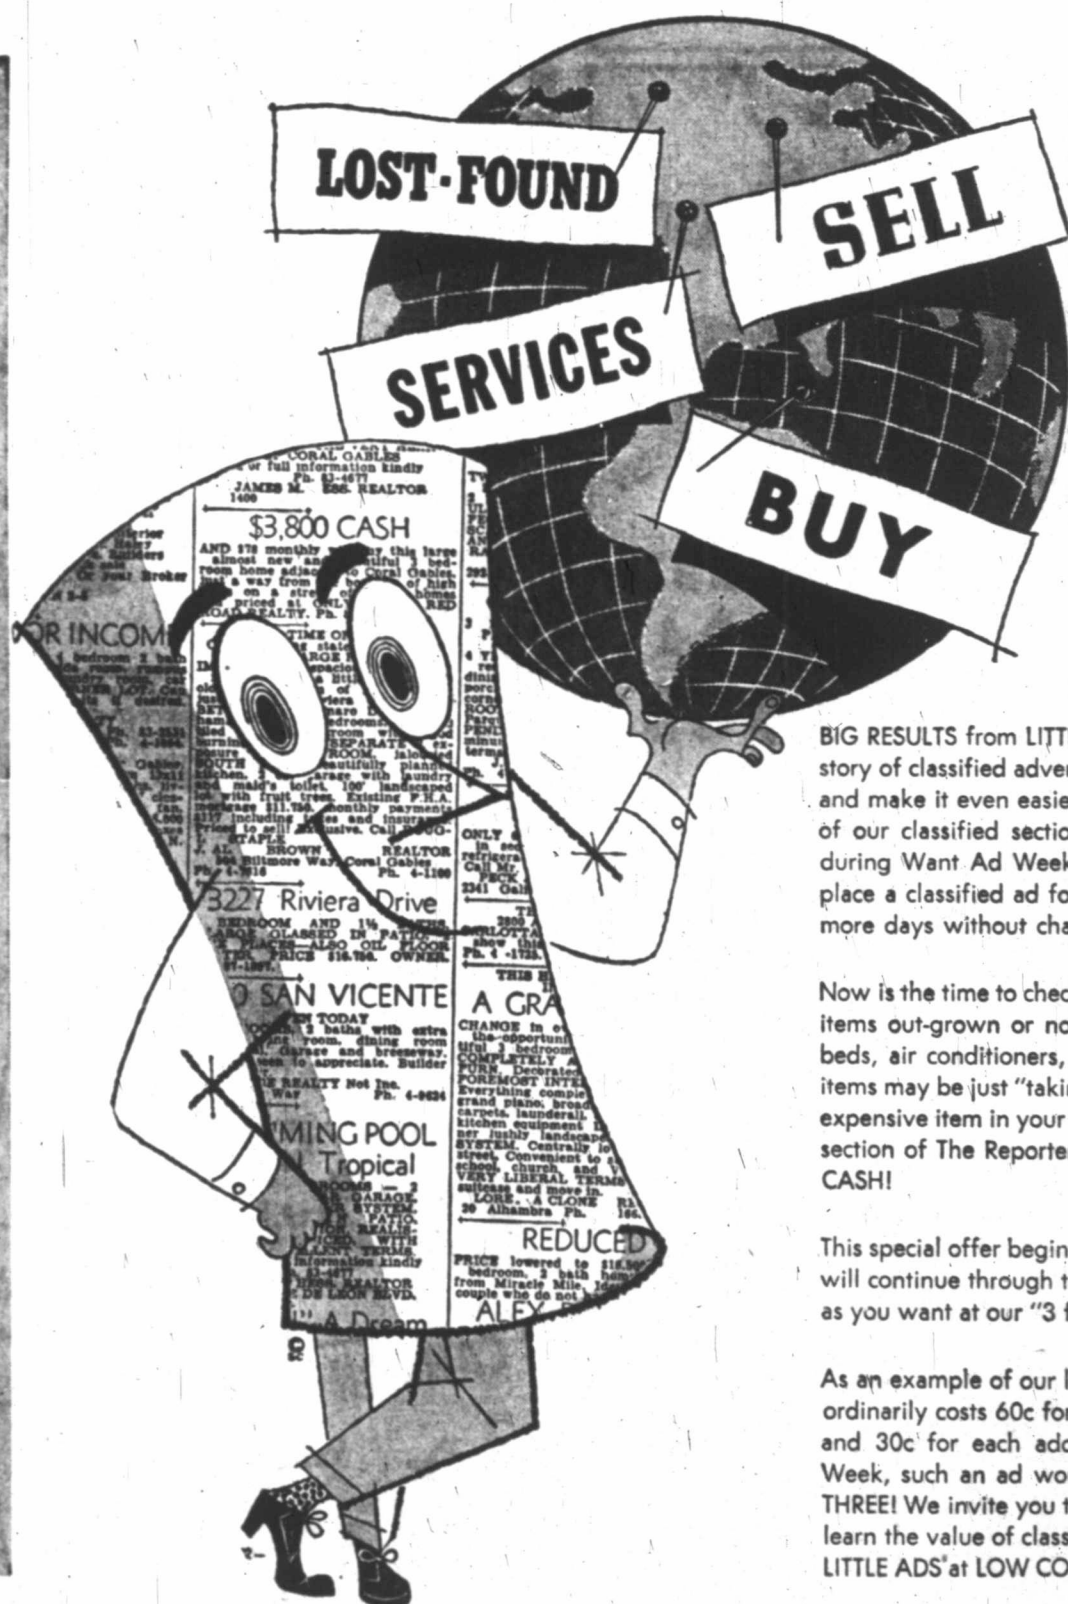

AN INCREASE OF MORE THAN 28%

We're proud of the record of results that our classified columns has established . . . from the rental of a bedroom to the sale of large commercial investments, people have learned that their "market place" is the classified section of The Reporter-Telegram.

When you want to buy an automobile or a home, you study the market represented in the classified section . . . when you look for employment or want to hire some help, you use a classified ad . . . when you want to invest money in a business opportunity, you examine first the investments advertised . . . if you are the average Midland citizen.

USING the classified section and READING the classified section is a steadily-increasing habit among the people of Midland, as is evidenced by the huge increase in the number of advertisers using this market place.

In a serious effort to protect our readers from fraud and mis-representation, The Reporter-Telegram has refused to accept a large number of advertisements during the time the above volume record was established.

BIG RESULTS from LITTLE ADS at LOW COST is the "nutshell" story of classified advertising. In order to dramatize that story, and make it even easier to realize a good profit from the use of our classified section, The Reporter-Telegram is offering, during Want Ad Week, THREE TIMES the normal value . . . place a classified ad for one day, and we will publish it two more days without charge!

Now is the time to check the garage and the storage rooms for items out-grown or no longer of use to you. Bicycles, baby beds, air conditioners, typewriters, guns . . . these or other items may be just "taking up space" in your home. Place an inexpensive item in your "public market place" . . . the classified section of The Reporter-Telegram . . . and TURN THEM INTO CASH!

This special offer begins with the Sunday, May 18 edition, and will continue through the rest of the week. Place as many ads as you want at our "3 for 1" rate!

As an example of our low rates, an ad consisting of 15 words ordinarily costs 60c for the first insertion, 60c for the second, and 30c for each additional publication. During Want Ad Week, such an ad would cost 60c for NOT ONE DAY, but THREE! We invite you to take advantage of this opportunity to learn the value of classified advertising . . . BIG RESULTS from LITTLE ADS at LOW COST!

THIS SPECIAL OFFER FOR "WORD" ADS ONLY

Anthrax Outbreak In New Mexico Causes Cattle Quarantine

PORTALES, N. M.—(AP)—At least 1,000 cattle were under quarantine Thursday after an outbreak on anthrax in this Eastern New Mexico ranching area.

The outbreak was on the U-Bar Ranch owned by E. K. Warren and son of Battle Creek, Mich., the Portales Daily News reported.

Dr. F. L. Schneider, veterinary surgeon for the State Sanitary board, believes grazing cattle got the disease from anthrax spores long dormant in the ground.

Unofficial reports placed the number of dead cattle at eight to 20.

Human beings are susceptible to the disease. A worker at a Clovis, N. M., rendering plant who cut up an animal that died of anthrax before the disease was diagnosed is under observation.

A close watch is being kept on herds on adjoining ranches in Lea, Chaves and Roosevelt Counties. Dr. Schneider said there was no cause for alarm. Veterinarians are inoculating herds on neighboring ranches.

Driver Collapses; Student Nurse Takes Over Bus

LANCASTER, Pa.—(AP)—A 21-year-old student nurse was the heroine of a near tragedy on the Lincoln Highway near here Wednesday when she grabbed the wheel of a careening bus after the driver had collapsed. She guided the big vehicle through a field of trees to a safe stop.

The nurse, Mary Jane Bailey of Wrightsville, Pa., was sitting behind the driver, H. Edwin Smith of Philadelphia, when he was stricken. She reached over his prostrate form and took the wheel as the careening bus left the highway, plunged between utility poles and through a wooden farmyard fence. Four passengers were injured slightly.

Uncle Of Midland Resident Is Dead

ABILENE—Funeral services for Frank C. (Mack) McKnight, 58, uncle of Leslie L. Page, employed by Magnolia Petroleum Company in Midland, will be held at 10 a.m. Friday in Elliott's Funeral Home Chapel of Memories.

The Rev. Willis P. Gerhart, rector of the Episcopal Church of the Heavenly Rest, will officiate. The Rev. H. Leland Murphy, pastor of the First Presbyterian Church, will assist. Interment will be in Elmwood Memorial Park.

A resident of Abilene 25 years and district manager of the Keystone Steel and Wire Company, McKnight died Wednesday.

Disturbances in North China after the Second Century A. D. resulted in large migrations to the south.

1,735 Passengers Take Pioneer Craft Here During March

Passenger boardings at the Midland-Odessa terminal of Pioneer Air Lines totaled 1,735 during the month of March, it was announced Thursday.

Other local activities for Pioneer during the month included 5,285 pounds of mail, 7,005 pounds of air freight, and 747 pounds of express.

For the year 1951, passenger boardings totaled 17,637. Other totals for the year included 51,231 pounds of mail, 84,019 pounds of air freight and 13,473 pounds of express.

It is believed that South Asiatic people began migrating eastward across the Pacific about the time of Christ.

+Barstow News+

BARSTOW—Mr. and Mrs. Ed Simms, Becky and George, recently moved to Barstow where Simms is associated with the Soil Conservation Service. Simms is a graduate of Sul Ross College.

Members of all church denominations will meet together at 11 a.m. Sunday for the annual high school baccalaureate services. No individual church services will be held Sunday morning, church officials announced.

Barstow Boy Scouts took over the traffic situation in Barstow Saturday, issuing "fines" as a method of raising money for new Scout uniforms. The boys netted more than \$20, according to the Rev. J. A. Box, scoutmaster. Approximately 21 Scouts and Cub Scouts participated. Mrs. Grover Cleveland presented

her piano pupils in a recital Sunday in the First Baptist Church in Pecos. Those participating from Barstow were Jennie Echols, Carol Jean Miller and Estella Flores.

Mr. and Mrs. Joe Joiner and daughter, Jennifer, returned from a visit in Sherman last weekend. Joiner is the Barstow High School coach.

The junior class of Barstow High School recently entertained the seven graduating seniors with a picnic at Balmorhea.

A daughter was born recently to Mr. and Mrs. Frank Loving of Winona, N. J., formerly Margaret Vinson. Maternal grandparents are the Rev. and Mrs. T. C. Vinson of Barstow. The baby was born on Mrs. Vinson's birthday.

Texas Tech Coach To Speak Monday At Alumni Meeting Here

DeWitt Weaver, head coach and athletic director of Texas Tech, will discuss the future athletic program of the college at a barbecue at 7 p.m. Monday.

Ex-students and friends of the college are invited to this meeting, which will be held at Cole Park, said Marshall Mason, president of the Texas Tech Exes Association of Midland.

Reservations may be made by phoning Mary Goddard, during the day at No. 2-3797, and in the evenings at No. 4-7723.

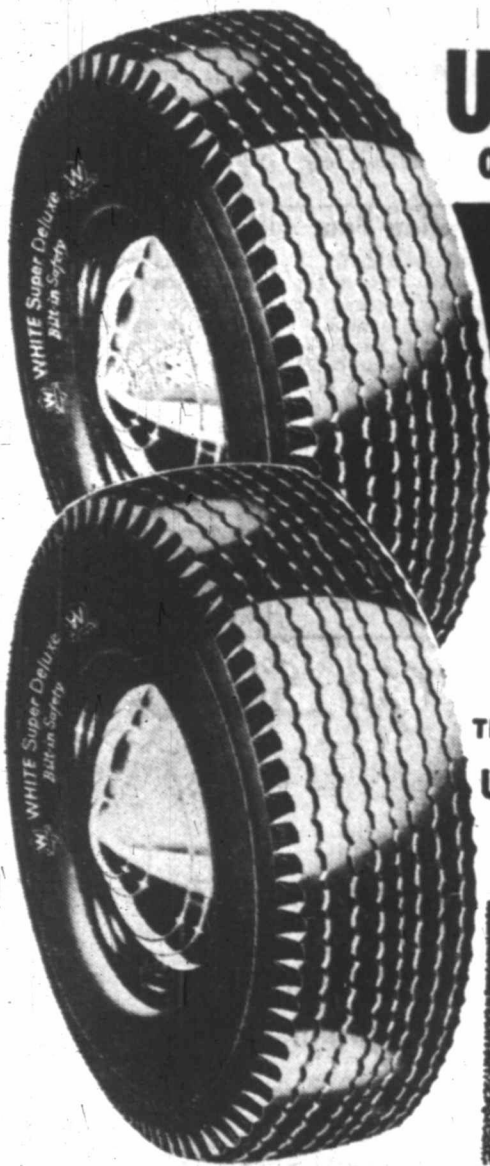

In the last 30 years more than a thousand commercial varieties of fruits and nuts have been introduced.

Colts Drop Indians, 11-10

Tribe's Ninth Inning Rally Falls Short

SAN ANGELO — A rally by the Midland Indians in the ninth inning fell short here Wednesday night as the San Angelo Colts eked out a 11-10 victory.

The Tribe had managed to load the bases with two outs in the last stanza but Dempsey Albritton grounded out to end the ball game.

The Indians will attempt to salvage the last of the two-game series there Thursday night when they send veteran hurler Eddie Jacome to the mound.

Wind gusts up to 49 miles an hour kept fielders on both teams wandering under pop flies in drunken fashion and helped account for the 36 hits in the game, 18 by each squad.

Hosea Peraza, hurling his first game in a Midland Indian uniform, was charged with the loss. Peraza had joined the club Monday night.

Seven errors, four by the Indians, also contributed to the Colt victory though four San Angelo double plays nipped several Midland rallies in their infancy.

The Colts played catch-up until the seventh inning when they tallied twice to go ahead for the first time, 8 to 7. Another three-run spurge in the eighth, the markers counting on a long triple by Catcher Wally Arbuckle, gave the Colts and 11 to 7 cushion.

Midland, with two out in the ninth inning, surged back for three runs and had the bases loaded when leadoff man Dempsey Albritton hit into a force at second to end the game and keep the Colts one and one-half games behind the Longhorn League-leading Odessa Oilers.

Extra base hits were cheap with many ordinary popups going for extra bases when fielders found it impossible to judge them in the high wind. Midland's Albritton had a triple and Julio de la Torre, Hayden White and Joe Peraza registered doubles. For San Angelo, Floyd Martin had a two-run homer in the fifth, Arbuckle had a triple and Steve Follett, Mark Christman and Sam Mabry had doubles.

SMU Says Kind Words For Tech

LUBBOCK —(AP)—Texas Tech's desire for a spot in the Southwest Conference has received more support.

President Humphrey Lee of Southern Methodist University said he was "highly in favor of Texas Tech" becoming a member of the conference.

Lee was in Lubbock enroute to New Mexico on business.

He also said in an interview that several SMU board members had told him they believed Tech should be admitted to the SWC.

Don Newcombe, Dodger pitcher now in the Army, tossed 272 innings during the 1951 season. It was the most innings pitched by any Dodger.

Drillers Overtake Rockets In Ninth For Victory, 7-6

ARTESIA —(AP)—Rudy Briner's bases-loaded double in the ninth inning drove in three runs to give the Artesia Drillers a thrilling, come-from-behind, 7-6 win over the Roswell Rockets here Wednesday night.

The Drillers were trailing, 6-4, going into the bottom of the ninth. Three bases on balls after one was out set the stage for Briner to stroke his game-winning blow off the centerfield wall.

Though they were out, 9-6, and committed seven errors, the Drillers combined 12 bases on balls and timely hitting to take the win. Roswell, on the other hand, couldn't get its offense started, leaving 14 runners stranded on the bases.

Artesia first went into the lead in the game when the bases were loaded by walks in the third and Nick Cappelli scored on a fielders choice. Paul Halter's two-run single gave the home-standing Drillers a 3-0 margin.

A brace of Artesia errors and singles by Bobby West and Bobby Lemmel plus two walks gave Roswell

three tallies in the fourth and three them into a 3-3 tie.

The Rockets jumped to the lead when Manager Al Monchak's three-run homer in the fifth provided them with their last tallies of the night.

Paul Halter stroked a leadoff round tripper for Artesia in the sixth.

The two teams then battled on even terms until Briner settled the issue with his double in the ninth.

Andy Alonso, who came on in relief for Roswell in the seventh, took the loss. Mike Rodriguez went all the way in marking up his second win of the year.

The score:

R H E
Roswell 000 330 000—6 9 3
Artesia 003 001 003—7 6 7
Peterson, Alonso and Crawford; Rodriguez and Briner.

Oilers Thump Broncs, 13-6, To Maintain Longhorn Loop Lead

ODESSA —(AP)—Odessa maintained its Longhorn League lead here Wednesday night, thumping Big Spring for a 13-6 victory.

The win evened the Big Spring-Odessa series for the season at 1-1. Gil Guerra, who stifled the Oilers on four hits earlier in the year, was the loser Wednesday night, allowing 13 safeties in going the full route.

Southpaw Leon Hays scattered nine Big Spring singles in gaining credit for the win.

A balk by Guerra in the sixth led to his downfall. Big Spring was leading, 3-1, with two away and runners on first and third when he balked. Hays followed with a single to plate the second runner and tied the score at 3-3. Raul Dieppa then singled and Barney Batson hit a home run.

The Broncs never were in the game after that. Odessa added two more in the seventh and five in the eighth. Big Spring chased in three in the ninth of one hit and two Odessa errors.

The score:

R H E
Big Spring 001 011 003—6 9 5
Odessa 001 005 25x—13 13 4
Guerra and Corrales; Hays and Castro.

National League Umpire Augie Donatelli was a tall runner on a B-17 during World War II. He was captured by the Nazis and held prisoner for 15 months.

SOFT SURFACE—Axel Von Durckheim dropped knee-deep in sand as he landed in the broad-jumping pit at London's White City Stadium. The Salem, Germany, star was among the athletes competing in London Athletic Club's schools' challenge cup meeting. (NEA)

Carrasquel, Batson, Eastham Draw Fines

ABILENE —(AP)—Longhorn League President Hal Sayles continued to crack down on ball players for verbal abuse of umpires and stalling Wednesday in levying three fines.

Manager Alex Carrasquel of Sweetwater and Outfielder Leo Eastham of Odessa were fined for directing "over-ripe language" at umpires, and First Baseman Barney Batson of Odessa was docked for delaying a game and cursing an umpire.

Babe Ruth was the home run champion of the American League 12 times.

Browns Option Four Players To Minors

ST. LOUIS —(AP)—The St. Louis Browns Wednesday optioned four players to minor league clubs.

Right-handers Cliff Fanning and Bob Mahoney and Rookie Catcher Darrell Johnson were sent to the Browns' farm at San Antonio on a 24-hour recall basis. Veteran Shortstop Stan Rojek was sent to Toledo.

TOP-NOTCHERS GATHER

LOS ANGELES —(AP)—World-famed athletes, all candidates for the Olympic games this Summer, began assembling here Thursday for the annual Coliseum Relays Friday night.

Lauro Salas Licks Jimmy Carter For Lightweight Crown

LOS ANGELES —(AP)—New York's Jimmy Carter won the lightweight championship in an upset. He lost it the same way, and so Thursday the boxing world greeted a new ruler of the 135-pound division—Lauro Salas of Monterrey, Mexico.

Just as 28-year-old Carter captured the crown with a surprise 14-round knockout over Ike Williams last May 25, so did Carter create a surprise by dropping it to his 24-year-old rival, a comparative unknown in title circles, in 15 rounds Wednesday night.

True, the decision was a split one, and many boxing writers disagreed with the verdict. But the fact remained Thursday—the new champion is Lauro Salas, a youngster who, like Carter, not too long ago, was getting nowhere in boxing until he was ushered into the title picture.

If there was divided opinion among the officials—the referee called the fight for Carter, the two judges overruled him—and sharp disagreement among the experts, certainly there was nothing but international joy stretching from Los Angeles Olvera Street to all parts south of the border.

Salas is the first native Mexican to win an undisputed world championship.

"This was no win for myself alone," exclaimed the tempestuous Salas. "I am glad for the people of Mexico—the Mexican people here, the people in Mexico."

With that, Salas waved a sheaf of letters from his countrymen, including a special delivery from the mayor of Monterrey, wishing him luck before the bout.

Promoter Cal Eaton promptly began efforts for a rematch as provided in the fighters' contracts in the event of a Salas upset. It calls for a rematch within 60 days, but both fight camps indicated they might like a little longer interval.

Carter, dethroned in his third defense of the title, was disconsolate. So was his manager, veteran Willie Ketchum, who declared: "Jimmy got tired but I don't know how they saw the other guy winning."

Referee Frankie Van gave Carter the bout on points, 83-82, on the California 11-point per round system. Judge Mushy Callahan called it for Salas, 84-81, and Judge Joe Stone had it 83 1/2-81 1/2. The Associated Press scored it 83-82 for Carter, and accorded Carter the heavier volume of solid punches.

The bout attracted 7,745 fans and the gross gate was \$31,748.10 plus \$17,500 for the television rights.

Eddie Waitkus, first sacker for the Philadelphia Phils, played in 145 games last season and did not steal a single base.

Rookie Pitcher Chuck Tanner, brother of Midland Indian Catcher Gordon Tanner, is on his way back home to Canada, where he will enroll in college, according to reports.

Young Tanner, who is only 17 years old, tried out with the Indians during Spring training but was optioned to Statesboro in the Georgia State League.

Now, he'll give the old campus life a fling.

It matters very little as far as the Midland Indians are concerned but we, along with the league statistician, made a whopping big error in the batting average of Outfielder Stan Wilcox.

Stan was released and gave his free agency Tuesday by the Indians. We had listed Stan's batting average as .290. But after checking back through the records with him, we discovered it was a whopping .333.

Speaking of statistics, when the Longhorn League figures were released here last week, Midland was leading the league in fielding.

The Tribe committed only 20 bobbles in the first 14 games. But now they're booting them with alarming regularity. In the last nine games, excluding the San Angelo game Wednesday night, Midland has committed 31 miscues in the field, or better than two per game.

Julio de la Torre, Indian third baseman, leads the Tribe in errors with 11. Bill Crumley is next with nine miscues and is followed by Dempsey Abortion with eight.

Pat Lorenzo is leading the outfielders in bobbles, getting his foot in the bucket five times. Other tribesmen with errors charged against them include Woody Pennington (4), Dick Cassidy (3), Brown (2), Santiago (2), Nicolls and Tanner, one each.

Midland has failed to commit errors in only two games; has made one error in each of eight games; made two errors in each of four games; bobbled three times in each of five games; four times in one game, five times in two games, and six times in one game.

In all fairness, it should be said the number of errors charged against a man is not always a reflection of bad play on his part.

Quite to the contrary, it can mean a player who has an excessive number of errors charged against him, often is trying harder to stop the ball than a man who is not charged with so many fielding miscues.

Lubbock Outscores Abilene In Weird, 12-Inning Nightmare

By The Associated Press

The West Texas-New Mexico League ran the gamut of versatility Wednesday night, from Jesse Priest's four-hit shutout for Albuquerque to a weird, 12-inning tossup between Lubbock and Abilene.

Lubbock nudged Abilene 17-16 in a wild scoring affair that was decided on Manager I. B. Palmer's long single after two were out in the bottom of the twelfth.

Priest didn't allow a runner to get past second base when he hurled Albuquerque to a 7-0 win over Borger.

League-leading Clovis failed to strengthen its position in the race when Amarillo's new pitcher Joe Valenzuela copped an eight-hit decision. Clovis fell 11-3.

Pampa scored six times in the third inning and added the deciding run in the fifth to nab a 7-6 triumph over Lamesa.

Priest retired 17 men in order in his pitching masterpiece and got big help from teammate Tom Munoz, who homered in the seventh.

Olympic Hopes Of Singapore Ride With Swim Star

SINGAPORE—(AP)—This colony's chief Olympic hopes are riding on the shoulders of Neo Chwee Kok, a young Chinese swimmer who has never been beaten.

"That's the whole trouble with Neo," said Secretary D. E. Strickland of the Singapore Olympic and Sports Council, "he doesn't know what it is to chase somebody. He always jumps into the lead and just stays there so we really don't know too much, except that he's good."

Just how good the 26-year-old student is can be judged by a recent performance in which he swam 100 meters in 58 seconds. The Olympic record is 57.3 seconds.

Besides Neo there will be four other swimmers on the colony's Olympic entry, as well as two weight lifters and two track competitors.

The 1948 games at London marked the first time Singapore sent a team to the Olympics. One man qualified in the high jump. This time, however, the colony hopes for a better showing and about 30 citizens are planning to go along to Helsinki as a cheering section.

INFLATION INCREASES

NEW YORK—(AP)—Has inflation hit horse racing? Are financial opportunities for horses improving? Well, here's a comparison of the records and earnings of two great race mares, Pan Zareta and Bewitch. In the years 1912 through 1917 Pan Zareta started 151 times, won 76 races and earned a total of \$39,082. From 1947 through 1951 Bewitch started in 55 races, won 20 and earned a total of \$462,605, retiring as the richest race mare in turf history.

Roughnecks Gain Ground As Cats Fall

By The Associated Press
One thing the Texas League ball players refused to do Wednesday night—work overtime.

There were three opportunities—the games in the late innings—but the deadlines only provided the cue for some batters to blast a home run.

On the strength of Jim Greengrass, four-bagger in the ninth inning, Beaumont broke a 7-all tie with Tulsa, added another run later and capped the decision, 9-7.

Houston's Buffs nudged the flubbing Fort Worth Cats, 2-1, when Mel McGaha provided the timely round-tripper.

Eagles Go Wild
McGaha's eighth-inning smack broke a 1-1 deadlock and set up Houston's fifth win over the Cats this season without setback.

Joe Seakely homered with one on in the fifth as Shreveport quit a 2-all tie and went on to win, 5-2, over Oklahoma City. In the other game, Dallas averaged two straight lacerations by San Antonio with an 18-hit rampage and an 18-5 triumph.

Beaumont blew a five-run first inning lead against the Tulsa Oilers only to see Greengrass' four-base blast take the edge off two homers by Gail Henley and one by Ed Sanicki. Oiler outfielders.

A group of hitting streaks fell by the way in the mound duel at Fort Worth. Pitcher Joe Landrum of the Cats stopped Elbie Flint's hitting streak at 13 straight games, while the winning pitcher, Floyd Woodridge, ended the 12-game hitting run of Fort Worth's Bill Hunter.

Landrum issued only four hits in taking his third loss.

South Texas AAU Meet Designated Trials For Olympics

SAN ANTONIO—(AP)—The Texas AAU track and field meet which will serve as quarter-finals Olympics trials will be held here May 31 at Alamogordo Stadium, Eric Pohl, registrar for the South Texas AAU, announced Thursday.

Pohl said he already had received entries from practically every Texas college and five service units.

A team will be selected from the meet to go to the National AAU meet at Long Beach, Calif., June 14-15. The National AAU is semi-finals trials for the Olympics.

Texas, Texas A&M, Texas Christian, Southern Methodist, Rice, University of Houston, North Texas State, East Texas State, Abilene Christian, Howard Payne, McMurry, Southwest Texas State, Victoria Junior College and Odessa High School have said they would enter contestants. There also will be athletes from Lackland, Randolph, Bergstrom and San Marcos Air Force Bases and Brooke Medical Center.

Brown Loves Yankees

NEW YORK—(AP)—Bobby Brown certainly must enjoy being a member of the New York Yankees. When he recently received his physical examination for the Army Medical Corps he listed his home address as 161st Street and River Ave., Bronx, N. Y. That's the address of the Yankee Stadium.

MISS ATOMIC BLAST—Radiating loveliness instead of deadly atomic particles, Candy King, actress appearing at Last Frontier Hotel in Las Vegas, Nev., dazzled U. S. Marines who participated in recent atomic maneuvers at Yucca Flats. They bestowed on her the title of "Miss Atomic Blast," finding her as awe-inspiring, in another way, as was the "Big Bomb."

Barber Maglie Shaves 'Em Close As Giants Win Again

By JACK HAND

Associated Press Sports Writer
Sal "The Barber" Maglie is shaving the National League hitters so close the boys are objecting to the lather.

Cincinnati did its best to upset the New York Giants ace Wednesday with repeated demands to see the ball. The intimidation was a "spitter."

The umpire could find nothing wrong. Maglie was so upset he cooled off the Reds with six hits, 8-3, for his sixth straight victory. Unbeaten in 1952, the 34-year-old right-hander is off to a flying start toward another big year, like his 23-6 of last season.

With the Maglie-Larry Jansen-Jim Hearn combo chaining the opposition, the champion Giants are on a five-game win spree. They have won 16 of their last 18 to open up a two-game lead on the runnerup Brooklyn Dodgers.

Bobby Thompson, the golden boy of the '51 season, got the Giants off fast with a first-inning triple and a

steal home. Home runs by Willie Mays and Wes Westrum opened up enough of a lead for The Barber of Niagara Falls, N. Y.

Gerry Staley, beaten only by Dave Koslo in compiling a 6-1 record for St. Louis, showed Brooklyn another game behind the Giants with a steady six-hitter for a 5-1 victory over the Dodgers. Solly Hemus hammered home three runs for the Cards with a home run and triple. The homer came off loser Chris Van Cuyk.

With Granny Hamner and Willie Jones doing the heavy bombing, Russ Meyer finally dodged the hard luck that trailed him in four previous games to lift the Phillies over Chicago, 9-2. Although Meyer allowed 11 hits, he kept them well scattered.

Yankees Beat Tribe
Pete Whisenand's single with the bases loaded, juggled by Shortstop George Strickland just long enough to let Jack Daniels score, gave the Boston Braves a tenth inning, 4-3 edge over Pittsburgh.

Hank Bauer and Johnny Sain

were the chief agents helping the New York Yankees catch up with Cleveland for a 5-3 win after losing four straight to the Tribe.

Bauer, sizzling as a leadoff hitter, produced a homer, a double and four runs batted in. Bauer's fourth homer of the season with two men on came off Bob Feller in the third inning.

The Boston Red Sox continued to wrestle with their same old problem—how to win away from Fenway Park—as they lost their fifth straight on the road, 6-3, at Chicago.

Newly-wed Vic Wertz rejoined the Detroit Tigers and blasted a tie-breaking home run off Washington's Sid Hudson in the eighth for a 3-2 win. Art Houtteman turned back the Senators, who had won nine of their last 10, with a six-hitter.

The St. Louis Browns snapped out of a batting slump to back up four Philadelphia pitchers with a 16-hit attack as they broke a three-game losing streak with a 12-7 win. Satch Paige kept the Browns in front with a fine relief job after Gene Bearden faltered in the seventh.

TRAPSHOOT OPENS
FORT WORTH—(AP)—The 73rd consecutive Texas Trapshooters Association state shoot opened here Thursday afternoon. Approximately 200 shooters of the southwest area were expected to compete for open class and state championship.

For the fifth straight year, the state of Ohio ranks as the nation's leading producer of harness horses.

Preakness Tailor Made For Odds-On Hill Gail

By HARRY GRAYSON
NEA Sports Editor

BALTIMORE—Substitute "Maryland," for "My Old Kentucky Home" and black-eyed susans (imported) for the roses, and you have the Derby all over again in the 76th running of The Preakness Saturday.

Eddie Arcaro once more will get Hill Gail to the front early, give the newest Calumet Comet his head going with the far turn, open up six or seven lengths, and hold the tall son of Bull Lea together with a hand-ride down the long Pimlico stretch.

The Preakness, second leg of the Triple Crown, is made to order for Hill Gail. If the opposition couldn't catch the dark bay at a mile and a quarter, they certainly don't figure to do it at the mile and three-sixteenths.

Three-year-olds like those around today, or most any other day, for that matter, just don't run at a

colt which does the mile consistently in 1:35.25.

That's why Hill Gail will be an odds-on favorite.

Hill Gail's real test will come in the mile and a half of the Belmont Stakes, June 7.

Because he needed the race and was the only horse closing on the winged dark bay in Louisville, Dixiana's Sub Fleet has to be picked to

place again. Ditto for A. W. Abbott's Blue Man, which did not turn in his best performance at Churchill Downs, in showing.

Ten or more will run.
The gross purse is in excess of \$110,000.

Some 32,000, all that can be accommodated, will jam-pack the antiquated plant on the hilltop. You get an honest count on attendance in Baltimore.

It would be a much better race had the slight swelling in Hill Gail's bruised foreleg not cleared up so rapidly. It would be quite all right with a lot of owners and trainers if Ben Jones gave his star the rest he undoubtedly needs. If

the East Texas State star is one of the leading contenders for a place on the United States Olympics team.

The only other high jumper in the Southwest to better Holding's leap this year is Walter Davis of Texas A&M, who did six feet, 10 1/2 inches in the Southwest Conference meet at Dallas last Saturday. Davis also will be jumping at Los Angeles in the Coliseum Relays.

The meet here Saturday night will match first, second and third place winners in each event of the Lone Star, Gulf Coast and Texas Conference meets. Abilene Christian College, McMurry and Howard Payne of the Texas Conference; North Texas State of the Gulf Coast Conference; and Stephen F. Austin, Sul Ross, Southwest Texas State and East Texas State of the Lone Star Conference have entered teams.

Winners Of Fire Prevention Poster Contest Revealed

AUSTIN—(AP)—The best fire prevention posters were entered by Lubbock La Marque, Bonham and Fort Worth school students in their respective divisions of the annual competition. State Fire Insurance Commissioner Paul H. Brown announced Wednesday.

Carolyn Blakey, first-grade student in Lubbock's Roscoe Wilson School won first place in the primary school division.

Paul Beard, fourth grade, in Highlands Elementary School at La Marque, was first in the intermediate division.

Tommy Taylor, eighth grade, in Bonham Junior High, took top honors in the junior high school division.

Cops First Place
Mary Lynn Harrison, twelfth grade, in Paschal High School of Fort Worth, copped first place in the high school division.

First-place winners received \$20 prizes; second, \$12.50; and third, \$7.50.

Other winners in the four divisions were:

Primary—Second, Richard Earl Green, Big Spring; third, Ralene Fry, Lubbock.

Intermediate—Second, Patricia Ostrander, San Antonio; third, Willie Helen Thomas, Lubbock.

Junior—Second, Lanelle Gum Canyon; third, Barbara Pratt, Red Oak.

Senior—Second, Joyce Johnson, Wichita Falls; third, Perry Llewellyn, Riverside Senior High, Fort Worth.

Western Plastics, Shell Take Wins In Softball Loop

Western Plastic dropped the league-leading Rendezvous team, 5 to 3, in JayCee softball play Wednesday night.

John Dunlap scattered nine Rendezvous hits while teammates drove out seven safeties and capitalized on five Rendezvous miscues. Barber of the winners hit a homer in the fifth.

Jack Smith was the losing hurler. Cook recorded a homer and a single in three times up for Rendezvous.

Shell walloped Continental, 15 to 1, in the second game Wednesday night. Gerry Rogers pitched for Shell. Bo Wise was credited with the loss.

Loodle rapped a four-bagger for Shell in the third. It was one of 15 hits totaled by Shell. Continental got only two safeties while committing six errors.

DELBERT DOWNING TO SPEAKS IN NEW MEXICO
Delbert Downing, manager of the Midland Chamber of Commerce, will be in Lovington, N. M., Saturday to address an inter-city, ladies-night banquet sponsored by the Rotary Club of that city.

More Comfort Wearing FALSE TEETH
Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, soapy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

NOTICE OF SALE OF OIL AND GAS LEASES ON UNIVERSITY LANDS

Pursuant to the provisions of Chapter 282 of the General and Special Laws of Texas, passed at the Regular Session of the Forty-first Legislature, approved March 29, 1929, and amended by Chapter 174, of the Acts of the Regular Session of the Forty-second Legislature, and as amended by Chapter 137, Forty-fifth Legislature, Chapter 148, the Board for Lease of University Lands hereby offers for sale, subject to the right to reject any or all bids, at public auction in Austin, Texas, at the Stephen F. Austin Hotel on Friday, June 13, 1952, at ten o'clock A.M., the oil and gas rights in and under the hereinafter described University Lands:

All oil and gas leases sold at this auction will be for a primary term of five years and shall carry a royalty of 1/8 of the gross production of oil and gas therefrom. The Board has fixed an annual rental of One Dollar (\$1.00) per acre on each tract offered:

ANDREWS COUNTY				
Tract No.	Blk.	Sec.	Part	Acres
1	6	39	SW/4	160.00
2	6	47	NE/4	160.00
3	6	38	E/2	320.00

Tract No. 4, comprising 8 parcels of land as described above and containing 2,589.20 acres, will be bid upon as a unit but will be leased in 8 separate tracts as described. The minimum consideration that will be accepted for Tract No. 4 will be a cash bonus of Ten Thousand Dollars (\$10,000.00), plus the legally required 1%, plus a well to be commenced within 180 days after the date of the sale and diligently drilled to a depth of 12,500 feet, or to commercial production of oil or gas at a lesser depth, or into sulphur or salt water in the Ellenburger formation at a lesser depth, or into granite at a lesser depth. The well herein referred to shall be located within the area described as Tract No. 4. Each parcel of Tract No. 4 shall constitute a separately leased area and in the event that production of oil or gas has not been secured thereon within 12 months after the execution of the lease an annual rental of One Dollar (\$1.00) per acre shall be paid upon such unproductive tracts whether a well be drilled or drilling thereon or not.

Tract No. 5, comprising 8 parcels of land as described above and containing 2,589.20 acres, will be bid upon as a unit but will be leased in 8 separate tracts as described. The minimum consideration that will be accepted for Tract No. 5 will be a cash bonus of Ten Thousand Dollars (\$10,000.00), plus the legally required 1%, plus a well to be commenced within 180 days after the date of the sale and diligently drilled to a depth of 13,500 feet, or to commercial production of oil or gas at a lesser depth, or into sulphur or salt water in the Ellenburger formation at a lesser depth, or into granite at a lesser depth. The well herein referred to shall be located within the area described as Tract No. 5. Each parcel of Tract No. 5 shall constitute a separately leased area and in the event that production of oil or gas has not been secured thereon within 12 months after the execution of the lease an annual rental of One Dollar (\$1.00) per acre shall be paid upon such unproductive tracts whether a well be drilled or drilling thereon or not.

Tract No. 6, comprising 8 parcels of land as described above and containing 2,589.20 acres, will be bid upon as a unit but will be leased in 8 separate tracts as described. The minimum consideration that will be accepted for Tract No. 6 will be a cash bonus of Ten Thousand Dollars (\$10,000.00), plus the legally required 1%, plus a well to be commenced within 180 days after the date of the sale and diligently drilled to a depth of 13,500 feet, or to commercial production of oil or gas at a lesser depth, or into sulphur or salt water in the Ellenburger formation at a lesser depth, or into granite at a lesser depth. The well herein referred to shall be located within the area described as Tract No. 6. Each parcel of Tract No. 6 shall constitute a separately leased area and in the event that production of oil or gas has not been secured thereon within 12 months after the execution of the lease an annual rental of One Dollar (\$1.00) per acre shall be paid upon such unproductive tracts whether a well be drilled or drilling thereon or not.

Tract No. 100, comprising 9 parcels of land as described above and containing 2,675.78 acres, will be bid upon as a unit but will be leased in 9 separate tracts as described. The minimum consideration that will be accepted for Tract No. 100 will be a cash bonus of Seven Thousand Dollars (\$7,000.00), plus the legally required 1%, plus a well to be commenced within 180 days after the date of the sale and diligently drilled to a depth of 8,000 feet, or to commercial production of oil or gas at a lesser depth, or into sulphur or salt water in the Ellenburger formation at a lesser depth, or into granite at a lesser depth. The well herein referred to shall be located within the area described as Tract No. 100. Each parcel of Tract No. 100 shall constitute a separately leased area and in the event that production of oil or gas has not been secured thereon within 12 months after the execution of the lease an annual rental of One Dollar (\$1.00) per acre shall be paid upon such unproductive tracts whether a well be drilled or drilling thereon or not.

Rayburn Boomlet Sparked
By 73 Members Of House

By The Associated Press
A full-fledged effort to get the Democratic presidential nomination for Texas' Speaker of the House Sam Rayburn has cropped up in Congress.

The persistent Rayburn boomlet, which even the Bonham bachelor has been unable to kill with emphatic denials of presidential ambitions, was sparked Wednesday by 73 House members of Congress.

The Washington Bureau of The Dallas Morning News said the organization marked the first real effort to draft Rayburn for the Democratic presidential nomination.

Rep. Harold Patten (D-Ariz.), who started the movement, said the 73 members of the Rayburn club represent 14 states. There are 231 Democratic members of the House.

Rep. Francis Walter (D-Pa.) is expected to head the Rayburn draft group when formal organization is completed.

Other Developments
There were these other political developments:

1. Backers of Gen. Dwight D. Eisenhower for the GOP presidential nomination were concerned over reported delegate trading between Eisenhower and Taft factions.

2. Mrs. Lindsey Beckworth campaigned in South Texas Thursday in place of her husband, a candidate for U. S. Senate. Beckworth flew to Washington in order to vote for state ownership of the tidelands.

3. A politics probing grand jury in Duval County is to make its report Friday to District Judge Sam G. Reams. District Attorney Homer Dean refused to say indictments would be returned.

4. Spurgeon Bell, Houston attorney began his campaign for Supreme Court in Dallas. He said he expected to carry Harris County and vicinity by a wide margin and would concentrate his early campaign in North Texas.

Bell is in the race with District Judge R. A. Stout, Waxahachie; Judge Frank P. Culver, Fort Worth; and Glenn R. Lewis of San Angelo. Mrs. Beckworth was to speak Thursday in Edna, Victoria, Porter, Lavaca and Cuero to keep up the fast, strenuous campaign her absent husband is conducting for the post to be vacated by Tom Connally.

Eisenhower-Taft
Delegate Battle
Favors Ohioan

By The Associated Press

The Taft-Eisenhower duel for Republican presidential-nominating votes tilted toward the Ohio senator Thursday, with delegate-seating contests looming as a possibly decisive factor.

Senator Robert Taft apparently picked up 15 more delegate votes in Tuesday's West Virginia primary. The other one apparently went to Gen. Dwight Eisenhower.

Thus The Associated Press tally of delegate strength now shows: Taft 364, Eisenhower 304. The tabulation is based on known and avowed alignments of delegates.

Nomination requires 604 votes. Delegates favoring both Taft and Eisenhower have been chosen in Georgia, Louisiana and Mississippi. Another scrap over Texas' 38 votes comes to a head at a state convention May 27.

MECHANIC INJURED
A. J. Clark, 704 South Mineola Street, mechanic for Erskine Motor Company, received a laceration over his left eye Wednesday. He was tightening a starter with a speed wrench when it slipped, according to Western Clinic-Hospital attaches, where he was given treatment.

FRUIT, BREAD
ARE EXPENSIVE

PARIS—(AP)—Apples and biscuits, a still life by the noted modern painter Paul Cezanne, sold for 33 million francs (\$90,000) in the auction of the portion of the famed Gabriel Cognac collection at the Charpentier Art Gallery Wednesday night.

Servicemen's Pay
Increase Approved
By House, 333 To 0

WASHINGTON—(AP)—The House passed and sent to the Senate Thursday a bill raising the pay of servicemen almost half a billion dollars annually.

The bill is a compromise of different versions previously passed by the Senate and the House. It still requires Senate approval before going to the President. If it becomes law by May 31, the raises for 3 1/2 million service personnel will become effective with the May pay-rolls.

The vote was 333 to 0.

Proposed Increases
The proposed increases range from \$3 monthly for privates and seamen to \$65 for two-star generals and admirals. They are intended to help offset higher living costs.

They apply to approximately 3 1/2 million active as well as retired personnel.

Omitted is a Senate-voted amendment to give an extra \$45 monthly to men who are fighting in or who have fought in Korea. The House Armed Services Committee is expected to consider Korea combat pay soon as a separate measure.

The compromise calls for a flat raise of four per cent in base pay of all personnel and an increase of 14 per cent in allowances for food and rental.

Suits—

(Continued From Page One)
McClintic, the Gulf Oil Corporation and others.

It asked simply for a judgment declaring the proceedings and decision involving the vacancy claim null and void.

Against O'Daniel
The second suit was filed by the Magnolia Petroleum Company and Ted Weiner of Fort Worth against E. T. O'Daniel of Big Spring, to whom was issued individually and as an attorney for a group the patents to the vacancy strip claimed by Dr. Dillion.

It asked for judgment for title, asserting the land was not vacant and unsurveyed land.

The third suit was filed by Charles L. Krueger, whose claim to a vacancy strip in the Tex-Harvey field was rejected.

Krueger named The Gulf Oil Corporation and scores of other royalty holders and landowners as defendants.

The suit asked for \$10,000 damages for trespass as well as judgment establishing the claimed vacancy.

AUSTIN STATE HOSPITAL
IS SECOND IN CONTEST

AUSTIN—(AP)—The Austin State Hospital did such a good job of treating senile patients it won second place in the 1951 mental hospital achievement award contest.

The honor was announced Wednesday by the American Psychiatric Association.

Dr. R. C. Rowell is superintendent of the hospital and Dr. L. C. Hanes is clinical director.

EYE IS TREATED

W. D. McCorkle of Odessa, carpenter for Hudson Engineering Company, had a foreign body removed from his right eye at Western Clinic-Hospital Wednesday.

SPINTER REMOVED

W. O. Wood of Midland, carpenter for Whitmore Home Builders, had a splinter driven completely through his left little finger while working Wednesday. Emergency treatment was given at Western Clinic-Hospital.

CONJUNCTIONS SUFFERED

Noble Bostick of Hobbs, N. M., employed by N & N Construction Company, hit his left elbow while turning over a concrete block Wednesday, suffering contusions. He was given emergency treatment at Midland Memorial Hospital.

UNDERGOES TREATMENT

Chester Weathers of Midland is a medical patient at Midland Memorial Hospital.

ADMITTED TO HOSPITAL

James A. Carpenter, Route 2, has been admitted as a medical patient at Midland Memorial Hospital.

WINK WOMAN ILL

A medical patient at Midland Memorial Hospital is Mrs. Darby Haley of Wink.

SURGERY SCHEDULED

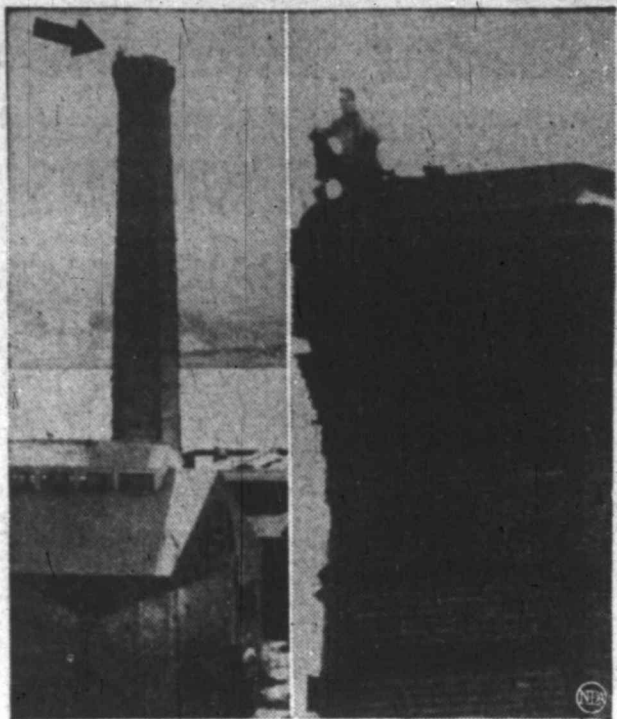

Than Outlaw, 2106 West Tennessee Street, has been admitted to Midland Memorial Hospital for surgery.

VALUABLE PEBBLE

Discovery of the billion-dollar Kimberly diamond fields came about when two children found a \$2500 "pebble" in a South African river.

COLONEL AND FAMILY—

Mrs. Nona Raven, Newton, Texas, holds a photo of her husband, Lt. Col. Wilbur Raven, who fought his way to freedom after Red prisoners grabbed him and Gen. Francis Dodd near the entrance of Kojima Island prison. With Mrs. Raven, left to right, are sons, Wilbur, nine, George, four, and Ward, 14.

(NEA Telephone)
HIGH PERCH—Convict Fredrick Zelenc perches atop a 135-foot smokestack at San Quentin Prison, vowing to stay there until officials agree to transfer him to Folsom Prison, which he likes better. Warden Harley Teets sweated him out, however, and he descended without gaining his objective.

No Requests For
Braceros Made

MEXICO CITY—(AP)—The Interior Ministry warned farm laborers Thursday they will not be sent to the U. S. for work immediately.

The ministry said U. S. farmers have not yet asked for any Mexican migrants (braceros) and none can go until they are requested. Texas farmers say they will not need labor for hoeing for another month.

Meanwhile laborers are flooding into Monterrey in hope of finding work in the U. S. Many of them are from the drought-stricken Laguna area.

Mexican and U. S. officials still are working on changes in the labor contract the Mexican and the U. S. farmer must sign.

Bus Driver's—

(Continued From Page One)
undergoing punishment, just what for was not plain.

57 Charges Pending
Their break was in the best tradition of fiction. Kidnaped hostages, a wooden gun, speeding automobile, barking dogs, and a vain try to steal an airplane figured in the drama-packed escape.

Welch, Theodorou and Pulliam had been freed by prison authorities to stand on up-ended soft drink cases. Chick, reputed ring-leader who was doing 25 years for robbery and forgery, was in solitary confinement.

The first trio used a hand-carved wooden pistol and a home-made knife to force an attendant and lock him and 12 inmates in a cold storage vault. An assistant warden was seized next and keys were taken from him to free Chick.

K. D. Kyle of the Brazoria County sheriff's office said a total of 57 charges of kidnaping, burglary, theft, auto theft and prison escape would be filed against the four escapees.

ELEVATORS CATCH HAND

B. L. Norris, 1806 West North Front Street, sustained an injured index finger on his left hand Wednesday, when his hand was caught between two pipe elevators. Emergency treatment was given at Midland Memorial Hospital.

MECHANIC TREATED

E. H. Long of McCamey, mechanic for Dowell, Inc., had a foreign body removed from his left eye at Western Clinic-Hospital Wednesday.

TONSILLECTOMY PLANNED

Hugh Johnson, nine, son of Mr. and Mrs. C. D. Johnson of 909 North Weatherford Street, has been admitted to Western Clinic-Hospital for a tonsillectomy.

UNDERGOES TREATMENT

Chester Weathers of Midland is a medical patient at Midland Memorial Hospital.

ADMITTED TO HOSPITAL

James A. Carpenter, Route 2, has been admitted as a medical patient at Midland Memorial Hospital.

WINK WOMAN ILL

A medical patient at Midland Memorial Hospital is Mrs. Darby Haley of Wink.

SURGERY SCHEDULED

Than Outlaw, 2106 West Tennessee Street, has been admitted to Midland Memorial Hospital for surgery.

VALUABLE PEBBLE

Discovery of the billion-dollar Kimberly diamond fields came about when two children found a \$2500 "pebble" in a South African river.

Although no more than one per cent of a barrel of crude oil goes into petrochemicals, this one per cent finds its way into literally paints, plastics, alcohols, and practically all of the synthetic rubber used.

Move To Cut Foreign
Aid Funds Defeated

WASHINGTON—(AP)—Fresh from an initial victory, President Truman and his foreign aid program lieutenants worked Thursday to build a rampart of Senate votes against any further cutting of its billions.

Administration backers beat off a move to clip 400 million dollars from the \$6,900,000,000 total by a 7 to 6 vote late Wednesday in the Senate Armed Services Committee.

Thus the bill—already trimmed a billion from the President's original request for \$7,900,000,000—returns to the Senate in the same form it went to the committee last Monday. There was plenty talk of a floor fight over further reductions, possibly as low as an even six billions.

Government Labor
Officials See Early
End Of Oil Walkout

WASHINGTON—(AP)—Government labor officials Thursday predicted an early end to the 15-day nationwide oil strike which already is affecting the country's tourist trade and air service both here and abroad.

The Wage Stabilization Board decision Wednesday to allow up to 15 cents an hour in wage increases to 90,000 striking oil workers brought prompt and favorable response from the unions involved.

The proposed ceiling boost earlier had been agreed to by part of the strike-bound industry.

B. J. Schafer, vice president of the CIO Oil Workers International, issued a statement in Denver Wednesday night saying the CIO Policy Committee, and the coordinating committee for the CIO-Independent-AFL unions coalition, reluctantly had approved a proposed settlement on the basis of the 15-cent-an-hour increase, plus shift differentials of six and 12 cents and retroactive pay equal to the full amount allowable under WSB regulations.

The unions originally asked a 25-cent pay boost; the industry offered 10. Two weeks ago the unions lowered their demand to 18 cents, and companies employing between 15,000 and 25,000 oil workers raised their offer to 15 cents.

An inquest verdict of accidental death from drowning was returned by a justice of the peace.

WEINGER CATCHES ARM
Dorothy Maxine Johnson, 1908 South Fort Worth Street, sustained severe contusions of her right forearm Wednesday when she caught her arm in a washing machine wringer. Emergency treatment was given at Western Clinic-Hospital.

BURNS SUFFERED

Jimmy Watson of Odessa, employed by B. L. McFarland's Drilling Company, sustained first degree burns of face, hands and neck Wednesday. Midland Memorial Hospital attaches said he was repairing a line under a hood, when it split open.

MEDICAL PATIENT

Elena Martinez, one, 1007 North Mineola Street, is a medical patient at Western Clinic-Hospital. She is the daughter of Mr. and Mrs. J. Martinez.

TO UNDERGO SURGERY

Mrs. Hallie Parker, 209 East Ohio Street, has been admitted to Western Clinic-Hospital for minor surgery.

SURGICAL PATIENT

A. C. Cloninger of Monahans is a surgical patient at Western Clinic-Hospital.

Bids Sought On Highway Work In Permian Basin

The State Highway Commission will open bids May 20-21 for highway projects in four Permian Basin counties.

Bids were called by the commission on 789 miles of highway, road and street work. Estimated low bids will total \$11,000,000, State Highway Engineer D. C. Greer said.

Projects for the Midland area follow:

Andrews County—State Highway 31, from Andrews to the Ector County line, 18.5 miles, grading, structures, flexible base and two-course surface treatment, with 160 working days allotted for completion.

Crane County—State Highway 51, from 5.5 miles south of Ector County line to 5.5 miles south of Ector County line, grading, structures, flexible base and two-course surface treatment, 110 working days.

Winkler County—State Highway

38 Beauties Seek Crown At Odessa

Thirty-eight bathing beauties will vie in the Midland District contest to name a "Miss Future Pioneer of Texas" Friday night at the Crockett Junior High School in Odessa.

Sponsored by Telephone Pioneers, an organization composed of employees with at least 21 years of service, the Midland District winner will compete in the state contest to be held in Galveston in the early summer. Twenty-four district winners will be entered in the Galveston contest.

Beauties representing various company departments of Southwestern Bell Telephone Company in the Midland District contest, have been announced by District Manager Billy Yeatts as follows:

MIDLAND — Juandell Weddie, Karlene Selby, Mrs. Lovenia H. Clements, Patsy Wooten, Doris Floyd, Peggy Smith, Loretta Chaney, Mrs. Ann Storey, Ruby Jones, Mrs. Sarah Redus, Mrs. Evelyn Beers and Kathryn Scott.

BIO SPRING — Dona Sue McBride, Helen McMillan, Fay Haynie, Christine Tippel, Patricia Young, Virginia Wright, Byrnie Brooks, June McDaniel, Mrs. Mildred Clark and Helen Tubb.

PEOCOS — Mrs. Madeline Bailey.

SEMINOLE — Julia Ann Reynolds.

ODESSA — Mrs. Maxine Quinn, Mrs. Magdalen English, Mrs. Jean McClarny, Mrs. Lorene Gabree, Louise Wells, Zula Gibson, Joyce Barnett, Betty Joe Bell, Sandra Hooker, Mrs. Aline James and Nancy Harris.

MONAHAN — Louise Mallow.

Georgie Nell Young and Mary Jane Weathers.

Judges will be Art Cole, manager of Community Theater, and Burvin Hines, assistant manager of chamber of commerce, both of Midland; Fred Gage, mayor and J. T. Rutherford, state representative, both of Odessa; and Jimmy Simmons, vice-president of First State Bank, Monahan.

WASHINGTON—The Defense Department Thursday released Korean casualty lists Nos. 563 and 564, listing one Texan killed in action and six wounded in the Korean area.

Killed in action, Army: Sgt. 1/c Comer Smothers, Kingsville.

Wounded, Army: Sgt. Daniel J. Colunga, Dilley; Pvt. Charles Legard, Fort Worth; Pfc. Thomas Jordan, Jr., Sinton; Sgt. 1/c Ignacio Losano, El Paso; Pfc. Austin L. Young, Jr., Dallas.

Wounded, Marine Corps: Cpl. Jim T. McCurtain, Fort Worth.

Law Permits Wild Animals On Streets

GENEVA, SWITZERLAND—(AP)—There is no law in Geneva against permitting wild animals to roam the streets.

The city fathers discovered this loophole recently when they tried to prosecute a woman psychiatrist whose 10-month-old cheetah caused panic in the principal market place recently.

His owner had been taking him to market at the end of a leash. One official said the law will be amended immediately.

Switzerland Oil Search Launched

BERN, SWITZERLAND—(AP)—The Swiss federal government has warned cantonal authorities that they must grant no oil concessions to foreign companies which would prejudice Switzerland's national independence or neutrality.

Foreign oil companies have been authorized by various cantonal governments to prospect for oil deposits in the shale strata along the southern rim of the Jura Mountains.

The chrysanthemum probably has been known for 2,000 years.

By WARREN PAGE
Shooting Editor

We often speak of a trigger as having a 4-pound pull. By that we mean a weight of 64 ounces will exert enough downward pull on the trigger to cause the sear and striker notches to slip apart and so let the gun fire. But smart shooters don't pull a trigger.

We should squeeze or press the trigger. It makes not one whit of difference which term we use. By either word we mean a smooth, steady increase of controlled pressure, exerted by the sensitive pad of the forefinger's first joint, which bears straight back against the trigger or its shoe. This is the exact opposite of the pull which usually becomes a yank or a jerk.

Smooth, controlled trigger squeeze is probably the one most vital part of accuracy or high scores in both pistol or rifle shooting. If, for example, you jerk the trigger of a superdooper .22 rimfire match rifle only just enough to move its muzzle a tenth of an inch off line, you will be out of the X-ring by a couple of inches at 50 feet, off at 100 yards by a full foot.

Only with the shotgun do we definitely pull on the trigger, pull fast to make the firing pin punch the primer exactly when we want it to. Smoothbore shooting is a game of gun-pointing, not of aiming. We don't split hairs in shotgunning.

The pattern spreads will take care of small errors in lining up the gun. But we must start the shot charge on its way just at the moment when we're lined up enough ahead of the duck or clay target with just enough lead so that the

target will be splattered by cigar-shaped shot string. So we pull.

Some good shotguns even slap the trigger, carrying the right forefinger outside along the trigger guard until the instant of exactly proper lead arrives. The breaking point of a smoothbore trigger need be no less than about four pounds, but it ought to be clean, not spongy, so you can cut loose just as that drake mallard hangs like a balloon over the decoys.

Beginners with the rifle and handgun are usually taught to squeeze the trigger with gently increasing pressure so that they won't know when the gun is due to go off. Nobody, not even champion pistol shots Benner and Reeves, or super-riflemen like Art Cook, can hold any gun rock-steady. We all wiggle and wobble more or less.

But if the beginner increases the trigger pressure when his sights hover close to the bullseye, and holds up further pressure as they swing off the target center, he'll begin to make scores, even if he wobbles rather more than less.

The hotshot who knows his gun

to perfection after long years of practice will develop such trigger-finger control that he can finish the let-off of a rifle or pistol just when he wants to. He can bring up his pressure within an ounce of the breaking point, and add the final straw just as the signs come to perfect alignment. But he has a glass-smooth gun, its pull identical to the ounce for each shot.

For a sporting rifle, and clean trigger releasing between 3 1/2 and four pounds is light enough for accuracy, heavy enough for safety. Match .22 rifles must let go at no less than three pounds, .22 automatics used in competitive pistol at two or better. The .38 caliber target revolver trigger must lift three pounds, the .45 auto, four.

But unless you're a better than middling mechanic, or have already ruined a few sears monkeying with a stone, have a good gunsmith touch up any triggers that don't let off to suit you or the rules.

OLD INHABITANTS

Nebraska has yielded excellent specimens of mastodons, giant sloth, saber-toothed tigers, giant beaver, ancient bison, horses, and deer.

Chinese natives have the superstitious belief that when they die they must drink all the water they have used while alive.

ARAB STATES SEEK UNITY

BEIRUT, LEBANON — (P) — Economic union of all the Arab states is a goal of the new Federation of Arab Chambers of Commerce which recently opened its headquarters here. The federation was organized last year as part of an Arab League project to improve economic co-operation among the Arab states.

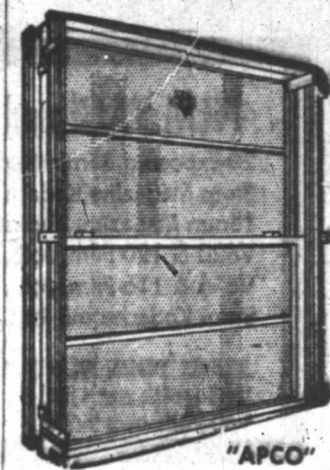

Texas has the third largest cave in the world Longhorn Cavern, in Burnet county.

SETS CLOCK FOR TV

CARBONDALE, Ill. — (P) — Mrs. Herman Chamness is an avid TV fan but missed favorite programs for days when fast time telecasting started recently. She eliminated her confusion by turning her living room clock an hour ahead of Carbondale CST clocks to enjoy her own fast-time televiewing.

Minnesota and the two Dakotas produce the greater part of the flat grown in the United States.

Rancher Rides Herd On 1,000,000 Trout

PARADISE RANCH, CALIF. — (NEA) — At 38, Elliott Grove has fulfilled a 20-year dream—a 100-acre ranch where he can ride herd on a million rainbow trout.

He carved his ranch out of rugged virgin timberland in the Stanislaus National Forest in the high Sierra, created a seven and a half acre lake in the middle of it, and today it's a trout fisherman's paradise.

Grove, a civil engineer who spent several years surveying in Alaska, has been building his ranch since 1946. First he built a log cabin for himself, his wife and small daughter. Next he built the lake, shaping it to match the Sierra grandeur.

Then he built a scientific trout hatchery, which will be the birthplace this year of more than a million fish.

Ticklish Job

Although Grove doesn't have to drive his finny friends to market, raising them is a ticklish and time-consuming job. The eggs placed in wire trays in constantly running water, must be constantly picked over for 10 days to three weeks

to remove the bad ones. Then when the fish hatch and drop into a metal trough, it goes on a special diet.

Grove feeds them on liver, ground 10 times and reinforced with vitamins and cod liver oil. Just before they grow up to an inch long and leave for the outside ponds, the diet switches to ground meat. When they really grow up and reach seven inches, they go into the lake on their own. Right now there are about 30,000 of them there, ranging from seven to 18 inches.

Grove's fancy diet, the result of his own experiments, gives him an 80 to 90 per cent hatch. Government agencies consider a 60 per cent hatch exceptional.

Fishermen can fish year-round at Grove's ranch, either with fly, bait, or trolling. And they never need go home with empty creels.

They can catch as many as they like—at a charge of \$1.50 a pound, but if they're unlucky, they can buy them at the same price, already cleaned and packed in fern.

New Twist Is Given To Oil Production

CENTRALIA, ILL. — (AP) — A new twist in oil production from a Southern Illinois field calls for building an artificial water system vast enough to supply a city of 200,000.

The Texas Company hopes its 23-acre project, to be completed in 1953, will help force 500 million dollars worth of vital oil to the surface of the Lake Centralia field.

The water will be used to provide pressure in recovering oil which otherwise would be left underground after previously used methods were stopped as no longer economical. The Texas Company says the field's life will be extended 20 years.

Five oil-bearing strata underlying 20,000 acres will be flooded. A Texas Company spokesman estimated it would take 8,650,000,000 gallons of water to fill the space voided by oil and gas since the field's discovery in 1937.

Farm Remains In Family Long Time

DES MOINES — (AP) — Few farms have been kept in the family as long as a quarter section of land near Fort Dodge owned by 81-year-old John Hogan.

The land was purchased in 1886 by Hogan's father for \$1.25 an acre. The original deed was signed by President Franklin Pierce.

Hogan has lived on the farm all but two years of his life. His seven brothers and sisters were born and grew up there.

Communist Radio Beams Propaganda

LONDON — (AP) — Moscow Radio preaches the Kremlin line to the world in 33 foreign languages.

In tongues as diverse as Arabic, Cantonese, Macedonian and Hindustani, the giant broadcasting center reaches every corner of the globe.

Using several channels, short and medium wave, Moscow Radio is on the air with 593 hours of foreign broadcasts weekly. The programs are relayed by transmitters in the Soviet Union and in the satellite countries.

The United States is the principal target with 46 hours a week on English-language broadcasts. Russian commentators — often speaking in American slang — concentrate on Korean war propaganda.

WALKED ON ENEMIES

Ancient Egyptians painted the figure of an enemy on the soles of their sandals, so they could insult him daily by treading him underfoot.

Revenue from the three federal oil taxes (gasoline, lubricating oil and pipe line transportation) will run in the neighborhood of \$700 million for 1951, according to preliminary estimates.

Anniversary Couple Likes Diamond Game

PLAINFIELD, N. J. — (AP) — Baseball played Cupid for a couple 50 years ago and they still are fans today.

Mr. and Mrs. Frank P. Dodge recently celebrated their golden wedding anniversary. They met at a baseball game in which Dodge was a player. The couple often go to New York to watch the Yankees and Giants, their favorites.

"In all our 50 years together we have never been separated a day," says Mrs. Dodge.

The blubber on a large whale may be as much as 14 inches thick on some portions of the body. Plants have been found to grow faster when the amount of carbon dioxide in the air was increased.

3,000 MIDLAND LETTERS UNDELIVERED

Business Far From 'Dead' In Dead Letter Department

One thing is for certain: business is not "dead" in the dead letter department of the Midland Post Office.

L. H. Chambers, who handles the first class dead letters, said more than 3,000 were forwarded during the first four months this year to the Dallas branch office, because the post office didn't know where to send them.

The dead letters reaching the local post office are sent daily to the Dallas branch office, where they are opened. If a return address is found inside, the letter is returned to the sender, otherwise they are destroyed, Chambers said. Letters that contain valuable enclosures, however, are kept on file and will stay there until someone can identify them.

In addition to the dead letters, Chambers has handled an estimated 24,000 letters that were undeliverable by city carriers because of improper

addresses. If Chambers knows the addressee's proper address, he marks it on the envelope and sends it on its way; otherwise, the letter is returned to the sender.

Economy Hits Clerks

Before the post office instituted economy measures on a nationwide basis recently, clerks were permitted to check city directories for an addressee's proper address, but this is no longer allowed, Chambers said.

Special deliveries, registered letters and parcels containing valuable merchandise are entitled to city directory service to obtain a proper address, the clerk said.

Most letters that are undeliverable because of improper addresses are a result of carelessness on the sender's part, Chambers said. "Also a number of people move without listing their new address with the post office," he pointed out.

"We have a lot of undeliverable letters because they are addressed to the person with only Midland, Texas, as the address," Chambers said. "The city has passed the size where a clerk or carrier knows every person and a box or street number should be given to facilitate delivery," he said.

Another big task in seeing that the mail gets through is that of Edwin H. Zantow, local clerk, who handles magazines and circulars that are undeliverable because of not having proper addresses.

Zantow estimates he also has handled more than 24,000 of these items during the first four months this year.

Addresses Unknown

Together, Chambers and Zantow have handled an estimated 51,000 pieces of mail since the first of the year that were improperly addressed, or undeliverable because the addressee had moved and not left a forwarding address.

Zantow said every effort is made to deliver parcel post items. If the office can't do anything with the parcels they are finally sent to the dead parcel branch at Fort Worth where anything of value is sold at auction.

Anything of value is held for a year. If it is of no value, it is destroyed.

If money is found, it is deposited in a surplus account. If the owner can identify it within five years he gets it back.

"Very few parcel post items have to be sent from our office to the dead parcel branch at Fort Worth," Zantow said.

The clerk pointed to a basket

containing four parcel post items. A carrier had marked on the items that the house at that address was vacant.

Zantow explained the owner of the items had moved to a new address in the city in order to have his home re-decorated and had failed to give his new address.

The items apparently contained merchandise for re-decorating his home.

We'll keep on inquiring around until we learn where he moved and deliver the items to him," Zantow said.

GREETINGS FOR "PAPA" STALIN—Premier Josef Stalin receives a warm greeting from Vera Kondakova, pupil at Moscow School 612, during May Day celebrations in Moscow, according to Moscow's newspaper, "Pravda." At right is Georgi M. Malenkov, often mentioned as a favorite to succeed Stalin, and at left is Marshal Nikolai Bulganin. Photo is said to have been taken at Lenin's Mausoleum.

Office Building Is Made Of Plywood

New office building in Olympia, Wash., is all plywood from outside walls to waste baskets.

OLYMPIA, WASH. (NEA)—A leading plywood company, which believes in practicing what it preaches, has practiced itself right into a fabulous all-plywood office building. The building is made almost entirely of the company's products. There are some 119,321 square feet of plywood used in construction. This includes floors, roof, exterior sheathing, and finish, and interior

ceilings, backing and finish. The plywood material is carried further. Even the Venetian blinds and waste-baskets are made of plywood. The company planned the structure for a dual role. It houses the executive offices of the concern. And it also serves to demonstrate how plywood can be used both outside and inside a building.

Architecture and decor are modern. Some offices have plywood wall paneling of figured gum. Others have built-in plywood equipment and furniture. Plywood is used in wall plaques, chairs, desks, tables, stairs, and the exterior is plastic-faced plywood. As far as the company knows, it now have the plywoodest building in the world.

Midland Attorney Hired To Collect Delinquent Taxes

CRANE—R. F. Jennings, Midland attorney, has been hired to collect delinquent city taxes at a special meeting Monday night of the Crane City Council.

Jennings was instructed by the council to begin collections immediately.

City Secretary J. K. Price presented prepared reports of delinquent taxes, which indicated that \$11,000 is outstanding.

Safety rules within the city limits were discussed, and Chief of Police Spence was authorized to erect additional stop signs in the residential areas. The council suggested locations for the stop signs.

It was decided that reports of all accidents should be released to newspapers with detailed information as an incentive for safety alertness. It also was decided to subscribe to the safety bulletin.

The police chief reported \$340 collected in fines for the month of April.

A city ordinance was adopted for the care of livestock and fowls within the city limits.

Six Permian Basin Life Underwriters On Round Table List

Six members of the Permian Basin Association have qualified as members of the Round Table, an organization requiring its members to render to the buyer of life insurance the highest type of professional service. It was announced by Thurman A. Ritenour, Beaumont, chairman of the Leaders Round Table of Texas.

They are: Joe C. Davis of Western Reserve, W. B. Harkrider of Southland, George F. Vannaman of Texas Life, Rodney E. Vick of Fidelity Union, all of Midland; and Dalton Mitchell of Great Southern, Big Spring.

Harkrider will become a life member of the Round Table this year, Ritenour said.

Crane Equalization Board Report Slated

CRANE—A report by the equalization board for Crane County will be made June 4, it was announced by Frank Ward at a meeting of the county commissioners court this week.

Terms for justice of peace courts were set as follows: Precinct 1, first Monday of each month; Precinct 2, second Mondays; and Precinct 3, third Mondays; and Precinct 4, fourth Mondays.

A resolution of respect was passed by the court in the death of the late Judge E. D. Smith.

BEGAN NIGHT SCHOOLS

Kentucky originated the idea of evening schools in 1911. The state held classes on moonlight nights for the purpose of teaching adult illiterates to read and write.

BI-NAMED

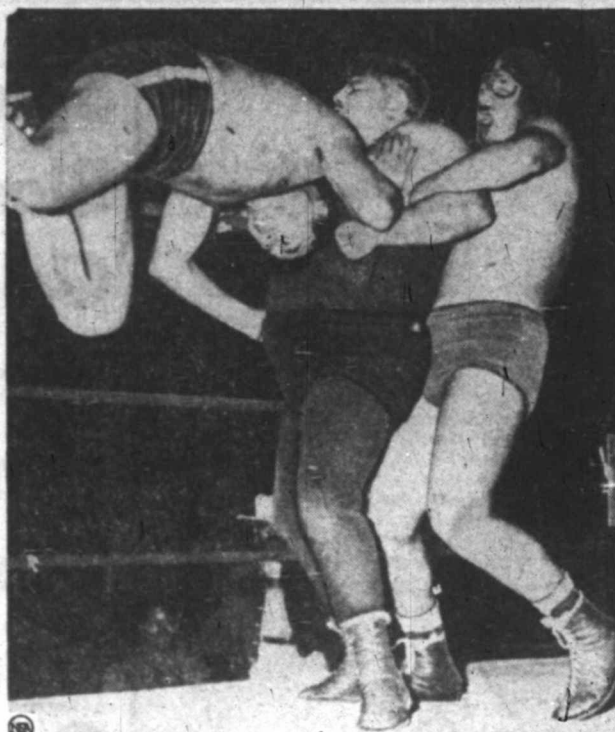

Mount Mitchell, in North Carolina, also is known as Black Dome Peak, the name coming from the blue haze often seen on some of the higher elevations.

SALTY

Brines from the Great Salt Lake, Utah, contain, as a rule somewhat more than 20 per cent solids, and of this about three-fourths is common salt.

One codfish can produce as many as 10 million eggs at one time.

STRICT LAW

New York state has the strictest divorce laws of any state in the Union. It is the one state which grants divorce only on grounds of adultery.

A codfish often grows to weigh 100 pounds.

SEPARATED

The burial of the heart apart from the body was a practice in both ancient Egypt and medieval Europe, according to the Encyclopedia Britannica.

Large coal resources are found in 28 of the United States.

Cases Of Severe Phobia Call For Psychiatric Treatment

By EDWIN P. JORDAN, M.D.
Written for NEA Service

A correspondent writes that she has a neurosis of fear and always is depressed with everything. She says that she has been fighting this horrible thing for years and wonders what can be done about it.

Now, fear can be either normal or abnormal. Doubtless, there are few living persons who have not some time been afraid in the presence of real risk, but when there exists a fear of something which is imaginary, or which carries only slight danger, the reaction is called a phobia or obsession.

In severe cases which persons cannot overcome by themselves, this may be a symptom of real mental disease, and the aid of a psychiatrist should be sought. There are many kinds of fears and I shall mention only a few of them.

One fear is called acrophobia, which is fear of great heights. This seems to be quite common—probably so much so that it is almost "normal." There is another fear called bathophobia, which means fear of great depths. If it really meant the way it sounds it would be common enough among children!

There are other phobias with long and astonishing names and even

stranger meanings. At the risk of making this sound like a list, here are a few: aphobia—fear of bees; autophobia—fear of being dirty; bibliophobia—fear of books; cheophobia—fear of gaiety, and necrophobia, or fear of death. Obviously, the last is a fear which almost everyone has. It is a true phobia only when a person thinks about death almost constantly.

May Dominate Lives

Real phobias make the victims miserable and can completely dominate their lives and point of view. Even when the nature of fear seems humorous to the outsider, it is a constant source of annoyance to the person involved and causes untold mental distress.

Should anything be done about these abnormal fears? The answer is yes, if possible. But being afraid of something is abnormal only when it is excessive and there is no good reason for that fear.

Report Planned On Plant Pests

ROME—(P)—The first coordinated world-wide effort to keep track of plant pest and plant disease outbreaks is being initiated.

Sir Herbert Brodley, acting director-general of the UN Food and Agricultural Organization, has asked 68-member nations to cooperate.

Each cooperating power was requested to send FAO regular reports by telegram or air mail of threatening plant pests and diseases. FAO will establish an international center to collect and distribute the information. Periodical bulletins will be issued.

Book Overdue 18 Years Is Located

HARRISBURG, ILL.—(P)—"Sense and Sensibility" has returned to Harrisburg's library after an 18 years' absence.

Jane Austen's book, withdrawn in 1834, turned up in good shape the other day in a hotel. Librarians figured the over-due fine of \$108 but they don't know from whom to collect.

DADDY RINGTAIL

Dadding Ringtail And Pay A Penny

Uncle Bunkum was sick in his bed in his cage at the zoo, but he said he wouldn't be sick any more if Daddy Ringtail would help with the problem about the zoo.

The Monkey Catcher explained what the problem was. He explained that he had used all his money to buy the food for the animals there at the zoo. But now the food was gone, and there wouldn't be more money to buy more food until the Monkey Catcher's father sent him some.

"Ohhhhhhh," moaned Uncle Bunkum to show how worried the Monkey Catcher ought to be.

Daddy Ringtail didn't know what the Monkey Catcher might do about it, and the Monkey Catcher didn't know, but Uncle Bunkum said he thought he knew. He said that Daddy Ringtail ought to climb in a monkey cage for the Monkey Catcher to pull him through the streets of the city for people to see. Why, anyone would pay a penny to see a monkey in a monkey cage with someone pulling it through the streets. Yes, and Uncle Bunkum would be the monkey in the cage

himself, except he was much too sick from worrying about it all. Well, Daddy Ringtail climbed in the cage and let the Monkey Catcher pull it through the streets of the city.

for people to pay a penny to see it. Oh, but the trouble was that people wouldn't pay the penny or attention either. They had seen monkeys in cages so many times before.

There was only one thing to do, Daddy Ringtail said, and the Monkey Catcher knew he was right. And because there was only one thing to do, they did it.

The Monkey Catcher crawled in the cage to look out from behind the bars, and Daddy Ringtail crawled out to pull the cage along. People laughed and laughed to see the

By WESLEY DAVIS

light, and the Monkey Catcher stood on his head on the floor of the cage to look more stupid than he really was. People paid penny after penny to see the sight, and that's how our friends worked together for money for food for the animals there at the zoo. Happy, happy day.

The BIBLE

—Can You Quote It?

Copyright 1952
LAVINA ROSS FOWLER

1—O Jerusalem, Jerusalem, thou that killest the prophets and stonest them which are sent unto thee, how oft—St. Matthew 23:37.

2—Anger is outrageous; but who is able to stand—Proverbs 27:4.

3—For the needy shall not always be forgotten—Psalms 9:18.

4—If thy brother be waxen poor, and—Leviticus 25:35.

5—He was not that light, but was sent to bear witness of—St. John 1:8.

6—Christ Jesus came into the world to save—1 Timothy 1:15.

7—No man putteth a piece of new garment upon an old; if otherwise, then both—St. Luke 5:36.

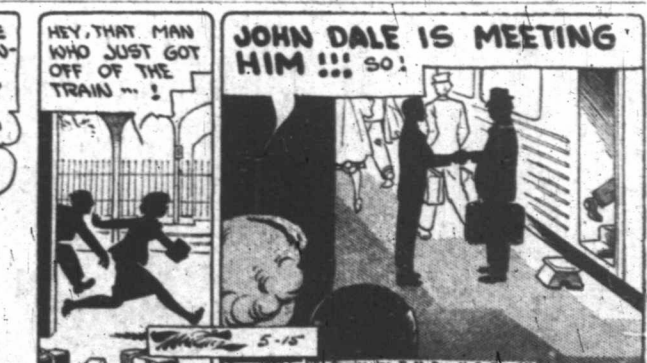

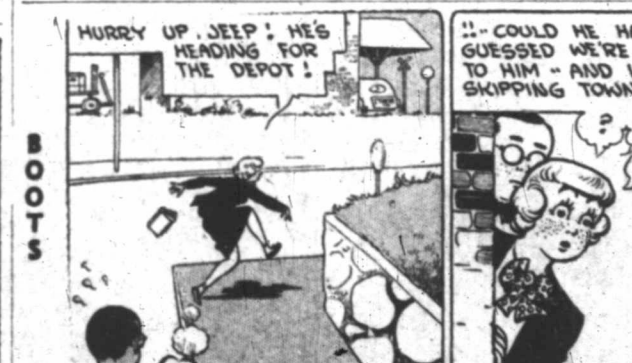

Six correct—excellent. Four correct—good.

For wisdom, courage and peace read the Bible daily.

Lake Bonneville is the name given by geologists to a fresh water lake which existed thousands of years ago. It covered what now is Utah, as well as parts of Idaho and Nevada. With withdrawal of the glaciers, Lake Bonneville shrank and only a few smaller lakes survived principal one of which is Great Salt Lake.

Total Of 66 Sites Staked In WT Area

A total of 66 new locations for petroleum development in West Texas were reported to the Oil and Gas Division of the Railroad Commission of Texas as its district eight office in Midland during the past week.

Included in the 66 new locations were nine wildcats.

They were distributed two to Gaines and one each to Ector, El Paso, Garza, Glasscock, Pecos, Reagan and Sterling Counties.

Midland County led the list of new field locations with 12 new explorations. Ector County was second with sites reported for eight new projects.

Seven new drill sites were staked in Ward County. Five new locations each were reported for Andrews and Cochran Counties. Howard County listed four new explorations and Glasscock County listed three.

Crandall, Kent and Scurry each reported three new locations.

The remaining new projects were distributed one each to: Gaines, Hockley, Pecos, Terry, Upton and Winkler Counties.

Andrews County
Midland Farms — Stanolind No. 3-Q David Fasken, 440 feet from north and west lines of northeast quarter of section 25, block 41, T-1-N, T&P survey, rotary, 5,200 feet depth.

Fullerton — Magnolia No. 3-A Ralph, 660 feet from north and east lines of section 12, block A-37, pal survey, rotary, 7,300 feet.

New Liquid Kills Roaches and Ants

New Way to Kill Pests Discovered by Scientists

ROACHES are the most difficult household pests to control, and they can be brought into any home from the market in a bag of potatoes or other groceries.

Science has just come forth with a new discovery that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH coating.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stainless coating they slowly become paralyzed, turn over on their backs.

Midland Hardware & Furniture Piggy Wiggy

Insist on "No Roach" at your favorite grocery store. Mfg. by Gaston Johnson Corp., L. I. C., N. Y.

Science has seen to it too, that this product contains no DDT, no sodium fluoride, and no phosphorus. Johnston's NO-ROACH is not a contaminating spray, or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans. Guard against crawling insects this modern NO-ROACH way. Prices are 8 oz. for 89c, pint for \$1.69, and a quart for \$2.99.

FOOD FOR YOUNG

Burying beetles derive their name from the habit of burying their food. When they find a dead bird or mouse, they dig under the body until it settles down into the ground and, when deep enough they cover it. Then the female digs down and deposits her eggs on the body and the larvae feed upon it.

STALIN STATUE PLANNED

VIENNA—(AP)—Communist Czechoslovakia is following the example of other Soviet satellites. In the center of Prague, the government plans a gigantic statue of Joseph Stalin. It will be built from 300 blocks of granite each weighing 10 tons, the newspaper Svobodne Slovo reports.

When it rains it pours
Plain or iodized
MORTON SALT

PAY CHECKS GET FATTER—Workers in the steel industry are receiving an average of about \$11 a week more than all other factory workers. Above Newschart shows how steel workers' wages have set the pace since 1945. Latest Bureau of Labor Statistics reports say steel workers are now averaging \$78.36 weekly, while all factory workers average \$68.36 a week.
